Oketo residents, Jerry's meet to resolve rat problem

A professional exterminator will try to rid the 7900 block of Oketo and the Jerry's Fruit Market area on Milwaukee ave. of rats as a result of Monday night's meeting's agreement between the residents and Jerry Rieger, owner of the fruit and vegetable store.

According to Joe Salerno, Niles Director of Code Enforcement, both the commercial and residen-

tial areas will be "Baited" by the exterminator (pouring chemicals into the rat holes). Salerno and Nick Constantino, Niles Health Inspector, hosted the Monday night meeting in which 29 neighbors of Jerry's came to the Niles chambers to seek an answer to the rat problem.

Salerno said Rieger would pay.

The apprehension of a Des Plaines youth who was caught leaving a locked-up Minelli's Food Store last week was first-rate police work, according to the Minelli brothers. They reported the young man got into the store through the duct work but fast efficient work by "Niles finest" caught the escapee as he was exiting from the store. The Minellis said, "Niles policemen did a beautiful job" and they asked if we would let the community know about it.

Post-Election Afterthoughts Independent candidate Carol Panek's one-woman candidacy made Nick Blase's "political machine" look pretty bad at more than one-third of the polls. In Niles Township's 11 Niles precincts, Carol beat Blase's three trustee candidates at five of the polls. She came in second at another one and third at a third precinct. She beat the "powerhouse machine" at 7 of these 11 polls.

In Maine Township, Carol won 7 of the 27 precincts. She finished second at another and third at a third poll.

Tax Exemption Deadline Extended

The deadline for filing the Homeowner's and Senior Citizen Homestead Exemptions has been extended to May 31, said Cook County Assessor Thomas C. Hynes. Nearly 45 percent of all Cook County homeowners eligible for the exemptions had not applied by the April 1 deadline, based on the number of applications filed in Hynes' office last year. "We want to provide ample opportunity for those people who have not returned their applications to file for this important property tax savings," Hynes said. The Homeowner's Exemption can save as much as \$350 a year in property taxes, seen as a deduction off tax bills that will be sent this summer. The Homeowner's Exemption reduces the taxable value of the residential property up to \$3,500 over its 1977 value. Elderly Cook County homeowners registered for the Senior Citizen Homestead Exemption can save as much as \$200 in property taxes. The Senior Citizen Homestead Exemption is for homeowners 65 or over, and who also own and live in their own home as their principal residence as of Jan. 1, 1984. The Exemption reduces the taxable value of the property by \$2,200. Persons who were registered for the Senior Citizen Homestead Exemption for 1983 recently received renewal cards from Hynes' office. Those who registered for 1984 were not sent renewal cards. Continued on Page 30

Confer on insulation tax credit

House Majority Whip Ralph C. Capparelli (r) explains the five-mile boundary radius to Niles Mayor Nicholas Blase during a meeting to discuss the proposed state income tax credit for insulating homes against aircraft noise. Presidential Honor Society member

James Riedler, 5511 Madison, Morton Grove, has been named to the Presidential Honor Society at the DeVry Institute of Technology in Chicago. Riedler, a student in the Computer Information Systems program, has a 3.8 GPA.

Dear Editor:

Shame On You!

Don't they realize that for our daily life, these were the main elections? We just finished electing our local leaders. That is 20% of us did. The rest of you don't care what our parks look like, how much information we may receive from our library or what the quality of our local government is. Most of us came to this country to find the privilege of voting for our leaders; and if we did not, our parents or grandparents did. Some people tell me they don't vote in the in-between elections.

Enlisting election judges a real dilemma

Since my wife, Pat's election I have contributed close to 1,400 hours pro bono parte on the judges of election, registrars, and canvassers. Please allow me to contribute. For one, each precinct has a 5 and/or 3 person board. In Nov. 1985 I accept the suggested number 3 for the school board elections. The tally's for the gubernatorial race determines who gets the 5th or 3rd. For instance if Stevenson won, the Democrats get the 5th or 3rd person. The tally is at the upper right hand corner of our precinct print-out. If the precinct tally is a tie, we alternate or go along with a less of the coin between the two (2) committeemen. I could share Veda Kaufman's frustrations. If the precinct is staffed with Republicans, at least one, I probably would have gone along with the candidate just to have the precinct staffed. Some of the old timer's downtown stated this was the worst election ever with spring vacation, et al. You can't imagine the countless hours I spend trying to enlist, appoint, and assign. My judges go from 18-90 years of age. One of mine fell at the end of the 14 hour day and broke his hip. He was 77. Although the county clerk has spent \$2.5 million for a computerized system, the judges haven't received a raise in years: Judges put in a 15 hour plus day for the good of the community and the number willing to work is dwindling. I have suggested two (2) shifts for the older people but the idea hasn't caught on. I've tried store notices, synagogues, churches, newspapers, schools, signs, radio, TV, friends, neighbors, door-to-door. It is very hard to keep up a 400 judge force. I wish lawyers would take up the challenge and fill the ranks as a public service. My phone starts ringing at 4 a.m. the day of election with cancellations. Between the two parties, we provide lunch and an after hours social. I understand your position as described in the column. On the other hand I hope you will help enroll judges as you can. Knights of Columbus fund drive

