Residents vote to retain Domestic Utilities water

by Sylvia Dalrymple

Residents of unincorporated Maine Township do not want to shoulder the cost of receiving Lake Michigan water according to results of a survey conducted by Domestic Utilities Services Company (DUSCO) last month. Members of the Illinois Commerce Commission (ICC) last week tallied survey returns with

679 voting "no" and 649 voting "yes" in the question on whether customers were willing to pay the estimated cost for lake water supply.

Arthur Tate of the commission's consumer affairs department, noted at least five of the survey cards received before the June 22 deadline had no

opinion on the matter. He added a "simple majority" of returns was required to decide the issue.

Tate explained the vote process was geared to a majority of returns, and not a majority of DUSCO's customers.

Dedication ceremony to honor former Public Works director

Village to honor Bacher with plaque

by Sylvia Dalrymple

Edward J. Bacher, who served the Village of Niles for more than forty years, will be honored by village officials Aug. 4 when a bronze plaque bearing his likeness will be placed in the new Public Services Building on Touhy Ave.

The honor came in the wake of a petition last year, signed by more than 1,000 residents calling for the long-time dedicated employee, who was often called "Mr. Public Works."

The Niles Village Board, which formed a Dedication-Memorials Committee to set up criteria on potential honorees and make recommendations to the board. The board last November gave approval to an amended Committee recommendation (to name the building after Bacher), and instead, voted to honor Bacher with a plaque.

Bacher, now 71 years of age, moved to Niles in 1932 and took a

Circulate petitions to prevent parole of cop killer

The family of a slain Chicago police officer is distributing petitions in the Niles area to prevent release of the man who was convicted of the crime and sentenced to a 20 to 25 year term at Statesville prison in Joliet.

The incident occurred about 9 p.m. in May, 1975, when Joseph Cali, 32, of the Chicago Police Department was writing parking tickets near the Cabrini-Green complex on Division st., while his partner waited in a squad car. A shot was fired from a Cabrini-Green apartment striking Cali in the head. He died a few hours later in Cook County Hospital.

Cali was married and had two children, then two and four years of age.

James E. Clark, 17, pleaded guilty to the crime and was sentenced to serve 20 to 25 years in

prison for involuntary manslaughter, according to Cali's sister, Mary Ann Madary, 28, of Chicago. Her parents, Charles and Josephine Cali, are residents of Niles.

Madary said Clark is up for a parole hearing August 8 after serving 10 years in prison. The petition asks Governor Thompson and the State Review Board to reject the "application of James E. Clark" for parole.

Two join Niles Fire Department

Two new members of the Niles Fire Department were sworn in recently by the Niles Fire and Police Commission. They are David Chapp and Mike Siena who replaced two recently retired firefighters. They started their career as Firefighter/Paramedics on May 6. For the next two years during their probation, they will spend several hundred hours attending training schools which include Emergency Medical Technician, Paramedic School and Firefighter School, all of which are State Certified which maintains a

professional level of training throughout the State. Both men have been Niles residents for some time, are married with families, F/F-Prob. Chapp holds a teaching degree in chemistry and biology which will be an asset to the occupation of firefighter due to the chemicals we are encountering in fires today. Shown above (l-r) are Fire and Police Commissioners Tony Scariotti, George Gauthier, Sam Bruno, F/F-Prob. David Chapp, F/F-Prob. Mike Siena and Fire Chief Harry Kinowski.

Senior Olympics scheduled in August

More than 500 area senior citizens age 55 years or over are expected to participate in the Six-County Senior Olympics scheduled at Elmhurst College on Thursday and Friday, Aug. 15 and 16 from 7 a.m. to 3 p.m. The event offers an opportunity for spectators to see seniors in action, and provides a chance for seniors to make new friends and to use their athletic abilities in fun and light competitive way, Olympics planners note.

Events scheduled for Thursday, Aug. 15 include: 9 and 18 hole golf tourney, track and field events, singles and doubles tennis, one-mile walk race, horseshoes, bowling, discus, shotput and pool. Remaining events

scheduled for Friday, Aug. 16, are: shuffleboard bike race, trapshoot, swimming, table tennis, bowling, basketball free-throw and archery.

Area seniors are invited to participate in their own age category; men and women will compete separately. Registration for one day of events is \$3; for two days, \$5. Each participant receives a Six-County Olympics Tee-shirt. An "After Bash" celebration is also planned for participants on Friday evening, at the Diplomat West in Elmhurst for \$9.75. The celebration party includes dinner, entertainment and dancing. Participants and spouses, as well as spectators, are invited to attend.

For further information or to register call Teresa Grodsky at the Park Ridge Senior Center, 823-2114. Grodsky chairs the Senior Olympics Committee. Free Senior Olympics Brochures are also available.

On the Other Hand July 4th in Niles... a real blast

by Diane Miller

July 4th has always been a special holiday to us...one that stands for parades, picnics, flag waving and a special feeling of patriotism.

This year was no different. We started our day early by taking our four grandchildren, folding chairs, blankets and red, white and blue balloons and heading over to Main Street in Niles to pick our spot for viewing the Niles parade. The parade was great and the festivities at Grenman Heights afterwards with the hot dogs, entertainment, pony rides and petting zoo made it the All American family day it is supposed to be.

We got back home about 1 p.m. to get ready to enjoy a cookout and a day of fun in the yard. At 1:30 p.m. sharp, the not-so-dulcet sound of what we thought was a stereo, amplified to full volume, and a set of drums started up in a yard about 150 feet from us. Normal conversation from that point on became impossible and finally about 3:30 p.m., we placed a call to the Niles police asking them to tell the revelers to just turn the volume down. Nothing happened and when our guests decided to leave early because of the intense noise, we again called the Niles police and were told by an officer who pulled into our driveway there is a noise ordinance in Niles, but it is not enforceable until after 10 p.m. Any time before then, an officer can ask the offenders to cooperate, but can't do anything to enforce their cooperation.

Makes sense to you? It didn't to us! Why should two blocks of homes containing families enjoying their day off with friends and relatives be subjected to an invasion of their privacy? We didn't mind the music...just turn it down. We didn't feel that was too much to ask. A third call resulted in our being told that an officer had gone to the house in question and was told this was not a stereo as we thought, but a rock band that had been contracted to play until 8:30 p.m. The officer said they agreed that since the noise was disturbing the neighbors, they would cut off their music at 6:30 p.m. Wasn't that considerate of them? Needless to say, our frustration had reached a new height by this time.

Finally, out of desperation, we gathered our clan, went into the house, shut the doors and windows and turned on the air-conditioning to try to block out some of the noise.

And evidently the police didn't bother to check back at 6:30 p.m. to see to it they kept their word since the music played until 9:20 p.m. Eight hours of full amplified noise that deafened the entire neighborhood.

It just isn't fair and it isn't right. We all wanted to enjoy the holiday and we are all taxpayers. What gives one guy the right to throw the neighborhood up for grabs and the police say they can do nothing to correct the situation until after 10 p.m.? A noisy muffler on a car is noise pollution and we know the police issue tickets for that during the daytime hours. Why is someone allowed to hire a band to be set up outdoors in a residential neighborhood without some type of village control. Things like that are fine for block parties, etc. and should require a village permit. Live bands in yards and blasting stereos with amplifiers produce a decibel level that certainly should be against the law and enforceable before 10 p.m.

It is unfortunate that in today's society, the guy holding the gun has more rights than the guy with his hands up in the air. Who do the police have to read their rights to? Not the victim, but the offender! Somewhere along the way, this society did a complete turn around and not for the best. People are "I, me and my" oriented and the lack of respect for the law and those enforcing it is deplorable.

Next year we'll still look forward to the Fourth of July holiday but we'll spend it somewhere else, not in Niles.

Niles Township audit on display
Thomas J. McEligott, Supervisor of Niles Township announced today that the audit of Niles Township for the fiscal year 84/85 has been completed and is available for Public Inspection. Empty NiTec building possible site for MPC

Revenue bonds to aid MPC move to Niles

Library Friends group forming

Now that the Niles Public Library has acquired a new addition, a new computer system and will soon start a \$50,000 retrospective book purchasing program, the Library is looking for new friends. "I'm speaking of an organization called 'Friends of the Library,'" said Charlene Wagner, a member of the Library's Board of Trustees. "This new Friends group would serve both the Main and Branch Libraries as well as the Bookmobile," explained Mrs. Wagner.

