## Record crowd at Golf Mill's sidewalk sale

# 40,000 attend All American Food Fest

by Bob Besser

Niles' first All American Picnic was hailed a success by village officials, as well as Golf Mill and Niles Chamber of Commerce officials following the turnout of over 40,000 people this past weekend.

The two-day Picnic, which featured 32 restaurants serving food, drinks, ice cream plus clowns, music and dancing was matched by Golf Mill Shopping Center's sidewalk sale. Golf Mill merchants said the Picnic resulted in the largest number of

people attending the sidewalk sale ever.

The All American Picnic was sponsored and organized by the Golf Mill Merchants Association and the Niles Chamber of Commerce.

Kurt Hockett, Executive Director of the Chamber of Commerce, said on Tuesday the Picnic was "extremely well received. It was a quality product and people responded to it."

## District 207 turns down administration building bid

### From the Left Hand

by Bud Besser

There was a recent study of suburban communities which details "fiscal stress". Stress is determined as the amount of tax burden for each person living in the community. It includes property taxes, utility taxes and other taxes assessed to Mr. and Ms. Suburbia.

The conclusions of the study pertained to the Deep Tunnel sewer project. Many of the suburbs were believed not to have the financial capability to pay for their costs of linking their sewers into the Deep Tunnel.

Among the 51 suburbs, 11 were deemed able to spend the maximum amount to hook up to the Deep Tunnel project, whose purpose is to give relief for floods and pollution.

The Tunnel project, being built by the Sanitary District, will have 131 miles of tunnels as well as anti-flooding reservoirs.

About \$1.2 billion of the construction is completed including an operational tunnel system near O'Hare airport. Another 31 miles of tunnel, under the Sanitary and Ship Canal and the Chicago River between Mc Cook and Wilmette, have been bored but are not in use.

The study placed Chicago approximately in the middle

The Maine Township high school board rejected a \$1.2 million offer to purchase its administration building plus 3 acres directly north of the building on the Dee Road site of Devon Avenue in Park Ridge.

United Stationers made the offer for the 2 1/2 acre administration building site plus an addition 3 acres on property north of the building which is presently used as practice athletic fields for soccer, lawn hockey and softball programs as well as for intra-mural activities.

While the board approved the lease or sale of Maine North last month, the administration and the board resisted the administration building sale.

An independent counseling firm had recommended the most expendable property the district could dispose of is the administration building.

Superintendent John Murphy told the board in considering the relocation of administration offices to one of the schools, it would cost from \$400,000 to

\$500,000 for new construction and the cost of moving.

Board member John Schaeffle suggested the forest-preserve area across the street from the school might be considered for the recreation activities to replace the 3 acre site now used for this purpose. The administration will explore alternative facilities for these purposes.

### RTA files suit against Grumman Corp.

The Regional Transportation Authority filed suit June 24, in the United States District Court in Chicago, against Grumman Flexible Corp., headquartered in Delaware, Ohio. The lawsuit seeks \$3,250,000 in actual damages, plus punitive damages, for breach of contract and misrepresentation in connection with the sale in 1978 to RTA of 205 Advanced Design Buses. The complaint alleges that the buses were unfit for use and that Grumman Flexible misrepresented the design of the buses, and failed to disclose structural failures that occurred during testing prior to the sale. The complaint alleges that serious cracks developed in the understructures of the buses, forcing RTA to remove them from service in December, 1980. The damages claimed by RTA include the cost of renting substitute buses and other expenses incurred during a repair program.

Our picture was taken with the winning jockey and horse. Watch for it in a later issue of Bugle. Be sure to attend the meetings as we have many events in store for you. On July 21, our trip to the House on the Rocks promises to be a lot of fun. Glad to report Louie Aversano and Gene Timpe are both doing well after their eye surgery. ### Citizen's Action group seek candidates

Larry Gomberg, a spokesman for the Citizen's Action Committee, today announced the beginning of a community-wide search for candidates and volunteers in connection with the November, 1983, local elections. The Citizen's Action Committee is a group based in unincorporated Maine Township which solicits and aids local candidates for local elective offices. The offices for which candidates have already expressed an interest to the group are North Maine Fire Protection District Trustee and Maine Township High School District 207 Board. The North Maine election is of special concern to the Citizen's Action Committee because fire district residents recently won the right to elect their fire district trustees. Up until then these board members were appointed by the Maine Township Board. Gomberg urged anyone and everyone interested in the November, 1983, local elections, either as a candidate or volunteer, to contact him weekdays at 890-3393.

### Kustra supports creation of utility board

Glennview Senator Bob Kustra lauded passage of a measure clearing the legislature today which creates a 22-member Citizens Utility Board to give consumers a louder voice in utility rate-setting. "I wholeheartedly support public input in holding down rates regulated by the Illinois Commerce Commission (ICC)," Senator Kustra said. "The creation of a Citizens Utility Board is a major step toward utility reform in this state."

Under the bill sent to the governor, a Citizens Utility Board would be formed, with one member elected from each congressional district in the state. The measure also includes a five-year phaseout of a utilities' authority to cite the cost of power plants under construction when seeking rate increases. "The elimination of the 'Construction Work in Progress' clause was a major concept

### Heller appointed Manager at Bradford Exchange

### Three-month search for village manager continues

## League of Women Voters views manager position

### New principal at Washington School

At the June 28 meeting, the Board of Education of the East Maine Public Schools, District 63, appointed Patricia Johnson to be the principal at Washington School.

