From the Left Hand

by Bud Besser

It's Tuesday afternoon and we wanted to write about a planning director and a Mayor and local ordinances which aren't being upheld. But it's hopeless. Harry Carey keeps yelling in my ear. Some bush pitcher named Sutcliffe just hit a homer. Police Captain Bill Terpinas called to commiserate with a White Sox fan who can't believe what these Cubbies are doing. Dernier just scored. Durham singles. Sandberg goes to third. The umpire is out of position, according to Lou.

Baseball fever has enveloped our office. We brought in hot dogs for lunch. Sauerkraut and good brown mustard. And potatoe salad. Here comes Sandberg. Run number five. 5-0. Here comes the Penguin.

I'm sitting here typing this column of non-sequiturs with my Sox cap shielding my glasses from the fluorescent glare. Outside my office last year's Sox pennant is draped across the doorway. Here's a 59 year old guy yelling, "Hey, Hey" and singing "Holy Mackerel!" and getting caught up in Cub fever.

As I've grown older I don't follow baseball as I once did. Dernier just caught a line drive. I complain it's too slow

TOURMALINE FOR OCTOBER

The lucky person born in October has two of nature's most exciting gem offerings as birthstones: opal and tourmaline. Most people are familiar with the unique beauty of opal, but tourmaline is not so well known—even though it's one of the few gemstones mined in our own United States.

Tourmaline is found in exciting, vibrant colors—red, pink, green, yellow, brown, and even the fashionably popular teal blue. Fine red tourmaline is called rubellite, rich green specimens are known as chrome tourmaline, and the teal blue color is called indicolite. One of tourmaline's unique features is the occasional growth phenomenon which causes the mineral to change color dramatically in mid-growth, such as from yellow to brown or from red to green. The result is called bi-color tourmaline, and, if the green serves as a crust to the red portion, it is called watermelon tourmaline.

The two U.S. localities of Tourmaline gem mines are California and Maine. The California mines are located in the southernmost part of the State, in San Diego County. The Maine deposits are found in Oxford County, on the west side of the state bordering New Hampshire. Tourmaline is not only beautiful; it's also beautifully affordable. This makes it possible for many people to enjoy this beautiful gemstone in fine qualities and large sizes. Stop by for a first-hand look at the color excitement.

Fire Prevention Week

October 7 through 13 marks Fire Prevention Week this year. Observed annually by the United States and Canada, Fire Prevention Week always falls during the Sunday-through-Saturday period that includes October 9. This is the date of the anniversary of "The Great Chicago Fire", a disaster that inspired real community efforts toward fire prevention.

The latest figures made available by the National Fire Protection Association show that, in just the United States, 6,137 people died in fires in 1982. That means that in 1982, each day 19 people died in fire. It is further estimated, that over 2 1/2 million fires occurred nationwide with a resultant property loss of more than 6.4 billion dollars.

In a study conducted by the National Fire Protection Association, cigarettes are shown to still be the major cause of fire-related deaths with fixed and portable heating equipment the second major cause. The study further shows that the greatest number of fire deaths occur between the hours of 8 p.m. and 8 a.m. the past 5 years have shown a decrease in the amount of fire deaths which can only be attributed to the increased awareness of the public in the use of SMOKE DETECTORS.

Fire Chief Richard H. Holtz and the members of the North Maine Fire Department invite residents and their families to tour the fire station during Fire Prevention Week to meet the men and see the equipment that serves the District. The North Maine Fire Department, which provides fire protection and emergency service for approximately 25,000 people in East Maine Township, is located at 9301 Potter rd., Des Plaines.

In addition, a fire safety program will be presented to students and teachers of the schools in the District. This year's program is titled, "Join the Fire Prevention Team - Learn Not to Burn." The program teaches that fire safety is not a passive action and that people must act to protect themselves. Learn not to burn. Plan your escape from fire. Make fire prevention every week, all year long.

FOOT NOTES

By Dr. James Elipas

Let's talk about "neuromas." Neuromas are growths made up of nerve cells and fibers. Neuromas of the foot commonly form between the third and fourth toes. Symptoms include an increasing numbness in the third and fourth toes, then a burning, shooting or a sharp pain that will travel into the third or fourth toe. The common cause for this type of problem is a tight fitting shoe. When a woman, for instance, wears a heeled or closed-toe shoe, the pressure of the foot is thrust forward to the ball of the foot. This forward thrusting compresses the bones, squeezes the toes together and compresses the nerve. The result? Pain is so severe that it will not only radiate to the third and fourth toes but can extend up to the knee and as far as the hip! Treatment can be as simple as wearing a rounder toed shoe. For more serious cases, a series of steroid injections into the nerve may free the heavy tissue that surrounds it, or a pair of arch supports which are known as orthotics can be custom made. If all three forms of treatment fail, the next alternative is a surgical excision of the neuroma. This provides permanent relief of the painful condition, and can be done quickly and painlessly with a surgical laser in an office visit. If this or any of the problems presented in this series by Dr. James G. Elipas are bothering you or your family, contact:

MG Legion Auxiliary grateful for publicity

Dear Editor:
On behalf of the Morton Grove American Legion Auxiliary Unit #134 and retiring president Mrs. Dee Dolan, I would like to extend our group's grateful thanks for the fine publicity accorded us this past year. It has been a super time for this chairman.

Your publishing of our frequent releases which allowed the public to learn and be reminded of the various programs and projects which we associate ourselves with and for which we expend our time, money and talents, was indeed a feather in our cap in the community and township.

This particular chairman will be handling this duty again this coming year and also for the club term of the Seventh District, American Legion Auxiliary and the Department (state) of Illinois, Auxiliary in addition. I trust the same fine reception will be given me in the future as has been the case this last year.

My personal heartfelt thank you for a most successful year.

Lorry Nehart,
Public Relations Chairman

Cub fan puts ball in Besser's 'Left Hand'

Dear Editor:
An old King once sat on his throne at the sea shore and commanded the tide not to come in. He got his rear end wet before he drowned in vanity. His Court Jester now lives as a sophisticated White Sox fan. The Jester, excuse me, the fan knows better than to stand in front of the tidal wave of great Chicago Cub fan enthusiasm. Unfortunately, he won't move because he's not really sophisticated.

The Sox fan writes about Cub and Sox fans but nothing about the teams. The whole world can view the Cubs on TV for free but the dumb Sox fan pays money to watch his team lose. Sort of like rewarding the mule for kicking you in the butt. However, some mules are pretty smart while most are just dumb. The Sox players are all getting raises. The Sox fans are getting raises too!

Raises in ticket prices, hot dog and mustard prices, beer prices and parking prices.

The Sox fan observes that Cub fans use the washrooms. The macho male Sox fan uses the aisles while Sox players use the field. Ladies don't complain. Sox players under achieve on the field and male Sox fans under achieve in other fields. The ladies simply don't notice them!

Sox fans arrive two hours early because they couldn't find the old ball park in the dark. Latecomers look for the lights! Sophisticated Sox fans just follow their noses! Sox fans are smarter than Tony La Russa. Heck, any ten year old Cub fan knows better than to lose 25 more games than last year.

Cub players know it's better to be playing in a World Series in October than working at Disney World where most of the Sox players are now acting just natural.

Cub fans do use Crest and even a mouth wash. Sox fans don't and you can tell, five, ten and even fifteen feet away when they open their big mouths. You don't have to worry about a Sox fan sneaking up behind you and mugging you for your World Series tickets at Wrigley Field. They announce their coming simply by breathing.

Sox fans do drink beer, eat hot dogs, vote for Harold Washington, fight, swear and lose bets to their local bookie. Unfortunately, they don't know how to get a Series ticket. Some even write tear jerker, crying, whining and begging stories just to sit in Wrigley Field. They have no pride and no shame!

Cub fans are different. They are smarter. They know second place in the playoffs is better than sixth place in their league division. They know the difference between 200 fans at a Sox game and 2,000 fans cheering the Cubs Division Championship at Wrigley Field at midnight. Cub fans wives don't worry about mustard on their husbands shirts because their husbands are not under achievers.

In conclusion, I offer a challenge to the great sophisticated White Sox fan. When the great Chicago Cubs enter the World Series and lose, I will donate a \$50 food basket to the Maine Township kitchen. If the great Chicago Cubs win the food basket is donated by the great Sox fan from Bugleland. As they say, the ball is now in your hands.

Sincerely,
Thomas W. Flynn
Great Chicago Cub Fan

Serving Up Food & Fitness
by Mark Krajceki & Cheri Wilcox

Want to cook something Mexican for dinner tonight? Joey and Marie Escareno of Northwest Chicago, have sent in one of their favorite Chicken Enchiladas recipes to share with you, along with some helpful hints when preparing enchiladas recipes.

An enchilada is a corn tortilla rolled around a filling, baked in a sauce and served with a variety of garnishes. The filling and sauce are prepared and cooked in advance. When the enchiladas are assembled, they are baked to melt the cheese and heated thoroughly.

