Adults liable for underage drinking in motel rooms

Adults who rent hotel or motel rooms for underage drinking parties will risk fines and jail sentences under a new law sponsored by Sen. Bob Kustra (R-28) which is scheduled to go into effect Jan. 1.

The law ties in with another law which became effective in September, making adults liable for accidents caused by young people who become intoxicated at parties they set up.

"These new laws should sharply curtail underage drinking in hotel and motel rooms," Kustra said. "Unfortunately some parents and adult friends have felt they could shift the responsibility for underage drinking by setting up parties at public facilities. It started at prom-time, but the problem has escalated to the point that these parties are going on year-around. It's particularly bad at holiday times."

Kustra said adult condonation of teen drinking has helped to contribute to the growing rate of alcoholism among young people

The law becoming effective in January calls for jail sentences of up to 30 days and fines of up to \$500 for adults who arrange facilities for underage drinking parties. The companion law gives adults who arrange home or motel parties dram shop liability for injuries or property damages caused by young participants.

Breezing through Four Flags

by Carmie James

'Twas the day after Christmas...and all through FOUR FLAGS...shoppers were stirring - bustling about! One might expect people to be at home the days after Christmas - but we found throngs of eager, if somewhat beary-eyed people gathering up the "SALE OF SALES!", "UNBELIEVABLE SALE!", and "One Half Off EVERYTHING!" treasures being advertised at the FOUR FLAGS Shopping Center, Golf Road at Milwaukee Avenue.

FACTORY CARD OUTLET proclaimed the most obvious "Sale" banners. In their window display, an apron echoed our sentiments after all the partying this week... "Eat, Drink and Be Merry, for Tomorrow Ye Die!" This store has bargains galore - from half-priced cards, wrapping paper and party goods; to cute gifts and stuffed animals. Manager Phyllis Grotfman (a Liz look-alike) employs 11 part-time gals - and one lucky fella named Alex Komissarenko. Alex had "no comment" when teased about his harem of co-workers...but the twinkle in his eye betrayed his good humor. Phyllis said this was not an easy job because of the enormous amount of ever-changing merchandise...but employees Maureen, Liz and Donna Kargol were cheerful and eager to please...as was Kim Hucall, who said shoppers were numerous but very nice. **FACTORY CARD OUTLET** is literally bursting at the seams with really great buys!

Speaking of good buys - **CASTLE DISTRIBUTORS** will not be outdone! Their motto, "Your prescription for daily discounts" - is certainly upheld. Just ask Russell Parisi of Glenview, who has worked there for about a year - and who was fashionably attired in a Bears head-band and T-shirt proclaiming the virtues of "Faster Horses, Younger Women, Older Whiskey and More Money" to one and all! Russell is single, friendly...and has a delightful sense of humor. We're counting on him for interesting tidbits in the future. We caught Larry, the manager, between rounds...but he prefers some anonymity since "people may be looking for me!"

Do the words... "Trim", "Fit", "Muscular", "In Shape", and "Athletic" conjure up any images? I know - some of us might be much more familiar with "Fat, Flabby and Out of Shape" - but the **FOUR FLAGS CLUB** means business! Aw, go ahead...walk in - to your right is the **SALAD DELITES** cafe, advertising frozen dietary desserts (Yum?)...Ahead is a nursery (healthy people have kids?) and to the left is IT...the **CLUB!** Here is blond Mike Calvin - the epitome of glowing, masculine, muscular good health...just itching to help you lose some (ahem!) holiday "excess poundage" (his unique description.) Mike (who, by the way, describes himself as "over the hill") at 22 is anxious to introduce you to Nautilus facilities, weight rooms, racquetball courts, whirlpool and saunas, basketball, massages and aerobic/exercise classes. Phew! Behind the desk, Sandy gossips about the other clubs, where "you have to dress nice to sweat!" - and says their members are down-to-earth and not coldly plastic people. There's even a **SUN/UP TANNING SPA** to compliment your new bod. As for me...I'm heading for **STEVEN'S BEDDING**...where manager, Steve Siegel, might take pity and allow me a rest on a comfortable sofa.

