Niles village trustee incumbents are getting another free ride in April's upcoming village election. Messrs. Marcheschi, Murphy and Ottow, all originally Blase appointees, will be running unopposed except for possible write-in candidates.

This is getting to be a bad habit. Based on recent past elections, Blase and his friends are getting a free pass in Niles. Defenders of the Blasemen would say the village is being run so well there's no need for a change. Perhaps, but others might feel there is little chance of beating the 22-year entrenched political machine so why should anyone waste several months of effort only to be crunched at the polls in April. It happened to Elaine Heinen and her supporters so why get ground up by the Blase machine?

We prefer a fight, not just because it's good fodder for our columns, but because the good fight should always be made. We really don't know the odds opposing the Blasemen but issues and ensuing debates would be helpful in the endless quest to improve the community.

Interestingly, we use the name "Blasemen" to describe the Blase forces. There's one former Blase appointee who was re-elected and is now sitting on the board who can't be described as a Blaseman, a Blasewoman or

Morton Grove Mayor Richard Flickinger was hospitalized on Thursday, January 27 after contracting pneumonia.

Flickinger, 66, had recently begun returning to his village hall office following his successful recovery from a heart attack.

Morton Grove official Jim Sloan said on Thursday that Flickinger was hospitalized as a precaution because of his recent medical problems. Sloan said Flickinger may be released from the hospital as early as this weekend.

Board members of East Maine School District 63 scuttled four administration proposals for redistricting of district schools in favor of three options drawn up by board members at a committee-of-the-whole meeting Tuesday, Feb. 1.

About 60 parents attended the meeting in Apollo school, Des Plaines. No votes can be taken at a committee-of-the-whole meeting and it is open to the public.

School Superintendent Donald Bond said nine goals were kept in mind when administration redraw possible school district boundaries.

Bond said the goals would place about 415 students in each school, move as few students as possible, increase student population in both Melzer and Washington schools, keep neighborhoods as close together as possible, keep

**Niles trustees run unopposed**

Niles three incumbent trustees, up for re-election on April 12, will face no opposition, according to Niles Village Clerk Frank Wagner.

Following the Monday deadline for candidates to turn in petitions, Wagner said he had only received candidacy from incumbent trustees Angelo Marcheschi (r), Orville Ottow (c) and Bart Murphy (l).

The three trustees up for re-election will campaign under the banner of the "People's Economy Party."

Angelo Marcheschi, who has served five terms as a trustee, said he is running for re-election because he continues to "be interested in the village. I want to make a contribution."

## Niles Chamber Report

Curt Hockett, Executive Director of the Niles Chamber of Commerce & Industry presented the following report to the Niles Village Board on Tuesday, January 25.

President Blase, Members of the Village Board... We appreciate this opportunity to bring you up-to-date on the progress and activities of the Niles Chamber of Commerce & Industry.

(1) We finished 1982 with 77 new members... and we are holding 13 additional applications which have arrived this month. We began 1983 with 186 members, and today we are proud to claim 270 firms as Chamber members. That is a net gain of 84 members.

Three major reasons for our excellent growth rate are having a part-time Membership Solicitor visiting businesses in person; an aggressive new Group Insurance Agency; and an excellent promotional letter from Mayor Blase to all Niles businesses not affiliated with the Chamber.

(2) Our newly elected officers for 1983 are:  
President... Cliff Crestodina, President, LogiCom, Glenview  
V.P. - COMMERCE... Lorene Wickham, Director of Marketing, GM Merchants Assn.  
V.P. - INDUSTRY... Irwin Coats, Office Manager, Wells Lamont Corp.  
TREASURER... Charles Kohlerman, Asst. Village Manager, Village of Niles  
IMM. PAST PRESIDENT Phyllis Galanter, V.P. Administration, Debbie Temps., Inc.

(3) In November, we signed an agreement with Chamber Employee Benefits, representing Iowa State Travelers, to write Group Health, Life and Dental Insurance for our members. Their rates are the most reasonable we could find, and they have guaranteed them for 12 months. In the first two months of the program, they have enrolled 49 Chamber members... that's more than double our previous coverage during 15 months with another Group Carrier.

## Chamber Director lists accomplishments and goals

(4) Bernadine Reid became our first Citizen of the Year on December 7, at the Chamber's Annual Christmas Dinner-Dance. 106 members and friends attended.

