Citizens Coalition plans rally on O'Hare noise

by Sylvia Dalrymple

Niles is among suburban communities which will be represented at a Public Rally concerning O'Hare Airport noise at 2 p.m. Sunday, April 13 at Fenton High School, 1000 W. Green St., Bensenville. The rally is being sponsored by the Suburban O'Hare Citizens Coalition (SOC).

More than 100 major political leaders have been invited to attend to discuss jet noise and toxic air pollution with an expected audience of 3,000 citizens in the

high school fieldhouse.

Reportedly, people living in communities surrounding O'Hare intend to make noise and pollution a major issue in the November election. To emphasize this issue, the rally will be held on Page 24

Fire destroys Morton Grove food store

A two-alarm fire broke out at Elster foods, 6231 Dempster st. in Morton Grove on Tuesday, March 25, causing \$500,000 damage to the building and \$200,000 to contents in the store which sells bulk foods. Firemen from nine fire departments including Morton Grove, Niles and Skokie spent four hours fighting the flames before extinguishing them. No one was injured. Other departments responding were Park Ridge, Glenbrook, Evanston, Glenview, Wilmette and North Maine Fire Protection District. All are members of MABAS (Mutual Aid Box Alarm Association). School merger plan still under scrutiny by state

by Sylvia Dalrymple

Recent action by the state legislature in modifying the school reorganization plan is raising questions on whether the issue is dead among local school officials.

State Schools Superintendent Ted Sanders has publicly stated that regional groups will continue to study consolidation even though legislators deleted guidelines concerning school mergers.

Early in March, the state legislators dropped guidelines that would have set consolidation of elementary school districts that have less than 1,000 school population and high school districts with 500 students. Also eliminated was a provision requiring an elementary school district to lie within only one high school district.

The education reform law was proposed to allow for better programs and cost efficiency.

"See You in Court!"

Do you know your rights? If you are a high school student or the parent of one, you will be particularly interested in a panel discussion, "See You In Court," sponsored by the PTSA of Niles West High School, Wednesday, April 9, at the High School, Oakton at Edens expwy., Skokie; Room 140, 7:30 p.m.

The panel including a local judge, lawyer and Niles West students will discuss the rights, protection and responsibilities of high school age students under the law, according to Program Chairman Ruth Blonder.

NW Italian dinner dance

The Northwest Italian-American Society is pleased to announce their upcoming dinner dance celebrating their 19th year. The event will take place on April 5 at the Villa Toscana, 6211 Lincoln Ave. in Morton Grove. Cocktails at 6:30 and Dinner at 7:30.

There will be a 7 course dinner and entertainment.

Tickets are only \$35, per person and may be obtained by contacting Secretary Nick Gargano 823-5009 or Todd Bavaro, Dance Chairman.

Townships to rally for Federal \$\$\$

"If Congress kills General Revenue Sharing, it will be a shot heard 'round the nation. Hundreds of senior citizens, disabled residents and disadvantaged youth - local revenue sharing beneficiaries - will rally April 3 to save this vital program," said Paul K. Halverson, president of the Township Officials of Cook County (TOCC).

The rally will begin at 5 p.m. in Brigante's Restaurant (at Dempster and Potter rds., Des Plaines). Members of Congress representing Cook County have been invited to respond to the expected crowd of at least 300 people who will voice their concern about the future of General Revenue Sharing. National, state and local figures will make special presentations. Jeffrey H. Schiff, acting executive director of the National Association of Towns and Townships (NATA), will bring the latest news on the program from Washington. He will also describe a national strategy for saving revenue sharing. George H. Miller, executive director of the Township Officials of Illinois and immediate past president of NATA, will tell the crowd how the state association will work through NATA to Continued on Page 24

Leitz family honored by League

The Niles Baseball League is proud to announce that its Jerry Niedermaier Award was recently presented to the Leitz family - Ralph, Marilyn and Brad - for their years of dedicated service to the league.

The Jerry Niedermaier Award is presented annually for outstanding service to the Niles Baseball League in the spirit of sportsmanship and dedication demonstrated by Jerry. Jerry had been a manager and coach and was a member of the NBL Board of Directors when he passed away quite suddenly in September of 1982.

The Leitz family became the third recipient of this award. The inaugural award was presented in 1983 to the Breitzman family. The award was presented in 1984 to John Imber.

The Leitz's have been active in the league for many years, at many levels. Ralph has been a manager, league chairman, umpire chairman and board member. He also served the league in

Norwood Federal to hold "Senior Prom"

The Senior Connection Club of Norwood Federal Savings has planned a "Senior Prom" for Sunday, May 25, 1986 at the Navarone Club in Elk Grove Village. Those attending will have the opportunity to dress-up in their elegant ball gowns or dapper suits, although any cocktail attire is acceptable. Corsages and boutonnieres will be presented to all at the entrance.

Buddy Black, host of Channel 7's "Prime Time" segments, will be the emcee for the event. In addition, songs popular in the 30's, 40's and 50's will be played by Mr. K. and Company.

The highlight of the afternoon will be the selection of a Prom "Queen" and "King", who will reign over all their subjects for remainder of the day.

The cost of the entire outing is \$21.50 which includes deluxe motorcoach transportation, a sit-down luncheon, a raffle and musical entertainment. For further information, contact Marge Martin at 775-8900. Early reservations are recommended.

Norwood Federal's main office is located at 5813 N. Milwaukee Ave., in Chicago. Branch facilities are operated at 5415 W. Devon and 6205 N. Northwest Highway in Chicago, 980 N. Northwest Hwy in Park Ridge and 3220 W. Glenview Rd. in Glenview.

Lecture on exercise for the elderly

"It's Never Too Late to Start: Exercise for the Elderly" will be the topic of a free community lecture sponsored by the Gottlieb Health & Fitness Center. The lecture will be held at 7 p.m. on Thursday, April 10 in the Gottlieb Professional Building, 675 W. North Ave., Melrose Park (next door to Gottlieb Memorial Hospital).

The speaker will be Dr. Dragan Kovic, a Gottlieb staff cardiologist. The lecture will cover the benefits of exercise for the older adult - what safety precautions should be taken, the best kinds of exercise activities and the proper way to start a program. Refreshments will be served.

Speaking Of The Library

by Duncan J. McKenzie Administrator

We had real cause to celebrate at the library last week. And, incidentally, so did the public of the library district. It was a first for us.

Not too long ago the Niles Chamber of Commerce had an awards luncheon honoring 25 year members of the Chamber. Our celebration was somewhat similar. One of our employees reached her twenty-fifth anniversary with the library; a first in the library's history.

To appreciate the significance of this milestone, one has only to review the history of the library. For you see, the history of the library very nearly parallels that of our employee.

Our library began as a dream, and the dream became a reality when on April 13, 1958, the Woman's Club of Niles issued the first borrower's card. The library, operated then by volunteers, was housed in the Grennan Heights Field House.

The dream soon changed to one of a better library, and on April 18, 1959 a referendum was passed to establish the library as a tax supported Library District. In the fall of that year the library was moved from Grennan Heights Field House to a store front near the corner of Oakton Street and Waukegan Road, and the first full time professional librarian was employed.

Then, on March 1, 1961 Florence Lang began working at the library. She began as a part-time employee and transferred to full-time six months later.

Florence was onboard when land for a new library building was purchased on April 29, 1964 and on July 25 the same year a bond issue of \$575,000 was passed by the voters of the District for construction of a library building. With a Federal Library Services and Construction Act Grant plus substantial gifts from the Niles Days Committee and from the Friends of the Library, construction and equipment funds reached an amount sufficient to build and equip the library. Construction began in the Fall of 1965, and the new building opened on September 7, 1966.

Florence was on hand for that opening. And for the next twenty years she helped develop our program of service. She was and is one of the first staff members our patrons meet when they come in to the library. Ever polite, ever courteous, Florence has helped to promote good library relations with the public.

