### 28th Senate District Robert Kustra

The Bugle strongly urges voters in the 28th Illinois Senatorial district to elect Republican Candidate Robert Kustra.

While a member of the Illinois House of Representatives Kustra was chosen "Best Freshman Representative" in 1981 by his Republican and Democratic colleagues.

A former instructor at Loyola and Roosevelt Universities, he has been an active and vigorous member of the very important Appropriations Committee in the State House. He has been in the forefront in working for solutions for property tax reform and has shown strong support for attracting high technology industries to Illinois. Kustra has also been an ardent supporter of education throughout the state as proven by his endorsement by the Illinois Education Association.

Democrat Lou Black, a former Republican, is the Niles Township Clerk. In his candidacy for the Illinois Senate, his repeated solution to most of Illinois' problems has been "we must all work together." It is not a disagreeable platitude but Black's knowledge of state matters seems to be limited. Also, Black holds a second job in the County Clerk's office which he failed to tell the public until it was discovered by his opponent. This county paycheck could hinder Black's ability to be free from the dictates of the Cook County Democrats. Also, double dipping at taxpayer's expense is not a desirable requisite for a candidate seeking a Senate seat.

John Nimrod, the incumbent State Senator, was defeated by Kustra in last spring's Republican primary race. Subsequently, he has chosen to run as an independent candidate. Local political observers believe Nimrod has little chance to win but is acting as a "spoiler" in hopes of dividing Republican votes between himself and Kustra. Such a consequence might enable Democrat Lou Black to win the election and allow Nimrod the option of running for the Senate seat again in upcoming years.

### 55th House District Diana Burgess Sheffer

In the 55th Illinois House District race The Bugle urges residents to vote for Democrat Diana Burgess Sheffer.

Sheffer, a thoughtful educator, offers area residents a fresh approach to the numerous problems confronting our area. She has voiced repeated concern for providing assistance to senior citizens who are suffering under the burden of property tax increases and repeated utility rate hikes.

Sheffer has called for new solutions to the continuing problem of school funding. Also, she is proposing Illinois aggressively act to not only stop the disintegration of its businesses and manufacturers but work to bring more employers back to Illinois.

Sheffer's opponent, Republican Rep. Penny Pullen has compiled a voting record which does not represent the attitudes of area residents. Called a "reactionary" by the Chicago Tribune, Pullen has consistently voted against progressive legislation proposed in the House.

Pullen has voted against senior citizens assistance measures, judicial reform bills, environmental protection acts and numerous bills providing for assistance for victims of various crimes.

In short, Pullen's singularly unimpressive voting record defies being defined even as arch-conservative.

### 56th House District Aaron Jaffe

The Bugle considers residents of the 56th House District fortunate to have the opportunity to re-elect Rep. Aaron Jaffe.

Jaffe, who has been the area's Democratic representative since 1970, is considered among the most effective legislators in the Illinois House. He has been in the forefront of school funding issues bringing more state money to suburban schools than any other legislator. Also, Jaffe has been the prime mover behind state judicial reform, environmental legislation and providing state services for the handicapped. To his credit, Jaffe has been a sponsor of numerous bills on behalf of rape victims. Additionally, he is the sponsor of the nuclear freeze resolution in the State House.

Jaffe has four times been awarded the Legislator of the Year Award by the Illinois Education Association and is ranked among the top five State Representatives throughout Illinois by the Independent Voters of Illinois.

Jaffe's opponent, Republican Thomas Rueckert, the President of the Maine Township High School Board of Education, offers few new ideas or solutions to the myriad of problems facing Illinois.

## Village to host Halloween party for Niles children

In an attempt to aid area parents who do not want their children to go door to door collecting candy this Halloween, the Village of Niles will be sponsoring a four-hour party on Sunday, Oct. 31.

The party, for area children, will be held at Notre Dame High School from 2 to 6 p.m. Entertainment will include cartoons, clowns and musicians. Prizes will be given away for children with the best costumes.

During a Friday press conference Niles Police Chief Clarence Emrikson said Niles is taking this action following the recent poisoning of medications in the Chicago area. Emrikson said village officials feared a similar occurrence could happen with candy children receive from strangers during their Halloween trick or treating.

Noting the danger of strangers tampering with children's candy, Emrikson said "there's a lot of nuts in the world."

Following a bitter March primary campaign, freshman Illinois Rep. Kustra unseated Nimrod, a ten year veteran of the Senate. Black was unchallenged in the March Democratic primary.

Kustra was expected to easily defeat Black in November, however, the race was thrown wide open when Nimrod announced in August that he would run as an independent candidate. Filing for a spot on the ballot on August 2, Nimrod became the candidate of the Taxpayers Independent Party.

Area political observers immediately began speculating that Nimrod's candidacy could split the Republican vote allowing Black to possibly win the election.

The election campaign has been marked by bitter confrontations between Kustra and Nimrod at the numerous debates which also included Black.

Kustra has repeatedly emphasized the need to attract new industry to Illinois to offset the large number of industries and businesses which have left in recent years. In particular, Kustra has urged the Illinois act to attract high technology industries.

