**Man hangs self
in Niles motel**

A 27-year-old Buffalo Grove man was found hanging in a Niles motel after he apparently tore a strip of sheet or pillow case and tied one end to a bracket holding a television set, according to Det. Chuck Affrunti of the Niles Police Department. The incident occurred between May 12 and 13.

Jeff Marland, who gave a Buf-

falo Grove address when he checked in at the White Horse Motor Inn, 7139 Milwaukee, late Tuesday evening on May 12, was pronounced dead by the county medical examiner, Affrunti said. The maid discovered the body shortly before 11 a.m., May 13 when she went to clean the room.

**Library tax
hike to go
back to voters**

by Eileen Hirschfeld

Board members of the Niles Public Library District endorsed a referendum for a tax increase to be placed before the voters in November.

If passed, a referendum will increase the library's tax base from 15 to 25, an increase sought in April and defeated.

Board member Myles Dimand waited until the end of the meeting when he asked the board to consider another referendum.

Dimand said, "Think referendum." He said the library will be able to accomplish more goals of a recently approved five year plan with adequate funds.

He said April's election produced a large number of votes for the referendum and voters should have a chance to determine the quality of their library. Dimand also said he would continue at each board meeting to ask for

In addition to Marusek, other board members will be Elaine Heinen, vice president; Jeff Arnold, board treasurer; Gabe Berrafato, board attorney and Bill Hughes will hold the positions of Director of Parks and Recreation and board secretary.

New Park Board president Marusek declined to name her committees at this meeting until

she was able to review the situation.

In other business, board attorney Berrafato told the board members the condemnation proceedings which had taken place on the building located at 7530 Oak Park ave. have reached a tentative agreement which now needs court approval. A court hearing is scheduled by next week. This property will be the site of the new Niles Park maintenance garage.

**Library extends
Sunday hours
through June**

In an experimental move designed to aid the public, board members of the Niles Library District voted to keep the library open two extra Sundays following its usual summer closing from the middle of June until September. The library will be closed by the July 4th weekend. The library is located at 6960 Oakton, St. in Niles.

The experiment was suggested by board member Margaret Rajski who said the library appears to be busy on Sundays.

An additional two weeks of Sunday openings will "give us a taste of usage," said Rajski. A move by Board Member Robert Quattrocchi to have the library open every Sunday during the summer months failed when it was not seconded.

contested. The terms of all of officers will extend for two years.

As new president, Carman said she will attempt to change some current board procedures. She believes all viewpoints should be heard. "I want everybody to be heard," she said. Also, she said most votes will be by "ayes" and "nays" rather than the present policy of calling each board member by name.

Carman also indicated the current procedure of tape recording all meetings should be dropped. "In the future, I would like to see discontinuation of the tapes," she said.

Dimand said tape recording first was instituted because of disagreement among board members. "Years and years ago, they used to have fights, but we don't need that now," he said. If board members become unruly, Carman said she will call for a recess.

In addition, Carman said minutes of meetings are too long

LIFE EXPECTANCY
A child born in 1985 could expect to live 74.7 years, about 27 years longer than a child born in 1900. The major part of this increase occurred because of reduced death rates of children and young adults. Life expectancy at age 65 increased by only 2.4 years between 1900 and 1960, but has increased by 2.5 years since 1960.

Seniors Driving 55, and Alive course

Whether we want to face it or not it's true as the number of candles on our birthday cake increases, our abilities to hear, see and react quickly decrease.

The medications we take may further dull our reflexes. And our memory of safety rules learned long ago inevitably fades. These factors lead drivers over 55 to have more automobile accidents per mile driven than their younger counterparts, those aged 30 to 54, according to the U.S. Department of Transportation.

Older drivers across the country are not letting these facts assign them to the passenger seat. Through an older drivers course offered through the American Association of Retired Persons (AARP), they are looking their limitations straight in the eye and learning how they can overcome them.

