## Deerfield man indicted in murder of Niles woman

Deerfield resident James Lauer, 33, charged with the March 31 murder of a Niles woman, will appear in court in Des Plaines on May 6. Lauer was indicted by a Cook County Grand Jury on Monday, April 12, for the murder of Veronica Kordek, 53, of 8457 Dempster St.

Lauer, arrested by Niles Police on April 9, reportedly confessed to having murdered Kordek. Kordek, a friend of Lauer's

father, was apparently disliked by Lauer.

Allegedly killing the woman in Niles on March 31, Lauer reportedly disposed of the body in Chicago. After a missing persons report was issued on April 6, Chicago Police, having found the remains on April 1, contacted the Niles Police who verified the remains as those of the Niles woman.

According to Niles Police Sgt.

Al Golbach, if found guilty, Lauer could face 20 to 40 years in jail. Additionally, a provision in the law states if the murder is exceptionally brutal, a judge could impose a life sentence on the convicted murderer.

However, though Kordek's remains were dismembered by Lauer, Golbach said he could not speculate as to whether a judge would consider imposing the life sentence on Lauer if he is found guilty.

## Homeowner's Exemption forms must be verified

Robert P. Hanrahan, Assessor of Niles Township would like to advise residents that verification of occupancy is required again this year in order to be eligible for the Homeowners Exemption in Cook County and throughout the State of Illinois.

The Homeowners Exemption can mean a savings of as much as \$300 in property taxes for owners of single family homes, con-

dominiums, cooperatives and apartment buildings of six units or less. This exemption protects homeowners by eliminating from taxation any increase up to \$3000 in equalized assessed valuation since 1977.

If you do not receive a Homeowners Verification Card in the mail by the first week in May, you can contact the Niles Township Assessor's Office.

## 26 drunk drivers arrested since January 1

### Drunk driver charged with 2 hit-run accidents

Four drivers were arrested in Niles for drunk driving this week bringing to 26 the number of drunk driving arrests since January 1. Additionally, 3 auto accidents in Niles this past week were attributed to drunk drivers. This increases the number of accidents to twelve caused by drunk drivers this year.

In an incident on Friday, April 16, a 39-year-old Chicago man was arrested for drunk driving and leaving the scene of two accidents he caused in Niles. Police were notified the Chicago resident had struck a moving auto while driving south on Milwaukee Ave. at Main St. and then fled from the accident scene. The driver of the struck auto, an 18-year-old Chicago resident, gave the Niles Police a description of the auto.

While police were searching the area, they came upon the auto as the driver was attempting to drive out of the parking lot of Foremost Liquors, 8009 Milwaukee Ave. Ordering the Chicago man from his car, police noted he was slurring his language and confused.

Niles Police received word of a similar hit and run accident at Dempster St. and Greenwood Ave. two hours earlier in which a driver had also fled the scene.

At the Niles Police Department, the Chicago man was charged with driving under the influence of alcohol, failure to reduce speed to avoid an accident and failure to give aid or information following an auto accident.

After being processed, he was

assigned an April 19 court date and released on \$250 bond.

In a second incident involving an accident caused by a drunk driver, police arrested a 29-year-old Des Plaines man on Wednesday, April 14.

Police report being notified of an accident on Golf Rd. and Milwaukee Ave. A car driven by a Niles resident was stopped for a red light on Golf Rd. when the Des Plaines car slammed into the rear of the Niles auto. Arriving on the scene, police detected a strong odor of alcohol on the Des Plaines driver.

## Pending State law would allow serving liquor in parks

# 'Spirits' at Park District facilities?

by Bob Besser

A bill pending in Springfield would allow local park districts, including the Niles Park District, to serve liquor at park facilities, according to Niles Park District Commissioner Mary Marusek.

In explaining the bill during the Tuesday night's Niles Park District meeting, Marusek said the bill lost by only one vote in the Illinois Senate last year, but won widespread support in the House passing 139 to 21.

If the bill is successfully passed this year, it would "give more options" to the Niles Park District as well as provide the possibility

of increasing revenues in the park district, said Marusek.

Among the benefits of such a change in the law, private parties renting park district facilities would be allowed to serve alcohol.

The Illinois Legislature has previously allowed the Chicago Park District to sell liquor at Park facilities including Soldiers Field.

Marusek did not indicate when the bill will come up for final action this year.

