District 63 study reveals one-third of students are foreign speaking

by Eileen Hirschfeld

A little less than one-third or 31.4 per cent of students in East Maine School District 63 live in a home where some other language other than English is spoken. This total of 986 students

represents an increase of 126 students more than the 1980-81 school year.

The 46 languages spoken by students constitute a "critical span" said Dr. Donald Stetina,

assistant superintendent, while presenting a bilingual census report to board members at Tuesday night's school board meeting in Apollo school, Des

Second Niles officer injured in week's time

Niles cop stabbed by home invader

by Bob Besser

"Just damned lucky," was how one Niles Police officer described injured Sergeant Geoffrey Wilson. Wilson was stabbed repeatedly in the leg and back last Thursday while breaking up a home invasion in which two Niles women were confronted by burglars in their home.

Wilson was discharged from Lutheran General Hospital on Saturday and is expected to recuperate for at least two weeks before returning to work.

The incident began when Bernice Fitzmaurice, 67, 7759 Nordica Ave., awoke about 11:45 p.m. when the family dog began barking at the intruders who had already entered the townhouse. When she walked from her bedroom to the stairway, she was

Sgt. Geoffrey Wilson confronted by two intruders who ordered her to return to her bedroom and lay on her bed with

From the Left Hand

by Bud Besser

Niles hero-of-the-week cop, Geoff Wilson, is the same officer who received a 3-day suspension some time back. Geoff was reported to have had his pistol out of its holster during an early morning coffee klatsch at a local restaurant. The policewoman he was with was alleged to have put the gun in her purse for safe-keeping. It was never determined whether the gun fell out of his holster or if Geoff removed it while having words with what police call "a groupie" during the early morning hours. The groupie, a guy who likes to hang around cops, was the complaining witness in the incident but never showed up at the official hearing. The Police and Fire Commission upheld Police Chief Emrikson's suspension. It was hinted a wee bit of the heather may have contributed to the problem.

Geoff, as you can read by this week's lead story, really put himself on the line in capturing a man who had broken into Geoff's neighbor's apartment. Even though off-duty, Geoff's efforts were genuinely heroic. Just as he was censured for his previous incident, he should now receive commendation for his above and beyond the call of duty act.

Niles hero-of-the-week cop last week, the officer who was forced to shoot and mortally wound a crazed knife-wielder at the YMCA, received a couple of days off from the department after the emotion-packed incident. As you read last week, the police officer was confronted by the knife and

Funeral Mass was celebrated on Saturday, Feb. 20 at 11 a.m. at

Margaret 'Peggy' Murphy, St. John Brebeuf Church, Niles from Skaja Terrace Funeral Home, Niles. Interment was in Maryhill cemetery. Memorials were requested to St. John Brebeuf Church.

Niles nursing homes to install sprinkler systems

by Bob Besser

Eight Niles nursing homes will now be required to install fire sprinkler systems following the passage of a new ordinance during Tuesday night's Niles Village Board meeting.

In explaining the ordinance Niles Fire Department Duty Chief Gordon Michalson said that while all nursing homes have been requested to install sprinkler systems and some have voluntarily complied, the ordinance is designed to force those homes which are "dragging their feet."

Additionally, Michalson said it was possible that some Niles nursing home might, as a result of the new ordinance, apply for

state aid to financially assist in the installation of the systems. Without discussion, Village trustees unanimously approved the ordinance.

In other business, it was announced that following a 4 year wait, the State has approved

Program to relieve chronic backache

"Oh, my aching back!" It's a common colloquialism, but the suffering endured by millions is not to be taken lightly. The Leaning Tower YMCA, in an effort to alleviate chronic backache, is offering "The Y's Way To A Healthy Back," a six-week exercise program developed by YMCA health experts, orthopedic and neurosurgeons, physicians in rehabilitative medicine, and other leading medical authorities, including Dr. Hans Kraus, former personal physician to President Kennedy. The Y's program is the largest organization approach for helping backache sufferers in the country today.

According to Alexander Melleby, director of the national program featured at over 1,000 YMCA's across the country, "Eight out of ten people suffer from disabling backache during some time in their life." Although it doesn't guarantee a

cure, The Y's Way to a Healthy Back has proven to offer some form of relief to 88% of the people who have completed the course. Over 100,000 people already have benefited from the program. They have found that "The Y's Way To A Healthy Back" is the wise way to look after their health and well-being.

