

## Court upholds Nimrod's position on ballot

by Bob Besser

Supporters of Rep. Bob Kustra may appeal all the way to the Illinois Supreme Court Thursday's ruling in Circuit Court upholding the decision by the Cook County Board of Election Commissioners assuring State Senator John Nimrod a spot on the November ballot.

The ruling, by Judge Joseph

Schneider, Presiding Judge of the County Division, follows weeks of controversy due to the August 16 hearing by the Cook County Board of Election Commissioners which ruled that Nimrod (R-Glenview) could be placed on the ballot.

Sheldon Marcus, a Morton Grove resident and supporter of

Rep. Bob Kustra (R-Glenview), who is the Republican candidate in the November election, had filed an objection to the Nimrod petitions claiming signatures had been forged and petitions were illegally circulated by people living outside the district.

However, the all-Democratic

## District 63 continues utility rate fight

Project COST, joined by East Maine Public Schools in April 1982, reached the halfway point of its efforts to fight skyrocketing utility bills.

The Conserve Our School Taxes group, a coalition of more than 100 northern Illinois school systems, has been fighting to reduce Commonwealth Edison's proposed general rate increase of just over 19%.

-eliminate a proposal that would require many schools to pay higher "time-of-day" rates -remove the "ratchet provision" that forces school systems to pay high summer bills based on electrical rates set at the close of the school year in May and June -keep the long-held "free kilowatts of demand provision."

The 1981-82 COST effort help-

## From the Left Hand

by Bud Besser

(Reprinted from September 18, 1969 issue)

It wasn't any traumatic experience...and it couldn't be considered a tear-in-the-eye moment...or a lump-in-the-throat feeling...but still, our "little girl" left the nest Sunday, and little Mother and Dad knew one era had ended and another one was starting. We had joined that ever-growing legion known as parents of a collegiate.

During the past week I had noticed Betty Coed's mother was lingering in her daughter's bedroom. She'd just sort of stand in the center of the room, and rather gloomily look about the room. She didn't say anything but I didn't tease her about her lingering.

Sunday at the noon dinner Betty Coed had her boyfriend alongside her and when her corny Dad gave a toast wishing her well during the coming years she gave me that "Did you really have to say that?" look. Since there were three other younger ones at the table who generally spill their way thru a meal, the chances for any sentimental "last meal at home" were unlikely. The only sentiment I had was, "I'll be glad when she's gone; then I won't have to look at this boyfriend 6 times a day."

Surprisingly, packing all her gear in the car took only a short time and the ride up to school was equally fast. Carrying her brown

It's last year's picture and last year's uniforms but it's this year's story as Niles Police Softball team won its third straight championship defeating Morton Grove 9-2, in the round robin finals, at Jozwiak Park on August 29. The victory enabled Niles to retain the Magnum Trophy for the third straight year.

Pitcher Gary Amato pitched shut-out ball until the 7th inning, when the two runs Morton Grove scored were unearned. Tony Fidanza had 3 hits and outfielder Greg Kapka was outstanding defensively. This year's team was sponsored by Di Paolo Construction Company.

Nautilus Fitness Centers, including their Niles facility, have been charged with fraudulent advertising and deceptive trade practices by the Cook County State's Attorney. According to the State's Attorney's office, Nautilus Fitness Centers have been advertising membership fees at \$79 per year. ## Niles Bike Patrol: an award winning program

by Kristin Sussler

From September to May, Niles resident Bob Zanko, like many other 21-year-olds, is a college student at Northern Illinois University. But from June 1 through Labor Day, he hits the streets astride a Niles Police Department bicycle as a safety patrolman making sure riders obey bicycle laws.

The police department provides Zanko and nine other college students with uniforms, bicycles and two-way radios so they can ride the streets looking for violators of state and local bicycle ordinances, Zanko said.

They have the power to issue citations for flagrant violators to appear in court, register bicycles for the police department and call in incidents of other crimes on the police radio, said administrative assistant Sgt. Vito LoVerde.

The patrol was organized six years ago, and was the first of its kind in the country. Last month Bicycle Forum magazine gave it first place in its 1981 national good works awards for bicycle programs said Carol Chaconas, bicycle court coordinator.

