9% salary increase for 3 years

## District 63 ok's teachers' contract

At an August 27 meeting, board members of East Maine School District 63 ratified a contract with the teachers' union calling for about a 9 per cent salary increase for each of the contract's three years.

Those teachers not eligible for fringe benefits will receive a lower percentage increase.

Contract language will be reviewed by board members and a salary schedule made available by early November.

Exact contract terms are to include a 9.75 per cent raise the first year and a 9 per cent raise both the second and third year of the contract.

Also, teachers agreed to work

an additional 45 minutes each Monday.

Teachers in Gemini junior high school will work from 7:30 a.m. to 2:45 p.m.

In other matters, board members directed the administration to ask the engineering firm of Gupta, Assoc., Chicago to prepare

## County zoners deny permit for Dude Ranch hi-rises

The Cook County Zoning Board of Appeals last week denied a zoning change to allow construction of two 33-story buildings on a 14.5 acre site at Fisherman's Dude Ranch in unincorporated Maine Township.

Officials from Niles, Park Ridge and Des Plaines filed objections to the project petitioned by PSM International Developers

in conjunction with property owner Mary Ann Reding.

Reding, principal owner of the Fisherman's Dude Ranch site on Golf rd. near the Tri-State tollway is seeking a change in zoning that would raise the units per acre from 17 to 21. The proposal called for 441 units...with a total of 778

272-unit apartment complex to be erected at 6723-6839 Milwaukee

## Milwaukee Av. multiples get green light

A proposed 272-unit apartment complex to be developed between 6723 and 6839 Milwaukee av. jumped the last hurdle when the Niles Village Board gave the green light to approximately \$30 million project.

Although the zoning board approved a revised plan on building height last month, developers at Tuesday's meeting again had to

revise the height of the same building near the residential area to win final approval from village trustees.

The request by Ted Przybylo, owner of the House of White Eagle, to construct an apartment complex under a planned unit development has been the subject of three continued hearings and

## School bells ring for Bugleland students

School bells are ringing again for the 1985-86 school year, with officials from parochial and public schools reporting variances in enrollment and expansion of computer programs for primary to upper level grades.

Classes opened Tuesday, Aug. 28 in School District 63 with an enrollment of approximately 2,800 students, a decrease from last year's figure of 2,900.

According to Donald Stetina, administrative assistant for District 63, about 300 children enrolled in kindergarten, the same amount as last year. "I feel the declining enrollment is leveling out. Large graduation classes are projected to be smaller in the future," he said. "Graduates for next June will number 340 and we're taking in 290 new students for the 1985 school year."

Stetina added new families moving into the area has been a factor in stabilizing declining enrollment which had caused schools to close since the late

1970s. There are five schools, including a junior high school in School District 63.

Lenore Page, District 63's superintendent for curriculum, said the district is increasing computer programming in the area of math, science and language arts classes. "We had a computer lab at Gemini Jr. High School and a computer in the library for use by 6th through 8th grade students. Computer programming will now be available to 4th and 5th grade students," she said.

She added a new computer curriculum will be provided for all grades from kindergarten through junior high.

Children attending St. Isaac Jogues School will have a few more days of vacation with school opening set for Tuesday, Sept. 3.

According to SLJ's principal Jim Doyle, the school will have a student population of 300 compared to 310 last year. Kindergarten enrollment is 36, a small in-

## Administration Building hours

The Niles Administration Building, 7601 Milwaukee ave., will be closed Monday, Sept. 2, in observance of Labor Day and will re-open Tuesday, September 3 at 8:30 a.m. with the usual hours.

A reminder that the Administration Building is closed on Saturday during the month of September and will resume Saturday hours 8:30 a.m. until noon the first week of October.

## Niles police raid nets 17 illegal aliens

Niles police in cooperation with the Niles Department of Code Enforcement raided an apartment on Dempster Street Tuesday morning and arrested the 17 occupants. Complaints had been received by the village from other building occupants stating that numerous people were living in one apartment. The building, located at 8268 W. Dempster, is owned by a Mark Levkovitch.

Those arrested by Niles police,

16 males and 1 female, were turned over to the Immigration authorities at the police station where it was discovered all 17 were illegal aliens. Fifteen were from Mexico and 2 from Ecuador. Todd Bavaro, director of Niles Building Code Enforcement Department initiated proceedings against building owner Levkovitch charging him with building code violations.

## Chamber Codgers exhibit trophies

There were smiles on the faces of the Niles Chamber Codgers last Wednesday night after they defeated the Niles Village-Park softball team by a score of 14 to 11.

Wednesday's victory was a comeback for the Chamber players after they were defeated last

year by the Village-Park team in this annual encounter. "Wait till next year" was the slogan heard by many coming from the losers after the game.

A total of \$157 was collected at the game for the Statue of Liberty Restoration Fund.

## Village Purchase Award

The Village Purchase Award for this year's Niles Art Guild Art Fair was given to Frank Krugel of Niles for his painting of a space theme in pastels titled "Setting Saturn".

Shown above (l-r): Niles Mayor Nicholas Blase, artist Frank Krugel and Marilyn Brown, Niles Art Guild Art Fair Chairman. Krugel uses the theme of outer space in many of his paintings

after a great deal of research is done on the subject matter. This pastel painting has been rendered in the warm colors of the artist's palette due to his own personal choice and does not portray the true environment of Saturn and its surrounding area. The painting is mythical and portrays a setting Saturn as an individual might view the planet while standing on the surface of one of Saturn's moons.

### 'Employment and Disability' topic of support group

"Employment and Disability" will be the topic at the next meeting of A-SCIP, a support group for disabled persons and their families, to be held at 7:30 p.m. Thursday, Sept. 5, in the Maine Township Town Hall, 1700 Ballard rd., Park Ridge.

Mary Verscheide, senior vocational rehabilitation specialist with the National Spinal Cord Injury Association, will provide information on employment services and assistance agencies available to disabled persons as well as tips on developing good job seeking skills.

"Spinal cord injury or other severe disability is not an automatic barrier to em-

ployment," said Donna Anderson, A-SCIP coordinator. Anderson, a paraplegic, is employed as a part-time receptionist by Maine Township government. A-SCIP (amputees and spinal-cord injured persons) is open to all physically disabled persons and their families. The support group, which meets on the first Tuesday of each month, is co-sponsored by Lutheran General Hospital and the Maine Township government.

### Free service for seniors

In order that they may comply with the Circuit Breaker Act and the Homestead Exemption Act, senior citizens may obtain free copies of their deeds from County Recorder Harry "Bus" Yourell. Senior citizens will not have to make a trip downtown, but can call Yourell at 443-5060 to give the necessary information to obtain the deeds by mail.

## Chamber Codgers clout Village-Park 14-11

Shown above (l-r): Niles Village Trustee Ang Marcheschi exhibited the good sportsmanship of the losing Niles Village-Park softball team as he congratulates Niles Chamber of Commerce Director Curt Hockett on his winning trophy.

Some of the village personnel who came out in force to exhibit their "stuff" to the Chamber Codgers were (l-r): bottom row: Bart Murphy, Rich Harczak and Pete Pesole. Top row: Ginger Troiani, Ang Marcheschi, Keith Peck, Mayor Nick Blase, Bob Kahler and Walt Beusse.

There was no joy in Mudville last Wednesday night when Niles Chamber of Commerce softball team defeated Niles Village-Park team, 14 to 11.

Golf Mill Bank's Chris Piazza hit two home runs to lead the Chamber's 37 hit onslaught. Janet Wolski, Sharon Lopiccolo and Irv Coats played outstanding defense for the Chamber team while park board representatives Dan Kosiba and Bill Hughes' pitching and hitting kept the village team in the ball game.

Niles trustee Bart Murphy hit a towering home run in the early innings. The Chamber's Kevin O'Grady also homered. Niles village president Nick Blase injured his foot in the opening inning. He required the use of crutches to support himself the following day. It was reported he tripped over his shoe laces.

## Rockwell lawsuit charges deception by firm

by Sylvia Dalrymple

### Services held for former Niles tavern owner

Services were held Tuesday, Aug. 27 in Venice, Fla. for Walter Blase, owner of Go to Blase's on Milwaukee ave. in Niles until his retirement in 1965.

Blase, 78, a Chicago native, died Friday in the Veterans Administration Center, St. Petersburg, Fla. He is survived by his wife Carol of Venice, a son Walter J. of Niles, 2 sisters, Margaret Jensen of Glenview and Esther Noonon of Skokie and 3 grandchildren.