Registration for "The Y's Way To A Healthy Back" is being held now at the Leaning Tower YMCA, 6300 W. Touhy ave. For further information call John Joyce at 647-8222.

NI-Gas offers hints for snow-covered gas meters

Northern Illinois Gas (NI-Gas) again reminds customers that thawing and freezing conditions can present a problem for gas meters covered with snow. Meters are designed to withstand extreme weather conditions, but excessive weight of snow and ice on the equipment should be avoided to assure safe, uninterrupted service.

The company outlined some helpful suggestions:

- *Become familiar with location of meter, regulator and shutoff valve.
- *Clear snow and ice from meter and regulator to relieve the weight from equipment and ensure proper operation.
- *Exercise care when clearing meter assembly to avoid disturbing gas service line. Avoid using shovel or metal instrument when working close to meter. Use broom to brush away snow and ice.
- *Make sure the gas shutoff valve is accessible and visible. This is used to stop gas from entering the home in emergencies.
- *Mark location of meter and regulator when plowing driveways and parking lots to avoid damaging the meter, regulator and gas line.
- *Identify potential problem areas where falling icicles could injure people and damage equipment.

Remember, changing weather conditions resulting in thawing, freezing and additional snowfall continue to place a burden on people, structures and equipment.

Parent/Adolescent concerns

By Larry F. Renetzky, ACSW/AAMFT
Executive Director, Niles Family Service
And James Cisek, Ed.D./AAMFT
Director of Community Outreach, Niles Family Service

In the last article, Larry Renetzky described some trends which are straining parent-adolescent relationships. I would like to look more at the adolescent this time. We know that there are many factors which contribute to his emotional well-being and happiness in life: a good relationship with parents, friendships with positive influences, positive experiences in schools and so on. Along the way, each adolescent learns how to deal with life—some more effectively than others. The important message for adults to remember is that these "life skills" are learned—the adolescent is not born with these skills.

One of the most important skills a child can learn is not taught in school. Unfortunately it is not taught very well in some homes either. The skill I am referring to is the skill of personal problem solving. Each of us needs to learn how to deal with life's decisions, dilemmas and dangers. Our youth are being exposed at an early age to many dangers: the danger of pre-marital sex, of drugs and alcohol, of delinquency and of hopelessness. We adults can not insulate our children from all these dangers. We can, however, help them to deal with them.

The skill of problem solving is learning how to make good decisions. Whatever it is called—common sense, good judgement, or being smart, this skill appears to be lacking in many of our youth. We see the signs everywhere. Our youth are impulsive. They don't think of different ways of meeting the problem, they don't look at the possible consequences of their decisions, and they don't learn from their mistakes. They may depend on luck to achieve what they want, rather than on their own careful planning. And they may be eager to blame everything else except themselves when something goes wrong.

Parents have recognized this deficiency in their children, but are confused about what to do. They want to help prepare their children for life, and most parents realize that they won't be around when their children make their most important decisions. It is clear that parents also need to be "teachers"—teaching their children not only right from wrong, but what the difference is. That discipline has come to mean rules, punishment and control. The real meaning of the word comes from "Disciplina", a Greek word which means to "teach". Discipline means teaching rather than punishing and training rather than blaming.

We will next discuss a five step process for teaching your children to think for themselves and we will show you what you can do to make a difference in their lives.

If you have any individual questions or concerns, please feel free to call Dr. James Cisek at 692-3396 or come into Niles Family Service in the Niles Trident Center, 8060 Oakton in Niles. Ask for Dr. Cisek, Larry Renetzky or Madeleine Settles, our Clinical Director.

Today, Pullman stands as a National Landmark District. Join us for a tour and a delicious luncheon (chicken ala King) at the Hotel Florence in the Pullman Community. On the way home, we'll stop at Svoboda's Nickelodeon for a musical treat. The cost is \$11.00 per person. Buses leave from the Rec. Center, 7877 Milwaukee ave. at 9:30 a.m. and return at 4:00 p.m. Register at the Rec. Center before April 14!

LETTERS to EDITOR

Defends Kustra's "Best Freshman Rep" award

Dear Editor:
This is response to Anne Culhane's letter to the editor that recently appeared in your paper. It was Mrs. Culhane's contention that because Bob Kustra received the "Best Freshman Representative" award from a

group that made similar awards to three Democrats, that the award was somewhat tainted. Mrs. Culhane missed the point of the award.