In recommending the appointment to Mrs. Johnson, Superintendent Dr. Donald E. Bond reviewed her fine academic preparation, especially in the areas of reading, social studies, and computer science, her organizational abilities, her teaching and administrative background and her many contributions to the District.

Mrs. Johnson has been a teacher since 1964. She joined District 63 in 1967 as an elementary teacher at Mark Twain School. She has served as an alternate principal and as principal of the Summer School Program held at Melzer School a few years ago. Mrs. Johnson received her Master's Degree from Roosevelt University.

With the sad, sudden loss of the very capable Niles Village Manager, Ken Scheel, the Niles Board of Trustees has announced a three-month search for his replacement.

The office of Village Manager in Niles was created by ordinance in September, 1982, and complies with the State Statutes which spell out the powers and duties of the manager. The League of Women Voters of Morton Grove-Niles has studied the Council-Manager form of government for the past 20 years and supports and prefers it over any alternative local government system. The League would like to share the information it has on this form of government with the citizens of Niles.

Following is a brief explanation of the structure of local government in Niles: (1) The President of the Board (Mayor) is elected for a 4-year term and can be eligible to run again indefinitely. (2) The six trustees who comprise the Village Board are elected at large (not from a specific area). They have 4-year terms; 3 trustees are up for election every 2 years. (3) Niles has a Village Manager by ordinance, not referendum, who has an indefinite term.

The specific duties of the members of the Board of Trustees are to pass ordinances, set policy, approve budget and contracts, and levy taxes. They also appoint Advisory Board and Commission members. With the administrative duties delegated to the Village Manager, the Board members have more time for policy-making and long-range planning.

The Village Manager carries out the policies and enforces the ordinances of the Board. As administrative head of the village, he is to hire, on merit, most village employees and to supervise all departments and expenditures. He prepares the annual budget for the approval of the Trustees, then operates the village government on the basis of this budget. He may make recommendations to the Trustees and help them with information relating to their policy discussions, but he has no vote. He can keep the public informed by regular reports to the Board regarding the operation of the village.

The Manager Plan works best when the Trustees select a professionally trained and experienced person on the basis of

Summer vacation planning should include steps to protect your home while you're away.

DO tell the police, and trusted neighbors. DON'T announce your trips in the local paper; DON'T let your children mention your plans in "show-and-tell."

The safest home has a lived-in look. Make sure that grass is watered and mowed; have mail and newspapers held. Ask a neighbor to park in your driveway, and to use your garage can.

Timers for lights, TV, and radio should be at staggered hours to imitate normal use. Turn down the bell on the phone.

Don't keep valuables at home. Cash, expensive jewelry, and any other treasures should be left in a safe-deposit box while you're away.

Protection plans must include adequate insurance coverage for the things you care about. Let's look over your homeowner's policy at:

Jaffe Victims Assistance bill passes

Legislation to develop programs designed to help Illinois citizens through the trauma of having been a victim of a violent crime has passed the Illinois General Assembly, according to State Representative Aaron Jaffe (D-Skokie).

Jaffe, who introduced the measure in the House, said he regards its passage as one of his proudest accomplishments in the legislature.

The bill creates the Violent Crime Victims Assistance Commission which will impose additional fines for felonies, misdemeanors, and serious violations of the Vehicle Code, and use the new revenue to establish violent crime victims assistance centers.

The Commission will also be instructed to study and develop programs and legislation aimed at controlling violent crime in our society, and coming to the aid of its victims.

"The purpose of this legislation is to mitigate the suffering of those in our society who've had the misfortune to fall prey to violent criminals," said Jaffe.

"The rising incidence of this type of crime compels us to pay more attention to the needs of the victim."

The bill now goes to the Governor for his approval.

### SORE SHINS

Why does your leg hurt, just above your ankle? It may be excessive footwork, jogging, improper posture, sudden twists—or even a careless kick from someone else. You can try the familiar ICE home help—I is for application of ice to the painful or swollen region; C is for compression with an elastic bandage; and E stands for elevation to slow blood flow into this area.

Seek podiatric help to pinpoint the precise nature of your problem. The injury may be deeper than you think or feel, and self-diagnosis is risky. Evaluation with the aid of professional diagnostic equipment can determine the true extent of an injury. A small problem, neglected, may in time cause permanent injury.

### Illinois Bell moves Skokie Service Center

Illinois Bell is moving its Skokie Service Center from 8707 Skokie Blvd. to the Skokie Plaza at 3520 W. Dempster st., Community Relations Manager Arlene Tuscano announced today. The new Service Center will open on July 18.

Tuscano said the move is related to divestiture of the Bell operating companies and the fact that after January 1, 1984, Illinois Bell will not be in the telephone equipment business. Service Centers in leased quarters are being relocated when more economical arrangements can be made.