Any many of them are getting discounts on their liability insurance in the process.

The program is called "55 Alive/Mature Driving", the only defensive driving course designed specifically for the mature citizen. Anyone age 50 and over can attend the eight hour class (taught in two sessions) and emerge with a certificate from AARP and one from the office of the Secretary of State of Illinois. The certificate from the State entitles you to a discount on your liability insurance premium. The following class is scheduled: June 13 and 25 (Saturdays) 9 a.m. to 1 p.m. both days at the Trident Senior Center, 8060 Oakton, Niles.

SJB Troop 175 paper drive

Boy Scout Troop 175 will again conduct a paper drive on May 23 from 8 a.m. to 5 p.m. and May 24, 9 a.m. to 1 p.m.

Please bring your newspapers, magazines, computer paper and card board to St. John Brebeuf School, 8307 N. Harlem ave.

'Who Is This Man' contest winners

Three winners were selected in the "Who Is This Man" contest prize drawing on April 11 at the Niles Public Library. Ronald Guercio, Deanna Dean, and Ed Marcicciak received gift certificates to Waldenbooks. The contest was a part of the National Library Week festivities sponsored by the Niles Public Library during the week of April 5-11.

Balloon Launch to benefit NSAR

Community members and businesses are invited to be part of the River Fest Balloon Launch when hundreds of balloons will be sent up to begin River Fest, a one-day festival on Sun., June 14 to benefit the Northwest Suburban Aid for the Retarded (NSAR).

The Northwest Suburban Board of Realtors is sponsoring a fund raiser to help NSAR, which suffered \$500,000 in damages from the flooding of the Des Plaines River last fall. Groups or individuals can purchase arrangements of helium-filled balloons as a tax-deductible contribution. Participants in the launch will be entered in a contest to see whose balloons travel the furthest.

In addition to the balloon launch, the one-day festival will feature an arts and crafts show, continuous entertainment, food, carnival games and a celebrity auction. The Board of Realtors hopes to raise at least \$10,000 for NSAR.

The fest will be held on Busse Highway, near Dempster and River Roads. Busse Highway will be closed to traffic that day, and free parking will be available nearby.

The balloon arrangements can be purchased for \$50, \$25, or \$10. Participants must reserve in advance by calling NSAR Development Director Ann Marie Ehrlich at 299-9720.

PRE-NEED, AT-NEED AND POST-NEED COUNSELLING

The Lone Ranger Rides Again

by Reverend Greg Sakowicz

The life of a vocation recruiter in today's world smacks of the adventures of a modern-day Lone Ranger.

I spend a great deal of time speaking to juniors and seniors in Catholic high schools in the Archdiocese of Chicago, both inviting and challenging these young men to seriously explore priesthood as a viable lifestyle.

The responses of more than 6,000 young men to this point has run the gamut. I am treated by some teens as a walking time bomb and by others, who are considering priesthood as a real life response, in an open manner.

Far from being discouraged, I enjoy my ministry as the vocation recruiter at Niles College Seminary of Loyola University. At times I may feel my life as a recruiter has as much appeal as a canoe club in the Sahara Desert or as much as rearranging deck chairs on the Titanic. However, I firmly believe there is a dire need to tell young people with our lives that God is good and present to us.

We live in a society that counts success in terms of power, fame, wealth and position. Today's young people need to be both invited and challenged to believe and act upon the conviction that the Lord offers a point of reference for our lives which enables us to experience life rooted with meaning and purpose.

The students I speak to are invited to strongly consider a wide range of career choices: doctor, carpenter, lawyer, dentist, mechanic, armed services, management, trucker, teacher, and so on.

Yet, how many young men have ever been invited to seriously explore the Catholic priesthood as a life's career?

My Uncle Ted's name will not be found in any history book, yet he will have a place in my heart forever.

He died in October of 1984, but I will never forget the conversation I had with him while I was a senior at Notre Dame High School.

