Calling the decision "a major, major step", Ashman said this

Holiday decorations

Every year the Village of Niles' Foréstry and Building & Grounds divisions work on decorating the town for the holidays.

The Forestry division men, Ken Piwko, Supervisor, Tom Glines, Frank Trioani, and Rich Vandini clean and check all light pole decorations during the week before Thanksgiving. They hung the decorations with the aid of the snorkel truck which has a 55 foot crane arm that extends up to the top of the light pole (30 feet high) so the worker can hang the ornament. The snorkel truck is mainly used in the Forestry division for trimming trees.

It took a little over a week to hang 100 pole decorations on Milwaukee and Waukegan. The Village owns 246 street light poles. The men had to carefully and evenly distribute the 100 pole decorations among 246 light poles.

The Forestry division helped the Building & Grounds division erect the Christmas tree at Dutchman's Point, the southwest corner of Milwaukee and Touhy.

The Girl Scouts trimmed the bottom of the tree and decorated it with their own handmade ornaments. Building & Grounds division men, Tom Olesky, Dick Szatkowski, and Mike Ventrello trimmed the top of the tree and strung it with lights.

Freeze group to seek MG Board support

Morton Grove supporters of the Nuclear Weapons Freeze will come before the Morton Grove Village Board at its meeting on Dec. 13. They will ask that the Board act as the agent of the majority's will, as expressed in the Freeze Referendum, by sending a message to the President and to Congress urging that the United States government propose to the Soviet Union an immediate bilateral nuclear weapons freeze.

Approximately two-thirds of the citizens of Morton Grove (66.47%) voted for the Freeze Referendum. At the Board meeting, Freeze Campaign participants will make brief personal and/or factual statements, explaining their deep concern about the ever more costly and dangerous arms race, and their conviction that the Freeze is the first necessary step on the long road to a saner safer world.

It is hoped that many concerned citizens will attend the meeting and voice their concerns and their opinions.

If the Village Board agrees to accept the Referendum vote as a mandate to act, Morton Grove will be joining eighteen other communities which have made their opinion known to the nation's policy makers, and will be encouraging others to follow the example. Finally the weight of public opinion may influence the people's representatives and agents in Washington.

The meeting will start promptly at 8 p.m. in the Village Hall, 6101 Capulina Ave.

Botanic Garden's Family Holiday Programs

Children of all ages are invited to attend the following holiday programs:

Tuesday, December 21 at 7 p.m.: An Evening with Santa; to hear "Twas the Night Before Christmas" and tell Santa your wishes.

Tuesday, December 28 at 7 p.m.: Holiday Folklore; an evening of story telling and singing featuring fairy tales depicted in the decorated trees and familiar holiday tunes.

The holiday exhibit, "A Fairy Tale Christmas" is open daily for public viewing at no charge from 9-4 p.m. from December 4 - January 2 (closed Christmas Day). A $1 parking fee is collected at the entrance to the Chicago Botanic Garden located on Lake-Cook rd., just east of Edens Highway.

Salesmen to solicit door-to-door selling cable service

Marcheschi: Cable TV in Niles by February

by Bob Besser

Cable television creeps closer to becoming a reality in Niles as village officials expect cable programming to be on Niles' television sets by the end of January or beginning of February.

Additionally, salesmen from Cablevision of Chicago, which was awarded the Niles franchise, will be soliciting door-to-door in Niles after January 1, according to Niles Trustee Angelo Marcheschi, chairman of the Niles Cable Committee.

Marcheschi said, during a recent interview, that Cablevision has recently been stringing wires in Niles using existing utility poles. By the time the wires are strung, Cablevision will have used 75 miles of cable in Niles, said Marcheschi.

Niles residents should expect to pay different prices for cable television, depending on which services they want. For $4.50 per month residents can get the minimum service which includes having the cable hooked into a home and the ability to watch local access channels.

With the basic service residents will receive all of the channels they currently receive though the reception will be "much better", noted Marcheschi.

The local access channels will include programs from area libraries, area schools, and surrounding park districts. Also the village will have a channel which will provide bulletins and information to residents.

Other services which will be available to Niles residents will include special movie and entertainment channels such as HBO, Showtime and Cinemax. Each of these channels are optional and cost $7 per month each.

Marcheschi said he expects no more than 35 per cent of Niles residents to subscribe to cable television. He bases that figure on the number of homes which have subscribed in other area communities.

Accountable income does include social security, pension and interest payments, dividends, plus earned wages.