The company is also relocating Service Centers that have been operated from buildings owned by Illinois Bell. Customers can go to the Service Center to pick-up new Illinois Bell leased telephones, to return leased sets for credit when they move or make a change in their service and to exchange leased telephones that aren't

working properly for a free replacement. The Service Center will be open from 9 a.m. to 6 p.m. Monday through Friday and from 9:30 a.m. to 3:30 p.m. on Saturday.

Tuscano pointed out that the Service Center will not accept telephone bill payments. She said customers are urged to pay telephone bills by mail, using the payment sheet and envelope enclosed with their bills. Payments can be mailed to Illinois Bell Telephone Company Remittance Processing Center, Chicago, 60663.

Customers who wish to pay their bills in person may do so at the following locations: First National Bank of Lincolnwood, 6401 Lincoln ave., Lincolnwood; First National Bank of Morton Grove, 6201 Dempster st., Morton Grove; and First National Bank of Skokie, 8001 Lincoln ave. and 4201 Dempster st. in Skokie.

### Alexian Brothers receives NIU commendation

Alexian Brothers Medical Center, Elk Grove Village, has been awarded a certificate of commendation from Northern Illinois University School of Nursing, DeKalb, "in recognition of consistent and meritorious service in assisting the School of Nursing in the education of students for the profession of nursing."

The Medical Center provides an environment conducive for senior nursing students working toward their bachelor's degree in

nursing to complete clinical experience in nursing leadership courses. The nursing students begin with basic leadership roles and progress to more complex role playing.

"We are pleased to be associated with the Nursing Program at Northern Illinois and we hope to continue this relationship in the future," said Sue Brent, R.N. Assistant Director, Acute Care Nursing, Alexian Brothers Medical Center.

### Itemized bill is required on Medicare claims

Many people in the Northwest area face a longer than necessary wait to receive payment under the Medicare insurance program because they fail to submit an itemized bill with their claim form, Marilyn J. Robertson, Manager of the Des Plaines Social Security Office, said recently.

Medical insurance under Medicare helps pay for doctor bills, outpatient hospital bills, and other items and services not covered by Medicare hospital insurance.

To receive payment under medical insurance, a person generally must submit a claim form. The doctor or supplier completes part of the form or provides an itemized bill to send with the form.

The problem arises, Robertson said, when the bill does not provide a detailed description of the services provided. Without a detailed description of services, a decision cannot be made as to whether they are covered. As a result, the patient must be contacted for more information and payment is delayed.

To prevent this delay, the person should be sure that each bill shows:

- A description of each service provided;
- The date the service was provided;
- The place the service was provided;
- The doctor or supplier who provided the service; and
- The person's name and health insurance number, exactly as they are shown on the Medicare card.

Three cheers for the Willows Academy For Girls!! Their seventh annual dinner-dance benefit held at the Ambassador West Hotel in the Guildhall on June 10 was a great success! "An Evening with The Stars" was definitely a night to remember with the twelve graduating seniors honored as special guests. After a cocktail hour complete with tantalizing hors d'oeuvres and strolling musicians, a four-course dinner was served.

## Falcons Youth Football meets Chicago Blitz

Richard Lazik is the first player to sign-up for the 1983 Falcons Youth football season.

Chicago Blitz players Doak Field, Bruce Gheesling and Tom Rozantz show their support at the Falcons Youth Football registration.

On Monday, June 30 the Falcons Youth Football Association held their "early bird" registration for the 1983 season. To help kick off their registration Chicago Blitz players Bruce Gheesling, Doak Field and Tom Rozantz were there to pass out decals, Blitz home opener programs, sign autographs and talk with the boys and their parents. Thanks to the Blitz, the Falcons had one of the

most successful early registrations in its 14 year history. The Falcons will hold their second registration July 18 from 6 p.m. to 9 p.m. at the Niles Recreation Center, 7877 Milwaukee ave. in Niles, and the Prairie View Field House, 6834 Dempster St., Morton Grove. Falcons Youth Football is a member of the national "Pop Warner Jr. Football League" and is open to all boys ages 8-14, weighing 50-135 pounds. The team provides all necessary equipment, uniforms and insurance. Boys are placed on one of four teams according to their individual ages and weights. The four teams are limited to 35 players per team, and due to the good turn out at the first registration, interested boys and parents are urged to attend the registration on July 18.

Dianne Holum, athletic director of the Parkside Sport and Fitness Center, Des Plaines, has been selected by the U.S.I.S.A. (United States International Skating Association) to serve as head speed skating coach for the current National and 1984 Olympic Teams. She held this position

As head coach, Ms. Holum has scheduled training camp for members of the National Speed Skating team to be held on Friday through Sunday, July 15-17. Parkside Sport and Fitness Center, located at Maine North High School in Des Plaines, will host this event. During this weekend, members of the National Team are invited to participate in fitness assessments, lectures, seminars, and training sessions which will focus on nutrition, injury care, and the physiological and psychological aspects of competitive sports participation. ## Niles Nuggets semi-pro baseball team

Nuggets 6 - Astros 4  
Nuggets 1 - Astros 3  
Record as of July 2-9 wins, 9 losses  
We would like to thank Mr. Mike Newman, manager of Benignan's, 8480 Golf Rd. in Niles, and his associate, Mr. Andy Snitz, for honoring Mr. D'Angelo's sponsorship commitment to the "Nuggets". The Nuggets have been sponsored by Benignan's for a year and a half and will continue to represent Benignan's, Niles, and themselves with a quality baseball team.