While Chaconas handles court responsibilities such as the training of judges who are also members of the patrol, Sgt. James Gerhardt handles the set-up of the program itself.

Each spring Zanko and other riders go through a one week program of films and lectures to make sure they are familiar with bicycle laws, which are almost the same as laws applying to cars, LoVerde said.

One difference between the sets of laws is that there is no implied consent law for bicycle riders. Zanko noted he once stopped a child for a violation and the child explained he was drunk. When he pulls over a violator, he said, "I have a lecture I always give. I see how they come back. If they laugh then I give a

## Center of Concern offers free hearing tests

"Persons 60-years-of-age or older owe it to themselves to have an annual hearing test to make certain they are not needlessly living in, or heading toward, the silent world inhabited by the hard of hearing," according to Connie Piquette of the American Health Service, Inc., an organization serving the hearing needs of the American public.

Piquette stressed that loss of hearing because of aging - called presbycusis - affects many persons over age 60. "This means that as many people grow older they experience a small, but measurable, amount of hearing loss. For a majority of the population this loss is not significant. However, among groups of older persons, the percentage that suffers measurable hearing losses increases markedly."

In cooperation with The Center of Concern, American Health Service, Inc. is conducting free hearing screening testing on Tuesday, September 21 beginning at 2:30 p.m. at the Center of Concern, in the conference room of the 1550 N. Northwest Hwy. Building, Park Ridge. To avoid waiting, come early.

## Mayor Byrne at Resurrection barbeque

A delicious table of sumptuous foods awaited Resurrection Retirement Community residents including (left to right) Lottie Stec and Joseph Szymanski and Chicago Mayor Jane Byrne at a recent backyard barbeque sponsored by the Mayor. In line behind the Mayor is resident Mary Hughes.

More than 300 residents, Sisters of Resurrection and friends enjoyed a festive backyard-type barbeque sponsored by Chicago Mayor Jane M. Byrne Sunday, Aug. 22 at the Resurrection Retirement Community, 7266 W. Peterson ave. in Chicago.

Residents enthusiastically greeted the Mayor upon her arrival and later the Mayor joined residents in sampling from a sumptuous barbeque buffet including barbecue chicken and ribs, scalloped potatoes, fresh vegetables and fancy deserts provided by Patricia Caterers. A billowing canopy and patriotic red and white checked tablecloths added a festive flair to the occasion.

Mayor Byrne, who spent her childhood years in the Sauganash area, recognized and greeted several of her former neighbors and parents of childhood friends who are currently residents at the retirement community.

Sister Mary Paul, C.R., executive director of the retirement community; Sister Stephanie, C.R., president of Resurrection Health Care Corp.; Sister Bonaventure, C.R., executive vice president; and Sister Mary Gerard, C.R., vice president, were also present for the party.

Mayor Byrne announced to the Sisters and the residents that she would give \$5,000 for the expansion of the retirement community and that she would like to host a barbeque in August for the residents.

That plan became a fun-filled Sunday afternoon of food and song including "May the Dear Lord Bless You," and several enthusiastic "thanks you's," to the Mayor.

## Rape Study Committee plans hearing at Oakton

The Illinois House of Representatives Rape Study Committee will conduct a public hearing concerning sexual assault in the suburbs on Sept. 16 at OCC, 1600 Golf Rd., Des Plaines, announced State Rep. Aaron Jaffe (D-Skokie) Chairman of the Committee. Jaffe explained, "The morning hearing, which will begin at 9 a.m., will devote special attention to the quality of responsiveness of public agencies to reports of rape and other sex crimes in our suburban communities. We will be hearing testimony and asking questions concerning charges that reports of sexual assaults in the suburbs do not accurately reflect the numbers of rapes actually taking place there, that legitimate rape cases are often not prosecuted, and that, in too many cases, victims are justified in their complaints that the system doesn't protect them or respond fairly or adequately."

Among witnesses scheduled to testify are the State's Attorney of Lake County, the President of the North Suburban Chiefs of Police Association, as well as representatives from the Governor's office, the Illinois Department of Law Enforcement, and rape crisis organizations from the Northwest suburbs, Lake County and DuPage County.

