## Melzer parents protest combining of grades

by Eileen Hirschfeld

Three separate matters concerning a decrease in student population of East Maine School District 63 were considered at a regular board meeting March 23 in Apollo school, Des Plaines.

In a non-agenda item, two parents of children in Melzer School, Morton Grove, protested the combining of two grade levels

in a single room with one teacher, necessitated by low enrollment of children in certain grades and district policy which stipulates the amount of children to a teacher.

Barbara Blonz, parent as well as a former teacher in Melzer school, said both children and teachers were being affected.

Blonz suggested the district should either hire more teachers, redistrict the schools, or initiate more creative study plans.

Marilyn Cordell, also parent of a child in Melzer, said problems in the classrooms were also caused by an additional strain on teachers from many special

## Niles library to join NSLS computer system

Space-Age Technology will soon benefit the Niles Library District when four proposed computer terminals will be installed to aid circulation and other services.

At a March 10 meeting, library board members approved a "letter of intent" to join about 70 other libraries in a master con-

tract under CLSI, INC. All libraries will feed into a computer system located at the North Suburban Library System, Wheeling. The letter of intent must be approved by CLSI, INC.

About \$102,000 will be needed for installation and maintenance of four terminals. It will take

Krilich turned down on 30% reduction in parking spaces

## Village tells Lawrencewood: "No Show"

Village trustees unanimously rejected a multi-plex (6-8 movie screens) theatre at Lawrencewood Shopping Center Tuesday night when the petitioner requested a 30% reduction in parking spaces below village code standards.

Attorney Dan Pappas, representing the Lawrencewood interests, told the board Lawrencewood is 65% vacant today, and he believed a multi-plex theatre in the L-shaped center of Lawrencewood would result in the revitalization of the center.

Pappas said a request from Niles Mayor Nicholas Blase to rehabilitate the center was received last April and not until

October, when Goldblatt's moved out, was there the opportunity to begin planning to rehabilitate the Center. He blamed Goldblatt's for the high vacancy figure contending the Center interests couldn't evict them because of their lease.

Pappas introduced Gerald Estes, an architect, who said the financing was ready and available for the theatres. He said the area is a blight, and for the betterment of Niles (and the Center) Lawrencewood owner Robert Krilich would spend \$2,000,000 in restoration costs and an additional \$100,000-\$300,000 for securing new tenants. He said

## From the Left Hand

by Bud Besser

Since college basketball time is just about over, it's time we began concentrating on the second best game in town... politics, Chicago-style.

Nick Blase, the double-hat-wearer, donned his committeeman chapeau Tuesday to enlighten us on next Monday's vote for chairman of the Cook County Democratic Party.

Our 2-hat man told us Chicago's Mayor Byrne can call the shots in the upcoming vote. If she decides she wants to put Chicago alderman Ed Vrodolyak in the top County post, she has the votes. Nick thinks she may want a friend and organizer in that post, as she looks forward to the following year's race for Chicago's Mayor's job. If the likely Byrne-Daley clash comes, she would like a friend atop the Democratic Party at that time.

Byrne's power is absolute, according to N.B., because she has the votes and she has the jobs. In Monday's vote it will be a weighted vote based on the number of Democrats who voted in each area. Because 90,000 Democrats stabbed their way thru their voting cards in the suburbs, the Democratic committeemen have the proportion of

## Drunk drivers arrested by Niles Police

The 19th and 20th drunk driving arrests this year were made in Niles this past week.

A 20-year-old Niles resident was arrested on Sunday, March 21 after being seen driving in Niles erratically. The man had been driving north on Milwaukee ave. when he was seen weaving and straddling lanes. After being stopped in the 8700 block of Milwaukee ave., the man was observed by police slurring his speech and having difficulty walking.

Prior to his being arrested, he had been involved in an altercation with a bartender at a local saloon.

He was brought to the Niles Police Department and charged with driving under the influence of alcohol and improper lane usage. The Niles man was assigned an April court date and released on \$100 bond.

In a second incident Niles Police arrested a Des Plaines man who had passed out in his

## SJB students study the Middle Ages

The sixth grade students of St. John Brebeuf School are presently studying the Medieval Era. As a culminating activity research work was done on an aspect of life in the Middle Ages. Examples include the building of a monastery, a castle, and a model of a medieval town. Other students wrote reports about knights, crusaders, Gothic architecture, or famous people of the era such as Charlemagne, Joan of Arc, Raphael, and Michelangelo, to name a few. Other projects included map making of trade and crusade routes. The social studies teacher is Miss Bonnie Tuszyński. Shown above with their activities are John Belmonte, Daniel McCarthy and Bri-Violet James.

## Another All-American Whatchamacallit

Have you ever noticed how much more secure we feel when everything is categorized for us? Labeled... "put in its place."