The organization of friends is for the purpose of maintaining an association of persons interested in books and libraries, to focus public attention of library services, facilities and needs, and to stimulate gifts such as books, magazines, and computer software. The organization could also assist by supporting building programs, and contribute to the cultural opportunities of the community by sponsoring book fairs, exhibits, forums, etc.

The only qualification needed for membership is a desire and willingness to promote the welfare and growth of the Niles Public Library District.

Niles can add more tax dollars to village coffers if MPC Products Corp. goes through with plans to move into the former NiTec building at 5600 Jarvis ave.

A manufacturer of aeronautic electronic products, the firm recently received village board approval of a memorandum of agreement for industrial revenue bonds not to exceed \$3 million. The money will be used to purchase the building and upgrade warehouse and office facilities. The NiTec facility, which made night-vision products for the defense department, moved out in early January, according to a village official. The seven-acre site includes a 100,000 square foot warehouse and office complex.

At the May meeting, MPC vice president Vincent Roberti, said the company manufactures electronic components for the aerospace industry and for almost all types of aircrafts in the military and private sectors. In discussing MPC's involvement in aerospace work, Roberti said more than a hundred parts used in the space shuttle were manufactured by the company. He added the company ships more than \$30 million worth of products on an annual basis.

He noted the Chicago-based company (housing 360 employees) is growing about 20 per-

cent a year and that the 35,000 square foot facility can no longer accommodate business operations. "The move to Niles would provide opportunity for growth," he said. In reply to a board question on whether jobs would be available to Niles residents, Roberti said most of his employees would probably make the move to the Niles facility. "However, Niles people would be the first to be interviewed as jobs become available," he said. Positions would include machinists, data processors and technicians.

It is expected that MPC will receive final approval for the bonds, since the village board in the past has been aware of keeping its industrial property viable. The firm received preliminary approval and memorandum agreement in the three-step bond process. The final phase is village board approval of the bond issue.

According to Niles Village Attorney Richard Troy, Niles lends its name to the bond issue to a developer seeking industrial bonds. Investors purchase the municipal bonds, which under federal law, are tax-free and result in the payment of a lower interest rate. The village would have no liability in the event the bonds went into default.

Sheriff's program provides service for taxpayers

Niles residents are gaining extra services in the Niles Park District due to the implementation of a new community services program developed by Cook County Sheriff Richard J. Elrod. Legislation passed last year provides for county judges to place individuals convicted of driving under the influence (DUI) in a community services work program as an alternative to serving a jail sentence.

On the weekends of June 15/16 and June 22/23 (DUI) offenders, under the supervision of Sheriff's Deputies painted fences and baseball backstops for the Park District at Point Park, Grennan Heights and Tam Golf course. The community service workers were transported to the parks by special vans provided by the Sheriff's department. More work groups have been offered to the Park District on future weekends.

Offenders in the Pilot Program have already provided tens of thousands of dollars in extra services to county residents, according to Elrod. The Pilot Program has been operating for a number of months in four county facilities (Skokie, Markham, Maywood and 26th/California Courthouses). Program participants have been doing tasks that regular custodial employees would not normally have the time to do.

LEGAL NOTICE

Notice is hereby given, pursuant to "An Act in relation to the use of an Assumed Name in the conduct of a business in the State," as amended, that a certification was filed by the undersigned with the County Clerk of Cook County.

File No. K96208 on July 2, 1985. Under the Assumed Name of Action Video with the place of business located at 8332 North Lincoln Lane the true name(s) and residence address of owner(s) is: Dave Kleeman, 8332 North Lincoln Lane, Niles, IL.

Early estimates indicate that the program should generate at least a quarter of a million dollars in extra services to county residents over the coming year.

"In effect this program is resolving a number of problems," says Elrod. "We are freeing up valuable bed space in our jails and avoiding the forced-release of more serious offenders (to avoid overcrowding). We are actually providing the taxpayers with extra services and, at the same time, we are avoiding increased jail costs. We are also providing the offenders with an opportunity to pay their debt to society without losing their jobs and going on the unemployment roles", he added.

Last May Elrod announced the expansion of the program into various local communities and other governmental agencies. Work groups are now available to local municipalities and other governmental agencies, upon request, on weekends through September.

The program is virtually self supporting from a cost standpoint, according to Elrod. He also noted that a high level of productivity has been established since the participants are under the direct supervision of a special group of deputies.

Pictured are workers painting fences at Tam Golf course.

Library program sign-up

Friday July 19 is the last day of registration for the Open Books Open Doors Summer Reading program at the Niles Public Library District.

Children in K-up may play the "Step Through The Library Door" game and must read five or more books for participation in the program. No one will be allowed to join the book club after July 19. Current members may play through Aug. 10.

Registration must be in person at the location (Main, Branch, Bookmobile) where the child plans to participate in the Open Books Open Doors program.

For more information about this and other summer activities for children, call or stop by the Main Library, 6960 Oakton St. (967-8554) or the Branch Library, 8320 Ballard rd. (297-6266).

WIU Alumni Picnic

Western Illinois University alumni and friends in the Chicago area are invited to a picnic from 11 a.m. to 4 p.m. Sunday, July 21 at Cermak Woods, Lyons.

Participants should pack their own picnic. The Alumni Association will provide liquid refreshments. There will be games for children 12 and under with appropriate prizes. A softball game will be held for those 12 and over.

Rain will cause cancellation of the picnic.

For further information or to make reservations (\$2 per person) contact the Alumni House, WIU, Macomb, IL 61455. Telephone (309) 298-1914.

Morton Grove Senior Citizens 965-4100

SILVER PAGES

Individuals who are 60 years of age or older and are looking for a way to save money, now have the opportunity to do so. The Silver Pages Directory, a national senior citizens discount program is now available to seniors who apply for the program. The program provides a classified advertising directory which is printed once a year that includes only businesses which provide discounts and special offers to senior citizens. To become eligible to receive a directory and these special discounts, seniors must apply for a Silver Savers' Passport which is an identification card. Interested seniors should come to the Village Hall Senior Center weekdays between 9 a.m. and noon to fill out application that will assure them of receiving a Passport and the Silver Pages in November of 1985.

HOME AND YARD CHORES

Morton Grove's home and yard Chore Program is in full swing and ready for more! Seniors who cannot maintain their yards themselves can have a youth worker from their neighborhood come by weekly to assist them. Seniors must provide all lawn cutting equipment. Although the service is free, there is an optional contribution asked for service delivered. Call Kim Beystehner, Chore Program Coordinator at the Village Hall at 965-4100, ext. 269 to arrange for a Chore Worker to come and help clean-up the place!

LARGE PRINT BOOKS FOR SENIORS

Eyesight begins to diminish with age due to a loss of elasticity in the lens of the eye. As a result, many people find themselves suffering from presbyopia, commonly known as farsightedness. Reading becomes increasingly difficult for many of these people, especially when dealing with small print. To help overcome this sight impairment, the Morton Grove Public Library carries large print books, designed specifically to make reading easier. A wide variety of interesting reading is available through these Large Print books located just next to the Readers' Service Desk in the Library. Books include fiction, non-fiction, biographies, humor, classics, and contemporary writings by such authors as Agatha Christie, Erma Bombeck, and Shakespeare. A change in eyesight is no reason to be left out of the entertainment which reading can provide. Go to the Morton Grove Library and "check-out" these books!

MAINE TOWNSHIP FLEA MARKET

Maine Township is sponsoring a Flea Market on Saturday, July 13 inside the Maine Township Town Hall from 9 a.m. until 3 p.m. Handmade crafts, home-baked goods and new and used items will be provided by area agencies. This is an opportune time to become aware of many services in the community and to get in on some real bargains.

DIABETES CLASS

A Outpatient Diabetes Class will be held at 7 p.m. on Thursday, July 26 in the multi-purpose room at the Parkside Center, 1875 Dempster st. in Park Ridge. The topic of the class will be, "Foot Care and Personal Hygiene" which will be taught by Don Uhlmeier, diabetes nurse clinician. For registration and fee information, phone the Outpatient Diabetes Education Program at 695-6138.