Funeral services were conducted by the VFW Post of Englewood, Fla. in the Lemon Bay Funeral Chapel in Venice.

Mr. Blase was a member and past commander of American Legion Post 541 in Chicago. In addition he was a member of Post 10178 of Englewood, a life member of the Elks 1898 and a member of the First Order of Eagles 3885. Memorials were requested to the Venice Chapter of the American Cancer Society.

A lawsuit has been filed in federal court against the Norman Rockwell Museum in Northbrook, which produces products depicting works of art by Norman Rockwell.

The suit was filed by the Norman Rockwell estate, which has a legal agreement with the Edwin M. Knowles China Company to recreate the famous artist's work. In turn, the Bradford Exchange, 9333 Milwaukee, Niles, has a licensing contract with Knowles to sell (by mail) reproductions made by the china company consisting mainly of collector plates and figurines.

The suit, filed in early August in U.S. District Court in Boston, charges the Norman Rockwell Museum with using the late artist's name and likeness in a "deceptive manner" in the advertising and reproduction of his work on collector plates and figurines.

The suit also asserts that such marketing and advertising was "misleading" and could cause customers to conclude the company's (museum) products are either genuine Norman Rockwell work or "were produced, sponsored or licensed by Rockwell or his heirs, according to the document."

Although the Bradford Exchange is not involved in the suit, the Northbrook museum chair-

man Ralph Gadiel, charged that Exchange officials do not want competition in the marketplace. "It's not the Rockwell family so much, but the Bradford Exchange which wants to see us out of business," he said Monday.

He added the museum will defend the suit. "Our products are legal in all respects of the law," he said.

Tom Gradel, head of public relations for The Bradford Exchange, said the Niles firm is affiliated with Knowles, which is the only entity authorized (by the Rockwell family) to recreate Rockwell art.

He added he could not discuss the suit in detail because the case is pending in court. "I can only say the products distributed by the Exchange have been endorsed by the Rockwell family."

The suit which does not state the amount it seeks in punitive damages claims the Northbrook-based Norman Rockwell Museum, marketed and sold three-dimensional figurines and collector plates and signed Norman Rockwell's name to them even though the products were created by unnamed artists other than Norman Rockwell.

Additionally, the museum's advertising will confuse consumers about the origin of the products, according to the document.

### St. Isaac Jogues seniors hold picnic

St. Isaac Jogues 55 Plus Club held its annual picnic on Aug. 16 at Holiday Park, Apple Tree Inn in Ingleside. A buffet luncheon was served which consisted of soup, salad bar and hot foods with a table of desserts.

The weather was perfect for a picnic. Games were played, prizes were given to the winners, and a little prize was also given to those who just participated in the games. A good time was had by everyone.

Thanks to Wanda and Chuck Palkoner, program chairmen, who planned the picnic and the activities for the day and also getting the prizes that were given away.

### Parkside Human Services Adult Day Care Week

The week of September 22 through 28 has been declared National Adult Day Care Week. In commemoration of this event, Parkside Human Services Corporation's Older Adult Services will offer free blood pressure screenings for senior citizens at each of its three day care centers. The screenings will be held from 10 to 11 a.m. daily throughout the week. The centers are located at the Nathanson School, 9375 Church st. in Des

Plaines, the Avoca West School, 235 Beech dr., in Glenview, and the Busse School, 101 Owen st. in Mt. Prospect.

Parkside's Adult Day Care Centers were established for the purpose of maintaining and restoring the health of the impaired older adult. The program is designed to offer an alternative to persons who do not need full time services of a nursing home, but who because of a physical or mental impairment, are not able to participate in typical community programs for older adults.

The aim of adult day care is to encourage individuals to attain their maximum level of functioning in a social setting. For more information about the blood pressure screening, call the center at 696-7894.

Parkside Human Services Corporation is a member of the Lutheran General Health Care System.

### Regency Nursing Home Cub fans see game

Many of the residents at the Regency Nursing Centre are avid Cub fans and have been watching the games on TV for many baseball seasons. Recently the nursing centre purchased a wide screen tv, so many of the fans were able to see the games on large screen - and they were excited about this.

The Activity Director sent for tickets for many of the home's fans, and was sent back a letter stating the Steve Trout (pitcher) and his wife Sandy were providing 26 tickets for the nursing home residents for the Expo game on August 13.

Seats were provided in a special section for the wheelchair bound and in the box seats. The residents were accompanied by Regency staff members.

## Niles fireman retires

At a recent Village of Niles Board Meeting, Mayor Nicholas Blase and the Board of Trustees honored Melvin Duda who retired from the Niles Fire Department after 21 1/2 years of service. Fire-fighter Duda held the position of Acting Company Commander and Fire Apparatus Engineer.

Duda, married and the father of three recently became a grandfather. When asked by the Mayor

his future plans, Duda stated "Maybe I'll run for Mayor!"

In presenting the retirement plaque to Duda, the Mayor commended him for his many years of dedicated service to the community.

Shown in the photo with Mayor Blase and Duda (c) is Fire Chief Harry Kinowski Jr.

## Nursing home Medicaid bill passed

Legislation protecting most residents of nursing homes against discrimination because of their Medicaid status has been approved by the Senate and is awaiting Governor Thompson's signature.

House Bill 1410, drafted by Attorney General Neil F. Hartigan's Office, prohibits Illinois nursing homes from discriminating against Medicaid recipients or applicants for Medicaid. Hartigan pointed out that all but the wealthy who live in nursing homes are - or will be

recipients of Medicaid during their nursing home tenure.

Sponsored by Rep. Tom Homer in the House and Senator William Marovitz in the Senate, the measure was approved Tuesday on a 34-22 vote. It was not amended in the Senate and thus is headed for the Governor's desk.

House Bill 1410 prohibits the following types of Medicaid discrimination by nursing homes:

1. The discharge of a resident when the resident exhausts his or her financial assets and must apply for Medicaid;
2. The solicitation of mandatory contributions from a Medicaid applicant or resident, or his or her family members, as a precondition to admission or continued residence in a nursing home;
3. The requirement that prospective residents and/or their families sign a contract agreeing to remain as private-pay patients for a specified period of time before seeking Medicaid eligibility.

## LGH plans Birds in Paradise dinner dance

Six brightly-colored birds from Bill Hoffman Enterprises will welcome guests attending the Lutheran General Foundation's benefit dinner-dance, "Birds in Paradise," Friday, Sept. 6, at the Drake Hotel.

"We wanted to create an exotic atmosphere for the party, one where people could escape and enjoy themselves," explains Susan M. Penrith, chairman for the benefit and a board member for the Lutheran General Foundation. "What better way is there to create the illusion of a tropical paradise than to import some of the creatures that live there?"

The reception for the event begins at 7:30 p.m. Dinner will be served at 8:30 p.m. and consists of veal medallion with wild mushroom sauce. Playing off the theme, tropical-colored decorations include centerpieces of tiger lilies and, of course, birds in paradise. Guests will continue the festivities with an evening of dancing to the Frank Amorosi Orchestra.

Proceeds from the black tie optional benefit will support programs within the Lutheran General Health Care System.

For reservations and ticket information, contact the Lutheran General Foundation at 696-6500.

Harry and Evelyn's four grandsons and one granddaughter plus 60 guests helped them celebrate this joyous occasion.

## Lutheran General Adolescent Grief Support Group

A five-session Adolescent Grief Support Group will meet on consecutive Tuesday evenings from 7 to 8:30 p.m. beginning October 1. Sponsored by Lutheran General Hospital's Division of Pastoral Care, the group meetings are designed to help grieving adolescents, ages 11-19 years old, whose parent, brother or sister has recently died.

The sessions offer youths an opportunity to express their grief, rather than avoid it, in order for healing to take place.

A number of topics will be discussed including changes in family life and routine, feeling accepted by your friends, and

identifying signs and symptoms of your grief.

According to Chaplain John Katonah, group leader, the sessions offer support from those who have experienced the loss of a family member. "In these sessions, young people are able to talk with others their own age and in the same situation. Listening to others and discovering similar concerns helps participants adjust," he explains.

There is no charge for attending these sessions. For registration and information, phone Chaplain John Katonah at 696-6395.