Our City of Niles is an All-American city; our children participate in All-American sports; they join All-American groups. As parents, we participate in All-American activities (you know, like PTA) and we always urge everyone within range to be All-American and vote in primaries, school district elections, meet with school counselors, campaign for stop lights, obey-traffic signs and, of course the law (heaven forbid!).

Early on most of us decided our children would do the All-American thing and go to college; then pursue All-American careers. They would be equipped for that (you guessed it) All-American marriage, children and cycle would be repeated, everlasting. It was a sort of midwestern like ethic, something we grew up with lived and died by. It was comfortable-it wore well.

An expression...an opinion... a point of view...

## Guest Columnist

My husband and I, native Chicagoans, had been raised feeling smug with that All-American clean. Along came January, 1976. (It was an All-American year!)

We made a decision, in January of '76, to retire from the business world. Let's go somewhere, we said, where it's warm-a place with lots of fishing (that's All-American), outdoor activities and No snow, ice and WCF's of 50 below. Some place where we can work on a tan year-round and enjoy our middle years living life at an easier pace. We found our paradise in San Diego, CA.

We moved across the country lock, stock and teenager's stereo. We drove; the dog came on American Airlines. We bought a house, Continued on Page 31

Despite its reputation of being able to defeat its opponents, the National Rifle Association (N.R.A.) was unable to muster either the troops or the money to support the local candidates they backed during the March 16 primary elections.

During the week prior to the elections, the N.R.A. sent local members a letter endorsing State Senator John Nimrod and Republican State Representative candidate Gerald Rubin. Besides outlining why the rifle organization was supporting these two candidates, the N.R.A. further requested its members financially support these candidates as well as offer their time as volunteers. The addresses and telephone numbers of the candidates campaign offices were given in the endorsement letters.

However, on election night both Nimrod and Rubin lost, despite support of the N.R.A. bringing into question the organization's much heralded reputation of eliminating their political foes.

Morton Grove officials, who have been battling the N.R.A. since passing their 1981 handgun ordinance, took particular note of the election results. Morton Grove administrator Jim Sloan noted, "Beyond their letters of endorsement, I don't know how much they (N.R.A.) put into it. They said they could really muster troops...but they couldn't."

They've indicated that's their calling to elect friends and defeat enemies..."

Niles Mayor and Maine Township Democratic Committeeman Nicholas Blase agreed with Sloan saying, "The N.R.A. has never been particularly effective here. They may be against someone but don't know how to formulate it into a work program..."

Noting that in local elections that N.R.A. does not seem to have the ability to rally their members to work for candidates, Blase said, "In terms of precinct work they're paper tigers."

Blase added the N.R.A. is primarily effective in Washington D.C. where they have targeted much of their money and lobbying efforts.

Maine Township Republican Committeeman Phil Raffae agreed the N.R.A. has little impact on local elections. "I've never had any contact with them," said Raffae. However, Raffae was quick to add, "I don't read anything into the last election..." because of the low voter turnout.

Sloan said he felt the N.R.A. would be unable to have much effect on local elections noting that "in this area the last two people sent to Congress were advocates of gun control as are both State Senatorial candidates."

Sloan speculated it may be a myth that they can defeat political candidates and perhaps their invincibility is a myth too."

Their usual Americanism essay contest is being conducted by the Morton Grove American Legion Auxiliary Unit #134. President Ms. Lorry Nehart reports her Americanism Chairperson, past president Mrs. Phyllis Rieck is handling details.

The theme this year is "What Strengths Does America Need to Preserve Freedom?"

Mrs. Rieck has contacted the local schools and entries are being coordinated and received through their administration. Cash prizes will be awarded various category winners locally and then, according to Mrs. Rieck, the entrants will be judged on the district level, District Winner is then forwarded to First Division (Cook County) and that winning essay competes in Department (state) competition. Last year the Morton Grove Unit was very happy in that a local young lady progressed all through these various contests and was awarded a Departmental prize at the annual state convention held in Chicago.

#### WIDOW AND WIDOWER GROUP

A new discussion and sharing group for widows and widowers will meet for seven consecutive Tuesdays beginning April 6 from 1:00 to 2:30 p.m. in the Morton Grove Village Hall, 6101 Capulina.

Mrs. Inge Golden, counselor from the Family Counseling Service of Evanston/Skokie Valley will lead the group. Please call Bud Swanson at the Morton Grove Health Dept., 965-4100, if you wish to sign-up for the group.

#### FOOT CARE FOR THE SENIOR ADULT

It is important that you prevent injury to your feet and follow a plan of good foot hygiene. The following tips will help in this effort:

\*Wear shoes that fit well, snug, but not tight. To help assure dryness, change to a different pair each day. Keep your shoes in good repair.