HAPPY GRANDMOTHER'S CLUB

The Happy Grandmother's Club will be holding their monthly meeting on Tuesday, July 16. Their plans this month involve a trip to Shady Lane Restaurant and Theater in Marengo, IL. For more information call Club President, June Cruikshank at 724-0337.

For additional information about these and other senior services, call Ralph Birmingham at the Morton Grove Senior Hotline weekdays, 9 a.m. until noon at 965-4658, or Bud Swanson, Director of senior citizens services at the Village Hall, 965-4100, ext. 254.

Village of Skokie

Walter S. Falkowski, M.D., co-sponsored by the Skokie Health Department, will present a slide presentation and commentary on "What Happens to Our Bodies—A Urologist's Perspective" to the Men's Group of the Smith Activities Center, Lincoln and Galitz, Skokie at 9:30 a.m., Thursday, July 18. Call 673-0500, Ext. 338 for more information.

Library First Aid Program

The Niles Public Library District's First Aid for Little People program will be Thursday, Aug. 8 at 10:30 a.m. at the Main Library, 6960 Oakton St. This program previously scheduled for July 23, is open to children in the library district who will be entering grades 1-3 this fall. Program attendance is limited; registration is on-going. You must register in person at the Main Library only.

First Aid for Little People is a program in which a representative of Holy Family Hospital teaches safety and emergency skills. Program will be one hour long.

This program is a part of the library's Open Books Open Doors Summer Reading program. For more information about this and other children's activities, please call the Main Library at 967-8554.

Rubies Second In Line To Diamonds?

Ruby is named because of its red color. (Latin: Rubens.) Ruby, as well as sapphire, was recognized as belonging to the CORUNDUM group. Before the 1800's red spinel & garnet were also called rubies. The most desirable ruby color is called "pigeon blood" - pure red with a hint of blue, supposedly like that of the blood of a pigeon.

Burma, Thailand, India & Sri Lanka are the main producers of natural rubies. Burma produces unusually beautiful rubies. Some have been even found in Montana & North Carolina. Ruby is one of the most expensive gems in the better quality rubies, some can be as much or more than diamonds. Many rubies are important parts of Royal insignias and other famous jewelry. But some gems, thought to be rubies, have been revealed as spinels, such as the "Black Prince's Ruby" in the English State Crown and the "Timur Ruby" in a necklace among the English Crown Jewels.

Speaking of the library...

by Duncan J. McKenzie
Niles Library Administrator

Hurrah! Our construction is almost over, and do we have a surprise in store for you!

When the last nail is hammered, the last coat of paint rolled on, and the final run of carpet laid, we're going to open the doors to a terrific new library for the residents of the Niles Library District.

Everyone has been very patient since we began construction in May of last year. We think you'll agree that the wait has been worth it. We're going to have a new Children's Library triple the size of the former. Our adult services department will now have two floors of study seating with space for an additional 14,000 books.

Our Reference Department has added on-line computer database screening. We can log onto Dialog's computer in California and, with access to over 200 databases, retrieve data in such fields as business, law, medicine, science, agriculture, and education.

We'll also be installing an on-line catalog that will replace the card catalog. Instead of using the card catalog, our patrons will be using special terminals to locate books. These terminals will not only tell if we own the book, but will also let the user know if the book is on the shelf or, if not, when it is due back at the library.

Edgar applauds legislature for achievements

Secretary of State Jim Edgar commended members of the General Assembly for approving nearly all his legislative priorities, including bills to improve traffic safety, library service and protection of investors and consumers.

"In virtually every area governed by the Office of Secretary of State, we were able to work with legislators to improve service and better protect the public," Edgar said. "I want to congratulate the members of the General Assembly for their hard work and success."

Edgar said he was pleased by legislation in several areas:

- **Drunk driving.** Legislators approved House Bill 1841, establishing a "swift and certain" suspension of driving privileges beginning 45 days after a driver fails or refuses a chemical test. The 3-month suspension will include at least 30 days of "hard" times with no driving privileges whatsoever. The legislation also includes provisions protecting DUI victims' rights and increasing penalties for other DUI-related offenses. This and the following two bills reflect recommendations of the Illinois DUI Task Force, chaired by Edgar.

- **Special IDs for minors (HB 430).** To help bartenders stop underage drinking, drivers under age 21 will be given special drivers licenses with a red border and red photo background.
- **Dram Shop Liability (HB 737).** The dram shop liability limit was raised to \$40,000 for a loss of means of support from death or injury and to \$30,000 for injuries or property damage. Liability is currently limited to \$20,000.
- **Auto Sales Fraud.** SB 1111 protects consumers from unknowingly buying vehicles which have been rebuilt or had their odometers rolled back. The practice of moving a vehicle to another state to falsify the title-known as "title washing" - was made a felony.

- **Investor Protection.** A number of changes in the Illinois Securities Law were made under HB 1902. Criminal, civil and administrative penalties have been increased and expanded to protect investors from fraud. Other provisions simplify and modernize registration requirements for securities and dealers.
- **Bus Driver Licensing.** HB 1845 establishes uniform licensing requirements for drivers of buses for religious organizations, senior citizens and for-profit ridesharing services. Under the bill, all must meet the same criteria, including a requirement that they have no conviction in the past three years for DUI, reckless homicide, leaving the scene of an accident involving death or injury, drag racing or reckless conduct.

- **Handicapped Parking.** HB 1901 allows Illinois and other states to recognize each other's handicapped parking plates, decals and windshield cards.

Also likely to be approved during the final hours of session:

- **New State Library.** Included in the Governor's Build Illinois program is money for preliminary work on a new State Library.
- **Literacy.** HB 2275 and SB 1279 establish a grant program providing \$2 million to local

Under 21 Drivers License Bill Passed

Legislation that would make drivers licenses for persons under 21 years of age easily recognizable has passed the Illinois House and Senate and has been sent to the governor, announced House Majority Whip Ralph C. Capparelli.

Co-sponsored by Capparelli, the bill will require that drivers aged 16 to 21 be issued licenses carrying a bright red border, have a red field behind the photo, and carry the notation "Under 21" on the back of the license.

"There are about 750,000 drivers under the age of 21 in Illinois," said Capparelli. "The special coloring will make it easier for tavern owners, bartenders and liquor store cashiers to quickly identify underage customers even in dimly lighted conditions."

Area pastor to direct January cruise

A Christian Caribbean cruise set for the last week in January, will be coordinated by Charles Cooper, pastor of the Golf Road Baptist Church in Des Plaines. The seven-day cruise sails from New Orleans on Saturday, Jan. 25 through first to Key West and then on to the ports of Cancun and Cozumel on the Mexican Yucatan Peninsula.

According to pastor Cooper, several hundred Christians from many different churches and denominations in the Midwest

are expected to form a group of travelers who will sail together on the cruise ship, the S.S. Bermuda Star. In addition to the normal shipboard activities and the shore excursions, a program of Christian music, Sunday worship and a variety of seminars and activities are planned for the members of the group. Cynthia Clawson, a Grammy-winning Christian vocalist, will present an evening concert aboard ship and other artists are being contacted.

The cruise is open to any interested individual. Cruise prices begin at less than \$900 per person, which includes the cruise and roundtrip airfare to New Orleans. A free color brochure and full information can be received by calling Pastor Cooper at 439-0276.

Hedwigians thank Felician Sisters

Santa Claus in May? Unusual? Perhaps. But for some 75 former orphans of the St. Hedwig Orphanage, Touhy & Harlem, Niles and some 200 Felician Sisters who cared for them, it was a way of remembering and saying "thank you."

On Sunday afternoon, May 19, former orphans held an appreciation party to thank the Felician Sisters for the love and care they gave as "substitute parents" to children who needed a home. The festivities consisted of home baked sweets, coffee, punch, and wine served by the former orphans. Entertainment was provided in the form of piano background music by Michael Lundin, a sing-a-long led by Rita Reinert. Solo selections were performed by Country Western singer Rita Reinert.