I had just decided to enter Niles College and seriously explore the possibility of priesthood as a way of life. At the same time, I had to call Northwestern University both to thank the admissions board for accepting me into their undergraduate program in radio and television and inform them I was declining their invitation because of a newfound trail on a road called life.

As a senior in high school, I was torn between a possible career in sportscasting and the Catholic priesthood. In the midst of the pain, confusion, doubt and loneliness typical of most 17-year-olds, I went and had a talk with my Uncle Ted that alleviated much of my inner anxiety and confusion.

He shared three insights about life that I should carry all the days of my life - even if ordination to the priesthood was not to become a reality. His ingredients for a rich life had nothing to do with monetary gain but everything to do with the wealth of the Gospels.

Uncle Ted conveyed the following: be gentle, be committed, be great at all you do. He further told me, never be ordinary if given a chance to be extraordinary.

He was not concerned with accumulating wealth, power or fame, but rather the richness and greatness of life lived to the fullest in God.

The Lone Ranger rides again! Yes, but I do not saddle up alone. The Lord is present. This is the promise and our hope.

I thank God every day for his gift of priesthood and pray that more young people may take up the challenge of Christ and proclaim Jesus to all the nations. After all, failure lies only in not having tried.

Are you looking for? What are you finding? May God who has begun the good work in you carry it through to completion. As someone once said: "For the Lord measures a person's life not by what one does, but rather what one does it for."

Editor's Note: Father Greg Sakowicz is a diocesan priest for the Archdiocese of Chicago. He was raised in Park Ridge and attended Mary Seat of Wisdom Grammar School and Notre Dame High School for Boys in Niles. He was ordained at St. Mary of the Lake Seminary in Mundelein in May, 1979 and spent six years as the Associate Pastor at the Church of the Holy Spirit in Schaumburg. Presently, he is the Vocation Recruiter/Director of Admissions at Niles College Seminary of Loyola University in Niles.

Resurrection resident celebrates 100th birthday

Scores of friends, family members and staff joined Resurrection Nursing Pavilion resident Nettie Jacobs on Tuesday, April 7 as she celebrated her 100th birthday.

At brief ceremonies preceding the birthday party, Resurrection Nursing Pavilion administrator Paul Crevis noted "I wish to extend my congratulations and best wishes on this tremendous milestone of an occasion. We're delighted to be able to share this special day with so many family members and friends, and we are among family here at Resurrection Nursing Pavilion."

Born in 1887, Nettie was the eldest of eight children. She and her five sisters and two brothers were among the first pioneers to move with their parents to Chicago's far northwest side and build a home on Irving Park rd. After graduating in 1906 from Jefferson High School, Nettie went on to earn a master's degree in education from Chicago University. She later pursued a career in teaching. Nettie taught at Lane Tech while it was still a boy's school located downtown.

Later she taught at Carl Schurz High School, 3601 N. Milwaukee ave., and at Charles Steinmetz High School, 3030 N. Mobile, before being named principal at John J. Audubon School, 3500 N. Hoyle. Following her retirement at age 65, Nettie traveled extensively throughout the world and visited many continents including North and South America, Africa and Europe. According to her sister Annabell Rittersporn of Winnetka, who was present for the birthday celebration, Nettie's first trip to Washington D.C., spurred her travel bug. "Nettie was always good with writing and poetry,"

Annabell recalled. "She entered a high school essay contest and won the first prize - a trip to our nation's Capitol."

Nettie became a resident of the Resurrection Nursing Pavilion in 1976, and according to her longtime friend Clara Gwynn, another pavilion resident, Nettie particularly enjoyed music, poetry, religious activities, crafts and the special travelogue programs.

Special congratulatory birthday greetings from President Reagan and Chicago School Board superintendent Manfred Byrd highlighted the special day and were displayed at the party.

What's Cooking at The Bugle Pantry

Spaghetti Dinner: Easy As Pie

Try a new approach to the conventional Italian spaghetti dinner by serving hearty Italian Spaghetti Pie.