(5) Chamber Beautification Awards were presented to the new Venture store on Golf Road, and the Doctors Emergency Office-center at Howard and Harlem.

(6) As a follow-up to our August Survey and Industrial Vacancies in Niles, which showed a 7% vacancy rate, we are preparing a suggested Economic Development Program which will be submitted to the Village in 30 to 60 days. We agree with the Mayor, that those communities who aggressively promote themselves will succeed in attracting new, highly-technical firms, as well as the service, warehouse and light manufacturing companies already being attracted here. Such a program must focus on maintaining high quality services to our current business residents. Involved with the Chamber in planning this program are Village Officials, Industrial Brokers, the Northern Illinois Industrial Association and the Office of Business Development of the Illinois Department of Commerce and Community Affairs. (Industrial Space - 9,200,000 sq. feet... 7% = 640,000 sq. feet).

(7) On February 15, our incoming Board of Directors will hold a full day Planning Conference at the Hyatt Regency O'Hare.

(8) On February 23, we will hold a Seminar on "How to Properly File A Medical Insurance Claim to Prevent Delays in Payment".

(9) Our January 18 Seminar on "Cash Flow and Collections" was a success thanks to the co-sponsorship of the Village and the Independent Business Association of Illinois.

### Seek candidates for Dist. 64-207 school boards

Potential candidates for five vacancies on the Park Ridge-Niles School District 64 Board of Education and for two vacancies on the Maine Township High School District 207 Board of Education are being sought by the Nominating Committee of the General Caucus of School District 64.

Potential candidates who complete an application will be invited to interview with the Nominating Committee. The Nominating Committee will recommend ten individuals for District 64 and four individuals for District 207 to the full Caucus for consideration. The full Caucus will then interview each potential candidate and select five District 64 nominees and two District 207 nominees to support in the fall elections.

Applications may be obtained from Norm Dymneson (823-8379) or from Rita Corkill (898-0206). In existence for more than 50 years, the Caucus attempts to insure that persons of ability are candidates for vacancies on the local boards of education without regard to political allegiances.

The Morton Grove trustee election scheduled for April 12 has begun at a white hot pace following a shotgun being used as a doorprize during a recent fundraiser by the We The People party in their bid to unseat incumbent trustees. The shotgun was given away during a January 18 fund raiser at the October Five restaurant, 8800 Waukegan Rd.

The shotgun, won by an employee of the Morton Grove Chamber of Commerce, was donated to the We The People party by the Marksman Police and Shooters Supply of Glenview. Despite the appearance of using the shotgun prize to rekindle the controversy surrounding Morton Grove's handgun ban, We The People candidates Seymour

The Owen L. Coon Ocular Center of The Evanston Hospital is now open for patients with eye problems requiring special equipment and expertise.

The most complete medical facility in the suburbs for eye diseases and problems, the center's capabilities include ophthalmic photography; diagnostic ultrasonography; argon laser treatments for retinal disease and glaucoma; and electrophysiologic testing, including electroretinograms, electro-oculograms and visually evoked responses. The Owen L. Coon Ocular Center is co-directed by the head of the ophthalmology division, Dr. Lawrence J. Larson, Jr., and by Dr. Frank P. LaFranco. The center is staffed by physicians trained in five subspecialty areas and benefits from its teaching affiliation with Northwestern University Medical School. ## Dog mess irritates Niles boy

Dear Editor:

I am 13 years old and I am also a student at Gemini Jr. High. Where I live along Washington St. there is a pathway of bushes on the edge of the McDade's lot where I see a lot of dog excrement. There are numerous signs along the pathway stating "No Dogs Allowed". And nobody ever obeys those rules. You have to tiptoe into the lot without stepping in it. There should be something done. Either have stricter village rules or more police patrol in that area. And this is also a bad influence on us from people that move to our town. I hope the village will take these ideas into consideration.

Thank you,

## Another Hanson fan?

Dear Editor:

In the last issue of the Bugle there appeared an article from Steven Kasper in Arlington Heights (Arlington Heights - you mean others besides us local peasants read the Bugle?). The letter made reference to Diane Miller's hilarious article about her experience with the telephone company service. I, too, got a chuckle from it but I doubt that the telephone company would since they pride themselves on their service. It is also true as Mr. Kasper stated that too many establishments provide shoddy work and give poor service. However, I must point out with civic pride that there are several restaurants in Niles and surrounding communities that still provide efficient and courteous service at reasonable prices.

