Niles Fire Department expresses thanks

A plaque, expressing the appreciation of the Niles Fire Department, was recently presented to Jim Kadlec (l), General Manager of Skokie Automotive Co., for providing the department with junk autos so that department personnel could perfect their rescue techniques.

The presentation was made by Niles Fire Chief Albert L. Hoelbi (r), in Kadlec's Niles office, at 7254 Milwaukee ave. The company operates an auto repair service in Niles and an auto salvage yard in Kankakee.

Chief Hoelbi said that for many years, Kadlec has given the department autos which were doomed for reclamation. In many cases, he added, Kadlec even had them towed to areas designated by the department. The autos are used by the firefighters to improve their methods of extricating auto accident victims from vehicles by using the department's hydraulically operated rescue tool. This tool is capable of forcing open doors which have been smashed shut and can even cut the roof off a vehicle with its shears. All of this must be done with a minimum of movement to the accident victim.

Early delivery of Supplemental Income checks

Monthly Supplemental

Security Income (SSI) checks which are normally delivered on the first day of the month, will be delivered on December 30 instead, according to Marilyn Robertson, manager of the Des Plaines Social Security office.

"Benefit checks are mailed early when the usual delivery date falls on a Saturday, Sunday or legal holiday," Robertson said. "In these instances, the checks are dated and delivered on the first day before the first of the month that is not a weekend or holiday."

Robertson stated that this procedure helps reduce the problems that people have when they receive their checks and their banks are closed. These situations occur several times during the year.

Deadline nears for Circuit Breaker forms

State Senator Robert J. Egan (D-7) reminds senior citizens and individuals who are disabled that they have until December 31, 1983 to file Circuit Breaker forms for a cash rebate for 1982. Most seniors and disabled have already applied for their 1982 grant and received their rebate check by May or June of this year. This reminder is for the few who may have neglected to do so or were unaware of this program. (Forms for the 1983 Circuit Breaker Program will not be available until after January 1, 1984).

Egan, the original sponsor of the legislation, explained that the program provides for a cash rebate of up to \$700 for property taxes and a flat \$80 additional grant. To qualify the seniors must be 65 years of age or over by June 1 of the year they are applying for, and the disabled must be 16 years of age or over and totally disabled. An applicant, either a senior or a disabled individual, must have an annual income of under \$12,000 and be an Illinois resident. Household income counted by the state includes wages, social security benefits, pensions, interest and dividends, unemployment compensation, alimony and net income from business ventures. Not included are gifts, inheritances or lump sum insurance.

"Under the Circuit Breaker Law, a household is defined as a 'claimant or claimant and spouse living together in the same residence,'" Egan said. "This means that a husband and wife are a 'household' and should file together. However a brother and sister or other persons sharing a

home would be considered two separate 'households' and each should file separately."

The program provides for two grants. One is a rebate for property taxes paid in 1982 and is \$700 minus 5 percent of your household income. The additional grant is a flat \$80 for all qualified applicants. Individuals may qualify for one or both of these grants. One application is used for both grants.

"There has also been some confusion about whether an individual must own his own home in order to qualify for the Circuit Breaker Grant," Egan added. "The fact is that you can qualify for a Circuit Breaker Grant if you rent a house, apartment, live in a mobile home or reside in a nursing or shelter care home. My advise is to check the instructions in the application booklet."

Individuals who were unaware of this program or who have not as yet filed for 1982, may stop by Senator Egan's District Office at 5872 N. Milwaukee Ave. to pick up their 1982 forms. If further filing assistance is needed, write the Illinois Department of Revenue, Circuit Breaker Division, P.O. Box 3124, Springfield, IL 62708 or phone toll free (312) 641-2150.

New Park Bonds get final approval

At the December 20 Niles park board meeting, the board unanimously approved an ordinance to rebate taxes, which completes the official work for the issuance of new bonds to replace the older bonds in the district. The complicated formula will enable the district to pay off present bonds 2 years earlier, invest the money received from a new \$800,000 bond issue, and save taxpayers about \$600,000 by 1991 when the new bonds are retired.

In other actions the board accepted \$350 to \$400 for ground lights for the garden at the administration building. The money was donated by the Niles Events Committee.

Park director Bill Hughes received a plaque from the Illinois Park Recreation group for his outstanding work in the field of park finance.

President Elaine Heinen thanked resident Val Engelman for his letter suggesting a tee at the 9th hole at Tam be moved for women golfers. She commended him for his efforts as a "concerned taxpayer."

A January 3 committee meeting will be held at 6:45 p.m. for a budget meeting to discuss revenue facilities.

The main subject at the budget meeting will concern vacant positions of the administrative assistant and golf course manager and ice rink supervisor (one position) as well as discussing the standardization of part-time personnel.

Commissioner Mary Marusek reported Monday night women's volleyball has been approved at School District 71's gym.

A vandal escaped after breaking into the ice rink. An employee walked into the rink at the time the alarm went off. The money from the snack machine was taken and park commissioners are unsure how the culprit entered the building, assuming he may have entered through the lower level door.

The clogged drain in the golf course driveway has been repaired and new asphalt will be placed there in the spring.

The Corps of Engineers will take samples from the river's bottom alongside Tam golf course. It was reported \$100,000 has been reported. Continued on Page 26

Water pipes burst during sub-zero weekend

Sub-zero weather on Saturday and Sunday, December 24 and 25 broke water pipes setting off fire alarms in 14 Niles businesses.

Niles firemen responded to each call searching through locked buildings to turn off the water which had often frozen solid.

On December 24 the following businesses reported having broken fire sprinkler systems: Imperial Clevelite, 6300 Howard St.; Victoria Station, 7800 Caldwell Ave.; S.M.R. Building, 3757

Touhy Ave.; Jewel Foods, 7900 Milwaukee Ave.; Barr Co., 6100 Howard St.; Pop 'N Fresh Pies, 8584 Dempster St.; Silk Road Restaurant, 3555 Milwaukee Ave.

These businesses reported broken pipes on December 25: King Datsun, 6200 Touhy Ave.; Sears Roebuck and Co., 400 Golf Mill; Salerno Megowan, 7777 Caldwell Ave.; Doc Weeds, 8832 Dempster St.; Wells Lamont, 7227 Oak Park; Nitco Co., 7415 Melvina St.; Ayerst Lab, 7545 Natchez.

Niles family overcome by fumes

Five members of a Niles family were overcome by fumes from a kerosene heater on Christmas Eve.

Niles Fire Department paramedics were sent to the home of Robert Wolczewski, 7130 Keeney St., at 9:32 p.m. Family members complained of suffering headaches and dizziness

January Zoning Board meeting cancelled

The January 9, regular meeting of the Niles Plan Commission & Zoning Board of Appeals has been cancelled. The next regular meeting will be held on February 6 at 8 p.m. in the Council Chambers of the Niles Police Building, 7200 Milwaukee ave.

following their sitting in a sealed room with a kerosene heater on according to fire department records.

Taken to Lutheran General Hospital for treatment were Robert Wolczewski, 54; Anna Keeney St., at 9:32 p.m. Family members complained of suffering headaches and dizziness

Following this incident, Niles Fire Chief Al Hoelbi said, "If you use kerosene heaters for any reason you must crack a window open because the heaters use up the oxygen in the room."

Village holiday hours

The Niles Administration Offices will be closed on Saturday, December 31 and Monday, January 2 in observance of the New Years Holiday.

Union members agree to wage cuts

Settlement reached in Salerno-Megowan strike

by Bob Besser

Operation Santa Claus a frigid success

Niles police officers initiated a new program this year by taking Santa Claus to visit the homes of residents who had requested their presence on Christmas Eve.

