## Springsteen fans line up in Niles for "Boss" tickets

More than 1,000 Bruce Springsteen fans last Friday waited in line at Sportmart, 7233 Dempster st., Niles, to purchase tickets via a lottery for the rock star's Aug. 9 concert at Soldier Field.

Many teenagers and some adults waited in line for several days, armed with sleeping bags

and radios to be among the first to play the "numbers game" that would determine their place in line to purchase up to four concert tickets. The lottery was held at 7:00 a.m. with tickets going on sale at 9:30 a.m.

Tahira Zec of Des Plaines was jubilant as she waved four tickets in the air. "I drew No. 1 in the lot-

tery, and was the first person to buy tickets," she said. "I was here 5:30 a.m. yesterday (Thursday) and spent the night in a sleeping bag. It was worth it to see 'the boss' perform."

Zec added that her friend, who was sleeping nearby on a blanket in the parking lot, had drawn a higher number in the lottery.

"She also has tickets to the concert. We're waiting for another friend who is still waiting in line to buy them," she said.

According to a spokesman from Sportmart, the store was among five in the Chicagoland area designated as Ticket Master outlets for the Springsteen concert. "A lot of kids have been

waiting for days here, although it did not guarantee anything."

He explained numbered stubs were drawn to determine the order of ticket purchasers and the line then was arranged to reflect the order in which the numbers were drawn. He added the crowd was orderly and ticket buying

## Lawrencewood owner violates court ruling against leasing of space

# New court woes for Krilich

by Sylvia Dalrymple

The Village of Niles' continuing efforts to put Lawrencewood into receivership took a new twist in litigation proceedings when the court asked for an amended petition involving an additional violation by property owner Robert Krilich.

The village filed a motion in May to put the property into receivership after the owner failed to comply with a court order in 1984 to correct violations in the shopping center. Additionally, Krilich is being held in

contempt of court for leasing store space to a new tenant, a direct violation of a 1984 court ruling, according to Richard Troy, Niles village attorney.

Circuit Judge Arthur Dunne ruled that new tenants could not occupy a vacant store until violations were corrected. "The village obtained a court order to oust the new tenant and several months later, we discovered the same tenant was back doing business in the building," Troy

## Frindt files suit against Maine Twsp.

by Joan Harpham

Issues concerning the Maine Township Senior Citizens Organization and the controversy surrounding former director and township trustee, Harvey Frindt were once again the major issues discussed at the Town Board Meeting held July 23.

Former trustee Frindt has sued the town board for the amount of \$422.19. This amount includes \$188.72 in wages for April and \$233.47 in petty cash. It was noted by Supervisor Paul Halverson that the Board had never denied Frindt his salary. "The Board held his check until the records that we requested regarding the seniors were turned over to the Board. We did that on legal advice," he said. "The Board has never denied Harvey his check."

The fact is, he never claimed it. It was also noted that Frindt never turned over the records the Board had requested.

Trustee Mark Thompson then stated that Frindt had also never submitted any claims for expenses and the Board has no receipts from him to substantiate his claim.

## From the Left Hand

by Bud Besser

At 4 p.m. Sunday afternoon at the new Public Works building the public is invited to attend a dedication of a plaque honoring Ed Bacher.

The following is the reprint of a column run January 24, 1980:

"I watch them come and go," is the way Eddie Bacher sums up 40 years of service to the Village of Niles.

Ed told us at lunch Monday how he came out to Niles after his parents died when he was 13 years old. He and his brother Charley lived across the street from the framed firehouse, next to today's court building, just south of Touhy on Milwaukee ave.

When there was a fire the brothers would run across the street, get aboard the 1925 Reo pumper, and head for a farm area where there was a fire.

When they returned to the fire bar, all the volunteers went home leaving Eddie the job of rolling up all the hoses. For each firebell answered Ed said he received \$1 per fire call, though he admits \$1 then could be compared with \$10 today.

The next piece of fire equipment was a Chevy truck which held 100 gallons of.

# Niles honors Edward J. Bacher

Reprinted from Jan. 25, 1980 issue

☆☆☆ **'Mr. Public Works'** ☆☆☆

by Diane Miller

Edward J. Bacher, who has served the Village of Niles for more than 40 years will be honored by his many friends and co-workers, both past and present, on Friday, Jan. 25 at Przybylo's White Eagle Restaurant, 6839 Milwaukee ave., Niles.

To those of you who have not been so fortunate to know Eddie personally, he was born in Chicago at Halsted & Willow st. Ed lost both parents when he was 13 years old. He has a brother John, Director of Public Works in Norridge and brother Charles, deceased, a retired Captain of Niles Fire Department.

Ed moved to Niles in 1932. He worked part time for the village repairing water leaks, reading meters, hooking up house sewers, earning \$6 per hour. He was later employed as a part time Niles policeman in 1937 and met his wife, Helen, on Memorial Day Sunday in 1938 while directing traffic.