## Niles Art Guild program

The Niles Art Guild will start the fall season on Sept. 4 with a program on Fashion Illustration. Ilene Berg has been an illustrator for 10 years, seven of which as been for Chas. A. Stevens. Her work appears regularly in the Chicago Tribune, Chicago Sun-Times and the Chicago Magazine plus many others.

For the past three years Ilene has been a freelance illustrator in fashion books and magazines, ads, logo designs, cloth labels and collateral.

Ilene attended Ray Vogue College of Design, in Chicago, as a fashion illustration major. She later became an instructor of Fashion Illustration, Anatomy and Layout/Design and supervised Commercial Art Life Drawing Classes at the school.

For an enjoyable and informative evening, please come and join us at the Niles Recreation Center, 7877 Milwaukee ave., at 7:30 p.m. Light refreshments will be served, there is no charge.

## Off the Niles Police Blotter...

### Niles man charged with battery

A 27-year-old Niles man was arrested for aggravated battery, reckless conduct and reckless driving after he was involved in an argument on Aug. 21. According to police reports, the offender and a companion were involved in a verbal dispute over some property belonging to the victim. The offender then entered his

car and began to back from the driveway. He put his car into drive and started forward striking the victim who was standing in front of the car. He suffered a leg injury and was treated at Lutheran General Hospital. The offender was released on \$5,000 bond and a Sept. court date was set.

### Drunk driver and passenger charged

A 20-year-old Niles man was arrested for damage to car, unlawful use of license plates, driving under the influence of alcohol and possession of alcohol by a minor on Aug. 20. At 3:30 a.m. police observed the Niles man traveling northbound in the 8100 block of Cumberland with no lights and turn eastbound on Monroe. The driver who was weaving across the roadway was stopped in the 8100 block of Farnsworth. Police saw the Niles man and a passenger in possession of an alcoholic beverage, and then detected a strong odor of alcohol on the Niles man's breath.

The driver who was weaving across the roadway was stopped in the 8100 block of Farnsworth. Police saw the Niles man and a passenger in possession of an alcoholic beverage, and then detected a strong odor of alcohol on the Niles man's breath. Police also observed a set of license plates on the floor of the car and after questioning the pair, the subjects said they had taken them from a car on Monroe st.

The owner of the license plates was contacted and reported that the two offenders admitted flattening the tires.

The 20-year-old passenger in the car was charged with possession of open alcohol in the car, possession of alcohol by a minor, damage to vehicle and unlawful use of license plates. Both were released on \$1,000 bond and assigned a Sept. court date.

### Vandals damage park property

The Niles Park District administration office was broken into during the night on Aug. 18. Police said someone used a large rock to damage the glass area of the entrance door of the building on Milwaukee ave. allowing entry by pulling a crash-bar door open.

Once inside, the offender broke the glass on a candy machine and removed items on display. Entry was also gained to an office by breaking out a window to unlock the door. The office appeared undisturbed, but an inventory will be taken to determine if any property is missing.

### Weapons charge against Niles teen

A Niles 18-year-old man was arrested for unlawful use of weapons on Aug. 21. The offender was stopped for a traffic violation in the 9100 block of Milwaukee ave. While questioning the offender, police observed a silver handle knife strapped to the seat belt clamp. A further check of the vehicle revealed a switch blade knife in the center console.

He was released after posting a \$1,000 bond and assigned a Sept. court date.

### Cited for blocking traffic

A 54-year-old Niles man was arrested for disorderly conduct after police saw the offender lying unconscious on a sidewalk in front of a bowling alley in the Golf Mill shopping center. He was charged with interfering with pedestrian and motor vehicle traffic.

Police said they had knowledge of previous similar calls involving the offender. He was released on his own recognizance and assigned a September court date.

### Missing cash

A co-owner of a pizza restaurant reported Aug. 22 that he placed \$500 in currency and a cash register tape in a bag and left it on a counter in the kitchen area and went on a delivery.

When he returned the bag was missing. The man told the police he was sure the bag did not get taken on delivery.

The subject wants to talk to his partner before agreeing to a follow-up by police.

### Auto break in

A resident in the 8600 block of National reported someone used a pry-type tool to open both window sashes of his car parked in the street. The locks on the windows were both broken causing about \$200 damage.

Taken from the car was a cassette stereo worth \$500 and five tapes valued at \$10 each.

### Broken school windows

An official of Mark Twain School reported someone used golf tees to break seven windows on the east side of the building on Aug. 22. Replacement was estimated at \$385. A special watch was requested.

### Shoplifter arrested

A Sears security agent observed a man put a metric hex bit set valued at about \$150 down his pants and attempt to leave the store without paying for the item. After a brief foot chase by security men, the offender was taken into custody by police.

### Nilehi students praise substance abuse program

The four Niles Township High School students who attended the Illinois Teenage Institute (ITI) on Substance Abuse in late July have only good things to say about it. "It's the best program I've ever attended, and I'm full of ideas," said Paula Krone, a senior at Niles West. "I liked it a lot, it changes your outlook," added Niles North senior Lisa Hartman. Niles North juniors Daniel Auslin and Julie Goldberg also attended.

A program of the Illinois Alcoholism and Drug Dependence Association, the ITI helps teens develop their leadership potential. Two sessions were held in July at Allerton Park in Monticello, Illinois, with a total of approximately 450 high school students from throughout the state attending.

During the six-day camp, the students attended lectures and discussion groups to develop their leadership potential and learn ways to provide positive peer pressure in their schools and communities. Teen participants learn about alcohol and other drugs, and learn about themselves. "They asked us to take off our mask and be the real

you," Hartman said. Many of the teens go on to participate in Operation Snowball, the prevention program that provides mini-institutes and year round activities for teens in 68 Chapters across the state. Niles North's Student Leadership/Peer Counseling group last year formed such a chapter with a group from Evanston High School. According to Hartman, all four Nilehi students who attended this summer's ITI gained insights and ideas from the session. "It's hard to explain to someone who hasn't been there, but we each gained a different thing," Hartman and Krone agreed. Hartman particularly praised the leadership and peer counseling techniques that were taught for those who had not yet learned them, while Krone came back with several program ideas for Niles West's active SADD (Students Against Driving Drunk) Chapter. But whether by ideas or ideals, the students agreed that they have been changed by the experience. They wish that more of their classmates had shared it.

## The Northern Express... a new hockey group

The Express has arrived. Young hockey players living in the North Suburban area and the Northwest area of Chicago have the opportunity to become members of a new hockey association called "The Northern Express."

The Park Ridge Amateur Hockey Association and the Niles Rangers Minor Hockey Association have recently announced the merger of their two organizations. The organizations believe that by combining the talents and resources that they each have offer, they could serve their districts far better with an increase in their membership twofold.

According to Rich Brautigam, the Express's President, "The Express will enable youths, 17 and under, more of an opportunity to utilize their playing skills on their own individual level of play."

The Express will provide players with added home ice time per week, for games, practices and skill clinics which will utilize both rinks. Specialized individual skill clinics planned to run throughout this season are: goalkeeping, passing and shooting and power skating. Quality coaching will be provided to members at all levels of play. The coaching staff has been selected from the combined talents of the two pre-existing associations.

House league games and practices will be held at the Oakton and Ballard Ice Rinks. The amount of games held will depend upon the number of teams in each age division.

The colors of the Express will be gold, red and white; a combination of past association's colors. Brand new home and away jerseys, socks and coveralls will be issued to each player joining the Express this year.

Plans are underway now to give players the use of equipment bags and garment bags at the start of this season.

The season will begin the first week in September with the start of their pre-season specialized clinics. All in all, the Express promises quality and competitive programs that has everyone in the Illinois hockey scene very excited.

Should you wish further information about the Express, feel free to call Rich Brautigam at 297-8768 or Tom Piwok at 736-5282. Watch for more details on dates and fees and come aboard the Northern Express.

## Pre-School registration

Niles Park District will hold registration for its Pre-School classes on Wednesday, Sept. 4 from 9:30-11 a.m. for residents of Niles only (non-residents may register for classes between the hours of 7-8 p.m. that evening). A birth certificate and proof of Niles residency are required at the time of registration. Children must be 3 years old or older before September 1, 1985 and must be toilet trained. Classes for session 1 begin Sept. 17 and run for 15 weeks. The resident fee for the entire 15 week program is \$66 (Mon. Wed. and Fri.) classes or \$44 if your child attends class 2 days per week (Tues. and Thurs.). Morning classes are held from 9:30 a.m. to 11:30 a.m. and afternoon times are 1-3 p.m. Class schedules may be found in the Niles Park District Fall, Winter and Spring brochure which may be picked up at the Rec. Center, 7877 Milwaukee ave. in Niles.