\*Keep your toenails trimmed neatly, straight across and even with the toes. File sharp edges with emery board; be sure not to dig under the toenail or around the cuticle.

\*Avoid wearing anything tight around your legs or ankles that might in any way reduce the blood supply to your feet.

Morton Grove senior citizens (age 65 and over) can take advantage of a new foot-care program developed by the Morton Grove Advisory Commission on Aging in cooperation with Dr. Lawrence M. Rubin, Morton Grove podiatrist.

Included in the program will be free foot screenings and discounted fees for all professional foot-care. Assignment will also be available when services are covered by Medicare. For specific information call 965-6323.

#### WHAT IS A GRANDMOTHER?

A grandmother is a lady who has no little children of her own. She likes other people's. A grandfather is a man grandmother. Grandmothers don't have to do anything except be there. They are old, so they shouldn't play hard or run. It is enough if they drive us to the market and have a lot of dimes ready. When they take us for walks, they slow down past things like pretty leaves and caterpillars. They never say "hurry up." Usually grandmothers are fat, but not too fat to tie your shoes. They wear glasses and funny underwear. They can take their teeth in a gums out. Grandmothers don't have to be smart, only answer questions like, "Why isn't God married?" and "How come dogs chase cats?" When they read to us, they don't skip, or mind if we ask for the same story over again.

Everybody should try to have a grandmother, especially if you don't have television, because they are the only grown-ups who have time.

(This essay was written by a third-grader and appeared in the newsletter of the St. Andrews Society of Washington, D.C.)

#### MATINEE MOVIE

The matinee movie scheduled at 1:30 p.m. on Friday, March 26 will be "Heaven Can Wait", featuring Warren Beatty. The movie is free and will be shown in the Village Hall Senior Center, 6101 Capulina in Morton Grove. For a reservation call the Senior Hot-Line, 965-4658, weekdays from 9:00 to noon.

#### BALDNESS

The negative side of balding is well known: embarrassment, anxiety about looking old, fear of losing sex-appeal, countless crude jokes. But there are a few benefits to baldness.

Lightly stroking the top of the head helps you think. Better than any other part of the body, the bald head soaks up the sun's rays providing an attractive tan. And finally, bald men are connoisseurs of the head massage. A back rub is nice, yes. And shoulders enjoy a good kneading. But there's something quite special about having a friend place a drop or two of moisturizer on your smooth pate and rub it in with firm circular movements of the fingertips - sensual delight for both, and a great expression of love.

#### OBEY THE RULES

Beginning on July 1 of this year, motorists age 69 and under with no traffic convictions in the last 3 years need only take a vision test to renew their license. A good way to avoid traffic violations is by having a thorough knowledge of Illinois' Rules of the Road.

The Village of Morton Grove is trying to help by offering the 1982 Rules of the Road Refresher Course to senior citizens who will be called to take the written exam at license renewal time. The April course begins at 1:00 on Tuesday the 6 and will continue on April 13 and 20. Classes will be held at the Village Hall Senior Center. To sign-up, call the Senior Hot-Line at 965-4658.

#### Senior Citizen Special of "Encore '82"

### ND faculty challenges Bears

One plus one equals two points, according to Notre Dame High School math teacher Jim Meyer (No. 52). His new scoring strategy may well be used in a benefit basketball game on Friday, March 26, when the Good News Bears (members of the Chicago Bears) play against the Bad News Dons (ND's faculty). Business teacher Jim Whitton (No. 24) seems to agree there are dividends to be gained from the tactic although PE coach Bruce Donash (No. 30) feels one-on-one has a different meaning.

The game sponsored by the Mothers' and Fathers' Clubs of Notre Dame, will begin at 7:30 p.m. in the school gym at 7655 Dempster in Niles. A free-throw contest will be held at half-time with an autographed basketball as first prize.

Tickets are \$3 for adults and \$2 for students, and may be ordered by calling the school at 965-2900.

Shown above is Jim Whitton on Jim Meyer with Bruce Donash spotting.

**BEST FOOT FORWARD**

By Dr. Leonard Pock

**JOGGING AND FOOT CARE**

Jogging boosts the health of your cardiovascular system, but it has some drawbacks. They begin with your feet.

Your feet are the last link to the ground in your whole body chain, and one of the first to undergo a breakdown. The constant pounding can take its toll. Example: At six feet, weighing about 200 pounds, say you jog a mile a day, one yard a stride. Each time your foot hits the ground, some two or three times your body weight presses down through each heel. Multiply that by the 1000 times each heel hits the ground in that mile of cross-country exercise. Women runners receive the same body-weight shocks with every stride.

They may predispose one to painful conditions of the lower extremities, including shin splints, runner's knee, heel spurs, etc. Questions regarding any foot problems will be answered promptly if queried by mail.

