HAPPY NEW YEAR 5746-1985

## District 63 approves bond sale and salaries

by Eileen Hirschfeld  
Board members of East Maine School District 63 approved both a \$14,000,000 bond sale and new salaries for District personnel. Action took place Sept. 10 in the Educational Services Center, 10150 Dec Rd., Des Plaines. The bond sale was made that afternoon.

Total amount of the Triple A bond sale was \$14,655,000 and is designated for funding of three areas: Life Safety fund, \$5,920,000; Working Cash fund, \$3,125,000; and refunding, \$5,610,000.

A tax levy will be issued from 1985-1999 to pay interest on the bonds.

Under a new three-year contract, teachers will be receiving almost a 28 per cent increase with an increase of 9.75 per cent the first year and 9 per cent both the second and third years.

Under a new salary schedule. Continued on Page 24

## Doerner says shopping center will house former GM tenants

# Zoners ok new shopping center on Milwaukee

by Sylvia Dalrymple  
A request for a variation on parking requirements to reduce the amount of required parking spaces at 9201 Milwaukee Avenue for a proposed retail center was approved Monday by the Niles Zoning Board.

Property owner Michael Doerner, also owner of Doerner Jewelers in the Golf Mill Shopping Center, said approval of 52 parking spaces in lieu of the required 65 spaces would allow construction of a 5,000 square foot building for a proposed retail development.

The two-story building on the property, which is being used as an apartment facility, contains 7100 square feet of floor space. The adjacent vacant building has

## From the Left Hand

by Bud Besser  
In 1971 attendance in the District 63 schools was 7,340. At this year's September opening there were 2,882 students. Of the original schools in the district four have been closed, two have been sold and four elementary schools and one junior high school are still active.

A breakdown of attendance in eight grades and special education classes is as follows:

Grades	Sep '84	Sep '85
K	306	275
1	249	342
2	295	253
3	278	303
4	286	291
5	292	302
6	307	285
7	332	316
8	380	340
Sp. Ed.	189	175
	2,914	2,882

Perhaps the most significant figures to observe are comparative totals in the first grade and in the sixth, seventh and eighth grades.

In first grade there has been a remarkable increase in students. The 93 student increase is a 37% rise from the previous year. If this figure should continue it would likely require the re-opening of one of the shuttered schools. It could portend the emergence of younger families in the area which has been a major concern of village officials.

## Niles Township School boards seek applicants

The combined school boards in Niles Township are seeking applicants to serve on a North Cook Region committee which will be charged with drafting a plan for an effective and orderly reorganization of the existing school district. The committee will respond to mandates contained in the recent educational reform legislation.

## Police seek info on hit and run fatality

Niles police are currently seeking information on a hit and run fatality which occurred last Thursday, Sept. 5. The incident took place in the 7100 block of Milwaukee at 7:50 p.m. and resulted in the death of 82-year-old Veronica M. Traub, a resident of St. Andrew's Home for the Aged, 7000 N. Newark.

Witnesses told the police a light colored vehicle, possibly a General Motors product, hit the woman and continued northbound on Milwaukee Avenue without stopping.

Niles police are seeking other persons who may have witnessed the accident and may possibly have details as to the license number and/or occupant description.

Anyone with information may call the Investigation Division of the Niles Police Department at 647-2131.

## OCC hosts Older Adults Job Fair

Oakton Community College has been selected by Operation Able, an organization that creates employment opportunities for older adults, as the site for an Oct. 3 job fair.

The free job fair, scheduled from 9 a.m. to 1 p.m., at OCC/Des Plaines, 1600 E. Golf Rd., will offer job seekers age 50 and over the opportunity to discuss job possibilities with local businessmen and representatives from community organizations.

Participants will also have the opportunity to learn the skills needed to get a job in today's competitive market.

The purpose of the fair is to promote employment among older adults who presently are out of work and looking for jobs; those who are interested in returning to work; and those who are employed but are interested in making a job change, according to an Operation Able spokesman.

Free workshops will be conducted by experts who will provide instruction in planning the job search, handling the age question, and preparing for a job interview. In addition, there will be discussion on how the budget-minded older worker should dress effectively for the work place of the 80's.

A special attraction will be a performance by Oakton's Acting Up! Improvisational theater troupe from 12 noon to 1 p.m.

Last year, the 304 employers and organizations participated in Operation Able job fairs were contacted by more than 1,600 job seekers.

For further information about the fair, call 635-1812.

## Driver's license refresher course

A free refresher course on the Illinois Rules of the Road will be offered by The Center of Concern from 9-11:30 a.m. on Sept. 16 and 23. Individuals participating should plan to attend both sessions.

To sign up for the course, stop in at the office, in Suite 4 of the 1580 N. Northwest Hwy. building or call 823-0453.

Classes will be held in the lower level Conference room of the 1550 N. Northwest Hwy. building in Park Ridge. Some of the other services provided by The Center of Concern include an Employment Program, Friendly Visitors, Senior Companions, Legal, Personal, Medicare and Financial Counseling, Hearing Loss Counseling, Information and Referral and Volunteer opportunities galore.

## Talman holds blood pressure tests

Your good health is your most valuable asset. Protect it by having your blood pressure checked. The Talman Home Federal Savings Skokie branch at 10000 Skokie Blvd. on Friday, Sept. 6 from 9 a.m. to 12 noon.

Harry Veren, Manager of the Skokie branch, stated, "More than half of those who have blood pressure problems are not aware of them, and in most cases there are no recognizable symptoms. I urge all adults to take advantage of this free test."

## Family Counseling group

Family Counseling Service of Evanston and Skokie Valley presents Sue Ofner, A.C.S.W., and a panel of teenagers who will discuss and enact The Stress on Adolescence on Wednesday, Sept. 18, 7:30-9 at the Morton Grove Library, 6140 Lincoln Ave.

Sue Ofner, who has been working with teenagers for the past ten years, will discuss a number of stresses experienced by teenagers and their families. With her will be four teenagers, Josh Brustin, Peter C., a recovering teenage alcoholic, Debbie Minsky and Deena Weikelbaum. The teens will enact typical situations and will also be available to answer your questions. Families and teenagers are welcome.

## Zoners approve reduction in parking stall sizes

Armed with statistics from independent engineering studies, Joe Salerno, director of code enforcement, asked the Niles zoning board Monday to consider changing the size of parking spaces to allow more use of land for future developments in the village.

The board unanimously approved changing the village required 9 1/2 by 20 foot parking stalls to 8'3" size for long term parking...three hours or more... designated for manufacturing and residential property; and 8'7" for short term parking (less than three hours) for commercial areas.

Salerno said the current parking space requirements were excessive. "Studies show that for the past 10 years cars are getting smaller with 50 percent of autos on the road today being compact cars," he said, adding developers have been complaining the village requirement serves no useful purpose and is

"confiscation of land. They want more parking spaces available."

The board expressed concern that shopping centers would be required to re-striping to gain more parking spaces if the measure was approved.

"This could hurt us, since we see many large cars in shopping centers," Commissioner Angelo Troiani said.

Salerno said shopping centers have been re-striping to smaller parking spaces "all along" during parking lot renovations. "That includes Golf Mill shopping center which now has tighter spaces. There is nothing the village can do about that because property owners argue it is compatible with new engineering studies regarding proper parking stall size."

Following a board discussion on the potential manufacturing of compact cars in the near future with large cars becoming obsolete, the board approved

## Careless smoking causes \$25,000 fire at T.J. Maxx

A fire broke out Thursday, Sept. 5 in the children's apparel section of T.J. Maxx store at 7250 Dempster st., causing approximately \$25,000 damage, according to a spokesman from the Morton Grove Fire Department.

The call came at 2:45 p.m. and firefighters were on the scene within minutes. The fire was caused by careless use of smoking materials, the spokesman said.

The blaze was contained in a small area in which 20-foot racks of children's clothing were burned. The fire was extinguished in several minutes by one sprinkler head. "The store suffered smoke and water damage and firemen were on the scene for several hours to clean

up operations," the spokesman said.

A store employee who asked not to be identified said that prior to the fire, a fellow worker reported to security personnel that a female customer in that area refused to put out a cigarette when warned about the "no smoking" signs in the store.

The employee said the fire started about five minutes later and a call was made to the Morton Grove fire department. Quick action by an employee in the use of a fire extinguisher prevented the blaze from spreading, the employee said, adding the store was evacuated with "no panic". The store re-opened for business at 7 p.m.

## Niles Events Committee plans auction

It's almost time to come out and bid on your favorite item at the Niles Events annual auction! The auction will be held at the Niles Recreation Center on October 12. The committee is now in the process of collecting the items to be auctioned. We need your help! If you would like to donate an item(s), please contact Sandie Friedman at 967-9849, or Bernadine Reid at 966-3235.

The winners of the cash raffle held at the Niles Days Carnival this past July were: \$500 - Jerome Ziomek, \$250 - K. Mostowski, and \$100 each went to - Robert Gabor, D. Bowerman, Emelie Semmerling, M. Gilton, Adrienne Coles, W. Goslin, R.E. Tufts, Frances Schroder, Lois M. Ritchey, and Carol Bryant. A big thank you to all who participated

in the raffle and enjoyed some fun at the carnival.

The flea market held this past weekend, August 31 and September 1, at the Culver School in Niles was very successful. Saturday was well attended by both buyers and sellers. Thank you to Swap-O-Rama and especially to Jim Pierski for running the event in an organized professional manner. Thank you to the officials of the Culver School for allowing us to hold this event on their property. Thank you to the Niles Park District for the use of picnic tables and banquet tables which we needed to use for the operation of the Niles Events concession stand. It was very successful because of many people's effort and cooperation.

## Court rules no vote for Countryside and Westfield

# Two areas dropped from library annexation vote

by Sylvia Dalrymple

### Voter registration at town hall

Maine Township Clerk Stephen J. Stolton is reminding residents that they have less than a month to register to vote in the Nov. 5 nonpartisan election.

The nonpartisan election will include ballots for local school district board members, Oakton Community College trustees, North Maine Fire Protection District, Regional Board of School Trustees and Cook County Trustees of Schools.

Barth made his rulings on the issue during a certification of the referendum to election officials. Present at the hearing were attorneys from the Niles library district and the Glenview Public Library.

Registrants must be 18 or older, United States citizens and residents at their current address for 30 days. Voters who have moved or changed their names must re-register in order to be eligible to vote Nov. 5.

Two forms of identification must be presented at the time of registration, one of which lists the person's name and current address.

For further information, call the Maine Township clerk's office at 297-2510.

Although residents of Countryside and Westfield and the Glenview library claimed a victory regarding the ruling, both areas could face a referendum on the annexation question in the March election (primaries).

Glen Neuman, attorney for the Niles library board, said he "foresees no problem," in placing the other two parcels on the March ballot. "The law limits three referendum questions on a ballot...not five," he said. "The judge will rule on the referendum question on the two parcels in mid-November. We feel the court will favor the Niles library district and that the referendum question will be certified."

In efforts to have all five areas placed on the Nov. 5 referendum, Neuman had asked the court to consolidate the first three referendum areas into one. The judge denied the motion, Neuman said.

In court arguments, Roth said that consolidating the three areas into one would be gerrymandering, pointing out negative votes would be diluted. "If one of the three areas had a large population and voted in favor of annexation, the other two casting possible negative votes would lose the ballgame," Roth said Monday.

Harry Pestine, president of the Niles library board, said the referendum gives residents

**IT'S NEVER TOO LATE TO STOP**  
"I've smoked two packs of cigarettes a day for 40 years - what's the use of quitting now?" At any age there are many reasons to stop smoking. Some of the benefits for older people include: reduced risk of cancer and lung disease; healthier heart and lungs; improved blood circulation; and better health for nonsmoking family members, particularly children. "Smoking doesn't just cut a few years off the end of each smoker's life, it prematurely kills and seriously disables hundreds of thousands. When a person stops smoking, the benefits to the heart and circulatory system begin right away. The risk of heart attack, stroke, and other circulatory diseases drops. Circulation of blood to the hands and feet improves. Although quitting smoking won't reverse chronic lung damage, it may slow the disease and help retain existing lung function. Smokers have a higher risk than nonsmokers of getting influenza, pneumonia, and colds.

**CAR & HOME REPAIRS CLASS**

# New State holiday honors Polish patriot

House Majority Whip Ralph C. Capparelli (r), of the 13th District, confers with Aloysius Mazewski, president of the Polish National Alliance, following the signing of legislation designating the first Monday of March of each year as a state holiday in honor of Casimir Pulaski. The day will be first celebrated on March 3, 1986, and will be observed by state banks and public schools.

