District 207 evaluates 1985-86 budget needs

by Holly Gistenson

The Maine Township High School District 207 Finance Committee met Monday, March 5, to discuss the 1985-86 budget adoption calendar. A tentative budget for public inspection will be available on May 31. Budget adoption is set for July 1, 1985.

A five year projection of the education fund was discussed. Eighty percent of the education fund is spent on salaries and fringes. Ben Herman, finance chairman, commented that needs and "must have" programs need to be considered. Continued on Page 34

Maine Township Board studies Youth Committee

by Joan Harpham

The resolution concerning the Committee on Youth (COY) was discussed at the Maine Township Town Board meeting on February 26. The structure of the Committee on Youth was debated between the Town Board and the Maine

Coalition for Youth and Family (MCYF). The Town Board feels that COY should act as an advisory committee that would gather information on all youth programs operating the township, including Continued on Page 34

Blown transformers cut power to 11,000 residents

High winds, ice, rain hit Bugleland

by Bob Besser

Niles and Morton Grove were rocked on Sunday and Monday by an ice storm, followed by three inches of rain and finally gale force winds measuring over 60 miles per hour. During two different power outages, over 10,000 area residents were left without electricity or heat.

However, officials report no injuries occurred and police and fire officials in both towns said the effects of the brutal weather were minimal. Bob Reidel, Commonwealth Edison District Superintendent, said on Tuesday that up to 11,000 Niles and Morton Grove residents were left without electricity when two transformers handling 138,000 volts of electricity exploded on Monday at Austin Ave. north of Howard St. Continued on Page 34

Editorial

Next Tuesday evening, the Village of Niles is holding a Public Hearing to determine whether Cablevision should be fined or whether their franchise should be revoked.

Many of us have been inconvenienced and aggravated by Cablevision's constant, busy signal on their telephones, their unscheduled servicemen, the poor condition of the recycled equipment they install in your homes together with billing problems which have caused numerous headaches for Niles subscribers.

It is of the utmost importance that if you have had problems with Cablevision, you attend next Tuesday's hearing.

Cable chairman Ang Marcheschi said 275 reply cards were returned to the village listing grievances with Cablevision and their service or lack of it. Those of you who returned these cards together with those who have complaints, but neglected to send the inquiries back to the village should definitely attend this hearing.

Cablevision representatives will be there together with the village board and only through a large turnout can we let the village fathers and Cablevision know our dissatisfaction.

Remember... Tuesday, March 12, 8 p.m., Niles Police Department—Council Chambers, 7200 N. Waukegan Road, Niles.

IN PURSUIT OF GEM TRIVIA

We were deep into a game of Trivial Pursuit. Science & nature was my category. My questioner scoffed. "You'll never get this one! What are the Cullinan II and the Star of India?" Was he surprised when I calmly answered, "They're famous large diamonds." He turned the card over to find I was correct.

When I first began studying gemology for my professional certification, I had to learn a lot of what I considered "trivial" information. Now I find it giving me the winning edge - not just in social recreation, but also in my business. It's important to know the facts about diamonds, colored stones, gold and other jewelry components that help us provide our customers with the finest quality and the best value. But it's also important to know the non-vital information that makes the world of jewelry so rich and fascinating.

Did you know that Cleopatra owned emerald mines? Or that synthetic sapphire is used in watches, precision instruments and electronic equipment? Did you know that alexandrite was named after Czar Alexander II of Russia because it was discovered on his birthday? Or that powdered jade was once taken as medication?

Please ask for our free brochures on gemstones which discuss their facts and trivia. It's the mystique and rich history of gems which make them extra precious to us.

MG man gets probation in tax hearing

J. R. Starkey, District Director of the Internal Revenue Service for northern Illinois, announced that Allen H. Roth of Morton Grove, was sentenced today to three years probation, a condition of which Roth agreed to the assessment of deficiencies in income tax, and fraud penalties for the years 1978 through 1983. As an additional condition of probation, he was required to pay \$15,000 to the IRS prior to being sentenced and the balance during his probationary period.

Roth is a vice president of a construction company. Roth pleaded guilty to each of two counts of criminal information which charged him with submitting a false and fraudulent income tax return for the years 1979 and 1980. The information charged that he did wilfully and knowingly attempt to evade and defeat a large part of the income tax due for the years 1979 and 1980.

Judge William T. Hart announced the sentence. Under existing law, a person convicted of criminal tax offenses, in addition to whatever sentence is imposed, is also required to pay the tax determined to be due as well as interest and civil penalties that may be assessed.

The investigation was conducted by the Internal Revenue Service. Tickets can be obtained at local senior clubs and also at 8074 Milwaukee ave., in Niles. Please call Veda at 692-3388 for tickets and information. Bus schedule: Huntington Sr. Building-12:25 p.m.; Recreation Center-12:35 p.m. and St. Andrews-12:45 p.m. Shown above: Chairman Nick Constantino, Co-chairman Veda Kauffman and Committeeman Nick Blase.

County Vehicle Tag increase drops

Suburban Republican members of the Cook County Board today won a victory as the Finance Committee dropped a proposal for increases in vehicle license fees for the unincorporated area of the county.

"The withdrawal of this proposal to increase county vehicle license fees is a victory for unincorporated area residents," Commissioner Carl R. Hansen (R. Mt. Prospect) said. "The Republican members of the Board fought this tax increase from the date of its submission to the county board. Residents of the unincorporated area do not now receive the services they need, especially police protection. To tax them more for less than adequate service would have been a mistake."

The proposed increase for vehicle stickers was from \$10 to \$20 for passenger cars and more for trucks and similar vehicles. Currently accounting for some \$710,000 in revenue for the county, the fee increases would have brought in an estimated additional \$500,000. The vehicle license fees (wheel taxes) were originally approved by the board in 1971.

New hope for diabetics...

For the first time, diabetics in Chicago have a center totally dedicated to their needs: the Chicago Northside Diabetes Center.

Important Resource
We can be an important resource for you and your physician on an ongoing basis. At the Center, you will learn the latest in home-monitoring techniques and methods for treatment of diabetes complications. The self-management educational program stresses the importance of diet, exercise and medication in each individual's program of care.

Specialist in Field

Our teaching team covers the importance of nutrition, exercise, home care, eye and foot care. Family and personal counseling provides inpatients and outpatients with a personalized educational program that is easier, safer and effective.

Our Goal

Our goal is to provide knowledge regarding self-care and management of diabetes. We believe this knowledge will inspire confidence and hope for the future as you assume responsibility for a healthy, vital life. To learn more about how we can be of help to you, ask your family physician or call us direct. For a free brochure—call Chicago Northside Diabetes Center—761-6690 or write us at 2451 West Howard Street, Chicago, Illinois 60645.

County Vehicle Tag increase drops

Suburban Republican members of the Cook County Board today won a victory as the Finance Committee dropped a proposal for increases in vehicle license fees for the unincorporated area of the county.

"The withdrawal of this proposal to increase county vehicle license fees is a victory for unincorporated area residents," Commissioner Carl R. Hansen (R. Mt. Prospect) said. "The Republican members of the Board fought this tax increase from the date of its submission to the county board. Residents of the unincorporated area do not now receive the services they need, especially police protection. To tax them more for less than adequate service would have been a mistake."

The proposed increase for vehicle stickers was from \$10 to \$20 for passenger cars and more for trucks and similar vehicles. Currently accounting for some \$710,000 in revenue for the county, the fee increases would have brought in an estimated additional \$500,000. The vehicle license fees (wheel taxes) were originally approved by the board in 1971.

Blood pressure testing

Mrs. Jerry Harmon, R.N., administers the Blood Pressure Testing Program at the Center of Concern. Testing is done the last Saturday afternoon of each month from 1 p.m. to 3 p.m. in Suite 4 of the 1580 N. Northwest Highway Building in Park Ridge.

You can look and feel terrific and still have high blood pressure. Your blood pushes against your blood vessels as your heart beats. Sometimes this push is too great and high blood pressure results. Because of improved detection efforts, a good many people now have their blood pressure under control. Call 823-0453 for additional information and to make an appointment. Your ounce of prevention against the possibility of hypertension is to take time for a monthly consultation with our dedicated and competent Jerry Harmon, R.N.