Officers of the 1982/83 Student Council of St. John Brebeuf School were installed at an all-school assembly on Friday, Oct. 8. Mayor Blase was the keynote speaker, and Father Duggan, Pastor of St. John Brebeuf, gave the opening and closing prayer. The installation ceremony was

**Also On The Ballot:**  
The Bugle has always restricted its endorsements to local candidates believing its knowledge of candidates at the County, State and National level is no greater than its readers. However, Bugle friends have often asked the editor how he voted on other candidates and other issues. We are reporting our personal expression of critical races and issues which should be brought to readers' attention. The Cook County Board of (Tax) Appeals has had scandals and more than 20 indictments of employees in these offices the past couple of years. It has been the most infamous scandal in Cook County history. While the incumbents Harry Semrow and Seymour Zaban have not been charged with complicity in bribes received for reduced real estate tax assessments, the indictments and subsequent jailings of employees directly under them demands they should not return to office. Their Republican opponents are Edward Gjersten and Kathleen Parker. In the race for President of the County Board we believe Republican Bernard Carey is best qualified. Incumbent George Dunne, whose business interests insuring many Chicago firms is linked to his political clout (he formerly insured McCormick Place and is reported to have the insurance on the new State of Illinois building downtown), is part of the old Chicago Democratic politics which never turned its back on making a buck from being in a favored political position. We will also be voting in favor of the Nuclear Weapons Freeze and we will oppose the abolition of the tax multiplier. We hope the Freeze will be a first step in the reduction of nuclear weapons. The proliferation caused by the arms race is so overwhelming today a Freeze would not constitute a risk during this era of overkill. We do not favor the abolition of the tax multiplier since it equalizes taxes among the haves and have nots. In our area comparable homes on each side of Harlem Avenue have a \$200 tax difference because residents reside in different townships. A multiplier is necessary to adjust such inequities.

**Voters go to polls...**

Black has urged Democrats and Republicans as well as business and labor drop their mutual animosities and work together to solve Illinois' massive problems. Nimrod has spent much of the campaign discussing ways of reducing property taxes. Political observers noted that Nimrod had latched on to the emotional issue as a tool in the campaign. 55th ILLINOIS HOUSE RACE - In the 55th Illinois House race incumbent Penny Pullen has been under attack for her conservative voting record by challenger Diana Burgess Sheffer. Sheffer, a Democrat who is a teacher in the Chicago school system, has accused Pullen of having among the most conservative voting records of any member of the Illinois House. During numerous press conferences Sheffer has documented Pullen's voting record showing a repeated voting pattern by Pullen in opposing progressive legislation. Sheffer has shown how Pullen has voted against bills to aid senior citizens who are being hurt by property taxes and utility rates. Other bills Pullen voted against included judicial reform measures as well as measures to aid the victims of crimes and environmental laws. During her last press conference Sheffer said Pullen's record was far more conservative than even most Illinois Republicans. 13th ILLINOIS HOUSE RACE - Incumbent Rep. Ralph Capperelli is being opposed by Republican James Zukowski. In other races area voters will be asked to choose between six candidates for Congress. In the new 9th District veteran Congressman Sidney Yates is running against Republican newcomer Katherine Bertini. In the 8th District Republican incumbent Henry Hyde is running against Democrat Leroy Kennel of Du Page County. And in the 11th Congressional District Congressman Frank Annunzio is running against Republican James Moynihan.

**The Maine Township Government** formally purchased its new offices on Monday, October 18. Presently located at 2510 Dempster St. in Des Plaines, the new offices will be in the building of the former Good Shepherd Community Church, 2100 N. Home, Park Ridge. Expecting to move into their new quarters by the first of the year, the township government is paying \$375,000 for the building and \$75,000 to renovate the building.

**Two new appointments** to the Niles Chamber of Commerce and Industry's Board were recently announced. Karen Williams, resident manager of the Resident's Service Center for Illinois Bell will serve through 1984 and Charles Wolfe, Personnel Director of the Distribution Group for W.W. Grainger will be on the board through 1983. Both appointments were made by Chamber President Phyllis Galanter.

**Of the 9,200,000 square feet** of industrial space in Niles, some seven per cent is currently vacant, according to the Niles Chamber of Commerce. Additionally, of the seven per cent of vacant space, almost 50 per cent is from the vacant Pathfinder factory.

**Unemployment in Niles** dropped from 7.9 per cent in September to 7.3 per cent this month, according to the Bureau of Labor Statistics in Chicago. If the figure is accurate, 1,088 Niles residents are out of work. The Bureau of Labor Statistics claims Niles has a work force of 14,852.

**Niles to appeal court decision on car wash**  
by Bob Besser

The Niles Village Board Tuesday night ordered an appeal be filed to the Illinois Supreme Court challenging a lower court's decision that Niles must allow a car wash to be built on Dempster St. At issue was the petition by National Pride Car Wash to build a self-car wash at 7303 Dempster St. The Niles Zoning Board had refused to grant the car wash a special use permit for construction claiming it would be an intrusion in the neighborhood. The area currently has both businesses and residential homes nearby. However, during court hearings which followed, the court ruled against Niles stating the village had improperly denied a special use permit to the car wash since the property in question had previously been zoned for use by business. Specifically, the court ruled that Niles had not proven in court that the self-car wash would result in any "substantial danger" to area residents. Niles Village Attorney Dick Troy told the Village Board he was not optimistic the Supreme Court would agree to hear the case. Troy said the overworked Supreme Court has only accepted "one in fifty" similar zoning cases during past years. Additionally, Troy said, the cost to prepare the petitions and briefs for the Illinois Supreme Court would be \$1,200 with no guarantee that the high court would hear the case. Five Board members voted to appeal the case to the Supreme Court. Trustee Carol Panek announced she would "pass" rather than vote.

### Center of Concern offer telephone reassurance program

One of the most popular services provided by The Center of Concern is our telephone reassurance program. Through this service we are able to maintain contact with the elderly, isolated individuals in the community. In many instances, people who live alone call into the

office on a daily basis, letting us know how they are and if they are in any need. Also, we have a large number of volunteers who are in touch daily with individuals who might otherwise have no one to talk to. In the event the caller does not "check in", a phone call is made to make sure everything is all right. Along with the social aspect of the telephone reassurance program, the caller has the knowledge that if a mishap should take place, they won't be forgotten. The peace of mind afforded by the telephone reassurance program makes this service one of which we are most proud. We feel The Center is filling a real need in the community by providing this service.