Italian Spaghetti Pie
6 oz. uncooked spaghetti
1 lb. ground beef
1/4 cup sliced celery
15 1/2-oz. jar prepared spaghetti sauce
4.5-oz. jar Green Giant sliced mushrooms, drained
2 eggs, slightly beaten
1/3 cup grated Parmesan cheese

Parmesan cheese

Heat oven to 350°F. Grease 10-inch pie pan or 9-inch/square pan. Cook spaghetti to desired doneness as directed on packages; drain. Set aside.

In large skillet, brown ground beef with celery; drain. Stir in prepared spaghetti sauce and mushrooms. Simmer 15 minutes.

Combine cooked spaghetti, eggs, 1/3 cup Parmesan cheese and garlic salt; toss lightly. Place spaghetti mixture in prepared pan. Press evenly in bottom and up sides of pan, forming a crust. Pour meat mixture over spaghetti; cover with foil.

Bake at 350°F. for 25 to 30 minutes. Remove foil; let stand 5 minutes before serving. Sprinkle with Parmesan cheese. 6 servings.

CHICK'N FOR DIPPIN'

Chicken no longer has to go it alone. It can be dipped, dunked and devoured with various flavors and textures. Dips are quick and easy to prepare and can be used to turn breaded chicken strips and nuggets into appetizers for parties or a casual meal for the whole family.

Tryson's new Southern Fried Breast Tenders are perfect for dipping in a number of different sauces. The southern fried batter is spicier and more peppery than the regular breading. Buttermilk Breast Chunks, with country-style buttermilk flavor, are also great for dipping.

Various bottled sauces with a few extra spices added to give them pizzazz can be used for dipping.

* Sweet and Sour Sauce — A generous teaspoon of dry mustard will give it extra zip.
* Barbecue Sauce — Tabasco will make it hotter.
* Tartar Sauce — A dash of tabasco and extra relish enlivens it.
* Marinara Sauce — Add extra fresh or dry basil.

For a delicious dip recipe that can be prepared in about 15 minutes, try Chili Con Queso:

CHILI CON QUESO
2 12-oz. packages Tyson Southern Fried Breast Tenders
1 clove garlic, halved
3/4 cup beer
2 cups shredded American cheese (8 ounces)
1 cup shredded cheddar cheese (4 ounces)
1 4-oz. can green chili peppers, rinsed, seeded and chopped
1/4 teaspoon bottled hot pepper sauce
1 small tomato, peeled and coarsely chopped

Prepare chicken tenders according to package directions. Meanwhile, rub the inside of a heavy 2-quart saucepan with the cut surfaces of garlic; discard garlic. Add beer and heat slowly.

Combine cheese and flour, tossing to coat cheese. Gradually add to beer, stirring constantly, until mixture is thickened and bubbly. (Do not allow mixture to become too hot.)

Stir in chili peppers and hot pepper sauce; heat through. Transfer to a fondue pot; place over fondue burner. Stir in chopped tomato.

Use fondue forks to spear tenders and dip into hot cheese mixture. Add more beer, if necessary, to thin mixture. Makes 2 1/2 cups dip.

Free influenza vaccine

The Cook County Department of Public Health makes available the Haemophilus Influenza b (HIB) vaccine, free-of-charge in all of their immunization clinics.

The HIB vaccine provides protection against Haemophilus influenzae infection. The most common cause of bacterial meningitis—a serious disease affecting children under 5 years of age.

The vaccine is recommended for those children who fall into these high-risk categories: 1) all children at the age of 24 months.

2) children between 18 months and 23 months who attend day-care centers. 3) children involved in pre-school or group baby sitting arrangements. After the age of 5, children are at a much lower risk for acquiring the Haemophilus Influenza infection, therefore do not require the HIB vaccination.

For further information call the Cook County Department of Public Health at 865-6100.

