making sure all expenditures directly relate to the quality of education. The Oakton Community College Board of Trustees, however, seems to be bucking the trend. Among the outlays approved during the Tuesday night regular Board of Trustees meeting were: \$35,158 for a Bosendorfer Grand Piano. Oakton's music students however, will not be taught on this exceptional instrument. For teaching purposes the board ap-

"Brownstein went to court to fight for the right for the people to elect a collector," Handzel stated, "township officials illegally appointed someone to fill a vacancy, so I believe he should have the opportunity to run." Brownstein is a longtime resident of Morton Grove. Handzel noted that the special election of the collector draws attention to the preposterous existence of township government. ## Search narrows for new library head

**From the Left Hand**  
by Bud Besser

We always gauge the strength of a newspaper by the number of letters it receives and publishes in its Letters to the Editor column.

In last week's local newspapers The Life received one letter from Morton Grove and the Time magazine-owned Spectator had 2 local letters. The Bugle published 8 local letters.

This week The Bugle published 8 more letters.

We wondered aloud what the difference was in the newspapers. The Life is part of a 53-newspaper chain and the Time-owned Spectator is part of a 35-paper group. The Bugle has been doing a solo job for 28 years.

The differences are obvious. The impersonal corporations are not a part of their communities. They're out to suck as much money from the neighborhoods as possible. But they do it without putting input into the communities.

In the case of The Life we notice how insensitive they are about reporting residents' names in police blotters and how sensitive they are about not causing too many waves in printing the names of public officials. They send inexperienced reporters (some high school

## Filing period for school candidates

Nominating petition forms for the November 8 School Board election in Park Ridge-Niles Elementary School District 64 are now available. Forms may be filed in the office of the Board Secretary, at the Educational Service Center, 164 S. Prospect ave., Park Ridge, on any business day between 8 a.m. and 4 p.m.

A school board candidate's petition must be filed in the same office no earlier than 8 a.m., Monday, August 22, and no later than 5 p.m., Monday, August 29.

Five seats on the seven-member Board of education will be filled at the November 8 election. Three of the seats are for four-year terms; two seats are for two-year terms. Candidates must indicate whether they seek two-year or four-year terms.

The two-year terms are unique in 1983, and are part of the shift from annual to biennial elections. They are established by law to ensure that no more than four terms expire at any future election.

To be eligible to serve, a school board member must be, on the date of election, a citizen of the United States, at least 18 years old, a resident of the State of Illinois and the school district for at least one year immediately preceding the election, and a registered voter.

Elections are nonpartisan and Board candidates are not required to indicate a political party affiliation. Candidates

## Funds to support "Learn to Read" project \$10,000 State Grant to Oakton College

### OCC Board petition deadline for filing

To meet the Oakton Community College Board of Trustees petition deadline, candidates must file within an eight-day period in August.

Nomination petitions must be filed between 8:30 a.m. and 5 p.m. from Monday, August 22, through Monday, August 29, for the three available trustee seats to be filled this fall.

The election will be held on Tuesday, Nov. 8.

Petitions can be obtained from David E. Hilkist, the OCC Board Secretary's designee, in Room 2586, OCC/Des Plaines, 1600 E. Golf rd., between 8:30 a.m. and 5 p.m. Monday through Thursday, and on Friday as well, beginning August 19.

The term of office for community college trustees is presently six years, Trustees whose terms expire this fall are Board Chairman William Spaulding, Glenview; Bruce Friedman, Lincolnwood; and Ray Hartstein, Skokie.

For further information, call 635-1875.

The Illinois State Board of Education has awarded MONNACEP, the adult and continuing education program of Oakton Community College, a grant of \$10,000 to support a "Learn-to-Read" project, according to Marilyn Appelson, coordinator of VITA (Volunteers in Teaching Adults), who will supervise the project.

Adult illiteracy has become a pressing national concern, Ms. Appelson said. U.S. Department of Education figures based on the 1980 census reveal that up to 23 million adults throughout the country, or one out of every five adults, read at or below the sixth grade level.

As technology revolutionizes our society, illiterate adults are increasingly impaired. Not only do they lack the communication skills necessary for daily functioning, they are also deprived of the opportunity to maintain employment as the workplace demands ever more complex skills, Ms. Appelson pointed out.