Niles police officers John Amato and Pat Byrne donned their red suits Christmas Eve and equipped with their best Ho, Ho, Ho's set out in the sub-zero temperatures to make their appointed rounds. Squad drivers John Katsoulis and Dennis McEnerney made 85 stops Christmas Eve, turning in front of the homes, pulling up their red lights and accompanying Santa to the awaiting children.

Officer Amato described their receptions as "very cordial" and noted he enjoyed seeing "the wide-eyed, smiling youngsters." Approximately 10 minutes was spent at each stop by Santa and Niles police were so pleased with the success of the program they hope to repeat it next year.

Free blood pressure readings

Free blood pressure readings will be taken Thursday, Jan. 5 by the Niles Community Health Department, 7601 Milwaukee ave., between the hours of 4 and 8 p.m. No appointment is necessary.

Striking Salerno Megowan workers ratified a new contract on Friday, December 23, ending the eight week old strike.

Some 340 striking workers reportedly voted overwhelmingly to approve the new contract which included cuts in hourly wages as well as changes in seniority on the production lines.

Maxie Hill, President of the local Confectionary and Bakers union, said on Tuesday that union members had agreed to take wage cuts. Hill said bakery packers had been asked by the company to accept a \$2.61 hourly reduction but settled with Salerno for a \$1.75 reduction. Mechanics at the factory agreed to allow their current wages to be frozen and all other classification of workers accepted a \$1.50 per hour decrease.

Calling the contract "a very difficult agreement," Hill said, "I think the members understood this was what they had to do since

Morton Grove seeks blood donors

Morton Grove community will host its first blood drive of the new year on Thursday, Jan. 5. In recognition of the great need for blood during January, President Reagan has declared January National Volunteer Blood Donor Month. Morton Grove residents are encouraged to help meet the need for blood during January by donating blood on

the company is having difficult problems economically. But nobody's happy about the settlement."

Additionally, the union members agreed to a change in the production line seniority rules which will allow the union to determine who is taken off a production line based upon their plant seniority. Salerno had wanted the option of taking workers off the line arbitrarily.

As to who the winner was in this bitter strike, it was difficult to judge. However, taking into consideration the hard times many labor unions have fallen on, Hill said, "We still have our union shop and that's the key."

Jan. 5 at the Morton Grove Village Hall, 6101 Capulina, Morton Grove, between 3:30 p.m. and 8 p.m. Kathy Mohrdeick, the blood drive chairperson, encourages all community residents to start the new year with a pledge to donate. To schedule an appointment for the drive, call the Health Dept. at 965-4100, between 9 a.m. and 4:30 p.m.

For information on how you can volunteer, call Travelers & Immigrants Aid at 435-4520.

Extended Coverage

By Stephen Falter

Worldwide, auto accidents are the largest single cause of deaths of people under 34, of paraplegia, and of other serious injuries requiring hospital care.

Here in the U.S., one model of car equipped with automatic seat belts achieved a 55% reduction in fatalities, compared to the same car without.

At one time there was legislation in the U.S. requiring air bags in cars and some car makers did offer them. A Yale economist says that installing air bags would reduce medical bills, insurance rates, etc., a net of \$33 BILLION in four years.

The Volunteers will also make free home visits to prepare the tax returns of homebound seniors.

AGING AND YOUR EYES

Poor eyesight is not inevitable with age. Some physical changes occur during the normal age process that can cause a gradual decline in vision, but most older people maintain good eyesight into their 80's and beyond. Older people generally need brighter light for such tasks as reading, cooking, or driving a car. In addition, incandescent light bulbs (regular household bulbs) are better than fluorescent lights (tubular overhead lights) for older eyes. Here are some suggestions to help protect the eyes from disorders and diseases that frequently occur in old age:

- Have regular health check-ups to detect such treatable diseases as high blood pressure and diabetes, both of which may cause eye problems.
- Have a complete eye examination every two or three years since many eye diseases have no early noticeable symptoms. The examination should include a vision (and glasses) evaluation, eye muscle check, check for glaucoma, and thorough internal and external eye health exams.
- Seek more frequent eye health care if you have diabetes or a family history of eye disease. Make arrangements for care immediately if you experience signs such as loss or dimness in vision, eye pain, excessive discharge from the eye, double vision, or redness or swelling of the eye or eyelid.

NUTRITION SITE

The Senior Nutrition Site of Des Plaines offers hot, tasty, and nutritious meals served in a group setting to any senior age 60 and over. Meals are served five days a week at 12 noon and reservations can be made by calling 696-7763. Payment for meals is voluntary and not required. This, Community and Economic Development Association (CEDA) site is housed within the Life Fulfillment Center, 9375 Church st. (corner of Church and Potter) in Des Plaines.

Grant chosen for special library program

Madeleine Grant, President of the Lincolnwood Board of Library Trustees, has been selected to participate in the leadership training sessions of the Mid-winter meeting of the American Library Association, to be held Jan. 7-8 in Washington, D.C.

The sessions, held under the auspices of the ALA's Intellectual Freedom Committee, will address the issues of intellectual

freedom. The purpose is to develop a group of people to share information about these issues with local school and library systems, as well as public service groups.

Only 30 people have been chosen for these initial sessions. However, Ms. Grant and her colleagues will themselves conduct similar training sessions at the National ALA conference in Dallas, TX., in June.

M-NASR extends thanks to donors

Maine-Niles Association of Special Recreation (M-NASR) would like to extend a special thank you to the Lions Den Hair Salon in Skokie. Eddie Patay, owner of the salon initiated and sponsored a fund raising event to benefit M-NASR. The project began in July with the Lions Den planning and paying all expenses for the event.

A balloon launch fair was held in August. Mr. Patay stated that he would donate 50 cents per balloon returned to the salon from the balloon launch. Donor cards were also passed out at the balloon launch with the donor contributing the most money winning a large stuffed lion.

The fair also featured a bake sale, apple sale, juggler, face painting, nail painting and autographs by a Chicago Sting player.

Mr. Patay stated that he has a "special interest in children, yet my business, at this point, primarily serves an adult population. I wanted a charity that provides programming for a wide age span. In addition to raising money for charity, I was interested in establishing the Lions Den as a concerned and active force in the community."

In addition to the balloon launch fair, the Lions Den participated in the Skokie Fair. A stuffed lion was raffled off; face and nail painting were also provided.

The Lions Den contributed a total of \$430.51 to M-NASR through their fund raising efforts. M-NASR extends thanks to Mr. Patay, the Lions Den staff, and volunteers, Sandy Estes, Heather Greendale, Michelle and Marcy Falcon for their efforts in this endeavor.

Park Ridger elected Centel vice president

John W. Brindley, a resident of Park Ridge, recently was elected vice president of human resources by Centel Corporation's board of directors.

Chicago-based Centel is one of the nation's leading telecommunications companies. Brindley, who most recently had been assistant vice president of human resources, will be responsible for employee benefits, compensation planning, equal employment opportunity activities, human resources development and management training.

Telecommunications industry veteran of more than 30 years, Brindley joined Centel in 1951 at LaCrosse Telephone Corporation in Wisconsin. In 1953, he joined the company's Des Plaines-based Illinois telephone operations, holding a variety of positions. Brindley moved to Centel's corporate headquarters here in 1976.

Brindley and his wife, Doris, make their home in Park Ridge.

Centel operates telephone systems in 10 states, serving more than 1.2 million customer lines. In addition, Centel provides cable television service to more than 210,000 subscribers in eight states; engineers and installs advanced business communications systems and networks; and markets and distributes a wide range of communications products and services. The corporation also provides electric service in two states. Centel's 1982 revenues and sales were \$1.16 billion.