Senior driving safety tips

by Secretary of State Jim Edgar

Get the big picture while driving by watching the cars and the road ahead. Look both left and right for vehicles, children, animals and other hazards. Glance frequently at the rearview mirror and instrument panel, and be aware of your vehicle's blind spot.

2. Keep pace with the traffic flow. Driving too slowly can be just as dangerous as driving too fast.

3. Certain medications used to combat diseases, nervous tension and fatigue can have an adverse affect on driving by interfering with muscular coordination or vision. Before driving, learn the side effects of any drug you may be using.

ROBERT DRISKILL

I Bet You Didn't Know

By Jim Jennings

Oddly enough, a driver once won the Indianapolis 500-mile auto race even though he drove only 255 miles... It happened at the 1976 Indy when the winner was Johnny Rutherford... That year was the shortest Indy in history when the 500-mile race was shortened to just 255 miles because of rain and Rutherford who led after 255 miles was declared the winner.

Here's a surprising baseball fact... When Mike Schmidt led the National League in homers last year, he equaled the number of home run championships won by Hank Aaron and Willie Mays COMBINED... Schmidt has won the home run title of the National League now 8 times... Aaron won it 4 times and Mays won it 4 times in their careers.

Who was the greatest relief pitcher in baseball history? No one is close to the number of saves made by Rolfe Fingers who pitched in the majors from 1968 to 1984... Fingers set the record with 341 saves... Next highest going into 1987 are Bruce Sutter with 288 saves, Goose Gosage with 278, Dan Quisenberry with 229 and Sparky Lyle with 222.

Well, you might say Evelyn and I have had ours, due in part to your publishing the article "Nilesites join the growing crowd of movie 'extras'."

Sheriff plans for improved township services

Newly elected Cook County Sheriff James O'Grady drew warm applause from the Township Officials of Cook County (TOCC) when he outlined plans for improved township services

at the group's recent Spring Conference.

O'Grady said that his office was acutely aware of the suburban townships' needs for more efficient law enforcement services and steps had already been taken in that direction. He pledged increased cooperation between the Sheriff's office and suburban townships and noted that TOCC President, Paul K. Halverson, supervisor of Maine Township, had been appointed chief financial officer of the Sheriff's Department.

Halverson said, "As township officials we welcome the opportunity to work with Sheriff O'Grady and appreciate his concern for law enforcement problems in the unincorporated areas of suburban townships."

Conference participants also heard an insightful report on the Chicago mayoral race and its impact on future Cook County politics from Sun-Times political editor Basil Talbot.

"Imaginary Invalid"

Ed Berger

Devonshire Playhouse director Ed Berger has announced the cast for the forthcoming production of Moliere's "Imaginary Invalid". Niles resident Angela Daratzis will appear in the role of Louise. Other members of the

cast include Skokiens Michelle Vanderwerf, John Pettick and David Channon.

The play will be staged in the rollicking spirit of Moliere's 17th century style. The plot depicts Monsieur Ardin, the imaginary invalid, who is a thorough-going hypochondriac terrorizing his entire family with his aches and pains. He pays his druggist only when the medication works (which it never does). He also insists that his daughter marry a doctor so he can save money and get proper care.

A special dress rehearsal for seniors only will be held at the Devonshire Playhouse, 4400 Grove, Skokie June 11, 8 p.m. Admission \$1.25. Regular performances are June 12, 13, 19, 20, 26 and 27, 8 p.m. Admission \$3.50-4.50. Friday tickets are half price when purchased in advance. For more information call 674-1500.

Discount pool tokens on sale May 1

Niles Park District 1987 pool tokens are officially on sale as of May 1 and if you purchase them before May 16, you pay last year's early prices! A resident family of four can swim the entire summer for as little as \$55! But hurry, because token prices go up as of May 16 and there is another increase as of June 14.