### Off the NILES POLICE BLOTTER

#### Indian raid?

Burglars broke into a local sporting goods store during the night of Tuesday, March 16. Police report unknown persons gained access to Erewhon Mountain Supply, 9070 Golf rd., by smashing a two foot by five foot window in the front of the store. Once inside the store, the thieves stole a canoe and kayak. However, the kayak was later found in a garbage dumpster behind the store. Store officials set the replacement value of the window at \$200 and did not immediately indicate the value of the canoe.

#### Police arrest pair with drugs, money and gun

A 19-year-old Chicago woman and a 38-year-old Chicago man were arrested in Niles during a bizarre incident which involved a shopping bag full of money, cocaine and a gun.

Police report being notified at 7:30 p.m. Monday, March 15 by a man who said he was in the 7100 block of Milwaukee ave. and was carrying a lot of money and being followed. Spotting three people in that vicinity police stopped them. The man immediately showed the police a shopping bag filled with loose as well as some bound

money. The woman had reportedly been holding the shopping bag. While police were talking with the two Chicago residents, a third man, also from Chicago, whispered to one of the policemen that the 38-year-old man had stuck a gun in his ribs prior to the police arriving.

Ordering the 38-year-old man to place his hands on his head, police searched him but did not find the gun. However, police noticed the woman reach into her left pocket and, as a Niles policeman grabbed for her hand, the 38-year-old man tried to prevent the police from searching the woman. After handcuffing the Chicago man, Niles police found the handgun in the woman's pocket.

At the Police Department, police confiscated the shopping bag which was found to contain \$7,362 as well as a container with cocaine. Also police found a small amount of cocaine in the man's wallet.

The 38-year-old Chicago man was charged with unlawful use of a weapon, aggravated assault, and possession of a controlled substance. He was assigned an April court date and was held on \$5,000 bond. The woman was charged with unlawful use of a weapon and, after being assigned an April court date, was released on \$100 bond.

#### Gown snatcher arrested

A 27-year-old Chicago woman was arrested after being observed shoplifting in Niles on Monday, March 15. According to police, the woman was shopping at Sears Roebuck and Company, 400 Golf Mill, when she was seen entering a dressing room with four night gowns. When she left the dressing room, she did not have the gowns with her. A store employee checked the dressing room and found the gowns were missing. Stopped outside the store, the four gowns were found inside the woman's purse. After being detained she was charged with shoplifting, assigned an April court date and released on \$100 bond. Store officials valued the stolen merchandise at \$78.

#### Arrested after fight

Three young men were arrested on Tuesday, March 16 after being involved in a fight in Niles which sent two people to the hospital. Police report three local men had purposely damaged the arrested man's auto during an earlier altercation. After damaging the car, the local men went to the Golden Bear Restaurant, 9655 Milwaukee ave. Shortly afterwards, the three arrested men arrived and armed with a car jack and fire iron, began fighting. When police arrived they saw the three men armed with the weapons attempting to flee the area. After detaining the three men police found one man lying injured on the ground outside the restaurant and another lying on the floor in the parking lot. Both men, in their early twenties, were transported to Lutheran General Hospital by Niles Fire Department paramedics.

Arrested and charged with battery and disorderly conduct were three men, 23 years, 25 years and 21 years old who all gave 9911 as their address. They were assigned April court dates released on \$100 bond each.

#### \$20,000 fire damage

Unattended candles were apparently the cause of an apartment fire which caused \$20,000 damage in Niles on Wednesday, March 17. According to police, a resident of the 8000 block of Oriole st. reported friends had been in his apartment earlier in the evening and left after he had gone to bed. The friends apparently lit some candles and did not extinguish them before leaving the apartment. Waking up at 2 a.m. the Niles resident smelled smoke and heard a popping noise. After waking his roommate, the man escaped through a bedroom window.

Running to the front of the building, the Oriole st. resident awoke the other residents in the building and immediately contacted the Niles Fire Department. Fire officials found the kitchen and living room on fire and quickly extinguished the flames. However, much of the furniture was destroyed. While no one was injured during the fire, the Oriole st. resident cut his arm while escaping out his bedroom window but did not require medical assistance.

#### Illegal aliens arrested

Two illegal aliens were turned over to immigration authorities this week after being arrested for shoplifting in Niles. In the first incident, a 30-year-old Polish national was shopping in Sears Roebuck and Company, 400 Golf Mill, when he was seen placing numerous items of clothing under his coat. The man was stopped as he left the store with the unpaid merchandise and held for the police. In the second incident, a 28-year-old Hispanic man living in Niles, was seen removing a shirt from his hanger and putting it on at K-Mart, 8650 Dempster st. As he was leaving the store without paying for the shirt, he was stopped by security officials and later turned over to Niles Police. Instead of charging the men with crimes, police turned them over to immigration authorities for possible deportation proceedings.