Solomon re-elected Council chairman

Kenneth I. Solomon, 7840 W. Church st., Morton Grove, managing partner of Laventhol and Horwath's Chicago office, was re-elected Chairman of the firm's National Council (Board) at the firm's Annual Partners Meeting held in Miami, FL.

The National Council is comprised of 16 of the firm's more than 350 partners, each elected to serve a three-year term. This is Solomon's fourth consecutive one-year term as Chairman of the national accounting firm's board.

Solomon received his Bachelor's and Master's degrees from the University of Illinois and his Juris Doctor degree from the University of Chicago Law School. He is a CPA in several states and is a member of the Illinois and Ohio bars. A former accounting and law professor at Case Western Reserve University Law School in Cleveland, Solomon has authored four books and more than 80 professional articles published in leading accounting, legal and tax journals.

1st Nat'l of Morton Grove joins cash station network

The First National Bank of Morton Grove has joined Cash Station, an organization of financial institutions sharing automatic banking facilities throughout the Chicago area.

The bank became linked to the network with the recent installation of an automatic teller machine near the west entrance of the main building at 6201 Dempster, Morton Grove.

Cash Station enables customers to make withdrawals from, deposits to or transfers between accounts at any location, in most cases seven days a week and 24 hours a day.

The automatic tellers are

New certificate to save taxpayers up to \$900

A tax-deferred insured certificate which may save taxpayers up to \$900 will be launched by Cragin Federal Savings and Loan Association on Dec. 1.

Cragin Federal's one-year "Tax Saver CD" capitalizes on the tax break granted in the Economic Recovery Act of 1981, which will allow qualifying taxpayers to exclude—from 1985 taxes—up to \$900 in interest on joint returns, or \$450 on single returns.

Deposits made in the Tax Saver CD will mature and pay all account interest intentionally on Jan. 2, 1985, the year in which the Tax Act exemption becomes effective.

The Tax Saver CD lets customers deposit now to avoid federal income taxes on the CD's interest in 1984, deferring the interest until 1985; if eligible, customers may then take advantage of the 1985 tax exemption when filing their income tax return in early 1986.

Encouraging savings rather than buying on credit, the exemption rewards taxpayers who have greater interest income than interest expense.

When the interest earned from savings accounts or other investments (interest income) is greater than the interest fees paid out (interest expense)—excluding mortgages and business interest—a taxpayer qualifies for the 1985 exemption.

The Tax Act exempts 15% of 1984 net interest income (interest income minus interest expense) from 1985 taxes. Therefore, a taxpayer filing a joint return who earned \$6000 in net interest income in 1984 qualifies for the maximum \$900 exemption. Taxpayers filing single returns with \$3000 of net interest income are exempt \$450.

Taxpayers who don't qualify for the exemption may still benefit from a one-year tax deferral through the Tax Saver CD.

Cragin Federal is permitting this account to be established on Dec. 1, 1983. When an account is opened with a \$5000 minimum deposit, the funds will be deposited in a federally insured Money Market Account paying 15% through Jan. 2, 1984. On Jan. 2, the principal and interest will be transferred into the one-year Tax Saver CD paying at least

Holy Family main entrance relocated

Holy Family Hospital's main entrance has been relocated to the Holy Family Professional Plaza entrance on Golf rd. All visitors coming to the hospital should enter from the Golf Road side of the building where patient and visitor parking has been established.

When visitors now enter the hospital, they walk through a corridor in the Professional Plaza, into out-patient reception area, where an information desk has been located. A color coded signage program has been developed in the hospital to direct visitors to the appropriate service areas.

The new temporary entrance will be used for approximately one year. The main entrance has been relocated to accommodate the beginning of construction on Holy Family's modernization and expansion project. The project includes the construction of a new building in front of the existing hospital facing River Road and modernization and expansion of many departments and service areas by Fall 1986.

For further information about the new temporary entrance or the construction project, call 297-1800, ext. 1174, weekdays.

Cancer Society meeting on mammography

Ann Kinnealey, M.D., President of the North Shore Unit of the American Cancer Society; Richard S. Berk, M.D., Vice President of the Glenview Unit, Michael Feinzimer, M.D., President of the Lincolnwood Unit, and Harry Price, M.D., a new Board Member of the North Shore Unit; were among a group of doctors from throughout Illinois who attended a meeting at the American Cancer Society in Chicago to learn more about their important role in the Society's intensified statewide media campaign on mammography. The doctor's role is critical in the importance of this low-dose breast x-ray which can dramatically boost the chances of finding very early, highly curable cancers. In a recently completed national screening project, conducted by the Society, mammography detected nearly 90% of the cancers as opposed to only 56% of cancers detected by physical examination of the breast. There are two million women in Illinois who are not having a procedure which has the dramatic capability to hike breast cancer survival rates. These women are running the risk of having a breast cancer discovered too late. Dr. Kinnealey is the Director of Medical Oncology for Saint Francis Hospital and is a resident of the near north side of Chicago. (1300 North).

ANAD weekly support group

Are you struggling with Anorexia Nervosa or Bulimia? We can help, encourage, and support you during your recovery process. Is someone you love Anorexic or Bulimic? We can help families and friends cope with their own painful feelings during this time. We care!

We are a confidential support group for anorexics, bulimics and their families. You can talk about your feelings and problems in a safe, supportive environment with other recovered/recovering anorexics, bulimics and families. The next meeting will be held Tuesday, December 27, 7:30-9:30 p.m. at the Evanston YWCA, 1215 Church, Evanston. For more information call Jill Zimmerman, ACSW, 869-0539.

Anorexia Nervosa and Bulimia are serious eating disorders characterized by self-starvation and extreme weight loss; or binge eating, vomiting and/or laxative abuse.

LGH pre-marital institute

Engaged couples are invited to attend a four-week pre-marital institute to be held at Lutheran General Hospital, Park Ridge, on Mondays beginning January 9. The program will continue on January 16, 23 and 30. The sessions run from about 7:30 to 10 p.m. and include lectures and discussions about the physical, emotional, spiritual and social aspects of marriage. Call 696-6395 for information.

JCC Couples Club

The next meeting of the JCC Couples Club will be held at 8 p.m. on Thursday, Jan. 5 at the Mayer Kaplan Jewish Community Center. Plans are already in the works for a variety of social events for each month of the coming year. The group has a limited number of openings for couples in their 40's and 50's who enjoy attending plays, picnics, gourmet dinners and many other group activities.

In addition, a business meeting is held the first Thursday of each month, followed by a short program of entertainment of interest to the group. For more information, call Pearl Karp at the "J" office (675-2200) or Bob and Phyllis Tauber (677-4281). The Kaplan "J" is located at 5050 Church st., Skokie.

Morton Grove Library news

The Morton Grove Public Library will continue its film series, "Great Railway Journeys of the World" into the new year with a showing of "The Zambesi Express" on Tuesday, Jan. 3 at 2:30 and 7:30 p.m. This exciting train journey takes the traveller from Cape Town to Victoria Falls in South Africa, and then on to Botswana and Zimbabwe-Rhodesia. Admission is free.

"Korea" will be the country explored in a film travelogue presented on Tuesday, Jan. 10 at 2:30 and 7:30 at the Morton Grove Library. The ancient culture of Korea and its scenic southern coast will be featured, as well as a look at Korean foods and Korean holidays. Admission is free.

The value of "market-timing" as opposed to the "buy and hold" technique of stock investing will be emphasized in an Investment Seminar, presented at the Morton Grove Library on Thursday, Jan. 12 and Thursday, Jan. 19.

