Former Morton Grover Bart Connor wins the Gold

Former Morton Grove resident Bart Connor is a member of the United States gymnastics team which won its first gold medal in 80 years Tuesday.

Connor, now a resident of Norman, Oklahoma, is a veteran of three Olympic teams.

As of Wednesday, Connor was tied for third place in the all-

round standings which will be decided tonight (Thursday). No American has won a medal in the Olympic gymnast all-around event. Connor is tied for third place with Li Ning of the People's Republic of China.

Connor went to high school at Niles West where he was a state champion. In his last year of high

school he was a participant at the Pan Am games in Mexico.

After graduation from Niles West, Connor received a scholarship to the University of Oklahoma where he became a NCAA champion.

In 1975, and subsequent years, Morton Grove resident Earl

Mulcahy's fire under investigation

Niles Police and Fire officials began conducting an arson investigation following a fire, described by officials as the worst in memory, which destroyed Mulcahy's restaurant, 7740 Milwaukee Ave., early Monday morning.

Niles Police Chief of Detectives Ray Giovannelli and Niles Fire Department Duty Chief Gordon Michalsen said on Tuesday the arson investigation will include taking debris from the fire to be tested for traces of gasoline,

kerosene or other accelerants. The arson investigation includes a detailed background check on the restaurant owner, Nick Kouzakes of Niles, according to Giovannelli.

Additionally, Niles will receive assistance in the investigation from the Morton Grove and Glenview Fire Departments as well as state investigative agencies.

A patrolling Niles police officer spotted the fire and called it in to

Arnold Kapp, former District 63 school board member during the mid-sixties, died this past week. Arnie was a charter member of The Bugle's "Ballard Street Irregulars", a ragtag group of residents whose name was roughly borrowed from Sherlock Holmes "Baker Street Regulars". During those halcyon days new programs and new schools were being added to the district yearly and the motley group was present at the Ballard school week after week when the district expanded so quickly. After hours of interminable queuing, board members and the "Irregulars" would spill out to the local coffee house and argue into the sunrise hours over school policy.

At Monday's funeral service the Rabbi expressed a beautiful thought worth remembering. Noting one is always with us as long as one is remembered, the Rabbi added: "God gave us memories so we can have roses in December".

No tax rate increase for Oakton College District 535

The projected 1984-85 budget for Oakton Community College will be slightly lower than the 1983-84 budget despite salary and other cost increases. In addition, the College's tax rate is expected to remain .211 cents per \$100 assessed valuation. This rate was decreased in the last tax bill from .213. Also, as has been the case in the past 14 years of the College's history, the budget will be balanced.

These are three of the highlights from a financial budget presentation made recently by David Hilquist, OCC vice president for business and finance.

The expected 1984-85 decrease of \$13,000, down from the 1983-84 budget of \$17,800,000, will result from cutting supplies, equipment

Ladies Choice

Once again those ever-popular "Ladies Choice" trips are back at the Niles Park District. Our first trip of the season will be to the beautiful International Friendship Gardens in Michigan City, Indiana. International Friendship Gardens sport a myriad of national gardening styles along with scenic walkways filled with delightful flora and fauna; making it one of the most beautiful areas in the entire Midwestern region. This trip takes place on Wednesday, Sept. 12. We depart at 8:15 a.m. and return at 3:45 p.m. The cost is \$11.

Don't forget, the Arlington Park trip is on Tuesday, September 25! Registration for these trips begins on Monday, Aug. 13 at the Recreation Center office.

Free blood pressure screening

Aileen Copeland of Des Plaines was among the more than 500 area residents who took advantage of free blood pressure screenings offered by Holy Family Hospital, 100 N. River rd. in Des Plaines, during May. "National High Blood Pressure Month." Cynthia Johnston, RN, of Holy Family's Outpatient Department, said, "Contrary to popular belief, most people with high blood pressure don't feel sick or have symptoms that would alert them to the fact that their blood pressure is high. When high blood pressure (also called hypertension) is left undiagnosed and untreated," Johnston added, "it could lead to a heart attack, stroke or kidney disease." Holy Family Hospital offers free blood pressure screenings every Wednesday from 1:30-3:30 p.m. Holy Family Ambulatory Care Center, at 201 E. Strong ave. in Wheeling, and Holy Family Health Center, 2380 Dempster st. in Des Plaines also offer free screenings every Wednesday, from 1-3 p.m. For more information, call 297-1800, ext. 1020.

Laryngectomy club at Swedish Covenant

The New Voice Club, a new educational and support group for laryngectomy patients, will hold its first meeting on Thursday, July 26, from 11 a.m. to 12 noon, at Swedish Covenant Hospital, 5145 N. California. The agenda for the meeting includes a guest speaker and a therapy session, as well as, time to socialize. The club has been established through the efforts of two laryngectomy patients, Mrs. Sara Rosenbloom of Deerfield and Harold "Buzz" Pittelkau of the Forest/Cicero area, and Sheila Derman of Glenview, speech and language pathologist at the hospital. For more information contact Ms. Derman at Swedish Covenant Hospital, 878-8200, Ext. 5305.

Senior Nutrition Site Anniversary

On Wednesday, August 15, the CEDA Nutrition Site, located within the Life Fulfillment Center, at 9375 Church st. (corner of Church and Potter sts.) in Des Plaines, will be celebrating its 3rd Anniversary.

Fun and festivities are planned for the day, including a special menu, a door prize, prize drawings, and entertainment featuring a barber shop quartet which goes by the name of The Sounds of Senility. A large group of program participants is expected to attend the event.

The CEDA Senior Nutrition Site opened its doors for the first time three years ago, on August 17, 1981. Many of the original participants are still attending on a regular basis, and the program continues to attract new seniors as well.

The CEDA Senior Nutrition Site offers hot, tasty lunches which are served in a pleasant and attractive group setting. The program is open to all seniors who are 60 years of age or over. Lunch is served promptly at noon, Monday through Friday. Doors open at 9 a.m. for morning coffee and toast. Social and educational activities are offered on an ongoing basis. Donations are recommended. For further information, please call 696-8261 or 696-7763.

Discussion on use of medications

"Wise Use of Medications" will be discussed by a knowledgeable pharmacist from 7:30 to 8:30 p.m., Wednesday, August 1, at Holy Family Hospital, 100 N. River rd. in Des Plaines.

This special program will offer practical tips on how to safely take medications, possible harmful side effects and prescription medications, questions to ask your physician, and more.

Registration for this free program is limited; contact the Public Relations Department at 297-1800, ext. 1174.

Skokie police address Niles West students

"We're not picking on you, you're drawing our attention," Skokie police officer George Martinez told a group of would-be drivers in a recent summer driver education class at Niles West High School. The reason why drivers are stopped by the police was only one of the topics discussed during the class by Martinez and Sgt. Bob Mason.

Types of offenses, the responsibility of having a driver's license, and the use of the Breathalyzer testing device were among others.

Driving under the influence of drugs and alcohol (DUI) received the most attention, with the officers explaining what happens when a driver is stopped for suspected DUI, and demonstrating the device itself. In Illinois, refusal to submit to the Breathalyzer test carries an automatic

Community education program on youth substance dependence

"Examine your stereotypes and attitudes about people who abuse and are dependent upon alcohol and drugs." This was the message of Dr. Vann Arthur Smith, Ph.D., C.A.C., at a recent meeting on adolescent alcohol and drug dependence at Maine-Stay Youth Services, Park Ridge.

More than 25 people listened as Dr. Smith explained that substance dependence is a physical problem of which behavior is a symptom. "Alcoholism is a disease, not something a person can just simply decide to get over. We should not make moral judgements about people who abuse alcohol and drugs anymore than we make moral judgements about people with cancer or diabetes," stated Dr. Smith, a clinical neuropsychologist specializing in working with adolescents and the treatment of addictive disorders.

Citizens group fights charges for utility users

CUB calls for end to 'phantom taxes'

The Illinois Citizens Utility Board today called for an end to "phantom tax" overcharges on residential utility bills in Illinois, and urged citizen support for a Congressional measure to put a stop to such charges nationwide.

"Phantom taxes" are charges levied on utility customers for federal income taxes the utility will never pay. A loophole in the Internal Revenue Code allows the companies to charge consumers as if the utilities were paying the full 46% corporate income tax-while racking up savings due to tax credits, accelerated depreciation, and other accounting techniques. The savings are not passed on to consumers.

In endorsing HR 4923, "The Phantom Tax Reform Act," CUB joins a national coalition of senior citizen, environmental, consumer, and taxpayers' groups in calling for an end to such charges. The bill is sponsored by Iowa Congressman Tom Harkin, and co-sponsored by four Illinois lawmakers: Lane Evans (D-17, Rock Island); Charles Hayes (D-1, Chicago); Gus Savage (D-2, Chicago); and Paul Simon (D-22, Chicago). The bill would allow the Illinois Commerce Commission and other states' utility regulatory agencies to ban phantom taxes.

"Illinois utility companies seem to have an insatiable appetite for our money," said Sue Stewart, CUB Administrative Director and Coordinator of CUB's Phantom Tax Campaign. "Phantom taxes are the most outrageous way of collecting it. The utilities simply aren't playing it straight with consumers when they claim that the money will eventually be paid to the federal government."

Citing figures prepared by the Washington-based Environmental Action Foundation, Stewart said that Illinois electric utilities are among the worst offenders when it came to phantom taxes. She reserved her strongest criticism for Chicago-based Commonwealth Edison, whom she branded "the granddaddy of phantom taxes."

"From the time figures first became available on phantom taxes—in the 1950's—through the end of 1982, Edison charged its customers almost \$1.6 billion. And, by the end of 1984, it is expected to levy an additional \$300 million in phantom taxes on its ratepayers," she said.

Environmental Action Foundation figures show that six other large electric utilities in Illinois collected some \$1.5 billion in phantom taxes. They are: Central Illinois Light Company, \$185.5 million; Central Illinois Public Service, \$250.2 million; Illinois Power, \$391.5 million; Interstate Power, \$35.4 million; Iowa-Illinois Gas and Electric, \$147.2 million; and Union Electric, \$449 million.

Stewart urged Illinois consumers to write to the Chairman of the House Ways and Means Committee, Illinois Rep. Dan Rostenkowski (D-8, Chicago) and

Gottlieb offers help for hearing-impaired

Gottlieb Memorial Hospital has launched a new round-the-clock service for hearing-impaired people that will bring them quick help in a home emergency, and ease in communicating with others should they be hospitalized.

The device that makes the service possible is a teletypewriter (or TTY), a small portable typewriter with a cradle attachment into which a telephone receiver is placed. A message that is typed on one TTY travels through phone lines and appears instantly on the display screen of a second TTY.

The Emergency Room at Gottlieb now has a TTY of its own with a special direct dial phone number: 450-4946. In an emergency, a hearing-impaired person can now dial that number

and communicate (by typewriter) with trained medical personnel who can instruct them. If the problem is non-medical, such as a fire or crime in progress, the Emergency Room staff will contact the appropriate police or fire department for the caller.

In addition to the Emergency Room service, TTY's will be available free of charge for hearing-impaired patients at the hospital. This will make it possible for them to contact their families and friends without having to have nurses call and relay messages.

To get information on obtaining a TTY, contact the Chicago Hearing Society at 332-6850 or write them at 6 E. Monroe st., Chicago, IL 60603.

"Stop Smoking Clinic" at Lutheran General Hospital

A six-session "Stop Smoking Clinic," designed to help smokers kick the habit will begin on Monday, Aug. 20, and continue on Wednesday, Aug. 22; Monday, Aug. 27; Wednesday, Aug. 29; Wednesday, Sept. 5; and Wednesday, Sept. 12. The first two sessions will be held from 7:30 to 9:30 p.m. and the last four sessions will be held from 7:30 to 9 p.m.

Sponsored by Lutheran General's Department of Respiratory Therapy, in conjunction with the Chicago Lung Association, the clinic offers participants a step-by-step reduction plan to quit smoking.

During each session, different techniques based on psychological principles and methods are introduced. While the techniques are varied, they share the common purpose of helping the individual gain control over his behavior, and make quitting smoking a less painful experience.

The clinic is open to persons of all ages. Because class size is limited, persons are asked to pre-register. For registration and fee information, phone Lutheran General's Respiratory Therapy Department at 696-5090. The clinic will be held throughout the year.