The Nuggets played a doubleheader on July 3. We won the first game with fine pitching from Jim Prims for 6 1/2 innings, then teammate John Nigro coming in relief for the last 2 outs of the game. Pete Leddy's bat was hot in this game! Pete hit a triple and a single and collected 4 of our 6 RBI's. Ray Del Fava had a triple and Scott Swierad, Scott Madsen, Gary Birr and Nick Busija each had a single.

We had our chance to win the second game, but didn't get the

hits when we needed them. Lee Newlan pitched very well, but got the loss. The Astros got a lucky break which led to the only earned run of the game. The ball was hit on the ground straight at our first baseman for an easy out, but at the last second, hit something and bounced over his head, the runner getting a double and eventually scoring. No breaks for the Nuggets in this one, but getting solid hits were: Scott Swierad with a double, Pete Leddy, Gary Birr and Nick Busija with a single each.

# DEAR EDITOR:

## Concerned over "unsightly shopping center"

Dear Editor:  
The citizens of Niles are entitled to live and shop in a clean, pleasant environment.  
The specific area that I find not meeting these standards is the Golf Glen Shopping Plaza located at Golf and Dee in Niles. An unsightly distribution of paper, broken bottles and debris is blown about continually. There are only two trash receptacles in the whole plaza and these are in front of the K-Mart store. I have never seen any sweeper

operating there, either mechanical or human.  
In the past I have written letters to the Village of Niles, the Chamber of Commerce and to the management company of the plaza. No action to improve this situation has been taken and the Village informed me that there were adequate trash containers.  
As a taxpayer living in the Village of Niles I believe that I and all other residents have the right to city supervision and care of this public shopping area, and to their directions to the management company of the Golf Glen Plaza for a public area that meets high standards of attractiveness and health.

## Kustra votes for tax increase

Dear Editor:  
There are too many of us struggling just to get along. Now we have a huge tax increase. If our new Senator from the 28th District, Robert Kustra, would not have voted for this Bill it could not have passed; the vote was 30-29. Kustra told us again and again he was against raising taxes. Promises... Promises... Thanks for nothing Kustra - the next time you ask us to vote for you we won't forget how you voted against us and raised our taxes!

## Outraged over Niles antenna decision

Dear Editor:  
I would like to take this opportunity to congratulate the Niles Village Board on its landmark decision to once and for all do their part to help rid our village of those pesky "Ham" radio operators. I'm referring, of course, to the recently-passed ordinance severely restricting antenna tower height and making it extremely difficult (if not impossible) for an amateur radio operator to erect an antenna on his or her property.

Everyone knows that these people (amateur radio operators) are nothing but pests and should be discouraged from pursuing their hobby at all costs. Everyone knows that! Let's forget the fact that during times of natural disaster such as floods and tornadoes or of extensive fires, explosions, etc. that amateur radio is many times the only reliable form of communications both inside and outside of the disaster area. This has been proven dozens of times each year, at the start of our involvement in World War II (the last war of all time), that Ham radio operators volunteered by the thousands to provide an invaluable pool of TRAINED radio communications specialists that contributed a great deal to our final victory in that conflict. But we all know that war will never break out again, here or anywhere else! Pesty Hams, let's keep them out of OUR village!

We should also try to forget that at the start of our involvement in World War II (the last war of all time), that Ham radio operators volunteered by the thousands to provide an invaluable pool of TRAINED radio communications specialists that contributed a great deal to our final victory in that conflict. But we all know that war will never break out again, here or anywhere else! Pesty Hams, let's keep them out of OUR village!

and encourages amateur radio is no reason for encouraging them within our village boundaries. Pests, that's what they are!

The pests even have their own orbiting satellites launched from the U.S.A., Russia, and other second-rate nations and freely go around to schools throughout the country demonstrating how space communications techniques work in understandable terms to grade school children. Heaven forbid, they might even interest some of these impressionable youngsters in becoming interested in Ham radio, electronics, communications technology, and other worthless pursuits. Japan has many times more the amateur radio enthusiasts than this country because their government encourages young Japanese people to acquire their Ham radio licenses, and everyone knows how technologically backward Japan has become!

We should also try to forget that at the start of our involvement in World War II (the last war of all time), that Ham radio operators volunteered by the thousands to provide an invaluable pool of TRAINED radio communications specialists that contributed a great deal to our final victory in that conflict. But we all know that war will never break out again, here or anywhere else! Pesty Hams, let's keep them out of OUR village!

Forget as well that Ham radio operators provide free communications to our armed services personnel all over the world; communications to loved ones back home in the States from every corner of the globe. Let them find some other way of keeping in touch with home! Who

needs them!

Ham radio operators are nothing but trouble, causing TV interference, etc. Forget the fact that Ham radio equipment today is extremely well designed and shielded against CAUSING interference; and that the Federal Government this year passed strong regulations that TV and other home entertainment manufacturers take positive steps to design THEIR products so that they are not susceptible to interference from property-operating radio transmitting equipment, something manufacturers have ignored in the past.