## Culver Girl Cagers conference champs

The Culver Girls A squad basketball team finished its 1982 season as conference champs with a perfect record of 8-0. This is the second year in a row that the Culver Bulldogs have emerged as conference champs with a perfect record. The season started with an easy win over Golf School 41-8. Golf was limited to only one basket per quarter. The team then posted wins over East Prairie and Lincoln Hall. The team had to come from behind to beat a tough Lincoln, but they scored their highest score against Fairview, 80-16. The team then went on to beat Parkview and Oakview with scores of 34-28 and 22-14 respectively. The highlight of the season came during the last game when Culver met Old Orchard. Both teams were previously unbeaten. The Bulldogs again had to come from behind, 10-17, at halftime. Clutch free throw shooting in the fourth period assured the title for the Culver squad with a close score of 34-31. Outstanding players were Linda Steiner, Sharon Zeitler and Captain Irene Basilio. Linda Steiner was high scorer, with a total of 39 field goals. She hit 17 out of 28 free throws for a high percentage of 61%. Linda also led in rebounds and steals with 61 rebounds and 24 steals. Sharon Zeitler helped the Bulldogs with 61 rebounds and by shooting 14 out of 47 field goals for 30%. Captain Irene Basilio added 25 steals and shot 22 out of 65 field goals for 34%. The remaining depth came from forward-center Kim Sobczak, forwards Captain Kathy Kunow, Tracy Kreher, Kim Partridge, Sheryl Shimanovsky and guards Becki Schanz and Lisa Falleroni.

## Niles Township Olympic Committee

The week of April 23 through April 30 has officially been declared Niles Township Olympic Committee (NTOC) week. The purpose will be to raise funds for local Olympic quality athletes, who would otherwise not be reimbursed for the staggering costs of training, equipment, and traveling. The Mayors of each community where the athletes are sponsored by the NTOC expressed their unanimous support. Signing the official proclamation were Mayors Nicholas Blase of Niles, Richard Flickinger of Morton Grove, John Porcelli of Lincolnwood, and Al Smith of Skokie and also NTOC President Earl Numrich, Senior Vice President of the Bank of Lincolnwood Carl Guibz, and NTOC Vice President Steve Dale Szarvas. Two-time Olympic gymnast Bart Conner, a Niles West graduate and former Morton Grove resident, is now living in Norman, Okla. Conner said that the community and financial help early in his career was actually a necessity for him. "Thanks to the NTOC the critical years of my gymnastics were very well supported." The NTOC began seven years ago, hoping to somehow help local athletes. Community response paved the way for Conner, and also Tim Glass of Niles, who was also an Olympic Team member. The NTOC is currently supporting national cycling team member Peter Kron of Morton Grove. Younger brother Robert, who just returned from training in Germany is also an Olympic prospect. ## Homeowner's Exemption Applications available

Cook County Assessor Thomas C. Hynes today announced that his office is mailing applications for the 1981 Homeowner's Exemption to nearly one million Cook County homeowners.

The Homeowner's Exemption provides an annual property tax savings of up to \$300 to qualified homeowners.

Last year the exemption saved 910,000 Cook County homeowners a total of \$175 million.

Before granting the exemption, the Assessor's Office by law must have proof that the homeowner applying for it qualifies. An eligible property is a single-family home, co-op, condominium or apartment building of six units or less which was occupied by its current or previous owner as of January 1, 1981.

Senior citizens already qualified to receive the 1981 Senior Homestead Exemption will automatically receive the 1981 Homeowner's Exemption. Therefore, they will not receive the application and will not have to apply for it.

The Homeowner's Exemption, sponsored by Hynes in 1978 while serving as Illinois Senate President, is a protection against inflation.

Any residential property owner who does not receive the application by April 26 should contact the Assessor's Office for a duplicate form. Applications can be obtained on the 3rd floor of the County Building (118 N. Clark, Chicago 60602, 443-7500) or at local Township Assessor's offices in the suburbs.

### SENIOR CHORE PROGRAM

Beginning on May 1 the Morton Grove Senior Chore Program will begin its third year of serving the basic maintenance needs of senior citizens around their homes.

Any Morton Grove senior citizen who cannot afford or cannot execute for themselves such chores as lawn cutting, yard maintenance, and basic housekeeping, can receive help from the Village.

We have a staff of young and energetic workers who will assist you in these chores. For more information, or to call for an appointment after May 1, phone 965-4100 and ask for the Chore Program coordinator, Bud Swanson.

Although the program is free, in order to provide chore service to as many residents as possible, we ask participants to consider making a contribution to the fund which pays the choreworkers. A contribution of \$2 per hour for each hour of work performed is suggested.

### UNDERSTANDING HEART DISEASE

In the United States it is estimated that close to 550,000 people die each year from coronary heart disease. This disease is caused by an accumulation of fatty deposits and thickening or narrowing of the inner walls of the arteries that carry blood to the heart. The effect is similar to that of a water pipe clogged by deposits. A number of factors are linked to risks of developing coronary heart disease. Some of them, like aging, being male, or having a family history of heart disease, are unavoidable. However, other risk factors such as weight, blood pressure, cholesterol level, and smoking can be changed to reduce the likelihood of developing heart disease.

### MEN'S HEALTH ISSUES

The North American Martyrs Knights of Columbus council 4338 in Niles are holding their annual CYO youth fund drive for the underprivileged children. Chairman Paul Dahlgren and Stuart Honiss of Niles and Grand Knight Edward Coudek of Wheeling urge all members and their friends for their cooperation and support in making this another banner year.

