Soggy Tam golf course reopens after flooding

Tam golf course, with its soggy Number 2 and Number 7 fairways, opened Monday afternoon and the die-hard golfers lined up to tee off even though they had to compensate for the two muddy holes.

Park Commissioner Elaine Heinen told The Bugle the 11 days of down time the golf course suffered after the severe flooding began on Friday, August 14 cost the Niles Park District \$2,000 a day or a total of \$22,000 in

revenue.

Park Director Bill Hughes said the club house which had water three feet deep had been cleaned up and "everything was in good order." Hughes added the

Temporary restraining order allows store to handle X-rated material

Hearing on X-rated videos next week

Niles village attorney Dick Troy told The Bugle Tuesday afternoon no court hearings are likely to take place until a week from Friday regarding the legality of Niles censoring X-rated video tapes.

West Coast Video, 8808 Dempster, won a temporary restraining order August 24 which allowed the store to open in Niles and sell or rent sexually-explicit films.

Niles sought to have the company sign a pledge which would

prevent them from selling or renting such material without first being reviewed by the village. According to Attorney Adam Bourgeois, representing West Coast Video, Niles policy constituted censorship.

Niles attorney Troy said within 20 days of issuing the restraining order, Judge David Shields will hold evidentiary hearings which will determine whether to issue a preliminary injunction to allow the store to consider operating

Niles police softball team loses top spot

Niles Police Department's softball team lost 5-1 in the championship game to Glenview at Jozwiak Park last Sunday. While it was the team's third loss of the season, it was the first time Niles did not win the North Shore Police softball championship since the tourney was begun in 1982. Niles police reported good defense and strong hitting led the Glenview team to victory. Niles Police Captain Bill Berpinas, former member of the previously undefeated championship teams, said the younger Niles' team might need an infusion of older guys next year to re-capture past glories.

Times have changed. The year isn't 1957. And what happened thirty years ago at the Niles Village Board isn't likely to repeat itself thirty years later.

On the other hand, the boys of '87 are a lot smooooother. Everything is above board. Well, almost everything.

Last week we filled in for a vacationing reporter at the Niles Village board meeting. It was so unlike the meetings of thirty years ago. And what happened last Tuesday night was so unlike what would have happened on a Tuesday night in 1957.

At the August 25th meeting, ABT TV requested the village re-zone a residential area across Oketo Street on Dempster Street for the purpose of creating a parking lot for the appliance people. The owner of the property is Niles village clerk Frank Wagner.

ABT representatives made a brief presentation citing the need for more parking space. They brought along their expert who briefly described what the property would look like after the present single family home area was transferred into a parking lot. A

Niles Resident Honored

Niles Mayor Nicholas Blase (l) and Police Chief Clarence Emrikson (r) presented the Niles Police Department's Chief's Citizens Award to Joseph Briski, Sr. for his help to the Niles Police in the solving of a crime. Through his efforts a subject was apprehended for allegedly committing a burglary in the village and a complete recovery of

the property taken was made. Both Mayor Blase and Chief Emrikson commended Mr. Briski for his involvement and commented that without his valuable assistance the crime could have gone unsolved and the property never recovered.

Harlem Irving Senior Craft Fair

Harlem Irving Plaza hosts its 5th annual Senior Citizen Craft Fair Friday thru Sunday, September 11-13. Fair hours are from 10 a.m. to 9 p.m. Friday; 9:30 a.m. to 9 p.m. Saturday; and from 11 a.m. to 5 p.m. on Sunday at the center which is located at Harlem Avenue, Irving Park,

and Forest Preserve Drive. The fair is a tribute to the community's senior citizens as it coincides with the national holiday, Grandparents' Day, Sunday, September 13.

Exhibitors of the fair are members of the Grayings Generations Organization. Exclusively available to "Mature and active people over 55", the organization books a schedule of 35-40 craft shows a year at Chicago area shopping malls and centers. This year's show will feature a myriad of hand-crafted items including hand blown glass items, silk screenings, oil paintings, wall hangings, doll buggies, crocheted and knitted items, ceramics, puppets, quilts, silk flower arrangements, wood items and much more.

The first show was held in 1977 and coordinated by the late Ted Kessler and his wife, Marilyn. "Kessler will be missed, but his shows will continue on to provide seniors with places to display and sell their inventive work, an incentive for being creative, and an opportunity to supplement their incomes thru sales of their creations," remarked Vernon Gates, show coordinator. "Membership has grown from 13 to 1,700 seniors. In the past year, we have expanded geographically from just Northern Illinois, to the entire state of Illinois, Wisconsin, Michigan, Indiana, and Missouri," concluded Gates.