Craig Schaeffer of United Services of Financial Planners, Inc. will conduct the two-part seminar which will cover basic investing, tax shelters, mutual funds and retirement planning. Admission is free.

North Maine Fire Department in wreath program

This year the North Maine Fire Department will be participating in the "Keep the Wreaths Red" program, a state wide holiday safety program sponsored by the Illinois Fire Chiefs Association.

A six foot wreath will be placed in front of the fire station at 9301 Potter rd., Des Plaines. The wreath will have seven bright red bulbs on it. For each fire determined to have been caused or originated from holiday decorations a red bulb will be changed to white.

The men of the North Maine Fire Department wish you a safe and happy holiday. Lets "Keep The Wreath Red".

"Stop Smoking Clinic" at LGH

A six-session "Stop Smoking Clinic," designed to help smokers kick the habit will begin on Monday, Jan. 16, and continue on Wednesday, Jan. 18; Monday, Jan. 23; Wednesday, Jan. 25; Wednesday, Feb. 1, and Wednesday, Feb. 8. The first two sessions will be held from 7:30 to 9:30 p.m. and the last four will be held from 7:30 to 9 p.m.

Sponsored by Lutheran General's department of respiratory therapy, health education office, and the Chicago Lung Association, the clinic offers participants a step-by-step reduction plan to quit smoking.

The clinic is open to persons of all ages. Because class size is limited, persons are asked to pre-register. For registration and fee information, phone Lutheran General's office of health education at 696-5431. The clinics will be held throughout the year.

Motor fuel tax

Illinois municipalities have been allotted \$9,763,012.00 as their share of motor fuel tax paid into the State Treasury during Nov., according to the Illinois Department of Transportation. Local allotments included: Des Plaines, \$56,327 and Niles, \$30,940.

ND students exemplify Christmas spirit

The Advent season has taken on a new meaning at Notre Dame High School for Boys, Niles.

The Spiritual Life committee and the Homeroom Committee met to discuss how the Notre Dame students and staff as a faith community could enter into the Advent Season. These committees felt that as a faith community Notre Dame students and staff should: 1) prepare spiritually for the celebration of Christmas and 2) help the needy in the Chicago area as a way of responding to God's gift of Himself to us at Christmas. Every homeroom has a spiritual project

and a corporeal project. A list of possible spiritual and corporeal projects was distributed to each homeroom. They were also free to develop their own projects.

Some of the spiritual projects included: a discussion of advent and Christmas symbols with scripture readings; individual intentions which are composed by students that they feel will help them prepare for Advent. One intention will be prayerful in nature, the other a kind act; advent wreath combined with spiritual quotations; daily readings from gospel; Christmas

tree decorated with student's prayers; student composition and recitation of daily prayers; student reading of the story "Christmas Memories"; and spiritual reflections.

The Corporeal Project includes collecting aluminum cans with proceeds going to a needy cause; writing Christmas cards to people in nearby nursing homes; donations to St. Vincent de Paul Society; collecting money to be donated to Marillac House to use as they see fit; helping St. Charles Lwanga Parish with food, clothing, and cash donations; helping out at the

Catholic Charities Soupline; adopt a family and contributing to Wally Phillips' "Neediest Children's Fund."

According to Bob Ryan, Park Ridge, sophomore, "We're decorating our homeroom, which has brought cooperation among us. As far as the food drive, everyone is being quite generous; knowing how lucky we are," Mike Czech, Chicago, sophomore stated, "Fr. Kahle, homeroom teacher, is taking up a collection for Marillac House. The money is coming from our own pockets, not our parents."

North Park Concert

The second concert in the 1983-84 series of Chamber Music at North Park will be presented at 8:15 p.m. Friday, Jan. 6, in the North Park College Lecture Hall Auditorium, Foster and Kedzie.

Michael Henoch, assistant principal oboist of the Chicago Symphony; Raya Kodesh-Beatty, assistant concertmaster of the Lyric Opera Orchestra, and Marc Johnson, cellist of the Vermeer Quartet, will join Elizabeth Bucher, pianist and founder of the series, which began three years ago.

Bucher heads the piano department at North Park. She has been a soloist with the Chicago Symphony and is accompanist for the Chicago Symphony Chorus.

Tickets for the concert are \$6 and will be sold at the door.

Representative Jaffe visits Stevenson School

On Wednesday, December 14, Representative Aaron Jaffe, 56th State Congressional District, joined Stevenson School's Team VI to give the students a participant's view of the state's legislature in action. Representative Jaffe not only reviewed the process by which citizens' concerns become law, but shared insights with the students with the students about the many points of view found among the members of the House.

Team VI teachers, Mrs. Phyllis Clark, Mrs. Sandee Schor, and Mr. Jay Smith organized Jaffe's visit as a part of the on going program of teaching government to Stevenson students. During the nearly one hour talk Jaffe made, he related a number of anecdotes about various actions and situations that occurred during the last few sessions in the House of Representatives.

A second reason for Jaffe's visit came from Stevenson's recently conducted "Career Day". Mr. Jaffe was not available to meet with the students during that November program. Though he did appear later, his visit was well received as students gave him their rapt attention throughout the talk and question and answer session.

Stevenson School is one of five elementary schools in East Maine School District 63, Des Plaines.

WMTH programming

Photo by Eric Klein
Jay Smith and Andy Mazur begin the radio station WMTH broadcast day at Maine East High School with "The Morning Show."

In 1958, Harrison Ford, who has gone on to achieve fame in such movies as American Graffiti, Raiders of the Lost Ark, and Blade Runner - as well as the Star Wars trilogy - served as Maine Township's first WMTH disk jockey. In fact a number of alumni who have worked at WMTH during its 25 years of broadcasting have gone on to pursue careers in the broadcast and entertainment industry.

Over the years, WMTH, which is one of the oldest operating educational radio stations in the country, has evolved from a single studio at Maine East High School to studios in each of the district high schools. Programming has developed to serve the communities in Maine Township 10 hours a day.

Volunteers are regular part of Nelson academics

Since September, students at Nelson School, 8901 Ozanam ave., Niles, have enjoyed many programs which were arranged by Karen Hillman, the school's Volunteer Coordinator.

Ms. Linda Bieschke, "Play Lady" on the pediatric floor at Lutheran General Hospital, eased the minds of the kindergarten children about any fears they might have about a hospital stay. She brought along doctors' uniforms that the children were able to try on and a real plaster cast that fit around their arm.

Officer Gerhardt, from the Niles Police Station, showed a slide presentation about "Officer Friendly" and "Mr. Stranger Danger."

Nutrition was discussed by Miss Sandy Nanos, dietician at Holy Family Hospital. With her assistance, the kindergarten children proceeded to make butter.

Young children can never hear too much about nutrition, so Mrs. Julie Davidson, R.N. from the Bethany Terrace Home, also discussed this subject with the

kindergartners. The second grade students enjoyed by Mrs. Van's collection of American Indian artifacts, from the Museum of American Indian Art.

Sandi Nanos, dietician from Holy Family Hospital, spoke about good nutrition with the second graders and played a bingo game using popcorn as the markers.

In coordination with a safety unit, Sgt. Gerhardt spoke to the third grade students about safety.

Fourth graders and their parents listened to Mrs. Mary Meislahn, from the NOHA organization, speak on the importance of eating healthy foods.

In conjunction with a dental health unit, Dr. Green spoke about good dental hygiene.

Fifth graders were fascinated as they viewed a film depicting the purification and distribution of water. This program was presented by Mr. Bernard Katz from the Chicago Department of Water.