Funds go to the Catholic Youth Organization to be distributed toward youth activities, teen clubs, baseball (coed) physical fitness, track and field and many other activities, also toward a drug abuse program. We can all help curb drug abuse and

juvenile delinquency by encouraging our youngsters to keep busy, as idle hands and idle minds have a way of getting into trouble. If for no reason other than escaping from sheer boredom, youngsters can utilize sports and hobbies as a safety-valve for youthful energies.

The CYO program has also been successful in helping many juvenile delinquent children with volunteer workers and social workers.

All this depends on the success of our drive. We are depending on you. Fund drive ends Friday, May 21. Give not until it hurts, but until it feels good.

## Niles Baseball League

### Pony AAA Division

Everyone is thinking and talking baseball and there is excitement in the air! Pony AAA tryouts are going to be held on Sunday, April 25, at 1:00 p.m. on fields at Grenman Heights. We are hoping for sunshine, but just in case it rains, tryouts will be held the same day only in St. John Brebeuf's gym at 3:00 p.m.

We have a total of 72 registrants in the Pony AAA Division this year. There will be 6 teams with 12 boys on each team. As of this writing, we have four managers. They are, Mike Singer, Don Ginocchio, Marv Gitler, and Len Minelli. We must have two more! Being a manager takes time and patience, but the rewards are great. No one working in the league is paid a salary, but some of the rewards are having your son or brother thank you for

giving you your free time to be with him and his teammates, seeing a boy who couldn't hit the ball get his first hit, watching the boys smile and cheer when someone on their team makes a nice play, knowing you were an example of good sportsmanship and knowledge, or something as simple as a boy meeting you and greeting you by name. We need two more men willing to make this commitment to their family and their community. You may call me, Stan Breitzman, at 698-2484.

I would like to thank Mr. John Imber, League Commissioner, for promptly giving me the information I needed about the Pony AAA registrants and for always taking the time to answer my questions thoroughly. Thanks John, you are doing a super job!

Enroute to the championship, Warwick defeated a game Niles Rangers team, 5-1, lost to Toledo, Ohio, 4-1, and then came back to beat Brooklyn, Ohio, in the second round, 4-2, and trounced St. Jude (Ill.) for the title, 5-2. Brooks Rice of Warwick scored three goals in the championship game.

Members of the winning Warwick, Rhode Island kids hockey team surround sports celebrities Stan Mikita, (back, l.) and Reggie Fleming (seated) both ex-hockey stars, two Luvabulls (Chicago Bulls cheerleaders), and Chicago Honey Bear Robyn Gibler. The event was the First Annual Sports Celebrity Benefit given in honor of injured Notre Dame High School hockey star Mike Schwass. More than 300 attended the affair recently held at the Skokie Hilton. The Warwick squad was victorious in the Squirt Superbowl Championship held in Niles, March 20-21.

The tournament culminated a special sports benefit weekend for an injured hockey players foundation. This year's recipient was former Notre Dame High School, Niles, hockey player Mike Schwass, who was paralyzed as the result of an injury sustained during a high school hockey game. Through intensive rehabilitation efforts he has regained partial use of his arms.

## Off the NILES POLICE BLOTTER

### Vandal arrested

A 22-year-old Niles resident was arrested on Saturday, April 17 after being observed damaging two Niles cars. Police were notified the Niles man was in the process of damaging the two vehicles in the 6500 block of Ebinger Dr. by a resident of the street. Arriving at the scene, police found two autos with broken windows as well as smashed dash boards. A resident of the street gave police a description of the vandal. After passing the description of the vandal to other units, Niles Police apprehended the man in the 7100 block of Franks Ave. The offender was charged with one count of felony criminal damage and assigned an April court date.

### Van break in

A Niles resident reported losing over \$500 when his van was broken into during the night of Monday, April 12. The van, parked in the 8200 block of Ozark St. had stolen from it two speakers valued at \$150, one sound equalizer costing \$132, a spare tire said to be worth \$75 and four hub caps worth \$300.

### Unsuccessful Thieves arrested

Two Chicago men were arrested following an unsuccessful attempt to steal money from a Niles store on Thursday, April 15. Store officials reported two men entered Beckley-Cardy, 8265 Golf Rd., while only one store employee was working. As one of the men asked the employee for assistance in the back of the store, the second man stayed in the front. While in the back of the store the employee saw the man in the front attempt to open the register. However, as the register was locked, he was unsuccessful. After the two men left, the employee contacted the Niles Police who then notified surrounding police departments. The Chicago men were stopped by the Glenview Police and turned to Niles Police. After being identified by the employee, the offenders, aged 34 and 41, were charged with attempted theft. They are assigned a May court date and released on \$100 bond each.

### Office burglarized

Burglars stole over \$8,000 in money and equipment from a local office during the night of Monday, April 12. According to police, the burglars gained access to Precision Interviewing, 261 Lawrencewood, by climbing through a skylight. Once inside, the burglars took four video tape recorders valued at \$8,000, two tape recorders costing \$550 and \$100 cash.

