Mondale, Hart split Maine Township vote

Maine Township Democratic voters divided almost equally their vote for presidential candidates Walter Mondale and Gary Hart in Tuesday's primary election.

While voters statewide gave Mondale a 41% to 36% victory over Hart with Jesse Jackson receiving about 22% of the vote, the reporting 139 precincts of the

total 152 precincts in Maine Township split the vote among the top two contenders: Maine Township Democratic committeeman Nick Blase attributed the strong Hart showing to a crossover of Republican voters plus the large Independent vote in the township.

Unofficial returns gave Mondale 82% of the vote.

Kustra swamps Nimrod with 82% of vote

Incumbent State Senator Bob Kustra won over 80 per cent of the vote in the Tuesday primary to assure he will again be the Republican candidate in the Illinois 28th Senate District.

Unofficial figures on Wednesday morning showed Kustra collecting 82 per cent of the vote with 8,730 votes.

His opponent, Dotty Inga Nimrod, received 1,872 votes accounting for 18 per cent of the ballots cast.

Nimrod, wife of former State Senator John Nimrod, waged a poorly organized and under-financed campaign against Kustra.

Kustra will face Democrat Sam Amiranite in the November election.

Amiranite, a Park Ridge attorney, ran unopposed for the Democratic nomination.

Tucker to face Jaffe in November

by Bob Besser

Local pharmacist Manny Tucker narrowly won the Republican nomination for the 56th Illinois House candidacy on Tuesday. He will face Democrat Rep. Aaron Jaffe in the November general election.

Jaffe, who has been in the Illinois House since 1970, was unopposed in the Democratic primary election.

Unofficial results on Wednesday showed Tucker with 1,949 votes and his challenger, Wilmette law student Jeffery Shapiro, with 1,710 votes. The breakdown gave Tucker 53% to Shapiro's 47%.

The hard fought campaign had Tucker and Shapiro dividing up official Republican support within the district which boiled over as past animosities between Niles Township Republican Chairman Patricia Handzel, who

From the Left Hand

by Bud Besser

We've always considered a newspaper's Letters To The Editor column a barometer of a newspaper's effectiveness. The content and quality of the letters are significant. And the quantity of letters tells us about the newspaper's readership.

The Bugle runs more local letters and significant letters than any other newspaper in the area. We like to think readers send them because they know they'll get a fair hearing (reading). We also like to think readers know they have a forum by making use of the column.

Through the years the one basic rule we've adhered to is all letters must be signed, along with an address of the writer. If the writer feels anonymity will allow greater freedom of expression we will omit the writer's name from the letter.

Recently, we've taken a second look at this policy. We've held out a few letters this year using an editorial judgement which we believe is required. It is a censorship which bothers us but we feel such a judgment is necessary.

Last week we received two letters criticizing Niles Mayor Blase for using Public Works' people, equipment and supplies for cement construction.

St. John Lutheran Eagles win title

The boys' basketball team, coached by Mr. Al Kahlfeldt, took the title for St. John Lutheran School at the Luther High School North Invitational Tournament held February 26. The Eagles' season began in early December with one loss, after which they went on to win 19 games in a row. The team did not measure its success by the number of wins or losses but rather on how well they played up to their potential. The philosophy was that they considered themselves to be the opponent. The team stressed the basic fundamentals of the game. Their motto was: "Defense wins!"

The 1983-84 Eagles are: Tom Moyer, Dan Wandel, Bob Knapp, Tom McCain, Kevin Dee, Jeremy Lydon (8th graders); Kim Lu, Jerry Kellogg, Guy Alvizu, Dave Makarski (7th graders); Paul Johnson, Gene Boehm (6th graders); Greg Kellogg, Jeff Fetzer (5th graders). The team co-captains were Tom Moyer and Jerry Kellogg. Tom Giannopoulos and Dave Paul were the score keepers and timers. The following players have played together for the last three years: Tom Moyer, Dan Wandel, Jerry Kellogg, Guy

Back row (l-r): Coach, Mr. Al Kahlfeldt, Tom McCain, Jeremy Lydon, Jerry Kellogg, Bob Knapp, Kevin Dee, and Dan Wandel. Front row (l-r): Paul Johnson, Jeff Fetzer, Greg Kellogg, Kim Lu, Tom Moyer, Dave Makarski, Guy Alvizu, and Gene Boehm.