He became a volunteer Niles fireman in 1933 and was one of the three original members of the department. Ed had the rank of assistant fire chief and was part of the crew who donated time on evenings and weekends building the first fire station at Milwaukee ave. and Touhy ave., now housing the 3rd District Court.

Ed was employed as a maintenance engineer for Niles Public School District #70 in 1939, and he worked there for seventeen years. Ed and many early residents were active in the annual Niles Days festival which raised monies to buy Jozwiak, Grennan Heights, and Oakton Manor park sites and Ed was part time first Superintendent of Parks in 1955, working on the parks on evenings and weekends.

In 1955, the Mayor and Board of Trustees approached Ed to become Superintendent of Public Works. He declined, not wishing to change positions, but when approached again in 1956, he decided to accept the challenge. He became Supt. in June, 1956 with a small garage at Milwaukee & Touhy, in charge of eight employees and five trucks in a town that had grown to 11,000 people (from 3,000 in 1953).

Under his direction, Public Works developed into four divisions of service, Water and Sewer, Streets, Sanitation, Forestry & Signs, Water Plant, Building & Grounds, and Automotive. The department grew to 44 employees and over 50 units of specialized equipment and trucks serving 35,000 residents. The garage has had three additions with the majority of construction work done by employees, plus constructing a storage garage.

Ed worked diligently and steadfastly to persuade village officials to purchase the five acre trailer park site at Touhy ave. & Waukegan rd. for construction of a large water reservoir and new pumping station in order to ensure an adequate supply of water. The storage system grew from 600,000 gallons to 10,200,000 gallons underground storage and 1,500,000 gallons above ground storage and was instrumental in Niles' excellent water works system which is an important factor in Niles having a Class 3 fire insurance rating.

Continuous water improvement programs; construction plan reviews, always insisting developers install larger water mains and additional hydrants for better fire protection; plumbing code revisions; initiation of a forestry service; a street sign shop; storm sewer

improvements for flooding relief throughout the village; mechanical repair shop; rodent control; streets and alley improvements and repairs; a beautification program and other programs have been undertaken while Ed was in charge of the Public Works Department.

Ed strongly believed in and practices good, inter-departmental cooperation, assisting police, fire, health, park district, schools and other departments whenever called upon to better serve the residents of Niles. Public Works has received awards and recognition from the American Water Works Association; National Safety Council; Niles Lions Club; homeowners group; and the Niles Chamber of Commerce.

Ed was the recipient of the coveted Samuel A. Greeley Local Government Service Award by the American Public Works Association. Ed has been a part of the growth and development of the village of Niles for almost fifty years nurturing it like a child and watching it grow with pride.

### PERSON WITH A HANDICAPPED CONDITION

A few words, by Mary Linden: "It is almost impossible to generalize about how a person with a handicapped condition wishes to be treated, because each of us is different. Parents who are members of support groups or PTAs should try not to spur their handicapped child with the lifelong damage of comparing them with another as in, "Donna dresses herself, why can't you?" As more and more barriers come down I hope we can feel free to complain or say "thank you" when we're affected by others. Those who serve food should learn to ask us directly what we would like rather than speak through our able-bodied companions. The problem of able-bodied people using the parking spaces reserved for us is so old it has whiskers. I am looking forward to the day when the use of a wheelchair or other appliance, will hinder one in only two professions, nursing and law enforcement. The actualization of some of these ideas would do more to inspire and impress young people, than all the stern lectures we can deliver." (Mary Linden is a person with a permanent handicapped condition who resides at the Bethany Methodist Terrace in Morton Grove. She now utilizes the Village's Wheelchair service in taking courses at Northeastern Illinois University.)

### "COPING WITH TIME ON THE RUN"

### BLOOD SUGAR

Blood sugar is basically the fuel that runs the body. It does not build strong, healthy muscles, bones, organs or glands. When blood sugar is out of normal balance, many types of symptoms develop because nearly all tissues in the body depend on it to function. If a muscle does not have adequate blood sugar, it becomes weak. Nerves and the brain depend upon normal sugar levels to function properly. There are two basic types of diseases associated with blood sugar. Diabetes mellitus is a condition which the blood sugar is too high; hypoglycemia is a condition wherein the blood sugar is too low. Blood sugar level fluctuates throughout the day with eating and physical activities. Free, three minute blood sugar evaluations are available to all Morton Grove residents from 9-10 a.m. on Tuesday, Aug. 6 in the Village Hall Senior Center.

# Church & Temple Notes

## Churches urged to ring bells to commemorate Hiroshima bombing

The 11th Congressional District Freeze Caucus is asking all area churches to ring their bells for 2 minutes beginning at 8:15 a.m. Tuesday, August 6, in observance of the 40th anniversary of the first atomic bomb being dropped on Hiroshima.

It was at 8:15 a.m. on August 6, that the detonation of a single atomic bomb destroyed the entire Japanese city, killing or injuring nearly 200,000 people.