Two groups of adults are targeted to receive the project support. One group includes people who speak English but who cannot read. The other includes those who have limited English-speaking skills and cannot read because of lack of educational experience or unfamiliarity with the English alphabet.

"Our goal is to give illiterate adult students from both populations a supportive setting in which to develop reading and writing skills," Ms. Appelson explained. Myrna Hammerman and Barbara Isaacson, MONNACEP English as a Second Language teachers, will be responsible for curriculum development and counseling as well as instruction. A non-traditional approach will be used in teaching the classes, Ms. Appelson noted. "Learning experience stories told by the students will be written down by volunteers. These will be used as text materials."

Ms. Appelson would like to hear from individuals who want to learn to read, or from people who know of such individuals. Registration will be held on September 26 and 27. Classes will begin in October at OCC/Skokie, 7701 N. Lincoln ave.

For further information, call Marilyn Appelson at 635-1883.

## East Maine Student coupon program

A Niles nursing home patient died after striking her head during a fall in her room on Thursday, July 7.

Eleanor Hextable, 78, a resident of Forest Villa nursing home, 8840 Touhy ave., reportedly fell in her room striking her head on a table, according to Niles Police Detective Jack Thompson.

A short time after the fall the nursing home patient was brought to Lutheran General Hospital where she later was pronounced dead.

The Cook County Medical Examiner's office performed an autopsy on the woman and determined her death was caused by "a cerebral injury." The death was ruled accidental by the Medical Examiner's office.

### Little City Fund Drive

Little City, Palatine, a residential training and habilitation center for mentally retarded and blind-retarded children, needs 4,000 persons to help in its annual massive, area-wide "Illinois Smiles For Little City" Drive, Friday and Saturday, August 12 and 13. Chet Coppock, Channel 5 (WMAQ-TV) Sports Anchor, is serving as Chairman.

### Extended Coverage

Family auto trips always take planning. If you're going to drive in Mexico, you'll need an auto insurance policy from a Mexican-licensed insurance company providing both liability and physical damage protection.

Canada merely requires proof of insurance. Special identification card, available from your insurer, is good for 60 days.

Many travelers rely on credit cards to cover trip expenses. Make note of the account numbers on cards you carry. If cards are lost or stolen, notify the issuer promptly by phone; follow up in writing.

With luck, you can put a stop on the card before it is used. Otherwise, you will be responsible for the first \$50 worth of purchases made on your card. Your homeowner's insurance may indemnify you; special coverage is available for this, too.

## 1983 Y County Fair Queen

A distinguished panel of judges had a pleasant but tough task to select the 1983 Y County Fair Queen. The temperature was a sizzling 99 degrees when it was announced that Nancy Fisher was chosen to reign as the Y Fair Queen to represent the vim, vigor and vitality of the Park Ridge YMCA for 1983. Nancy is a resident of Park Ridge and attends Maine South High School where she is involved with Orchestra and the Hawkettes. Her hobbies are dancing, swimming, tennis, singing, working with hair and acting.

First runner up is Elizabeth Cox who also attends Maine South. Second runner up is Joy Wessons who graduated from Maine South and presently attends Oakton Community College. Third runner up is Mary Guzik of Niles. Dance coordinator for the contestants was Jo Russo of Back Stage Enterprises of Des Plaines. Robin Doube used her experien-

ce from working with the Park Ridge Junior Miss Program to help with the judging guidelines for the competition.

One of the highlights of the Y County Fair held June 26 was the baby stroller competition. Six month old Manase William Latu won the first place with his mother, Mary Latu, in a stroller creatively designed in a Hawaiian theme entitled "The first King Kameameia". Baby Manase wore a colorful Hawaiian costume and his mother wore a long blue and white Hawaiian sarong. All entrants delighted the crowd as well as the judges who had the pleasant but tough task selecting the winners. There was a tie for second place between 9 month old Don Corillo entered by his parents Sharon and Don Corillo of Mount Prospect and 10 month old Brian Nicolopoulos entered by his parents Karen and Gus Nicolopoulos of Park Ridge.

