sought awards in 17 categories. The Bugle tied for third place with the Winnetka Talk. Besser wrote the editorial which appeared in the January 24, 1985 edition of The Bugle. It

concerned an orderly at a local nursing home who was arrested and charged with criminal sexual abuse. Besser wrote because of "appalling behavior by the nursing home, routinely slow action

by the State's Attorney's office, and lastly, justice is not expected to be done, as officials believe the orderly, who officials believe raped the woman, will be found

School board seats, library referendum up for vote

From the Left Hand

by Bud Besser

We've got our hokey side like many others.

Through the years we've sneered and snickered at people who win awards. We've spent a lot of overtime sneering at newspaper people in particular who become award-winners. What we thought made them suspect is they sought the awards. They initiate the effort by submitting their work to a group of judges who then announce which work they believe is superior.

Here's where our hokey side is exposed. Last Friday Diane Miller and I went to De Kalb to accept an editorial award from the Northern Illinois Newspaper Association for an editorial written by Bob Besser. At our table were four Arlington Heights newspaper people. They were winning award after award. Their managing editor told us they have more than 100 people working in their editorial department. It gave us pause to re-consider our award. The Bugle, with 3 editorial people and 3 stringers (free lance reporters) walked off with one of the awards. Up against the largest circulated weeklies in northern Illinois we fared well.

Along with school board elections, people will have the opportunity to vote on a Niles Library District referendum dealing with annexation.

Residents in three unincorporated areas of Glenview will be voting for or against annexation to the district. In order for the annexation to take place, a majority vote is needed from residents in the existing library district and areas to be annexed.

The affected areas are three parcels of land, south and west of Glenview in Northfield and Maine Townships. Residents there have been paying non-residents' fees to receive Glenview library services.

The Niles Library District wishes to annex the unincorporated areas it has served under a State grant "Project Plus"

Educational Reform Act may influence school programs

District 63 Board studies goals and objectives

Board members, in discussion of the annual "Goals and Objectives" report for East Maine School District 63, stated concerns about how the Administration's Program of Work may be influenced by the recently enacted Illinois Educational Reform Act.

Dr. Donald Bond, school Superintendent, said one section of the "goals and objectives" would concern the District's bringing its program into conformance with State guidelines.

The guidelines, sketchy to date, encompass the following issues: parent/teacher advisory committee on student discipline; pupil transportation reimbursement; background checks on personnel and a reading improvement program.

Other issues are pupil learner objectives and assessments; staff development; State-funded summer school and a comprehensive art program.

Also to be included will be a math/science grant; possible school reorganization; and considering of screening and educational programs for 3-5 year olds.

At one point in the meeting, James Bowen, business manager, said "The problem with this whole Educational Reform Act is that there are so many ramifications to it."

Board members questioned whether the State will request tests other than those in use for evaluation of student progress. The Administration reported no indication has been made that current SRA tests will be replaced.

In compliance with District objectives, the Administration reported that a new report card is in existence and being evaluated for use at the junior high school level.

Summer school, which may be funded in whole or in part by the State under the reform legislation, was considered by board members to be desirable for both gifted students as well as those needing help.

Also included in District objectives will be after-school tutoring for pupils needing help two Mondays a month by District

TOPAZ
Topaz is this month's birthstone. The golden Topaz is the most familiar of all the Topazes. Topaz comes in all colors. Topaz can be found in large sizes. They've been known to weigh several hundreds of pounds. The Smithsonian Institution has been known to cut Topazes of several thousand carats. Today's most important suppliers are Brazil, Burma and Russia.

The name Topaz most probably derived from the name of an island in the Red Sea, now Zebirget, formerly Topazos. Topaz in the 13th century was worn as a necklace to dispel enchantment, they also used the gemstone to cure asthma, insomnia and burns. The Topaz powers were subject to the moon changes. Topaz is an emblem of friendship, and ensures long life, intelligence and beauty to its wearer.

Beldon Baptist sets family concert

The Harrington Family will perform in Sacred Concert at 6 p.m., Sunday, Nov. 3 at Beldon Regular Baptist Church, 7333 Caldwell, Niles.

Dick and Marcia Harrington have been singing together since high school. Growing up in Grand Rapids, Mich., they had the privilege of being on the Children's Bible Hour gaining valuable experience and training.

After singing together during Youth for Christ rally days, they continued their musical training in college; Dick at the Grand Rapids Baptist College and Marcia at The Moody Bible Institute. From college, they served in several churches as youth and

music director still blending their voices in praise to the Lord.

While Dick was on the staff of a large Christian school in Florida from 1972 to 1981, he and Marcia went on three different summer concert tours. After serving on the staff on a church in Florida in music from 1982 to May 1984, they started the concert ministry full time. Since June 3 of 1984, they have ministered in over 85 churches. However, they now have two new additions to their concerts, their son, Steve, who is 15, and their daughter, Stacie, who is 9. Steve and Stacie sing duets together, Steve also plays the cornet, and Stacie blends her voice together with both her Mom and Dad.

Scouts plan Popcorn Sale

Richard Duerr, Popcorn Chairman of the Northwest Suburban Council, Boy Scouts of America, has announced that the Northwest Suburban Council will sell Trail's End Gourmet Popcorn November 1 through 24, throughout the northwest suburbs. Proceeds for the Council-wide sale will be used to benefit the Scouting activities of the local Council, as well as individual Scouting units.

Duerr indicated the sale of a product by the combined Scouting organization was prompted by a growing need for supplemental income to finance Scouting activities of the local Council, as well as individual Scouting units.

Trail's End Gourmet Popcorn was selected because it is a quality product with wide appeal. Popcorn is a great tasting, fun-to-make, wholesome, nutritional snack that the whole family can enjoy.