Gemini student wins Spanish contest

Mara Havis won first place in the Chicago area Level I division of the 1984 National Spanish contest sponsored by the American Association of Teachers of Spanish and Portuguese. She is an 8th grade student at Gemini Junior High School, 8955 N. Greenwood, Niles-East Maine School District 63.

Shown above (l-r): Ms. Shirley Drasites, Mara Havis, Ms. Rosanne Plotkin. Drasites and Plotkin are Spanish teachers at Gemini.

Fall openings for children in kindergarten

Fall openings are available for children who will be age five by December 1, 1984, in Parkside Human Services' full-day kindergarten, located in the Shelley Nathanson School in Des Plaines, on the corner of Church st. and Potter rd. The kindergarten, part of P.H.S.' Children's Day Care Centers, is open from 6:30 a.m. to 6 p.m., Monday through Friday, to accommodate the hours of working parents. Most of the educational programming occurs between 9 a.m. and 3:30 p.m. The kindergarten calendar runs from September 10, 1984 to June 14, 1985.

P.H.S.' kindergarten emphasizes a curriculum that prepares children for first grade, both socially and intellectually. Children learn basic skills in math, reading, language arts, as well as science, social studies, and health and safety. In addition, children receive instruction in swimming and gymnastics.

All kindergarten faculty are state-certified elementary school teachers. A small student-teacher ratio ensures that children will receive individual attention and allows for a more personalized daily curriculum. Parent-teacher conferences are scheduled at least twice during the year to keep parents informed of their child's progress. Parents are also welcome to visit classrooms, observe activities and speak with teachers at all times throughout the school day.

Parents are invited to tour P.H.S.' kindergarten and to speak with the faculty prior to registration. There are no geographical restrictions and the center is open to the public. For registration and fee information, call P.H.S.' Children's Day Care Center in Des Plaines at 790-7900. Parkside Human Services is a member of the Lutheran General Health Care System.

DECA competition winner

Beth Levy, a Niles North High School senior, has returned from the Distributive Education Clubs of America's (DECA) National Career Development Conference with a first place award. The recent competition, held in Kansas City, included 7,000 students from DECA organizations throughout the country.

A part-time employee of the Athlete's Foot in Old Orchard, Beth will attend the University of Wisconsin this fall.

Student awarded Rensselaer Medal

Rensselaer Polytechnic Institute awards the Rensselaer Medal annually to high school students for outstanding achievements in the study of mathematics and science during their junior year.

From the local area is Steven M. Archer of 5724 Reba st., Morton Grove, son of Mr. and Mrs. Robert L. Archer, Notre Dame High School.

OCC hosts Gifted Program for Teachers

Niles West High School Graduate Elisa Leiberis, Lincolnwood, works with students in the Northwest Gifted Summer Institute Students Program at Springman Junior High School in Glenview. Ms. Leiberis, a teacher's aide who is studying economics at Stanford University is a former student of the gifted program for high school students where she earned college credit from Oakton Community College during her junior year of high school.

One hundred forty-one teachers have taken the role of student for the summer at Oakton Community College in the Northwest Gifted Summer Institute Teacher Program.

Teachers from throughout the Chicago metropolitan area are gathered at OCC/Des Plaines for the program which is designed to provide teachers and administrators of gifted students experience in appropriate teaching strategies used in gifted programming for students in kindergarten through high school. The program offers graduate credit through the National College of Education in Evanston.

"We're very pleased to be able to do this," said Tom Zimanyi, dean of OCC Learning Cluster V. "In the future, we hope to be able to expand the graduate offerings that people can take in this area at Oakton through National."

Training in the teacher program emphasizes math, science, and computer science; the characteristics and needs of gifted students; program development and contemporary issues of gifted education. Participants also will have the opportunity to observe master teachers working with gifted students in the Northwest Gifted Summer Institute Student Program at Springman Junior High School, Glenview.

The student program, directed by the Region VIII Area Service Center for Gifted, offers classes

in math, science, language arts and French to 100 gifted students in grades one through eight. Students were selected for the program based on high achievement test scores, principal or teacher recommendation and/or high scholastic aptitude Test (SAT) scores from the Region VIII Talent Search conducted earlier this year.

The summer program for students is an extension of the projects related to gifted education that Oakton has been involved in for the past four years.

In 1979, two Talent Search fast-paced math classes were offered to seventh and eighth grade students who scored at least 470 in math with a combined math/verbal score of 800 on the SAT. By 1983, four courses were offered as a result of the demand, and two other were added for students scoring 420 in math and 750 total math and verbal. They were identified as the "A" and "B" groups.

Students in the "A" group cover high school Algebra I and II at the Advanced Placement level in 32 weeks as seventh graders. Their eighth grade material covers AP high school geometry and Introduction to Trigonometry. As sophomores, these students take AP Calculus I and II. In their junior year of high school, they take Oakton's college level courses in Linear Algebra and Differential Equations, for six credit hours.

The "B" group in 32 weeks covers high school AP Algebra I in the seventh grade and AP Algebra II in the eighth grade. These students enter high school in Geometry and at the end of their junior year, after Calculus I and II, can take college credit courses. During the 1983-84 school year, there were 35 students in the "A" group and 33 in the "B" group.

During the summer of 1982, OCC initiated an experimental expository writing class patterned after the Johns Hopkins writing program. Twenty-six students took part at Oakton, College of DuPage and Stevenson High School in Lake County. Of these 26 students, 13 continued their writing experiences during the regular school year at the McGraw Edison computer center in Arlington Heights during eight weekend seminars.

Social Security for public employees

Today, over two-thirds of all State and local government employees are covered under Social Security. They are covered through State agreements with the Federal Government.

Many not now covered have asked how good of an investment Social Security is, particularly after 1983 changes in the law designed to strengthen the program. One provision allows members of groups whose coverage was previously terminated to regain coverage if they wish.

Some employees do not realize that Social Security is much more than a retirement plan. It actually provides four kinds of insurance in a comprehensive package that is not available elsewhere for similar cost:

-Retirement Insurance: Benefits are payable to workers 62 or older and to eligible dependents.
-Disability Insurance: Monthly payments are made to workers (and dependents) who can't work for at least a year due to severe disability.

-Survivors Insurance: Social Security pays benefits to a wide range of survivors, and total payments over the years can be substantial.

-Health Insurance: Medicare helps pay costly medical bills when a person is 65 or has been getting disability checks for at least 2 years.

Since most jobs today are under Social Security, this protection moves with you. No matter how often you change jobs, all work credits earned count toward future benefits.

If you're not under Social Security now but have enough credits from other jobs to get retirement checks later, you may not see much value in obtaining future coverage. But keep these points in mind:

-The actual amount of benefits depends on your average covered earnings over the years. Gaps in coverage can reduce this average and, in turn, the benefits.
-Some recent work credits are needed for disability checks to be

paid. Years of noncoverage can eliminate this protection.

-Social Security payments as a worker or dependent can be reduced if your State or local government job is not covered.

You can find out more about provisions of the law that may adversely affect you if your job isn't covered by Social Security by asking at any Social Security office for the leaflet, Social Security - For State and Local Government Employees.

Also contact Social Security if you want to learn more about what the program has to offer you and your family. A speaker will be glad to talk with you and fellow employees about Social Security and answer any questions you have.

Should employees desire coverage, discuss the matter with your employer. Your employer would then contact the State Social Security Administrator who is generally located in Springfield.

"Race Against MS"

From grandstand seating to champagne brunch in the Post and Paddock Club, there's a place for all levels of support for the fourth annual "Race Against MS" Sunday, August 5 at Arlington Park.

Harper College offers Amish trip

Harper College is sponsoring an all-day tour of the 80 acre farm and buildings of Amish Acres located in historic Nappanee, Indiana on Saturday, Aug. 25, from 7:30 a.m. to 7:30 p.m. Participants will meet at 7:30 a.m. in the Building A Lobby at the College, Algonquin and Roselle rds., Palatine.

Former Cub Jose Cardenal, a member of the sports committee for the Chicago-Northern Illinois Chapter, National Multiple Sclerosis Society, will be a guest at the brunch which will be hosted by sportscaster Jack Brickhouse.

Lunch will be served in the Victual Room, where participants will enjoy a typical Amish family-style lunch of thick bean soup served from iron kettles and platters of cider-baked ham and freshly carved turkey with sage stuffing. Time will be left for browsing before departure.

Also attending the brunch will be jockeys Gerland Gallitano and Stanley Spencer, honorary co-chairmen of the race.

An additional feature of the brunch is a live auction. Listed as special auction items by Linda (Mrs. B.E.) Bensinger, MS Society race chairman, are a 1963 Mercedes Benz 190SL silver gray sports coupe with convertible top; round trip airfare for two provided by Eastern Airlines to Buenos Aires including a week's stay at the Sheraton Hotel; and a two-week vacation at President Herbert Hoover's favorite fishing lodge at Camp Rapidan in the Blue Ridge Mountains of Virginia.

A choice auction item will be the original painting by equine artist Virginia Neary of jockey Willie Shoemaker aboard John Henry, the first horse to win the Budweiser "Arlington Million."

Ms. Neary, who currently is making her home in Chicago, was named 1982 winner of the National Multiple Sclerosis Society's MS Patient Achievement Award. Neary, an owner and trainer of thoroughbred race horses, has been paralyzed four times with multiple sclerosis, a disease of the central nervous system, since her first attack at the age of 27. Despite this, she has devoted her time for several years to support for the MS Society's "Race Against MS" program.

LGH scholarship winner

The Service League of Lutheran General Hospital, Park Ridge, recently presented ten \$1,000 health career scholarships to area high school graduates.

Pictured is Maine Township recipient Lisa Ann Kinnear, Des Plaines, a graduate of Maine West High School, who will attend the University of Illinois at Chicago Circle. Not pictured is Bonnie Leshuk, Park Ridge, a graduate of Maine South High School, who will attend the University of Illinois at Champaign-Urbana.

Centel begins distribution of new directories

Customers of Central Telephone Company of Illinois in the Des Plaines, Park Ridge, Niles and adjacent service areas will be receiving new Centel directories over the next few weeks. Centel will distribute the new directories beginning July 27. One directory will be delivered to each household. Customers who wish to receive an additional book may pick one up at the Centel business office at 2004 Miner st., or at Centel's Communication Center at 767 Pearson st., Des Plaines.

The cover design of this year's directory portrays that Central Telephone Company has "taken off" into the Information Age. State-of-the-art technology and Centel's engineering expertise are not only upgrading local service now, they're providing the launch pad for the innovative network of the future.

The directory cover was designed by the Martin-Daylor advertising agency, formerly located in Des Plaines and recently relocated to Schaumburg. In Des Plaines, the directory will feature a gold sequin centennial seal on the cover commemorating Des Plaines' 150th anniversary year, 1985.

Inside the front directory cover, space is reserved to record local emergency phone numbers. The rear directory cover provides details about convenient custom calling features, such as call waiting, call forwarding, and speed calling.

The Des Plaines/Park Ridge directory is among a total of 2.2 million telephone books produced for Centel by R.R. Donnelley, Chicago, and GTE Directory Company, Des Plaines. This year's cover design will appear on more than 70 different books for Centel-served communities in 10 states.

NILES POLICE BLOTTER

Apartment break-in

An apartment located in the 8200 block of Dempster st. was burglarized some time between July 21 and 27.

Police said the burglar gained access to the apartment by prying open a rear door. Once inside the apartment the bedroom and living room were ransacked.

Taken from the apartment were a television, radio, video tape recorder, telephone and jewelry.

The total value of the stolen items was listed as exceeding \$10,000.

Drunk driver arrested

A 23-year-old Northbrook man was arrested for drunk driving in Niles on Wednesday, July 25.

Police first observed the man driving north in the 7800 block of Caldwell ave. As police watched, the Northbrook car repeatedly drove up onto the median strip and later went through a red light at Oakton St.

After stopping the vehicle north of Oakton St. police said they could smell alcohol on the driver's breath.

At the Niles Police Department the man was charged with driving under the influence of alcohol, improper lane usage and driving through a red light.

He was assigned a September court date and released after posting bond.

Extinguish car fire

A Norridge resident had his auto catch fire while driving through Niles on Thursday, July 26.

The car, a 1979 Ford Thunderbird, was heading east on Oakton St. when it caught fire under the hood while stopped at a traffic light at Caldwell Ave.

A passing Cook county Forest Preserve radioed the Niles Fire Department who rushed to the scene.

After the fire was put out the car was towed to a local service station.

The Norridge owner told police he had the car tuned up the day before the fire.