Capparelli was a co-sponsor of the legislation which was signed into law recently by Gov. James Thompson, and was instrumental in marshalling support for its passage in the Illinois House.

## Financial counseling offered by Re-Entry Center

Instant poverty is one of the most insidious by-products of divorce. There is no question that trying to support two households with the same income is a frustrating if not impossible task. For many women the problem is further complicated by the fact that they have never borne the burden of financial responsibility totally on their own. Taxes, mortgages, investments are only remotely familiar areas.

In response to this need the Re-Entry Center will be providing financial counseling services to divorced or separated men and women. Our first workshop on money management will be held on Wednesday, Sept. 25 beginning promptly at 8 p.m. The location is 1017 Central Ave. in Wilmette. The cost is \$5 advance registration and \$7.50 at the door. The speaker will be Ms. Renate Gruber, Vice President of Manufacturers-Hanover Securities Corp.

The Re-Entry Center is a not-for-profit agency designed to aid those in the midst of the painful process of divorce or separation. In addition to financial counseling, the Re-Entry Center offers Support Groups, and individual or family counseling. For more information or to register, call Mike Rosenzweig, Ph.D. at 251-8320, evenings.

## A volunteer equipment loan program

The Felician Sisters will soon be celebrating the 25th Anniversary of their Infirmary in a rather novel way. As one of the features, they are announcing the need for healthcare equipment (wheelchairs, hospital beds, crutches, canes, walkers) which would assist in initiating a new benefit program for the Senior Citizens. This Program is a new self-help equipment loan program. The Felician Sisters hope to be ready to open the program to the public by January '86 - the twenty-fifth anniversary year of the Infirmary. They will store donated medical and healthcare equipment in one central storeroom, making it easily accessible to others who may need it. Using a lending library concept, any Senior Citizen in need of available equipment, may request the same. The variety of items that can be unreturned from people's attics, closets, cellars and garages, just for the asking, is enormous and can really be put to use, benefiting others in need. Think about this, and then just look around in your home to see what you might help one of our neighbors. Noting that Medicare now limits the amount it will reimburse the Senior Citizen for medical equipment, such a program can provide a viable option for those who usually cannot afford to buy expensive and infrequently needed healthcare items, such as wheelchairs, while rehabilitating from a hip operation or the like. Donors are invited to deliver their equipment to the Infirmary at 3800 Peterson ave., from 10 a.m. to 5 p.m. daily. Advisable, is a telephone contact: 463-9884.

## Alcoholism play at St. Zachary Church

Depart of Religion, the Pavilion Players have presented over 200 performances before more than 50,000 people. Lady On The Rocks was written by Elizabeth Blake for Plays for Living, a division of the Family Service Association of America. Originally commissioned by the National Council on Alcoholism, the play dramatically tells the story of a family's painful recognition of a mother's alcoholism and how it affects her, her baffled husband and her teenage son. The presentation is sponsored by The Reach Ministry of St. Zachary Church and Friendship Junior High School in cooperation with the Alcoholism Treatment Center at Alexian Brothers Medical Center, Elk Grove Village. Following the performance, counselors from Alexian Brothers' Alcoholism Treatment Center will be available to answer question and discuss individual problems. The public is invited to attend.

# LETTERS TO THE EDITOR

## Taxpayers can contest property assessments

Dear Editor: Although there's no avoiding paying property taxes, Cook County homeowners can contest their property tax assessments if they believe they are inaccurate or unfair. Without having to hire an attorney, homeowners can fight inaccurate assessments before the Cook County Board of Tax Appeals. The Board of Appeals is the agency which oversees the entire \$20 billion property tax system in Cook County, and hears taxpayer complaints about unfair assessments. In the past three years, the Board has heard more than 100,000 taxpayer requests for reductions. Nearly half of the homeowners who represented themselves presented enough evidence to win some assessment relief from the Board. There are three ways homeowners can successfully challenge their property assessments:

- 1) If the Assessor over-values the fair market value of a home.
- 2) If the assessment contains a mathematical mistake or major factual error in the description of a home; or
- 3) If the assessment is higher than those of comparable homes in the same neighborhood.

To pre-register a complaint and receive a free brochure on how to appeal property tax assessments, homeowners can call the Board of Appeals at 443-5542. A print-out of the Assessor's computer description of a home will also be sent to callers upon request.

## Rabbi Charney issues proclamation

Rabbi Lawrence Charney (l) of Morton Grove, spiritual leader of Northwest Suburban Jewish Congregation of Morton Grove, and President of the Chicago Board of Rabbis, issues a proclamation endorsing the 1985 Israel Bond High Holy Day Appeals on Yom Kippur with Howard G. Kaplan, former President of Northwest Suburban Jewish Congregation and Chairman of the Chicago area Israel Bond Board of Governors.

The proclamation says that during the High Holy Day season, "We resolve to reaffirm our bond with Israel, emotionally and materially, and call on our community to commit itself to help Israel out of its crisis, which is our crisis, through a total response in each of our congregations during the 5746/1985 Israel Bond High Holy Day Appeals.

**Niles Community Church**

## Israel Bond High Holy Day Appeals

Eight Niles Township synagogues will participate in the 5746/1985 High Holy Day Appeals on behalf of State of Israel Bonds, culminating on Yom Kippur, Wednesday, Sept. 25.

This year's Bond appeals come at a time of particular economic crisis for Israel, according to Max A. Abrams of Peterson Park, Chairman of the Israel Bond Synagogues and Temples Division.

"Israel has taken Draconian measures to stem its inflation, due mainly to the enormous cost of defense and it is in desperate need of the investment funds brought in by the sale of Israel Bonds, which are used to purchase mainly non-military American made goods for economic development," said Abrams.

The Chicago Board of Rabbis and President Rabbi Lawrence Charney, spiritual leader of Northwest Suburban Jewish Congregation, has issued a proclamation fully endorsing the appeals for Bonds.

In its proclamation, the Board of Rabbis says, "Israel's well being is in jeopardy and therefore our well being as Jews is also jeopardized."

Congregations participating in this year's appeals will receive a specially designed enlarged Hebrew and English copy of the prayer for the welfare of Israel which is recited every Sabbath and on holidays in most synagogues. The prayer is enclosed in a gold stamped leatherette folder. The center panel features a large handsome inscription of the Hebrew prayer and the translation into English flanked by two decorative side panels with an Israeli motif.

Those Niles Township congregations, their Rabbis and Presidents are: B'nai Emunah of Skokie, Rabbi Harold L. Stern and President Frank Scher; Koi Emeth of Skokie, Rabbi Bernard Mussman and President Arnold April; Lincolnwood Jewish, Rabbi Joel Lehrfeld and President Dr. William Alperin; Northwest Suburban Jewish of Morton Grove, Rabbi Lawrence Charney and President Franklin Horwitz; Or Torah of Skokie, President Alan Zahit; Skokie Central Traditional of Skokie, Rabbi Lawrence Montrose and President Melvin Simon; Skokie Valley Traditional of Skokie, Rabbi Louis Tuchman and President Frank Pirsch; Sons of Joshua of Morton Grove, Rev. Dale Lind.

## High Holiday services

The Bet Ha Kehillah Synagogue at Lieberman Geriatric Health Centre, 9700 Gross Point Rd. invites the public to attend the following High Holiday services: Rosh Hashanah Eve, 6:15 p.m. on Sunday, Sept. 15; Morning and Evening Services at 9 a.m. and 4 p.m. respectively; Morning and Evening Services at 9 a.m. and 4 p.m. on Tuesday, Oct. 1; Hoshanah Rabbah at 6:15 p.m. on Sunday, Oct. 6; Morning and Evening Services at 9 a.m. and 4 p.m. on Monday, Oct. 7; Shemini Atzeret at 9 a.m. and Vaykor Services at 4 p.m. on Tuesday, Oct. 8.

The Bet Ha Kehillah Synagogue is located on the first floor, adjacent to the entrance and main lobby of the building. Rabbi Nathan Gordon, Chaplain, Council for Jewish Elders, will be leading the services. For further information contact Dorothy Gaertner, Lieberman Centre, 674-7210.

## Dudycz plans briefing for businessmen

Senator Walter Dudycz (R-7) will conduct a special briefing for business people in his district at a dutch treat breakfast at Hecks Banquet Hall, 5131 N. Milwaukee Ave., Chicago on Thursday, September 12 at 8 a.m.

Dudycz will report on business legislation passed in the recent session of the General Assembly.

Harold B. Smith, Jr., Chairman Executive Committee, Illinois Tool Works Inc. and Paul Armstrong, Vice President, Armstrong Brothers Tool Company, are joining Senator Dudycz in hosting the breakfast meeting.

Reservations are \$6 and may be made through Senator Dudycz's office at 777-9077.

## New Ethics Center opened in Park Ridge

A new institute, The Park Ridge Center, will open on September 18 to study the interrelationship of health, faith, and ethics. An open house is scheduled from 3 to 5 p.m. Wednesday, Sept. 18, at the center which is located at 1875 Dempster, Park Ridge.

"The Park Ridge Center is unique," explains Martin E. Marty, Fairfax M. Cone Distinguished Service Professor from the University of Chicago. Dr. Marty has been appointed president of The Park Ridge Center. "Other facilities have studied health and ethics from a number of aspects, but ours will be the first to focus on how faith impacts medical-ethical dilemmas."

The new ecumenical, interdenominational institute has received its initial funding from the Lutheran Institute of Human Ecology, an affiliate of the Lutheran General Health Care System, Park Ridge.

The Park Ridge Center is a natural outgrowth of much of the work that has been started with the Lutheran General Health Care System," states George B. Caldwell, president, Lutheran General Health Care System.

The primary focus of the center will be research and study. Its goals include publishing results of the research projects undertaken, influencing the training of professionals who work in the health-care environment, and attracting scholarly researchers from around the world.

"The time is right for this kind of institute," adds Glig W. Davidson, chairman of the Department of Medical Humanities at Southern Illinois University School of Medicine in Springfield. Mr. Davidson is the Park Ridge Center's first chairman of the board.

"For too long, our technical prowess and medical expertise have far outstripped our ability to comprehend the decisions placed before us. The Park Ridge Center will give us a forum to find a more comprehensive and humane perspective.

## Rabbis to give three views of sin

An interdenominational examination of the sins of American Jewry will be presented at 8 p.m. on Wednesday, Sept. 18, at the Bernard Horwich/Mayer Kaplan Jewish Community Center (JCC), 3003 W. Touhy ave., Chicago.

Rabbis Tsvi Blanchard, Ida Crown Jewish Academy principal, Chicago; David Lincoln, Beth Hillel, Wilmette; and Arnold Wolf, K.A.M. Isaiah Israel, Hyde Park, will answer the questions, "What are the Sins of American Jewry? How can they be repented?"

The rabbis will represent views of orthodox, conservative and reformed Judaism, respectively.

The triologue is planned to coincide with the Jewish High Holy Day period. Sept. 18 is the first of the Ten Days of Awe, the period between the High Holy Days, designated as a time of introspection.

The forum is open to the public. Admission is free for JCC members, \$3 for non-members.

For further information contact Rabbi Yehiel Pumpkor or Cynthia Berland, 761-9100.

## Ladies Theology of Park Ridge programs

"Change - Crisis or Challenge" is the theme of the 1985 Fall program for Ladies Theology of Park Ridge. This series of six Wednesday morning sessions will meet from 9:15 to 11:15 a.m. at St. Luke's Lutheran Church, Prospect and Cedar sts. in Park Ridge. Adults from all faiths are welcome to participate.

To experience theology in operation plan to attend on the following dates and hear these speakers:

**September 25**  
Rev. John Shea, Theologian and Author, St. Mary of the Lake Seminary, Mundelein, will discuss "Faith and Fascination". Throughout our life we meet people who, through their stance on life, fascinate us. This is true also of people we meet through scripture. Our faith seems to be bound to these people who fascinate us.

**October 9**  
Rev. Martin Winters, Assoc. Prof. of History at Niles College of Loyola University and T.V. host of "Garnut", will speak on "Dissent in the Church - Normal and Necessary, but Difficult to Handle", showing that dissent has been part of the fabric of the Church from Apostolic times.

**October 23**  
Rev. John Pollard, Director of the Center for Church/State Studies at the College of Law, DePaul University, will present "A Perspective on the Proper Relationship of Religion and Politics" seeking to examine briefly the constitutional separation of Church and state.