If you would like to be included in this program or if you would like to become a volunteer, please call The Center at 823-0453. The Center of Concern is located at 1580 N. Northwest Hwy. in Suite 4. Feel free to drop in...the coffee pot is always on.

### Morton Grove Senior Citizen News

**WALKING FOR HEALTH**

We at the Morton Grove Health Department would like to start a walking club for the seniors in our Village. Walking is one of the best of all around ways to stay fit. It requires no special equipment and is safe for people of all ages and levels of health.

We are planning on beginning this new program within the next few weeks and would like to find out who is interested. We have access to a van and will be able to drive to Northbrook Court Shopping Center during the winter. We can walk through the mall and stop for coffee or breakfast if we feel like it.

Please contact Marcy Amstatter at 965-4100 if you are at all interested in this program or have any suggestions or ideas to add to the club.

**ADVISORY COMMISSION IS RECRUITING**

The Advisory Commission on Aging is looking for new board members. This board works on helping seniors assert their rights in the community as well as helping implement new programs for the older people in the Village. At the moment the Commission is working on a senior dental insurance plan as well as developing a new emergency lighting system for the front porch. Get involved! Call Marcy Amstatter at 965-4100 for further information.

**WINTER HEATING REGULATIONS**

The cold weather months are setting in and now is the time when heaters go on in the houses. Illinois laws regulate the temperature levels in housing and public facilities. If you live in an apartment where the landlord has control over the heating system you are protected by law so that your living quarters are kept warm enough. Between the hours of 4 a.m. and 11 p.m. the temperature inside must be kept at a minimum of 68 degrees Fahrenheit and after 11 p.m. the temperature of your house cannot be kept lower than 60 degrees if controlled by a landlord. Check out the temperature in your living quarters and make sure they check out with the law.

For more information about these and other programs call the Senior Hot-Line, weekdays, 9 a.m. to noon at 965-4658, or Marcy Amstatter, Senior Services Coordinator and Health Educator at the Village Hall, 965-4100.

## Senior Citizens Retreat

Making a retreat many years ago, we still remember a quote from the Villa Redeemer Retreat House in Glenview, "Come to Me all you who are heavily laden, and I will refresh you. Come to Me you who are bowed with years, for I am older than the Eternal Hills." "Lay all your plans, your dreams, your hopes before Me, bring Me your thoughts; I can understand.

With this in mind, 19 senior citizens of St. John Brebeuf, "Golden Age Club" attended a five hour retreat at Villa Redeemer recently. It gave them an opportunity to dispel their doubts and fears.

The memories of the retreat will long be remembered as a happy event of our life, as we left for home, spiritually, mentally and physically refreshed, and hoping to make the next one in the early spring.

## Get 68° for the price of 60°

### Save with today's Gashouse Gang.

Not only will one of today's new gas furnaces give you the heat you need. It'll use a lot less energy doing it.

That's because many of today's models are up to 50% more efficient than those available in the early 1970s and before.

So, depending on your present furnace, it can mean getting 68° of heating for the price of 60°. In some cases, you

could do even better. No wonder then so many of our customers are choosing these new units to heat their homes.

The Gashouse Gang knows a furnace that's that much more efficient will literally pay for itself in the years ahead.

It's a smart way to cut down on the amount of energy you use to heat your home. Without cutting down on the heat.

Today's gas furnaces are giving our Gashouse Gang a lot more efficiency for their money.

# LETTERS to EDITOR

## ComEd warns pols on pole advertising

Dear Editor:  
Below is a copy of a letter we've sent to all the political organizations we can think of located in the North Shore area. I feel the general public also has an interest in minimizing the use of utility poles, etc. as sign boards.

Bob Reidel  
District Superintendent  
Commonwealth Edison Co.

To Whom It May Concern:  
It's election time again; and we're concerned because campaign posters are beginning to appear on our overhead line poles and elsewhere.

We ask you to not place any posters, banners, etc. on our facilities for a number of reasons. One very good reason is that it's illegal. But aside from that, they're unsightly and, most importantly, present a real hazard to those of our employees who must work on our lines.

In recent times, we've had linemen with shattered ankles and heels and torn muscles, flesh and ligaments, all due to nails, hooks and devices installed on our poles by others. In any event, you should know that we've instructed our line crews to remove and destroy all signs and posters they find on our facilities. In their own self-interest, they will do this.

We ask your cooperation in this matter.

## Vote 'Yes' on Freeze referendum

Dear Sir:  
We, the residents of Cook County, are so fortunate to have the chance to vote for a two-way U.S.-Russian nuclear weapon freeze this coming Tuesday, Nov. 2!

Following is a letter sent to the Village of Niles concerning the informed opinion favoring a nuclear weapons freeze, that most Americans who have informed themselves on the subject have become convinced of its necessity. (Not that the Freeze by itself is sufficient, of course; it must be followed by a step-by-step reduction of nuclear weapons on both sides, carefully calculated to maintain the balance that will give the needed sense of security to all the nations of the world.)

It is not only the lucky people of Cook County who will have this opportunity on Election Day; 30% of Americans will have the same opportunity. If only all, or most, of those eligible to vote realize their big chance! Please, good citizens of Cook County, go to the polls on Tuesday and vote "yes" on the Freeze Referendum!

Sincerely,  
Isabel C. Condit  
Morton Grove Nuclear Weapons Freeze

Sincerely yours,  
Karen Kelly  
Barbara Clawson  
Child Care with Confidence, Inc.