In conjunction with Team 5's unit on microorganisms, Barbara Fox and Sue Shultz, both immunovirologists at Lutheran General Hospital, displayed a slide presentation concentrating on various aspects of microbiology.

Team 5 students were also very impressed with Mrs. Van's vast collection of American Indian artifacts.

Mrs. Erica Yeger spoke to Team 6 about the Middle East. The visit was enjoyed by the students and their teachers.

Mrs. Julie Davidson, R.N. from Bethany Terrace Nursing Home spoke about adolescence with Team VI.

After winter vacation, all of the students can look forward to many more interesting visitors, provided by the District #63 Volunteer Coordinators.

Cablenet intern program trains students

Nine local students participating in Cablenet's Internship Program have nearly completed their television production training. The students have assisted Cablenet's staff in the production of several programs as part of their "hands-on" instruction.

The students are given the opportunity to apply their production skills outside of the classroom in a professional setting. Some of the programs have assisted to include "Theatre Chicago Style", "Streamwood Youth Association Inaugural Dinner" and "Candidate Speaker". Peggy Busch, Cablenet Community Access

Coordinator said. The Internship Program requires the production of a twenty minute program by each of the students. The programs are scheduled to be telecast on Cablenet's Community Access channels early next year.

Cablenet sponsors three Internship Programs per year. The current interns include: Marie Buscaglia, Todd Curry, Don Fox, Renee Genova, John Hanson, Mary LeBeau, Craig Lundell, Karen Morikawa, and Alison Witt.

For further information regarding Cablenet's Internship Programs contact Peggy Busch at 894-0773.

POLITICAL NEWS

Amirante seeks Senate Seat

Sam L. Amirante, senior partner in the Park Ridge law firm of Amirante & Etchingham, has formally announced his candidacy for the office of State Senator for the 28th Legislative District, which encompasses parts of Des Plaines, Park Ridge, Mount Prospect, Skokie, Glenview, Morton Grove, and Niles.

Described as an "independent thinker," Amirante has been endorsed by the Maine, Niles, Northfield, and Elk Grove Democratic organizations, and will challenge incumbent Republican Robert Kustra, who has announced he will seek reelection in 1984.

Amirante says he's always been interested in public service and politics, and always intended to pursue it. "I feel this is the right time for me to step in," he said. "I feel I have something to give to this district. As State Senator, I'll be looking out for the best interests of my people, those who live in the 28th Legislative District."

With six years in private practice, and four years before that as Assistant Public Defender for Cook County, Amirante will bring a depth of experience to his campaign. Foremost in his concerns is credibility in office. "Too often, politicians promise one thing during the campaign and then do something else when they're elected. I think they should have to live up to their statements. And I believe people should have access to their government. I've run my law practice with an

Amirante says he's always been interested in public service and politics, and always intended to pursue it.

open-door policy. I see people who need to see me, and I return phone calls. Basically, I'm a 'people person.' I like people and I enjoy interacting with them, even when it's not easy."

And Amirante knows that life isn't always easy. He gained a measure of media and public attention as the attorney who defended John Wayne Gacy, when other attorneys with an eye toward public office would have backed off that case. "I did it because I feel that every man - even John Gacy - has a right to the best defense he can get, regardless of the issue. The Constitution guarantees that right, men have died to protect it, and you can't make exceptions. I gave Gacy what I give each of my clients - my best."

"I know the law well, and I

know its weak points. As State Senator, I'll be in a position to do something about it."

Another of Amirante's major concerns is the strict and swift enforcement of criminal offenses, especially in the areas of drunk driving. "We have to get drunk drivers off our streets," he said, adding that he supports the newly-initiated programs of Illinois Secretary of State Jim Edgar.

Other concerns this Park Ridge attorney places high on his list of priorities include the issues of taxes, ("What are we getting for the additional taxes our district pays?"); state funding of educational programs ("As parents of two young children, my wife and I are understandably pro-education, and I want to make sure we get the best education for our tax dollars."); and fair programs for senior citizens.

Environment is also a concern. As a resident of Park Ridge, Amirante is well acquainted with the noise pollution associated with O'Hare Airport. And he is troubled about the issues of strip mining and nuclear plants in Illinois.

"I see the 28th District as a group of neighbors who share common concerns and problems. By seeking the office of State Senator, I'm only stepping forward and saying, 'I'll be our spokesman, the one who stands up in front and represents us.' That may sound simplistic but, in essence, that's what government should be all about."

Theusch files petitions for 11th District

Charles J. Theusch officially launched his campaign for Illinois' 11th District Congressional seat on Dec. 12 by filing his petitions with the Board of Elections in Springfield. Upon winning the March Republican primary, Theusch will face Democrat Frank Annunzio in the November general election.

George N. Despotides Sorority pledge

George N. Despotides, son of Helen Z. Despotides of 8225 Niles Center Rd., Skokie, has been promoted in the U.S. Army to the rank of staff sergeant.

Despotides is a bridge crewman at Fort Carson, Colo., with the 4th Engineer Battalion.

He is a 1974 graduate of Niles West High School, Skokie.

Carol Zuegel of Park Ridge recently pledged Delta Delta Delta social sorority at Millikin University.

Miss Zuegel is a freshman graduate of Maine South High School where she was a member of the cross country and track teams.

She is the daughter of Herbert and Barb Zuegel, 749 N. Elmrose, Park Ridge.

Reske announces candidacy in 41st Ward

Robert P. Reske announced his decision to run for the Seventh Legislative District State Senate seat as a Democrat in the March 20, 1984 primary election.

Reske, a life long resident of the 41st Ward and a long time member of the 41st Ward Democratic Organization, is the son of Sheila Reske, President of the 41st Ward Democratic Womens Organization and 41st Ward Democratic Ward Secretary.

Reske has always held a position in public service. After he received his Masters Degree in Public Health, he accepted a position with Cook County Department of Public Health as an epidemiologist and program director. "Working there (CCDPH) I became very interested in issues such as the quality and availability of health care and the uses and abuses of our tax dollars," Reske said.

Realizing that he was committed to a career in public service, he returned to law school for his law degree. He presently is an assistant corporation counsel for the City of Chicago. "I am now, once again, facing issues such as the delivery of public services and the uses and abuses of our tax dollars," Reske said.

Reske said that as a result of his years in public service, he has realized that qualified and committed individuals can make a difference in both the political and public service system. "I believe I can make a difference," Reske said. "I would be honored and pleased to represent the

people of the Seventh Legislative District as their state senator."

Reske gathered some two thousand signatures on his filing petitions before submitting his petitions to the State Board of Elections. "The people were very happy to see that there is finally a person who is willing to work for the people and not against them," Reske said. "The people are totally disgusted with the incumbent senator, Robert Egan, because of his support of the tax hike package last June."

Senator Egan voted in favor of the tax hike unlike our State Representatives, Ralph Caparelli (D-13) and Roger

McAuliffe (R-13), who voted against the tax hike. The tax hike of last June temporarily raised the state income tax from 2.5 to 3 percent on individuals and from 4 to 4.8 percent on businesses. The state sales tax was hiked from 4 to 5 percent statewide and from 7 to 8 percent in the City.

Reske said that the people of this district are tired of a do nothing senator and are ready for a change. "I would never get into a contest that I thought that I could not win," the 31 year old area resident said. "The people want to hear more about me and they will. I am in this race to stay."

THE NILES POLICE BEAT...