### Re-examine disability cases

People who receive Social Security or Supplemental Security Income (SSI) payments because they are disabled can expect to have their claim reviewed at least once every 3 years unless they have a severe condition considered permanent, Marilyn Robertson, Manager of the Des Plaines Social Security office, said recently.

Recent studies have shown that some people on the disability rolls no longer meet all requirements for benefits. Social Security, as required by law, began a large-scale effort to make sure that only eligible individuals continue to receive disability checks. In addition, this effort is in line with the goal to improve administration of the disability program.

In part, the new law recognizes the many advances that have been made in medical science and rehabilitation techniques over the past 25 years that Social Security has paid disability checks, Robertson said.

People who had little hope for recovery from an accident or illness then have a better chance today of returning to gainful work.

As part of this review, people may be asked to have a medical examination. If this is done, there will be no cost to the person.

If a person's benefits are stopped as a result of this review, he or she can ask that the decision be reconsidered. A person will receive written notice of the decision and appeal rights.

More information about the review of disability claims can be obtained by calling the special teleservice number, 823-0815.

### Camper safety tips

With Spring finally upon us, accidents involving campers, house trailers, boats, and utility trailers towed by cars will begin to become more frequent.

Before you bring that towed vehicle onto Illinois roadways be sure it is roadworthy and safe to operate.

Daylight Savings Time returns at 2 a.m. Sunday, April 25, so remember to turn your clocks ahead one hour before going to bed Saturday night.

If you hit the road very early in the day, you may find unexpected darkness and fog or haze may linger, reducing visibility.

Be especially alert for joggers, pedestrians or cyclists who may not realize that drivers are adjusting to different visibility conditions.

In the late afternoon you likely will find a brighter sun than before the time change. Many drivers can be temporarily blinded by the sun's reflection off the windshield, hood or glass in nearby cars or buildings. Keep your sunglasses handy.

More children will be on the streets, of course, and AAA-CMC reminds you to be extra careful, especially in residential areas.

If a baseball or frisbee flies into the street, a child won't be too far behind, so exercise caution.

### Summer driving tips

Daylight Savings Time, longer daylight hours, sunnier weather—all signs that spring is here. But AAA-Chicago Motor Club says, these signs also call for a change in driving habit.

### State Police Task Force seek overweight trucks

Trucks beware - Smokey's looking for you!

The Illinois State Police uses special Task Force units. The primary responsibility of the unit is truck inspection and weighing. "Overweight trucks have two negative results," explains Sergeant Einar Erickson, commander of the State Police Task Force in Chicago. "They tear up roads and endanger the lives of motorists."

When a Trooper spots an overweight truck, it is his job to get that truck off the road and keep it off until the driver can make it legal. This usually means removing part of the load and transporting it onto another unit dispatched by the company as well as paying heavy fines.

An example of the volume of work produced by the members of the Task Force is explained by Sergeant Erickson. "For the month of December, 1981, we weighed 175 trucks of which 91 were found to be overweight. The highest gross weight was 92,200 pounds. The maximum legal limit in Illinois is 73,200 pounds. That's 18,920 pounds over! The total bond monies collected were \$48,214.00."

The District #3 Task Force (Chicago) has trained many municipal police officers in truck weight enforcement. This includes the Chicago Police Department's officers in truck weight details.

The Task Force is also proud to include two Hazardous Materials Officers, a Riot Response Team and two speed monitoring cars as part of the unit.

### Illinois traffic fatalities in March

March traffic fatalities on Illinois highways totaled 108 as a result of 100 accidents according to provisional statistics released by the Illinois Department of Transportation and the Illinois State Police.

This is an increase of 8 percent from the 100 provisional fatality total for March 1981 and a decrease of 5.3 percent from the

March 1980 provisional fatality total of 114.

In all March 1982 accidents there were 27 pedestrians killed in 27 accidents, one bicyclist killed in one accident, two persons killed in two railroad crossing accidents and one person killed in one accident involving motorcycles.

Shelley Giovannelli took only two shots and made them both for her four points. Karen Beettink scored three points. Jennifer Stevens pulled down six rebounds. Linda Strauss and Kris Gotshall played an excellent defensive game.

The team's school teachers (Mrs. Barry, Mrs. Coleman and Mrs. Orloff) attended the game. The black unit won the mini game 7 to 0 to run their record to 10-17-1.

SJB marched into the Queen of All Saints gym to play for first place in the Northwest Catholic Conference. SJB entered the game with a 9 and 0 record and QAS was in second place with a 10 and 1 mark. SJB won the showdown match 40 to 19.

Cathy Bratek was awarded "Star of the Game" honors on the strength of her nine points and her fine defensive efforts, including four steals. Krista Eshoo scored thirteen points. Kathy Lake provided nine points and was the game's leading rebounder with eight. Kathy had five steals and she had a career high two blocked shots.