Serving Up Food & Fitness
 by Mark Krajecki & Cheri Wilcox

Pancakes are one of the world's oldest and most popular foods. The microwave oven, by comparison, is relatively new. Together they are a winning combination.

May we suggest Maple-Bacon Oven Pancake? The batter is made with Bisquick baking mix, laced with shredded cheese and maple-flavored syrup. Near the end of cooking time, top with more cheese and crumbled bacon.

Anyone in the family can whip this up for breakfast. The dish could become a weekend favorite for brunch or supper.

Let this protein-rich treat help you make the most of your microwave.

MICROWAVE MAPLE-BROWN OVEN PANCAKE

- 1 1/2 cups Bisquick baking mix
- 1 1/2 cups shredded Cheddar or process American cheese
- 3/4 cup milk
- 1/4 cup maple-flavored syrup
- 1 tablespoon sugar
- 2 eggs
- 12 slices bacon (about 1/2 pound), crisply cooked and crumbled

Grease and flour microwavable pie plate, 10 x 1 1/2 inches. Beat baking mix, 1/2 cup of the cheese, the milk, syrup, sugar and eggs with wire whisk or hand beater until only small lumps remain; pour into pie plate.

Place pie plate on inverted microwavable dinner plate in microwave oven. Microwave uncovered on high (100 percent), rotating pie plate 1/4 turn every 2 minutes, until most of top no longer appears doughy, 5 1/2 to 7 1/2 minutes. Sprinkle with remaining cheese and the bacon. Microwave uncovered on inverted plate just until cheese is melted, 1 to 1 1/2 minutes longer. Serve with maple-flavored syrup if desired.

Conventional Oven Directions: Heat oven to 425 degrees. Prepare as directed except—pour batter into greased and floured rectangular baking dish, 13 x 9 x 2 inches. Bake uncovered until wooden pick inserted in center comes out clean, 10 to 15 minutes. Sprinkle with remaining cheese and the bacon; bake uncovered until cheese is melted, 3 to 5 minutes longer.

High Altitude Directions (3500 to 6500 feet): For microwave method, no adjustments are necessary. For conventional oven method, heat oven to 450 degrees.

Note: Microwaved pancake will be thicker than baked pancake.

OMELET EXPRESS FOR FOUR

Spray 10-inch skillet with a corn oil cooking spray. Beat together 4 eggs and 1 can undiluted mushroom soup. Pour into skillet; cook over medium heat. When mixture is set but still shiny, remove from heat and serve.

Off the Niles Police Blotter...

Drunk driver knocks down stop light

Police arrested a 41 year old Chicago man who was charged with drunk driving following an auto accident in Niles on Saturday, March 2.

According to police, the Chicago man was driving south on Milwaukee Ave. when he straddled the median strip as he approached Dempster St. at 7:58 p.m.

Truck drives into garage door

A Niles resident reported his garage was severely damaged when a vandal drove a truck into his garage door on Saturday, March 2.

The resident, who lives in the 9000 block of Cumberland Ave., told police that at 2:30 a.m. an unknown person drove a dark colored pick-up truck up his 75 foot driveway and into his garage door.

The resident spotted the truck as it drove off. The damage to the extensively damaged garage door was placed at \$1,000.

Truck stolen in Niles

A coffee supply truck was stolen while parked in Niles on Monday, February 25.

Police report the truck, a 1979 Ford van belonging to Supreme Coffee Service of Chicago, was parked in the lot at Barnaby's, 7950 N. Caldwell Ave.

Sometime between 1:00 and 1:30 p.m. unknown persons broke into the locked van and drove off with it.

The truck reportedly contained five coffee vending machines worth \$1,000, \$200 worth of tools, \$270 worth of coffee and \$40 cash.

Charge minors with liquor violations

Three teen agers were arrested after beer was found in their auto on Tuesday, February 26.

Police report spotting the youths in a car driving slowly through lanes of parked cars in the Golf Mill Shopping Center at 9:51 p.m.

Stopping the car in the lot of the International House of Pancakes, 9206 Milwaukee Ave., police found numerous open and unopened cans of beer in the car along with a wine container.

Ice skate thief arrested

Niles Police arrested a 42 year old Mt. Prospect man for shoplifting on Friday, March 1.

Police report the Mt. Prospect man was shopping at Sportmart, 7233 Dempster St., when he was seen placing one ice skate into his pants and leave the store without paying for it.

Outside the store the Mt. Prospect man was detained by store security guards.

At the Niles Police Department he was charged with shoplifting and, following his being assigned a March court date, was released after posting a \$100 bond.

T-tops stolen from car

A Niles resident reported the T-Tops were stolen from his auto during the night of Sunday, February 24.

Sometime between 8 p.m. and 7:40 a.m. the resident, who lives in the 8400 block of Oak St., reported his 1983 Datsun 280 ZX was broken into. The thief apparently gained access to the car by breaking the driver's window.

Taken from the car were the auto's two T-Tops valued at \$800.

Charge minors with liquor violations

Police report spotting the youths in a car driving slowly through lanes of parked cars in the Golf Mill Shopping Center at 9:51 p.m.

Stopping the car in the lot of the International House of Pancakes, 9206 Milwaukee Ave., police found numerous open and unopened cans of beer in the car along with a wine container.

Arrest man wanted by police

A 39 year old man living in a Morton Grove motel was arrested by Niles Police on Thursday, February 28, after it was learned he was wanted by the Wheeling Police.

Police found the man loitering near 500 Golf Mill in the parking lot at 2:28 a.m.

Police report the man was standing near a rented truck which was open and prepared to be loaded with two aluminum light poles laying next to the truck.

Guard charged with theft

A 59 year old Chicago guard at a Niles jewelry store was arrested for stealing jewelry from the store on Saturday, March 2.

Officials of Lampert Jewelers, 8800 Dempster St., told police that earlier in the day employees had seen the Chicago man, who was a guard hired from a security company, place two rings into his shirt pocket.

The employees told the manager who confronted the guard. The guard returned the rings, valued at \$2,200, and was told to leave the store.

At the end of the day it was discovered that four other rings were missing.

After police were contacted the security guard was brought to the Niles Police Department where he reportedly admitted stealing the rings.

The Chicago man was charged with felony theft and, after being assigned a March court date, was released after posting a \$50 bond.

\$1,200 clothing theft

A 25 year old Chicago woman was charged with stealing over \$1,200 worth of clothes from a Niles store on Saturday, March 2.

The Chicago woman was seen leaving a dressing room at J.C. Penneys, 220 Golf Mill, carrying two shopping bags.

When store security guards found numerous empty hangers in the dressing room the woman had been in, they stopped her outside the store.

Arrest man wanted by police

A computer check determined the man was wanted by the Wheeling Police on theft charges.

After being brought to the Niles Police Department the man was turned over to Wheeling Police.

Police are investigating whether the man they brought in was connected to the theft of light poles from the Golf Mill parking lot earlier this year.

Good vision critical to safe driving

Ninety percent of all driving decisions depend on good vision, according to the American Optometric Association.

Recognizing that good vision is critical to safe driving, a vision screening is conducted every time an Illinois motorist renews a driver's license.

The screening consists of both far vision (looking straight ahead) and peripheral vision (the ability to see "out of the corner of your eyes"). Screenings contribute to traffic safety by restricting some drivers to wearing glasses or contact lenses, using outside mirrors, or driving in daylight only.

Good depth perception is another important vision skill that can help avoid rear-end collisions. Depth perception is the ability to judge the distance

between another vehicle and yourself, especially when both are moving.

Regular vision checkups are recommended because vision can and often does change significantly in a three or four-year period.

However, drivers' license renewal notices are mailed 45 to 60 days before the license expires. Renew your drivers license promptly.

If you need a professional eye examination, there will still be time to have your vision corrected before your license expires.

A copy of the Rules of the Road will be sent to you upon request. Write to Jim Edgar, Secretary of State, Springfield, IL 62756.

Dear Editor:

An Open Letter To Phil Raffe

Dear Mr. Raffe:

Who do you think you're fooling?

Isn't it time you stop wasting the taxpayers' money? Isn't it time you let people decide?

Your arrogance at thwarting the will of the majority at the Party Caucus was a raw display of Totalitarianism-undemocratic usurpation of power.

