

Committee for Handgun Control announces membership drive

The Near North Suburban Chapter of the Committee for Handgun Control has announced plans for an expanded new membership drive in 1982. The group representing the villages of Skokie, Wilmette, Morton Grove, Glenview, Lincolnwood, Niles

and Golf expects to increase its membership to record levels this year particularly as a result of the favorable decision in the U.S. District Court by Judge Bernard M. Decker on the Morton Grove Ordinance banning the sale and possession of handguns in that

village. Charlotte Jaffe, Chairperson of the Near North Suburban Chapter, commented that interest in the group is especially high now and everyone is heartened and encouraged by the ruling which

From the Left Hand

by Bud Besser

We've a friend in San Diego, Naomi Krone, former editor of The Bugle, Journal, and Spectator, who will look upon this week's Left Hand with dismay. Naomi doesn't like personal columns concerning the writer's private life, implying such persona was not in the realm of the news business. But today, Naomi, you'll forgive, because the guy on the left hand side of this page became a first-time grandfather within the past 12 hours and really, there's little else we can think about at this Tuesday time when the column must come out of the Smith-Corona.

We won't get too cutesy about all this. But since a great number of our Bugle friends have recently been through this first-time experience, we're sure they'll do a bit of commiserating as their eyes wander down the page.

Back in 1969 we wrote a column about our number one daughter leaving the nest heading for the halls of higher learning. We felt a bit misty about the family unit spreading out and moving on. We didn't try to hang on too tightly and the result is the cycle started all over again Monday.

Monday night, when we got word of "the happening", our number one son joined the little Grandma and Grandpops in a bottle of the bubbly and a good 20¢ cigar. It just as well could have been a good \$1 cigar or a bad 10¢ cigar because each puff destroyed our taste buds. This morning's Cream of Wheat, this afternoon's cheese on rye and

Niles Zoners deny 20% parking variation request

'No show' for Lawrencew'd theatres

by Bob Besser

Village officials expect Lawrencewood Shopping Center will have to abandon its proposal to convert the empty Goldblatts department store into multi-screen movie theatres following the refusal Monday night of the Niles Zoning Board to grant Lawrencewood the 20 per cent parking variation it had requested. While Lawrencewood officials said they will appeal the decision to the Niles Village Board, the Zoning Board action almost assures the official rejection of the plan by Niles.

The Lawrencewood proposal included the complete renovation of the Lawrencewood Shopping Center. The focal point of the planned renovation was the creation of a multiple screen movie theatre inside the vacant Goldblatts department store. Shops were to be built throughout the department store allowing movie theatre patrons to shop before entering and leaving the theatres. Additional center renovation was to include the remodeling of numerous stores as well as installing a new exterior fascia throughout the center.

Heart attack victims sought in medical study

Volunteers are urgently needed to help combat America's number one killer, atherosclerosis. This disease is primarily responsible for heart attacks, strokes, and related fatal diseases that account annually for almost one million deaths or 51% of all deaths in the United States. The National Heart, Lung and Blood Institute is conducting a program at four participating medical institutions, including the University of Minnesota, to determine whether lowering blood cholesterol levels will reduce the risk of heart attacks. The University is seeking persons 25 through 64 years of age, who have had only one heart attack in the past 5 years with no history of heart surgery, diabetes or stroke. All such persons are urged to call the University of Minnesota Hyperlipidemia Study collect at 612-376-4494 for more information.

Bugle Digest Local News Briefs

Bugle Editor Bud Besser and his wife Rae joined the proud ranks of first-time grandparents on Monday, Feb. 1 when their daughter Pam and her husband Mike became parents of a 7 lb. 6 oz. baby boy. The Bessers will very shortly be making flight reservations for California to see their new grandson.

Niles Director of Public Services Keith Peck is starting to wear out after four continuous weekends of ice, snow and severe cold. Peck told The Bugle his trucks began salting the streets last Friday evening when it began sleeting. Early Sunday morning the high winds and snow began to blow and Public Works trucks started salting the slippery intersections by 10 a.m. By noon the highway trucks were brought out for snowplowing and the small plows began the unending task of clearing the side streets which they continued until 10 p.m. Sunday evening. The highway plowing and salting continued until 1 a.m. Monday morning according to Peck who noted that 200 tons of salt was used on Niles streets this past weekend. Peck stated the supply of salt is getting low and they are going to have to be selective in its use for the rest of the winter. His final remark was, "Let's pray we have a fantastic February."

Chicago Mayor Jane Byrne along with Morton Grove Mayor Richard Flickinger and the Village trustees will be honored at the annual Lincoln Day dinner sponsored by the Committee for Hand Gun Control. The dinner will be held on Wednesday, Feb. 10 at the Hyatt Regency in Chicago.

"Acting Up!" the senior adult performing troupe at Oakton Community College has been invited to appear at the humanities showcase at the 32nd Annual Conference of the National Council on Aging on April 2 in Washington, D.C. The group, made up of local people over the age of 60, write and perform their own work. Directed by Nilesite Karol Verson, the seniors' contagious enthusiasm has been enjoyed by numerous audiences. Unfortunately Oakton does not have the funds to finance the group's Washington trip. About \$4,000 will be needed for their transportation and overnight stay, so contributions from the community will be gratefully accepted. For information call Vivian Mitchell, 635-1977 or Karol Verson, 966-1574.

