Niles zoners ok eatery addition

by Bob Besser

The Niles Zoning Board agreed Monday night to allow an addition to be built at JoJo's Restaurant, 9449 Milwaukee Ave., which will permit the restaurant to be converted to a Que Pasa Mexican restaurant. If the addition is approved by the Niles Village Board the new eatery is expected to open in the spring.

Charles Conlon of Morton Grove, representing JoJo's, asked the board for permission to construct a 750 square foot addition on the building. Conlon said the addition would be an atrium sitting area along the north and west side of the building.

From the Left Hand

Niles trustee Carol Panek is bucking Nick Blase's political machine in running as an independent trustee candidate against Blase's full slate of candidates in April's election.

While Ms. Panek is a gentle lady who is not likely to get too feisty during the campaign, she could make it an interesting race if she'd take off her lady-like gloves and plow into Mr. Blase and his rinky dinks.

Perhaps an issue which hits right at home for more than 2,500 Niles families concerns the way Mr. Blase and the dinks bulldozed their way into approving Cablevision, the cable company which now has the exclusive franchise for Niles. It is a classic example of the way Blase applies "the muscle" to get what he wants.

Ms. Panek was appointed chairman of the cable-committee to recommend which company would best serve Niles. For about 18 months Panek went to and fro attending endless meetings. Nineteen northwest suburbs joined together, conducted an in-depth study of all the major companies and made their recommendation. Cablenet was the choice and Panek made this recommendation. But she was rebuffed by

District 63 ok's summer school program

by Eileen Hirschfeld

A summer school program for youngsters in East Maine school District 63 was approved by school board members at a regular meeting Tuesday, Feb. 5 in the Educational Service Center, 10150 Decord, Des Plaines. Classes will be held June 17 through July 12 in Stevenson school which is air-conditioned.

Also, board members approved a raise in tuition costs from \$50 to \$60 a course with a first payment due by April 1. Summer school students usually take two courses which will bring the cost per student to about \$120.

The new fees will probably help fund an approved raise for summer school teachers of about \$15 an hour.

Board members voted to allocate funds not to exceed \$2,000 for costs of the summer program.

Dr. Lenore Page, assistant superintendent, said the funds

Party of Economy and Progress

The Party of Economy and Progress have officially announced their candidacy in the village election that will be held on April 2. Incumbent mayor Nicholas B. Blase (seated) will be heading the ticket and will be joined by incumbent Village Clerk, Frank C. Wagner, Jr. (seated) and trustee candidates (standing) Louella B. Preston, Abe Selman and Peter Pesole.

Incumbent trustees Abe Selman and Peter Pesole will be running with Louella B. Preston, who currently is a member of the Niles Planning Commission and Zoning Board of Appeals. Spokesman for the Party of Economy and Progress ticket, Mayor Blase stated, "Mrs. Preston was selected by our party because of her governmental experience and her service to the zoning and park boards. We strongly feel she is one of the most qualified persons we could have chosen."

The Party of Economy and Progress urges you to register, if you are not now registered, by stopping at the Niles Administration Building, 7601 Milwaukee ave., between 8:30 a.m. and 5 p.m. Monday through Friday and 8:30 a.m. until noon on Saturday. Registration ends on March 4.

Gem-Wise
Jewelry fashions,

By Bill Rand

ARE DISCOUNTS A BARGAIN?

"Reduced 40% - 70%!" "50% Off Entire Inventory!" Have you been lured by jewelry stores with such claims? If so, you're not alone, but let me present my case in opposition.

Did you ever wonder how retail jewelers could stay in business with such drastic reductions? Do you really think they can afford to give up their profit as a favor to you? There is only one possible explanation. The "retail" or "regular" price must be so high that the discounted price still allows a reasonable profit after overhead is covered. In other words, the discounted price is more realistic or more "regular" than the quoted "regular" price.

At Rand Jewelers our policy has always been to offer fine quality jewelry at a fair price. For example, our jewelry has well-crafted mountings, secure clasps and strong chain links. You might see a necklace for \$50 (regularly \$100) through a discount store that sounds like our '80. Upon close examination, though, you might find that although the length and link style are the same, the weight and quality of workmanship are inferior to our '80 item. Are you getting a bargain or merely what you paid for?

We stand behind the quality of our jewelry and won't look the other way if a problem arises a month down the line. However, we take great care in ensuring that problems won't occur. "You get what you pay for" is more than an old adage. It's "food for thought" in a quality-starved world.

Notre Dame Mardi Gras

Notre Dame High School for Boys, 7655 Dempster, Niles, will hold its 22nd Annual Mission Mardi Gras on Tuesday, Feb. 19 at the school from 5-11 p.m. This event will again be sponsored by the Notre Dame family of students, faculty, parents, and alumni.

The Mardi Gras aids the Holy Cross missionaries in their efforts in Chile, Bangladesh, and Uganda. The Notre Dame family has contributed over \$136,000 in the last 21 years to the Holy Cross Foreign Missions.

A spaghetti dinner will be served in the school's cafeteria from 5-8:30 p.m. The dinner, including spaghetti and meatballs, salad, bread, desert, and beverage cost \$5 for adults and \$2.50 for children.

The Mardi Gras will feature a special variety show, Hungry Years. Games will be located in the chapel foyer, rooms 23-27, and the bookstore foyer. The popular dunking booth will be located in the physical education locker room.

Admission to Mardi Gras is \$1 redeemable in activity or food tickets.

A special variety show, Hungry Years, featuring talent from Notre Dame will be presented throughout the evening in the Little Theater.

Center of Concern tax meeting

Anyone in the area who wants to hear a talk on "You and Your Income Tax" is invited by The Center of Concern to hear Mrs. Ann Pointer discuss this subject on Tuesday, Feb. 19, at 2:30 in the afternoon.

In her presentation, she will review items of special interest to older people, emphasizing the latest changes in the tax laws for 1984. However, she welcomes anyone who is planning to make his or her own return or who feels a need to be abreast of the newest tax information.

This program is part of The Center's concerns for the tax problems so many people are aware of at this time of year. To answer this need, there will be knowledgeable tax advisors available by appointment at The Center's office, 1580 N. Northwest Highway every Saturday from Feb. 2 through April 13.

The meeting with Mrs. Pointer will be held in the Conference Room on the lower level of the 1550 N. Northwest Highway Building, Park Ridge. For more information, please call the office of The Center of Concern at 823-0453.

LWV host meeting on public access cable

Officials from Morton Grove and Niles are being invited to a meeting on public access cable television sponsored by the Morton Grove-Niles League of Women Voters 1:45 p.m. Saturday, Feb. 9 in the Trident Center, 8060 Oakton ave., Niles.

"Public Access and You" will be the topic addressed by personnel from both Continental Cablevision and Cablevision, local cable franchisees. The public is invited to attend.

Also, to be shown at the meeting will be the prize-winning video tape produced by members of the Morton Grove-Niles LWV as a public access production.

The tape, titled "Grandma Was A Suffragette", is an historically authentic drama of the American's woman's fight to gain the right to vote beginning with a plea from the letters of Abigail Adams and ending with formation of the League following successful passage of the 19th amendment in 1920.

"Grandma" won first prize as a public access production in a contest sponsored by Women In Cable (WIC). Contest theme was "Made In America."

Seven League members took part in the taping. They are "Grandma", Karol Verson; and production team; Barbara Blonz, Joan Goldberg, Eileen Hirschfeld, Marilyn Kramer, Sue Kravis and Monalu Meyers.

Others taking part in the production included cast members: Irv Albert, Ann Berry, Cara Blonz, Judy Curcio, Karen Gold, Joyce Stern Greenberg, Donna Kravis, Miriam Lobstein, Marilyn Miller, Mary Payne, Anita Phillip, Ruth Richmond, Ginnie Schreiber and John Shelton, as John Adams' voice.

To add to the scenes' authentic looks, three locations other than the studio were used: Rosary College in River Forest, a Chicago attic and a century-old house in Oak Park.

Also, authentic period dress was loaned to League members by a Glenview resident, Rachelle McClarren.

Refreshments will be served at the meeting.

Niles Chamber offers motivational workshops

Every month for the next 12 months, members of the Niles Chamber will be sharing brilliant, new concepts in business and personal management.

Leading the discussions for the new Niles Update Series will be Nick Carter, nationally-known motivational communicator. Carter is Vice President of Communications Research for Nightingale-Conant Corporation of Niles.

He will present programs dealing with the latest concepts developed for a winning management, sharp self-management and increased creativity.

Also stressed will be dynamic problem solving, improved productivity and results-getting sales and marketing.

These workshops, open to area business people, will be held the first Monday of each month at Oakton Community College, Room 2-223.

On March 5, he will show participants how to unlock the creative genius within themselves.

Chamber members can attend all 12 sessions for a special rate of \$75. Non-members will pay \$100.

For a complete list of monthly topics and reservation forms, call the Chamber office, 635-0303.

Maine Township GOP fundraiser

Ice Capades family trip

The Niles Park Districts' second family trip this season will be to the Chicago Stadium to see the 1985 Ice Capades.

Features skaters are: Scott Hamilton, 1984 Olympic and 4 time World Champion, Kitty and Peter Carrothers, 1984 Olympic Silver Medalists and the Snorks (the funniest family on ice!).

Buses leave the Rec. Center, 7877 Milwaukee ave. on Friday, March 22 at 6:15 p.m. and return at approximately 10:30 p.m. Tickets for this ice spectacle are \$9 for residents (which includes transportation). At the door, tickets for the same quality are \$9.50! Non-resident fee is \$13.50. Register at the Rec. Center before February 19.

Trustees Pesole acknowledged the problems caused by the Abt traffic saying, "We've got a problem there and we've got to solve it."

Area residents complained of being unable to invite friends over to their homes on weekends until after Abt closed for the day because there is no parking in front of their houses because of the Abt customers and employees.

Additionally, residents said streets such as Oketo Ave. are

Some fifty angry residents living in the streets adjacent to Abt Television and Appliance Co., 7315 Dempster St., met with Niles officials on Thursday, January 31 to air their grievances about traffic congestion caused by the appliance store.

At the conclusion of the meeting it was decided the residents would form a committee of five to meet with additional village officials as well as representatives of the appliance store.

Dan Jasinski, representing the residents, explained to Niles Trustees Peter Pesole and Angelo Marcheschi, that there were three distinct problems to discuss.

First, said Jasinski, was the problem of traffic congestion caused by the many customer cars and trucks within the area of the appliance store.

Second, the group complained that the side streets around Abt were being used for parking by customers, employees of Abt and by trucks waiting to unload.

The third grievance residents spoke of was the practice of trucks unloading their merchandise for Abt on the side streets around the store.

SJB Festival opens Friday

Niles Mayor Nicholas Blase takes time to wish the "Best of Luck" to producers and performers of "The Best of Times" Showroom. Shown above, l-r: Ken Lee, Ron Schaik, June Garby, Jan Skaja, Mayor Nicholas Blase, Irv Hlava (not shown - Dee Hlava).

For the 18th year "Festival" will be presented at St. John Brebeuf Parish, on the weekends of February 8-9, 15-16. A unique potpourri of cabaret shows, fine dining, games of chance, dancing, comedy and music will transform the St. John Brebeuf School (8300 N. Harlem ave. in Niles) into an entertainment

stage of unforgettable proportions.

To those who have never experienced it, "Festival" is almost impossible to describe effectively. Ask your neighbors who have been there. From showtime at 8 p.m. each evening until the wee hours, patrons are never at a

loss for a song, a laugh, a great meal or snack, liquid refreshments, dancing or a chance to win at the tables.

Admission to "Festival" is a bargain priced at \$8. Tickets are available from Room Ticket Chairman Ken Lee - 967-6234 or Irv and Dee Hlava - 967-7506.

Drunk driving program at Maine

As part of their "Driving Under the Influence Awareness Program," members of the Northwest Suburban Bar Association (NWSBA) visited Maine South High School in Park Ridge this month. The panel of attorneys and legal officials presented the program for Driver Education students, to acquaint beginning drivers with the consequences of being convicted of operating a motor vehicle while under the influence of alcohol and/or drugs, and seriousness of such a conviction. A question-and-answer period followed the presentation.

Panel participants included (l-r.): Attorney

Christopher E. K. Pfannkuche; Attorney James P. Etchingham; NWSBA Speakers' Bureau Chairman and Program Director, Ray DeMaerelaere; NWSBA President James P. Tatoes; Attorney Richard Adler; Judge Rosalind Crandell of The Third Municipal District of Cook County Circuit Courts; and Officer Errol Levy. The program is a free service the NWSBA offers to the northwest suburbs it serves. To schedule a similar program, or to obtain more information about NWSBA services, please call the Northwest Suburban Bar Association at 253-2562.

JOB SUPPORT SESSIONS

Join on-going support sessions for men and women who are out of work. The free weekly sessions will cover job search, contacts, and other job-finding information in an atmosphere of open discussion. Facilitator for the sessions will be Gale Grossman, Ph.D. The group meets every Thursday from 9 to 11 a.m. in Room 115 of Oakton Community College's Skokie campus.

HOW LONG WILL THE MONEY LAST?

Longer than you think. If you have about \$35,000 in savings earning only 5 1/2% interest, you can withdraw \$200 a month for 30 years before your account runs out of money. Chances are you are earning more than 5 1/2% interest. You should be, so you can withdraw more each month and extend the life of your account even further. Your savings institution can provide you with a projection for your own situation.

Yes, people are living longer, they are healthier, and more active. A man who reaches 65 now has a life expectancy of 15 years. The woman's life expectancy at age 65 is 18 1/2 years. In planning financially for retirement years, individuals should consider their advanced life expectancy as well as unforeseen expenditures that may arise.

LOST DISABILITY REVIEW

People who lost their disability benefits between May, 1981 and the present can now ask for a review of their cases. The reviews are being conducted by the Illinois Department of Rehabilitation Services. A toll-free hotline has been established to answer questions. Call Monday through Friday at 1-800-637-8556 between 8:30 a.m. and 5 p.m.

For additional information about these and other senior citizens services, call Ralph Birmingham at the Morton Grove Senior Hot-Line weekdays, 9 a.m. until noon at 965-4658, or Bud Swanson, Director of Senior Citizens Services at the Village Hall, 965-4100, ext. 254.

Showtime at Leaning Tower Senior Center

Fridays at 12:45 is Showtime at Leaning Tower Senior Adult Center, 6300 W. Touhy ave., Niles. Each week an Oldie-but-Goodie Movie is shown featuring famous stars such as Kathryn Hepburn, Spencer Tracy, etc. Everyone is invited to attend these feature length movies.

The schedule for the month of February is: Feb. 8, Life With Father, Feb. 15, Laura, Feb. 22, Paper Moon.

There is no charge for these movies, so mark your calendars and come out to see the movie of your choice. Popcorn and Candy are served at each performance. For information call the center, 647-8222, Ext. 53.

"Voice of Democracy" winners

The Park Ridge Veterans of Foreign Wars Post 3579 and its Ladies Auxiliary recently presented awards to the participants of the annual "Voice of Democracy" contest which is open to all area high school sophomores, juniors and seniors. This year's theme was "My Pledge to America" and each participant wrote a 3 to 5 minute speech which was taped and submitted for judging.

Post Commander Stanley Baranski and Auxiliary President Dee Gjertsen presented the first place winner from each school with two \$50 United States Savings Bonds, one each from the Post and Auxiliary, a Certificate of Merit, and a gold medal on a ribbon. Representing Maine South was Thomas L. Walker, and representing Hydeaway was Dan Awe, who also received another \$50 bond as Post winner. After giving his speech before the Post members, Dan also received a trophy and his teacher, Mr. George Rader, accepted a plaque for the school. Following the awards refreshments were enjoyed by all.