Water rate suit moves closer to higher appeal

by Sylvia Dairympole

Attorneys representing the suburbs in a water rate suit against the City of Chicago filed a post-trial motion last week requesting the Cook County Circuit Court to reverse its decision on dismissing the case.

According to Marvin Glink, representing the suburbs, a brief was submitted telling the court why the ruling should be changed based on the evidence presented during trial.

Although Glink stopped short of stating whether the suburbs would appeal to a higher court in the future, he noted the post-trial motion is the first process "on the road" to appeal. "City attorneys will respond to the motion before

Village Board overturns approval by Zoning Board

Niles denies request for 400 apartment complex

by Sylvia Dairympole

The Niles Village Board turned down a request by Marquette Properties to develop a 400-unit apartment complex on Greenwood and Ballard citing the proposed density was too high for the neighborhood and traffic problems.

The board's action overturned the zoning board's recommendation to approve the project under specific conditions at the November meeting.

Plans called for six 4 and 5 story buildings with studio apartments starting at \$325 per month and escalating up to \$1,500 a month for one and two-bedroom apartments.

Revised plans at Tuesday's meeting called for taking 66 parking spaces from the underground garage and allocating them for surface parking, with 334 spaces underground and 266 surface parking, Schain said, adding the project would be

Niles Police 'Santas' bring smiles

For the fourth year in a row, Niles police have conducted their "Operation Santa Claus" bringing smiles and happiness as they make their rounds on Christmas Eve.

This year three teams of volunteers visited approximately 150 families and pulled up into driveways in Niles squad cars. These policemen, their wives, children and friends donated their time on this most important evening to spread Christmas cheer and talk to wide-eyed youngsters who waited anxiously for Santa's arrival.

Many families offered donations to the police for this special service and were told all donations would be used for the Niles Police Department's I-SEARCH program for locating missing children.

There were three teams which covered Niles homes this year. They were Mike Poryzcki, Niles Reserve Officer; Debbie Schuster, "Santa" Jim Mahoney and helper Diane Katsoulas on Team 1. Lee Elsingner, Jaime Elsingner and "Santa" Jim Byrne made up Team 2 and Ed Bacher,

his wife Debbie and daughters Michele and Kimberly traveled with "Santa" Pat Byrne on Team 3.

As "Santa" Pat Byrne said, "we may make a lot of people happy, but we love it." Hats off to

The Niles Police Department and their unique "Operation Santa" program. Pictured enjoying Santa's visit are Danny and Kelli Miller with Santa's helper Debbie Schuster and "Santa" Jim Mahoney.

Santa leads senior sing-along

Maine Township elected officials joined Santa Claus at the microphone to lead the crowd of 585 members in singing Christmas carols and other holiday songs at the Dec. 14 Senior Citizens luncheon at Brigantes. A repeat party for 400 more was held on Dec. 17.

Supervisor Paul K. Halverson, Des Plaines, Santa (alias Mike Provenzano, Niles), Collector Robert C. Williams and Trustee Donna Fitzpatrick, both of Park Ridge. Entertainment at both luncheons was provided by Buck's Stove and Range Co., a quartet that played down-home, toe-tapping Blue Grass music enjoyed by all.

HYPOTHERMIA
Hypothermia is a condition marked by an abnormally low internal body temperature, typically 95° or below. A simple drop in skin temperature is not hypothermia. While hypothermia can sometimes develop slowly, it usually occurs fairly quickly, over a period of a few days. With advancing age, many people become less able to resist and recover from stresses such as prolonged exposure to cold. Senior citizens often may not sense that they are becoming cold as readily as younger people, and their bodies may not adjust to changes in temperature as well. Specific measures to be taken that will prevent accidental hypothermia include: heating living and sleeping areas to 65°F, dressing warmly during the day and during sleep, eating enough food, staying active during winter months, and avoiding cigarette smoking.