Shoplifter arrested

A 44-year-old Chicago man was arrested for shoplifting in Niles on Friday, December 23. The Chicago man was reportedly shopping at Sears Roebuck and Co., 400 Golf Mill, when he was observed trying to leave the store without paying for a bottle of cologne, a calculator and an electric razor. After being detained the offender was taken to the Niles Police Department where he was charged with shoplifting. The Chicago resident was assigned a January court date and released after posting a \$100 bond. Store officials said the value of the stolen merchandise was \$85.

Home vandalized

Two Niles homeowners reported their lawns causing extensive damage during the early morning hours of Tuesday, December 20. Between midnight and 6 a.m. the unknown driver caused \$400 damage to a home in the 8500 block of Crain St. when drove across the lawn. During the same time a resident in the 8500 block of Crain St. notified police that a driver had driven up onto his lawn and knocked over a lamp post. The replacement cost of the lamp post was placed at \$250.

Computers stolen

A Niles business reported over \$2,000 in computers were stolen after work on Tuesday, December 20. Police were called to Insulation Technologies, Inc., where officials told them that computers were stolen from an empty work room. While there were employees in the building at the time of the theft, the room where the computers were was unoccupied. Stolen were an Apple Computer worth \$1,800, a monitor screen worth \$800 and a disc drive valued at \$400. Police said there were no indications the thief had used force to gain entry to the office.

Drunk driver involved in auto accident

A 30-year-old Chicago man, who was involved in an accident in Niles on Sunday, December 18, was arrested for drunk driving. Police reported a Niles resident was driving north on Milwaukee Ave. when he began making a left turn into a driveway. The Chicago Man, who also was driving north on Milwaukee Ave., had veered into the southbound lanes and struck the Niles man as he was making his turn.

At the Niles Police Department the Chicago man was charged with driving under the influence of alcohol and driving on the wrong side of the road. He was assigned a January court date and released after posting a \$100 bond.

Van theft

A Niles resident reported his auto was stolen from in front of his house during the night of Friday, December 23. The resident, who lives in the 8000 block of Oriole St., said sometime during the night unknown persons stole his 1976 Dodge van. The resident did not immediately know the value of the stolen van.

Drunk driver arrested

A 19-year-old Niles man was arrested for drunk driving after running his car off the road in Niles on Saturday, December 24. Police were called to the intersection of Huber and Maynard where they found the Niles car had driven into bushes at one corner of the intersection. When police approached the driver, they reported he was slurring his words and smelled of alcohol. Additionally, when the man got out of his car he had to be held up, according to police. At the Niles Police Department the driver was charged with driving under the influence of alcohol, assigned a January court date and released after posting a \$100 bond.

School burglary

Burglars broke into an area school during the early morning hours of Thursday, December 22. Burglars gained entry to Emerson Jr. High School, 8101 Cumberland Ave., by breaking a classroom window. Once inside, they apparently went through numerous classroom cabinets, however, nothing was taken. In the school cafeteria they broke open a Coke machine stealing the change in it. When the burglars approached the school's administrative offices, they set off a sonic alarm which alerted police. The burglars fled the school when the alarm sounded.

Safety hints

Don't panic when you feel the car going into a skid on snowy or icy pavement. According to the AAA-Chicago Motor Club, the proper procedure is, to remove your foot from the accelerator and steer in the direction you wish to travel. Oversteering or hitting the brakes can throw the car into a dangerous spin. Pedestrians can do much to protect themselves in traffic, says the Chicago Motor Club. Some safe walking tips for pedestrians are: Always cross at corners, not in the middle of the block; cross with the light at all times; and look in all directions before starting across a street. Pedestrians who observe these precautions will have a better chance of avoiding perilous situations.

Clarification

In a story in last Thursday's Dec. 22 issue of The Bugle, it was reported on The Niles Police Blotter page that Lutheran General personnel said it was not their policy to treat a patient who refuses treatment. The story concerned a woman driver who had been involved in an auto accident and police asked doctors to take a blood sample to determine the alcohol content in her blood. The woman refused to allow the test to be taken. Lutheran General personnel stated that while the law enforcement officers requested the test, the hospital is also bound by law not to administer any tests to patients who refuse to take them.

Miss Northeastern Illinois Scholarship Pageant

The contestant orientation meeting for the 2nd annual Miss Northeastern Illinois Scholarship Pageant was held December 4. It was announced that there are still four openings for contestants and the deadline for entering has been extended until receipt of 15 contestants. This non-profit, civic event and official Miss America preliminary is to be held February 18 at the Centre East in Skokie. Since a limited number of contestants can be accepted for a one-night pageant due to the time element of talent presentations, it is advised that interested young women who are at least a high school graduate and between 17 and 26 by Labor Day 1984 call as soon as possible for information. Contestants must live, work or go to school in Evanston, Skokie, Wilmette, Niles, Des Plaines, Park Ridge, Morton Grove, Glenview, Northbrook or this must be the closest pageant to where they reside. They must never have been married or had a child. The Miss America Pageant at local, state and national level represents the largest private scholarship foundation for women. Judging for the pageant is based 50% on talent, the remaining is evenly divided between swimsuit, evening gown and interview. Stuart-Rodgers Photography with locations in Evanston and Chicago has been selected as the official pageant photographer for this gala production. A celebrity emcee from CBS Emmy Award winning daytime drama, "The Young and the Restless", is just one of the benefits a contestant will enjoy. For information on how to sponsor a contestant, donate goods or services for the

pageant's fundraising auction or contestant information before the 1st rehearsal January 8, call 966-1429.

Lutheran General's Alcoholism Treatment

The mission of Lutheran General's Alcoholism Treatment System is to provide the best of a diversified and comprehensive array of clinical services in the most effective manner possible. These services are available to individuals and families in the community and the country who suffer from alcoholism and substance abuse. Through the alcoholism treatment system, Lutheran General is working to influence policies and provide programs that will increase society's awareness of alcoholism and substance abuse, and to address and effectively respond to these problems through education and research. The Lutheran General Medical Center has been a leader in the treatment of alcoholism and other chemical dependencies for over 20 years. Lutheran General opened the first hospital-based alcoholism treatment program in the country, an important step toward helping society recognize the need to provide treatment for the alcohol/substance abuser. Since that time, Lutheran General has developed a comprehensive treatment system to actively address the needs of individuals, family members, friends, and co-workers affected by alcoholism or chemical dependency. Lutheran General recognizes that alcoholism is a progressive, chronic disease with persons entering treatment at different stages of illness. To provide this specialized

care, Lutheran General offers different levels of care. These include: Lutheran General Hospital, for critical medical/psychiatric care; The Lutheran Center for Substance Abuse, for the concurrent treatment of alcoholism and medical/psychiatric complications; Parkside Lodge of Mundelein, a nonhospital, residential treatment program for adults, with a separate, specialized youth program; the Parkside Youth Center, for adolescent extended treatment; and Countryside Center for primary outpatient services for those who do not require inpatient care. Support groups and aftercare programs are available through each of the facilities. Lutheran General Medical Center also owns or operates alcoholism and substance abuse treatment facilities in Colorado, Kansas, Illinois and Connecticut. In addition, Lutheran General Hospital is assisting the Cook County State's Attorney's Office in a pilot program designed to deter drunk driving. The ultimate goal of the program is to prevent injuries and save lives. Under the jurisdiction of the court, some motorists who are convicted of driving under the influence are sentenced to serve as volunteers at the hospital for the term of their sentence. It is hoped that the program will have a lasting impact on offenders and will deter future offenses.

Res cagers off to a good start

Resurrection High School's basketball team is having a slow but sure start this season. Presently with a 2-3 record, the new team and new coach Diane Mazur are building a team that will be the challenge to many of the teams this season.

Resurrection has only four seniors on the team, Lucy Bunda, Barbara Wilgen, Eileen Gardner and Carolyn Kinsch. Lucy, the only senior returning from last year, is out for most of the season with a dislocated knee.