Car stolen

A Chicago resident had his auto stolen while parked in Niles on Wednesday, July 25.

The car, a 1976 Lincoln Continental, was parked at Jewel Foods, 7900 Milwaukee ave. Some time between 7 p.m. and 7:20 p.m. unknown persons broke into and drove off with the locked car.

The value of the car was placed at \$4,500.

Minors arrested for drinking

Four minors and a bartender were arrested after police discovered underage drinking at a local tavern on Wednesday, July 25.

Police were notified about possible underage drinking at Doc Weeds, 8832 Dempster st. at 12:29 a.m.

Arriving on the scene police found four 19-year-old women drinking at the bar.

The women, all Skokie residents, were taken to the Niles Police Department along with the bartender.

The bartender was issued a citation charging him with selling liquor to a minor. The women were issued citations charging them with underage drinking.

All five people were ordered to appear at a September court date to answer the charges.

Shoplifter arrested

A 20-year-old Wilmette man was arrested for shoplifting in Niles on Friday, July 27.

The Wilmette man was reportedly shopping at Sportmart, 7233 Dempster st., when he was seen by security guards switching the price tag on a nylon utility bag from \$40 to \$1.67.

After paying a cashier the lesser amount the Wilmette man was detained.

At the Niles Police Department he was charged with shoplifting, assigned a September court date and released after posting a \$100 bond.

Home window broken

A Niles home was vandalized during the night of Thursday, July 26.

Police report that a resident of the 7800 block of Norridge ave. was sitting in his front room when a vandal threw a rock through his 18 inch by 18 inch window.

The replacement cost of the window was placed at \$40.

Chain saw stolen

A local rental store reported a \$250 loss to thieves during the night of Saturday, July 28.

Officials of U-Haul, 7644 Milwaukee ave., told police that some time during the night a thief made off with a power chain saw which had inadvertently been left outside.

The replacement value of the saw was listed as \$250.

Summer Safety Hints

by Secretary of State Jim Edgar

During the hot summer months, dry soil conditions in the rural areas of Illinois combined with high winds can produce dust storms that reduce visibility on the highway and cause motor vehicle accidents.

Knowing the proper precautions to take when dust from farm fields blows over the road and obstructs your vision may prevent an accident.

When a dust storm occurs, turn on your low beam headlights and reduce speed. Do not drive with parking lights only.

If visibility is seriously limited, pull off the road as far as possible and stop. Activate your emergency four-way flashers to alert other motorists of your presence. Then stay in your car until the storm subsides.

Warning flashers indicate that a vehicle is stopped, so never activate your flashers while your vehicle is moving or an accident could result.

When dangerous conditions exist during heavy dust storms, some roads and highways are closed to vehicles. Avoid driving under these conditions if possible.

Farmers leaving stubble and residue on the ground to alleviate the dust problem and motorists driving defensively when visibility is poor are cooperating to prevent accidents and improve traffic safety.

A copy of the Rules of the Road will be sent to you upon request. Write to Jim Edgar, Secretary of State, Springfield, IL 62766.)

Fiscal Year '84 accident statistics

The Illinois State Police District 15 reported a decrease in the D.U.I. related accidents and a decrease in the severity of personal injury accidents while the total number of accidents increased on the tollroads from Fiscal Year 1983 to Fiscal Year 1984.

Captain Hugh S. McGinley, Commander of District 15, commented, "Three objectives of our Policing for Results Program for FY 84 dealt with accidents. Our first goal was to reduce the number of alcohol related accidents from FY 83 to FY 84 by one percent. The positive results from our D.U.I. enforcement efforts were reflected by a reduction of 2.2% in alcohol related accidents. The second goal was to reduce the number of accidents by 2% over the same period. Instead, accidents rose by 17.3%, however due mainly to the construction projects, deer accidents and toll plaza accidents. The third goal was to reduce the severity of accidents by 2% over FY 84 from FY 83. This goal was surpassed as the severity rate was reduced by 3.2%.

Included in the severity rate is the number of fatalities during FY 84. That number increased by two in FY 84 over FY 83. Of the eighteen highway deaths, three pedestrians were struck by vehicles.

"Our efforts to reduce the highway deaths and the serious injury accidents will continue in FY 85," stated McGinley. "District 15 troopers are dedicated and will continue doing their best to make the tollroads safer for everyone."

Learn to recognize the signs of a drunk driver. Driving is a complex skill requiring motorists to be in control of all their faculties at all times. Drivers under the influence of alcohol and drugs risk losing control of their vehicles, endangering their lives and the lives of others.

Alcohol impairs vision, distorts depth perception, deteriorates coordination, makes emotions and moods unpredictable, affects the thought process and causes poor judgment. Drunk drivers are seldom aware of their physical and mental limitations. However, their driving gives them away. Weaving and swerving, making wide turns, straddling the center of a lane marker, almost striking an object or another vehicle, driving off the road, driving too slowly, stopping without cause, and following too closely are signs of a drunk driver.

Learn to recognize the signs of a drunk driver. You may save lives by taking the time to report a suspected drunk driver to the nearest state or local law enforcement agency.

If you have a C.B. radio, use Channel 9 to report a suspected drunk driver. If you do not have a C.B., look for the nearest telephone and ask the operator for assistance. When you contact the police, give them 1) your location and the location of the suspected drunk driver, his direction of travel and the make and color of the vehicle and the license plate number.

Together, we can work to fight drunk drivers and save lives.

Parent/Adolescent Concerns

by Larry F. Reetzky & Dr. James Clark

"Kids have no respect anymore" - "I demand respect", "I don't respect my kids". These complaints and many others are spoken daily by frustrated parents. Many parents share the feeling that their children don't respect them and many more know they don't respect their children. Respect is frequently misunderstood by both parents and teenagers. Yet, it is the foundation of a happy marriage and in good teenager-parent relationships. Let's take a closer look at what respect is and how we can encourage it's growth between the parent and the teenager.

First of all, let's identify what respect isn't. It isn't fear. Not that fear is always bad, but that fear should not be confused as respect. We have all heard about "respect for the law", yet respecting the law means to understand the reasons for it-not just recognizing negative consequences (which is, then, fear of the law). Respect is not fearing or avoiding something. It refers to a basic understanding freely chosen. It is a choice-a decision we make. Fear is usually not a choice. Certainly it is not freely chosen as an emotional response to another person. You can create fear, but you must earn respect.

"I demand respect" is an impossible condition to demand because it is not controlled by the person wishing respect, but by the one who will give the respect. In fact, the more it is demanded of a teenager, the less likely it will be given by some teenagers. They feel it must be earned in some manner.

Respect is not blind obedience, either. To obey a command isn't necessarily a sign of respect. A command may be obeyed simply out of fear of a negative consequence if the order or demand isn't obeyed. The major problem with mistaking obedience for respect is that the teenager will obey only if someone will be around to apply the negative consequences. Once that threat is removed and/or no one is around-the teenager may act quite differently. Someone once said "character is the way you act when no one is around". Respect is how a person may act when he or she doesn't face negative consequences. Respect, above all, is voluntary. A person will give you respect, but you can't really demand it.

There are no simple strategies to guarantee that your teenagers will respect you, but there are some ways of encouraging their respect. One, of course, is to be respectable. By that, I mean, living your life with regard to a moral set of rules and recognizing the dignity of others. Our children learn by example first, and are quick to point out the discrepancy in behavior. "Do what I say, not what I do", is no longer acceptable. We-the parents-see the conditions for respect. We first must show respect to others before we can experience respect from them. That includes our children and teenagers. There is no question that they will more likely show us respect if we respect them-even if we respect them first. At this moment, thousands of parents are withholding this gift until their children show it first. And the children, of course, are waiting for the parents to show it first. The kid's game of "you go first" can have a very negative effect when it comes to showing respect.

After you decide to show respect, and then reasonable expect your teenager(s) to return it, you will find your relationship will change for the better. Respect will eliminate distrust, and in turn will further develop your teenager's self-esteem and confidence. It will also reduce the amount of arguments between the parent and teenager.

Next time we'll discuss how to develop a sense of respect for each other and the positive changes it will create in your relationships. Respect and obedience are very important issues for each relationship between husband/wife and parent and child/teenager. When these relationships become sources of confrontation and fights, maybe we can help. The Department of Niles Family Service is available to help you and your children make positive changes in your lives. Feel free to call us at 692-3396 to discuss your concerns.

Miss Illinois Teen U.S.A. contestant

Cassandra Ann-Marie Nelson Blake, daughter of Mr. and Mrs. John Anthony Blake of Niles, has been selected as a Semi-Finalist in the 1985 Miss Illinois Teen U.S.A. Pageant which will take place in the Grand Ballroom of the Chicago Marriott O'Hare Hotel the weekend of August 24-26. The winner will represent Illinois in the 1985 Finals of the televised Miss Teen U.S.A. Pageant to be held next January.

Miss Blake will be judged on the basis of beauty of face and figure, poise, personality, grooming, intelligence and speaking ability. She presently attends Maine East High School.

Miss Blake stands 5' 9" tall, weighs 110 and has brown hair and brown eyes. She lists her ambitions in life to be involved in child care-such as pediatrics or

nursing. She would also like to be involved in modeling, hair and make up design.

MTJC Early Childhood Center

The Early Childhood Center of Maine Township Jewish Congregation, 8800 Ballard, Des Plaines, is accepting applications for registration in a wide variety of programs for Fall, 1984.

Children who will be three by December 1st, can join the two or three morning-a-week class. Preschoolers who will be four by December 1st, can attend the three-afternoon-class, or the more intensified five-afternoon program.

All programs offer a wide range of learning experiences, including art, music, creative dramatics, physical activities, games, stories, and cooking experiences. Guided by professionally trained teachers who have had extensive education in Early Childhood and Judaic subjects, the children become aware of their Jewish heritage in a wholesome environment which stresses socialization and independence.

Also offered in the Fall is the Parent-Toddler Program for children who will be two by December 1st. Once a week, mothers and children come together for exploration of nursery facilities, art media, songs, physical activities and finger plays. Children are also introduced to Jewish Customs and Holidays. Baby sitting for siblings will be available.

For information, brochure, and registration, call Marge Baker, Director, at 297-2006.

Edison Park Lutheran Church

After more than thirty-two years of continuous broadcasting over Radio Station WOPA, Edison Park Lutheran Church, located at 6626 N. Oliphant ave. in Chicago, is now broadcasting their entire Sunday morning service from 10 a.m. to 11 a.m. on Radio Station WEAW, 1330 AM. This is a one-hour delay broadcast of the 9 a.m. worship. The broadcasts are supported by sponsorship and contributions from Church members, friends and listeners.

During the summer, services are held, as usual, at 7:45, 9 and 10:45 a.m. The 7:45 service will be "Come As You Are." There is no Sunday School during August and parents are encouraged to bring their children, as the very special Children's Sermon will still be a part of the services. Adult Bible Classes are held at 8 a.m. and 10 a.m.

Niles Assembly of God

Once again, Niles Assembly of God is reaching out to the little people of Niles and of the surrounding community. An hour of music, Bible stories, puppets, clowns and prizes is planned for August 8, 9 and 10 (Wed. - Fri.), from 6-7 p.m. The Bible Hour will be held on the grounds of the Niles Sports Complex at 8435 Ballard. There is no charge or registration necessary for these 3 evenings of fun. Koko the Clown will be looking for you. For further information call Gloria, 631-1709 or Carol, 794-1148.

The next Home Bible Study is on Friday, Aug. 17 at 7:30 p.m. The study meets at 7731 W. Jerome (1/2 block south of Howard at Overhill).

Niles Assembly of God meets every Sunday in the lower level of the Niles Sports Complex. Morning Worship begins at 10:30 a.m. Prayer Line: 794-1148, Pastor Gray.

MTJC

Tisha B'Av, the Memorial Fast Day commemorating the collective tragedies of Jewish history, will be observed at Maine Township Jewish Congregation Shaare Emet, 8800 Ballard rd., Des Plaines on Monday evening August 6 with a special candle-lighting service at 8 p.m. Rabbi Jay Karzen will conduct the service and read the Book of Lamentations. A Tallit/Tefillin services will be recited Tuesday, August 7 at 7:30 p.m. to conclude the day of fasting.

Reservations for the High Holidays in September and registration for Nursery School and Hebrew Religious School is now in progress daily during regular office hours or by special appointment.

A special Open House for prospective new members is scheduled for Sunday, August 12, 10 a.m. New residents of the area are invited to come.