SNOW
Willing workers are now available for senior citizens who will be needing their sidewalks and driveways cleared of snow. For more information about finding a neighborhood worker, call the Morton Grove Village Hall at 965-4100, ext. 254.

ARTHRITIS & DIABETES PRESCRIPTIONS
Illinois residents age 65 and over who qualify for the Circuit Breaker tax relief grant (income of less than \$14,000) can now also qualify for subsidies on arthritis and diabetes medications as well as heart medications as a part of the State's revised Pharmaceutical Assistance Program. For more information about these grants call the Illinois Department of Revenue toll free at 1-800-732-8866.

DIABETES SCREENING
Morton Grove residents can take advantage of free and simple diabetes screening tests from 9 to 10 a.m. on Tuesday, Jan. 6 in the Village Hall Senior Center. Persons coming in for the screening should not be known diabetics and should fast from the evening meal of the night before.

RULES OF THE ROAD COURSE
For seniors who are anxious about taking the written portion of their drivers license renewal test, the Morton Grove Village Hall Senior Center offers an informative and helpful course where students will review the Illinois Rules of the Road and take an actual practice test. The practice test contains all of the questions drivers will be asked to take at the Secretary of State's office. The course begins at 12:30 p.m. on Tuesday, Jan. 6. Call the Senior Hot Line at 470-5223 to register for the course.

STRESS MANAGEMENT
Evanston Hospital will present a free lecture on stress that can lead to physical and mental problems, including sleeplessness and anxiety. A stress management demonstration and relaxation techniques will be highlighted by Dr. Steven Tavian of the Hospital's Health Psychology Department. The lecture begins at 7:30 p.m. on Wednesday, Jan. 14 in the Kellogg Auditorium at 2650 Ridge in Evanston.

TAX FILING ASSISTANCE
Seniors who are age 65 and over and have problems "adding it up" at the end of the year, can receive free help in filing their 1986 State and Federal tax returns from the Morton Grove Income Tax Assistance program. Appointments begin on Monday, Feb. 9 and can be made by calling the Senior Hot Line any weekday morning at 470-5223.

For additional information about these and other senior services, call Ralph Birmingham at the Morton Grove Senior Hot Line, weekdays from 9 a.m. to noon at 470-5223, or Bud Swanson, Director of Senior Citizens Services at the Village Hall, 965-4100, ext. 254.

Township hires coordinator for juvenile restitution program

Maine Township has hired a former York Township youth program worker to coordinate a newly established juvenile restitution program at MaineStay, the township's youth services department.

Deborah Obis, whose experience includes work in restitution and youth employment programs, will coordinate the restitution program.

Obis will also head the outdoor education program and serve as Maine Township's liaison to Operation Snowball, a chemical-abuse prevention program in the high schools, as well as the Maine

Township Committee on Adolescent Concerns. After an extensive study, the Maine Township Board this fall unanimously approved the juvenile offender restitution program.

Maine Township Supervisor Paul K. Halverson said, "The program is designed to help make juvenile offenders accountable for their acts and develop a sense of personal responsibility. It is the first program of its kind in this area and has the full support of the juvenile court, state's attorney's office and local police departments," Halverson

said. The program will provide adolescent offenders with an opportunity to compensate victims for theft, vandalism or similar acts by repayment through community service, service to the victim or private employment. In addition to community service placement, the program will involve training workshops in job and life skills, short-term counseling and employment assistance for juvenile offenders. Youngsters may be referred to the program by the court, police or probation department.

Letters to the editor

Help stop Niles Branch Library closing

Dear Editor:
The Niles Library Board has seen fit to schedule the closing of the "Branch" Library on January 10, 1987.

The closing of such a successful facility so basic to the needs of the community can only be considered a failure on the part of the Board and Administrative Staff of the Niles Library District to the very large portion of the population they are responsible to serve.

The District is really not a part of Niles. It is chartered by the State of Illinois and is financially dependent on the taxes it collects from the people it serves (by way of those property tax bills we pay each year).

In 1973, prior to a referendum

dealing with the proposed annexation of a large unincorporated area to the Niles Library District, the district opened a "Demonstration Library".