The Freeze Caucus has sent letters to the clergy of nearly 200 area churches and temples urging them to "commemorate this anniversary, to remind us all that nuclear weapons must never

be used again," by ringing their church bells, chimes, or carillons for 2 minutes. "Each minute will represent one of the two bombs that were dropped - the first on Hiroshima and the second three days later on Nagasaki," the letter continues.

Signed by Lawrence J. Gorski, Freeze Caucus co-chair and state board member of the Illinois Nuclear Weapons Freeze Campaign, the letter adds that "if your church or temple does not have bells, you can observe this anniversary by assembling with members of your congregation at 8:15 in front of your house of worship, and then stand in silence for

2 minutes as a visible sign of your commitment to peace."

Gorski urges area residents to contact their pastors and ask them to participate in this observance. "We believe," he said, "that this bell-ringing will be not only a memorial to those who perished on that summer morning 40 years ago, but also a reminder that we must continue to work to ensure that the awesome destructive power of nuclear weaponry is never unleashed again."

The group's letter quotes an address by Pope John Paul II, "respected as a man of peace by people of all faiths," that he delivered at Hiroshima's Peace Memorial Park, the site where the first atomic bomb was dropped:

"To remember the past is to commit oneself to the future. To remember Hiroshima is to abhor nuclear war. To remember Hiroshima is to commit oneself to peace. One must affirm and reaffirm, again and again, that the waging of war is not inevitable or unchangeable."

The Freeze Caucus urges churches to ring their bells "for those who died, for those who live, and for those yet to be born. Ring your church bells for peace."

#### STUFFED CHICKEN BREASTS (Makes 6 Servings)

- 6 boneless chicken breast halves
- 1 cup finely chopped mushrooms
- 2 tablespoons finely chopped celery
- 2 tablespoons finely chopped onion
- 1/4 cup margarine
- 1/2 cup blanched slivered almonds
- 4 teaspoons lemon juice
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 6 slices bacon
- Paprika
- Toasted slivered almonds

Make a lengthwise slit down thickest part of chicken breasts. On gas range, cook mushrooms, celery and onion in margarine until tender, but not brown. Remove from flame and blend in almonds, lemon juice, salt and pepper; use to fill slit in each chicken breast. Wrap bacon around each breast and secure with skewer. Cook on preheated gas grill using medium-low setting about 1 hour, or until fork tender. Sprinkle with paprika and toasted almonds to garnish.

- 1 teaspoon salt
- 2 teaspoons minced onion or 1 teaspoon instant minced onion
- 2 tablespoons butter
- 1/4 cup slivered almonds

Place beans on a sheet of heavy duty foil. Add remaining ingredients. Close foil and seal. Place on preheated gas grill using a medium setting. Grill about 25 minutes, turning package occasionally.

#### PINEAPPLE UPSIDE DOWN CAKE

- Crushed pineapple, drained
- Brown sugar
- Butter

Place each shortcake on a square of heavy duty foil. Spoon pineapple in center of each cake. Sprinkle with brown sugar and top with a pat of butter. Wrap and seal foil. Place on grid of preheated gas grill using a low setting. Grill until heated through.

#### GRILLED SHRIMP

- Melted butter

Thread shrimp on metal skewers. Cook on preheated gas grill, using high setting, about 5 minutes on each side. Baste with melted butter.

#### BANANA BOATS

- Ripe bananas
- Chocolate chips
- Miniature marshmallows

Put one strip of banana peel back (but not off). Make a lengthwise slit in banana and fill slit with chocolate chips and marshmallows. Replace strip of banana peel. Wrap in heavy duty foil, seal and place on preheated gas grill, using low setting; heat thoroughly.

#### POLYNESIAN RICE IN FOIL (Makes 6 Servings)

- 4 cups hot cooked rice
- 2 tablespoons butter or margarine
- 1 cup thin strips green pepper, about 1 inch long
- 1 can (13 ounces) pineapple chunks, drained
- 1/2 cup bottled barbecue sauce

Combine rice and butter; toss lightly. Add remaining ingredients. Divide rice mixture evenly onto six 12x9-inch pieces of heavy duty foil. Double fold seam on top and fold edges securely. Place foil packages directly on preheated gas grill and heat over low to medium setting. Turn once. Allow 10 to 15 minutes per side.