#### Sets fire

Police and firemen were called to a vacant field in the 8900 block of Delphia on Friday, March 19 after a brush fire was reported. Arriving at the scene North Maine firemen quickly extinguished the blaze. The lot's owner, a Niles resident, was reported to have set the fire in an attempt to clear brush and wood. As the owner did not speak English, a Niles policeman who could speak to her was called and explained to the woman that it was illegal to set fires in residential areas. The woman assured police she would set no more fires.

#### Creates drive-thru facility

A Wisconsin woman staying in Niles drove her host's car through a Milwaukee ave. retail store window on Tuesday, March 16. The 28-year-old woman was backing out of a space in front of Pacific Stereo, 9517 Milwaukee ave., when her foot apparently slipped off the brake and onto the accelerator. Jumping over the parking block, the car sped through the window destroying a display which included stereo equipment. Niles police report no one was injured during the mishap. The Wisconsin woman was issued a traffic citation. Police reported there was no evidence that the woman had been drinking.

### SJB girls end season

On Saturday, March 13, the S.J.B. 8th Grade Girls ended their successful sports banquet. Their coach, Dan Kosiba, conducted the award ceremony. The girls received two trophies: one for 2nd place finishers in their Northwest Catholic Conference, and the second for being the runner up's in the North Side in the Chicago Catholic Playoffs. Mr. Pat O'Connell, guest speaker and basketball coach of Marillac High School, helped handout the trophies and the evening closed with S.J.B.'s Kerri Kane receiving the Most Valuable Player Award. Kerri had a fine season averaging 17 points a game and shooting 54% at the free throw line.

The 7th graders from St. John Brebeuf were given an exemption and thus they were allowed to participate in the 8th grade CYO City Playoffs. It was the first time that a 7th grade team was allowed in the tournament. In the opening round of play SJB lost to St. Ferdinand 45 to 40. St. Ferdinand entered the game with a 12-0 record and they had a 4" inch per man height advantage on the SJB squad. Coach Jim Jekot commented: "We really gave them a game thanks to the outstanding play of Krista Eshoo, who scored a career high 22 points. Overall it may have been her best game ever. Kris Gotshall played a superb game in scoring six points. She made us

completely forget that Stacie Jakobi and Kathy Lake were on vacation."

Eileen McAuley scored six points. Janet Rzeplala tallied five and had ten rebounds before she fouled out early in the fourth quarter. Linda Strauss replaced Janet and played flawlessly in that pressure packed last quarter. Cathy Bratek sank one free throw attempt.

Coach Ed Eshoo was most pleased with his squad's performance. "They have matured this season and they can handle pressure better than any other team," he said. "A few of our shots by Krista, Kris and Eileen just did roll off the rim. Had they

dropped and if we had Janet for that final quarter to rebound for us, we definitely would have put this game in the win column even against those two six-footers from St. Ferd's," he emphatically noted.

St. Ferdinand continued on to become the runner-up in the tournament. St. Ferd's beat St. Mary of the Woods, Mary Seat of Wisdom and the 8th graders from SJB. In the championship match it was St. Edmunds from Oak Park over St. Ferdinand.

The SJB squad beat immaculate Conception 43 to 34 in their season finale. Every member of the squad played an equal amount of time. Eileen McAuley

and Janet Rzeplala (alias Mutt and Jeff) were named "Co-Stars of the Game." Eileen tallied nine points and had four steals. Janet scored ten points and had six steals.

Kathy Lake and Kris Gotshall each scored six points. Cathy Bratek scored four points. Cathy O'Grady celebrated her return to action by popping in two baskets. Linda Strauss and Shelley Giovannelli each had two points. Karen Beefink and Jennifer Stevens had a couple of shots just miss and consequently they failed to score. Stacie Jakobi did not play because she was conducting a basketball clinic in Florida.

**Replace Your Old Gas Furnace ... Now With A New Gas Efficient Climatrol**

**DON'T WAIT — IT MAY COST YOU MONEY**

**DESCRIPTION**

These spark ignition gas furnaces are designed for reliable, efficient and quiet operation as well as easy installation and application versatility. Upflow, counterflow and horizontal models are available. All are A.G.A. design certified for natural gas; upflow models are also C.G.A. approved.

A spark-to-pilot ignition system replicates the conventional standing pilot, thermocouple and safety shut-off unit. The pilot is ignited directly by a high-voltage spark. A redundant-type gas valve is supplied for main burner control and is used on all models. The system is controlled from a low-voltage thermostat and incorporates a flame sensor that safeguards against loss of pilot flame for any reason.

The entire line is equipped for air conditioning. Blowers and drives have been sized to easily handle the listed cooling capacities.