The North American-Martyrs Knights of Columbus council 4338 in Niles are holding their annual C.Y.O. youth fund drive for the under privileged children. Chairman Joseph of Des Plaines and Co-Chairman Stuart Honiss of Niles and Grand Knight Robert Bianchi of Niles urge all members and their friends for their cooperation and support in making this another banner year.

Funds go to the Catholic Youth Organization to be distributed toward youth activities, teen clubs, baseball (girls and boys) physical fitness, track and field and many other activities, also toward a drug abuse program. We can all help curb drug abuse and juvenile delinquency by encouraging our youngsters to keep busy, as idle hands and idle minds have a way of getting into trouble. If for no reason other than escaping from sheer boredom, youngsters can utilize sports and hobbies as a safety-valve for youthful energies.

The C.Y.O. program has also been successful in helping many Juvenile Delinquent children with volunteer workers and social workers. "The only wealth which you will keep forever is the wealth which you give away." All this depends on the success of our drive. We are depending on you. Fund drive ends Friday, May 17. Give not until it hurts, but until it feels good.

OLR students in Battle of the Books

For the past three years the fifth and sixth graders of Our Lady of Ransom School have participated in the Battle of the Books Program sponsored by the Niles Public Library. Over the three year period we have had more than 50 students compete from our school.

A list of 100 books is prepared by the library staff and submitted to participating schools for assigned reading. During scheduled meets, four children from two schools meet and are asked questions regarding the contents of any of the 100 books. The school that can answer the most questions correctly is the winner.

For the three years that Our Lady of Ransom students have participated we have had one outstanding reader each year. Our first year we had Christopher

Thelen who is now an 8th grader. Our second year we had Ann Marie Denis who is now a 7th grader. This year we have Katrina Heneghan, a 6th grader. The coaches for our school are Mrs. Kathy Alston and Mrs. Cathy Cochran.

All of our students have worked hard in the program and because of this we received a special award for the most improved school from one year to the next. We were very proud of this recognition as it was the first award of its kind presented to any school. This year the competition is very challenging. Three schools are very close including Our Lady of Ransom. A culminating celebration will be held in April. At this time certificates and awards will be presented to the schools for the '84-'85 school year.

Pictured from (l-r) are: Chris Thelen, Katrina Heneghan, and Ann Marie Denis. They all attend Our Lady of Ransom and have been star participants in the Niles Battle of the Books Program.

District 207 classes for pre-schoolers

Applications are now available at the three high schools in District 207—Maine East, Maine South, and Maine West—to register children for two-hour preschool classes to be held at each of the schools during the first semester of the 1985-86 school year.

The classes, conducted by junior and senior students under the direction of a certified child development teacher, are part of the "on-the-job" training program of the child care occupations course offered by the home economics departments.

The preschool classes at the high schools allow child care occupations students to observe the growth and development of young children to gain experience in supervising their activities.

Ten to 18 children of preschool age will be enrolled in each session. To be eligible for acceptance, children must be between 3-and a half and 4-and a half years of age on Sept. 1, 1985.

The programs at all the schools are similar, but vary regarding times and days on which they meet. A letter accompanying the application form will explain the specific program at the individual school. The forms will be available in the main office of all schools except South, where applications are available in the home economics department. Applications will be accepted until May 1, 1985.

All those applying for enrollment will receive notification early in June of the acceptance of their children. A \$50 registration fee is charged to defray the cost of supplies and refreshments.

Everyone welcome...

Mail check to North Suburban NAFW Hdqtrs., or phone reservations on Wednesday or Thursday, April 10 & 11 from 9 a.m. to 5 p.m. Please call 965-7892 or 296-4708.

IRRESISTIBLE TALE OF CHOCOLATE BROWNIES

Chocolate—the very word is conducive to spinning tales of love, to stimulating the senses. Even the Aztec emperor Montezuma drank chocolate from his golden ceremonial goblet. It was called chocolatl, a lukewarm drink mixed with beer or wine and seasoned with pepper.