Ham radio operators must be discouraged from erecting "eyesore" antenna towers in our village. Non-eyesore towers are OK, you understand! The aesthetically beautiful tower erected by the cable TV folks next to our village administration building, the one with the big microwave dish on top, is an example of a non-eyesore tower. The radio tower over the Niles police station is another example. These towers blend into the natural environment so well that they are barely noticeable. Towers such as these are OK apparently!

Again, I would like to congratulate the Village Board on its far-sighted decision in helping to rid our area of those pesky amateur radio operators and their eyesore towers. This will no doubt be a decision that our village should never regret; we are truly the village where people count! God help us the next time disaster strikes!

## Bavaro responds to Bugle writer

Dear Ms. Kerr:  
In response to your letter to the Niles Bugle, perhaps I can enlighten the situation.

Specifically, on June 15, 1983, Inspector Nick Nocchi and myself personally inspected the entire Golf Glen Shopping Center. At that time the maintenance company was notified of the problems we viewed, giving us their assurance that they would "take care of it". Also, on June 29, 1983, a reinspection was made and once again the maintenance company was given a warning.

Enclosed please find copies of letters sent to the maintenance company as well as the management company in New York, regarding the upkeep and special attention that is required. I personally have given them a due date of July 21, 1983, in which to comply with the Village ordinances or I will have no alternative but issue citations for each and every violation, subjecting them to a mandatory court appearance.

Finally, Ms. Kerr, we appreciate your interest in our Village and I assure you that every attempt is being made to correct the problem.

If you have any questions, please feel free to contact me.

Very truly yours,  
Todd Bavaro

## Do people count in Niles or only the rats?

Dear Editor:  
Do "people really count" in Niles, or is it the rats that count? The 7900 block on Oketo has been having a problem with rats for 2 months now.

One resident killed seven of them in one night about 6 weeks ago. Not too long after this, my husband was walking home from Jerry's Fruit Market and spotted a big rat running into a metal shed that is behind a vacant house at Oketo and Kirk. The next day we called the animal control. It only took four days for

someone to come out only to tell us the problem andinger there, so there was nothing that could be done about it. We took a walk through the alley behind our house and there was a rat just sitting on the side of the roadway. No one seemed to care!

I don't let my 8 year old play in the back yard. I don't hang clothes out anymore, and I walk like I'm on eggs putting my garbage out and cutting the grass.

But tonight topped everything! I let my dog out about 9:30 p.m., July 1, and there by my gate is sitting "a big rat". I called the police and the answer I got was someone will be out on Tuesday, July 5. Now, do you think that rat will still be there on Tuesday? Or do you think he may be down at the end of the block, running around the park, or swimming in the Rec Center Pool with your children? There has got to be more that can be done about this problem than there is!

I have only lived in Niles about a year and a half, and believe me, we love it here! But come on "Village", be a Pied Piper, get rid of these rats. Prove it to us that this is a "Village Where People Really Do Count."

## Questions synagogue listings on Lions map

Dear Editor:  
On July 3, 1983, my family received its Niles street map compiled by the community-minded Lions Club members. As proud 26 year residents of this wonderful village, my family was pleased to receive this annual map showing listings and locations of everything from parks to village boundaries.

I am deeply saddened and incensed by the idea of Maine Township Jewish Congregation as being the only neighboring-away-from-the-border synagogue listed under the Lions Club's map listing of "churches" and its location so duly landmarked on the map (Number 16, thank you). Granted there are no synagogues within the incorporated boundaries of Niles, however, inasmuch as our map-makers listed and landmarked Maine Township Jewish Congregation (which by the way is located at Ballard and Western in unincorporated Des Plaines - just outside the Niles border), there is absolutely no reason why the following 3 synagogues were omitted in preparation of the Niles Lions Club map:

1. Northwest Suburban Jewish Congregation (Lyons and Merrill, Morton Grove)
2. Congregation Adas Shalom (Dempster near Waukegan, Morton Grove)
3. Congregation B'nai Jehoshua

Beth Elolim (Milwaukee near Glenview rd., Glenview)

This is a serious omission and an insult to our Niles residents who worship at these synagogues. I realize that the maps have already been distributed to our community's residents; too late to be corrected. I urge the Niles Lions Club to double check their lists and locations of all houses of worship, no matter what religion, so as to avoid any such embarrassment with future annual maps. I would also like to point out that Niles is no longer a farm town; rather Niles is a community that has grown to include well educated and enlightened citizens from all walks of life. Churches and synagogues should be listed on the Lions Club map directory as under: "Houses of Worship", "Religious Institutions", "Churches and Synagogues", or simply by printing 2 separate lists if space allows. Only small farm town telephone books still list synagogues under "churches" in their 25 page yellow pages. Niles didn't win the "All America Title" in 1964 because our village was a small farm town! Niles has come a long way!

To our Niles Lions Club, let's continue to uphold that community spirit on future annual maps.

Sincerely,  
Hollie Rosenberg  
Niles

## Where to go??

Dear Editor:  
Why oh why was Niles All American Picnic, St. John Brebeuf parish picnic and St.