High-grade carbon steel heat exchangers are used in all furnaces. Steel burners are specially protected to resist corrosion and provide quiet, efficient operation. The flame is readily visible to simplify quality adjustment.

The cabinets have foil-faced fiberglass insulation to reduce jacket loss to a minimum and further provide quiet, economical operation.

**Greenberg and Schachte voted All-Conference gymnasts**

Maine East's Lori Greenberg, co-captain of the Girl's Gymnastics team, and teammate Christi Schachte were voted All-Conference.

Conference by the CSL Gymnastics coaches. Schachte was automatically nominated, since she tied for the All-Around championship as well as being the So. Div. CSL Vaulting Champion for the second consecutive year. Greenberg was voted in for her 2nd place Bars and 4th place Vaulting finish at the CSL meet. Also nominated was Sr. Co-captain Patti Lehman, but an injury a few days before the Division meet kept her out of the competition and thus not eligible for All-Conference selection. Lehman had chalked up an 8.8 Vaulting average during the dual meet season.

**Maine East ski trip to Vail**

During spring vacation members of Maine East's Ski Club will go to Vail City, Colorado, for a week of fun. Those participating will stay at the Vail Run-Condominium Resort under sponsor James Farrell's supervision.

Vail is often considered America's finest ski resort. It is located in the Rockies about 100 miles northwest of Denver. The size and number of runs is immense. Beginners and experts alike find it nearly impossible within the week to ski all the runs which Vail's three mountains and two bowl areas offer. This is a totally different experience than the type of skiing which the Midwest offers. This is the fifteenth year in which Ski Club has had a spring vacation trip to Vail.

Skiers will depart from O'Hare Airport Saturday morning, March 27. They will return via Continental Airlines on April 3. The cost for the entire trip is \$515, which includes a room, air fare, and six lift tickets; food is not included in the price.

Twenty-one students will participate. They are Steve Grindel, Dale Davenport, Margo Hoover, Lisa Hoover, Debbie Goldman, Missy Sostrin, Al Reback, Larry Goldwater, Wendy DuBoe, John Carreon, John Kamysz, Danna Brim, Lisa Goldsand, Steve Kaiser, Ellen Brenner, Rich Tinkoff, Bill Krmer, Scott Nashiman, Steve Martino, Matt Argetinger, and Vivian Marks.

**Spring wrestling free play program**

Boys seventh thru twelfth grades may participate in a spring wrestling free play program at Maine East starting Monday, April 5, through Friday, June 25. The free play program is from 3-5 p.m. every Monday, Wednesday and Friday in the varsity wrestling room.

Participants may pay the \$25 fee at registration on April 5, and they will need wrestling equipment (shoes, sweatshirt, tights, etc.) as well as swimming trunks and towel.

The spring wrestling free play program is supervised by Mr. Morris Geselter, Maine East freshman wrestling coach and member of the Illinois National Team Coaching Staff.

Those wishing information may call Mr. Geselter at 825-4484 ext. 647.

**Applications for Gymnastics and Volleyball Camp**

Marillac High School will be providing summer camps to area residents for gymnastics and volleyball. Under the direction of Ms. Janice Kern, Athletic Coordinator, a gymnastics camp for fourth graders will be held the week of July 12-16; a volleyball camp for sixth graders will then follow from July 26-30.

Cost is \$30 per week for each child. Applications are currently being accepted on a first come-first serve basis. For information call Ms. Kern at 446-9106.

### Northwest Parishes elects new directors

Members of the Northwest Parishes Credit Union met on Wednesday, March 10, in the Rectory Assembly Room of Immaculate Conception Parish on Talcott ave., to elect directors for the new business year and hear a report on the operation of their financial cooperative during 1981. This annual meeting marked the 42nd year of saving and lending for credit union members. After being located in Immaculate Conception Parish since its establishment in 1939, the credit union moved to 7600 Milwaukee ave. in Niles last May.

The past year has seen more than just a location change for Northwest Parishes Credit Union. The Board of Directors voted to raise the dividend to 6.25% on passbook savings. Also, services were expanded to in-

clude - for the first time - Christmas Club and Vacation Club accounts which pay 6% earnings; share draft accounts which give members a duplicate of every check they write and pay them 6.25% earnings; I.R.A.'s which earn one-half percent more than the monthly six-month, T-Bill average.

Marite Plume, President and Credit Union Manager, and the Board of Directors presented a summary of operations in a brief business meeting, which was followed by a social hour and refreshments. All members who attended were given door prizes as they signed in and their names were put in a drawing for a Topmaster Oven/Broiler. Long-time member, Ted Kersting, won the drawing at the end of the evening.

The credit union is supervised by the Illinois Department of Financial Institutions and is audited annually. Members' savings are insured by the National Credit Union Administration (an agency of the federal government) up to \$100,000 per account.