**IRS travel rules for non-citizens**  
J.R. Starkey, Internal Revenue Service District Director for northern Illinois, today reminded taxpayers who are not U.S. citizens that they must obtain an IRS tax clearance before they travel outside the country. This applies to all dual-status, resident and non-resident aliens receiving taxable income in the United States. The clearance is needed whether they are permanently leaving the country or plan to return here after a short trip, such as a vacation. Since the IRS has recently discontinued taxpayer assistance in most local offices during the non-filing period, taxpayers may visit one of three Chicago area offices to obtain a tax clearance. In Chicago, the IRS offices located at 230 S. Dearborn and 9415 S. Western are open weekdays from 8 a.m. to 4:30 p.m. They may also get a clearance at 330 E. 22nd st., in Lombard, on Mondays and Tuesdays between 8 a.m. and 4:15 p.m. "The clearances should be obtained at least two weeks but no earlier than 30 days prior to departure, although allowances can be made for emergency or unexpected travel plans," noted Starkey. Since each clearance form must be individually signed, taxpayers should personally visit the IRS office to get the clearance. In addition, departing aliens are also required to bring certain documents, depending on their specific circumstances. Starkey suggested that Chicago residents call 435-1040 for advice concerning the documents needed. Other Illinois residents should call 1-800-424-1040, toll free. All are advised to call during non-peak hours, early in the morning or late in the afternoon, and during the latter part of the week.

**Rules to avoid rear end collisions**  
by Secretary of State Jim Edgar  
More than 100,000 rear-end collisions occurred on Illinois roads in 1984. Many of those accidents could have been avoided if the drivers had maintained a safe following distance. For many years the general rule of thumb to avoid following too closely was to allow one car length for every 10 miles per hour. The two-second rule provides an even safer following distance. To use the two-second rule, choose a fixed object along the road ahead, such as a sign post, tree, overpass or bridge abutment. When the vehicle ahead passes your chosen object, begin to count, "one thousand one, one thousand two." If your vehicle reaches the object before you finish saying "one thousand two," you are following too closely and should slow down. The two-second procedure applies to any speed under good road and weather conditions. During a summer thunderstorm or other adverse driving conditions, increase your following distance to a four- or five-second count. In rush-hour traffic, vehicles frequently follow each other in one-second intervals or less. If you observe the two-second rule, you may avoid a chain-reaction accident. Remember, tailgating is dangerous and can result in a rear-end collision if the driver in front of you suddenly hits his brakes.

## Centel joins "Fleet Watch"

Local utilities companies are helping to provide community protection through the "Fleet Watch" program. Initiated by the Crime Prevention Unit of the Skokie Police Department, Fleet Watch is a program that enlists the help of citizens whose jobs take them out into the community on a regular basis. Central Telephone Company of Illinois now has Fleet Watch logos on Centel trucks and vans alerting the public that the operator of that vehicle is trained to seek appropriate assistance promptly in emergencies. Northern Illinois Gas and Illinois Bell Telephone also recently joined the community crime prevention program.

When designated Centel employees spot trouble, they call the company's plant service center where the information is relayed immediately to local police departments. Centel community service employees involved in Fleet Watch act as an additional set of eyes and ears for the local police department. They have been asked to report any suspicious activity or persons they might observe while out working in the community. The Fleet Watch logo, posted on the back door of Centel trucks

Allen Stoneham, Metro journeyman-combination person, Robert France, Park Ridge Police Department and Carl Griffith, Metro personnel coordinator-safety/insurance, introduce the green and white "Fleet Watch" sticker which identifies Centel vans as emergency reporting stations.

and vans, is especially important for children to recognize when they are on their way home or to school, because it identifies Centel vehicles as emergency reporting stations.

## Park District Girls Traveling Team wins!

The Niles Park District accomplished another historic first for local girls' 12 inch softball the weekend of July 13 and 14. This is the first time a Niles Park District team has made it to the final three in the Deerfield Tournament, a tournament considered by many to be one of the finest in the Midwest.

Earlier in the season, Deerfield defeated Niles 19-4 however the Niles girls clinched third place in the tournament by turning the tables on that very same Deer-

field team and stunning them with a 5-3 defeat. The victory was even more phenomenal considering that other teams consisted of mostly 15 year olds with high school team experience. In comparison, during the final game the Niles team had seven 13 year olds and three 14 year olds on the field.

Deerfield scored early with two quick runs and for a while it looked like another slaughter was in the making. But the very young Niles team gathered courage and suddenly Gerri Ann Bertucci scored from second base tying the score at 2-2 on a solid hit down the middle by Joan Marusek. Gerri Ann slid under a tag of perhaps the very best catcher in the tournament as the Niles bench cheered.

The next inning, with the bases loaded, Kim Leva knocked in Jennifer Zadjel and gave Niles the lead. The key to the offense was singles and sensational running and sliding and especially by Margie Sheridan and Jennifer Pierski who insured the Niles scoring drive. Debbie Byk also played a key role in the scoring with her solid base hits to the opposite field.

Mary Sheridan pitched exceptionally well, consistently finding the strike zone despite 90 degree heat and strong, gusty winds.

Time after time the Deerfield team tried to rely on its heavy hitter to "crush" the balls to the outfield and time after time the blasts were pulled down by Janet Johnson and Jennifer Zadjel.