Promises were made by the Niles Library District that if the proposed annexation was approved by both the residents then in the district and those being annexed that the district would turn the "Demonstration" Library into a permanent facility.

The referendum passed and the Branch Library was established. It was a great success! Though the Branch did not have the facilities, books, and space available at the Main Library, the community took it to heart.

I remember one summer evening when the Branch was located on Milwaukee ave. The place was filled with young children, dressed in their sleep wear, being read a story by the Library Staff. It was a beautiful activity and one that made this "Branch" a living, active part of the community. I have wondered

how those children, with their bright faces, were affected by those wonderful stories.

Since that wonderful time, we have seen the Niles Library Board make a series of calculated decisions that have led to the closing of this most important facility. After all, they had our tax dollars. They could now use them to improve the "Main" library.

Budgets were manipulated, so that funds were no longer available for the "Branch". The facility was moved to a badly lighted, dreary, out of the way closed school building. The staff was reduced, programs stopped, and now its books will be sold.

A public meeting of H.A.L.T. "Hold A Library Together" will be held on Monday, Jan. 5 at 8 p.m. Maine Township Town Hall, 1700 W. Ballard rd., Park Ridge. Please attend! Gerald H. Feldman
Past-President

Golf Mill
Niles, IL 60648

Dear Mr. Pruitt:
I'm writing on behalf of myself, and several ladies who are customers of Maria's Beauty Shop on Milwaukee who would like to shop in the new Golf Mill mall.

We were discussing how nice it is now that it's finished, but what a shock to see how filthy and unkempt it is already, being so new. This prompted me to write this letter.

People are "pigs", sitting in the areas eating and drinking with signs alongside of them stating "No Food or Beverages in Carpeted Areas". Not only were they eating there, but they got up and left their trash lying on the carpet with disposal containers right alongside of them. I also see where it is going to be a "hangout" for young people, now that it is enclosed. Rand-

hurst and Northbrook Court, where I go are much larger and much, much cleaner. I certainly hope something can be done about this before the problem becomes worse. I, for one, will not be back very soon or often.

I would think people of Niles and surrounding areas who are using the mall would like to shop in a clean one now that is finished and so close to home.

Yours truly,
Mrs. Orville Ottow
Niles, Ill.
Editor's Note: Mrs. Ottow is the wife of the late Niles trustee, Orville Ottow.

Niles police "Santa" wonderful

Dear Editor:
I would like to thank the Niles Police Department (Santa Claus) for Christmas Eve. You were just wonderful. Keep up the good work.

Great need for blood donors

January is designated as National Volunteer Blood Donor Month in recognition of the great need of volunteer blood donors at this time of year.

President Reagan stated: "Blood is an invaluable resource that needs constant renewing. Donations must be forthcoming constantly to replenish supplies. Every day, thousands of Americans depend upon the availability of blood or blood products." During January, when supplies are low, we ask you to be especially mindful of the need for blood.

If you are in good health, weight at least 110 pounds and are between the ages of 17 and 65, call The Blood Center now at 298-9690 and sign up to donate blood. Blood drives are held daily throughout the metropolitan Chicago. We'll schedule an appointment at a time and location convenient for you.

Prospective donors should know there is no risk of contracting any infectious diseases by donating blood.

Be a friend for life and give blood this January. Your reward will be that inner satisfaction that comes from giving of yourself to benefit others.

Sincerely,
J. Daniel Connor
President
The Blood Center
of Northern Illinois

Get up to \$50.00 trade in for your HO Train Set

There was a time when a Lionel train was the ONLY train a child would ask for at Christmas. We know there are companies that would have you think that their HO train sets are what your child really wants. We want to set you straight on this point.

HO trains must be mounted on a rigid board or they wobble and fall off the track, so you can forget about running an HO set under the Christmas tree. HO trains love to fall off tracks that are not perfectly level and if that isn't enough, think of your children calling you to find out why the train isn't running.

The SuperStore has THE ORIGINAL ITEM: Lionel trains that put smiles on children's faces.