## Tennis club hosts circus "big top"

The public is invited to a free circus party, "Under the Touhy Tennis Big Top," starting at 7:30 p.m. on Saturday evening, Sept. 14, at the Touhy Tennis and Fitness Club, 3450 W. Touhy ave., Skokie.

Stellar attractions such as the Shrine Circus Clowns, exhibition matches by the Northwestern University Tennis Team, break-dancing and tumbling by the Jesse White Tumblers, posing by award-winning body builders, power volleyball team play, an aerobics challenge, fencing, self-defense demonstrations and drawings for over 50 valuable prizes will all celebrate the club's new First Serve Snack Bar and expanded, redecorated tennis, aerobics and weight room facilities.

In conjunction with the Sept. 14 party, Touhy Tennis and Fitness Club is offering a special, three-month introductory membership for just \$22, to new members only.

The Touhy Tennis Big Top will appeal to every age group. There will be jugglers, a monkey and organ grinder, dancing to tunes spun by on-site disc jockey Alan Stevens, loads of free snacks from First Serve, and even free skin care demonstrations by Avon Products, Inc., featuring a line of products designed for active people.

Prizes to be given away during the evening include a weekend for two at the Heartland Health and Fitness Retreat in Gilman, IL; tennis lessons and court time at Touhy Tennis; passes to this fall's Vic Braden Tennis Clinic; passes to fitness classes at the club; Touhy Tennis massages; tennis racquets and pro shop gift certificates. Also during the evening, Prince Tennis Racquets will hold a tennis stroke event for which accessories from the Prince line will be awarded to all winners.

The Touhy Tennis and Fitness Club is a state-of-the-art, 100,000-square-foot facility providing the finest in tennis, aerobics and weight training instruction, courts and equipment. The club also offers Wellness Seminars, lectures and discussions on health-related topics, throughout the year. It is the site each year of the Green Giant Little Sprouts Championship Tennis Tournament, a U.S. Tennis Association-sanctioned tournament for junior players 14 and under that attracts entrants from across the country. With the addition of First Serve, the club will offer light, healthful dining and snacks to members and guests. For information, call Dan Olson at 679-6788.

## Trips for ladies

The Niles Park District's Ladies Choice brochures are now available to residents. Trips this season include: Water Tower Place, the musical "A Chorus Line", the World Alive exhibit in Techny and a special tour of Chicago featuring Marsha's unique explanation of women's role in Chicago history. Few openings are left for the Miller Brewery Tour and Schuler's Restaurant/Taber Hill Winery in Michigan. Trips are filling up fast, so stop by the Rec. Center, 7877 Milwaukee ave. and register for your day out!

## Are you able to teach knitting/crocheting?

If you are a qualified knitting and/or crocheting teacher, the Niles Park District is interested in hiring you to teach their Knitting and Crocheting class which begins in October. Days and times are flexible. Call Debra Swanson at 967-6633 for information or pick up an application at 7877 Milwaukee ave. in Niles.

## Soccer fun day

The Niles Park District will be sponsoring a free Soccer Fun Day for children in grades 1-8. This special event will be held on Saturday, Sept. 7 at Golf Mill Park, 11 a.m. Participants will be shown soccer skills and strategy by qualified coaches. Beginner through advanced levels will be offered. For more information, call the Niles Park District at 967-6633.

## OCC Alumni present check

Norman Ridley (l), president of the Oakton Community College Educational Foundation, receives a check in the amount of \$500 from Monty Johnson, of the OCC Alumni Relations Council, for the Koehline Endowment Fund. The endowment provides an annual scholarship award for an OCC graduate planning to continue studies in the Arts and Humanities at a 4-year institution.

The balance of funds raised by the Alumni Association at a recent benefit performance of the Lyric Opera will be used for an Alumni Scholarship, which will be awarded this fall for the first time to an OCC student with outstanding academic achievement and a strong record of College involvement.

Also pictured are OCC President Thomas TenHoeve (third from left), Shirley Jacobs and Joanne Belmonte, both of the Alumni Relations Council.

## Social Security - present and future

The Social Security Act has been revised many times over the past 50 years to keep the program responsive to emerging needs. A prime example is the 1983 amendments. They strengthened program financing and assured stability both in the short-run and in the long-term future.

For several years prior to 1983, there was concern about the financial soundness of the cash benefits programs. High inflation, unemployment and other factors were depleting trust fund reserves. In addressing these problems, the Congress made a particular effort to have any burden shared by both current workers and by present and future beneficiaries.

The legislation not only address the immediate problem, but also included provisions for coping with future unanticipated downturns in the economy. For example, borrowing among the Social Security and Medicare Hospital Insurance Trust Fund was authorized when necessary to assure continuation of benefit payments during periods of adverse economic conditions.

Another provision made a portion of the Social Security payments to some high-income beneficiaries subject to federal income tax. About 10 percent of beneficiaries, those with substantial outside income in addition to benefits, were affected. The revenues resulting from this provision are credited to the Social Security trust funds.

The amendments also extended Social Security coverage to Federal employees who were hired after December 31. The law also covers employees of non-profit organizations not previously covered. Certain Federal employees, including the President, Vice President and members of Congress, are also covered. The legislation also prohibited termination of coverage by State and local government.

To assure the future stability of Social Security, the age of eligibility for unreduced retirement benefits, now 65, will be very gradually increased to 67 between the years of 2000 and 2022. Reduced benefits will continue to be available as early as age 62, but the extent of the reduction for early retirement will be increased.

St. Francis Hospital blood drive

St. Francis Hospital of Evanston will sponsor a blood drive from 8:30 a.m. to 5 p.m. Friday, Sept. 6, in the Doctors' Dining Room Hospital. Employees, along with the public, are encouraged to donate.

Donors must be in good health, weigh more than 110 pounds and be between the ages of 17-65. Over 95% of all Americans reaching the age of 72 will need blood or blood products derived from blood in their lifetime.

## MONNACEP offers G.E.D. review

Counseling sessions are scheduled for September 9 and 10, and September 18 and 19 for persons interested in MONNACEP classes that will help them prepare for the G.E.D. exams so that they can earn a high school equivalency diploma. Classes reviewing elementary and high school level reading, math, grammar, social studies and science will be conducted this fall at Maine East and Niles North high schools, and at Oakton Community College/Skokie, 7701 N. Lincoln ave. Most classes meet weekly in the evening, or on Saturday morning. Classes cost \$5 to \$15, and books are distributed at no cost.

The counseling sessions, which are a prerequisite for enrolling in G.E.D. preparation classes, will be from 7-10 p.m., at Maine East (Sept. 9-10), Dempster st. at Porter rd., Park Ridge; and Niles North (Sept. 18-19), 9800 Lawler ave., Skokie.

Persons interested in attending the counseling sessions should call Sandy Deines, 825-3435.

**I BET YOU DIDN'T KNOW**

Who was the oldest man ever to play college football? Surprisingly, a 43-year-old man once played college football. He was Mel Dixon who graduated from high school in 1942 but didn't go to college then. However, 28 years later, in 1970, he enrolled at Fairleigh Dickinson University and went out for the football team. He made the team, as an end, and was older than the coach, old enough to be the father of any of his teammates and the oldest man ever to play college football.

Can you name the best 5 teams to win the national championship in major college football? They are Brigham Young in 1950, Miami of Florida in 1957, Penn State in 1956, Clemson in 1956, and Georgia in 1956.

Surprisingly, only 2 teams in the National Football League have ever won the Super Bowl more than twice. Which are those 2 teams? They are the Steelers who've won it 4 times and the Raiders who've won it 3 times.

### Dombrowski wins Brunswick Scholarship

Christine Dombrowski, daughter of Harry Dombrowski of Niles, has been named winner of the Brunswick Foundation Scholarship for High School Seniors.

Christine's father, Harry, a Senior Engineering Analyst works for the Technical Group of Management Information Systems of Vapor Corporation in Niles.

Formal presentation of the scholarship was made to Christine by W. W. Parks, President of Vapor Corporation who praised her for being chosen from such an outstanding group of applicants.

Ms. Dombrowski is a senior at Marillac High School and will be attending Notre Dame University with a major in pre-medicine.