Hernando Cortez first tasted this pleasurable drink in 1519 and brought cocoa back to Spain. The Spanish added sugar and other flavorings to the rich-tasting beverage. But it wasn't until 1847 that the first piece of chocolate was eaten.

Soon chocolate became the delectable ingredient in all types of desserts. Tradition has it that the first chocolaty brownies were baked in Bangor, Maine. Another legend traces this delicious treat to a fallen chocolate cake. Brownies may even be an American version of a chocolate Scottish tea cake or scone.

For old-fashioned goodness, try baking Chocolate-covered Cherry Brownies. Serve on a pretty plate with a lacy paper doily. For a more contemporary flavor, sample Peanut Butter Ripple Brownies.

CHOCOLATE-COVERED CHERRY BROWNIES

Heat oven to 350 degrees. Prepare 1 package Betty Crocker supreme fudge brownie mix (with can of Chocolate Flavor Syrup) as directed for Cakelike Brownies. Spread in pan. Arrange 8 well-drained maraschino cherries in each of 6 rows over dough. Bake as directed; cool at least 1 hour. Frost with Almond Frosting (below). Cut into 1 1/2-inch squares; garnish each square with bits of maraschino cherries if desired. Makes about 48 brownies.

Almond Frosting...

- 3 cups powdered sugar
- 2 tablespoons margarine or butter, softened
- 1/2 teaspoon almond extract
- 2 to 3 tablespoons water

Mix powdered sugar, margarine and almond extract. Stir in water, 1 tablespoon at a time, until smooth and of spreading consistency.

High Altitude Directions (3500 to 6500 feet): Increase baking time to 35 to 40 minutes.

PEANUT BUTTER RIPPLE BROWNIES

- 3/4 cup sugar
- 1/2 cup peanut butter
- 1/4 cup all-purpose flour
- 2 eggs
- 1 package Betty Crocker supreme fudge brownie mix (with can of Chocolate Flavor Syrup)
- Peanut Butter Frosting (below)

Heat oven to 350 degrees. Grease bottom only of rectangular pan, 13x9x2 inches. Mix sugar, peanut butter, flour and eggs in small bowl. Beat on medium speed 2 minutes.

Prepare Cakelike Brownies as directed on package. Spread dough in pan. Drop peanut butter mixture by tablespoonfuls onto dough. Swirl through dough with knife for marbled effect. Bake 38 to 40 minutes.

Cool; frost with Peanut Butter Frosting. Sprinkle with chopped peanuts if desired. Cut into 1 1/2-inch squares. Makes about 48 brownies.

Peanut Butter Frosting...

- 1 cup vanilla ready-to-spread frosting
- 1/3 cup peanut butter
- 2 to 3 teaspoons milk

Mix all ingredients until frosting is smooth and of spreading consistency.

High Altitude Directions (3500 to 6500 feet): Stir 1 tablespoon all-purpose flour into Brownie Mix (dry).

Driving Tips for older drivers

by Sec. of State Jim Edgar

Driving a motor vehicle enables many senior citizens to maintain their mobility and enjoy their independence. Approximately 752,000 licensed drivers in Illinois are age 65 and older and more than 60,000 are at least 80 years old.

One of the most important safety tips for older drivers is to be aware that their vision has changed over the years. The American Optometric Association recommends that older drivers recognize their limitations and confine driving to places, speeds and hours in which they feel comfortable and competent.

Following are some additional safe driving tips:

1. Get the big picture while driving by watching the cars and the road ahead, and looking both left and right for vehicles, children, animals and other hazards. Glance frequently at the rearview mirror and instrument panel, and be aware of your vehicle's blind spot.
2. Keep pace with the traffic flow. Driving too slowly can create as dangerous a situation as driving too fast.

3. Certain medications used to combat diseases, nervous tension and fatigue can affect driving adversely by interfering with muscular coordination, clearness of vision or critical judgments of contrast, distance or color. Know the side effects of any drug you may be using, including antihistamines used to combat allergies and colds, before driving any vehicle.

Local caddie wins golf scholarship

Michael Piento of Niles has been involved with all the right clubs—golf clubs, that is. A senior at Maine East and a caddie at the Glen View Club, Mike has been named a winner of a 1985 Chick Evans' scholarship.

The scholarship is awarded on a competitive basis. In order for Mike to qualify, he had to be recommended by the Glen View Club President, the Caddie Master, the Club Pro, and the chairman of the Caddie Committee. Once this was completed, Mike's caddie record, his need for financial aid, and his high school academic record were considered.