Two sophomores, Lisa Gilroy and Danine Juszyński, look very promising. Gilroy was leading scorer with 10 points in the win over Madonna 44-39; Juszyński was leading scorer with 15 points in the 44-1 win over Good Counsel.

Junior who complete the Varsity Team are Bernadette Casey, Maureen McGe, Kristin McInerney, Maureen Peterson and Heidi Kolbert. Peterson was leading rebounder in the Res-Madonna game and also led the team in steals. She was likewise a strong defensive rebounder in the Good Counsel game.

The Bandits were behind 12-20 at the half of the Res-Madonna game, but turned the game around by outscoring Madonna 20-5 in the third quarter. Kristin McInerney came off the bench and scored 7 points in the game.

The Junior Varsity and Freshmen teams at Resurrection are having good starts in the basketball season. With a record of 4-1, the Junior Varsity, coached by Diane Brynarski, has won the last four games against Good Counsel, Regina, Mother McAuley, and Madonna. "Losing at the beginning of the season to Maine South helped the girls know what they had to work on," commented Brynarski.

Team members are Suzanne Buti, Chris Clark, Maureen Deasy, Maria Fruscione, Tricia Guest, Wendy Kramer, Kristin Liberty, Patricia Martin, Patricia McCormor, Tricia Moll, Patricia Pierce, Lyne Reeks and Karen Zambra. Gene Jacobucci is the only junior and Deanna Davis, the only freshman on the Junior Varsity.

The Freshmen Team, coached by Pat Buchanan, has a 5-3 record. They have been playing some junior varsity teams, namely, at the Regina JV Tournament. The Bandits beat Glenbrook South with Dina Crimmins coming off the bench to score 12 points. Kristin Gotshall scored 10 points. Lisa Gardiner was named to the all-star team in the tournament. According to Buchanan, "We played as a team and that is why we did so good in the tournament against experience of other teams." Team members are Gayle Becker, Catherine Bratek, Laura Bregenzler, Dina Crimmins, Lisa Gardiner, Kristin Gotshall, Laurie Hajost, Michele Jarosynski, Teresa Knapick, Alisa Kollar, Kris Mak, Vicki Mett, Julie Metz, Nancy Fichla and Lynn Fonzetti.

Augustana dean's list

The following students have been named to the Dean's Honor List for the fall quarter at Augustana College, Rock Island. Included were: Jeffrey P. Batka, Ronald S. Guastaferrri, Ellen E. Kuhlmann, Bonnie E. Scheuerman, Des Plaines; Suzette R. Eshoo, Niles; and Robyn A. Flakne, Skokie.

SJB 7th grade Boy Cagers

This year's team includes: Bill Brown, Vince Galloro, Glenn Grendzinski, Mark Hanks, Dave Kruczek, Greg Mastri, Brian Ochab, Dave Reece, John Reid, Greg Weiss and Tom Wolshon. The boys have showed individual improvement since last year and the coaches, Mr. Wolshon and Mr. Kruczek, are hopeful this individual improvement can be blended into the overall team concept.

The team began its league season with victories over St. Catharines (28-12) and St. Stephens (39-31). Players responsible for these victories were: Wolshon (31 pts, 16 rbs, 2 steals), Grendzinski (12 pts, 5 rbs, 3 steals), Kruczek (10 pts, 2 steals), Brown (7 pts, 1 rb, 4 steals), Reid (4 pts, 1 steal), Ochab (3 pts, 9 rbs, 1 steal), Hanks (7 pts, 1 steal), Galloro, Mastri, and Weiss were given difficult defensive assignments and did an excellent job. The coaches feel that the team is still 2 or 3 games away from reaching their best level of play, but are impressed by what has been seen so far.

The boys began this week of competition with an impressive practice game victory over St. Monica's. The highlight of this game was Mastri coming off the bench to score 20 points. The boys then got back to the business at hand in league competition and defeated Northridge Prep (37-12). In this game Wolshon swished a 3/4 court shot at the final buzzer. The boys then played St. Martha and defeated them 31-17. In this game, Reid had an outstanding night getting 13 rebounds.

Each member of the team contributed to the 2 league victories. Overall, Wolshon (35 pts, 11 rbs, 8 pts, 2 rbs), Kruczek (8 pts, 1 rb), Grendzinski (6 pts, 3 rbs), Ochab (6 pts, 7 rbs), Hanks (2 pts, 2 rbs) and Mastri (2 pts) contributed. In addition Galloro, Weiss and Brown played excellent defense. Dave Kruczek, point guard, provided the overall leadership necessary to achieve these victories.

The boys continued to impress during the 3rd week of League competition with victories over St. Peter's (38-19) and St. Thomas (30-12). These were team victories with each member contributing. Overall: Reid (14 pts, 2 rbs, 3 steals), Wolshon (28 pts, 16 rbs, 8 steals), Kruczek (10 pts, 3 rbs, 2 steals), Hanks (6 pts, 9 rbs), Ochab (2 pts, 7 rbs, 1 steal), Mastri (6 pts, 3 rbs, 2 steals), Brown (4 rbs, 3 steals), Weiss (2 rbs), and Galloro (2 rbs) contributed. The boys have continued to improve on their overall team defensive and offensive play and are hoping for a good season. Their league record is currently 6 wins and no defeats.

Adult orientation workshops

Orientation workshops will be conducted Jan. 4 and 5 for persons 25 and older interested in classes and services available at Oakton Community College.

One session will be held Jan. 4, at OCC/Skokie, 7701 N. Lincoln ave. A second session will be conducted Jan. 5, at OCC/Des Plaines, 1600 E. Golf rd. Both orientation sessions will be from 7 to 9 p.m.

Participants will have the opportunity to discuss the possibilities of returning to school and how to make plans for returning.

The workshops are free, but advance registration is required. For further information or to register, call the OCC student services center at (OCC/Des Plaines) at 635-1723 or 635-1417 (OCC/Skokie).

Winter class registration at Governors State

Registration for Winter Classes is underway at Governors State University's Mt. Prospect office.

Twenty-four courses have been scheduled to begin in January to meet a wide range of interests. There are courses with a business application as well as education courses. Other areas that are represented are Math, Computer Science, Chemistry and Psychology.

Governors State University as an upper-division university, offers courses to junior, senior and graduate students. Because it is a state university, tuition is kept at a reasonable \$46.25 per undergraduate credit and \$50.75 per graduate credit.

For a complete schedule of courses and registration information call 439-7550.

Northeastern's "Mini-U" courses

Northeastern Illinois University's "Mini-U" winter session begins the third week of January.

Mini-U offers more than 40 low-cost, non-credit courses in these areas: math, English grammar, business, personal computers, publishing, sign language, finance and investing, literature, career development, self-improvement and aviation. This session, study tours to Costa Rica are also being offered.

Courses range from half-day workshops to 12-week classes that meet weekly. The registration fees range from \$15-\$55.

To request a free copy of the Mini-U brochure of class listings or for registration details, call Northeastern's Office of Field and Continuing Education at 583-4050, ext. 392.

Safety hints

When snow is on the roadway, motorists should adjust driving habits accordingly. AAA-Chicago Motor Club says drivers should start smoothly, increase following distances, signal lane changes and turns well in advance.

Egan outlines Energy Assistance Programs

Two programs designed to help low income families pay energy bills, went into effect December 1 and will be available through May 31. According to State Senator Robert J. Egan (D-7), the Illinois Home Energy Assistance and Weatherization programs are both federally funded and will be available on a first come, first serve basis, until funds run out.

