Decrease in Niles police/fire budgets

In preliminary proposals presented at Monday night's budget meeting police and fire department budgets for 1983-84 may be less than the previous year's.

Police Chief Whitey Emrikson told The Bugle the '83-'84 budget totaled \$2,464,408 for the police department. The preliminary proposal discussed Monday night

District 207 meetings, on schools' future

Maine Township high school's building and grounds committee will meet at a public session Thursday, May 19, to re-evaluate information and make recommendations to the whole board regarding the closing of schools and the disposition of property.

well as deciding on the sale or lease of Maine North and Maine East property. At a May 2 meeting School superintendent Murphy recommended Maine East, South and West schools remain open until 1989 and a reassessment be made in 1987. He also recommended some of Maine East's property be sold and Maine North high school should be sold or leased.

"That's where the bucks are". Niles police chief Whitey Emrikson told the budget-hearing Niles village board Monday night 30 of 33 Niles patrolmen applied for the sergeant's job openings in the department recently because "that's where the bucks are".

The Chief's comments were made during a discussion on measuring the productivity of patrol officers. Sergeant Vito LoVerde was explaining a report the department had created which measured patrolmen in 7 categories of police work. When Niles trustee Pete Pesole attacked the report as being a form of a merit system, which Pesole made into a dirty sounding name, Emrikson then noted the high proportion of men who applied for the sergeant's jobs implying this was the primary way policemen would be rewarded for their work.

Emrikson gave some interesting percentages regarding how men are selected as sergeants. He said 50% of the determination is made as the result of written test scores. He added 25% of the test concerns the oral session which takes place and roughly 25% results from the applicant's previous performance as a policeman. However, the police chief somewhat downgraded the performance percentage noting a patrolman

East Maine Township General Caucus meetings

The East Maine Township General District #207 and Elementary School District #63, will meet three times during the 1983 school year. The meetings will be held at the Niles Public Library Branch, 8320 Ballard rd., Niles, at 7:30 p.m. The dates of the meetings are Wednesday, May 18; Wednesday, June 15, and Wednesday, July 20.

The purpose of the East Maine Township General Caucus is to provide for the nomination of persons of outstanding ability and character as candidates on the

Boards of Education of High School District #207 and Elementary School District #63. Member organizations will receive an application by mail. New organizations seeking membership should contact Judy Lessin at 724-6824, Betty Hendrix at 827-4594, or Bev Slan at 787-8970. The East Maine Township General Caucus sincerely hopes that all community organizations in the East Maine area will join the Caucus.

Phone ad solicitation warning

Niles Fire Chief Albert Hoelbl warns local businesses to beware of a Union Firefighters Association which is soliciting for advertising in this area. Phone salesmen are implying that Niles Firefighters will benefit from money collected. This is not true! It is local Fire Department policy not to solicit funds from Niles businesses.

Niles Baseball parade, Opening Day Saturday

Niles Baseball Leagues opening day parade and festivities will begin at 9:30 am on Saturday, May 14 from Oak School. Dan Kosiba will be in charge of the parade and other activities.

Niles paramedics honored

Eight Niles Fire Department paramedics were recently honored by the State of Illinois for five continuous years of service as paramedics to the community. Each of the men were presented certificates by the State of Illinois Department of Public Health for providing excellent emergency medical care.

Shown above are L to R: Niles Fire Chief Albert L. Hoelbl; Mary Ann Marcotte, John Zeman, Barry Mueller, Robert Fierski, Tom Marcotte, Bruce Ringquist, and Bea Schable. Not shown in the photo but also qualifying are George Twarski, Timothy Crossin and Daniel Driscoll.

The Niles Lions story

The Lions of Niles are many things to many people. They are great cooks, to those of you who have attended the wonderful Pancake Breakfasts, or Spaghetti Dinners the Niles Lions take pride in serving. Food, it has been said, is the way to a person's heart. The Lions hopefully have touched yours thru the years.

When you mention picnics, you can't help but remember a column written by one of our best loved Lions, back in the early 50's, "Spikings Speaking".... "Lions Annual Picnic - while on the subject of Lions - annual outing Aug. 12 - noon til 7 - Gages Lake - menu? Charcoal Broiled Chicken (Schaul's) - well buttered Corn on the Cob - garlic bread - All prepared by Lion Chefs, Dick Schaul and Bob Franklin - better cuisine not to be

found." He said a mouthful and we ate it up.

Maybe your "bag" (or thing) was entertainment, the Circus for example. Yes, we had a few of those here in Niles. I don't know if the Adams & Sells Bros. are still in the Circus business anymore but they sure were in 1959, and they came to town in a big way.

Maybe you think of us as recruiters, yes, we've done our share of that through the years, and most often with great results. On a cold day, Tuesday, Oct. 18, 1960 at 7 p.m., a night meeting was held. No big deal, well not too many at the time, but a group of new Lions were to be inducted into the Niles Lions Club. Names, some of which I don't remember, but one stands out loud and clear. Lion Angelo Trolani, no "Ginger"

yet but on the way. Another name on that old program rings a bell, with all of us today, Lion President Ang Marcheschi. Seven years of dedicated service had rushed by so quickly, time flies when you're having fun.

Maybe you associate the Niles Lions with "selling candy", well, we didn't always have those tasty little mints or the hard candy of the past few years, we started with "Cracker Jack". By the way, we never sold candy, we give it away for any donation your choose to contribute. I might add, the folks of the Niles area have been exceptional in their wonderful support. Anyway, to get back to our history, the logistics of handling the large boxes, made the Cracker Jack just too hard to distribute. Hard to do or not, Lions like Herb Adler, Ray Illian, Stu Ravenbyrne and Tom Conklin did the job, with yeoman acumen, as the true Lions of Niles they indeed were.

Whatever image we Niles Lions conjure up in your mind, we want you to know, we are here to serve, the blind, the deaf, the handicapped, our village, the state, the nation and Lions International with the pride that only Lionism can give. "We serve, it's great to be a Lion"

Shown above left: Lion Tom Conklin, Lion Ed Ciccone and Lion Frank Trolani.

Center of Concern Legal Counseling Program

The Center of Concern's Legal Counseling Program is one of the oldest available in the area. One of our first and most faithful volunteers has been local resident Abe Linderman, an Attorney with the State of Illinois, who is available every Saturday morning. Mr. Linderman has been providing free legal counseling for The Center for the last four years.

The Center is also served by the Senior Citizens Legal Services, sponsored by the Cook County Legal Assistance Foundation, Inc. A lawyer comes to our office the fourth Wednesday of every other month and gives free consultations. Call The Center at 823-0453 for an appointment.

On the first Wednesday of each month, The Center offers the Senior Citizens Wills Program jointly sponsored by Senior Citizens Legal Services, The Chicago Bar Association and the Suburban Cook County Area Agency on Aging. You can make an appointment at The Center at 1500 N. Northwest Hwy., Suite 4, for a free half-hour consultation regarding your will, estate planning, etc. If you decide to hire the lawyer, there is a small fee.

The Center of Concern is proud of its Legal Counseling Program. Call The Center at 823-0453 if we can be of service.

District 207 announces retiring personnel

Five department chairmen and eight teachers will retire from Maine Township High School District 207 when the 1982-1983 school year ends this June.

Department chairmen who will retire on June 16 are David Henry, Maine East, mathematics; Glenn Hoffmann, Maine East, social science; David Kennedy, Maine East, boys' physical education; Lloyd Spear, Maine South, art, music, and speech-drama; and J. Ronald Teller, Maine South, science.

Maine East teachers who will retire on June 9 are O.D. Premo, music; Betty G. Press, English; Charles Sauter, science; John T. Sebastian, driver education; Edwin Smith, math; and Virginia Wheeler, business education.

Maine West teachers who will retire on June 9 are Miley E. Hochkiss, physical education; and Elwood Hughes, business education.

"These staff members, through their professional service, have contributed immensely to the quality of programs and services provided to the young people of District 207," said Dr. John Murphy, District 207 Superintendent.

Deadline for Homeowner's Exemption

Robert P. Hanrahan, Assessor of Niles Township would like to advise residents that they only have until Tuesday, May 31 to return their Homeowner's Exemption verification cards to the Cook County Assessor's Office. This verification of ownership is now required in order for them to be eligible for the Homeowner's Exemption in Cook County and throughout the State of Illinois.

The Homeowner's Exemption can mean a savings of as much as \$300 in property taxes for owners of single family homes, condominiums, cooperatives and apartment buildings of six units or less. This exemption protects homeowners by eliminating from taxation any increase up to \$300 in equalized valuation since 1977.

If you have not received a verification card in the mail, contact the Niles Township Assessor's Office at 5255 Main St., Skokie for local assistance. The form simply requires an affirmation of residence and a signature.

Senior citizens already qualified to receive the 1982 Homestead Exemption will automatically receive the 1982 Homeowner's Exemption.

Therefore they were not mailed verification cards and do not have to apply for it.

For further information contact the Niles Township Assessor's Office, 673-9300.

Hoge to keynote Oakton commencement

Maine Dems program on Juvenile Court

The Maine Township Regular Democratic Organization will present a program on "Juvenile Court Services" at its monthly meeting on May 13 at the Bunker Hill V.F.W. Hall, 6635 N. Milwaukee ave., Niles.

Featured speaker will be Catherine Ryan, Chief of the Cook County State's Attorneys Juvenile Division. Ms. Ryan is an expert in the prosecution of juvenile delinquency and child abuse cases. She will explain what the Juvenile Court does and the many different services that it provides to the community.

The meeting will start at 8 p.m. Attendance is free and refreshments will be served. All are invited to attend.

Chicago Sun Times publisher James Hoge will deliver the keynote speech at the twelfth annual commencement of Oakton Community College, on Sunday, May 22, at Niles West High School.

Hoge succeeded Marshall Field V as publisher of the Sun Times in June, 1980. Hoge had been editor-in-chief since 1976 and executive vice president since 1978. He joined the Sun Times in 1958 as a reporter, later serving as a Washington correspondent, city editor, managing editor and editor.

In April, 1982, Hoge was elected to the Pulitzer Prize board. During Hoge's tenure as editor, the Sun Times won five Pulitzer Prizes and numerous other awards, and one Pulitzer Prize since he has served a publisher.

Other speakers at the commencement will include Bruce Brown, recipient of the 1983 Distinguished Alumni Award, and Daniel Jasinski, president of the OCC Board of Student Affairs, Bill Spaulding, chairman of the OCC Board of Trustees, and OCC President William A. Koehnline.

A record number of area residents will receive Oakton degrees this spring. A total of 652 graduates will earn Associate in Arts, Associate in Science, and Associate in Applied Science degrees, as well as diplomas and certificates.

Catholic Alumni Club

A dance for singles, ages 21-38, will be sponsored by the Catholic Alumni Club at 9 p.m., Friday, May 20, at the Ramada O'Hare Inn, 6600 N. Mannheim rd., in Rosemont. Live music will be provided by the band, "Aspen." Non-member admission is \$5. For more information, call 726-0755.

Village Information Booth

A permanent Niles Information Booth has been installed at the south entrance to Sears, Golf Mill Shopping Center to serve area residents throughout the spring, summer and fall months.