The letter also mentioned Ed Hanson. This individual has been taking up valuable space in the Bugle for many years. Several

years ago I wrote a letter to the Bugle that his writing was on a fifth grade level. I was concerned at the time that I might get angry protests from the fifth graders relative to the comparison. In the years since, his writing has not improved. For some time he was a shill for a well known restaurant on Milwaukee ave. but apparently he is not free loading there anymore since his attention is directed to other places. This space could be better utilized by a return to the column "From The Other Hand" written by Diane Miller. It was witty, interesting and informative, and was one of the bright spots in the Bugle. I always read that column before I read the other 'hand'. Sorry Bud. Let's have more of Diane's well written columns and less of Ed Hanson's drivel.

## Handzel clarifies Brownstein's status in NTRRO

Dear Editor:

Your September 16, 1982, front page article entitled "Brownstein denies leaving Niles Township GOP group" verified several points and left one point for additional clarification.

For one, Don Schollenberger, chairman of the Citizens of Niles Brownstein, verified that Brownstein is an active member of the Evanston Township Regular Republican Organization.

Secondly, Schollenberger suggested that Brownstein is not an active member of the Niles Township Regular Republican Organization. This is true! He has refused to accept any positions of responsibility to raise funds and work a precinct for the local party unit of which I am the elected committeeman.

Thirdly, he has not attended any meetings and/or social functions of the present administration in which he holds no office or committee position due

to his own choosing although he resides in Niles.

Fourthly, he is not a life member of the NTRRO, as Schollenberger states, because no such membership category exists in my organization.

It should be noted that an entirely new organization had to be formed in May, 1982, because of the mismanagement of the Nimrod and Kearney administrations of which the former Deputy Committeeman was a part.

NTRRO was originally chartered in the State of Illinois in May, 1950. The charter was allowed to lapse in 1975, and Nimrod and Kearney personally collected funds with no accountability and/or opposition until I campaigned and won in March, 1982.

In May, 1982, a new NTRRO was authorized by the State with no relationship to the organization that failed to renew its charter in 1975.

I hope the above clears up some of the confusion surrounding Brownstein and the NTRRO. Once again, I wish him well in Evanston Township.

Patricia Reis Handzel,  
Committeeman

## "Food Pantry" at Edison Park Lutheran

Last year, Edison Park Lutheran Church established a "food pantry" in order to help the hungry of our area. Pastor Thomas Housholder said, "The program is designed to help those who are in financial difficulty. As the government cuts back its help, the churches have a great opportunity to come forth with aid."

The plan is that as each adult member comes to church, on the first Sunday of a month, that they bring some type of canned food to be placed in the food baskets that are at the rear of the church. The cans of food collected will then be distributed on a rotating basis to various churches and agencies.

If you wish to participate in this worthwhile program, you may bring your donations of canned goods to the church office, located at Avondale and Oliphant avenues, Chicago, from 8:30 a.m. to 5 p.m., Monday through Friday.

## Provisional license for teens proposed by Edgar

Calling it a reasonable and responsible alternative to raising the minimum driving age to 18, Sec. of State Jim Edgar Wednesday discussed details of his legislation to be introduced this session that would establish a provisional license for 16 and 17 year-old drivers.

Some form of provisional licensing for drivers under age 18 is currently used in 17 states. Edgar's legislation has the support of the Illinois Motor Vehicle Laws Commission and will be sponsored by state Sen. John Davidson (R-Springfield) and Sam Vadalabene (D-Edwardsville). The legislation would require that: 16 and 17 year-old drivers receive three-month drivers license suspensions for such traffic convictions as speeding; Repeat offenders under 18 receive one year suspensions if the second offense occurs within one year after the first.

Currently, all drivers convicted of three traffic violations in a 12-month period receive from two to 12-month suspensions, depending upon the severity of the violations.

Edgar said that approximately 15 percent of Illinois' total of 285,000 licensed 16 and 17 year-olds had at least one traffic conviction on their driving record in 1982, and would, therefore,

receive a three month suspension of driving privileges under a provisional licensing plan.