The Rape Study Committee has been responsible for widespread reform of sex crime-related law and policies in Illinois.

## OCC president cites goals

William A. Koehline, president of Oakton Community College, outlined college goals, stressing reliance on time, money and human resources to achieve them, in a recent address to faculty and staff at the annual orientation breakfast.

Dr. Koehline called for a greater awareness of schedules to assure prompt completion of projects. He pointed out that college funds will be less plentiful as compared to the past 12 years. The most realistic financial projections estimate no deficits as early as the year after next. In the past the tax situation has favored Oakton, but the projected state equalizer will provide for leaner years ahead, he noted.

The OCC Administrative Planning Council will undertake a strategy study for cost containment and reduction for Oakton beyond 1984, Dr. Koehline said. The Council will also solicit participation from all Oakton personnel to plan for the configuration of the college after 1984.

Dr. Koehline's major concern at this time is to organize for best use of human resources to achieve the purposes of the college. He noted that cooperation between the faculty's self-organization and the administrative organization of the college is essential.

Freedom and responsibility will be the theme of this joint effort, particularly in terms of faculty-administration interaction. Dr. Koehline expressed hope that 1982 to 1983, with its challenges and opportunities, would be the college's best year yet.

OCC sponsors Hard Times seminars The Alumni Association of Oakton Community College will sponsor a series of "Hard Times" seminars at 7:30 p.m. on Wednesday, September 8, 15, 22 and October 6 in Room 1540 at OCC/Des Plaines, 1600 E. Golf rd.

The seminars will cover topics concerned with coping in today's uncertain economy. Seminars will be led by OCC faculty, administrators and outside consultants who are experts in their field.

Kaye Bentley, director of instructional support services, will conduct the first program which will focus on techniques for planning and drafting business correspondence. The program, "Business Communications: Purpose and Audience," also will provide an opportunity for analysis of participants' on-the-job correspondence.

Subsequent seminars include the following: "How to Beat the Competition for Scarce Jobs," on September 15; "Changing Careers: What is Involved and Interviewing Techniques," on September 22; and "Handling Money and Investments in Hard Times," on October 6.

Seminars are free and open to the public. For further information call the Alumni Affairs Office, 655-1812.

## St. John Brebeuf School Milk Program

St. John Brebeuf School announced its policy for Free Milk (or meals)\* for children unable to pay the full price of milk served under the Special Milk Program. Local school officials have adopted the following family size and income criteria for determining eligibility:

FAMILY SIZE	FREE MILK	July 1, 1982 - June 30, 1983
1	\$5,000	
2	8,000	
3	10,000	
4	12,000	
5	14,000	
6	16,000	
7	18,100	
8	20,100	
Each Additional Family Member	2,000	

Children from families whose income is at or below the levels shown are eligible for Free Milk (or meals)\*.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted at any time during the year. To discourage the possibility of misrepresentation, the application forms contain a statement above the space for signature certifying that all information furnished in the application is true and correct. An additional statement is added to warn that the application is being made in connection with the receipt of Federal funds, that school officials may verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under applicable State and criminal statutes. The application must be complete or it will be denied. In order for an application to be complete, you must provide the total household income, the names of all household members, social security numbers of all household members 21 years or older or state that a household member does not have one and the signature of an adult household member.

If a family member becomes unemployed or if family size changes, the family should contact the school to file a new application. If your child is approved for Milk (or meals)\* benefits, you must notify the school when your household income increases by more than \$50 per month (\$600 per year) or when your household size decreases.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for free milk (or meals)\* for them, the family should contact the school.

All children are treated the same regardless of ability to pay. In the operation of child nutrition programs, no child will be discriminated against because of his/her race, sex, color, national origin, age, or handicap.

Dear Editor: I applaud the efforts of suburban officials who are fighting for the rights of not only their own constituents, but also for the rights of every citizen that is affected by the unbearable noise created by O'Hare Airport.

I have resided in the immediate O'Hare Airport area my entire life. I can remember the days in elementary school when my teachers would get so frustrated from jet noise that they had to slam the windows shut on the hottest of days just to conduct class properly. Needless to say, the deafening noise not only hinders the education of our children, but is also a great annoyance when trying to conduct routine daily affairs. Furthermore, the fact that the noise can affect a persons hearing, and is therefore a dangerous health hazard is an outrage.