Questions concerning Village operations and activities will be answered by Daniel Kozlowski on Saturdays from 11 a.m. to 4 p.m., and on Sundays from 11 a.m. to 3 p.m. Pamphlets, brochures, maps, bus schedules and other informative Village literature will be available on request.

The new service center is being run in cooperation with the Niles Chamber of Commerce & Industry and Sears, Golf Mill.

Young families interested in moving to Niles will be given current information and contacts to help in their real estate search.

The new Village service is free of charge and will continue throughout good weather months.

When questions cannot be answered on site, a special form is available to insure an answer within three working days.

Residents are encouraged to visit the Niles Information Booth on their next weekend trip to the shopping center.

During weekdays, questions will be answered by calling the Village Administration Building (967-6100), the Niles Chamber of Commerce (635-0303), or the Golf Mill Merchants Association (296-8794).

Shown above at the dedication of the new Niles Village Information Booth, located at the south entrance to Sears-Golf Mill, are left to right: Cliff Crestodina, President, Niles Chamber of Commerce & Industry; Donald Zahn, Operating Mgr., Sears-Golf Mill; Danny Kozlowski, Village Information Specialist; Village Trustee Bart Murphy; Mayor Nicholas Blase; and Bill Rand, President of the Golf Mill Merchants Association.

Campus Life Pizza Day

The 12-inch cheese and sausage pizzas will be made by community volunteers at the First Baptist Church kitchen and can be ordered by dialing either 259-7880 or 692-3614.

Proceeds from the event will go to the Maine Township area's three Campus Life Clubs and Youth Guidance program.

Extended Coverage

By Gordon R. Falter
C.I.C.

Accident statistics tell us there are as many as 100,000 burn accidents each year associated with kitchen ranges. Most happen with cooking oil, or the fat on meat.

If fat or oil catches fire in a pan on top of the stove, slap a cover on the pan right away, and turn off the heat. That should smother the flames.

If the fire spreads, use a fire extinguisher. (Every kitchen should have a multi-purpose dry chemical fire extinguisher.) If you don't have one, throw baking soda on the fire.

If a fire starts in the oven or broiler, it's usually sufficient to turn off the heat and keep the door closed for a few minutes. Flames should go out when the oxygen is spent.

Knowing what to do in case of fire will protect you from injury. Adequate insurance will protect you from financial loss. We'll show you how.

Partners & Co. offers dating service for Jewish singles

Where do you meet a nice, Jewish girl or guy without relying on the bar scene or fix-ups? At the Singles Department of the Kaplan JCC in Skokie, which hosts 2 areas of programming for Jewish singles, Partners & Co. and Singles Panorama.

Partners & Co., formed by Gail Prince, director of the Singles department at the J, is an exclusive Jewish dating service catering to the needs of profes-

sional people between the ages of 20 and 50. Prospective members are carefully screened in a 45-minute interview and if accepted must pay a membership fee. Special activities and cocktail parties are planned to introduce people of similar backgrounds and standards in a group or one-to-one.

Singles Panorama is sponsored by 8 synagogues in addition to the J, and provides 15 to 20 exciting programs each month for its members. It is divided into 6 program categories: 1. 20-30's, 2. 30-40-50's, 3. 40-50's, 4. All singles, 5. Single Parenting, and 6. Unity-for Widows & Widowers.

Ms. Prince and Sam Avraham act as professional leaders and resource people to Singles Panorama as well as to the Jewish Singles Community.

Featured this month through Singles Panorama is "Single Women's Symposium", an afternoon guaranteed to enlighten every woman who attends on many important areas of her life. Some of the topics discussed in the workshops are: Depression: Myths and Realities, Why Do I Overeat?, Factors Affecting Relationships, and Job Interviewing, and many others. Shirley Hurst, M.Ed., is the featured speaker, and a cocktail party will close the day.

Single Women's Symposium will be held Sunday, May 22, from 12:00-4 p.m. at the Kaplan JCC, 5050 Church, Skokie. Pre-registration fee is \$10 for members, \$12 for non-members. Don't miss this unique afternoon geared towards today's single women. For registration and information please call 675-2200 ext. 217.

CHURCH AND TEMPLE NOTES

Guest preacher at St. Luke's

Sunday, May 15, is known as Seminary Sunday in the Lutheran Church in America. It is set aside to remind us of the church's ministry through its theological schools. St. Luke's Lutheran Church, 205 N. Prospect in Park Ridge, will be honored to have Thomas B. Christell, Jr. as its guest preacher on Seminary Sunday, May 15, at both its 9 a.m. and 11:15 a.m. services.

Mr. Christell is a graduate of the Lutheran School of Theology at Chicago and will be ordained at the Illinois Synod Convention on June 4. He has received and accepted a call to serve as pastor at St. Peter's Church, Arzenville, Illinois. This culminates four years of undergraduate college study at Augustana College in Rock Island and three years of theology training at the Seminary. Internship was performed at Ridge Lutheran Church with clinical pastoral education at Lutheran General Hospital.

Thomas, called "Timmy" by his family, was raised in Niles. Long-time member of St. Luke's, his father, Thomas B. Christell, Sr. and mother, Arline, have two other sons, Kevin and Craig and still make their home in that suburb. Thomas and his wife, Patricia, are parents of Thomas B. Christell, III, 6, Amy, 4, and

Stephen, 9 mos. They suffered the loss of another son, Matthew, who died at the age of 18 mos.

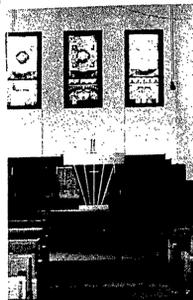

St. Luke's is pleased that Thomas Christell will be its guest preacher on Seminary Sunday and wishes to welcome all interested persons to share in this happy occasion.

First Baptist Church of Park Ridge

"The Family-God's Pattern for Living" has been the focus of six Sunday evening services at the First Baptist Church of Park Ridge. Northwest Highway and Potter Road. This Sunday, May 15, the last in the film series presented by Dr. John MacArthur, Jr., will be viewed. It is entitled "God's Pattern Broken-Divorce and Remarriage". Everyone is invited to attend; there is no charge. This is a part

of the regular Joy and Life Hour at First Baptist at 6 p.m. on Sunday. Rev. Raymond Gimmi is pastor of the church. Members of First Baptist have discovered the film series to be centered on the Bible. MacArthur has, according to members, a unique gift for offering a creative word of encouragement from the Bible that gives answers to deep-rooted family difficulties.

Belden Baptist Church Anniversary celebration

Stained glass windows

The Belden Avenue Baptist Church of Chicago called its first pastor, the Rev. H.H. Barbour on April 8, 1888. Just two days after beginning his ministry a contract was signed commissioning the firm of John Woolcott and Son to erect a house of worship at the corner of Halsted st. and Belden ave. At the time of construction an order was placed for stained glass windows. Handpainted in Germany by master craftsmen, these windows were shipped to America and installed the same year. Belden continued to minister at this location for the next eighty-five years.

In February, 1968 the church was notified by the Urban Renewal Board that the City of Chicago was planning to widen Halsted st., therefore the church must relocate. Under the leadership of the pastor, Rev. Gordon L. Shipp, land was purchased in Niles and the firm of Cervetti-Weber Associates was contracted to design the new building. Three stained-glass windows from the old church building were incorporated into the design of the new building thus uniting the old with the new. There is a beautiful theme in these three windows. They are representative of the Trinity: God the Father, by the Word (the Bible); God the Son, by the Cross and Crown; and God the Holy Spirit, by the Dove of Peace.

The first regular service of the Belden Avenue Baptist Church at 7333 N. Caldwell ave. was held on January 21, 1973. A formal dedication service was held on April 8, 1973. Shortly after this time the church voted to rename the church Belden Regular Baptist Church of Niles. May 15, 1983 has been set aside as a day of celebration in praise and thanksgiving to God for ten years

Rev. Gordon L. Shipp

of continuous blessings as we continue to deepen our roots in the community.

Dr. Gordon L. Shipp, president of Faith Baptist Bible College in Ankeny, Iowa, will return to his former pastorate to minister God's Word at this special day of celebration. Dr. Shipp is a dynamic speaker who is in great demand. He has preached at Bible conferences throughout the country from Arizona to New York and has spoken at the General Association of Regular Baptist Churches annual conference on four different occasions.

Gordon L. Shipp and Norma Fowler were married twenty-nine years ago and have been blessed with three children, Debbie, Steve (Becky) and Cynthia, and also have one granddaughter, Stacy Shipp. Dr. Shipp is a graduate of Northwestern Schools and Northwestern College in Minneapolis, Mn. where he received a BA degree. In 1976 the Denver Baptist Theological Seminary conferred on him an Honorary Doctor of Divinity.

Sunday, May 15, will be a busy day for the Belden family beginning with Sunday School at 9:45 a.m. followed by the morning worship service at 10:45 a.m. with Dr. Gordon L. Shipp preaching the message. Following the morning worship service there will be a catered dinner (by reservation only) in Ketcham fellowship hall. At 3 p.m. Dr. Gordon L. Shipp will be bringing the 10th anniversary celebration service message. Belden Regular Baptist Church is located at 7333 N. Caldwell ave. in Niles and is an independent Baptist church in fellowship with the General Association of Regular Baptist Churches.

Edison introduces unique "no cost" assistance plan

Commonwealth Edison today unveiled a unique financial assistance program in which the Company and its customers will join in helping needy persons pay their electricity bills. There is no additional charge to customers who choose to fund the program. Here is how it works:

- Commonwealth Edison will contribute \$250,000 to start a Consumer Participation Fund...
- The Company will then ask

its customers to participate in the program with a "vote for generosity" in a specially marked box on their bills...

- Each marked box will be a signal for Edison to set aside one dollar from its general revenues into the Fund...
- The Fund will be administered by a charitable agency to pay electric bills, up to \$100, of eligible customers on a first-come, first-served basis...
- Edison and the charitable agency will define eligibility requirements, but the agency will be directed to give special consideration to certain applicants excluded from other programs.
- Customers can also contribute directly to the Fund by making payments to the charitable agency.
- "We're hoping for maximum participation in this unique

program," said James J. O'Connor, Edison chairman and president. "This is an easy way for our customers to help those who are having a difficult time in meeting their financial obligations, and it doesn't cost the customer anything more than simply paying his or her electricity bill."

O'Connor noted, however, that long-range socio-economic problems are best solved by the public's elected representatives. "We urge action by the General Assembly to assist those in need," he said. "A simple, effective program would be to earmark a portion of the revenue taxes the State collects from utilities as a fund to assist customers who are unable to pay their bills. Then we could credit the bills of eligible customers directly." O'Connor said that

Edison would welcome the opportunity to work with members of the General Assembly on this plan.

"That will take time," O'Connor said, "but the gravity of the current circumstances in northern Illinois prompts the need for direct corporate involvement," he continued. "We hope that through our Consumer Participation Fund we can alleviate some of the financial burdens our customers are experiencing."

Edison has approximately 3 million customers in northern Illinois, giving the program the potential of being one of the largest utility-sponsored customer assistance funds in the country.