Niles Community Church

Dr. Seleen, pastor of the Niles Community Church (Presbyterian, USA), 7401 Oakton st. will return from vacation to the pulpit on Sunday, August 5, during the 9:30 a.m. worship service; he will preach on the topic, "By Your Words..." based on Matthew 12:33-37. The Sacrament of Communion will be celebrated as a part of this service. There are no church school classes held during the summer months; however, care for pre-

school children is provided. The church's annual Vacation Church School will open on Monday, August 6 and continue week-ends through August 17, with a concluding program that evening.

If you are not regularly attending the services of another congregation in the area, a cordial welcome awaits you every Sunday at Niles Community Church.

No-Cost Water Conditioner by Aqua-Tron

Everyday, increasing numbers of residential and commercial water users are turning to water purifying and conditioning systems. Perhaps it's the fear of excessive environmental

pollution...toxic wastes, pesticides, chemical dumps, gasoline and detergent seepage, contaminating their water supply. Perhaps it's to attack the hardwater problems plaguing

their homes and businesses with clogged pipes and excessive appliance wear. Or, maybe it's to remove off-tastes and odors caused by too many minerals, bacteria and metal in their

drinking water. Aqua-Tron, Inc., of Schaumburg, now offers another very important reason for conditioning your water—it saves you money!

The Aqua-Tron System is a new and revolutionary method of conditioning water. Based on the principle of applied hydromagnetics, Aqua-Tron uses a highly charged ionization chamber to dissolve minerals and prevent scale formation. The patented processing unit generates a powerful, effective magnetic field that affects positively, healthy changes in the characteristics of water. A technologically advanced process, the Aqua-Tron System is the safe, pure chemical-and energy-free water conditioner.

The main culprit of inefficient water systems is mineral build-up resulting in hardwater. The U.S. Bureau of Standards recently reported that a water heater with 3/8" scale build-up uses 55% more fuel than a mineral-free heater. Excessive lime and scale is the Number One cause of water heater failure. But conventional treatments including the salt ion-

exchange water conditioners, are almost as costly as the problem. Besides, the cost of the conditioning unit itself, recurring salt, chemical, electricity, labor and maintenance expenses must be factored in.

With Aqua-Tron, these "overhead" costs are eliminated. Aqua-Tron uses no salt, chemicals or electrical power. There are no service or maintenance costs. Appliances work better and last longer. Installed just once and custom-fitted in about half-hour, the Aqua-Tron unit immediately begins to pay for itself. That's why it's the "no-cost" water conditioner.

Aqua-Tron is the clean and cost-free way to reduce your water and energy bills. A typical home unit costs one half the price of a comparable system, and will save a family of four about \$200 per year. Imagine, no more costly plumbing bills, salt and chemical expenses or heat and electricity wasted. Imagine sparkling clear water, salt-and harmful-mineral free, clean tasting and pure. Can you afford not to use the "No-Cost" water conditioner?

Cablenet interns complete program

Eleven area high school and college students have successfully completed their summer internships with Cablenet, Inc. The ten week, content-intensive program is one of three internship programs offered annually by Cablenet. Students receive academic credit for their participation in the program.

The program is designed to give students professional, hands-on experience in fields related to their majors such as television production, graphic arts, computer programming and public relations. The interns worked 20-25 non-paid hours per week on various Programming Department functions including cablecasting, computer-video graphics, and program production. They participated in many community productions such as "Community Speak-Out" and

"Theater Chicago Style". As part of their final project, the summer interns produced and directed a magazine program entitled "CityLimits". Segments of "CityLimits" include "Bicycling as a Hobby and Sport", "History of Rollercoasters", "Baseball Bleacher Bums", and "Fire Extinguishers".

Cablenet, Inc. thanks Tom Casale, Dave Dibbern, Jodie Funk, Becky Gerdes, Louis Kleinberg, Mary Ann Kraft, Nancy Loewenherz, Jim Olen, John Pabst, George Riebesehl and Susie Seffren for their participation in the internship program. The cable TV system has scheduled another program in the fall. Interested students should contact Peggy Busch at 299-9450 or 698-4450.

Northeastern's Adult Fitness Program

The Human Performance Laboratory at Northeastern Illinois University, 5000 N. St. Louis ave., can help community residents improve their health and fitness with its Adult Fitness Program. The 16-week program, which starts the first week in September, consists of a complete fitness evaluation, an exercise prescription based on fitness evaluation results and exercise classes.

The program begins with a complete fitness evaluation which includes a stress test, blood analysis, body fat deter-

mination and flexibility assessment. After receiving their own exercise prescription from an Adult Fitness Program instructor, participants will meet for one hour on Mondays, Wednesdays and Fridays at 7 a.m. and noon.

A \$50 fee helps defray the cost of laboratory expenses. Those wishing to receive college credit for their participation may do so by paying the appropriate tuition and fees. To register and for more information, call the Human Performance Laboratory at 583-4050, Ext. 504.

Computer lecture at OCC

The Oakton Community College free summer Passages Through Life series concludes Tuesday, Aug. 7 with the program "What Can Computers Do For Me?"

Leona Roen, assistant professor of data processing at OCC, will present an easy to understand look at how computers are affecting the jobs and lives of everyone and the future of computers as an everyday part of life-even in homes.

The program is scheduled to begin at 1 p.m., in Room 115, OCC/Skokie, 7701 N. Lincoln ave.

The fall Passages Through Life series is set to begin September 18. Scheduled fall programs include "Women and Depression," "Plan to Become Financially Secure," and "Getting Out of the Junk Food Jungle."

Niles Nuggets Semi-Pro Baseball Team

Nuggets 2-Astros 3

The Nuggets fought to put this game into extra innings, but the Astros managed to squeeze an unearned run across the plate in the bottom of the ninth inning. Lee Newlan pitched very well, but the Nuggets needed going into the last weekend of conference play (July 28 and 29 at Notre Dame). Marty Oddo pitched an excellent game, keeping the hard hitting Melrose batters down to 6 hits. The Nugget collected 10 hits. Scott Madsen smashed the ball

The Nuggets travelled to Proviso West and were ready to play, shutting out the number one team in the South Division. After losing the previous day to the Astros, the Nuggets were fiery and determined to win. The game did not count in conference standings, but the win was what the Nuggets needed going into the last weekend of conference play (July 28 and 29 at Notre Dame). Marty Oddo pitched an excellent game, keeping the hard hitting Melrose batters down to 6 hits. The Nugget collected 10 hits. Scott Madsen smashed the ball

into left center for a homerun and also hit the ball hard right down the third base line for a single. Angelo Christopher had a hot bat hitting a double and a single. Lee Newlan smacked the ball for 2 singles. Nick Busija hit 2 singles, one of which was a bunt he beat out to first. Mort Schufreider and Severo Pedroza had a single each and Dave Raddatz collected our 2 RBI's.

You still have time to catch Nugget Fever. Come on out to Notre Dame and support your hometown team!

Niles Baseball League Pony AAA Division

Championship Game
of the AAA Division

Yankees 5-Giants 4 (8 innings)

Anyone who saw this championship game between the Yankees, coached by Lee Newlan and Mike Early, and the Giants, coached by Jim Walsh, will talk about it for a long time to come! This game proved the infamous Yogi Berra's statement, "It's not over till it's over", to be absolutely true. Both teams had an 11 win-3 loss record going into the ball game, so whoever won it would be the champions of the league. It looked like the Giants would be champions when they were winning 4 to 0 in the bottom of the seventh with 2 outs on the Yankee batters and the Giants only needed one more out to win, but the Yankees did not give up! The Yankees tied the game 4 to 4 in the 7th and went on to win the game 5 to 4 in the 8th! What a comeback, what a game, what excitement!

This game has to be explained. Giants pitcher, Bill Tripinas, shut down the Yankee offense during the first four innings, striking out 7 and allowing only 1 hit. Yankee pitcher, Todd Kassel, did a fine job of shutting off the Giants offense allowing only 1 hit, but the fielders had their work cut out for them after committing a couple of errors and a few men on base who had walked. The first big play of the game came in the 1st. inning when Giant batter, Bob Ugel, tried to score from third base and Yankee left fielder, Paul Markos, caught the fly ball and threw the runner out at home! Yankee catcher, John Sanford threw a runner out at second base in the 2nd. inning, but the second time a pick off play was attempted, a Giant runner scored from third base, the score was now Giants 1-Yankees 0. A pitching change was made in the 6th. inning. Bob Ugel for the Giants and Paul Markos for the Yankees would now be on the

mount. Mike Hammer, Giants catcher, scored in the 6th. after an error was committed, then Bob Ugel and Bill Tripinas of the Giants scored in the 7th after a combination of errors and timely base hits. The score is now Giants 4-Yankees 0. The Yankees have one more time at bat, the Giants need only 3 outs. This is how the Yankees turned what seemed to be a loss into a victory. Yankee batter Paul Markos flew out to center field and Jim Gotshall struck out, the Giants have two outs, all they need is one more! Yankee first baseman, Bob Gattuso, walks, right fielder, Brian Rodgers, gets a base hit, center fielder, Tim Hoeft, gets a base hit, Matt Hedrich walks a run in with bases loaded, the score is now 4 to 1 with bases loaded. Yankee shortstop, Brian Nawrocki, gets the pitch he loves to hit and smashes the ball to right center hitting the tennis court fence for a double bringing in all 3 hustling runners, and the score is tied 4 to 4! After a couple more walks, leading the bases again, Peter Balke was brought in to pitch for the Giants. Yankee batter, Paul Markos flew out to right, the Giants fielder making a super catch. Paul Markos struck out two and first baseman Bob Gattuso tagged a runner in the Giants half of the eighth, retiring the side. Now it is the Yankees turn to bat and Bob Gattuso and Brian Rodgers both get base hits. Bob is on third base and Tim Hoeft is up to bat. Coach Newlan calls for a suicide bunt and Tim executes it beautifully. The pitch was high and outside, but Tim knew he had to make contact and reached up to lay the ball down in fair play and Bob scored from third. The Yankees win! It's not over till it's over the game of baseball! Congratulations to both teams for their fine seasons!

Frank Shorter to lead Annual Fitness Classic

Olympic marathon gold medalist Frank Shorter will help lead a field of more than 2,000 long distance runners expected at the Fourth Annual Washington National Fitness Classic scheduled here Sept. 9. The 10-K event, held along the Lake Michigan shore line, is among the most widely attended races of its kind, drawing participants from throughout the country.

The 6.2 mile TAC certified course record of 30 minutes, 29.2 seconds was set in 1982 by Reo Horn and remained unbroken last year. In addition to competing for awards in 10 age categories, each runner will receive an official race T-shirt, a special race gift and become eligible to win one of several door prizes.

The sponsoring organization, Washington National Insurance Co., originated the race to encourage greater appreciation for the benefits of physical fitness. As one of the nation's largest life and health insurers, the firm actively supports a variety of programs aimed at improving health and prolonging lives. Race proceeds benefit the American College of Sports Medicine.

Entry applications are now available from Washington National Insurance Co., Evanston, IL 60201. The number of runners in the event is limited and the registration deadline is Aug. 31. Further information about the Fitness Classic may be obtained by calling (312) 866-2851.

LGH benefit fashion show

"A Carnival of Fashions" is the theme for a fashion show to benefit Lutheran General Hospital's pediatric cancer care program on Tuesday, August 14, starting at 6:30 p.m. at the Chateau Rand, Des Plaines. Featured will be bridal fashions and men's, women's and children's fall clothing.

Special attractions will include clowns, live entertainment, valuable prizes and more. Cash bar beverages will be available and complimentary hors d'oeuvres will be served. Also included will be merchant displays with exhibits of travel packages, invitations, cosmetics, flowers, china and clothing.

All proceeds will directly benefit patients of the Lutheran General Pediatric Division's cancer care program, which was established in 1980. Approximately 100 patients, ages one month to 20 years old, undergo treatment each year for conditions such as leukemia, Hodgkin's, brain tumors, and bone cancer.

The money also will be used to help patients and their families cope with cancer. For example, it may be used to purchase wigs for children whose treatment may

Woman's Club Kankakee outing

Yesteryear Inn in Kankakee

was the first summer outing sponsored by the Morton Grove Woman's Club travel group under the leadership of Joyce Wolf. Members and their husbands traveled by car to the famous Frank Lloyd Wright's house, on the Kankakee River. After a tour of the lovely home, built in 1900, dinner in a private dining room, one of the many small rooms that Mr. Wright used when he lived there, the group retired to the

cozy inn attached to the home.