Morton Grove Senior Citizen News

MEALS-ON-WHEELS DRIVERS NEEDED

The Morton Grove Health Department has expanded the Meals-On-Wheels Program for our seniors who are unable to cook for themselves. Due to the expansion we now need more volunteer drivers to deliver the meals. We would like to begin this new program by Monday, Dec. 13 but to be able to do this we still need a driver for Fridays and one for Tuesdays.

Delivering the meals entails giving one to one and a half hours of your time one day a week during the lunch hour. The meals must be picked up at Bethany Terrace Nursing Home and then delivered to the people on your route. The route will never have more than eight people on it at a time and usually only consists of five people.

Delivering meals to the disabled can become a very pleasant part of your schedule. These people are quite appreciative and they love to see a kind face at their door at lunchtime. If you are interested in helping with this program please call Marcy Amstadter, Meals-On-Wheels Coordinator, at 965-4100.

WHAT YOU'VE ALWAYS WANTED TO KNOW ABOUT WILLS

There are five good reasons to have a will:

1. You determine to whom, how, and when your property will be distributed - not the state.
2. You name your executor, who will manage and settle your estate according to your instructions.
3. You name the guardian who will raise minor children (if you still have any) and manage their property, subject, of course, to your spouse's natural right.
4. Your estate taxes often are reduced and sometimes are eliminated.
5. You also can memorialize your lasting interest in your favorite charitable organization. Gifts by will are an integral part of the American philanthropic tradition because they enable a person to make significant contributions which may not have been possible during life.

If you are considering writing a will and don't know how to get started, this very helpful and practical publication, "What You've Always Wanted to Know About Wills...But Just Put Off Asking", is available upon request. To receive your free copy, simply send your request to the Director of Development, Lutheran General Medical Center Foundation, 1775 Dempster, Park Ridge 60068 or call 696-6500 and ask for the brochure by name.

DON'T TAKE IT EASY - EXERCISE!

Most older people - even those with illnesses or disabilities - can take part in moderate exercise programs. Anyone planning to start a fitness program should see a doctor first. Those with medical problems may have to avoid some kinds of exercise or adjust their level of activity. But even people who are confined to wheelchairs can do some exercises to improve their strength and sense of well-being.

Many older people enjoy exercises such as walking, swimming, and bicycle riding. But there are other possibilities, such as modified aerobic dancing, calisthenics, and yoga. People who have kept in shape may be able to participate in a wider range of activities.

It is very important to tailor your program to fit your own level of ability and special needs. For example, jogging is not for everyone and may be dangerous for those who have unsuspected heart disease.

Exercise can strengthen your heart and lungs, lower your blood pressure, and protect against the start of adult-onset diabetes. Exercise can also strengthen your bones, slowing down the progress of osteoporosis, a bone-thinning disorder common in elderly women. It can strengthen and tone your muscles, and help you move about more easily by keeping joints, tendons, and ligaments more flexible.

When combined with good eating habits, exercise can help you lose weight or maintain your ideal weight by burning excess calories and helping control your appetite. Exercise may also give you more energy, help you sleep better and feel less tense, improve your appearance and self-confidence and contribute to good mental health by keeping socially active.

If you are interested in starting an exercise program you may want to consider joining the Walking Club to help boost your enthusiasm. Please call Marcy Amstadter at 965-4100.

Seek volunteers for home-delivered meals

Who helps the elderly remain living with independence and dignity in their own homes by providing home-delivered meals? The answer: the volunteers of Council for Jewish Elderly.

Right now, Council for Jewish Elderly desperately needs volunteers to deliver meals in East and West Rogers Park and Edgewater to elderly clients unable to make their own. Volunteers bring not only a hot meal, but part of the community into the lives of these seniors, who look forward to seeing someone on a daily basis.

Volunteers go out in teams of two at 10:45 a.m. and usually complete a delivery route within an hour and a half. Participants in the Home-Delivered Meal Service can select the day or days of their choice.

Without more volunteers, expansion and survival of this much needed service is threatened. If you are interested in being a volunteer, call Mrs. Shirley Garland at Council for Jewish Elderly, 973-4105.

Creative Drama for Older Adults

Acting Up! An Innovative Approach to Creative Drama for Older Adults is a newly published book about the Oakton Community College repertory theater group comprised of adults age 60 and over, which is authored by three Oakton lecturers.