A highlight of the afternoon was prompted by a remembrance of days in the orphanage. It was the practice of Sister Mary Aloysius, the administrator of the orphanage, to surprise the children near Christmas with packages ("paczk" in Polish) of gifts and treats. The committee prepared shopping bags with gifts and treats for the Sisters, distributing them to the Sisters, as the Sisters once did to the children.

In his tribute of appreciation, Robert Young who played Santa Claus, expressed the gratitude to the individual Sisters they remembered. Most poignant was his tribute to those who have died. Describing a visit to the plot where the Felician Sisters are buried in St. Adalbert's Cemetery, he recalled for the group some of the lessons learned.

"Yesterday we walked through St. Adalbert's (cemetery)," he said. "How do you say thank you to the dead? ...As we looked through the cemetery fence toward the bell tower...you could once again hear the cries of little children at play on the slides, the swings and jungle gym...Can I go out and play, Sister Florence?"

"Help me, Sister Valeriana." But there were no answers... "As we read the names, we began to remember. What did they say to us? 'Don't allow your spirits to sink low. Chin up, young man. Every cloud has a silver lining'-Sister Edith.

"Be self-reliant, industrious, pious. Be possessed of that personal pride which deems it a disgrace to stoop low to some base action."-Sister Borromeo.

"There are teachers here, bakers, cooks, gardeners, nurses, secretaries, saints—our devoted substitute parents."

From 1911 to 1960 Felician Sisters were "substitute parents" to over 7,000 children who called St. Hedwig Orphanage home. The home was located at Harlem and Touhy Ave. in Niles. It was the first institution acquired by the newly formed Mother of Good Counsel Province of the Felician Sisters.

In the early 1980's a group of St. Hedwig alumni formed a group to reestablish and maintain contact with each other. They found each other in all parts of the country and in various occupations. Many of them have used the skills they learned at St. Hedwig's. One for example, started using his skill as a steam press operator. Today he owns a chain of six formalwear shops and three bridal shops. Another is head of the decorating and display design for a major department store. It was this group that decided to thank the Sisters with the party.

Vacation Bible School at Messiah Lutheran

Registration is now open for Vacation Bible School at Messiah Lutheran Church, 1605 Vernon, Park Ridge, set for August 5-16. Children 3 years old through sixth graders are eligible to register. The Monday through Friday classes will last from 9 a.m. to noon. "God's People Pray" is the theme. The program will include Bible study, music, an all-school craft center, outdoor play, snack time, and a mission project. The registration fee is \$5. Further information is available by calling the church office, 823-6984.

Missing in Action

The theme for the next Kid's Back Yard Bible Club is "Missing in Action." Children ages 4-12 are invited by Niles Assembly of God to join in on the fun on Thursday, July 18 at 10 a.m. The Bible Club meets every Thursday throughout the summer at 6850 W. Seward in Niles. For a flyer mailing or further details, call 794-1148 or 967-8571. Parents are welcome to attend also.

Underwriters donate to Niles Library

A series of books relating to life insurance, financial planning, and health insurance were donated to the Niles Public Library on Tuesday, June 25, by the North Suburban Branch of the Chicago Association of Life Underwriters, a nonprofit organization of insurance agents and brokers in the Chicago area.

Representing the Underwriters Association were Jack Paul, President and Marsha J. Levine, LUTCF, Education Chairman. The books were accepted by Duncan McKenzie, Administrator for the library. The books will be cataloged and processed for the new adult wing scheduled to open in early July. The Underwriters Association is planning to donate a similar series to other North Suburban Libraries in the near future.

Super Squash

Fresh vegetables such as zucchini squash are versatile enough for main course dishes. Low in calories, vegetable based dishes are ideal for dieters, including diabetics who must control their weight.

EASY SQUASH BOATS

You can add zip to many a meal with zucchini squash—it's low in calories and high in protein. Zucchini squash boats made with two kinds of cheese can be easy to prepare and contain enough protein to make them a main dish, or a great side dish to accompany the main course. They can be ideal for those watching their weight, including diabetics.

Ingredients:
2 small zucchini squash
1/2 cup cottage cheese
1/2 cup grated sharp cheddar cheese

Halve zucchinis lengthwise, remove seeds with a spoon. Par-boil squash by dropping in boiling water and cooking for 3 minutes or until just tender. Remove and immediately place under cool running tap water to stop cooking.

Place boats in baking pan. Fill boats with cottage cheese and top with cheddar. Bake at 350 degrees for 10 minutes or until heated through and top cheese is melted.

Easy Harvest Helper

Makes about 10 Cups Vegetables

If you're like most people, you enjoy finding a bargain. Right now, garden-fresh vegetables are a big bargain. They are plentiful, inexpensive and very versatile. And, by stocking up on them now, you can stretch that bargain way past the harvest season. Simply make a quick recipe such as Easy Harvest Helper and freeze to preserve for future enjoyment.

Developed by the home economists in the Wish-Bone® test kitchen, this flavorful dish is a combination of fresh-from-the-garden zucchini, ripe tomatoes, crisp cauliflowerets, firm celery and convenient bottled Italian dressing. The special blend of seasonings in the dressing adds just the right taste to this colorful dish in one easy step. And, after you enjoy Easy Harvest Helper as a side dish, you'll want to freeze a portion of the recipe for future vegetable enjoyment.

1 cup (8 oz.) Wish-Bone Italian Dressing.
8 medium zucchini (about 2 1/2 lbs.), cut into thin strips
4 cups coarsely chopped tomatoes
4 cups cauliflowerets (about 2 1/4 lbs.)
2 cups thin diagonally sliced celery
1/4 teaspoon crushed red pepper (optional)
Grated Parmesan cheese

In large skillet, combine all ingredients except cheese. Simmer, covered, stirring occasionally, 20 minutes or until vegetables are tender. Serve with cheese. If desired, cooked vegetables may be frozen.

Shrewd blacktopper turned over to Consumer Fraud

A homeowner in the 8000 block of Harlem ave. reported to police on July 6 that he contacted a Glenview paving company to sealcoat his driveway which had been installed by the company last year.

On the appointed day, two men who said they had been sent by the Glenview company proceeded to spray the drive with a black substance. The resident was charged \$325 for spraying 1,200 square feet, according to police reports.

The homeowner was writing out a check, when one of the workmen asked him to make out the check to a Berwyn paving

company. While they discussed the matter, the owner of the Glenview company arrived at the house and said the offender had done this before by following him to his jobs. When he warned the offender about his operation, the offender offered to charge \$120 for the job.

The Glenview man advised the homeowner not to pay anything until the Berwyn blacktop company purchased a business license.

The matter was turned over to Niles Fraud and Complaint Department.

Couple assaulted on way to movie

A 26-year-old Chicago man and a female companion on July 6 were walking from their car to go into the Golf Mill Theater when they were confronted by two men.

One of the men accused the Chicago man of cutting him off while he was traveling in his car on Golf Rd., and began to choke him by the throat with both hands.

The victim's companion came to his aid, and while attempting to push the offender away, the second offender threw her to the ground injuring her left arm.

After the victims threatened to call police, the two men fled in their cars.

Police said the victim observed the license plate and make of car and wishes to sign a complaint when the offenders are apprehended.

Auto damaged at gas station

A Chicago resident reported July 5 that he drove into a gas station in the 8000 block of Oakton st. and asked to use the pay phone.

The attendant said there was no pay phone and refused to permit the Chicago man who said it was an emergency call, to use the regular phone. An argument ensued, and after the man entered the car, the attendant kicked the right rear fender of the car causing \$250 damage.

Police said the victim can identify the culprit and will pursue proper identification so restitution can be made.

Graffiti in cemetery washroom

Someone used a black magic marker-type writing instrument to mark up the marble bathroom toilet dividers in the Maryhill Cemetery office at 8600 N. Milwaukee ave.

Police said the markings appear to be some type of gang graffiti and appear to be "Latin King" markings.

Auto vandalized

A Northbrook resident reported June 28 that while she was in Willoughby's Tavern someone scratched the door, and front panel of her car parked in the parking lot at 5960 Touhy ave. She also found the rear tire on the passenger side slashed and when she arrived at her workplace, the same tire was slashed again.

Damage unknown.

Garage break-in

A resident in the 8100 block of Ozark ave. reported his garage was broken into June 28 by someone who pried open the service door of the garage to get inside.