Post Chairman Bob Schaffnerberger and Auxiliary Chairman Rosemary Kaiser announced that all first place winning tapes were sent to the District for further competition. Although Recognition, Loyola Academy and Maine East were invited to participate, no entries were received. A Special Award plaque was presented to Sister Jerome, who for many years was head of the English and Journalism Departments at Resurrection High School, for supporting the contest and encouraging student participation. Sister has recently assumed new duties at the school.

Pastor Honold returns from Holy Land

"Everyone should go there" quotes Pastor Karl Honold of New Life Apostolic Faith Church in Niles on his return from his trip to the Holy Land. He was not only impressed with the spiritual experiences, but with the people who have come from all nations and various religions living together in harmony and respecting the views of one another. The Jewish have their Sabbath from Friday eve to Saturday eve, the Moslems on Saturday eve. To Sunday and the Christians on Sunday. They average over one thousand visitors per day, so they are well organized to handle tourists. Pastor Honold is planning to return and take a tour group in March 1986.

He has a travelogue of all the important places and if any church or group would want to see and hear about the Holy Land, he would be happy to come (free of charge), and give you a pictorial view. You may call him at New Life 647-8779.

New Life Services are as follows: Sunday School 11 a.m. followed by Worship at 12 Noon. Thursday Night Bible Class begins at 8 p.m. New Life is located at

Parent/Adolescent Series

by Larry Renetzky, ACSW/AAMFT
Executive Director, Niles Family Service

and
James Cisek, Ed.D./AAMFT
Director of Community Outreach

"Why can't kids be more responsible?" - "Honestly, my daughter is so irresponsible..." Sounds familiar? Every day thousands of parents of teenagers wonder out loud why their own sons and daughters aren't more responsible. We are all interested in teaching our children to be successful in life and responsible adults. But there appears to be a lot of confusion about how to teach responsibility. More importantly, there is some confusion about what is responsibility. Let's examine this a little closer.

Responsibility is another word which describes cause and effect. Accepting responsibility, for example, means that you recognize you caused something (either good or bad) to happen. You caused some type of effect. So responsibility describes the belief that you are accountable for your behavior and the source of all your feelings, and that what happens to you is caused by your emotions or how you choose to feel (your actions). This is a very powerful concept. What happens to me in life is mostly caused by something I do or decide. I am the reason good - or bad things happens to me. Only by recognizing that you cause what happens to you can you begin to change what happens. It is not bad luck, or mysterious forces which cause things to happen. It is your behavior and your decisions.

We adults also get confused sometimes over the cause and effect relationship. For example, there is a knock on the door and you go over to the door and open it. What caused you to open the door? Most people quickly reply the sound of the knock on the door caused you to go to the door and open it. That's silly! You decided to move to that direction and force your hand to turn the door knob. It was your choice. You could have ignored it just as easily. Suppose it was a door to door salesman holding some brushes for sale. It would be easy to ignore the knock on the door and continue doing your own work.

The point of this is to better understand the relationship between choices and consequences. What happens to us in life - the consequences - are caused by the choices we make. Success in life depends upon recognizing the choices we have (like opening a door or not) and the consequences (opening the door to greet a close friend or to a thirty minutes sales pitch from a very aggressive salesman). That's what responsibility is all about. Making your own choices and accepting or benefiting from the consequences.

There are many things kids say which show irresponsibility. "They made me mad", "They made me go along with them", "They did it first" are all common expressions of irresponsibility. As a parent, it is important to challenge these irresponsible statements directly. No one made you mad. You chose to be angry. No one made you go along with them. You decided to do what they were doing. They may have decided to do it first, but you decided to do it also. It is necessary to point out whenever you can that what happened to them was a consequence of some choice that they made.

Obviously, we adults see responsibility as good, not bad. But many teenagers believe that responsibility is bad. They don't want it. One major reason for that belief is how we adults use the word. Many times, responsibility is used to find some one to punish. "Who's responsible for this broken pencil sharpener? Who's responsible for this mess?" Etc., Etc. Kids learn very early in life that when a parent brings up responsibility, they are being punished. So they believe that bad things happen when they are responsible. Check the last time you used the term "responsibility" with your own children. Perhaps it was to give them a negative consequence. Many kids just don't see anything good happening when they accept responsibility, so why should they be responsible?

As a part, it is essential to point out that responsibility is good - not bad because you control what happens to you when you are responsible. You are in charge, and that is good.

Next article will discuss the five most important beliefs for success in life. Meanwhile, if you would like additional information or suggestions for improving your relationships with your teenager, please don't hesitate calling either Dr. James Cisek or Larry Renetzky, Director at Niles Family Service (692-3396). We are here to help you with your individual, marital and family problems.

The custom of celebrating Valentine's Day with the exchange of sweets and other tokens of affection began during an ancient Roman festival. The first Valentine's greeting card, made of raised paper, dates back to the 1790's.

To continue this loving tradition, celebrate February 14 with family and friends by exchanging special cards and sharing sweets made from pop corn.

WELCOME VALENTINE'S DAY WITH POP CORN SWEETS

POP CORN HEART

2 quarts popped pop corn
4 tablespoons butter
6 cups miniature marshmallows
Red cherries for decoration

Preheat oven to 250 degrees. Place popped corn in a large, 4-inch deep buttered baking pan. Keep warm in oven. Butter a 6-cup heart-shaped cake pan. In a double boiler or large saucepan, melt butter over low heat. Stir in and melt marshmallows. Remove pop corn from oven. Pour butter mixture over pop corn, stirring to coat evenly. Pack the pop corn mixture into the heart-shaped pan. Chill. To remove the cake from the pan, place the pan in a shallow dish of warm water and loosen edges with a spatula. Decorate with cherries.

POP CORN BALLS

Makes About 8

2 quarts popped pop corn
1 cup granulated sugar or firmly packed brown sugar
1/3 cup light or dark corn syrup
1/3 cup water
1/4 cup (1/2 stick) butter or margarine
1/2 teaspoon salt
1 teaspoon vanilla

Keep popped corn warm in a 250 degree oven. In a 2 quart saucepan, stir together sugar, corn syrup, water, butter and salt. Cook over medium heat, stirring constantly until mixture comes to a boil. Attach candy thermometer to pan. Continue without stirring until mixture reaches 270 degrees F. or until a small amount dropped into very cold water separates into hard, but not brittle, threads. Remove from heat. Add vanilla and stir only enough to mix it through hot syrup. Pour syrup slowly over popped corn, mixing with a fork. Shape into balls with pop corn ball maker.

"Responsive Parenting" Series

What is CAWSA?

CAWSA is the Chicago Area Women's Sports Association, a not-for-profit organization established to promote and support sports activities for women of all ages.

Founded in 1981, CAWSA is devoted to promoting awareness of women in all aspects of sports. CAWSA holds workshops and special events to help educate the public about the role of women in sports and its serves as a clearinghouse for information on women's sports activities in Chicagoland.

Although there are more opportunities today for female athletes than ever before, there are still certain inequities found in school and park district programs. To end that, CAWSA is devoted to educating the public by supporting and publicizing women's sports and to achieving greater participation opportunities for females in recreational and competitive sports, with equal access to training and facilities.

For further information on CAWSA, contact Vice-president Linda Buczyzna at 235-1913.

Weight loss seminar

Looking for a way to take off a few of those extra pounds you might have picked up during the holidays?

The Lincolnwood Library, 4000 W. Pratt, may have an answer for you.

Ferre Szulc, a clinical hypnotist, will lead a seminar entitled "Weight Control Through Hypnosis," on Monday, Feb. 11 at 7:30 p.m.

The seminar focuses on how to develop a successful attitude and keep the pounds off permanently.

The seminar is open to the public and admission is free. For more information call 677-5277.

Mid-February will see the beginning of two seven-week "Responsive Parenting" series cosponsored by Community Consolidated District 64 and MainStay Youth Services of Park Ridge. The evening sessions will be held from 7:30-9:30, beginning Monday, Feb. 18, in the Learning Resource Center, Carpenter School, 300 N. Hamlin, Park Ridge. The day sessions will be held from 10 to noon, beginning Tuesday, Feb. 19, in the District 64 Media Center, 400 S. Western, Park Ridge.

The "Responsive Parenting" classes are based on a series by Saf Lerman. Issues addressed will be: disciplining the "strong-willed" child; building self-esteem in children; helping children deal with feelings; coping with anger felt as parents; and helping children learn how to be independent and cooperative.

Both courses will be taught by Ann Leight, Community Education Coordinator, MainStay Youth Services, 778 Busse, Park Ridge. The cost is \$20 per person, \$35 a couple. To register, call MainStay, 823-0650. Early registration is recommended.

Off the Niles Police Blotter...

Drunk arrested after car skids off road

A 40 year old Glenview woman was arrested for drunk driving in Niles after her car skidded off the road on Thursday, January 31.

A patrolling Niles policeman reported he witnessed the Glenview car, which was headed north on Greenwood Ave., skid sideways up over the curb and into a snow bank.

The Niles policeman said when he approached the Glenview woman he could smell a strong odor of alcohol on her breath. Additionally, the policeman reported the driver needed support to stand when she got out of her car.

After being brought to the Niles Police Department the Glenview driver was charged with driving while under the influence of alcohol and driving too fast for conditions.

She was assigned a February court date and released after posting a \$100 bond.

Business burglarized
A Niles business was burglarized during the night of Wednesday, January 30.

According to police, Damar Creative Groups, 231-B Lawrencewood, was broken into when a burglar apparently used a key to get into an outer door and then kicked in an inner door.

Once inside the office the burglar reportedly took a telephone answering machine, one electric typewriter, one computer and printer, one calculator, and one color television.

The total value of the stolen office equipment was set at \$10,800.

Arrest shoplifter
A 21 year old Des Plaines woman was arrested for shoplifting in Niles on Friday, February 1.

The Des Plaines woman was shopping at J.C. Penneys, 220 Golf Mill, when she was seen walking out of a fitting room and continuing out the store carrying merchandise she had not paid for.

After being returned to the store by security guards the Des Plaines woman was turned over to the Niles Police.

At the Niles Police Department she was charged with shoplifting.

She was assigned a February court date and released after posting a \$200 bond.

Store officials said the stolen merchandise was valued at \$204.

Arrested after disturbance

A 21 year old Norridge man was arrested for causing a disturbance in the middle of a Niles street on Wednesday, January 30.

Police were called to the 7700 block of Waukegan Rd. at 7:25 p.m. after receiving reports of a man standing in the middle of the road.

Arriving on the scene police said they found the Norridge man, apparently intoxicated, staggering in the center of Waukegan Rd.

When a policeman asked the Norridge man to leave the area the subject reportedly began verbally abusing the officer and refused to leave. When the man reportedly pushed the officer he was arrested.

While at the Niles Police Department the reporting officer noted the Norridge man punched him in the chest.

The Norridge man was charged with battery, resisting arrest and standing in the roadway.

He was assigned a March court date and released after posting a \$100 bond.

Telephone store break-in

A Niles business telephone store was broken into on Saturday, January 19.

Some time between 8:45 a.m. and 9 p.m. a burglar entered CPI Business Telephones, 5603 Howard St.

Police report there were no signs of forced entry at the premises.

Taken from the office were five Omega II business phones. The total value of the stolen phones was set at \$2,125.

Car stolen from lot
A car belonging to a Niles resident was stolen while parked at a local church on Sunday, January 27.

Between 9:15 a.m. and 10:15 a.m. the car, a 1978 Chrysler LeBaron was taken.

It had been locked and parked in the parking lot of St John Brebeuf Church, 8307 Harlem Ave., at the time it was stolen.

Office break-in
Burglars broke into a Niles insurance office on Wednesday, January 30.

Some time between 6:30 p.m. the night before and 7:40 that morning burglars broke into the offices of American Family Insurance, 8565 Dempster St.

Police said the burglars gained entry to the office by prying open a door.

Taken from the office was a Wang Computer, keyboard, monitor and computer printer.

Additionally, 27 computer discs were taken.

The total value of the stolen merchandise was set at \$700.

Church vandalized
A local church was vandalized some time between January 28 and February 1.

Officials of the Olive Tree Congregation, which is housed at Oak School, 7640 Main St., said they found derogatory slogans spray painted on the southwest corner of their building as well as on their outside sign.

No dollar estimate of the damage was set.

Tires slashed on auto
A Niles resident reported his auto was vandalized during the night of Friday, January 25.

The car, a 1974 Ford Torino, was parked in front of the resident's home in the 9900 block of Huber Ln.

Some time during the night vandals slashed the two front tires.

The replacement of the tires was set at \$100 each.

Car stolen from lot

A car belonging to a Niles resident was stolen while parked at a local church on Sunday, January 27.

Between 9:15 a.m. and 10:15 a.m. the car, a 1978 Chrysler LeBaron was taken.

It had been locked and parked in the parking lot of St John Brebeuf Church, 8307 Harlem Ave., at the time it was stolen.

Tips on safe driving

by Sec. of State Jim Edgar
One of the most dangerous situations in everyday driving occurs when careless motorists move from one traffic lane to another rapidly without signaling.

Always give the appropriate turn signal before changing lanes or when preparing to make a turn.

To make a right turn, first check the traffic behind you and on your right. Slow down, signal for the turn and move into the right-hand lane. Then yield the right-of-way to pedestrians and vehicles in the intersection.

When you make a right turn, do not swing wide into another lane of traffic. In addition, a right turn must be completed into the right-hand lane of the street you are entering.

The only exception to this rule is for vehicles such as trucks and buses that make a wider turn because sharp turns are impossible. Car drivers should be aware that trucks and buses can use the left-hand lane to turn right.

To make a left turn, the left turn lane must be used if one is provided. An adjoining lane may be used if permitted by posted signs or arrows.

A left turn may be completed into any lane that is lawfully open to you.

Once a turn is completed in either direction, a turn signal is required before changing lanes. This will ensure that no vehicle is in your blind spot.

Summer Fare '85 set for Feb. 17

Parents can meet the directors of 125 summer camps and academic programs from around the country on Sunday, Feb. 17 from 10 a.m. to 4 p.m. at Summer Fare '85.

The exposition, a public service of the American Camping Assn., is co-sponsored by the North Shore Country Day School, 310 Green Bay rd., Winnetka, site of Summer Fare.

Admission is free.

North Shore Country Day has free parking and is near both the Indian Hill and Winnetka stations of the Chicago and Northwestern.

For further information, call the American Camping Assn. at 332-0833.

Pullen offers discounted license plate info

Information regarding the new state program for discounted license plates for senior citizens which was given by State Representative Penny Pullen's district office last week was in error.

The new program provides half-price license plate fees to all Illinois residents who are eligible for the Circuitbreaker Tax Relief benefit.

The qualifications for Circuitbreaker are: age 65 or older or at least 16 years old and totally disabled; have an annual household income under \$12,000 (including social security and pension); be an Illinois resident at the time of application.

Rep. Pullen's staff apologizes for any confusion due to misinformation given. Persons who have contacted the office for information about license plate fees during the past week are urged to call again to determine if they are eligible for the discount.

Those needing an application for the Circuitbreaker grant can call 823-2023 on Monday through Thursday, 9 a.m. to 4 p.m. to request one.

Those who have already filed for the Circuitbreaker will receive a notice from the Secretary of State as to their eligibility for reduced fees. This notice should be saved to be used at the time of their next license plate renewal.

Stevenson Student Council works for African Relief Fund

As a part of the African Relief Drive being conducted by the National Red Cross, the Stevenson School Student Council conducted a "Popcorn" sale on Thursday, Jan. 24, to raise funds for this cause.

Under the leadership of Mrs. Vivian Channon, faculty advisor to the Council, the students advertised and produced the popcorn themselves for the sale to the student body on the 25.

The Student Council is made up of representatives from Teams III to VI. The group is elected by the general student body and, then, elects its own president and other officers. Fund raising for various causes is a regular part of the Council's activities.

This year the Council has helped stock the Maine Township Food Pantry, raised money for a third year in a row for the restoration of the Statue of Liberty, and is planning activities to help subsidize the Stevenson Sports Day.