## A 'yes' vote is a vote for life

Dear Editor:  
Perhaps. But could it happen? Is it happening?  
I'm outraged but my government doesn't know it. I've elected its leaders and paid its taxes. I've watched without much fuss (or just a little) as the defense budget makes plans to spend over \$1.5 trillion dollars in the next five years, as policies shift to allow "first strike weapons", as inflation and unemployment soar, and as the present economic priorities "kill the poor". I've asked myself a thousand times how it would ever be possible to fit the reality of war as it is actually fought today and is certain to be fought tomorrow with the moral demands and human concerns that are part of my Judeo-Christian heritage. But my government still doesn't know how I feel.

I don't like forced memberships. I intend to take my card and return-it-to-sender, on November 2. On that day, next Tuesday, each of us will be presented with a referendum proposal which asks the U.S. and the U.S.S.R. to agree an immediate freeze on nuclear armaments. A "yes" vote will dissolve our membership in the "death club". It is a vote for LIFE.

Sincerely,  
Sr. Dorothy Schwendinger, OSF

## New business compliments Niles personnel

Dear Editor:  
Following is a letter sent to the Village of Niles concerning the courtesies extended to us in starting our new day care center, Child Care with Confidence, Inc.:  
Dear Mr. Kenneth Scheel  
Mr. Nicholas Blase  
Village Board Members:

As a recently established business in Niles, Child Care with Confidence, Inc. day care center, we would like to thank the city for the courtesies extended to us. We have had only pleasant experiences in dealing with the city, police, fire department and School District 64. It has been a pleasure to join the business community in Niles.

Sincerely yours,  
Karen Kelly  
Barbara Clawson

## Note

While several Letters to the Editor were received from political candidates and their supporters for publication in this week's edition, it has been the policy of The Bugle not to publish any letters dealing with politics in the last issue preceding the election. We feel this is a fair policy since such publication would not allow for any rebuttal.

## Rueckert to hold down spending

Tom Rueckert, Republican candidate for state representative from the 56th District, has called for the enactment of a "Taxpayers' Rights Amendment," which would limit the amount of taxes collected and spending permitted by the state's government, and would also require local government units to seek approval by referendum if they seek to increase property tax levies.

"We must establish constitutional limits on the ability of state and local government to spend our money," emphasized Rueckert.

The Republican candidate promised to introduce such an amendment if elected. The bill would set a limit on the state's spending, limiting the amount of the state's actual revenues from sources other than federal aid and trust accounts to no more than 11 percent of the aggregate personal income of the residents of Illinois in the next-to-the-last full calendar year preceding the current fiscal year.

Also, local governments, if they sought to increase their local revenues generated through property tax levies by more than 3 percent over the previous fiscal year, would have to submit such an increase to taxpayers in the local tax district at a referendum, and seek their approval.

"This Amendment is an idea whose time has come," concluded Rueckert.

## Kozenczak vows improved protection

Joseph Kozenczak, the Republican candidate for Sheriff of Cook County, today blasted 3-term incumbent Richard Elrod for being more concerned with "expanding his political empire than with providing adequate police protection."

Kozenczak charged that the Sheriff's office under the incumbent is "dying as a law enforcement agency" and that "it is time to replace its political administrator with a law enforcement professional."

"Throughout his 12 years in office, Elrod has poured money and manpower into political patronage while neglecting the crimefighting functions of the office," said Kozenczak, who is Captain and Operations Commander of the Des Plaines Police Department.

He said that under the incumbent, police operations have declined as a percentage of the Sheriff's office. He has "hired 1,600 additional employees, but has not increased the number of officers assigned to patrol duty by a single officer during his 12 years in office."

Kozenczak said that as Sheriff he would "nearly double the number of Sheriff's policemen on the streets" by transferring officers from non-crimefighting functions to patrol service. He added that he plans to conduct a manpower study to see how officers in the department can be deployed to their best advantage.

## Candidates' position on Nuclear Weapons Freeze

On Tuesday, Nov. 2, the citizens of Cook County will have the opportunity to vote on the Nuclear Weapons Freeze Referendum, reading as follows:

"Shall the United States Government propose to the Soviet Union that both governments agree to immediately freeze the testing, production, and further deployment of all nuclear weapons, missiles, and delivery systems in a manner that can be verified by both governments?"

It is interesting to note that throughout the country 30% of all Americans eligible to vote will have the opportunity to vote on a similar referendum. It is widely feared, however, that many citizens do not realize that this referendum will be presented to them on Election Day. For this reason supporters of the Nuclear Weapons Freeze Campaign are making an effort to reach the public with literature explaining their conviction that a nuclear weapons freeze is vital to our

## Yates seeks party payments from Watt

Congressman Sidney R. Yates (D-Ill.) said that if Secretary of the Interior James Watt does not repay the government within two weeks for two private Christmas parties at the Lee Mansion last December, he would move to take the funds out of Watt's salary.

Yates, Chairman of the House Appropriations Subcommittee for the Department of the Interior, said that he has not received replies to his letters to Watt of Aug. 4 and Sept. 20 requesting repayment for private use of National Park Service property.

The General Accounting Office has ruled that Watt owes the government \$1,921 for a breakfast Mrs. Watt hosted for Cabinet wives on Dec. 14, and \$6,921 for a reception Watt sponsored on Dec. 17.

## Nimrod Chairman sides with Kustra

Edward Wilander of Morton Grove, who chaired John Nimrod's campaign 3 years ago, withdrew his support of Nimrod and pledged his support to State Rep. Bob Kustra, Republican nominee for State Senator in the 28th District.

Wilander objected to the use of his name on a recent fund raising promotion for Nimrod. A number of recent Nimrod campaign letters list Wilander as Chairman, despite his withdrawal 3 years ago.

According to Wilander, "This was done without my knowledge or consent. As his former campaign chairman, I want it to be clear that I no longer support his candidacy. I have supported, and continue to support, Rep. Bob Kustra in the present election for State Senator for the 28th District."