Isaac Jogues parishfest all planned for the same weekend? A Nilesite with a Dilemma

## The Niles Lions Story

We have many slogans in Lionism and one of them deals with Safety. Comprising the letters of Lions, this slogan reads, "Liberty Intelligence Our Nations Safety". Lions all over this great country believe very strongly in this slogan and take an active part to implement it into our working program. Not only our nation's safety but, safety for everyone. Our nation, our community, and our kids all deserve the highest degree of safety.

In 1961, an 11-year-old Kathy Bergstrom wrote the winning entry in the Niles Lion's big "Bicycle Safety Slogan Contest". Her slogan, "Be Alert, Be Aware, Always Ride Your Bike With Care" won over more than 5,000 slogan entries considered. Words to really live by, as important then as they are today. The Niles Lions enjoy life and living that life in safety. The good life in Niles in the 60's, for the most of us, was good. For some, it wasn't and fortunately, the Niles Lions were there to help. At Christmas time that year, and other years as well, we Lions distributed "Christmas Baskets" to those needy families.

Yes, we Lions do care about Life and Safety. A project that was held for many years was the "Fireman of the Year". One of the early honored firemen, in this most cherished of Lion projects,

A super night by W. Blassick helped the Dodgers register the win. He went five for five including a 2 run homer and 5 stolen bases. B. Blease singled in the second inning marking the first time he had hit safely this season. Other Dodger hitters were B. Levey with a single, B. Hixon with a single and 5 stolen bases, and M. Sliwinski with a double. Of particular interest was the fact that B. Levey pitched 2 excellent innings despite an injured hand. He gave up but 1 run and made an excellent backhand stab of a shot back to the mound and turned it into an out. Pitching for the Padres were A. Zachow, P. Davidson, B. Eshoo, and M. Lazik.

finished the evening with 2 hits and 4 RBI's. T. Valle was 1 for 3 in batting and did a fine job of catching the powerful B. Niedermaler's fast ball. Other A's players that made good contact but did not get a hit were M. Gonka, K. Lubinski, and R. Basilio. Fine base running by G. Tessler, B. Arnold and T. Benedetti who walked everytime at bat. Good eye, Tom! Pitching for the Astros were J. Lerner, J. Hay, L. Bernabel, and D. Halley. Knights of Columbus Astros 11-Pro Sports Dodgers 3

Astros came out swinging in a night game at Jozwiak scoring 6 runs on 5 hits in the 1st inning and coasting to a big 11-3 victory over the Dodgers. A big night for J. Palfy hit the ball hard and only good plays by the Reds kept them off the base paths! E. Blassick tagged out 2 runners trying to stretch triples into home runs. What was so unusual about this was that he was pitching and ran to home plate to get the runners after taking relay throws while on the mound. On the mound for the Dodgers were S. Block, B. **Music makes "Camelot" memorable**

Some of Broadway's best known and most remembered music will be played and sung by a group of local residents joining forces to open Theatre 219's "Camelot" on July 22.

As Guenevere, Debbie Crane asks about "The Simple Joys of Maidenhood" and praises "The Lusty Month of May," while James Batts, as Arthur, contemplates "How to Handle a Woman," and, together with Crane, questions "What the Simple Folk Do?" for entertainment.

Capturing yet another Free relay, the 11-12 girls took a 1st in the 200 Free Relay. Julie Flynn, entering her 6th year in competitive swimming, did nothing less than spectacular in running away with a 1st in 50 back and a 1st in 50 breast. Not far behind in glory was veteran swimmer Colleen Caulfield with a 1st in the 100 Free, 3rd place in the 100 Free went to Denise Jursa. Valerie Kazminski also received a 3rd place in 50 back.

The boys in 11-12 also took the

200 Free Relay and individually took several ribbons. Among them, Bobby Knapp took 1st in 100 Free, Daryl Jursa took 2nd in 100 Free and 3rd place in the same event went to Brad Pawlowski. Brad also took a 2nd in the 100 I.M. Team member Andy Wozniak, not to be left behind, took a 1st in 50 back. Kathy Lake, also a veteran swimmer, really captured the gold with a 1st in the 100 Free, a 1st in the 100 I.M., and a 1st in the 400 Free relay.

Placing in each one of his events, Brent Rutzen took a 1st in the 100 I.M., a 2nd in 50 back, and 3rd in 100 Free. Mark Sergot, another 13-14 boy took a rainbow of ribbons with a Blue ribbon in 100 Free, a 2nd in 50 Breast, and a 3rd place in 50 back.

Ginger Whalen also took ribbons home from all of her events, among them a 2nd in 100 back, a 2nd in 200 Free, a 3rd in 100 Free, and a 3rd in 100 Breast. Fellow 15 and over team members, Sandy Mucha, captured a 2nd in 200 I.M. While Kris Burud took a 2nd in 100 Breast and a 3rd in 100 Fly.

And not to be forgotten, the 15 and over boys did a fantastic job. A round of applause must go to Rob Schreinman for the fantastic

job he did in 100 Free, 200 I.M. and 100 Breast. Taking a 1st in all three events is a spectacular event worthy of congratulations. Also placing in all of his events was team member Mike Bobowski with a 1st in 200 Free, 2nd in 200 I.M., and a 2nd in 100 back. Kevin Ashcroft took a 2nd in 100 Free and Andy Galassini, another fine veteran swimmer, took a 2nd in 100 Fly. Signo took a 3rd in 100 back. This fine relay team also took a 1st in the 400 Free relay.

