89th Birthday celebration

Shown above is Mrs. Esther Larson, 84, 9201 N. Maryland, Niles with her brother, Elmer Johnson of West Bend, Wisconsin. Mrs. Larson visited her brother recently to help him celebrate his 89th birthday.

Niles Senior Choral group

Christmas, replete with Santa Claus, came several weeks early for the members of the Niles Senior Choral Group at the Chambers Restaurant on December 8.

Following a strenuous practice session in the morning, accented more by anticipation of what was forthcoming, than by the seriousness of the moment, the entire group and their spouses converged on the eatery

bedecked with appropriate hand made Christmas stockings made by the assistant director, Rosyna Salerno, with the aid of Rose Gabriele.

Once the meal was concluded and allowed to settle, the group got on with a series of carols abetted by Sam Guiliano's harmonica and Melva Johnson's accompaniment on the piano.

Rose Gorman then presented a side-splitting account of her life

with her dog that would have done justice to any vaudeville act. In keeping with the season, the group's dancers, comprised of Jeanne and Gene Cierniak, Sam Guiliano and Rose Gorman, Rosyna Salerno and Rose Gabriele, and Dorothy Carrothers and Katherine Margraf, showed how to do "The Jingle Bell Rock."

Highlighting the affair was the skit put on by impresarios Marjorie Stumpo and Lucille Karvell, featuring lampooning of the entire cast of singers. This placed them on the same plateau as any professionals on the TV tube.

Came then the appearance of their Santa Claus, Gene Cierniak, who passed out presents to all the assemblage as the strains of "Silent Night" sounded in the background.

The Niles Choral Group from Trident Senior Center wishes everyone a Happy Holiday Season.

Trident food drive

The Niles Senior Center Women's Club, 8060 Oakton has recently completed a canned foods drive for needy families. Nine large boxes filled with canned goods were collected due to the organizational efforts of these ladies. The collected goods were distributed among needy families within the area.

The idea for a canned foods drive came about at an October meeting in the form of a suggestion from club president Evelyn Heidemann. The idea quickly came to fruition as these ladies were most anxious to become involved in this project. Philanthropic chairperson Mary Gattone assumed chair position of this special project with a committee of Rose Gabriel and Rose Gorman. Lucille Karvell had the publicity signs painted. Anne Dworak collected boxes.

At the close of the project, President Heidemann and Publicity Chairperson Peggy Schuchte put their heads together to determine how to best thank those who had contributed to the drive. Mrs. Heidemann summed up the whole project by stating "We wish to thank all those generous people who participated in this drive. Their cooperation was most heartwarming indeed."

Bugle Digest Local News Briefs

Parishioners of St. John Brebeuf Church not only offered a prayer of Thanksgiving in gratitude for the happy ending to the near-tragedy which occurred the previous day to the John A. Guerrieri family of Oketo Avenue, but also gave the entire family a round of applause when they attended Mass on Sunday morning. Ironically, Sunday was the feast of the Holy Family. Seven members of the Guerrieri family returned home safely Saturday afternoon from Lutheran General Hospital after being overcome by carbon monoxide fumes from a faulty furnace.

The Niles Housing Department has been bombarded with requests for furnace tests since the Guerrieri family mishap last Saturday according to Housing Director Todd Bavaro. The department will test any furnace boiler or central heating system for carbon monoxide emission if residents will come to the Village Hall, 7601 Milwaukee ave. in person and fill out a request form. According to Bavaro, you should know the make of the furnace, the year it was installed and when it was last tested.

Bugle congratulations to Keith Peck, Niles Director of Public Services and his wife Elsie on the birth of a granddaughter Brienne Elizabeth on Dec. 15. Brienne weighed in at 8 lbs. 1/2 oz. and is the daughter of Mr. and Mrs. Richard Peck of Des Plaines.

Seven residents of School District 67 together with 2 board members, 2 teachers and 2 administrators have been named to a committee which will decide the future of the Golf Elementary School building which closed in 1978. The building will become vacant after the 1981-82 school year when two tenants who were leasing the facility leave. The committee was formed to determine future uses for the school building and the land. District 67 residents named to the committee are Sherwin Leff, 8601 National, Niles, Ward Dobbin, 6615 Foster, Morton Grove, Ron Kochman, 6623 Davis, Morton Grove, Don Widowicki, 9130 New England, Morton Grove, Arthur Loutsch, 54 Park Lane, Golf, Ralph Burmeister, 1838 Central, Glenview, and Carol Zembron, 9328 Oak Park, Morton Grove. District 67 Superintendent Raymond Nelson said the committee will attempt to make their recommendations to the board by March 10.