Kustra, who won the Republican primary by a 62% margin, is opposed by Nimrod and Democratic candidate Louis Black. Wilander praised Kustra's service in the General Assembly and has urged his election as State Senator as the candidate who can best represent suburban taxpayers.

## Local and State groups endorse Rep. Capparelli

Four more local and state organizations endorsed State Rep. Ralph C. Capparelli as he continues his bid for a seventh term in the Illinois General Assembly.

Newly received endorsements include: Chicago Teachers Union who report that their membership "voted overwhelmingly" for Capparelli's re-election; the more than 45,000 members of the Illinois Federation of Teachers; the American Hellenic Democratic Council of Illinois; and the Coal Miners Political Action Committee of the United Mine Workers of America.

Recently, the Chicago Sun-Times in their endorsement of Capparelli described him as being "concerned about the needs of his constituents." Capparelli is campaigning to represent the new 13th District which includes Niles and the far northwest side of Chicago.

## Black summarizes promises to voters

After 6 months of intensive campaigning throughout the new 28th Legislative District, Louis Black believes that the voters know who he is and how he will vote.

Democratic candidate for State Senator, Louis Black will vote for programs to improve the business climate in Illinois so more jobs will be available. He will vote for retraining programs for those whose jobs have been eliminated because of the shift in Illinois away from manufacturing to service oriented businesses.

He will vote to reform the State taxation system to substantially reduce the burden on the property taxpayer so that the State of

Illinois will stand by the Constitution and fulfill its obligation to be the primary source of educational funding.

Black vows to maintain his reputation for fiscal responsibility in Springfield as he has in Niles Township where he has been Clerk for the past 9 years.

"I also intend to show that doing is more important than just talking. My staff and I will be available to people needing assistance," Black said.

The new 28th District includes Park Ridge, Des Plaines, and portions of Skokie, Morton Grove, Niles, Glenview, Mt. Prospect, and Elk Grove Township.

## Kustra to take voluntary pay cut

State Rep. Bob Kustra (R-Glenview) has announced that he will take a voluntary pay cut of \$536.40 to help pare state spending and prevent layoffs of state employees.

Kustra is one of a dozen state legislators who have agreed to comply with Gov. James Thompson's request for members of the General Assembly and state employees to take five furlough days during the next five months.

Calling for increased participation in the pay-cut program, Kustra said, "I am disappointed that so few of my fellow legislators have agreed to take the pay cut."

"By joining this furlough program state legislators not

only can provide a model for other state employees being asked to take voluntary pay cuts but also can indicate to taxpayers their commitment to keeping government spending in line," said Kustra, Republican candidate for state senator from the new 28th District.

"The savings effected if all 236 members of the General Assembly participate will amount to about \$125,000. Hundred of thousands more will be saved if all state employees take the voluntary pay cut. For many of these employees the choice is critical—losing a few days pay or losing their jobs," Kustra said.

## Sun-Times, others endorse Annunzio

The Chicago Sun-Times has strongly endorsed Congressman Frank Annunzio for reelection in the 11th District of Illinois. In endorsing him, the Sun-Times said: "We recommend highly experienced Frank Annunzio."

The National Education Association has endorsed Annunzio, saying, "Your reelection to the U.S. House of Representatives will be in the best interests of school children, parents, educators, and your constituency as a whole," while the American Federation of Teachers citing issues important to the "survival of our system of education," has

given Annunzio high marks on his voting record in the Congress.

Both the National Council of Senior Citizens and the National Association of Retired Federal Employees has given Congressman Annunzio 100% ratings in recognition of his consistent support of programs benefiting our nation's older Americans.

Commending his "support of veterans programs and a strong national defense," the Veterans of Foreign Wars of the United States and its Ladies Auxiliary, representing a national membership of 2.5 million, has endorsed Congressman Annunzio for reelection to the 98th Congress.

Additionally, numismatic groups across the nation have given major credit to Annunzio for protecting the American coinage system through his authorship of the Olympic Commemorative Coin Act which eliminates all middlemen, protects the role of the U.S. Mint, and gives all funds raised to the American Olympic athletes.

## Tucker seeks revision of truth and taxing law

Mannie H. Tucker, the Republican candidate for Commissioner of the Metropolitan Sanitary District of Greater Chicago (MSD), today called on Gov. Thompson and the Illinois Legislature to revise the statutes concerning the Sanitary District and the truth and taxing law at the upcoming legislative session.

"The MSD and other taxing bodies are using loopholes in the law to misrepresent the amount of tax increase imposed and to avoid holding public hearings on their budgets," Tucker charged, adding that he would fight for the legislative changes after the Nov. 2 election "win or lose".

The truth and taxing law provides that when budget increases exceed 105% of the previous year's tax levy, public hearings must be held. The budgeted amount for "dead" reduction is not included in the 105% figure, nor does the amount for interest charges and debt reduction on anticipated note and bond sales for the year have to be included in the levy. "MSD uses this convenient loophole to circumvent public hearings," Tucker said.

"Rather than levy for the entire administrative budget, it levies for about two-thirds and sells notes and bonds to finance the balance," he continued. "This way the published tax increase appears much smaller, but only until it gets to the county clerk's tax extension office where the amount is added on. The final levy then soars far above the 105% limit."

Tucker cited the 31% (1981) and 40% (1982) budget increases as examples of this practice. "This is political deception to make themselves look good," Tucker maintained. "Not only that, this practice adds unnecessary millions to the cost of government through added interest cost. This is not only fiscal irresponsibility but outright deceit."

Tucker suggested a series of three ads starting four weeks before the hearing date. "Public hearings should not be kept secret," he maintained.