It is for the reasons stated above that I appeal to the officials of approximately 17 suburbs who are contending with the City of Chicago's Aviation Department: Be absolutely sure of the enforceability of any agreement that you reach with the FAA and the City of Chicago. Let the agreement also include a clause which reduces the noise level created from jets so that the airport uproar will never again be at intolerable levels.

Ms. Appelson, coordinator of Volunteers in Teaching Adults, a program that provides tutors to assist in English as a Second Language classes at MONNACEP and Oakton Community College, says the handbook is designed as an instructional tool for tutors.

The handbook, Ms. Appelson explains, is a starting point for the tutor or paraprofessional to create a unique learning experience for small groups of non-native speakers. "Most of the lessons are self-contained, requiring minimal preparation. Included are worksheets, visuals, resource sheets or suggestions for easily obtained materials."

Ms. Appelson collaborated with Oakton lecturers Gail Miller and Carmen Tolhurst on the handbook project, which was funded through Section 310, Federal Adult Education.

Requests for copies of the handbook have come from New York, Connecticut, Utah, California, Australia, Hawaii, Virginia and Illinois, according to Ms. Appelson. "We are looking forward to using it on our own program this fall."

POLITICAL NEWS

Nimrod bill signed into law

Legislation to support Illinois coal utilization research was signed into law by the Governor on Thursday, Sept. 2, according to Senator John J. Nimrod (R-Glenview), Chief Senate sponsor of the bill and Vice Chairman of the Illinois Energy Resources Commission.

Senate Bill 1627 appropriates \$500,000 from the Public Utility Fund to the Department of Energy and Natural Resources for Illinois coal research projects approved by the Illinois Coal Research Board.

Nimrod stated that the Governor's action served to reaffirm Illinois' strong commitment to its coal industry and its economic future. "The future of coal as a great industry in Illinois depends, to a large degree, on our ability to demonstrate that our coal can be burned more efficiently and with less emissions than ever before," Nimrod continued.

White to serve as Tomlin campaign chairman

Chicago attorney Alexander P. White, 50, will serve as campaign chairman of the Citizens for John Tomlin, Clerk of Cook County.

Tomlin, a Republican who ran unopposed in the primary, was slated at his party's nominating convention last fall. White, who has been active in politics at local, state and presidential levels, will be responsible for the overall campaign planning and strategy, and will serve as political advisor.

Tomlin, 36, is a Special Assistant Attorney General recently appointed to that position by Illinois Attorney General Ty Fahner. He has practiced election and municipal law in the Chicago area for six years, and has been active in politics for many years. He is a member of the Morton Grove Library board. Recently he won the endorsement of the Independent Voters of Illinois-Independent Precinct Organization.

Nurses endorse Jaffe

Representative Aaron Jaffe has been endorsed for re-election to the Illinois House of Representatives by SNAPI (State Nurses Active in Politics in Illinois), the political arm of the Illinois Nurses' Association.

"Representative Jaffe has consistently demonstrated strong support for professional nursing and for quality health care issues," said Barbara Goldsberry, Chairperson of SNAPI. "He has assisted INA in promoting important health measures in Springfield and understands that affordable health care for Illinois citizens must be a priority for public officials."

Black speaks out on public transportation

Louis Black (second from left), candidate, State Senator 28th District, joins other suburban Democrats attending a hearing on the platform for the Cook County Democratic Party in the 1982 elections. Others include Diana Sheffers (1), candidate, State Rep. 56th District; Eugenia Chapman (second from right), candidate, 10th Congressional District; and Cook County Sheriff Richard Elrod (r.).

Louis Black, Democratic candidate for State Senator, 28th District, believes that it is time to get the cost of public transportation off the backs of the rider. He reported: "Everywhere you look transit districts are still subsidized by the state, except in Cook County. With more and more people unemployed in the suburbs, it is criminal that our people are expected to shell out big bucks to ride the trains and buses while commuters in other transit districts around the state shell out pennies."