Alvizu, Dave Makarski and Kim Lu. The combined record for the three seasons was 93 wins and 16 losses.

The players put in long hours of practice and made many sacrifices this year. The attitude of the team was super and they learned that all of the hard work paid off and that if something is worth doing, it is necessary to give your best effort.

THE APPEAL OF THE PEARL

In the last five years, the cultured pearl has become the winner of every popularity contest. This has inspired jewelry manufacturers to create fresh, exciting pearl looks that make this gemstone as versatile as the diamond.

Pearls have been enormously popular in eras gone by, but never before have they been used in so many different ways. The classic round white or cream-colored pearl strand is still the mainstay. However, this shares the spotlight with pearls in grey, black, gold and pink.

Irregularly-shaped pearls are quite popular now. These are less expensive than perfectly round ones but can be very beautiful. Mabe pearls (half-pearls) are being extensively used in pendants and earrings.

The classic round pearl is a saltwater phenomenon. Pearls that are formed in freshwater are very different in appearance. They are small, resemble puffed rice and often have unusually beautiful colors.

One of the most exciting new looks is a twist of freshwater pearls, either alone or combined with gold, amethyst, lapis lazuli, malachite, garnet, or other colored stone beads. Owning a collection of different pearl and bead strands allows a wide range of mix-and-match possibilities.

As American Gem Society jewelers, we keep up with latest styles and innovations. We're always looking for new ways to bring you beauty, quality and value.

Employment opportunities for seniors

If you are seeking employment or looking for the "right" person to employ, The Center of Concern can fill both needs.

Mrs. "Smith" had excellent skills and a college degree as well. Her background was in the insurance field and she had almost thirty years of experience. Her last position was eliminated where she had worked for fifteen years and she was having a difficult time reestablishing herself. She came in and filled out an application at The Center where they did extensive job development for her. The final result was an interview with a well-known Insurance Company in the area.

Mr. "K" was a widower and had a lot of spare time on his hands. He needed a large income but was wanting something extra spending money. More than anything, he wanted to occupy some of his time. He too came in and filled out an application at The Center where they matched him up with a part-time driving job making deliveries for a local company. He is quite pleased with his new job and even more so with the people with whom he works.

The Center has openings in the clerical field as well as the home service field and would like to fill these positions as soon as possible.

The Center of Concern, Suite 4, 1580 N. Northwest Hwy., Park Ridge, wants to serve you and your specific needs. If you are not working or are retired and wish to be employed, we can be of assistance to you.

If you are interested in filling out an application or listing a job opening with us, please call Joy Nance at 823-0453.

OCC/teachers reach accord on wage contract

by Anthony DeBartolo

Two resolutions, long sought after by Oakton Community College's full-time faculty and staff, were passed by the board of trustees Tuesday night.

After lengthy negotiations, OCC and the OCC Faculty Association have agreed to a collective bargaining contract through the 1986 academic year.

Included is a faculty fee schedule that is based upon academic credentials and length of service. The resolution passed by a 6 to 1 vote, with Trustee Cecile Vye absent, and Trustee Ken Latos dissenting.

Citing recent national studies on education which strongly support merit pay for teachers, Latos renounced the resolution saying, "A teacher who does a poor job, is as rewarded as one that does a good job."

Occupancy verification necessary for Homeowner's Exemption

Robert P. Hanrahan, Assessor of Niles Township would like to advise residents that verification of occupancy is again required this year in order to be eligible for the Homeowner's Exemption in Cook County and throughout the State of Illinois.

