by Sylvia Dalrymple

A request by Robert Oettringer for special use zoning for an auto repair center with no gasoline sales at 8500 Gross Point Road was approved by the Niles zoning board after legalities concerning a lease were resolved to the board's satisfaction at Tuesday's meeting.

According to Commissioner Angelo Troiani, the same petition

came before the board a year ago and a question arose concerning a lease on the property between Marathon Petroleum Co. and the property owner.

"A disagreement over use of the property as a gasoline station went to court, which ordered the required use would be pumping of gas," Troiani said. "Is Marathon

**Maine Township gets liability
coverage from Pennco**

Officials of Maine Township won't have to worry about liability insurance for at least another year after receiving full coverage from Pennco Insurance Co. just before their current policy was due to expire.

The new policy is effective for one year ending October 15, 1987, according to a spokesman from the township office. The three policies are for general, automobile and umbrella coverage.

Former carrier Aetna Insurance sent notice earlier in the year it was dropping municipal insurance and would cancel general and umbrella liability

policies at the end of July. The company, however, extended coverage to Oct. 31.

Township officials were unsuccessful in an attempt to join a self-insurance plan organized by the Townships of Illinois, which said the pool could not be made available to Cook County townships.

According to Paul Halverson, supervisor, the insurance company underwriting the self-insurance pool felt it was too high a risk to extend coverage to Cook County's urban population.

The new Pennco policies include \$1 million in general liability, for an annual premium of \$34,636; \$1 million of auto liability for a \$9,270 premium; and

\$1 million in umbrella liability for an \$18,000 premium.

A restriction in the coverage provides that all claims filed in the year against the general and automobile policies can only total \$1 million.

**LWV to host

The party will be pot-luck with everyone attending bringing a dish to share (home-made is not required). Champagne will be served. Attendees are encouraged to bring spouses and other guests.

For further information, contact Monalu Meyers at 965-5964.

**Padnos, Futterman
re-elected to head
District 63 board**

At the November 25 session of the East Maine School District 63 Board of Education meeting, which was a continuation of the November 18 meeting, an election of officers was conducted. Norman Padnos and Joan Futterman were unanimously re-elected to their respective posts of President and Vice-President. Mr. Padnos expressed his thanks for the vote-of-confidence and pledged to continue his efforts to work with the Board and Superintendent Eldon L. Gleichman in providing quality education for all East Maine students.

Golf Milling Around The Mall

by Linda Zachow

I've lived in Niles over nine years, and one thing I've observed time and again is the community epitomizes its motto-"Where people count." Nilesites expect and receive the best in village government and services.

It's only natural the rebirth of GOLF MILL mirrors the lifestyle and philosophy of the community it serves.

The old adage "Business is Business" for most of us implies the worst business has to offer - inferior or mediocre merchandise and service, red tape and a lack of professionalism. Yet, as I watched the unveiling of GOLF MILL these last two weeks and spoke with many store owners, managers, and employees, I sensed a spirit of adventure, enthusiasm, and pride which completely dispelled my original skepticism.

I can't guarantee you'll be please with every purchase or transaction, but I will attest to the genuine pride in their products and the enthusiasm of new employees and managers in their positions. Additionally, the desire to please you the customer, is very evident in my interviews with various merchants.

I've overheard abundant praise, delight, surprise, and even awe expressed by the multitudes strolling the beautiful walkways, or smacking in the Mall's new restaurant row.

...WICKS 'N' THINGS is a tiny shop offering a beautiful selection of brass 'n' glass, candles, and charming rustic works of art. Vycky Polen, the new assistant manager, and Debbie Haratt, dubbed the "top worker", lavishly praised owner Darlene Wertans, and ex-flight attendant entering her first business venture. According to Vycky, Darlene stores half the merchandise in her home for lack of storage space and loves her work so much, she needs coaxing to leave the shop. Her employees expressed genuine admiration for Darlene and share her excitement about the success of WICKS 'N' THINGS. That's teamwork at its finest!

...Jack Korn, new assistant manager of THE PICTURE SHOW, featuring a gorgeous selection of framed art prints is enthusiastic about the beauty of the artwork and his new career. He told me, "It's like a kid in a candy store. It's the most pleasant job in the world." THE PICTURE SHOW is the first Midwest outlet of 88 stores nationwide. They replenish stock once a week, so new and beautiful items are always available.

J.C. PENNEY, one of the original anchor stores and pioneers of GOLF MILL recently celebrated its 20th anniversary. They honored 14 employees who celebrated company anniversaries with

Television report brings flood of calls to village

Bavaro: Radon problems not a threat in Niles

Niles residents don't have to worry about radon problems in their homes despite what they may have heard on a television news program last week, according to Todd Bavaro, Niles director of housing.

Bavaro said residents "rang the phone off the hook" at his office after a television reporter stated Niles was among suburban communities having radon readings that exceeded four pico curies or danger level.

The incident happened during a three-part television series on radon gas last week and after receiving a deluge of phone calls from concerned residents, Bavaro called the newsman "I told him his facts were wrong and I wanted a retraction," he said, adding he also threatened to file an official complaint with the Federal Communications Commission (FCC).

He went on to say the newsman explained a Niles home with a 60648 zip code was listed as having a high radon reading of 6.0 pico curies. "After we checked, I told him the house was in Chicago, not Niles. On the air the next evening, he said Niles had a negligible reading level and it would not affect real estate values. He was all wet on that statement, too."