Taken from the garage were a tool chest and various tools, air compressor, lawn mower, battery charger and floor jack. Replacement value was estimated at a total of \$2,050.

School lights broken

Someone between 4 p.m. and 8 a.m. on July 1 broke 12 lights under the overhang of Culver School.

Police said the lights were 10 feet high and the method used to break the lights is unknown.

Damage was estimated at \$200.

Window broken

A resident in the 8200 block of Osceola st. reported someone used a hard object to break the front plate glass window between July 3 and 4.

Replacement value was estimated at \$500.

Safely passing vehicles

by Secretary of State Jim Edgar

Safely passing another vehicle on a two-lane, two-way roadway requires patience, skill and a knowledge of the Rules of the Road. Illinois law prohibits passing on a two-lane road in the following situations:

1. In an area marked for no passing by a solid yellow line or by a "Do Not Pass" or "No Passing Zone" sign.
 2. On hills or curves where it is impossible to see oncoming vehicles that might be close enough to make passing dangerous.
 3. Within 100 feet of an intersection on railroad crossing.
 4. Unless the left lane is clearly seen and free of oncoming traffic for a distance great enough to permit passing without interfering with the safe operation of other vehicles. You must return to your lane before you get within 200 feet of any vehicle coming from the opposite direction.
 5. Within 100 feet of any bridge, viaduct or tunnel that blocks your view.
- You must allow the driver of another vehicle to pass you when he sounds his horn, and you must not increase your speed until he has passed you completely.
- Traffic laws also prohibit driving off the pavement or the main traveled part of the roadway when overtaking and passing another vehicle. Passing on the shoulder of the road is also prohibited.

Township handicapped coordinator lobbies

Maine Township Handicapped Services Coordinator Donna Anderson, a paraplegic, was among 150 disabled persons to trek - with the aid of wheelchairs, crutches and seeing eye dogs - to the state Capitol in Springfield June 5 to lobby for pending legislation to improve services for the disabled.

The Capitol visit was part of a three-day Disability Rights Conference in Springfield that week. Anderson was joined at the conference by her husband, Don. Other area participants included George and Gloria Berry, Joyce Carter and Fran Larson, board members of Special People, Inc., a Des Plaines-based organization serving handicapped persons.

The northwest suburban participants had an opportunity to meet personally with Gov. James Thompson, Sec. of State Jim Edgar, State Sen. Bob Kustra and State Rep. Penny Pullen.

Anderson said the conference was devoted to discussion of legislation intended to improve transportation, special education, voters services, job opportunities and access to public buildings, services and independent living centers.

Among legislation the group is supporting is an amendment to HB 100 that would facilitate voting for handicapped persons in precincts with no accessible polling place. This bill would permit judges to bring a ballot and portable voting booth to a qualified disabled voter at the closest point of accessibility. For example, Anderson explained, a

Arcadia st., Skokie, and Joel S. Heller, M.D., son of Mr. and Mrs. Harold J. Heller of Davis st., Morton Grove, received the Doctor of Medicine Degree at the 71st Commencement of the University of Health Sciences/The Chicago Medical School on June 14 at Orchestra Hall, Chicago.

Mr. Mike Heard from the Cook County States Attorney's Office recently gave a presentation to ninety sixth graders at Nelson School on the topic of "drugs and the law."

Students were told the legal consequences of possession and use of drugs. Some of the most common street drugs were described and discussed. A slide presentation gave graphic evidence of the horrors of drug addiction. Following his presentation, Mr. Heard gave the students an opportunity to ask questions and raise any concerns which they had.

Mr. Heard was invited to the school by Karen Hillman of the district's Volunteer Bureau who has arranged for many interesting programs throughout the school year.

Replace Your Old Furnace With A New & Efficient Gas

Conservator III

The rising cost of energy has put winter comfort nearly out of reach for many homeowners. But Lennox has a solution.

The Conservator III gas furnace delivers warm, conditioned air at 80% efficiency—a significant improvement over older, less efficient models in the 55-60% range.

Electronic Ignition Saves Gas

Powerlite™ ignition enables the Conservator III to use gas only when there is a demand for heat. There is no standing pilot light, so more of your gas is used to deliver heat.

I BET YOU DIDN'T KNOW

By Jim Jennings

What are the most games in a row any team ever won in the history of big league baseball? The record was set by the Giants who won 26 straight games in 1916—and surprisingly, no other major league team has ever equaled that in all the years since then.

One of the most unusual golf courses in the world is in North Dakota where you can play golf in two different countries in the same round. The course is in Portal, North Dakota, near the Canadian border, where the first and 9th holes are in the United States, and the 2nd through the 8th holes are in Saskatchewan, Canada.

Who was the first baseball player ever to have the thrill of playing in the Little League World Series as a youngster—and then playing in the major league World Series as an adult? Answer is Boog Powell. Powell played in the Little League World Series with a team from Lakeland, Florida in 1954 as a 12-year-old and then played in the big league World Series with the Baltimore Orioles in 1958.

Sandberg to appear at Sportmart!

Chicago Cubs star, Second Baseman Ryne Sandberg, will appear at Sportmart on July 11 to promote his new book, "Ryno!" which is available at all Sportmart locations.

Ryne Sandberg

Here's a great chance for Chicago Cubs fans to meet and greet 1984 National League's Most Valuable Player and one of the Cubs' most popular players! Ryne Sandberg will appear at Niles Sportmart (7233 W. Dempster) on July 11, from 7-8 p.m.

Ryne Sandberg's appearance at Sportmart was made possible through the courtesy of Contemporary Books. Additional Sportmart locations are in Wheeling, Calumet City, Lombard, Oak Lawn and in Chicago, at Clark and Halsted Streets.

Brunswick Champion bowlers

The 5-member Niles bowling team from Brunswick's Niles Bowl, which outbowed 18,000 other teams from around the United States and Canada, was honored on Tuesday, July 9, at Brunswick Corporate Headquarters in Skokie. Part of the ceremonies was the introduction of a 10-foot long, 4-foot wide cake, made in the shape of a bowling alley, "flying down the alley," knocking down as many cake "pins" as possible. Each Niles team member was awarded a brand new 1985 Dodge Caravan, choice of a microwave oven or 13" color TV, \$100 in cash, tournament jackets and trophies, during ceremonies presided over by BRC's Chairman of the Board, Jack Reichert.

The Brunswick Recreation Centers' \$600,000 National Team Tournament Central Regional Champions (team name is "Down The Alley") from Brunswick Niles Bowling in Niles, are (from left, beginning at back row): Paul Peters (Niles), Allyn Peters (Niles), Debbie Gan (Des Plaines), Louis Ramirez (Chicago) and Paul BarRay (Morton Grove). The Niles team will compete against three other teams from around the country in mid-August, in the \$50,000 Winner-Take-All Finals.

OCC wins third in marathon

The Annual National Junior College Athletic Association (NJCAA) Marathon Championships were held in Dowagiac, Michigan and hosted by Southern Michigan College. The twenty-six mile three hundred and eighty-five yard race was run over the rolling and rugged hills of the Sister's Lake Region of Michigan.

The Running Raiders from Oakton Community College lined up with the best junior college marathon runners in the United States. Athletes came from as far away as Texas and New York as well as Florida. Shortly before the start of the race a hard-driving rain storm began and continued throughout the long marathon. The rain which made the first half of the race seem almost easy turned the second half of the race into a crippling run that saw the cold wind freeze up the runner's muscles and cause more athletes to drop out than in any previous Marathon Championship.

Tony Vodicka (Morton West H.S.) led the Oakton Raiders as he ran thru the first ten miles in 54:30 and thru twenty miles in 1:55:00. Dan Kuhn (Warren H.S.) was 59:00 thru ten miles and Tom Polak (Maine East H.S.) was 62:15 at ten miles. By the twenty-one mile mark the race became one of seeing who was not only the fittest but also who were the runners with the most perseverance. Coach Savage refers to this inner quality as "Intestinal Fortitude"! The OCC runners gutted out those last muscle-binding, dehydrating miles to win the third place trophy in this National Marathon Championship!

