Niles library seeks tax rate hike

Residents living in the Niles district will have the opportunity to vote on a tax rate hike on Tuesday, November 2, 2021. The Niles Public Library Board of Trustees is seeking to increase the tax rate by $0.04 per $100 of assessed valuation.

The proposed increase would result in additional revenue of approximately $20,000 for the library district, which has a current budget of $860,000. Library officials state that the increase is necessary to cover operational costs, including staff salaries, maintenance, and programming.

According to Harry Pestine, President of the Niles Public Library Board of Trustees, "The Niles Public Library is facing budgetary challenges due to declining membership, increased operational costs, and decreased revenue from fines and lost fees. We are seeking a tax rate increase to ensure that we can continue to provide high-quality services to our community." The increase would be effective for the 2022 fiscal year.

Niles Public Library, established in 1902, is one of the oldest public libraries in Lake County. It serves a population of approximately 50,000 residents in the Niles Township area.

If you are interested in learning more about the tax rate hike, please contact the Niles Public Library at 847-569-0974 or visit the library website at www.nileslibrary.org.