The MSD legal debt limit also came under Tucker's scrutiny. The debt limit is not 5.75% of access district real estate tax valuation. The debt limit is now over one-billion dollars. In each of the last three quadrennial reassessments, the limit has increased over 200-million dollars, and by the end of 1982 the legal debt limit is expected to exceed 2-billion dollars. Tucker called for a 55% reduction in the legal debt limit with a one-billion dollar ceiling.

Noting that his proposed legislative changes would affect all taxing bodies, Tucker said he thinks there would be little effect on most of them. "MSD" is the most flagrant violator of the spirit of the law," he stated.

Tucker, 52, a registered pharmacist, sought and won nomination at the Cook County Republican convention in October, 1982 and went on to win the April primary. "I became interested in the office after hearing the Metropolitan Sanitary District had already spent more than 2-billion dollars on Deep Tunnel and had not stopped one drop of water from flooding my basement, and they intend to spend billions more. It seemed something had to be done and I

have the business experience and scientific business education to do it."

## PTC visitation evenings

Parents of Maine East students are invited to meet teachers at Maine East on Wednesday, Nov. 3 or Monday, Nov. 8, at the annual Open House nights.

parents A through L and Nov. 8 for those in the second half of the alphabet. Hours on both of these evenings are from 7-9:30 p.m.

Those planning to attend are urged to bring a list of their child's teachers and subjects

with them, and a teacher room location directory will be provided to parents as they enter the building. In addition, parents are urged to visit their child's counselor during the Open House evenings.

# If You Care About Human Rights, Read Royko Before You Vote

## Attack on Carey falls flat

# A dull hatchet

**Mike Royko**

If George Dunne really needed a political hatchet man, he could have made a better choice than Larry Bullock.

State Rep. Bullock is the legislator who popped up a few days ago with some racially inflammatory accusations against Bernard Carey, the Republican who is running against Dunne for County Board president.

Bullock said that, about a dozen years ago, when Carey was active in politics in his home suburb of South Holland, Carey led a "vigilante" group in trying to prevent the first black family from moving into that community.

Because Bullock is black, his charges were potentially damaging to Carey's efforts to win black support for his campaign.

**THE TROUBLE WITH** Bullock's charges, though, is that they appear to be totally false and were easily shot down.

Carey immediately called a press conference that was attended by black and white liberal supporters and—more important—by the first black family to move into South Holland.

And this family said that Carey, rather than having been an obstructionist, was helpful to them.

Bullock responded by babbling something to the effect that he had been talking about another black family.

Dunne, who would have been wiser to say nothing, added his self-serving two bits this way: "I would be more inclined to believe anything he [Bullock] said than anything Bernie Carey would say."

**WELL, I SUPPOSE** a politician is expected to be loyal to one of his hatchet men. But Dunne ought to be careful about how much trust he places in somebody like Bullock.

Bullock, it turns out, has had a palmy relationship with one of the strangest, most extreme, political fringe groups in America.

It is called the U.S. Labor Party, and its membership is composed of people who have about as much grasp of reality as the average inmate of a padded cell.

Their leader is one Lyndon LaRouche, a former left-wing Trotskyite who sniffed the wind and decided there was better pickings in extreme right-wing politics. So he smoothly shifted to a right-wing position that makes the John Birch Society seem moderate.

LaRouche has run for president, although most people would be intelligent enough not to notice.

He and his followers have a history of anti-Semitism, including accusing the B'nai B'rith of being deeply into heroin smuggling. They have many other colorful theories, such as a belief that Nelson Rockefeller was a cannibal, and that the queen of England was trying to have LaRouche bumped off.

They use a variety of front groups, including one called the Anti-Drug Coalition, which pretends to be working against drugs, but is really

rounding up campaign funds and political support for LaRouche.

Another front group is something called "Citizens for Chicago," which likes to pass out handbills on the street, accusing respectable public figures it dislikes of being prostitutes, pimps, perverts, drug dealers and paid agents of Moscow.

**WHEN I WROTE** about some of the U.S. Labor Party's front groups a couple of years ago, it responded just the way you would expect wackos to respond.

It launched a hysterical telephone harassment campaign and some of its members took to creeping around outside the door of my assistant's apartment.

I've written about a lot of unsavory groups over the years, but this was the first one that ever lurked in my assistant's hallway. When I threatened to buy her a Doberman, they went away.

Anyway, that's some of the background of the U.S. Labor Party and its appendages.

And this is an organization to which Larry Bullock has financially contributed.

**BULLOCK, ACCORDING** to research by the Chicago Lawyer newspaper, contributed money to LaRouche's presidential campaign in 1980. His contribution was listed in the records of the Federal Elections Commission.

He's also spoken at Labor Party functions, arranged for some of their members to appear at respectable political affairs, and has lent his name to some of their causes.

They've responded by providing him with large hunks of favorable publicity in at least one of their publications. Like any other politician, Bullock enjoys favorable publicity and will take it where he can get it.

When he was asked about his connection with the U.S. Labor Party, he said: "I'm nobody's dupe [but] if they find issues that I can work with them on, then I'll work with them on those issues . . ."

Well, when he's done doing his political hatchet work for George Dunne, maybe Bullock can explain some of these Labor Party "issues." I'd really like to know if Nelson Rockefeller was a cannibal and if the B'nai B'rith is in the heroin business and if the queen of England really has a contract out on LaRouche. Is she going to hit him with a bag of fish and chips?

The ensemble, formed in 1978, consists of 10 members who play all percussion instruments including vibraphone, marimba, xylophone, bells, chimes, tympani and drum set. The ensemble

also uses electric bass guitar and piano.

From symphonic to pop, the ensemble plays all types of music, and on occasion, some original compositions written by members of the group. Sponsored by the Slingerland/Deagan Drum Company, the ensemble is the only performing percussion ensemble in the Chicagoland area, offering concerts and clinics throughout the area.