## letters to the editor

### Oketo area appears to be rodent free

Dear Oketo Residents:  
By now you should have received a copy of the letter which was addressed to Mrs. Freeman.

For the benefit of the public, I would like to make the following statement in order to assure the entire population of Niles that Niles is in fact, the community "WHERE PEOPLE COUNT."

This Department has, over the past several months, received several complaints from Mrs. Lewandowski and Mrs. Morris who, as you know, are residents of the area. Based on those complaints, Health Inspectors Bonnie Burnett and Nick Constantino made numerous inspections in the area to ascertain if any evidence of a rodent problem existed.

In addition, Housing Inspector Tony Pontillo and myself made 7 separate inspections over the past 2 months checking the area. Also, I personally instructed our Animal Warden Ernie Passarelli, to check the entire area and if necessary, bait it or take any other steps necessary to alleviate a problem, if he observed one.

Mr. Passarelli made 8 separate inspections and could not locate any rat harborage.

Upon receipt of your letter and because of the lack of evidence of rodent harborage, I contacted Mr. James Brabec of B & M Exterminating Service, to make an inspection of the same area in order again to determine whether or not there were any rats in the area. Copies of Mr. Brabec's letter were sent to each of you so therefore, I will not use this space to repeat his entire letter. In his closing statement however, Mr. Brabec stated, "this area appears to be rodent free."

I hope that the above information relieves any anxieties on the part of the residents of not only Oketo, but the rest of the Village as well.

We do not take our slogan "WHERE PEOPLE COUNT" lightly and it is our desire to serve the residents of Niles in a professional and courteous manner.

Very truly yours  
Todd Bavaro  
Housing Director  
Department of Code Enforcement

### Roaring Approval To The Bugle

Dear Editor:

It gives me the greatest of pleasure to extend the heartfelt thanks of the Niles Lions to the Bugle Newspapers for the outstanding support this past year (and I might add many previous years) in publishing our club's news.

Sometimes I am totally amazed at the dedication of your fine paper in serving the civic organizations of Niles so efficiently. You are indeed a paper of Niles, on which all clubs social and service can depend on to print our releases.

Many newspapers say they are Niles oriented but few can hold a candle to the devoted handling of the releases so important to our existence. The Lions are deeply in your debt for your most effective service. Keep up the wonderful job you're doing for Niles. The Niles Lions are most appreciative.

Very truly yours, in Lionism

### Obscure location for Bocci Court

I recently noticed while at work that there were 2 Public Works trucks bringing about 8 workers and supplies to an 'obscure' area behind the Slingerland Drum Co. It appears they built a Bocci Court.

Does that property belong to the Drum Co. or to the people of Niles? If it belongs to the tax payers, why construct it behind the area, like a park? It appears to have been put up for only certain people namely our Village Fathers. Why not for all of us to use?

We just wonder what it cost the residents in tax money for a play area for the politicians of Niles. Is there a way for answers?

### County Board to revise cigarette tax law

Dear Editor:

On Aug. 1, the Cook County Board of Commissioners will consider an ordinance to revise the county's cigarette tax formula which is in the best interests of the county's taxpayers. When adopted, this revision will benefit the county's consumers, merchants and government financially as well as bring Cook County's cigarette taxing method into conformity with the State of Illinois, the majority of other states and the federal government.

The present Cook County ordinance was written years ago when everyone thought about cigarette packages as containing 20 cigarettes. As long as all brands used the 20-pack, there was nothing to be concerned about. The fact that our tax formula was based on the 20-pack caused no problem. The fact that our tax formula was different than the federal and Illinois cigarette taxes (and the Indiana and Wisconsin taxes) made no difference. Whether the tax was by the pack or by the cigarette created no difficulties.

Now, however, one company is coming out with a 25-pack. R.J. Reynolds Tobacco Co. began marketing a new brand, packed 25-to-a-package and 225 to a carton. They are suggesting that the brand sell at the same price as brands with fewer cigarettes per package and carton. Understandably, however, they will not market the new packages in Cook County under our present tax formula, although they will sell the new brands in all areas surrounding Cook County.