The award is given to legislators who are judged to be the most effective by other legislators, lobbyists, and other state government observers including legislative staff members. The award is given without regard to party affiliation or political philosophy. Henry Hyde is a prior recipient of the award. Does Mrs. Culhane believe that Congressman Hyde is now a liberal Democrat because he and Michael Madigan now share the same award?

As a matter of fact the award points to a problem that suburbanites have regarding the

quality of their representation in Springfield. Whether the issue be education, transportation, taxes, or redistricting, the suburbs always seem to wind up holding the "short end of the stick". Time and time again our suburban legislators are out maneuvered and out worked by Chicago Democrats and downstate Republicans who somehow manage to work out a deal to get their programs through...and we pay the bills.

I think Mrs. Culhane is raising all the wrong questions. Bob Kustra should not have to explain or apologize for his effectiveness.

Sincerely,
Bill Fraser

Nimrod's concern for senior citizens up at elections time

Dear Editor:
I have been following Senator John Nimrod's statements about his concern over property taxes and their effect, in particular, upon elderly homeowners. It reminds me that upcoming elections can have quite an effect on a politician's priorities and press releases.

In April, 1981, looking ahead to an election, Mr. Nimrod sponsored a bill to allow citizens 65 years of age or older, with annual income of \$10,000 or less, to defer payment of property taxes. He introduced the bill on April 22, sent it to committee, and it's never been heard from again.

Yet on November 22, 1974, just days after being safely elected to another four-year term, Nimrod was one of only three Republican senators to vote against a modest \$60-80 per year tax break. And who was that tax break for? It was for senior citizens 65 years of age or older, with annual incomes of \$10,000 or less.

Maybe we should have annual elections if that's what it takes to make Mr. Nimrod sit up and take notice.

OCC Student Acting Troupe plans Spring production

The Unincorporated, Truly Inspired, Way-Out Imagination Theatrical Company, the student acting troupe at Oakton Community College, will produce a full-length play, "Say Goodnight, Gracie," this Spring.

The traveling acting group has been performing as two troupes during the last year, giving improvisational performances and scenes from established plays, before school groups, business and social organizations, and senior adult programs under the direction of two part-time directors, Karol Verson and Shirley Jacobs.

"Denis Berkson, OCC theater coordinator, divided the touring solution to the problem of student performances without a theater when the college moved from

Morton Grove to Des Plaines and Skokie," explains Ms. Verson. "Temporarily we had no place for performing plays before an audience at either location."

Last season Ms. Verson's group toured extensively, performing a "story theater," program of international fables, improvised with original dialogue. This program was cited by the Illinois Community College Festival as being one of the most imaginative and creative participating groups.

This season Verson and Jacobs directed scenes from plays which spanned theatrical styles from Shakespeare to Samuel Beckett in programs called "Mothers, Fathers and Other Good Relatives," and "Poets, Lovers and Madmen."

Ms. Jacobs, after her professional acting debut with Steppenwolf Theater, is taking time out to pursue acting in theater and commercials.

Under Ms. Verson's direction the reunited troupe will perform

the long running hit produced in Chicago by Travel Lite Theater and performed by the Steppenwolf theater ensemble. "Say Goodnight, Gracie" is about five people in their late 20's whose lives are going nowhere as they prepare to attend their 10-year high school reunion, according to Ms. Verson.

"The play is a delightful mixture of humor and pathos," the director said.

It will be performed on April 22, 23, 24, and April 29, 30 and May 1 at 8 p.m. in the Apollo Junior High Galaxie Theatre in Des Plaines. Tickets are \$3-\$2 for students and seniors.

The troupe is comprised of student and community residents. Its present members include: Phyllis Ricci, Michael Chesler, Jeff Brunk, Karol Kent, Bill Schneider, Sandy Goldstein, Greg Snyder, Mindy Levin, Georganne Berman, Rob Ryan and Janet Wynkowski.

Future events in the planning include extensively enlarging and expanding OCC theatrical offerings, not only a play and major theater event but also to create more theater related courses from which to choose, according to Ms. Verson.

Coordinator Berkson is planning to reinstate the OCC Theater Experiences, a kind of theater club which will involve people interested in acting and production as well as those interested in attending theater in Chicago.

For further information about the company or tickets, call 635-1694 or 1692.