Copernican Award to be presented at Slavic concert

The Copernicus Foundation presents a spectacular concert of Slavic music on Saturday, May 21 at 8 p.m. at the Copernicus Cultural and Civic Center, 5216 W. Lawrence in Chicago, as its major fund raising effort of the year. The Copernican Award will be presented at the concert to Bankers Life and Casualty Company in recognition of the company's active participation in community affairs and for its generous financial support of the Copernicus Foundation.

The Copernican Award is presented annually to a person, organization or company that has provided the greatest assistance toward the fulfillment of the Copernicus Foundation's goal of establishing and operating a cultural and civic center on Chicago's northwest side with services for the entire community.

Reserved tickets for the Copernican Concert at \$35 and \$50 each. The \$50 ticket includes a reserved parking space and a wine reception preceding the concert. General admission tickets are \$20 each. All tickets can be purchased by calling 777-8898.

Volunteer project at Niles North

Four Niles North High School students, Heidi Parlow, David Morse, Jodi Holler, and Scott Greenman, are spearheading a campaign to recruit student volunteers for a community project. They were chosen by other students to represent Niles North in a new youth leadership training program, Project LEAD, sponsored by the Junior League of Evanston and partially funded by the Kellogg Foundation.

The students were chosen by their peers to attend the program's first Leadership Training Conference, held in March, in Angola, Indiana. According to Mrs. Mary Walther, a Junior League volunteer who is chairing the North LEAD program, the project offers teenage volunteers an opportunity to develop their own potential for leadership and caring as they plan, organize and deliver a volunteer program in the community.

Currently, the students are conducting a needs assessment in the Niles Township High School area in order to determine a suitable project. Mrs. Mary Murphy, a North counselor who is also working with the LEAD program explains "The students have found several areas, including help for the elderly and alternatives to substance abuse for teenagers, which interest them and must decide on one specific project."

Once the four North students have selected a project, they will recruit volunteers and oversee its operation.

Sick of work

Freon gas may have been the cause of numerous employees of a Niles industry being rushed to the hospital on Monday May 2. Police report that officials of Lutheran General Hospital said that a freon gas leak may have caused numerous employees of Cole Palmer Instrument Co., 7425 Oak Park ave., to feel ill. Following treatment the employees were released. However police detained a 27 year old employee for questioning after learning that some of the ill employees had eaten brownies the employee had brought to work to celebrate his last day at the plant. Police sources indicated the employee probably was not involved in the illnesses but did send the brownies to the Northern Illinois Crime Lab for analysis.

Drunk driver arrested

A 57-year-old Chicago man was arrested for drunk driving in Niles on Friday, May 6. Police report observing the Chicago man driving north on Milwaukee ave. weaving between lanes with his bright lights on. After stopping the man in the 8000 block of Milwaukee ave., police report he had a strong odor of alcohol on his breath and was unable to get out of his car without assistance. The offender was charged with driving under the influence of alcohol, improper lane usage and failure to dim his bright lights. He was assigned a May court date and was released after posting a \$100 bond.

Everything but the kitchen sink

A 22-year-old Prospect Heights man was arrested for shoplifting in Niles on Friday, May 6. Police report the Mt. Prospect resident was shopping in Sears Roebuck and Co., 400 Golf Mill, when he was observed placing a cassette tape, camera tripod, four packages of underwear, a radio and a bottle of cologne into a shopping bag. When the man left the store without paying for the merchandise, he was detained by security agents. At the Niles Police Department, he was charged with shoplifting, assigned a May court date and released after posting \$100 bond.

Home burglary

Thieves stole over \$2,000 from a Niles home on Wednesday, May 4. Police report that between midnight and 1 a.m., unknown persons gained access to a home located in the 7800 block of Nordica ave. through an unlocked rear door. Once inside the house the thieves went to the basement where they removed two guitars and a saxophone valued at \$2,500. The 21-year-old resident was sleeping on a couch during the incident.

Auto vandalism

A Franklin Park resident reported his car was broken into while parked in Niles during the night of Wednesday, May 4. The car, a 1980 Chevrolet, was parked in the 8400 block of Johanna when unknown persons broke a window to gain access to the car about 10 p.m. Taken from the car was a police radar detector valued at \$240.

Arrest thief

A 35-year-old Chicago man was arrested for stealing wooden pallets from a Niles grocery store on Monday, May 2. Officials of Jewel Foods, 6730 Dempster st., said two men were seen placing 21 wooden pallets into the rear of their car at the back of the store. Two employees of the grocery store followed the Chicago car into a Park Ridge parking lot. When the thieves realized they had been followed, they fled from the area on foot. The Jewel employees called the police who found one of the men. At the Niles Police Department the Chicago man was charged with theft, assigned a May court date, and released after posting a \$100 bond.

Car break-in

Two Niles cars had their T-Tops stolen during the night of Monday, May 2. A resident of the 7000 block of Main st. reported that his car, a 1977 Pontiac Trans Am, was broken into between 1 a.m. and 6 a.m. while parked on the street in front of his home. Taken from the car were the T-Tops valued at \$500 each. Between 4 a.m. and 7 a.m. a resident of the 7900 block of Harlem ave reported that the T-Tops were stolen from his 1982 Pontiac. The car was parked in the resident's driveway at the time of the theft.

Theatre robbed

A local movie theatre was burglarized during the night of Monday, May 2. Police receiving an anonymous phone call saying that a door at the Lawrencewood Theatre, 6971 Oakton st., was open. Arriving on the scene police found a side door open. While checking the building police found that the theatre office had been ransacked and the projection room broken into. Theatre officials reported that a 500 pound safe was taken from the office. The safe reportedly contained \$1,650 in cash.

Loses money bag

A Niles business lost over \$400 to thieves on Sunday, May 1. Officials of AWay of Life, 462 Golf Mill, said unknown persons came in at closing time and took a money bag off a counter. The money bag reportedly contained over \$400 in cash as well as numerous checks and charge receipts.

Restaurant vandalized

A Niles restaurant was vandalized during the night of Monday, May 2. Officials of Taco Fiesta, 7057 Dempster st., said unknown persons broke a ten foot by eight foot window on the west side of the building. The replacement cost of the window was placed at \$200.

A drunk driver will kill you

Drivers under the influence of alcohol were involved in 52% of the fatal motor vehicle accidents in Illinois, in 1982.

The odds are better than 50/50 that if you are killed in a traffic accident in the United States, a drunk driver will do it to you.

What type of driver or what time of the day or night increases your odds of being killed by a drunk driver? From 1500 arrests by the Illinois State Police, from April 1, 1982 to March 31, 1983, in Northern Illinois counties, these figures tell a grim story.

Drivers 18-29 years of age made up the majority of those arrested for D.U.I. Friday and Saturday nights between 10 p.m. and 2 a.m. in the summer months, especially the month of August recorded the highest frequency of fatal accidents; with almost twice as many occurring in rural areas, as opposed to urban areas. Tollway, expressway, and multi-lane highways proved to be the safest type of roadway to travel, with two lane roads being almost 15 times more dangerous.

Captain Hugh S. McGinley, Commander of Illinois State Police, District 15, stated, "We make more drunk driving arrests than any other District in the State. We, also, patrol a roadway, the Illinois Tollway, that is always improving its road conditions for the safety, and comfort of the motorists. The combination of strict law enforcement, and advanced engineering, has made it the safest tollroad or turnpike in the United States, with only 0.5 fatalities per 100 million miles traveled."

Old Orchard Save-A-Pet Adoption

Loveable dogs, cats, puppies and kittens will be waiting to be adopted at the Old Orchard Shopping Center on Saturday and Sunday, May 14 and 15 from 10 a.m. to 4 p.m. Look for them in the large tent on the south/east corner of the Old Orchard parking lot.

Nelson School Kindergarten orientation

Nelson School, at 8901 Ozanam st., Niles, will host a kindergarten parent/child orientation program on Tuesday, May 24, from 9:30 until 10:50 a.m.

The program will serve as a way of welcoming the class of 1983, and to familiarize parents and children with the programs they will be exposed to during the coming year.

School staff members will discuss the kindergarten curriculum, special support services, general school rules and procedures, and share suggestions for helping to ease the child's

entrance into kindergarten. PTA representatives will outline events planned for the coming year, and will explain the various activities available to parents.

Students will have an opportunity to meet the kindergarten and all special areas teachers and to experience a sample of the school day's kindergarten activities.

All children and parents who reside in the Nelson School area and plan to attend kindergarten this fall are invited to attend the May 24 orientation program.

District 207 pre-school classes

Enrollment is now underway for pre-school classes conducted at Maine Township District 207 high schools by students in the child care occupations class under the direction of a certified child development teacher.

Approximately 14 children are enrolled in each session. The two hour classes are conducted by junior and senior students. To be eligible for acceptance, children must be between 32 and 42 years old on September 1, 1983.

The program at all three high schools is similar. There are variations regarding times and

days on which classes meet. A letter accompanying the application form will explain the specific program at each individual school. Forms are available in the main office of all three high schools. Notice of acceptance of students will be given by June 6. To defray the cost of supplies and food served to the children, there is a \$50 registration fee.

Maine East is located at 2601 Dempster st., Park Ridge. Maine South is located at 1111 S. Doe rd., Park Ridge. Maine West is located at 1755 Wolf rd., Des Plaines.

De Lourdes opens registration for summer sessions

De Lourdes College, 353 N. River rd. in Des Plaines, is now accepting registrations for its 1983 summer sessions. De Lourdes will offer two three-week sessions this summer beginning on June 20th.

Summer is an ideal time to earn as many as six semester hours of credit toward a college

degree. De Lourdes will offer such courses as "Psychology of Exceptional Children", "The Enjoyment of Listening to Music", "The Teaching Minister", and "Political Processes in American Government".

For more information about the summer course offerings and to register call 298-6760.

Maine East Junior and Senior Proms

Maine East's junior and senior proms are just around the corner, and students are looking forward to the traditional end-of-the-year dances.

The junior prom, which is semi-formal, will be held on Saturday, May 21, in the student cafeteria from 8-11 p.m. The cost is \$12 per couple with tickets being sold May 16-20 in the bookstore lobby before school or in the cafeteria during the lunch periods. Tickets will be sold at the door. This year's theme is "Up Where We Belong" with "Cottonmouth" as the band.

The Class of 1983 will hold its prom Friday, June 3, at the Marriott O'Hare. Tickets will be approximately \$40 per couple and will be sold May 23-27 in the bookstore lobby before school and during the lunch periods. A school I.D. is required to purchase tickets. The band this year will be "Nightlife" with a D.J. playing records during breaks.

Organizing the junior prom on May 21 are class officers Wendy Joseph, Sony Kim, and Chris Kwon and prom chairmen Alyssa Dudkowski, Ann Joo, Rachel Kao, and Gina Piasecki.

Senior prom chairmen are Debbie Chandler and Joanne Lynch working with senior class president Jim Maher.

Merit scholarships winners

Niles West High School seniors Thomas LaBelle, Elisa Leberis and Michael Korey were awarded college scholarships through the National Merit Scholarship Program. LaBelle's is a college sponsored four year award from the University of Chicago, Leberis' one-time, non-renewable award is sponsored by Consolidation Coal Company, and Korey received the same kind of award from the Texaco Philanthropic Foundation.