Sunday, after a leisurely breakfast, they motored to the Thomson winery in Monee, Illinois, a private winery that specializes in Pink and White Champagne. Cheese, fruit and champagne was served after a tour of the winery.

Next stop was Frankfort, for a memorable German dinner and touring the shops and then back to Morton Grove.

Day Care Center and Pre-School to open

The Morton Grove Board of Trustees granted a special use permit to Steve and Marge Miller of Niles to begin operation of Loving and Learning Day Care Center and Pre-School at the Morton Grove Presbyterian Church which is located at 8944 Austin ave. in Morton Grove.

The center will be the first of its kind to operate in Morton Grove although in home day care is available. They are hoping to fill the needs of the families in the community that need to work outside the home.

The center will offer a day care program that will operate between the hours of 6 a.m. and 6 p.m. This program will include a hot lunch along with two nutritional snacks. Breakfast will be offered according to need. There will also be a morning pre-school program along with before and after school care. The programs are not religiously affiliated.

The program goals are to provide a wide variety of age appropriate activities that draw

Auxiliary seeks additional members

The Women's Auxiliary of Orchard Village, Orchard Association for the Retarded is seeking additional women from the community to join them. The Auxiliary began in May, 1984 and its purpose is to provide additional public relations and fund raising for Orchard Village, a residential and vocational training facility for mentally retarded adults.

According to Shelly Trilling of Northbrook, one of the founding members, "the Auxiliary gives me the opportunity to assist some very special residents in our community - the mentally retarded." Initial members of the Auxiliary are residents of Chicago, Skokie, Glenview, Park Ridge, Northbrook and other surrounding suburbs.

The next dinner meeting will be held at 6 p.m. on Tuesday, Aug. 28 at Orchard Village, located at 7670 Marmora mn. in Skokie. If you are considering volunteering your time as a potential auxiliary, please call 967-1800 for further information.

from the areas of art, math, science, cooking, music, and band. There will be large motor skills, lessons in practical life, social studies, dramatic play; language arts, and many outside activities.

Marge Miller has a degree in nursing along with many credit hours in child development. She has worked in day care for eight years. She is also the mother of three. Mrs. Miller intends to not only direct the center, but to be actively involved with the children and to teach part of the program. Mrs. Miller says that she intends to have a quality center with plenty of "loving and learning."

The week of August 6 through the 10, has been set for open house. Parents and children are welcome to come to visit, meet the staff and enjoy the refreshments. Care at the center will begin August 13.

When talking to parents, Mrs. Miller feels a sense of excitement and relief. The parents seem very happy to now have this available in the area, since many were turning to other villages as well as in home day care.

CMDC adds nutritionist to staff

The Chicago Medical and Dental Center (CMDC) is continuing to expand its services to the members of our community. The latest addition to the spectrum of medical and dental programs available is a nutritionist, Ms. Gayle D. Pinchofsky, R.D. Ms. Pinchofsky received Bachelor of Science degrees (cum laude) in biology, communication and nutrition from the University of Illinois, where she was elected to "Who's Who Among Students in American Universities and Colleges" in 1979 and 1980. She subsequently achieved the distinction of "Registered Dietitian" with the American Dietetic Association.

Prior to her appointment as CMDC's Clinical Nutritionist, Ms. Pinchofsky served as the Clinical and Research Nutritionist on the Metabolic Support Service of St. Mary of Nazareth Hospital Center. In addition to her present duties at CMDC, Ms. Pinchofsky serves as a consultant to a home nutrition support service and a not-for-profit research foundation, both here in Chicago. She is also frequently invited to lecture to undergraduate students enrolled in related programs at the University of Illinois, her alma mater. She is active in nutrition-related research and has presented results of her work at local,

national and international seminars.

Ms. Pinchofsky's background and training enable her to provide many valuable services to the people of CMDC's community. Through individual counseling sessions and programs specifically tailored to meet varied requirements and needs, prescribed diets can be made understandable, more easy to follow, and most importantly, palatable.

Many people are advised by their physicians to "cut down on salt," "eat more fiber," "reduce the amount of fat in your meals," etc. However without proper direction and special instructions, lists and suggestions, these recommendations are very often misunderstood and potentially followed incorrectly. Diet therapy does work, and if instructions are followed properly, frequently results in the desired effect, including a reduction in the need for medication. The key to following diet orders is understanding the nutritional principles which give the desired effects. It is CMDC's intention to offer Ms. Pinchofsky's services to enable persons seeking guidance and assistance in following such diet programs to achieve maximum results.

Instruction and counseling is available at CMDC in areas of weight loss and weight gain, as well as in therapeutic areas such as those indicated for diabetes and hypertension. Further, low-sodium, low-fat, high-fiber and low-cholesterol diets can be explained and monitored through these counseling sessions. It is a well known fact that a pregnant woman or one who is breast feeding her child should also be aware of and follow specific diet regimes. In summary, CMDC's nutritional counseling program is intended to help persons who are following virtually any type of weight loss or therapeutic diet program.

Just as many of the other services at CMDC are available to physicians not on staff at CMDC (such as physical therapy, Papanex studies, etc.), so too, these dietetic counseling services are offered to patients from other sources of referral. The CMDC medical staff considers itself fortunate to have Ms. Pinchofsky on staff to help in the care of their patients and they urge other physicians to avail themselves of her very valuable knowledge and skills in diet counseling and monitoring by suggesting that their patients contact her.

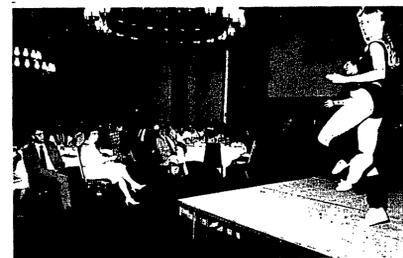

Holy Family Women hold brunch

The Women's Board of Holy Family Hospital raised more than \$2,000 at their "Kick-Off Brunch," held on Sunday, June 24, at Knicker's restaurant, 1050 E. Oakton st. in Des Plaines.

"The money will be used to purchase gifts for 'Las Vegas Night, '84 Skidoo,' which takes place on Saturday evening, September 22, at Holy Family Hospital," said Dawn Vana, co-chairman for this year's event.

More than 100 people attended the brunch, which featured a "Fitness Fashion Show" demonstration. Holy Family physicians and their wives teamed up with aerobics instructors from the Rhythms Studio in Deerfield to model athletic wear and perform aerobic routines.

Last year's Las Vegas Night, '83 Skidoo, helped raise \$32,600 to benefit the development of Holy Family's new Home Care Program. If you would like to donate a gift for this year's Las Vegas Night or would like ticket information, contact Pat Nelson, Chairman, at 272-7780.

Thanks, Niles Public Works

Dear Editor:

On Friday, July 20, we sustained damage to one of our trees, as did many of our neighbors. We are very fortunate to live in the Village of Niles.

As part of the tree had fallen on a power line, we immediately notified the Niles Police who passed the information along to Commonwealth Edison and Public Works. Within the hour, a Public Works crew came and removed the portion of the tree that was blocking the sidewalk as well as a portion of that was on a power line. Commonwealth Edison came much later that night to finish that job.

On Monday, our Public Works Department returned and

cleaned up all the sawed-off branches and left the area in perfect condition. We want to take this opportunity to express our many thanks to our Village and to the men in the Public Works Department for all their assistance.

Very truly yours,
Charles and Rhoda Morris

Thanks from Theatre 219

Dear Mr. Besser,

I would like to take this opportunity to thank you for your continued support of Theatre 219. We present, to our community each summer, a most valuable service and that could certainly not be carried through without the most important assistance you give.

For us, Theatre 219 has been a most rewarding artistic and educational experience, an experience we have tried to express through our product of eleven years. We trust that our productions have been equally rewarding to those who have participated in the shows as well as to those who have seen them.

For your community spirit, and your help to us over the years, we thank you most warmly.

Sincerely,
Robert Johnson
Director, Theatre 219

Thanks Bugle for Publicity

Dear Editor:

The Bugle has done an outstanding job publishing information on the dances throughout the year for Merry Marrieds Dance Club. We especially want to thank you for the publicity on our Garage Sale which was held July 14 and was a huge success. Many people gave us merchandise to sell, and there were bargains galore. We will celebrate on October 8, 60 years a Community Dance Club.

Joseph and the Amazing Technicolor Dreamcoat

Wilmette's free Starlight Theater will present "Joseph and the Amazing Technicolor Dreamcoat" at 8 p.m. Friday, Saturday and Sunday, August 3-5, 10-12 and Saturday and Sunday, August 27-28. The contemporary musical will be staged in the Wallace Bowl at Gilson Park, Lake Ave. at Lake Michigan.

Originally written in 1968 as a 25-minute work to be performed by children, "Joseph and the Amazing Technicolor Dreamcoat" now is 90 minutes long and the cast is adult. The show began the careers of composer Andrew Lloyd Webber and lyricist Tom Rice who later collaborated on "Jesus Christ Superstar" and "Evita."

Sue Levine-Kelly is directing the 22-member cast of local actors. Eric Howe is the musical director, Helen Finch is the choreographer and Dorothy Glassberg is handling costumes and makeup.

Joseph of the "Book of Genesis", portrayed by Scott Swensen, is so favored by his dotting father, Jacob, played by Neil Burghard of Wilmette, that his jealous brothers plot against

him and sell him into slavery in Egypt. Siblings are played by Dan MacDonald, John MacDonald and Ron Goldstein, all of Wilmette, Dean Victor of Highland Park, Sam Samuelson of Deerfield, Andy Hirsch of Northbrook, John Sherwood of Niles, Herb Dubin of Palatine, Jeffrey West of Skokie and Chicago residents Michael Salvador and Dan Lawrence.

Joseph soon becomes the Pharaoh's deputy who can read dreams and who keeps Egypt prospering through good years and bad. The Pharaoh is played by Larry Kaplan. Joseph's triumph comes when his brothers, who have not shared his good fortunes, arrive begging for food. Joseph forgives them and the curtain descends on a happy ending.

The Pharaoh is an Elvis Presley look-alike in a white suit and gold braid who rocks to "The Song of the King"; Joseph's brothers put on cowboy hats and overalls for country and western songs in one scene and sombrero for a Mexican mariachi number in another.

Marv Berman of Wilmette portrays Potiphar, a wealthy Egyptian in Tutankhamun-style dress crowning a number in Rudy Valle fashion.

The narrator is Jill Eisenberg of Des Plaines. Others in the cast include Carol Borden of Glenview

as Potiphar's wife, and chorus members Karen Berman and Laura Rosen of Wilmette, Kate Buddeke and Lia Mortensen of Evanston, Darby Scholl of Deerfield and Kathleen Kloska of Chicago.

The free Starlight Theatre is a program of the Wilmette Park District, supported in part by Horizon Federal Savings Bank. Stone bleacher seats are available, but lawn chairs are recommended for added comfort.

Free parking is available in the beach lot. In case of inclement weather, call 256-6100 to check if a performance will be held.

Windsurfing at The Lambs

Summer is time for fun at The Lambs! Be daring and chance your luck at Windsurfing on Lams Lake on Saturday, August 4, from 10 a.m. to 3 p.m. Free lessons on a first come first serve basis, and all needed equipment will be provided by Munson Marine.

Children under 19 must be accompanied by an adult. Admission and parking are free.

While at The Lambs, get a bite to eat at their Country Inn Restaurant. Lunch and dinner will be served beginning at 11 a.m. For reservations, call 362-5050.

Browse through The Lambs Country Shops, including the Bakery, Country Store, Silk Screen Art Shop, Pet Shop, and Children's Farmyard.

Proceeds from purchases made in Lambs' shops directly benefit The Lambs program for mentally retarded adults.

For more information on Windsurfing call Munson Marine at (815) 385-2720, or The Lambs, at 362-4636.

"Family Fun Run" added to Des Plaines Foot Race

When it comes to marathons, do your feet march to a different drummer? Or just plain stand still? There's no need to get left behind. This year's Great Des Plaines Foot Race will include a one-mile Family Fun Run, which means everyone who is interested - young or old, in-or-out-of-shape - can participate in the fun and excitement of this popular annual event.

The Great Des Plaines Foot Race, which is scheduled for Sunday, August 19, also includes 5,000 meter (3.1 miles) and 15,000 meter (9.3 miles) events to challenge serious runners.

