Oakton seeks to extend Niles East lease

by Susan Glowienke

Oakton Community College President William Koehline presented the Board of Trustees District 535 with a lengthy list of recommendations to extend OCC/Skokie's lease at the Niles East facility to September 1987. If approved by the board, the

lease from District 219 will be extended to the maximum extent allowed under Illinois Revised Statutes. The recommendations were compiled by the Administrative Planning Council, 16 administrators, and members of the

President's Cabinet. The proposal included the Board allocating \$42,500 for improvements of the leased property. The Skokie facility will continue to offer course work in accounting, business, com-

Chamerski gets top spot on park ballot

At Tuesday night's park board meeting candidate Steve Chamerski received the top slot on the April park board ballot. The former park board member was selected in a lottery after Chamerski, Raymond Glon and Elaine Heinen were all present for filing for the park posts January 24 before the 9 a.m. opening for candidates' petitions. Park board secretary Grace Johnson placed the three names in lottery-type plastic eggs and had girl scouts in the audience choose the order of the three names. Following Chamerski,

candidate Glon was chosen for the second place on the ballot and incumbent board member Heinen was chosen for the third position on the ballot. Candidates who filed after the first three, Stan Niski, Bernard S. Skaja, Jr. and incumbent Walter Beusse will be the fourth, fifth and sixth candidates on the ballot respectively. From the Left Hand

by Bud Besser

Last Friday night we took our annual trek to St. John Brebeuf to see Festival 13. As always, it's a great show, lots of fun and plenty of good eats and drinks. Diane Miller's husband, Joe and I engage in our annual eating orgy which begins at 7 p.m. and comes to a drooling halt the next morning around 2 a.m. after leaving the pastry bar.

In between our visits to the chow lines we try to see most of the variety shows. And as always, we are most impressed with the tremendous amount of local talent we have in our communities.

On center stage, at the big show in the gymnasium, this year's show was outstanding. It could well have been called, "An Evening With The Todd Bavaro Family and Their Friends".

Senior member of the troupe, 52-year-old Todd, M.C.'d and tap danced his way through an hour-long show. Todd's wife did her Velox to his Yolanda (or is it the other way around?) His daughters, Jeanne and Natalie, led the chorines through some wonderful dance numbers. They also served as choreographers. But the Bavaro family goes on and on...Son Nickie, who used to headline the Maine East shows a few years back, sang and danced Friday night in the best Bavaro tradition. And Nick's wife did a lovely ballet-like dance on roller skates. And the newest entrant into the family, Bruce Meyer, Natalie's fiance, danced

Niles library awarded \$26,000 State grant

by Eileen Hirschfeld

About \$26,000 in per capita funding is to be awarded the Niles Library District by the Secretary of State, also State Librarian, as reported to trustees at a regular board meeting Feb. 9 in the main library.

Funds represent almost \$.51 per person for population served by the District. Grant money may be used for library services including costs of personnel, books, operations, and other material.

Board finance chairman, Rita Breitbart, named possible uses of grant funds including computers, renovations and materials. Board President Harry Pestine said Apple II computers for use in the juvenile section, reference and branch library may head the list of priorities.

The February meeting was a continuation of a Jan. 12 meeting adjourned for lack of a quorum, continued until Jan. 19 and again adjourned for lack of a quorum. Almost all January business items were concluded prior to the second meeting's adjournment.

In other action, board members approved payment of an ad-

ditional \$500 per month in stipends to Robert Young, employee, for duties as interim administrator.

Board members also agreed to interview persons for appointment of a board trustee to fill the

'Upright motels' mar Milwaukee Avenue beautification

by Diane Miller

A few years back the Village of Niles spent approximately \$38,000 for a private firm to submit a long range plan for the beautification of Milwaukee Avenue. The village was anxious for the heavily travelled thoroughfare to be eye-appealing not only to Niles residents, but also to the drivers from other suburbs who motor through our town each day.