Polish Heritage Club to meet

The Heritage Club of Polish Americans will hold its next meeting on Sunday, Sept. 13 at the Copernicus Cultural Center, 5216 W. BLOOD PRESSURE SCREENING

Feeling fine is no guarantee that someone does not have high blood pressure since it usually causes no symptoms. The only way to be certain about blood pressure is to have it checked regularly (at least twice a year) through visits to the doctor, clinic, or community screening program. The Morton Grove Village Hall Senior Center will again be offering free screenings for residents from 9 to 10 a.m. on Tuesday, Sept. 8. Doctors generally view pressure higher 140/90, when taken several times, as high blood pressure.

ORGAN DONATION

Thousands of people across the country are waiting for healthy kidneys, hearts, livers, corneas and other organs. Medical technology alone cannot help them, but through organ donation, individuals can help save lives. Is it true that only the young, the robust, the perfectly healthy can donate? Not Anyone, male or female, of any race, of any age, can donate his or her organs. It's simple for Illinois drivers or nondrivers with Illinois identification cards. A form on the back of the drivers license (or I.D. card) provides all the information that is necessary. For further information call the Illinois Transplant Society at 732-9253.

HAPPY HOOFERS

Walking has now surpassed jogging as the number one form of exercise, and many older adults are leading the country toward this health and fitness effort. The Morton Grove Happy Hoofers, a group of enthusiastic walkers, tour the avenues of the village each Monday and Wednesday starting at 9 a.m. in the Village Hall Senior Center.

HANDICAPPED PARKING

Parking spaces for persons with disabilities would be made wider (16 feet) and posted signs would carry warnings of fines ("50 fine") under proposed State legislation now awaiting the Governor's approval. Temporary (for people with disabilities of 12 months or longer) and permanent handicapped parking cards are available at the Niles Township Administration office (673-6900) or the Maine Township Administration office (297-2433).

FLU & PNEUMONIA IMMUNIZATIONS

Each winter, millions of people suffer from the unpleasant effects of the "flu." For most of these people, few days in bed, a few more days of rest, aspirin, and plenty to drink will be the best treatment. But for older people or those of any age with chronic illnesses, flu can be life threatening. By lowering a person's resistance, flu may allow more serious infections to occur, especially pneumonia. A flu shot will help protect against the most commonly suspected flu strains of this winter, and the pneumonia shot gives lifelong immunity to the twenty-three most common forms of the disease. The Morton Grove Village Hall Senior Center will conduct two immunization clinics for residents age 65 and over from 10 a.m. to noon on Saturday, Oct. 3 and from 2 to 4 p.m. on Tuesday, Oct. 6. Appointments are required and should be made by calling the Senior Hot Line any weekday morning from 9 a.m. to noon at 470-5223. Contributions toward the vaccine cost are suggested at \$2.50 for flu and \$5 for pneumonia.

For additional information about these and other senior services, call Ralph Birmingham at the Morton Grove Senior Hot Line, weekdays from 9 a.m. to noon at 470-5223, or Bud Swanson, Director of Senior Citizens Services at the Village Hall, 965-4100, ext. 254.

CHURCH AND TEMPLE NOTES

Catholic Charities Northwest office

Catholic Charities' new Northwest Office received its official "house warming" in the form of an Open House attended by a variety of distinguished guests. The Northwest Office, which is

located in the Plum Grove Center at 4811 Emerson Avenue, Rolling Meadows, opened its doors in March in order to make Catholic Charities' broad range of services for children, families, individuals, and the elderly more easily accessible to residents of northwest suburban Cook County.

Guests at the Open House included representatives of the Archdiocese of Chicago; priests, religious, and lay ministers of northwest suburban Catholic parishes; elected local, state and federal officials; officials of the United Way; members of Catholic Charities' Board of Advisors and management team; and administrators of Catholic Charities' affiliated institutions.

New clients can expect to receive a favorable impression of the new office. Many of the guests at the Open House commented on the inviting ambience of the rooms. Most found them to be attractive and comfortable without being fancy or elaborate.

Services available through the new Office include: information and referral services, including access to other Catholic Charities services; individual and family counseling; maternity services; short-and long-term casework for individuals and families experiencing multiple problems; and parish social ministry consultation services. These services are delivered by professional

Catholic Charities social workers who spend a portion of each week working at the Northwest Office.

The office also hosts a number of support group meetings that are facilitated by professional social workers, including L.O.S.S.—Loving Outreach to Survivors of Suicide—for persons recovering from the suicide of loved ones, groups for single expectant mothers, and groups for the parents of young, unwed mothers-to-be.