As a member of the Democratic State Platform Committee, Black said, he wants his state party to include in the platform it is now formulating that all transit districts should be subsidized by the state as was the case prior to 1979. Black commented that the 1 1/2 sales tax in Cook County - which was supposed to provide adequate revenues to the Regional Transportation Authority and make up for the elimination of a state subsidy - has not done the job.

"The situation is not likely to improve as the poor state of the economy cuts back on sales tax revenues," Black said. He continued: "With the Reagan administration operating under the policy of the affluent and planning to eliminate all federal public transportation subsidies in the future, the burden is going to be shifted even more unfairly onto the riders of public transportation. 'The riders in the north and northwest suburbs cannot take this kind of drain on their pocket-books any better than anyone else. This economy is taking its toll on every level of society,' Black asserted. "What about the fact that Skokie and Park Ridge - which make up a large portion of the 28th District - include some of the highest proportions of elderly populations in the state? The elderly are heavy users of public transportation. Even with the reduced rate for seniors here our elderly pay more than the 25¢ fare senior bus riders pay in Springfield," Black said.

Kozenczak vows upgrade of deputies

Joseph Kozenczak, the Republican candidate for Sheriff of Cook County, today called for placing all deputy sheriffs under a merit system in which professional qualifications, not political sponsorship, will warrant employment. "The Court Services Department, which is composed of 897 court bailiffs and 268 process servers, has long been the most unprofessional, least competent, and poorest trained unit in the Sheriff's office," said Kozenczak, who is Captain and Operations Commander of the Des Plaines Police Department.

Kozenczak pledged to expand the merit system which now covers Sheriff's Police and correctional officers to include deputy sheriffs. Applicants for positions with the Sheriff's Police and Department of Corrections (County Jail) are screened and tested by the Police and Corrections Merit Board as mandated by state law. Kozenczak proposed to go beyond the minimum requirements of state law and voluntarily submit applications for deputy sheriff's to the Merit Board. The Court Services Department is the second largest unit in the Sheriff's office. It has a budget of \$23 million and a payroll of 1,339 employees, of which 1,189 are deputy sheriffs. The responsibilities of the Department include attending all sessions of the Circuit Court of Cook County, providing security in all courtrooms and court buildings, serving summonses, court orders, warrants, and writs, and carrying out evictions, levies, replevins, and foreclosures.

Capparelli awards scholarship

State Rep. Ralph C. Capparelli (left) congratulates Niles resident Charles E. Paustian upon receiving an Illinois General Assembly scholarship, while Niles Mayor Nicholas B. Blass looks on. Capparelli sponsored Paustian, who lives at 7330 W. Carol st., for the one-year scholarship. He has been accepted to the University of Illinois in Champaign and will major in journalism. Paustian is a graduate of Notre Dame High School, Niles.

Rumsfeld to speak at Rueckert fundraiser

Donald Rumsfeld (l.), President of G.D. Searle & Co., and Tom Rueckert (r.), State Representative candidate in the New 56th District, discuss the general business climate in Illinois.

Donald Rumsfeld, President and Chief Executive Officer of Skokie based G.D. Searle & Co., will be the guest speaker at a \$50 per person fundraiser for State Representative candidate, Tom Rueckert in the New 56th District. The fundraiser will be held on September 21 from 6 to 8 p.m. in the Grand Ballroom of the North Shore Hilton. Rumsfeld was formerly the 13th U.S. Secretary of Defense, U.S. Ambassador to NATO and 4 term U.S. Congressman. "Don Rumsfeld has been a tremendous asset to my campaign. As President of G.D. Searle and a director of several other large corporations including Sears and Eastern Airlines, he has provided me with facts pertaining to the effects of inflation and government regulations as they operate on the Illinois business climate," Rueckert said.

Several elected officials from the State of Illinois and the County of Cook will be in attendance for informal discussions of citizens concerns. Anyone wishing to attend the fundraiser may reserve tickets by calling 998-0465.