NSJC Sisterhood plan used book sale

Northwest Suburban Jewish Congregation Sisterhood is having a Used Book Sale on Sunday, Feb. 17 from 9 a.m. to 1 p.m. at the Northwest Suburban Jewish Congregation, 7800 Lyons, Morton Grove.

Drop off dates are Wednesday, Feb. 13, Thursday, Feb. 14, and Friday morning, Feb. 15 from 9-1 p.m. only.

We are looking for hardcover books, paperbacks, non-fiction, fiction, children's books etc.

For further information contact David Arnold and Barbara Dorfman, Chairman at Synagogue office.

East Maine students learn about child abuse

Students in the East Maine Public Schools, District 63, are receiving instructions from Mrs. Sonia Doppelt who is teaching them about good and bad touches.

"Informed children are less likely to be abuse victims," said Mrs. Doppelt. She noted that children have the right to their own bodies and must learn this fact. Each child received material reinforcing the concepts of her presentation.

Mrs. Doppelt also presented a number of games with the students to help them learn the difference between the two types of touches.

The presentations by Mrs. Doppelt are one part of the health and safety program that students receive as a part of the regular curriculum.

Making your retirement a challenge!

It is extremely important for newly retired men to stay active physically, mentally and emotionally. Your number one priority should be to maintain your health. Your body doesn't wear out, it rusts out with inactivity and lack of challenge.

Review your own personal talents, goals and needs and try to fit them into your new life of retirement. Playing golf, fishing, yard work, traveling, etc. are not enough to keep you healthy and happy in your senior years. Explore your potential for volunteering. There are numerous community needs that your talents can fulfill. You will find a great self-satisfaction in helping these less fortunate. Start with

your Senior Citizens Center. Making new friends to replace those you left behind when you retired, is very important. A Health Club will do more than keep you fit, it will afford an opportunity to meet others with like interests, and new and lasting friendships will be formed.

Everyone should participate in an Organized Health Program that will meet their own personal needs. You will learn to appreciate your most prized possession, "Your Own Body". Keeping it fit is not an easy challenge. Learning how the body systems function, and how they must work in unison to promote good health, should be a part of

every Exercise Program. Becoming familiar with the pitfalls of good health, and learning how to identify and cope with these problems, is the heart of Preventive Medicine, and should be an integral part of every health program.

The objectives of a good health program should include activities that promote Muscle Tone, Posture, Balance, Flexibility, Strength, Endurance, Recreation Activities and Cardiovascular Stimulation.

Check-out your local Health Facilities and join an Organized Health Class. Inactivity will destroy your Golden Years of Retirement.

Spring classes at LTY

Spring brings warm thoughts of increased activity around the home, the neighborhood...and the YMCA. Thus, the Spring I session of classes at Learning Tower Family Y "warms up" with a greater number of activities. The 7 week term, which begins the week of February 25, provides programs for all ages, 6 months thru senior adult.

Adult Aquatic courses include all levels of swim instruction, a SCUBA "refresher class", Co-ed water exercise, diving, "Land-dubber" instruction for very timid non-swimmers. Water Therapy for those with joint mobility problems, "Masters" swim team for adults, advanced Aquatic Safety and Lifesaving/Lifeguarding with Red Cross and YMCA Certification.

The Health Enhancement department offers "Aerobics in Motion" and Physical Fitness classes at the starter and continuing levels. Many people have lived more enjoyable lives because of the "Nutritional Weight Management" and Stress Management courses. Prenatal and Postnatal classes have been gaining in popularity as has the Dance Exercise Class. A Health Fair with Comprehensive Screenings i.e. vision, blood chemistry, hearing, anemia, is scheduled for Thursday, April 18.

Golf, Racquetball, Karate and judo instruction makes these sports more enjoyable. Among the many classes of informal adult education are Duplicate Bridge, Calligraphy, Dog Obedience, Calligraphy, Hypnosis, First Aid and C.P.R.

While developing rhythm and grace, individuals can become fit and trim through Ballet and Jazz Dance classes. Yoga helps relieve tension and stress while toning and relaxing. For those with cardiovascular problems, an enjoyable productive life can be retained through participation in the Cardiac Rehabilitation group.

Youths have a variety of 7 week classes available to them. Swim instruction for all ages and all

Maine East's Demon Guard at conference

Arthur Belmonte, Victor Grazian, and Christina Rick from Maine East's Demon Guard have been selected as presenters for a March 2 International Youth Year conference, entitled "Youth in Action: Tomorrow's Energy Today." They will be presenting a workshop on their "Learn to Swim" program for children on Sunday mornings.

The "Youth in Action" conference is sponsored by Sheriff Richard J. Elrod, the Cook County Sheriff's Youth Services Department, The BEST Project, and the Coca-Cola Bottling Company of Chicago. The conference will feature over 30 youth groups that are providing excellent and much needed community services, ranging from peer counseling to home help for seniors to radio and television programming.

Youth and adults are invited to attend the all day conference at the University of Illinois Chicago Circle Center. Costs for the conference range from \$3.45 and include parking, refreshments, lunch, and conference materials. For a registration brochure, call the Cook County Sheriff's Youth Services Department at 865-2900.

Ski safety on Cablenet's 'Sports Medicine'

Two experts on sports fitness will offer some pointers for safety on the ski slopes this winter in an upcoming "Sports Medicine and Wellness" program to be aired in February on Cablenet, the community access channel.

Both Brian McCaskey, assistant athletic trainer for the Chicago Bears and Ed Bunzol, a certified athletic trainer and head trainer at North Park College, who are affiliated with the Northwest Sports Medicine and Rehabilitation Center in Chicago, stressed the need for skiers to "get in shape" before hitting the slopes.

The majority of ski injuries are knee injuries, Bunzol told program host Dr. Louis Sorto, a sports podiatrist and consultant at Forest Hospital in Des Plaines, citing a lack of proper training and conditioning as one of the chief reasons for knee injuries in all sports.

The McCaskey-Bunzol interview segments will be seen on Channel 21 at the following times: February 12 - 9 a.m., February 14 - 3 p.m., February 23 - 11 a.m., and February 28 - 6:30 p.m. Consult your guide for future dates and times.

Exciting new things in banking are happening near the corner of Dempster and Greenwood. The Dempster Plaza State Bank has been purchased by owners of The Avenue Bank Group and is now called Avenue Bank Northwest.

The combined lending capacity of \$3,000,000 from this \$275,000,000 asset group is now available to merchants, manufacturers, distributors and other businesses in the area.

A new decor within the Main Bank will soon be underway, which will make it one of the most pleasant places for business and personal banking.

And our modern six-lane motor banking facility just two blocks east will continue to be tuned to your early and late banking needs.

All with an attitude of service that will please you. Do stop by and let us demonstrate why you will enjoy banking at Avenue Bank Northwest.

Motor transport driver

Marine Lance Corporal Kenneth R. Allen, son of Mr. and Mrs. Loyd E. Hannum, 8633 Ferris St., Morton Grove, has been taking part in Gallant Eagle as a motor transport driver for the 11th Marines, an artillery regiment.

The giant combined-services exercise has been taking place in the Mojave Desert at the Marine Corps Air-Ground Combat Center, 29 Palms, Calif. The local Marine is among more than 10,000 Leathernecks serving with I Marine Amphibious Force for the operation. Temperatures have been hovering in the 110-degree range.

1985 teams competition at Oakton

Oakton Community College will sponsor the 1985 North Suburban Regional Test of Engineering Aptitudes in Mathematics and Science (TEAMS) on Tuesday, Feb. 19.

All public and private high schools in the OCC district, as well as Evanston Township High School, have been invited to participate. Teams of up to 12 students from each competing high school will be tested in the areas of biology, chemistry, English, graphics, mathematics and physics.

Winners at the OCC competition will move on to regional competition March 14 at Northwestern University. Finalists will then be eligible to compete in state finals at the University of Illinois.

For further information, call Dr. Frederick Salzberg, OCC professor of engineering, 635-1861.

Speech Team Competition

Maine East's competitive speech team finished second out of 22 participating high schools at the recent Gordon Technical High School Invitational Speech Tournament. Maine East was only one point behind the first place team.

Individual awards were presented to Maine East participants Karen Olsen of Glenview, Curtis Chang of Morton Grove, Dan Libman of Des Plaines, Andy Mazur of Morton Grove, Mike Bonfiglio of Niles, Mark Mendelsohn of Des Plaines, Jenny Benka of Park Ridge, and Tony Merenda of Glenview.

Committee members at Lake Forest College

Lisa Mielzynski of Niles, Paula Piepho of Park Ridge, Julia Surak of Park Ridge are members of the 1984-85 Campus Entertainment Committee (CEC) at Lake Forest College. The CEC is composed of student volunteers. The duties of the CEC include planning dances, concerts and other weekend events.

Mielzynski, a freshman, is a graduate of Marillac High School. Piepho, a freshman, is a graduate of Maine South High School. Surak, a junior, is a graduate of Maine South High School.

They will be invited to the Park District Board meeting on Tuesday, March 19 at 8 p.m. at the Village Chambers for awards and pictures. Prizes will be awarded for each grade category. The grand prize winner will have his/her picture framed and hung at the Sports Complex. The poster may be decorated with any art medium and will be judged mainly on creativity. Included on the poster should be a drawing of yourself skating with the "Life. Be In It." characters.

District 63 kindergarten registration

East Maine School District #63 will hold kindergarten registration on Wednesday, March 20. Children registering for kindergarten must be five years of age on or before December 1, 1985 and those entering first grade for the first time must be six years of age on or before December 1, 1985. A certified copy of the birth certificate must be presented at the time of registration or the child cannot be enrolled. For children born in Cook County, a certified copy of the birth certificate may be obtained from the Cook County Clerk's Office, 118 N. Clark St., Chicago 60602. All children entering kindergarten for the 1985-86 school year must have a physical examination and immunization for measles, German measles, polio, diphtheria, tetanus and pertussis. The evidence of such examination and immunizations must be brought up to date and verified by school officials before a child will be admitted to school in the fall. First graders who did not attend kindergarten must also present evidence of a physical examination and immunization. Forms will be available for all parents on the registration date. Any refusals because of religious beliefs must be accompanied by a written statement from the parent or a religious affiliation administrator. This request conforms with the law now in effect concerning such examinations. Questions concerning registration may be directed to the East Maine Elementary School Principals listed below: Nelson School; Robert Jablon, Principal; 8901 Ozanam ave.; Niles, Illinois 60648; 965-0050. Pierski seeks re-election to Niles Park Board

James L. Pierski, Vice-President of the Niles Park District Board of Commissioners, has announced his candidacy for re-election. Pierski's term, along with those of Commissioners Daniel Kosba and Mary Maruska, will expire on April 30. The election for the new Board will be held on Tuesday, April 2. Jim and his wife Marjorie are long-time residents of West Johanna Dr. in Niles. Their six children, Michael, Sherry, Steven, Jennifer, Deborah, and Douglas, were early and principal factors in his original interest in Park District affairs. In his first four years on the Board, Jim has seen much improvement of services and progress toward serving the needs of all District residents. "However," he says, "there is still much to be done. Our Board is extremely dedicated and hardworking. It has been a privilege to serve with the other Commissioners and to serve the Community. I would like the opportunity to contribute further by serving another term." Dedication to Park Board matters is not the only area in which Jim has given his time and energy. He has been very active for many years in various activities at St. John Brebeuf Parish, serving as member and

President of the Athletic Board in recent years; acting as a performer and Committee Chairman for the SJB annual Festival, which he is serving in 1985 as one of five General Chairmen. In 10 years of involvement with the Niles Baseball League, he has been a team manager, Secretary of the League Board, and League Commissioner. In addition, Jim has been a member of the Niles Days Committee Board of Directors for several years, and has acted as a Webelos Leader within Scouting and coached a girls softball team for 3 years. Jim Pierski believes that his record of involvement and achievement, along with his commitment of time and energy to whatever he undertakes, make him an excellent choice to serve the residents of the Park District for another four years. Pierski is General Manager of the Swap-o-Rama Flea Market chain, which is headquartered in Niles.

"Personal Safety at Home and on the Street" Sgt. Robert Mason and Officer Roger Garcia of the Skokie Police Department will present a program titled, "Personal Safety at Home and on the Street", to the Men's Group of the Smith Activities Center, Lincoln and Galitz on Thursday, Feb. 7, at 9:30 a.m. Please call 673-0500, ext. 338 for further information.

Golf Mill State Bank reports record earnings and growth

We are pleased to report an increase in earnings for 1984. Net income of \$1,096,000 for 1984 represents an increase of 25.7% over the results of 1983, and reflects a 19.8% return on average equity and a 1.26% return on average assets. Total assets of \$92.9 million at Dec. 31, 1984 compare with \$81.1 at Dec. 31, 1983, for an increase of 14.5%. Financing the acquisition of plant and equipment with industrial revenue bonds or offering attractively priced auto and home improvement loans are but some of the innovations which reflect our emphasis in servicing the borrowing needs of our customers. Consistent with this, our total loans reached a record high of \$50 million at year end compared to \$37 million at Dec.

31, 1983, for an increase of 35%. This growth was almost equally distributed between consumer and business loans. The key to our success in this increasingly competitive marketplace is a commitment to excellence coupled with responsiveness. The ability to react in a timely and personal manner to the needs of our customers has distinguished us as a premier bank and differentiates us from our constantly expanding list of competitors. Total equity capital amounted to \$6.1 million, up 22% from the previous year. This strong capital base is comfortably within the capital ratio requirement established by banking regulatory agencies and

Coloring Book Contest

Sergeant John Katsoolias, community relations officer for the Niles Police Department, will be supervising a coloring book contest sponsored by the Niles Federal Savings and Loan, 7077 Dempster st., Niles. Mr. Harold Ulmer, President of Niles Federal Savings, Laverne Sampson, Loan Supervisor, and Sgt. Katsoolias, got together and decided they could, not only stimulate the artistic talents of the students in third grade level, but also generate a positive interest in the banking field. The two winners, one boy and one girl from each school entered in the contest, will receive an award of \$25 and the personal assistance from personnel of Niles Federal Savings to open their own savings account. All the students will be given a presentation on savings account by Mrs. Sampson at the time of the contest, which will be held in late February at the Niles South Elementary and St. John Brebeuf schools. The winners will be selected by their fellow students. Mr. Ulmer and Sgt. Katsoolias feel this is one way they could combine the local police department and local business in supportive roles to enlighten our children in one aspect of their financial future. The winning pictures will be on display in the bank lobby in March, at 7077 Dempster st., Niles.

Mid-Citco reports record earnings

Mid-Citco Incorporated, the holding company that owns The Mid-City National Bank of Chicago and the First National Bank of Morton Grove, reported record earnings of \$4,406,357 for the year ended Dec. 31, 1984, according to President Kenneth A. Skopec. It was the third consecutive year that the bank holding company has posted record earnings. Skopec reported that 1984 income increased \$480,060, or 10.89 percent, over the previous year. Mid-Citco's earnings per share increased from \$2.48 in 1983 to \$2.56 in 1984. Skopec also reported that fourth quarter earnings totaled \$1,061,121 in 1984, as compared to \$945,958 in 1983, an increase of 12.17 percent.

"During the past year we have successfully assimilated our New North Loop facility at 1 E. Wacker dr.," Skopec noted, "and that well-situated unit now gives us three strong Mid-City operations in the loop. In addition, our Morton Grove bank is showing excellent results and we feel that 1985 will be a most positive year if the economy continues to show vitality." Current assets of Mid-Citco Incorporated exceed \$435 million.