Approximately four percent of Illinois' 16 and 17 year-old driving population had two or more traffic convictions and would receive a one year license suspension under the proposal.

"This provisional licensing proposal for 16 and 17 year-old drivers is a reasonable and responsible alternative to raising the driving age to 18 and would effectively address the behavioral aspect of young drivers," Edgar said.

"Most young people aren't involved in accidents or disobey the traffic safety laws because they don't know the rules of the road or how to properly handle a vehicle. Most accidents involving young drivers are the result of speeding or drinking, or some other behavior, and not a lack of knowledge or skill.

"Provisional licensing zeroes in on the irresponsible, immature drivers and is a more responsible approach to the problem than raising the driving age. Mature young drivers need to drive to school or work. We shouldn't punish all young drivers for the actions of the minority, we should focus on the problem drivers as this provisional licensing proposal would," Edgar said.

## Jaffe to co-chair Investigation Commission

Aaron Jaffe, 56th District State Representative, was elected Democratic Co-Chairman of the Illinois Legislative Investigating Commission Tuesday in Springfield.

As the investigative arm of the General Assembly, the bi-partisan Commission investigates matters of interest to legislators, when directed to do so by either House or Senate resolutions. It then reports on its findings and may make recommendations for legislation. Representative Dennis Hastert (R-Yorkville) was elected to the other co-chairmanship.

Jaffe has been a member of the Commission since 1977. Under his sponsorship, the Commission conducted a four-year investigation into child abuse in Illinois. Jaffe is Chairman of the Illinois

Rape Study Committee and sponsored the Rape Victim Treatment Act, the Rape Victim Shield Act, and the law mandating police training in handling rape cases. He also actively supports education, gun control, women's rights, and environmental protection. The Illinois Environmental Council voted Jaffe "Environmental Legislator of the Year" during each of his previous six terms in office.

Jaffe also received the "Best Legislator" award from the Independent Voters of Illinois-Independent Precinct Organization during each of his six terms, and in 1982 received the Illinois Psychological Association's Distinguished Service Award "for representing the mental health and education needs of Illinois citizens."

## NI-Gas warns residents of impostors

Northern Illinois Gas (NI-Gas) today warned customers to be alert for persons posing as employees. Most service calls are made

only at the customer's request. Occasionally, employees may need admittance to obtain a meter reading, exchange a meter, relight pilots, check gas appliances or turn service on or off during main construction.

When this occurs, customers are encouraged to ask for caller's identification card to confirm the person is a NI-Gas representative. Each employee carries a card with a photo, name and signature. Since any charges are included in regular bills, employees never collect money from customers for service work performed.

If the caller cannot be confirmed as a gas company employee, contact local authorities or nearest NI-Gas office listed in the telephone directory, the company advises.

## What other S&L gives you gifts like these just for opening a CD?

### Presenting Cragin's new 42-Month CD

It's not unusual to get a gift like a toaster or an umbrella for opening an account of some sort. But have you ever seen an array of gifts like those Cragin is offering to investors who take advantage of our new 42-month CD?

The comic murder caper is directed by Harry Lee Rodgers, multiple Joseph Jefferson award winner, who has numerous Broadway, television and film productions to his credit. His directorial work has most recently been seen in Chicago at Front Row Center in

## ED HANSON

Meet Master  
Woon Sik Shim...