A sign ordinance was instituted which put several restrictions on businesses in town regarding the dimensions and lighting of the flashing signs. Dutchman's Point at Milwaukee and Touhy was landscaped beautifully and a fountain and lights were added to make it a focal point. An agreement was made with the City of Chicago for the southwest corner of Milwaukee and Harlem and it, too, was landscaped complete with sod, bushes and benches. Paved village parking lots were located where eyesores once stood. Hundreds of thousands of dollars were spent on the renovation of the Milwaukee-Oakton intersection which has always been a trouble spot to motorists. Turn bays were installed and McDonalds new building on the corner is readying for their March 7th grand opening. Their former building will be razed shortly and the site paved for a parking lot for Jerry's Garden Center. Traffic lights have been installed and will be activated as soon as the lot is paved.

All in all, you would venture to say the beautification plan is moving along well, that is, until you drive past the 8100 block of Milwaukee Avenue. Rows of mattresses are stacked outside a store on the east side of the street giving the appearance of 'upright motels.' Trucks are constantly unloading furniture and bedding through the front door and we've even encountered piles of cardboard boxes stacked 5 feet high on the sidewalk which forced pedestrians to walk in the parking lot to get around them. Additionally, this business expanded recently taking over the vacated sausage shop which was located next door to them. Instead of dressing the window with furniture, they have rows of upright mattresses stacked giving the appearance of a warehouse.

A little further up Milwaukee Avenue in the 8900 block on the west side of the street is another bedding business featuring the 'upright motels' stacked out in front on the sidewalk. In addition, we've encountered semi-trailers parked in the middle of Milwaukee Avenue with their flashers on waiting to make deliveries. Obviously what Milwaukee Avenue does not need is any more traffic, let alone semis parked in the middle of the street.

Across the street in the 9000 block is another furniture store which features the 'upright motel' look occasionally.

What we'd like to know is why deliveries of merchandise are allowed through the front door of business establishments? We've sat in on many a Zoning Board meeting and delivery of merchandise in the rear of a business was always a prerequisite for zoning approval. And why are these businesses allowed to stack merchandise outside their stores on the sidewalks giving the appearance of a daily flea market or sidewalk sale? If every business along Milwaukee Avenue was allowed to do this, the village may as well 'deep six' their beautification plans.

We think someone in the village hall is 'lying down on the job.'

Following a full year of preparations and the help of nearly 1,000 volunteers, officials of St. John Brebeuf Church this week hailed the year's major fundraiser, Festival 13, a success.

Officials of Festival 13 said this week that 5,500 people attended the fundraiser during its two weekend - four night performance. While this was not the largest crowd the festival has had, officials were still pleased.

"The crowds were very pleased with the shows and it seemed as though everyone had a good time," said co-chairman Jan Skaja.

Between 800 and 1,000 members of St. John Brebeuf participated in the year long project. The gala, which consisted of numerous floor shows going on simultaneously as well as cafes and delicatessens serving food resulted in people of all ages volunteering their time.

Money raised during the festival is used for, among other things, the parochial school budget. In 1980 the festival raised some \$82,000.

Attendance figures for the four night festival showed the largest crowd of the festival was counted on closing night, Saturday, Feb. 12, when 1,800 people bought admission tickets.

Praising the volunteers who did everything from write scripts to perform on stage and build sets, cook food, tend bar, act as waitresses as well as control crowds inside, help with parking

outside, and keep track of cash taken in, co-chairman Mary Dessimoz said, "The festival could not be run without the volunteers. There are some people who are extra special...they'll help you over and over."

Parish Pastor Father Edward Duggan also praised the efforts of the volunteers. "This is one thing in which you have all of the parishioners joining together and there is a certain sense of oneness and pride."

Saying the enormous amount of work done by volunteers is a "great thing for the spirit in the parish," Father Duggan called the entire festival process "amazingly unifying."

Additionally, Father Duggan complimented the four co-chairmen of this year's festival, Larry and Jan Skaja and Mike and Mary Dessimoz. "I can very seriously say they were superb," said Father Duggan. "They handled all problems that came up and I heard so many compliments about their manner of working with people."

The first festival was held in 1969 and ran consecutively through 1980. However, parish officials chose not to hold the festival in 1981.

But Jan Skaja is sure there will be a festival next year. "From the way everyone is talking they already are making plans for next year."