Loyola Graduation news

Citicorp to offer tax help

Preparing income tax returns can be a perplexing task. So to make life a little easier for tax payers, Citicorp Savings of Illinois will offer free general tax information through T-A-X-L-I-N-E, a telephone hotline, beginning Jan. 28. The phones will be answered by experienced tax professionals during regular business hours, six days a week, through April 15. Tax payers with questions about income tax regulations and proper tax form preparation should dial (312) T-A-X-L-I-N-E for answers. Citicorp Savings will also provide consumer tax preparation services at 16 of its branch locations throughout the Chicago area. Appointments can be arranged by calling a branch (see attached list) or the T-A-X-L-I-N-E number. The charge for an average tax return preparation is estimated at \$85; however a 10% discount, worth up to \$10, is available for customers who add \$1,000 or more to a Citicorp Savings IRA account. The offer is good between January 28 and April 15. Tax Line is an independent tax preparer offering tax preparation services to Citicorp Savings customers and to the general public. With branches throughout Illinois, Citicorp Savings is one of the state's leading financial institutions.

Tammen receives top honor from Centel

Jon Tammen, Director of Engineering for Centel Videopath, recently received the Centel President's Award for outstanding performance and contribution to the company's progress during the past year. The President's Award is presented each year to one individual in each operating unit of Centel Communications Company, parent company of Centel Videopath, who has demonstrated leadership, dedication, innovativeness and ability to accomplish objectives. According to James Hurley, Vice President and General Manager for Centel Videopath, "Tammen was selected to receive the Centel President's

Award because of his pioneer spirit and innovativeness in designing and engineering our unique two-way microwave network which interconnects Chicago-area cable TV systems. The network is the first of its kind and Jon literally started from scratch in developing Videopath over the last two years." Tammen, a resident of Park Ridge, joined Centel in 1961 and held various positions with the company's Illinois telephone operations, including Manager of the Network and Switching Control Center. He was named to his current position when Centel Videopath was formed in late 1981.

Overlooked tax deductions that can save you big money

Each year millions of taxpayers fail to take advantage of available tax deductions that can save them hundreds of dollars from the IRS, according to Glen Miller, the Director of Tax in the Chicago office of Arthur Young.

In 1981, only one-third of the people who filed income tax returns in this country itemized deductions. The rest took the standard deduction and let it go at that.

"Many taxpayers do not take full advantage of the opportunities for saving tax dollars afforded them by the tax laws," said Miller, whose firm has recently published the Arthur Young Tax Guide 1985 (Ballantine Books).

"It's possible that a lot more people could itemize and reduce their taxes if they were aware of all the opportunities," said Miller. "The question to ask yourself is 'Have you really exhausted all your possibilities for itemizing?'"

According to Miller, one of the most frequently overlooked deductions is that for the working married couple. This deduction is equal to 10% of the lower income of two working spouses, or \$3,000, whichever is less.

The deduction is computed on the basis of "qualified earned income" which includes salaries, wages, etc., but excludes things like interest, dividends, or investment income. Contributions to Individual Retirement Accounts also must be deducted when computing qualified income.

Furthermore, you are entitled to a tax credit - an amount deducted directly from your tax bill - for child care expenses which allow you to work. The credit is computed on a sliding scale.

"What many people do not realize," said Miller, "is that not just housekeepers and day care centers qualify - nursery schools and camps do also. In addition, both spouses don't have to be working. One may have decided to go back to school."

Also frequently overlooked, said Miller, is the fact that in some cases you don't even have to have children to qualify. You can have a disabled parent living at home and claim this credit.

Another overlooked item, said Miller is the sales tax. The IRS provides a chart showing by income and state of residence what an acceptable deduction would be for sales taxes. That chart does not keep pace with increasing sales tax rates and generally speaking, understates the sales tax deduction. Keeping receipts based on checks written for taxable purchases will frequently result in an increased sales tax deduction, he said.

According to Miller, if you use a car to travel for volunteer work you can claim a deductible travel expense of 9 cents a mile in 1984. This deduction will rise to 12 cents a mile in 1985. However, warns Miller, keep a log of the dates you did the volunteer work.

Treasury Secretary Discusses Tax Reform

An expanding economy and a streamlined, fairer tax system are key elements in a second-term Reagan administration strategy to bring down federal deficits. Treasury Secretary Donald T. Regan said in an interview. He said he also expects interest rates to continue to decline. Here is the interview.

Q: Secretary Regan, will the 99th Congress have to raise taxes?

A: I don't think so. It's my belief that when Treasury finishes the tax simplification study we're now doing and present it to the president, he will use that as the basis for a recommendation to the 99th Congress that it act to simplify our tax system, make it fairer and more economically efficient.

Q: You already have ruled out value-added taxes. What other taxes might be considered?

A: I haven't ruled anything out and I haven't ruled anything in. What I said about the value-added tax was that such a tax has a certain appeal, but I don't think it would ever supplant the personal income tax.

Nations have gone to a value-added tax because, first, it is easy to collect and to enforce because you're doing it at the manufacturing level or the service level.

Second, it does deal with the problem of tax avoidance. We have a problem in this nation with the so-called underground economy.

This year, fiscal '85, we'll probably miss somewhere between \$90 billion and \$100 billion in taxes that we should have collected because income, earned and unearned, was not reported to us.

Under a value-added tax a person who buys something will pay tax on the value added at each stage in production and delivery at the time of purchase.

Q: Do you see anything attractive about the flat tax?

A: A pure flat tax is the simplest of all taxes, but just remember what that means.

A flat tax asks how much income you have and directs you to send in 10 percent of that figure. It's as simple as that, but simplicity doesn't necessarily mean that it's fair or economically efficient.

For example, under a flat tax there's no oil depletion allowance and there's no intangible drilling deduction.

Would we have as many people drilling for oil as we have today?

We certainly need more new sources of oil. As another example, would people be as generous to churches, synagogues, hospitals, museums, colleges, if they were not allowed a deduction for charitable contributions?

Under a flat tax there would be no deductions.

Q: Most tax reform is tax increase by a different name. Will taxes be raised when this reform is enacted?

A: That's not my mission. The president in his State of the Union message gave us the charge to make this tax-neutral.

If the economy picks up as it is supposed to, that means \$750 billion of revenue in fiscal 1985, and something in the neighborhood of \$820 billion or \$830 billion in fiscal '86; we should raise the same amount under a new system or the current system.

It also means, though, that some people will pay more taxes and others will pay less.

Q: Given your scenario for economic growth, at what point would we begin to see federal spending as a percent of gross national product begin to decline?

A: In 1984 - 1983 was the peak. It's declining in '84 as a percentage of our GNP and will be less again in '85.

Q: Do you still subscribe to your chief economist's report of April that says large deficits do not have any impact on interest rates?

A: Certainly. I have repeatedly challenged economists, politicians or anyone else who believes that deficits do have such an effect to show me proof.

A couple of central bankers got irked by my bravado in making that statement and decided to challenge.

They came around to the realization that the empirical evidence does not support that charge.

Look what has happened to interest rates since last May. They're down 2 percentage points.

What has happened to the deficit since the end of May? Not a thing.

Shelter your hard earned money by opening a high yield IRA account.

Why Individual Retirement Accounts?

An IRA should be the foundation of your long term investment portfolio, for three basic reasons:

- 1) Your annual contributions are tax deductible.
- 2) Your IRA will grow tax-free until retirement.
- 3) Social Security may not be a viable alternative depending upon when you retire.

Where should you invest your IRA Contributions?

Smart IRA investing means carefully evaluating several factors:

- 1) Deposit accounts are now deregulated and offer an excellent range of maturities to match interest rate changes.
- 2) Deposit accounts are insured.

How can I get started?

Come in and talk to a Personal Banker and learn how you can earn high interest on your savings while paying less at tax time. We're located just southwest of Golf Mill Shopping Center, right on Greenwood Avenue.

Enjoy Tax Savings Today At The Morton Grove Bank.

Earnings the taxman can't touch...

The IRA is the ideal tax shelter plan for every wage-earner. Every dollar you contribute can be deducted from your taxable income on Federal and State income tax returns. This can put you into a lower tax bracket and result in even greater tax savings. And the interest you earn accumulates and remains tax deferred until you begin withdrawing the funds at retirement.

Every wage-earner can contribute up to \$2,000 annually or 100% of their earned income, whichever is less. A spousal IRA allows the working spouse to contribute up to \$2,250 annually, and working couples filing joint returns can contribute up to \$4,000 annually.

Choose the savings plan that's right for you...

Fixed Rate Plans — For greater flexibility, The Morton Grove Bank offers three types of fixed rate IRA savings plans. Choose from the 6-month, 18-month or 30-month certificates. The plans can be opened with a \$500 minimum and they earn at a high rate of interest that remains fixed for the length of the certificate.

Variable Rate Plan — This plan is designed for the investor who chooses to make deposits periodically to the account. The 18-month plan can be opened with a \$500 minimum and additional deposits can be made automatically from another bank account or at teller and drive-up windows.

Corporate IRA Payroll Deduction Plan — The Morton Grove Bank offers this plan to companies with 10 or more employees participating in the program. The minimum deduction is \$40 per month per employee, and there is no minimum for opening the account. If your company does not currently offer such a plan, call us for further information. We'll be happy to make a visual presentation at no charge.

Withdrawing from your IRA...

You can begin withdrawing funds from your IRA at age 59½, either in a lump sum or periodically as you need the money. The withdrawals are taxed as ordinary income at retirement, but because you'll probably be in a lower tax bracket, you can enjoy additional tax savings. Early withdrawals are allowed, but Federal laws do require a substantial penalty, except in the event of the owner's death or disability.*

The IRA... a smart investment for your future.

We specialize in flexible IRA savings plans that offer competitive interest rates and are backed by FDIC insurance. For more information, stop in today and see one of our highly trained IRA specialists. We'll be glad to provide you with a free IRA calculator, so you can see how your contributions will accumulate and grow substantially in an IRA savings plan at The Morton Grove Bank.

Survey: Inflation Falls For Industrial Machinery

The rate of inflation in the cost of industrial building construction rose slightly between the first half of 1984 and second half of 1984, according to a Kemper Group survey, recently released.

The inflation rate for industrial machinery and equipment fell, the survey found, breaking a string of increases for three consecutive six-month periods.

For the six-month period ended Dec. 31, 1984, machinery and equipment costs increased an average of 1.58 percent, compared to 1.88 percent during the first half of 1984, 1.19 percent the second half of 1983 and .96 percent in the first half of 1983.

Industrial building costs rose an average of 1.12 percent between June 1984 and Dec. 1984. This rate compared to 1 percent during the first six months of 1984 and 2.94 percent during the second six months of 1983. The companies surveyed attributed the low building inflation rate to falling material costs and stable labor rates.

Manufacturers in many industries continue to cite improved business conditions, but were concerned by the decline in factory operating rates, the strong U.S. dollar and possible tax code changes.

They indicated the rate of price escalation for machinery and equipment will remain about the same for the first half of 1985.

Those surveyed anticipate building costs will rise about 2 percent per month in 1985's first half, or about 1.2 percent in the next six months. They expect labor costs to remain stable and for material prices to firm somewhat.

One of the world's major industrial insurers, Kemper develops these cost trends through biannual surveys of over 300 North American manufacturers. The trends are calculated by use of a weighted index, corrected for productivity, and include an installation factor.

"The cost trends indicate overall percentage increases in the cost of buildings erected and machinery fully installed, for various types of plants," says Carl C. Chappa, Kemper's risk property valuation and appraisal manager. "This type of information is extremely useful to companies when determining the present worth of their facilities for insurance purposes."

A special section of the survey, North American Building Cost Location Factors, compared the 1984 value of industrial buildings of similar construction in 116 North American cities, using Chicago, as a base at 100. Some of the cities compared are as follows: Boston, Mass.-104; New York City, N.Y.-114; Atlanta, Ga.-98; Dallas, Texas-95; Los Angeles, Calif.-115; Toronto, Ontario-107; Montreal, Quebec-99; and Vancouver, British Columbia-113.

Also included in the industrial inflation survey are cost trends for Australia, Belgium, France, Japan, Singapore, the United Kingdom and Federal Republic of Germany. In comparison to the U.S., the annual industrial inflation rates were higher for Australia, Belgium, France and the United Kingdom; lower in Singapore; and about the same in the Federal Republic of Germany and Japan.

Taxes Biting Into Your Income?

Save Today And For The Future With A Norwood IRA.

Most of us know that Individual Retirement Accounts (IRA's) are a smart way to save for the future while saving on taxes now. And, that this personal retirement savings plan is available to every wage earner, even if you already have a pension plan. What you may not know or realize is:

- 1. You don't have to deposit the full \$2,000 in an IRA.** That's merely the maximum that can be deposited yearly (or \$4,000 for working couples with separate accounts). For example, if you deposited \$500 this year and were in the 30% tax bracket, you would still save \$150.
- 2. You don't have to deposit in one lump sum or at a particular time of year.** Norwood Federal allows you to open an IRA with just \$500.* And, you can add to it any time throughout the year with as little as \$100.**
- 3. And, you don't have to contribute to your IRA every single year.** Depending on circumstances, you might add more or less or nothing in a given year. The Norwood Federal IRA gives you that flexibility.

There's still time to save on your 1984 taxes. Just stop by before the April 15, 1985 deadline and one of our friendly counselors will open your IRA.

Some Helpful, Others Confusing

H&R Block Explains Tax Change Effects

By BARBARA MCGUIGAN
H & R Block
Course Instructor

Big brother was watching. The 1984 tax law changes are numerous. As is usually the case, a few of them are helpful, many are not, and enough are confusing.

First, some of the helpful ones:

- 1) Assets purchased after June 22, 1984 and before the end of 1987 now qualify for long-term treatment (only 40 percent of the total gain is taxed), if held over six months and then sold.

- 2) Taxpayers who own a qualified diesel-powered highway vehicle may qualify for a tax credit based on the Model Year.

- 3) The penalty for underpayment of estimated tax will not apply unless the balance due is \$400 or more, or one or more quarterly payments were not made on time.

- 4) After 1984 estimated tax payments will not be required unless the balance due is expected to be \$500 or more.

- 5) However, Exceptions 2 and 4 to the penalty have been repealed and alternative minimum tax must be taken into account for estimated tax purposes.

- 6) Taxpayers who do not itemize may now deduct 25 percent of \$300 (maximum \$75) of their charitable contributions. If married filing separate the maximum is \$37.50.

- 7) Now for some of the bad news:

- 1) Only prescription drugs and insulin may now be taken as an itemized deduction.

- 2) Up to one-half of Social Security-Railroad Retirement Benefits may be taxable, depending upon your income and filing status.

- 3) Your contribution for 1984, towards your Individual Retirement Arrangement (IRA), must be made before or on the due date of your return.

- 4) An extension of time for filing your tax return no longer gives you an extension for making your contribution.

- 5) Fewer taxpayers will be able to income average, an often overlooked tax savings.

- 6) In the computation, only three base years are now used (previously four), and averageable income is now the amount by which taxable income in the computation year exceeds 140 percent (formerly 120 percent) of the sum of base period taxable incomes.

- 7) For property sold after June 6, 1984 under an installment agreement, any recovery of depreciation that will be taxed as ordinary income (section 1245 and 1250 gain) must be reported in full in the year of sale.

- 8) The years for depreciating real estate purchased after March 15, 1984 has increased from 15 to 18.

- 9) There are new rules for "listed property" placed in service after July 18, 1984, such as passenger autos, property generally used for entertainment, recreation or amusement and computers.

- 10) If business-use percentage is 50 percent or less no investment credit or section 179 deduction may be taken.

- 11) In addition, the alternate ACRS method (depreciation) must be used over an extended recovery period.

- 12) Also, when the taxpayer is an employee, these deductions are only available if the use of the property is for the convenience of the employer and is a condition of employment.

For autos placed in service after June 18, 1984, and business use is over 50 percent, the maximum investment credit is \$1,000 multiplied by the business-use percentage.

Also the maximum ACRS for the first year is \$4,000 including the section 179 deduction. The second and third year, the maximum is \$6,000.

Any basis in excess of \$16,000 may be written off at a maximum of \$6,000 per year until the business percent of the cost has been written off.

An item to be aware of right now is that taxpayers must have adequate contemporaneous records to substantiate business expenses, beginning in 1985. Your tax preparer will be required to obtain written confirmation that you have met these requirements.