My ordinance is designed to equalize our cigarette taxes, so that each consumer will pay the same identical tax on each cigarette, no matter what size the package in which he or she buys them. There is no tax increase or decrease in this ordinance.

If we do not change our tax formula, we would be taxing the new 25-pack cigarettes at double what we tax cigarettes in the 20-pack. At double the taxes, no 25-pack can be expected to compete with any 20-pack. The new brand will just not be sold within the county.

If this occurs, it seems certain it is not the cigarette manufacturers who will feel the biggest loss. They will sell their products, one place or another. It will be Cook County and our own merchants and constituents who will lose out. It will be, once again, the surrounding counties and their taxpayers who will benefit.

We already have an unfavorable tax structure for our retail merchants, largely due to the RTA sales tax differential. It is now cheaper to buy goods across the county line than in Cook County for this reason alone. In the case of cigarettes, there is even more of a tax savings to go outside Cook because none of the surrounding counties have cigarette taxes.

If we keep our old formula, we will only deprive our local merchants of carrying the new brand and selling it here. We will lose both cigarette and sales taxes on each pack not sold here. We will encourage our own taxpayers to go elsewhere to buy what they would buy here, and to pay taxes to other counties and states that they would otherwise pay to us.

We would also lose revenues whenever out-of-towners pass through Cook County because those who switch to the new brand will not be able to buy it here. When someone stops at O'Hare and cannot buy the new brand he or she will do one of two things: either buy nothing (we lose everything) or buy another brand of 20's (we would lose 1.25 cents per pack, since the 25 under the new formula would bring in that much more).

In terms of jobs, in terms of our local economy, in terms of our tax revenue and in terms of fairness we must attune our tax ordinance with the changing market. Our tax should be neutral, at a minimum. We cannot afford to lose tax revenues because of an outdated tax ordinance. And we certainly cannot afford to drive any more retail business away.

Very truly yours,  
Charles R. Bowen  
Commissioner,  
Cook County Board

### MG Village administrator a one-man job

Dear Editor:

Morton Grove is now involved in the great debate over who will be the next village administrator. A \$43,000 salary is an awful lot of money, be it in public or private industry. Thus, the appointment deserves careful thought on the next successor. I believe he should be a very well qualified person, certainly should have college training in municipal management, a very good knowledge of accounting and capable of managing people and a record of being able to balance budgets.

The person chosen should NOT be from within the administration, as there really are no properly qualified people presently in other positions in the village, to my knowledge. He certainly should not be a political hack.

The person should be from OUTSIDE the administration. A well trained and capable person is the key to justifying this high salary level and for the future good management of village affairs. Anything LESS than the best will be an affront to the taxpayers, who, as you recall, are the ones footing the bill.

Also, I strongly believe that one very capable man can EASILY do the job of BOTH the Administrator and Assistant Administrator, thus cutting costs. I believe Mr. Sloan, in part, demonstrated that one person can do the job. A built-up and well established village like ours can't and doesn't need to afford TWO men to run this town. There's no justification for this.

Sincerely,  
John Hikin

### All American Picnic a real winner

Dear Dave:

The normal, everyday superlatives somehow seem inappropriate in praising the Niles Chamber of Commerce and Industry and The Golf Mill Merchants for their "Good Sense Event" The All American Picnic.

The time has come for this type of creative endeavor to be held in the Village of Niles. The promotion of the positive approach, enhancing the image of our great village has been sorely missed these past few years. Good food and fine entertainment is obviously a winning combination, proving once again a quality event will be supported by everyone in this area. An event like this can only grow and become better thru the years. Greatful citizens have shown their approval.

Too long have we, Niles residents, been subjected to the sleazy element of the "carnival fiascos" used recently to raise money in the name of charity. Raising funds for local improvement is not an easy task but it must be done within the realm of good taste, considering the image of our fine Village of Niles. The example shown by the Golf Mill Merchants and The Chamber of Commerce and Industry and the successful "All American Picnic" proves, once again, that Niles is still and always will be "All America City", a progressive community "Where People Count".