The Frankville restaurant at Golf and Waukegan, Morton Grove was destroyed by flames on Monday, Jan. 25. Morton Grove firefighters led by Capt. Tad Kimura spent three hours fighting the fire and sub-zero cold. A frozen hydrant at Golf Road and Sayre Avenue added to the firemen's woes, but there were no injuries during the three hour fire.

The proposed 90 unit condo and townhouse development which was proposed at Oakton and Greenwood has been cancelled by Delhi Developers, Inc. which planned the large multi-family project called Solaridge. The project was the object of several meetings by area residents who opposed the approval of the development on the grounds of density, height and added traffic to the area. It appears the current difficult economic times for the building industry seemed to be a major factor for the cancellation of the project.

The North Suburban Mass Transit District (NORTHMAN) has approved a plan whereby they will repay \$60,000 in loans by July 1 to 14 north Cook County communities that loaned the transit service a total of \$237,000 last summer. Under the repayment plan, Skokie which loaned \$50,000 would receive \$12,500 while Morton Grove, Niles and Park Ridge which each loaned \$20,000 would receive \$5,000. Lincolnwood which loaned \$10,000 would receive \$2,500.

The Niles Village Board voted unanimously Tuesday, Jan. 26 to sign a new 4-year contract with the Glen-Golf Disposal Co. for removal of village garbage. Under the new contract which becomes effective May 1, Niles will pay \$5.75 per household each month compared with the old figure of \$5.19. The contract also contains a clause under which Glen-Golf can obtain a 7 per cent increase each year by showing proof to the village that rising expense costs necessitate such an increase.

Supr. Wesley Gibbs of Niles Township High School District 207 will recommend to the board that district seniors, beginning in September, be required to meet a state rule that all students be in attendance at school at least 300 minutes a day. District 219 seniors do not meet the requirement since most have lighter schedules in their last year with afternoons free so they can have time for jobs.

Despite rumors to the contrary, Morton Grove Police have no intention of systematically searching residents' homes to enforce its new handgun ban. The handgun ban, which was passed by the Morton Grove Village Board on June 8, became effective on Monday. The Morton Grove gun law, the most restrictive in the nation, has successfully overcome challenges in federal and state courts with the latest decision upholding the law coming last Friday.

While Morton Grove Police will not be searching homes to find handguns, they will issue an ordinance ticket, similar to a traffic ticket, to any resident who is discovered in possession of a handgun. The fine for a first time offender found guilty of possessing a handgun is \$500.

Morton Grove residents owning pistols and revolvers had the option under the new law to sell their handguns, store them outside the village or turn them into the police. During the first day of the enforcement of the controversial law five guns were turned in to the Morton Grove Police.

However, as two additional suits have been filed challenging the handgun law, one of which is expected to eventually be heard by the United States Supreme Court, Morton Grove Police will

continue to store the handguns until all legal challenges have been exhausted. In the event the Morton Grove handgun law is some day struck down, residents would be able to claim their guns turned in to police.

Morton Grove Mayor Richard Flickinger was quoted on Monday as saying some Morton Grove residents may not turn in their handguns until all court cases have been concluded.

Morton Grove received international notoriety following the passing of its handgun ban last June. Village officials have received hundreds of letters from around the world supporting or opposing the enactment of the nation's strictest handgun laws.

Additionally, the news media has focused on Morton Grove since last June with the handgun story being read, heard and seen by people throughout the world. Besides North American news organizations, Morton Grove officials were interviewed by British and Australian newspapers and radio stations.

In other developments, Mayor Flickinger has reportedly asked Morton Grove Police to take steps to apprehend the person or persons who have repeatedly harassed Flickinger over his home telephone since the passage of the handgun ban.

Blood donor awards

On January 12 blood donor awards were presented to: (1 to r) Robert Schmid, 4 gallon donor; Donald Stolz, 2 gallon; Rhoda Salins, 2 gallon; John Petersen, 5 gallon; Mayor Nicholas Blase; Program Coordinator Sharon Wade; Paul Schmid, 5 gallon donor; Karen Schumann, 3 gallon; Dolores Ullestad, 3 gallon; and John Schmid, 4 gallon. All of these donors are truly commendable in their support of the Niles Blood Assurance Program, regularly donating as many as 5 times a year. Special attention is due the Paul Schmid family. Father Paul has donated more than 5 gallons of blood and his sons John and Robert each

have donated over 4 gallons. John and Robert have both married and moved to Arlington Heights since they began donating to this program, but they still come back to continue donating with their father every other month. No other family in Niles has shown such a generous spirit. They are a ray of sunshine!

3 gallon donor Thaddeus Sawec and 2 gallon donor Janet Kobylecki were not present but will receive their awards. Mr. Sawec also has moved away to Palatine but continues to donate to the Niles program.