Last month Governor James Thompson announced he had nominated 495 Illinois citizens for appointment by the President as standby members of the 99 local draft board in the Selective Service System. Local nominees for Local Board No. 3 included Gab Berrafalo, 9349 Nashville, Morton Grove and Richard M. Smith, 8412 Oak ave., Niles.

The Art Fair being sponsored by the Niles Chamber of Commerce and Industry in the lobby of the Niles Administration Building, 7601 Milwaukee ave. is running through Jan. 30. The Art Fair which is open to the public from 9 a.m. to 5 p.m. daily is offering Niles residents quality original oil paintings and lithographs at savings up to 50% off gallery prices. Maine Township suburbs face 15% tax hike

Maine Township residents received their quadrennial reassessments in the mail within the ten days and generally have found the assessed valuation of the average property in the township has increased by 15% although many pieces of vacant property has increase over 100%.

Property tax reformers have long claimed that many local government and school districts overlevy whenever they foresee an increase in the tax valuation of property within their borders.

According to Cook County Clerk Stanley Kasper, while the average suburban grade school district will be collecting 10% more in taxes during 1982 and the average high school district 7%, the tax levy in East Maine School District 63 is up 31%. In addition Township High School District 207 is up 17% while Niles Township District 219's tax levy is up 8%. The tax levy for the Village of Niles has increased 17%, Des Plaines 13%, Park Ridge 38% and Skokie 15%.

Fumes from faulty furnace overcome Niles family

by Diane Miller

Seven members of a Niles family were overcome by carbon monoxide fumes from a faulty furnace and were taken to Lutheran General Hospital last Saturday morning.

Mr. and Mrs. John Guerrieri, Jr., 8522 Oketo and their 5 children, Karen, 14, Gina, 13, Matthew, 10, Joy, 8 and Danny, 3 were treated and released from the hospital late Saturday afternoon after a near-tragic emission of carbon monoxide fumes rendered several members of the family unconscious.

Mrs. Penny Guerrieri told The Bugle, "I was awakened at 7 a.m. Saturday morning by my daughter Gina who was complaining of nausea and began throwing up. I thought she was coming down with the flu. Then my 3-year-old Danny woke up with the same symptoms followed by each of the remaining children. When my husband and I began to feel nauseated, I started to think more in terms of food poisoning, but it never occurred to us that it could be gas fumes. There was no odor in the house and it was the last thing that would have entered our minds."

Mrs. Guerrieri explained further that while she and her husband were not aware of it, they must have lapsed into short periods of unconsciousness. "At one point," she explained, "I became aware that my husband and one of my children were on the floor unconscious and at that time, I realized we needed help. I made my way to the telephone on the upper level of our home and called the police. I fortunately then had enough presence of mind to make my way downstairs to unlock the dead bolt on our front door. The last thing I remember is opening the door, seeing a police officer and collapsing."

Morton Grove Senior Citizen News

MIXING ALCOHOL AND MEDICATIONS

Alcohol in combination with prescription and non-prescription drugs is capable of causing adverse reactions which were not originally intended for that drug. Alcohol can multiply the effect of certain drugs, while diminishing that of others. The following information should be noted by senior citizens who frequently use medications:

- With age, the body's metabolic rate slows, therefore the effect of the drug takes longer to become noticeable.
- Many seniors must take more medications because of health problems caused by aging, alcohol consumption should thus be modified.
- Many seniors receive prescriptions from more than one health care professional. Before receiving a prescription from a doctor, inform him/her of medications you're already taking to prevent adverse interactions.
- Read all labels for instructions on taking the medication.
- Generic drugs can be just as reliable and cheaper than "name" brands, if purchased from a reliable pharmacist.
- Feel free to ask your pharmacist about any prescription or non-prescription drug you take. You may also call the Morton Grove Health Department at 965-4100, for questions concerning alcohol and drugs.