Because buying a Lionel train set buys you a lot more than rolling stock and locomotives.

It buys you time. That brief span of time you're given with your children during which they will listen and share and absorb. And come to understand what it is you value.

We know something about spending time with children. Because for more than 80 years Lionel has concentrated on making quality trains. Unlike any other toy you've seen, Lionel trains can be the mortar of a rare parent-child relationship.

There's nothing very outer space or "innovative" about them. They don't glow in the dark. Children still find them easy to set up and operate.

If you come in now, we'll give you up to \$50 dollars for your HO set*, good towards the purchase of the Lionel Nickel Plate Special set. The Nickel Plate makes Lionel a tradition in the American home: die-cast engine, puffing smoke, the rugged construction that can take the real-world abuse of real children.

If you'd like to take over a REAL Lionel train this year, stop in and see us. Our phone number is 470-9500. You'll get fifty dollars for your HO set*, we'll answer all your questions, and you can see one of the Midwest's largest display of Lionel stock (post and pre-war).

You can still make your child happy. You still have time.

Because no childhood should be without a train.

State warns motorists on drunk driving

by Secretary of State Jim Edgar

With the holiday season upon us, all Illinois motorists should be reminded that a tougher drunk driving law is now in effect.

During 1986, more than four times as many Illinois drivers have lost their licenses for driving under the influence of alcohol or other drugs as compared to 1985 statistics.

National Drunk and Drugged Driving Awareness Week,

December 14 to 20, is a good time to review these tips for responsible alcohol use:

1. Know your limit. You can be legally intoxicated and still not feel intoxicated. The body rid itself of alcohol through the liver at a rate of approximately one drink per hour. Do not drink more than one drink per hour and do not drink for at least an hour before driving.
2. Remember that alcohol impairs judgment, creates a false sense of confidence, reduces field of vision, lowers hearing acuity, reduces concentration, and impairs balance, coordination and motor skills. You do not have to be legally drunk to be impaired.
3. Do not mix alcohol and drugs. One antihistamine with a drink may double the impairment effect of both.
4. Use medications with care. Many prescriptions may impair driving ability. Check with your doctor or pharmacist.
5. Be a responsible host. Stop serving drinks early and make sure intoxicated guests do not drive.
6. Plan your transportation in advance. Ride with a sober friend, call a cab or take public transportation.

Be aware of the dangers of drunk and drugged driving and have a happy and safe holiday season.

I Bet You Didn't Know

By Jim Jennings

Although there are lots of post-season football bowl games now, we thought you'd enjoy seeing the names of some old bowl games that once were played, but aren't played anymore. . . Some had interesting names. . . There was the Oil Bowl in Houston, Camella Bowl in Lafayette, La., Delta Bowl in Memphis, Grape Bowl in Lodi, Cal.; Flower Bowl in Jacksonville, Fla.; Cement Bowl in Allentown, Pa.; Cigar Bowl in Tampa, Fla.; Harbor Bowl in San Diego; Raisin Bowl in Fresno, Cal.; and the Salad Bowl in Phoenix.

The smallest crowd ever to attend a major-college football bowl game was at the 1962 Gotham Bowl in New York between Nebraska and Miami. That bowl game drew only 5,166 fans.

It may seem hard to believe now, but teams such as Harvard, Columbia and Northwestern were once top-ranked national football powers and, in fact, played in the Rose Bowl. . . Not only that, but they won the Rose Bowl. . . Harvard won the Rose Bowl in 1920, Columbia won it in 1934, and Northwestern won the Rose Bowl in 1949.

This non-profit community choral group is comprised of about 60 members from Chicago and the northwest suburbs, singing light classics and popular music under the direction of John Melcher. They will be presenting a "Night At The Opera" concert of favorite opera choruses in March, as well as their annual "Pops" concert in June.

There are openings for good voices in tenor and bass sections. Prospective members may attend one of the first two "open" rehearsals. For more information call Judy or Glen Richardson, 823-7320.