Village Theatre Players presentation

The Village Theatre Players present "A Funny Thing Happened On The Way To The Forum", a musical comedy with music by Stephen Sondheim. Performances are March 5 and 6 at 8 p.m. and March 7 at 3 p.m. at St. Luke's United Church of Christ, 9233 Sherman rd., Morton Grove. Tickets are \$3.50, \$2.50 for students and seniors. For information call 966-9233.

Shrine Circus opening day

Over 4,000 blind and handicapped children will be guests of the Lions Clubs International at the opening day performance of the 40th Annual Medinah Shrine Circus, 1:00 p.m., Monday, March 1.

On hand also will be Tim Weigel, WLS-TV news anchorman who will be the "eyes" of the children, describing the action as it takes place.

The all-new circus will be held at Medinah Temple, 600 N. Wabash ave., Chicago, from March 1 through March 21.

Shown above the almost human, "Widbel's Performing Chimpanzee" will provide belly laughs galore to this year's audience at the 40th Annual Shrine Circus.

These cute little guys ride bicycles, walk on stilts and tightrope and generally delight kids and adults alike.

MONNACEP Saturday potpourri

Those who like to make the most of their weekend leisure will find a potpourri of choices in MONNACEP's Saturday program offerings.

An exploration of Chicago's rich ethnic heritage will be provided on March 6 through an all-day bus tour, "My Kind of Town." Tourists will board at 9 a.m. in the east parking lot of Maine West High School, Oakton and Wolf rd., Des Plaines, or at 9:20 a.m. in the west parking lot of Niles West, Edens Expressway and Oakton, Skokie. The \$27 fee covers tuition, bus, escort and lunch of Czechoslovakian cuisine.

Also on the same day a course in CPR will teach participants fundamentals of cardiopulmonary resuscitation to victims before the arrival of medical personnel. Co-sponsored by the Heart Association of North Cook County, the course will meet from 9 a.m. to 5 p.m. at Oakton

Community College/Des Plaines, 1600 E. Golf, at a cost of \$14.

At the same place during the afternoon, CPR Re-Certification will be offered for those whose certification was received one year ago or will expire shortly, at a cost of \$8.

In addition, on Saturday, March 6, from 9 a.m. to 1 p.m. those interested in planning or counseling others can attend Financial Planning for Retirement at OCC/Skokie, 7701 N. Lincoln. Instruction will provide an overview of pre-retirement strategies, making tax laws work in one's favor, post-retirement strategies, and coping with inflation. Cost is \$12.

MONNACEP is the adult education element of Oakton Community College in cooperation with Maine, Niles and Glenbrook High Schools. For further information, call 967-5821.

Pinocchio's People Pleasing Pizzas

There's a great Italian Restaurant in the Niles and Des Plaines area that will please your palate and put your purse in proper perspective. Pinocchio's has one of the widest range of pizza additions known to man and at great prices. Pinocchio's has other renown Italian specialties that people travel miles to savor. Arthur Ashe, National Campaign Chairman American Heart Association

After I had my heart attack, doctors used this cardiac catheterization procedure to find out why. They found a reduced supply of blood going to the heart muscle itself. So they performed coronary artery bypass surgery to increase the supply. Nearly 40 million other Americans have some form of heart disease, stroke, or related disorder. Many will make it to this table.

The American Heart Association is fighting to reduce early death and disability from heart disease and stroke with research, professional and public education, and community service programs.

But more needs to be done. You can help by sending your dollars today to your American Heart Association, listed in your telephone directory.

Niles Semi-Pro baseball team

The response coach Stan Breitman has been getting from men 18 years of age and older who are interested in trying out for the "Niles Nuggets" semi-pro baseball team has been very encouraging. The tryouts will be held some time during the first two weeks in May. The men who have called and left their number will be contacted by phone when a definite time and location has been set. (This information will also be published in local newspapers.) If you are interested in trying out and have not called yet, contact Stan at 698-2484.

Bringing you up to date on the team's progress, we are in the process of ordering uniforms.

Coach Breitman has been informed that the first league game will be scheduled during the first weekend in June. All 32 games will be played on weekends during the months of June and July. We are searching for a sponsor who would be willing to sponsor the whole team or several sponsors desiring to sponsor a specific number of players. The team will include 25 players and 2 coaches. The "Nuggets" will be representing Niles and themselves with honor, dignity, good sportsmanship, talent and good character.

