## From the Left Hand

by Bud Besser

In the 1980's we've noticed something about the news we were unaware of previously. In today's society there is "new" news and "faster" news than ever before which we didn't experience in previous decades. News also seems to come and go much quicker. We become instant receptors of news from all over the world in a matter of seconds. And it seems to leave us much faster than in bygone days.

Last week we were reading and hearing and viewing stories about Fred Astaire and Jackie Gleason. This week Ollie North is all over the tube and dominating the front pages. Next week Ollie may become a footnote to this week's history. Other stories will push Ollie to the back of the book.

New news which has been featured in local papers coast to coast are stories about pit bull dogs. My daughter sent me a story from a San Francisco newspaper about a pit bull chomping on someone out there. Here in Chicago, an

Lowe said he has enjoyed working with the board through the years. "However, I think it's about time to step down and let a younger person take over."

### Speaking of the Library

by Duncan J. McKenzie, Niles Library Administrator

If someone who had not visited the library for the past three years were to walk in today, they would be in for a real surprise. There have been major changes in the library's building, collection and services. First, of course, we have the new addition which adds additional seating and study area on the second floor as well as space for an additional 20,000 volumes, a new and larger children's library, an attractive new books display area, and a computer lab. Second, they would notice more books, especially in the new book area. We doubled the budget for library materials this past year, and in the previous year we spent an additional \$60,000 on retrospective purchasing. Third, they would notice the use of the computers. We now use computers to keep track of our circulation and to print overdue notices. We use computers to keep our "card catalog," except that now the catalog is instantaneous. The minute a new book is processed, it shows up in the catalog. When it is checked out, the catalog shows the date it is due. If we don't own a book, but one of the 23 libraries sharing the computer does, it can be found and sent on loan. We also use computers to supplement our reference service. There are times when using a commercial database can be quicker, more current and sometimes even cheaper than printed sources. For those times our librarians access a service in California known as Dialog.

### Board, college officials sign Constitution replica

## Oakton Constitution Bicentennial events begin

The Oakton Community College Board of Trustees and members of the college administration signed a replica of the Constitution at the Constitution at the group's June 30 board meeting to begin the college's year-long celebration of the 200th anniversary of the Constitution.

"Our goal is to increase understanding and awareness of our constitutional heritage," said Oakton President Thomas TenHoeve. "There will be many educational activities and programs during the coming year, and we look forward to students and community members becoming involved."

Events planned for the fall semester include: a patriotic music performance by Oakton music students, and the serving of a birthday cake; a six-week discussion series on "The Family, The Courts, and The Constitution" in October at area libraries; and a November speech by Ezra Bowen, senior writer for Time Magazine, who will discuss the impact of the Constitution.

College faculty are available to speak to community groups about the Constitution, its creators, and the history surrounding the constitutional convention on 1787 throughout the year. Students and visitors to Oakton's Des Plaines campus are invited to sign the Constitution banner displayed on Student Street. College officials expect the banner to eventually carry over 5,000 signatures. In addition to other activities, the cafeteria will be serving several colonial meals, the Oakton's Library will feature a display and list of available books on the Constitution. For further information regarding activities or events during the Bicentennial year, contact the office of College Relations at 635-1672.

### Citizens demonstrate against O'Hare noise

More than 50 persons participated in a demonstration recently in a new strategy to call attention to O'Hare Airport noise and pollution. The rally, sponsored by the O'Hare Citizens' Coalition, took place at O'Hare's Terminal Two and was one of the first in a series planned this summer to persuade Chicago and airline officials to support some measure to reduce air traffic. Another demonstration is planned in August when United Airlines opens its new terminal. Mayor Nicholas Blase of Niles, a member of the Suburban O'Hare Commission (fighting jet noise at the airport) recently stated such demonstrations are a way to keep airport problems in front of Chicago officials which own it, and the airlines which finance it. The Suburban O'Hare Commission and the Citizens coalition are asking for reduction of jet noise, increased airport safety (because of reported near misses) passage of the airport authority bill in the Illinois General Assembly and a third Chicago area airport.

## WHEN YOU NEED A NURSING HOME

Although families often go to great lengths to keep aged loved ones at home, they may not be able to provide the best physical and emotional care without experiencing undue stress. When home care and community services are no longer adequate, a person must decide on the best alternative arrangement for meeting personal and health care needs. For those who do not require full-time nursing care, the following options are available: 1) Residential care facilities provide room and board and may offer social, recreational, and spiritual programs. 2) Continuing care communities, a relatively new concept, ensure that all needs of the resident are met including room and board, personal and health care, and social activities. 3) Intermediate care facilities provide regular nursing care, rehabilitative and social services, and personal care services such as help in walking, eating, bathing, dressing, etc. 4) Skilled nursing facilities may be the best choice for those who require 24-hour medical care and supervision. Emphasis is on medical care with rehabilitative therapy to improve or maintain remaining abilities.