The Illinois Home Energy Assistance program will provide assistance in the form of payments directly to home vendors and in some cases the household itself. Payments or grants will average about \$256 per eligible household. After application is made, households are receiving payment and their bills will be reduced accordingly.

Those eligible will have household incomes not exceeding an amount equal to the maximum allowable 90 days' income levels indicated below:

Family size	Gross income for 90 days prior to applying
1	\$1,519
2	2,044
3	2,459
4	2,970
5	3,276
6	3,582
7	3,768
8	3,966

"This program bases its eligibility on the last 90 days income to allow people who

New December electricity record

Commonwealth Edison's three million customers in northern Illinois established a new record peak demand for electricity in the month of December on Monday, Dec. 19, when a mark of 11,060,000 kilowatts was reached between 5 and 6 p.m. The previous December record, 10,577,000 kw, was set on December 19, 1980.

Edison customers just missed eclipsing the all-time winter peak load of 11,068,000 kw, set on January 8, 1979.

Company officials attributed the new record December peak load to the extremely cold weather and an upturn in economic conditions. Holiday lighting also adds to electrical demand at this time of year, Edison noted.

Chicago's official temperature was three degrees above zero when the new December record was set. Official high for the day was six above, the official low, 14 below zero.

Edison said it was able to meet the new record demand without serious difficulty.

Leslie R. Helfers

Air Force Reserve Maj. Leslie R. Helfers, son of Mr. and Mrs. Elmer Helfers of 843 Hollywood ave., Des Plaines, has been decorated with the second award of the Meritorious Service Medal at Robins Air Force Base, Ga.

The Meritorious Service Medal is awarded specifically for outstanding non-combat meritorious achievement or service to the United States.

Helfers is chief of the Advertising Division with Headquarters, Air Force Reserve.

perhaps suddenly become unemployed to fall into the eligible income category," Egan explained. "Also homeowners, home renters and apartment renters are all eligible for assistance."

Payment levels for eligible households which purchase energy as an undesignated portion of the rent will be determined by household income and climate region. Assistance levels for households which purchase energy directly from vendors will have payments varied by income, climatic region, and fuel type. Using these variables will ensure that the highest levels of assistance will go to the most needy.

"I would like to stress that assistance from this program in no way affects your eligibility for other state aid relief programs such as the Circuit Breaker Program," Egan emphasized. "Assistance is provided on a first come first serve basis. Thus, it is important to get your application in as soon as possible."

"The Department of Commerce and Community Affairs also administer a weatherization program to assist people in making their homes and apartments more energy efficient. There is no charge for this assistance," Egan said.

This includes repairing or replacing broken windows or doors, adding insulation, weather stripping and caulking windows and doors,

cleaning and minor repairing of heating systems, installing setback thermostats.

Unlike the energy assistance program, weatherization assistance income eligibility is calculated on annual income. Annual household incomes must not exceed the following table:

Family size	Annual income
1	\$ 6,075
2	8,175
3	10,275
4	12,375
5	14,475
6	16,575

To apply contact local community action agencies, other community based organizations, or units of local government used by the Department of Commerce and Community Affairs. These agencies will take applications, verify eligibility information and issue assistance payments. For further information on the administering agency in your area, call the toll free Energy Hot Line (800)252-8643.

Care Cab offers New Year's Eve taxi rides

Millions of merry-makers will sing "Auld Lang Syne" New Year's Eve with a drink in one hand and their car keys in the other.

Last New Year's Eve, over 200 people were killed on the nation's highways as a direct result of drunk driving. Another 8,000 were seriously injured. And still thousands more rang in the New Year behind bars, jail bars.

There is an alternative. CareCab is providing free taxi rides home from 7 p.m. to 3 a.m. New Year's Eve. The community service, sponsored by the CARE-UNIT'S of Skokie Valley Hospital, St. Elizabeth's Hospital, Jackson Park Hospital and Medical Center and Central Community Hospital began December 22 and will continue through 3 a.m. January 2.

"New Year's Eve and getting drunk are almost synonymous," says CAREUNIT Program Manager Sunny Lucia. "It's sort of an amateur night. People who rarely drink the rest of the year will get drunk New Year's Eve

and try to drive. We hope they use their heads and call us for a ride instead of risking jail or worse, an automobile accident."

The service is for partygoers who are doing their drinking at public places such as restaurants or bars. (The cab ride is limited to 20 miles and must originate in Cook County.) "We don't pick up from private parties," Lucia says. "It's the responsibility of the host or hostess to see that their guests get home safely. That's a little harder for a bar or restaurant owner."

Lucia points out that CareCab will take people to their home, not to another bar. "We're not going to take people bar-hopping. We simply take them home."

CareCab will also not make reservations for a ride home before they get intoxicated so they can sort of plan their drinking accordingly. We are not encouraging people to drink tonight," Lucia emphasizes.

Resurrection Placement Test

A Placement Test for eighth grade girls wishing to enter Resurrection High School for the 1984-85 school year will be given at Resurrection High School, 7500 W. Talcott ave., Chicago, at 8 a.m. on Saturday, Jan. 14. The test will be completed about 12:30 p.m.

Students are asked to bring the \$10 testing fee, two #2 pencils, a ball point pen, and if they wish, a candy bar for a snack during the break.

Eighth grade girls from Catholic, public and other private schools in Chicago and the suburbs are invited to take the

placement process as part of the application process at Resurrection High School.

No advance registration is required. For additional information, contact Sister Virginia Ann at 775-6616.

David S. Watts

David S. Watts, son of Thomas L. and Judith Watts of 8242 New England, Niles, has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School at Lackland Air Force Base, Texas.

Junior Girl Scout Troop 944

Junior Girl Scout Troop 944, Niles, has been decorating and sewing Christmas stockings that will be distributed to needy families by the American Red Cross.

The girls who participated in the project are Patty Klancnik, Dawn Angus, Laura Sosnowski, Jodi Margalski, Susan Hrajohna, Christine Rolf, Diane Knudsen, Chris and Kim Flickup, assisted by Tina Hrajohna, Cadet Scout. Troop 944 meets each week at Culver Elementary School under the supervision of Gloriana Angus, Pam Hrajohna and Lois Rolf, Leaders.

Northi paper designated All American

The North Star, Niles North High School's student newspaper, was recently designated "Five Star - All American" by the National Scholastic Press Association/Associated Collegiate Press. In a variety of categories, the 1982-83 staff of the newspaper scored 3,860 points, and was rated excellent in almost every area.

In addition to the highest possible rating, the North Star was awarded five "Marks of Distinction" given "for lively, appealing, imaginative, creative work showing special personality." In the categories of coverage and content; writing and editing; opinion content; design; and photography, art, and graphics.

The Association's overall evaluation was "Excellent newspaper - your staff, students, faculty and administration should be proud." Judges especially praised, issue by issue, most of editorials prepared by the 1982-83 staff.

The recent award follows the "Medalist" rating with four All-Columbian Honors, the highest award a high school publication can receive from the Columbia Press Association. The North Star received the honor in October.

Mrs. Angie Panos is North Star faculty adviser, and Rhonda Rabin, now a Northwestern University journalism student, was editor-in-chief. Staff members included Maureen Greenwood, Sheryl Cohen, Brad Dorfman, Robert Kalish, Robin Bailen, Rod Mazure, Jay Footlik, Kim Yamanaka, Kiki Kyriakopoulos, Mark Rosenbaum, Gerry Manacsa, Larry Weiskirch, Madhavi Rathod, Mike Kaplan, Robert Honig, Michael Lisberg, Larry Schoenbrod, Sharone Parnes, Reed