VOLUNTEERS AND SERVERS

The Morton Grove Senior Services program acts as a referral source for homebound residents of any age who are seeking assistance in performing housekeeping duties.

Both volunteer and paid personnel are needed to help homebound residents prepare meals, do laundry, provide transportation for medical treatment, and other related jobs. If you can help, please call Bud Swanson at the Morton Grove Village Hall, 965-4100.

WHAT DOES SYSTOLIC AND DIASTOLIC MEAN?

In terms of blood pressure, these two terms are often confused and misunderstood. The systolic pressure is the maximum pressure developed when the aorta (the body's primary artery) receives blood pumped directly from the heart. The diastolic pressure is the low point after the blood has been squeezed onward into the small vessels away from the heart.

Graphically, when having your blood pressure measured, the first number is the systolic and should be below 160. The second number is the diastolic and should be below 90.

Morton Grove Fire Station 1 administers free blood pressure screenings from 9 to noon and 6 to 8 p.m. daily. Trained firefighter/paramedics can take the screenings when an emergency is not in progress.

TAX AID/TAX COUNSELING

The Morton Grove Chapter of AARP and the Internal Revenue Service are seeking individuals who would like to become tax return counselors. As in years past the Chapter will provide free assistance to Morton Grove seniors in filing their returns. This program will begin in February, but training is going on now for anyone who has experience preparing their own returns and is good with figures. Anyone interested should call the Morton Grove Senior Hot-Line at 965-4658, weekdays between 9 and noon.

MORTON GROVE SENIORTRAN

Morton Grove residents age 55 and over can obtain free transportation on the new Seniotran. Seniors can go shopping, banking, make social calls, and move anywhere in the Village. Expanded hours now include Monday through Friday between 9 a.m. and 3 p.m. For ride reservations call the Senior Hot-Line, one day in advance, at 965-4658.

8-BALL TOURNAMENT

The Village Hall Senior Center's 2nd annual 8-ball tournament starts this month, and interested seniors are asked to sign-up now. There is no fee for the single elimination tournament, but any men or women residents (there will be separate playoffs for each) who want to compete should call the Morton Grove Senior Hot-Line at 965-4658, now.

For further information about these and other senior programs, call the Morton Grove Senior Hot-Line, weekdays, 9 a.m. until noon, at 965-4658, or Bud Swanson, Sr. Services Coordinator at the Village Hall, 965-4100.

Vehicle sticker sales up in Skokie

Sale of vehicle stickers went up 2.7% in the Village of Skokie during the 1981 calendar year, according to figures released by the Finance Department.

The Village sold 45,525 vehicle licenses in 1981, compared to 44,319 in 1980. License Officer Larry Anderson attributed the increase to good police enforcement and cooperation by Skokie's residents. "Our police are enforcing sales of stickers very well, and so, in a time when the economy is down, our sales are up. We really appreciate this kind of cooperation from our residents."

Vehicle stickers are now on sale at the Village Hall, 5127 Oakton. Residents are now receiving sticker applications in the mail. For more information, call 673-0500.

MaineStay-NFS offer free art classes

Young people (ages 16-21), interested in developing their artistic talent are invited to join the Winter series of free art classes offered by MaineStay Youth Services and Niles Family Services.

This twelve session course will meet Tuesday evenings from 7-9 p.m., January 12-March 30 at the Niles Trident Center, 8060 Oakton.

Professional volunteer artist Norm Siegel will work individually with each student to develop skills in a variety of art media. He will teach basic and semi-advanced art techniques.

The purpose of the art group is to help develop the skill level of young people interested in art as a career or serious hobby," said Siegel. Young people interested

in becoming part of the group need not have prior training in the field as much as a desire to learn to draw and paint. We begin the course by working primarily with sketching to determine the student's ability and interest level. From there, one may branch out into oils, acrylics, water color and other media.

Siegel, a Morton Grove resident has volunteered his time to teach art classes for MaineStay for the past three years. Art 823-0650 for further information and registration. Class sizes is limited.

MaineStay is a community service of Maine Township Government.

Elliott appointed to Federal Election Commission

Lee Ann Elliott, of Skokie, was sworn in on Monday, Dec. 21, as commissioner of the Federal Election Commission.

The swearing in ceremony, by Skokie Village Clerk Marlene Williams, was held after the Skokie Village Board meeting. This followed President Ronald Reagan's appointment of Elliott to that post on Thursday, Dec. 17.