Sincerely,  
Russ McAndrew

### Thanks for publicity

Dear Editor:

As Publicity Chairman for the S.I.J. 55 Plus Club, and this year's Publicity Chairman for the S.I.J. Parishfest '83', I would like to thank the Bugle for their support in our publicity coverage. Every article has been printed exactly as it was written. I'm glad to see someone else thinks so too. (Letter to the Editor by Niles "Nuggets" June 6.)

We certainly do appreciate all you have done and especially for printing the pictures of our events. People like to read about the community events as they happen. Also we have friends and relatives out of town and we like to cut the story and pictures out and send them out to them. Again thank you and the staff.

### Membership drive for Orchard center

Orchard Mental Health Center is launching a vigorous membership drive the month of July. A non-profit agency, established in 1969 to serve residents of Niles Township, we are endeavoring to increase community participation.

To maintain its wide range of services, it is appealing for community support. To guarantee the continuation of quality programs for all ages from toddlers to the elderly, to be available to families, psychiatric emergencies, a adolescents, requires the interest and support of many people. Now, more than ever before, individuals and families are requesting

professional help and cutbacks in staff would result in long waiting lists.

Mrs. Evelyn Kahn of Lincolnwood, present Membership Chairperson, is asking the community to demonstrate its support through individual, family or organizational membership. Many benefits are being offered to members including a quarterly newsletter, admission to informative programs and lectures, and in the more inclusive membership categories—a gift of a book or magazine dealing with psychological issues. All contributions are tax-deductible. For further information, call 967-7300.

### Niles Nuggets semi-pro baseball team

Nuggets 6 - Dukes 2  
 Nuggets 9 - Dukes 6  
 Nuggets 3 - Monks 1  
 Nuggets 7 - Monks 1  
 Record as of 7/10-13 wins, 9 losses  
 The "Nuggets", sponsored by Benning's 8480 Golf rd. in Niles, won four big games over the past weekend and earned themselves a spot in the City Play-offs! The Nuggets knew they had to win all four games to be eligible for the play-offs and retain their second place position in their league. Every player contributed in the four game sweep against two fine opponents. The Nuggets were a perfect example of teamwork, sportsmanship, and total dedication to the game of baseball.  
 Pete Leddy and Jim Prims teamed up to pitch the first game against the Dukes. They only allowed the Dukes 6 hits. Shortstop, Nick Busija, second baseman, Scott Madsen, and first baseman, Bob Fergus, executed two picture perfect double plays. Our hits were doubles by Pete Leddy and Brian Sherwin and singles by Scott Swierad and Gary Birr. We scored all six of our runs in the first inning and held the lead with good pitching and defense in the field for the rest of the game.  
 John Nigro did a great job of pitching in the second game. The Nuggets collected 11 hits. Dan Birr had a triple, a single and was responsible for 4 runs scoring. Gary Birr had a double and a single, Brian Sherwin and Nick Busija had 2 singles each, and Scott Madsen, Bob Fergus and Paul Calderone had a single each.  
 The Monks were currently in second place and we knew we had to beat them twice. The Nuggets rose to the occasion! Lee Newlan did a super job of pitching in the first game against the Monks, allowing them only 6 hits and no earned runs. We had 9 hits and all of them were singles. Collecting 2 apiece were: Ray Del Fava and Dan Birr, those with one each were: Brian Sherwin, Scott Swierad, Gary Birr, Bob Fergus

and Lee Newlan. Nugget defense was excellent.  
 Jim Prims, after pitching 3 1/2 innings the day before, did an excellent job of pitching the second game. He allowed them a mere 3 hits, one walk and no earned runs! Centerfielder, Brian Sherwin, led off the first inning by hitting a home run to center field! It was a good indication that this would be the Nuggets game! The Nuggets batted around in the first inning and Brian was up for the second time. This time he whacked a single and collected 2 more RBI's. Later in the game Brian also hit a double to left field. Brian's bat was on fire in this game! Dan Birr and Rich Schumacher had 2 singles each. Scott Swierad had a triple and a single, and Ray Del Fava had a double. We had earned our spot in the city play-offs!  
 Needless to say, coach Stan Braitman is very proud of the dedicated players on the Nuggets. They have worked hard and now will represent Niles and themselves in their first major tournament. Won't you catch some Nugget Fever and come out and support the team!