## Spring family outing with maple syrup and pancakes

One of the earliest signs of spring is the rising of sap in trees. When this occurs, it is time to prepare for the collecting and "boiling down" of the sap to make maple syrup and sugar.

This early spring activity is fully underway throughout the Midwest and the New England states.

In the Forest Preserve District, the first trees were tapped in late February and increased to maximum by mid-March; the boiling of sap has been going on for several weeks to make enough maple syrup for the festival to be held Sunday, March 28 and April 4 at the River Trail Nature Center in Northbrook.

This annual event is unique to the Chicagoland area and is open free to the public. For a nominal fee visitors will be served sour-

dough pancakes, with fresh maple syrup, coffee and juice. It provides an unusual Sunday morning breakfast out-of-doors.

At the River Trail Nature Center, there will be demonstrations by the "naturalists" on how the pioneers and Indians tapped maple trees to make the tasty syrup.

This is an invitation to enjoy the first spring family outing with an outdoor breakfast of pancakes and freshly made maple syrup. Children not only enjoy the food but are entertained by the demonstration of the process of making the syrup.

River Trail Nature Center is located on the west side of Milwaukee ave. (Rt. 21), 3/4 of a mile southeast of River rd. or U.S. 45.

## OCC African Adventure study tour

Emphasis in the African Adventure study course offered by Oakton Community College this summer will be on the economic development of the emerging nations of Kenya, the Ivory Coast, Senegal and Gambia.

The three-week travel study course will be held from June 7 through July 9, 1982. Final registration for the tour is April 15.

In addition to the study of the economies of the four countries, participants will also have the opportunity to observe the panoramas of African life, according to Nancy Lawler (pictured), associate professor of economics

and instructor of the course. "We also will meet with representatives of government, business, and educational institutions, the World Bank, and Peace Corps," she added.

The three courses offered through the travel study courses are Elements of Economics ECO 110, Mankind and Global Society SSC 210, and Independent Study 299. Students will earn six semester hours. Each student is required to choose two of the three courses offered for a maximum of six credit hours.

The tour will begin in the nation states of West Africa. From Abidjan, capital city of the Ivory

Coast, once a French colony, students will travel to tribal areas where culture and decorative arts reflect unusual customs. From the west the students will fly to Kenya in East Africa for a week-long safari to view wilderness life. In the final week, the class will return to Dakar, Senegal, and Banjul in Gambia for visits to villages and cities as well as historic and natural sites.

"Aside from studying contemporary African issues, there will be time for relaxation at swimming pools and beaches and an opportunity to enjoy some excellent food," Ms. Lawler said.

Cost for the entire trip is approximately \$2800, including tuition and fees, roundtrip airfare from Chicago, tours and seminars, most meals and hotels. A limited number of two week optional tours to Kenya and the Ivory Coast are available for \$2300, she pointed out.

At the time of registration a \$200 deposit is required. Final payment is due April 15.

Price does not include tuition, passport, visa fees, departure taxes, tips, personal items, shopping or food/beverages not on menu.

For further information, contact Ms. Lawler, 635-3910.

### Marillac hosts annual Spring Benefit

Keeping pace with educational companions and rising costs, Marillac High School will march to the familiar beat of Buddy Greco's drummer on Saturday, April 24, when the school will host its annual spring benefit. Plans for the upcoming fund raiser have been in the developmental stages for almost a year under the direction of Mr. William F. Garmlich, and a parents' committee chaired by Mr. James Cozby.

Highlights of the day's activities include a silent auction, which will run under the guidance of Mr. Stanley Shydrowski and Mr. Thomas Nelson; a raffle for a prize of \$5,000; and feature performers Buddy Greco (and his fourteen piece orchestra) and comedian, Corbett Monica. Mr. Norbert Klausens, overseer of fund raising, and Mr. Richard Cronin, director of advertising for the event, anticipate full capacity crowds for the biggest activity of the school year.

The public is welcome and encouraged to attend. For further information please contact Marillac High School at 446-9106.

## Guest Columnist

Continued from Page 3

hung our parkas and mukluks over the fireplace and jumped into tenderly caring for fruit trees, strange-looking plants we had never seen before and took up a lifestyle that was not only different-it was downright unbelievable.

In San Diego there were no "expecteds," no carved in concrete rules to live by. It was laid back, to put it mildly. We began wearing tees and cutoffs, open-toe sandals, sweatshirts and jeans. We learned to eat Pacific lobster in Puerto Nuevo, Baja; speak Spanish, forget the date and who cared what time it was. We learned to appreciate Dos Equis beer ("Tecate beer is good too), drink a Margarita like a native and how to say "have a good day." Everyone, in order to become a native Californian, must learn how to say "have a good day."