Both the Illinois Department of Nuclear Safety (IDNS) and the Environmental Protection Agency stated the broadcaster had made an erroneous statement.

Bavaro said he will discuss the possibility of making spot checks of neighborhoods (for radon gas), with IDNS representatives this week. "However, in my opinion, I am sure we don't have a radon problem in the village," he said.

Village officials said a few weeks ago that 50 radon detectors would be purchased to check neighborhoods. Bavaro said if the IDNS feels it is necessary to conduct a check, the village will consider buying the detectors.

THANKSGIVING VIGNETTES...kindergartners at Niles Elementary School South went back to the roots of Thanksgiving during a special program held at the school last week. Principal Glenn Grieshaber said the youngsters made Pilgrim and Indian headaddresses for the occasion and helped prepare the food served in their classrooms...along with a Thanksgiving message on the true meaning of what the holiday is all about.

Traveling to visit loved ones was also part of the holiday. Niles resident Chris Meyer and her family had turkey and all the trimmings at the home of her parents in Wisconsin.

IN THE LIMELIGHT...the Knights of Columbus recently sponsored a contest for sixth graders at various local schools on whether our national anthem should remain "The Star Spangled Banner" or be changed to "America the Beautiful." Among the winners was Sheri Difiorio of Our Lady of Ransom School who was presented a plaque by the K.Cs. Sherri definitely feels the Francis-Scott Key song should remain status quo.

Chamber members Larry Ptasinski, board chairman and Bob Wordie were interviewed live by Don Pearlman on his WBBM-AM radio program. They talked about the history of Niles and the village's accomplishments through the years.

HAPPENINGS...village resident Lora Lindstrom is still getting over being kissed by soap opera star Guy Mack from "General Hospital" during the grand reopening of the Golf Mill shopping center.

Mack and co-star Robyn Bernard were on the stage entertaining the audience when Lora was picked for an impromptu love scene.

Two "Mr. Mayors"

"Mayor" Mike Caika, 11, temporarily replaced Niles Mayor Nicholas Blase while presiding over a mock Niles village board meeting last week after winning the 1986 Youth Essay Contest.

Mike, a student at Our Lady of Ransom School, finished first ahead of hundreds of other entrants from local schools. Other top winners took the place of various village officials at the meeting. The essay theme this year was "What would you like to see Niles accomplish as a community by the year 2000?"

Re-Entry Center offers services

Divorce has reached a state of epidemic proportions. More than half of all marriages fail. This occurs even though we know that married people live longer than single. Many disorders such as heart disease, cancer, stroke - even accidents - are more likely to hit single people, especially the separated and divorced.

The not-for-profit Re-Entry Center also offers a comprehensive array of community services under the supervision of Clinical Director Patricia Lavallee, Ph.D. These include the following: Eating Disorders and Substance Abuse support groups; Psychological Counseling - Individual, Marital, Divorce, Family, and Group. Also our expanded staff now offers programs in Stress Management, Career Assessment, Psychological Testing, Counseling for the Retarded, Teen Adjustment, Crisis Intervention, and Divorce Mediation.

For additional information about the support groups and other services, call 251-1281 or 251-2748.

will be at the Niles Recreation Center, 7800 N. Milwaukee Ave., Niles at 7:30 p.m.

Police observed the offender driving westbound in the 5600 block of Touhy speeding 55 mph and changing lanes, cutting off other cars. He then drove through a stop light at Touhy and Central and was stopped by police at Jarlath and LeClair in Skokie.

He was released after posting \$1,000 bond pending a Dec. court date.

Theft from shed

A resident in the 8400 block of Ozark told police that someone entered a padlocked storage shed room in his basement between Oct. 25 and Nov. 25 and removed two speakers worth \$300; a radio valued at \$200 and a tape deck worth \$350.

Police found no signs of forced entry and the padlock could not be found.

A Chicago man was arrested for unlawful use of credit cards at two stores in the Golf Mill shopping center on Nov. 21.

According to police reports, the offender purchased three items totaling \$80 with a stolen Sears credit card. He also went to Penney's and bought two gold chains and two gold rings totaling \$1,291 and paid for the items with a J.C. Penney's credit card that had been reported stolen.

A Chicago man was arrested for burglary at the Golf Mill shopping center on Nov. 24.

Police responded to a call from a store manager that a cash room had been broken into. A check was made, but nothing appeared to be missing. A further check of the store revealed that a glass Timex display case had been pried open and an empty watch box case found on the floor. A gold bracelet was also missing as well as a commemorative medallion.

Break-in at Willows

The Willows Academy in Niles was broken into late Monday evening on Nov. 24.

The offender gained entry by slipping a wire through the door to push the guard bar. Once inside, the offender removed a large display poster from the wall and then splattered eggs in front of the building.

Bracelet stolen

A Des Plaines woman reported she was shopping in the Golf Mill shopping center on Nov. 21 when she felt a tug on her arm as she was walking into a store. She looked down at her arm and discovered someone had removed a gold bracelet from her wrist. Value was \$1,200.

When the victim returned, he found that someone had removed \$440 and an invoice book from the cab of his truck.

Traffic Safety Hints

by Secretary of State Jim Edgar

Head-on collisions are the most deadly of all motor vehicle accidents. On undivided highways, be alert to the possibility of an oncoming vehicle swerving into your lane, and be prepared to take evasive action.