## MEET THE DOOR THAT'S SO BEAUTIFUL IT DOESN'T HAVE TO BE THIS PRACTICAL.

**BUT IT IS.**

The Therma-Tru® Fiber-Classic® entry door is definitely not a chip off the old block.

It's a totally new concept in door beauty. A polyurethane core that delivers three times the insulation value of a conventional wood door - plus a durable fiberglass finish that can be stained or painted just like wood.

But, unlike wood, the Fiber-Classic door will never warp or split. That's why we say it's what a wood door would be... if it could be.

### BEST FOOT FORWARD

By Dr. Leonard Peck  
GOLFERS' FEET

Golf requires a lot of standing and walking. If you're not accustomed to such footwork, you may develop discomfort, especially in the lower part of your body and feet. An average round of 18 holes may demand four or five hours of standing and walking. You may notice your feet fatigue as you move around the course. Here are some tips to ease the discomfort: try to keep your feet and lower body more limber. Try toe raises. Or simply bend over from the waist, close your eyes, and just "hang there" with legs straight (keep eyes closed) for just 60 seconds. Do not bounce. Do not try to touch toes.

Unrelieved or recurring foot and leg fatigue and soreness should be evaluated and treated by your podiatrist, because underlying foot pathomechanics may be creating the problem.

### Car Chase...

the offices. As the policeman, Officer Kenneth Ploog, spoke with the doctor, Toomajan ran from the office.

Ploog reached the parking lot as Toomajan was leaving in his car. Ploog began chasing the Chicago vehicle in his Niles squad car. Toomajan not only refused to pull over but, while traveling west on Ballard Rd., went through numerous stop lights at the intersection of Ballard Rd., and Greenwood Ave., and again at Dee Rd., and Potter Rds.

With Des Plaines Police joining the chase, Ploog continued trying to curb Toomajan who was driving on Minor St. However, the officer repeatedly drove his car into on-coming traffic at excessive speeds. Driving west on Miner St., the chase continued past the Des Plaines Police Department.

The police report Toomajan nearly caused a major accident at the corner of Lee St. and Graceland Ave., while fleeing.

Police report Toomajan had a knife on the seat next to him. He reportedly complied with orders by police after he was finally stopped.

He was taken to the Niles Police Department and charged with numerous violations of drugs and prescription laws as well as damaging village property, driving while his license was suspended, fleeing to elude police and reckless conduct.

He was assigned a Friday, July 22, court date and is being held in Cook County jail in lieu of \$750 bond.

### Niles library...

Cont'd from Niles-E.Maine P.1

members have applied for a construction grant from the State of Illinois which could amount to a maximum of \$250,000 toward one million dollars in construction expenses. Specially, word on Niles' success or failure in obtaining the grant should be received by the end of the month.

However, Board President Harry Pestine said no applicants have been notified at this time because the State failed to obtain necessary funding by not floating bonds needed for the complete grant. Pestine said legislators are protecting the state's libraries by reappropriating the necessary money.

In an update on library computerization, board members received a report on installation of Apple II computers as well as employees needed to enter book data and perform bar-coding.

Also, a multiplexor damaged by water seeping into the library will have to be replaced at a cost of about \$3,000. This equipment is necessary to tie in several computer terminals from one place instead of having a separate and, more costly, line to each terminal.

Board members also approved adoption of a tentative appropriation and budget ordinance. According to statute, a tentative ordinance is published in a local newspaper before a public hearing and final adoption.

Pestine said Niles Township has awarded a grant of \$1,796 in revenue sharing funds to the District for community service.

A request for funds from Maine Township was not successful this year.

Toward an annual audit, board members appointed two committees composed of trustees to audit the board secretary and treasurer.

Mid-Citco Incorporated's assets now exceed \$53,991,000, Skopec reported.

**"World's largest garage sale"**  
The granddaddy of all garage sales is back by popular demand. From Friday through Sunday, July 29-31, the Evanston Chamber of Commerce will host the 12th annual World's Largest Garage Sale, which last year drew a crowd of more than 100,000.