Cragin Federal offers 7 IRA plans

All wage earners under age 70½ can reduce their total taxable income by at least \$2,000 by depositing in a new or existing Individual Retirement Account (IRA), according to Adam A. Johns, chairman of the board and president of Cragin Federal Savings.

By reducing taxable income from their tax return, IRA depositors therefore reduce their total tax bill. For example, in tax year 1983:

MARRIED PERSONS	Without IRA	With IRA
Total income	\$40,000	\$40,000
Two exemptions	-\$2,000	-\$2,000
Taxable income	\$38,000	\$34,000
1983 TAX DUE	\$7,604	\$6,264
	(a \$1,340 tax savings with an IRA)	

SINGLE PERSONS	Without IRA	With IRA
Total income	\$20,000	\$20,000
One exemption	-\$1,000	-\$1,000
Taxable income	\$19,000	\$17,000
1983 TAX DUE	\$3,089	\$2,577
	(a \$512 tax savings with an IRA)	

Cragin Federal Savings offers seven FSLIC-insured and high-yielding IRA plans: six CDs with terms between 12-42 months, plus one Insured Money Market IRA.

CRAGIN IRA ACCOUNT	MINIMUM DEPOSIT
12-month fixed CD	\$500
18-month fixed CD	\$500
24-month fixed CD	\$500
32-month fixed CD	\$500
42-month fixed CD	\$500
18-month variable CD	\$100
Insured Money Market CD	\$100

Cragin's 24-hour Rate Line - 889-1000 - announces the latest rates. The annual maximum deposit allowed for single persons is \$2,000; for households with one working spouse, \$2,250; and for households with both spouses employed, \$4,000.

With \$1.4 billion in assets, Cragin operated 21 offices throughout Chicago, the northwestern and western suburbs including Niles and Park Ridge.

Survey: Deposits Viewed Safe By Bank Consumers

"In spite of some doomsday news reports to the contrary, the American consumers' confidence in the safety of their deposits in banks remains at outstanding levels," declared John K. Moore, chairman of the Community Bankers Council of the American Bankers Association (ABA).

Moore said this reflects results of a recently conducted survey commissioned by the ABA.

"This consumer confidence is obvious to bankers, who are in daily contact with their customers, but is also shown conclusively with new survey research," said Moore.

Ninety percent of the public said they were very confident or reasonably confident of their insured deposits, in a random sample survey of households with \$20,000 or more in annual income.

Ninety-two percent said they are at least as confident now as a year ago.

"The state of the economy is healthy, our day-to-day transactions are normal, and the overall banking system is strong," said Moore.

"The man on the street has strong confidence in the strength of the American banking industry and the effectiveness of the federal insurance agencies.

"Confidence is the lynchpin of our banking system, and the

Federal Insurance systems are assuring that all works smoothly," Moore said.

While there have been 58 insured bank failures so far in 1984, there have been 171 new banks chartered and insured, according to Moore.

Total assets of those failed banks were \$2.662 billion, according to FDIC statistics. That figure represents 0.11 percent of total domestic and foreign assets of U.S. banks of \$2,342 trillion on hand at year-end 1983.

"That is hardly a nick," Moore said, "and the worst seems to be over."

As of mid-1984, according to the FDIC, there were 14,876 insured banks in the U.S.

According to the FDIC, 46 of the bank failures so far this year, or about 80 percent have been handled through the purchase and assumption process, which means that the bank opens the next business day with new ownership and no disruption of depositors.

Of the remaining closures involving payoffs to depositors, checks for deposits up to the insured limit are available within one or two business days.

For our all-time record profit of \$13,009,018 in '84 we'd like to thank Thomas Majewski Christine M. Aiello Stephen A. Carlson

As you may have guessed, the people mentioned in our headline are just a tiny fraction of the folks responsible for our banner year—our customers. With an after-tax profit of \$13,009,018, Cragin Federal Savings and Loan Association earned more in 1984 than any other year in our 75-year history. This figure makes us one of the most profitable Savings and Loans in America, and perhaps—after other institutions report their performances—the most profitable in Illinois.

For this unprecedented earnings figure, which now has increased Cragin's reserves to an enviable \$50,617,479, our gratitude goes out to the more than 100,000 Cragin customers who rely on us to take care of so many of their financial matters. With their added deposits of \$121,756,152 in 1984, the total amount of savings on deposit at Cragin rose to \$1,023,877,608. This means that Cragin was able to pay interest totaling \$86,432,167 in 1984—an all-time Cragin high. Now with assets of \$1,421,245,397, Cragin Federal ranks as one of the top 100 largest S & Ls in America.

What our record of success means to you. First of all, our distinguished record of ceaseless asset growth, savings increase and prudent investment means supreme safety and security for our depositors. Next, our reserves, which far exceed regulatory requirements, give Cragin the financial strength to extend a wide variety of services such as discount brokerage, auto loans and full-service insurance with more efficiency and less cost to you.

Our strong asset base allowed us to continue one of our primary missions: providing home ownership. Total lending for 1984 exceeded \$190 million, a record. This means that your deposits are earmarked toward helping improve our own communities.

We serve in many ways. Cragin understands that growth comes only through service. That's why we've initiated a series of innovative financial marketing programs. Some examples: The Preferred Customer Mortgage, a unique plan which has allowed Chicagoand families to obtain fixed-rate, long-term mortgages for interest rates as low as 8½%.

Totally Free Checking, which offers no service charges and no minimum balance. This account spearheads the most comprehensive checking account package in the industry.

Affordable Mortgage Loan, an adjustable-rate loan which has allowed families to purchase homes at low initial interest rates with safeguards that keep payments affordable.

It is these and other programs which have established Cragin Federal's reputation for marching at the vanguard of financial services.

But Cragin doesn't stop there. We serve our community as well—with activities such as our sponsorship of the Whistlestop crime prevention program, free seminars in tax sheltering, retirement planning and more.

Our guiding principles: We understand that staying close to our customers is crucial to good service—which is why there are 21 Chicagoand Family Financial Centers to serve you. And servicing customers with care, efficiency and diligence is the only way we know to maintain our unflagging 75-year partnership of trust.

In 1985 and beyond, we will continue to grow and strengthen, thanks to you, our customer.

Adam A. Johns, Chairman of the Board and President

International director to visit MG Lions

Lawrence Emerton, International Director of the International Association of Lions Clubs, headquartered in the United States, will address the Morton Grove Lions Club at their annual "Charter Night" Dinner Dance to be held at the Chateau Ritz, 9100 Milwaukee ave., Niles on Friday, Feb. 8.

MG Historical Society meeting

Guest speaker at the general meeting of the Morton Grove Historical Society on Tuesday Feb. 19, will be John W. Haben of Skokie.

The meeting will be called to order at 7:30 p.m. in the Baxter Auditorium of the Morton Grove Public Library, 6132 Lincoln ave., by President Dede Connelly. After a short business meeting, Program Chairlady Phyllis Olsen will introduce Mr. Haben who will talk about restoring the building his family calls home. The 2½-story Italianate Victorian era house at 3058 Lincoln ave. in Skokie was built by Michael Harver in 1874. It had a meat market on the first floor and living quarters on the second floor and is the oldest commercial building in the village of Skokie. It stands on land purchased from the Blameuser family.

Mr. Haben, a life-long resident of Skokie, is a member of the family that owns and operates, since 1929, the Haben Funeral Home in Skokie. He is a business major and completed the mortuary science course before joining the family business. He will show slides about his efforts at restoring the building and will detail some of his experiences.

It is a very interesting and informative program and the general public is invited to attend at no cost. There will be a free door-prize drawing and light refreshments will be served.

The occasion for his visit is to address the club on their 45th anniversary. Mr. Emerton, of Goffstown, New Hampshire represents more than 1.5 million members of over 36,000 Lions Clubs in 157 countries and geographical areas around the world in his current visit to Morton Grove. He is one of 33 international officers and directors of the Association, drawn from 15 countries.

Dedicated to humanitarian service, Lions Club International is the world's largest service club organization. All members are volunteers. Traditional service efforts of Lions Clubs include providing special assistance to the deaf and blind, but strong emphasis is also placed on educational, public, environmental, citizenship, health, recreational and social services to local communities served by Lions Clubs. Similar efforts are directed towards increased international understanding through such programs as club twinning, and international youth exchange and youth campus.

Baseball returns to Lincolnwood

With baseball spring training just around the corner, the Lincolnwood Library, 4000 W. Pratt, will get you in the mood with a Valentine's Day treat. It's a double header with two showings of "The Natural" starring Robert Redford, Robert Duvall and Glenn Close on Thursday, Feb. 14 at 4 and 7 p.m.

Filed on location in Buffalo, New York, and based on the novel by Bernard Malamud, "The Natural" is the story of Roy Hobbs and his late blooming baseball career that becomes the talk of the nation.

Admission is free. For more information call 677-5277.

PTSA's hold International Night

An international night on February 14, hosted by the Niles North and Niles West High School PTSA organizations at Niles North to celebrate their founding, offers residents of District 219 a glimpse into "The Many Worlds of Niles Township." Students from both schools will portray their cultural heritages through costumes, songs and dances. Parents will provide culinary delights for the international sweet table.

"We're inviting everyone in the community to come share this special evening with us," says Karen Jane McCulloh, the Skokie Valley Council of PTSA's Human and International Relations Chairman. The program begins at 7:45 p.m. in Niles North's room D-1410. The school is located at 9800 N. Lawler ave. in Skokie, directly west of Old Orchard Shopping Center. Contact McCulloh for more information at 966-4699.

Skokie Historical Society meeting

Skokie Historical Society, 8031 Floral st., Skokie, will hold a meeting at 8 p.m. on Thursday, Feb. 7.

Neil King, Skokie Historical Society member and leading Skokie Realtor will reminisce growing up in North Skokie; the last years of Niles Center and first years of Skokie. Neil has been a keen observer of the Skokie scene, since his father, Armond D. King initiated the movement of Jewish residents into the Village in the twenties. Come and bring a friend. Refreshments served.

Welcome

Free nutrition lecture for Skokians

The typical American diet is so high in fat, sugar, cholesterol and sodium that almost everyone can improve their overall health through better dietary patterns. Nutrition information is often confusing and contradictory. The Skokie Health Department has procured a grant to conduct free nutrition motivation lectures and individual counseling for any interested resident. Adrienne Matthew, B.S.N., conducts the lecture program and nutrition counseling sessions.

The lecture series is free and all interested residents are encouraged to attend. All lectures are held in the Skokie Village Hall Lower Level Annex Room. 9 a.m., Tuesday, February 12, "Vitamins".

1 p.m., Thursday, Feb. 21, "How To Eat Well The Low Fat Way".

7 p.m., Tuesday, March 12, "Minerals".

1 p.m., Thursday, March 21, "Nutrition Labeling".

9 a.m., Tuesday, April 9, "Say Yes to Less Salt".

1 p.m., Thursday, April 18, "Milk".

7 p.m., Tuesday, May 14, "Foods With Protein".

1 p.m., Thursday, May 23, "Say Yes to Less Sugar".

Paramedics at Stevenson

On Thursday, Dec. 6, paramedics from the North Maine Fire Department joined students in Team II at the Stevenson School in Des Plaines, as a part of the children's community helpers series. This series on people who make a community work was organized by Mrs. Patricia Avena, Ms. Mary Corrigan, and Mrs. Evelyn Felson, Team II teachers. The unit involves visits by policeman, hospital personnel, various professional people such as lawyers, and others who provide services to the children's neighborhood.

Paramedics M. Williams and W. Griggs conducted an hour long presentation that fascinated the students. They brought the moveable stretcher/col used in emergency situations, their portable communications system, and other equipment needed to save the lives of people who have been in accidents or received injuries in some emergency. The children were delighted to watch and listen to a demonstration of the walkie-talkie as the men spoke with hospital personnel.

The paramedics developed the theme of how they are the "hands and eyes" of the doctors at an accident scene as the victim is being transported to a hospital. The men reviewed many of the techniques and procedures that they institute under direction of doctors as they bring people to a treatment center.

Focusing on training, Mr. William indicated that a two year course is a necessary prerequisite to service as a paramedic. And, he outlined the yearly training and testing he has to prepare for to keep his license up to date.

One student wondered if girls could be paramedics and she was answered with a resounding "yes".

Stevenson School is one of four elementary schools in the East Maine School District 63, Des Plaines.

Blase. After about 18 months of work and studies, Blase gave the word Cablevision would be the choice. Panek resigned as chairman and Blase put in one of his "good ole boys", Ang Marcheschi. Ang marches to Blase's beat, just as the other trustees, and Cablevision moved into Niles.

Blase and Marcheschi were crowing about the great coup they got for Niles. Cablevision would pay \$500,000 up front which would generate substantial income for Niles during the ensuing years. In other words, Cablevision bought into Niles. While the \$500,000 would be deducted from future income, Niles would get the interest on the money which its supporters said was substantial.

It looked bad...very bad. Even though they weren't the recommended company they bought their way into Niles. Such a practice didn't happen in any other neighboring town but it happened in Niles.

It made everyone look bad. If Cablevision could buy its way into a franchise, it made those who made the choice vulnerable. Their choice was not based on anything but the payoff upfront.

Today, Niles officials are complaining of the inadequate way Cablevision is handling Niles. Only last week we reported two Niles officials (Blase and Marcheschi) were threatening to discontinue the franchise agreement when it comes up for review in the coming months. Did they say this out of sincerity or were they looking at April's election and attempting to quiet the natives who are upset by the cable company's inadequacies?

Last week we also reported Cablevision is upping its fees. We have no idea how it compares with outside cable companies. But if Niles was on the ball, it would know precisely

how Cablevision's fees compare with its neighbors' fees. Unfortunately, as of last week, Niles officials not only had no idea what their neighbors were paying but they had no record what Cablevision had been charging in Niles. Village personnel called us and asked if we had a fee schedule which we received several months previously. We did and returned it to them. It was obvious they didn't have the fee information.

From our catbird seat, since Panek is no longer on the cable committee, the group seems to be winging it. We sat in on a meeting with Cablevision representatives a couple of months ago and Niles officials seemed to have no control or knowledge about cable matters when they were confronted by the Cablevision people. We won't embarrass the trustee, but at this meeting to clear up problems concerning Niles, one trustee confronted the cable company people with problems concerning his father-in-law's reception. Blase, who chaired the meeting, blew-up at the trustee for being so frivolous when they were attempting to improve service for the entire village, not just the trustee's in-laws.

Panek has a good issue here. Selecting a company which bought its way into town seems to be an important issue. Not selecting the company which was recommended by a committee representing 19 northwest suburban communities makes Niles' choice vulnerable.

There's lots of issues Carol can bang away at. None more graphically portrays the way Niles is run than this one. Blase plays the game straight by selecting Carol and joins the 19 suburb committee. But when the greenbacks were waved in his face he ended the pretext of playing it straight.

Niles zoners... Continued from Page 1

The addition, which Conlon referred to as a "greenhouse appendage" would make the building "consistent with the flavor" of the other Que Pasa restaurants in the Chicago area.

Conlon said there are currently Que Pasa restaurants in Buffalo Grove, Chicago and at 5990 Dempster St. in Morton Grove.

Conlon also told the board there are four additional restaurants planned.

Currently, according to Conlon, JoJo's can seat up to 145 patrons. The addition on Que Pasa will bring that seating up to about 205.

Zoning Board Commissioner Angelo Troiani voiced some concern over whether there would be the prescribed parking called for by village ordinance.

However, following a discussion with the entire Zoning Board, it was determined the parking was adequate.

The Zoning Board unanimously approved the request from JoJo's to build the addition on the restaurant.

In other business, the Zoning Board put off making a decision on a petition from a Morton Grove businessman to establish an auto repair business in Niles.

Robert Oetringer, owner of the Morton Grove Auto Clinic, 8671 Lincoln Ave., asked the board for permission to move into the vacant gasoline station at 6500 Gross Point Road.