Other scorers were Eileen McAuley with six points; Janet Rzeplela scored a basket and Linda Strauss added one point. Karen Beettink and Kris Gotshall failed to score but played a fine floor game. Coach Ed Eshoo stated, "Both those gals passed the ball perfectly to our front liners. The best I've ever seen them do it. Kris recently scored 24 points in the school's intramural league".

Jennifer Stevens played good defense although hampered by a sprained finger. Shelley "GO" Giovannelli looked good at the high post with her three rebounds and two steals.

### SJB Alumna in Free-Throw competition

In the electrifying atmosphere of suspense and tension, boys and girls from around the State, (11 through 14), all Regional Winners, gathered at St. Theresa's-Decatur, IL on Saturday, March 27, to compete in the Knights of Columbus Free-Throw State Championship.

Eva Wroblewski, Niles Resident, 1981 St. John Brebeuf alumna and freshman at Regina Dominican High School, was among the contenders in the 14-year old group. Arriving late at the meet, she went into the competition with no practice or feel of the basket.

Competition was tough! Each had five alternate turns with 5 shots in a row. Her first three turns, gave Eva only 9 points. Making 5 out of 5 in the 4th and 5th turns brought her to 19 points (1 point behind the winner) and a 3-way tie for second place.

Making 5 out of 5 in the first shoot-out, led Eva into a 2-way tie which at the third attempt placed

her in spot No. 2 for the State Championship.

Eva, a member of the Regina Freshman and Jr. Varsity Basketball Team (1982 G.C.A.C. Champions) loves sports and was especially proud to win her latest trophy for the SJB North American Martyrs Council.

# LETTERS TO EDITOR

## Niles Township GOP should be unified

Dear Editor:

The king is dead-long live the king. This is what the members of the Niles Township Regular Republican Organization should be saying. A new committeeman has been selected.

As precinct captains in the organization we have supported the former committeeman, Bill Kearney, for the past 4 years. He has been a good friend, a hard worker and a respected leader. He was instrumental in each of the undersigned winning the unanimous endorsement as the candidate for their respective offices at the Republican County Convention last October. For this we owe him a special debt of gratitude. However, the Republican Party is not one man but rather a philosophy, based on good responsible government, sensitive to all the peoples needs and well being; it is a philosophy of honest government concerned with people first and not party first, and it is this philosophy and

not any one man which deserves the loyalty of all the Republicans.

Pat Handzel is now the new elected leader of the Niles Township Republican Party. She convinced the majority of Niles Township Republicans she is the person who has the new ideas and the special leadership qualities to make this Republican philosophy grow. She is now the legal leader and the symbol of the Party and as such deserves the loyalty and support of all Republicans. She has our support and we strongly believe she should have everyone's, even though they may have supported Les Brownstein or Bill Kearney in the March election.

Mannie H. Tucker (Precinct 77) Candidate for Metropolitan Sanitary District (Precinct 100) Patrick G. Patt (Precinct 100) Candidate for Regional Superintendent of Cook County Schools John M. Tomlin (Precinct 134) Candidate for County Clerk

## Niles West's Korey and Lee are top Jets

As of March 18, Niles West junior Michael Korey and senior Karen Lee are the top two JETS in the state in the mathematics portion of the competition sponsored by the Junior Engineering Technical Society (JETS). Korey captured the number one spot and Lee was the runner up on the basis of the mathematical skills each displayed during the state tournament held recently at the University of Illinois. They were among approximately 5,000 students from 400 schools in the state who entered the first round of the JETS competition earlier this month. The two tied for first place in the district and regional levels, writing perfect mathematics papers for each exam, which also includes subtests in English, chemistry, physics, biology and graphics. In the process, Korey and Lee also recorded the highest scores in the state individually at the regional level. It is this achievement which allowed them to advance to the state finals. The scores they earned will now be measured against those earned by the top two students in the 17 other states in the country which conduct JETS competition.

Other members of the Niles West JETS teams who earned excellent scores in the regional competition are Jim Krözel, second in graphics and Julia Bienias, third in the same category; Marina Maniatis, third in biology; and Scott Koglund and Korey, both third in chemistry.

As a team, the Niles West JETS, sponsored by Dennis Hoepner, won the district tournament, and placed second in the regionals to the five-time state

## Kustra co-sponsors bill against ethnic intimidation

State Representative Bob Kustra joined with Majority Leader of the Illinois House, Representative Arthur Telser, in introducing a bill requiring new criminal sanctions against intimidation of ethnic groups and vandalism to institutional property motivated by ethnic, racial, or religious hatred. The legislation was proposed by Illinois Attorney General Ty Fahner and the Anti-Defamation League of B'nai B'rith.

Kustra praised Fahner and the ADL for their leadership role. "Nothing is more offensive to our assurance of constitutional rights than the actions of some individuals who terrorize others through hatred and intimidation," Kustra said. "We cannot legislate away discrimination or sociopathic behavior. But, we can make sure that those who spread discrimination through fear and destruction are properly punished."