Maine Township High School District 207 may band together with as many as 60 other school districts in Illinois to create an insurance liability pool to provide coverage for athletics and intramurals according to Donald E. Kenney, assistant superintendent for business for District 207.

Kenney is serving on a steering committee that is seeking to develop an athletic liability insurance pool scheduled to be in operation by July 1. "Many brokers and attorneys are concerned about the diminishing availability of liability coverage for athletic programs," said Kenney. "The insurance pool could very well offer the only liability coverage for athletic programs available when policies come up for renewal on or about July 1."

According to Kenney, the steering committee is developing a pool that will cover not only athletic participation, but physical education and intramural participation as well. "This may be necessary because many insurance policies are also beginning to exclude intramurals from general liability coverage along with athletics," he said.

District 207 began experiencing problems with insurance coverage mid-way through the 1984-85 school year. At that time

the district received notice from its insurance carrier that the district's insurance program would not be renewed when the plan expired on June 30, 1985. After six months of an unsuccessful search for another carrier, District 207 joined CLIC, an insurance pool of approximately 50 school districts managed by Arthur J. Gallagher, an insurance broker. District 207 was able to find adequate coverages through Gallagher with some reductions in coverage and with tremendous increases in premium costs, according to Kenney.

"For instance, the premium for workman's compensation went from \$65,408 in 1984-85 to \$185,054 in 1985-86 - an increase of 183 percent when total claims for the last three years were less than \$20,000 per year," said Kenney. "The premium for school board professional liability coverage went from \$2,362 for two million dollar coverage plus a \$15 million umbrella to \$15,177 for only five million in coverage with no umbrella available."

These increases in liability and workman's compensation premiums to school districts such as Maine Township are passed on to the local taxpayer through the school district's Tort Immunity

A brighter day for seniors

Spring has arrived early for Mary Seat of Wisdom confirmation students and residents at Ballard Nursing Center.

Sixty children, 13 years of age, have spent their Saturday mornings in January and February at Ballard Nursing Center.

The adolescents arrive and are assigned a specific resident. Each resident and confirmation student is given time to get

acquainted. Mary Seat of Wisdom young adults then join the residents in a planned activity.

Letters are written by each confirmation student to summarize experiences they have shared and knowledge they have gained. One child stated, "Thank you for letting me feel the joy in helping and listening to some of your elderly residents".

Eileen Slagis, Mary Seat of Wisdom co-ordinator and Marla Costello, Ballard Nursing Center's activity director awarded certificates of appreciation to each adolescent.

We are delighted to continue our efforts with our intergenerational program.

BLOOD PRESSURE CLINIC
The pressure that the heart must exert in order to pump blood through the body is expressed in two ways, the systolic and diastolic blood pressure. Systolic pressure is recorded when the heart contracts while diastolic pressure is taken when the heart is resting. The lower the pressure the easier the work of the heart. The pressure is expressed in millimeters of mercury (mmHg). The pressures are usually higher when standing as opposed to sitting; when taken on the left arm as opposed to the right; and during periods of emotional stress as opposed to relaxing times. As people become older, fatter, less active, and continue smoking, they may find increases in blood pressure. Elevated resting blood pressures (hypertension) can be caused by hereditary factors and poor eating habits. In order for the numbers to become meaningful, blood pressure must be measured regularly by experienced personnel. Often commercial devices found in business establishments become inaccurate through lack of calibration and public abuse. The Morton Grove Village Hall Senior Center will be screening residents for blood pressure from 9 to 10 a.m. on Tuesday, April 8.

ADVISORY COMMISSION ON AGING
All Morton Grove senior citizens are invited to attend the April meeting of the Advisory Commission on Aging at 1 p.m. on Tuesday, April 8. The Commission will discuss pertinent issues and problems facing senior citizens of the Village.

AURORIS DANCE SHOW
Membership in the Niles Township High School Senior Citizens Club will allow free entry into the Niles North "Auroris Dance Show." This special matinee performance for seniors only will be held at 1:30 p.m. on Thursday, April 10 in the school auditorium at Old Orchard and Lawler aves. in Skokie. Call 673-8900 to reserve a seat since seating is limited. For information about club membership phone 673-8822.

TARGET HEALTH FAIR
A phenomenal and inexpensive method for all residents to keep a finger on the pulse of their personal health is by taking a walk through the Morton Grove Target Health Fair on Saturday, April 12 in the Prairie View Community Center. Any of the following screenings are available: coronary risk profile, blood pressure, body fat, dental/oral, glaucoma, hearing, height/weight ratio, colorectal, foot, and visual acuity. Time reservations are required by calling the Morton Grove Department of Health & Human Services at 965-4100, ext. 254.

APRIL 12 DEADLINE
As the income tax filing deadline approaches, Morton Grove senior citizens may still be perplexed about the state and federal forms, figures and filing status. Help is available during a free session with a trained Volunteer Income Tax Aid. Appointments can be made by calling the Morton Grove Senior Hot Line at 965-4658, any weekday morning from 9 a.m. to noon.

For additional information about these and other senior services, call Ralph Birmingham at the Morton Grove Senior Hot Line weekdays 9 a.m. to noon at 965-4658, or Bud Swanson, director of senior services at the Village Hall, 965-4100.

Free income tax assistance for seniors

Federal Income Tax help is being provided free of charge until April 11, 1986 to elder residents, the handicapped, and low income families through the coordinated efforts of the Office of Human Services and AARP. Volunteer tax aides will do

returns for people with personal or basic income only from dividends, interest, pensions, part time or full time employment or sale of a residence, who are U.S. citizens. Persons making appointments must bring last year's tax return. The tax aides cannot assist persons who are self-employed, or who have business income, income from rental property or gain or loss on the sale of income property. The tax aides have received training under the Internal Revenue program with AARP and are familiar with the tax problems and tax benefits for older persons. This service is provided at the Albert J. Smith Activities center, Lincoln & Galitz, Skokie. Please call 673-0500, ext. 338, 335, or 208 for the required appointment.

Harlem Irving supports Kids ID program

Harlem Irving Plaza invites parents of children between the ages of 3 and 14 to bring them to the center Saturday, April 12 for fingerprinting and videotaping. Provided as a free community service, printing and taping will take place at the north end of the mall near Northwestern S & L from 10 a.m. to 5 p.m. at the center located at Harlem Ave., Irving Park, and Forest Preserve Drive.

With the consent of the child's parent or legal guardian, fingerprints will be taken by a Norridge Police Officer and immediately turned over to the child's parents to take home to keep as a record and hopefully never to be needed. It is a parent's option to release these prints to law enforcement agencies should ever there come an emergency need for identification.

Parents are also encouraged to bring with them a blank VHS video tape so they can take advantage of the free videotaping identification option that will also be available through the cooperation of the Norridge Police Department. The Plaza's mascot, Happy Hippo, will also be on location to greet the children while they wait.

Harlem Irving Plaza is supporting this event in cooperation with a nationwide child identification program launched by the I.C.S.C. Int'l Council of Shopping Centers. The Plaza will be among nearly 5,000 shopping centers in the U.S. and Canada joining together with one common goal, to be of public service in the name of child safety! It is also the goal that, thru this massive undertaking, over 12 million children across the country will be fingerprinted through April 7 - 13, the week nationally designated as Kids Safety Week.

Wedding Bells

Drehobl-Ruzkowski, Jr.

Mr. and Mrs. Richard Drehobl of Niles announces the marriage of their daughter, Kim, to Jerry Ruzkowski, Jr., son of Mr. and Mrs. Jerome Ruzkowski, Sr. of Mt. Prospect.

The bride-to-be is a graduate of Oakton Community College with a two-year degree in early childhood education. She is a general office worker for the family-owned business, the Georgia Nut Company.

Her fiancé is a graduate of St. Mary's College and received a degree in mathematics. He is employed as a claims adjuster for General Motors.