Last month my supporters obtained over 2,000 signatures in 10 days to get my name on the ballot. Then along came Mr. Allardice, to challenge my right to run for re-election. Well, although I'm sure Mr. Allardice is a very noble man, you don't really expect the people to believe that he is personally paying all those legal bills for his continuing challenges to my right to be on the ballot? The hundreds of hours it must have taken to carefully, scrutinize, line by line, every one of the over 2,000 signatures my supporters and I obtained. Are we to believe Mr. Allardice did this all by himself? You mean to say that not one of your hand-picked Township workers spent one minute helping Mr. Allardice? But before you answer, weren't those Township workers that you sent around delivering Summons and Subpoenas for Mr. Allardice during their normal working hours (ie on the Taxpayer's time?) I thought we had Sheriff's to do that? All that waste but, what the

heck, its not going on your tab, is it? But there's one thing you're perhaps better at than waste, its confusing the public. Your lies and innuendos, your false accusations, your charges against one would all seem rather silly if it wasn't so disgusting. Where have you been during my five years as Assessor? Never heard of participation and demonstrations.

May I suggest something. Halt your actions! Let me and my challengers discuss the issues and our programs. Let's have an open and fair election.

And I suggest that come April 2, it will be time to let the people decide.

Roy H. Bergquist, Candidate for re-election, Maine Township Assessor

Safety Town

West Valley Safety Town is sponsored by West Valley Section, National Council of Jewish Women, with the cooperation of East Maine School District #63 and Maine Township High School District #207, and the Villages of Niles and Morton Grove.

Safety Town, the miniature layout built to the scale of the kindergarten child, is an educational setting by which safety lessons are taught with the child learning through actual participation and demonstrations.

Safety Town will operate six sessions starting June 17 through July 26.

Location of Safety Town is at Nelson School, 8901 Ozanam, Niles. Registration fee is \$15 per child. To register your child, come to Nelson School, 8901 Ozanam, Niles, on Wednesday, March 20, 9:30-11 a.m. or 1-3 p.m.

For more information call Mayta Spitz, 674-2374.

East's Patt finishes near top

Maine East's freshman stand out Felicia Patt competed in the Girls' Gymnastics State Preliminaries at Palatine H.S. this past weekend in the balance beam and floor exercise. Patt scored 8.85 on beam and 8.9 on floor ex, and although she did not make the finals, she was just a few tenths away from the cutoff

in each event. East's coach Betty Axelson was pleased with not only Felicia's performances, but also her attitude throughout the meet. "Flea (her nickname) got a lower score than expected in floor, but she didn't let it affect her next event. She attacked the beam and put 100% into the routine. She fell on her highly difficult mount, but this made her even more determined to stay on the rest of the routine. It was Wednesday morning at the Skokie Lanes. These ladies all bowled over 200 during the first half of the season. Show (l.-r.): Hilda Karleskey bowled the high game of 213 and had the high series of 559; Trudy Ochonicki, President of the league; Sue Braeske with a 200 game; June Marschalek a 206 game and Marty Erickson with a 206 game. Absent was Marilyn Caliendo with a 207 game.

"200" Club members

Bowling is exciting for the above winners of "200" pins, from the Morton Grove Woman's Club bowling league, which meets each Wednesday morning at the Skokie Lanes.

The Morton Grove Woman's Club, members of the GFWC/IPWC, are proud of the achievement of these ladies. Any one interested in joining this league can call 966-8499.

DENTAL DIGEST

BY RICHARD C. MAZANEK, D.D.S.
Dental anesthesia without an injection? Someday this may be a reality as the development of a new electrical device may replace the fear inducing anesthetic syringe.

Research being conducted at the University of Colorado Dental School uses an apparatus similar in appearance to stereo headphones. The headphones emit a small electrical impulse that stimulates the brain to secrete serotonin. This chemical acts as a natural pain killer.

Utilizing this system, dentists there have been able to perform most routine dental procedures, including fillings, crowns, and extractions. Patients report little or no discomfort.

With the perfection of this device, these encouraging results may one day lead to the further realization of painless dentistry.

Cragin names Skriba vice president

Stephen J. Skriba III, Director of the Human Resources Division of Cragin Federal Savings and Loan Association, was named vice president of the Chicago-based thrift institution.

Stephen J. Skriba III

Mr. Skriba directs employee recruitment, selection, orientation, and training. He also supervises programs for wage and salary administration, employee benefits, payroll administration, affirmative action and employee counseling.

Mr. Skriba was graduated from Roosevelt University in 1976 with a Master's Degree in Business and Industrial Psychology. From the Institute of Financial Education (IFE), Mr. Skriba earned a Certificate of Achievement in 1973, the Diploma of Merit in 1975, and the Degree of Distinction in 1978. Indiana University's Graduate School of Savings and Loan awarded Mr. Skriba the Graduate Key in 1980. In 1984, Mr. Skriba was awarded the Certificate in Employee Relations Law from the Institute of Applied Management and Law. He is currently pursuing a Doctorate Degree in Human Resource Management.

Having served IFE as Chicago Chapter President, Vice President, Secretary-Treasurer, and Director, Mr. Skriba was elected State Director of IFE's Illinois North division in 1983 and oversees the operations of six Institute chapters.

He was recently re-appointed for a third consecutive term as IFE Illinois Director.

Mr. Skriba has taught 16 IFE classes, and is an instructor and Personnel Program Chairman for the Illinois Savings and Loan League Career Development School conducted semi-annually at the University of Illinois, Champaign, Urbana.

As a member of the American Society of Personnel Administrators, the American Personnel and Guidance Association, and the American Management Association, Mr. Skriba is the recipient of several achievement awards for personnel research and creative writing; and, in addition, has also conducted programs for these professional organizations.

Career Evaluation Systems offers printout evaluation

Computer technology has now made it possible for a person to know what specific jobs he or she will be able to do best before beginning a training program or changing careers. A new kind of test, which matches a person's physical and mental strengths to specific job titles, is able to predict the bottom line for successfully holding a job.

Career Evaluation Systems, Inc., of Niles, with over 50 testing centers throughout the US, has just announced a new 3½-hour test available to industry and community education centers.

President Gordon Fuller explained that unlike all other tests for vocation, their "human factor profile" answers such questions as: Can a woman hold a man's job? What jobs are available to a person out of work from a dying industry?

"We test the full range of physical and mental factors plus ability to work with people," says VP Ann Williamson. "From that test we can tell a person at least 100 jobs he or she is best able to do or to train for. From their computer printout, they can choose any of these jobs and know they're going to be successful. Since our test is anonymous, the person's level of human factors decides job or career eligibility."

From their offices at 7788 Milwaukee ave., Career Evaluation Systems, Inc., is contributing to the new movement in America for a more productive and satisfied American workforce. In fact, they could well become a leading force in the movement.

Nilesite appointed "Build Illinois" Committee

Ralph Fujimoto, a partner in the Chicago office of Arthur Young and director of the Japan Business Group, was appointed by Governor Thompson to the "Build Illinois" Advisory Committee formed to help implement the Governor's \$2.3 billion "Build Illinois" program. Fujimoto is one of 17 business leaders Thompson chose to "translate ideas into concrete results."

A resident of Niles, Fujimoto is looking forward to working with Governor Thompson and other industry leaders toward revitalizing the State.

Fujimoto, a Certified Public Accountant, has long worked toward business development in Illinois and, in fact, has been instrumental in assisting many Japanese companies to locate businesses in the State.

HOSPITAL NEWS

Local Alzheimer's Chapter moves

The Chicago Area Chapter of ADRDA announces it is moving its office to 845 Chicago ave., Evanston as of March 1 from its previous location in the Evanston Township High School.

Goals of the Chicago Area Chapter, one of 120 chapters throughout the United States, are to furnish support to families of Alzheimer's patients, increase public awareness of the disease, raise money for research and work with legislators at both the local and federal level to initiate

legislation to provide help for families which is not presently available.

The Chapter operates a hotline 24 hours a day, 7 days a week (864-0045) and 16 support groups are located in the Chicago and suburban area. Through its Speakers' Bureau speakers are available to talk to organizations about Alzheimer's Disease and the care of the patient from the family viewpoint.

For information call 864-0045.