**October 30**  
Carole St. Clair, a pastoral psychotherapist at the Kyrios Center in Roselle will discuss "Recognizing Him in Our Midst". The Apostle Thomas recognized the Lord in the act of touching His wounds. One of the ways we come to know the Lord is by placing our hands in His wounds. Where are these wounds in our society today?

**November 13**  
Jack Raba, M.D., Medical Director of Cermak Health Services, Chicago, will discuss "The Experience of Powerlessness" sharing the unique ministry he performs among the disadvantaged of Chicago.

Registration will be accepted through September 9. To attend all sessions persons should send their name, address, phone number and check for \$18 to Dorothy Spellman, 1813 S. Cumberland, Park Ridge 60068. Those wishing to use the babysitting service should include the names and ages (2 years and older) of their children as well. For more information about the program, call 823-8767. The single session fee is \$4.

## New post at Berland at JCC

West Rogers Park resident Cynthia Berland has been named education/Judaica coordinator for the Bernard Horwich/Mayer Kaplan Jewish Community Centers (JCC), according to an announcement by Jay Levenberg, interim executive director of the centers.

As education/Judaica coordinator, Berland is responsible for all classes for adults and mature adults at the centers' sites, 3003 W. Touhy in Chicago and 3050 W. Church, Skokie. As part of this effort, six new classes and two special forums are planned for the fall and winter quarters.

The new classes are fund-raising for non-profit organizations, Jewish cooking for the holidays, Kosher wine tasting, ballroom dancing, workshop with the Lyric Opera, and play-reading. Forum subjects are medical ethics and High Holidays.

Berland, who served the Bernard Horwich JCC as president from 1980 until 1982, brings a rich background of volunteerism in the Jewish and general communities. Levenberg said.

### Oak Mill to host Identi-Child program

If a picture is worth a thousand words, perhaps a good picture of a missing child is worth a thousand pages of description. When newspapers publish their sad rolls of missing children, often the pictures, the only clue to the likeness of a missing child, are dark fuzzy or out of focus.

The growing awareness of the problem of missing children has inspired the Oak Mill Mall Merchants' Association to sponsor the Identi-Child program, presenting parents with an identification tool to use if their children become missing. The event will take place on Saturday, Sept. 14 at the Oak Mill Mall, Milwaukee and Oakton in Niles, between the hours of 12 noon until 3 p.m.

Instant Photo Corporation of America will bring its cameras to the shopping mall, where parents can have their children (from infants to teens) photographed and fingerprinted. The Niles Police Department, working in conjunction with

**American Sampler**

The Indians taught the early settlers of Jamestown and Plymouth how to plant and cultivate corn. A favorite way of using the corn was for fresh corn pudding. In the recipe here the pudding is thickened with corn starch, and has been tested with fresh, frozen and canned corn.

**American Corn Pudding**

4 to 6 ears (about) fresh corn on cob, husked	1/4 teaspoon pepper
2 tablespoons Argo corn starch	3 cups milk
1 tablespoon sugar	1 cup light cream
1 teaspoon salt	4 eggs
	1 tablespoon corn oil
	margarine, melted

Grease 11 3/4 x 7 1/2 x 2-inch baking dish. Using a sharp knife, cut corn kernels from cobs. Measure 2 1/2 cups. In large bowl, stir together corn starch, sugar, salt and pepper. Gradually stir in milk and cream until smooth. Beat in eggs until well blended. Stir in corn and margarine until well mixed. Pour into prepared dish. Place in large shallow roasting pan. Pour enough hot water into pan to come up as high as corn mixture. Bake in 350° F oven 50 to 60 minutes or until knife inserted in center comes out clean. Makes 6 to 8 servings.

Note: 2 1/2 cups drained canned whole kernel corn or thawed frozen corn kernels may be substituted for fresh corn kernels.

### GOP Women hear Alcoholism Council director

Robert McGann, M.A., S.C.A.C., executive director of Maine Township Council on Alcoholism, will discuss the disease and its treatment at the opening meeting of Maine Township Republican Women's Club's new season on Tuesday, Sept. 17. The public is invited to the gathering for dessert and coffee beginning at 7:30 p.m. in Maine Town Hall, 1700 Ballard Rd., Park Ridge.

Following McGann's talk, members of the Maine GOP will hold a brief business meeting, during which plans will be discussed for the group's Fall Luncheon on Sunday, Oct. 27 at Casa Royale in Des Plaines. Guest speaker for this event will be Hon. John E. Porter (R), Congressman of the Tenth District, who represents a portion of Maine Township in Washington, D.C.

Tickets to the Oct. 27 luncheon are \$12 and may be ordered thru the club treasurer, Mrs. Lillian Wright, 9428 Bay Colony Dr., Apt. 35, Des Plaines 60016. Phone number is 297-6618. They will also be available at the Sept. 17 dessert meeting. For reservations to that, call the club president, Mrs. Carol Teschky, 724-8324, or Loretta Kretschmer, 297-2912.

### Tri Deltas Garage Sale

Alumnae of Delta Delta Delta sorority will begin their new season with a Get Acquainted Dessert and program on Wednesday, Sept. 18, at 7 p.m. in the home of the president, Denise Benjamin Buten.

Tri Deltas new to the northwest suburban area are especially invited to this gathering in Arlington Heights at the Buten residence, 130 N. Regency Drive East.

Alumnae in the Des Plaines-Niles area may call Peggy Wetter at 824-1742.

The alumnae chapter has also scheduled their 10th annual garage and bake sale on Saturday, Sept. 21, from 9 to 4 p.m., also at the Buten home, 130 N. Regency Drive East, Arlington Heights. Donations of home baked goods and household items for the sale may be brought to the Wednesday, Sept. 18 dessert meeting, or on Thursday and Friday evenings, Sept. 19 and 20. It will be appreciated if all donations are priced for sale.

### Y-ME Open Door Meeting

The North-Northwest Suburban Group of Y-ME Breast Cancer Support Program will hold its next monthly Open Door Meeting on Saturday, Sept. 14, at the Palwaukee Motor Inn, 1090 S. Milwaukee, Wheeling, from 10 a.m.-1 p.m.

Dr. Randall McNally, plastic and reconstructive surgeon, Rush-Presbyterian-St. Luke's Medical Center and Dr. Mitchell Grasseschi, plastic and reconstructive surgeon, Glenbrook, Evanston and Children's Memorial Hospitals will speak on "Breast Reconstruction."

Breast cancer patients, their families and friends, and health care professionals interested in the topic are welcome at Open Door meetings. The sessions are free of charge and reservations are not necessary.

Y-ME offers peer support to breast cancer patients via a 24-hour Hotline and educational Open Door meetings throughout the Chicago Metropolitan area. Y-ME also provides information on what to do if a breast lump is detected.

For more information about the September meeting or about Y-ME, call the Y-ME office at (312) 799-8338.

## Assault call leads to stolen weapons

A 38-year-old Niles resident was arrested for aggravated assault, unlawful use of weapons, firearms owner identification violation and possession of stolen property on Sept. 2.

A woman sharing an apartment with the offender in the 8400 block of Milwaukee Ave. told police they were having an argument when he suddenly left the apartment. He returned several hours later apparently

drunk and allegedly threatened to "blow her head off" with the automatic weapon he was holding.

The woman ran from the bedroom to the kitchen where the offender put the pistol down and picked up a shotgun from the table. She then ran to a bedroom where she locked the door and called police.

A computer check by police revealed the 9mm Browning pistol had been reported stolen from a Chicago attorney in a 1982 burglary.

The man was released on \$10,000 bond and assigned a Sept. court date.

## Driver assaulted

A Niles resident was driving his car westbound in the 8200 block of Elizabeth and had to stop the car because of a parked car blocking the passageway.

The victim told police he walked up to the car to talk to the driver. After a few words were exchanged, the driver exited his car with a baseball bat and began waving it at the victim striking him in the left leg. The offender then got back into his car and drove off westbound on Elizabeth.

The victim was unable to give a description of the offender.

## Home break-in

A woman reported her home was illegally entered on Sept. 4.

The resident who lives in the 9500 block of Cleveland returned home to find two bedrooms ransacked but reported nothing was missing.

Police said the offender gained entry to the house by kicking in the rear basement door breaking off the door jamb.

## Minors caught drinking alcohol

A Niles resident and two companions were arrested for possession of alcohol by a minor Sept. 6. A fourth companion, 23 years of age, was charged with permitting consumption of alcohol by minors.

According to police reports, a security agent saw the 23-year-old man inside Room 138 of a motel in the 6400 block of Touhy Ave. which was supposed to be vacant. The agent then entered the front door of the room and discovered that a connecting door to Rooms 138 and 140 had been forced open from 140. The agent told police all three were sitting at a table in possession of an alcoholic beverage along with a marijuana-type pipe.

Police processed the four offenders on CC tickets (mandatory court appearance) and were assigned a Sept. court date.

## Drunk driver arrested

A 21-year-old Glenview man was arrested for driving under the influence of alcohol, improper lane usage, suspended driver's license and no front plates.

Police observed the offender northwestbound on Milwaukee Ave. weaving from lane to lane and strike the center island causing a blowout on the left front tire of his vehicle. The offender was stopped in the 9400 block of Milwaukee Ave. and while being questioned, police detected a strong odor of alcohol on his breath.

He was released on \$100 bond and assigned an October court date.

## Wire wheels covers stolen

A River Grove resident reported Aug. 31 someone removed four wire wheel covers from his daughter's car parked in the K-Mart parking lot in the Dempster Plaza shopping center.

Value was estimated at a total of \$275.

## Thief gets formula

A security agent for Osco Drugs in the 8200 block of Gelf Rd. reported a man placed about 10 cans of infant formula into a shopping bag and ran out of the store. The agent saw him getting into a car driven by a companion and another male passenger.

Value was estimated at \$100.

## Auto vandalized

A Niles resident reported his car was vandalized in the evening hours of Sept. 4.

The resident, who lives in the 8600 block of Merrill St., told police someone used a sharp object to slash the left front tire of his car parked on the street.

Damage was estimated at \$200.

## School speed limit back in effect

by Sec. of State Jim Edgar

During the summer, motorists become accustomed to ignoring school zones. However, school has started and the 20 mph speed limit is now in effect.

Illinois law states that the 20 mph limit applies on school days between 7 a.m. and 4 p.m. when children are present and signs are posted.

Adult crossing guards, auxiliary police or police officers assist students at many crossings. Although student safety patrol leaders help at some crossings, there are others that depend on drivers slowing down to ensure safety.

Be especially alert for small children, who are unpredictable in their actions and difficult to see. In their eagerness to cross the street, they may dart into your path.

School signs are shaped like an old schoolhouse. A school area sign is posted when school ground are next to the roadway or when a school crossing is ahead. A school crossing sign is posted at the crosswalk and where there are school crossing signals.

A good safe driving practice is to slow down anytime you see a school sign. Classes may be held at different hours and many activities are held at night or on the weekend.

## I.A.A.I. officers installation

E.V. "Manny" Kenig, will be installed as President of the Chicago Chapter of the Independent Accountants Association of Illinois, at 8 p.m. on Sunday, Sept. 29, at Marriott's Lincolnshire Theatre, Lincolnshire.

The Independent Accountants Association of Illinois is affiliated with the National Society of Public Accountants.

## Taylor named president of Skokie Trust

The Cole-Taylor Financial Group today announced that Scott W. Taylor, 34, has been named president and chief executive officer of Skokie Trust & Savings Bank by the bank's board of directors. Mr. Taylor previously served as executive vice president of the bank in charge of its commercial lending operations.

Scott's experience in all phases of banking operations will contribute to the overall strength of Skokie Trust," said Frank E. Bauder, chairman of the board.

"His promotion reflects his outstanding abilities and the depth of his experience in bank administration."

Prior to his career at Skokie Trust, Mr. Taylor was vice president of commercial lending at Drovers Bank of Chicago, another member of the Cole-Taylor Financial Group.

He is a member of the Chicago Family Business Council, Robert Morris Associates, the Jewish Community Center and the Chicago Boy's Club. In addition, Mr. Taylor is a director of The

Entrepreneurship Institute.

A resident of Highland Park, Mr. Taylor is a graduate of the University of Wisconsin at Madison and holds an MBA from Northwestern University.

## Niles West runs by North

The Annual Running of the Niles Township Cross Country Championships was held on the Streets of Skokie this past week. Just as the runners were entering the starting line a driving down-pour of rain began and soaked the athletes throughout the 1.85 mile course.