The three are among the ten Niles West seniors who achieved National Merit Finalist Status, placing them among the nation's most academically talented youth.

Completes youth officer course

"The best youth officer's course in the state" is a credit attributed to the Basic Police Youth Officer Course conducted April 25-May 6 by the Cook County Sheriff's Police Training Academy, Maywood.

Sheriff Richard J. Elrod said the acclaim came from a statewide expert in the area of

youth work and is "well deserved."

Twenty-six police officers were enrolled in the course which included curricula covering all areas of dealing with youth from juvenile law to crisis intervention.

Local officers included Joseph R. DeSando, Lincolnwood.

M-NASR receives donation

The Maine-Niles Association of Special Recreation (M-NASR) Cub Scout Pack recently received a donation of an American and a Pack flag. The flags were presented to Pack 80 in memory of Sam Fisher, a former Boy Scout District Committee Member. The money for the flags was raised by the Boy Scouts, Cub Scouts and Explorers in Pack, Troop and Post #175 at St. John Brebeuf in Niles, and Pack 73 at St. Isaac Jogues in Niles.

The M-NASR Pack, which consists of 8 Trainably Mentally Handicapped boys, received the flags as a ceremony presided over by Bill Shalie, Boy Scout Unit Commissioner. Approximately 50 people were present. Cub Master at the Ceremony was Nancy Detloff of Park Ridge and Den Leader was Mary Burke of Glenview.

Additional volunteers are needed to work with this special Cub Scout Pack. Please call M-NASR at 966-5222 if you would be interested in helping out.

Egan sponsors open record legislation

Legislation to open up records for inspection by the public and press alike was sponsored this session by Illinois State Senator Robert J. Egan (D-7).

The Open Records Act, now on second reading in the Senate, would allow inspection of all

records of public organizations and corporations, including not-for-profit groups, if more than 50% of the monies are accrued from public funds.

The bill will also provide that corporations or not-for-profit organizations will not be allowed to designate records as "off limits" without specific approval. Provisions to safeguard the legitimate rights of all corporations and organizations are also covered in the bill.

This measure is supported by the Illinois Press Association and is regarded as a landmark to the Open Meetings Act also pending this session.

Cub Scout Pack 175

Cub Scout Pack 175 held its monthly meeting on April 29. The following Webelos graduated into Boy Scouts and received the Arrow of Light Badge: Jonathan Frawley, Christian Sikorski, Frank Biga, Brad Pawlowski, Pat Kelly, Tim Brieske, Kenny Piton, Marty O'Grady, John Mc Conville, and Chris Michellotti. Bear Scouts receiving awards were: Bear Badges—Brad Eshoo, Ed Grabowski and Jason Berkowitz. One Gold and two Silver Arrows—Tony Divito, David Gatter, 1 Gold Arrow—Brian O'Grady, Tim O'Grady. 1 Gold and Silver Arrow by Rick Sheridan. 2 Silver Arrows—Rob Palermo, Charlie Mikula and Fred Vitek. 1 Silver Arrow by Billy Strnad. The Wolf Scouts earned two Silver Arrows by, John Freeman and Brian Healy. One Silver Arrow by Ken Lubinski, Ray Johnson and Jim Mazik. All of the boys in the pack received various Segment Patches.

A Presidential Award from this year's Scout-O-Rama was also given to the pack. In addition to this the boys were also all given the Pope Paul VI Unit Award.

Our next meeting will be a family picnic to be held on May 22, at St. Paul Woods. Our membership drive is still on. All new boys are invited to attend the picnic and participate in the sailboat regatta. For further information, contact our new Cubmaster Ken Lubinski at 698-0416.

OCC's women's softball team ended its season Friday, April 29, losing to Wright College 11-8 in the second round of the NJCAA sectional tournament hosted by Oakton in Morton Grove.

Oakton dropped the first-round game of the double elimination tournament to Truman College 9-6 earlier in the day. Triton College will move on to the regional tourney after beating Harper College 4-0 in the title game.

Despite their 0-18 record, OCC coach Don Jonsword had some very positive things to say about his women players.

"This was a very frustrating year for these women, yet they remained highly spirited and very enthusiastic, very encouraging of each other," said Jonsword. "An excellent group of women to work with."

Jonsword found at least a couple of bright spots on a team which was mostly made up of novices.

"Kim Stryker will hopefully go on to a college in New York on a scholarship," commented Jonsword on his star player.

A 600 hitter, Stryker led the team in runs scored, 21, and triples, 3. The sure-handed shortstop also went the season without a strike-out.

Pitcher Sandi Pillar, without much defense behind her, pitched 17 games for the Raiders.

"She pitched much, much better than her record indicates," explained Jonsword. "We just didn't give her enough support." Pillar also contributed at the plate hitting .410 and leading the Raiders in runs batted in, 17, home runs, 2, and tied Stryker in the lead for doubles with 4.

Res dominates GCAC Meet

Resurrection High School came away with First Place in a GCAC Track and Field Meet at Hanson Park on April 25. Res dominated all of the events, chalking up 107 points compared to St. Scholastica's 51 points, Sacred Heart of Mary with 49 points and St. Benedict's with 16 points.

The Bandits took all five places in the 800 run with Peggy Casey taking first, Debbie Kopf second, Darl Horst third, Kim Lewandowski fourth and Maureen Deasy fifth. Colleen Lyman, Diane Pawelko, Karen McNeela and Jennifer Jendras gave the Bandits a first place in the 800 meter medley. Res took all six places in the mile with Colleen Mackey, Jennifer Flashing, Debbie Kopf, Lisa Ponzetti, Peggy Casey and Kim Lewandowski coming in 1-6 respectively.

Casey took first place in the high jump and Karen Kancius got second. Lisa Orta came in first in the 220 hurdles.

The Bandits took second place in the GCAC meet at Niles East on April 23, coming in second to Regina.

Res is working to put it all together by next Saturday, May 7 for the final GCAC conference meet at St. Ignatius. Though strong in several events and having strong individuals, Res will be challenged. "If we reach our peak, we will do well though the competition is tough," commented coach Debbie Krzywicki.

SJB troops march to 41st victory

The 8th grade female troops from Saint John Brebeuf scored a record 71 points against St. Ferdinand's. From start to finish the SJB scoring brigade had little trouble finding the hoop. At game's end Cathy "Little General" O'Grady scored the basket to set the team record for most points scored.

"Star of the Game" honors went to Janet "Chairman of the Boards" Rzepiela. Big J scored 22 points and had 10 rebounds. Krista Eshoo tallied 17 points.

The "Floor General", Eileen McAuley had 5 assists, along with 10 points. "Carrot-Top" has announced that she intends to enroll at Maine East High School in September. Cathy O'Grady, Karen Beefink, and Kristin Gotshall each scored 6 points. Kris also

had a career high 9 rebounds. Kathy Lake scored 2 points and had 7 assists and 5 steals. Cathy Bratek scored 2 points.

After this road game, the SJB troopers journeyed over to St. Monica's gym. The Mustangs surrendered to the Lady Warriors 45 to 32. This win raised SJB's season record to 41 wins and 2 losses.

Krista Eshoo tallied 16 points. Janet Rzepiela contributed 13 points. Cathy Bratek had 8 big ones and 9 rebounds. Eileen McAuley and Kathy Lake each scored 4 points.

Karen Beefink, Kristin Gotshall, Cathy O'Grady and Lori Colosi brought their artillery of shots but failed to hit the target.

B. Divis of St. Monica scored 30 points.

Bandits have eye on Division Title

Resurrection High School's softball coach Tulla Terpinas predicts that the Bandits will take the Division Title. "We're strong in defense and pitching and we have great spirit and team unity. That should put us on top," commented Terpinas.

Res ran all over Good Counsel Friday 21-1. Overall, the Bandit's record is 3-2. Res earlier beat Madonna and Trinity.

Sandy Markiewicz and Wendy Kramer pitch for Res. Other team members are Christina Bomben, Eileen Clark, Peggy Hayes, Laurie Hulvey, Celeste Kotlarz, Alice Kramer, Colleen Mergens, Wendi Olaszewski, Karen Pavlis, Karen Port and Julie Smitka. Pavlis and Markiewicz are team co-captains. John Patti assists Tulla Terpinas in coaching the Bandits. Shella Cerny is student assistant coach.

Twirling girls set record

The Grand World Champion twirling corp, better known as Apple Core, recently broke the Guinness Book of Records of twirling of 76 hrs. and 2 min.

The six members of Apple Core (l-r top) Angel Rago, Kathy Bider, Sue Furmanek (bottom) Debbie Grabowski, Karen Grabowski and Debbie Bider went first to break the record by twirling 80 hrs.

To make the record even more certain, Debbie Bider of Glendale Heights and Debbie Grabowski of Elmhurst went on to twirl for 92 1/2 hrs.

These new records were established at the Bridgeview Park District Recreational Center and were constantly monitored by village officials, park officials and other important people who served in 4 hr. shifts.

Walk-away foot surgery available

A Morton Grove podiatrist is correcting painful foot problems with a new "walk-away" surgical technique performed in his office. Procedures using new small microsurgical bone cutting instruments are simplifying the correction of bunions, hammer toes and similar conditions," states Dr. Lawrence M. Rubin, representative of the non-profit

BEST FOOT FORWARD

CONGENITAL TOE PROBLEMS
Congenital toe problems usually involve underlapping or overlapping toes. If one of the toes, other than the big toe, underlaps another one, adhesive tape correction is used to form a sling beneath the affected toe until it assumes its natural position.

To correct congenital hammer toe, where one toe hooks in an arch and may develop corns, calluses and blisters on the top of the curve, a felt pad is attached to the top of the toe to force it to lie flat in the shoe. The toe may also be straightened manually or surgically.

With *digiti quinti varus*, the fifth toe overlaps the base of the fourth toe. It may not be painful or affect the child's gait, but if symptoms appear or if corns should begin, then the toe can be padded or straightened.

Help fight the "silent killer"

More than 60 million Americans share a common bond.

All suffer to some degree from the "silent killer," an illness more commonly known as high blood pressure or hypertension. It is a major cause of heart disease and stroke and contributes to more than 750,000 deaths annually.

May is National High Blood Pressure Month and the Heart Association urges everyone to have their blood pressure checked at one of the many Chicago and suburban locations which offer this service. The purpose of the month is to increase public knowledge and awareness of the seriousness of high blood pressure and the importance of having your blood pressure checked regularly.

Many people are unaware they have high blood pressure because it has no symptoms, thus the name "silent killer." Untreated or uncontrolled, high blood pressure can lead to premature illness or death from coronary heart disease, stroke, heart or kidney failure.

Through high blood pressure cannot be cured, it can be controlled. People who effectively control their high blood pressure through medication and diet can lead normal, healthy lives.

Chicago Heart Association President Dr. Michael Lesch said that while high blood pressure is better controlled today, it remains a "significant" public health problem.

"High blood pressure can be measured simply and quickly. If a blood pressure reading is elevated, a referral to a physician for a follow-up is made by the screeners," Lesch said. "Treatment of even moderately high blood pressure can prevent stroke, heart or kidney failure,

and reduce the risk of heart attack."