"All my life I have been trying to prove that drummers are musicians too," Jerger added. "People are always surprised at how musical and entertaining our performances are."

Members of the ensemble are: Karen Ahndt, Skokie, Steven Barra, Mt. Prospect, William Hanley and Joanne Jerger, Des Plaines, Jon Hauvers and Jeffrey Villareal, Morton Grove, Joseph Leonard, Park Ridge; Joseph

Pusateri and Brian Sugrue, Evanston, Lorenz Diesbergen, Northbrook, and Mike Adamczyk, OCC guitar teacher.

## Zukowski cites opponent for "double-dipping"

Zukowski's opponent for the new 13th district State Representative race is Ralph Capparelli, a "double-dipper." Besides being a State Representative from the 10th district, he is administrative assistant to Harry Semrow, Cook County Commissioner, Board of Tax Appeals. Holding two tax-paid jobs simultaneously is not only gluttonous and morally wrong, but Capparelli's "double-dipping" may have contributed to the current bribery scandal at the Board of Tax Appeals. He may be innocent of taking bribes himself and may be innocent of conspiracy with the 28 already indicted and the 20 already convicted, but since he spends about 100 working days annually in Springfield, he was not able to be in

## End to consolidated election law asked

Reprinted from The Daily Herald, Arlington Heights, Illinois

Citing a 500 percent hike in the cost of suburban elections between 1979 and 1981, John M. Tomlin, Republican candidate for county clerk, Monday called for abolishing the new consolidated election law. "Taxpayers in the suburbs are paying five times today for elections what they paid just two years ago," Tomlin, 36, a special assistant attorney general, told reporters at a press conference Monday in Chicago. Tomlin backed up his charges with a chart prepared by the Northwest Municipal Conference showing that the 1979 Arlington Heights' general election cost \$12,040 compared to the \$215,314 collected for consolidated election in 1981. Similar increases were reported for other Northwest suburban municipalities. Election costs in Des Plaines increased from \$14,724 in 1979 to \$236,404 in 1981; in Elk Grove Village from \$9,725 in 1979 to \$228,476 in 1981; in Hoffman Estates from \$5,959 in 1979 to \$96,516 in 1981; in Mt. Prospect from \$25,000 in 1979 to \$159,600 in 1981; in Palatine from \$3,592 to \$96,140; in Prospect Heights from \$2,361 in 1979 to \$38,000 in 1981; in Rolling Meadows from \$4,170 in 1979 to \$94,254 in 1981; in Schaumburg from no election costs in 1979 to \$70,521 in 1981; and in Wheeling from \$11,862 in 1979 to \$99,869 in 1981. Tomlin acknowledged that the 1979 costs only included the cost

## Egan urges "yes" vote on Constitutional Amendment

State Senator Robert J. Egan (D-7th) is urging everyone to go to the polls Tuesday, Nov. 2 and exercise their right of freedom of choice by voting. In making his remarks Egan emphasized that he is hopeful voters will carefully consider the constitutional amendment on the ballot of which he was sponsor. The amendment would allow judges to deny bail to habitual and hardened criminals in certain cases. "This constitutional amendment is an important step in our efforts to remove dangerous criminals from the streets - where they are likely to commit more crimes as they await trial," Egan said. "This measure will allow judges, for the first time, to deny bail to individuals whose past record indicates that they are a serious threat to society. I am hopeful that people will see the utter importance of this amendment and vote for its passage."

## Moynihan attacks Annunzio's record

Jim Moynihan, 11th Congressional District Republican candidate for Congress, attacked his opponent as being wishy washy on social, defense, and economic issues including ERA, Abortion, the nuclear freeze, and high interest rates. Moynihan stated that the voters of this district have the right to know where their Congressman stands on these vital issues. Frank Annunzio has consistently confused and misled the voters. On the ERA issue Frank Annunzio voted for the 39 month extension of the ERA amendment ratification deadline but then voted to allow states to rescind prior ratification of the amendment. On abortion, Moynihan's opponent has consistently voted in favor of the Hyde amendment and other pro-life legislation, but in a recent suburban weekly article he was quoted as saying he opposes a constitutional amendment prohibiting abortion. He also refused to respond to a Pro-Life survey sponsored by the Pro-Life Movement. In the area of nuclear freeze, a major metropolitan newspaper pointed out that Annunzio voted both to freeze development of

## Jaffe survey shows major concerns

The Economy and Unemployment are the two major problems facing the State of Illinois today, according to a survey of north suburban residents. Crime and Education were named next, with the Environment a fifth, in a poll conducted by State Representative Aaron Jaffe (D-56th). The recession has adversely affected 55% of the respondents but most did not want funding eliminated for programs for the handicapped, the disabled, and rape victims (62% to 79% again). All of these programs have been cut by Gov. Thompson. Residents also did not agree with the governor's proposals to reduce elementary, secondary, and higher education funding (55 to 61% against) but were in favor of increasing state university tuition by 10% (62%). A whopping 94% did not want \$5 million allocated to help refurbish race tracks, just a 47% majority wanted \$86 million spent for new prisons, and 69% were against elimination of the anti-drug Metropolitan Enforcement Units.

of municipal elections in most cases but said even if township, park district, school district, library district and other taxing bodies had held elections quadrupling the 1979 election costs, taxpayers were still facing at least a 400 percent increase in election costs, he said. Tomlin placed the blame for the increased elections costs on County Clerk Stanley T. Kuser, Jr., who drafted and pushed for adoption of the consolidated election law. Tomlin alleged that the consolidated election law, which requires the county clerk to administer local election in odd-numbered years, was passed under the guise of saving taxpayers money. However, Kuser said that the main advantage of the consolidated election law is that it restricts local elections to five times a year thereby guaranteeing a larger voter turnout. Kuser said that prior to 1980 some taxing bodies would wear down voters by frequently holding bond referendums and some of these referendums were being decided by less than 2 percent of the electorate.