Tony Vodicka placed seventh with Tom Polak close behind in eighth place. Dan Kuhn followed in eleventh place to give the OCC runners 26 points. The top four teams were: Haskell Indian College (Lawrence, KS) - 10; Monroe Comm. College (Rochester, NY) - 18; OAKTON COMMUNITY

The National Junior College Athletic Association recently named the top 15 Academic All-American Cross Country Team. For the seventh time in the past eleven years Oakton Community College was ranked among these top 15 teams. Representing OCC were Tom

COLLEGE (Des Plaines) - 26; and Macomb Community College (Warren, MI) - 27.

Coach Savage thought that this was one of the hardest marathons in NJCAA history. Oakton pulled thru and persevered with the help of 25 loyal supporters led by OCC's President, Dr. Tom TenHoeve and his family as well as Coach Savage's family. Mr. Tom Jordt, Director of Athletics and Mr. Pat Fahey, Director of Personnel were also there supporting the athletes along with 18 Oakton and Niles West athletes. Each runner acknowledged that without the support and encouragement of the OCC bike riders and van riders, they would have been able to pull thru the over 26 mile race.

This was the fourth time since 1981 that Oakton has finished

Oakton also placed third in 1982 with the team of Steve Rosenblum (Niles West H.S.), Mike Harrington (New Trier H.S.) and Jesse De La Fuente (Morton East H.S.). The Oakton Raiders were sixth in 1981 and the ninth in 1984. Oakton Community College has developed the reputation of being one of the top distance running programs in the United States. The OCC Cross Country Team has been ranked among the top twenty teams in the USA the last three years. They also have been ranked academically as they made the top 15 Academic All-American Teams for the last three years. The OCC Track Team has dominated the distance events in the Region TV Championships from 1983 thru 1985.

SHARES Meeting at Swedish Covenant

SHARES, a support group for those who care for the elderly will meet at Swedish Covenant Hospital's Anderson Pavilion, 2751 W. Winona ave. at 7 p.m. Thursday, July 18.

SHARES, an acronym for Sharing, Hope, Advocacy, and Resources for Elderly Sustainers, is helpful for those with an elderly parent or invalid spouse living with them; people with a parent or spouse in a nursing home; and those faced with a decision regarding a nursing

home. Participants discuss coping with such problems as loneliness, forgetfulness, general irritations, potentially explosive behavior, and finances.

The group is sponsored by the Swedish Covenant Hospital departments of pastoral care and social service. Meetings are held on the third Thursday of every month and are free of charge and open to the public. For additional information, contact Jaya Patal, 878-8200, Ext. 5284.

Exercise for the arthritic

The Ruth Helen Wolf Arthritis Center of St. Francis Hospital is sponsoring an exercise class for arthritics beginning Wednesday, August 7, and every Wednesday for the following six weeks. The class will be held from 3-4 p.m. in the Hospital's School of Nursing.

The class will stress the importance of stretching and strengthening the joints in the body. The class will demonstrate how to increase flexibility, main-

tain bone structure, prevent loss of movement and increase endurance and circulation. The class will be taught by a registered physical therapist and an occupational therapist, both on staff at St. Francis Hospital.

Participants must have written consent from their physician. The cost for the six week session is \$40. To register or for more information, call 492-ACHE. Class size is limited.

CCOM and Bethesda agreement

Thaddeus Kawalek, Ph.D., (seated, l), President of the Chicago College of Osteopathic Medicine (CCOM) and William R. Fox, Managing Director of Bethesda Hospital, 2451 W. Howard st., sign the teaching affiliation agreement between CCOM and Bethesda Hospital, effective July 1, 1985.

Physicians who are graduates of CCOM will be participating in the equivalent of residencies at the hospital, under the direction of Dr. Gary Karl,

(standing, r), osteopathic physician and Chairman of family practice at Bethesda. Looking on (from l-r) are: Thomas W. Allen, D.O., Dean and Vice President for Academic Affairs at CCOM; J. Jerry Rodos, D.O., Associate Dean for Academic Affairs at CCOM; Elliot G. Goldin, M.D., President of Bethesda's medical staff; and Steve L. Volla, President, Universal Health Services Hospital Company, owner of Bethesda Hospital.

ARTHRITIS SUFFERERS SHOULD HAVE THIS SERIOUS MEDICAL INFORMATION

There are four important facts you should know:

1. There are very effective therapies for your arthritis, back pain and other rheumatic disorders.
2. The key to your successful treatment is precise diagnosis.
3. The best way for you to obtain an accurate diagnosis and effective treatment is with a multi-disciplinary group of health care professionals under the direction of a skilled and experienced rheumatologist.
4. You deserve personal, individualized care.

"... the key to successful treatment is precise diagnosis."

At Bethesda Hospital's Arthritis and Back Pain Center, two of the Chicago area's most distinguished rheumatologists, Joel M. Levin, M.D. and Scott A. Kale, M.D. personally direct the diagnosis and treatment of each patient, utilizing the medical team approach. This personalized team treatment program continues through the duration of care.

Dr. Levin, Dr. Kale and their colleagues at Bethesda Hospital's Arthritis and Back Pain Center know that a treatment and therapy program specifically adjusted for each patient can control arthritic pain and allow the arthritis sufferer to improve his or her quality of life.

The facility is equipped to treat both inpatients and outpatients.

"Bethesda Hospital's Arthritis and Back Pain Center... (uses) the medical team approach."

Bethesda Hospital, at Howard Street and Western Avenue, for more than twenty-five years has built its reputation serving Chicago's North Side and northern suburbs.

Golf Mill Bank reports record assets and earnings

Golf Mill State Bank reports record net earnings of \$793,000 for the first six months of 1985 as compared to \$536,000 for the same period last year.

At June 30, the Bank showed assets at a record high of \$109.2 million as compared to \$90.8 million at June 30 for an increase of 10.5%. "This growth reflects the satisfaction our customers have experienced with our service and attention to their banking needs," stated Richard J. Wojnar, President. "It is also evidence of customer confidence in the stability and financial strength of Golf Mill State Bank."

Total equity capital amounted to \$6.8 million, up 24.5% from the previous year. "This strong

capital base exceeds the capital ratio requirements established by banking regulatory agencies," Wojnar said, "and provides an added measure of safety for our depositors."

Total loans reached a record high of \$54.8 million at June 30 as compared to \$41.9 million a year earlier, for an increase of 30.8%. According to Wojnar, "it takes a responsive financial institution to keep pace with customer needs, and the results reflect our success in recognizing such opportunities and servicing and borrowing needs of our commercial and consumer market."

Golf Mill State Bank is a member of The Premier Banks, a five bank group which includes Libertyville National Bank, Grayslake National Bank, First National Bank of Mundelein and The Premier Bank of Vernon Hills.

Cash Station coming to Niles Federal Savings

"Cash Station automatic teller system is on its way to Niles Federal Savings," announced Harold E. Ulmer, President of Niles Federal. The association is introducing the new service by first, offering free demonstrations at its Morton Grove office. There, customers and the public are invited to try Cash Station.

A twenty-four hour banking system, Cash Station allows its cardholders to make deposits, withdraw cash, and transfer funds between accounts at the numerous Cash Station machines and other money centers throughout Chicago and the suburbs. "Many customers are apprehensive about using Automatic Teller Machines, considering them to be complicated and difficult to use. That's why Niles Federal Savings is providing a demonstration to show how easy Cash Station is to use," said Mr. Ulmer.

Adding Cash Station to its line of services, provides Niles Federal customers the benefit of major conveniences. Now, the customer will be able to bank twenty-four hours a day, and at over 500 locations throughout Chicagoland including grocery store money centers such as the Jewel Food Store Money Center. In addition, Niles Federal is a

member of the Cirrus Network, which means Niles Federal Cash Station Cardholders will be able to withdraw cash from over 6,500 Cirrus Network machines located throughout the United States. Another benefit is that customers applying for a Niles Federal Cash Station Card will receive their card and personal identification code number immediately once their application is approved. The application will be reviewed when submitted so customers may receive their Cash Station privileges on the spot.

ERA Callero & Catino Realtors receive recognition

ERA Callero & Catino Realtors received recognition in ERA's national real estate sales contest. The competition provides recognition to ERA sales associates, managers and offices that provide outstanding real estate services. The top 100 real estate sales leaders in each category were honored as of May 31.