For reasons which doctors have yet to discover, Black Americans are almost 50 percent more likely to have high blood pressure than white Americans. If they do develop it, they usually do so at an earlier age and it can be more harmful.

The Chicago Heart Association and its divisions in Cook, DuPage and Lake Counties want everyone to know about and understand high blood pressure.

Have your blood pressure checked today at a location in your neighborhood and obtain additional information about controlling high blood pressure.

For information about screening sites in your area, contact:

Heart Association of North Cook County, 9933 Lawler, Room 430, Skokie or call 675-1535.

Older Americans Month celebration

Older Adult Services, Des Plaines, and the Community Economic Development Association, Chicago, extend a friendly invitation to all senior citizens to celebrate Older Americans Month at a luncheon on Friday, May 20.

The celebration luncheon, which will begin at 11:30 a.m. and continue until 2 p.m., will be held at the Life Fulfillment Center, 9375 Church st. in Des Plaines (at the southeast corner of Church st. and Potter rd.).

Seating space is limited to 150, and interested persons are encouraged to make reservations early. Older Adult Services will accept reservations for the Older Americans Month celebration between 9 a.m. and 4 p.m. beginning Monday, May 9. You may make your reservations by phone, by calling 696-8261, or in person at the Life Fulfillment Center.

Entertainment by the popular St. Luke's Lutheran Church, Park Ridge, Bell Choir, decorations created by Older Adult Services' program participants, and a special celebration meal all are part of the delectable fare seniors can expect at the luncheon.

The Chicago Fire Department presented Mrs. Gallagher with her award during a luncheon ceremony.

Mrs. Gallagher has been associated with Lutheran General for 13 years. She resides in Des Plaines with her husband and two sons.

Employees of Portland Cement Assoc., Skokie, will be helping to maintain an adequate supply of blood over the Memorial Day holiday by donating blood at a blood drive on Friday, May 27.

The drive will be held from 8:30 a.m. to 12 p.m. at Portland Cement Assoc. office, 5420 Old Orchard rd., Skokie. The May 27 drive is the 5 annual employee blood drive. The blood drive chairperson, Sherri Lind, encourages all eligible employees to donate blood that day, just prior to the busy Memorial Day holiday.

Lutheran General nurse receives award

Barbara Gallagher, R.N., head nurse, in the Emergency Services Department of Lutheran General Hospital, Park Ridge, recently was presented with the Nurse's Award for Outstanding Professionalism and Dedication to the Purpose and Mission of Emergency Medical Services.

"The award was established to honor four Chicago-area nurses chosen for their excellent service in the area of telemetry," says Ronald Smith, director of Chicago paramedics. Mr. Smith explains that telemetry is the one-to-one, on-going communication process that is maintained between paramedics, at the site of an emergency, and hospital medical personnel.

Recipients of this award were determined by the total number of votes they received from the Chicago paramedics, in a recent city-wide election.

Cancer Screening exams

Two innovative screening programs focusing on the early detection of two of the most common cancers, breast and colon have begun at the Portes Cancer Prevention Center, 33 W. Huron in Chicago. These examinations enable more individuals to benefit from proven techniques for the early detection of these cancers at affordable prices.

The breast cancer screening program evaluates each woman's relative risk status. Included are a physician examination, evaluation, and instruction in breast self-examination (BSE). If recommended, low dose mammography is done. Through mammography breast cancer can be detected years before the woman or her doctor can feel it... usually while it's still localized and can be easily removed.

Mammography at Portes is made possible through the generous contributions of the Evelyn Steinberg Memorial Foundation.

The colon cancer screening program is an examination for the early detection of colon cancer (bowel cancer). This physician directed program is designed to educate and evaluate each individual's risk of bowel cancer. It includes a physician examination for bowel cancer, stool testing and unless contraindicated, sigmoidoscopy (proctoscopy) is done.

The program fees are: Breast \$30, Mammography (when recommended) \$60, and Colon \$45.

The non-profit Portes Center also offers a comprehensive health evaluation including various procedures for early detection of cancer and other diseases, as well as screening for breast and colon cancers as described here.

The comprehensive examination fee is \$140; the mammography fee is additional at \$60.

Messiah Lutheran blood drive

Park Ridge residents are urged to join church members in donating blood at Messiah Lutheran Church on Saturday, May 21. The drive will be held in the meeting room of the church, 1605 Vernon ave., Park Ridge. Community residents are encouraged to walk in and donate between 8 a.m. and 12 p.m.

Guide to Health and Fitness

St. Francis/Kiwanis Classic Run

Exercise should be fun; at least that's what we are told through advertisements. Over and over again we see pictures of healthy, happy people playing volleyball, jogging, roller skating or even lifting weights. It's enough to make you feel guilty for not similarly enjoying these strenuous pastimes.

A quick survey among friends should confirm, however, that more people seem to be irregular participants than enthusiasts. Take jogging for example. We know it is good for us, but many people who begin running quickly become bored by the solitude.

To help bring fun into exercise and to promote its health

benefits, Saint Francis Hospital of Evanston joined forces with the Evanston Kiwanis Club to offer the St. Francis/Kiwanis Classic, a 5K and 10K race to be run on Sunday, May 22.

"Although it is competitive," comments Al Foschi, M.D., cardiologist and race director for Saint Francis Hospital, "we are holding the shorter race (3.1 miles) so that the occasional runner can still enjoy the competitive spirit and the excitement of running with others without feeling pushed to race with the longer distance 10K runners. We plan that our run offers something for the race enthusiast spirits and for those who enjoy jogging for exercise."

"We became involved in coordinating the race with the Kiwanis Club because we wanted to help promote the fun and benefits of exercise - particularly running," continues Dr. Foschi. "Not only do runners reduce their

blood pressure and control their weight, they also find that it helps them in controlling stress and reducing tension. Patients who have had drinking, smoking or drug problems found that regular running or some other form of strenuous exercise helped them as they tried to break their habit. In effect, they were replacing one method of reducing tension with another method - a healthy one."

Dr. Foschi, himself a runner, recommends running to his patients with heart disease. "Of course anyone starting an exercise program should receive medical clearance from a doctor, but I have found that many of my patients successfully used running to reduce their risk of coronary heart disease and to

strengthen their heart muscles. It helps to keep the cholesterol levels low."

Saint Francis Hospital cardiologists and emergency medicine physicians will be manning the medical aid stations at the race. But Dr. Foschi won't be among them. A ten mile a day runner, he will be running the race, keeping an eye on the eight patients from Saint Francis Hospital Cardiac Rehabilitation program who are entered.

Race registration continues until the day of the race, with applications available at the Saint Francis Hospital information desk or by calling Community Relations at 492-6170. The 5K race begins at 8 a.m., sharp, and the 10K at 8:45 a.m. Registration will be accepted the day of the race up until the starting time. Participants and well-wishers will assemble at Floyd Long Field (Sheridan rd. and Central st. in Evanston). The race continues south through Northwestern University's campus and along the lakeshore.

Supervised Home Care an alternative

Home Care services range from simple household help and companionship to a very complex array of professional nursing care.

Private Home Care allows family and friends to keep a patient at home. This care can provide the means for early discharge from a hospital, can help an elderly patient stay at home instead of a skill nursing facility, can allow families to get away for a vacation if someone is chronically ill, and can assist those who are dependent to be restored to maximum health.

Private Home Care Unlimited, Inc., is supervised by skilled counselors and nurses with experience and knowledge in the Home Health Care field.

If you need additional help in determining the particular assistance please call our office at 475-4111 or 475-2050.

Visiting Nurse Association provides qualified service

The Visiting Nurse Association has been providing professional home health services in this community for 85 years. Most services are established under physician's orders, and the agency can make direct contact with an individual's physician in order to get services going.

The agency offers a free evaluation visit for anyone who believes she might have a health problem that needs attention. Follow up assistance can also be rendered on a fee-adjusted basis where circumstances warrant. In addition to the full spectrum

of professional services (see adjacent ad), the VNA can also staff your homemaker or chore needs.

The VNA also staffs the Morton Grove Health Dept., the Trident Center in Niles, and often does blood pressure screening in senior housing sites throughout the area. The VNA has the qualified, licensed and bonded staff; the VNA has long years of recognized experience; the VNA knows your community.

Call 328-1900 with any questions about your health.

National High Blood Pressure Month

The month of May is National High Blood Pressure Month. Hypertension is a "silent" health problem that affects one out of every six American adults.

Lutheran General Hospital, Park Ridge, offers free hypertension screening twice a week throughout the year. The tests are performed for 3:30-5:30 p.m. on Tuesdays and from 1-3 p.m. on Saturdays, in the hospital's Outpatient Department.

Dora Maize, R.N., head nurse of Lutheran General's Outpatient Department explains that there often aren't any symptoms or warning signs of hypertension and most persons feel fine even though their blood pressure is high. Because hypertension is,

among other dangers, a leading cause of heart disease, Mrs. Maize encourages persons to see their own physicians even if their blood pressure is borderline high. "If the reading is very elevated, we try to have the person make a physician's appointment before leaving the hospital," she says.

Normal blood pressure readings should be rechecked at least once a year. Persons who take medication for high blood pressure should keep physicians appointments as indicated.

For more information on free hypertension screening call Lutheran General Hospital's Outpatient Department at 696-5070.

Conditioning classes at Leaning Tower Y

If you are looking for that "physically fit" feeling, this is the program for you!

A year-round group exercise program that aims at improving fitness through dynamic, rhythmic exercise. A typical class begins with a warm-up, then emphasizes activities and calisthenics for development of cardiovascular endurance, muscular strength and flexibility. Class ends with cool-down. By using age-adjusted target heart rates, individuals of various fitness levels can work together, at their own pace.

Classes are held early mornings, mid-morning, noon hour and evenings. Call for a class brochure for specific days and times. A "Y's Way to Fitness Evaluation" is strongly recommended for all beginners. Can't make a scheduled class?

Start with a Fitness Evaluation, receive Exercise Guidelines and Target Heart recommendation from Leaning Tower Physical Education Department. Whether in a group, or on your own, start your fitness program now for endurance, optimum health, life!

Morton Grove Rehab Center provides services for patients of all ages

Patients need not take time off from work or school to obtain prescribed rehabilitation therapy, thanks to an outpatient clinic which opened here in 1982.

In fact, hours at the Morton Grove Rehabilitation Center, 9346-48 Waukegan rd., have been designed especially for the working population and students.

"We established the clinic because we saw the need for rehabilitation outpatient care with flexible hours for the many patients who can't fit hospital weekday therapy hours into their work or school schedules," said Sharon L. Trotter, O.T.R., who with Suzanne K. Bowman, R.P.T., is a director of the clinic.

The clinic provides outpatient therapy services by appointment from 8 a.m. - 8 p.m., Monday-Friday, and 9 a.m. - 1 p.m., Saturday.

The Rehabilitation Center recently expanded its staff to include several pediatric therapists for a new Pediatric Clinic. "So now, we are providing services to patients of literally all ages, from infants to the elderly," Mrs. Bowman said. The Center is believed to have the only private pediatric therapy clinic in the Northern suburbs.

In addition, last month, the Center began offering audiology screening, evaluation and hearing aid dispensing services. Plans are now underway for community lip-reading classes conducted by audiologist Ken E. Moore, M.A. CCC/A.