### St. John Lutheran School begins 125th year

St. John Lutheran School of Niles will open its doors for the 125th consecutive year on Tuesday, Sept. 3. Constantly seeking to lead children to Christ, SJL points out that Christ must be the center of Christian life and Christian education. The educational program enables the home and school to work toward a common goal, the training of a Christian child to know his/her privileges and responsibilities toward God and his/her fellow man. In addition to the basic secular subjects, religion is taught in a formal setting and also becomes the spring-board for associations among teachers, students and parents.

The Reverend Gotthilf Simon Loeber, the second pastor of St. John, started the Christian Day School in 1860. The first building was erected on the present property at 7429 N. Milwaukee

ave. in Niles. It was a two-story brick-frame building measuring 30x50 feet and stood about 25 feet closer to the parsonage than the present church. The frame upper story was used for church purposes, the brick lower level serving as a school and as dwelling for the pastor and his family. In addition to his pastoral duties, Pastor Loeber also served as teacher of St. John Lutheran School from 1860 to 1870, when the first member of the teaching profession was called August Krueger.

Separate school building was erected in 1872 on the same lot with the church, according to Alfred T. Andreas' 1884 "History of Cook County", which described the building as "a two-story frame, costing about \$1,200." It was one of the earliest parochial schools in the area! Two years later, in 1872, a two-

story frame structure measuring 28x44 was erected on the church grounds at a cost of \$2,554.53. The first story housed the school, the second story served as dwelling for the teacher. Some land was purchased by the congregation and some was donated by members to make this possible. The building was demolished in January, 1958. A third - the present - building was put up in its place.

The first day of school for the 1985-86 School Year will begin at 8:30 a.m. with an Opening Day Chapel Service at 8:45 led by The Reverend Thomas K. Stoebig, pastor of St. John Lutheran.

St. John Lutheran has a fully accredited Early Education Program with emphasis on Christian Education and the importance of a positive, individualized learning and play environment.

### International Youth Year Kindergarten orientation at Niles Elementary

1985 has been proclaimed as International Youth Year by the United Nations. In keeping with this celebration, Governor Thompson has worked with various state agencies to proclaim this as a State-wide Program for Illinois youth. The East Maine Public Schools of District 63 are participating in this event. Each month a different theme centering on the welfare issues will be studied. These are: Citizenship, Leadership and Government, Youth Participation, Youth Employment, Youth and Peace, Juvenile Justice, Youth and Culture, International Understanding and World Concerns, Education, Youth Development, Youth Involvement and Health and Mental Health.

The International Youth Services Conference, coordinated by the Illinois Collaboration on Youth/Youth Network Council, will be held in Chicago.

Kindergarten children and their parents are asked to attend a kindergarten orientation at 9:30 a.m., Tuesday, Sept. 3, at Niles Elementary School (South), 6935 W. Touhy ave.

At this time, the kindergarten program, bus schedules, class schedules, and pupil insurance, available if desired, will be explained in detail. Bring all pre-registration materials, a birth certificate, and \$12 for book and workbook fees. Completed health forms are also to be brought in at this time.

Parents new to the district or parents who have not registered their child for kindergarten are urged to do so any day Monday through Friday between the hours of 9:30 a.m. and 3 p.m. This will help in planning bus schedules and having proper furniture, equipment and supplies for your child. Call Eugene H. Zaleski, 647-9752 for further information.

Children must be five years old by December 1, 1985 to be eligible for kindergarten.

The Parent-Teacher Association will serve refreshments for the parents in the school cafeteria. A special registration desk will be set up to enroll parents in the PTA. The administration encourages every parent to become an active member in the PTA and to work as a partner with the teachers and administration to provide the best possible education for your children.

A meeting and registration for the After School Care Program will take place following the orientation.

### "School Safety Week"

Governor James R. Thompson has proclaimed the week of August 26-30 to be "School's Open Safety Week" in Illinois and has asked all motorists to aid community officials and safety patrols in protecting the welfare of schoolchildren.

"School Safety Patrol members... have saved countless lives over the years," the governor said in his proclamation.

The AAA-Chicago Motor Club has coordinated the annual "School's Open" campaign for 38 consecutive years, distributing "School's Open Drive Carefully" posters to hundreds of communities around the state. The Illinois Municipal League assists in the safety week.

This fall also marks the 65th anniversary of the School Safety Patrol, which was founded by the president of the AAA-Chicago Motor Club after he witnessed a serious accident involving school children in 1920. Nels L. Pierson AAA-Chicago

Motor Club President and Board Chairman, is reminding motorists to stay alert for school children, particularly in residential areas and along routes to school.

### Columbia graduates

Columbia College of Chicago conferred degrees to 667 students during commencement ceremonies Friday, June 17. Local students included: Debra Bartennes, 7100 Carol st., Richard C. Guban, 8800 Ozanam and Mary Lynn Vandini, 9000 N. Chester, all of Niles.

### On dean's list

Kenneth R. Beck, son of Mr. and Mrs. Kenneth R. Beck, Sr., Des Plaines, has been named to the Dean's List at Lake Forest College for the 1984-85 academic year.

## Four doctors appointed to Resurrection staff

Four physicians including Drs. Jeffrey A. Mono, Russell Miller, Ricky D. Alwan and John V. Knaus, were recently appointed to the medical/dental staff at Resurrection Hospital, 7435 W. Talcott ave., Chicago.

Jeffrey A. Mono, M.D., has been appointed to the associate staff in the department of Ophthalmology, division of Surgery. He is a graduate of the medical school at the University of Michigan and completed his internship at Mercy Hospital in San

Diego, Cal. Dr. Mono also completed an ophthalmology residency at Georgetown University in Washington, D.C., and a fellowship at the University of Toronto. Dr. Mono is an associate of Resurrection Hospital physician Dr. Burton Krimmer.

Russell Miller, M.D., has been appointed to the associate staff in the division of Family Practice. He is a graduate of the Chicago Medical School and completed both his internship and family practice residency at Resurrection Hospital. He is an associate of Dr. Steven Pearlman, another Resurrection Hospital physician.

Ricky D. Alwan, D.D.S., has been appointed to the associate staff in the department of Dental Services, division of Surgery. He is a graduate of Northwestern University Dental School and is currently associated with Resurrection Hospital dentist Dr. Joseph L. Caruso.

John V. Knaus, D.O. has been appointed to the associate staff in the division of Obstetrics and Gynecology with consulting privileges in gynecology oncology.

He is a graduate of the Kansas City University of Health Sciences and completed an internship at Northwest General Hospital in Milwaukee. In addition, he also completed an obstetrics and gynecology residency at St. Francis Hospital in Evanston and a gynecologic oncology fellowship. He is certified by the American Board of Obstetrics and Gynecology.

## Free colon cancer test at LGH

Lutheran General Hospital, Park Ridge, is offering free, colorectal kits. Colo-rectal kits screen for blood in the stool which is one of the warning signals of colorectal cancer.

Statistics show that this type of cancer is the second-leading cause of death from cancer in the United States. In 1985, nearly 140,000 new cases of colorectal cancer will be diagnosed in this country. Of those people, 7,000 will be Illinois residents. Warning signals of colorectal cancer include bleeding from the rectum, blood in the stool, a change in bowel habits and a family history of colorectal cancer.

"Early detection is the key," explains Juan Engel, M.D., medical director of the Gastroenterology Lab at Lutheran General Hospital. "The recent publicity given to President

Reagan's surgery for colorectal cancer could very well save many lives. If people are aware of the early signs and take advantage of free, screening devices, hopefully, we can catch the disease at an early stage when the survival rates are dramatically higher."

The Lutheran General colorectal kits also screen for ulcers, hemorrhoids, enteritis, and diverticulosis, as well as colorectal cancer. Participants in the screening program will mail test slides to the hospital. Results will be shared with the participants within two weeks.

For more information about the screening program or to order a colorectal kit, call Lutheran General Hospital's Doctor Referral and Information Center at 696-8100 from 9 a.m. to 5 p.m., Monday through Friday.

## Forest Hospital Hosts Recovery Reunion

More than 1,000 former patients have been invited to Forest Hospital's first annual "Recovery Reunion." The event will bring together adolescents and adults who have participated in Forest's chemical dependency program, as well as family members, former staff members and counselors for an evening of reflection and celebration.

The reunion is scheduled for 6:30 p.m. on Sunday, Sept. 8, at the Novick Auditorium of Forest Hospital, 555 Wilson Lane, Des Plaines, Ill. Included in the evening's program will be an open Alcoholics Anonymous meeting chaired by two Forest alumni.