In the fifth inning, Deerfield knotted up the score again and had someone on first and second with one out. Suddenly a hard smash was hit to Joan Marusek

## Niles youth meets Cub ace

Jim Mazik of Niles acquired a few tips from Chicago Cubs star Rick Sutcliffe when he made a recent appearance at Doc Weeds.

who flipped the ball to Amy Gonka as Amy raced to second for the play and then side-armed the ball to Dana Callero on first. Dana displayed one of her outstanding stretches, doing the splits at first to complete the tremendous double play, thwarting Deerfield's hopes for a victory. Joan then singled in Debbie Remblake for the game winning run and Kim Leva singled for the insurance run for Niles.

The team was coached by Jay Russ and Tony Leva. Deerfield was prepared for the regular heavy hitters. Amy Gonka, Dana Callero and Janet Johnson are routine for an experienced position using four outfielders, but the young girls got on base and scored by hitting up the middle time after time. The opposition was not able to adjust, which was a favorable factor in the Niles win.

The Nuggets were swinging hot this day! Lee Newlan had 2 singles and a triple, scored 3 times and collected a RBI. Jim Newlan had a single and a triple, scored twice and collected 3 RBI's. Mike Maziarra had 3 singles and collected 5 RBI's. Chris McVicker had 2 singles and 3 RBI's. Severo Pedroza had 2 singles, Mort Schufreider had a double and Scott Swierad had a single collecting 2 RBI's. It was good to see the Nugget bats alive and their uniforms dirty from playing hard!

Nuggets 5 - Astros 8  
Mike Maziarra pitched well, but could not keep the hard hitting Astros down. The Astros put together 6 hits in the 5th inning and scored 5 runs. The Nuggets couldn't overcome the lead they had taken. Scott Swierad smacked the ball into left field for a homerun with a man on base enabling 2 runs to score in the third. Scott also had a single in, Scott had himself a day! Doug Ryan hit a double and Ken Nehlsen, Chris McVicker, Mike

Starshak, and Mike Maziarra each had a single. Like so many games this season, we were just a little short of a big play or a key base hit to put a victory on our side.

Nuggets 0 - Northbrook 10  
The Nuggets let this game slip away early. The first two Northbrook batters, Kanelos and Payne, led off in the first inning with back to back homeruns bringing Nugget pitcher, Jim Prims, into reality that he didn't have what it takes this day. Northbrook went on to collect 16 hits. The bright spots for the Nuggets were our 5 hits. Jim Baffa had the best bat this day and smacked 2 singles up the middle. The Nuggets other 3 hits came from Lee Newlan, Ken Nehlsen and Mike Starshak with a single each.

Nugget Fever was running a little low at this game, but you could feel the temperature rising at the next practice. It's not too late, there is still time to catch some of that fever!

## I BET YOU DIDN'T KNOW

By Jim Jennings

What was the greatest home run hitting team in big league baseball history? . . . It was the 1961 Yankees who hit 240 homers, and no other major league team has ever come close to that total. . . . Incredibly, on that team, all 3 catchers—Yogi Berra, Elston Howard and Johnny Blanchard—each hit over 20 homers, the only time that's ever happened. . . . Also Roger Maris hit 61 homers and Mickey Vernon 54 that year.

Did you know that the manager of the California Angels, Gene Mauch, holds the record for most wins in big league baseball without ever taking a team to the World Series. . . . Mauch was managed by the majors for 23 seasons without a World Series appearance.

The longest road trip ever taken by a football team will be made in the upcoming 1985 season by the University of Texas at Paso when they travel to Melbourne, Australia to play the University of Hawaii in a game called the Australia Bowl, on Dec. 7. . . . That will be a round trip of almost 20,000 miles for one game for Texas! P!eas!

**Reds 10, Red Sox 9**  
Reds win! Holy Cow! From a team that was 2 and 7 after the first half of the season and went on to win 8 of their last 9 (including the Padres 4-2), the come from behind Reds won "all the marbles," "the whole ball of wax," "the whole enchilada" by defeating the Red Sox 10-9.

In a harrowing game, the Tasty Pup Red Sox came back from a 9-1 deficit to tie the game at 9-9 after 5. No problem for the Kiwanis Club Reds who eked out the winning run from a walk and terrific base running by J. Brosnahan. Reds pitcher R. Kelly then sent the Red Sox down in or-

### Niles Little League Round Robin

**Reds 11, White Sox 7**  
The hits were even at 9, but the Kiwanis Club Reds outscored the Patek and Sons White Sox 11-7 to win their second playoff game. Reds clutch hitter J. Morisco doubled twice, each time with 2 outs and the bases loaded, and drove in 5 runs. F. Denisi and D. Detlefsen each singled twice while J. Brens, J. Brosnahan (super catch in the 4th), and M. Hernandez each connected for a hit. Catcher Frank "Donut" Denisi was responsible for 2 outs in the 5th, including one at the plate to cancel out a leadoff triple. ### WORLD SERIES

**Orioles 5, Padres 4**  
The second game of the World Series was another tight fight between the two best teams. Amid some controversy by the umpires on disputed calls, the Orioles nipped the Padres 5-4. Bunting in one run each for the Padres were Mike Brieske, Todd Goldberg, Douglas Pierski and Mike Witte. Mike Witte had 2 clutch hits, one a triple.