Morton Grove Senior Citizen News

STAYING YOUNG
Most Americans would settle for looking young and acting young. They spend millions of dollars a year trying to do one or the other.

It isn't the dollar that produced good health, but discipline, in maintaining positive health practices. Most medical professionals agree that the following things will keep us looking, acting, and feeling younger as the years go by:

- Not smoking. Not even a little bit.
- Exercising hard at least 15 minutes three times a week. Running, swimming, or bicycling is best. For the elderly, brisk walking.
- Sleeping long enough, so you're not sleepy in the morning.
- Slaying away from food with lots of fat or salt. Deep-fried food usually has a lot of both.
- Eating breakfast (but not bacon and eggs very often.)
- Speaking out rather than bottling up stress.
- Talking to a number of friends every day.
- Maintaining an annual schedule of health check-ups to include medical, dental, optometric, and podiatric.

FREE FOOT SCREENINGS
Morton Grove senior citizens (age 65 and over) can take advantage of a new foot-care program developed by the Morton Grove Advisory Commission on Aging in cooperation with Dr. Lawrence M. Rubin, Morton Grove podiatrist. Included in the program will be free foot screenings and discounted fees for all professional foot care. Assignment will also be available when services are covered by Medicare.

The program will take place from 9 a.m. to noon on Tuesdays, and 1 p.m. to 4 p.m. on Fridays at 5744 Dempster, Morton Grove. For specific information call 965-6323.

Included in the program will be health education talks for seniors at the Prairie View Community Center. The talks will inform older persons about general foot care and precautions which should be taken when caring for their feet. Poor circulation, diabetes, arthritis, and other medical problems can affect the feet and make proper foot care extremely important for older people.

RULES OF THE ROAD
Beginning on July 1 of this year, motorists age 69 and under with no traffic convictions in the last 3 years need only take a vision test to renew their license. A good way to avoid traffic violations is by having a thorough knowledge of Illinois' Rules of the Road. The Village of Morton Grove is trying to help by offering the 1982 Rules of the Road Refresher Course to any senior citizen who will be called to take the written exam at license renewal time. The course begins at 1 p.m. on Tues., February 9 and will continue on February 16 and 23. Classes will be held in the Village Hall Senior Center. To sign-up, call the Senior Hot-Line at 965-4658.

FREE INCOME TAX SEMINAR
Free income tax service for Morton Grove senior citizens begins Monday, February 8. Senior citizens who would like to avail themselves of free income tax assistance again this year may now make appointments by calling the Senior Hot-Line, 965-4658, from 9 a.m. until noon, Monday through Friday.

Service will again be offered at the Prairie View Community Center, 6834 Dempster from 9 a.m. to 3 p.m. Tax payers must bring with them, copies of last year's tax files and all statements from banks and employers, etc. listing total wages, pensions and interest.

GOOD MEDICINE
A California social scientist says huggins is good medicine. It transfers energy and give the person hugged an emotional boost. "You need four hugs a day for survival, eight for maintenance and 12 for growth," says Virginia Satir in the April, 81 issue of Seventeen magazine. She says a hug makes people feel good because "the skin is the largest organ we have and it needs a great deal of care. A hug can cover a lot of skin area and give the message that you care." And, "The nicest thing about a hug is that you usually can't give one without getting one."

For further information about these and other senior programs, call the Morton Grove Senior Hot-Line, weekdays, 9 a.m. until noon, at 965-4658, or Bud Swanson, Senior Services Coordinator at the Village Hall, 965-4100.

Porter condemns religious persecution

Congressman John E. Porter (R-10th) has called for congressional action condemning religious persecution in Iran, Poland and the Soviet Union.

A consistent supporter of human rights, Porter's latest action was triggered by mounting reports of persecution and religious bigotry in all three countries and the Iranian government's execution of large number of Iranian Baha'is since the 1978 revolution.

Porter said, "There is strong reason for alarm in these seemingly unrelated acts of violence, persecution and bigotry. I have asked Congress to support a resolution that condemns religious bigotry and persecution wherever it exists and asks the President to take every possible opportunity to oppose these reprehensible acts in the strongest terms. Hearings on this vital matter should be scheduled as soon as possible."

"In Iran, we are witnessing a systematic attempt to annihilate the Baha'is based solely on their religious beliefs," Porter said. At least 100 Baha'is, including all the religious leaders, have been executed as "heretics" in this pogrom. In other instances, they have been jailed unjustly, their homes burned, their cemeteries destroyed and their property confiscated, Porter said.

"In Poland, where more than 6,000 persons have been jailed in the struggle for political and economic freedom, government-sanctioned groups have launched an insidious anti-Semitic campaign by disseminating pamphlets linking Solidarity with Judaism," Porter said.

The Soviet Union, too, has intensified anti-Semitic activities, Porter said. Since he was first elected to Congress in January 1980, Porter has worked tirelessly to pursue emigration for Soviet Jews and other minorities. "Jewish emigration has been reduced to a trickle," Porter said. "Meanwhile, the government is continuing to persecute and discriminate against Jews and Pentecostals, denying them the right to practice their faiths and subjecting them to physical and psychological harassment, such as imprisonment, beatings, confinement in mental institutions and separation from family members."