For the second year in a row both Senior Rocky Lee and Junior Kathy Campbell won the Individual Township Championships. Both athletes ran slower than last year which was due to the heavy rain and heat. Niles West was victorious on all levels as they also won the individual championships on the sophomore level with Steve Rosen and the Freshman level with Marty Bach.

Other athletes to finish among the top ten boy runners were Senior Sean Samuel and Juniors Mark Kim and Seung Lee. Niles North was led by Juniors Eric Fliszar and Aaron Rubin.

Finishing among the top ten girls athletes were freshmen Peggy Campbell and Debbie Pozdol and Seniors Felicia Bakshy and Lisa Vick. Leading the North athletes were Senior Karol Kuehn and Sophomore Shari Rozner.

This was the 8th year in a row that West has been the Township Champions on the Varsity Boys level. The Varsity Girls from West won for the 2nd year in a row. Both Coach Savage and Coach Sloan were happy with the way their athletes ran. "It is always good to start the season off with a win!"

How much bigger are football players today than they were in the old days? The average weight of the All America team in college football last season was 228 pounds per man. The average weight of the All-Americans 60 years ago was 170 pounds. Thus on the average, today a player is almost 50 pounds heavier.

Did you know that TV star Bill Cosby once played major-league football? Cosby was a running back for Temple in the early 1960's.

## ND grad tours Italy with Bradley U

The Bradley University basketball team coached by Dick Versace toured Italy for 18 days from July 15 through August 2. In cooperation with the NCAA and the Italian Federation, the team played 11 games against Italian and Yugoslavian Club Teams and an ex-NBA Italian All-Star Team.

The Bradley team won 5 and lost 6 games played in the towns of Porto San Giorgio, Termoli, Cisternino and Sanremo.

Jim Les, a graduate of Notre Dame High School in Niles, averaged 15.8 points and 10.1 assists while playing the back-court for the touring Bradley Braves. His efforts earned the MVP award in Sanremo and the All-Star team selection in Cisternino.

As a junior, Jim Les averaged 9.5 points and 8.8 assists per game last season. That assist average was good enough to lead the Missouri Valley Conference

for the second straight year and place third among the nation's Division I athletes while his total assists of 263 set a Bradley season record.

## Leaning Tower YMCA's Triathlon

The Leaning Tower "Y" will be taking a trip to see the Chicago Cubs vs. the St. Louis Cardinals Friday, Sept. 13, 1:30 game time. The bus will leave the "Y" at 12 noon. Tickets are \$15. Call Andy at 847-8222, ext. 55.

Today marks the first day of Leaning Tower YMCA's second Tower Triathlon. This fitness challenge gives participants 30 days to complete the distance in hiking, swimming and running that an Ironman Triathlete completes in one day. The Triathlon includes a group bike ride and will end with a T-shirt bash. "Everyone enjoyed our Tower Triathlon last January, and many have asked for another one," said Carol Bush, coordinator of the event and Assistant Director at LTY. Carol hopes to involve even more people at this time. "This event allows people to expand their activities and achieve great success - and have a great time going it!" said Carol.

## Review classes for SAT and ACT

Now's the time to take a review class for the SAT and ACT. Preparation classes begin October 3 in Niles. Lasting four weeks, and running 2 and one-half hours each night, these classes aid the student in performing better on college entrance tests.

Can a student prepare for the SAT and the ACT, the two important college entrance exams? Although there is no guarantee of superior scores, there is little doubt that a review of the material on the tests, and an acquaintance with the test formats can only benefit.

Test Review Associates has been running review sessions for seven years. The preparation courses include a review of the verbal and math that is on both exams. The verbal section covers vocabulary, stressing prefix, suffix and roots, analogies, reading comprehension, sentence completion question and grammar. Included for the ACT is coverage of the Natural Science and Social Science sections of the ACT. In the math portion, algebra, geometry, equivalents, word problems and binomials are reviewed. Included in the \$125 fee are review materials and sample exams for the students to practice the skills they learn.

Dr. Lynn Dieter and Dr. Jane Simmons, both currently employed at Maine Township High School East, in Park Ridge, are Test Review Associates. Because they are currently teaching and working with students they are well versed in the requirements for colleges and talk with the students in the review course about college choices and what exams must be taken at what time.

In general, the SAT is required by private universities, and the ACT is required by the state schools in the Midwest. Although some private universities may accept the ACT score, the two

exams are not totally interchangeable. It is generally acknowledged that the SAT is the more difficult test. Test Review Associates covers preparation for both tests, and Dr. Lynn Dieter commented, "In the verbal sections, the basic principles tested are the same; however, the presentation of the question and the vocabulary are harder on the SAT. In addition, the SAT will be in the format of questions in analogies, reading comprehension, antonyms and grammar. The ACT has primarily only English usage." Dr. Simmons indicated that the math problems on the SAT are more difficult.

Much publicity has been given lately to whether preparatory programs do help. Dr. Dieter and Dr. Simmons believe they do, and see improvement in students they teach. In addition, review courses for exams have been around for years, beginning with preparation for the law boards and the medical school exams. On the East Coast, these programs for the SAT and ACT have existed for many years, and only within the last five or six have they been available in our area. Test Review Associates were one of the first groups in the area and judging from a recent article, the most reasonable.

There will never be a way to "prove" whether a review course raises a student's score because of the number of variables. But, perhaps like many other things, it certainly can't hurt. Moreover, though, the students gain a confidence and a familiarity with the material they wouldn't have had otherwise. And with importance of the tests for college acceptance, these alone are important.

More information about Test Review Associates SAT/ACT Review is available by calling 825-3818 during the day, or 299-3857 in the evening.

## First class begins studies at culinary school

The Culinary School of Kendall College, located in Evanston, officially opened its doors to the first class on September 11. The forty students in the first class are beginning a 21-month program of studies to prepare them for professional careers as cooks and chefs. The students will follow a sequentially-organized curriculum beginning with fundamental knowledge and skills and evolving to complex levels of theory and practice. Classes will be held on the Kendall Campus in the recently installed demonstration and professional kitchens.

Experienced chef/instructors provide the instruction which emphasizes hands-on practical skills as well as theory to ensure that students become familiar with all aspects of professional cookery and effective foodservice. Chef John Draz will teach Introduction to Professional Cookery and Skills Proficiency. Under Draz's guidance, students will gain both theory and hands-on experience in the basics of professional food preparation. Draz is one of the thirteen chefs to be featured in "Great Chefs of Chicago," scheduled to air on public television this fall. Draz was chef at the Winnetka Grill when he and the restaurant were selected for the PBS series. He is

currently Executive Chef at George's in Chicago.

Chef Monique Hooker will teach Stocks and Sauces. This course introduces students to the "mother sauces" (bechamel, demi-glace, espagnole, tomato, and veloute) and the compound sauces derived from them. Hooker was born in France and received her training in restaurants along the West Coast. In Chicago, she has made a name for herself as a cooking instructor, food stylist, and caterer. In 1983, she opened Monique's Cafe at 213 W. Institute Place in Chicago. It is a restaurant and retail operation specializing in fresh food prepared daily.

Anthony Franchi of Park Ridge will teach two courses this fall. In Product Identification and Cost Control, Franchi will provide students with the practical background for selecting, purchasing, and handling various products used by foodservice establishments. In Most Identification, he will help students to identify various cuts of meats, poultry, and fish and to judge the quality and yield of various cuts. Franchi, a graduate of the Culinary Institute of America, has a rich background in the foodservice industry. It includes serving as General Manager of the Emonor

Country Club in Highland Park.

Gregory Stolis will teach Introduction to the Foodservice Industry/Sanitization this fall. While with the Illinois Restaurant Association, Stolis trained over 400 restaurateurs and hotel operators in the Illinois sanitation certification program. Because of his work with foodservice professionals at many levels, Stolis looks at the industry from several perspectives. He will help students to recognize and appreciate these various perspectives. Owners and managers from area restaurants will be invited to discuss the unique features of their operations with the class.

The Culinary School of Kendall College was established to help meet the steadily increasing demand for well-trained personnel in the kitchens of quality restaurants and foodservice establishments. The School admits forty students to its associate degree program quarterly in September, December, March, and June. Because of the great interest in the program and the increasing number of applicants, qualified students are admitted on a first-come, first-served basis.

For further information, call Jean Young, Director of Admissions at 865-1304.

## University of Illinois-Chicago engineering courses at OCC

The University of Illinois at Chicago will offer, beginning in September, undergraduate and graduate engineering courses at Oakton Community College.

All courses are open to both degree-seeking and non-degree students. The undergraduate courses are being offered to supplement the OCC Pre-Engineering program; qualified OCC students may dual-enroll with UIC. Enrollment also is open to working people who have the appropriate prerequisites and intend either to pursue a bachelor's degree in engineering or to

acquire additional training. In the graduate course area, professionals in either engineering or related areas will be able to complete a master's degree in Electrical Engineering (Tuesday and Thursday, from 3 to 5 p.m., at OCC/Skokie), Mechanical Engineering, in three years, by taking one evening course during each regular quarter of instruction (fall, winter and spring), and by working concurrently or during the summer on a thesis or project. Non-degree students may enroll in selected courses to gain additional training and upgrade their

professional skills. Undergraduate courses being offered during the fall term, which begins on September 23 and concludes November 27, are 'Engineering Economy' (Tuesday and Thursday, from 3 to 5 p.m., at OCC/Des Plaines, 1600 E. Golf Rd.) and 'Thermodynamics' (6 to 8 p.m., at OCC/Des Plaines; days to be decided). Undergraduates and graduate students may enroll in 'Digital Signal Processing' (6 to 8 p.m., at OCC/Skokie, 7701 N. Lincoln Ave.; days to be decided) and 'Computer-Aided Design and Manufacturing' (6 to 8 p.m., at OCC/Skokie; days to be decided). Graduate students may register for 'Advanced Linear Analysis' (6 to 8 p.m., at OCC/Skokie; days to be decided). Prospective students may obtain a specially coded application by calling Dr. Fred Salzberg, chairman of the OCC Pre-Engineering program (635-1861), or Dr. P.L.E. Uslenghi, associate dean, College of Engineering, University of Illinois at Chicago (996-2311).

Registration for fall classes, as well as late admissions, will be conducted September 16, from 5 to 8 p.m., at OCC/Skokie.

## Enrichment Center offers individual SAT reviews

Admission to the right college is a critical factor in a student's pursuit of career goals. That's why most high school seniors are planning to take the three-hour Scholastic Aptitude Test (SAT) this coming fall. Scores from this exam, designed to measure math and verbal abilities, are used in combination with grade point averages by many colleges as determining criteria for admission. Therefore, increasing number of students are turning to preparation courses to assist them in reviewing for this all-important exam.

Starting in October, The Enrichment Center located in Carillon Square, will offer a unique approach to SAT review.

Based on their philosophy that more can be achieved when focus is concentrated on only those skill areas a student personally needs to enrich, each 40 hour is individualized and custom-designed. Besides private coaching, each review includes simulated test-taking sessions using the SAT exam format and computer-assisted (IBM & APPLE) practice and drill.

The Enrichment Center's program not only develops each student's ability to attain his maximum academic potential, but also builds self-confidence through in-depth, organized preparation—so essential to success. For more information, contact the center at 729-7330.

## MONNACEP adopts in-district tuition policy

Following suit with a recent policy adoption of the Oakton Community College Board of Trustees, the MONNACEP Executive Board has adopted a policy that allows persons who live out of the OCC district, but work in the district, to pay in-district tuition.

MONNACEP is the non-credit adult continuing education component of OCC, in cooperation with the Maine, Niles and Glenbrook high schools.

The new policy means that persons who live outside of the Oakton district, but work in the district are eligible for in-district tuition rates, upon written agreement by the employer, renewable annually prior to the start of the fall term. Tuition

charges, which vary by program, may either be paid by the employee or billed to the company directly by the College.

For a course such as "Basic Computer Concepts," the difference between in and out-of-district tuition is \$68.83 (\$39, compared to \$107.83). For the "R.N. Refresher" course, the difference is \$336.37 (\$181, compared to \$517.37).

The new policy is in effect for both full and part-time employees of businesses in the district. Forms verifying employment to be submitted with registration, should be secured from participating employers.

For additional information, call 982-9888.

## Marillac opens College Night to community

Marillac High School, Northfield, welcomes parents, friends, family and neighbors to College Night, Monday, Sept. 23 from 7:30 to 9 p.m. in the Student Center and classrooms.

Aimed at parents of junior and senior girls, College Night will include a preliminary Financial Aid Seminar in Room 123 at 7 p.m.