The race begins at 7:30 a.m. at the Des Plaines Park District Leisure Center, 2222 Birch st., Des Plaines. 1,500 persons are expected to participate.

Sponsored by the Forest Hospital Foundation, the Journal & Topics Newspapers and Crystal Light Drink Mix, the Great Des Plaines Foot Race is certified on the 1984 Championship Crystal Light CARA Race Circuit.

The Des Plaines Destiny Striders is conducting the event.

The Forest Institute of Professional Psychology (FIPP) has been designated beneficiary of this year's race. Proceeds will go towards maintaining the crisis intervention/counseling program offered by FIPP through the Des Plaines Police Department.

The race is open to men and women. Participants will be registered by age: 9 and under;

9 and over; 13 and over; 18 and over. Entrants will receive a specially-designed T-shirt and are invited to a post race breakfast and awards ceremony to be held at the Leisure Center immediately after the finish of the race.

Entry fee is \$7. Reduced rates for family members are two for \$13; three for \$18 and \$4 for each additional person.

Registration is by mail only. Entries should be sent to The Great Des Plaines Foot Race, P.O. Box 2202, Des Plaines, IL 60018. Deadline for receipt of entries is August 13.

Entry forms are available at most running equipment shops in the local northwest suburban area. Forms can also be requested by writing The Great Des Plaines Foot Race at the above address.

Today the center serves 150 of God's "special" children. Staff members work to upgrade the quality of life for these children who have multiple disorders such

as cerebral palsy, epilepsy, varying degrees of mental handicaps, spina bifida and Down's syndrome.

The center is located at 7464 N. Sheridan rd., Chicago. Other facilities are a group home for children at 3120 W. Palmer, the Home Infant Stimulation Program at 5325 N. Ashland ave., and the Adult Outreach Program at 725 W. Montrose.

The present services include: Residential skilled nursing facilities; Educational programs including a day school, Pre-vocational testing, Adult habilitation, Alternative living situations, Short-term, respite and foster placements; and Confidence building activities; i.e. Special Olympics.

Their goal is to expand their services to provide a full continuum of care so that each child and adult has an opportunity to grow and live as normal a life as possible.

11th Annual MS Bike 'N Hike

Some names you may have heard of - rock star Ronnie Lane, world renown cellist Jacqueline du Pre, and country-music singer Donna Fargo. All persons known in the music world who have, in spite of their diverse musical inclinations, something else in common.

Each has multiple sclerosis, a disorder of the central nervous system often called "the disease of young adults."

Prevention of future cases of multiple sclerosis and effective treatment for the 17,500 men and women in northern Illinois with MS whose names may not be familiar to everyone, but are dear to those who care about them, are the goals of the MS Society's 11th annual Bike 'N Hike Sunday, Sept. 9.

Fourteen routes including the Chicago lakefront and Rockford are scheduled with hours between 8:30 a.m. and 4:30 p.m. The Chicago-Northern Illinois Chapter, National Multiple Sclerosis Society, has set a target of \$125,000 or more for the Bike 'N Hike which will be sponsored by individual community service organizations or businesses for each route.

Funds are earned for MS through sponsors who pledge a specific sum to hikers or cyclists for each mile completed. Making the ride more interesting to participants are the prizes to be awarded to special achievers.

Round trip airfare for two to any domestic destination served by Capitol Air goes to the grand prize winner. Among prizes at other levels are an Atari 5200 home computer, Cobra cordless telephone, Schwinn 10-speed bicycle, the game "Trivial Pursuit" and an AM/FM portable radio.

All participants receive a WYR FM Bike 'N Hike T-shirt, courtesy of the sponsoring radio station, at their check-in point.

Information and sponsor forms for all routes are available by calling the Chicago-Northern Illinois Chapter, NMSS, at 312/922-8000, or by picking them up at the Chapter office, 53 W. Jackson Blvd., Chicago, IL 60604.

Country Sunday Celebration at The Lambs

Live Country Western music, games and rides, and a raffle will highlight Coca-Cola's Country Sunday Celebration at The Lambs set for Sunday, Aug. 19, from 11 a.m. to 5 p.m. The Lambs is located at the junction of I-94 and route 176, two miles east of Libertyville. Admission and parking is free; however a \$2 entrance donation will be requested. All proceeds directly benefit The Lambs program for mentally retarded adults.

J.B. Bell and Silver Spurs, known for their hit, "The Morning Side of Midnight" will be back by popular demand, giving their farewell appearance in the Chicago area. Also appearing will be The Wrangler Band which will sound out the live music, ongoing throughout the day's festivities.

All the Lambs' shops will be open from 9 a.m. to 5 p.m., including the Pet Shop, Children's Farmyard, Silk Screen Art Shop, Bakery, Country Store and Thrift Shop. The Lambs' Country Inn Restaurant will serve brunch from 11 a.m. to 3 p.m. and dinner 'til 8 p.m. For reservations call 362-5050.

Lots of food, beer, and other refreshments will be available, along with pony rides, and other entertainment for adults and children. Three kayaks and three

chaisin toast served with low-fat yogurt and fresh fruit coated in honey is among the breakfast items featured. Luncheon specialties include an avocado tuna melt; a California Sandwich of cheeses, green chilis and raisins; Chinese Chicken Salad and Chef's Salad Chesapeake, piled high with asparagus spears, crabmeat and tomato. At dinner, Steak Sonoran (a generous rib-eye covered with avocado and laced with salsa), Filet of Sole Riviera and Virginia-reeled Trout are offered.

Prices range from \$2.75 at breakfast to \$12.95 for dinner entrees, and service continues from 6 a.m. until 11:30 p.m. daily. For reservations, contact Barley's at the Sheraton International, 6810 N. Mannheim rd. in Rosemont, at 297-1234.

The workshops, "Learning to Learn: College Survival Skills," are for adults who want to sharpen their study skills because they have recently returned to college or are considering returning after being out of the classroom for a number of years.

Allison Roen, learning lab assistant at OCC/Skokie, will be conducting the three-hour workshops. Participants will learn the essentials of good study habits: how to manage time effectively, take notes, read a textbook, and prepare for and take exams.

The workshops are free to area residents as well as OCC students, and will be held at OCC/Skokie, 7701 N. Lincoln ave. The dates are Wednesday, August 8 from 6 to 9 p.m., and Thursday, August 9 from 10 a.m. to 1 p.m. Advance registration is required. For further information or to register, interested persons should contact Ms. Roen at 635-1434.

Based on the premise that food can be healthy, non-fattening and still delicious, Barley's American Cookery at the Sheraton International has introduced its "Eat, Drink and Be Healthy" menu.

Barley's guests can "Eat, Drink and Be Healthy" at breakfast, luncheon and dinner with the choice of at least four selections at each meal service. French

raisin toast served with low-fat yogurt and fresh fruit coated in honey is among the breakfast items featured. Country Sunday Celebration at The Lambs

Live Country Western music, games and rides, and a raffle will highlight Coca-Cola's Country Sunday Celebration at The Lambs set for Sunday, Aug. 19, from 11 a.m. to 5 p.m. The Lambs is located at the junction of I-94 and route 176, two miles east of Libertyville. Admission and parking is free; however a \$2 entrance donation will be requested. All proceeds directly benefit The Lambs program for mentally retarded adults.

J.B. Bell and Silver Spurs, known for their hit, "The Morning Side of Midnight" will be back by popular demand, giving their farewell appearance in the Chicago area. Also appearing will be The Wrangler Band which will sound out the live music, ongoing throughout the day's festivities.

All the Lambs' shops will be open from 9 a.m. to 5 p.m., including the Pet Shop, Children's Farmyard, Silk Screen Art Shop, Bakery, Country Store and Thrift Shop. The Lambs' Country Inn Restaurant will serve brunch from 11 a.m. to 3 p.m. and dinner 'til 8 p.m. For reservations call 362-5050.

Lots of food, beer, and other refreshments will be available, along with pony rides, and other entertainment for adults and children. Three kayaks and three

chaisin toast served with low-fat yogurt and fresh fruit coated in honey is among the breakfast items featured. Luncheon specialties include an avocado tuna melt; a California Sandwich of cheeses, green chilis and raisins; Chinese Chicken Salad and Chef's Salad Chesapeake, piled high with asparagus spears, crabmeat and tomato. At dinner, Steak Sonoran (a generous rib-eye covered with avocado and laced with salsa), Filet of Sole Riviera and Virginia-reeled Trout are offered.

Prices range from \$2.75 at breakfast to \$12.95 for dinner entrees, and service continues from 6 a.m. until 11:30 p.m. daily. For reservations, contact Barley's at the Sheraton International, 6810 N. Mannheim rd. in Rosemont, at 297-1234.

The workshops, "Learning to Learn: College Survival Skills," are for adults who want to sharpen their study skills because they have recently returned to college or are considering returning after being out of the classroom for a number of years.

Allison Roen, learning lab assistant at OCC/Skokie, will be conducting the three-hour workshops. Participants will learn the essentials of good study habits: how to manage time effectively, take notes, read a textbook, and prepare for and take exams.

The workshops are free to area residents as well as OCC students, and will be held at OCC/Skokie, 7701 N. Lincoln ave. The dates are Wednesday, August 8 from 6 to 9 p.m., and Thursday, August 9 from 10 a.m. to 1 p.m. Advance registration is required. For further information or to register, interested persons should contact Ms. Roen at 635-1434.

Niles Swim and Diving Team finish season

The Niles Diving and Swim Team season culminated in an exciting conference meet at Kopp Pool in Mt. Prospect with five area teams competing for the Northern Illinois Championship title. Medals were awarded first place winners and ribbons given to the next five contestants in each age group.

The Niles record breaking champions once again this year consisted of Nancy Kozaneci, 15 plus Girls and Kathy Lake, 13-14 Girls. Nancy set new records in the 200 IM with a 2:26.11 and the 100 Fly with a 1:03.63, while Kathy broke the 100 IM record with a 1:02.6 and the 50 Fly with a 28.23.

In the diving competition the Niles Divers achieved overall second place recognition with the outstanding performances of Cathy Bilson, 2nd place, 10 and under co-ed diving; Mark Kerahner, 3rd place, 11-14 Boys; Nancy Kozaneci, 3rd place, 15 plus Girls; Dave McFeggan, 1st place and Mike Bobowski, 2nd place for 15 plus Boys.

Relay team performance brought second place points through the efforts of the 8 and under Girls; Karen Grabowski, Claire Pawlowski, Cathy Bilson and Kelly Geimer in the 100 Medley and 100 Free Relays. In the 9-10 Girls group: Adriane Anile, Joy Krupa, Carolyn Bilson and Jennifer Trenn also achieved second place status in both events, the 200 Medley and the 200 Free Relays. Greg Kellogg, Brian Caulfield, Todd Orloff and Donny Knopp of the 9-10 Boys swam to a second in the 200 Free and a third in the 200 Medley Relays.

Both groups, 11-12 Girls: Jennifer Zajdel, Valerie Kuzminski, Athena Kotsanis and Colleen Caulfield and 11-12 Boys: Jeff Orloff, Eddie Nichols, Brad Pawlowski and Eric Salinger consistently swam away with white third place ribbons for all four events in the 200 Free Relays and the 200 Medley Relays.

Capturing individual event first place medals in the winners lanes were Carolyn Bilson, 8 and under Girls for the 25 Breast and 50 Free; Eric Salinger, 11-12 Boys 100 IM and 50 Breast; Jennifer Zajdel, 11-12 Girls 50 Breast; Kathy Lake, 13-14 Girls 50 Breast, 50 Fly and 100 IM; and Nancy Kozaneci, 15 plus Girls 200 Free, 200 IM and 100 Fly.

Second place red ribbon awards were presented to Keith Lake, 8 and under Boys 25 Breast and 50 Free; Catherine Bilson, 9-10 Girls 50 Fly and 100 IM; Jennifer Zajdel, 11-12 Girls 100 IM; and Bobby Knapp, 13-14 Boys 100 Free.

Swimming to a third place in the 8 and under Boys 25 Back was Keith Lake, and to a fourth place in the 9-10 Boys 50 Free was Brian Caulfield.

Green ribbons were awarded Sonia Toksdorf, 15 plus Girls Back; Dan Tomaszewicz, 13-14 Boys 50 Back; Brad Pawlowski, 11-12 Boys 100 Free and 50 Fly; and Brian Caulfield, 9-10 Boys 50 Back.