An October wedding is planned.

District 207 pre-school registration

Applications are now available at the three high schools in District 207 - Maine East, Maine South, and Maine West - to register children for two-hour preschool classes to be held at each of the schools during the first semester of the 1986-87 school year. The classes, conducted by junior and senior students under the direction of a certified child development teacher, are part of the "on-the-job" training program of the child care occupations course offered by the high schools allow child care occupations students to observe the growth and development of young children and to gain experience in supervising their activities.

Ten to 18 children of preschool age will be enrolled in each session. To be eligible for acceptance, children must be between 3½ and 4½ years of age by September 1, 1986.

The programs at all the schools are similar, but vary regarding times and days on which they meet. A letter accompanying the application form will explain the specific program at the individual school. The forms will be available in the main office of each school. Applications will be accepted until May 10.

All those applying for enrollment will receive notification early in June of the acceptance of their children. A \$75 registration fee is charge to defray the cost of supplies and refreshments.

Legion Auxiliary past presidents meet

In their usual bi-monthly meeting, the past presidents of the Morton Grove American Legion Auxiliary Unit #134 met at the Morton House Restaurant in Morton Grove.

A former leader of the group rotates performing hostess duties. In this vein, Mrs. Alyce Campanella of Morton Grove, was the chairman handling details for the day.

Mrs. Campanella chose the site, issued the invitations, furnished prizes and snacks for the afternoon of cards. The card playing followed a short business meeting and luncheon.

Alyce Campanella remains active with the Auxiliary Unit, and in fact, is the current co-Rehabilitation Chairman, a chairmanship she has held in the past. As a hospital representative, she visits Hines VA periodically, furnishing comfort items for the former servicemen now confined there and assisting in helping the vets in whatever manner her committee is able to. Bingo parties are held frequently also, for the men's pleasure, with the Unit supplying cash and merchandise prizes to the winners.

off the Niles Police Blotter

Police checking possible capsule tampering complaint

Niles police are investigating the possible tampering of a package of cold capsules purchased by a Glenview resident at a Niles drug store on March 14. According to Lt. Ray Giovannelli, the man became ill after using Contac cold capsules

over a two-day period. "We are looking into the matter to learn whether the pills were tampered with," he said. George Vorrias, 45, of Glenview, told police that he purchased the Contac package to relieve a cold on March 14. The next day, the victim took one capsule in the morning and one at night. The following day (March 15), Vorrias took one capsule in the morning and another at noon. He then began experiencing pain in his abdomen, he said.

Vorrias, who owns a restaurant on the Chicago-Niles border, said he paid a visit to his doctor who gave him pills to relieve his stomach pains. "The pills worked but I still feel a little pain now and then," he said. Giovannelli said the capsules

were inventoried and sent to the Northern Illinois Crime lab for analysis. "We are still waiting for the report and the findings will dictate what course of action to take, if any," he said.

According to a County Health Department spokesman, Contac, Tolonin and Dietic products were ordered off the shelves by the state and county health departments on March 21 at the request of the Food and Drug Administration. According to the spokesman, the FBI is investigating an extortion case concerning tampering of the three products.

The action followed an anonymous phone call relating to extortion threats to Chicago, Orlando, Fla. and Houston, Texas, linked to "tampered-with capsules," the spokesman said. "These products were removed for precautionary measures until the investigation is completed."

Bear bites employee cleaning animal's cage

Brian P. Smith, 17, of Glenview was bitten by a bear while he was preparing to clean its cage at Animal World, Milwaukee and Harlem, Niles on March 27.

According to Niles police, the employee entered the cage and allowed the animal to smell him which he had done in the past. However, the bear bit the victim in the right leg knocking him down," according to Det. Dean Strzelecki.

While attempting to protect himself from the bear, he was bitten a second time on the right arm. The animal then went to a corner and the victim fled the cage.

Smith was taken by **Liquor thieves apprehended by police**

Police responded to a theft report at a liquor store in the 7200 block of Dempster st. on March 25.

Upon arrival at the scene, police learned the two offenders fled in a car and drove east on Dempster. They also received a description of the culprits from store employees.

The car was spotted eastbound near the Edens expwy. and a stop was made. The two occupants answered the description of the offenders and were placed under arrest. Three children in the car were picked up by their grandfather at the request of police.

Bottle of liquor valued at a total of \$138 taken from the store were found in the back seat of the car. The offenders posted \$1,000 bond and assigned an April court date.

Student finds staple in donut

A student at Nelson School found a staple in a doughnut he had purchased on Doughnut Day held March 17-21 at Nelson School.

The victim's mother told police he had bitten the last doughnut in the box and found a staple in it. An additional box of doughnuts purchased at the school was not opened, the mother said.

Police advised bringing the unopened box and the remaining bitten doughnut to the station. The school principal was also advised to bring in any other boxes of doughnuts left from the sale for inspection.

Nothing was found in the doughnuts and police surmise it was a prank and an isolated incident.

Home break-in

A resident in the 7000 block of Wright Terrace returned home from a visit at her sister's residence to find her house had been broken into on March 22.

The offender ransacked drawers in three bedrooms and dumped everything on the floor. Portable televisions in a bedroom and in the dining room were not removed.

The victim will submit an itemized list of missing items to police.

management to the Med First facility for first aid treatment and upon arrival of his parents was taken to Glenview Hospital for treatment.

According to the victim, he was never informed of any company policy regarding safety measures. A manager of Animal World disagreed, saying the policy is that no one is to enter the cage until the bear has been fed and given water and the cage cleaned under the supervision of the cashier.

Police will follow up with the regular rabies control procedures to ascertain whether the bear had shots.

Reckless drivers arrested

Two Chicago men were arrested for reckless driving on March 25. Police spotted the car northwest bound on Milwaukee ave. traveling at a speed of 90 mph in a 35 mph zone. The car was followed by another vehicle traveling at the same speed. At Touhy ave. and Waukegan, the first car attempted to make a left turn (U-turn) but was hit by the second pursuing car.

Investigation showed the drivers of the two cars were involved in a traffic dispute in the 5600 block of Milwaukee and the chase subsequently ensued.

The two offenders posted their driver's licenses as bond and were assigned an April court date.

Vandals cut phone wires

Persons unknown cut the outside telephone wires of a medical building in the 7300 block of Waukegan on March 26. Damage was estimated at \$150.

A similar incident occurred at the building earlier in the week, according to police.

Home burglarized

A home was broken into in the 8500 block of Madison st. late Friday evening, March 21.

According to police reports, someone broke the glass on the rear side door and reached in to unlock the door. After gaining entry, the offender ransacked drawers and closets in several bedrooms.

Taken was a man's gold watch with a diamond valued at \$550 and two bracelets worth a total of \$155. Damage to the window was estimated at \$50.

Auto burglarized

Replace Your Old Furnace With A New & Efficient Gas

Conservator III

The rising cost of energy has put winter comfort nearly out of reach for many homeowners. But Lennox has a solution.

The Conservator III gas furnace delivers warm, conditioned air at 80% efficiency—a significant improvement over older, less efficient models in the 55-60% range.

Electronic Ignition Saves Gas

Powerlite™ Ignition enables the Conservator III to use gas only when there is a demand for heat. There is no standing pilot light, so more of your gas is used to deliver heat.

I Bet You Didn't Know

By Jim Jennings

Here's an amazing fact about pitcher Dwight Gooden... Of all the big league pitchers in the last 40 years, no one won as many games in their first 2 seasons as Gooden has won... Gooden had 17 victories as a rookie in 1984, and 24 victories in 1985, for a 2-year total of 41 wins.

Who are the 5 highest-paid players in big league baseball for the 1986 season? According to published reports, they are George Foster, Gary Carter, Jim Rice, Ozzie Smith and Mike Schmidt.