His scholarship is renewable for four years. In order that it be renewed, Mike must maintain good grades, live in the Evans' House, be involved in extra-curricular activities, and do assigned work at his new home.

Open House slated for Willows

"We wanted our daughter to attend The Willows from the first moment we heard about it in 1973, so when we realized that they were going to open their doors in the fall of 1974, we moved back from California, where we had been living for a year." That marked the beginning, according to Drew Mans of Northbrook, of their association with The Willows Academy in Niles.

JeanMarie, Mans' daughter, was in the third graduating class of The Willows in 1979. Caroline, a sixth grader is enrolled in The Willows Academy today.

The two mothers offered their reflections on the Niles-based college preparatory school at the request of Public Relations and Development Officer Rosemary Salaz. Salaz asked them to comment on their commitment to the school in anticipation of the Willows upcoming annual Open House.

The Willows Academy located at 8200 Greendale Ave., in Niles offers a strong liberal arts education to students from 28 suburban communities. The Open House, the community's opportunity to visit The Willows, is being held Friday, April 26 from 7:30 p.m. to 9:30 p.m. For information call Nora Byrne, Dean of Admissions at 692-5830.

The Norwood Federal ARM... simple, affordable, no gimmicks

Are you interested in a flexible, yet affordable mortgage loan? Right now, Norwood Federal has an 11.5% Adjustable Rate Mortgage (ARM) that could be just right for you.

No Gimmicks

You've heard of "payment shock." This term simply refers to drastic payment increases during the loan term. For example, if a 9.9% mortgage reverts to 12.9% automatically in the second year, either your monthly payment increases or the amount applied to your principal is significantly reduced. The Norwood ARM guarantees no gimmick discounts that could lead to such payment shock.

Take a Look at these Features

- 11.5% Interest Rate (A.P.R. = 11.97%)
- 1.5% Cap Per Year on Rate Increases or Decreases
- 4% Ceiling Over Life of Loan
- Up to 90% Financing
- We use the Cost of Funds Index for the 7th FHLBB (the most stable index around) for Annual Adjustments
- Switch to a Fixed Rate at any Time Under our "Convertible Provision**"

ARM vs. Fixed Rate Mortgage

ARM	Fixed Rate
\$50,000 Mortgage 30-Year Term 11.5% Interest Rate \$495.15 Monthly Payment	\$50,000 Mortgage 30-Year Term 13.0% Interest Rate \$553.10 Monthly Payment

The difference in monthly payments amounts to \$57.95 or nearly \$700 per year.

**The convertible provision is subject to Norwood Federal market rates and terms at conversion. Notes: Rates may change without notice. Private mortgage insurance is required for down payments less than 20%. \$250 non-refundable application fee is required plus title and recording fees and private mortgage insurance premiums if required.

The BUSINESS Picture St. Paul Federal offers new Certificate IRA

St. Paul Federal Bank For Savings has introduced a Zero Coupon Certificate. These certificates, similar to zero coupon bonds, are purchased at a discount well below face value, with a minimum deposit of \$250.

According to Thomas J. Rinella, senior vice president, Zero Coupon Certificates, which are FSLIC insured to \$100,000, are a protection against volatile interest rates because the purchaser is guaranteed face value at maturity.

"A customer who combines his or her 1984 and 1985 IRA contributions can buy a \$100,000, 30-year Zero Coupon Certificate for \$4,000," he says.

Zero Coupon Certificates purchased for \$2,000 will have a face value of \$4,000, or twice the initial deposit, in about seven years; \$5,000, or three times the initial deposit, in approximately ten years; \$10,000, or five times the initial deposit in about 15 years; \$20,000, or ten times the initial deposit in approximately 22 years; and \$50,000, or 25 times the initial deposit in about 30 years.

The Zero Coupon Certificate incorporates a redemption schedule providing an option to redeem the certificate prior to maturity.

Avenue Bank Northwest holds grand opening

Avenue Bank Northwest, Dempster at Greenwood, Niles, celebrated their Grand Opening as Avenue Bank Northwest on Friday & Saturday, March 29 and 30.

The Grand Opening included a drawing for a free 25" Color TV plus balloons and surprises both days. We introduced our new and innovative account called the Avenue Bank Master Account. This account has unlimited check writing, accidental death insurance, pays interest rates up to 10% and much, much more. It is truly the only bank account you will ever need. The bank has been completely remodeled and now presents a pleasant atmosphere in which to conduct both business and personal banking.