"We in the United States, who are so fortunate to have religious freedom guaranteed, must speak out and fight for this basic human right throughout the world. We must work to prevent persecution and discrimination wherever it exists," Porter said.

New Council members elected at Messiah Lutheran

The Annual Congregational Meeting of Messiah Lutheran Church, 1605 Vernon, Park Ridge, was held in the church sanctuary on Tuesday, January 26, at 7:30 p.m. Despite frigid temperatures, a good number of the members assembled to take care of the business of the church.

Pastor Gaylen Gilbertson stressed, in the opening devotions, the Christian imperative to "make disciples... baptize them... teach them..." with the assurance of God's eternal presence. Goals for 1982 were chosen with that commission in mind. Reports were given by the various board and committee chairmen of the work accomplished in 1981. A budget for 1982 was presented and accepted.

Lioness Club maintains busy schedule

Shown above (l-r): Gloryana Angus, Carol Pickup, Carol Wallenberg, Grace Willeit and Carol Angus looking over photo album and scrap book records of accomplishments.

The beautiful Christmas season has just past, a time of giving and of caring for our fellow man. It was one stop and think - are the poor, elderly and shut-ins only with us at Christmas or is there such a need all year round. That is what Lionism means - the Christmas spirit all year round.

Exhibitors are encouraged to contact Mrs. Ashcroft early to guarantee a space of their choice. Spaces, too, will be handled on a first-come, first-served basis. Proceeds from the Flea Market will benefit the Christian Day School of St. John Lutheran, Niles.

planned, the Lioness Club was there and donated two therapeutic park benches. When two blind children were found in Niles, the Lioness Club was there and donated the funds needed to send them to Camp Lions, a special summer camp for the blind and deaf. When it was discovered the Niles Library was short of large print books, Lioness Club was there and donated the books two years in a row. The Lioness Club is there in many, many small ways too: helping to collect canned goods at the holiday season; helping to support a blind bowling team; donating their share with the rest of the Lioness Clubs in Illinois to compile a directory of services for the blind; helping to support the Eye Research Institution in Illinois and many ways too numerous to mention here.

Of course, all this would not be possible without the support of the people of Niles, for in order to donate money, you need the people to contribute. We have held card parties, raffled off a getaway weekend, sold cards, stationery, and candy, had "Home" parties to sell such things as tee-shirts, plants and jewelry; participated with neighboring grocery stores with a Shop and Share plan; and even tried a sale of our home baked goods. While some of these ideas have been more successful than others, all have helped us to help others.

The Lionesses of Niles share the same ideal of helping mankind and believe strongly that our community is a better place to live because "We Serve, Too".

OLR Women to hear attorney

Barbara Lundergan, an Attorney and Partner in the Law Firm of Seyfarth and Shaw, will speak to Our Lady of Ransom Catholic Women's Club on Tuesday, Feb. 12 at 8 p.m. in the Church Hall. New arrival

A girl, Rebecca Lila, 8 lbs. 5 oz. on December 15 to Mr. and Mrs. Jerry Lipson, 9506 N. Park Ln., Des Plaines. Sister: Lisa Mandi, 11. Grandparents: Mrs. Helen Schwartz, Skokie and Mrs. Sara Lipson, Chicago.

"Food Pantry" established at E.P.L.C.

The Board of Deacons of Edison Park Lutheran Church has established a "food pantry" in order to help the hungry of our area. Pastor Thomas Housholder said, "Present economic conditions, with high unemployment in Chicago, have seriously aggravated the hunger problem. As the government cuts back its help, the churches have a great opportunity to come forth with aid."

The plan is that as each adult member comes to Church, on the first Sunday of the month, that he/she brings some type of canned food for the food boxes, which will be placed at the rear of the Church. The cans of food collected will then be distributed on a rotating basis to various churches and agencies.

If you wish to participate in this worthwhile program, you may bring your donations of canned goods to the Church office, located at Avondale and Oliphant aves., Chicago, from 8:30 a.m. to 5 p.m., Monday through Friday.

The NAFW meeting will begin at 6:15 p.m. and end at 9:15 p.m. For reservations and further information call 577-8223 by Feb. 4.

Class reunion plans 'expensive and inconvenient'

Dear Editor:

Today I received notification of the Niles North Class of 1972 10-year reunion. I was appalled to discover they want \$56 per couple and are holding the event at Fullerton and Central in Chicago. Although it might be interesting to see some of the old faces again, I have kept in touch with anyone I would be willing to pay \$56 to see. I am also at a loss to understand why this event was located so far from the campus when so many appropriate halls are nearby.

I feel cheated that this reunion was so ill conceived that the attendance will certainly be minimal. Had the planners of this event considered pricing and locating this event to make it as attractive as possible to the class of 1972, it would have been interesting to attend.

Unless the class of 1972 lets Niles North know that this get-together is overpriced and inconvenient, I suspect most of us won't see each other until our 20th reunion.