Theater troupe visits Nelson School

The Nelson School PTA sponsored the second cultural arts program of the school year on Thursday, Oct. 30. The Illustrated Theater presented two children's classics—"Beauty and the Beast" and "Tumpstiltikin" for the student body.

The Illustrated Theater is a small troupe of talented actors, who have performed in California, at the Stratford-on-Avon, and many cities in between. They make use of mime and mask and story theater to draw their audiences into the experience of storytelling. This requires little in the way of scenery, props, and costumes. Instead, backdrops, masks, and tape-recorded music supply the necessary accoutrements for their plays.

Nelson School is one of the five schools in East Maine School District #63 and is located at 8901 N. Ozanam Ave. in Niles.

Tryouts for "Huckleberry Finn"

The Wilmette Children's Theatre will hold auditions for its spring production, "Huckleberry Finn," at 7 p.m. Tuesday and Wednesday, Jan. 6 and 7 at Highcrest Theatre, Illinois and Hunter Rds., Wilmette.

Auditions for the musical adaptation of the Mark Twain novel are open to youngsters in grade 5 through high school. Mollie Grabemann is the director; Sherri Lewis is the musical director.

Play author Joseph George Caruso based the book on the Twain classic. Edward C. Redding wrote the original music and lyrics.

Production dates are March 7, 8, 13, 14 and 15. For additional information, call Rick Owen at 256-6100.

Oakton St. in Skokie. No advance preparation is necessary for this workshop-style audition which will include script-reading, movement, pantomime, and improvisation.

Adults interested in roles of the White Witch and the Lion Aslan are also invited to these auditions. There is no audition fee; a fee of \$35 will be charged for those cast in order to cover costs of scripts, make-up, and costumes. For more information, call 674-4620.

Niles students in Marillac play

Niles students, Caryn Tomaszewicz and Stephanie Cesna act out roles from Great Expectations during a Marillac High School freshman Victorian Day.

First-year English students were treated to a film version of the Dickens novel after a final exam and then held group discussions on both the book and film, led by honors students. Dances, choral readings and scenes from the novel were enacted in the Theatre to "help the kids see literature related to the period lifestyles and to help them see things in their own era that relate to today's culture," said Sister Mary Beth Kubera, freshman English Teacher who also provided a Victorian treat at the end of the day.

Consentino sets strategy on credit card charges

State Treasurer-elect Jerry Cosentino today announced that he will begin carrying through on his major campaign promise - to force lower credit card finance charges - upon taking office on January 12.

Cosentino disclosed that he has already begun contacting those banks that are major issuers of credit cards in Illinois, informing them of his intention to remove state deposits and state business from those banks until credit card finance charges are lowered.

Cosentino, joined by Joe Hoover of the First National Bank of Chicago Heights, said many of the smaller banks that issue credit cards are responding and admitting even with lower rates they will still enjoy a profit "something I always maintained was possible."

While putting pressure on the major banks will begin immediately upon taking office, Cosentino, who was joined by State Representative Ellis Levin and State Senator Tim Degnan, also announced that he will again seek legislation to cap credit card finance charges. "Speaker Madigan has given me his assurance that my legislation will receive a fair hearing in the House. Last year, as you know, we never received any type of hearing."

Niles jeweler awarded Gemologist title

Michael Doerner of Doerner Jewelers, 345 Golf Mill Shopping Center, Niles has added the advanced title Certified Gemologist to his previously bestowed Registered Jeweler award. These two professional awards are conferred by the American Gem Society. Long hours of study in gemology and the successful completion of very comprehensive exams were required of Doerner before the Certified Gemologist title was awarded.

The American Gem Society, an association of fine jewelers, is dedicated to consumer protection and gemological expertise. AGS awards titles to member jewelers only after they have proven their skills in evaluating gemstones

and grading diamonds, have extensive experience in the industry, and have been recognized as accomplished and ethical professionals by their peers in the Society.