Mary Dessimoz agreed saying, "People are all talking about next year's festival."

Legion Auxiliary welcomes new members

At their last meeting, membership chairman Mrs. Dee Dolan of the Morton Grove American Legion Auxiliary Unit 134 introduced the newest members to those assembled for the monthly session. The Auxiliary usually meets the second Tuesday of each month in the Legion Memorial Home, 6140 Dempster.

Mrs. Dolan is now 100 percent in membership. The committee on membership always works exceedingly hard in the Auxiliary circles as due to members moving and expiring, the total membership drops and the chairman strives to keep new members coming into the organization so as to keep the same membership totals continuing if possible.

Mrs. Dolan may be reached at 965-6491 for membership information. The membership in the Morton Grove Unit is open to those women who are eligible either by their related eligibility of a legionnaire or being the appropriate relative of one who was killed during a war conflict. Eligible are wives, widows, daughters, granddaughters, sisters, etc. of such former servicemen.

At this last meeting, Mrs. Dolan welcomed new members: Marilyn Davis, 9100 Birch; Sandra Lu Dapelanski, 6919 Church; and Virginia Wilson, 9100 Birch, all of Morton Grove, senior members; and Michelle Swets, 6646 Church, Morton Grove, junior member; as well as Marion McCall, 5229 Enfield, Skokie, and Rosemary Disbrow, Norridge, also senior members.

letters to the editor

Is a whitewash at hand in District 207?

Dear Editor:

The report of the so-called professional analysts that was given to the Board of Education of District 207 and the public on the evening of Feb. 10 in the Frost Administration Center was an embarrassment to Maine Township. The briefing was shallow and lacked professionalism. While the public was not given access to the written report - and probably never will be, owing to the fast footwork of Des Plaines Board member William Schaeffe, it was obvious to those in the audience that taxpayers and professional staff alike can be skeptical of the overall findings.

Unfortunately, the Board spent a great deal of money to have this superficial report and analysis developed. It came out at the meeting that the Illinois Board of Education would have sent a task force to Maine Township to analyze the present situation with regard to the possible closing of a

Program on rape

Representatives of the Northwest Action Against Rape will present a lecture, "Rape - Myths and Prevention," on Monday, Feb. 21, at 7:30 p.m. at the Lincolnwood Library, 4000 W. Pratt ave.

For information on this free program, phone Gunnar Swenson, Adult Services Coordinator, at 677-5277.

high school building Free of Charge. Board member Howard Blaszman brought this to the attention of the gathering. It is sad that this analysis could not have been made before thousands of dollars were spent.

While a second analysis may be provided through the Illinois Board of Education, it should be noted that any task force sent to Maine Township will have been trained by the so-called professionals who are now billing District 207. Can any doubt arise

in the minds of the discerning citizens who note the political "nuances" that begin to take shape on the educational canvas as we get closer and closer to the day when a decision must be made as to what to do with our "ugly duckling", Maine North, as to what a second task force "trained by the first" will find and suggest to the taxpayers? Is a whitewash at hand?

Not only did Mr. Schaeffe move very quickly to keep the public from reading the full analysis

provided by the so-called professionals from out of state (a motion that was not contested by the rest of the Board), but it was then made clear that should a new task force (free of charge) take up residence in the Maine schools they must not "bother the staff" by asking new questions but must be content to gather their information from the ... ahem...date provided by the original task force. Such a position not only is suspect on ethical grounds but prostitutes

the whole idea of scholarship and "scholarly endeavor" - the very business that District 207 is supposed to be involved in teaching the next generation.

The Association of Maine Alumni and its friends will take an active role in the overall decision. The Association sees Feb. 10 as the opening of what should be a most significant battle!

Keep your windshield clean and have a good supply of windshield washer fluid on hand, especially during the winter months when it is muddy.

Stay awake and alert. Do not drive if you are tired or sleepy. Frequent stops and fresh air can help to avoid drowsiness, but be sure to stop if you find yourself falling asleep.

Watch carefully for highway signs, as they are more difficult to see at night.