Rates Kustra as the 'very best'

Dear Editor:

I've been reading weekly attacks in the papers in recent weeks blasting State Representative Bob Kustra, who is running for the Illinois Senate in the 28th District against John Nimrod. I was reminded of John Nimrod's past campaigns. It was, after all, only two years ago that Nimrod took on John Porter in a Congressional primary election. That campaign is best remembered for the innuendo and mudslinging that has come to be a Nimrod trademark.

During that race, Congressman Porter's Springfield record was distorted beyond recognition. He was accused of voting to legalize marijuana when he did not. He was accused of favoring euthanasia when he surely did not. The implication throughout that race was that John Porter was anti-family and, indeed, anti-Christian.

Now it appears that the voters are being subjected to the same simplistic nonsense in the race against Bob Kustra. I can only hope that the voters recognize it for what it is, as they did in 1979. Nimrod, after all, managed to get only 30% of the vote against John Porter in that race.

Bob Kustra has already distinguished himself well in the General Assembly. The Chamber of Commerce rated him 88% on business issues - his colleagues

voted him Best Freshman - the Suburban Trib singled him out for leadership potential. In a poll of his colleagues, John Nimrod was selected as one of the least respected and effective legislators. In addition, Kustra's constituent service offered through his office far outstrips that of his opponent's often-closed Park Ridge office.

Bob Kustra would truly be a senator we could be proud of. Let's send our very best to Springfield.

Edison elects Heumann, Petkus

Commonwealth Edison's Board of Directors today elected Comptroller Ralph L. Heumann and Donald A. Petkus, Manager of Community Relations, to the position of Vice President.

A certified Public Accountant, Heumann was elected Comptroller in November 1968. He joined Edison in 1950 as Staff Auditor and was named Supervisor of the Auditing Staff in 1955. Heumann was elected Assistant Comptroller in 1959 and in 1963 was named Manager of Edison's North Shore Area. He became Manager of Accounting in 1964 and held that post until his election as Comptroller.

Petkus oversees the company's New Information, Advertising and Public Affairs departments. Prior to his present position, he served as the Director of the Marketing Development and Advertising departments and has held a variety of engineering and marketing positions. Petkus joined Edison in 1962.

Jahns pointed out an unusual benefit of Cragin's fixed rate IRA—that additions to the account will also earn the rate for which the account was opened. This will permit a depositor to open his IRA with as little as \$100 and then later make deposit additions which will also earn the same rate which was set when the account was opened. Few other institutions are offering this feature, Jahns stated.

Cragin IRA customers can also get a free Basic Checking account (free of monthly service charges) with an IRA of \$1,000 or more. If the Bank tax service is not used, customers depositing at least \$500 to the IRA can choose a merchandise gift.

Niles West musicians in All State concert

Nine Niles West High School orchestra members will be among the outstanding students from every geographic location in Illinois who will participate in the Illinois Music Educators Association All State Conference this week-end. The selected students will not only be exposed to renowned lecturers and musicians during the week-end, but will also be able to perform in a concert of all-state bands, orchestras and choruses on Sunday, February 7. Skokie cable system to be state of the art

The cable communications system planned for Skokie will contain many new technologies and services in addition to the traditional fare of movies, sports, news and cultural programs.

"Teleprompter's fully interactive deluxe-tier of service will bring subscribers a full capacity, two-way link to the world," stated Teleprompter's Illinois Franchising Director, Richard Ehlentfeld.

Interactive services require signal transmission from the headend (the equipment and facility that receives signals) to the home and back again. According to Ehlentfeld, for the first time subscribers can participate in entertainment and educational programming. They will have access to text and information retrieval services, and the newly developing home shopping and banking services become a reality. In addition, security and medical alert systems for the home or business and pay-per-view programs become available.

Pay-per-view will feature entertainment, sports and cultural events, and education instruction. Choices may include special sporting events not available on broadcast television, motion pictures, nightclubs or concert specials, and educational courses from Oakton Community College or major publishing and instructional programming companies.

The text, or teletext feature in cable communications, permits the subscriber instant access to written information. At the touch of a button, the teletext user could see information like the latest news headlines, stock and commodity statistics, airline, bus and train schedules and weather and transportation information.

Teleprompter's cable system will also offer a full service home and business security alarm system. According to Jan Bergman, Representative, "The three-fold system includes burglar alarms, fire alarms and a medical alert button." This reasonably priced, 24-hour computerized service will be available to all residents and businesses within the Village regardless of their interest in other cable communications services, added Bergman.

Other services proposed include electronic banking, home shopping and PlayCable.

Local area financial institutions have expressed interest in electronic banking since they offer the potential for increased customer services. Teleprompter will work with local banks to

Oakton Cagers post conference victory

Oakton's basketball team won its first Skyway Conference game of the season over the Panthers of Morton College last Thursday 78-77.

The Raiders, now 1-2 in the conference, out scored Morton 8-2 in the last minute of play to capture their first conference win of 1982.

Morton's poor free throw shooting, a charging foul, and clutch playing by Oakton's Dino Vaia and Scott Thomson enabled Oakton to overcome a five point deficit in the last minute of play.