"College Night is a service we offer parents and friends to conveniently assist them in gathering information and exploring alternatives on what local and out-of-town colleges have to offer their daughters," said Mrs. Gloria Moore, Senior and College Counselor at Marillac. "A great deal of information is needed before a wise decision on a college choice can be made and College Night is the 'first step,'" she said.

Marillac continues to keep students informed by updating students through their SOS group counseling classes; by posting

## Careers in the Hotel & Travel industry

The travel and hospitality industries create jobs twice as fast as the overall economy, and produces new jobs during economic recessions. Approximately 5 million people work in these industries in the United States. The tourism industry is the largest, providing employees in 26 out of our 50 states with jobs.

Evelyn Echols, President of International Travel Training and Hotel Schools, Inc. states in a recent survey, that over the past 23 years, International Travel Training Courses has maintained a consistent placement record of over 92%, and in the past three years from 1983-1985 has been 95%. The hotel school's placement record has remained at over 96% every year since it's inception.

Students of International Travel Training and Hotel Schools, Inc. include bright high school students with good communication skills, recent college graduates and people seeking new and challenging careers.

During the month of September, the school is offering interested parties the opportunity to attend a Career Day where they will actually participate in a class and in the work being done by the students. Reservations will be required since there is limited amounts of space in their classes. International Travel Training and Hotel Schools are unique in that 26 major corporations are involved in teaching their courses. These corporations include American Express, Trans World Airlines, Princess Cruise Company, American Express, Hilton and Sheraton Hotels, and Holiday Inn, to name a few. Further information and reservations can be made by calling Echols International Travel and Hotel Schools, 303 E. Ohio, Chicago, IL 60611 at 943-5500.

## Felician College offers options for the future

Felician College, 3800 W. Peterson Ave., Chicago, a two-year, Catholic college for men and women, makes available to its students a variety of options for future success.

As a liberal arts and career-oriented college, Felician awards Associate in Arts and Associate in Applied Science degrees in several academic concentrations. Graduates have the option of transferring to a four-year college to continue their education to the baccalaureate level or terminating their studies to seek employment in a field of their choice. Programs offered by Felician College include art, business, computer science, human services, pre-health, pre-law, art and music education, secretarial, basic alcoholism counseling, and voice.

In keeping with its long-founded commitment to the student as an individual and its tradition of academic excellence, Felician Colleges offers its students those opportunities which positively develop their unique qualities. This design for leadership makes possible the achievement of personal goals and prepares students to contribute to their own and to others' happiness.

Chartered by the State of Illinois in 1926 and officially recognized and approved by the Office of the Superintendent of Public Instruction of the State of Illinois in 1955, Felician was accredited by the North Central Association of Colleges and Schools in 1977. The Felician Sisters, who established the College and continue to operate it today, originally intended the College as an educational institution for members of their religious community; however, in 1967, the College made the decision to open its doors to lay students and became co-educational in 1974.

Located in the northwest section of Chicago, Felician College offers its students a blend of urban and suburban conveniences. Main transportation arteries provide easy access to the College, and the advantage of nearby cultural, educational, medical, and recreational facilities permit total growth experiences necessary for personal and academic success.

During the 1985 fall semester,

Felician College offers general core courses, such as English, mathematics, behavioral and social sciences, philosophy, theology, modern languages, music, art, and natural sciences, which form the basis of the two-year program. Among the courses specifically designated for student development in special areas are: Computer Science, Health for Effective Living, Introduction to Business, Accounting, and Human Services. Aerobic exercise and tennis provide physical fitness opportunities. The Cultural Insights Series—concurrently offered courses in Comparative World Literature, Institutions of Major World Cultures, and World Religions—provides enriched, interdisciplinary, and inter-divisional studies in literature, history, and theology of major world cultures.

On a regular basis, the Adult Education division of Felician offers general education, special interest, secretarial, and business courses. In addition, evening and Saturday classes in basic alcoholism counseling are conducted. These courses are not new to the College; however, students may now earn an Associate in Applied Science degree in Basic Alcoholism Counseling upon completion of their studies.

Felician welcomes inquiries and urges prospective students to arrange for a College visit. There is no substitute for the experience of actually being on campus and personally witnessing the interaction of the college community as reflected in its spirit of learning and growth. Inquiries about Felician College and arrangements for visits may be made by phone at 539-1919 or by mail to Director of Admissions, Felician College, 3800 W. Peterson Ave., Chicago, IL 60659.

## New principal at Marillac

The Daughters of Charity of St. Vincent De Paul have announced the appointment of Sr. Ann Marie Butler, DC as new principal at Marillac High School, Northfield.

Sr. Ann Marie, formerly principal of St. Christine School of Youngstown, Ohio, was a charter faculty member of Marillac from 1967-1977, chairing the Social Studies Department until 1975 and serving as assistant principal from 1975-1977. From 1977-1978, Sr. Ann Marie was college and career counselor at Memorial High School, Evansville, Indiana.

Sr. Ann Marie, who earned her BA at Marillac College, St. Louis and her MA at De Paul Univer-

sity, earned graduate certification in K-12 School Administration at the National College of Education and University of Evansville.

With 21 years in education; 10 years as a teacher and 10 years as administrator, Sr. Ann Marie comments, "I have much to give to Marillac's future and I'm delighted to have returned to this very special place. I can't wait to toot Marillac's horn on some of the wonderful things we have to offer."

Born in Mississippi, Sr. Ann Marie is one of seven brothers and sisters.

## Stetson candidate for OCC board

Kenneth W. Stetson today has announced his candidacy for the Oakton Community College Board of Trustees.

Stetson, a Northbrook resident for 13 years, is an experienced educator. He received his Bachelor's and Master's degrees from the University of Wisconsin (Madison), and earned his Doctor of Philosophy degree from Loyola University (Chicago). He has held several administrative positions at Northeastern Illinois University in Chicago, where he is currently assistant provost. A position he has held for eight years.

Stetson taught history and English at a Wisconsin high school for seven years, and he was both a teacher and administrator at Kankakee Community College for three years. At Northeastern Stetson has major responsibility for the institution's academic program review process, has been responsible for both academic and administrative computing services, and has served as the institution's management representative in the university's collective bargaining process.

"It is imperative that public colleges meet the growing demands of the residents they serve," Stetson said. "Issues of academic quality are most important, but courses and programs for people changing or enhancing their careers are also increasing in importance. Meeting the changing needs of a diverse population such as that which OCC serves is a constant challenge," Stetson said.

Stetson is married and has four children. His wife, Dixie, is a nurse consultant at Axelson Manor, part of the Covenant Village Campus in Northbrook.

As Executive Chef of The Crystal Pavilion, Prece has been in charge of all kitchen operations servicing it and two other restaurants located in Kansas City's Crown Center. He also has supervised a large production kitchen, providing products for other units of American Food-service, the Hallmark Company's Restaurant Division. How does he manage to keep everything running smoothly? Prece says it requires organization, skill, and a little magic.

During the fall term, Prece will work with the other chefs/structors of the Culinary School to coordinate and relate the instruction of the demonstration kitchen with the work being done in the professional and production kitchens. Prece will also be preparing for the intermediate courses to be taught in the second term of the program.

For further information about The Culinary School, call 866-1304.

## Rev. Kahle named acting principal at Notre Dame

Notre Dame High School for Boys, 7655 Dempster, Niles, opens its doors for the 31st year with a new acting principal and 11 new faculty members.

Simons, new German and French teacher, holds a BA from Colorado College and a MA from the U. of Frankfurt, West Germany. His most recent teaching experience was in Bad Homburg, West Germany as a German and French teacher.

Two new members of the religion department are Paul Crawford and James Schuler. Crawford holds a BA in philosophy from St. Mary's College, Winona, Minnesota. His previous teaching experience was at Notre-Dame High School, Fridley, Minn. Schuler holds a BS from Loyola University. For the past 10 years he has been teaching at St. Christopher School, Midlothian. He will also be an assistant moderator of Cross and Anchor.

Four new members join the math department, including Donna Hlavin, Curtis Ramsdell, Rev. Mr. Mark Thesing, C.S.C., and Jim Maniolo.

Mrs. Hlavin holds a BA from Mundelein College. For the past 15 years she has been teaching at Notre Dame High School for Girls.

Ramsdell holds a BS from Michigan State and MA's from Northeastern and DePaul. He previously taught at DePaul.

Rev. George Kahle, C.S.C.

Rev. Mr. Mark Thesing, C.S.C., holds a BS from the University of Notre Dame and a Masters in Divinity from the University of Notre Dame. He will also be the Director of Cross and Anchor.

Rejoining the staff at Notre Dame is Jim Maniolo. He retired from Notre Dame in 1983 and now rejoins the faculty as a part time math teacher.

Joining the social studies department is Robert Moylan. He holds a BA in Economics from Northwestern. Moylan will also be Head Tennis Coach and asst. wrestling coach.

New faculty member in the business department is Donald Pieper. He holds a BS in Education from Indiana University. Pieper will also be an assistant basketball coach and assistant golf coach.

New librarian is Judith Schmid. She holds a BA in history from U of I and a MA in British History from U of I and a Masters in Library Science from Rosary College.

## Dr. Elliott to speak on new reform laws

Dr. James L. Elliott, the new superintendent of Maine Township High School District 207, will speak to the Kiwanis Club of Park Ridge-Breakfast on Wednesday, Sept. 18, about the education reform legislation passed recently by the Illinois General Assembly. The program will begin at 7:15 a.m. at McDonald's, Oakton and Northwest hwy., Park Ridge.

"This reform act will significantly affect District 207 schools and the education profession in general," said Elliott. His program will include not only the possible changes the legislation may bring, but also the ways District 207 has already addressed many of the issues emphasized in the new reform package.

Other organizations interested in hearing about the reform legislation and its effect on education in District 207, may call Karen Larsen, District 207 public information officer, at 696-3600 to arrange for a program.

### ILLINOIS MASONIC MEDICAL CENTER SCHOOL OF NURSING

Let our diploma program be your first step to a Bachelor of Science degree in Nursing.

Begin your education at our hospital-based school, founded in 1901. Our clinically-oriented program offers you hands-on patient care early in your educational process (much earlier than most university programs). And, in addition to your clinical experience, you also will earn approximately 38 hours of credit toward a college degree. When you graduate from our two-and-one quarter year program, you'll be qualified to take the RN Licensure exam; then, you can immediately earn money as a nurse in a variety of professional settings.

Work by day and attend college classes in the evening (or vice versa). In very little time—on the average two years—you could finish requirements for a BSN. This means that step 1 finances step 2! Compare that with four years of expensive classroom work.

Take the first step to a BSN and the exciting career opportunities it offers at the Illinois Masonic Medical Center School of Nursing. For further information, write or call:

unincorporated area the opportunity to say "yes" or "no" to the annexation proposal. "We are mandated by the state to serve unincorporated areas. Our library district has been serving approximately 22,000 people in unincorporated Maine and Northfield townships for the past seven years. Many of these residents are interested in an-

nextion," he said. "We are simply putting the question to a vote." The Niles Library District plans to ask for a second year of Project Plus funding from the state library, Pestine said. A second year of funding is given only to those public library districts that have brought unincorporated areas into the district.

The Niles library district received a total of \$65,000 in the district's first year of Project Plus funding, Pestine said. The Niles library has reported success in providing service to residents in areas unserved by a library district. Pestine said Monday that more than 1,000 cards have been issued to unincorporated residents with a Glenview mailing address.

According to a Glenview library spokesman, the library (Glenview) cannot annex the unincorporated areas around it because it is a village library, "a separate entity", not a district library like the Niles system and has no authority to annex communities.

**Low rate loans...**  
Cont'd from Skokie-L'wood P.1 manager of loan originations. "It would reduce their monthly mortgage bill and its assumability feature might be attractive to the next buyer."

"We're also promising to give homebuyers or refinancers a commitment within 18 working days," she continued.

Mortgages for owner occupied units are available for up to 95% of value for a maximum loan of \$150,000. Ninety per cent loans are available for amounts in excess of \$150,000 up to \$250,000, and eight per cent loans are available to a maximum of \$500,000. For condominium purchases, financing requires a 20% down payment.

Taking the mystery out of money One in a continuing series

# What's the best way to apply for a loan?

You need money. But just how do you go about talking to someone who might lend it to you?

**You'll feel more confident if you know ahead of time, how much money you can borrow and repay.**

**How much is it safe to borrow?**

1. Your monthly rent or mortgage payment, including principal, interest, taxes and insurance, should not be more than 25% to 28% of your monthly salary, before taxes.