Two other members of the team who did not place in this meet but displayed fine sportsmanship in supporting their team and giving their all in their individual events were Gregg and Jerri Kellogg. Welcome to the team and keep up the good work.

The two divers we had in this meet were Dave McFeggan and Mike Bobowski. If you have an interest in swimming and winning (Not to mention all the good exercise and fun) call the Niles Recreation Center on Milwaukee ave. or stop by. We need swimmers of all ages and there is a discount for 2 or more swimmers in the same family.

### No increase in Evanston/Glenbrook room rate

There will be no increase in the rate for a private or semi-private room, pharmacy and laboratory charges, or eleven other common patient charges at the Evanston and Glenbrook Hospitals for the fiscal year which began July 1, 1983.

The announcement was made by Bernard J. Lachner, president and chief executive officers of the Evanston Hospital Corporation, who added that the average in-

crease for all rates at the Hospitals will be only 2.9%, a rate increase which is one-half of last year's increase.

Lachner attributed the exceptionally low rate increases to the success of the cost containment measures instituted at the request of the Board of Directors in cooperation with the Professional Staff and the management of the Corporation.

### New Spanish club officers

Park Ridge as secretary, Mark Hollander of Niles as Treasurer, Jim Annand of Des Plaines as activities chairman, and Patty Parades of Des Plaines and Sue Futterman of Niles, tutorial chairmen.

### Morton Grove Little League

The nine year old All Star team continue their winning ways, with an 8-2 victory over Edison Park. Sparked by the hitting of Ray Rocchi and pitching of Sean Daly, Morton Grove jumped off to an early lead and held on for the 8-2 victory.

#### Majors

The championship game for the majors was held between the first half champs the Indians, and second half winners, the White Sox. For six innings it was a sparkling pitching duel - Ross Mishken (White Sox) pitched 6 no-hit innings never being in any trouble, walking 4 and striking out 10 batters. Aaron Bates for the Indians was equally impressive - giving up just 3 hits, 4 walks and striking out 9 batters.

The White Sox had a chance to win the game in the fourth inning, loading the bases with nobody out, but two strike-outs and a fielders choice at the plate closed out the Sox.

The seventh inning saw the tribe take the lead for good. A 3-2 walk to Dan Geseki set the stage. Keith Smith followed with the Indians only hit, a double to left center putting runners on second

and third. The pitcher Aaron Bates followed with a fielders choice driving in the winning run. The Sox tried a come-back with a double by David Coon, but Todd Simon shut the door to preserve a 1-0 victory.

#### Pony C

The Padres won both halves of

their league with a season ending 7-5 victory over the Pirates. The Padres by virtue of a record of 6-2 in the first half and 7-1 in the second half sweep into the Pony C Championship. Congratulations to the entire Padres team and their manager Dennis Kare.

### Maine East senior appointed to Academy

Lawrence T. Tajiri, 17, a senior at Maine Township High School East has been appointed to the U.S. Coast Guard Academy, New London, Connecticut. Larry is the 3rd and youngest son of Thomas and Maile Tajiri of Park Ridge Manor.

He attended Benjamin Franklin and Emerson Jr. High in District 64.

Larry was a 4-year Varsity Letterman in swimming. He was co-captain in his junior and senior years and was co-most valuable player in 1983.

He was a state qualifier in the 100 yard butterfly stroke in the Illinois State Finals.

Larry will be a starter under Coach Charles L. Dennis at the Coast Guard Academy. He will report to U.S.C.G. on Monday, June 27, for an intensive physical training program. All "Swabbies" later sail on the U.S. Eagle, a training ship.

### Smelly Sneaker contest

Old worn out shoes usually aren't worth very much, but they will be potential prize winners in the Niles Park District's Smelly Sneaker Contest. This innovative contest will be held at the Niles Recreation Center, 7877 Milwaukee ave., Friday, July 22, beginning at 7 p.m. Ages 5 to adult are eligible.

Contestants will model their old gym shoes in front of a panel of judges. Judges will be looking for the worst pair of sneakers worn from use, not abuse. Scoring will be in seven categories: tongue, sole, eyelets, heel, toe, shoestrings, and smell. Finally, participants must explain to the audience how their sneakers got in such poor condition. Winners will be presented with certificates for a new pair of sneakers, courtesy of Venture Department Store, 8500 Golf rd., in Niles. Many other free prizes will also be given away. Register before July 15! The fee is only \$1.

## Illinois Smiles for Little City

The "Illinois Smiles for Little City" Annual Drive will be held on Friday and Saturday, August 12 and 13. This Little City's annual drive is to raise funds to carry out their ongoing expansion program which will permit more facilities and specialized training for the mentally retarded and blind students.

Niles Mayor Nicholas B. Blase has for the past five years chaired the Mayoral Committee for "Little City" which consists of 71 communities.

Volunteers are needed to man key positions for one or two hours each day of August 12 and 13. Calls will be accepted by Nick Constantino or Veda Kauffman at 692-3388 from 9 a.m. to 5 p.m.