## Niles citizen honored for heroism

Niles Fire Chief, Albert Hoelbl (l) presented Niles resident, Walter Petroske, with a plaque for heroism at a recent Village of Niles board meeting. Mr. Petroske was honored for the quick actions taken during a neighbor's house fire in which he helped extinguish a fire and possibly saved the life of his neighbor. Stated Fire Chief Hoelbl, "Let it be known that Mr. Petroske gave freely of himself, without regard for his own personal safety and his actions limited the damage that the fire would have caused. More importantly, Mr. Petroske came to the aid of his fellow man by preventing him further injury and possibly saving his life."

## Morton Grove political party

All residents of Morton Grove are invited to attend the official formation of a new political party.

Concerned homeowners and taxpayers should mark their calendar for the night of Nov. 10 at the Morton House Restaurant. This meeting promises to begin a new era of people involvement in local government.

Because of one party domination, heavy tax increases the last 5 years and abuse of political power, many concerned people are planning to field a strong slate of candidates for the upcoming trustee election next April.

For information contact Roger Nolte at 966-8546.

## Workshop for dual-career couples

On Sunday, Nov. 7 from 1 to 4 p.m. the Adult and Family Center of Loyola Academy will offer a workshop for dual-career couples. Focus will be on some of the problems involved as well as some suggestions about how to successfully "juggle" the worlds of love and work. Issues such as negotiating household responsibilities, finding time for self, spouse, children and friends and nurturing intimacy in the marital relationship will be explored.

The workshop will be led by Patrick and Suzanne Ryan, a dual-career couple who both hold Masters degrees in Sociology and have extensive experience in this area of family life.

Pre-registration is required. For registration and further information, call the Adult and Family Center office, 256-11-ext. 39.

## Orchard Village... Car Wash...

Continued from Page 1

The entire north section of the building has been redesigned (Brim/Braun Assoc.) to meet the needs of a mental health center.

It now provides a comfortable client waiting room and efficient administration offices to better meet client needs. A conference room to serve as Library, Board Room and staff meeting rooms and three modernized counseling offices have been developed from remodeled space.

However, much remains to be renovated if requirements of the Center are to be met. Presently, funds are not available and must be raised. The broad range of programs for age groups from infancy to the aged in nursing homes makes necessary the use of every square foot of space.

A critical need is an activity room for the 50 post-hospital clients whose only socialization takes place at Orchard Center and who attend a variety of social, job-oriented and therapy groups. A patio and small interior kitchen would permit outdoor activities during good weather.

Plans for fund-raising are being developed by a Board Committee to start toward the end of the calendar year. They include approaching local industry for underwriting a specific project, appealing to the community-at-large for small donations and asking organizations to provide interior decorations, etc. If you wish to help realize the Center's goals for completion of its "facelift", please call 967-7300.

than vote to appeal the case. In other business, the Niles Village Board approved the issuing of Industrial Revenue Bonds for Preston Industries, Inc.

Preston, which has four subsidiaries including a marketing firm and a publishing house, wants to purchase a building at 7800 Merrimac to move its Norridge office to Niles. Preston Industries currently has offices at 6336 Gross Point Rd. in Niles.

The Village Board approved the sale of bonds not to exceed \$900,000.

The Niles Village Board also heard from Leaning Tower YMCA Administrator Marvin Lotz who reported on the progress of a planned addition at the Touhy Ave. YMCA. Lotz said the YMCA is currently looking for a bonding company which will provide investors in the addition a better return on their investment.

The planned addition calls for the construction of a new gymnasium with an indoor running track.

Lastly, the Niles Village Board accepted a zoning petition for a new restaurant in Niles.

The applicant, Rosemary Cosmano, requested a zoning change to permit the construction of a restaurant named Bella Rosa Stuffed Pizza and Ribs at the Golf Glen Shopping Center in the 9000 block of Golf Rd.

The Village Board sent the request to be heard by the Zoning Board.

## NFS sponsors Parent Education group

Niles Family Services is sponsoring a Parent Education group for the parents in the Niles area.

The purpose of this group is to provide support and an opportunity to improve your relationship with your children. We will discuss how to avoid the power struggles and the arguments while improving the cooperation and consideration for everyone in the family. To answer the most frequently asked question - no, it is not too late for the parents of a teenager to improve their relationship. In fact, it is very helpful to renew your relationship and look at your parenting of this boy or girl who wants to act like a man or woman. The methods you used to deal with them when they were 5 usually do not work when they are 15 years old.

Join us for an opportunity to improve your relationship with your child - and reduce the arguments and bad feelings. This group is not just for parents who are having trouble with their children, but also for the vast majority of parents who want to make their good relationship even better. The course will be held at Niles Family Service, 8060 Oakton st., every Tuesday at 7:30 p.m. The cost is \$20 and that includes all materials, including a \$7 workbook. The parenting workshop will be led by Dr. James Cisek and Janet Sullivan of Niles Family Service. For further information, please call Dr. James Cisek at 692-3396. Please call to register or if the fee is an obstacle.

## CJE Heritage Conference

Sexual standards, women's rights, marriage, changing social values and death and dying are issues that affect the elderly in the '80s. How are the "golden years" being tarnished by inflation, decreasing availability of benefits and inaccessibility to service programs? How must the community and family's role evolve in its responsibility to the elderly?

These questions will be answered at Council for Jewish Elderly's (CJE) Heritage Conference, titled "The Older Person and Family", on Monday, Nov. 1, 8:30 a.m. to 4:30 p.m., at the Palmer House.