President Herbert R. Levine of the American Gem Society said, "I want to congratulate Doerner on achieving a level of skill reached by only some 800 retail merchants in the United States and Canada. He has qualified as a Certified Gemologist through his personal desire to increase his knowledge of gemology, and through the store's subscribing to business principles set down by the Federal Trade Commission, Better Business Bureau and the Society's own code of ethics."

Comm Ed and Illinois reach accord on rate freeze

A plan to freeze electric rates charged by Commonwealth Edison for five years in exchange for a rate package that benefits residential and business consumers was announced Friday by state and county officials.

The agreement, announced by Governor James R. Thompson, Attorney General Neil F. Hartigan and Cook County State's Attorney Richard M. Daley, will provide stable rates for Commonwealth Edison customers until at least mid-1992.

Under the agreement, reached after lengthy discussions between government officials and Commonwealth Edison executives and to be presented for Illinois Commerce Commission (ICC) approval, the utility would be granted a 9.6 percent rate increase beginning July 1, 1987.

That rate would then remain

unchanged and Commonwealth Edison would be prevented from asking for a rate hike for five years. Without the agreement, however, Edison is expected to seek a rate increase of at least 29 percent over the next two years.

The principal components of the plan include:

- Residential customers would no longer experience sharp increases in their seasonal electric bills if the July 1, 1987 rate increase is approved. With the higher year-round rate, summer-time rates paid by consumers could be reduced by as much as 20 percent. Instead, consumers would experience a more gradual, one-time rate hike the following Sept. when the higher summertime rates normally would be removed from electric bills.

- Commonwealth Edison would not seek a general rate increase for at least five years.

- Edison's Byron Unit II and Braidwood Units I and II would not be included in the utility's rate base, keeping rates down. The power plants would be transferred to a new, wholly owned Edison subsidiary which would sell the power generated by the three units to Edison at the price of fuel. At the same time, Edison would finish building the units and be responsible for their safe operation and maintenance.

- The new subsidiary would be regulated by the Federal Energy Regulatory Commission, not the ICC.

- Edison would write off about \$550 million of its investment in the three units, an accounting step that would reflect the way rates are set for power generated at the three units.

developed through private financing. Trustee Peter Pesole said the development was intended to attract young people and "empty nesters" to the complex. "I don't think you can even attract Yuppies (young upwardly mobile professional people) with those kinds of rents," he said.

Nicholas Ryan, manager of Marquette, said the property owner was Robert Krilich and the sale of the property was contingent on zoning approval from the village board. "It would not be economically feasible to reduce the number of units," he said. "Besides, the number of units and the parking spaces are compatible with a court order involving this property in conjunction with a planned unit development (PUD)."

Zoning commissioners approved a preliminary site plan at the November meeting, but left it up to the village as to whether the proposed PUD was compatible with a court order involving a suit brought by Krilich in 1980, after he was denied a high density apartment project on the site.

The order proposed how the site should be developed after Krilich submitted an alternate proposal (a medical office complex) in a compromise plan with the village.

Commissioner Angelo Troiani noted the validity of the court order would come under the purview of the village board.

"The matter may have to be resolved by going back to the courts," he said. In other business, board members responded to their January meeting a request by Avenue Bank Northwest for a special use permit to construct a three-story banking facility at 8500 Dempster and 8810 Grace st.

The matter was continued to allow time for developers to meet with representatives of the Oak Homeowners Assn. involving two driveways that would be located on Grace st.

"We would like to see the existing one driveway rather than two, with one allowing cars to go from Grace to Chester st. We want to prevent any traffic problems in the future," said Pete Held, president of the homeowners group.

Plans call for building a two-story building addition on the existing bank and retaining the existing drive-through facility. The first floor would be used as a bank and the second and third floor would be for rental office space.

The board also passed an ordinance to establish a tax increment financing district (TIF) to redevelop Lawrencewood shopping center and the AT&T Teletype property located at Touhy and Central. The tax freeze plan linked to TIF would attract developers to upgrade the two properties, trustees said.

project to be constructed adjacent to the Highland Towers condominium complex on Golf, west of Western ave.