Elliott, a vice president of the Skokie Caucus party and professional political consultant

for 25 years, has been appointed to a 6-year term. The 6-member commission meets twice a week and Elliott will participate in her first meeting on Jan. 7.

The commission administers the federal election campaign act and also administers the presidential fund that is financed by a one-dollar checkoff on the income tax. Candidates for federal office, political action committees, and political donors of more than \$5,000 must all file with this commission.

She said she was delighted that the official swearing in ceremonies could take place in Skokie. "It's important to me to be sworn in in the community in which we raised our son, and where we have been involved in community activities and political activities with the Skokie Caucus party. Here we can have friends serve as take place, and my son can be there also."

Elliott's husband, William, is in his second term as a Skokie Village Trustee.

Lee Ann Elliott has served as a vice president of Bishop, Bryant and Associates, a political consulting firm, for 2 years and also served for 16 years as Associate Executive Director of the American Medical Political Action Committee. She has been a long-time activist in the Skokie Caucus party and served as co-manager of the 1975 and 1980 Caucus campaign.

Penalty can result from failure to report

People who receive supplemental security income (SSI) payments can be penalized if they fail to report an event which could affect the amount of their payment, Marilyn Robertson, manager of the Des Plaines social security office said recently.

Any penalty imposed is in addition to repayment of an overpayment resulting from failure to properly report an event. The first violation results in a \$25 penalty; the second in a \$50 penalty; and additional violations result in \$100 penalties.

Overpayments most often result when a person fails to report receiving additional income, earnings, additions to bank accounts, receipt of money or other gifts, acquiring property, or changes in living arrangements.

A penalty can be imposed when:

- The person fails to make a timely report of an event.
- The unreported event could cause a reduction in payment, suspension or termination of payments.
- Payment was received and accepted for the period of time involved.

*There is no good cause for relief from the penalty.

A booklet, What you have to know about SSI, contains detailed information about what events should be reported. Every person receiving SSI payments should have a copy. Those who do not can obtain a copy by calling the special Social Security teleservice number, 833-9015.

SSI is a federal program which provides a basic cash income for people in need who are 65 or older or disabled or blind. Although SSI is administered by Social Security, funds to make payments come from the U.S. Government Treasury general funds, not from Social Security taxes.

Join the Great American Tax Revolution

Take advantage of Three Revolutionary Accounts! The Tax-deductible and Tax-sheltered Individual Retirement Account (IRA), the Tax-free All Savers Certificate, and the Revolutionary NOW Account.

IRA Individual Retirement Account

ALL wage earners (as of 1/1/82) can open a TAX-DEDUCTIBLE and TAX-SHELTERED IRA account — for up to \$2,000 (\$4,000 for working couples) and \$2,250 if one spouse is employed. All deposits to an IRA account are TAX-DEDUCTIBLE from gross income when filing federal income tax... interest earned is tax-sheltered until retirement.

New 18 month Variable Rate IRA certificate — \$500 minimum with additions of \$100 or more permitted throughout the year. The interest rate is 1/2% over the weekly 26 week U.S. Treasury Bill auction rate. The rate changes weekly, so this new IRA will always be earning market rates. (Other Great American Federal savings and certificate accounts are also eligible for IRA's.)

All Savers certificate

Earn TAX-FREE INTEREST, up to \$2,000 if you file a joint return and \$1,000 if you file an individual return. It is a 1 year certificate — available with a \$500 minimum — that will be offered until 12/31/82. The interest rate is based upon 70% of average investment yield of U.S. 1-year Treasury Bills.

NOW Account checking that pays interest.

Our 5 1/4% NOW checking account is revolutionary because it is offered with one of the lowest minimum balance requirements in the entire Chicago area...\$300.00 (\$50.00 if you are age 62 or older).

We also offer over-draft protection — for those who qualify, and direct deposit of government checks can also be arranged free of charge.

Original cancelled checks are returned monthly — not all institutions offer this service — and all interest earned is posted monthly to the account.

IRA and All Savers Certificates qualify for a FREE gift...45 to choose from — free or at a reduced price. A gift is given based upon the opening deposit — all other Great American Federal gift rules and regulations still apply. NOW account deposits are not eligible for gifts.