To avoid a head-on collision, always look ahead as far as possible when you drive and constantly think of an "escape route." If an oncoming vehicle crosses into your lane, you should have time to steer to the right, reduce your speed and drive off the road. This is considerably safer than skidding off the road if you have to suddenly hit the brakes.

If you are forced off the road, look for the softest thing possible to break your impact, such as a bush, small trees or a fence. If you are heading toward a big tree, parked car or sign post, try to glance off it. Do anything to keep from hitting head-on. If you cannot get off the road, try to hit the oncoming vehicle at an angle.

Every time you get in your car, there are precautions you can take to prevent injuries in the event of a collision. Be sure all occupants are wearing safety belts, all doors are locked, and all loose objects are secured so they will not fly around the vehicle on impact.

After a collision, turn off the vehicle's ignition, warn approaching traffic, send someone to get help and, if you are qualified, administer first aid to victims.

I Bet You Didn't Know

By Jim Jennings

One of the most unusual touchdowns in football history was made by Snooks Dowd of Lehigh University in 1934. He took the ball on his opponent's one-yard line and, to dodge tacklers, ran 88 yards down the field the wrong way, then circled a yard back in his own end zone and ran 181 yards back the other way for a touchdown. In all, he ran 269 yards on that one play for an all-time record.

Did you know that a mother-son combination has participated in the Olympics for the United States? The only mother-son combination ever to do that was Alice Arden Hodge who competed in track and field in the 1936 Olympics, while her son, Russ Hodge, took part in the decathlon in the 1964 Olympics.

It seems hard to believe now, but the National Football League once had teams named the Brooklyn Dodgers, St. Louis Gunners, Evansville Crimson Giants, Minneapolis Marines, Rochester Jeffersons, Dayton Triangles, Columbus Panhandles, Providence Steam Roller, and the Duluth Eskimos. All those teams were in the NFL at one time.

Interesting Facts From John Jennings

It's a little-known fact that Napoleon, the famous emperor of France, was NOT French, but Italian. Both his parents were Italian.

When Stephen Foster wrote his famous song, "Way Down Upon the Swannee River", he misspelled the name of the river. Its correct name is "Savannah". There is no Swannee River in the U.S.

Which 2 U.S. states border on the most other states? Answer: Missouri and Tennessee which each border on 8 other states.

Part of North Carolina is actually further south than parts of South Carolina.

The U.S. got along without any income tax at all from 1776 until 1860, and from 1871 to 1914.

And, here's another interesting fact...

If you mention this ad after your deal is consummated (but before delivery) Jennings Volkswagen will deduct \$50 from the purchase price of your new or used car. One deduction per customer. One deduction per transaction.

Sutker expresses gratitude

Dear Editor:

At the conclusion of a tough, hard campaign that ends in victory, any candidate owes much to others. In my campaign for State Representative, I owe a debt of gratitude to so many people.

I am grateful to the independents and Republicans who supported me and who joined with the Democrats all over the district. I am indebted to the volunteers and precinct captains in the Democratic organizations of Niles Township, Maine Township, New Trier Township and Northfield Township. I am thankful to the voters who studied the issues and voted accordingly.

I pledge to continue to work hard for my community - a community which proved that a seat in the General Assembly cannot be bought, it can only be earned!

Yours very truly,
Calvin R. Sutker

McAuliffe offers assistance to 14th District residents

Dear Editor:

"I would like to take this opportunity to express my sincere appreciation to all 14th District residents for your suggestions, advice, and support. As always, you can be certain that I will continue to work for you!"

"The upcoming session of the House of Representatives in Springfield will consider a great many important pieces of legislation, and I intend to address—among others—the issues of property tax relief for homeowners in our area, state-wide mandatory automobile liability insurance to protect all Illinois residents, and legislation to benefit our Senior Citizens."

Currently, there are many state and local forms, pamphlets, applications, and brochures which might be of help or interest to you or someone in your family. I have an ample supply of such items in stock, and each of you should feel free to visit my legislative office at 6855 W. Addison St., or call 545-5592, if I can be of assistance to you or perhaps to answer a question you might have.

"I hope this holiday season will be a safe and happy time for you and your loved ones."

Sincerely,
Roger P. McAuliffe,
14th District State Representative

Good samaritan aids injured physician

Dear Sir:

I would like to publicly thank the good samaritan who assisted me on the evening of Friday, November the 14th when I injured my shoulder in the First National Bank of Morton Grove parking lot. This person who refused to give me his name or any other personal information took the time to drive me to the Lutheran General Hospital emergency room for medical care.

It is comforting to know that there are persons such as this gentleman living in our community.

Yours truly,
Morris Binder, M.D.

Commends Niles services

Dear Editor:

On November 11, a Niles youth driving east on Main st. struck my daughter's parked car in front of 8360 Octavia. The police, fire department and medics were called and I want to publicly commend all of them for the very professional manner in handling this serious matter involving an injury to the east bound driver. In particular, officer William Orlund was outstanding in the way he handled all aspects of this accident.

Niles should be proud of their police and fire departments. I know we are!

Senator Dudyecz honored for heroism

The Illinois State Senate recently passed a resolution honoring Sen. Walter Dudyecz (R-Chicago) for his act of heroism which saved the life of a 73-year-old Chicago man.

Sen. Dudyecz saved the life of Robert Kuncel, who had suffered a massive heart attack, by administering cardiopulmonary resuscitation (CPR) to the victim until the paramedics arrived at the scene.