Due to the rising costs of maintaining clean, safe swimming pools, pool token prices must be increased this year, however the Niles Park District is giving residents a chance to purchase

the tokens for last year's early prices. Even though Niles Park District pools don't open until Sat. June 13, tokens can be purchased as of May 1 at the Rec. Center office, 7877 Milwaukee Ave. Mon.-Fri. 9 a.m. to 5 p.m.

July 4th preparations underway

The Niles Park District has already begun 4th of July celebration preparations - perhaps you should too! Entertainment includes a Dixieland band, comedy troupe, circus acts, a petting zoo, pony rides, 50's and 60's music, food, refreshments and, of course, a parade that just doesn't quit! Marching bands, bagpipes, mini cars, floats, bikes - why don't you join us? Decorate your car or bike, make a float and get in on the fun and spirit! For detailed information, call the Niles Park District at 967-6633.

Jewish United Fund breakfast

Yoram Peri, political advisor to Israeli Cabinet Minister Yitzhak Rabin, will be the featured guest speaker at a breakfast on behalf of the Jewish United Fund-Israel Fund at 9:45 a.m. on Sunday, May 31, at Congregation Bnai Emenah, 9131 Niles Center Rd., Skokie. George and Mimi Neumark will be honored at the event. For more information and reservations call 444-2843.

De Lourdes College closes its doors

On September 16, the Board of Trustees of De Lourdes College and the Sisters of the Holy Family of Nazareth reached a difficult decision - to close De Lourdes College. It had been decided to "Cease academic operations at De Lourdes College as of June, 1987."

With the November announcement of the closure, students have since relocated to other institutions while other students have been completing programs or just taking their "last" classes at De Lourdes College.

Commencement exercises will take place on May 23, at 2 p.m. in the Convent Chapel. Eight women will be awarded degrees.

The Board of Trustees and the Sisters of the Holy Family of Nazareth recognized that the College had reached that moment in history when it could no longer serve women seeking a baccalaureate degree. Serious financial problems, declining enrollment, and fewer available personnel of the sponsoring Congregation were among the major concerns. After serious deliberation, the decision to close was inevitable.

Niles West debaters shine in tournaments

Johanna Pelos, a senior at Niles West High School, was among 60 high school debaters who advanced to the Illinois High School Association (IHSA) State Debate Tournament. Lincoln/Douglas debate is her specialty, and, like her peers, she accumulated enough wins and speaker points during sectional competition to qualify for the premier level.

In addition, freshmen Tim Peck and Ken Zeff ended a successful novice year in traditional debate by placing fifth as a team in the Illinois Speech Theater Association (ISTA) state finals.

"These achievements are a wonderful culmination of a very successful year," noted debate coach Scott Durchslage. "The

hours of hard work researching and preparing paid off."

Traditional debaters argue policy, and Lincoln/Douglas debaters argue value. Niles West debaters engage in 14-15 tournaments during the year, utilizing one or the other form to win the judges' approval. While traditional debaters argue the same resolution throughout one season, Lincoln/Douglas debaters face a new one every month and a half, according to assistant debate coach James Batts. Overall Niles West debaters participate in school-sponsored tournaments, IHSA and ISTA tournaments, and those sponsored by the National Forensics League. The events are held on week-ends between October and April.

tion showed a burglar alarm activated and a check of the building revealed a broken window and some power tools on the ground. The matter was turned over to the police department. Firefighters went to 344 Lawrencewood and found a burning evergreen tree on the parkway had already been extinguished. Cause of fire is unknown and damage was estimated at \$100.

On May 11, firemen went to 8014 Waukegan Rd. on a report of a broken water pipe in the stock room of the building. The main water system was shut off and there was no significant damage.

Firefighters on May 11 assisted Morton Grove firemen in extinguishing a fire at St. Martha's School, 8523 Georgiana. Firemen found smoke coming from closets of schoolrooms on the first and second floor on the building. The fire was seen between floors next the soil stack and air duct and surmised an electrical wire may have shorted the stack igniting the wood frames. A hand pump was used to extinguish the blaze. There was no damage estimate.