I met him last Friday evening when I attended his 37th birthday party. It was held at 9073 Courtland, Niles where his TAE-KWON-DO & YOGA KOREAN KARATE INSTITUTE is located. He's a little fellow, slim and trim, who looks far younger than his 37 years. He must have discovered the secret of perpetual youth because if I owned a tavern I'd ask him for an I.D. before I'd serve him a drink. But it would never happen because Woon Sik Shim doesn't drink or smoke and his clean cut good looks bear this out. Shim, formerly a member of the South Korean Army, (he taught Karate having been a star athlete in soccer and tennis) has been practicing the martial arts since he was five years of age. In fact, he teaches a children's class, age 5 years or even younger. The children are taught the basic forms and techniques much in the same manner as an adult's class. And, grades and belts are given out to even these younger children. Shim is a 7th Degree Black Belt, and he is assisted by Miss Hae of Rhee, 4th Degree, his brother Weon Shim, also a 4th Degree and several senior students. Students range in age from the very young to the old, male and female, and come from all walks of life, i.e. grade school, high school and college students, policemen, firemen, security agents, nurses, teachers, merchants, and businessmen. Shim also provides special private classes for students who feel more confident and secure in that sort of environment. Karate is not intended for attack, but rather for defense. The school teaches physical and mental discipline and does not advocate or encourage students to become "toughs or bullies", and those who wish to be are quickly weeded out and dismissed as students. The motto of the NILES-TAE-KWON-DO-INSTITUTE says it more eloquently than I can; namely: "To Serve, To Strive, But Not To Yield." Its tenets are: Courtesy, Integrity, Preservation of Control, and Indomitable Spirit. On this page is a picture of Woon Sik Shim, Master 7th Degree Black Belt. I can tell you he is a very fine man. He showed me a few holds last Friday, and he can break a beer bottle or thick brick with his hands and when you shake hands with him, as I did, you feel this power. After we both squeezed hands, Shim said to me, "Hey! You very strong guy! ...you should take course." I just might take him up on that...The Concrete Jungle in which we live today humiliates everyone, particularly women, to take this course so that they can defend themselves in an emergency wherein the only person you can count on is yourself. Call Master Woon Sik Shim, 966-3322 for more information.

And to Mr. Steven Kasper: In regard to your saying I never say anything "profound", I am reminded of the words that the Saturday Evening Post, when it was America's top magazine, sent to Oscar Wilde when he was at the height of his writing fame. "\$50,000 for 50,000 words" was the wired message sent to Wilde. And Wilde wired back this message, "I don't know 50,000 words." Well, Mr. Kasper: "I don't know what the word "profound" means.

## "Deathtrap" cast announced by Pentangle

Pentangle Productions announces its cast for the upcoming production of Ira Levin's comedy-thriller, "Deathtrap". Roger Bardwell of Evanston plays Sidney Bruhl, a famous writer of thrillers, who desperately needs a hit play to put him back on top. When Clifford Anderson (Len Foley of Chicago), an aspiring playwright, sends Bruhl a thriller called "Deathtrap", Sidney recognizes it as a sure-fire smash hit. Much to the horror of his wife, Myra (Elna Wilke of Mount Prospect), Bruhl plans to murder Anderson and steal his play. That isn't all that happens, of course; before "Deathtrap" ends there are many brilliant plot twists and turns. Also appearing in "Deathtrap" are Barbara Cassinelli of Palatine as the nosy psychic, Helga ten Dorp, and John Fuller of Park Ridge as Porter Milgrim, Bruhl's lawyer. Cathy Davis of Wheeling is the director. "Deathtrap" will be presented February 11, 12, 18, 19, 25, 26 at Einstein School, 345 W. Walnut, Des Plaines. The school is located about 1/2 mile east of Elmhurst rd. on Dempster st., and 3 blocks south of Dempster on Marshall dr. Performances begin at 8 p.m. Please call 670-0720 for ticket information.

## First Federal

First Federal of Chicago today announced that it has reduced the limits of its 18-month variable rate retirement certificate. The small investor can now open a tax sheltered retirement account at First Federal for as little as \$100, and make additional deposits of at least \$25 until the full annual contribution allowed by the Internal Revenue Service (\$2,000) is reached.

First Federal's previous 18-month variable rate certificate required a minimum opening deposit of \$500, and minimum additions of \$100.

In making the announcement, Timothy F. Burns, senior vice president - marketing, said,

even a Blasperson. Carol Panek fits none of these categories. The former League of Women's member who would likely walk on the other side of the street in future elections. She got stepped on very badly by Blase when he took charge of the choice of cable TV companies for Niles. Carol, who spent 18 months as chairman of the cable TV company committee studying the matter, recommended another company and received an instant Niles political lesson when the Mayor grabbed the ball from her and chose his own TV company. His arbitrary and dictatorial effort smashed any of Carol's illusions. Not only did Carol and her committee members favor another company, but a joint group of northwest suburban communities also recommended the Panek committee-preferred company also be chosen. But Nick Blase let everyone know he is the master puppeteer in town, and when he pulls the strings, all the board members dance. That is all except Carol. She resigned her chairmanship. She likely also resigned her place in the exclusive Niles-Blase's private 6-man club.