Uni-Fest/Health Fair

Representatives from student organizations at Northeastern Illinois University are seen here with university officials during a recent planning session for Uni-Fest '85, a carnival on campus that will feature games, entertainment and special food booths on March 14 and 15 from 11 a.m. to 4 p.m. A mini health fair sponsored by Swedish Covenant Hospital 5145 N. California, in conjunction with the university Health Service, also will be featured.

Members of the planning committee seen here are: (l.-r.) Ron Gubrud of Portage Park, Linda Nahl,

Evanston; Mark Kipp of Sauganash, director of the university Commuter Center; Burt Ferrini of Lakeview, director of university events; Frank Davis of Skokie, Uni-Fest chairman; Drew Ullberg, Skokie; Donna Siedlarz, Irving Park; and Walter Williams of Englewood, director of student activities.

Proceeds from the event which is open to the public will go to the American Cancer Society. Over 20 university organizations are involved in Uni-Fest '85.

Cancer Society receives donation

American Cancer Society Board Member Don Zeigler demonstrates the Trans-Illumination lightscanning machine at Skokie Valley Hospital to John R. O'Connell, Jr., Senior Vice-President of Skokie Federal Savings, 4747 W. Dempster, Skokie.

The machine is located in the Breast Imaging Center at the Hospital and, along with similar equipment, is used to aid in the early detection and subsequent prevention of breast cancer. According to Mr. Zeigler, Director of the Good Health Program at

Skokie Valley Hospital, breast cancer - considered the single most detectable cancer - and its prevention is a priority of the American Cancer Society.

In a recent charitable event, Skokie Federal Savings raised over \$750 to benefit the American Cancer Society, with the proceeds going to public education on methods of early cancer detection and prevention, as well as to professional education and research for equipment such as that found in the Hospital's Breast Imaging Center.

RESOLVE meeting

RESOLVE of Chicago, Inc. is a non-profit, tax exempt organization which offers counseling, medical referral and support to couples experiencing problems with infertility.

Hospital, 1775 Dempster, Park Ridge in the 10 East Cafeteria. Meetings are free and are open to the public.

The next general meeting is scheduled for Tuesday, March 26. For further information call 743-1623.

Girl Scouts celebrate at Harlem Irving

Harlem Irving Plaza proudly hosts the 4th Annual "Salmagundi", a celebration of Girl Scout Week. Girl Scout Troops of the north division are joining together to share some of the ideas that make scouting fun on Sunday, March 10, 11 a.m. to 5 p.m. in the center court of the mall located at Harlem ave., Irving Park and Forest Preserve dr.

"Salmagundi means potpourri, any mixture or medley, and that's just what the Girl Scouts from twelve surrounding service units from the north division have in mind," commented Girl Scout troop leader, Pat Walenga. Troops will demonstrate craft ideas including shamrock and Easter crafts, camping and outdoor skills, and display badge work and community service projects. The new Girl Scout cookie, chocolate, will be available and seasonal gift ideas will highlight the more than thirty displays.

Effective cure for "Aches and Pains"

Joint aches and pains that come along with growing older, are often misunderstood. Very often these miseries are only temporary and can be halted by a combination of proper diet and an effective exercise program. Two often the average American diet is overloaded with red-meat, sugar and salt. Eating more poultry and fish, along with less sugar and salt is worth trying, to relieve your aches and pains.

Rushing off to see your doctor the first time you have a swollen, painful joint will usually end up with expensive x-rays and a diagnosis, "You have arthritis, which you can expect at your age. You will just have to learn to live with it."

Rest is recommended during the acute stage, but within a few days a program of graduated exercise should begin. Prolonged rest and inactivity will cause a joint to become stiff and sometimes deformed. Weight bearing joints can be aggravated by too much standing or walking. Limit your weight bearing exercise, but by all means, participate in "Range of Motion Exercises" several times daily. Inactivity will cause joint muscles, ligaments and tendons to weaken, which will result in poor postural alignment. Poor posture will cause unnecessary strain on the joints, which will aggravate any disability.

Diet and exercise is the best way to deal with joints that are in the early stages of arthritis.

National Merit finalists

Congratulate new commissioner

Sheriff Richard J. Elrod (r) and Supt. Fred Rice, Jr. (c) congratulate David Rivera of Des Plaines (l) on his appointment to the City of Chicago Police Board. Rivera, who was appointed by Sheriff Elrod to the Cook County Board of Corrections in 1983, becomes the first person to serve on both boards. Rivera is an active member of the labor community.

Tooth Disc solves identification problem

Forms of identification are as fragile as life itself. Realizing the magnitude of the problem of missing and abducted children, parents have begun taking their children to be photographed and fingerprinted. But these methods have their drawbacks: fingerprints decompose on a dead body and photographs can be lost or thrown away.

Some local dentists, Michael Cullinan, DDS, and Joel Weiss, DDS, Ph.D., are solving these problems by offering a recent invention that withstands the rigors of life and death. The Tooth Disc, a nearly indestructible 2.5mm plastic disc, has room for name, address, phone number, next of kin, religion and important medical information. It is bonded (glued) to a hidden area of a back tooth (or to a denture).

In a procedure that takes less than 15 minutes and involves no shots or drilling, the Tooth Disc is placed discreetly enough to be out of sight when the wearer smiles, but can be seen easily when the upper cheek is pulled back.

With the application of the Tooth Disc those who worry about their children, elderly parents, spouses, or even about themselves, find their fears relieved.

The Tooth Disc is currently being offered by Drs. Cullinan and Weiss at the Family Dental Center, 2640 Golf rd., Glenview (in the Talisman Village Shopping Center, about 1 mile East of the Golf Mill Shopping Center). The phone number is 998-1281. A brief form is filled out listing the information to be placed on the Tooth Disc, and a \$15 fee is paid;

ARTHRITIS SUFFERERS SHOULD HAVE THIS SERIOUS MEDICAL INFORMATION

There are four important facts you should know:

- 1 There are very effective therapies for your arthritis, back pain and other rheumatic disorders.
- 2 The key to your successful treatment is precise diagnosis.
- 3 The best way for you to obtain an accurate diagnosis and effective treatment is with a multi-disciplinary group of health care professionals under the direction of a skilled and experienced rheumatologist.
- 4 You deserve personal, individualized care.

"... the key to successful treatment is precise diagnosis."

At Bethesda Hospital's Arthritis and Back Pain Center, two of the Chicago area's most distinguished rheumatologists, Joel M. Levin, M.D. and Scott A. Kale, M.D. personally direct the diagnosis and treatment of each patient, utilizing the medical team approach. This personalized team treatment program continues through the duration of care.

Dr. Levin, Dr. Kale and their colleagues at Bethesda Hospital's Arthritis and Back Pain Center know that a treatment and therapy program specifically adjusted for each patient can control arthritic pain and allow the arthritis sufferer to improve his or her quality of life.

The facility is equipped to treat both inpatients and outpatients.

"Bethesda Hospital's Arthritis and Back Pain Center... (uses) the medical team approach."

Bethesda Hospital, at Howard Street and Western Avenue, for more than twenty-five years has built its reputation serving Chicago's North Side and northern suburbs.

Replace Your Old Furnace With A New & Efficient Gas

Conservator III

The rising cost of energy has put winter comfort nearly out of reach for many homeowners. But Lenox has a solution.

The Conservator™ III gas furnace delivers warm, conditioned air at 80% efficiency—a significant improvement over older, less efficient models in the 55-60% range.

Electronic Ignition Saves Gas

Powerlite™ ignition enables the Conservator III to use gas only when there is a demand for heat. There is no standing pilot light, so more of your gas is used to deliver heat.

Local clinic offers guarantee with Stop Smoking program

"If a patient should happen to go back to smoking at anytime within one year after they come into our office, our doctors would give them the entire treatment over again at no charge," said Richard Ansfield, Director of the Medical Habit Control Center, 2434 Dempster st., Des Plaines.

"If our procedure wasn't that effective, there is no way we could make this offer," agreed Joseph J. Castro, Corporate Account Executive.

"It's a very easy way to stop smoking," noted Ansfield. The patient would come to our office and be here for approximately two and one-half hours. First Dr. Subramanian would give the patient a physical examination, get their medical history and do a complete blood count and chemistry profile. He would then administer small injections of vitamins and minerals which would cause a lack of craving and taste for cigarettes. It alleviates the cold turkey withdrawal symptoms and the irritability and the patient doesn't substitute food for cigarettes.