Watch the side of the road for stopped vehicles or pedestrians. Do not stop on the road for any reason. Always pull completely off the road before stopping.

Carry a red warning light for emergency use when pulling off the road is unavoidable.

Always drive cautiously, but be extra careful at night.

St John Brebeuf 6th grade girls

Shown above: (l-r) Back Row: Coach Dennis Gonka, Lori Salm, Debbie Byk, Carol Ann Barret, Danna Callero, Kim Swider, Janet Johnson, Sandy Watson, Colleen McAuley. Kneeling: Amy Gonka, Mary Sheridan, Joan Marusek, Margie Sheridan, Julie Flynn.

The St. John Brebeuf 6th grade girls basketball team continued its winning record by rallying for their final victory of the season in their annual parent/daughter basketball game. Their determined play, typical of the team, enabled them to come from behind to a slim lead at the final buzzer.

The win over the parents, their 19th of the season, against just 4 losses, was the culmination of a very successful season for the team. Their only 4 losses this season came in very close games, all decided by just a few points. They took first place in the SJB sponsored league and captured 3rd place in the Chicagoland conference.

According to Coach Dennis Gonka their record alone "is not the whole story". He praised the girls as being a team that really enjoys the game and one on which everyone does their part

and shares in the playing time. Gonka claims that if they all continue to learn and improve as they have they could be the best team in the league in the future.

Although the team was relatively short compared to the competition it included a couple of super dependable players who formed the backbone of the team, Amy Gonka and Carol Ann Barret. They scored a total of 112 and 115 points respectively and dominated the teams offense.

Danna Callero was described as the most aggressive player on the team, and Colleen McAuley as the point guard with "a lot of power". "Like fifty pounds of dynamic defense" was the way Julie Flynn played for the team. Janet Johnson was a "super forward" scoring 35 points for the team. Joan Marusek, depended on to play super offense and defense, scored a total of 34 points.

Charity basketball game

Friday evening, Feb. 4 at 8 p.m. in the Genl School Gymnasium, the Radio Allstars, led by WLS's Les Grobstein, played the Gemini Staff in its annual charity basketball game.

The packed house saw the Allstars demolish the teachers 90 to 56. The score was not indicative of the entertainment that was provided. Bill Gibson, the sponsor of this event, commented on the enthusiasm of the crowd.

All proceeds from this have been donated to Children's Cancer Research, a most worthy cause.

Everyone is looking forward to next year's rematch.

BUSINESS NEWS

Peerless' Sheehan cites "The wrong way to collect taxes!"

"There could hardly be a less desirable way to increase federal tax revenues than the unsuccessful scheme to withhold income tax on interest and dividend income, which will yield only a minimal increase in revenues," stated Timothy P. Sheehan, President of Peerless Federal Savings and Loan Association of Chicago.

"In addition," Sheehan said "it will serve to alienate and infuriate the millions of honest taxpayers who will have to tolerate it."

"And," Sheehan added "unless Congress takes immediate action, this ill-advised program will go into effect on July 1, 1983."

In the past, Congress has responded to aroused public opinion and outcry and has killed similar proposals.

The Treasury admits that the

vast majority of people report their interest and dividend income. Unreported income can be detected through more efficient use of the existing computerized form 1099 system.

"This makes a lot more sense," observed Eugene J. Rudnik, Jr., Executive Vice President of Peerless, "than forcing virtually all interest and dividend-paying institutions to become tax collectors."

"Perhaps worst of all," commented Rudnik, "is the mass confusion this scheme will create. Withholding will be optional if payments total less than \$150 per year."

Rudnik noted that "Such an all-encompassing plan also has many built-in inequities that will fall hardest on those who can least afford it. Over-withholding is certain to occur, and some people entitled to refunds may

neglect to file for them."

An exemption system is provided for those who qualify, but would necessitate filing with each interest and dividend-paying source, disclosing private details about income and, for senior citizens, age.

"Because it is based on the previous year's tax, the exemption system is also unfair to people whose incomes drop in the current year," said Rudnik, "retirees, for instance, or those who have lost their jobs or other sources of income."