On Oct. 25, after greeting Gov. James Thompson, who was on a neighborhood walking tour of North Milwaukee Ave. in Chicago, Dudyecz entered a

restaurant to buy refreshments for a group of children who had carried posters for the Governor. Sen. Dudyecz then saw Kuncel lying on the floor and immediately began giving mouth-to-mouth resuscitation until the paramedics arrived.

Dudyecz, who was a Chicago policeman for 13 years, was assisted by Earl Kerbs and Dan Horn, two of Gov. Thompson's bodyguards.

The resolution states, "Sen. Dudyecz's response to this emergency situation is an indication of his deep regard for helping his fellow man. We honor our good friend and colleague for his good deed that saved a precious life."

Kustra to host Sheriff O'Grady

Cook County Sheriff James E. O'Grady will be the guest speaker at State Senator Bob Kustra's Policy Forum meeting.

The breakfast meeting, which is open to the public, will be held at the O'Hare Marriott Hotel, 8535 W. Higgins, on Tuesday, Dec. 16, at 7:45 a.m. Kustra brings prominent governmental and political figures together with members of his Policy Forum several times each year.

"This meeting is going to give my Policy Forum members an opportunity to hear how Sheriff O'Grady plans to reorganize the sheriff's office. I know people are anxious to hear the new Sheriff's plans and I'm pleased to be able to present him at my Policy Forum meeting", Kustra said.

To introduce Mr. O'Grady, Kustra has invited Donald Toten, chairman of the Cook County Republican Party, who is credited as the driving force behind the resurgence of the Republican Party in Cook County.

James O'Grady has spent his career in Chicago law enforcement beginning as a patrolman in 1952 and rising through the ranks to Police Superintendent during 1978-79. O'Grady defeated Cook County Sheriff Richard Elrod on Nov. 4 recapturing the office for the GOP.

The public is invited to the breakfast meeting. Reservations are needed and tickets are available at \$25.

Aging problems topic at Center

Coping with Aging was the subject that Mary Greene and Amy Lively of Northwest Community Hospital presented to members and guests of The Center of Concern, s.125 of the 1580 N. North-east Hwy. Bldg., Park Ridge.

Greene spoke about acceptance and endurance as part of the natural process, giving advice as to the ways this can be minimized such as with an outgoing attitude, proper health care, outside interests and increased awareness of the importance of good eating habits.

Northwest Community

Hospital's many areas in which they try to help seniors achieve these goals were depicted by Ms. Lively. One of these was their institution of the Mail-walkers, in which a shopping center has opened its doors to seniors between 7 and 10 a.m. so they can walk or jog before opening hours. Her talk also included a description of their continuing care center which contains a music room, along with other recreational and nursing areas.

Call The Center at 823-0453 and ask for Mona if more information is desired.

'Little World', a haven for miniaturists

Caroline Vetromila, a Hoffman Estates woman who designs and makes miniature items of all sorts, has a shop to display and sell her tiny wares in Niles. She formerly operated her business from her home studio, but is now open for business at 7940 Oakton St. in Niles. Her shop is called "My Own Little World."

"There are thousands of pretty and ingeniously contrived miniature novelties in the shop. I get a lot of people in here just to browse. Some of the children want to learn how to make little things themselves, so I'm glad to give them advice from my experience," said Caroline.

Mrs Vetromila has learned how to press odds and ends of material into the production of charming tiny models. Hers is a very specialized inspiration and she has a remarkable eye for detail. A visit to her 'little world' is a fun way to spend an afternoon.

To Jim and Caroline Vetromila, the best things really do come in small packages.

The Vetromilas create and sell their own cakes, ornaments and cigar boxes - all measuring in scale exactly one-twelfth life size.

"You've heard of hobbies turning into businesses, well, that's what it was." Now 12 years later you can visit "My Own Little World," a store for miniature enthusiasts to enjoy.

ULTIMATE IN SOUND...

ZENITH SOUND BY BOSE

PICTURE AND SOUND SO REALISTIC, IT RIVALS THE ACTUAL PERFORMANCE

The Zenith television with Sound by Bose produces a sound so realistic it rivals the actual live performance. To achieve such extraordinary bass from a conventional television cabinet, Zenith incorporated the Bose waveguide system. The effect is similar to that of a flute wherein the slightest whisper of breath can fill a concert hall with music. The Bose waveguide uses the system known as the "wave resonance system", to produce deep, rich bass from a small enclosure. A third amplifier generates these bass sounds which are released from the back of the TV.

AUDIO FEATURES

The Bose waveguide produces big speaker sound from compact enclosures by precisely guiding the sound waves through folded chambers. The result is an inordinably deep, full sounding bass, which actually seems to surround the viewer.

HOLIDAY GIFT GUIDE

Avoid using handicapped parking spaces

Department of Rehabilitation Services Director Susan S. Suter is appealing to all non-disabled motorists to avoid using specially marked "handicapped" parking spaces during this holiday shopping season.

"Holiday gift-giving for a person with a disability may be made difficult, if not impossible, by a non-disabled motorist improperly using a parking space marked 'handicapped' outside a store," Suter said in a statewide campaign launched Friday. Motorists who misuse parking spaces reserved for persons with

disabilities are subject to a \$50 fine in Illinois. Abuse of handicapped designated parking spaces is a problem throughout the year, but is especially acute during the traditional holiday shopping season when parking lots are filled to capacity and weather may be less than optimal.