2. Other debt you may have to repay in a year should not be more than 20% of your take-home pay, less taxes. You should include here any unpaid credit card bills that stretch out beyond a year.

3. Your mortgage debt and other loan payments should not be more than 35% of your gross pay.

**You'll make a good impression on the lending officer by giving him a clear picture of your net worth and cash flow.**

**How much money do you have right now?** Maybe your net worth is more than you think.

On a piece of paper, set down two columns. Mark one of them "Assets," the other one "Liabilities."

**Start off with your assets.** First, list your house or condo, if you have one. Put down its market value, less 6%, for the real estate commission you might pay if

you sold it. Don't include your mortgage. That goes in the liability column.

Next, list your savings accounts, checking accounts, certificates of deposit, stocks, bonds, the cash surrender value of your life insurance, the amount you might realize from a company pension or retirement plan, your I.R.A. or Keogh investment, and any spare cash you may have stashed away.

If you have a signed note from someone you can realistically expect to pay you back on a specific date, list that, too. Then list the value of everything you own that's worth over \$100—cars, furniture, appliances, boats, family jewelry. Be realistic and cut by 50% the value of everything except items like cars worth over \$1,000.

This is the good news.

**Now come the liabilities.** Begin your second column with the principal you still owe on your mortgage. Then write down the amount you have outstanding in a car loan or other installment loans, the balance on credit card accounts, outstanding utility bills, household debts, pledges you owe to churches, schools or charities—and real estate and income taxes if they are not withheld.

This is your total debt. Simply subtract your debts from your assets and you have your net worth.

If you are fortunate enough to have more assets than debts, you can go ahead with your loan preparations. If not, you'll need

to make some changes in the way you handle your money.

**Where is your money going?** A loan officer can tell from your cash flow, how well you manage your money and can handle new debt.

**To figure your cash flow,** get out your cancelled checks, credit card receipts and records of automatic payments for the last twelve months.

Next, break down expenses you pay monthly, quarterly, semi-annually or annually into categories, such as telephone, car payments, taxes, and insurance costs. Try to end up with as little as possible under "Miscellaneous."

Even though most bills come just once a month, sum up your expenses on a weekly basis. This can help you schedule loan payments more conveniently.

Now, subtract your total expenses from your take-home pay, and you have your present surplus or positive cash flow.

Then project your income and expenses for the next twelve months and you'll have a store of information that shows a lending officer that you are financially responsible.

You have your own individual plans and financial resources. We simply present this information so you can see some of the options that are available to assist in your decision-making. Norwood is near when you need us, always ready to help you take the mystery out of money!

### R.N. Refresher and Basic EKG Course

A 16-week refresher course for registered nurses is scheduled to begin Sept. 24 at Oakton Community College/Des Plaines, 1600 E. Golf Rd., as part of the College's Continuing Education Program for Health Professionals.

The 144-hour class (48 lecture and 96 clinical) is designed to return the inactive nurse to the nursing profession. The focus will be on nursing through the life cycle, with a major emphasis on medical surgical nursing.

Class sessions are scheduled for Tuesday and Thursday, from 7-10 p.m. Cost of the class is \$181 for residents of the OCC district. Participants must have either a work permit or an Illinois nursing license to enroll in the class.

An eight-week course designed for licensed or certified health care professionals to assist in systematic interpretation of basic EKG and common cardiac arrhythmias will begin Oct. 2, at

OCC/Des Plaines. The class will meet Wednesdays, from 7-10 p.m. and focus on early recognition and intervention of lethal arrhythmia. Cost of this class is \$50 for in-district residents. Both of the above classes will be conducted by Thankamma Mammen, MSN, CCRN.

For further information about either class, call 635-1672.

### Wouldn't it be nice if somebody invented a FREE emergency room? Bethesda just did!

That's right—when you're treated at the Bethesda Hospital Emergency Room, any hour of the day or night, the use of the room is free!

Often, when a medical emergency strikes, your family physician wisely tells you to meet him at an emergency room. Listen to your doctor.

Now, if he tells you to meet him at the Emergency Room of Bethesda Hospital, we don't charge you for the use of the facility.

Naturally, there will be charges for any medication, X-rays, lab tests, etc., your physician may order for your treatment. But our Emergency Room facility is absolutely free—now through December.

Oh, and by the way—there's something else you ought to know.

If, after normal office hours, an emergency hits and you do not have your own physician and can't locate one, you can be treated by one of our highly qualified physicians, trained in emergency medicine, and the room will still be free of charge!

Just a couple of more ways Bethesda Hospital is fighting to keep the cost of health care as low as possible.

### Invisible braces-new option for orthodontic patients

Dr. M.M. Ivans explains the technical aspects of "invisible braces" to a young patient during a preliminary examination. Lingual appliances, more readily known as invisible braces, are worn behind the teeth and are fast becoming a popular option for career-minded adults who believe their appearance on the job is as important as the skills they possess. As one of the few orthodontists trained in this new technique, Dr. Ivans offers the new alternative to conventional braces to his adult patients in Chicago, Hoffman Estates and Antioch.

"Only your orthodontist knows for sure" is fast becoming a new adage for patients who need to straighten a smile. The reason being is that new "invisible" braces are becoming an option more and more people are choosing. Lingual appliances—as they are known by dental specialists—are individual metal brackets custom made for each tooth, then fitted on the lingual or inside of each tooth. The brackets used are made of a durable, metal alloy that will not damage the enamel surface of the teeth or react to foods. Brackets are held in place by a special adhesive that is resistant to biting and chewing pressures. Also used in a resilient archwire that is individually contoured by the orthodontist and attached to each bracket. The archwire tension is adjusted to achieve realignment of the teeth in the same manner used with conventional braces.

The result—in approximately two years—perfectly aligned teeth producing the dazzling smile you've always wanted.

The advantage—not even your best friends need to know that you've ever worn braces.

According to a prominent, local orthodontist, M.M. Ivans, D.D.S., more patients, particularly career-minded adults, are making the choice to wear the invisible, lingual appliance.

Although there are many ex-

cellent reasons to be enthusiastic about invisible braces Dr. Ivans is also realistic about who should opt for the option.

"Obviously, this alternative is best suited to individuals whose job dictates that a more subtle approach be utilized," he said. "Individuals with certain serious malocclusions or children whose teeth are not adequately erupted will not find this option viable. A simple examination by an orthodontist will tell you if you qualify for this approach."

Dr. Ivans also explained that due to the considerable additional time required by the orthodontist and his staff, and the sophistication of the new appliance, the cost is somewhat higher. He added, "The length of time a patient needs to wear the invisible braces, however, remains approximately the same."

Care of the invisible braces in relation to chewing and dental hygiene habits remains consistent with those prescribed for patients wearing conventional braces.

Dr. Ivans added that as more adults in the 80's take a critical look at their appearance in relationship to their careers, health and their overall well-being it is obvious that "invisible braces" will become an option that few candidates will pass up.

### Panje to address New Voice Club

William R. Panje, M.D., will address the Swedish Covenant Hospital's New Voice Club in the Hospital's Anderson Pavilion, 2751 W. Winona, at 6:30 p.m. on Tuesday, Sept. 17.

Dr. Panje is the developer of the "Panje button," a device which enables a person without a larynx to produce voice. He is also chairman, otolaryngology, head and neck surgery at the University of Chicago. His program, "Surgical Restoration of Voice Following Total Laryngectomy," will include demonstrations of the Panje button with several of his own patients.

Coffee and conversation will follow the formal program.

The New Voice Club meets monthly and is open and free of charge to all laryngectomies (a person whose larynx has been surgically removed) and their families. For additional information, contact Sheila Derman, 876-8300, ext. 5305.

### Diabetic Classes

Learn how to manage your diabetes at Diabetic Instruction Classes. The classes will be held Sept. 18, 19 and 20 from 6:30 to 9 p.m. at Holy Family Hospital, 100 N. River Rd. in Des Plaines.

A registered nurse, pharmacist and dietitian will provide information on diabetes and its management. Medications, diet, urine testing, personal care, travel tips and more will be discussed.

The program fee is \$15; \$10 for Senior Citizens, age 65 and older; family members attend free of charge. Registration is limited. Call Holy Family's Educational Services Department at 297-1800, Ext. 1042 by Sept. 9.

### Stress workshop to begin Oct. 1

Registrations are now being accepted for a four-week Stress Management Workshop entitled "Stress, Mind and Body" to be held at Lutheran General Hospital, Park Ridge. The workshop, which is sponsored by Parkside Human Services, will be held from 6:30 to 8 p.m., on four consecutive Tuesday evenings beginning October 1. The workshop is designed to explore the effects of prolonged stress of personal health, measure participants' level of stress, and introduce approaches effective in managing stress.

"National studies indicate that one of every three Americans lives with moderate to severe personal stress," noted Joseph Barr, Ed.D., psychologist and workshop leader. "People are aware of the relationship between high stress, personal performance, and health. This workshop is the state-of-the-art in brief, practical approaches to managing life stress."

The Stress Management Workshop will introduce stress management techniques developed by cardiologists, neurologists, psychologists, and other health care professionals to deeply relax the body and enable participants to relearn the ability to recover from stress.

The Stress Management Workshop requires advance registration. For registration and fee information, phone the Out-patient Stress Clinic at 696-5885. Parkside Human Services Corporation is a member of the Lutheran General Health Care System.

### Volunteers needed for Hospice

An in-home hospice program run by Parkside Home Health Services is looking for volunteers to provide practical assistance and companionship for terminal cancer patients and their families. Parkside will be scheduling volunteer evaluation interviews during September, followed by a twenty-hour orientation program to run evenings and Saturdays during October at Lutheran General Hospital, 1700 Dempster St., Park Ridge.

Hospice Coordinator Christine Koza explained, "Volunteers can expect to spend four to six hours a week either with patient and family during an illness, or with the family after a loved one's death." Typical tasks include grocery shopping, babysitting, or keeping the patient company while family members rest. "Good listening and people skills are necessary," added Koza, "but previous experience with terminally ill patients is not." Both employed and non-employed volunteers are welcome. Koza noted however, that a regular work schedule would likely permit involvement only as a bereavement volunteer.

The orientation program for volunteers includes the philosophy behind in-home care, an explanation of Parkside's team approach to home care, training in symptom management and discussions of death awareness, the nature of grief and the grief response.

Those interested in volunteering for the hospice program should schedule an interview during September by calling 696-6105 between 8:30 a.m. and 4:30 p.m. Monday through Friday.

Parkside Home Health Services provides services and equipment to approximately 2,500 people in the metropolitan Chicago area. A hospital-affiliated company, Parkside supplies durable medical equipment, respiratory equipment and care, high tech nutrition and infusion therapies, physical and occupational therapies, home health aides and companions skilled intermittent nursing care and private duty nursing.

### Podiatrist appointed to Humana Specialty Panel

Dr. Lawrence M. Rubin, Morton Grove podiatrist, was recently appointed to the Specialty Panel of the Humana Quality Assurance and Utilization Plan.

Along with thirteen other panel members from the Northwest suburbs, Dr. Rubin will act as a consultant in podiatric matters to physician advisers in Humana's fifteen hospital network.

Sponsored by Humana, Inc., a service company which operates hospitals and primary care centers nationwide, the plan seeks to ensure that patients receive quality care in an economical setting.

Dr. Rubin has been in private podiatric practice since 1958 and serves as Professor of Podiatric Medicine at the Dr. William M. Scholl College of Podiatric Medicine, Chicago.

### Bradley Center Open House

Shown above (l-r) William Filstead, Ph.D., director of Research, Lutheran Center for Substance Abuse (L.C.S.A.), Arlington Heights; the Rev. Carl Anderson, president, L.C.S.A., Mount Prospect; the Rev. John Keller, chairman and chief clinical officer, Parkside Medical Services, Rolling Meadows; the Rev. Gordon Grimm, Hazelden Foundation, Center City, Minnesota; the Rev. Ron Leslie, Hazelden Foundation, Center City, Minnesota; and Jean Rossi, Ph.D., Des Plaines, served as the speakers and presenters at the dedication ceremony and Open House for the Nelson J. Bradley Center for Research, Education, and Training at the Lutheran Center for Substance Abuse (L.C.S.A.), Park Ridge.

The Bradley Center is named for Nelson J. Bradley, M.D., who served as the first chairman of the Division of Psychiatry of Lutheran General Hospital, and first medical director of L.C.S.A. The L.C.S.A. is a fully licensed, 94-bed specialty hospital dedicated to the research and treatment of alcoholism and substance abuse. The center opened in 1969 as the first hospital facility for alcoholism in the country.