For further information, call Claudia Evenson at Forest Hospital, 635-4300.

## Stroke Club meeting

The Stroke Club of Swedish Covenant Hospital, 5145 N. California ave., will meet in the hospital's cafeteria at 7 p.m. on Thursday, Sept. 12.

The program, "Coping with Stroke: Family as 'Victims' Too," is the second in a series of meetings addressing various aspects of coping with a stroke. Families of stroke patients, always welcome at meetings, are particularly urged to participate in the Sept. 12 program.

Swedish Covenant Hospital social workers Georgia Miller and Jo Hammerman will facilitate the program in which stroke patients and their families will discuss the problems triggered by a stroke.

The Stroke Club is free of charge and open to all stroke victims and their families. For information, contact Sheila Derman, 878-8200, ext. 5305.

## Holy Family sets Parenting classes

Parents of infants and toddlers can have their questions about childrearing answered at Holy Family Hospital's PINT SIZE education classes on Wednesday evenings, Sept. 4th through the 25th from 7 to 9 p.m. All classes will be held at Holy Family Hospital, 100 N. River rd., Des Plaines.

The PINT SIZE (Parenting Involving Newborns and Toddlers) classes are designed for parents of newborns and toddlers. Topics to be discussed include: growth and development, child safety, child care, choosing a pediatrician, childhood illnesses and changing family relationships.

Classes are taught by a registered nurse, registered dietitian and social workers. Fee for the course is \$10 per couple. For more information and to register call Holy Family Hospital's Nursing Department at 297-1800, ext. 1150.

## Centel directory new look

Customers of Central Telephone Company of Illinois in Des Plaines, Park Ridge and nearby communities have received new telephone directories in the past few weeks. One directory was delivered to each household. If you have not received your directory or wish to obtain additional copies, stop in at Centel's Communications Center at 2004 Miner st., Des Plaines.

The friendly faces that adorn the new cover of this year's directory are Centel employees. One of those faces is that of Bernice Alcock, service assistant-director assistance-Park Ridge. The employees on the cover represent each craft and area of expertise in the telephone industry.

The new directory features an updated format which includes: an improved Chicago metropolitan area calling map which is larger and easier to read; a condensed long-distance section

expanded area code listings for Illinois and out of state; a post office and zip code information; a restaurant guide of the Yellow Pages.

Special attention was given to expanding and updating the Community Information section (blue pages) by including community historical facts, amusements and recreational facilities, and city and village officials.

The Customer Information pages provide valuable telephone use and safety tips, an explanation of your telephone bill, and information on other services Centel has to offer, such as Speakers' Bureau.

The new books also include instructions for international direct dialing, Custom Calling features, and connection and disconnection of modular phones. Inside the front covers are emergency numbers and the rear inside cover features reserved space for frequently called numbers.

## Centel surveys customers

Central Telephone Company of Illinois announced today that a new service evaluation program is underway.

Survey cards are randomly sent out to customers who have had recent contact with Centel's business office, repair center, Communications Center, or the installation and repair department.

Customers are asked to evaluate Centel service with such questions as: "Was your service request handled properly?" During your contact with a Centel service person, were you treated in a way that represented the use of good business manners? Is your telephone service and equipment working to your satisfaction?"

In addition to the cards the company is sending the customers, Centel also will continue with its long-established practice of having an independent research firm ask customers about service through monthly telephone surveys.

## Weigh Your Options

by Mr. Martin Lippeth/Assist. Vice President Mortgage Department

In our ever-changing climate, prospective homeowners should bear in mind their long range plans when shopping for a loan. Our society is more mobile than ever before. The average homeowner will own three or four homes in a lifetime. The advantage of a thirty year fixed rate loan, with a stable monthly payment, will do little good for the first time home buyer, if they plan to stay only two or three years.

Keep in mind that the incentive for an adjustable mortgage loan is a much lower rate, at least in the early years. Before automatically choosing a fixed rate mortgage, it should be noted that the customers who chose an adjustable loan in the last few years have all benefited. Also, with an initial lower payment, your home is more affordable.

If you should decide that an adjustable loan fits your need, some questions you should ask are, "What index is used to determine the rate?" and "Is there a short and long term ceiling?" PEERLESS uses the Federal Home Loan Bank's Cost of Funds Index. This is a very stable index as compared to the Treasury Bill Index with its volatile changes, both up and down. Your adjustable loan at PEERLESS can never change by more than 2% in any one year or by more than 5% for the life of the loan. These caps can protect you from any large increase.

With these facts in hand, weigh your long term plans and know that PEERLESS FEDERAL stands ready to serve.

## Area residents join M-G-M Realty

Four sales associates from the north side of Chicago and the North Shore have joined the sales staff of M-G-M Realty, Inc. Announcement of the new staff additions was made by Robert B. Green, president of the firm.

Jacob Schusterman is from the Rogers Park neighborhood of Chicago. Area salespersons are Ron Buchanan, Skokie; Jung Chung, Niles; and Patrick Coogan, Glenview.

Jung K. Chung was born in Korea, where he received his high school education and ob-

tained his degree in business administration from Korea University. He and his wife, Young Chung, are the parents of three children, and attend the Korean Presbyterian Church.

Chung pursues tennis and golf as his main hobbies.

M-G-M Realty is headquartered at 4023 W. Church st., in Skokie. The firm also maintains offices at 2704 W. Peterson in Chicago, 8845 N. Greenwood in Niles, and at 1410 Dundee in the Plaza Verde Shopping Center in Buffalo Grove.

## Wouldn't it be nice if somebody invented a FREE emergency room? Bethesda just did!

That's right—when you're treated at the Bethesda Hospital Emergency Room, any hour of the day or night, the use of the room is free!

Often, when a medical emergency strikes, your family physician wisely tells you to meet him at an emergency room. Listen to your doctor.

Now, if he tells you to meet him at the Emergency Room of Bethesda Hospital, we don't charge you for the use of the facility.

Naturally, there will be charges for any medication, X-rays, lab tests, etc., your physician may order for your treatment. But our Emergency Room facility is absolutely free—now through December.

Oh, and by the way—there's something else you ought to know.

If, after normal office hours, an emergency hits and you do not have your own physician and can't locate one, you can be treated by one of our highly qualified physicians, trained in emergency medicine, and the room will still be free of charge! Just a couple of more ways Bethesda Hospital is fighting to keep the cost of health care as low as possible.

When you need quality emergency health care, you need

When your family needs care, our family is here.

## Exercise and Weight Loss lecture

George R. Lesmes, Ph.D., will present a lecture, "Exercise and Weight Loss", 7 p.m. Tuesday, Sept. 10 in Swedish Covenant Hospital's Anderson Pavilion Auditorium, 2751 W. Winona.

Dr. Lesmes is Director of the Human Performance Laboratory at Northeastern Illinois University. The program is one in a series of educational programs about various aspects of fitness and weight loss to be presented by Swedish Covenant Hospital in September.

The lecture is free of charge and open to the public. For information, call 989-3812.

## Arthritis Action Group meeting

The Maine Township Arthritis Action Council will hold its meeting on Wednesday, Sept. 4 at 7:30 p.m. in the cafeteria, ground floor of the Nessel Health Center, 1775 Ballard rd., Park Ridge.

The council concept is designed to develop improved public understanding and to provide assistance to persons with arthritis, the nation's number one crippling disease. Refreshments will be served. Interested persons are invited to call Ms. Cathy Simon at 696-7650. No reservations are required.

crease from last year's 30. The school will also expand its computer program for the 1985-86 school year. "Last year computer instruction was geared to students from 4th through 8th grade. This year it will be kindergarten through 8th," he said. Doyle added the lower grades will receive computer instruction once a week and upper grades twice a week. "We want all students to be exposed to the state-of-the-art technology," he explained.

School opened Wednesday, Aug. 28 at Our Lady of Ransom School. According to Sister Barbara Ann, school principal, enrollment this year...535 students...was about the same as last year. Kin-

ergarten enrollment of 49 was also the same as last year. "We lost about 32 children during the year because of parents moving out of the neighborhood, but they were replaced with new families moving in," she said. "I feel we are pretty well stabilized."

The principal said the computer program will be expanded from pre-school level to primary grades this year. "Children in grades 5 through 8 will learn word processing, graphics and do their own programming," she said.