Suter asked all Illinois motorists to remember the holiday spirit. "This is a time for giving and sharing," she said. "Let's leave specially marked parking spaces open for people who need them."

Toys sought for needy children

Those wishing to bring Christmas cheer to needy children can contribute to the St. Francis Hospital toy collection. New or used toys may be brought to the hospital at 355 Ridge Ave., Evanston, to the pastoral care department.

All clean and useable toys collected will be distributed to needy children of all ages through the Howard Area Health Center in Rogers Park. Clothing for infants and children is also needed. For more information, call the pastoral care department of St. Francis Hospital at 492-6293.

Ticket prices are \$14 at the door and \$10 in advance. Tickets may be purchased at Butch McGuire's Division St. Pub, Boul Mich Restaurant, or by calling 472-6550. Proceeds from the dance will be used to provide nearly 600 Chicago first-graders with a

holiday party and a complete set of personally-sized winter clothing. SCA also sponsors a children's picnic each June for 100 inner-city children and donates any remaining proceeds to charities that benefit Chicago children.

Coping with depression

"Understanding and Coping With Depression" will be discussed at a health education lecture from 7-8 p.m. on Tuesday, December 9, at Sheridan Road Hospital of Rush-Presbyterian-St. Luke's Medical Center, 6130 North Sheridan Road in Chicago. This free of charge lecture will cover issues such as signs and symptoms of depression, types of depression, and ways to cope with holiday stress. The speaker is Patrick E. Ebenhoeh, M.D., Department of Psychiatry.

Forest offers help for holiday blues

Norman Rockwell-like scenes of caroling children and gift-bedecked Santas to the contrary, the holiday season often can be a time of sadness, rather than joy. For many, in fact, a feeling of depression is as sure a harbinger of the season as are carols, candy canes and Cabbage Patch cuties.

A variety of causes may trigger depression; feelings may range from a brief sag in spirits to an overwhelming sense of gloom. To help persons recognize and deal with these complex emotions, Forest Health Systems, Des Plaines, Illinois, will offer an initial counseling session free of charge through Jan. 15, 1987.

This preliminary session is designed to help a person evaluate his or her own particular situation and will provide appropriate references to those interested in seeking further help. Appointments are available in several convenient community locations and may be scheduled through Seven Springs Health Resource Center, the outpatient facility of Forest Health Systems.

To schedule an appointment, call Seven Springs Health Resource Center, 635-4224.

Ski weekend to Indianhead

The Niles Park District has set aside the weekend of Feb. 27th through March 1st for a get-away ski weekend at Indianhead Ski Resort in Wakefield, Michigan. Coach buses will depart from the Rec. Center at 4 p.m. on Friday, Feb. 27th and will return at midnight on Sunday, March 1st. While all ages are invited to join, those under 16 must be accompanied by an adult. The fee for adults is \$135, and High Schoolers pay \$126. This fee

includes deluxe motorcoach transportation, supervision, 2 nights lodging at Indianhead, skiing all day Saturday, Saturday night and Sunday, 2 breakfasts and 1 dinner. It's a perfect weekend to "get out of town" as schools are closed on Monday, March 2nd!

Register for this ski excursion at the Niles Park District office, 7877 Milwaukee Ave. or call 967-6633 for more information.

Group helps handle emotions

A new chapter of Emotions Anonymous meets at 7:30 every Wednesday evening at Lutheran General Hospital, 1775 Dempster, Park Ridge. All who seek to overcome difficulties caused by their emotions are welcome. There are no dues or fees; EA is supported by voluntary contributions of its members.

Founded in 1971, EA now has chapters all over North America and in parts of Europe. Its members follow a 12-step program to emotional health that is adapted from the highly successful program of Alcoholics Anonymous. At meetings, members share their experiences with each other in a warm, supportive, confidential environment. The meetings, the following of the 12-step program, and the opportunity to talk with fellow members during the week provide insight, practical tools, and inspiration for coping with crippling worry, depression, anxiety, and other emotional difficulties.

For more information on the Park Ridge meeting or the EA program in general, call 966-8861 or 453-3391. If necessary, leave your first name and phone number so an EA member can call you back.

SCHOOL NEWS

Students participate in Anti Drug Day

On Tuesday, Nov. 18, the freshmen at St. Scholastica High School participated in a Drug Education Program as part of the National Anti-Drug Day.

The guidance counselors, Ms. Aline Schultz and Ms. Peggy Parke, coordinated the program with the director of the New Beginnings Adolescent Program at Lincoln West Medical Center, Ms. Barbara Randall.

The freshmen saw the film Chalk Talk, which discussed alcoholism and the effects of being Children of Alcoholics. A skit was presented by the girls portraying how a family is affected by alcohol abuse. A student from another high school who is involved in an alcoholic treatment program herself also spoke to the freshmen of her experiences recovering from abuse of alcohol and other drugs.

The day ended with questions and general discussion. The counselors are also doing follow-up discussions in the theology classes during the week. This presentation is part of an ongoing program at St. Scholastica High School to inform and educate the students.

District 71 Preschool Screening

Niles Elementary School District No. 71 conducts a screening program as required by State law for three and four year old children. This program, which covers the areas of speech, language, thinking skills, gross and fine motor skills, is ongoing throughout the school year. The only requirements are that the child live in the school district and be at least three years old.