How to Soften Tortillas—Begin by using tongs and place the tortillas, one at a time, in hot oil or hot melted lard for just a few seconds on each side. This will soften them so they can be rolled without cracking and breaking. Drain the tortillas over the skillet or on paper towels. Some recipes may call for dipping the tortillas in a sauce either before

or after they are softened. This is not usually necessary but may add an additional flavor to the tortillas.

Filling & Rolling—Place a softened tortilla on a plate or a flat surface. Spread a spoonful of filling in a strip just below the center. Roll up tightly and place the enchilada, seam-side down, in a baking dish. The baking dish is not greased, but spooning a little sauce over the bottom of the dish will prevent the enchiladas from sticking. When all the enchiladas are filled and rolled, cover them with the sauce so they will not become dry while baking. Be sure the enchilada ends are covered with sauce or else they will become dry and tough.

Preparing in Advance—If you fill and roll up enchiladas in advance, don't cover them with sauce. Enchiladas that have been soaked in sauce will be mushy. Instead, spread only a little sauce on the edges and tops to just keep them moist. Cover and refrigerate the prepared enchiladas until you are ready to use them. Before you are ready to bake them, pour the rest of the sauce over the enchiladas and top them with shredded cheese.

Freezing—Leftover enchiladas freeze well when wrapped in foil. When ready to use, thaw enchiladas for 2 to 4 hours at room temperature, and you can reheat them in a pre-heated 350° oven until warmed through or about 5 minutes.

Enchiladas De Pollo (Chicken Enchiladas)
Makes 8 Enchiladas

2 whole chicken breasts
Water
1/2 small onion
1 bay leaf
8 peppercorns
Salt
1/2 medium onion, chopped
3 tablespoons grated Parmesan cheese
4 oz. Monterey Jack cheese, shredded (1 cup)
1 (4 oz.) can green chiles
1 (13-oz.) can tomatillos, drained or 1-3/4 cups drained canned tomatoes
1/4 cup cilantro leaves, or 1/4 teaspoon cumin (comino)
3/4 cup whipping cream
1 egg
1/4 cup lard
8 corn tortillas
4 oz. Cheddar or Monterey Jack cheese, shredded (1 cup)
Guacamole
1 cup dairy sour cream
2 cups shredded lettuce
12 ripe olives

Place chicken breasts in a large pot or Dutch oven. Add water to cover, onion, bay leaf, peppercorns and salt to taste. Bring to a boil; reduce heat. Cover and simmer 45 minutes or until tender. Cool chicken in broth. Drain, reserving broth for another use. Shred chicken with 2 forks or with your fingers. Mix shredded chicken, chopped onion, Parmesan cheese and 1 cup shredded Monterey Jack cheese. Taste and add salt if needed. Set aside. In blender or food processor, combine green chiles, tomatillos or tomatoes, cilantro, whipping cream and egg. Blend until smooth. Add salt to taste. Set aside. Preheat oven to 350°. Heat lard in a small skillet. With tongs, carefully place 1 tortilla at a time in hot lard. Hold in lard 3 to 5 seconds until softened. Quickly turn tortilla and soften other side, 3 to 5 seconds. Drain over skillet or on paper towels. Place 1/8 of the chicken mixture on each tortilla, pressing the mixture to make it compact. Roll tightly and place seam-side down in a 12" x 7-1/2" baking dish. Pour chile-cream mixture over enchiladas and sprinkle evenly with 1 cup shredded Cheddar or Monterey Jack cheese. Bake 20 minutes, or until heated through and bubbly. For each serving, place 2 enchiladas on a plate and top with about 3 tablespoons sour cream. Place a mound of Guacamole over sour cream. Place 1/2 cup shredded lettuce next to enchiladas, if desired. Place a mound of Guacamole on lettuce. Top Guacamole with 1 tablespoon sour cream and 2 ripe olives if desired.

*These enchiladas are plumper than most enchiladas and are a perfect banquet food.

Illinois laws regarding school buses

by Secretary of State Jim Edgar

The new school year brings a reminder that drivers not only are required to slow down at school zones but must stop before reaching a school bus that has stopped to load or unload passengers.

Under Illinois law, any driver receiving a second or subsequent conviction for passing a stopped school bus will have his driving privileges suspended.

Driving privileges also can be suspended following one conviction for passing a stopped school bus if the driver has also committed two other moving traffic violations in a 12-month period.

Bus drivers signal an approaching stop at least 100 feet in advance (200 feet in rural areas) by the flashing amber and red lights on the front and rear of the bus. The stop signal arm is extended after the bus has come to a complete stop.