The book, written by Marcie Telander, Flora Quinlan and Karol Verson, explores the experiences and techniques of the group whose tributes and reputation led to an invitation to perform at the National Conference on Aging in Washington, D.C. in April, 1982.

Fully illustrated with photographs, the book presents a humorous poke at the stereotypes and myths about aging, while demonstrating how to develop an elders' theater, from organization to warm-up activities, from leadership to storytelling and oral history, from solving group problems to public performance.

The authors, founding and guiding directors of the 6-year-old troupe, also explore intergeneration aspects and audience participation.

Published by the Coach House Press, the paperback text costs $9.50 plus tax. Copies may be ordered from the publisher, located at 53 W. Jackson, 718, Chicago, 60604, or by calling 922-8993.

Acting Up! is an improvisational drama group made up of men and women who write and perform their own work. "The cast believes drama is a good point of reference for audiences of all ages to share in an understanding that growing old can be a time of self discovery and creativity," according to current director, Karol Verson.

In a rare moment of serenity, members of the Oakton Community College traveling troupe, Acting Up! pose for the camera. Shown above are: bottom row (l-r) Estelle Jeral, Skokie; Bill Grousky, Chicago; Dorothy Finkel, Skokie and Ethel Lanski, Skokie; middle row, Sara Le Baitman, Skokie; Flo Echales, Skokie and Mamie Gertz, Chicago; top row, Bernice Weiss, Skokie; Birdell Provus, Skokie; Fred Abbott, Stone Park; Margaret Host, Skokie and Paul Giardini, Des Plaines.

The troupe's material which is humorous and sometimes outspoken, has been viewed by school and community groups. In addition, the troupe has offered special workshops for gerontologists, nursing students and others in the medical professions, as well as performances at gerontology and theater conferences throughout the state.

The traveling troupe is available for bookings and recently appeared on the NBC-TV shows, "Warner and You" and "Today in Chicago."

"Because of our ability to improvise on any subject that involves the elderly and create a skit virtually instantly, we were selected to perform on Channel 5's "Warner and You" to dramatize the subject of alcoholism and its effect on the elderly," Ms. Verson adds.

For further information on Acting Up! performances or workshops, call Leona Hoelting at 635-1974 or 635-1977.

Holiday Project Gift Wrap Parties

The Holiday Project is asking Chicago and the Metropolitan areas to "Turn on Your Heart this Holiday" and participate in a series of gift wrap parties scheduled thru December 19.

Volunteers from Chicago and the suburbs will gather together to wrap thousands of holiday gifts. Volunteers will deliver the gifts to over fifty area nursing homes, hospitals, and orphanages from Chanukah through Christmas Day.

The gift wrap parties will be held in area schools, homes, and also will be conducted by scouting groups. Carol singing and refreshments will be a part of the gift wrap parties.

The Holiday Project is a national, non-profit, volunteer organization which began in San Francisco in 1971 and has provided the opportunity for over 61,000 volunteers to participate in lighting up the Chanukah and Christmas Season for themselves and over 423,000 people confined to institutions.

"The holidays can be a depressing time for those confined to hospitals and other institutions and also for all of those who are alone. It is difficult to put into words the feeling of seeing an 85-year-old veteran shed tears of joy at receiving a holiday visit, and the sparkle in the eyes of a volunteer who has just completed delivery of gifts to an orphanage. The real story of The Holiday Project doesn't begin or end in a hospital room or a nursing home or orphanage. The real story takes place in the lives of the people who participate...the people who give that ultimate gift...themselves," said Yves Joseph, Holiday Project Chairperson.

For times, dates and locations of the gift wrap parties and more information on how to participate, contact The Holiday Project's 24 hour phone service at 374-9494 or 341-1431. Donations may be sent to The Holiday Project, Suite 1703, 600 W. Diversey, Chicago 60614.

Congressmen to intervene on Baha'i persecutions

The Baha'is of Niles received word this week that three U.S. Congressmen have called upon President Reagan to take steps on behalf of the persecuted Baha'i religious minority in Iran. Word was also received through the Baha'i National Center in Wilmette of 2 more executions of Baha'is in Iran.

In a letter Representatives Edward Derwinski of Illinois, James Leach of Iowa and Donald Bonker of Washington urged the President to express through American Representatives to the United Nations and other international bodies, "the moral outrage of the people of this country over the persecution of the Baha'is in Iran."