One of the greatest comebacks in sports history was the one by the great golfer, Ben Hogan. Hogan was severely injured in an accident in 1949 and doctors said he would never walk again, let alone play golf... But Hogan, with tremendous determination, came back to not only play again, but he won the U.S. Open in 1950, 1951 and 1953, and he won the Masters in 1951 and 1953, and he won the British Open in 1953!

...if you mention this ad after your deal is consummated (but before delivery) Jennings Chevrolet will deduct \$50 from the purchase price of your new or used car. One deduction per customer. One deduction per transaction. Expires 4-3-86. Retail customers only.

SPORTS NEWS Cablevision to offer WrestleMania extravaganza

The worldwide WrestleMania 2 presentation will be cablecast to all communities served by Cablevision on Monday, April 7, it was announced today by Lawrence Greenberg, General Manager of Cablevision of Chicago. Worldwide Wrestling Federation (WWF) fans will be able to experience live a spectacular combination of "never before" matches and thrilling title bouts originating from three locations: Nassau Coliseum in Uniondale, Long Island, Rosemont Horizon in Rosemont, IL, and the Los Angeles Sports Arena.

WrestleMania 2 is a star-studded family-entertainment premium event involving the very top wrestlers in the WWF galaxy, universally-regarded athletes from outside the squared circle and the biggest celebrities in the world of entertainment. Through satellite technology, this exciting event will be available live through Cablevision's pay-per-view technology.

The three originating arenas will each host their own "Main Event" capable of individually carving out a special place in the WWF history scroll. At the Los Angeles Sports Arena, reigning WWF Heavyweight Champion Hulk Hogan will engage in a bitter title bout with the notorious King Kong Bundy managed by Bobby "The Brain" Hoan. The courage, strength and agility of these titan grapplers will be challenged to the limits in a WWF "steel cage" match offered for the first time ever to closed-circuit and pay-per-view audiences. At Nassau Coliseum, the distinctive Mr. T returns to the WWF fold to meet the crafty "Rowdy" Roddy Piper with Cowboy Bob "Ace" Orton as Piper's corner man in a perilous struggle with boxing gloves. Each combat will be guided by "living legends" of boxing,

with former heavyweight champion of the world Joe Frazier counseling Mr. T, and Piper teamed with the irrepressible Lou Duva, manager of numerous boxing notables. One of the most unique forms of all WWF wrestling matches, the Battle Royal, will highlight the action from the Rosemont Horizon in an open invitational 20-man, "over-the-top-rope" competition. WrestleMania 2 will offer its audience two other WWF title matches as well as the evening's many other scheduled confrontations. Randy "Macho Man" Savage, recent winner of the Intercontinental Championship, will defend his belt with the alluring Elizabeth in his corner against George "The Animal" Steele managed by Captain Lou Albano. In addition, a vengeful title match, requiring policing by two referees, will pit the combined skills of the popular British Bulldogs against the reigning Tag Team Champions, "The Dream Team" - Greg "The Hammer" Valentine and "Brutus" Beefcake - with manager "Luscious" Johnny Valiant.

WrestleMania 2, as the direct descendant of last year's original WrestleMania, promises to bring to culmination many of the long standing rivalries and quests for supremacy among WWF superstar talent. This undeniably thrilling event will air on Monday, April 7th from 7-10 p.m. Viewers can witness this special event for just \$15 by calling 383-7280 or Lincolnwood and Evanston subscribers can call 491-6677. Cablevision of Chicago, serving 60,000 subscribers in 30 communities is affiliated with Cablevision Systems Corporation of Woodbury, New York, an American Stock Exchange Company.

Maine East gymnasts named All-Conference

Maine East Captains Marsha Gershfield (r) and Lisa Strazzante (c) along with teammate Felicia Patti, (l) were recently voted All-Conference gymnasts by the CSL South Div. coaches. Patti was automatically selected due to her first place finish in the All-Around, as well as in Vault and Floor Ex. Strazzante was named All-Conference for her 2nd place finish in the All-Around at the Conference meet, along with a 2nd on Floor Ex, 3rd on Beam, and 5th in Vault, in addition to her fine performances throughout the CSL dual meet season. Sr. Gershfield was voted in because of her 2nd place finish on Uneven Bars at the Conference meet, along with being a strong vaulter and all-around competitor at the Conference meet and in dual meets. Coach Betty Axelson was very excited about Maine East gymnasts taking 3 of the 10 All-Conference positions. Strazzante and Patti were also named All-American by the Nat'l. H.S. Girls' Gymnastics Coaches Assn. Strazzante was named All-American in Floor Ex. and Patti qualified for all 5 events. Patti's average in the All-Around for All-American was an 8.95, alone with a 9.17 in Vault, 9.00 on Bars, 9.0 on Beam, and 9.17 in Floor Exercise. Thanks to these three strong competitors as well as other Demon gymnasts, Maine East also qualified for All-American team.

Niles North students donate blood

To help maintain an adequate blood supply at area hospitals, students, parents and staff of Niles North High School will donate blood on Friday, April 18. The drive will be held from 8:30 a.m. - 3:30 p.m. at the high school, Lawler and Old Orchard rd., Skokie. Dan Henrick, Donna Mohrlein and Maria Thompson, coordinators of the drive, urge all students, their parents and school staff to donate.

"Cops for Kids"

Sheriff Richard J. Elrod and assistant chief of court, John Rita, thank the bowlers in the "Cops for Kids" tournament. The 534 bowlers representing 48 suburban police departments and the Sheriff's office raised \$45,000 in pledges for Big Brothers/Big Sisters of Metropolitan Chicago. Taking a break in bowling (l-r) are members of

the Niles Police Department team, Bill Christie, Dean Strzelecki, Sheriff Elrod, Mike Zmina, Todd Bavaro, Carl Kully and Chief Rita at the Super Bowl, Melrose Park. This Niles team was among the top 10 suburban teams to earn a place in the roll-offs April 5.

OCC cagers on All-Skyway Team

Oakton Community College's Karen Wilczewski (left) and GERALYN BERTUCCI were recently named to the All-Skyway Women's Basketball Team of the Skyway Community College Conference. Bertucci, a freshman from Niles and Maine East, led the Raiders in scoring with a 16 points

per game average and a single-game high of 29 against Waubesa. Wilczewski, a Niles freshman from Niles West, finished second in team scoring (13.3) in addition to handling most of the team's play-making duties.

Mite House League Playoffs

As so often happens in the playoffs the regular season records can be thrown out the window because it allows all teams to start all over again with a spotless record.

The fact that the Capitols had only beaten the Hawks once back on Nov. 16, 1985 and that the two teams had combined to score 47 goals in the 6 previous meetings meant nothing as both teams came at each other with a fury determined not to allow the other to score.

Outstanding plays on offense and defense were the order of the day but the outstanding goal tending of the Hawks Bobbie

Grawbowski and the Capitols David Zadwadzki are what kept the teams and their fans on the edge of their seats.

The deadlock was finally broken when Sean Barrert took a centering pass from Peter Skaras, shot at the net and the puck bounced off and over the Hawk goaltender's stick. The Capitols gained a hard fought victory and the right to meet the Blues for the Mite House League Cup.

Congratulations to the Hawks and Coach Roman Panas for a job well done and good luck to both the Capitols and the Blues.

Prairie State Games entry forms

Entry forms for the 1986 Prairie State Games are available beginning Tuesday, April 1, by calling 1-800-THE-GAME, according to Sen. Walter Dudyzy (R-Chicago).

Illinois' Olympic-style sports festival, for amateur athletes of all ages, begins with regional competition during May and June.

Regional winners compete in the finals July 16-20 at the University of Illinois in Champaign/Urbana. Transportation, room and board, and team uniforms are furnished free.

Sporting events include archery, basketball, boxing, diving, fencing, gymnastics, judo, shooting sports, soccer, swimming, tennis, track and field, volleyball, weightlifting, wrestling and a 10-kilometer road race.