After stopping, you may proceed if the school bus resumes motion, the bus driver signals you to go ahead, or the flashing lights are turned off and the stop signal arm is no longer extended.

You are not required to stop for a school bus on the other side of a highway separated in the center by a median strip, or if the bus is in a loading zone where pedestrians are not permitted to cross.

If you have any questions about the Secretary of State's office, please feel free to use our toll-free telephone number (800-252-8980).

A copy of the Rules of the Road will be sent to you upon request. Write to Jim Edgar, Secretary of State, Springfield, IL (62756).

Unique plan provides foot care to elderly

You trim your toenails and treat foot calluses and think nothing of it. It's routine foot care, right?

Now, imagine just how routine these jobs would be if you were elderly, arthritic and perhaps, vision-impaired. Simple routine foot care becomes so difficult for those elderly people that quite often, their feet are neglected. Serious consequences could result.

Thanks to an imaginative Chicago medical group, that situation has changed. In order to provide affordable foot care to the elderly, Superior Care Clinics of Chicago have announced an "ElderCare Podiatry Program." Unlike any other health program in the country, this comprehensive foot care plan for senior adults provides routine foot care

absolutely free for men and women aged 65 and older.

Should a foot problem need more than routine care, Superior Care Clinics will accept Medicare assignment. That means that after a patient has paid her customary deductible, Superior will accept whatever Medicare is willing to pay and mark the patient's bill "Paid in Full."

Superior Care Clinics are located at: 4527 N. Pulaski on Chicago's North side and at 4051 W. 63rd st. to serve the South side of the city. Nine licensed podiatrists staff both locations.

Anyone wishing to take advantage of the ElderCare Podiatry Program is urged to contact either clinic at 583-5330 (North side location) or 284-6400 (South side location).

For more information, contact Mike Cook at 647-8222.

Masters Swim Team at LTY

The Leaning Tower YMCA is pleased to announce the start of morning workouts with the Masters Swimming Team Program. Masters Swimming is competitive swimming for adults 20 years and older. The morning workouts are scheduled from 5:30-6:30 a.m., Monday, Wednesday and Friday and include supervised interval aquatic fitness workouts.

Any YMCA member is eligible to join for a \$10 registration fee through December 31. All swimmers should be capable of swimming eight lengths (non stop) of the YMCA pools to be eligible for the program.

Correct stroke development and rigorous fitness exercise will be stressed.

For more information, contact Mike Cook at 647-8222.

Grand opening of Vietnamese art in Oak Mill

Rose on the 2nd Floor at Oak Mill Mall, 7900 N. Milwaukee, Niles is celebrating their Grand Opening on Saturday, Oct. 6.

A free Oriental lunch served from 12-2.

In Vietnam - an oriental country - there are still a few hereditary artists who originate their outstanding pictures of Ebony encrusted with Mother of Pearl. Nobody outside their family can't imitate their works.

The artists usually have their inspiration to encrust their outstanding pictures of literature - for instance - they originate a set of reputed pictures about the Lady of Kieu. Kieu is a famous masterpiece of literature in the world.

In 1975, the communists occupied South Vietnam. They forced all artists to work together in the collective art center. They wanted to exploit the artists' talent to originate the famous pictures for exporting special works of art to U.S.S.R. and Communist East-European countries. Because of the compulsion, most artists don't have any more inspiration to create their works.

For this reason, very few of the famous pictures are originated illegally in Vietnam at this time. We are afraid that one day these hereditary works will come to an end: the artists will die gradually in the dark, and then no one inherits this profession from his fathers.

TIP charges Township incumbents ripoff opponents

James A. Mahoney, Jr., Township Improvement Party Supervisor Candidate, today condemned the unethical release of information by the current Township Officials. The Township Improvement Party was forced to pay \$30 per page for each item of Township documents requested. Of the numerous materials produced many pages contained no more than one name with one item that had no value and provided no real information.

Mahoney went on to say that, "This is an obvious attempt by our Township Officials to delay, confuse and hinder the opposition in trying to find out the true financial picture of Maine Township government."

"How can we expect to run a campaign and develop issues when we receive incomplete and

vague information on Township finances? Our only possible future course of action is to pursue these Township officials and hope to get a true picture of the financial aspect even if this means going to court to obtain the information," said Mahoney.

White Sox organist playing Kustra's song

White Sox organist Nancy Faust will be playing for Bob Kustra fans during a fundraiser for the Republican state senator's re-election campaign at 6 p.m. Thursday, October 11, at E.F. Tunney's, 10 N. Summit, Park Ridge.