School started Wednesday, Aug. 28 at St. John Brebeuf School with an increase in enrollment to 598 student population compared to last year's 575.

SJB's principal Sister Rita Green attributed the increase to new families moving into Niles. "Additionally, we have a lot of transfers from the area because parents have heard of our good programs," she said.

Kindergarten registration remained at the 58 figure level," she said. "We had around that number last year. I feel enrollment is pretty well stabilized and will continue in that direction."

Sister Rita Green is also expanding computer programs from 1st through 8th grade. "They will learn how to do their own programming and we have added a volunteer to teacher staff to instruct computer techniques," she said.

Eugene Zalewski, superintendent of School District 71, said school opening is scheduled for Tuesday, Sept. 3.

Enrollment figures are projected to be 350, an increase from last year's 340. Kindergarten

population is projected to be 40, the same number as the 1984-85 school year. Zalewski also attributed the increase to new young families moving into Niles. "It's a big factor in determining the viability of enrollment from year to year," he said.

The school district is introducing a new After-School Care program this year geared to children 6 through 11 years of age. "A teacher will be in charge of the program. We felt there was a need to provide this type of care to children of working parents," he said. "It's a pilot program...and we will see if it works out."

Zalewski added the district started a computer lab last year and will probably expand the program in the future. "We are also restructuring the math and reading programs," he said.

High School District 207, which opens Wednesday, Aug. 27 has a projected enrollment of 6,765 compared to last year's enrollment of 7,086.

Bob Jacobson, director of special projects, attributed the decline to a population shift to small family members "across the country" and lack of single-family housing in the Maine township area. "The trend is to have small families because of economics or because both parents want to work," he said. "We are experiencing declining enrollment problems like other area high school districts."

He went on to say he anticipates a decline in enrollment for the next four or five years. "Then it will level off to the point where projected enrollment will be between 4,800 to 5,000," he said.

Joe Morris, administrative assistant for Dist. 207, said the district is adding new computer courses in the restructuring of curriculum, such as introduction to computer via key boarding, word processing and data base programs. "Students will have the opportunity to take a computer course whether they plan a career in that field or just to have some knowledge of computers. Computerization is becoming part of everyday life," he said.

Anthony also coordinated establishment of a new library branch at a detention center for which she received a National Association of Counties award.

The new Chief Librarian is also skilled in training professional staff and is well versed in com-

puterized library systems. The Skokie Library is completing automation of its circulation system.

Prior to 1978 Anthony was head of Information and Referral Services at the Enoch Pratt Free Library in Baltimore. It was there that she wrote the first of several successful library grant applications.

Anthony began her career at the Enoch Pratt Library following her graduation from the University of Rhode Island with a Master in Library Science degree in 1973. Hunter noted that the Enoch Pratt Library, one of the first free libraries in America, is a leader in the library field, with a national reputation as an innovator in services and programming.

It is not surprising with Anthony's background, Hunter said, that she is already making a name for herself in the library world.

Anthony is chairman of the distinguished Goals, Guidelines and Standards Committee of the American Library Association. She was active in the Maryland Library Association and served on the Maryland Plan Committee, State Division of Library Development and Services in 1982.

Anthony will join the Skokie Public Library family officially on September 19.

**Lawsuit...** Continued from Page 3 document concerning the suit.

Gradell said the rights of the china company to authentically use the Rockwell name are being threatened by the museum's misuse of that name. "We (Bradford Exchange) are not plaintiffs in the case. However, we would like to see that anyone who sells products under the Rockwell name operates under the same standards...to preserve artistic integrity," he said.

This is the second time the Norman Rockwell Museum has been involved in a suit concerning Rockwell reproductions.

A suit was filed in 1979 in the Cook County Circuit Court by the Norman Rockwell Society (Rhode Island) and the Edwin M. Knowles China Company against the museum, then based in Lincolnwood.

The suit involved four Rockwell figurines made by the museum, which allegedly confused consumers about the origin of the items. The case was subsequently settled out of court by the two parties.

According to the document, Circuit Judge Joseph Wosik entered an order...agreed to by both parties...that put restrictions on the museum's advertising and marketing materials linked to the sale of the subject figurines, or other figurines depicting works of art by Norman Rockwell over a certain period of years.

**County zoners...**

The only government entity which supported the project at the hearing was the North Maine Fire Protection District in unincorporated Maine Township, which expects to receive about \$140,000 per year on tax revenue if the project is approved.

The county zoning board of appeals is a recommending body only, with a final decision made by the Cook County Board of Commissioners sometime in September, according to a spokesman from the appeals board office.

**Skokie library...**

Library's reputation as one of the finest libraries in Illinois and the Midwest.

Hunter said that the Library Board had conducted the nationwide search for a new Chief Librarian itself and that Anthony was chosen following an interview of finalists at the recent American Library Association convention in Chicago.

"The Board was greatly impressed," she said, "by her background in library management, her ability to work with a large staff, and her reputation as an innovator. We see her as the person who can carry the Skokie Public Library from its present excellence into the future, in terms of growth and changes in technology."

Hunter added that Anthony is married. Her husband, William, is a teacher with a Ph.D. in German language and literature. She has two children, Margaret, 5, and Lauren, 2. The Anthonys are eager to become an integral part of the Skokie community.

Continuing her comments on Anthony's background, Hunter pointed out that Anthony reorganized and modernized information services in the Baltimore County Library system. Under her direction, services to readers in the department grew 40 percent over what it was in 1978 when she first joined the library as head of information services.

Anthony also coordinated establishment of a new library branch at a detention center for which she received a National Association of Counties award.

Incompatibility of the high rises with the surrounding area was also cited by Niles Mayor Nicholas Blase and other officials at the June public hearing conducted by the county appeals board.

**Avenue Bank TV winner**

Avenue Bank Northwest is proud to announce that the lucky winner of the 25" Color Television was Mrs. Eva Levin. The drawing was held in the lobby of the bank on June 1, 1985 at 12:00 noon. She is pictured here with Frederick D. Bernson, President of Avenue Bank Northwest. This culminated our three month Grand Opening Celebration and our promotion introducing the new Master Account - Everything You Ever Wanted From A Checking Account...And More! The Master Account is a new innovation in checking accounts and has been received with overwhelming success.

Mrs. Levin, a long time resident of Des Plaines, was most surprised at her luck in winning the television. Avenue Bank Northwest wishes her many happy hours of television viewing.

#### International book fair

Antiquarian book dealers are coming from as far away as England, Germany, and Canada. Over 60 dealers are packing up their rare books, manuscripts, and maps and traveling to Chicago for the bi-annual presentation of the Chicago International Antiquarian Book Fair at the Apparel Center/Expo-Center Complex, Friday, Saturday and Sunday, Sept. 27, 28 and 29.

Fair visitors may view and purchase more than 35,000 items, including rare, collectible and antiquarian books, modern first editions, illuminated manuscripts, literary artifacts, historical documents, autographs, maps, prints, and books printed by hand before the 15th century. Over 3,000 collectors, rare book librarians, dealers, investors and book lovers are expected to view the articles, with price tags ranging

from \$5 to \$100,000. In addition, the fair will include a trivia contest for free admission and a special presentation, "Buying Rare Books: An Informative Short Talk." Based on the Chicago Public Library brochure, "Prohibited Reading: 20 Novels," a complimentary directory of fair exhibitors with first edition copies of these banned books will also be available to all fair visitors.

Book Fair hours are: Friday, Sept. 27, 5-9 p.m.; Saturday, Sept. 28, 12-6 p.m.; Sunday, Sept. 29, 12-5 p.m.

The 1985 Book Fair, in the Apparel Center/Expo-Center Complex, 350 N. Orleans St., next to the Merchandise Mart, is open to the public. Admission prices are: Friday (Preview Night) - \$15 (good for all 3 days); Saturday - \$5; and Sunday - \$5.

## Family Festival for Misericordia

A Family Festival featuring food and entertainment for people of all ages, will be held Sunday, September 8, from 11 a.m. to 6:30 p.m., at Misericordia Heart of Mercy, 6300 N. Ridge at Devon, in Chicago.

This is the fifth year that a Festival has been held to raise funds for the Misericordia Homes which include Misericordia North, Misericordia South, the cerebral palsy unit, and the Heart of Mercy Village. The homes provide residence and programs for hundreds of mentally and physically disabled children and adults.

A wide choice of games and amusements for all ages are planned for the Fest, including Bingo, sports contests, puppet shows, face painting, and several raffles. There is also a scrimmage scheduled between the Loyola and De Paul basketball squads.