If you are interested in trying out for the team or wish to be a sponsor, contact Stan at 698-2484.

plans to install a stop light on Niles Zoning Board meeting, Niles officials requested that the stop light, which will work in coordination with the Milwaukee-Oakton stop lights, will be used to move traffic quicker and safer between Jerry's Fruit and Garden Center, 7901 Milwaukee ave., McDonalds restaurant, 7837 Milwaukee ave. and the Oak Mill Mall at Oakton and Milwaukee aves.

While the total construction and engineering costs for the stop light will be \$360,000, Niles taxpayers will contribute only \$10,000. The federal government will pay \$294,000 and the remaining \$60,000 will be paid by the 3 businesses which will benefit most from the installation of the traffic signal.

Village Manager Ken Scheel said he has received verbal agreements as late as Tuesday from McDonalds and Jerry's Fruit and Garden Center officials that they will contribute \$20,000 each towards the construction of the stop light.

Niles officials noted there were 149 traffic accidents, resulting in 20 people being injured, in that heavily travelled area last year. The installation of the traffic lights, which should be completed no later than the end of the year, is seen as a way to drastically reduce the number of annual traffic accidents on Milwaukee ave. south of Oakton st.

In addition to installing the traffic signals, the improvements will include widening Milwaukee ave. in that area.

Also discussed and unanimously turned down during the board meeting was Niles businessman Tony Riggio's request to have his restaurant, Riggio's, granted new zoning to allow a 90 seat banquet hall to be constructed in the restaurant's basement.

While it is unclear whether Blase and Kustra could prevent dumping of PCB in the area in the future, it is clear they will both continue their constant vigilance.

In a letter to local State Senators and Representatives dated February 22, Blase wrote, "It is incomprehensible to me that we could ever allow PCB dumping no matter how careful we are since so much of the surrounding area has working water wells. Porter: Military increases must be scaled back

Congressman John E. Porter (R-Winnetka) has called for reductions in proposed defense spending in an effort to curb massive deficits predicted for fiscal 1983.

As a member of the House Appropriations Committee, Porter will play a key role in determining the fate of the Administration's \$757.6 billion budget proposal, which includes a record \$221.1 billion defense package—an increase of more than \$33 billion over last year's defense budget.

Porter said he agrees with the President that the United States must strengthen its defenses, but believes "it must be spread out over a longer period than the Administration has proposed."

The Congressman said nearly \$17 billion could be trimmed from the defense budget, including \$4.5 billion toward funding the controversial MX missile program.

Yates receives IVI endorsement

Congressman Sidney R. Yates (D-IL-9) has received the endorsement of the Independent Voters of Illinois - Independent Precinct Organization for re-election in the Democratic primary on Tuesday, March 16.

Yates said, "I am pleased that IVI-PO has chosen, once again, to endorse my candidacy for re-election to the House of Representatives. I have presented my record to the voters of the 9th Congressional District and I look forward to an election victory on March 16 with the help of IVI-PO."

Fitzgerald running as independent

Timothy J. Fitzgerald, a Chicago resident, announced today that he is mounting an independent challenge to the regular party candidate, Cal Sutker of Skokie, for election to the office of 9th Congressional District Democratic State Central Committeeman.

Fitzgerald, 35, of 2300 N. Lincoln Park West, is a lifetime resident of the north side/north suburban 9th District. He holds a Master's Degree in Urban Planning and is a veteran of the U.S. Army, having served in Vietnam. Currently, he serves the public as a Senior Operations Research Analyst for the Chicago Department of Public Safety.

Fitzgerald is no stranger to Chicago politics. He has worked as a volunteer precinct captain for candidates ranging from U.S. Senate to Ward Committeeman and judicial offices. He has also donated his time as a legislative assistant and community ombudsman.

He is running for the office of State Central Committeeman because he feels he can make badly-needed changes in the Illinois Democratic Party, deemed one of the "worst state party organizations in the country, bar none." He is seeking election in the March 16 primary.

The 9th District includes the Chicago neighborhoods of Rogers Park, Edgewater, Uptown, Lake View, Lincoln Park, and the Gold Coast. The suburban section takes in all of Evanston, and parts of Wilmette, Glenview, Niles, Morton Grove, Golf, Northbrook, and Park Ridge.

hammer-wielding assailant who had charged out into the hall in a frenzy. When he refused to put down the weapons and continued to attack, after previously knifing a man in the lobby of the "Y", the police officer retreated until he was backed against a rear wall in a hallway on the 3rd floor of the residential area. After repeated warnings he shot and killed the frenzied man.