"There's still time for Congress to act in repealing this ill-advised legislation," Peerless' President Sheehan stated, "and concerned taxpayers who oppose the withholding of interest and dividends for taxes should let their U.S. Senators and Representatives in Congress know—and do it now!"

Notre Dame jazz bands receive top rating in festival

On Saturday, Jan. 29, two jazz bands from Notre Dame High School for Boys participated in the Sixth Annual Northshore Jazz Festival at Glenbrook South High School in Glenview. Both Notre Dame bands, the Melodons and the Jazz Ensemble, received First Division (superior) ratings from the adjudicators. This marked the first time in their four-year history that the Jazz Ensemble has received a superior rating in competition. The Melodons received their seventeenth consecutive superior rating over the past years.

In preliminary competition, the Notre Dame Melodons qualified for the evening finals in Class A along with the bands from Warren Township High School in Gurnee and Rich Central High School in Olympia Fields. The Melodons established Northshore Jazz Festival records for most appearances and most consecutive appearances by a band in evening competition by reaching the finals for the fifth consecutive year.

The Melodons opened the evening performance and set a standard that the other two Class A bands could not match. The eighteen-member big band thus won their fourth class championship, another festival record. Senior bassist Brian Burke (Morton Grove) and Junior drummer Dan Griffin (Chicago) were cited for Honorable Mention soloist awards.

Other members of the champion Melodons include: Seniors - Jim Lecinski, Mike Deer, Brian Quinn, Scott Krepps, Tom Lo Presti, Bill Starzynski, Anthony Lapinski, Stan Jezior and Gene Kellick. Juniors - John Haungs, Andy Kiely, Manny Lim and Jim Rooney. Sophomore - Tim Mulvanna. Freshmen - Colin Quinn and Dan Gorski.

Acting Up! workshops bridge generation gaps

Community groups will have an opportunity to learn improvisational theater techniques in a workshop now being offered by Acting Up!, Oakton's older adult drama troupe.

"Groups that sign up for the Acting Up! Intergenerational Workshops presented during the Oakton Community College spring semester will have an opportunity to utilize the creativity and life experience that everybody has," according to Karol Verson, artistic director of the OCC improvisational theater group.

In the workshop, Acting Up! group members offer storytelling, role playing, improvisations, theater games and a film on the creation and development of Acting Up!

The workshops provide an opportunity to learn some of the Acting Up! skills that have been developed over the last six years, Ms. Verson explains. "By sharing these skills with various groups, we would hope that they would go on and create their own theater-related activities."

Workshops are offered to junior high schools, high schools, colleges, senior clubs or any social, church and temple group. The troupe will travel to the location of the school or organization for a small fee.

Ms. Verson points out that bridging the generation gap is a question of current interest. "The word 'intergenerational' is becoming the key concept in building programs to encourage a sharing of life experiences between old and young people."

For additional information concerning Acting Up! Intergenerational Workshops, call 635-1977.

"Mousetrap" at Front Row Center

The single longest running play in history, Agatha Christie's mystery masterpiece, The Mousetrap, is drawing capacity crowds as the new Front Row Center Dinner-Theatre.

Since it originally opened in 1952, this smash success had achieved an unparalleled record for theatrical longevity. In its 30 years, more than five million theatergoers have enjoyed trying to piece together the murder thriller's intriguing yet deceptive clues. In all, The Mousetrap has been performed in 22 languages in 41 countries; and at London's West End Theatre alone, where the hit "whodunit" was first presented and has played ever since, box-office receipts have exceeded \$14 million.

The comic murder caper is directed by Harry Lee Rodgers, multiple Joseph Jefferson award winner, who has numerous Broadway, television and film productions to his credit.

Front Row Center, located in the Golf Mill Shopping Center in the suburb of Niles, is the Chicago area's newest dinner-theatre. Its intimate setting—no seat is farther than 20 feet from the stage—is ideal for full enjoyment of The Mousetrap, sure to be as big a hit in Chicago as it has been around the world.