Live entertainment on the main stage will feature The Sun-downers with Joel Daly performing country and western. The Sons of Reilly's Daughters doing Irish ballads. The Jolly Corks dance band, and the Piranha Brothers rock and roll group.

The children's stage is also full of fun with the Boy Scout Troop No. 63 Drum and Bugle Corp from River Forest. Telepuppets '85 with Garfield, Goose and Friends, the McNulty Irish Dancers, and Brute and Friends who do mime and bicycling.

There will be seven different kinds of ethnic food to tantalize

the tastebuds including Irish, Chinese, Mexican, Italian, Polish, Greek, and American. A large beer garden will be provided to take care of that Sunday afternoon thirst.

For those interested in doing some shopping there will be a boutique, flea market, auction, hand-made crafts booth, and glass booth. Literally hundreds of items will be available for sale.

Tickets may be purchased in advance at discount prices up to the day before the Fest. The pre-

Fest family package for \$25 includes 2 adult tickets, 3 child-senior tickets, and a \$15 coupon for food-drink-flea market purchases. Gate cost for the package is \$31. The adult pre-Fest package for \$10 includes an adult ticket and a \$7 coupon. Gate cost is \$12. Other packages are also available.

## Copernicus dedicates "Solidarity Tower"

The Copernicus Foundation will formally dedicate the "Solidarity Tower," the only monument of its kind in the Western World dedicated to Poland's "Solidarity" Labor Movement on Aug. 29.

The dedication will be held at 8 p.m. at the Copernicus Cultural & Civic Center (5216 W. Lawrence, Chicago). The unique tower is a 70% exact replica of the famous

clock tower atop the King's Palace (Zamek Krolewski) in Warsaw, Poland.

The tower, visible even from the Kennedy expwy., will be the largest structure on the city's northwest side. Its dedication will basically complete the exterior modifications of the old Gateway Theater building, recycling this fine old building into a replica of the Royal Polish Palace.

Keynote speaker for the dedication will be Aloysius A. Mazewski, National President of the Polish National Alliance and National President of the Polish American Congress. Numerous public officials will also be in attendance.

The tower dedication will kick-off the Foundation's 6th annual "Taste of Polonia." The 5 day Polish American festival continues through Monday (Labor Day), Sept. 2.

## MYSO auditions

The Metropolitan Youth Symphony Orchestra will hold its annual auditions Sunday, Sept. 8, at a downtown Chicago location.

The orchestra, now starting its twenty-seventh season, is directed by Daniel Sommerville, a faculty member of Northwestern University School of Music and musical director of the Westminster Chamber Orchestra of Deerfield, and consists of about 80 members from Chicago and nearby suburbs.

Rehearsals are held on Sundays, from September through May in a downtown Chicago location. The orchestra performs four concerts each season throughout the metropolitan Chicago area with the final concert of the season given at Orchestra Hall.

Advanced instrumentalists of college and high school age wishing to join the orchestra are invited to apply for audition by calling the director at 299-2738 or writing to Metropolitan Youth Symphony Orchestra, 1258 Brown St., Des Plaines 60016. Openings exist in all sections.

### Milwaukee av. multiples... Cont'd from Niles-E. Maine P.1

objections from residents living near the site.

Following a presentation by developer David Hovey regarding site plans, Trustee Peter Pesole pointed out the height of the former six-story building adjacent to the residential area had not been reduced to four stories as submitted in a revised plan to zoning commissioners.

"The building is five stories high and the adjacent building (set in an L-shape design) is four stories high. Both structures should be four stories," he said.

Residents in the audience cheered, with one homeowner saying developers had agreed to build a four-story on the north side of the property near the residential area at the zoning board meeting.

Mrs. P. Ventrello, 6740 Forest View Lane, said that Przybylo had "worked hard for his money" and expected a fair return on his investment. "So have we...in order to buy a house in a nice neighborhood. We don't want to look out at a big brick wall," she said.

a report receive a matching grant from the federal government. An application for the current cycle of grant funds must be made by December.

At this time, the District has received about \$25,000 in matching funds toward energy conservation but additional funds are necessary for more energy conservation measures.

Board members also determined life-safety funds may be used toward energy conservation measures which are reimbursed through the Federal government.

In a summary of the District's summer school program, Dr. Lenore Page reported 192 students attended the program including 25 from out-of-district schools and 3 students visiting America during the summer. Dr. Page is assistant superintendent of curriculum and instruction.

Also regarding summer school, a board member inquired if recent legislation passed in Springfield, Senate Bill 730, would allow districts to mandate summer school and, if so, would some tuition costs be reimbursed by the State.

The legislation states that students more than one year behind in grade skills should not be promoted. Tutorial programs may be needed.

Dr. Donald Bond, Superintendent of Schools, said districts are not sure about application of the legislation at this time.

Also, board members learned of the district being awarded a plaque by Maine Township in recognition of their cooperation in programs for community service.

Lawrence Rowe, Public Affairs Specialist for the Chicago District Office of Immigration and Naturalization Service told The Bugle his department was "very impressed with the cooperation and professionalism exhibited in the handling of this matter by the village personnel and police department." He added, "Other municipalities could take a page out of Niles book when it comes to handling problems of this sort."

Menard and the Edens Expressway. A 12 inch water main on Lee st. between Menard and the expressway will also be installed.

...a resolution authorizing a \$34,500 contract to Lo Verde to install a 42 inch concrete storm sewer pipe crossing Sherman rd., just south of Enfield ave.

...a resolution approving the purchase of 2 Schmitt snow plows, at a total cost of \$16,878.

...an ordinance amending the village's liquor control ordinance. Arft called the changes "small", adding the revisions were intended to conform to current state statutes and would not impact upon local business operations. Among the changes were an increase in liquor license fees, which Arft said had not been raised in 15 years.

Lastly, Village Attorney Marty Ashman reported he had filed suit against the owners of the Lord Byron Restaurant on Lincoln ave., which has been closed since a fire gutted the structure last year. The suit asks that the building be torn down, because it is a hazard, or rebuilt and brought up to safety standards ensured by village building codes.

it was indemnified by the park district.

From the park district notebook...

-Phone calls have been coming in to the park district regarding the lights on its tennis courts. It seems the coin-operated timers are making a lot of noise which is irritating nearby neighbors. The board feels the solution would be to eliminate the timers and have park district police officers turn the lights on and off at night. It is estimated the timers only pull in \$150 during the tennis season.

-Park District Chairman Dave Huber asked the board to do some brainstorming and come up with 5-10 year goals and objectives for its Thursday, Sept. 22 meeting. Huber would like to hear the board's ideas on revenue producing and capital investments.

The board said the Herrer Park water slide has produced \$10,534, short of the projected \$14,000. "It has been a nice summer, but it has been one more for golf and tennis," said Huber. "It hasn't been humid enough for the water slide." Though the park district was hoping the slide would attract an older crowd, it unofficially noted that children from grades five through eight are the most frequent users of the water slide.

Trustees passed a resolution establishing fees for Industrial Revenue Bonds and establishing fees for Mortgage Revenue Bonds.

According to the village's financial advisor Donald Eslick, the village had originally established a flat \$5,000 application fee for such bonds. The change means the village will now receive 1 percent of the principal amount of bonds issued. The developer also pays the village attorney (Richard Troy) and Eslick 1 percent up to \$1 million plus a half percent of the amount between \$1 million and \$5 million plus one-quarter percent above \$5 million...subject to a maximum of \$35,000 to the village attorney and \$30,000 to Eslick.

In further actions, petitioner Carmelo Bloconeri received approval for a variation in zoning of lot size from 60 feet to 30 feet in an existing lot of record at 6730 Albion St.

presented a plaque to Polly Goodrich who is retiring from the village's finance department after 13 years of service.

Blase said the village appreciated her dedicated service to the department and she would be missed by fellow employees.

The top ten winners of the recent Beautification Contest were awarded \$10 in a brief ceremony presided by Peter Pesole, chairman of the village contest, Mrs. Gloria Heramb, chairman of the Landscape Design Critics Committee, and member of the Garden Club of Illinois was also recognized for judging the contest.

The winners who received the cash awards were: Mrs. Lucy Baczynski, 6851 Concord Ln., Mr. and Mrs. Adam Grzyb, 6852 Jonquil Terr., Mrs. C. Prozor, 8256 N. Osceola, C.