Catholic Charities is the official social service agency of the Archdiocese of Chicago. Its services are open to people of all religions, national, social, racial, and economic backgrounds living in Cook and Lake Counties. The Rolling Meadows Office is designed specifically to meet the needs of Cook County residents living northwest of Chicago.

The office is open Monday through Friday from 8:30 a.m. to 4:30 p.m., although some services, such as counseling and support group meetings, are offered at the site outside regular business hours.

For more information about Catholic Charities' Northwest Office and its services, please call 303-6020.

FRESH IDEAS FOR THE LUNCH BOX

The following recipes are provided by The American Institute for Cancer Research

School's been open for less than a month, but already the lunch box menus may start to seem a trifle boring. Tuna fish sandwich again? More peanut butter and jelly? Some kids, it seems, could eat the same meal 365 days a year, but it's a good idea to introduce a little variety to give them balanced nutrition and to keep them interested in eating well.

There's absolutely nothing wrong with tuna fish and peanut butter and jelly sandwiches—they can be wholesome sources of protein and other important nutrients. Since 60 percent of the sandwich is the bread, however, it's best to use a whole grain bread for added vitamins, minerals and fiber. For variety, try mixing carrots and raisins into the peanut butter spread or prepare the peanut butter stuffed into an apple or celery sticks.

Other non-sandwich ideas include cottage cheese or cheese spread in celery sticks or cucumber boats, tuna salad wrapped in a lettuce leaf, or chicken drumsticks. As the weather cools, send along a thermos full of vegetable soup or stew.

Every lunch should include a fruit or vegetable: pickles, carrot sticks, green pepper strips, cucumber slices and cherry tomatoes are good vegetable choices. Apples, oranges and bananas are fine, but add variety with seedless grapes, peaches, cubed watermelon, pineapple chunks and dried fruit.

For a treat, pack raisins, popcorn, yogurt, cheese and crackers, sunflower seeds, graham crackers or fig bars.

Here are some additional lunch box ideas:

- ### SANDWICH BREAD SPREAD
- A bean sandwich may sound a little strange at first, but this delicious spread is nutritious and low in fat. Its mild flavor goes well with tomatoes in a sandwich.
 - 1 cup pinto beans (uncooked)
 - 1 dry red pepper
 - 1 clove garlic, minced
 - 1 small onion, chopped
 - 4 cups water
 - 1/4 cup celery, chopped
 - 2 tablespoons taco sauce (or chili sauce)
 - 2 tablespoons ketchup
 - Dash Worcestershire sauce
 - Hot pepper sauce to taste (optional)
- Rinse the beans and remove any stones or foreign matter. Place the beans, red pepper, garlic and onion in the water and bring to a boil. Remove from heat, cover, and let sit for one hour. Then return to the stove and simmer for 1 to 2 hours, until the beans are tender. Drain off the excess moisture and place the cooked ingredients in a food processor or blender with the remaining ingredients. Blend just until smooth. Add hot pepper sauce or extra ketchup if desired. Serve on whole wheat bread with alfalfa sprouts or lettuce and tomatoes. This will yield about 8 1/2-cup servings, each containing about 98 calories and no fat.

- ### RAISIN OATMEAL BARS
- This economical bar cookie has a moist raisin filling between two crunchy oatmeal layers. The flavor is even better if you wait a day before serving.
 - 2 cups raisins, chopped
 - 6 tablespoons sugar
 - 1 tablespoon cornstarch
 - 1 cup water
 - 2 tablespoons lemon juice
 - 1 1/2 cups whole wheat flour
 - 1 cup packed brown sugar
 - 1 1/2 cups quick-cooking oats
 - 3/4 cup butter or margarine
- To prepare the filling, in a saucepan combine the chopped raisins, 6 tablespoons of sugar and the cornstarch. Gradually stir in the water and lemon juice. Bring to a boil, then reduce heat to medium and cook and stir until mixture is thick and bubbly. Remove from heat. In a mixing bowl combine the flour, brown sugar and oats. Cut in the butter, and mix to a crumbly consistency. Pat half of the mixture into an ungreased 9 inch by 13 baking pan. Spread the filling mixture, while still warm, over this base. Then sprinkle the remainder of the crumb mixture on top and pat gently. Bake in a 375 degree oven for 20 to 25 minutes, or until the edges begin to brown and the top is golden. Cool and cut into bars. This will yield about 3 dozen, 1 inch by 3 inch bars, each providing about 130 calories and 5 grams of fat.

One smart cookie sends sweet message

Ivy Rose is a woman with a mission: to put a box of cookies in every office. If that makes you think of a sweet old-fashioned girl wearing a gingham apron stirring cookie batter with a wooden spoon, it's time to outgrow those "See Dick Run" books and join the world of the 1980s.