The purpose of the screening is to insure that children are developing at a normal pace. The actual testing takes about 45 minutes and is free of charge. Our goal is to screen all of the children in District 71 before they reach kindergarten age. To make an appointment for your child, please call Niles Elementary School at 647-9752 and leave your name and telephone number.

Gemini elec's state fish

Seventh and eighth grade students at Gemini Junior High School, 8955 N. Greenwood, Niles - East Maine School District 63 - recently participated in the statewide election to select a state fish.

The election, which was held on Nov. 4, resulted in the following: Write In Candidates: White Crappie: 39 Channel Catfish: 59 Coho Salmon: 66 Carp: 74 Largemouth Bass: 113 Bluegill: 221 These results have been forwarded to the Illinois State Board of Education where they will be tabulated.

Positive behavior at St. John Brebeuf

One of the goals at St. John Brebeuf School this year is to stress the "positive." "More flies are caught with a spoon of honey than a barrel of vinegar", is an old saying at St. John Brebeuf, but oh, so true! The teachers know that positive reinforcement is so much more effective than punishment, so they've created a variety of ways to reward positive behavior. Each room in grades 5, 6, 7 and 8 post a list of students every three weeks who have no misconducts or detentions. They are rewarded with a variety of surprises after nine weeks. On each of the three fourth grade doors are posted the names of "The Most Improved", "The Hardest Worker" and "The

Neatest Worker" every week. The 3rd grades have "The Tip Top Award" and the second graders have "Star Charis". One of the first grades "Has a Big Cheese" each week while another has a chart and the third has "King or Queen of the Day" complete with a special desk and magic wand. Pictured is Alexandra Vavouliotis from Miss Harrington's first grade class, as she "reigns" for the day after being chosen as a fine worker and well behaved. So "accentuate the positive and eliminate the negative" would be an appropriate motto for the practice at St. John Brebeuf School this year.

Social Security: A base to build on for retirement

It's important to remember that Social Security is a base on which to plan for retirement. It was never intended to provide 100 percent replacement of earnings or to guarantee everybody the same standard of living in retirement. In planning for retirement, a person should know how to build on that base. As a start, you should know generally how much to expect in retirement benefits from Social Security so you can plan how much you need from other sources. Secondly, a person should have some idea of how other types of retirement income will affect Social Security benefits.

It is estimated that a person will need about 75 percent of his or her pre-retirement earnings to maintain the same standard of living in retirement as he or she had before.

The amount of Social Security benefits depends on a person's earnings over a working life. People earning the maximum covered by Social Security can generally expect to receive initial benefits which replace approximately 29 percent of pre-retirement earnings. People with average earnings can expect to receive 43 percent of pre-retirement earnings, and people earning at the minimum wage level over their working lives may expect to receive initial benefits equaling 60 percent of their pre-retirement earnings.

The replacement rate is higher for low earners because they are less able to tolerate a reduction in income. Higher earners are expected to have more resources to build a base of retirement income, including investments, savings, and private insurance.

This brings me to the second important point to remember in building retirement income on

the Social Security base. A person needs to know how other retirement income will affect Social Security checks. The following rules generally apply: Investments, savings, etc. — Since a person is expected to build on the Social Security benefits. This means that a person can use investments, savings, and private insurance to build on the Social Security base up to any level an individual requires.

Pensions — most pensions are actually figured to supplement Social Security benefits and employee may expect so these pensions will not affect Social Security benefits. But those people who receive a pension from work not covered by Social Security will probably find their Social Security benefit reduced. A third rule applies to the spouse receiving a government pension based on work not covered in Social Security and also expects to receive a benefit on his or her spouse's work record. The Social Security benefit is reduced to reflect the amount of the government pension.

Earnings — While earnings are not traditionally considered "retirement income," more and more people continue to work after retirement. There is a limit on how much a person can earn while getting all Social Security benefits. The annual limit increases with increases in wage levels. Currently, it is \$7,800 for people 65 and over and \$5,760 for people under 65. The rule does not apply to people 70 and over. Benefits are reduced if annual earnings exceed these amounts.

Keeping these facts in mind, a person can build a retirement income that will sustain his or her standard of living in retirement and assure that they are indeed the golden years.

North Maine Fire Department fire insurance rating improves

The North Maine Fire Protection District is proud to announce that it has just received notification from the Insurance Services Office Commercial Risk Services of Illinois that the fire insurance classification for the district has been improved to a Class 4. The fire district has improved its rating from a Class 5 which was in effect since January 1976.

The Insurance Services Office Commercial Risk Services, commonly called I.S.O., provides the class rating for all fire departments in the United States. The class rating is used by Insurance Companies to determine residential properties that they insure.

Many areas are taken into consideration when determining the class rating. Some areas studied are: manpower levels of the fire department, condition and amount of fire apparatus, training of fire department personnel, fire prevention and investigation, how efficiently fire equipment is dispatched to an alarm, distance from the fire station to its furthest boundary and water supply. Each area considered is given a point value which then determines the final

class rating. Of all the areas considered water supply for fire protection is given the most weight in the overall final class rating. The highest rating that can be achieved is a Class 1 and the lowest a Class 10. At the present time there are 6 Class 1, and 60 Class 2 fire departments in the United States. The majority of the fire departments in the United States are a Class 9. The reason being that most departments in the country are in rural areas, are manned by volunteers and have very little or no water at all.