The lot is currently zoned for a gasoline station and would need special zoning for an auto repair garage which did not pump gasoline.

Oetringer explained to the board he would be leasing the corner from Marathon Petroleum Co. which is itself leasing the lot from owner Bernice Pearson.

However, attorney Michael Holzman, representing Pearson, told the Zoning Board a court order currently prohibited any business except for a gas station from using that property.

Zoning Board members voiced concern that if they went ahead and approved the special zoning the land would be permanently rezoned, without regard as to whether the zoning is used by Oetringer.

Following a discussion the board unanimously voted to continue the request until its March meeting.

Additionally, Oetringer was ordered by the board to present an exterior landscaping plan as well as details about constructing a fence at the east property line before the next meeting.

At evening's end a raffle was conducted for a variety of prizes. The winners were: Louis Goodman—19 inch color TV, B. Cowsky—12 x 15 carpet, George Walters and Jaclyn Olson—one hour each tax consultation, John Burke—12 inch B&W TV, Debbie Galante—Lionel train set, J. Kolas—\$50 Savings Bond, F. Parkinson—Ceramic Christmas tree.

All proceeds were placed in the fund's account maintained at the First National Bank of Niles. The funds will be transferred to a bank in Baltimore where the Sullivan's, now reside. Last summer Kevin suffered complete kidney failure and in November underwent a kidney transplant operation. His recovery has been good, but he will be unable to work for at least a year. The monies raised will help to meet the costs of everyday living, utility bills and mortgage payments.

The volunteers of the Kevin Sullivan Kidney Fund also extend their sincerest thanks to all those who made their efforts a success.

Dr. Donald Bond, District superintendent, suggested the District insurer be questioned as to how the policy could be "tightened up."

Board members defeated a move to hire an outside evaluator for the Humanities Enrichment (gifted) program.

Niles blood pressure screening

The Village of Niles community blood pressure screening program will take place on Thursday, Feb. 7 from 3:30 p.m. to 7 p.m. at the Trident Community Building, 8060 Oakton in Niles. There is no charge for this program and advance enrollment is not necessary.

Lead screening... Cont'd from Skokie-L'wood P.1

Symptoms may not appear. Recent cases in Illinois have revealed the extent of potential lead exposure. In a recent case high quantities of lead dust was brought into the home of an auto machine shop worker on his hair and clothing. The lead dust resulted from grinding valves of occupational exposure may occur in battery manufacturing and reclamation, radiator repair, pottery manufacturing, soldering and paint removing.

Many lead poisoning cases were associated with the child's wooden porches or near exterior painted walls. One study found an average lead concentration of 2,400 micrograms per gram of dirt on urban children's hands. This is 24 times higher than allowable daily exposure.

Residents may unknowingly cause lead dust contamination inside of a home when refinishing or remodeling indoor walls or floors, which were built before 1955.

The entire population may be exposed to high lead levels but the damaging effects are much worse in small children. The Center for Disease Control recommends annual screening of all children ages nine months to six years. Since the child is most susceptible from birth to three years of age, early detection is important.

The Skokie Health Department offers a free lead screening clinic every month for Skokie children age nine months to six years. Call 673-0500, ext. 238 to schedule an appointment.

February is American 'Weekend athletes' who grab their skis are risking trouble

Heart Month

February is American Heart Month and an appropriate time to explore ways of reducing the risk of heart attack.

There are two sets of coronary risk factors," according to Noel D. Nequin, M.D., Medical Director of the Cardiac Rehabilitation and Health Enhancement Center at Swedish Covenant Hospital, 5145 N. California ave. "The individual has no control over the first set, but he or she definitely can manage the second group.

"Of the factors one cannot control, family history is the most ominous. The persons whose mother, father, brother or uncle has suffered a heart attack at an early age should be particularly zealous about maintaining a healthy life style," says Dr. Nequin. "Gender and age are also risk factors; males are initially more susceptible to coronary disease than females and both sexes become more vulnerable as they grow older."

Risk factors that can be controlled are:

- **Hypertension.** High blood pressure can be lowered by avoiding the excessive use of salt, by getting regular exercise and by managing stress. Medication may be necessary to control high blood pressure.
- **Hyperlipidemia or high blood fats.** Excessive blood fats result the clogging of arteries. High cholesterol (from consumption of saturated fats) and high triglycerides (caused by excessive intake of carbohydrate foods) can be controlled by diet and/or medication.
- **Inactivity.** Sedentary persons tend to have a higher heart attack rate than those who are physically active. A program of regular exercise is essential for anyone wishing to reduce the risk.
- **Diabetes.** Diabetes has a high incidence of strokes and coronary disease. Good control of diabetes through diet and/or medication helps retard the process of hardening of the arteries.
- **"American Heart Month,"** says Dr. Nequin, "is a good time to evaluate your life style. There may be coronary risk factors that you can eliminate."

Bunzel agreed, adding that the majority of ski injuries are knee injuries. He blamed lack of proper training and conditioning as "one of the premiere reasons

"Weekend athletes" who grab their skis and head for the slopes without first conditioning their bodies, especially their knees, are risking trouble. That's the warning issued by two Chicago sports experts. Brian McCaskey, assistant athletic trainer for the Chicago Bears and Ed Bunzol, a certified athletic trainer affiliated with the Northwest Illinois Sports Medicine and Rehabilitation Center in Chicago, shared some ski pointers recently in a radio interview with Dr. Louis Sorto, a sports podiatrist and consultant at Forest Hospital.

McCaskey and Bunzol were adamant about the need for skiers to "get in shape" before hitting the ski trails.

McCaskey said skiing and other recreational sports are "directly comparable to football; you have to have the proper equipment, be physiologically trained, ready for it."

The greatest cause of accidents or injuries is other skiers," he said. "I've had people ski across the back of my skis. The safest thing is to go to less

popular runs; don't stay with the crowd."

Should all safety measures fall and you still wind up in a cast, both McCaskey and Bunzol point out that recovery is a lengthy process.

"People don't realize, when the cast comes off, that's when the work begins," said McCaskey. "You've gone through a rehabilitation process," to strengthen the injured area and regain the range of motion.

A successful rehabilitation program will take anywhere from two to four times as long as the cast period.

In a final caution to party-minded skiers, Bunzol offered a reminder to "avoid alcohol until the end of the day." Interfering with honest self-evaluation, alcohol impaired judgement can tempt a skier to attempt a run beyond his ability and lead to serious injury he warned.

For more information, contact the Northwest Illinois Sports Medicine and Rehabilitation Center in Chicago at 984-1127.

Applications for diabetes summer teen camp available

The third annual American Diabetes Association's (ADA) "Adventure Island" summer camp for teenagers with diabetes will be held July 21-27 and August 1-7. Applications for these two one-week sessions are now available.

Teenagers 14 to 18 are eligible for camp registration. Campers will be selected by the Program Committee of the Northern Illinois Affiliate. Trained counselors and a medical staff of physicians, nurses, and dietitians will be present on the island throughout each session. The camp program is designed to combine recreational activities with informal learning sessions related to diabetes. Activities include: swimming, canoeing, hiking, sailing and the climbing the rope course.

The cost of each one week session is \$225, and this fee includes food, lodging, transportation, and diabetic medical supplies. Camperships and fee reductions are available.

For a camp application and additional information, call the Northern Illinois Affiliate of the ADA at 312/346-1805.

New hope for diabetics...

Chicago Northside Diabetes Center

For the first time, diabetics in Chicago have a center totally dedicated to their needs: the Chicago Northside Diabetes Center.

Important Resource

We can be an important resource for you and your physician on an ongoing basis. At the Center, you will learn the latest in home-monitoring techniques and methods for treatment of diabetes complications. The self-management educational program stresses the importance of diet, exercise and medication in each individual's program of care.

Specialist in Field

Our teaching team covers the importance of nutrition, exercise, home care, eye and foot care. Family and personal counseling provides inpatients and outpatients with a personalized educational program that is easier, safer and effective.

Our Goal

Our goal is to provide knowledge regarding self-care and management of diabetes. We believe this knowledge will inspire confidence and hope for the future as you assume responsibility for a healthy, vital life.

To learn more about how we can be of help to you, ask your family physician or call us direct. For a free brochure—call **Chicago Northside Diabetes Center—761-6690** or write us at 2451 West Howard Street, Chicago, Illinois 60645.

Northside Diabetes Center Open House

Morton Grove resident **Buffy Katznelson** is given a blood sugar test by Bio-Dynamics Sales Specialist **Barbara Donoghue** at the Northside Diabetes Center Open House, Thursday, Jan. 24. The Center, which recently opened at 2451 W. Howard St., provides educational programs and the latest treatments for diabetics.

"Foot Care and the Diabetic"

"Foot Care and the Diabetic" will be the topic of a talk by **Charles W. Marshall, D.P.M.**, at 7 p.m. on Thursday, Feb. 14, at the Chicago Northside Diabetes Center, 2451 W. Howard St., Chicago.

Dr. Marshall, a podiatrist, is a member of the medical team at the Center where the latest treatments and education programs on the self-management of diabetes are offered.

"Learning proper foot care,"

Dr. Marshall said, "is just one of the important but neglected areas which the Center addresses to help diabetics adhere to a complete self-management program."

Health Fair at Maine South

The Maine South Health Unlimited Club will sponsor the fourth annual health fair at the school on Feb. 14 from 8:30 a.m. to 3:30 p.m. in the student cafeteria. Students may attend during lunch, lounge, and study periods. As in the past, both student booths and community organizations will be featured.

Club booths will allow students to check balance, reaction time, and cardiovascular fitness as well as to test their minds on calorie counting and health trivia. A computer will help determine individual life expectancies. Nine community organizations will have displays or demonstrations including two new groups, the Diabetes Association and the Chicago Dental Association.

Returning organizations are the American Cancer Society, the Chicago Lung Association, the American Red Cross Blood Drive, the Cook County Public Health Department, the Heart Association, Lutheran General Hospital, and Holy Family Hospital.

The fair and the related American Red Cross blood drive will be organized by the members of Health Unlimited under the direction of the club's officers.

Members prepare signs, design the displays, and man the booths during the fair.

Leukemia Society

Telecast

P. Michael Voute, President of the Illinois Chapter of the Leukemia Society of America, Inc. announced today that Mrs. Connie Payton of Arlington Heights will chair the second "Five Hours For Life" telecast. The telecast, which will be shown on WFLD-TV Channel 32 on Sunday, March 10, Noon to 5 p.m. will benefit the Leukemia Society's \$220,000 local research program.

Hollywood's Arte Johnson will host the telecast.

Orchard Mental Center new director

"It's the beginning of an exciting chapter in my career," said Dr. James Reisinger upon beginning his work as Executive Director of Orchard Mental Health Center of Niles Township on Feb. 1. Dr. Reisinger was selected after a six month search for a replacement for Mr. Mel Grossstein who retires at the end of this month after 14 years of leadership.

A native of Pennsylvania, Dr. Reisinger came to the Chicago area seven years ago for a position as Chief Psychologist in the Dept. of Child Psychiatry at Children's Memorial Hospital. Holder of a Ph.D. in Clinical Psychology, Dr. Reisinger's principal concern has been with children and their families having worked in hospital settings, community mental health facilities, and in the Pennsylvania Office of Mental Health. Since 1979 he has been on the faculty of the Northwestern Medical School, presently holding the position of Assistant Professor of Psychiatry and Pediatrics, Dept. of Psychiatry and Behavioral Sciences, Institute of Psychiatry.

His expertise in grant writing and fund raising is evident by the many appropriations he obtained both in Pennsylvania and Chicago from the National Institute of Mental Health, the National Science Foundation, and the Bureau of Education for the Handicapped, U.S. Office of Education.

Having served as consultant to a variety of programs as well as a Research Grants Consultant, he will bring to Orchard Center a rich background in both administrative and clinical fields. He will assume responsibility for the direction of an Agency whose present budget is close to \$1 million and whose professional staff presently consists of 30 full and part-time employees.

Orchard Center provides a wide range of services for residents of Niles Township, seeking to assist all from young mothers with pre-school children and their pre-schoolers, to geriatric patients in local nursing homes. For information about the agency, call 967-7300.

Open House at Counseling Center

Far Northwest Counseling Center (FNCC) at 6229 Northwest Highway in Chicago is holding an open house for grammar and high school teachers from 3-5 p.m. on Wednesday, Feb. 6.

Come meet the staff of psychiatrists, psychologists, social workers and mental health workers. Consultations to schools is one of the services offered, through FNCC.

Other services include individual, group, marital and family counseling for children, adolescents and adults. Fees are based on a sliding scale according to income and number of persons in a family. No one is denied services because of an inability to pay.

FNCC is administered through Lutheran Social Services of Illinois. For further information about the open house or the services offered, call 774-7555.

Dr. Lyden to hold Open House

Dr. Linda R. Lyden

Dr. Linda R. Lyden, chiropractic physician, would like to invite the community to an Open House to celebrate the opening of Lyden Chiropractic Clinic on Sunday, Feb. 10, from 1-5 p.m. at her office, 5929 N. Milwaukee Ave., Chicago.

Everyone who attends the Open House will be given a coupon for a complementary spinal examination, and receive a tour of the clinic. A video starring Peter Graves about chiropractic health care will be shown at 1:30, 3, and 4:30 p.m. Dr. Lyden plans to serve the people of her community by providing quality health care, conducting bi-monthly in-clinic workshops on nutrition, stress pain, and health management, and by making herself available to the community for lectures on health care.

Dr. Lyden is a member of the American Chiropractic Association, The Council on Roentgenology of the American Chiropractic Association, Nutrition for Optimal Health Association, and a Diplomate of the National Board of Chiropractic Examiners. She has received certification from the Morton Palpation Institute in recognition of work completed in advanced diagnostic and therapeutic procedures. Dr. Lyden specializes in motion palpation, a diagnostic technique used in

chiropractic treatment.

Chiropractic adjustment is made only after examination to diagnose a patient's condition. The examination includes a consultation/case history, physical examination, laboratory analysis, X-rays if needed, plus a careful spinal evaluation and analysis.

Most insurance companies, workman's compensation and medicare laws honor claims for treatment by chiropractors. Since chiropractic procedure does not include drugs or surgery, time off from work is minimal, if any.

Have you considered a career in nursing? We'd like to help you explore this possibility...

At Lutheran General and Deaconess Hospitals School of Nursing, we develop the total nurse who applies a network of knowledge and skills to the practice of nursing a whole patient — an emotional, spiritual, intellectual, physical, and social being. Our philosophy of care is expressed through our commitment to *Human Ecology* — the understanding and care of human beings as whole persons in light of their relationships to God, themselves, their families, and the society in which they live.

The profession of nursing responds to the personal desire to keep people healthy; to create a healthful environment; to provide comfort, care, and assurance to those who are ill; and to return individuals to the best possible state of healthy functioning. If you have such a desire, if you seek to transmit your wisdom through your heart, perhaps you should consider Lutheran General and Deaconess Hospitals School of Nursing for your education.

Certificate of Approval awarded to Holy Family

The Commission on Cancer of the American College of Surgeons has awarded a Three-year Certificate of Approval to Holy Family Hospital of Des Plaines, Illinois.

The Approvals Program was established by the American College of Surgeons in 1956 to encourage the best in cancer therapy. Different kinds of cancer respond best to different kinds of treatments; surgery, x-ray, chemotherapy, alone or in combination. The program encourages discussion of cancer problems among surgeons, medical oncologist, oncological radiation therapists, pathologists and other medical disciplines involving the diagnosis and treatment of cancer, thus assisting the attending physician in optimal treatment planning for his patient. In addition to having a clinical program which meets the requirements of the Commission on Cancer, Holy Family Hospital

has also met the requirement of having a well-functioning tumor registry. This registry keeps a record of each cancer patient, cured or not, and makes certain that follow-up examinations and rehabilitation of patients are done in a systematic manner at specified intervals. Special studies of cancer causing agents and treatment are possible through the registry.