### Holy Family Emergency Room "Fun Day"

Bring your entire family for a day of fun at Holy Family Hospital's "ER Fun Day: In Case We Meet By Accident!" The free Fun Day will be held on Sunday, Sept. 29 from 1-4 p.m. in Holy Family Hospital's Emergency Department, 100 N. River Rd. in Des Plaines.

The day's list of activities includes something for all ages. Scheduled activities include:

- Raffle of 50 surgical scrub suits for Cabbage Patch Kids.
- Helicopter, Ambulance and Emergency Room Tours.
- Check-ups for Cabbage Patch Kids and other dolls. Bring yours in for a free "super patient" sticker.
- Cast demonstrations. Get a free finger splint.
- Pick up a free copy of "Terrific Tonics for Responsible Drivers", our recipe book on non-alcoholic party drinks.
- Raffle of home first aid kits.
- A "Try Me Room". Try using crutches, wheel chair, splints, a stethoscope, slings and more. Have your blood pressure checked.
- Receive a "future doctor" or "future nurse" cap.
- View the slide program, "Drunk Driving: Get Angry, Get Involved."
- Free telephone stickers, information on poison prevention, poison plants and more.

"One of our goals for EMS weeks is to help the community learn more about emergency care," said Renee Lameka, Holy Family's Director of Ambulatory/Critical Care Services. "It's particularly good for children to see what the hospital and the emergency room is like

### Medications Course for Nurses

"Medications: Nursing Responsibilities in Administering Medication to the Patient," a 12-week class designed as a thorough basic course for LPN's and an update and refresher for RN's, is scheduled to begin September 23 at Oakton Community College as part of the College's Continuing Education Program for Health Professionals.

The class is scheduled to meet

on Mondays and Wednesdays, from 7 to 10 p.m., at OCC/Des Plaines, 1600 E. Golf Rd.

The class will be taught by Jane Knoll, R.N., B.S.N., who has nine years of experience teaching in college and hospital settings about medications. Cost of the class is \$146 for residents of the Oakton district.

Call 635-1672 for further information.

## From the Left Hand

Continued from Page 1

The continued decrease of students in the last three pre-high school years tells us there will be less high school students in the next three years. It also tells us Maine East, South or West could close during these immediate years.

School district 63 (East Maine) is expected to authorize \$5,920,000 for the sale of bonds to be used over 15 years to replace the asbestos now used in the schools. The unhealthy asbestos is used mainly for wrapping around

pipes. Because they're inside the walls the disrobing of the pipes requires this outlay of money plus a three year time period to complete the work.

Business Manager Jim Bowen told us Tuesday state regulations require life safety inspections of the school must be reviewed every ten years. The last inspection concluded the asbestos problem must be solved resulting in the bond sale.

Jim said the Meizer school might be the first school which will undergo repairs. Because interruption of classes might result from the work, it is possible the school will wait until summer-time before undergoing the asbestos operations. He said it is conceivable work might take place during the school year which could result in students being transferred to Meizer temporarily.

## District 63 ... Continued from Page 1

presented to board members no teacher will earn less than \$22,000 a year including those with a bachelor's degree and 0 units accrued through tenure, additional education, etc.

Highest paid teachers will earn about \$36,000. They have a master's degree plus additional units.

Board members approved a \$63,000 salary for Dr. Donald Bond, superintendent of schools. Bond is serving a third year of his contract with the District.

Also receiving increases are administrators, secretarial staff, custodians and others.

In other action, board members approved hiring of 44 lunchroom supervisors, an increase of 17 more than last year. Dr. Donald Stettina, assistant superintendent, said a study completed last year indicated that 44 would be the optimum supervisory ratio.

James Bowen, business manager, said the budget will have to be amended to include \$66,000 in salaries for the supervisors because only \$29,000 was previously budgeted. When asked why additional salaries had not been included in the budget, Bowen said, "We forgot."

In construction, board members approved bids for three contracts to the Polonia Construction Co.

Dr. Lenore Page supervised a presentation on the history of computers in the District. The District now has 106 Apple computers having begun with only four computers, or one in each school.

Teachers Norma Friedman, Viola Stanton, Luke Allen, Jay Smith and principal Patricia Johnson presented a new computer curriculum guide to board members and explained goals for students in kindergarten through eighth grades. Also working on the guide but not present was teacher Lynn Shevelenko.

Board members also approved \$10,000 for payment of additional mega byte storage to the computer in the Educational Service Center.

Also, board members approved obtaining bids for a new washer and dryer in Gemini junior high

school and a sound system in Mark Twain school. The Twain PTA has offered to pay \$2,500 toward the sound system.

Board members also discussed whether or not a new sound system was needed during school board meetings if held in the Educational Service Center of Galaxy Theater in Apollo junior high school, next door to the ESC.

Bond announced a Candidate's Night for candidates to the school boards of District 63, 207 (high school) and 535 (Oakton Community College) will be held in October.

He also said persons interested in serving on a State-wide committee for school district reorganization should apply to the District for possible nomination. Plans drawn up by the committee are, according to law, to be submitted to the public in a referendum.

## David Dolinsky

Newly promoted Spec. 4 David Dolinsky, son of Carolyn F. Jacobson and stepson of Robert Jacobson of 9601 N. Tripp, Skokie, has been decorated with the Army Achievement Medal at Fort McClellan, Ala.

The Achievement Medal is awarded to soldiers for meritorious service, acts of courage, or other accomplishments.

He is a 1982 graduate of Niles North High School, Skokie.

## Shopping Center ...

Cont'd from Niles/MG. P.1  
2,000 square feet, Doerner said, adding the proposed third building would be constructed at the rear of the property.

He explained the small shopping center would have tenants who had been "ousted" from the Golf Mill shopping center. "Many of the merchants there moved out because they could not afford the increase in rentals due to renovation of the shopping center," he said. "However, they still want to do business in Niles."

Doerner went on to say some of the former Golf Mill merchants have indicated interest in renting space at the proposed shopping facility and unveiled plans for a boutique dress shop, gift store or similar businesses. "I have been at the Golf Mill location for 22 years and don't plan to move out. However, I will use the proposed building as a goldsmith shop... if the variation request is approved."

He added the extra space was needed to accommodate the third building. "The idea is to preserve small businesses which want to operate in Niles."

A Courtland St. resident said the proposed retail center would abut the residential area on the east. She expressed concern over lighting in the center and long business hours which could create a nuisance problem to residents.

Doerner said business hours would probably be similar to the Golf Mill Shopping Center - 9:30 a.m. to 6 p.m. or 9 p.m. and Saturday and Sunday, 9:30 a.m. to 5 p.m. Low lighting fixtures would be installed in the parking area and a six-foot wooden fence would screen the retail center from the residential area, he said.

Commissioner Angelo Troiani noted the variance requested was "major" with the reduced parking capacity posing problems. "There would be no place to pile snow, and garbage trucks need space for access to dumpsters on the property. Customers may find it difficult to park and businesses would suffer in the long run," he said.

Salerno reminded the board that it was to consider (an item on the agenda) changing the size of parking spaces... now 9 1/2 by 20 feet... required by village ordinance. If the change was approved, he said, the developer could pick up additional space for snow dumping and provide room for trucks to maneuver on the property.

Following a board discussion, Troiani made the motion to approve the request subject to landscaping amenities in the parking area, erection of a fence and enclosed dumpsters.

**\*SAVES UP TO 45% ON GAS BILLS**

**AND REMEMBER... GAS: YOUR BEST ENERGY VALUE!**

\*Annual Fuel Utilization Efficiency rating as determined by Department of Energy testing standards. The higher the percentage, the more heat you receive from the same amount of fuel.

- LENNOX provides cold weather comfort at 97% efficiency
- More Heat, Less Waste!

If your present Gas Furnace is over 10 years old, it is probably in the range of 55% to 60% efficient. Therefore, probably as much as 45% of your heat is vented outdoors (and 45 cents of every heat dollar you spend is wasted).

• The LENNOX PULSE FURNACE is up to 97% efficient with only 3% heat loss due to combustion venting. Some heat loss is inevitable, but why continue to lose 45% when you can cut that heat loss to a minimum of 3%?

### ND Youth Band offers music instruction classes

The Notre Dame Community Youth Band, operated through Notre Dame High School for Boys, is setting up new beginning classes for those grammar school students in the area with the desire to learn a woodwind, brass or percussion instrument. The purpose of our program is to offer an opportunity to students of schools not supporting their own band programs, to be able to participate in a community-type band and share in its various activities. Boys and girls, in grades four through eight, are eligible to participate.

All interested parents and students are invited to an annual Band Orientation and Registration Evening on Monday, Sept. 16, at 7:30 p.m., in the Notre Dame High School cafeteria. The school's address is 7655 Dempster, Niles.

No prior experience is necessary, since the students are started at the beginning level.

### Theatre Workshop Classes for Adults

### Afternoon of Roses at Botanic Garden

An Afternoon of Roses is planned at the Chicago Botanic Garden on Sunday, September 15 from 1-4 p.m. A short ceremony will take place at 1 p.m. to dedicate the Krasberg Rose Garden, the newest among the Gardens at the Chicago Botanic Garden. 5,000 individual plants representing 100 of the rose varieties best suited for Chicago land's climate will be the focal point of this three acre garden. People's love of roses and this garden's elegant design will surely make this one of the most popular attractions at the Chicago Botanic Garden.

After the dedication ceremony visitors may stroll through the Rose Garden to enjoy the roses and listen to music, view displays about making poulture and drying roses, or make a ribbon rose. Children will enjoy flower face painting. A small fee will be charged for the ribbon rose and face painting. The Northern Chicago and Rose Society will be on hand to answer questions about roses.

A special exhibition of Rose paintings by Linea Frei entitled "Near the Rose" will be presented in the North Gallery of Education Center. The exhibition, which opens September 13 and runs through October 27.

The Chicago Botanic Garden is located in Glencoe on Lake Cook Rd., 1/2 mile east of the Edens Expressway. It is open daily to the public. Admission is free with ample parking on the grounds (\$1 per car parking fee). For more information contact Betty Bergstrom at (312) 835-5440.

### Jazz and Modern dance scholarships

Scholarship auditions in jazz and modern dance techniques will be held September 7, '85, at the Second City Ballet, Chicago's exciting new ballet school, 636 N. Orleans St. in Chicago. The auditions, which begin at 11 a.m., will also offer several ballet scholarships which were not awarded at the school's August 24 audition. Scholarship awards are based on talent and financial need.

### "Arts in the Park" art fair

On September 21, a wonderfully creative festival will take place in downtown Park Ridge. It's the 8th annual "Arts in the Park" art fair at Hodges park, co-sponsored by Park Ridge Recreation and Park District and the Maine-Niles Association of Special Recreation (M-NASR).

Included in this year's festival will be a variety of performing and visual arts. Participants will be able to browse through the art work of dozens of amateur and professional artists. Musicians and mimes will be performing amongst the artwork. "Artstops" where participants can create their own works of art are also featured. Children's artwork from area schools will be on display.

This is an opportunity to enjoy a variety of creative arts in a related natural setting. For additional information regarding the fair please contact Carol Wiechman at 966-5522. There is still available space for artists to display their work.

M-NASR is a cooperative program of the park districts serving the leisure needs of special populations residing in Skokie, Park Ridge, Des Plaines, Morton Grove, Niles and Golf-Maine.

Programs are presented by outstanding cinematographers/speakers who describe their travels and experiences. Each program represents months to years of effort to plan a visit, shoot countless reels of color film, edit the film into a coherent hour-and-a-half, and prepare a narrative for live presentations. Tickets for the seven-part series are available for \$16 (half-price for residents of the Oakton Community College district age 60 and over). Tickets may be ordered by mail (MONNACEP, P.O. Box 367, Skokie, IL 60076). Orders for senior tickets should include proof of age (a photocopy of driver's license, Medicare card, etc.).

MONNACEP is the adult, continuing education component of Oakton Community College, in cooperation with the Maine, Niles and Glenbrook High Schools. For further information, call 982-9888.

### EC Exhibits Art

A collection of large acrylic paintings by Chicago-area artist Daniel A. Byrnes will be on display through Sept. 30 at Elmhurst College, 190 Prospect, in the suburb. The exhibit is free and open to the public and may be viewed in the College Union Building, which is open 8 a.m. to 11 p.m. Monday through Saturday and from noon to 11 p.m. on Sunday.

### Stratford Play Festival Indian Summer Trips

Allen Schwartz, Great Books Discussion leader and chairman of the Contemporary Arts Program at the Skokie Public Library for the past 26 years, announces that there are yet two study/travel trips to the Stratford play festival in Canada.