In Sales Associate competition, Joe Des Parte ranked 73rd and Ron Chamness 84th. As Manager, Bill Alston ranked 46th in the nation. The office, as a whole, through the efforts of all associates, placed ERA Callero & Catino Realtors in 22nd place. "Selling homes under the best possible terms for both the buyer and seller is a complicated business. It takes knowledge, marketing tools and a full time commitment on the part of both the salesforce and office to con-

sistently be successful. These awards show that our constant efforts to improve our ability to help the home sellers and buyers have been successful," stated W.C. Walters, President.

is approved. The application will be reviewed when submitted so customers may receive their Cash Station privileges on the spot.

Said Mr. Ulmer, "the best way to learn about Cash Station and its convenience is to come to our Cash Station demonstration held now through August 1 at Niles Federal Savings - Morton Grove Office, 5741 Dempster."

Cragin cited for financial strength

Cragin Federal Savings has been named one of the nation's "high performance" savings and loans by the National Thrift News, a financial weekly newspaper.

In the paper's June 24, 1985 edition, Cragin was the only savings and loan from Illinois to be included in a list of America's top thrift institutions with assets over \$1 billion.

The article noted Cragin's growing strength by its increase in return on average assets, a common profitability yardstick, from 93% in 1983 to 1.06% in 1984. Last year, the Chicago Federal Home Loan Bank District, which includes all savings and loans in Illinois and Wisconsin, had a consolidated return of 52%. Data for the listings was prepared by MCS Associates and Kaplan, Smith and Associates, two California consulting firms.

Cragin Federal posted an \$11.1 million profit in 1983 and \$13 million in 1984. In the past 10 years, Cragin Federal has grown from 6 branch offices primarily in Chicago to 21 offices throughout the city and northwest and western suburbs. During the same period, assets have increased from \$235 million to \$1.6 billion.

Suburban schools win additional state aid under Kustra

Suburban elementary schools in Cook County, Lake and DuPage Counties will receive additional state aid this year under a plan sponsored by State Senator Bob Kustra (R-28). Kustra's bill was part of the education reform package passed last week by the Illinois General Assembly.

According to Kustra, "Suburban school districts have always been treated as second-class citizens when State aid to schools is disbursed. Finally, those of us from the suburbs were able to stand together and demand our fair share."

Under a new funding formula bill which passed the General Assembly earlier, suburban school districts would have received less state aid than they are receiving under the current formula. Kustra and a group of suburban legislators withheld their support for the education reform package until the Governor agreed to free additional dollars for elementary school districts who suffered under the original plan. The new bill gives elementary districts 5% additional funding over and above the 9% increase already provided.

Features of the reform package include improved evaluation of teachers, administrators and students, a plan to encourage voluntary consolidations, increased remedial programs, transportation reimbursement and programs for chronic truants, said Senator Kustra.

To fund the package, the General Assembly agreed on an eight-cents-a-pack tax on cigarettes - replacing an existing federal tax which will expire in October - and imposing a 5% tax on out-of-state telephone calls.

Sen. Kustra said specific learning objectives would be set and students would be tested in grades three, six, eight and ten to see if they are meeting objectives. Testing would cover reading, math and language arts, and students whose proficiency is a grade lower or more would get individual remedial plans. Promotion of students who have not attained basic skills at each level would be discouraged.

Highest teaching standards are emphasized and teachers' work would be evaluated twice yearly. Those not performing satisfactorily would receive guidance and consultations to help remedy their deficiencies. College students would be subject to basic skills testing to

quality for teacher training, and after completing requirements, they would take a "bar exam" to earn teaching certificates. Administrators would have to qualify for re-certification every five years.

Individual school district report cards would be required, and they would include full details on performance of schools, achievements of students and aspects of school finance, said Sen. Kustra.

"The legislation would give school districts more latitude in certain areas, such as allowing them to charge up to \$50 for behind-the-wheel driver training and to exempt 11th and 12th graders from physical education if they need other courses or are

participating in athletics," the senator said. There would be increased emphasis on programs for gifted students. This would include development of an Illinois Math and Science Academy for about 800 of the most highly talented high school students from all over the state. Public and private school students who live more than 1.5 miles from their schools and have no access to public transportation could qualify for annual \$60 grants.

"Legislators and educators have worked for many months to develop the proposals encompassed in this program," said Sen. Kustra. "I believe it can help solve many of the problems in our school system."

Dudycz law tougher on child solicitors

Senator Walter W. Dudycz, R-Chicago, is the chief sponsor of legislation approved by the General Assembly today to raise the penalty for indecent solicitation of a child.

Under the measure, a person convicted of soliciting a child under age 13 would be guilty of a Class 4 felony and could be sentenced to one to three years in jail and a fine of up to \$10,000.

The Senator pointed out that at present, when a person tries to involve a child in activity that would be classified as aggravated criminal sexual assault or a similar crime, it is considered a Class A misdemeanor. Punishment is up to one year in jail and/or a fine up to \$1,000. "This is not in line with

the seriousness of the crime, and it does not serve as a strong deterrent," he stated.

Senator Dudycz said the bill has been amended to provide for a project to evaluate, treat and counsel persons charged with sex offenses against minors. It would be a pilot program to help services and treatment to help stamp out sexual abuse of children, he explained.

Nine other senators joined Senator Dudycz in sponsoring the measure, which now goes to the Governor for consideration.

Theatre 219 invites young and old to meet "Pippin"

Tickets for "Pippin," Theatre 219's special summer musical, are now available in the box office located in the Niles West High School auditorium lobby. Box office hours are 9 a.m. to 4 p.m. and 7 p.m. to 9 p.m. Monday through Friday.

"Pippin is a colorful, magical, rhythmical musical that everyone should see, as it takes a sunshiny look at some wild goings-on in the dark ages," says Theatre 219 director Robert Johnson. Without worrying too much about historical authenticity, the musical relates the ad-

ventures of Charlamagne's first-born son, Pippin, who's looking for meaningful fulfillment in his life. He plunges into war and sex, goads his father's discontented subjects to revolt, and eventually settles for domesticity with a wealthy widow. A fast-talking, wisecracking master of ceremonies called the leading player guides Pippin through his voyage of discovery with the help of a colorful troupe of actors.

Theatre 219 will stage Pippin at 8:15 p.m. on July 26, 27 and August 2, 3, and at 1:15 p.m. on

Sunday, July 28. Seating is reserved at \$7 and \$6, with senior citizens receiving a 50% discount for the July 28 matinee only. Group rates are available for the July 26-28 performances.

Tickets may also be ordered by mail, but orders must be accompanied by a check made payable to Theatre 219. Orders should be mailed to the theatre, Oakton St. at Edens, Skokie. Call 966-8280 for further information.

"Pippin is sort of an irreverent, medieval morality play with a rock beat that will surely appeal to all ages," Johnson says.

Nilesite in Great America's musical revue

Dan Cwik

"Getting paid for having fun is the greatest part of my job," said Niles native Dan Cwik, one of the new cast members of Six Flags Great America's star-spangled musical revue "America!"

A graduate of Maine East High School and now a junior at the University of Illinois, 20-year-old Cwik is quick to credit the drama departments at both schools for preparing him, both musically and dramatically, for Great America's newest production. "All the musicals in high school, as well as those in college, gave me great opportunities to develop my skills to a professional performing level," Cwik said. Upon graduation from the University of Illinois, Cwik plans to pursue a singing career.

Cwik is one of 16 cast members selected from 1,000 auditionees to work in this all-American musical, and he feels that the best part of the job is working with his fellow cast members. "I love the people in the show, we're all great friends and spend a lot of time together," Cwik said. He also admits that auditioning for the part "was really nerve-racking, but hearing them call

my name for the cast was the best feeling I ever had."

Cwik and 15 other talented performers of "America!" can be seen six times daily in the park's Grand Music Hall.