After this, the patient would see Alan Welsh Ph.D. for a behavior modification session which deals

with the psychological aspects. The reflex smoking, the hand-to-mouth rituals, the ingrained habits, the "what to do with my hands" syndrome and replacing the habit. It is easy to do once the physical craving has been alleviated.

Since this is a medical procedure performed by a licensed M.D., most insurance companies have been reimbursing for the treatment. They are also reducing their risks on future claims by converting a smoker to a non-smoker.

"We contact our patients after one month, three months, six months and one year to see how they're doing. Currently our success rate is running about 85%," said Ansfield.

Several corporations and companies have been contacting us to help their employees. Corporate Account Executive, Joseph J. Castro adds, "Non-smokers are generally more productive, have a lower absenteeism rate than smokers and non-smokers health insurance premiums are lower than smokers premiums. The employer can give his employees a benefit that will aid them in the

long run not to mention personal energy, company morale and the corporate image," stated Castro.

Ansfield continued, "If our procedure wasn't effective, there is no way we could offer the guarantee we do because we couldn't have people keep coming back for nothing. In addition, the word of mouth would kill us. I'd like to see other doctors follow suit with a guarantee of this type."

"Many cardiologists recommend their heart patients to us and patients with emphysema. Once they leave they're a walking testimonial for our service. We get 5 to 10 referrals from every patient including their family, friends and co-workers. Most people say, "If it works for me it'll work for anyone," and that's usually what happens, Ansfield concluded.

For further information on the Medical Habit Control Clinic's stop smoking program, call 298-4840.

Lutheran Schools Week at Immanuel, Glenview

Wil Flandermeier, Principal of Immanuel Lutheran School, which serves many surrounding villages, has announced plans to celebrate Lutheran Schools Week to acquaint prospective students and parents with Immanuel Lutheran School.

The students of Immanuel will present a Fine Arts Festival on Friday evening, March 8 at 7:30 p.m. Each class will perform and also display their art work from the school year. Parents, friends, and guests are encouraged to attend.

Prospective Pre-School (three and four year-olds) and Kindergarten parents and students are invited to the Pre-School and Kindergarten Round-Up on Monday, March 11 at 9 a.m. Mrs. Barbara Templeman, pre-school teacher and Mrs. Alice Holtan, kindergarten teacher, will have activities for the prospective students and information will be shared by Mr. Wil Flandermeier, principal.

Prospective parents and students for grades one to eight are encouraged to visit Immanuel on Wednesday, March 13 to see classes in session during the open house from 9 a.m. to noon.

Bridge Building Competition

Maine East science students were invited to participate in a recent Illinois Institute of Technology bridge building competition.

Winners will now compete in regional I.I.T. competition Feb. 26 and could go on to national competition at I.I.T. April 27.

Representing Maine East Feb. 26 will be Mr. Roy Euclid's physics students Andy Deckowitz of Des Plaines (E=8294 N/kg) and Horace Kim and Chris Kaczynski, both of Glenview, (E=5792 N/kg). Also, Mr. Don Derbey's students, David Yang of Glenview (E=8770 N/kg) and Phil Chunged of Morton Grove (E=5357 N/kg).

An efficiency (E) of 1000 N/kg corresponds to a 1-oz bridge supporting a 6-2 lb weight.

Immanuel offers a Christian education to children from Pre-School (ages 3 and 4) to Grade 8. Immanuel Lutheran School is unique in offering a fine academic program centered in the Christian faith.

Immanuel Lutheran School admits students of any race, color, national, and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school.

Parents are invited to take one or more of the opportunities to acquaint themselves with the Christian Education of Immanuel Lutheran School. Visit during Lutheran Schools Week. Parents desiring additional information may call the school office at 724-1034.

State speech contest competitors

Day Care - Summer Camp Guide

Horwich/Kaplan JCC's offers new summer camps

The Bernard Horwich/Mayer Kaplan JCC's summer camp offers a wide variety of camping experiences for children. This year, specialties like ceramics, tennis, gymnastics, drama and computer (all taught by qualified professionals), add an exciting dimension to the camp experience.

Three to five year olds play and learn together in this camp designed especially for them. Summer camp this year is June 17-Aug. 9. 3 year olds-2 days 9:30-11:30 a.m. 3 1/2, 4 and 5 year olds-3 days 10 a.m. - 2 p.m.

GIVAT RAM
A joint camping program of the Associated Talmud Torahs and the JCC for 1-6 graders which emphasizes living and learning Jewishly, while enjoying the many opportunities of day camping.

CHAVERIM
A low cost, non-specialty, outdoor camping experience for children entering kindergarten and 1st grade. The perfect first camp experience.

C.I.T. PROGRAM
This is a leadership-building program for 7-9 graders that combines the learning experience of a counselor-in-training with the fun and camaraderie of a camp.

POST-CAMP AND DAY CARE
To help working parents, day care is available every camping day from 7:30-8:30 a.m. and from 4 to 6 p.m. Post-camp offers kindergarten thru fifth graders plenty of camp-type activity for three weeks after camp closes: Hours are 9 a.m. to 3:15 p.m.

Pre-school camps

BERNARD HORWICH JCC

CAMP PLAYLAND

A beginning half-day camping experience for children 2 1/2-4 years old who learn to play together and participate in crafts, rhythms, games and swimming. The 2 1/2 year old children meet twice a week. Pre-schoolers aged 3 and 4 have a choice of 3-day or 5-day groups.

CAMP TSOFIM
This camp is especially for children entering kindergarten in the fall who are ready for a more intense camping experience. Enriched camp program of crafts, song, cooking, indoor and outdoor play, swim.

WESLEY DAY CARE CENTER

A non-profit center
Where what counts most is kids.

Wesley Day Care recognized for excellence

Wesley Day Care Center, 727 Harlem Ave., Glenview, accepts children 2 1/2 through 6 years of age in a program recognized by local educators for its excellence.

A great deal more than a babysitting service, Wesley incorporates a complete child development program into the day care day. All activities are under the direct supervision of staff with degrees in education or early child development and, with a child-faculty ratio that exceeds state requirements, Wesley offers each child in its program the opportunity for the greatest possible personal attention from an interaction with a nurturing adult.

Noteworthy, too, is the stability of the Wesley staff, most of whom have been with the 11-year-old program since its early years.

Each day offers children opportunities to take part in a wide variety of activities, according to their interests and needs, including creative arts, scientific experiments, and other cognitive and motor activities designed to nurture the child's physical, intellectual, social, and emotional growth. These activities take place in bright, comfortable surroundings designed, equipped and furnished specifically for preschoolers. Two large, fenced-in playgrounds are available for outdoor play and there is a full-size gymnasium for inclement days. A nutritionally-sound breakfast, hot lunch, and afternoon snack are provided.

The Wesley Day Care Center is open 6:45 a.m. through 6 p.m. Monday through Friday throughout the year, except for eight major holidays. For detailed information about registration, tuition, and scholarship assistance, or to arrange a visit, call 729-0184.

Maine East Orchestris Dance Concert

With the arrival of spring comes the arrival of "Getting to the Pointe," the 1985 Orchestris dance concert at Maine East. "Getting to the Pointe" will be held in the school auditorium Friday, March 8, and Saturday, March 9. Ticket prices are \$2.50 for children and students and \$3 for adults. Tickets will be sold by Orchestris members as well as at

the door. Tickets will also be sold in the student cafeteria during the week of the show. "Getting to the Pointe" consists of a variety of dances. It has several numbers which are performed from musicals. "Don't Tell Mama" is a co-ed jazz number taken from the musical "Cabaret." Senior Orchestris president Julie Falk choreographed it and is a featured soloist. "We're in the Money," from "42nd Street," is a tap dancing number. The trio of Kelly McLennan, Julie Falk, and Leslie Fredrickson are accompanied by the Maine East Swing Choir, which dances as well as sings in this number. "Memories" from "Cats" is a modern ballet number which

features the quartet of Leslie Fredrickson, Julie Distenfield, Linda Kirschenbaum, and Laura Kolze. The concert also has an all guys' number. "Cool" is choreographed by Julie Falk and is from "West Side Story." "Cool" displays the talents of Carlo Arreglo, Marcus Taylor, Marc Isaacson, Steve Johansson, Steve Davis, Rick Martel, Joe Ramos, Mitch Goldman, and Gary Wilmes.