The performance schedule is as follows: Tuesday through Friday evenings at 8:30 p.m., Saturday evening at 10 p.m., Sunday evening at 7 p.m., Wednesday matinee at 2:30 p.m., and Sunday matinee at 2 p.m. Theatre patrons must arrive at Front Row Center two hours prior to curtain to fully enjoy the delicious meal.

Shown above: Foreground: Larry Coven Seated: Michael Hanrahan, Rebecca Phillips, Yvette Sdehah, Henrietta Atkins, David Nisbet Standing: Douglas Mellor, Rick Motta.

Tickets are now on sale at the Front Row Center box office or by phone reservation, and are priced as follows: Tuesday through Thursday evenings and Sunday evening, \$23.95; Friday and Saturday evenings, \$26.95; and Wednesday and Sunday matinees, \$19.95. Prices include dinner or lunch, the show, two complimentary cocktails, tax and gratuity, and parking. Nehemiah Persoff comes to Centre East

Nehemiah Persoff will appear in person in the original "TALES OF SHOLEM ALEICHEM," at Centre East, 7701 Lincoln, Skokie, for a one-week engagement beginning April 27. There will be one preview performance on April 28.

Five of Sholem Aleichem's "tales" will be presented, including the story of Tevye, the milkman, which was the inspiration for the hit musical "FIDDLER ON THE ROOF." Each conveys the warmth, humor, and pathos of human and religious relationships within Jewish families, mirrored by the people of Kasrilevka, Aleichem's imaginary town.

For tickets and information call 673-6300.

Crime and the Old Folks at Home

The only business that has shown any growth during the past three years is the business of CRIME. It has been increasing by 5% every year.

The ONLY other business which can match this rate of growth are padlocks, burglar alarms (many of which don't work) attack dogs and Karate lessons. (If you're past 70 practicing a karate kick can put you in a wheel chair.)

So, with capital crime among the young soaring, and muggings, purse snatching and burglary increasing, what can the old folks at home do?

Stay home and watch TV. What the Boogie Man used to be to young children television has now become the "Boogie" man they experienced in their childhood. And, what will they see on TV? Murder, rape, and all sorts of street crimes. This, of course, scares the devil out of 'em even more. So, not wanting to become a candidate for a rubber room at the old funny farm, or worse, a nursing home, they switch off Mr. T (after he's busted six guys' heads) and switch on the weather man.

Channel 7 has now started a new series on CRIME. This series should scare the old folks at home even more. Last summer, due to the "recession", things got so bad for the "muggers" who preyed on the old folks, that the "muggers" began to mug other "muggers".

But, this didn't work out so good for the "muggers". You see, the "muggers" they tried to mug were armed with handguns, knives or brass knuckles. Many of the "muggers" wound up in the morgue or the hospital. And, the "muggers" quit mugging muggers because it was dangerous to their health.

There comes a time when that sleeping giant, THE AMERICAN PUBLIC, wakes up to the fact that our streets, parks, and even our homes are not safe. That time has arrived.

So, my advice is buy yourself a gun. Just go to a sporting goods shop, fill out the papers, and register it with the State of Illinois (if you live in Chicago or suburbia, except Morton Grove). You can't carry this gun but you can keep it in your home. After you get it, have someone show you how to use it (don't buy an automatic). Next, get off your rockin' chair, dress up in your best (wear jewelry, real or fake) and go downtown on a Friday night, drop into a few bars, have a few drinks. Carry lots of foldin' money (even if it's a Michigan bankroll) in the side pocket of your pants, keep your billfold in the inside pocket of your coat. Walk into every joint like you own it and above all, wear dark glasses. Wind up your evening at the Greyhound Bus Depot. Buy a ticket to St. Charles or North Aurora, (at Senior Citizen discount, about 3 bucks) and you're set for the night. On Fridays it's an interesting scene and there's a nice bar inside the station which is open 'til 2 or 3 a.m. Next door is a novelty shop where you can buy books and magazines. The inside security is terrific and it's a lot cheaper than a hotel by about 40 bucks.

After you do this for a few weeks, you will gain confidence, get your "moxie" back and begin to enjoy life again. I've been doing this for years.