Establishing a coordinated cancer program, making it function over the years, and providing the documentation is a "labor of love" by the hospital staff and administration. A cancer program takes close cooperation, long hours, and sincere dedication to quality cancer patient care. The staff of Holy Family Hospital, its doctors, nurses, administration, registry and medical records personnel are all to be congratulated on the Three-year approval of their program.

Leaning Tower YMCA Blood Drive

The Leaning Tower YMCA will host a blood drive for members and community residents on Friday, Feb. 22. Eligible donors are encouraged to donate at the 8 a.m. to 1 p.m. drive to be held on the 9th floor of the YMCA, 6300 W. Touhy Ave., Niles. Blood drive chairperson Carri Bush and YM-

CA Director Arthur Michael ask members and community residents to share their good health with those in need. To schedule an appointment to donate at the drive, phone Bush at 647-8222, between 8 a.m. and 9 p.m.

Holy Family purchases Dempster building

Holy Family Health Center, Inc., recently purchased a 5,600 square foot medical building at 2404 Dempster St. in Des Plaines. The building, located directly across from the Health Center, a

372-bed skilled and intermediate care center, is a single-story brick structure and will be used as administrative offices. The building was owned by Northern Trust Bank as trustee.

Local clinic offers guarantee with Stop Smoking program

"If a patient should happen to go back to smoking at anytime within one year after they come into our office, our doctors would give them the entire treatment over again at no charge," said Richard Ansfield, Director of the Medical Habit Control Center, 2434 Dempster st., Des Plaines.

"If our procedure wasn't that effective, there is no way we could make this offer," agreed

Joseph J. Castro, Corporate Account Executive.

"It's a very easy way to stop smoking," noted Ansfield. The patient would come to our office and be here for approximately two and one-half hours. First Dr. Subramanian would give the patient a physical examination, get their medical history and do a complete blood count and chemistry profile. He would then administer small injections of vitamins and minerals which would cause a lack of craving and taste for cigarettes. It alleviates the cold turkey withdrawal symptoms and the irritability and the patient doesn't substitute food for cigarettes.

After this, the patient would see Alan Welsh Ph.D. for a behavior modification session which deals with the psychological aspects. The reflex smoking, the hand-to-mouth rituals, the ingrained habits, the 'what to do with my hands' syndrome and replacing the habit. It is easy to do once the physical craving has been alleviated.

Since this is a medical procedure performed by a licensed M.D. most insurance companies have been reimbursing for the treatment. They are also reducing their risks on future claims by converting a smoker to a non-smoker.

"We contact our patients after one month, three months, six months and one year to see how they're doing. Currently our success rate is running about 85%," said Ansfield.

Several corporations and companies have been contacting us to help their employees. Corporate

Account Executive, Joseph J. Castro adds, "Non-smokers are generally more productive, have a lower absenteeism rate than smokers and non-smokers health insurance premiums are lower than smokers premiums. The employer can give his employees a benefit that will aid them in the long run not to mention personal energy, company morale and the corporate image," stated Castro.

Ansfield continued, "If our procedure wasn't effective, there is no way we could offer the guarantee we do because we couldn't have people keep coming back for nothing. In addition, the word of mouth would kill us. I'd like to see other doctors follow suit with a guarantee of this type."

"Many cardiologists recommend their heart patients to us and patients with emphysema. Once they leave they're a walking testimonial for our service. We get 5 to 10 referrals from every patient including their family, friends and co-workers. Most people say, 'If it works for me it'll work for anyone,'" and that's usually what happens, Ansfield concluded.

For further information on the Medical Habit Control Clinic's stop smoking program, call 298-4840.

New clinic at Swedish Covenant

The breast clinic which opened recently as part of Swedish Covenant Hospital's Family Practice Center incorporates the diagnostic services of the hospital's radiology department. Here Joanne Hardt, radiology staff technologist, shows hospital employee Myrna Dichoso (c) and Marge Price the techniques of reading a mammogram, a special x-ray study of the breast. The mammography unit seen here is used for breast examinations.

Chiropractic associate at Edens Center

Dr. Laurence Been a chiropractor with a background in accounting, soccer, and championship golf has joined as an associate in the practice of "straight" chiropractic with Dr. Marvin Talsky at Edens Chiropractic Family Health Center, 3217 W. Lake ave., Wilmette, in West Lake Plaza.

Dr. Been graduated summa cum laude from Palmer College of Chiropractic in Davenport Ia. He is member of Pi Tau Delta Chiropractic Honor Society and has been certified by the National Board of Chiropractic Examiners.

Dr. Laurence Been

Dr. Been and Talsky unlike other chiropractors in this area use a more recently refined method of chiropractic analysis and low force correction. They also specialize in more chronic and difficult cases, in care and guidance for improving health and preventing returning health problems.

More information about hours or "straight" chiropractic can be obtained by calling Edens Chiropractic Center at 251-9400.

Swedish Covenant's Cardiac and Health Enhancement Center

Swedish Covenant Hospital's Cardiac Rehabilitation and Health Enhancement Center is the oldest cardiac rehabilitation program in Illinois.

Established at the Hospital at 5145 N. California ave. in 1971, it has treated more than 10,000 patients and has become the model for similar programs at other hospitals.

The Center is used not only by those who are recovering from heart attacks but also by individuals who have had no cardiac crisis but who want to improve their general health and reduce coronary risk.

Swedish Covenant's CRHEC provides comprehensive cardiac testing, including graded exercise testing ("stress tests"), 24-hour Holter monitoring (ambulatory electrocardiography), echocardiography and conven-

ARTHRITIS SUFFERERS SHOULD HAVE THIS SERIOUS MEDICAL INFORMATION

There are four important facts you should know:

- 1 There are very effective therapies for your arthritis, back pain and other rheumatic disorders.
- 2 The key to your successful treatment is precise diagnosis.
- 3 The best way for you to obtain an accurate diagnosis and effective treatment is with a multi-disciplinary group of health care professionals under the direction of a skilled and experienced rheumatologist.
- 4 You deserve personal, individualized care.

Dr. Levin, Dr. Kale and their colleagues at Bethesda Hospital's Arthritis and Back Pain Center know that a treatment and therapy program specifically adjusted for each patient can control arthritic pain and allow the arthritis sufferer to improve his or her quality of life.

The facility is equipped to treat both inpatients and outpatients.

"Bethesda Hospital's Arthritis and Back Pain Center... (uses) the medical team approach."

"... the key to successful treatment is precise diagnosis."

At Bethesda Hospital's Arthritis and Back Pain Center, two of the Chicago area's most distinguished rheumatologists, Joel M. Levin, M.D. and Scott A. Kale, M.D. personally direct the diagnosis and treatment of each patient, utilizing the medical team approach. This personalized team treatment program continues through the duration of care.

Bethesda Hospital, at Howard Street and Western Avenue, for more than twenty-five years has built its reputation serving Chicago's North Side and northern suburbs.

DENTAL DIGEST

BY RICHARD C. MAZANEK, D.D.S.

People who are confined to their homes due to injury or illness find it difficult to travel even for the most simple reasons. Because of this they often go without receiving regular dental treatment.

However, the National Foundation of Dentistry for the Handicapped has established "Dentistry for the Homebound" program. Under this program, a van is used to transport a completely portable operatory to the patient's home.

A dental assistant sets up the equipment and drives the van. Dental treatment can then be done for the patient, even if they might be bedridden. The equipment available allows the dentist to perform his usual treatment procedure.

Individuals interested in receiving this service should contact the Illinois Foundation of Dentistry for the Handicapped Office, located in Skokie, presented in the interest of better health by:

Exercise Does Not Guarantee Immunity from Heart Disease

Runners, cyclists, fitness enthusiasts, let us "test-drive" your body.

Take an EXERCISE STRESS TEST—the heart fitness test that could save your life.

The test will determine your current level of cardiovascular fitness and may identify silent advanced coronary heart disease.

You also will get an individualized exercise and health improvement program, and an exercise prescription.

TAKE A STRESS TEST... IF YOU PLAN TO

- remain inactive for the rest of your life
- start a physical fitness program

THE STRESS TEST IS EVEN MORE IMPORTANT IF

- you have a family history of heart disease or stroke
- you have been or still are a smoker
- you have high blood pressure or high blood fats

Endurance fitness is not always correlated with the absence of atherosclerosis, the most common cause of heart attacks and strokes. Exercise (or stay sedentary) more intelligently. Know your limits and your potentials. We'll tell you.

We are the pioneer in health enhancement and cardiac rehabilitation programs in the midwestern United States.

"Stop Smoking Clinic" at Lutheran General

A six-session "Stop Smoking Clinic" designed to help smokers kick the habit will begin on Monday, Feb. 18, and continue on Wednesday, Feb. 20; Monday, Feb. 25; Wednesday, Feb. 27; Wednesday, March 6; and Wednesday, March 13. The first two sessions will be held from 7:30 to 9:30 p.m. and the last four sessions will be held from 7:30 to 9 p.m.

Sponsored by Lutheran General's Department of Respiratory Therapy, in conjunction with the Chicago Lung Association, the clinic offers participants a step-by-step reduction plan to quit smoking.

During each session, different techniques based on psychological principles and methods are introduced. While the techniques are varied, they share the common purpose of helping the individual gain control over his behavior, and make quitting smoking a less painful experience.

The clinic is open to persons of all ages. Because class size is limited, persons are asked to pre-register. For registration and fee information, phone Lutheran General's Respiratory Therapy Department at 696-5090. The clinic will be held throughout the year.

Local hemophiliac takes courageous look at life

"I was just like any other kid in the block," recalls 31-year old Bill May. "If I fell down or hurt myself, I would get right up and keep on playing with the other kids."

But Bill's hurt was not like the hurt of any other child. At birth, he was diagnosed as a hemophiliac. Surprisingly, that still didn't change much in his life. "I've always done everything I've wanted to do," Bill says. For Bill May that has meant an educational degree, a career as a high school music teacher and the leader of an 18-member jazz band. "I've accomplished a lot," Bill muses, "more than some people expected I would."

Bill began his musical career playing band instruments in elementary school. He later attended Sherwood Music School in Chicago. In 1976, he organized The Jazz Community, a band which has played at numerous Chicago and suburban restaurants, clubs and shopping centers. When he's not directing the band, Bill solos on trumpet. "You could say the band is my hobby; I do it because it's fun." Bill is currently orchestra director at Mother Guerin High School.

"No one knew hemophilia was in my family until my uncles were diagnosed," Bill says. "One of them almost bled to death after being circumcised." Hemophilia is an inherited disease carried on the X chromosome. All females who inherit the abnormal gene are carriers although they will not show symptoms. The gene for hemophilia may go undetected for generations. All men who inherit the abnormal gene will exhibit hemophilic traits. "My brothers and I inherited it from my mother who was the carrier." His sister, Marianne, is also a carrier.

The primary treatment of bleeding in a hemophiliac is

become active supporters of the volunteer blood donor program. In this area, The Blood Center of Northern Illinois coordinates the regional volunteer blood donor program. The Blood Center is the supplier of blood and blood components to Holy Family Hospital, Lutheran General Hospital, Skokie Valley Hospital and 25 other hospitals in metropolitan Chicago.

Parkside acquisition of cardiac facility

Parkside Human Services, a member of the Lutheran General Health Care System, recently announced that they have acquired 50 percent of CardioRehab, Ltd., a complete cardiac rehabilitation center presently located in Niles. The facility was opened in 1977, by several members of the staff of Lutheran General Hospital. The original stockholders will continue to own half interest in the facility. Walter Myalls, M.D., one of the original stockholders, will serve as president and medical director and Richard Gustafson, president of Parkside Human Services, will serve as chairman of the board.

CardioRehab, Ltd. is a medically monitored exercise program for cardiac patients combined with educational and counseling sessions for the patients and their families. Risk factor identification is done under the supervision of specially trained coronary care nurses. Other cardiovascular diagnostic testing is available. The program strives to achieve changes in lifestyle safely and efficiently.

The majority of patients referred to the program are either those who have had a recent heart attack and have just been discharged from the hospital, or who have just recently undergone coronary artery bypass surgery. However, the program may also be appropriate for other postoperative open heart surgical patients, patients with stable angina, or other manifestations of coronary heart disease.

All participants in the program receive an individual exercise prescription based on their specific needs. The exercise regime will gradually increase the required activity levels as an individual's progress and condition warrants. After approximately three months, a home exercise program is initiated. This exercise program is combined with educational and counseling for the participants and their families. The educational component offers guidelines for diet, weight control, smoking cessation, blood pressure control, and any other lifestyle modifications.

Parkside is pleased with this new addition to its programs. "It is our endeavor to provide comprehensive health and human services to individuals and families," says Richard Gustafson. "The acquisition of CardioRehab, Ltd. will allow us to provide a greater continuity of care from illness to wellness for patients. We are excited about this prospect."

CardioRehab, Ltd. plans to move to Parkside Center, adjacent to Lutheran General Hospital in early 1985. For more information about the cardiac rehabilitation program you may call 966-9210.

Parkside Sports Medicine Center opens

Parkside Human Services Corporation announces the opening of the Parkside Sports Medicine Center in cooperation with members of the medical staff of Lutheran General Hospital, Inc. The center is located on the lower level of Nessel Health Center, 1775 Ballard rd., Park Ridge.

The center, with its physician staff will diagnose, treat, and rehabilitate a variety of sports related injuries. A full range of equipment is available including the Cybex II, a state-of-the-art computerized isokinetic machine which can greatly enhance the treatment of sports related injuries. The machine's capabilities include determining predisposition to injury, defining range of motion, and ascertaining force produced by muscle groups.

In addition, the center will perform pre-participation physicals for individuals and teams. The center hopes to become a resource for athletes, parents, and coaches on athletic conditioning, fitness, injury prevention, and rehabilitation. The staff of the center includes a group of orthopedic surgeons on the voluntary medical staff of

Lutheran General Hospital, a registered physical therapist, and two certified athletic trainers who have experience working with men and women professional athletes. The medical director of the center is Robert Shadel, M.D.

The center is open Monday through Friday and Saturday mornings. Early morning and evening hours are available for persons who attend school or work.

For more information about the Parkside Sports Medicine Center, please call 696-8498.

Medical director of Gottlieb

Dr. Fedele Morelli, who joined Gottlieb Memorial Hospital's medical staff in 1971 and served as staff president in 1984, has been appointed medical director by the hospital's board of directors. He succeeds Dr. Caesar Portes, Gottlieb's first (and only other) medical director, who retired several years ago.

Clinician earns degree

Doris Millam, RN, BSN, IV Therapy Clinician from Holy Family Hospital in Des Plaines and a resident of Glenview, has recently earned her M.S. Degree in Adult Education from the National College of Education in Evanston.

Her newly acquired degree has helped to advance her career as an instructor for Oakton Community College's Community Education Programs where she currently teaches a class on Venipuncture Techniques and IV Therapy Procedures to area RN's and LPN's.

Spencer named Terrace Personnel Director

Craig Spencer of Rogers Park was named Personnel Manager of Bethany Methodist Terrace, 8425 N. Waukegan rd., Morton Grove. In this capacity, he is responsible for all functions of the Personnel Department.

Spencer is a veteran of hotel personnel management, having worked in the Park Hyatt, the Westin Hotel, and the Holiday Inn in Chicago. His experience in hotel personnel, he says, "serves me well here because the departments are very similar, such as Housekeeping, Maintenance, and Dietetic Services." While at all three hotels, he started an employee relations magazine, which he edited and put together himself. He graduated from the University of Iowa with a Bachelor's degree in Business Administration.

"With Craig's experience in hotel personnel management, we feel he can give us fresh ideas for personnel management here," says James R. Born, Vice-President for Terrace and Home Administration. "The crossover

experience he's had is helpful to him in a healthcare organization."