"Wallz," choreographed by Michelle Glover, is a rare look at ballroom dancing. Five couples participate in this number. They are Steve Johansson and Kelly McLennan, Rainer Rubin and Michelle Glover, Carlo Arreglo and Nina Manalo, Rick Martel and Julie Distenfield, and Marc Isaacson and Stacy Provisor.

Rainer Rubin, Rick Martel, Julie Falk, Marcus Taylor, Nina Manalo, and Pia Quinto dance to the music of "Jitterbug" by Wham. A ballet number, "Two Swans," features the feline grace of Laura Kolze and Linda Kirschenbaum.

"Jam on It" is a modern jazz number led by Lisa Durston. Two former Maine East students are assisting with the show March 8 and 9. Michele Imij, the 1983 V-Show student director, is choreographing an authentic Tahitian dance called "Bora Bora." Debbie Goslin is choreographing several numbers. "Relax," a jazz dance for Senior Orchestris, and a modern piece for Junior Orchestris.

Mrs. Betty Fisher, the director for dance concert, realizes the club has more than its share of underclassmen. When asked what kind of year Orchestris will have, she commented that this year will be a building for Orchestris.

Music for "Getting to the Pointe" will be provided by the Maine East jazz band. After "Getting to the Pointe" Orchestris will look forward to the May state dance festival. The club hopes to audition one or two numbers from the concert in this prominent event.

"This Fabulous Century Revue"

Kicking up their heels at practice: (l-r) Alejandra Lelo de Larrea (from Mexico); Magdalena Rybicki, Norridge; Montserrat Garrido (from Spain); Maria Ansani, Park Ridge. Back row: Ann Baruch, Chicago; Christina Gibson, Oak Park.

Rehearsals have begun at the Willows Academy, 8200 Greendale ave., Niles, for "This Fabulous Century Revue," the school's 9th annual Spring musical. The revue, a musical and entertaining look at our country in the 20th century has been preceded by successes such as Peter Pan, Oliver, Wizard of Oz, You're a Good Man Charlie Brown, and Annie.

The cast of 88, including students from the sixth through twelfth grades, will present the musical production under the direction of Betty Bryant, the well-known Park Ridge drama instructor. Betty Bryant is known for her dramatic talent that dates to her childhood showboat days.

Stevenson teacher in theatre production

Bob Jares, Des Plaines, a teacher at Stevenson School, plays the warty bachelor, Robert, in Best Off Broadway's production of the Stephen Sondheim musical comedy "Company." The three single beauties who are trying to ensnare him are played by Valentyne Ritter of Des Plaines (Marta), Adrienne-Rae Farnaus of Prospect Heights (Kathy) and Connie Bickford of Arlington Heights (April).

Performances of "Company" are Fridays and Saturdays, March 8, 9, 15, 16, 22 and 23, at 8:30 p.m., and Sunday, March 24, at 2:30 p.m. at Cutting Hall, 150 E. Wood st., Palatine. Call 310-6575 from 9 a.m. to 9 p.m. daily for ticket information and reserved seats. \$6 adults. \$4 senior citizens and students with IDs.

OCC Theater production featured on Cablenet

Cablenet, a cable television company serving a dozen Chicago suburbs, has announced plans to present a special, hour-long documentary to coincide with the Oakton Community College Theater Association's production of the play "The Elephant Man."

The Making of the Elephant Man will feature a look at the various phases involved in producing a dramatic play on the college theater level. It will include interviews with a cross-section of the people in the play, from make-up and set construction to costumes and direction.

In the OCC district, "The Making of the Elephant Man" will be shown on channel 92 in Des Plaines, Glenview, Northbrook and Park Ridge. The play, "The Elephant Man," will open March 13 with a special preview and continue with performances scheduled for March 14-16 and 19-23 in the OCC/Des Plaines Performing Arts Center. All performances are scheduled to begin at 8 p.m.

For ticket information about "The Elephant Man," call 635-1900.

Auditions will be held at the Horwich Center, 3003 W. Touhy ave., on Thursday, March 14 from 7-9 p.m. and Sunday, March 17 from 1-4 p.m.

Come prepared to present a three or four minute piece of your choice in English or Yiddish. Call Rose Greenfield at 761-9100, ext. 351 for an appointment.

A reading knowledge of Yiddish is not essential, but a familiarity with the language and the ability to speak Yiddish is desirable.

The Human Values Forum of Lutheran General Hospital, Park Ridge, will sponsor "The Adventures of Alice," a children's classic, at 7 p.m. Wednesday, March 13 in the hospital's Olson Auditorium.

MORTON GROVE VILLAGE

Dechert questions integrity of MG officials

"While it is true that no village officials have been indicted in the past eight years, this administration's distorted concept of integrity has resulted in some questionable practices," said Trustee Joan Dechert, candidate for mayor on the Village Leadership Party slate.

Mrs. Dechert, who is running with Craig Karas, Roger Nolle and Randy Dehonick, candidates for trustee and David Selzer, candidate for clerk, says, "Integrity has to be more than just a word in the dictionary."

Mrs. Dechert charges that members of the present administration have taken advantage of their position for private gain, have ignored the law for their own convenience and have gone back on their word to the citizens of the village.

Explaining the charges, Mrs. Dechert said the mayor may have diverted public funds to private use when he was entangled

in the village health insurance program, accepting benefits not properly accessible to elected officials, without paying premiums, which she said, "I don't believe he has paid to this day."

During the 1983 campaign, she continued, the Action Party failed to make proper campaign disclosures as required by law. They failed to report close to \$3,000 in contributions from the Niles and Maine Township Regular Democratic Organizations. Their excuse at the time stressed the complicated nature of the forms and the inexperience of their treasurer. "Actually," she said, "the party officials include two attorneys and a certified public accountant and the party treasurer was himself the vice-president of a financial institution and a veteran of three or four years service in the position of party treasurer."

Mrs. Dechert, who was not one

of the trustees assigned to the party finance committee at the time, although she was a member of the party, said that she was denied access to party books when she attempted to investigate the matter.

"Integrity in a public official," she emphasized, "means above all, keeping one's word to the people." "Recently," she said, "trustees promised residents of Central ave. that there would be an effort to improve safety on their streets by making a portion of it one-way, on a trial basis. Two weeks later administration trustees turned on the residents and on one of their own by denying the measure after 25 residents of the street signed nominating petitions for an opposing party."

"Integrity," she summed up, "is doing right for all the citizens, not measuring your decisions on a yardstick of potential votes."

Richard Burton, a long time resident of Niles, is a candidate for the position of trustee for the Niles District Public Library. He has a broad business background of over 25 years in finance, budgetary control, data processing and management.

He is a past Grand Knight of the North American Martyrs Council of The Knights of Columbus, past-president of the For-martyrs Fourth Degree Club, the present financial secretary of the council and a member of the Holy Name Society of St. John Brebeuf Parish. He was also a member of The Chicago Society of Association Executives and a former officer and board member of the Chicago Chapter of The Systems and Procedures Association. Before Dick retired in 1984, he was director of Finance and Administrative Services for the Data Processing Management Association at their international headquarters in Park Ridge and for the Education Foundation of DPMA.

Library candidate reaffirms support for branch library

Maggie Kohls, candidate for Trustee of the Niles Public Library District, today reaffirmed her concern for the support of the Branch Library.

Kohls resides in the unincorporated area of the Library District, which is closer to the Branch than to the Main Library. Currently, none of the Library Board Trustees live in this unincorporated area. Kohls commented, "I was surprised to discover in frequent conversations with area residents how concerned they are about the quality of the Branch Library."

Kohls pointed out that the Branch accounts for over 1/3 of the Niles Library's circulation, yet this year received only 1/5 of the budget for new books and 1/10 of the budget for periodicals. There are no records or videotapes at the Branch.

"With the recent unincorporated annexations, the Branch will be serving more Library

patrons than ever," Kohls continued. "To keep our taxes low and serve the Branch library patrons at the same time, we must pinpoint the Branch needs exactly and establish sharing of materials and resources within the Library District."