## SENIORS ON THE MOVE

The word is out, walking has now surpassed jogging as the number one form of exercise, and many older adults are leading the country toward this health and fitness effort. The Morton Grove Happy Hoopers, a group of youthful and enthusiastic walkers, tour the avenues and paths of the village each Monday and Wednesday starting at 9 a.m. in the Village Hall Senior Center. All are welcome and no membership dues are collected.

## BLOOD PRESSURE SCREENING

Feeling fine is no guarantee that someone does not have high blood pressure since it usually causes no symptoms. The only way to be certain about blood pressure is to have it checked regularly (at least twice a year) through visits to the doctor, clinic, or community screening program. The Morton Grove Village Hall Senior Center will again be offering free screenings for residents from 9 to 10 a.m. on Tuesday, July 14. Doctors generally view pressure higher than 140/90, when taken several times, as high blood pressure.

## SENIOR OLYMPICS

The Six-County Senior Olympics are coming on July 27, 28 and 29 at Wheaton College. Events range from archery to bowling and trapshoot to horseshoes. Licensed drivers, age 55 and over who successfully complete a motor vehicle accident prevention course are eligible for a reduction on the liability portion of their automobile insurance policy. For the location and schedule of a local motor vehicle accident prevention course, contact the Secretary of State's Senior Citizens Hot Line, toll free, at 1-800-252-2204.

## Refreshing Summer Treats

Bursting with fresh fruit, gelatin and pudding, these cool desserts create a perfect finale for lazy summer days. Lemon-Fruit Parfait and Double Raspberry Gelato are ideal for complementing meals or, alone, as delightful treats.  
Lemon-Fruit Parfait combines Royal Instant Lemon Pudding, pecans, chocolate wafers and fresh fruit to create a lively medley of tastes that only summer delivers. A dip in the pool could not be more refreshing than a serving of Double Raspberry Gelato. Featuring fresh summertime raspberries, this original Italian favorite includes milk, a splash of lemon juice and Royal Raspberry Gelatin.  
Both recipes are fast and simple to prepare, leaving the cook with more time to entertain guests.

- LEMON-FRUIT PARFAIT**  
(Makes 6 servings)  
7 chocolate wafers, finely rolled (about 1/2 cup crumbs)  
2 tablespoons pecans, chopped  
1 tablespoon margarine or butter blend, melted  
1 (3 1/2-ounce) package Royal Instant Lemon Pudding & Pie Filling  
2 cups cold milk  
1 1/2 cups cut up fresh fruit pieces  
6 whole strawberries, for garnish  
In small bowl, combine chocolate wafer crumbs, pecans and margarine or butter blend; set aside. In medium bowl, prepare lemon pudding according to package directions using milk.  
Alternately layer prepared pudding, crumb mixture and fruit in 6 (6-ounce) parfait glasses; garnish with strawberries if desired. Chill until ready to serve.

- DOUBLE RASPBERRY GELATO**  
(Makes 5 cups)  
2 (10-ounce) packages frozen raspberries, thawed  
1 (8-ounce) package Royal Raspberry Gelatin  
1 1/2 cups boiling water  
2 cups milk  
1 tablespoon lemon juice  
In electric blender or food processor, blend raspberries until pureed; strain through sieve to remove seeds. Set aside.  
In medium bowl, dissolve gelatin in boiling water; stir in milk, lemon juice and raspberry puree. Pour into 9 x 9 x 2-inch pan. Freeze until partially frozen, about 2 hours.  
Spoon mixture into large chilled bowl. With electric mixer at medium speed, beat until smooth, but still frozen. Return to baking pan; cover. Freeze until firm.  
To serve, let stand at room temperature for 10 minutes for easier scooping.

- COFFEE CHUNK ICE CREAM**  
(Makes about 1 quart)  
14 ounce can sweetened condensed milk  
1/2 cup coarsely chopped walnuts or almonds  
1/4 cup Tia Maria  
1/4 cup mini chocolate chips  
1 1/2 teaspoons vanilla extract  
1 teaspoon instant coffee powder  
2 cups whipped cream  
Combine all ingredients except whipped cream in large bowl and blend well. Fold in whipped cream. Cover bowl tightly and freeze for 1 hour. Fold ice cream to redistribute ingredients. Cover and continue to freeze until firm, folding ice cream occasionally. Ice cream will be ready to serve in 4 hours.

- CREAMY CARAMEL SAUCE**  
1/2 cup light brown sugar 3 tablespoons Tia Maria  
1/2 cup heavy cream 2 tablespoons unsalted butter  
1/4 cup light corn syrup  
Combine brown sugar, heavy cream and corn syrup in small saucepan. Bring to boil over medium heat, stirring, until sugar is dissolved. Remove from heat and stir in Tia Maria and butter. Transfer to covered container and refrigerate. Sauce will mellow and thicken. Serve cold or warm over low heat.