Park Ridge Annual Ice Show

David Santee, Park Ridge's own Olympic skating star will skate in the Park District's Annual Ice Show which is scheduled for Friday evening, April 18, at 7:30 p.m.; on Saturday afternoon, April 19 at 2 p.m.; on Saturday evening at 7:30 p.m.; and a final Sunday, April 20 matinee at 2 p.m. Those are the days and the hours when Park Ridge residents will have the opportunity to see the progress made by their young skaters at the Oakton Ice Arena School of Skating Instruction. They will also be enthralled by the skill and grace of the more experienced skaters. Tickets for the Ice Show are available at either the Oakton Ice Arena, 2800 Oakton, or the Park Ridge Leisure Center, 2701 Sibley. Admission is \$4 for adults and \$2 for children. But don't wait as the seating capacity is limited and the tickets go fast.

Oakton's Vodicka wins 10K roadrace

The Bridge To The Future 10K Run was held under sunny skies with temperatures in the low 60's. There was stiff but warm wind out of the north that held the runners back for the first half of the race and then pushed them forward the last half of the race.

Oakton Community College's Junior College All-American Tony Vodicka sped along the paths and trails of Lincoln Park to win by over 30 seconds with a time of 32:18 for the 6-1/4 Mile Race. Sophomore Jim Rubey and

Freshman Bruce Bowser also finished among the top runners in the race.

Coach Pat Savage's 10 Year Old son Danny won the youngsters division as he ran 43:11 for the 10K course. Both Tony Vodicka and Danny Savage were the top runners in the age divisions in the 1985 Chicago Area Runners Association Roadrace circuit. The way both are running now, they should again be the top runners on the circuit for 1986.

Chicago Golf Tour seeks new members

The Chicago Golf Tour is seeking new members for the 1986 golf season. If you are an 18 handicap or under and you wish an alternative form of competitive golf, you should consider the Chicago Golf Tour. They provide the Chicagoland area golfers the opportunity to compete for trophies and cash under tournament conditions. These Sunday tournaments are

conducted at various public golf courses in the Chicagoland area. The first tournament is May 18. Tournaments are usually held every three weeks.

North Central Cager earns letter

North Central College freshman forward Mark McIntosh of Morton Grove has earned a varsity letter in basketball.

McIntosh scored 12 points and grabbed 11 rebounds in 13 appearances this winter for coach Bill Warden. North Central logged a 16-10 overall record and went 10-6 in the College Conference of Illinois and Wisconsin

for share of third place. As a member of the junior varsity squad, McIntosh averaged 18 points and 9 rebounds per game. The JV team ended the season at 9-9.

North Central is an independent, liberal arts college of 1,800 students related to the United Methodist Church.

DEAR EDITOR:

Black cites Sutker for party chaos

Dear Editor:

I want to express my thanks to all those who supported me in my bid for nomination as State Representative, 56th District.

As most people are aware, the Democratic party is in a state of turmoil because of the nomination of two neo-Nazis. We must ask "How could this happen? Who is responsible for this fiasco?"

The main issue of my campaign was no man, no matter how qualified he is, can hold 5 positions with 3 of those positions on the ballot at the same time and expect to do a creditable and effective job in each one. Obviously my point was well taken! The voters were in agreement with my so-called "foolish" and "naive" statements - my opponent was soundly defeated for re-election to the prestigious State Central Committee, and his reign as Chairman of the Illinois Democratic Party will end shortly.

It is the responsibility of the State Chairman to help the State slate to be nominated. Funds of the State Central Committee were used to pay for a mailing for his State Representative campaign when that money, rightfully, should have been spent to inform the voters of the neo-Nazi candidates. How foolish and naive was his statement, before the vote, "I cannot see (fringe candidates) as being meaningful, nor do I consider them a factor of any dimension in this current election."

How foolish and naive were his off-repeated statements to the members of the Niles Township Regular Democratic Organization that they were not to concern themselves with Chicago where he had the full support of every Committeeman, as well as Mayor Washington and Alderman Vrdolyak. Wrong again - his priorities were, as usual, in the wrong place for the wrong reasons.

Granted, Senator Stevenson, the media, and the voters shoulder a portion of the blame for the nomination of the neo-Nazis. However, the major portion of the blame belongs to the now deposed leader of the Illinois Democratic Party, Calvin R. Sutker. How foolish and naive his statement a year ago in the Chicago Tribune, "I'm probably the most credible and most viable Chairman in the history of the State Democratic Party. I can't tell you how much impact I've had on the new identity of the State Democratic Party." These words certainly do not reflect the chaotic condition the Illinois Democratic Party has been in, and is now in, under his leadership.

Once again, my thanks to all the voters who supported me in the Primary election, as well as in past elections.

Respectfully,
Louis Black

Branch library is an asset and credit to Niles

To: The President & Trustees of Niles District Library

Dear Sirs,

We read with great dismay that there is a move to close the Niles Branch library which has rendered a very useful service to the residents of Niles for the last thirteen years for so called financial reasons.

In our humble opinion this is a very short sighted move which would do great injustice to residents of the most developed area (Golf-Ballard, Dempster-Milwaukee and surrounding area) of Niles.

Branch library is the child of the Main library. Any expansion of the Main library at the cost of the branch library sounds like vandalism perpetrated by the mother by eating away her own child as the scorpion eats her own newly borns.

You are aware that the surrounding area of the branch library is thickly populated. There are big stores like Sears, J.C. Penny, K-Mart, Jewel, Dominicks, Butera, and other important stores. There are big schools like East Maine, Gemini and other schools where thousands of students are studying who are benefiting by this library in comparison with the isolated place where main library is situated.

The branch library is centrally situated and easily accessible to most of the public while returning from their jobs. It has a good turnover of books. It has justified its

existence all these years by attracting big numbers of readers, even though with limited resources.

We humbly submit that if more money is needed for Main library expansion, it should be raised by creating more funds or by economizing in the management expenses of the main library.

On no account the branch library should be closed, as it is a useful asset and a credit to the Niles city. This matter requires full consideration from all angles.

Handzel thanks voters

Special thoughts of gratitude to your paper, my supporters, and those citizens who cared enough to exercise their right to vote.

The political activity that flowed from the efforts of the Niles Township Regular Republican Organization and Rabbi Ken Hollander's campaign were most gratifying these past months. They symbolized the growth of Republicanism in the township under the leadership of Committeeman Pat Handzel.

It is a picture of strength that Rabbi Hollander reveals to the residents of the 129 precincts of the 1st House District, and I commend and congratulate him upon his switch to the Republican party and his nomination to represent us in November, 1986.

Also, I welcome his presence in the 50th Ward of Chicago and wish him good health and continued success as he prepares to defeat Alan Greiman in November, and hopefully Mount Prospect resident, Michael Rothman, for 50th Ward committeeman in 1987. The regrowth of the party rests on Hollander's shoulders and the out-of-ward help that he has on his staff as they prepare to oust Rothman.

As for me, I will turn my attention to preliminary research on the formation of another permanent party in Skokie to represent those citizens not served by the Sutker/Schwartz/Smith Coalition. Skokians interested in a two-party system in Skokie have expressed an interest in such research.

Respectfully,
Bill Handzel, Executive Director

Primary vote is very important

Dear Editor:

As the election is over - and the dust settles - the one thing that stays with me - and probably will outlast all the memories of my campaign - is the fact that the American voter just does not turn out for a Primary in significant numbers.

As I see it, a Primary is THE election to vote at because it determines who eventually will govern us - the mediocre-the good-or the better candidates. The selection of these men and women is only done at a Primary, and in some cases, it is the only election they will run in.

All Americans have the privilege of spitting their tickets in the other elections, so this decision in "declaring their party" at the Primary is not binding.

The plight of the rest of the world - and its elections (when there are any) should be impressed on our minds to such an extent that we should all be eager and grateful to show up at the polls to vote.