Still reaping team points and achieving pink ribbons were Jennifer Trenn, 9-10 Girls 50 Free; Todd Orloff, 9-10 Boys 50 Free; Colleen Caulfield, 100 Free and Valerie Kuzminski, 50 Breast in the 11-12 Girls group; Vickie Meier, 13-14 Girls 100 Free; and

Bobby Knapp, 50 Back and Dan Tomaszewicz, 100 Free in the 13-14 Boys category.

Until the final relay events, the spirited Niles team managed to maintain third place standing most of the evening. Due to the lack of 13-14 age group relays and the 15 plus category relays the Niles team slipped to fourth place in the final moments of the conference meet. Nonetheless, coaches, Kim Lake, Donna Peota and Dave McFeggan can be tremendously proud of the Niles team effort exhibited by its swimmers and divers in all its dual meets as well as the suburban conference championships.

Maine East hosts Summer Gymnastics Meet

The 14th annual gymnastics meet wrapped up the girls summer program with competition in all 4 Olympic events and 3 divisions in each event. Coach Betty Axelson was extremely pleased with all the girls' performances, and was also impressed with the improvement they showed. Winning the Advanced Compulsory All-Around division was 9 year old Kristen Neisler from Park Ridge, and 6 year old Michelle Byerly won the All-Around Compulsory/Division. In the combined Optional/Compulsory division, 9 year old Michelle Muscarello of Park Ridge took 1st with 28.5 points, Meri Tanner of Skokie was 2nd with 24 points, 7 year old Susan Demas placed 3rd with 21.6 points, and Megan Sliva with 21.1 points for the 4-event total.

Individual event winners in Vaulting include Compulsory champion 6 year old Joanne DiCola of Park Ridge, Angie DeMano was runner up, and Tammy Zwitek was 3rd, followed by Judy Lin-4th, Meri Tanner-5th, and Lauren Amerine-6th. In the Advanced Compulsory division performing a handspring vault, Michelle Muscarello won the event with an 8.0, followed closely by Kristen Neisler and Jennifer Stack. In the Optional Vault, Janis Szukala, 10, swept the event with her twisting vault which scored a 7.8.

In Compulsory Floor Exercise, 9 year old Angie DeMano of Park Ridge took the championship with a 7.2, followed closely by sister Jennifer, age 11, with a 7.1. Third place went to Denise Glab with a 7.0, in 4th was Tammy Zwitek, Judy Lin-5th, and 7 year old Jenny Neisler-6th. In the Advanced Compulsory division, Kristen Neisler scored a 7.8 to take 1st place, Janis Szukala was 2nd, and Jessica Stack was 3rd. In the Optional Floor Exercise division, Michelle Muscarello took another 1st place with a 7.5, followed by Julie Pasternak of Park Ridge, Joanne DiCola in 3rd place, Susan Demas in 4th, and Meri Tanner in 5th.

In Uneven Bars Compulsory competition, Angie DeMano added another 1st place medal to her collection as she scored a 6.8 to win the event. Tammy Zwitek was 2nd, Joanne DiCola was 3rd, Jennifer DeMano was right behind in 4th, and Megan Sliva was 5th. In the Advanced Compulsory div., Janis Szukala chalked up another win with a 7.0, Jessica Stack was the 2nd place winner, Kristen Neisler was 3rd, Michelle Muscarello was 4th, and Jenny Neisler was 5th. In the Optional Bars competition, 7 year old Meri Tanner took the top spot with a 6.2, Susan Demas followed closely in 2nd, MaryBeth Fallico took 3rd place, Sheila McGuire was 4th, and Michelle Byerly was 5th.

On Balance Beam, Sheila McGuire also took 1st in the Compulsory division, Michelle Byerly was 2nd, and Sarah Crawford was 3rd. The Advanced Compulsory champion on beam was Kristen Neisler with a 7.7, and Michelle Muscarello was the runner up with a 7.0. In Optional Beam, Jenny Neisler was the 1st place winner with a 8.9, Meri Tanner was 2nd, Susan Demas was 3rd, and Megan Sliva was 4th.

Felician College fall applications

Prospective students may still apply for fall-semester enrollment, the college has announced. Classes start Monday, Aug. 27, on daytime schedules and from Tuesday, Sept. 4 to Sept. 10 for evening courses.

On-campus registration dates for day students are Tuesday, Aug. 21, and Wednesday, Aug. 22. Hours both days, are 9 to 11 a.m. and 12:30 to 2 p.m.

Evening students may enroll on campus Wednesday, Aug. 29, or Thursday, Aug. 30, from 3 to 5 p.m. or 6 to 8:30 p.m. Mail registrations, however, can be accepted until Aug. 31, and late registration is possible up to the first meeting of any class that has not yet been filled, the college registrar said.

An orientation program will be conducted for incoming freshmen and new transfer students at 8:30 a.m., Thursday, Aug. 16.

Felician is an accredited two-year college for men and women of all faiths, backgrounds and ages, offering associate in arts degree programs with credits transferable to four-year degree programs.

The college, which is conducted by the Felician Sisters with additional lay faculty members, also provides a variety of programs designed for adults with special or vocation-oriented interests, and for younger students with clear career objectives.

The daytime curriculum this year will introduce two new courses--"Comparative World History" and "World Religions."

For further information about courses, fees, admission requirements, or financial assistance opportunities at Felician, call the registrar at 639-1919 during business hours.

DAR donation to PR library

Mrs. William Anderson, Regent Twenty-first Star Chapter, National Society Daughters of the American Revolution, presented a check to Dr. William McCully, Head Librarian of the Park Ridge Public Library. She suggested the money be used to purchase historical material of genealogical nature. Members of the chapter volunteer their service one day a month, September through May, to assist patrons in researching their family backgrounds.

The Heritage Room, on the balcony level at the library, contains books and exhibits dealing with the history of Park Ridge, Chicago, and Illinois. Ask at the reference desk if assistance is needed.

New innovations from NI Gas

While natural gas' clean-burning, economical qualities have helped make it the primary energy choice in northern Illinois homes, another benefit is availability of new technologies and equipment that use gas efficiently.

Higher efficiency ratings are being achieved through innovative designs.

Heating Systems
Space heating is the largest natural gas use in a northern Illinois home. In order to minimize costs, equipment has been refined significantly in recent years.

Some offer induced draft or power burner designs. Instead of relying on natural draft to pull room air through the furnace and up the flue, these systems use fans to direct air for better combustion efficiency.

Many models use outside air for combustion instead of heated, indoor air. Additional heat exchangers utilize heat that would otherwise be lost up the chimney, resulting in exhaust temperatures low enough to allow venting through a plastic pipe. Electronic ignition saves by eliminating the consumption of a standing pilot.

With efficiencies of 80 to 97 percent being achieved, it's possible to select a unit that will economically provide the service consumers demand.

Water Heating
Another large user of home energy is the water heater. The average family consumes about 25,000 gallons of hot water per year, which represents about 20 percent of a home's gas consumption.

Newer water heater models are more heavily insulated, utilize more efficient burner designs and have refined flue baffles for

better heat transfer. One new system has a subintegrated combustion chamber inside the tank and heats water from within, eliminating heat loss through the bottom or sides.

A recently introduced feature is direct venting of combustion products. A special tube draws air directly from the outside for combustion and exhausts in the same manner through the wall, with no chimney required.

High performance models with efficiency ratings of up to 85 percent are available.

Gas Dryers
Newer gas dryers light automatically without utilizing a standing pilot. This can mean noticeable savings on the gas bill. Many models offer a variety of temperature settings, allowing selection of correct heat for fabric being dried.

Automatic cool down uses accumulated heat at cycle's end to finish the drying job.

Cooking With Gas
New gas range and oven features let the user cook in a controlled and efficient way.

Pilotless ignition eliminates the expense of a standing pilot. Convection ovens force hot air into the oven, cooking food faster and eliminating need for preheating. Self-cleaning ovens have more insulation, providing increased efficiency and convenience.

Experienced cooks know range-top temperature control is easier with gas.

Consumers benefit from technological advances being incorporated in today's gas equipment. Purchasers are encouraged to research available options and select an appliance best suited to their needs.

With the equipment on today's market, gas is the natural choice.

Social Security Booklets available

A booklet spelling out the rights and responsibilities of people who get Social Security or Supplemental Security Income (SSI) checks, given to them at the time their claim is approved, is required reading. People need to know the information contained in the booklets to ensure that their checks will continue to be delivered on time, at the correct address, and in the right amount.

The booklets contain information on the changes that may affect the beneficiary's eligibility to benefits or the amount of benefits. Changes must be reported to Social Security promptly to avoid overpayment of benefits. People who don't take the time

to read the booklets are running a number of risks, not the least of which is that they may get benefits they should not have gotten. Such overpayments must be repaid either in lump sum or by installment payments withheld from future checks.

A booklet entitled "Rights and Responsibilities: Retirement and Survivors Benefits" lists numerous events that should be reported.

People who do not have copies of the rights and responsibilities booklets should contact any Social Security office. Call 822-6815, the special tele-service number for the Des Plaines area.

Free Job Training for Victims of Plant Closings

A new federally-funded program will provide free job retraining for workers who have been affected by plant closings, according to the Illinois Department of Commerce and Community Affairs.

The Dislocated Worker Program is designed to provide free training in marketable careers for workers who have been laid-off, terminated or received notice of layoff or termination due to plant closings, and who have received or exhausted their unemployment compensation benefits. Three program sites, at Triton College, College of DuPage and Moraine Valley Community College, have been established to assist Chicago-area residents.

There are several eligibility requirements for assistance in the Dislocated Worker Program. Community residents can receive more information by calling 456-0300.

Judge Pomaro to address Park Ridge Lions

Judge Nicholas T. Pomaro of the Circuit Court of Cook County will address the Park Ridge Lions at the Quality Inn, 10 N. Summit, Park Ridge on Thursday, August 9 at a 12 noon luncheon meeting. Program Chairman, George Nud-

era has announced that Judge Pomaro will speak on "Know Your Courts."

Judge Pomaro is currently assigned to the Second Municipal District in Skokie, presiding over civil, felony, misdemeanor and traffic cases.

He is a graduate of DePaul University and John Marshall Law School. He was Assistant State's Attorney for 11 years.

Pomaro is a member of the Illinois State Bar Association, Chicago Bar Association, Justitia Society of Lawyers, and the Illinois Judges Association.

Ernest D. Sullivan

Army Spec. 4 Ernest D. Sullivan, son of Jean T. Sullivan of 200 E. Thems pkwy, Park Ridge, has arrived for duty at Fort Irwin, Calif.

Sullivan, an indirect-fire infantryman with the 8th Battalion, 31st Infantry, was previously assigned in Craisheim, West Germany.

handle village purchasing and Robert Furst replaces Charley Kohlerman (who returned to Notre Dame High as administrator) as a data processor to handle Niles complex computer system.

The two additions manifest what a modern up-to-date (and tax-rich) community Niles is.

Last week we reviewed a book which suggested Niles was one of the 110 safe places the authors recommended for living in the United States. Three other Chicagoand communities were mentioned. Realizing the many outstanding services the community now has, it might be the right time for Niles to once again apply for All America city status. While the village received the recognition back in the mid-sixties, it could well receive the award for a second time. Park Forest has achieved the twice-honored recognition and there is no reason why Niles shouldn't try again.

Nick Blase mentioned the recognition received from the book should prove helpful in Niles' efforts to induce young people to move into the village. Continuing this momentum with a second All America award could add to Niles' healthy image.

Thirty year resident and former park board member Ray Eagan stopped by several times in recent weeks to bid us adieu. Ray is moving down the pike to Elgin. Ray, a collector of the better things, gave us copies of the first Bugle newspaper, as well as other early editions. He also showed us copies of other remembered newspaper front pages which dated back to the Franklin Roosevelt era and included the Kennedy days and the space exploration era.

Ray was a member of Niles park district during its expansion years and contributed handsomely to its substantial growth. He served during the building of the swimming pool on Milwaukee Ave. and during the years when many of the parks in the district were purchased.

Niles Senior Center Completes Pinochle Tournament

The Niles Senior Center, 8060 Oakton in Niles completed an eight week pinochle tournament on Friday, July 20. Tournament coordinator Joe Bauer awarded first place to Al Buschek and Gene Koster with a total of 31,040 points. Second place prizes were awarded to the team of Larry Mitchell and Len Baeuchler with a total of 30,000 points. Florence Eberle and Lillian Lutz won third place with 28,930 points. Sol Bettie and Henry Knitter captured fourth place with 28,640 points. The tournament is a popular event held twice yearly at the center, fall, winter and spring.