On the mound for the Padres, hurling 2 innings each were Doug Pierski, Steve Saranecki and Todd Goldberg. On to game 3! Pitching for the Orioles were Fierer, Bowler and Cesavone.

**Padres 8, Orioles 6**  
The third and deciding game of the World Series, was played Saturday, July 20 at Jozwiak Park. Squaring off again were two tough evenly matched teams, the Tasty Pup Padres and the Browns Chicken Orioles. What a fitting conclusion to an exciting season.

The Padres prevailed, winning the game 8-6 and the series 2 games to 1. Padre hitters punched out 7 hits featuring a home run by Joey Watrach, who also had a double and single and 1 RBI and 2 runs scored. Other Padre hitters doing damage were Steve Saranecki (2 hits - 2 RBI's), Todd Goldberg with a double and 2 RBI's, Douglas Pierski (1 hit - 2 RBI's) and Mike Brieske who drove in a big run. The Padres played superb defense, making a minimum of errors or mistakes - clearly a team effort.

Padres pitchers were Douglas Pierski, Steve Saranecki and Todd Goldberg. They each pitched 2 innings, scattering out 6 hits. They were supported by several outstanding defense gems including a double play from pitcher Steve Saranecki to 1st baseman Todd Goldberg.

Division champs, World Series champs, a record of 16 wins, 4 losses, 1 tie - truly an outstanding season for the Padres!

der in the bottom of the 6th to clinch the championship. For the Reds, F. Denisi and J. Brosnahan each homered and singled. R. Kelly and C. Kenney each doubled and singled and S. Bosco had 1 hit. Commendable Reds pitching by Brosnahan and Kelley who each gave up only 1 hit and 1 run.

The Red Sox lost a heartbreaker for the tournament championship. Pat O'Brien continued to swing a hot bat as he hit 2 homeruns and drove in 4 runs. Todd Orioff also smashed a home run. Bill Costello and Tom Udzielak each tripled with men on base during Red Sox rallies. Jerry Kim and Alex Stojanovich also had base hits. Pete Mourlas pitched two hitless innings as the Reds scored the winning run on an error in the last inning.

Although they lost, the Red Sox showed a lot of heart as they fought back from an 8-1 deficit to tie the game.

In the finale of the season, the Dodgers took a loss very hard by leaving them with a 9-9 record for the season.

## Graf to head Skokie Federal's Insurance Agency

Skokie Federal Savings recently announced the appointment of John A. Graf as Vice-President in charge of Skokie Federated Insurance Agency, a subsidiary of the S&L.

Born and raised in Rogers Park, Mr. Graf is a graduate of the University of Illinois at Urbana, from which he earned a degree in Economics. Upon graduation in 1981, he was one of only ten people nationwide selected to participate in a marketing management training program for John Hancock of Boston, MA.

Upon completion of this two year program, Mr. Graf was appointed Training Director and Campus Recruiter for the John Hancock program, and spent the following year developing a formal sales and management curriculum as well as recruiting the 1984 class for the program.

In 1984, Graf returned to Chicago as Sales Manager, where he helped consolidate Hancock's local agencies, and recruited, trained and supervised a staff of nine licensed financial consultants before joining Skokie Federal in March of 1985.

Mr. Graf is fully licensed to sell insurance products as well as security products such as mutual funds, unit trusts and limited partnerships. Graf is currently enrolled in a course of study which will lead to a certified financial planner designation.

Mr. Graf resides in Gurnee, IL, and enjoys and owns horses.

## Statue of Liberty Restoration Fund

St. Paul Federal Bank will donate one cent to the Statue of Liberty Restoration Fund for each banking transaction completed by customers using a St. Paul Express Card, according to LaVerne Rice, community relations manager. The bank's goal is 500,000 transactions by the end of the year, resulting in a \$5,000 contribution to the fund.

To encourage participation, the bank has sent statement stuffers with its regular monthly mailings. Here, Thomas J. Rinella, senior vice president, presents an enlarged copy of the stuffer to Secretary of State Jim Edgar during a meeting at the new State of Illinois building.

Earlier this year, Edgar officially launched the Illinois campaign to restore the Statue of Liberty.

Holders of St. Paul Express Cards can make deposits and withdrawals at more than 600 locations in the Chicago area including Cash Stations, Dominicks, White Hen pantries, Jewel Food stores or Cirrus automatic teller machines.

"A large number of our customers are first or second generation American citizens who feel a very special relationship to the Statue of Liberty and the freedom it epitomizes," Rinella says, "and we are proud to help raise funds for its restoration."

Ms. Rice notes that St. Paul Federal will sponsor other activities relating to the statue's restoration including a poster contest for elementary and high school students and a recipe competition for area gourmet.