I, for one, appreciate the opportunity afforded me to run for political office for the first time. It is a privilege to live in America. Thanks to all of you who came out to vote on March 18.

Yours sincerely,
Frederick J. Hossfeld
Lincolnwood, Ill.

Panek thanks voters

Dear Voters,

I thank all those who voted for me in the March 18 primary election. I thank you for trusting in my ability and electability. I am proud to accept the Republican nomination and hope for your continued support in the November general election.

Sincerely,
Carol Panek

Candidate expresses thanks

To the citizens of the 56th District: The primary election is over and I'd like to thank the many voters who endorsed my candidacy. As your candidate for State Representative in the 56th District, the issues in the race are clear and non-refutable.

Our district needs representation that has insight into the viable issues of our community, such as education, economic development, and insurance reform, to name a few.

Our district needs to have a representative who will be there when you need him and not take our taxpaying dollars for granted.

My years of public service in state, township, and community activities reflect my commitment to represent the needs and concerns of the people of the 56th District.

I'm asking all the voters of this district to give me the opportunity to serve and provide the leadership we deserve.

I promise you that the trust and faith you place in me will never be taken for granted. Our community and our future are too important!

Sheldon Marcus
Candidate for
State Representative
56th District

Nutrition and Cancer: Cause-Effect

There is now good reason to suspect that dietary habits contribute to human cancer, but it is important to understand that the interpretation of both human population and laboratory data is very complex, and as yet does not allow clear-cut observations. Although associations of dietary patterns with various forms of cancer have been found, association does not necessarily imply causation. Causation in cancer is extremely difficult to establish.

In recent years a considerable number of dietary constituents have been found to protect against the occurrence of cancers in experimental animals. The diversity and widespread occurrence of these compounds in food suggest that it may be virtually impossible to consume a diet that does not contain substances that can inhibit carcinogenesis.

No concrete dietary advice can be given that will guarantee or prevent any specific human cancer. The American Cancer Society nonetheless feels that there is sufficient inferential information to make a series of interim suggestions about nutrition that, in the judgment of experts, are likely to provide some measure of reducing cancer risk.

The American Cancer Society recommends to avoid obesity. Obese people are at increased risk of certain cancer has been demonstrated by the massive prospective study, Cancer Prevention Study I, conducted by

the American Cancer Society. This study conducted over a twelve year period, found markedly increased incidence of cancers of the uterus, gallbladder, kidney, stomach, colon and breast, associated with obesity.

Cut down on total fat intake. Accumulating evidence from both human population and laboratory studies implies that excessive fat intake increases the chance of developing cancers of the breast, colon and prostate.

Excessive intake of both saturated and unsaturated fats, whether from plant or animal sources, has been found to enhance human cancer, and numerous experimental studies have shown that high-fat diets increase the incidence of breast and colon cancer in rats exposed to chemical carcinogens. Americans consume about forty percent of total calories as fat.

Eat more high-fiber foods, such as whole grain cereals, fruit and vegetables. Fiber is a term used to cover many food components that are not readily digestible in the human intestinal tract. These substances, abundant in whole grains, fruits and vegetables, consist largely of complex carbohydrates of diverse chemical composition.

Include foods rich in vitamins A and C in the daily diet. Dark green and deep yellow vegetables and certain fruits are rich in carotene, a form of vitamin A. Many laboratory tests point to Vitamin A (and certain synthetic chemicals related to vitamin A) as being highly effective in preventing cancer in animals, and many human population studies indicate that foods rich in carotene or vitamin A lower the risk of cancers of the larynx, esophagus and lung.

Epidemiologic studies indicate that people whose diets are rich in ascorbic acid (vitamin C) are less likely to get cancer, particularly of the stomach and esophagus.

Include cruciferous vegetables, such as cabbage, broccoli, brussel sprouts, kohlrabi and cauliflower in the diet. A substantial number of epidemiologic studies have demonstrated that consumption of these vegetables reduces the risk of cancer, particularly of the gastrointestinal and respiratory tracts.

Be moderate in consumption

of alcoholic beverages. Heavy drinkers of alcohol, especially those who are also cigarette smokers, are at unusually high risk for cancers of the oral cavity, larynx, and esophagus. Alcohol abuse can result in cirrhosis, which may sometimes lead to liver cancer.

Eat sparingly of salted, smoked and nitrite-cured foods. In the smoking process, foods such as hams, some varieties of sausage, fish and so forth absorb large amounts of the tars that arise from incomplete combustion. These tars contain numerous carcinogens that are similar chemically to the carcinogenic tars in tobacco smoke.

The risks may apply primarily to conventionally smoked meats and fish.

The United States Department of Agriculture and the American meat industry are gradually decreasing the amount of nitrite in prepared meats and are searching for improved methods of meat preservation.

Correction

In the article on page 19 of the Thursday, March 20, 1986 edition of the Bugle, the headline incorrectly read "Northwest Parishes offers 7.9% new car loans". The headline should have read "Northwest Parishes competes with special financing."
Our interest rates on new car loans is simple interest which accrues daily on the unpaid declining principal balance. So when you compare the way that Northwest Parishes Credit Union calculates interest and that of the so called "special financing" deals, you may find that you save money in the long run when you finance with the credit union.

Niles realtor wins ERA contest

The nation's top 50 ERA real estate broker/managers were honored at the franchise's National Business Conference, held in New Orleans March 9 thru 12. Bill Alston, residential sales manager at ERA Callero & Catino Realty, was one of those honored.

Bill Alston

The winners were chosen after a year long competition among more than two thousand ERA real estate managers, in a ten category, production related, real estate marketing contest.
Bill has been a Realtor for over 15 years, and the manager of ERA Callero & Catino for the past 3 1/2 years. He is the holder of three Realtor professional designations, and has received numerous sales awards from both the Northwest Chicago and Northwest Suburban real estate boards.

The Real Estate question & answer column

Hal London, President of Realty World-Key Realty, Inc., Builder, Developer, and Certified Real Estate Appraiser answers your questions on Real Estate.

Q. My husband and I have finally decided to sell our home and move into a small condo. Do you think we should sell this year or will next year be a "better market"?

A. I would definitely recommend you sell this year. There are three factors which have come together to make this the BEST year to sell a house since the mid 70's.

The primary factor is the low interest rates for home mortgages: a buyer can obtain a fixed rate mortgage for as little as 9 3/4%.

The second factor currently affecting the real estate market is "Pent up Demand". Because of the higher interest rates over the last few years buyers who should have bought houses didn't, now that the rates are down, these buyers plus this year's crop of buyers are currently in the marketplace.

The last factor affecting the market is the lack of inventory: there are few good saleable homes available for sale in comparison to the number of buyers looking.

So again my recommendation is this is an excellent year to sell. We cannot for certainty predict next year's market.

Q. I am retiring later this year. My wife and I intend to buy a mobile home in Florida after we sell our home in Niles which we have lived in for the last 28 years. All we will have to live on will be social security, our small pensions and the money we get from the sale of our home. Since every penny is important to us, my wife has suggested that we sell the house ourselves without the use of a Realtor or Attorney. I feel a little uncomfortable doing this. What do you think?

A. If I were you, I probably would be a little uncomfortable too. Historically a large majority of FSBO's ("for sale by owners" - which is what you would be) eventually sell through a realtor and have an attorney handle the details of the sale for them. There are several good reasons for this: Realtors are able to qualify buyers, negotiate the sale, help arrange the financing, protect the seller from much aggravation while getting the best possible price for their property. Attorneys protect the seller's legal rights during the transaction. Both a realtor & attorney are usually fine investments for a seller and can actually help a seller realize more money than if a seller tried to do it alone.

If you have any questions concerning any aspect of Real Estate, whether it be about buying or selling a home, taxes, renting property, or financing, feel free to contact Hal London at 692-7000 or drop him a note in care of Realty World-Key Realty, Inc., 8146 N. Milwaukee ave., Niles, Ill. 60648.