P.S. Take some Karate lessons from a good school, like Niles Tae Kwon Do Institute, 9073 Courtland, Niles. Just take it easy ladies. Also, I have something you can carry which the Floradora Girls and the Gibson Girl from 1905 thrust thru their big floppy hats (and, ladies hats are back). It's a long hat pin made of steel which you push thru the hat to hold it on. But, what a dandy weapon it can be, too.

on stage in the spectacular sport's dance finale. We would have to say all the Brebeuf shows and the Bavaros were just "fantastic".

One of the sad features to the closing of schools in the East Maine School District 63 is the shutting of the special education students. When the Niles' Oak School had so few students the special ed boys and girls were bused there to add to the school enrollment. When Oak was closed they moved over to the Melzer school to bolster its dwindling population. Now, Melzer will be closed in 1984-85 and the special ed kids will have to move to still another school.

Our grandstand opinion has long been these schools should have been closed sooner. The closing of Oak and Melzer schools could be foreseen years ago. It was expected board members tried to keep neighborhood schools open as long as they could. While their intentions were understandable, hindsight might suggest greater stability could have been maintained by earlier transferring students to schools which were likely to remain open. It would have saved the district a great deal more money and would have likely added to the stability of the district. The specialized students, as the best example, would have had a permanent home, which certainly would have improved their well-being.

to the park district to be used for a public address system at the Rec Center. The total cost will be \$800 to \$900 and will be installed by park district personnel. Previously, the Squares contributed money for kitchen facilities at the Center.

The new address system will have 2 speakers and will service the upstairs and downstairs rooms at the Center. The system can be used for both rooms but can only be piped into one room at a time. Park officials said this was the first phase for improving the center with lighting and tile replacement included in the second phase.

At a Feb. 27 5:30 meeting at the main office of the Rec Center board members will review a Notre Dame leasing agreement. The meeting will also study ball diamond proposals at Niles College and Niles West high school and study proposals for a change of auditing companies. On March 7, at the ice rink offices, the board will discuss ice rink matters as well as studying the use of alcoholic beverages on park property.

Board president Beusse reported the Sweetheart Open Ice program had 400 participants and Beusse gave much praise to the SPTN group which conducted the program. He said the group did "fantastic work" organizing the program. He added the group had 2 video cameras recording the show.

works in expending such great efforts in trying to keep local schools open as long as they could. But it proved costly to the district and created instability and havoc with parents and students alike. There are times when the bullet has to be bitten. And while its short term taste might be bitter, its long term effect may prove preferable.

In Morton Grove, independent candidate William Blameuser will be seeking a village trustee's seat in the April 12 election.

This week we came across a Blameuser brochure in which he takes quotes from 3 of the local newspapers, including The Bugle, which can best be described as misquotes. In one example he has a quote which refers to him as being "...blatantly honest"..... What he didn't include was the writer said he was "blatantly honest" in admitting he was a member of the Nazi Party. In Blameuser's college days in the late '70s he did join the Nazi Party when he was going to school in Wisconsin.

We rather hesitate writing too much about him for fear he will take some other words out of context. But on the other hand, we could write, "former Nazi Party member Bill Blameuser....." Since this line appeared in a newspaper he could fill in the spaces and give the newspaper attribution. It would make as much sense as the quotes or, rather, misquotes this "blatantly honest" man used in his brochure.

Commissioner Heinen's financial reports included the preliminary budget report should be completed by the first week in March. At the March 15 meeting the new firm for auditing park books should be chosen.

Heinen reported Robert White's computerized payroll program proved a "fantastic" success. The annual cost for the service is about \$1,400 and the cost per check is about 95¢ each.

The Board will consider paying employees every 2 weeks rather than twice a month which would increase check costs because of the additional 4 payments for the year.

has to encourage another obstacle." Trustee Richard Hohns said he had received "numerous phone calls" from people living in the Dempster and Harlem area objecting to the arcade. "We have had many problems in that parking lot," said Hohns.

Additionally, Police Chief Lawrence Schey told the board the shopping center parking lot has been the scene of numerous teen problems in the past which have resulted in the Morton Grove police having to station an off-duty policeman there as well as to request assistance from the Cook County police in dealing with the teens.