Guests can enjoy an informal ball park supper of hot dogs, brats, salads and trimmings for a \$15 donation. Children under 12 are free.

Tickets can be purchased at Kustra's campaign headquarters, 36 Main st., Park Ridge, or reservations can be made by calling the headquarters at 696-2100. A cash bar will be available.

Faust, organist for the Sox since 1970, will play a medley of sports tunes and pop hits while guests bid on choice merchandise and services at a fundraising auction.

Elected to the 28th District Illinois Senate seat two years ago, Kustra is seeking re-election for a four-year term. After his first year in the Senate, Kustra was selected Best Freshman Senator. Prior to his tenure in the Senate, Kustra served as a state representative in the Illinois House where he also was named Best Freshman Representative.

Dudycz endorsement

Walter W. Dudycz (l), Republican candidate for State Senator from the 7th Legislative District, shakes hands with Robert Reske, a member of the 41st Ward Democratic Organization. Reske, an unsuccessful candidate for the senate seat in the Democratic primary chose to endorse Dudycz over fellow Democrat incumbent Robert Egan.

Open Letter to Representative Jaffe

Dear Representative Jaffe, To assist you in preparing for the debates I proposed, here are my stances and proposals on some of the issues. This, however, is not meant to limit the scope of the debate.

PHILOSOPHY ON REPRESENTING THE DISTRICT
I believe a representative should be in tune with his constituents and reflect the views of the majority. On those rare occasions when he believes he differs from the majority he should explain his views through the media before voting. It will be my policy to issue weekly reports of my votes and inform the people of upcoming legislation.

In contrast, Representative Jaffe, your voting record clearly shows you represent only special interest groups and impose your personal philosophy, which is contrary to the majority of your constituents.

CRIME
I believe people have the right to walk the streets without fear of criminal attack. Criminals who infringe on this right should be taken off the streets and removed from society. The permissive attitude of both judges and legislators must come to an end. Among the things I support are: 1) Reduced judicial discretion and clearly spelled out guidelines for sentencing. 2) Additional 5 year terms (not subject to parole) for crimes committed with a deadly weapon. 3) Giving

law enforcement agencies the investigative tools sanctioned by the Supreme Court. 4) Giving judges the authority to consider past criminal behavior when setting bail.

Rep. Jaffe, your voting record shows your permissiveness toward criminals. You have consistently been against giving the tools needed to investigate properly. You oppose stricter punishment for vote fraud and State income tax evasion. You oppose judicial bail bond discretion, revision of the code concerning the plea of insanity and a long list of others. Your votes demonstrate your disdain for the law-abiding citizens and their protection.

FIRST AMENDMENT RIGHT TO FREE SPEECH
I believe the right to free speech is precious. I also believe that certain limits placed on it by the Supreme Court are proper. Intimidation is already a felony. Child pornography also come within certain set guidelines.

There is no reason not to want Illinois criminal statutes brought up to standards allowed by the Supreme Court. Personally I believe that protecting people who profit from the manufacture and sale of child pornography is as obscene as the act itself.

Your votes, Rep. Jaffe, show a permissive attitude which does not reflect that of your constituents. You voted against legislation intended to curb in-

Illinois Nurses endorse Jaffe

Representative Aaron Jaffe has been endorsed for re-election to the Illinois House of Representatives by SNAPI (State Nurses Active In Politics In Illinois), the political action arm of the Illinois Nurses' Association.

"Representative Jaffe has been a consistent supporter of nursing and health care issues in the Illinois House," said Marge Kearney, Chairperson of SNAPI. "Through his 100% voting record, he has shown his understanding that access to health care for all Illinois citizens is a vital element to our society and that it must be a top priority even in a time of shrinking budgets and fiscal constraint."

Kearney went on to say that Representative Jaffe has been very active on behalf of legislation providing scholarships to RNs returning to school as well as a bill clarifying the practice of nurses who operate in expanded roles.

Yates names campaign co-managers

Congressman Sidney R. Yates (D., IL) has named Diana Hunter and Marilyn D. Clancy as co-managers of his reelection campaign in the Ninth Congressional District of Illinois. Hunter will be in charge of the suburban part of the District and Clancy will be in charge of the Chicago campaign.

Both Hunter and Clancy have been active in politics for several years.

Clancy served as a special assistant to former Sen. Adlai Stevenson and is now president of Clancy and Co., a project-oriented communications and political consulting firm. She is a board member of the Business and Professional People for the Public Interest and the Illinois Council Against Handgun Violence.