Under the proposal, ethnic intimidation is committed when, "by reason of the race, color, religion, or national origin of another individual or group, a person commits assault, criminal trespass to land or mob action..."

The offense would be a Class A misdemeanor, punishable by up to one year in prison and a \$1,000 fine. Independent of any criminal prosecution, a victim of ethnic intimidation may bring a civil action for damages, injunction or other appropriate relief.

A person would commit institutional vandalism when "by

## Candidate Black cites his obligation to the public

Louis Black, Democratic candidate for State Senator for the 28th Legislative district, has a reputation as a Government official who "scrupulously remembers that his first duty is to the people he represents."

Niles Township Clerk for nine years, Black has been applauded in the local press as a "watchdog for the people" because of the significant role he played in the mid-70's to make the Niles Township Administration the fiscally responsible and efficient Government unit it is today.

As a result Black is now considered something of an expert on Township Government and has worked with Township officials from all over the State who are concerned that something is amiss in their operations. He is a former Director of the Township Officials of Cook County and chairman of the Legislation Clerks' Association of Cook County.

Louis Black has lived in Skokie for twenty-four years. He performed a leadership role in civic and political affairs from the outset. He was introduced to the need for representation by the people in Government through

his work as President of the Timber Ridge Home Owner's Association and later as the President of the Skokie Home Owners' Council.

He is a member of the Niles Township Democratic Party and the local Skokie Caucus Party. He was elected Clerk of Niles Township in 1973 and re-elected in 1977 and 1981. He was Campaign Manager for State Senator Howard W. Carroll in 1977.

Black was born on March 28, 1924 in Chicago, Illinois. He received a Bachelor of Arts degree from Albion College, Albion, Michigan and went on to become a high school teacher and principal. He is currently President of King of Fun Public Relations firm and Director of Sales of Lash-Warner & Associates.

Black has long been prominent in civic affairs in Niles Township. He was Skokie Citizen of the Year in 1971, served as a Manager of Skokie Indians Little League Baseball teams, a Director of the Skokie Pop Warner Raiders Football Association, and as a Delegate to School Districts 65 and 202 Caucus.

He is a member of the Jewish War Veterans, Skokie Post, the Deborahs Boys' Club Alumni, Albion College Alumni Club, and the Alpha Tau Omega Alumni Association.

He received a Public Service Award from Cook County Clerk Stanley T. Kusper, Jr. in 1980.

Louis Black and his wife, Mildred (Mickey), live at 3841 Sugar Loaf Lane in Skokie. The Blacks have two children.

## Baxter Realty reduces fees to home sellers

Do you have a problem with regard to selling your home? Are you hesitating to put your home on the market because you feel it would be futile in today's economy? Real Estate Brokers have a problem too! Our problem is the exact opposite of what it should be. We have prospective buyers in our files, but because the people who have homes are not selling them due to the present interest rates, these buyers remain in apartments or homes that do not meet their current needs.

So...Baxter Realty Group is offering, for a limited time, to help in the best way they know how. They are reducing their fees to home sellers who have priced their property at market value financing. They feel that if a homeowner is charged less, he is able to contribute to the effort to

sell his property; namely, by helping the buyer reduce his monthly payments.

Special Financing is being used in 60-70% of all real estate transactions. The people who sell their homes quickly and at the best price, are the owners who offer payment helpful to the purchaser. When price and terms are accurate, the seller is able to move into his new home quickly and easily. The people retiring to other communities and climates do not have to postpone their golden years because of some freak economic condition. The buyer achieves a payment he can be comfortable with.

It works! If you, or any of your friends, would like help in deciding if this is something you can use, you may call the Baxter Realty Group at 692-2651 or 693-2777.

## Jaffe calling for nuclear arms freeze

State Representative Aaron Jaffe (D-Skokie) today introduced a resolution calling for an immediate nuclear arms freeze and an eventual dismantling of the world's nuclear arms arsenal.

"If we don't do something soon to stop this insane nuclear arms race, we are risking a holocaust that will be humanity's final war," Jaffe said.

"We must send a message to President Reagan that we do not accept his proposal to continue building nuclear weapons until we reach parity with Russia and then, only then, call for a freeze."

"If we continue to build more nuclear weapons, so will Russia. Sooner or later one of those weapons will be used and set off a chain reaction that will literally be the end of our world."

Jaffe's resolution says, "the

greatest challenge facing the earth is to prevent the occurrence of nuclear war by accident or design."

The resolution calls for a complete halt to the nuclear arms race, a mutually verified freeze on the testing, production and further development of nuclear warheads, missiles and other delivery systems and a cessation of new weapons deployment that would make a freeze difficult to achieve.

In addition, the resolution calls for a reduction in nuclear arms by the United States and Russia in equal annual percentages or any other method agreeable to the two superpowers. Finally, the resolution calls for efforts by all nuclear nations to achieve a complete dismantling of the world's nuclear arsenal.