Dino Vaia (Maine West) scored several clutch baskets in the final minutes of play and ended with a game high 22 points. He also led the Raiders in rebounding with 11. Scott Thomson, Oakton's floor leader, scored the winning basket on a driving lay-up with two seconds remaining in the game.

Morton's last second desperation attempt failed when the ball was mishandled at mid-court and no shot was even attempted. Thomson finished with 7 points and seven assists. Patrick King (Loyola), Oakton's only "big man" at 6'7" 225 pounds, scored 22 and brought down 6 rebounds.

Buzz Sexton (Maine West) scored 15 points and contributed 7 assists while Peter Schwegel chipped in 4 points for the Raiders.

Oakton is now 5-21 over all and looks forward to the Skyway Conference race the second half of the season. Oakton's next game against Morton College is February 9.

bringing up baby.

By George Purus, Director of Nutrition Gerber Products Company

Q: Is a fat baby a healthy baby?
A: A fat baby does not automatically mean a healthy baby, as many people once believed. Today, adequate nutrition - not overfeeding - is the goal for an infant's mealtime. However, a baby needs calories to sustain energy, especially in the first year. But every infant is different. Because they expend more energy every day, active babies need more calories than passive, quiet infants. It is a part of our responsibility to teach parents not to overfeed their babies.

Q: Will the sugar in commercially prepared baby food make a baby gain a lot of weight?
A: Baby food manufacturers have reduced considerably the amount of sugar in their products. In fact, there are only a few desserts and fruits which contain small amounts of sugar. These are offered by Gerber as special after-mealtime treats. These desserts and fruits are a natural addition to a baby's diet, and do not represent a significant source of calories for most babies.

The bee hummingbird, which weighs a tenth of an ounce and measures only about two inches, is the world's smallest bird.

Demon Gymnasts post season's highest score

Finally after a slow start by the Maine East Girls' Gymnastics Team, the Demons reached a season high as they defeated Maine West, 108.15 to 102.44 in the first conference win of the season. Maine East had impressive scores in all four events by their 5 All-Arounders, with Soph. Christi Schachte leading the team with a season high 8.5 All-Around average. The gymnasts started out strong in Vaulting, with Sr. Co-Capt. Patti Lehman winning this event with a 9.05, while Christi Schachte scored 8.5 and Lori Greenberg had an 8.35 to give Main East a

26.0 point event total. On Uneven Bars, Sr. Co-Capt. Lori Greenberg led the Demons with an 8.15 and Schachte was close behind with a 7.9. And for a pleasant change, the Demons stayed on the beam and posted 2 scores in the 8's, boosting the event total to 24.7 points. Schachte executed a very clean routine to lead with an 8.5, and Lehman also had an exceptional routine which scored 8.45. Maine East's best event of the meet was Floor Exercise, with another season high being set with the Demon's tally of 26.05 points. Schachte won the event

with a dynamite 9.0 floor routine, and Lehman also had a season high of 8.75 on a very well executed routine. An additional highlight of this event was Jr. Zulma Grigolo who hit her full twisting back somersault for the first time and scored an 8.3. Freshman Agnes Bondarowicz also performed a beautiful routine which scored 7.95. In the All-Around competition, Patti Lehman took 2nd with a high 8.2, Lori Greenberg was next with an 8.09 average, followed by Grigolo with a 7.09, and Bondarowicz with a 6.86. Coach Betty Axelson was extremely pleased with all the

girls' performances, commenting that "I knew this team had potential, but it took a long time for all the girls to become consistent in their routines. They've worked extremely hard in this rebuilding year and it's about time they proved that they do have what it takes." As for the freshman level, Maine West defeated Maine East 52.7 to 47.8. On Vaulting Tina Restivo-6.5, Maggie Sarmiento-6.1; Bars-Jean Stenson-6.6, Marcie Levine-4.2; Beam-Sarmiento-6.4, Stenson-5.8, Levine-5.2, Restivo-4.9; and in Floor Ex-

Sarmiento 6.7, Restivo-6.4, Stenson-5.8, and Christy Hanson-5.4. On Thurs., Jan. 14, Maine East defeated Niles West in a conference battle, 103.35 to 102.15. Sr. Lori Greenberg had an excellent meet, according to Coach Axelson. "She had a very clean vault, as well as hitting her cast handstand eagle full on bars, plus sticking her aerial on beam-it was a super meet for Lori. Greenberg plans to attend Univ. of Wisc. next year and is hoping for a scholarship, so she's been working with tremendous intensity and dedication."

SJB 7th graders in Catholic Conference

The seventh graders from St. John Brebeuf won their opening game in the Northwest Catholic Conference. They beat Queen of All Saints 36-13. SJB beat this team twice previously in the recently completed Chicagoland Girls League (33-16; 37-13). The Gold unit left the game with the score 23-0 and the Black unit played them even, 13-13, for the rest of the game. For the season the Black unit supports a 6-14-1 record while they play in the games as a unit.