Other services provided include physical, occupational and speech/language therapy; clinical social work; and medical records.

Physical therapy is provided to patients of all ages with a variety of disabilities including amputees, arthritis, lower back pain, multiple sclerosis, neurologic disorders, orthopedic problems, sports injuries and stroke. All physical therapy treatment requires a physician's referral.

Among the special occupational therapy services offered are a hand splinting and therapeutic treatment clinic, pediatric evaluation and therapy program, vocational testing and therapy for industrial injuries, and fabrication of adaptive equipment.

Speech and language pathology diagnostic and treatment services are offered to patients with communicative disorders such as stuttering, delayed speech and language development, hearing impairment, cerebral palsy, articulation and voice disorders, and language learning disabilities, among others.

"The goal of all our therapy programs is to rehabilitate patients to their optimum levels of independence," Mrs. Trotter said.

The staff of the Morton Grove Rehabilitation Center includes registered physical and occupational therapists, certified speech/language pathologists and audiologists; a social worker; a registered rehabilitation nurse; and ac-

credited medical records

Referrals to the clinic may be made by individuals, physicians, hospitals, industry, schools or other health care agencies. Sources of payment can include workmen's compensation, Medicare, insurance and private payment. Ample parking is available in the rear of the building.

The Morton Grove

Rehabilitation Center is a division of Illinois Therapeutic Associates - also headed by Bowman and Trotter - which is a Medicare-certified rehabilitation agency serving nursing homes, hospitals and other health care facilities in the Chicago metropolitan area.

For more information on the Morton Grove Rehabilitation Center, call 966-3536.

Youngsters "flip" over Gottlieb's Children's Fair

More than 600 children from area schools and Scout troops literally "flipped" over Gottlieb Memorial Hospital's Children's Health Fair on May 2.

They got a chance to try out a Stryker turning frame used to quickly turn burn patients from stomach to back.

While that was a popular attraction at the ninth annual Fair, it was one of many designed to familiarize children with hospital procedures and atmosphere, and thus minimize their fears about surgery and being away from their parents should they ever be hospitalized.

The children listened to the heartbeat and kicking sounds of nurse Shirley Coakney's unborn baby emanating from a fetal heart monitor, then listened to their own heartbeats through a stethoscope.

They also had a tiny wet plaster cast wrapped around their pinky finger by the emergency room staff, stared at blood cells through a microscope, learned proper eating habits from hospital dietitians, tried out aluminum walkers and crutches

used in physical therapy, watched Franklin Park paramedics demonstrate their life-saving equipment, saw scrub-suited surgery personnel explain surgical instruments and display a set of removed tonsils, observed a person taking an electrocardiogram test, learned the bone structure of the human body on an x-ray department skeleton, and saw a typical oxygen tent setup used in pediatrics.

Among the schools represented were the Scott School from Melrose Park; Jefferson School, Berkeley; Roy School, Northlake; Elm School, Elmwood Park; Horace Mann School, Oak Park; and the Greerbrook School, Hanover Park.

Holly Schmid Electrolysis offers personal service

A great many women have unwanted hair somewhere on their bodies, and when it appears in obvious and embarrassing places, such as faces, necks, arms, stomachs and other "unfeminine" places, they often resort to all of the usual remedies; like plucking, waxing, shaving, etc. They rapidly discover, to their chagrin, that these measures only worsen the problem and make growth stronger and more noticeable.

The truth is that all "solutions" but one lead to a cycle of coping with an ever-increasing dilemma. Electrolysis is the one solution that actually deserves the name. This process ALONE can destroy the root or growing cells that produce each hair so it can NEVER return to plague its unwilling host.

The word "process" is a key one since even with today's modern, efficient and safe equipment, a trained electrologist may have to treat a hair more than once with a carefully controlled amount of current. Unless it is fine and shallowly rooted, a hair is dealt with in stages. Course and deeply rooted ones may be treated 3 or 4 times; each time the root struggles to produce another hair until the follicle is rendered incapable of producing one.

importance of strictly following the appointment schedule set up by her electrologist," explains Gail Richardson, electrologist at Holly Schmid's Electrolysis Salon, 281 Waukegan Rd., Northfield. "By making sure that regrowth is dealt with immediately before it has a chance to strengthen and gain nourishment, the electrologist insures successful treatment for her client."

When a client decides to plot her own schedule, or simply doesn't appear for a month or two, she lengthens her treatment time considerably and/or places in jeopardy the efforts of her electrologist. "Often, when an electrolysis dropout tells friends that the treatment didn't work, a much more accurate statement would be 'I just didn't do what I was advised and didn't stick to my appointment schedule'," adds Holly Schmid.

Electrolysis is medically approved and recommended by physicians everywhere. Plastic surgeons favor it as the only safe and reliable hair removal technique between and after operations. Dermatologists know that visits to an electrologist can improve a patient's skin because there will be less oiliness, resulting in fewer skin eruptions.

Come in and see Gail and Holly at Holly Schmid's Electrolysis Salon, one block south of Willow Rd. in Teddie's Hair Designers. They are open Monday thru Saturday, with evening hours Tuesday, Wednesday, and Thursday. Call 446-4040 for an appointment.

Four years after having her medical condition diagnosed, as scleroderma, Sue Hansson-Ross still isn't quite sure of its spelling. "I still carry a piece of paper around with me so that I spell it correctly," she says.

When Sue Hansson-Ross went to her doctor four years ago, feeling weak, and experiencing pain in her joints, she had never heard of the word scleroderma and neither had anyone else she knew. "The disease is not well known and a lot of people don't understand it," Sue says, "they had to learn that I wasn't going through menopause."

Scleroderma, literally meaning "hard skin", is a chronic connective tissue disease responsible for the breakdown of skin and body tissues. An uncommon disease, scleroderma afflicts only one in every 1.4 million people annually. An estimated 100,000 to 250,000 people in the United States suffer from scleroderma. The cause is not known with certainty, but it is thought that antibodies are misdirected against the body's own tissues. Effective treatment for scleroderma remains as elusive as the disease's cause.

"My case of scleroderma affected the tissue of my outer skin layer and my esophagus," the 40 year-old Evanston resident says. "My skin became very hard and dry and began to swell. Swallowing was also difficult." Upon diagnosis, Sue was told that her disease had progressed to an intermediate state. She was told her life expectancy was at least 10 years. "I began to think it couldn't be true. There were too many things I wanted to do."

After being treated without any improvement for the next year with an experimental drug, penicillamine, Sue's determination for further treatment helped arrange an initial interview with Dr. Peter C. Dau, Chief of the Division of Allergy and Immunology, at The Evanston Hospital. Sue had read an article of Dr. Dau's on a new experimental plasmapheresis treatment for scleroderma, lupis and other autoimmune disorders. "I decided that any chance was better than none," Sue said. After preliminary blood tests, Dr. Dau approved Sue as a candidate for the plasmapheresis procedure. The plasmapheresis procedure

begins with the gradual removal of the patient's whole blood by use of an intravenous catheter. After the blood passes through the catheter, it enters a machine called a cell separator which separates plasma from other blood components such as red cells, white cells and platelets. Upon leaving the cell separator, the patient's blood cells are combined with a plasma substitute and returned to the patient through a second intravenous catheter. Thus, a total plasma exchange and a reduction in the quantity of autoantibodies is accomplished without loss of cellular blood components.

The replacement plasma Sue received during her pheresis treatments was derived from human blood, the majority of which is donated by volunteer blood donors. Plasma products cannot be manufactured. Such products can only be obtained from a human donor.

"It was incredible," Sue said. "When I saw how many bags of plasma were being used in one afternoon, I knew that the need for blood components is going to be tremendous. Of course I can't donate, but to anyone who can, I think donating today would be the most wonderful feeling knowing that can help not only one, but several people."

Remarkably Sue continued working full time as assistant store manager at Lyttons in Evanston during her pheresis treatments. "I used to go into the Evanston Hospital on my day off. I'd be at the hospital by 9:30 a.m. and I'd be leaving in the afternoon. I would stay off my feet for the rest of the day, but I was back at work the next morning," Sue said. "My determination kept me going."

Anyone interested in being a volunteer blood donor should call The Blood Center of Northern Illinois at 298-9660.

A Better Approach to Fitness

Ever found yourself in a doctor's office listening to him tell you to lose weight and start an exercise program that was with in your ability or give you a body weight that is correct for you which you didn't have to starve yourself to attain? In most every case the answer is no.

At the Human Performance Center those questions have been answered for doctors athletes and

those of us who just want to stay healthy. Several test are given at the Center but the most requested is the Hydrostatic test. This test determines how much fat you have and how much of you isn't fat. Finding out what one should really weigh is simple once those facts are known and even simpler to achieve as many weight conscious people have found out.

The same thing goes for setting up an exercise program. A simple cardiovascular test is performed which tells the physiologist how strong your heart and lungs are, and from that a simple aerobic program that you can live with is designed just for you.

The services at the Human Performance Center are used by athletes, police and fire departments, the general public and corporations interested in fitness and health programs for their employees. Several doctors in the Niles area refer patients to the Center for answers to weight loss and exercise programs that work etc. The Center is open from 10 a.m. to 6 p.m. during the week, and you can call 965-5480 to get your answers to your fitness questions.

Holy Family offers new dimensions in family care

On Tuesday, April 5, Valerie Lynn Johnson was the first baby born in Holy Family Hospital's new Alternative Birthing Center. Proud parents (L-R) Martin and Denise Johnson are joined in the ABC by Maureen Mitchell, R.N., Carl Cucco, M.D., and Tony Daker, R.N., members of the Holy Family's obstetric team who helped in the delivery.

New dimensions in "Family Care" are the bywords at Holy Family Hospital in Des Plaines in 1983. The hospital has developed new programs and acquired new equipment to better serve its patients from throughout Des Plaines and surrounding areas. Holy Family has been granted approval from the Illinois Health Facilities Planning Board to proceed on its modernization and bed expansion plan designed to meet current community needs. The following list highlights some of the hospital's current activities:

Expansion Plan
Holy Family's plan for expansion includes a 39-bed addition which will increase the total number of beds in the hospital from 246 to 285.

The plan also includes the modernization of several departments and service areas and will establish facilities for a One-Day Surgery Program, Home Care Program and Day Care Center for infants and toddlers of hospital employees.

Groundbreaking on the \$1,600,000 project, which includes construction of a three-story building, is scheduled in August 1983 with completion expected in August 1986.

One-Day Surgery
Surgery no longer means hospitalization at Holy Family Hospital. The new One-Day Surgery program eliminates hospital stays by providing a variety of surgical procedures on an outpatient basis.

The surgical procedures include operations on the eye, ear, nose and throat. Gynecological, urological, orthopedic and oral surgery are also performed in One-Day Surgery. All of the procedures are performed in the hospital's operating room by its skilled surgical staff.

Patients in the One-Day Surgery program are usually more relaxed about their surgery because they have a loved one with them before and after their operation. In addition, they tend to recover faster because they recuperate at home, and since they avoid lengthy hospitalization, they have lower medical bills.