Jaffe fundraiser

State Representative Aaron Jaffe (D-Skokie) will host a "Soup's Sunday" on Sept. 12, beginning at 6 p.m. at Drake Theater, Barat College, (at Westleigh and Sheridan rd.) in Lake Forest. An original show of humor, music, dance and drama will follow at 7 p.m. "After the frugal dinner of home-made soup and bread - patterned after the Soup Kitchens of the Depression - ticket-holders will be treated to a specially-writ-

cardboard box luggage into the new dorm was done amidst much huffing and puffing. And while the huffing and puffing was natural for me, when I came upon the hordes of young people who seemed to be coming from all directions, I vowed I'd begin getting into condition at the "Y" beginning Monday.

Eleven floors up is her bedroom, a 12 by 20 room which seemed too small for all her brown boxes. When I saw her roommate had an equal amount of the same kind of luggage it seemed impossible 2 teen girls would be able to live in that cubicle.

The hordes of young people who were downstairs were figuratively matched by the throngs who were on floor 11. Amidst the brown boxes, the 2 teens and the little Mother and Father, an endless stream of Betty Coeds began squeezing into the room, laughing, griping about the food, shaking hands, squealing and just being friendly. They were from Edwardsville and Bensenville and "she worked at Lyttons" and "I remember you from orientation" and "boy, was the food bad...I was sick for 3 days with the flu...and I'm sure it was from the food". It was an endless stream of people, all young and full of talk.

It was supertime and the number 1 daughter had very little for lunch so Little Mother said we'd take her out for a bite...but naturally, she wasn't hungry, and I gave Little Mother the "Let's get out of here and leave her alone" look.

She kissed us goodbye and Mother remembered she needed

Exiting at Dempster st. I told Little Mother, "Look at it this way...you didn't lose a daughter, you gained a car." I thought it was kind of funny but she ignored the little morale booster.

When we arrived home the younger brigade peremptorily asked us 2 or 3 questions about "her school" and then reviewed the sprinkling fight they'd had, and lapsed into a finger-pointing battle over who did what to whom.

There's now one less finger-pointer at home...and we're going to miss her. But I realized as we sat down to dinner, it's only a matter of minutes before someone spills something. And I was right...and suddenly had a lump in my throat.

ticket. He said if the bicyclist does not know he or she was breaking the law, he does not give a ticket, but a verbal warning.

Most citations are issued to children who must then appear in bicycle court to plead their case. The heftiest fee is only \$5, and the smallest 50 cents, but the experience is mainly intended to educate the offender, LoVerde said.

Some of the offenses cyclists are cited for are speeding, not stopping at traffic signals, carrying another person on the handle-bars, and not having lights at night. Now that it gets darker earlier in the evening the patrol, which rides until 8, will be citing more violators without lights, Zanko said.

Zanko and his partner patrol central Niles, one of the four patrol districts. His beat includes the Niles Park pool and the Oak Mill Mall; he rides about 20 miles a day.

By the end of the summer he will have ridden 2,500 miles and taken some verbal abuse as well he said. "People on the street call you all kinds of things. One girl said, 'Don't you know it is illegal to pedal your behind in the state of Illinois?'"

The District 207 Board of Education will have the right to exempt from lay-offs eight teachers who have tenure and are supervising extracurricular activities. Negotiations broke off in June because of the no-strike issue. However, following numerous informal discussions between MTA representatives and District 207 officials during the summer a compromise was apparently

made \$17,375 and \$18,505 for a new teacher during the third year of the contract. The new contract calls for the top salary for a teacher with 19 years experience, to be \$37,800 during the first year of the contract. By the third year of the new contract a 19 year teacher will be paid \$42,675. A major stumbling block during contract negotiations was the no-strike clause. The recently expired contract had a three-year no-strike clause. District 207 representatives had insisted on the teachers accepting a five year no-strike clause. However, teachers were hesitant claiming the unstable economy and declining student enrollment made the future uncertain.

Mr. Huckleberry is active in many professional organizations and is currently serving as a board member of Comprehensive Health Planning of Northwestern Illinois, and is a member of the Illinois Association of Public Health Administrators' legislative committee.

The Village utilized the services of the Executive Recruitment Division of the State of Illinois Department of Personnel in locating candidates for the positions. Over 130 applications were received for the position. Of those, nineteen were interviewed before the selection was made. Huckleberry's salary will be \$39,696.