Now in its 95th year, St. Paul Federal Bank For Savings has assets of \$2.2 billion and 23 offices in the Chicago metropolitan area. It is the third largest savings institution in Illinois and among the top three percent nationally.

took place without incident. Former Niles resident Tom Luka said he had traveled from Florida in order to see the concert. "Springsteen is the No. 1 of rock stars. Unlike other rock entertainers...he doesn't perform only for money...but enjoys giving the audience up to four hours of entertainment to put on a good show," he said, adding Springsteen often donates part of his earnings to World Hunger and Viet Nam veterans.

"He (Springsteen) sings about America," noted Barbara Fogel of Morton Grove, as she sat with her baby under a beach umbrella propped against a van. She explained she waited four days to buy the tickets she held in her hand. "My husband brought food each day and took care of the baby after work."

Fogel went on to say she is a big fan of the rock star. "He relates

to people and gets them involved. Springsteen is roots...he is America," she said. Many of the teenagers with tickets expressed concern over the unreserved seating at the concert, recalling the deaths of 11 teenagers at a 1979 concert in Cincinnati. Some said they would camp outside Soldier Field the day before the concert in hopes of finding a good seat. "I think it will be easier to move around in the arena if you get there early," one teenager said.

Reportedly, concert promoters will target on safety measures by hiring a number of off-duty Chicago police officers boosted by security experts with experience in handling large crowds.

## Maine Township... Continued from Page 1

Leonard Beauchler, a member of the senior organization, asked why the prices of the monthly outings had risen in the past few months. "Are you trying to eliminate us, Mr. Halverson?" he asked.

"I've been a staunch supporter of your program and I always have been," answered Halverson. "We cannot subsidize these programs because Harvey would not turn over the information regarding the program. We have no basis for cost comparisons."

Currently \$65,000 is allocated for Maine Township Senior Citizens. This figure includes such expenses as salaries, the nutrition center and the annual Christmas Party. Trustee Anita Rifkin then added that it was her opinion that the board should not subsidize the senior lunches and bus outings.

Another senior in the audience then asked why there was not a current director in charge of the Senior Organization.

Halverson stated that the organization was being run by township employees and volun-

teers and that they were actively seeking a part time director for a salaried position. Harvey Frindt is not among the applicants for the position.

"I have not ever publicly criticized Harvey except on a specific issue. In fact, in April I praised his work with the organization. But some of the problems you are now experiencing is a direct result of Harvey's non-cooperation," added Halverson.

In other matters, the Board granted \$5,000 in revenue sharing funds to Rainbow Hospice. Rain-bow had requested the funds last January. In order to receive the money, Rainbow must prove that they received \$5,000 in monies from other sources. "I think we have to be very clear that given the status of revenue sharing that this will be a one time grant," stated Trustee Rifkin.

The next meeting of the Maine Township Town Board will be held on Tuesday, Aug. 6 at 7:30 p.m. at the Maine Township Town Hall located at 1700 Ballard rd., Park Ridge.

Fabulous Frankie D's, 358 Lawrencewood Center Shopping Center, has signed an Advertising contract with The BUGLE NEWSPAPERS.

Despite the fact, I'm in a shopping center that dealer than last year's bird's nest I've managed to attract many new customers who have, in many cases become regulars. ## Million Dollar salesperson

Maureen Macina was named salesperson of the month for June at ERA Callero & Catino Realtors. Maureen was involved in 11 transactions totaling \$1,020,000 during the single month. Normally, Real Estate Boards award salespeople who attain their goal in an entire year.

Ms. Macina came to ERA Callero & Catino a short 8 months ago, having been associated with another broker before then. Prior to her real estate career, she owned a jewelry distributorship.

Ms. Macina helped ERA Callero & Catino to a new record in home sales for June with over 4 million dollars worth of residential property being sold. "This is the busiest June we have ever had and has helped us set a record of a 61% increase in residential sales for the first 6 months of this year," stated Bill Alson, Residential Sales Manager.

"Commercial sales and leasing have also been very healthy. Low interest rates and a healthy economy have helped fuel our excellent real estate market. Also, we are now seeing the results of marketing tools and programs that we have implemented," said W.C. Walters, President.

BUOLE BUOLE

From the Left Hand

foam. He emphasized there was no water for fires in those days, and most of Niles consisted of farms.

Ed's first major job as a young man was at Niles garage working for a John Lenzen. He said in those days Niles' first police chief was Pete Osulzki, and Pete's brother, Mike, who was into politics was the first owner of the restaurant which is now the White Eagle.

Ed's mind roamed the past. In those halcyon days of the early 30's, the picnic groves behind the Marvel Inn and other restaurants-taverns on the east side of Milwaukee ave. were always loaded with people during the summer months.

The initial truck which hauled away garbage for the village was a one-ton dump truck. Ed said a George Mrovok (?), who sold coal in town, was the first hauler-away of Niles refuse, hauling garbage away on Friday morning and rubbish on Friday afternoon.