Shown above are Niles Community Leaders (from l-r) Mike Provenzano, Niles Mayor Nicholas B. Blase, Chairman of Little City Fund Drive, Peter Lencloni and Nick Constantino (not pictured).

### Skokie blood donors needed during summer

St. Paul Federal received more than 400 applications worth in excess of \$30 million, an average of \$3 million per day for its new "American Dream" mortgage during the plan's first two weeks.

Leo P. Dignan, executive vice president, said the loan requests are averaging \$72,000.

An adjustable mortgage loan (AML), the "American Dream" has a first year rate of 9.75 percent and guaranteed monthly payments for the first five years. The S&L has \$100 million available for mortgages up to \$250,000 with a 10 percent down payment. The loans are limited to single unit, owner occupied residences.

Mr. Dignan said the demand for "American Dream" mortgages is much greater than anticipated and is proof that home buyers are accepting the adjustable mortgage loan. "Our 'American Dream' protects home buyers over the near term with a monthly payment they can rely on," he said, "providing us a vehicle for the investment of short-term savings funds, and assuring the availability of mortgage loans in the future."

The mortgage's rate after the first year will be 2 percent over the national cost of funds for federally insured S&Ls. Monthly payments for the second through the fifth years are guaranteed and based on a rate of 11.625 percent.

After the first year the interest rate will be adjusted annually, but the payment will remain fixed until the sixth year when the loan balance will be amortized over a 25 year period. Interest rate adjustments will be limited to 2 percent a year, with a maximum rate over the 30-year term of 14.5 percent and a minimum of 9.75 percent.

With \$2 billion in assets and 22 offices in the Chicago metropolitan area, St. Paul Federal is the third largest savings and loan association in Illinois and in the top one percent nationally.

### Egan's tax relief package passes House

Three significant tax relief measures, sponsored by State Senator Robert J. Egan (D-7), are in final passage stage as the Legislature nears its spring session deadline.

The first measure, a raise in the Homeowner's Exemption from \$3,000 to \$3,500 will offer property owners a savings of an additional 17 percent on their 1983 tax bill. The proposal, already approved in the Senate, has now passed the House and will be sent to the Governor for his signature.

Passage of this proposal marks the end of a four-year stalemate in our efforts to give property owners the relief they deserve," Egan said Wednesday (June 22) after the vote. "I am sure that irate taxpayers helped us break the deadlock that has existed since 1979."

Egan successfully raised the Homeowner's Exemption from \$1,500 to \$3,000 in 1979. This exemption applies to homeowners, condominium and co-op owners who have lived in their own residence since January, 1983. If signed into law, property owners will receive the benefit of the increased deduction in the second installment of their 1983 tax bill.

The second proposal in Egan's tax relief package will offer property owners who have put off those home improvements an incentive to do so now. HB-18, now on third reading in the Senate, will allow homeowners to institute improvements on their residences up to \$30,000 without the assessed valuation changing for a four year period. The amendment raises the exemption limit from \$25,000 to \$30,000 and will offer a Cook County taxpayer a savings of \$450 to \$500.

"This measure offers substantial savings to property owners who wish to enhance or improve their homes," Egan said. "And the raise in the exemption to \$30,000 was long overdue considering today's price tags to implement home improvements."

With the session due to end on June 30, Egan emphasized the importance of his property tax relief package.

A third proposal sponsored by Egan affecting all taxpayers passed both the Senate and House this week. This amendment to the Income Tax Act will provide that taxable income in Illinois may be equal to, greater than, or less than zero. Egan explained that while the State of Illinois uses the Federal Adjusted Growth Income for Illinois tax purposes, at present the law does not permit negative income to be brought down for state tax purposes. With this legislation, the recording of a negative income will allow taxpayers to offset additions as long term capital gains, interest on municipal bonds or dividends.

### Lincolnwood Blood Drive

He combines skill, hardwork, knowledge and integrity in all his transactions...the results speak for themselves! Joe has been a loyal member of my firm for the last 9 years and I've always been proud to have him associated with Coachlight."

Mr. Dalessandro also indicated that company activity has been very brisk during the first six months of this year.

### Centel has new policy to reduce toll fraud

Central Telephone Company of Illinois today announced a new policy on charging long distance calls to a third telephone number. "Due to increasing toll fraud, and to cut down on associated costs that otherwise would have to be passed on to our customers, we are implementing some restrictions on charging calls to a third number," said Cathy Dudderar, customer services manager (operator services).

Under the policy, effective this month requests to charge a call to a third number will not be accepted unless the operator is able to complete a verification call to someone at the third telephone number to which the call is being charged.

The new policy applies to calls placed from hotels, motels and hospitals as well as coin-operated phones. The restriction does not apply to non-coin residential and business customers.

"Telephone credit cards are one easy way to make long distance calling less complicated when you are away from home," Dudderar said. Local Centel business offices can help customers place their order for a free Centel "Calling Card," which is a telephone credit card.

Central Telephone Company of Illinois is an operating unit of Centel Corporation, one of the nation's largest communications companies, and the fifth largest telephone company in the United States. The company's telephone operations provide 1.2 million customer lines in 10 states.