Firefighters on May 11 went to 6531 Riverview to investigate a smoke odor. The cause was traced to a burner valve on the kitchen range in the basement. The valve was shut off and the house ventilated. Firefighters responded May 11 to Touhy and Lehigh and found that wires were down and lying along railroad tracks. Commonwealth Edison was called, which disconnected the breakers and cut down the wires.

Firemen went to 8431 Maynerd on May 12 and found a dump truck had apparently severed power lines while dumping gravel. The power lines were lying across the truck and the driver was instructed to stay inside the vehicle until the power was shut off by Commonwealth Edison. A fire alarm activated at 8482 Golf Rd. on May 13. The cause was traced to someone testing the sprinkler system.

A car fire was extinguished in the parking lot of the Y-PTA, 6300 Touhy on May 13. The fire, which started in the engine also damaged a car parked in front of it. Damage was estimated at \$4,000 and the matter was turned over the Niles police.

Library Administrator D.J. McKenzie said he will report to the board on the Sunday experiment with a head count of patrons, book circulation and number of reference questions, as suggested by Rajski.

Board members discussed other factors such as staff response, part-time help and projected costs. Board member Myles Dimand suggested the board check on

legalties of paying for time and a half to staff members who work on Sunday.

McKenzie said at least nine persons must be able to keep the library operating, including all classes of employees. He vetoed the idea of using a pared down staff during the summer because regulations require all parts of a library which is open be accessible to the public.

Summer electricity rates going into effect

Commonwealth Edison reminds its 2.8 million residential customers that higher summer-time electricity rates are being phased in between May 14 and June 15, perhaps for the last time in their present structure. If Edison's rate freeze alternative goes into effect July 1, as proposed, small residential consumers of electricity who use less than 400 kilowatt-hours (kwh) per month, would see the higher summer rate disappear completely. Most other residential customers would see electricity costs decrease this summer. The Illinois Commerce Commission (ICC) has agreed to rule on the Edison proposal by July 1.

Most residential customers will begin seeing the full impact of the decrease in their summer bill received after Aug. 1, including a lower customer charge. Customers who use no more than 400 kwh in a summer month should experience a decrease of about 20 percent compared to current rates including the anticipated fuel savings of two new nuclear generating units to be passed on to consumers through the fuel adjustment clause. The decrease in the monthly summer bill gets progressively smaller from the 20 percent level at 400 kwh of monthly usage to no change at 900 kwh of usage. Only customers using more than 900 kwh per summer month should experience a bill higher than it would have been at current rates.

another referendum until it is passed.

In new policy, a five-year plan of maintenance and service for the library was approved, as recommended by the policy committee. Board policy consists of bylaws for all matters pertaining to the library's functioning.

The five-year plan, drawn up by library staff, is an on-going plan for all purchases, programs and maintenance of the library. Included is a \$100,000 resurfacing of the corner lot adjacent to the library, \$65,000 replacement of roofing, \$95,000 purchase of furniture for the adult section, \$25,000 purchase of a new bookmobile and \$10,000 purchase of a new van, to name only five of about 70 goals.

Also, board members authorized their attorney to draft a non-smoking ordinance which will apply to the entire building and become effective June 1. A recent poll of area libraries conducted by the Northwest Suburban Library System (NSLS) indicated that libraries with a similar ordinance close off a small smoking area within their buildings for employees.

Library Administrator D.J. McKenzie said the board should probably cite as many reasons as it can for creating a smoke-free environment such as health considerations and conservation of physical property.

Board members also approved another \$4,123 for library equipment including a printer, book ends, paperback shelving and audio-cassette rack. McKenzie said the purchases were saved for the end of the year "to see if we have the money."

Several witnesses said Marland appeared depressed while he was talking to his father in the lobby, according to police reports.