Niles acquired a '46 garbage truck-packer as its first legitimate garbage truck and it went to Glenview where the Cowhey brothers ran two dumps. The local Lutter Brick Company helped with this project. Subsequently, Niles acquired 2 Diamond two-ton truck packers.

Ed continuously mentioned the dedication and devotion the old timers gave to Niles. He said in 1954 Public Works volunteers, as well as others, built with donations the fire station on Milwaukee ave. Ed said the lumber, trusses and joists were all donated.

Back in the Worlds Fair Days of 1933-34, the village bought plaster board and window sashes which were being dismantled, and they were used to build the village hall, which is now the courtroom. He said the cemetery people donated radiators for the hall, and a contractor, Alex Ranieri, donated the furniture and actually built the hall without charge. In exchange

the village gave Ranieri the sewer and water contract for the entire village. Ed said every weekend dedicated people volunteered their help to build these projects for Niles without compensation.

Ed noted the village didn't grow much until after World War II. The Waukegan-Cleveland area was the first residential project which was built for veterans. In the Keeney-Monroe area Osceola was the first street completed at the north end of town.

Random thoughts culled during the 90 minutes with Ed included his remembrance of Niles' first real estate office at Oakton and Milwaukee owned by people named Krewen and Dato. He said there was some connection with the Insull-McCormick interests, which put in 10 foot sidewalks on Oakton st. but they went broke during the depression ending any hopes for Niles' growth during those years.

Ed said in 1933 Bob Romey became police chief making \$125 a month. Policemen in the 3-man department included Eddie Krezak, Charley Zaleski and Joe Cartinzarro. The first police car was an orange color, a Ford which had no heater. Each one of the policemen also had a motorcycle. Eddie Bacher was a reserve policeman in those days. Two men manned the police radio, a man Bacher called "Smitty" and Floyd Chartrain, each of whom were paid \$30 a month.

Niles' water connection with Chicago in those early years was at Albion ave. where 2 and 3 inch meters were connected. A Mr. Santucci built the first water reservoir at Harlem and Touhy. Ed said Niles always had water pressure problems noting the increased reservoirs built cross-connecting a system throughout the village.

Ed said a new Public Works Department building was promised behind the present police station. He said the construction behind the police department was a 15 inch thick floor which was planned for use for the Public Works new building. An underground garage was also promised. Somewhat bitterly, Ed said Niles' priorities first favored the police department, next the fire department and last, the public works department.

Other miscellaneous thoughts Ed mentioned included Niles fire department's number 3 rating. He said, "We worked our butts off" to acquire that high rating, second only to Chicago in the Chicagoland area.

He noted the bureau which rates the departments actually influenced the building of the fire station in the industrial area. He said the bureau had no interest whatsoever in the fire department's other services which included medical help for the community.

Ed remembered early Niles Days. He said they used to seal chances for 10¢ and the grand prize was a Georgian house

Continued from Page 1

which was then worth about \$5,000. He said they just barely made the money to cover the cost.

Ed noted volunteer help built tennis courts, swings and a skating rink at Jozwiak Park. Both the park and equipment were paid for with Niles Days funds. Grennan Heights and Oakton Manor parks were also purchased with Niles Days funds and again this same volunteer help built improvements at both parks. The first fieldhouse at Grennan Heights was built entirely with free materials and volunteer workers.

Ed looked back on the years. "I never turned anyone down...I want to work every day, often feeling sick as a dog and the guys who made this town made little money, but never squawked about the worked they were asked to do."

This Friday night we'll all be at the White Eagle, saluting Eddie for all he's done for the community.

With Ed's retirement it really seals the end of an era in Niles. Eddie's work heading the Public Works Department can never be measured by any paychecks. He gave and gave and gave of himself, because that's what the guy is all about. He was an assistant fire chief in past days, fighting 5 a.m. fires in bitter coldness. He'd go home, change his stiff, frozen clothes and shift over to Public Works Department, helping to clear the streets for endless hours. And on weekends he was giving of his time, without pay, because he truly loved his Niles, in the way few of us could ever understand.

This town was built by Ed Bacher, and many like him, though frankly there never were many like him. More precisely, there has only been one Eddie Bacher.

Artrain . . .

Cont'd from Skokie-L'wood P.1 the train. Each guide will be assigned a specific gallery on the train and scheduled for work there for at least one three-hour shift. However, Ms. Stein points out, they may choose to work more than one shift anytime throughout the five day visit.

Legion awards life memberships

In recent ceremonies a trio of Morton Grove American Legion Post #134 members were given life memberships for special services and devoted volunteerism they have performed during their years as Legionnaires.

Past commander Ed McMahon was chairman of the Awards Committee. The three selected to be so honored were Edward Vorpagel who has been finance officer of the Post for so many years he has lost count; Past commander Clarence Brown, and past commander Ralph Hintz.