The North Maine Fire Department recommends that owners of commercial and residential properties in the Fire District check with their insurance agents to find out if a reduction in fire insurance can be obtained. The new rating becomes effective on December 1, 1986.

Your Kids Have Friends In High Places.

When kids are scared or hurt, and there's no one else around, there ought to be someone nearby who cares. Well, we care. And we're often nearby. So, in 1985, our 18,000 Commonwealth Edison employees became the E-Team. The idea was to help kids like Jason Jerde, who suffered a head injury in a bicycle accident in DeKalb. Fortunately, lineman Mark Minnihan was working in the area. He radioed for an ambulance and stayed with the boy until it arrived. Nothing extraordinary. Just a little care and concern. But President Reagan didn't see it quite that way. When he was told about the program, he awarded the E-Team a citation for finding innovative private solutions to public problems. Talk about friends in high places.

ENTERTAINMENT GUIDE

"Stop the World I Want to Get Off"

Niles West High School students are pooling their acting, directing, musical and technical talents to produce "Stop the World I Want to Get Off" at 8:15 p.m. December 11-13. Forty-nine students are producing, directing and acting in the musical.

Directed by senior Rebecca Kolber, the cast consists of senior Bruce Ramseyer as Littlechap, the lead character whose life cycle forms the basis of the musical, sophomore Amy Flack as his wife, and sophomores Laila Stein and Katy Born as his children. Senior Alyssa Tadelman and juniors Allison Brooks and Lisa Laskowski are cast as Littlechap's romantic interests.

John Barba, Julie Cho, Michelle Dayan, Dave Ivezik, Stephanie Pritzker, Adam

Telengater, Matthew Winer, and Helen Yung comprise the corps of dancers moving to musical numbers such as "The A.B.C. Song" and "Welcome to Sludgepool." A chorus of 22 completes the cast.

Besides Kolber, the student production staff also includes Andrea Field as choreographer, Joy Grossberg as vocal director, Cheryl Lanski as technical director, Tony Blumberg as publicity and business head, and Marc Schaffer and Larry Van Merbergen as the musical directors.

Reserved seating is \$3.50 and \$4. Senior citizens are invited to a free matinee at 1:15 p.m. on Wednesday, Dec. 10. Niles West High School is located on Oakton st. at Edens expwy. in Skokie. Call 966-3800 ext. 1190 for further information.

"Devour the Snow"

Non-equity auditions for the Kinetic Theatre Company production of "Devour the Snow," directed by Fredric Stone will be held Saturday, Dec. 6 between 11 a.m. and 5 p.m. at the Centre East Studio Theatre, 7701 Lincoln Ave. in Skokie. Call 677-1460 for information.

"Devour the Snow" will open Feb. 12 and continue through March 15. "Devour the Snow" by Abe Polsky is based on the true story of the ill-fated Donner Party lost in the snow-bound Sierra Nevada mountains. A sensational trial followed in 1848 upon which the play is based.

"Meet Me In St. Louis"

St. Scholastica's Drama Department is proud to present "Meet Me In St. Louis" under the direction of Ms. Donna Martin. "Meet Me In St. Louis" is the story of the Smith Family. There are four attractive sisters all blazing with excitement over the wonderful world's fair that is about to open right there in St. Louis. The girls are also in a state about the love life of their only brother whom they suspect of ditching his sweet hometown girl friend for a snob from the East. In the midst of the sisters' humorous maneuvers to rule (or ruin) their brother's new romance, Father finally breaks in with his announcement: he's been offered a better job in New York! This will mean leaving their home in St. Louis and missing the fair. At this, the girls unite for action.

Held at St. Scholastica High School, 7416 N. Ridge, Chicago. Performances on Dec. 4, 5, and 6 at 8 p.m., Dec. 7 at 2 p.m. Open seating at \$3.50 per ticket. Tickets in advance or at the door.

agreeable to no gasoline sales as lessee of the property?"

Cal Kirschen, owner of the property, stated the lease had been cancelled with Marathon in March of 1985. "It was by mutual agreement and we have documented proof to that effect," he said.

According to Oetringer, the existing building on the 168 by 120 foot property would be used as an auto repair center. The building would be remodeled and the gas islands removed. Landscaping of trees and bushes would be on the perimeter of the property and boxes flowers would border the driveways located on Gross Point rd. and Caldwell Ave.

He assured the board no body work would be done on the premises. Business hours would be from 7 a.m. to 7 p.m. six days a week, no work on Sunday. "I currently own a car repair clinic in Morton Grove, but larger quarters are needed. This location is perfect and I would like to move that business to Niles," Oetringer said. His current business is located at 8617 Lincoln Ave., Morton Grove.

In other business, the board continued a request for construction of a 284 unit congregate housing and commercial use at 8933-75 Golf rd. to the Jan. 5 meeting.

According to Joe Salerno, Niles director of zoning enforcement, the petitioners did not meet certain requirements when they discussed plans with the Niles congregate housing committee. "They wanted time to meet again with the committee to resolve problems in order to comply with the village ordinance" he said.

Salerno explained the petitioner, James B. Klutznick must obtain approval from the committee regarding the housing plans before the case is heard by the zoning board.

The board also approved a continuance to Jan. 5 regarding a request for special use to be constructed a hot dog drive-thru facility at 7057 Dempster St., the site of Irving's for Red Hot Lovers.