**DON'T WAIT — IT MAY COST YOU MONEY**

**DESCRIPTION**

These spark ignition gas furnaces are designed for reliable efficient and quiet operation, as well as easy installation and application versatility. Upflow, counterflow and horizontal models are available. All are A. G. A. design certified for natural gas. Upflow models are also C. G. A. approved.

A spark-to-pilot ignition system replaces the conventional standing pilot. Thermocouple and safety shut-off unit. The pilot is ignited directly by a high voltage spark. A redundant type gas valve is supplied for main burner control and is used on all models. The system is controlled from a low voltage thermostat and incorporates a flame sensor that safeguards against loss of pilot flame for any reason.

The entire line is equipped for air conditioning. Blowers and drives have been sized to easily handle the listed cooling capacities.

High grade carbon steel heat exchangers are used in all furnaces. Steel burners are specially protected to resist corrosion and provide quiet, efficient operation. The flame is readily visible to simplify quality adjustment.

The cabinets have foil faced fiberglass insulation to reduce jacket loss to a minimum and further provide quiet, economical operation.

## Niles West students are cast in "Spin-Off"

Director James Batts has cast Niles West High School seniors Rob Neumann, Mike Sladek and Debbie Rich and juniors Michael Albert, Kari Cohen and Michelle Gorchow in roles for "Spin-Off," the school's spring play being presented April 29, 30 and May 1. "Spin-Off" by Jack Sharkey, is a detective story about a bank robbery with morality sub-themes about friendships, honesty and self-deception. "It is a farce with a moral ending," Batts says.

Of the young people comprising the small cast, Albert and Rich bring the most acting experience to this production, with past roles in both musicals and dramas to their credit. Most recently, both appeared in the school musical "Grease" which played to capacity houses for its entire run. Albert earlier this year portrayed the cowardly lion in the school's "The Wizard of Oz," while last spring Batts directed Rich as Amanda in the Niles West production of "The Glass Menagerie."

Cohen and Gorchow, both active members of the school dance troupe, exhibited their talents along this line in, respectively, the fall student variety show and in "Grease." Sladek and Newman made their stage debut in the recent musical and will undertake dramatic roles for the first time as members of this cast.

The play's technical staff includes Niles West sophomore Ellen Havdala as the assistant director, and school staff members Cynthia Philbin as technical director and Robert Johnson as the costumer.

"Spin-Off" will be staged in the Niles West High School theatre, Oakton st. at Edens Expressway in Skokie, at 8:15 p.m. Thursday through Saturday, April 29, 30 and May 1. Admission is \$3.50 for adults and \$3 for children and senior citizens. Call 966-3800, ext. 1148, for more information.

## Marillac benefit scheduled for Saturday

Benefit '82, Marillac High School's (Northfield) major fundraising event, is scheduled for Saturday, April 24, in the Marillac theatre and student center. Mr. James Wozny of Northbrook chaired the committee which planned this event in cooperation with Mr. William Gramlich also of Northbrook, president of the Marillac Family Association. Headliners for the evening's entertainment will be singer Buddy Greco and comedian, Corbett Monica.

According to Sr. Felicia Mazola, principal of the high school, this activity serves to supplement tuition funds in order to meet high operating costs involved in providing quality Catholic education for area students.

In addition to the big name stars, Greco and Monica, Marillac's Performing Arts Department will be providing song and dance entertainment. Other highlights of the event include a silent auction and \$5,000 raffle.

Anyone interested in tickets or further information should contact Marillac High School, 315 Waukegan rd., Northfield, telephone: 446-9106.

The Shakespeare Festival of Chicago will perform at the Niles Public Library, 6960 W. Oakton, Niles on Thursday, April 29 at 7:30. Four actors will present a delightful mixture of the comic, tragic, and romantic Shakespeare including scenes from Romeo and Juliet, The Taming of the Shrew, Julius Caesar, and Henry IV Part 1. Admission is free.

The Shakespeare Festival of Chicago was founded in Cincinnati in 1978. Reviews of its performances there were excellent as exemplified by Barbara Freedman writing in a 1980 issue of Shakespeare Quarterly. (Director Rod Ceballos...has the drive and talent to bring out the best in a company... (His) key quality is a passion for direct, honest communication which...benefits both audiences and actors...new to Shakespeare's language." Ms. Freedman described the company's talent as being "immediately evident. First rate performances...were delivered by a number of cast members." She concluded that the Festival was a "young troupe with extraordinary promise...it may be looked to for noteworthy Shakespearean productions in years to come."

Niles audiences might have seen the group's performances of Charles Dickens' A Christmas Carol which were given a year ago in the Chicago Public Library Cultural Center and in 43 of its branches. If not they will be in for a treat when they come to the Library next Thursday evening.

## Local student attends "Leadership Day"

Jack Lorenz from Niles West High School met recently with Cook County State's Attorney Richard M. Daley and other top prosecutors for an inside look at the criminal justice system during a "Leadership Day" at the West Side Criminal Courts Building.