In illustration of Branch library needs, Kohls cited a recent Time Magazine article predicting 7,000,000 VCR's would be sold in 1984. "This boom in home video equipment," Kohls commented, "creates a service need that the Library should logically fill." Kohls suggested that the Library could develop a collection of classic movies and self-help cassettes. "These cassettes should be available to Branch library patrons," Kohls added.

As Trustee, Kohls said she would work to develop increased access to Main Library materials through the Branch.

MSD's Troy puts waterway polluters on notice

Richard Troy, Vice President of The Metropolitan Sanitary District (MSD) and attorney for the Village of Niles, has proposed strong action to end indiscriminate pollution of local waterways from privately-owned lands adjacent to rivers and canals within the MSD's boundaries. Troy introduced an ordinance at the Jan. 17, Board Meeting making it mandatory for such land-owners to operate and maintain their property so that "no debris, garbage or wastes enter the waters under MSD jurisdiction." Troy's ordinance was unanimously adopted by the Board of Commissioners at their

Feb. 7, regular meeting. In proposing the ordinance, Troy said, "By statute, we're responsible for keeping local waterways free from pollution. Without putting some teeth in that mandate, compliance from those in the private sector who add to or create the unclean, unsightly conditions is impossible to impose." "It's time for them to 'clean house,'" advised Troy. The ordinance specifies, in part, that if a land-owner is found to be in violation and makes no effort to eliminate or remedy the situation, he may be fined from \$100 to \$1,000 for each offense.

Halverson questions opponents' competence

Maine Township Supervisor Paul K. Halverson, head of the Republican slate for township offices, has charged that his opponents' failure to properly follow procedures for filing their ethics statements raises serious questions about their competence.

Mahoney calls for return to issues

James A. Mahoney, Jr., Township Improvement Party Supervisor Candidate today made an open plea to the opposition Township Candidates to open this election to issues.

Mahoney stated that, "it is time to end all legal machinations that have been going on for several weeks and get back to basics." Mahoney announced a three point program for Maine Township. This program includes the immediate sale of the Town Hall, the lowering of Township taxes and the opening of Township government to all the voters. Mahoney stated that, "this three point program will be the basis of the Township Improvement Party campaign platform and will be followed up with a series of detailed position papers to explain these three issues and others that are essential or relevant to the April election."

Mahoney concluded his remarks by again restating his plea that "this election move out of the court room and away from name calling and deal with the important issues of Maine Township."

Marusek to continue record of achievement

Mary Marusek, incumbent candidate for Niles Park Commissioner, indicates she will continue her work to provide quality recreational activities for district residents. Marusek has served on the Board for 5 years and is presently President of the Niles Park District. She has also chaired the committees on Finance, Public Work Service, Personnel, Legislation, School District Cooperation, and Future Directions.

A 19 year resident of Niles, Mary and her husband John have 3 children, Paul, 19, Mary Jane, 17, and Joan, 12. Her involvement in the Park District began with her children's activities and her husband's coaching. A former pre-school teacher for the district, Mary also participated in the League of Women Voters study of the Niles Park District and worked for passage of the Open Spaces Referendum as a member of the League.

Marusek intends to continue the excellent record the Niles Park District has achieved. By aggressively pursuing fiscal procedures such as re-funding an outstanding bond issue, the Board has been able to improve

the facilities and services while retaining a low, stable tax rate. Although the Niles Park District is no longer a young, rapidly expanding district it has grown and improved as a result of innovative, creative planning. It is the record of achievement that Marusek intends to continue during her second term as Commissioner.

NILES VILLAGE

Nilesites responding to Panek's 'Open Door'

Niles residents are responding to a unique "Hearts to Hearts" program being conducted by Trustee Carol E. Panek at her campaign headquarters opened in a bid for re-election to the Niles Village Board April 2.

Trustee Panek is running for re-election as an independent. Panek said certain questions are raised over and over by Niles voters.

She said questions regard cable television, the improvement of parking conditions at Oketo and Dempster, the acquisition of land at the south end of Milwaukee avenue, the beautification of Milwaukee avenue and areas of flooding.

She said she will be available to discuss any and all issues of concern to Niles residents evenings and Saturday mornings at her campaign headquarters, 7600 Milwaukee ave.

Carol E. Panek, trustee for the Village of Niles, received an award on behalf of Niles for becoming a "Certified City." The award was presented at a meeting of the Northwest Municipal Conference last week at Forest View High School in Arlington Heights.

Main speaker at the meeting was Gov. James Thompson. It was the third and last meeting of the Governor with elected and appointed officials from a six-county Chicago metropolitan region giving local officials an opportunity to raise questions regarding state government and make suggestions for legislative and administrative changes.

Panek has been serving as a trustee for the Village of Niles 10 years. She is the Village liaison to the Northwest Municipal Conference.

Capparelli says "no" to telephone tax increase

House Majority Whip Ralph C. Capparelli (D-13th) is prepared to vote against any proposed tax increase on long distance interstate telephone calls.

Governor James Thompson, in his recent message to the Illinois legislature, proposed a five percent tax on interstate long distance telephone calls. The new revenue would be used, in part, to increase funding for education at the elementary and secondary

school levels, as well as provide for annual performance evaluations of teachers.

Capparelli, who is critical of the governor's plan, said "it lacks creativity. Anyone can raise taxes and add new programs. The real trick is to add programs while finding a dif-

ferent way to fund them."

Capparelli said two new ways to fund these programs might be through the passage of legislation that would allow off-track betting and dog racing in Illinois.

"The only people affected by the sporting events are those who like to gamble," he said.

Bugleland storm...

The area affected included houses and businesses on Golf Rd. to Touhy Ave. and Niles Center Rd. to Carpenter Rd. as well as additional homes east of Octavia St.

The explosion, which occurred Monday night at 7:15 p.m., was seen lighting up the sky by residents as far away as Bryn Mawr and Crawford Aves. in Chicago.

Eleven feeder lines, each serving about 1,000 customers, were put out of service by the explosion, according to Reidel.

However, the majority of residents had their power returned to them within two and a half hours after the explosion. Within five hours virtually all of the area's power had been restored, according to Reidel.

Commonwealth Edison linemen worked during the windstorm on Monday night to re-route lines onto other circuits to restore power to the area.

Reidel said this is a sensitive procedure which required linemen to check by radio with the home office to determine which power lines were live and which had been switched off.

He said it was not known for sure on Tuesday what had caused the transformers to explode other than being "weather-related."

An additional power outage occurred in the Niles-Morton Grove-Glenview border area near Golf and Washington early Monday morning.

A tree apparently fell onto power lines at 12:28 a.m. leaving some 1,000 customers without service for up to ten hours.

Many of these residents reported basement flooding when the power outage caused their water pumps to fail.

In Niles, Public Works Director Keith Peck reported the biggest problem came when Crain St. had to be closed down due to flooding.

Peck said that from the early morning hours on Monday until 5 p.m. public works employees with assistance from the Niles Fire Department worked to pump out water which had flooded the street.

Additional flooding occurred on Cumberland Ave. near Dempster St. when water began flowing from Maryhill Cemetery onto the street.

Peck said sandbags were borrowed from the Army Corp. of Engineers which were piled near the cemetery fence to head off additional flooding.

Peck said the Public Works

Continued from Page 1

Department received about 30 calls from Niles residents whose homes were experiencing flooding.

He noted Public Works employees responded to each of the calls, however, most of the homes had sewers which were blocked by tree roots or other foliage which had to be removed privately.

Peck said the largest cause of the flooding was the saturation of the ground which had absorbed so much rain and melting snow prior to the Sunday night shower.

He said the freezing rain on Sunday night caused no more than a dozen downed tree limbs.

However, 12 Niles snow plows were on village streets all night Sunday applying salt and plowing.

Additionally, Peck said the branch of the Chicago River running through the Howard St. Tam Golf Course was up by about ten feet during the Sunday and Monday rain.

Niles Police Captain William Terpinas said the police received about 200 calls on Monday evening reporting residential power and heat outages.

During the black-out Terpinas reported there were no serious problems.