These trips are open to the general public, and organizations as well as individuals are welcome to make these excursions a part of their group's activities for fall programming. In addition, the earlier trip can be taken for three-hour college credits, on an optional basis.

The dates of the departures are as follows:  
Trip 1-October 2-6, 5 days, 5 plays: King Lear, 12th Night, Government Inspector, She Stoops to Conquer, and The Glass Menagerie. Timed perfectly to see the Canadian Indian summer at its most brilliant; private group meetings with the actors. This tour may be used for three hours of college credit, if so desired.

Trip 2-October 10-13, 4 days, 4 plays, a pre-Comibus day quickie weekend at Stratford for those that wish to concentrate the utmost in play-going in the least amount of time. Plays as above.

Trip 3-September 14 and 15 at the Irish American Heritage Center, 4626 N. Knox. The festival will feature Chicago's best musicians, singers and dancers, performing for the benefit of the Center. There will be cultural exhibits of crafts, historic figures and films about Ireland. Children's activities have also been planned. Admission is \$3 and children under 16 are free if accompanied by an adult.

The fest will be the first of its kind at the newly purchased building currently under renovation. The Center is a not for profit organization established to provide a common place where the traditions and heritage of the Irish people can be passed along. This festival will be the first opportunity to view off the new building and the renovation work already done. The Center is easily accessible by the Wilson Avenue exit of the Edens expressway or east of the Lawrence Avenue exit of the Kennedy expressway. For more information, contact the Center at 282-7035 or 439-9439.

### "A Taste of Ireland Festival"

"A Taste of Ireland Festival" will be held September 14 and 15 at the Irish American Heritage Center, 4626 N. Knox.

The festival will feature Chicago's best musicians, singers and dancers, performing for the benefit of the Center. There will be cultural exhibits of crafts, historic figures and films about Ireland. Children's activities have also been planned. Admission is \$3 and children under 16 are free if accompanied by an adult.

MONNACEP Travel Film Series

Tickets are now on sale for the 1985-86 version of the popular MONNACEP travel film series, which includes scheduled armchair visits to India, Sweden, England, Bermuda, Australia, South America and Hawaii.

The series is scheduled to begin on October 9 with "Pageant of India." Film series programs are conducted monthly, on Wednesdays, at 8 p.m., in the 1,350-seat auditorium at Maine East, Dempster St. at Potter Rd., Park Ridge.

Programs are presented by outstanding cinematographers/speakers who describe their travels and experiences. Each program represents months to years of effort to plan a visit, shoot countless reels of color film, edit the film into a coherent hour-and-a-half, and prepare a narrative for live presentations.

Tickets for the seven-part series are available for \$16 (half-price for residents of the Oakton Community College district age 60 and over). Tickets may be ordered by mail (MONNACEP, P.O. Box 367, Skokie, IL 60076). Orders for senior tickets should include proof of age (a photocopy of driver's license, Medicare card, etc.).

MONNACEP is the adult, continuing education component of Oakton Community College, in cooperation with the Maine, Niles and Glenbrook High Schools. For further information, call 982-9888.

### "Trekks Pursuit"

Mr. Spock fanatics and Captain Kirk enthusiasts are invited to match wits at "Trekks Pursuit," a Star Trek-based trivia game scheduled for Wednesday, Sept. 18 at 6 p.m. at the Skokie Public Library, 5215 Oakton St. This program is open to adults and high school age young adults. Admission is free.

### Divine Word International 'Oktoberfest'

A trip for two to Disneyworld is one of the many raffle prizes to be awarded during "Oktoberfest '85," a food, fun and games benefit for Divine Word International, Sunday, Sept. 15, from Noon to 6 p.m., at 2001 Waukegan Rd., Techny.

Staged on the grounds of the Catholic missionary order's spacious conference and retreat facility, the annual festival will feature German music by "The Alpiners Show Band," an exhibition by the "Sheila Tully Irish Step Dancers, songs by Vince Barlow, raffles, door prizes, silent auctions, bingo and dancing.

Traditional German cuisine, with beer, wine, brats and desserts, will be served throughout the day.

World Alive!, Divine Word's non-denominational museum of peoples, customs and religions of the world, will be open from 11 a.m. to 5 p.m.

First prize in the "Grand Raffle" is a round-trip for two to Disneyworld, including hotel accommodations at the Sheraton World, rental car and admission to Epcot Center/Magic Kingdom.

Scores of additional prizes and gift certificates will be awarded in the hourly raffles and auctions. Children under 12 are admitted free to the Divine Word "Oktoberfest '85" benefit; adults are asked to make a \$2.50 donation. There is ample free parking.

**Niles Zoners...**

Cont'd from Niles-E. Maine P.1  
amending the ordinance to accommodate the reduced parking space size.

In other business, the board approved a special use request to install a 10-foot parabolic dish at 6860 Niles Terrace.

Petitioner Richard Craig told the board he would be able to receive approximately 120 different channels with the system.

"I now have a 6-foot dish and would like to replace it with a larger dish," he said. "With more and more satellites going up... this size is needed for better receiving and there would be less interference problems," he said.

The board said they were concerned that neighbors would object to a large electronic system in the backyard. "Last month we approved an 8-foot dish for a motel and were happy about the size requested. Esthetics have to be considered," said Commissioner Syd Mitchell.

Craig, an engineer with WGN television, said he had polled the neighbors on his block and indicated no objections. "There could be a problem if placed on a roof or front yard. The dish will be in the backyard with landscaping and will comply with village code," he said, adding he would like the option of keeping the 6-foot parabolic dish if the special use request was approved.

**Park garage...**

Cont'd from Niles-E. Maine P.1  
Edmund Dopke, 6964 Niles Terrace, told the board he had no objections to the large dish. "He's had the other dish for a long time and I don't even know it's there," he said.

Commissioner Angelo Troiani noted village residents have cablevision. "Is this system better than cable? Also would people in your neighborhood eventually plug into your system?"

Craig explained the picture quality is better with a parabolic dish because of a strong signal from the Chicago environs for the state-of-the-art system. "As for plug-in concerns, it is illegal to put in feeder lines to other homes for parabolic viewing. It would be a violation of federal law," he said.

The board approved the special use for installation of the parabolic dish subject to engineering and village ordinance and securing a building permit.

In other action, a hearing on a zoning change by Southmark Corp. to permit construction of a congregatE (assisted care) housing facility for the elderly was continued to the Oct. 8 meeting at the request of Attorney Salvatore Tornatore. Tornatore told commissioners that a Southmark vice president, who was familiar with the proposed project, was unable to attend the meeting because he was out of town on his honeymoon.

**MG Legion**

Cont'd from Niles-E. Maine P.1  
three architectural companies under consideration by the park board. The decision was made after park commissioners toured sites built by the architects last week.

Hughes said the new maintenance facility is needed because of the increase in park vehicles and maintenance personnel and the deterioration of existing maintenance buildings at the golf course.

The old storage sheds will be torn down to make way for the new structure. The district is also studying the possibility of moving some of the equipment from Gretnan Heights to the golf course site because of its proximity to the residential area.

**Wheeltran...**

Cont'd from Niles-E. Maine P.1  
completing this a Wheeltran numbered identification card will be issued.

Application forms are now available from Village Clerk Frank C. Wagner, Jr., 7200 Milwaukee ave., phone 647-8433. The cost for a one-way trip, to any of the above villages, is \$3 and is done by purchasing advance coupons after an identification card is issued. Coupons are purchased at the Niles Senior Center, 8060 Oakton, phone 967-6109, ext. 376. Nursing home residents can purchase coupons from their respective nursing homes.

To install the ladies is past president Phyllis Roek, also the immediate past president of the Seventh District American Legion Auxiliary. She will be assisted by past president Lorry Nehart as installing sgt. at arms.

**Park garage...**

Cont'd from Niles-E. Maine P.1  
The Morton Grove American Legion Post #134 and its Auxiliary Unit will hold their 63rd joint installation of officers at 7 p.m. on Saturday, Sept. 14 in the Memorial Home, 6140 Dempster St.

Donald Root, Sr., retiring commander; and Nancy Schueler, president retiring of the Auxiliary, will handle co-chairmanship in planning the event and each give a resume of their year in office.

The Village President of Morton Grove, Richard Flickinger will also address the assemblage. The Post Rifle Squad who will post and retire colors and perform honor guard duties will be led by retiring sgt. at arms, past post commander Joseph Schmidt.

Comet Hintz will lead the ceremonies with vocals. Master of ceremonies is well known civic leader Phil Cancellieri.

Past post commander Edward Martin is the chaplain-elect and will offer invocation and a closing prayer.

Installing Auxiliary color bearers are past president Connie Mahnke and Sally Butler.

To install the ladies is past president Phyllis Roek, also the immediate past president of the Seventh District American Legion Auxiliary. She will be assisted by past president Lorry Nehart as installing sgt. at arms.

**MG Legion**

**joint installation Saturday**

**Niles-MG Rotary offers scholarship applications**

The Niles-Morton Grove Rotary Club has applications available for 1986-87 Rotary Foundation Scholarships. The scholarships are for one academic year abroad, and are available to college students and professional people from age 18 to 50. Application deadline is October 1, 1985.

Rotary Foundation Scholarships cover round-trip airfare, registration, tuition and educational fees, essential books and supplies, room and board, and other specified expenses.

The scholarships, which stress goodwill ambassadorship, are for graduate, undergraduate, vocational and journalism students, and teachers of the handicapped. More than 1,200 scholarships will be available worldwide to the 439 Rotary International districts in 159 countries and geographic regions. Five scholarships will be available to the 47 Rotary Clubs in northern Illinois.

During their study year, Rotary Foundation scholars are expected to share their culture and broaden their understanding of others in an active program of people-to-people diplomacy.

For applications and additional information, contact Mr. John Graham, 965-6200.

**Student completes EC Management Program**

The following student recently completed the Elmhurst Management Program, a specially designed format of the Business Administration major at Elmhurst College, according to an announcement by Dr. Thomas W. Fauquet, director of the College's Division of Continuing Education. She was Kimberly Sweeney of Skokie.

1) You must be 65 years of age or older during the year for which you are applying.

2) As of January 1st of the year in question you must either own the property or have a lease or contract which makes you responsible for the real estate taxes.

3) As of January 1st of the year in question the property must be your principal residence.

If you wish to file in person at the Niles Township Assessor's Office, your documents indicating the following will be examined, copied and returned to you at the time you file.

You must provide us with:  
**PROOF OF AGE:** Birth Certificate, Baptismal Certificate, Naturalization Papers, or Social Security Form SSA-2459 showing date of Birth. NOTE: Married women submitting a document with their maiden name as proof of birth must also include a **MARRIAGE CERTIFICATE** to show the change of name.

**PROOF OF OWNERSHIP:** Warranty Deed, Quit Claim Deed, Torrens Certificate, Trustee's Deed, Deed in Trust with Trust Agreement, Executor's Deed, Owner's Title Policy (Schedule A), Proprietary Lease with a Tax Clause, or Articles of Agreement to Purchase with a Tax Clause. NOTE: Trust Deeds (Mortgages) and Release of Trust Deeds are not acceptable.

**RECENT REAL ESTATE TAX BILL:** This will verify the Permanent Index Number of the residence for which you are seeking the Exemption.

If you have any questions, please call the Niles Township Assessor's Office at 673-9300 or visit us at 5255 Main St., Skokie, Illinois.

**Senior Citizen Homestead Exemption Information**

Senior Citizen are now eligible for a Homestead Exemption during the year in which they turn 65. They no longer have to wait another year as was the situation with the Homestead Act prior to 1984. The Homestead Exemption has also been increased from \$1500, which it was prior to January 1st, 1984, and is now \$2,000. However, this benefit will not be reflected on a Tax Bill until the Second Installment is due in the Summer of 1986. Therefore, the 1985 Homestead savings will not be received until the 1985 Tax Bills are paid in full with the Second Installment in the year 1986.

The Senior Citizen Homestead Exemption provides tax relief by reducing the equalized assessed valuation of an eligible residence by \$2000 which can result in a tax savings of as much as \$200. This savings is in the form of a deduction on the Second Installment of the Real Estate Tax Bill.

To be eligible for this exemption you must fulfill the following requirements:

1) You must be 65 years of age or older during the year for which you are applying.

2) As of January 1st of the year in question you must either own the property or have a lease or contract which makes you responsible for the real estate taxes.

3) As of January 1st of the year in question the property must be your principal residence.