Approximately 150 students from about 100 high schools throughout the county listened and participated in discussions on crime problems like street gangs, narcotics, official misconduct and on the importance of neighborhood involvement in preventing crime.

"Leadership Day" was held to honor the "good kids" throughout Cook County. The State's Attorney's Office's Advisory Council, a countywide group of private citizens who advises the office, had observed that it was always the bad kids who got publicity and asked Daley to give recognition to the "good kids."

All of the students attending "Leadership Day" are members of their high school student councils. After the formal presentation, the students had an opportunity to talk informally with Daley and the other prosecutors.

Information About Electricity From Experts  
**FINDING FUEL**  
Producing electricity without burning fuel may soon be possible, thanks to research efforts going on today.  
We may soon be able to run power plants on batteries.  
The energy would come from a fuel cell, which works like a storage battery, producing electricity from a chemical reaction. Fuel cells are efficient and non-polluting and cost less than coal to use.  
Unfortunately, present fuel cells are small. As many as 400 would be needed to produce only 50 kilowatts. Experts at Edison Electric Institute, the association of America's investor-owned electric utility companies, predict, however, that commercialized fuel cell-powered generators will be in use in the near future.

### Niles Township...

the retarded; sheltered workshop programs; and senior citizens and youth organizations.

This year, he said, the town established a legal assistance program for the elderly "that is proving to make life more comfortable and less confusing for our seniors."

He noted that the town employs young people to go into the parks in the summer and defuse problems. He said that the town is expanding its youth service program to assist young people who have their first problem with the police.

He added that Niles Township is in the process of subsidizing a day care program that will go into existence in September. "This program," he said, "should attract younger families to this area as it will help meet the demand for good and affordable day care."

The supervisor said that the town also made annual grants to all the libraries in the township. "In all, we have funded more than 30 separate agencies," he commented.

At the meeting, McElligott presented a financial statement for the fiscal year ending May 31 showing the town to be in a healthy financial condition.

McElligott said that revenues for 1982-83 are projected to be about \$1.9 million. With a budget of approximately \$1.8 million, he said, there will not be a significant balance.

He said that even with the small balance the town may still be able to reduce taxes even further. He assured all, "even with

a lower tax base, we will be able to keep our programs."

The supervisor said the town is currently formulating the 1982-83 budget. It will be completed by the end of June.

Niles Township includes the villages of Lincolnwood, Skokie, and Golf, and parts of Glenview, Morton Grove, and Niles.

Two contracts were awarded at the April 19 park board meeting. Boles was the low bidder for the replacement of an oil tank. That item will cost the park district \$2,650 plus \$195 for rust coating.

### Niles Parks...

Cont'd from Niles-E.Maine P.1  
Park Board unanimously approved the renewal of the Park Ranger Patrol program successfully run last year. The Protection Group, Ltd. from Niles will again provide security for the parks with men patrolling park facilities.

While the agreement with the security company runs from May 1 through October 31, the majority of the patrolling will take place from early June through early September, according to Commissioner Walt Beusse. At the height of the summer months, security men will patrol the park facilities up to 77 man-hours weekly.

The total cost of the program, said Beusse, is \$11,500.

A \$3,000 donation by the North American Martyrs Knights of Columbus was presented to the Niles Park District Tuesday night. The money will be used to purchase park equipment for handicapped residents. Park District Director Bill Hughes said he expects the equipment, which will be installed at the Niles Park District Recreation Center, 7877 Milwaukee Ave., to be ready for the summer.

An additional donation made by the Knights of Columbus will be used to send two handicapped area children to a special summer camp.

The Niles Park Board approved in principle a contract allowing two Niles businesses to rent parking spaces at the Tam Golf Course during winter months when the parking lot is not being used.

The request for space, by Commerce Clearing House, Inc. and CCH Computer, Inc. allows for the companies to lease 50 parking spaces during January, February and March. The total cost of the rental would be \$1,250 per month.

Commissioner Elaine Heinen announced the 1982-83 budget will be available for public inspection throughout May at the Park District Administrative Office, 7877 Milwaukee Ave. Additionally, public budget hearings will be held on Tuesday, June 1. The Niles Park District Board plans on holding a meeting to adopt the budget on June 15.

Commissioner Walt Beusse said the park district is considering using sand to level off its baseball diamonds before the start of the baseball season. Beusse said this would not only improve the diamonds but also help water drainage on the ball fields.

Commissioner Marusek announced board members and park employees recently visited the Rockford Park District to witness the Public Service Work Program they have pioneered. The program, if adopted by the Niles Park District, would allow judges to sentence local vandals to do improvement work throughout park district facilities. According to Marusek, each juvenile assigned to the program would have to be carefully monitored by a volunteer from the community.

Director Bill Hughes asked the board to approve a program allowing the Niles Park District the counseling services offered by the Niles Family Services. The Niles Park District, however, would have to pay for these services. But the park district would not pay for private counseling services other than those offered by the Niles Family Services. The Park Board unanimously approved the participation in the program.