The Homeowner's Exemption can mean a savings of as much as \$340 in property taxes for owners of single family homes, condominiums, cooperatives and apartment buildings of six units or less. This exemption protects homeowners by eliminating from taxation any increase up to \$3,500 in equalized assessed valuation since 1977.

If you do not receive a property owner's verification card from the Cook County Assessor's Office by March 31, please contact the Niles Township Assessor's Office.

Senior Citizens already qualified to receive the 1983 Homeowner's Exemption will automatically receive the 1983 Homeowner's Exemption. Therefore they were not mailed verification cards and do not have to apply for it.

For further information, please contact The Niles Township Assessor's Office at 5255 Main St., Skokie or call 673-9300 or contact the Cook County Assessor's Office.

A State grant of \$250,000 toward library construction is being received by the Niles Library District following the successful outcome of an appeal to the State Library Advisory Committee, Tuesday, March 13.

A report on outcome of the appeal was given at a regular library board meeting March 14 in the main library, 6960 Oakton, Niles.

Also in Springfield, a second appeal was denied toward an application for \$450,000 to a federally funded library construction grant.

According to the report, members of a committee hearing the appeals decided at that time, that one library cannot be eligible to receive money from both grants.

District board members agreed to let matters stand.

In other action, board members approved leasing space for a branch library in Ballard school, 8220 Ballard rd., Niles. A three-year lease beginning November 1, 1983 will be for rental of 9,062 square feet at a first year cost of \$37,113.20.

Also, 12 employees recommended for merit increases in salary will receive a 6.8 percent annual increase retroactive to July 1 or time employed by library if later than July 1.

Again, revisions were added to a standard contract with the architect employed for the library addition. A construction manager also will be hired for about eight hours a week with hours distributed over "anticipated construction activity". During discussion a board member expressed the wish an addition will prove to be more functionally durable than the structure now existing. Another trustee said technical documents such as the contract should be submitted to board members for review some time before the day of the meeting.

A hearing by the Library Board of Trustees found in favor of a temporarily suspended employee now being installed to his former position.

Expenses will be paid for a library trustee to attend a legislative seminar sponsored by the American Library Assn. in Washington, D.C.

Extended Coverage

By Eileen Benner C.I.C.

A national campaign against drunk driving is being waged by government bodies, insurance companies, and society itself.

Alcohol is a major ingredient in about half of U.S. car accidents each year, says the National Safety Council—and a primary cause in a significant number of fatal accidents. The dollar cost is upwards of \$24 BILLION a year.

A DWI (driving while intoxicated) conviction can cost you your right to drive a car for a period of time; it can even send you to jail.

Such a conviction can cost you big money in insurance coverage—if you can maintain coverage. Most insurance companies do not want drunk drivers; as an assigned risk with a DWI conviction, you may pay as much as \$50 EXTRA a year.

Luther League raises funds for refugees

On the week-end of March 24-25, the Luther Leaguers of Edison Park Lutheran Church will find out if they can survive twenty-four hours in a refugee camp. At 6:30 p.m. Friday, the church will turn into a refugee camp, with basic conditions, even primitive, leaving behind all the comforts of full stomachs and warm homes. The Leaguers will be trying to learn what life is like for the millions of people who must live in refugee camps for reasons of politics, war, hunger or disease. Food will be sparse and perhaps even the quantity will be unfair. In camps, it is sometimes first-come, first-serve. Video tapes and games will depict actual conditions of actual camps. These are provided by World Concern, a Seattle based inter-denominational Christian Group.

The Leaguers will also be trying to raise money by this "live-a-thon". They will ask sponsors to support them for every hour they endure the camp. Half of the funds raised will be sent to World Concern, one quarter will be given to The American Lutheran Church Hunger Appeal. And, one quarter will be used to defray the cost of the Luther League's summer trip, a bike/raft trip at Phantom Ranch, Mukwago, Wisconsin.