What is a credit union?

Credit unions were born of hard times. About the middle of the last century, the industrial revolution brought with it severe social and economic dislocations including a financial system designed to respond to the demands of industrialization rather than the needs of people of small means.

As a result, credit unions came into being for a very simple reason: the ordinary individual had almost no chance of securing a loan for any purpose - except at prohibitive rates which tended to worsen rather than alleviate the plight of the borrower.

Recognizing that the existing financial system would be of no help in breaking that cycle, the credit union pioneers concluded that the people would have to help themselves. Here, then, was the first enunciation of one of the guiding principles of the credit union movement - the principal of self-help. Its corollary was the principal of mutual aid - people pooling their resources to help one another.

The idea of a credit union had been born.

The first credit union in the United States was established more than 77 years ago. From that day to this, credit union philosophy has never varied from the basic principles of self-help and mutual aid.

To accomplish its purpose, your credit union, the Northwest

Parishes Credit Union, operates on the basis of these objectives:

1. Encourage thrift among the members, thus creating a pool of lendable funds;
2. Make member-loans at reasonable rates of interest;
3. Pay a fair rate of return on member savings; and
4. Provide helpful member financial services.

The Northwest Parishes Credit Union exists not for profit, not for charity, but to serve the economic well-being of its members. If you have any further questions, please call the Northwest Parishes Credit Union at 647-1030 or 792-1500 and they will be happy to help.

Library Friends logo contest

The Friends of the Niles Public Library District has extended the deadline for accepting entries in their logo contest to noon, Monday, April 14.

The Friends group was formed last year to promote community involvement in Library programs and needs a logo for their stationery, posters, etc. The winner of the logo contest will be decided by the Friends group.

The designer of the best logo will receive a gift certificate from a local bookstore and will be announced in The Bugle.

The competition is open to all ages but limited to residents of the Niles Public Library District.

Entries should be original artwork in black ink on white paper, no smaller than 3"x3" and no larger than 9"x12". Entrants must print their name, age, address and phone number on the back of their entry.

Since the Friends will be using the winning logo for a long time, the Friends are hoping for a wide range of high quality entries. The logo will become the symbol of the Friends' work in Niles, and the Friends hope to be as proud of their winning logo as they are of their library.

Complete rules are available at both the branch and main libraries. Entries should be submitted to the main desk at either library.

Gifts for hospitalized lady veterans

The women veterans who are confined to the VA Hospitals are sometime overshadowed by the male population, and this contingent is especially remembered by the American Legion Auxiliaries at Valentine's Day.

At their last district meeting, units on the north side of Chicago and the north suburban area, received word that many dozens of gift items had been donated by the individual Auxiliary Units last month.

Mrs. Phyllis Rieck, of Morton Grove, who served as district president last year of the 7th District, said she had received many lovely items for distribution to the female former service personnel.

A past president of the Morton Grove American Legion Auxiliary Unit #134, her past presidents parley chairman, Mrs. Nancy Schlueter, was in charge of obtaining the Feb. 14 gifts for the local Legion Auxiliary.

Mrs. Schlueter served as president during the 1983-84 term. Current president is Mrs. Judy Mayer, also of Morton Grove.

Mrs. Schlueter, a Morton Grove resident herself also, is automatically past presidents parley chairman because of the junior past president status derived from serving as leader of the organization the previous year.

The gift presentation to female vets is one of the main objectives of the organized past presidents group. Another function of that segment is the raising of funds for nurses scholarships.

Niles cops hustled by senior citizens

On Tuesday, March 18, members of the Niles Police Department were taken to the cleaners by the Senior Citizens Men's Club from the Niles Trident Center at their annual pocket pool tournament.

According to Sergeant John Katsoulas, Community Relations Officer, it's a fun event which started last year and because of its great appeal and

success, it will continue each year. It's one of those community relations programs that everyone involved enjoys.

This year the seniors did in fact beat the police department in total wins, therefore they keep the traveling trophy for the next year. Also the police officers will stay away from the Trident Center for a while, so the seniors don't

abuse their bragging rights. The officers that played in this years tournament swear they'll get them next year.

Shown are: top Men's Club, Stan Banish, Len Schultz, Irv Schleich, John Banish, John Oakes, Larry Bell and standing in back is Lou Nagraba. Bottom row: police department, William Chmiele, Ron Strzelecki, Anthony Sidanza, James Mahoney, Steve Sieghart, and Mike Porzycki. Not shown in the photo are: Lampert Bender, Chester Mauski, Roy Gunderson, and Carmen Mazuca.

Skokie Workshop receives award

On March 26, the Niles Township Sheltered Workshop received a \$700 grant from the Playboy Foundation Neighborhood Relations Board. "The Board is interested in innovative, community-based organizations that emerge from neighborhood residents' identification of needs that are inadequately addressed or recognized by conventional institutions." Playboy was especially interested in NTSW's First Step, a motivational learning program for emotionally disturbed young adults. The Niles Township Sheltered Workshop is located at 8050 Monticello in Skokie.

DEAN RANIERI
REALTOR - ASSOCIATE
QUESTION: When negotiating to buy a house, how do I determine how much to offer?
ANSWER: There really is no magic formula. The factors that you must consider are (1) how does the asking price on this home compare with other similar homes you have seen? (2) what repairs does the house need? (3) How much do you like it? A home has many items of taste, like the color of the carpeting, tile, and other decorating features that affect its value differently with each buyer.
Also, you can ask your Realtor to make a market analysis, showing what other similar properties have sold for recently. We can do this for you.

Feel the magic of well-loved singer and harpist Mary O'Hara as she mesmerizes you with her unforgettable music. In April it is our good fortune to have Mary making herself at home again in Chicago for a single performance on April 27.

Chicago Baroque Ensemble

Chicago Baroque Ensemble, Victor Hildner, founder and conductor will present its 25th Anniversary Concert on Saturday, April 26, 8 p.m. at Grace Lutheran Church, Bonnie Brae at Division, River Forest.

The concert will draw on the vast repertoire built up by Chicago Baroque Ensemble during the twenty-five years in which it has been pioneering the performance of the baroque music in the Chicagoland area. The concert will range from the fiery imaginative brilliance of Monteverdi through the deeply introspective and colorful music of Schuetz to the creative genius of composers like Purcell, Arne, Vivaldi, and J.S. Bach. The evening will provide a rich retrospect of musical gems which have sparkled on Chicago Baroque Ensemble performances in the past.

Reserved seating for this momentous occasion in our history is \$10. Unreserved seating is \$7. For tickets and/or information, call 383-4742. Ask about special rates for Seniors/Students/Groups.

"Come Blow Your Horn"

April is a busy month at Guild Playhouse in Des Plaines. Fourth show of the season, Neil Simon's comedy hit "Come Blow Your Horn," opens the weekend of April 4-6, and immediately following on Monday and Tuesday, April 7 and 8, open tryouts will be held for the fifth and final show, "Guys and Dolls."

Both are encore presentations planned for the 40th Anniversary season. "Come Blow Your Horn" was first staged by Des Plaines Theatre Guild during January, 1964, at the mid-point of the first season as Guild Playhouse, 620 Lee St. in downtown Des Plaines.

"Guys and Dolls" was the opening show of DPTG's 1972-73 season, and interestingly was the first show Marvin Unell of Glenview became involved with when he joined the Guild. Unell will produce this second production of the popular musical based on

O'Hare ... Continued from Page 1

phazise that point, rally organizers have extended invitations to Governor Jim Thompson and Adlai Stevenson, as well as other major federal, state and county officials, incumbent office holders and candidates.

Mayor Nicholas Blase said he will attend the rally to aid the fight in relieving noise and pollution conditions which the airlines are intent on continuing unchecked. "The point of this rally is to draw public attention to O'Hare problems adversely affecting the suburbs. It's an environmental problem that will get worse as expansion continues," Blase said.