Village President pro tem, Neil Casman said, "I don't know what good an arcade like this would do in Morton Grove. It will just cause us problems." In rejecting the request for the arcade, the board voted 6 to 0 against Bally Corp.

In other business Village Administrator Fred Huber said requests for bids for the annual spraying of parkway trees were sent to nine firms. Of the two bids which were submitted, an Evanston firm was the lowest charging \$1.79 per tree sprayed. This is five cents per tree cheaper than last year, said Huber. Huber said there are 2,825 parkway trees in Morton Grove.

Village Attorney Martin Ashman told the board he had recently reviewed an agreement by the Morton Grove Park District and a Morton Grove resident to purchase land for a park. The land, located at the southeast corner of Georgiana and Capulina, will cost \$24,000 to purchase. Ashman said the money for the land will come from county funds.

Trustee Don Snider told the board the Morton Grove Board of Health has dropped plans to revise the health ordinances to allow grocery stores to sell meat placed on foam trays rather than the clear plastic currently required in the Morton Grove Consumer Protection Ordinance.

The scheduled change was dropped after Morton Grove officials learned that Dominick's Finer Foods, 6831 Dempster St., had switched over to foam trays without authorization.

speculate that the robbery could have been gang related. News of the reward was publicized to Chicago's Hispanic community through Hispanic newspapers, radio and television stations.

Police officials speculated that if the murder was committed by gang members, the reward would tempt someone with information about the crime to come forward.

The phone calls received have mostly been from people who thought the description of the murderer fit someone they knew. None of these calls, however, have turned up any new information, according to Niles Police Lt. Ray Giovannelli.

Additionally, Giovannelli said because there have been so few phone calls responding to the reward, the crime may not have gang involvement. "If we get no response (to the reward) in the next few weeks, we'll write off gang involvement," said Giovannelli.

unexpired term of Lois Grant, whose resignation was effective Dec. 30.

Although not required by statute, interviews will probably take place with four persons scheduled to run for election April 12 because they demonstrate an interest in the library, according to Pestine. A fifth candidate, Irene Costello, is an incumbent.

Candidates for the five board openings this spring are: 6 year terms, Terri Spreckman Carman, Niles; Myles Dimand, Niles; and Irene Costello, Niles; 4 year term: Frank J. Biga, Niles, 2 year term: Jaraslawa Benko, Niles.

Board members also agreed to review applications for District administrator. The former administrator, Mark Neyman, resigned because of "health and personal" reasons.

Also, trustees approved hiring a maintenance man for the branch library, Ballard school. According to a report, computers will soon be ready for input following installation by the Bell Telephone Company and a training program at a nearby suburban library.

pected to be available over the next few months as the system is completed.

Niles is having its cable system activated section by section to make it possible for Cablevision's marketing teams to have time to make individual sales presentations to residents on the many different Cablevision services on a door-to-door basis.

New subscribers can tune into Cablevision's programming as soon as their converters are installed. The converter is a special electronic box that makes it possible for your TV set to show any of the 37 cable channels selected by the subscriber.

The installation procedure by Cablevision installer usually takes less than an hour. It consists of attaching a cable from the converter that will be hooked up to your TV set to an outlet mounted on the interior wall which in turn is connected to the main cabling for the area.

Niles residents with questions about receiving Cablevision's service should call Cablevision's Sales office in Evanston during business hours at 328-8602.

BOWLING & FOOT COMFORT
While your arm delivers the ball down the lane to its ten-pin target, footwork is involved, as well.
Tell your podiatrist if you are a frequent bowler; he can advise you on how to give your feet more stability, flexibility and mobility. Proper fitting of bowling shoes will protect against stress exerted on soles and heels.
The slide is a big part of bowling delivery. Improperly performed, it may result in a painful ankle wrench. Ask your podiatrist about friction-absorbent insoles and socks with cushion soles to prevent blisters and calluses.
Try this leg-stretcher: Stand comfortably and extend your right leg behind you as far back as possible in a straight line. Hold position for a count of five. Repeat with left leg.
Questions regarding any foot problems will be answered promptly if queried by mail.