Come April, Nick will have 3 of "his" boys (puppets?) running unopposed. It isn't a healthy situation.

Morton Grove's village trustees got themselves in a bind last week. Parents from school district 63's Nelson School asked the board to pass a resolution opposing busing Nelson students to Melzer School. What seemed a very routine request was unanimously adopted by the board. Subsequently, Melzer school parents began calling the board members criticizing the village board's action.

What Morton Grove's board did was considered a "No-No" among public boards. It is neither wise nor proper for one public board to cross over into the

all five schools open, include community desires and provide two classes at each grade level. Also, attempts would be made for as many students as possible to walk to school and, finally, take into consideration that no plan could be perfect.

Al Hanhart, board member, proposed students from both Courtland Park and the north-west sector of the district be taken from Twain and Nelson schools and placed in Washington school. He suggested 66 children be taken from Stevenson and placed in Nelson; 78 students each from the Suffield-Oriole and Churchill-Washington areas be placed in Melzer school. This would probably result in student populations of: Washington, 391; Twain, 548; Melzer, 369; Nelson, 390; and Stevenson, 379.

A variation of this plan would include 46 students from the Hollyberry area taken from Twain and placed in Stevenson resulting in 502 Twain students and 425 Stevenson students. Another plan would suggest students from Courtland Park and the Northwest sector be taken from Twain and placed in Washington; about 125 students from the Church-Cumberland and Washington-Arcadia areas be placed in Melzer and 66 students from Stevenson placed in Nelson. Possible student population would be: Washington, 391; Twain, 548; Melzer, 369; Nelson, 390; and Stevenson, 379.

Sixth-graders will probably be given the opportunity to finish at the school they now attend or switch to another school. Numbers included above are based on the premise all sixth graders choose to move but would probably not vary much. Board members discussed student walking, busing, safety factors and neighborhood closeness. Bond said board members must consider numbers when drawing up a three to five year plan. He said attrition at each school means a student population of at least 350 would be best.

### FREEZE . . .

Continued from Page 1

Proceeds from this benefit will help send a strong delegation from this area to Washington on March 7-8 to participate in the Citizens' Lobby for the Freeze, among other uses. Meanwhile Freeze groups will be obtaining signatures on statements of support for the Freeze to be taken by the lobby groups to Washington to present to their Congressmen and Senators.

### Niles Chamber. . .

Continued from Page 3

(10) June 20, is the date for our annual Golf Outing, which will be held at Indian Lakes Resort in Bloomingdale.

(11) Also in June, we will co-sponsor the 3rd Annual 10 Kilometer Run for People Who Count, with the Golf Mill Merchants Association and the Variety Clubs of Illinois.

(12) The weekend of July 9-10, we will co-sponsor the first Taste of Niles at Golf Mill. Included will be sidewalk sales, continuous entertainment, prizes, and a Community Dinner-Dance on Saturday night.

(13) At our February Board Meeting, I will recommend that the Chamber sell Carbon Monoxide Testing Kits as part of our 1983 Holiday Art Fair. This is the one time each year we have direct contact with Village residents. I will also recommend that merchants establish a uniform discount policy for our senior citizens who make up 10% of our local population. We want this significant group to be able to do all their shopping in Niles.

(14) We are working with Niles Post Office officials to bring to our business community the highest quality mail service possible. Finance Department, Local Merchants, the Illinois Retail Merchants Association, and the Illinois State Chamber are projecting an increase in 1983 retail sales of 7% to 10% for the 12-month period. We feel very few communities in Illinois will enjoy that degree of success.

(15) Based on information available to us from the Village Finance Department, Local Merchants, the Illinois Retail Merchants Association, and the Illinois State Chamber, we are projecting an increase in 1983 retail sales of 7% to 10% for the 12-month period. We feel very few communities in Illinois will enjoy that degree of success.

(16) Our Officers and Board of Directors are keenly aware of the key role this Board and Village Staff have played in our success this past year. We will need your continued support and your involvement throughout 1983 if we are able to reach our full potential.

### Lice . . .

Cont'd from Skokie-L'wood P.1

Because of the close contact among school children and the large numbers involved, schools are often the first to identify a lice problem. Schools then receive the blame when children are sent home with lice. Schools are not generally at fault. The largest numbers of new cases are found after vacations and holidays.