Leading scorer for SJB and "Star of the Game" was Janet Rzepiela with 10 points. Kristin Gotshall tallied six. Coach Jim Jekot commented, "I'm glad that Kristin has regained her shooting eye. She has one of the best shooting forms on the team and in the league. For a couple of games she lost it but she's back on track and can be deadly from the outside right. Kristin plays tenacious defense."

Kathy Lake scored four points and had a game high 7 rebounds. Also scoring four points were Cathy Bratek and Krista Eshoo. Eileen McAuley contributed three points. Stacie Jakobi and Karen Beefink each scored two points. Rounding out the scoring was Cathy O'Grady with a point.

Linda Strauss, Shelley Giovannelli and Jennifer Stevens contributed to the victory by crashing the boards and by playing good solid defense.

The Mustangs from St. Monica got "corralled" by the girl cagers

from SJB. SJB did very little rebounding and won 38-16. The Gold Unit scored quickly to open up a 26 to 2 lead. They shot 58% from the field, making 15 of 26 shots taken. The Black unit played a good game over the final 2 1/2 quarters. Over the time frame they scored 13 points to 14 points tallied by St. Monica.

There was no doubt or surprise in the naming of the "Star of the Game". Coach Jim Jekot immediately announced that Kathy Lake was his star. Kathy scored six points, hitting on 3 of her 5 shots. She pulled down a game high seven rebounds.

In reviewing the game Coach Jekot also singled out Shelley Giovannelli for her strong performance. Shelley scored two points and had a career high seven rebounds. Coach Jekot said, "Shelley looked good out there. She took five good shots and had a basketful of rebounds. She dribbled and handled the ball as if she were a guard. She has improved over the past month."

Krista Eshoo scored ten points and Janet Rzepiela had seven points. Cathy Bratek and Eileen McAuley each tallied four points. Kristin Gotshall scored three points and snared a season high six boards. Jennifer Stevens popped in a basket from the left side.

Stacie Jakobi, Karen Beefink, Linda Strauss and Cathy O'Grady all played strong floor games.

Niles West invites eighth graders to an Open House

Eighth graders entering Niles West High School next fall, and their parents, are invited to an open house being held in their honor on Wednesday, February 17. Beginning at 7:30 p.m., the special guests will be able to meet with counselors, observe laboratory demonstrations in science, and sample the class work of the home economics students.

According to Niles West building manager Jim Swanson, who is in charge of open house, the evening's activities will also include a preview of the musical "Grease," which the school will

present in March, and exhibits and demonstrations by the school's various clubs and interscholastic sports. Refreshments will be served in the student cafeteria beginning at 8:30 p.m.

Swanson said that this open house will provide an excellent opportunity for members of the class of '86 and their parents to meet the staff and administration, and to become better acquainted with the building lay-out. "It will give both the students and the adults an excellent overview of what we offer here," he said.

Red Cloud banquet at White Eagle

More than 1,200 will attend the 17th annual gala banquet of the Red Cloud organization of the Chicago area at White Eagle Restaurant, 6845 N. Milwaukee ave. in Niles, Monday night, Feb. 8, when the prominent sports leaders comprising the philanthropic club pay homage to Karl-Heinz Granitzka, Edward (Moose) Krause and George Ireland.

Granitzka will receive the award as Chicago's Athlete of the Year in 1981, and for his achievement in leading the Chicago Sting to the North American Soccer League's outdoor championship last summer - the first major sports championship for the city since 1963 when the Chicago Bears triumphed.

The Richard M. Daley Memorial Award for Meritorious Service will go to Edward (Moose) Krause, athletic director emeritus of Notre Dame University and in his playing days an unsurpassed athlete. To George Ireland, retired Loyola University basketball coach and athletic director, who led the Ramblers to the 1963 NCAA national crown, will be presented the coveted First American Award, in great part for his coaching of retarded youngsters currently.

Serving as masters of ceremonies for the spectacular night will be Vince Lloyd, Jack Brickhouse, Roy Leonard, Johnny Kerr, Bill Gleason and other Red Cloud stalwarts. They are among the coterie of prominent Chicago sportsmen comprising Red Cloud, an organization started by George Allen and Bill George when they were Chicago Bears to purchase athletic equipment and support needy Sioux Indian youngsters on a South Dakota reservation. Since then the club has expanded to take in various Chicago charities, including Wally Philip's Neediest Families Fund.

The banquet is open to the public and reservations can be made by telephoning President Don Miller, himself a former Chicago Bear, at 543-2225, or Henry Nierman at 342-8186. The tab is only \$30, which includes a huge meal for which the White Eagle Restaurant is famous. Those attending also will have the opportunity to win tremendous prizes contributed by America's leading sport teams and others.

In addition to receiving a trophy, each of the three honored award recipients had a check for \$1,000 sent to his favorite charity by Red Cloud.

this evening's microwave special will all be tinged with tobacco-juice backlash.

After the first round of toasting, the little Grandma, who went through her own labor pains the past 24 hours, wandered off to bed. Number one son and the g'pops sat among the whores of smoke and tape-recorded some nonsense which will be placed in the archives for future reference by the number one grandson, when he wants to know about his natal day in 1982.