Nothing was labeled, categorized or like anything we had been used to. Our sons attended tuition-free colleges; one became a restaurant cook and manager—the other an undercover investigator. I can hear our ancestors' bones rattling now.

It was like enrolling in a remedial course in "How To Become Laid Back—A Free Spirit."

It has been 6 years since we moved to the "new frontier." We have made new friends, basked in the pleasure of introducing our old ones to the untheatrical joys of San Diego, explored places we previously had only read about and have become immersed in a new way of life. Sounds too good to be true, you're thinking, right? Right!

Recently the past began to come back and haunt us. The first felling blow was struck when the City of San Diego would heretofore, it was announced, be known as San Diego, the All-American City. I could have laid down and cried. It was only the beginning...The San Diego Tourists and Convention Bureau picked up on that label and took it one step further. We now, according to all the slick magazine ads, have an All-American football team (the Chargers, who, by the grace of the Chicago Bears, got into the AFL championship game and promptly froze to death losing to the Bengals); our city's premiere pastime of "Over The Line Tourneys" became the All-American fun game. When we have tail-gate parties in San Diego Jack Murphy stadium before a Padres or Chargers or Soccer (they're All-American indoor champs) game, we are indulging in another All-American activity. Need I go on.

Alas! The more things change, the more they remain the same.

However, the sun still shines bright, the Pacific Ocean is still as beautiful as ever; the Hummingbirds still consider our backyard their private preserve and one more thing. We're beginning to feel a bit more comfortable with doing our "laid-back" thing since it became All-American.

Oh yes. One more addition to the list. Last night's newspaper carried the announcement that our fabulous Balboa Park in San Diego is now one of "America's Finest—the ultimate All-American park."

**Niles Board...**

food stores and a hardware store are future potential customers, dependent on the creation of the theatre complex in the hub of the Center. He admitted not one new lease has been signed for future stores.

Estes said 849 parking spaces were provided for the new planned multi-plex theatre-shopping center and they would like it reduced to 812 parking spaces for a 20% variation. Estes said the 4.84 parking spaces per 1,000 square feet at the Center would likely have only 1.67 parking spaces filled during an average day. During a normal week he expected the theatres would have 40% of capacity occupied and 75% on weekends with peak occupancy on Sunday.

The zoning board also said 25-26 stores would be anchor tenants flanking the theatres. He believed this was the quickest way to rehabilitate the Center.

Mayor Blase said the 2 problems concern the parking variations and the traffic to the neighborhood. Attorney Pappas reminded the Board for all practical purposes, the Center was "land-locked".

Karen Schwartz, representing the Nordica Homeowners Association, disagreed with theatre plans and, along with a second resident, objected to the increased neighborhood burdens they said would be caused by the added people and traffic.

Park Director Bill Hughes was concerned the park alongside Lawrencewood would be a hangout for people using the theatres in the evening hours, and also objected to the potential litter caused by the increased traffic.

In answer to Tr. Marcheschi, 5 seats from the theatre would face the park on the south, 2 would be east and 5 entrances would also go through the area where the Goldblatt's store resided.

Marcheschi also asked about sprinklers for the new project. Presently, Niles and Lawrencewood are in court regarding the matter. Pappas said all present stores will have

sprinklers within 2 years and others within 3 years. Niles wants them within 2 years along with a performance bond.

Blase was then handed letters from alleged prospective theatre developers which Pappas and Estes contended were letters of intent. Blase, who raised his voice in exasperation of Pappas several times, said the letters were not letters of intent but merely were letters showing interest in such a project.

After zoning head Joe Salerno said Lawrencewood wants to decrease parking 30% below Niles' code, the village board unanimously opposed the requested zoning change upholding the Zoning Board which also previously voted against the plan.

In other action Tuesday night annual license fees were increased by the following: Ambulance service, up \$50 to \$100; Refrigeration Services, from no fee to \$70; Animal Hospitals and Shops, from \$55 to \$100, depending on the type of shop; Banks, Savings and Loans, \$100; Junk and Scrap Shops, \$150-\$250; Pawn Shops, \$100-\$300; Video Tape, No fee to \$50; Video and Disc distributors, No fee to \$175.

In still other actions, alarms going off in stores rose to 251 per month recently. It will cost storeowners \$20 per month when alarms go off 3-5 times, \$50 if they go off 6-9 times and \$100 if they go off 10 times or more. False fire alarms will cost the offenders \$200 for going off.

Trustees approved \$6 per hour for a 40 hour week for Policewoman Kim Kollath, a volunteer who was recently shot in the arm during a shooting at the YMCA while on duty. She is being compensated from the time she was on duty when she was shot, since she has been incapacitated since the incident. She will know Thursday about when the bullet will be removed and about further neurological work. The money award will be reduced by any weekly compensation or insurance she receives for the injury.