In reviewing 1984, we experienced a year of significant progress and change for Avenue Bank Northwest. On Aug. 31, 1984, a change of ownership occurred and we became part of the

Avenue Bank Group. This affiliation with four other very strong and profitable Chicago area banks allows us to offer improved services and a combined lending limit of over 3 million dollars. Together we are over \$275,000,000 strong. On Dec. 1, 1984 we officially changed our name from Dempster Plaza State Bank to Avenue Bank Northwest.

We realized an increase in both our asset size and our earnings in 1984. Year-end assets increased to \$27,338,780, an increase of 5% from 1983 assets of \$25,950,551. A steady growth in assets is envisioned as we continue to expand our capabilities to employ funds profitably.

Net income rose dramatically to \$207,775, an increase of 77% over the 1983 figure of \$117,256. Increased loan demand, better funds management and more effective control of expenses are the major reasons behind the improved earnings performance.

Glenview State Bank joins Cash Station

Glenview State Bank has activated its link to Cash Station, Illinois' largest automated teller machine network. The bank's customers may now use more than 310 Cash Station ATMs throughout Chicago and the suburbs for cash withdrawals, deposits and transfers between accounts.

"Glenview State Bank was a member of a competing network," noted Bernard Cygan, Cash Station president. "We view their decision to join Cash Station as a sign of the superior technical service and locations we offer our network's members. Providing reliable, convenient service to customers at a reasonable cost is the reason we joined an ATM network, and this move by Glenview State Bank shows Cash Station is the best in Chicagoland."

In addition to linking up with Cash Station, Glenview State Bank also joined CIRRUS System, Inc., the nation's largest ATM network, with 6,500 machines in 42 states.

"As a member of CIRRUS, our Cash Station cardholders can withdraw cash from their Glenview State Bank accounts almost anywhere in the country. This is especially valuable for customers whose business or vacation plans include out-of-state travel" and for students away at school," said Augustus Knight, Jr., the bank's president.

Glenview State Bank's ATMs are located at 800 Waukegan rd.,

1825 Glenview rd., and 2610 Golf rd., all in Glenview. Cash Station cards may also be used for banking transactions at 178 Jewel Food Stores. More than 520,000 Chicago area residents carry Cash Station cards.

Niles Community Church hosts Scout Round-up

For over 75 years, the Boy Scouts of America has been a successful ingredient in American life.

For more than 32 years, Niles Community Church has been proud to sponsor scout units, offering a successful program to hundreds of Niles boys of all denominations.

Tiger Cubs, Cub Scouts, Boy Scouts and, more recently, Explorer Posts have added to the enrichment of our youth in supplementing their education, adding to their store of knowledge about their country, their God, and themselves - all the while having clean fun in the process.

On Friday, April 12 at 7:30 p.m., all boys of scouting-age (seven years of age and up) and their parents are invited to a "Spring Round-Up" and the Niles Community Church, 7401 Oakton Street (use west entrance please).

The program will last one hour and will consist of film and slide presentations depicting Boy Scouts, Cub Scouts and Webelos enjoying activities at summer camp, at Cub Day Camp and at Webelos Week-ends at Camp Napowan in Wild Rose, Wisconsin (maintained by the Northwest Suburban Council, Boy Scouts of America).

Summer means "out-of-doors" and three-fourths of Scouting is "outing." Don't miss this opportunity to show your son what's in store for him in scouting!

Refreshments, too! Hope to see you! For further information: 957-8176, 647-9879 or 647-0563.

"Sunshine Boys" opens April 12

"The Sunshine Boys," opening a four weekend run at Guild Playhouse, 620 Lee St. in downtown Des Plaines, is really a play about old age. It's a comedy about old age that, amazingly, is neither insensitive nor maudlin.

With admirable firmness, playwright Neil Simon steers clear of the swamps of nostalgia. Basing his two leading characters, old vaudeville partners Lewis and Clark, upon the famous vaudeville team of Smith and Dale, he has created two old men who are

not wise and kindly, devoted and loyal. Instead, they are nervous, defensive, prideful, and highly skilled at giving and taking offense.

Co-starring as Willie Clark and Al Lewis, the vaudeville comedians of long ago, in this Des Plaines Theatre Guild production of "The Sunshine Boys," are Hank Vandenberg of Barrington and Gene Kahn of Skokie.

1984-85 season, and Catherine Davis of Wheeling is director, assisted by Lynne Hesselton of Des Plaines.

Performance dates are Fridays, Saturdays and Sundays, April 12, 13, 14, 19, 20, 21, 26, 27, 28, May 3, 4 and 5. Curtain time is 8 p.m. for all but the third and fourth Sundays, April 28 and May 5, which are matinees at 2:30 p.m. For ticket reservations, call the Guild Playhouse box office, 298-1211, between noon and 8 p.m. daily.