In the last week 2 Baha'is were executed in the Iranian city of Shiraz, one by hanging and the other by firing squad. In the past month 40 more Baha'is have been imprisoned, some already condemned to death for not recanting their faith. This brings to over 130 the number of Baha'is killed, usually those in a leadership position in the Baha'i community, while thousands are homeless and hundreds are forbidden employment. All properties, cemeteries and holy places have been seized or destroyed by the government, since the fundamentalist regime took power.

SJB 8th graders capture Conference title

St. John Brebeuf beat Immaculate Conception 39 to 33 to take the Blue Conference championship of the Chicagoland Basketball League. They are conference champions for the second year in a row with a perfect 10 win-no loss record. They will meet St. Nick's (Chicago), the Red Conference champion, in a replay of last year's Championship finale.

The 6 point margin of victory was the smallest this season. For the second game in a row, Cathy Bratek was voted "Star of the Game". She had her lucky charm at courtside and she scored a season high 13 points, along with 9 rebounds. Krista Eshoo had 8 points. Janet Rzepiela had 2 blocked shots to go with 6 points and 10 rebounds.

Kathy Lake took 2 shots and made them both. Eileen McAuley had 4 points and a game high 6 assists. Stacie Jakobi provided 2 points, along with a blocked shot.

The coaching staff held a post game closed door session and barred the news media. Afterwards Coach Jim Jekot indicated that the entire squad was flat. "In fact, the second squad played their worst game of the year" he said. The scoring stats showed 2 points for Shelley Giovannelli, 0 for Lori Colosi, Karen Beeftink, Kris Gotshall, Cathy O'Grady and Jennifer Stevens.

The final scoring stats issued by the league office showed the following points per game average: Eshoo 12.5, Rzepiela 7.9, Bratek 5.3 and McAuley 5.0.

Culver Girls' Basketball

The Culver Bulldogs have picked a girls' A squad for the 1982-83 season. The girls hope to continue their past winning tradition.

SJB 4th grade girl cagers

Fourth grade St. John Brebeuf girls have accomplished a "first" in the Niles community. After seeing their sisters and/or friends play basketball, they asked if they could also play. There were enough of them to field a team but no other 4th graders to play. When asked if they wanted to play in a 6th and 5th grade league, they said yes. Even after losing their first 2 games against the older girls they didn't give up. They won their 3rd game of the season by 2 points against the 5th graders of St. Raymond's of Mt. Prospect. The following week they lost by 2 points to the 5th grade team from St. Mary of the Woods of Chicago. This week they won by 2 points against the 5th graders of Mary Seat of Wisdom of Park Ridge. Each of these last 3 games were decided in the last ½ minute with the fans getting a treat of well-played games by both teams. The leading scores alternated many times. All played well.

The forwards are Jennifer Blase, Deborah Pierski, Sandra Diganci, Christine Filipowski, Jami Jakobi, Cheryl Bronder. The guards are Ronnie Callero, Paula Surace, Marlee Seiwert and Diane Okolita. Peggy Dowd practices with the team but plays on a 5th grade team.

Coach John Marusek organized this league 3 years ago with 8 fifth and sixth grade teams from schools in the area. This year 24 teams enthusiastically participated. He expects 32 plus teams next year. Schools from Niles, Park Ridge, Glenview, Morton Grove, Mt. Prospect and Chicago participated. Those interested in participating next year can call Mr. Marusek at 825-0364.

Mag Mites enter second session

A "Mag-Mite" is a boy or girl between the ages 4 and 8 who is experiencing ice skating and hockey for the first time. The program is conducted at the Niles Sports Complex by the Niles Park District. It costs $41.50 and includes a 45 minute skating lesson and a 45 minute hockey lesson each week for 12 weeks.

The second session registration starts December 20 on Monday at the Niles Sports Complex. The Park District can provide the equipment, all the parent has to do is bring the skater.

The second session will have 25 boys returning, some skaters have started pushing chairs and some skaters have played at the parks, but each shares the first experience of an organized program.

For more information concerning the program or registration, contact Dennis Soboj, Hockey Director at the Sports Complex 297-8010.

Niles student plays key role in Carthage victory

Niles area student Stan Kapka, son of Mr. and Mrs. Stanley Kapka, 7239 W. Conrad, Niles, played a key role in the Dec. 1 66-64 Carthage College victory over Rockford College.

The 6-foot-0 freshman guard came into the game late in the second half and in the second overtime period to play important playmaking and defensive roles for the Redmen.