Other tournament players were: Morris Marcus, Rose Guidas, Frank Novak, Al Moberg, Sam Giuliano, Al Buschek, Clemente Burchi, Vito Palella, Herbert Miller, Henry Nickel, Louis Schoen, Evelyn Heidemann, Ann Manning, Charlotte Pransch, Justine Inroth, Mary Domschelt, Nora Shaw, Hazel Wecony, Marie O'Kruta, Charlotte Dziacki, Fred Heidemann, Frank Vesolo, Elmer Carlson, Peggy Schulist, Frank Troiani, Sidney Cowan, Dino Landi, Vera Landi and Lee Colant.

Mulcahy's fire...

Continued from Page 1
fire officials at 5:04 Monday morning.

Ten Niles fire vehicles were sent to the scene as well as one Morton Grove fire engine and a ladder truck from Glenview. During the fire, up to 25 firemen worked to contain the blaze which gutted the entire building with an intensity fire officials described as out of the ordinary.

"A fire of this magnitude is few and far between," said Michalsen, who added, "I can't remember when we have lost a whole restaurant (to a fire)." Michalsen said the preliminary investigation indicated the fire began in the north end of the dining room area. Additionally, he noted the last employee left the restaurant an hour and a half before the fire was discovered.

The dollar loss of the building may reach nearly one half million dollars, according to officials. The building is owned by its former tenant, Niles restaurant owner Jake Joseph.

Giovannelli said the investigation will include a scientific analysis to determine what started the fire and an investigation into the background of all parties involved with the restaurant including the employees.

Giovannelli said the investigation could take months to complete.

express support for HR 4923. Rostenkowski's Committee must hold hearings on the bill before Congress can act. Ruth Caplan, Washington Representative for Environmental Action coordinator of the National End Phantom Taxes Campaign, welcomed CUB's support.

"The fight to end phantom taxes will not be easy," said Caplan, "but with the support of grassroots consumer organizations like CUB, we'll have added strength. Illinois ratepayers are among the hardest-hit in the nation, and this represents a very effective way for CUB to fight for them," she said.

Added CUB's Sue Stewart: "Passage of HR 4923 is long overdue. It's high time Illinois Consumers stopped serving as a low-interest lending agency for our state's utility companies."

Connors...

Continued from P.1
Nunrich created the Niles Township Olympic Committee which provided Connor with unreimbursed funds to offset the costs of gymnastic expenses. Nine years later Nunrich and Niles Township supporters were rewarded for their efforts.

Legion-Auxiliary Installation on Saturday

The Seventh District of the American Legion will hold their joint installation of officers with the ladies of the Auxiliary district in Morton Grove at Post #134, 6140 Dempster, this Saturday, August 4 at 7 p.m. The public is invited.

Ohio Wesleyan graduate

Pinney graduated from the university with a degree in chemistry.

Dishonest Employees take toll on Niles businesses

Three Niles businesses reported to police that employees stole money from their cash registers on Monday, July 23.

Officials of Ponderosa Steak House, 7237 Dempster st., told police that some time between 4 p.m. and 8 p.m., unknown persons took \$360 from a cash register.

Ponderosa officials said they had first counted the receipts before calling the police.

Township gets Senior Citizen Grant

Maine Township Supervisor Paul K. Halverson has announced that the township has been awarded a \$15,000 grant by the Suburban Cook County Area Agency on Aging to continue providing information and referral services to senior citizens.

This is the third grant the township has received since 1983 to partially fund the program. "The information and referral service provides a central clearinghouse for senior citizens and eliminates the frustration and hassle involved in attempting to locate the appropriate agency to meet their needs," Halverson said.

Pre-School registration Aug. 29

The Niles Park District will be holding registration for its fall Pre-School program at 9:30 a.m. to 11 a.m. (residents only) on Wednesday, Aug. 29 at the Recreation Center, 7877 Milwaukee ave.

Children 3 years old or older by Sept. 1 and who are toilet trained may enroll in this 15 week program. Children reaching 3 years old between Sept. 2, 1984 and Feb. 1, 1985 may register for the second session class for new students (Rec. Center, Tues. & Thurs., 9:30 a.m.). A birth certificate is required at the time of registration. The resident fee is \$80 for 3 days per week/15 weeks and \$40 for 2 days per week. (Non-resident fees are doubled.) Classes are as follows: 3 yr. olds-Oakton Manor Mon., Wed., Fri., 9:30-11:30 a.m. or Tues. & Thurs. Sports Complex Tues. & Thurs. 1-3 p.m. 4 & 5 yr. olds - Oakton Manor, Mon. Wed. & Fri., 1-3 p.m. or Tues. & Thurs. Sports Complex Mon. Wed. & Fri. 9:30 a.m., Rec. Center Mon., Wed. & Thurs. 9:30 a.m. If the above 3 yr. old classes fill, we will open a Tues. & Thurs. afternoon class at the Rec. Center. Call the park district office at 967-6633 for more information.

SCORE small-business workshop

Just how does one succeed with a small-business in these rugged economic times? That is the focus of the one-day Small-Business Workshop to be given Thursday, Aug. 9 at 8:30 a.m. to 3 p.m. at the Dirksen Federal Building, 219 S. Dearborn st., Chicago.

Co-sponsored by SCORE (Service Corps of Retired Executives) and the U.S. Small Business Administration, the workshop will offer advice on matters relating to the start-up of a new business. It will provide information about acquiring basic management skills; sources of capital, and other financial details; taxes and record-keeping; determining organizational setup (whether proprietorship, partnership, corporation, etc.); regulatory and other legal factors involved; marketing; determining markets, reaching out for customers with promotions and advertising, and making the sale.

By advance registration only (due to limited seating capacity). Mail check or money order (#6) to SCORE, c/o U.S. Small Business Administration, 219 S. Dearborn st., Room 437, Chicago (60604), or call 353-7723.

Nine companies add matching gifts programs to schools

Nine major corporations have added employee matching gifts programs to elementary and secondary schools in recent months. Six of these companies are headquartered in Illinois, and include Abbott Laboratories Inc. in North Chicago, Dart & Kraft Inc. in Northbrook, G.D. Searle & Co. in Skokie and the Kemper Group in Long Grove. Bell & Howell Co., Marenmont Corp. and National Can Corp. in Chicago have also made this change. John Hancock Mutual Life Ins. Co., Boston, and Merrill Lynch & Co., Inc., New York City, have also recently extended their support for employee contributions to pre-collegiate education. These nine corporations join 253 others headquartered or operating in Illinois that match employee gifts to schools.

These changes in corporate giving policies were made with the assistance of The Corporate Project of Chicago. The Project is a young, innovative nonprofit organization dedicated to helping elementary and secondary schools obtain matching gifts. The only organization of its kind in the country, the Project brings together Illinois nonpublic schools to work cooperatively to help all schools. The Project applauds the action taken by these companies.

During 1982 10% of the non-public schools in Illinois received more than \$140,000 in matching gifts. Matching gifts is becoming increasingly popular as a way for corporations to support schools. Corporations favor a matching gifts program because it enables employees at all levels to make decisions about corporate giving. Matching gifts also provide an incentive for employees to give to charities and to become volunteers.

For more information about the Project or matching gifts, call Sandra C. Danforth at (312) 955-5319.

Premier Banks net income up 30.6% for second quarter

The Premier Banks have reported second quarter Net Income of \$973,000, up 30.6% from the same period in 1983. Total revenues were up 25.6% providing the five bank group with record earnings for the quarter, in spite of the modest 5.4% increase in Net Interest Income.

Six months Net Income of \$1,982,000 was registered for 1984, as compared to \$1,522,000 for the first half of 1983. The Premier Group's assets grew \$52.3 million from the previous year, with total assets of \$331.5 million at June 30, 1984.

"The Premier Banks have maintained steady growth in both earnings and assets over the past 3 years," said Larry L. McGregor, Chairman of the Board of the Bank Group.

"Management expects this pattern to continue through the remainder of 1984. The opening of two new facilities, Grayslake National Bank's new Round Lake Commons Facility, and First National Bank of Mundelein's new Wauconda Banking Facility, allow The Premier Banks greater geographic reach. The additional Premier 24 Teller automatic banking machines at each of seven locations makes convenience banking a very real option for the Premier Bank customers."

The Premier Bank Group includes Golf Mill State Bank, Niles, Grayslake National Bank, Libertyville National Bank, First National Bank of Mundelein, and The Premier Bank of Vernon Hills.

Attends management seminar

Lenore Janacek, President/CEO of the Lincolnwood Chamber of Commerce was awarded a certificate at the University of Colorado for completing her six month year of the Institutes for Management, a continuing education program for chamber of commerce and association executives. The program is sponsored by the Chamber of Commerce of the United States.

The Colorado Institute is one of six annual sessions held at leading universities throughout the country. Other universities that host Institutes are Notre Dame, Georgia, Southern Methodist, San Jose and Delaware.

The Institutes for Organization

Management is a program for organization executives who wish to promote their professional and personal advancement. The curriculum includes coursework in management philosophy, interpersonal processes, government, law and organization structure; as well as in more contemporary issues such as economic and environmental concerns. The early years of the Institute program concentrate on the basics and as one progresses through the program, emphasis shifts to the more theoretical aspects of management. Upon completion of six years, practice and theory have been integrated into a well-rounded comprehensive educational package.

SCORE/SBA half-day marketing seminar

SCORE/SBA announces a seminar on "Marketing" to be held Monday, Aug. 6, as part of its Summer Seminar series for those planning to start up a business, or those already in the start-up process. OCC fire science courses

Six different classes in Fire Science will be offered this fall at Oakton Community College/Des Plaines, 1600 E. Golf rd.

Introduction to Fire Science (FIR 101), Chemistry of Hazardous Materials (FIR 105), Fire Fighting Tactics I (FIR 121), Fire Protection Systems I (FIR 201), Industrial Fire Protection (FIR 219) and Emergency Medical Technician - Ambulance (FIR 220) are being offered at night. FIR 220 also will be offered on Saturdays, from 9 a.m. to 2 p.m.

"Ever increasing heights of new buildings, changing structural concepts, development and use of new materials, and the increased awareness of the public—all have introduced new challenges into the field of fire protection," noted program coordinator Frederick Salzberg. "The fire science program offered by Oakton is designed to meet these challenges. Its objective is to satisfy the growing demand for personnel and administrators educated in fire science technology. The fire science program offers several career opportunities for persons interested in entering the field and it also benefits individuals already in the field."

Two types of fire science programs are available at OCC. One includes subject matters pertaining to fire science theory and liberal arts. Upon completion of this program, graduates are awarded the associate of applied science degree. The second program leads to a certificate in fire science and consists of any combination of 30 semester hours in fire science courses, provided the combination has the approval of the curriculum coordinator.

For further information, call Salzberg, 635-1861.

Bethesda Hospital progress report

Officials of Bethesda Hospital, two years after its acquisition by one of the nation's premiere hospital management companies, have issued a progress report.

Bethesda, a fully accredited 154 bed community hospital located at 2451 W. Howard st. in Chicago, was acquired in mid-1982 by Universal Health Services, King of Prussia, Pennsylvania.

During a period in which many hospitals are reducing their capabilities, Bethesda Hospital has added to its fine general medical services such specialized departments as the Vision for Life Eye Care Center, the Neighborhood Emergency Center and, last month, its new Arthritis and Back Pain Center.

Under the direction of Administrator William R. Fox, Bethesda has also assembled one of the finest medical staffs in the area, with over 200 distinguished physicians and surgeons from the North Side and Northern Suburbs. Elliot G. Goldin, M.D. is Medical Staff President.

Since its acquisition, Bethesda has remodeled three of its patient floors as a part of an overall plan of renovation and modernization. Slated for renovation this summer are the radiology department and intensive care unit.

Also during this period, the hospital has added the finest in state-of-the-art medical equipment, including a 2000 Monitor stress test machine, Argon laser equipment for the Eye Care Center and the nuclear medicine department's Gamma 400 Maxicamera.

As a part of its ongoing commitment to the community, Bethesda has established a series of free monthly educational

programs which are open to the public. Recent subjects have been diabetes, arthritis, physical therapy and women's wellness.

Bethesda has also established a speakers bureau which provides organizations with doctors who address their meeting on a variety of health related subjects. Groups wishing a speaker may call 943-9395 to make arrangements.