Northwestern Students hold concert at Felician College

A concert of operatic and other voice selections by singers from the Voice Studio of Elizabeth Fischer at Northwestern University will be presented at Felician College 3800 W. Peterson ave., Chicago, April 23.

The concert will be in the college auditorium at 7:30 p.m., and is free and open to the public.

The performers are young men and women who are at various levels of training and experience. Miss Fischer will narrate the program, commenting about the training and development of the singers. This is the fifth year in a series of vocal recitals featuring her students.

Felician College is an accredited two-year liberal arts college for men and women.

Cavalier Cadets Music and Marching Clinic

Most music lessons cost approximately \$5 to \$12 per half hour. On Sunday, April 14, at Dempster Development Center, 420 W. Dempster, Mt. Prospect, Illinois, from 2-4 p.m. the Cavalier Cadets will host a music and marching clinic. Absolutely free.

The event is designed to acquaint local young people with the Cavalier Organization and the program offered by them.

The Cavalier Cadets supply members with instruments, uniform and musical and visual instruction for an annual fee of \$40 per year. The cost of meals for camps and summer trips is an unbelievable \$5 per day.

The Cadets program is the ultimate summer music camp.

With practice, excellent instruction by highly qualified instructors with degrees in music education, and the constant recognition by Drum Corps fans, the Cavalier Cadets offer an excellent program to the young musician.

This clinic is being held in conjunction with Cadet rehearsal to demonstrate the excellent instruction available for such unbelievably low cost.

For more information on the Cavaliers, Cavalier Cadets, or the Clinic call Doug Heitman at 894-5477 or Kathy Schlenker at 894-0978.

Frankie D's Pub offers something for everyone

by Ed Hanson

Yes, indeed, anyone from 21 to a 101 will find something they're fond of at FRANKIE D'S PUB, 338 Lawrencewood Shopping Center. It was formerly known as "Headquarters," a key club. But the key is out of the lock NOW, just walk-in and you'll discover what I experienced.

First, it's something you feel or sense. And that's the friendly atmosphere that permeates the place. It's sort of an invisible red carpet of welcome, that says you are important; and that your patronage is fully appreciated.

Second, the cleanliness grabs you immediately. The glasses fairly sparkle, and the well-stocked bottles on the back-bar gleam and glisten, as does the well appointed interior of FRANKIE D'S PUB.

To me, it has the same coziness of many of the finer class of Pubs of England. It even has a dart board for the game which England invented and became famous for.

Frankly speaking, FRANKIE D'S reflects the personality of the owner, Frank DiAfrica; an enterprising, young man who is also the owner of DIACO VIDEO SALES located next door. You can get just about any movie from

his huge inventory you desire. FRANKIE D'S PUB is open from 11 a.m. to 4 a.m., 7 days a week. A lunch of sandwiches and Pizza is served from 11 a.m. 'til 2 a.m. Two happy hours from 4 to 6:30 and 1 a.m. to 2 a.m. offer you two drinks for the price of one. (Except pop, pitchers and shots).

The sandwiches of ham, cheese, roast beef, etc. are the best I've ever eaten and I often take a couple home with me for a late snack while watching TV.

The prices at FRANKIE D'S PUB are very reasonable and there's never any "hustle" put on anyone, be they men or the charming young ladies who frequent this place.

And, from the well-stocked bar, their attractive but very experienced lady bar maids can whip up any libation your palate desires.

FRANKIE D'S PUB has dances and special parties on most of the holidays, and a huge, very modern juke box so that dance time can be any time.

It's a great place to relax and unwind after a busy day or anytime. FRANKIE D'S PUB has made the "scene" and is the place to be "seen."

Morton Grove, Marc Isaacson of Morton Grove, and Bob Manalo of Niles. There will also be a piece featuring the entire flute section. This is called "Flirty Flutes."

HOSPITAL NEWS

Hypertension study needed

Kenneth Miller, M.D. and Harold Bregman, M.D., members of Health Care Associates, an 84-member multi-specialty physician group affiliated with Lutheran General Hospital are looking for volunteers with mild to moderate hypertension to participate in a drug study. This study will test the effectiveness of a new drug alone and/or in combination with a low dose diuretic. This product belongs to a new class of drugs called the angiotensin converting enzyme inhibitors which are safe, relatively free of side effects, and needs only to be taken once a day. Persons must be 18 years of age or older to participate in the study. Volunteers are welcome or those who are presently on medication for high blood pressure and are experiencing unpleasant side effects.