"They reduced the commercial space from the original 28,000 square feet to 11,500," he said. "There will be three stores in the revised plan, including a beauty parlor and a grocery store to serve the needs of residents."

He noted developers also added a second floor deck where the activity room will be located, and will overlook an outdoor patio on the ground floor. More parking space will be closer to the building for the convenience of

tenants, in addition to an increase in landscaping around the site.

Plans call for a 14-story, 282-unit building consisting of studio and one and two-bedroom apartments. The facility will offer seniors the option of independent living or use of a common dining room. Developers are also proposing an indoor pool, social and recreational center, and auditorium.

Representatives from Senior Lifestyle Corp. are expected to appear before the zoning board at the Jan. 5 meeting in the Council Chambers at 7200 Milwaukee ave.

On to CRIBS & BIBS - a grandparent's wonderland. Owner Frank and his daughter, Janine Kolez say grandparents enjoy the kiddies more than their parents - and here is everything imaginable to spoil them with! (All at below retail prices, of course.) Looking for a gold trimmed, white crib; or one with a ruffled, fluffy canopy? Everything found here is cute...adorable...and sure to elicit oohs and aah's from baby's admirers. From "coo-oo" to...

A coo world of sleek...shiny...ultra-modern black/white, red/silver, plastic and dazzling furniture. See delicate, colored glass flower arrangements arching gracefully out of distinctive vases...oversized surrealistic art...marble coffee tables...designer lamps. Where are we? at EUROSTYLE - "probably the most exciting furniture store in town"...and out to prove it. One feels so sophisticated here - and sipping coffee at their "Cafe Euro" adds to this ambiance. A noticeable touch of class are the table top accents...a delicious dish of ice cream here - a pair of crystal wine filled glasses there - a pair of bowls filled with cornflakes at a breakfast table. None are edible, but are a delight visually. On a coffee table find an open deck of cards...a bedroom dresser is adorned with his after-shave. Robin will be your guide through this futuristic, exciting "nether world".

Back to earth...Let's visit SERVICE MERCHANDISE - always crowded but always a pleasant experience. The first friendly face we see is Yvens Augustin - the guy so patiently answering the switchboard and fielding inquiries and complaints. Manager, Ron Rathbern, was a blur of motion - running his busy world. OK, let's get the scoop on whether or not Niles shoppers were full of Christmas spirit these weeks - grab a stock boy or two - and find out some people can be a real pain...crabby, grouchy, and trying to return items without the sales slips! But, employees Bob Cribben, Mike Checuga, Mike Haugen, Steve Scurry, and Glenn Gordon do their very best to please. Now, assistant manager John Whiteside says only 2 to 3% of shoppers are kinda bad-tempered. That's quite a small percentage, don't you think? I know I'll try to have a smile for them from now on...even if they say "Have a Nice Day!"

There in PEARLE VISION's case were cute stockings, imprinted with "Dena, Julian, Tony, Karen, Noemi, Alice and Doc" (no, not the 7 dwarfs!) Dena Duebrey is home from U of I at Champagne...and still has the Christmas sparkle in her eyes. Rose Caruso, so busy helping a lady find the perfect frames and manager, Alice were most gracious. Alice has been with PEARLE for 8 years and is a certified optician.

WICKES FURNITURE (surprisingly busy) was our next stop...and Toni Livergood in the office said she likes Niles so much - she and her mom are searching for a two flat. Toni especially likes the bus service we are blessed with - in many suburbs, one is lost if the car breaks down. Jill is moving...to Australia! It is a mystery why she is doing so...we'll find out next visit.

QUE PASA - the wonderful Mexican restaurant, festooned with Pinatas and gaily colored decorations. Diane Abernathy, manager, welcomes all...and hostess Laura Kuehn was looking forward to their Christmas party scheduled for Sunday, the 28th...when the restaurant closed down at 8:30 for them. Nice holiday gift! Still to come...Crawford's Linen Outlet, L'IMAGE, Jewel/Osco, Midwest Computer, Scandinavian Design, Software Centre, Trak Auto, Wendy's, MUSIC, and more!