Egan delivers "rally" speech

Approximately 400 people attended a rally recently supporting the Solidarity movement in Poland during Chicago's five-day Polish Festival, Taste of Polonia, at the Copernicus Center. State Senator Robert J. Egan (D-7) delivered an enthusiastic speech in which he told listeners that Lech Walesa, whom he met personally during a recent trip to Gdansk, Poland, wished to say a special "thank you" for all the support he has received from Americans of Polish descent during his struggles to establish a free labor union. Egan described his visit with the Polish hero as an "inspiring and humbling" experience. He added he believed that the Solidarity movement "will never die" due to the zeal and enthusiasm of the Polish people he met on his trip.

Among other officials who addressed the crowd was Alderman Roman Pucinski (second from left).

Amirante to speak at luncheon

Sam Amirante, Democratic candidate for the Illinois Senate's 28th District, will address members of the Park Ridge Chamber of Commerce at a noon luncheon on Monday, Oct. 8, in Riggio's Pizzeria Restaurant, 7530 Oakton st., Niles.

For information, call Sam Amirante at 823-0175.

Recorder's offices to open in suburbs

Cook County Recorder of Deeds, Harry "Bus" Yourell has proposed to the Cook County Board of Commissioners that satellite offices of the Recorder of Deeds be established in three suburban areas.

Yourell said he hoped for an early decision by the County Board of Commissioners and was optimistic about his proposal. "It's long overdue," he said. "With determination and hard work, we could be operational in these suburban offices before the end of the year."

"I have recommended that offices be opened in the existing mini-civic centers in Maywood, Markham and Skokie," Yourell said.

THE BUSINESS CLIMATE IN ILLINOIS
Since the unemployment rate in Illinois is substantially higher than the national average, there is no doubt the business climate in Illinois stinks. My candidacy has been supported by such organizations as the Illinois State Chamber of Commerce, Illinois Manufacturers Association, Illinois Small Business Men's Association and many small businesses throughout the state because of my proposals to cure the situation and create private sector jobs; proposals concerning workmen's compensation, unemployment insurance, paperwork reduction, labor laws and a program to attract new business to Illinois.

In contrast, Rep. Jaffe, your approach has been to penalize business. Your anti Cottage Industry bill (H.B. 319) which prevents people from working in their homes and your support of the 1983, AFL/CIO sponsored Workmen's Compensation bill (S.B. 1070) are just two examples of your anti job, anti business philosophy.

I have proposals on many more issues which I will disclose in our debates. These, however, should give you a starting point for preparation.

Citicorp Savings offers bonus rates for savers

Savers now have a unique reason to open or renew a longer-term Citicorp Savings CD: an extra year's interest rate as a bonus.

"The 'bonus rate' could boost yield by as much as .85% without extending the certificate's maturity period," said John Ream, Citicorp Savings president. All CD's with a maturity from 1 thru 3 years will earn the bonus rate. For example, a one-year CD will earn a two-year rate, a 1½ year CD will earn a 2½ year rate, and so on.

Ream also noted that, "October is historically a very active

savings month for Illinois financial institutions. We're timing the 'Extra Year Bonus' program to attract and reward savers who want a high rate of return on their long-term investments."

Citicorp Savings will support the program with a broad-based advertising campaign that includes extensive print and radio ads.

The Extra Year Bonus program is in effect thru October 31. All Citicorp Savings CD's are competitively priced, with interest compounded daily.

Skokie savers fly free on Eastern

Under the terms of a new savings program qualified savers at Skokie Federal Savings can fly free to the balmy beaches of the Bahamas or to any of the other 101 North American destinations served by Eastern Airlines.

Starting Oct. 1, the promotion now offers qualifying customers coach class, roundtrip air transportation to Eastern locations in the continental U.S. and North America.

The association will issue flight certificates redeemable at any recognized travel agency or any Eastern Airlines office and good for travel prior to June 1, 1985.

To qualify for a Continental U.S. ticket, savers must open a \$10,000 24-month certificate paying 10.4% interest or a 42-month certificate earning 11.4%. The North American destinations of Mexico, Bermuda, Canada and the Caribbean require a \$13,000 deposit into either the 24- or 42-month CD.

Larger deposits qualify for additional flight certificates. Interest rates are subject to change with market conditions, however once the account is opened the fixed rate remains until maturity.

John R. O'Connell, Skokie Federal Savings Board Chairman, commented, "Despite aggressive price-cutting on some routes, airfare to many parts of the country is still high. We're delighted to work with a major national airline such as Eastern in offering savers a program that makes flying very attractive," said O'Connell. "And, we're sure a lot of savers will appreciate a sunny Florida or Caribbean vacation—far away from a cold Chicago winter."