The study will include a thorough evaluation including a full laboratory workup and an EKG. Participants who are on hypertension medication will be slowly withdrawn from that medication before beginning the study. Participants will receive the new drug by itself or in combination with a mild diuretic. The drug or combination will be distributed randomly between participants. Participants in the study will need to be seen once every two weeks for a 14-16 week period of time. All costs of the study, including the full physical, laboratory workup, EKG, visits and medication will be covered by the program.

For more information or to volunteer, please contact Barb Atkin, R.N., nurse coordinator of the program, at 696-7680.

Problems of the Diabetic

"Special Footcare Problems of the Diabetic" will be the topic of a talk by Podiatrist Charles W. Marshall at 9 p.m., Wednesday, April 17 before the Rogers Park Branch of the American Diabetes Association at the Angel Guardian Senior Center, 2001 W. Devon ave., Chicago. Admission is free.

Marshall is a staff member of the Chicago Northside Diabetes Center, 2451 W. Howard st., Chicago.

Edgewater Hospital sponsors "Target Health" Fair

TARGET HEALTH, a series of free health screenings offered throughout the Chicagoland area, is coming to Edgewater Hospital, located at 5700 N. Ashland ave. The health fair will be held on Thursday, April 18 and Friday, April 19 from 9 a.m. until 6 p.m. Among the services offered will be FREE blood pressure screenings and vision and glaucoma testing. Blood tests requiring fasting after midnight and a nominal \$1 fee will also be offered.

Edgewater Hospital health professionals will staff learning centers with film strips, literature, and learning experiences in such areas as diabetes education, nutritional

Hospital honored for Distinguished Service

counseling, and cardiac rehabilitation services. Edgewater physicians will also be available to consult with participants and refer them to health care services, if needed.

On the first day of the fair, there will be a parade sponsored by Mather High School, featuring their Marching Band. There will also be entertainment provided by students during the Fair.

Target Health is co-sponsored by Edgewater Hospital, the Chicago Tribune, and WLS-TV and is coordinated by the National Health Screening Council for Volunteer Organizations (NHSVO). The Illinois Hospital Association is also a major supporter of Target health.

James B. McCormick, MD, a resident of Lincolnwood and president of Swedish Covenant Hospital, 5145 N. California, and Mana Krismer, RN, the institution's diabetic teaching coordinator, admire the Distinguished Service Award the hospital received recently from the American Diabetes Assn.-Northern Illinois Affiliate. During Diabetes Detection week last November, 384 persons were tested at the hospital for diabetes. Fifteen of these were found to have diabetes, while nineteen were questionable and required further testing. Ms. Krismer, a resident of the North Park area, who coordinated the testing, also conducts free diabetes education classes each week for patients and members of the community. For more information call 878-8200, x5256.

Target Health comes to Bethesda Hospital

Free health tests will be available to those 18 years or older at Bethesda Hospital, 2451 W. Howard st., Chicago, from 9 a.m. to 3 p.m. on Friday, April 26 and Saturday, April 27, as part of the Target Health program.

These health screenings will offer tests for:

- blood pressure
- anemia
- hearing
- vision
- blood sugar
- glaucoma
- podiatry
- pulmonary function.

Physician referral services and one-to-one counseling also will be provided.

Blood chemistry tests will be offered for \$10. A four-hour fast is required. For the blood chemistry test plus the coronary risk profile (a more specific test for cholesterol and blood fat

levels) a 12 hour fast is required. This test is \$15. During fasting, black coffee, tea or water may be consumed and all regular medication should be taken on schedule.

"We hope as many people as possible take advantage of the opportunity to take these tests at Bethesda," said Carole Baker, the Hospital's Target Health Coordinator.

Educational booths offering reference materials on a variety of health subjects will be available. For additional information about the Target Health program at Bethesda Hospital, call 357-1880.

Target Health is sponsored by the Illinois Hospital Association, the Chicago Tribune and WLS-TV. It is coordinated by the National Health Screening Council for Volunteer Organizations.

meetings, getting out the vote, organizing, having teams of workers knock on doors and making telephone calls. They've been wooing senior citizens with free bingo games and other goodies just before election time, and still they get beat at 7 of 11 Niles Township polls and at 9 of 27 Maine Township polls.

Besides wooing and coddling the seniors, Blase also profits by the ethnic votes in town. Panek's 7 of 11 wins in Niles Township might have been greater if a strong ethnic vote hadn't beat her at two polls friendly to Abe Selman at the Brebeuf polls. And Pete Pesole led trustee candidates at 26 polls indicating ethnic voting was significant there.