Huckleberry has been in contact with each public school superintendent and is convinced that they are all quite aware of the current problem and they are all taking actions to control the situation. The school officials have been advised of the resources available through the health department and have expressed the need action. Most of the schools have used information from the health department to help develop their current lice control policies and procedures. The health department also consults regularly with the private schools in Skokie.

Huckleberry says that lice have infested humans in all parts of the world since ancient times. It is not likely that we will completely eradicate this problem. It can however, be minimized if parents, school officials and health department staff work together.

### Gun prize . . .

Continued from Page 3

Primer and Richard Schnell deny this will be an issue in the upcoming campaign.

"We will not make a point of the gun issue," said Primer during a Tuesday interview. Schnell said the shotgun was "not a statement" but he did say, "I think it was a nice gift."

However, incumbent trustee and Action Party candidate Gregory Youstra lashed into the We The People candidates for using a shotgun as a doorprize. "Noting the shotgun will be their flag," Youstra said gun control "will be their only issue during the campaign."

"Without the gun issue the We The People party is dead," said Youstra.

Candidates for the We The People party are Seymour Primer, Richard Schnell and Roger Nolte. Action Party candidates are incumbent trustees Lewis Greenberg, Gregory Youstra and Richard Hols.

### MG Legion Valentine's Day dance

That Cuban Bombshell, Carmen Viranda, will entertain for the guests at the Morton Grove American Legion Auxiliary Unit 134's annual St. Valentine's Day dinner-dance, to be held Saturday, Feb. 12 at the Legion Memorial Home, 6140 Dempster.

Advance reservations are necessary. Chairman of the event is unit Ways & Means Chairman Mrs. Dee Dolan, 965-6491. Her committee is composed of unit president Joyce Senf, past president Mrs. Julie Karsten and Mrs. Connie Mahnik; and public relations chairman, Mrs. Lorry Nishart.

The party will have a 40's theme, but costumes are not a prerequisite. However, for those who do dress in the era, awards will be presented. There will also be a jitterbug contest. The package price for the complete evening is just \$26.

### Oakton blood drive

The Oakton Community College Health Service and Board of Student Affairs will conduct a blood drive on two days during February, according to Anita Jason-Walk manager of the OCC Health Service.

Staff, faculty and students and their families are urged to participate this year. Residents of the college district may also participate in the program, she added.

The blood drive will be held at OCC/Skokie on Friday, Feb. 4, from 9 a.m. until 2 p.m. in the gym at 7701 Lincoln, Skokie.

A second blood drive will be held at OCC/Des Plaines on Monday, Feb. 28, from 9 a.m. until 2 p.m. in Room 1540.

Anyone between 17 and 65 years of age and in good health can donate blood. There is a chronic blood shortage in the Chicago area hospitals and a generous response from the Oakton donor group will assure everyone in the group an adequate supply, Mrs. Jason-Walk said.

Members of a donor group and their families are covered for one year if they need blood because of accident or illness. The Northwest Suburban Blood Center provides blood to all patients in the system without obligation to make replacement.

Appointments are suggested but are not necessary. For further information or to make an appointment at Skokie call the OCC/Skokie Health Service at 635-1942, or 635-1940. To make an appointment at OCC/Des Plaines, call the Health Service at 635-1886. Refreshments will be served.

### Scholarship awarded at BJBE

L'dor v'dor are the Hebrew words meaning, "from generation to generation." The L'Dor V'Dor Fund of Congregation B'nai Jehoshua Beth Elohim Sisterhood in Glenview was established in honor of Sisterhood members reaching the age of 75 years. The funds collected bridge the generations by providing scholarships to Camp Olin Sang Ruby Union Institute (OSRUI) in Oconomowoc, Wisconsin. As one of several Reform Jewish camps across the nation, OSRUI provides a com-

bination of intense Hebrew language and Jewish studies along with crafts, music and sports. Scholarship winners included Ilene Amend of Mt. Prospect, Gary Rabishaw of Niles, Jon Krivitzky and Debbie Salzer of Northbrook, Jason Kane of Deerfield and Nikki Markowitz of Glenview. Honorable mention was given to Barrett Kaiz, Brett Salzer, Marni Gitler and Gary Ernsten. For more information about the camp or the scholarship fund, please call the Temple at 729-7575.