Rally officials said the public gathering is an opportunity for legislators to learn how they can be the key to relieving noise and pollution problems. To that end, a Citizen's Bill of Rights will be presented at the rally outlining measures which lawmakers will be asked to support along with

legislation to convince the City of Chicago, the airlines and the FAA (Federal Aviation Administration) to bring relief to area homeowners.

Blase said he hopes legislators will go into action to curb Chicago's powers over the airport. "They should put their efforts into convincing Chicago about the problems of their suburban brethren and do something to relieve the situation."

Blase hopes legislators will support the Bill of Rights which he said has to do "with the quality of life. The problem is too much demagoguery by the representatives who back off when they get their toes stepped on," he said. Republicans have picked up the ball on this issue and then dropped it...putting the blame on the Democrats."

Sponsors of the rally include the communities of Niles, Park Ridge, Des Plaines, Norridge and Bensenville.

Fire ...

Continued from Page 1

According to Morton Grove Fire Chief Bernard Brady, the fire began between the ceiling and the roof after workmen left the building. "They were re-roofing the structure and using propane torches for the tarring process. We surmise a spark touched off combustible material under the roof which started smoldering," Brady said.

"Preliminary investigation shows the fire was accidental." Attempts to enter the building were unsuccessful, he said. Firemen doused the flames from three aerial ladder trucks from the various fire departments.

"The roof caved in during the process and only the brick walls were left standing." He noted that upon arriving at the scene at 4:13 p.m., the heavy smoke caused "zero visibility."

It was coming out of the roof, billowing down to ground level to adjacent buildings and across the street to the American Legion Hall. "The fire was never spread to adjacent buildings (dentist office, real estate office, etc.)"

However, they suffered some smoke damage." The fire was put out shortly after 8 p.m. with safety measures implemented and the building secured at 2 a.m. the next morning by Morton Grove firemen.

To schedule an appointment to donate, phone Mohrlein at 673-0600.

Students complete program

William Richter, Jr. of Des Plaines and Thomas Lafin of Niles recently completed the Elmhurst Management Program, a specially designed format of the Business Administration Major at Elmhurst College, according to an announcement by Dr. Thomas W. Fauquet, director of the College's Division of Continuing Education.

Mayor Albert Smith and the Skokie Village Board have proclaimed Sunday, April 13, to be "Super Chocolate Sunday" in Skokie, in honor of Northern Illinois Region of Women's Rehabilitation through Training's second annual chocolate extravaganza being held at Centre East, 7701 N. Lincoln ave., Skokie from noon to 6 p.m.

The six-hour spectacular will offer chocoholics samples, tastings, demonstrations and the chance to buy edible and non-edible chocolate items from leading retailers. Local celebrities will join the baked goods will join the festivities throughout the day. Tickets are \$4 in advance, \$5 at the door, \$2 for children under 10 with those under 3 free. reach members of Congress and President Reagan. Thomas McElligott, supervisor of Niles Township, will join Halverson, who is also supervisor of Maine Township, at the podium to describe the local need for revenue sharing. Township residents at the forum will also have an opportunity to speak out.

Cook County townships, according to Halverson, used last year's \$7,507,718 revenue sharing allocation to fund social services. Half of this money paid for mental health, senior citizen, day care and youth programs. In the past 14 years, millions of county residents have benefited from transportation, feeding, health and counseling services that Niles and the county's other 29 townships provide through General Revenue Sharing.

In a recent TOCC survey, 20 Cook County townships said they would have to eliminate programs and fund only mandated services if GRS ends in September; another seven said they would have to eliminate all GRS-funded services. A report on the survey will be available at the rally.

School merger ...

Legislators were concentrating on ACT scores in schools throughout the state and did not consider other factors in making their determination on school size."

Zaleski went on to say there is no data to establish a relationship between school size and educational programs at the elementary school level. "The school reform law was filled with holes and that is why it was modified."

Officials of local high schools are not concerned about reorganization because their districts meet the proposed minimum enrollment guidelines of 500 students. But they have been keeping an eye on possible reorganization of elementary school districts which feed into their schools.

James Elliott, supt. of High School District 207, said that any reorganization of schools at the elementary level would have an impact on the high schools. "However, I feel there will be slower action toward school mergers because of changes in the guidelines. They are taking a second look, and hopefully, will do what is best for the state," he said.

He added the legislature should

Maine Township's Annual Town Meeting

Maine Township residents will have an opportunity to participate in grass-roots government at the Annual Town Meeting and Budget Hearing at 7:30 p.m. Tuesday, April 8, in the Maine Township Town Hall, 1700 Ballard Rd., Park Ridge.

First on the agenda will be a review of the township Budget and Appropriation Ordinance for fiscal 1986-87. The proposed budget appropriates a combined total of \$2,330,812 for the General Town Fund, the General Assistance Fund and the Federal Revenue Sharing Fund, up 10.5 percent from last year's allocations.

Maine Township Supervisor Paul K. Halverson said the budget is currently available for public inspection at the Maine Township Town Hall. Residents will have an opportunity to ask questions and comment on the budget at the April 8 meeting.

A separate hearing was held March 25 on the Road and Bridge Fund Budget and Appropriation Ordinance, totaling \$1,048,980, up \$205,480 from last year's appropriation ordinance.

Halverson said the skyrocketing cost of insurance, particularly liability coverage, was a major factor in the budget increases. Other factors accounting for budget increases include the higher cost of supplies, utilities and road maintenance materials.

The township budget hearing will be followed by the Annual Town Meeting where detailed reports on township services and activities will be presented. These will include administration, youth services, general assistance, surplus food distribution, Community Agency Day, voter registration, sale of vehicle stickers, assessor's services, senior citizen services, handicapped services, and operation of the road district.

Again, residents will have the opportunity to ask questions and voice their opinions. Included in the budget are appropriations of \$1,556,812 in the General Town Fund, \$366,500 in the General Assistance Fund and \$364,500 in the Revenue Sharing

Skokie library hosts week-long program on Halley's Comet

Before Halley's comet speeds back into the cosmos, the Skokie Public Library is going to celebrate National Library Week, April 6-12 coincides with the last opportunity to view the celebrated celestial body until 2061. The Library's week-long program entitled "A Classic Comet, A Classic Author: Rediscover the Classics," celebrates the comet and its cultural and scientific heritage.

All programs are free. Festivities begin on April 6 when "Those Two Unaccountable Freaks: Mark Twain and Halley's Comet," an original play titled after a famous Twain quote, premieres at 1:30 and 3:30 p.m. Chicago actor John K. Foy, who also authored the play, stars as Twain joined by a cast of Skokie school-children. The play is a result of an artist-in-residence program on the theatre production organized by the Library and funded in part by a grant from the Illinois Arts Council.

Following the play at 4:30 p.m. a reception opens an exhibit sponsored by Rand McNally and Company, entitled "Rand McNally Rallies 'Round America.'" The exhibit will showcase the company's state-of-the-art computerized mileage/routing system, The Milemaker, that will be used in the company's entry in The Unroyal One-Lap of America road rally.

She has been a steady force in our transition from the library developed in 1966 to our present expanded and technologically advanced facility. In September of this year we went on-line with a new computerized circulation and bibliographic control database. This is our first experience with automation, and no one knows their way in and out and around the computer like Florence. In fact, it might be interesting to note that everyone who uses this library has come into contact with Florence, in one way or another. For all of the people having a Niles Library card with the automation zebra strip, Florence is probably the one who entered your name and address into the computer.

Florence has lent a calm and reasoned air to our library, always letting us benefit from her experiences and making sound suggestions about changes in library operation and services. She keeps a wonderful little prayer at her desk, and from what I've observed of her relationships with her co-workers and with the public, I believe the prayer must be her personal philosophy as well:

He that would live At peace and at ease Must not speak all he knows Nor judge all he sees.

So we celebrate Florence Lang. Her history is also the library's history - one of dedication and service.