The world is full of myths and one we've always known is Blase's so-called "political machine" is at best a paper tiger. Can you imagine Ms. Panek's four-month effort came within five hundred votes of defeating a Blase trustee candidate, supported by the so-called 24 year old political machine? And if Blase had played the game on the level she might have won. The Blase people put up independent candidate Bernice Turney at the very last minute in an attempt to counter Panek's independent candidacy. Ms. Turney got an excess of 800 votes which could have diluted Panek's total vote.

Park board members seemed quite subdued even

though they won.

While Niles park board incumbents won re-election, Dan Kosiba received only 670 votes more than Bud Skaja.

They implied their efforts the past years were not appreciated if you look at the votes their non-active opposition received. Considering they probably attend 50 to 60 meetings a year and involve themselves personally in park and recreation activities, it defied reasons why Nilesites voted for the other candidates.

Kosiba has probably been more involved with recreation activities in Niles the past 20 years than anyone here has ever been. Hundreds, and possibly thousands of young people in Niles have been in activities where Kosiba was coaching or being directly involved in their activities. Yet, Kosiba won by only 670 votes over an independent who has not made a semblance of the record Dan (Kosiba) has made.

The conclusion reached after last week's Niles election is people vote "for their own" and can be bought by a few bingo games.

We hate to end a column on such a negative note but the result of last week's Niles vote was quite depressing. It was not a thoughtful, educated vote. It was a vote for the buddy-buddy system.

Cable dishes...

Continued from MG P. 1

ded its zoning ordinance to permit the installation of earth stations at resident's homes, provided the following conditions were met: no earth station can be constructed in a front or side yard abutting a public street; ground mounted dishes may not exceed 17 feet in height and those mounted on a roof may not be more than 35 feet off the ground; and residents must pay a \$150 fee to cover the village's engineering review of the installed dish.

In other business the board chose M & A Cement Work, Inc. of Itasca to handle the construction of this summer's 50/50 sidewalk replacement program. Awarded a \$137,700 construction contract to Globe Construction Inc., of Franklin Park for miscellaneous curb and gutter replacement work this season. Set May 1st as the swearing in date for newly elected village officials. Approved a \$13.3 million dollar appropriation for the village budget during fiscal year 1985-86.

Jerry's...

Cont'd from Niles-E. Maine P. 1 for the exterminating bill which would likely include residential baiting after he receives approval from Niles village manager. Niles animal warden, Ernie Passarelli, would oversee the extermination.

Residents contended the skids at the rear of Jerry's property harbored the rats. Rieger said construction from other property in the area resulted in the rats moving over to the area behind Jerry's alongside the residential property fronting on Oketo Avenue in the 7900 block.

Rieger said he thought the rats came from excavations across the street of his store. He contended whenever there is an excavation, the rats move to another area.

Other complaints included the odor in the rats is bad, particularly on hot days in the summer. Rieger said he deodorizes the area daily.

Park board commissioner Elaine Heinen said the area better be cleaned up before the rats bite children or seniors on the park property alongside Jerry's property.

Another resident complained she took out her bushes out alongside both the commercial and residential property but Jerry still kept plants in the rear of his property. Oketo residents contend the skids and plants help to harbor the rats.

While Rieger and residents were both co-operative in seeking an answer to the problem, Salerno said he doesn't know any commercial area with outside storage that doesn't have a rat problem. "We can't guarantee we can get 100% rid of them," noted Salerno.

Residents said they cut down trees believing the shallow roots attract rats. They contended since they made such an effort, Jerry's should move the skids located at the rear of the property.

Niles trustee Carol Panek suggested Niles seek a solution similar to the one the Chesterfield area found when rats were located there. Salerno said the same exterminator would be contacted and would be used for the project. Rieger said he doesn't want the problem anymore than his neighbors. He said he has to store birdseed outside though it is under a tarpaulin. Residents complained last summer, corn was stored outside for three or

Spring season movers encouraged to phone ahead

If you're one of the many Chicago-area residents relocating this Spring, the last thing you want to worry about is having your phone service hooked up.

That's why Illinois Bell encourages the more than 64,000 residents who are expected to move this May—traditionally a heavy move season month—to let the company know their intentions well in advance.

"The sooner customers let us know they're moving, the better the opportunity for them to have phone service in their new home when they want it," said MaryGrace Bongiorno, manager of the company's Residence Service Center.

"People who are moving sometime around May 1, for example, should let us know now where they're moving and what their telephone needs will be."

Those planning to move can call Illinois Bell service representatives by phoning the number on page three of their Illinois Bell phone bills. First-time customers can find the number in the Customer Guide pages of their local telephone directory.

Service representatives will seek the following information:—