Throughout the 475 parking stalls of the Municipal Garage, on Sherman st. between Church and Davis in downtown Evanston, shoppers will find a mind-boggling arena of antiques, collectables, crafts; new close-out merchandise and some plain, old junk.

At the World's Largest Garage Sale, items like "E.T." glasses stand alongside such furnishings as full dining room sets of solid oak. Two years ago, such a set sold for \$125 - delivered.

In recent years, Evanston's garage sale has attracted retailers who use the sale to close-out overstock at ridiculously low prices. Stalls typically offer small appliances, stainless steel cookware, luggage, tools, pet supplies, jeans and running shoes.

Don't forget the World's Largest Garage Sale on Sherman st. between Church and Davis in Evanston. Hours are as follows: Friday, July 29, from 11 a.m. to 9 p.m.; Saturday, July 30, from 11 a.m. to 6 p.m.; Sunday, July 31 from noon until 6 p.m.

## "Paper Revival" at Mindscape Gallery

The ancient craft of paper-making is coming back these days to capture the interest of contemporary American art collectors. So, to demonstrate that old techniques can indeed be taught new tricks, Mindscape Gallery, located at 1521 Sherman ave. in Evanston, will present "Paper Revival."

The exhibition, which offers sculpture and wallhangings of handmade paper, is scheduled from August 2 thru August 31. Featured artists are Diane Burchard, Caren Heft, Pat Littlefield, M.P. Marion and Constance Miller. Their works combine hand-milled paper and fibers with wrapping, twining and printing techniques, sometimes incorporating twigs, feathers and found objects to

create wallsculptures and "books." Admission to Mindscape's "Paper Revival" is free. Gallery hours are Tuesday - Saturday 10-6, Thursday 10-9 and Sunday 1-4. Phone 864-2660 for further information.

### From the LEFT HAND

students) to report on public meetings.

The Spectator's record is equally poor. They have a revolving-door policy with their editorial people. The big corporation moves people around to meetings like they're playing on a chess board. They had a first-rate reporter in Niles who they shifted to Park Ridge and lost valuable experience here in our area. And the in and out status at the editor level leaves the coverage here incomplete.

A couple of weeks ago a former bank president was reported indicted. These papers reported the story of the indictment as did The Bugle. But we added a dimension to our coverage. We told you the more intimate side of the man involved, his contributions to the community and what a first rate human being he is. Your perspective of the indictment story had to be tempered by what we wrote. You got a much more complete picture from The Bugle than you did from the chain papers, which either didn't care to do a little digging or worse, had neither the wherewithal nor the background to give you the "whole story".

In the Letters column, which we believe is the true bloodline of any newspaper, 16 letter-writers have concerned themselves with subjects such as an unsightly shopping center, a state senator voting for a tax increase, Niles radio and TV antenna decision, a rat problem, too many festivals on one weekend, a revised cigarette tax law, plaudits for the All American picnic, the public building of a private Bocci court in an obscure location and several letters of thank you from publicity chairmen.

Obviously, all these letters being mailed to the local newspaper, The Bugle, tells us something. Writers know they'll get a fair hearing (reading) by many more readers than both the other newspapers. And equally important, they know we won't pull punches in doing our job.

In contrast to The Life, we do tread cautiously on printing residents' names. In the past they needlessly printed a 91 year old senior citizen's name who was involved in shoplifting. We would not publish the name since the matter was minor.

When we asked the reporter why her paper would embarrass a family by reporting about a 91 year old shoplifting, she said, "That's the way we do it. We don't hold back". That answer was filed under our "ho, ho" file. The Life doesn't hold back except when their bankbook is involved. Do you recall the last time they endorsed a local Niles candidate for election?

On larger matters we print names you should know. Our bigger brothers hold back these names.

The Bocci court story is typical. You won't read it elsewhere but the Bocci court comedy has been going on for years. Nick Blase and his friends have been having their

Sunday game which moves around the community. Each time the Public Works Department spends taxpayers money building the court, and Nick, the village president, and his puppet trustees, have their private court which is re-built time after time. It used to be in back of Bunker Hill. It moved over to the Trident Center and now we have our Letter-writer telling us it's being built with public funds behind a remodeled area behind Slingerland Drum Company. It's a minor little perk for the guys at the village hall. But you're paying for it. What else is new?