The exotic locales served by Eastern include Trinidad, Barbados, Antigua, Aruba, Martinique, St. Maarten, St. Thomas, St. Croix and Cancun.

Travel is restricted during peak holiday periods. Federal regulations prohibit extending the offer to retirement accounts and require penalties for early withdrawal.

Additional information is available by calling Linda Sudendorf at Skokie Federal Savings, (312) 674-3600.

Skokie Federal Savings is a \$700 million financial institution with offices in Barrington, Chicago, Glenview, Kenilworth, Round Lake, Skokie and Woodstock, Illinois.

Century 21 Welter offers business brokerage

Ken Welter, CCIM, president of Century 21 Welter Investment Equities, Inc., has announced his firm has expanded its brokerage activities to include "business brokerage."

"Two and a half to three and a half million businesses change hands each year, which equates to seven to ten thousand businesses each day," said Welter.

"There are currently fourteen million businesses in the United States, of which 25% of them change hands each year," added Welter.

"In fact, small businesses, \$150,000 and under, make up 43% of our entire gross national product," noted Welter.

"Owners of businesses sell for reasons of retirement, illness, relocation, upgrade, disputes with partners, spouses, etc., and even boredom. Many people still feel that owning their own business is fulfilling a lifelong dream to some, it's buying a job."

"We've become familiar with pricing businesses of all types, and feel it is a natural addition to our goal in becoming a full ser-

Volunteer Training Class

Rainbow Hospice has re-scheduled their volunteer training classes to begin October 13 and continue for 9 consecutive Saturdays.

Rainbow Hospice offers care for dying persons and their families. Services, available to residents of the northwest suburbs, are offered by volunteers who are trained and continually supported by a consultant experienced in the field of death and dying counseling.

Medical personnel donate their

time in teaching the volunteers basic patient care, which includes points on pain control, comfort care and general medical practices. Spiritual issues are addressed by a panel of clergy, which is representative of the Catholic, Protestant and Jewish faiths.

A \$40 charge helps defray the costs of textbooks, materials, and other expenses incurred by the Hospice for training. For further information, call the Hospice office at 699-6023.

FNBOS supports SV Symphony

Symphony rehearsal is happily delayed while President of the Skokie Valley Symphony Orchestra, Dr. Robert Komaiko (left) accepts a generous check from the First National Bank of Skokie presented by FNBOS Vice President Carroll R. Layman. Mr. C. Leo Krakow, conductor of the Symphony Orchestra as well as a director on the Symphony board, looks on approvingly.

Miles of Madness returns to suburbs

The Dr. Melvyn Leichling Memorial Foundation is hosting a Miles of Madness Fun Night Saturday, October 20, beginning at 7 p.m. in the parking lot at Skokie Valley Hospital, 9600 Gross Point Rd.

An evening of fun, puzzle-solving, and mental stimulation is promised as participants drive through the near-north suburbs in their search for the final location

which leads to refreshments and prizes as well as the solutions.

For information, call Shirley Sax at 967-5786 after 4:30 p.m. Preliminary instructions will be sent on receipt of reservations at \$12.50 per person to Dottie Benjamin, 3322 W. Capitol, Skokie, 60076, by October 15. Please make checks payable to the Dr. Leichling Memorial Foundation.

Proceeds will go for cancer research, education and training of oncology students, and care of the cancer patient. Last year, through funds raised by this organization, \$5,000 was donated to the Oncology Research Department at the Chicago Medical College and to the Leichling Oncology Unit at Skokie Valley Hospital.

Mrs. Helene Elangin and Mrs. Shelly Lukowicz surprised fifth grade parents with life-sized replicas of their children, dressed and stuffed to the tee - right down to the untied Nikes, a fifth grade favorite.

Warning signs of foot problems

According to Dr. James Elipas, Niles podiatrist, although your feet may not hurt, they may be providing improper neurological coordination information to your body.

Elipas suggests that if you should observe any of the following signs, to call them to the attention of your doctor.

Shoe Wear—Heels should wear to the back and slightly to the side. Sole wear should be even. The back (counter) of the shoe should not break down or roll over.

Callus Formation—There should be no calluses on the bottom or top of the foot. Callus formation on the bottom is due to poor weight bearing by the foot. On top, the formation is usually due to poor shoe fit; it can be from poor foot position.

Developing Hammertoes—Hammertoes develop as a result of muscular imbalance. If treated early enough, they can be corrected.

Bunions—Bunions may develop from improper shoe fit and especially from foot breakdown and muscular imbalance. Early treatment produces good results unless there is a congenital muscle deformity.