Julian Rose requested the continuance, saying the architect could not appear at Tuesday's meeting because of an illness in the family.

fulfill its commitment to academic excellence.

"There are many things we have to do to make the college the best of its kind," said Swenson. "This campaign is a step in that direction. We want to insure the permanence of the college and continue to attract top students in the country."

The campaign fund will be used for supporting the college's four strategic priorities: academic excellence, faculty enhancement, scholarships, and campus improvements.

The campaign committee will approach the business and corporate community as well as residents throughout the district for their support in the fundraising endeavor.

Radon is a colorless, odorless, and tasteless gas created by a natural decay of uranium and radium in the soil. The gas causes problems when it builds up in a home that has poor ventilation and usually occurs in the basement because it clings to cement.

According to the EPA, between 5,000 and 30,000 deaths in the country are attributed to radon gas and it is the second leading cause of lung cancer.

District 63...

A district summary of average scores by grade-achievement-level shows composite scores above the national norm. The statistics are derived from the basic core-Reading, Mathematics, and Language Arts. Scores ranged from several months to over one full year above national averages for grades 2 through 8.

A study comparing the same group of children over a period of several years demonstrated increased achievement in all areas. Although the national trend has been showing a decline in math scores, the churning the District 63 defied the trend with the highest achievement in mathematics.

The report points out that quite a few variables affect performance on these tests: length of time in a particular school or school system, individual experiences in testing situations, personality characteristics, as well as socio-economic factors.

Presently a primary test is administered to second and third graders; students in fourth through eighth grade take the SRA Achievement Test. Next month the district will replace this testing system with the intent of standardizing its testing procedures.

In other actions, District 63 passed a resolution requiring the following sums to be levied as special taxes: \$6,942,795 for educational purposes; \$1,438,424 for operation, building, and maintenance; \$460,296 for transportation; \$325,000 for Illinois Municipal Retirement \$200,000 for tort immunity purposes; \$76,716 for special education for the year 1986.

The approved projected cost per pupil to be used for the 1987-1988 school budget is as follows: Grades K-6, \$65.00; Grades 7-8, \$83.00.

The board also approved a contract with You-Ni-Forn at a cost not to exceed \$2,300 for purchase of custodial and maintenance uniforms.

In another action, the board authorized the district's participation in the North Cook Educational Service Center's Program, Math and Verbal Talent Search. This program targets the gifted student in both math and verbal achievement.

...TAPE WORLD has wall-to-wall and floor-to-ceiling shelves of tapes. The easy access to tapes is a constant temptation for toddlers. I saw one entire shelf of tapes almost by magic turn into a pile of tapes on the floor. As of last week, the new, hard to find, Bruce Springsteen concert cassette was still available.

...G.H. Falsenfeld of STRIDE RITE told me, "Business has just been phenomenal! Gil is also the proud owner of a litter of unique, barkless, African dogs called Basenjis and shared a photo of them like a proud grandpa.

...Monica Ott is the new manager of PASSING FANCY, a bustling shop featuring a great selection of costume jewelry and pierced earrings. Ear-piercing is performed on the premises.

...Congratulations to Dave Saley of CPI PHOTO FINISH on his 21st birthday and new position as manager.

...Steve Fox, assistant manager at BAKERS SHOES, celebrates 5 years with the company.

...SERVICE OPTICAL not only boasts a great choice of eyewear and energetic employees, but C. Clearfield, O.D., the optometrist who, in his own words, is "Dr. Humor." He shared several comical eye exams with children and seemed to have a good many more stories and time allowed. He's a real pro who enjoys his work and his patients.

...GENERAL NUTRITION CENTER'S new manager, Jacqueline Eggleston, told me they almost sold out on opening day. Her only complaint was working all day on her birthday, November 24, during the hectic opening. Best wishes for a great year, Jacqueline!

...WALDEN BOOKS, newly relocated, looks great! Happy birthday to Dan Forrester, also of WALDEN BOOKS.

Dewayne and Dave had 400 boxes in the middle of the store as the work was completed. But, with a handful of diehard employees, everything came together in the nick of time.

Among women who "discovered Chicago" via the Ladies Choice trip sponsored by the Niles Park District were...Betty Beech, Joan Provenzano and Pat Stetz, who toured the Water Tower pumping station and the Chicago Historical Society. Next park district event will be a trip to Water Tower Place on Dec. 16 where the women can indulge in their own champagne wishes and caviar dreams.

GOLDEN BELLS...congrats to Kathryn and Robert Martins who celebrated their 50th wedding anniversary with family and friends at the Fountain Blue in Des Plaines. They also renewed their marriage vows at Our Lady of Ransom Church officiated by Father Thomas Dore.

AROUND THE NEIGHBORHOOD...residents in unincorporated Des Plaines may have to wait until next summer to get cable TV in their homes. The hangup is that the cable company franchised to provide the service can't get the telephone companies to move ahead in preparing utility poles to hold the cable lines.

ON WITH THE FIGHT...although the suburbs, including Niles, made clear in the November election they want their collective voice heard over the roar of jets flying to and from O'Hare Airport...there are some doubts as to whether the referendum will sway legislators to create a regional airport authority.

Chicago officials have been playing down the outcome of the referendum. Washington makes no bones he is opposed to suburban officials getting their two cents in on what happens at O'Hare in the future. The ultimate politician...Washington keeps saying with a straight face that "we're struggling to be good neighbors with the suburbs."