A little aside to the story is these models of decorum used so much blue language during past Bocci games in the Oakton Manor area, neighbors complained about their officials' discourses. They are now returning to more obscure landscapes where only the flora and fauna need contend with the blue air surrounding the court.

A couple of other stories which won't be published by our bigger brethren until after you've read it here concerns the village manager quests in Niles and Morton Grove.

In Morton Grove the constant interference by public officials in the day to day operations of the village have resulted in Fred Huber's assistant, Jim Sloan, in turning down the offer to become the new M.G. village manager. Not only do the officials stick their noses where they don't belong, but the low low pay offered Sloan is about \$15,000 less than Niles will be paying its new manager. Morton Grove is losing a good man when Sloan leaves and Morton Grove trustees have used poor judgement in allowing Jim to get away.

In Niles, Nick Blase, Niles one-man village board, has decided to give the police chief more power in the firing and hiring of personnel in his department. It looks like a progressive move. But what it does is tighten the role of the chief and the police and fire commission and takes away power from the village manager post. It means the guy who appoints the commission and the police chief, Nick Blase, will have the sole power to control these appointments.

When Ken Scheel was manager, Blase had to give Scheel a certain amount of free reign. But the new person who takes over the manager's role will join the village trustees in becoming one more Nick Blase puppet. The manager's power will be diluted to the point of becoming another Blase sycophant who will best get along by falling in step (3 steps behind) with Niles village president...Niles village trustees can instruct the new fellow on his lachry and lack-luster powers.

Lastly, another little tidbit you won't be reading elsewhere, concerns an ad which appeared in The Life and The Spectator, but not in The Bugle (we wonder why?). The Village placed an ad in last week's edition looking for an assistant to the cable T.V. committee chairman. The part-time job

will handle the problems Nilesites are having concerning their cable T.V. Village chairman Ang Marcheschi told The Bugle Monday problems with the company are minimal today, compared with the past. But he said the complaints take away time from other village workers, as well as himself.

The Bugle's past reporting about the way Cablevision paid up-front money to receive the local franchise was first published here. You'll continue to read about any problems concerning the cable T.V. operation as well as any others which come to our attention.

The public officials in our towns are here at the disposition of the people they represent. They're merely extensions of the residents. If they're making a buck because they're an official, such as Blase, we'll report it. Over and over and over again. That's your basic right since you own your town.

Too bad the big bucks chain newspapers can't play the game the same way.

responsibilities because they were taken over years ago by county officials, just as the present situation surrounding the assessor's office, Handzel noted.

She added, "The county assessor now has a sub branch at the new county courthouse in Skokie, thus duplicating the Niles Township Assessor's Office in Skokie."

"We need to re-examine the concept of township government," Handzel said, "and the collector's special election should be a starting point."

### Oakton... Continued from Page 1

proved the purchase of a \$5000 Kimball grand piano. The Bosendorfer, regarded as the "Rolls Royce" of grand pianos, will be used exclusively for performances, approximately 10 per year.

Also approved, by a 4 to 3 vote, was the removal of a courtyard wall at the new campus, at a cost of \$11,000. The walls' removal will do nothing more than increase, by 20%, the view of the campus pond from the courtyard and administration staff offices.

In an effort to keep abreast with the technological explosion in information processing, the board approved the purchase of a \$97,429 Wang computer system, replacing the 5 year old system currently used by students in the Office Systems Technology program. This acquisition will allow Oakton's students to keep pace with the job market by using

state-of-the-art equipment. But the board also approved, by a 6 to 1 vote, an expansion of the administrators Wang computer system, at a cost of over \$71,000. This purchase will more than double the capacity of the existing system.

In other business, it was officially announced that on November 8, 1983, an election will be held to fill 3 seats on the 7 member Community College District #535 Board of Trustees. All district residents interested in running for one of the 6 year term posts, must file a nominating petition between August 22 and 29. Forms are available in room 2586, at Oakton's Des Plaines campus, 1600 E. Golf Road.

The 3 trustees whose terms are expiring are: Bill Spaulding, Bruce Friedman and Raymond Hartstein.