Bethany Terrace, a 265-bed intermediate and skilled nursing care facility, is part of Bethany Methodist Corporation's health care system, which includes the Terrace, the 216-bed acute-care Hospital and 200-resident retirement Home on Chicago's North Side.

February lectures at LGH

The Human Values Forum of Lutheran General Hospital, Park Ridge, will sponsor two lectures in February dealing with the issues of refusing medical treatment, do not resuscitate (D.N.R.) orders, and maintaining patient-healer relationships.

The first lecture, "The Right to Be Left Alone: Refusing Treatment and D.N.R. Orders," will be presented on Thursday, Feb. 7, by H. Tristram Engelhardt, Jr., M.D., Ph.D., professor of medicine, Baylor College of Medicine, Houston, Texas.

Josephine Flaherty, R.N., Ph.D., principle nursing officer, Canada Department of All Health and Welfare, Ottawa, Ontario, will present "Caring Is Not

Enough: The Requirements of Intimacy in Health Care" on Wednesday, Feb. 20.

The Human Values Forum is a vehicle to address the issues raised by medical and technological advances. Among other activities, the Human Values Forum sponsors lectures concerning the ethical and moral value issues confronting healthcare professionals today. The series is offered free of charge in cooperation with the University of Illinois, Chicago, and is open to the public.

Both lectures will be held at 9 a.m. in the Olson Auditorium of Lutheran General Hospital. For further information, call 696-6398.

Hypnotherapy aids in treatment of dental patients

Dr. Gary La Mantia, a Morton Grove dentist, has recently been elected to full membership in the American Society of Clinical Hypnosis. This organization sponsors workshops for physicians and dentists which emphasize the application of various relaxation techniques as an aid in the treatment of several medical and dental problems.

"Many patients postpone dental visits solely because of apprehension about the appointments. If the dentist can help the patient practice self-relaxation techniques, these fears can be overcome," according to Dr. La Mantia. "It is important to realize that it is merely the role of the doctor to help the patient achieve an extremely relaxed state of mind while undergoing treatment."

"For example, a simple technique which enables patients to become completely comfortable is to help the patient create an imaginary scene in their mind, a technique known as dissociation. Most people, in-

St. Francis Auxiliary Ball

The 22nd annual Crusaders' Ball, sponsored by St. Francis Hospital Auxiliary of Evanston, will be held May 11, 1985, at the Westin Hotel in Chicago. Last year's Crusaders' Ball proceeds established the Ruth Helen Wolf Arthritis Center. The proceeds from the 1985 Crusaders' Ball will support the acquisition of a hyperthermia treatment unit for the hospital's Cancer Care Center. Hyperthermia is used in the treatment of cancerous tumors. The procedure raises the temperature of the tumor, enhancing the cells' reaction with radiation therapy.

Appointed chairman of the Crusaders' Ball is Estela Bicoff of Highland Park. Diane Otto of Winnetka was named co-chairman. The officers for the 1985 Crusaders' Ball are: Patron Committee, Gwendolyn Gosselaw of Wilmette; Raffle Committee, Betty Mundie of Evanston; Invitation Committee, Olga Machado of Northbrook; Reservations Committee, Ann Marie McDermott of Evanston; Program Chairman, Ann Larson of Libertyville.

Warning about suntan booths

Now that the sunbathing season is over, the Illinois Department of Public Health is concerned about the use of commercial suntan booths by those who want to maintain their summer tans.

There are two reasons to be careful when sunbathing, whether in the sun or in a suntan booth. Ultraviolet radiation can result in severe skin burns and eye damage. Over a period of time it can also cause skin cancer - the most common type of cancer. About 300,000 new cases are reported each year in the United States.

Although most skin cancers do not develop until after the fourth decade of life, they have occurred in infants and children.

The second reason for concern is premature aging of the skin. A suntan is deceptive. It gives a glowing, healthy look while, at the same time, it prematurely ages and damages skin, resulting in a dry, leathery appearance. Excessive exposure also causes loss of support of the skin's connective tissues.

Sunlamps have been classified into two categories - those which emit mostly ultraviolet A (UVA) and those which emit mostly ultraviolet B (UVB) radiation. Hazards are associated with the use of either type.

The UVB sunlamps are the traditional sunlamps used in homes and in tanning booths. Commercial tanning booths resemble closets and are located in tanning clinics, health spas and beauty salons. With a UVB sunlamp, a person must generally be exposed long enough to cause some reddening of the skin before tanning occurs. UVB radiation is about 1,000 times more effective at producing severe injuries than UVA; therefore, there is a likelihood that injuries such as burning of the cornea or severe reddening of the skin are more likely to occur.

The UVA sunlamps are the more recently marketed sunlamps used in commercial sunbeds and tanning rooms. They are rapidly replacing the UVB types since they emit less than five percent UVB radiation. This makes it possible for most people to tan without burning by using controlled multiple exposures at longer durations. Even though UVA lamps may not cause burning if properly used, this is not to say that tanning by UVA is safe - tanning by either method is not recommended.

A sun tanning booth should probably not be used by persons who sunburn easily; get frequent cold sores; are taking photosensitizing drugs such as diuretics, some birth control pills, sulfas and tetracycline, high blood pressure medications containing hydrochlorothiazide, tranquilizers; should be consulted about any drugs or other substances being taken that might increase photosensitivity.

Wearing protective goggles is of utmost importance in order to prevent burning of the cornea or retina of the eye.

Suntanning booths or salons should never be used unless an attendant is nearby to help in an emergency. Any injuries from the use of these products should be reported to the Food and Drug Administration.

EATING DISORDERS CAN BE RESOLVED

for young adolescents, teenagers, and young adults whose emotional, personal or school/work related situations have created the problem.

At FOREST HOSPITAL, a special program, properly keyed to each age level, has been developed to help the individual to improve their coping and adapting abilities in order to lead a more normal, functional life. The program provides intensive inpatient and outpatient care for diagnosed anorexia nervosa, bulimia or related eating disorders.

You can help someone you care about to overcome this problem.

"Joseph and the Amazing Technicolor Dreamcoat"

An ensemble of talented students have been selected to give that special Niles West/Robert Johnson touch to the hit operetta "Joseph and the Amazing Technicolor Dreamcoat" from March 19 through March 23 on the school stage.

Loosely based upon the Biblical tale of Jacob and his sons, the Tim Rice and Andrew Lloyd Webber musical follows the adventures of Joseph, one of Jacob's 12 sons, making his way back to his father after being sold into slavery by his jealous brothers.

Niles West junior Paul Bouboutis was selected to portray the title role, with junior Howard Tiersky as Jacob. Jacob's other sons will be played by Steve Blonder, David Ivezic, Rob Alpern, Lionel Go, Kevin Richards, Dan Carver, Bruce Ramseyer, Andy Lawler, Colin Lawler, Roddy Loewenthal, and Andy Mills. Sari Rubin has the role of Jacob's first wife, and the others are being portrayed by Stefanie Akwa, Sheri Berger, Michelle Dayan, Bonnie Kim, Chidi Moss, Laura Persky, Melissa Reubens, Jackie Santiago and Alyssa Tadelman. Three narrators, Kathy Feingold, Julie Moltz, and Nikki Rich, will advance the story line. Others in the cast are Joel Dalinka, Jeff

Nelson students see Ronald McDonald Safety Show

The well-known Ronald McDonald Safety Show was recently presented to 300 students in the primary grades at Nelson School.

Ronald McDonald, "Hamburger," and "Grimace" visited the school to help students understand the importance of safety. Using skits, puppets, and student participation, the McDonald characters quickly won the attention and enthusiasm of the Nelson youngsters, who actively responded to Ronald's lessons about various types of safety procedures which should be followed by the children.

Nelson School is located at 8901 N. Ozanam ave., in Niles, and is one of four elementary schools in East Maine School District #63.

Scottish Cultural Society

The Scottish Cultural Society's monthly program for February will be on Scottish Fiddling. A discussion and demonstration of the uniquely Scottish techniques of Scottish fiddle music will be given by the accomplished Chicago area musician, Ginny Armstrong. The fiddle is as much a part of Scottish musical tradition as the better known bagpipe and harp. The fiddle is used as accompaniment for dance and voice where the bagpipe's huge sound is unsuitable. The Scottish tradition on the fiddle is the ancestor of American bluegrass music of today. The program will be held on Feb. 13 at 7:30 at the Atlantic Restaurant on Grand Ave., East of Harlem Ave. in Chicago. Admission for non-members is \$2. For additional information contact K. Hughes at 356-1475.

High Button Shoes debut

The musical comedy HIGH BUTTON SHOES will make its North Shore debut on Feb. 15, 16, 22 & 23 when the Glenview United Methodist Church presents its annual fund raising production. Starring Steve Genovese, Everett and Rosemary Dean, Marland Berdick, Tom Reed, Alan Gill and Brenda Lundberg, HIGH BUTTON SHOES tells the story of a small time con man with big time schemes. Set in 1913, the musical is filled with Keystone Cops, football players, bird watchers, and other assorted zanies who come in contact with the bumbling swindler and his not-too-swift sidekick.

HIGH BUTTON SHOES marked the first Broadway score by Jule Styne and Sammy Cahn

and thrust Phil Silvers, Nanette Fabray and Jerome Robbins into stardom. The funny, fast and furious production is heavy on the comedy and was the season's biggest musical hit in 1947. Its appeal is just as great nearly 40 years later.

Directed by Jean Losquadro and produced by Dave Randie, HIGH BUTTON SHOES will begin at 8 p.m. each night in the church social hall, 727 Harlem in Glenview. Tickets are \$2, \$4 and \$6 and are available at the door or by calling the church, 729-1015.

Backyard Birding Series

"Backyard Birding" will be the subject of two Sunday afternoon programs to be presented at the Chicago Botanic Garden during February in the Auditorium of the Education Center.

"Backyard Birding, Attracting Birds to Your Yard" will be presented Sunday, Feb. 10 at 1:30 p.m. by Roger Tucker, Director of the Heller Nature Center in Highland Park. Mr. Tucker will discuss ways of feeding the birds and various kinds of food to attract different types of birds.

On Sunday, Feb. 24 at 1:30 p.m., Marilyn Alaimo, a volunteer at the Garden, will present her slide lecture, "Gardening to Attract Birds." Mrs. Alaimo's informative talk will cover plants, which not only attract birds, but which grow well in this area and are attractive to use as landscape material.

Skokie resident in "Chapter Two"

Skokie resident, Linda Lang has been cast in Neil Simon's "Chapter Two", the first production of the Open Stage Players' new professional theatre company at the Centre East Studio Theatre at Centre East, 7701 N. Lincoln ave. in Skokie.

The semi-autobiographical comedy will open on Friday, March 22 and will be performed for two consecutive weekends. Curtain is 8:30 p.m. on Friday and Saturday, and at 3 p.m. and 8 p.m. on Sunday. Tickets are \$7.50 and may be purchased in advance at the Centre East box office, 7701 N. Lincoln ave., 10 a.m. through 6 p.m. Monday through Friday, or through any Ticketmaster outlet. Charge by phone with major credit cards by calling Centre East, 673-6300, or the Ticketmaster phone center, 559-1212.

Other local performers include Linda Kroll (Dearfield), Marvin Berman (Wilmette) and Harvey Dershin (Evanston). Leon Palles will be directing the production.

The Morton Grove Art Guild will hold its monthly meeting at 8 p.m. Wednesday, Feb. 13, at Mansfield Park Fieldhouse, 5830 Church st., Morton Grove.

The evening will feature Philip Jacobs of Skokie Camera, 7933 Lincoln ave., in Skokie. He is a Commercial Photographer - Photojournalist - and Studio Photographer - a man of many talents.

Mr. Jacobs will demonstrate copy work, procedures on proper lighting and using correct film for all art media for slide presentation for both professional and amateur use.

Audience participation - questions and answers on submitting slides to Galleries or Art Fairs - also for personal reference.

Non-members are welcome to join in discussion - refreshments will be served - \$1 donation for guests.

For information call 966-3282.

Maine East Senior Prom activities

One event that Maine East seniors look forward to every year is, of course, the senior prom.

The proposed prom set-up will be the use of two rooms at the Ramada O'Hare Hotel, one for the dinner and a second for dancing and a cote bar.

Heading the prom committee are Cydney Sturt of Des Plaines and Tammy Loeffler of Morton Grove.

"They" money for prom were obtained through fund raisers, such as Luau III and Toga III, which raised about \$5. Class dues and candy sales were another means of building the class treasury.

Since the expenses of putting together such a large event as

prom have gone up, the price of this year's prom will be approximately \$40 per couple.

The theme for this major event is "Always and Forever." The theme choice was submitted by Tony Pedraza of Des Plaines and was then voted on by the class in homeroom. Prom entertainment will consist of both a disc jockey, "Audiodimensions," and a band, "On Stage."

The International Honor Society in History (Phi Alpha Theta), Northeastern Illinois University Chapter (Pi Gamma), will present Dr. P. Craig Smith of the Northeastern History Department speaking on, "The Changing Leadership in the Kremlin, Monday, Feb. 18, from 7:30 to 9 p.m., in room CC-217 on the second floor of the Commuter Center Building, Northeastern Illinois University, 5600 North St. Louis at West Bryn Mawr Avenues, Chicago, Ill.

Free refreshments will be available from 7 p.m. on.

Interested adult students have until March 5 to sign up for the dinner/theater package that includes dinner at OCC/Des Plaines, 1600 E. Golf rd., and tickets for the play in the Performing Arts Center. The cost is \$10. Dinner is scheduled for 6:15 p.m. and the play starts at 8 p.m.

Nelson students see unique animals

Zoologist Dr. Robert James enlisted the help of Nelson School students in a cultural arts program on Thursday, Dec. 13, to display a 13-foot python snake. A six-month old ostrich also made an appearance, obeying the trainer's commands, which were given in Spanish. Dr. James let the children pet a possum and a raccoon in an effort to dispel people's misconceptions about "things great and small."

Dr. James displays a wide variety of animals in school presentations given throughout the country. Snakes, alligators, monkeys, and other small animals are included in the "Animal Encounters" with the students.

Dr. James is a zoologist, author, and teacher, and has also been seen on the popular television program, "Wild Kingdom."

"Animal Encounters" at Nelson School is part of a total cultural arts program which is planned and implemented yearly by the school's PTA. The cultural arts program brings artists to the school who are professionally trained in vocal and instrumental music, theater, and the visual arts. Over \$2,500.00 will be raised and expended by the Nelson PTA to provide these enriching experiences for the school's students.

Enjoy an evening of top class entertainment, and help Orchard Village to continue its services to the mentally retarded. For further information, contact Gill Wolf at 967-1800.

Arthur 'J' Mansavage is a 42 year old native of Chicago. While growing up, sports, drama and music were his main interests. He participated in various plays and shows and also formed a band in which he played drums. However, he discovered he was a better emcee than drummer and landed a part-time job as a weekend D.J. at station WCLR. Soon after his voice was heard over WBBM radio and television as he did announcing, programming and bit acting. In 1971 after being heard and seen over most of the major Chicago radio and television stations Arthur 'J' joined the staff of the Institute of Broadcast Arts, a radio and television training school which he bought a year later and operated until 1983.

The same year his services were volunteered as the personality at a parish record hop. The event was such a success that it wasn't long before it spawned other jobs. Thus was the beginning of Arthur 'J' & Friends, Ltd. Arthur 'J' was the sole performer during the first year but the mobile jobs began to multiply so quickly that more D.J.'s were soon needed. Concerts for our audience, wide variety of music and word of mouth advertising brought us more and more jobs

each year. Our business has grown to the point where 1983 was our best year yet with us having done over 300 jobs.

In 1978 Specialty Restaurant Corporation opened their first Midwest restaurant that would include music and entertainment in Wheeling. Prior to opening Arthur 'J' was referred from a mobile job and asked to consult with them about their musical entertainment. Arthur 'J' was told that they wanted "someone like him" to provide music and personality for a wide range of people. Arthur 'J' proposed his services, they were accepted and nightclub entertainment was ad-