Pain Locations—There should be no pain in the foot, ankle or leg upon pressure. Press or poke into

your hand and compare the sensation with that of pressing into your foot. If the foot is much more tender, it's likely that there is a problem in the foot-ankle complex, affecting your health.

St. Paul Musical Arts Competition

St. Paul Federal's Ninth Annual Musical Arts Competition is under way. LaVerne Rice, Community relations manager, says brochures and applications are available at all bank offices.

The competition will include piano, cello, flute and violin with a uniform repertoire for each instrument within specific age groupings. There is also a viola contest in the collegiate division. Cash prizes will be awarded to first and second place winners in each of the 21 separate competitions.

The contest is open to students (primary to collegiate) living in, or studying with teachers residing in communities surrounding St. Paul Federal's 23 Chicago and suburban offices. The age of participant varies according to musical instrument.

According to Ms. Rice, the St. Paul Federal Musical Arts Competition has grown to be one of the most respected in this area. "We have met hundreds of gifted young musicians over the past eight years," she says, "and are very pleased to give them the opportunity to exhibit their talents." The competition was founded in 1977 with 72 entrants. Last year's event attracted about 300 students from Chicago and 60 suburbs.

First place winners will be presented in recital at Elmhurst College, Chapel Hall, on March 3, 1985. In a separate competition during the recital, a grand prize winner will be chosen from among the collegiate contestants. That winner will receive an additional cash prize of \$750. For further information contact Roslyn Rocco at 386-8808.

M-NASR Racquetball Tournament

The 2nd Annual Racquetball Tournament Marathon will be held on October 20 at the Prairie View Recreation Center in Morton Grove. All proceeds of the event will benefit the Day Camp Scholarship Fund for the handicapped children attending summer camp at the Maine-Niles Association of Special Recreation (M-NASR). Last year's tournament marathon raised over \$2,000 for children not able to afford this needed summer service.

Racquetball players of all ability levels are needed to play in the double elimination tournament. You only need to be 16 years and older to participate. For a \$15 registration fee, players will receive entry into the tournament, a marathon T-shirt, refreshments and a chance to win many great prizes. Players are divided by playing abilities, so this tournament assures fun for everyone!

Come on out to enjoy a night of racquetball and support our efforts in providing summer recreation services to handicapped children in your community. The registration deadline is October 1.

For more information, call Brian Shatinian at 966-5522.

a game. It's day has past. It was a game for the first half of the twentieth century. Garvey just bunted a single. It was a game for the daytime. Players of the 20's and 30's and 40's were better than now. Cobb and Ruth and Gehrig. Di Maggio and Williams and Musial. Lefty Grove, Carl Hubbell, Dizzy Dean. They don't make them like that anymore. Yet, here we are in the 80's, still yelling and screaming and cheering on guys who average \$300,000 a year for playing a kid's game. Moreland makes a shoestring catch and saves the day.

Baseball on any one day can be an exquisite game. Played without flaws it becomes almost artistic. The rhythm of a double play. They're giving Sutcliffe a standing ovation as he comes to bat. A sliding into third base triple just under a perfectly executed relay throw from right field. Enos Slaughter scoring from first base on a single when Pesky holds the ball in the 7th game of the World Series. Bobby Thomson's pennant-winning home run. A no hitter...any pitcher's no hit game.

Listening to fan-atics (that's where the word "fan" came from) talk incessantly about baseball is usually an exercise of sheer tedium. Yet, it's as meaningful as the fat lady talking about La Boheme, Sydney Harris spouting off

about Hamlet and some uppity uppitys raving about an artsy movie which is equally as trivial. Bowa catches the second out. Up comes Garvey. Our old friend, Tommy Flynn, sent along a letter which appears in our Letters column. He gives this old Sox fan his due for needing Cubbie fans. Here's Tommy, a lawyer who is so busy he is in constant motion. Yet, he can take the time to send off a letter about baseball. Last night he called and said he knew where he could get tickets for the World Series. He was talking about \$110 to \$150 per game. He's nuts. Dernier just doubled. What makes Tommy run? How can this very bright guy care that much? Matthews hits his second home run. Milo says it's four home runs for the Cubs.

This first game of the playoff series reminds me of the Sox' first World Series game in 1909. They won, 12 to 2, and were only three games away from the championship. They hit home runs and crunched the Dodgers in the first game. Jan's winning the office pool. And that brings up Joeeee...deee Davis. A looping single for Jodie. 9 to 0.

This column is hopeless. Cey scored and that makes it 10-0.