"Kapka did a good job for us," said Head Basketball Coach Jon Swift. "He did a lot of things that don't show up on the statistics."

The victory gave Carthage a 2-2 record for the season.

Kapka is majoring in business and accounting at the college.

Carthage is a church-related, liberal arts college with an enrollment of 979 full-time and 394 part-time students, located on the shore of Lake Michigan in southeastern Wisconsin.

FNBOS reaches $300 million assets

As Erman G. Kramer, Chairman and Chief Executive Officer of the First National Bank of Skokie, put it, "75 years ago when our bank was founded in 1907, the initial founders and stockholders never dreamed their small country bank would someday top 300 million dollars in assets." "Yet", said Kramer, "that is the achievement of our bank and how fitting it is to have that achievement accomplished during the month of October, 1982 while our bank celebrated its 75th Anniversary."

With assets of 300 million dollars, the First National Bank of Skokie now ranks among the top 25 banks in the State of Illinois. Said James A. Carlson, President and Chief Operating Officer, "we have a proud tradition of serving the community, the only bank in Niles Township to keep its doors open right through the 1930's Depression, and we continue to do everything possible with efficient equipment, facilities, and professional personnel to maintain our competitive edge in serving our customers and the communities of the North and Northwest suburban area with the "personal touch".

First National Bank of Skokie has been located on the same corner of Lincoln and Oakton Streets in downtown Skokie since its founding in October, 1907. In the 1970's, the Bank embarked on a new building program which culminated in a landmark facility of 8 floors overlooking the Skokie Horizon. The Bank occupies 5 floors with the other 3 floors rental space.

Grandparents visit Stevenson School

The high point in the celebration of American Education Week at Stevenson School during November 1982, was **Grandparents Day**. On Friday, Nov. 19, all grandparents were invited to visit Stevenson School by their grandchildren.

The highlight of the day's activities on the 19th was a musical program in which the entire student body of 453 students took part. The program featured a wide variety of songs giving thanks for being American, for healthy life, and was sprinkled with a number of lighter selections about the fate of turkeys on Thanksgiving Day.

Students at each grade level presented a number of songs to their parents and grandparents finishing the program with the entire student body and visitors singing "America the Beautiful."

More than 50 Grandparents visited Stevenson School on the 19th. A majority of the students had written letters to their Grandparents inviting them to school for this special day. Needless to say, the Grandparents were extremely happy and pleased knowing that their presence was appreciated and desired by everyone at Stevenson School.

Niles West Holiday Music Festival

The strains of the "Hallelujah Chorus" resounding through the halls at Niles West High School these days heralds the approach of the annual Holiday Music Festival, to be held this year at 7:30 p.m. on Sunday, Dec. 12. The entire music department will be on hand, including the band, directed by Charles Groeling, the orchestra, led by Ted Kaitchuck, and the vocal groups, under the baton of Hugh McGee. On that Sunday, McGee will direct his 30th, and final, "Hallelujah Chorus" for the school, as he will retire from the system at the end of the current school year.

Highlights of the festival include the "Christmas Song" made famous by the Mel Torme recording, "Hanukkah Holiday Today" to celebrate the onset of that special time, and selections from "The Wiz," the student musical to be presented next March.

The traditional cookie baking contest, with entries being submitted by the music students, will follow the concert. Everyone is invited to partake of free refreshments while listening to the student Westones entertain and watching the judges nibble their way to first, second and third prize winning cookies.

The free concert will be held in the school auditorium, Oakton st. and Edens Expressway in Skokie, with refreshments being served in the student cafeteria.

SJB Library Program

During the month of November, Mrs. Judi Krupa, volunteer librarian at St. John Brebeuf School, has presented a puppet show to the children. In keeping with the spirit of sharing and being thankful, she adapted the story "The Giving Tree" by Shel Silverstein. The puppets representing a boy at various stages in his life were all handmade by Mrs. Krupa, as well as the tree which also changes through the years. Besides her creativity, she is an adept storyteller keeping the children spellbound throughout her narration.

The library presentations for the children change each month using different topics to make the students aware of the needs and feelings that are all very much a part of human nature belonging to everyone.

St. John Lutheran Children's Christmas program

All the children of St. John Lutheran Sunday School and Christian Day School will be presenting their Annual Christmas program on Wednesday, Dec. 15, beginning at 7:30 p.m. in the Church Sanctuary. The Church is located at 7429 N. Milwaukee Ave. (near Harlem) in Niles.