We received a report from third sources after the emotionally-draining incident the police officer broke down and cried. It was a natural reaction to an experience which few suburban cops encounter in their lifetimes.

It was also reported the man who went berserk had been let go from his job at a local Niles industry which he held for many years. He also was reported to have been through a divorce proceeding in the recent past. In

addition to his work at the local firm he also had worked part-time as a teacher at Oakton College.

In a Monday court hearing Niles Republican committeeman Bill Kearney was once again denied an appeal to be placed on the upcoming ballot in the race for township committeeman. Kearney was previously turned down by the electoral board and then by Judge Joseph Schneider. Both rulings contended Kearney's out-of-township residence in Hoffman Estates makes him ineligible to run to succeed himself for the township committeeman post. Kearney contended an apartment he rented in Morton Grove was his permanent residence which made his primary domicile within the township. Monday's hearing, denied in Schneider's courtroom, also the local apartment was his primary residence.

Students in the following schools needing support services are: Gemini with 18 students speaking seven languages; Melzer with 10 students speaking five languages; Nelson with 29 students speaking eight languages; Stevenson with 47 students speaking 13 languages; Twain with 21 students speaking 21 languages and Washington with 19 students speaking 10 languages.

Board members moved to table a motion granting Olive Tree Congregation, Chicago, a contract for a 3 year lease of space in Oak school. Board members said they would like more information on this group which claims it is for everyone believing in "salvation" for both Jews and Christians.

Board members approved a 2 year lease with Glenview Korean Presbyterian Church for rental of space in Wilson school.

Superintendent Dr. Donald Bond reported on a meeting with the Elementary District Organization stating that the group is attempting to draw up a state formula concerning taxes which would result in a more equitable distribution of money to elementary schools. The EDO also voted to recommend Governor Jim Thompson not defer payment of \$178,000,000 to schools due in June and the State tax multiplier not be changed.

Dr. Steina said 1982-83 student enrollment projections will be submitted along with financial data for consideration in recommending new pupil-teacher ratios or staffing patterns. He said a final decision must be made 60 days before the last day of classes to notify teachers whether or not they will be needed next year. Teachers not receiving a new contract because of a reduction in force or "trifling" are entitled to a hearing by the District.

The report will be used to determine State aid for language support programs.

About 215 of the bilingual students need additional support services or a multilingual program. Programs may be bilingual in which subjects are taught in the student's language and English as a foreign language or a program in which both languages interact.

About 58.7, more than half, of the students speak one of six languages; Spanish, Korean, Greek, Italian, Polish and Indian (or Asian) in that order.

Cop stabbing . . . Niles Policewoman

Continued from Page 1

After police knocked on the suspect's door, Unick ran from the room swinging a hammer and slashing at police with a hunting knife. Backing police down a hallway, Unick repeatedly disregarded police commands to drop his weapons and was subsequently shot and killed.

One of the police bullets ricocheted striking Kollath. As of Tuesday, doctors still had not removed the bullet from her arm fearing additional nerve damage could be done during surgery, according to Kollath. Referring to the surgery, Kollath said doctors have so far delayed removing the bullet because, "It could do more harm than good."

With the bullet lodged in her upper left arm, Kollath said there has been some temporary nerve damage which has resulted in the partial loss of the use of her left thumb, index finger and middle finger.

Kollath said she anticipates being let out of the hospital so she can regain some of her strength which will be followed by her being readmitted to Lutheran General for surgery on damaged nerves in her arm. Following the nerve surgery, says Kollath, she will again have to return to the hospital to have the bullet surgically removed.

Kollath said she suffered a setback on Saturday, February 20, when a lung collapsed. She was scheduled to temporarily leave the hospital when the lung problem arose.

Kollath said the lung may have collapsed following probing by a doctor near her lung for nerve damage. She said she expects to learn from doctors later this week about the possibility of leaving the hospital prior to her nerve surgery.

Describing her mood as "so-so", Kollath said, "When I have a good day I'm in good spirits," however, Kollath added, "Not every day is a good day."

Kollath gave rave reviews to the response of her fellow Niles Police officers since she has been hospitalized. "I couldn't ask for a better group of guys," said Kollath. "They've been just excellent - every single one of them."

Kollath said she has received so many flowers from the policemen and others in Niles that she had to ask her parents to take some of them home.

Kollath, whose full time job is as a receptionist, says she intends on returning to work as a reserve policewoman after she has recovered.