24-hour EEG Monitoring Systems
Holy Family was the first hospital in the Northwest Suburbs to acquire 24-hour electroencephalogram (EEG) ambulatory monitoring systems.

EEGs are used by physicians to monitor and record the electrical activity in the brain. Conventional one-hour EEGs can provide a great deal of information, but since they are recorded during a short time span, ongoing brain functions may not be recognized and infrequent ones may be missed.

Final week for "King and I"

Steven Kochan

Karen Olson

"The King and I" goes into its final week of production after three successful performances. The Maine East Fine Arts Department presented the musical at a matinee to over 1200 junior high school students from Gemini, Emerson and Our Lady of Ransom. The students were impressed not only with the beautiful costumes and scenery but the performance levels of the cast. Ages of the cast range from students in 2nd grade through seniors and provide a most entertaining two-and-one-half hours. A special Senior Citizen

Matinee will be provided on Thursday, May 12 at 4 p.m. There is no admission charge and seats are on a first-come-first-serve basis. This particular performance draws people not only from the immediate area but from many other senior citizen groups in Chicago and the far north suburbs. Tickets at \$4 each are available for the final weekend, Friday and Saturday, May 13 and 14, at Maine East High School outside the student cafeteria. Tickets will be sold at the door while they last. Show time is 8 p.m.

Metropolitan Youth Symphony Orchestra concert

Georgette Bartholomew, a resident of Lincolnwood, will perform Mozart's Concerto No. 23 in A Major for Piano and Orchestra as a soloist with the Metropolitan Youth Symphony Orchestra at Orchestra Hall, 229 South Michigan Avenue, Chicago. The concert will take place at 8:15 p.m., Wednesday, May 18. Tickets, at \$4 each, will be available at the box office. Georgette has studied piano with Carol Rosenthal for twelve years and violin with John Fredrickson for five years. She is a senior at Niles West High School where she is concertmistress of the Niles West Orchestra and also performs in the jazz band and pit orchestra. Georgette has participated in the

Illinois High School Music Association's District and All-State Orchestra for the past two years and also is a member of the Youth Symphony Orchestra of Greater Chicago. She will attend the Purdue University School of Engineering in the fall. The program, directed by Pamela Overstreet Culley, will also include Tchaikovsky's Capriccio Italien, Liszt's Hungarian Fantasy for Piano and Orchestra featuring Paul Raitman as soloist, and Dvorak's Symphony No. 8 in G Major. For further information call the conductor at 237-1558. This program is partially supported by a grant from the Illinois Arts Council, a state agency.

"Bullfeathers"

What is being referred to as "AS A RISING TIDE OF MEDIOCRITY" in our entire educational system today is being blamed, for the most part, upon the incompetence of our teachers from the elementary-to-high-school-to-college curriculum. In a few cases, the old adage may apply, "THOSE WHO CAN - DO! THOSE WHO CAN'T - TEACH!" And, in other cases there are some teachers who are under qualified and therefore are under worked and over paid. This however, has its own self deprecative denouncement.

But, in the vast majority of cases the teachers are qualified. And, as such, can cure ignorance. However, there is no cure, as yet, for self-imposed stupidity. Particularly when the student does not possess the desire or drive to learn. Moreover, the highly competent teacher has more disturbing outside influences (alcohol, dope) to combat than in the days of yore.

In my days, grade school teachers were feared. In my high school days they were respected and heeded (you needed passing grades to make the grade in athletics and gain a school letter). In my college days they were held in awe because of the knowledge they possessed plus the fact that passing grades were also required to even become a cheerleader with the big pom poms, or play in the school band.

In those bygone days, of my own personal knowledge I never witnessed a teacher being attacked by a student in grade school. However, I did witness teachers belting some unruly oafs. And, at Northwestern University's law class I did witness a dandy fist fight between the professor of a law class and a big aggressive guy who later became an All-American tackle. What the football player didn't know (but I did) was that the smaller law professor had been a top quarterback and middle weight boxing champion at Yale. The fight lasted less than two minutes when the professor ended it with "a picture book left hook" after quickly inflicting devastating damage.

They've even attempted to place the blame on our Secretary of Education, and the President because of cuts in school funds. Nobody can give you an education - it's something you have to earn. I have never forgotten a principal I had for 8 years in grade school, a Mr. Plant, at the Frank W. Reilly School, at School and Monticello in Chicago. Much to the dismay of lady teachers he used to burst into the room and take over. He would tell the most interesting stories and most of the kids, particularly the boys, welcomed his frequent visits. Most of his stories were about sports and World War I in which he had served, rising from private to captain. At 55 years of age this Irishman, who in his youth had been an all around athlete, was still in pretty good shape. I remember when we were playing softball in the gym he breezed in and pitched a couple of innings. He struck out six boys and the catcher had trouble holding onto the ball because of his high velocity underhand pitch.

Mr. Plant always ended his stories this way: "You are here to get an education. The grade school education is like the foundation needed when you build a house. Names and dates you will

forget. All we can do here is start to train your young minds to think for yourself. As you go on to high school you will be adding the second section to your house. Finally, hopefully, college is the roof. BUT IT DOESN'T END there. The learning process never stops. Half of knowledge is knowing where to find it. But you must want to find it. You and you alone control your own education. And, remember, usually the man who gets paid for what he knows ultimately earns much more money than the man who gets paid for what he does. In many cases a college education is merely an expensive vacation. All an education can do is to train your mind to think for yourself."

"Education begins in the home."

Now, being older, perhaps I can understand why I felt a rapport with Mr. Plant. Many of the things he expounded my mother told me long before I entered grade school. At age 7 1/2, I could read, I could write, I could add, multiple and divide simple problems. My mother taught me this. Thus, at an early age I discovered the wonderful world of books. My mother also read many of the famous classics aloud to me before I went to grade school. Education does begin in the home. You can't blame many of the kids who don't speak good English when all they hear in their homes from birth is a foreign tongue. Yes, even today there are many, many children who speak Polish, Spanish, Greek, Mandarin, etc., better than they speak English. Schools cost the taxpayers a tremendous amount of money these days. If, at a time, when technology, computers, mechanical robots, human looking androids and mechanical spare parts for humans call for the utmost in specialized knowledge and technical skills, and we are still rearing a generation of dope soaked idiots, then maybe we should do this:

Fire all the teachers! Close all the schools! Open more bars! Lower the drinking age to 10 and legalize pot! If we have to go to pot educationally speaking, why not hasten the process.

Festival of the Arts

An enjoyable evening of song, dance, and art will be presented on May 13 at 7:30 p.m. in Marillac High School. The Choralliers and the Swing Choir (composed of Marillac, Loyola and Notre Dame students) will perform a variety of songs under the direction of Mrs. Kathleen Hartzell. Many styles of dance will be presented by students under the direction of Mrs. Kate Wagner. The final feature of this festival of stars will feature a display of students' art work under the direction of Claudia Budny and Nancy Paradies. Parents, relatives and friends are welcome for what promises to be an entertaining evening. Admission is free.

Kabuki Theatre comes to Niles North

Children of all ages will enjoy Niles North High School's presentation of Three Tales from Japan, the school's annual children's theatre production. According to North drama director, Jerry Proffit, these tales "bring to life the wit, charm and inventiveness of traditional Japanese stories." The plays will utilize the elaborate costumes, make-up and special effects of traditional Kabuki and Noh drama. The stories, which have a broad appeal, include "The Magic Fan," "The Princess of the Sea," and "The Little Peach Boy." North student Jeff West is the play's assistant director. Jeff

Trombonist champions jazz

MEMBERS OF THE ENSEMBLE: (front row) Karen Ahrndt, Skokie; Jake Jerger, Des Plaines; Joanne Jerger, Des Plaines; (second row) Dan Lakin, Wilmette; Jeff Villareal, Morton Grove; Lorenz Diesberger, Northbrook; Brian Morhardt, Niles; (back row) Steve Barra, Mt. Prospect; Steve Myers, Des Plaines; Joe Leonard, Park Ridge. (Not in photo: Jon Hauvers, Morton Grove.)

"Jazz is the only musical art form that is a uniquely American development," says well-known jazz trombonist Bill Porter. "In fact every artist that I have talked to around the world says that it's the only uniquely American art form."

The first Horn player to be featured by the Percussion Ensemble since its inception, Porter will perform the title song from his recent Fawn Records album, "Bill's Meetin'," a "down-home" gospel rock number which was written and composed by Roy Vontrack especially for him.

Members of the Percussion Ensemble will back Porter as well as present the first half of the program. Selections will include "Overture for Percussion" by J. Beck, "Gainsborough" by T. Gagner, and "Gigue et Jazz" by F. Beluse. Admission is free and

open to the public. Chicago Tribune critic Larry Karl recently termed Porter's performance in his new album, "playing with inventiveness and zeal," and a "sizzling, crystal-clear recording job."

The conductor and leader of the Bill Porter band, which performs regularly at the Holiday Star Resort and Conference Center in Merrillville, Indiana has performed with such great bands as those of Stan Kenton, Woody Herman, Harry James and Nelson Riddle. For 14 years he was a member of the Bob Trenchler WGN-TV staff orchestra.

Porter currently is championing the broadcasting of jazz on prime-time airwaves through an organization he has founded called "Equal Time."

Columbia College presents "I'd Rather Be Right"

The Theater/Music Center of Columbia College at the Eleventh Street Theater is concluding its ambitious 1982-83 season with the opening Thursday, May 12 of a three-week revival of its popular season-opener, the 1937 satirical musical, **I'D RATHER BE RIGHT**. The Eleventh Street Theater is located at 62 E. 11th st., Chicago.

Special guest star Frank Farrell re-creates his acclaimed portrayal of Franklin Delano Roosevelt in the musical comedy with music by Rodgers and Hart and book by Kaufman and Hart. Sheldon Patinkin and June Pyskacek are co-directing this production which includes a cast of 36 students from the Columbia College Theater Ensemble.

I'D RATHER BE RIGHT begins with two previews on Tuesday, May 10 and Wednesday, May 11. Following the May 12 revival opening, it will be performed for three weeks only on Friday, May 13 through Sunday, May 15 and the following weeks on Wednesday, May 18 through Sunday, May 22 and Wednesday, May 25 through Sunday, May 29. Curtain time is 7 p.m. on opening night and Sunday performances, and 8 p.m. for all other performances.

General admission is \$6 Fridays and Saturdays, and \$5 for all other performances with discounts for senior citizens and students of \$2 and \$3. Preview prices are \$2 per ticket.

For information and to make reservations to see **I'D RATHER BE RIGHT**, phone the Columbia College Theater/Music Center at 663-9465.

"The Vote," is the third of the plays scheduled for reading in observance of Older Americans Month. Admission is free.

"Pop Go The Classics" will highlight concert

The three Niles North High School Bands will combine to present a free concert on Saturday, May 14, at 8 p.m. "It is the finest entertainment deal in town," says band director, Mr. Tim Wolfram, adding that the concert will feature 120 students from the Cadet, Intermediate,

and Concert Bands. The Intermediate and Cadet bands will lead off the concert with "Pop Go The Classics," a medley of traditional classical pieces such as the "William Tell Overture" set to a rock beat. They will also play highlights from the ever-popular Camelot.