This year's theme for the Children's Christmas Program is "Children, Sing of Christmas". More than a program, this is a worship service with pageantry.

Under the direction of Mrs. Karen Gallagher, Director of Music at St. John, the Sunday School and Day School children from grades pre-school thru eighth will participate. The congregation will join the children in singing several favorite Christmas hymns.

The Rev. Dr. Clyde Duder of Concordia College, River Forest, will deliver a short message.

The children of St. John invite friends in the community to come and share in this special gift from them at Christmastime.

A time for fellowship and refreshments will follow the childrens Christmas program in the school gym.

Blase...

As the possibility seemed sure that the U.S. Supreme Court will rule on the controversial handgun ordinance, following Monday's ruling by the U.S. Court of Appeals that the ban is legal, Blase said he expects other municipalities around the country will follow Morton Grove's lead.

If the Supreme Court rules in favor of Morton Grove, said Blase, there will be "a rash of communities doing what Morton Grove did...it will set in motion the outlawing of handguns."

Blase admitted being "surprised" by Monday's decision though he said, "I think now the (Morton Grove) ordinance might have a real chance. It appears to me, as a lawyer, the ordinance has a better chance of being upheld in the higher court than ever before."

On a related topic Blase said he doubted organizations like the National Rifle Association, which has threatened to try and defeat at the polls the Morton Grove trustees who supported the handgun ban, could have an impact on local elections. Blase stated, "I don't think you can affect local elections...with a bunch of outsiders and money."

Handgun ban...

Continued from Page 1

decision should lay to rest claims by anti-gun control advocates that they have a constitutional right to own a handgun.

"The National Rifle Association had educated the public to think this way...and they are dead wrong," said Ashman.

Ashman added the Monday court decision "really broke the barrier" surrounding gun control by issuing a definitive statement about the right of a village to outlaw the possession and sale of handguns.

Morton Grove Trustee Don Sneider said Monday he thought anti-gun control advocates will appeal the Monday decision. "I'm sure they will appeal to the Supreme Court," said Sneider.

Ashman also said he expected an appeal to the U.S. Supreme Court. "From the standpoint of what the other side has said in the past, they, of course, will appeal the decision."

The three-judge U.S. Court of Appeals voted 2 to 1 on Monday to uphold the handgun control ordinance. In his opinion for the majority, Appeals Judge William J. Bauer wrote, "History may prove that the ordinance cannot effectively promote peace and security for Morton Grove's citizens...such issues, however, are not before the court. We simply hold this ordinance is a proper exercise of Morton Grove's police power."

In outlining a rough schedule of how long the case will take to be ruled on by the U.S. Supreme Court, if it is appealed, Ashman speculated it could take another two years. The high courts, said Ashman, would not even decide whether it would hear the case for another six months to a year.

Though the Supreme Court is generally considered to be philosophically conservative, Ashman felt they would rule on behalf of Morton Grove. He said this Supreme Court generally rules to "let the people decide (such issues) and that the courts should not interfere."

The Chicago-based Jenner and Block law firm has assisted Ashman during the various court battles since the ordinance was adopted in June 1981.

The handgun ordinance is also being challenged in Illinois courts. The Illinois Appelate Court is scheduled to hear the case though no date has been set.

Police chief suggests holiday precautions!

With the holiday season upon us, Police Chief Larry Schey reminds citizens that this is the time of the year we have more to lose. By taking a few extra precautions you may be able to reduce your chances of becoming a victim.

This is the season for giving, sometimes the season for taking, says Chief Schey, while holiday shopping be aware of your personal possessions, especially in large crowds. Women should hold onto their purses and carry with them only what's needed for their shopping. Place your money and credit cards in a pants pocket or vest pocket, try to stay away from using a wallet, in case it is stolen.

Use your car trunk to store those purchased gifts, keep all items out of sight and be sure to lock all the doors. If you must keep gifts inside your car cover them up with something to keep them out of sight.

At home try not to display large amounts of gifts in open view to the outside. It generally is a good security practice to keep all valuable possessions out of view from the outside.

Take time to increase your security. Check the operation of all your locks to be sure they are in proper working order. Add additional locks where needed and be sure to use them.

Use exterior lighting, burglars don't like to be seen.

Chief Schey reminds us to be alert to suspicious persons or activities. Be sure to report any occurrence of suspicious incidents to the police.

Take the time to make your holidays safe and enjoyable. You work hard for what you have, don't let someone take it away from you.