HELP WANTED

PRODUCT ENGINEER
We're a fast-moving, high-tech manufacturer of quality electronic components and hybrid subsystems located in the heart of the upper Mid-West's most scenic recreation area. Our small senior staff is unique in its high degree of enthusiasm, cooperation, communications, and delegation of responsibility. Our products and services are derived from excellent rapport with -- and service to -- pace setters in the U.S. electronics industry.
This key position combines multiple project management, applications and some systems engineering, and participation in new product planning, definition, and development. We are looking for an exceptional, multi-dimensional experienced engineer who is truly turned on by innovation and who is genuinely interested in providing quality technical support to high-tech customers. To qualify for this position, you must be current with trends in the electronics industry and have working knowledge of microprocessor applications and hybrid technology. Familiarity with military markets and background in communications technologies would be an added plus.

**WANTED
Manager Trainees**
Muffler Man, a company that offers a superior product and service is looking for enthusiastic manager trainees.
Depending on experience, the trainee could be a store manager in 3-6 months, earning a base salary of \$20,000 plus.
Fringe benefits include liberal bonus plan, health and dental insurance and paid vacation.
Muffler Man is growing fast and we grow from within. This means that manager trainees quickly become managers, and store managers soon become interested in bigger things like franchisees and area supervision.
Applicants wishing to be part of our growing company must be at least 18 years of age, enjoy personal contact with the public, possess the skills to do paperwork, must have experience in muffler shop, and have the desire and stamina necessary to grow with our company. Muffler Man.

What Can Be Done About...
The sales of fireworks in the unincorporated area on the borders of Niles and Morton Grove?

Did You Know...
The first airplane built by the Wright Brothers did not take place at Kitty Hawk, N.C. but in Dayton, Ohio? The first historic flight took place in Kill Devil Hill, N.C. Kitty Hawk got on the map because the Wright Brothers sent a telegram to Kitty Hawk two miles away.

Getting The Lead Out...
Cars using leaded gasoline

now comprise 36% of all cars on the road. Last year it was 41%. The lowering of the lead level in gas began in 1975. It will be decreased again in 1986 and 1987. Today, refiners must reduce the lead level from 1.1 grams to 1/2 gram per gallon of gas. And if you should get a ping in the engine, it's caused by low octane, not an absence of lead.

Husband & Wife Department...
Word/phrase of the week: "A symbiotic relationship"...two different species living in close harmony.

Bacher...

part-time job with the village repairing water leaks, reading meters and hooking up house sewers. For his efforts, he was paid 50 cents an hour.

Bacher, who retired with the title of public works director Dec. 31, 1979, held a variety of jobs in Niles village government and has been responsible for some major changes in the village.

He's been a part-time policeman, a volunteer fireman, one of the three original members of the Niles fire department and an assistant fire chief.

He worked evenings and weekends to help build the village's first fire station on the corner of Milwaukee and Touhy Aves., now the site of the Third District Court Building.

After helping to raise funds to buy Grennan Heights, Jozwiak and Oakton Manor parks, Bacher was named the village's first superintendent of parks in 1955... then a part-time position.

In 1956, Bacher became head of the public works department, and over the years, brought about major changes. One of his big accomplishments was persuading village officials to purchase a five-acre trailer park at Touhy Ave. and Waukegan Rd. to build a new, larger reservoir and a new pumping station to ensure an adequate water supply for the village. Increasing the amount of water that could be stored from

600,000 to 11,700,000 gallons was one of the factors that won the village an excellent fire rating keeping fire insurance rates in the village low.

Among the many awards Bacher has received for his work is the prestigious Samuel Gressley local government service award, given by the American Public Works Association.

Bacher still lives in the home on Milwaukee Ave. he purchased years ago, according to his daughter, Betty Rolla, who is a secretary with the Niles Fire Department. "A lot of people move from Niles after they retire. But not my dad...he loves his village," she said.

Judge James Geocaris, presiding judge of the Third District Court, and chairman of the Dedication-Memorials Committee said he was happy Bacher had been selected to be honored with a plaque. "He is, and always was a worthy citizen of Niles," he said.

The dedication ceremony will be held at 4 p.m. Sunday, Aug. 4 at the Public Services Building, 7104 Touhy ave.

Felician Art Fair set for July 21st

Among participants in the 13th Annual Felician College Art Fair on Sunday, July 21, will be a number of local artists of national reputation. The fair will be held on the College campus at 3800 W. Peterson ave. in Chicago from noon until 7 p.m.

Work by north-suburban Skokie resident, Selma Yanowitz, whose painted sculptures and jewelry have been acclaimed nationally, will be on display. Yanowitz's "Dolls of Democracy", a collection of famous world figures created in porcelain, was exhibited in museums in New York and Washington, D.C.

Safari photographers, Alx and Joan Phillips, are returning to the fair this year. The husband and wife team from Niles

photographs animals in natural settings, and produces stunning print enlargements. Their work has been exhibited at a number of art fairs and festivals.

Sharyn Louie of Wood Dale uses the unique medium of paint on cathedral glass to produce her art. Her work, which can be seen in shops and galleries on the North Shore, produces a dazzling stained glass effect.

Alfred Blumenthal is a north-side Chicago photographer/artist, known for the clarity and life-quality of his prints. An innovator in the science of photography, Blumenthal has developed a unique lacquer finish which enhances color and creates an archival permanence. His work may be seen at the Rosemont Plaza, and at the offices of A.E. Epstein and Sons.

Grace Saiger of Chicago has been creating ceramic pieces for over thirty years. As president of the Chicagoand Ceramic Circle for fourteen years, Saiger has done much to promote art. She has taught at her home and at Caroline Ceramics in Niles. Saiger also has been a Director of the National Ceramics Show and has toured extensively. Her porcelain birds and other works will be available to view and for sale at the fair.

Over 100 artists will exhibit at the 13th Annual Felician College Art Fair on Sunday, July 21. The day will also feature a used book sale, refreshments, and entertainment provided by many local groups. For more information, call 539-0948.

JCC...

Cont'd from Skokie-L'wood P.1

In addition to an ongoing play schedule, Brumlik said other special events are planned for the Horwich/Kaplan JCC's. The Chicago Orchestra and Pops (17 members of the Chicago Symphony Orchestra), conducted by Arnold Brostoff, is coming in September. Lincoln Opera Company will perform "Madame Butterfly" in October. In November, members of Evanston's Light Opera Works will present an exciting concert, "A Birthday Tribute to Jerome Kern."

"Most people don't realize that theater has been an integral part of the Jewish Community Centers since its inception in 1903," Brumlik said. "We're getting teens involved, too. They're part of our technical crews, working under the guidance of professional directors, stage managers and set designers. They can apply the skills they have developed in school, and gain exposure that bolsters their confidence."

Water vote...

Continued from Page 1
president, said the survey was "unfair" in that individual customers did not have a chance to vote. "We did not have equal rights. Condominium owners are taxed as individual homeowners, so they should have a right to vote on the issue," she said. "We (UMNA) have not given up in getting lake water."

The ICC ordered the survey to find out if DUSCO consumers wanted to assume the burden of cost for lake water. "I really don't consider the outcome (vote) as a victory. It was not a question of refusing to supply Lake Michigan water, but whether they wanted to pay a higher water rate for the privilege," Yacktmann said.

DUSCO serves almost 5,000 customers in unincorporated Maine and Northfield Townships, as well as parts of Niles and Park Ridge.

Yacktmann noted that if the majority had voted for lake water, it would take at least three years before consumers would receive it. "It's not like turning off one tap and turning another on...it's a very complicated procedure," she said.

Engineers who conducted a study, reported the cost of getting Lake Michigan water would increase water rates from the current \$1.57 per 1,000 gallons to approximately \$2.66 per thousand gallons. The cost for piping lake water from the nearest source, Northwest Water Commission, which supplies water from pumping stations, including one in Glenview, would be \$2.95 per 1,000 and could rise to \$3.85 per thousand if tapped from Des Plaines, Yacktmann said.

The utility company was ordered to poll the residents in the wake of a controversial 1983 water rate increase. In granting the rate hike, the Commission ordered the company to conduct a study regarding cost and benefit of utilizing Lake Michigan water.

The controversy over the water rate increase culminated in an ICC hearing in the Landings condominium complex (Ballard and Potter rds) which was attended by about 500 residents. Complaints included high water rates, low water pressure and poor quality of water provided by DUSCO. The coalition later formed into the Unincorporated Maine-Northfield Association (UMNA).