"Cymbeline" at Circle Theatre

The Circle Theatre of the University of Illinois at Chicago (UIC) will present Shakespeare's "Cymbeline" beginning May 12. Performances will be offered at 7:30 p.m. May 12 in a special dinner-theater presentation and on May 13, 14, 19, 20 and 21. Matinees will be given at 2:15 p.m. May 18 and 22. All performances will be held in the Circle Theater, located in the Education, Communication and Social Work Building, northwest

corner of Harrison and Morgan sts. All tickets are general admission. Theater performances only are \$5 for adults and \$3.50 for students, senior citizens and alumni. Group rates are available. Parking is available for \$2.50 west of the Theater in the UIC garage on Harrison st. For more information or advanced ticket orders, call 956-5286.

Cablenet presents first "Community Speakout"

Cablenet, Inc. will soon begin production of its first public access "Community Speakout" series. The program will feature an open forum for residents of Cablenet's franchise communities to voice their opinions on local issues.

The "Speakout" taping sessions are scheduled for May 10 and 24 from 6:30 p.m. to 9 p.m. at Cablenet's Arlington Heights Access Center. Each participant will be allowed up to seven minutes of program time. Graphics may be utilized for each program, but no demonstrations.

"Community Speakout" will be cablecast on Cablenet's access channel 21. For more information on scheduling and air dates, please contact Terry Loughman at 253-9100.

Here's your chance — lead a symphony orchestra

It's not often we have the opportunity to live out our fantasies. But the Skokie Valley Symphony is offering someone that chance. That is, if your heart's desire is to conduct a full symphony orchestra.

"To qualify you must be a frustrated conductor, believe in and support community orchestras, and write a check for \$1,000 to the Skokie Valley Symphony," said Executive Director, Dr. Robert Komalko. Considered one of the finest community symphony orchestras, the Skokie Valley is entering its 22nd season and performs five concerts a year. "Our guest conductor will lead the full orchestra in a mutually agreed upon orchestral work, and we'll even provide a

reception following the performance," said Komalko. For further information call: 312/674-7675, or write the Skokie Valley Symphony, P.O. box 767, Skokie, 60077.

Oakton hosts Starving Artists Fair

Oakton Community College will host the tenth annual Starving Artists Arts and Crafts Fair from 11 a.m. to 5 p.m. on Memorial Day Weekend, Saturday and Sunday, May 28 and 29, at OCC/Skokie, 7701 N. Lincoln ave. In addition to the usual array of unique handmade items, a special section will display hand carved wooden pieces by the North Suburban Carvers who will exhibit in conjunction with the OCC Starving Artists Fair. The Carvers will provide demonstrations on various kinds of wood carving techniques from whittling to chain-saw carving, according to Jay Wolin, fair coordinator.

First of its kind in Chicago, the Fair displays only juried works, none priced over \$50, and most priced under \$25. "All work is original, a product of the artists exhibiting, and no commercial or

resale goods are permitted," Wolin said. Fair visitors can view paintings, lithographs, photography, leather work, jewelry and macramé, as well as wood carvings. Admission is free.

A special section of the fair once again will be devoted to works created for children only.

Children can select, without parental influence, art work of their choice priced at \$3 or under. Sandwiches, potato chips, ice cream and soft drinks can be purchased. Ample free parking will be available at the Fair. For further information, call the coordinator at 635-1959.

Crime Stoppers to feature "Crime of the Week"

Des Plaines Crime Stoppers will begin featuring an unsolved "Crime of the Week" beginning May 18.

Each week, an unsolved felony crime will be featured in the Media as the "Crime of the Week." In addition to inviting information on the featured crime, callers may call in on any other criminal activity they have knowledge of and assist the police in solving and suppressing crime without "becoming involved."

While primarily directed at felony crimes, information on misdemeanor offenses will also be considered for a cash reward.

The Crime Stoppers phone number is 699-7867, or simply 699-STOP.

Persons who call this number and provide information to the police that aids in solving of a crime, apprehension of a wanted fugitive, recovery of property or drugs or the prevention of crime will be eligible for a cash reward of up to \$1,000.

The program has three important features: One, the caller remains anonymous. Callers are assigned a secret code number and are identified by that

number in all transactions. Two, the reward does not hinge on conviction of the accused. Three, the program is under the control of a civilian board of directors made up of a cross section of the citizens who live or work in Des Plaines. Another important feature of the program is that funding is through donations and no city funds are involved.

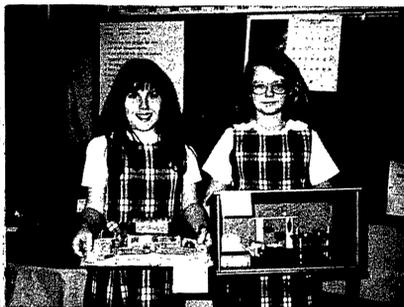

The program was organized by the Des Plaines Chamber of Commerce and is controlled by the civilian Board of Directors.

Lt. Jim Scheskie and Sgt. Allen Freitag worked with the Chamber in preparing the program. Crime Stoppers has been granted a not for profit Article of Incorporation by the Secretary of State and has received IRS approval as a non-profit organization.

Donations to the program are tax exempt and may be directed to Des Plaines Crime Stoppers, Inc., 1420 Miner, Des Plaines, 60016.

The police department will provide a speaker on Crime Stoppers upon request. Call 391-5427 for this service or for further information on Crime Stoppers.

History projects

Fifth grade students of St. John Brebeuf School have concluded their study of the pioneer period in American history by constructing projects to show some part of pioneer living. Jennifer Saviano presents her display of a flatboat used to move an entire family and its possessions down the river. Diane Wagrowski presents a cabin with furniture and artifacts of pioneer life.

Business Networking Society

The Business Networking Society will meet Thursday, May 18, 5:30 p.m. at the Gaslight Club, 13 E. Huron. Guest speaker Mike Holliman, President - Visible Computer Supply will speak on Targeting your Direct Mail. Admission \$5.

On Thursday, May 19, Ron Boyce, M.S.W. will lead a Stress Management Seminar, 7 p.m., The Swedish Club, 1258 N. LaSalle. Admission \$5 and \$7. For further information please call 864-7860.

Earns State CPA exam highest grade

Larry Brown of Des Plaines, former student in the Accounting Program at Oakton Community College, won a gold medal for attaining the highest grade in the State of Illinois on the Examination for Certified Public Accountants.

Brown, who completed accounting program at Oakton from summer 1980 through fall 1981, holds a J.D. from De Paul University. He is employed by the CPA firm of Ravid and Bernstein at 20 N. Wacker, in Chicago.

Philip Brand of Unincorporated Maine Township, also a former OCC Accounting Program student, ranked fifth in Illinois in the CPA Accounting Exam. Both Brown and Brand scored in the top 118 out of more than 73,000 people in the U.S. who took the examination in November, 1982.

Stevenson teacher heads up special olympics

Christine Schumacher, Special Education Teacher at the Stevenson School in Des Plaines, is the Director of the 1983 Maine Township Special Olympics. This annual event gives all of the students enrolled in the township's special education classes an opportunity to take part on a competitive basis in various track and field contests. The events include running, wheelchair races, ball throws, obstacle course races, high jumps and hockey. The Special Olympics will be held on Saturday, May 14, or rescheduled to Saturday, May

21, should the weather not cooperate. The entire event will be held at the Maine North High School Athletic Field at 9511 Harrison st., Des Plaines.

Mrs. Schumacher will be directing a team of special education teachers and community volunteers to supervise, judge, and conduct this event. All participants donate their time to the event. Mrs. Schumacher said that more than 300 students were expected to take part this making the need for adult supervision and important task to be completed. The children who participate all

receive a Special Olympics T-Shirt and award. Ribbons are given to the winners and runners up of the events.

Many organizations and businesses donate money and products to the Special Events. Since this activity has been growing over the last few years, Mrs. Schumacher has issued a plea for dollars, products, and volunteers to the community. Any person or group that wants to help in this most worthwhile activity may call Mrs. Schumacher at the Stevenson School in Des Plaines, (827-6231).

Possible gun referendum in Skokie

Dear Editor:
Start spreading the news! Skokie has a representative form of government, and we have a chance this November to add more democracy to it. How, do you ask?
With a gun ordinance in Skokie's future the trustees could add more democracy to our "Village of Vision" by conducting a referendum on the gun law this November. Why, do you ask?
Skokie is a "Port of Vision". It is a modern, futuristic city that tenaciously retains the old traditions of respect, love, friendship, neighborliness, and democracy. As a result, Skokie could forego the counter-productive trauma of a gun ordinance without a pre-measure of the electorate.

Using a line from "I've Got Rhythm", "Ol man trouble could find..." Skokie like it did in Morton Grove. In April Morton Grove's administration ran around like the mighty U.S.S. Enterprise over the media imposed, one issue race that focused in on its gun law. As a result, it took an out-of-focus election 16 months after the ill-timed vote of its trustees on the handgun law to put the village back in the channel of harmonious relations.
With reference to Skokie, the whole process of developing and proposing a possible handgun ordinance could be a positive and constructive experience. For one, our trustees could slate an advisory referendum on the issue for this November. Secondly, our trustees could encourage

dialogue on the subject at their meetings and in the media. Lastly, our trustees could act upon the results of the referendum, legal counsel, and the dictates of the courts to make Skokie worthy of its motto - "VILLAGE OF VISION".

John "Bill" Handzel, Sr.
6446 Harms rd., Skokie 60077

We, The People: "Congratulations and Thank You"

On behalf of the We The People party we would like to congratulate the Action Party and their candidates, Dick Hohns, Lew Greenberg, and Greg Youstra on their victory in the recent village election.
At the same time, we would like to sincerely thank the more than 3,000 Morton Grove residents who voted for us and the We The People party. Your confidence in, and endorsement of, the principles and the issues we set forth during the campaign was most gratifying.
The excellent support you gave us at the polls, in light of the fact that "We The People" had only

Dear Editor:

been in existence a short while before the election was very encouraging.
That support has helped to convince us to continue to continue to grow, and to continue to speak out on the issues facing our village as they develop.

organizations to expand their membership and activities to include young people. When more young people are invited to participate in truly meaningful ways in their communities, we will have decreased their alienation and taken positive steps towards preventing juvenile delinquency.

Thanks for publicity

Dear Sir:
Thank you for the publicity you have given the Community Concert Association during the 1982-83 and 1983-84 season.
We hope you will continue to publicize the many worthwhile events being offered in the area.

Centel's construction near completion

Employees of Illinois Hydraulics Company, contractors for the construction of a new manhole and tunnel into Centel's building at 767 Pearson st., Des Plaines, are shown at work on the project. Centel anticipates the project will be completed by Tuesday, May 17.

Construction activity to build a new manhole and tunnel into an existing empty cable vault in the basement of Centel's building at 767 Pearson st. is expected to be completed by Tuesday, May 17, according to Bert Sippy, construction supervisor for Centel - Illinois.
"We apologize for the inconvenience this activity has caused for traffic on Pearson st.," Sippy added.
The new cable vault will be used to accommodate growth in telephone lines when new base cable is installed later this year. The old cable vault is filled to capacity now, Sippy noted.