He noted police were stationed near the Touhy Ave. and Lehigh railroad crossing to be prepared to stop traffic in case the power outage affected the railroad crossing gates.

Additionally, Terpinas said even though burglar alarms throughout the community were activated by the power failure, the police still checked each one to make sure it was false.

Terpinas said the police received one phone call from a resident inquiring about shelter in case their unheated home became too cold.

He said he had instructed police officials to prepare to let residents sleep in the police department if the power failure caused homes to become dangerously cold.

The situation was similar in Morton Grove where Public Works Director Jim Dahm said Morton Grove plows were out all Sunday night salting and plowing the main streets.

Additionally, Dahm said his department received 36 calls from residents complaining about flooding.

As of Tuesday afternoon Dahm reported Public Works trucks were still picking up downed branches.

to be determined and ways must be found to have them. System and organizational changes will be explored so quality programs can be maintained. Existing educational goals will be evaluated.

There was a consensus that early use of taxes should be avoided. The district's responsibility, it was pointed out, is to serve the students while acting financially responsible. Foundation funding was one option for enhancing programs that was suggested and will be investigated.

Donald Kenney, Assistant Superintendent of Business, pointed out that often the district can take advantage of discounts on books if they're paid for within a certain time. Also, penalties can be avoided when bills are paid on time.

Kenney asked for authorization to take advantage of these discounts and avoid penalties without waiting for Board approval on money to be paid out. Kenney will draft a resolution for the March 25 meeting.

Following the Finance Committee meeting, a regular board meeting, was held in the conference room of the Ralph J. Frost Administration Center.

Maine East has been the recipient of honors recently that were brought to attention of the board. The United States Office of Education will send designated professionals for an on-site visit of the school sometime between March 11 and May 31. Only six schools have been chosen for visits in Illinois.

Also, a senior at East Roman Melnik, presented a summary of his award winning project on enzyme genetics that was entered in the Annual Westinghouse Science Talent Search.

Contracts for the sale of the Ralph J. Frost Administration Center have been signed with the Tool and Die Institute. The Tool and Die Institute has requested a zoning change and is working with the Park Ridge Planning and Zoning Committee.

The Board counsel for the sale of Maine North, Mr. Jeff Jahns, reported on the status of talks between the Chicago College of Osteopathic Medicine and District 207. Mr. Jerry Dauphinee, the realtor, also mentioned future meetings with movie companies for short term use of Maine North.

In cooperation with Township High School District 211 (Palatine), the Board has appointed the law firm of Cowen, Crowley, and Hager to seek asbestos recovery litigation.

1985 Summer School Tuition and Fees were approved.

MainStay and programs sponsored by school districts, park districts, police departments and other facilities and include them in township youth programs.

The Maine Coalition for Youth and Family proposed that COY be formed specifically to oversee the MainStay program. MCVF feels that COY should be structured as a volunteer advisory board to MainStay. It was suggested that COY be formed with a volunteer Board of Directors who would report various needs assessments to the town board.

The basic differences in opinion between the town board and MCVF was regarding the proposed formation of the Committee on Youth. The town board wants the Committee on Youth to be structured so it would report to the town board. The MCVF desires the program to be formed with a group of volunteers that would oversee the MainStay program exclusively.

Although the MCVF and the town board agree on most of the issues that were presented at the meeting, Paul Halverson, township supervisor, moved that a revised resolution on the Committee on Youth be reviewed at the next board meeting.

A three member committee was appointed consisting of Tina Somerset, director of MainStay, Mark Thompson, township trustee and George Schmitz of the MCVF. The committee will be responsible for coordinating the proposed resolution to be drafted and attempt to bring both sides to an agreement on an acceptable structure for COY.

The next town board meeting will be held at 7:30 p.m. on March 12, at 1700 Ballard rd. Park Ridge.

Morton Grove Art Guild

The Morton Grove Art Guild will hold its monthly meeting at 8 p.m., Wednesday, March 13, at Mansfield Park Fieldhouse, 5830 Church St., Morton Grove.

The evening will feature Helen Van Tempera of Morton Grove demonstrating an Acrylic Landscape - paint-a-long audience participation. She will discuss color and application - how to begin and plan the composition - a painting to be completed that evening, or just join us to ask questions and learn a new technique in art. The artist does demonstrations and lectures for art groups and various organizations. She has a working studio in Morton Grove and teaches at Trident Center in Niles and for the Northbrook Park District in Northbrook. Van Tempera exhibits at Invitational and her work can be seen in many private collections.

ty and desirability. This bus will be an improvement over the presently used district school buses because of its special coach features, particularly the comfortable high back reclining seats, air conditioning and air suspension ride. This decision by the park district represents a commitment to provide the best possible transportation for the very popular Ladies Choice trips, family excursions, senior citizen outings and community special events.

One of the existing school buses will be retained for appropriate youth programs, especially the summer day camp, and local transportation.

The park district now serves over 9,000 rides a year, supplying transportation for scouts, schools, churches, neighborhood associations, senior citizen clubs, civic organizations, and the park district sponsored trips. Costs for the trips would be prohibitive if the District could not provide the buses at affordable rates. The coach bus will enable the park district to continue to meet the transportation needs of Niles residents on a first rate basis.

What's the best way to take money out of your I.R.A.?

You've been hearing a lot about how important it is to have tax-deferred Individual Retirement Accounts. It can be just as important to know how to take the money out!

If you are less than 59½ years old, you will have to pay a 10% penalty on any money you take out of an I.R.A. You will also have to pay income tax on whatever you take out, and you will lose out on the interest your money could be earning for you, sheltered from taxes.

Once you are 59½, there is no government penalty for taking out your money. You will, of course, claim as income whatever you take out, and may have to pay an early withdrawal penalty at the place where you have your I.R.A.

If you don't need money right away, you can keep it growing for you in your I.R.A. tax-deferred, and keep on contributing to it until you turn 70½.

The year in which you turn 70½, you can no longer contribute to an I.R.A. and must start to take money out, or pay a 50% penalty. You, of course, will have to claim as income whatever you take out. Also, the amount you take out may affect your Social Security benefits.

When you take your Social Security, you may have to pay federal taxes on up to 50% of your Social Security benefits, if your adjusted gross income is over \$25,000 or if you and your spouse file jointly with adjusted gross incomes over \$32,000. This could make a difference in the

way you might want to take money out of your I.R.A.

The way you take out your money could mean a substantial amount of extra income for you. You can take it in a lump sum or in installments.

If you take a lump sum, it could raise your income tax and cut your Social Security benefits, depending on your financial situation. You might ease the tax bite by income averaging. That is, figuring your tax based on your last four years' income. But, if you were in a high tax bracket for those four years, you might be better off taking installments.

If you take your money in installments, you may be better off anyway, because you take only part of your money at a time. The rest of it continues to grow for you, sheltered from taxes.

This could mean a lot to you. If, for example, you had started at age 44 making a yearly I.R.A. contribution of \$2,000, by the time you reached 70½ you would have some \$230,000. This is figured conservatively at 10% simple interest. Most financial institutions pay compound interest, so you might actually have more than \$230,000 in your I.R.A.

The size of the installments you would take at 70½ would be based on your IRS life expectancy. Suppose you were to go to your financial institution, look at their IRS tables and find that your life expectancy was 25 years.

You might decide to take 25

approximately equal payments of some \$23,000 each. Or, you might decide to take 1/25 of your money the first year... about \$9,200. The second year, you would take 1/24, the third year 1/23, and so on till all your money was paid out to you.

\$410,000 more for you?

With 25 equal payments, you would end up with some \$590,000. The other way, you take less money in the first years. This leaves more money to grow for you, sheltered from taxes. This way, you would actually receive more than \$1 million dollars. A \$410,000 bonus!

Is this the best way for you to take out your money?

In general, the longer you can keep your money growing for you sheltered from taxes in an I.R.A., the better off you are. But there is no one hard and fast answer that is right for everyone.

You may truly need to take out money before you are 59½, and it may be well worth it to you to take the penalties. At 70½, you may want all of your money in a lump sum, or part of it to buy a new car or help one of your children make a down payment on a home.

You have your own individual plans and financial resources. We simply present this information so you can see some of the options that are available to you, to assist in your decision-making. Norwood is near when you need us, always ready to help you take the mystery out of money!