We taped messages from past and present world personages...FDR and Menachim Begin and Groucho Marx and James Cagney. Actually, Cagney was a last minute substitute. I introduced Humphrey Bogart, an old favorite of my son's, but his Humphrey Bogart didn't seem to mix too well with his Corona Corona and his Cold Duck, so he brought in Mr. Cagney instead. We figured the grandson should know about these special people so we gave him little first-hand

bits of wisdom mocked from the lips of these personages.

We also told the grandson about Johnny Carson, describing what he does here in 1982. By the time the g-son is ready for all this, he might think our era a bit weird, hearing grown people would stare into a lit-up black box and become mesmerized for an hour by a guy who sits and talks for perhaps 15 minutes, and is interrupted 30 or 35 times by messages telling the beary-eyed watchers to go out and buy.

Our 45 minute tape really didn't get too heavy. We didn't want to lay on the guy what's going on in the world he's just entered. Can you imagine telling him about Solidarity and Poland, or San Salvador and its rebellion, about the Middle East or Russia or China, about the bloodshed in Ireland, about 10,000,000 unemployed Americans? If he heard all this he might ask to go back where he came from. So we kept it light.

We told him about baseball and basketball and football. We figured we'd give him 6 weeks to get ready for the college basketball finals, then give him a couple of weeks rest before he begins watching the L.A. baseball teams, and then relax until the football season starts in August. We told him we'd test him on all the rules and other trivia pertaining to those sports, and he'd better give the right answers. We considered this a test of his genes. And since we've had plenty of old sports in our families for several generations we're sure he'll score on all fields.

We gave him a little man to man talk about women, warning him about the vicissitudes of that species. We warned him to beware of those little blue-eyed curdlers who are in similar stages in his temperature-controlled bedroom. A few eyelash flutterings from one of those blue-eyed babes could start him on the same road we've all taken. Beware, sonny boy, beware!

We gave him a few words of wisdom he should carry with him thru his lifetime. We thought he should always remember to "take two and hit to right" and

And last, but not least, don't forget the physical. Exercise, Jeremy, exercise. We'd suggest the first four weeks you exercise your lungs. We owe your Mother one. Your Mother began a regimen some 30 years ago of crying beginning at 10 p.m. She liked to greet the next 10 hours with battle cries which came every 15 minutes and lasted until the next quarter of an hour. After 4 weeks of her contralto she calmed down. We owe her one, Jeremy-Joshua. And you can fulfill our debt if you're so predisposed.

Log house contractor speaks at Skokie library

Richard Bott, timber smith and general contractor for the reconstruction of the Village of Skokie's log house local history museum, will be in the Skokie Public Library at 10:30 a.m. on Monday, February 1 as guest speaker for the Library's Early Edition Lecture Series. Admission is free. Bott is very knowledgeable of the history of log cabin construction in northern Illinois. He will use this history to describe conditions that Nicholas Meyer faced in the early 1840s when he built what is now Skokie's historic log house. Bott will also tell how the Skokie log house was disassembled and then rebuilt at its present site at 8031 Floral ave. He will describe how different kinds of log cabins are made and will display some old wood working tools. For further information call 673-7774.

Lawrencewood...

Lawrencewood officials also said they had negotiated leasing of store space to Ace Hardware, Eagle Foods and Perry Drugs. These major stores were considered to be the "anchor stores" which would assure the stability of the center.

Center officials said they hoped to lease many of the remodeled smaller stores to factory outlet retail operations. Lawrencewood officials consistently maintained that the planned renovation was based upon receiving approval for the construction of the theatres.

However, in building the 2,100 seat theatres Lawrencewood would have to, according to Niles zoning codes, provide 2,304 parking spaces throughout the center. The existing spaces total 1,849 which is 20 per cent short of the required number. Niles ordinances allow for a maximum variance to be granted allowing for 20 per cent fewer parking spaces than are required. However, according to the Zoning Board commissioners, the law urges the minimum variance, rather than the maximum, be granted.

Lawrencewood architect Gerald Estes provided studies for the board showing that on the 20 busiest shopping days of the year between Thanksgiving and Christmas, there would be a surplus of 500 parking spaces. Opposing the planned theatres were over 50 residents living east of the shopping center. Of particular concern to the residents was the problem that would be created by increased traffic filtering onto Nordica Ave. Area residents complained the street is currently unsafe because of

drivers using Nordica Avenue as a short cut between Oakton and Howard Sts.

Supporting the renovation were some 20 Lawrencewood merchants. Speaking in front of the Zoning Board, numerous merchants said that while they had heard rumors of a renovation at the center for 15 years, they were certain that Lawrencewood officials were this time sincere about the center renovation.

Following two and a half hours of discussion, the Zoning Board unanimously rejected the Lawrencewood parking variance request. Explaining his decision Commissioner Angelo Troiani said, "Here we are being asked to grant the maximum (variance), but for the good of the people we should uphold (the ordinance) to the minimum variance."

Following the Zoning Board action it appears Lawrencewood officials will either have to go to court to attempt to get the movie theatres plan approved or change the renovation plans to exclude the construction of the movie theatres.