Ivy Rose is a thoroughly modern woman who's putting her business experience and sales savvy to work in her own company: Corporate Cookies.

The company's basic premise is simple: Everybody loves cookies. What better way to say "thanks" to a valued client or patron? The firm will deliver cookies (currently being baked at Lambs Farm in Libertyville) to anyone a client wants them sent to for whatever reason.

Want to announce to customers that your firm is moving? Corporate Cookies will send its specially designed octagonal box filled with cookies to everyone on your list; a message of your choice will be printed on the in-

side cover of the boxes. Rose sees the delectable messages being used for a wide variety of corporate communications, from client thank yous to marketing and promotion.

Rose started two years ago with a specialized phone number (312-COOKIES).

A year and a half ago, Rose did some telemarketing, using a list of 3,000 names of Illinois companies to see whether there was a market for her idea.

"At the time, I didn't have the box or the cookies," she confesses with a smile. "I just had the idea."

Finally, early this year, she decided to simply go for it. "I called one company and the woman said, 'Our people are diabetic.' Hilton Hotels asked if we could put peanuts in the box instead of cookies. I said, 'Sure, we can put anything in there.'"

Despite some setbacks, the fledgling firm is doing well. In just two months, 500 boxes of cookies have gone out to lucky

recipients. Already, Rose has her sights set on something bigger.

FIVE EASY QUESTIONS
Hate taking tests? This one's easy. The answer to every question is the same.

1. What gemstone was used as a flint stone by villagers in the Zanzkar mountains of Kashmir (India)?
2. What gemstone is found in a range of colors, including yellow, reddish-orange, brown, pink, violetish-blue, bluish-green, and blue, but never red?
3. What gemstone was believed by ancient Persians to hold up the earth and to impart color to the sky?
4. What gemstone was given by an English prince to his beloved for their engagement?
5. What gemstone is named from the Greek word for blue?

Answer every one of these questions with sapphire.
Sapphire is a time-honored and beautiful gem. That fact, and its beauty, made it a wonderful choice for Prince Charles to give to Lady Diana Spencer when they were engaged.

While blue is generally the color that sapphire calls to mind, it is available in many other colors. Why are there no red sapphires? It is a matter of definition. "Ruby" is the name given to the red colored gemstone which possesses the optical and physical properties of a sapphire. For additional fascinating information about sapphires, please stop by our store.

UNDER NEW OWNERSHIP

Off the Niles Police Blotter...

Car towed with stolen merchandise

A witness to a crime called the Golf Mill security guard when an offender ran back into the mall after seeing two men alongside his car. He dropped his leather jacket while escaping.

The guard saw 20 video cassettes inside the offender's car with Musicland price tags and labels on them. Inside the jacket were ten additional cassettes. A search of the vehicle found cassette tapes from Recordtown in Golf Mill and a hypodermic needle. The vehicle was towed away, the merchandise was inventoried and returned to its owners.

At the Musicland store a woman with two children was

distracting employees during this time period and later returned to claim the car, but was gone when the officer arrived. Later, the owner of the vehicle telephoned and agreed to come to the Niles police station August 28.

A class act?

A woman from the Niles area complained to police about verbal abuse she received from her son. They argued because he was not pursuing a full schedule of courses at college. He will pick up his personal effects on Thursday when he will be leaving for school.

Turnabout is fair play

A Nilesite reported an offender dented his car fender in the parking lot at Dempster and Greenwood. When the victim drove to his apartment, he was followed by the offender who sought a confrontation. As he went inside his apartment, he saw the offender grab an ice scraper, return to the victim's car and break the front headlight. The victim signed a complaint for criminal damage to his vehicle.

Auto break-in

The fly window on the passenger's side of an auto parked in the rear lot behind United Auto was broken into and a car stereo radio and amplifier were removed from the car. They were valued at \$485. Other damage included a dent in the car door below the broken window and the breaking apart of the car's dashboard.

Stolen charge card used

A man purchased \$2,000 worth of appliances from Fretters Appliance on Golf Road. The Discover charge card used was owned by a Morton Grove man. When contacted, his wife said the purchaser did not fit the description of her husband who owned the card. The offender said he lived in Glenview. His auto license was registered in Chicago.

Neighbors dispute

A north Niles resident reported an argument ensued between neighbors in her area. One man was yelling and screaming because one of the neighbor's children was alleged to have "given the finger" sign to his daughter. Both the victim and the witness reporting the incident claimed they had trouble with the offender and his daughter in the past.

Overly verbal customer

The shop manager at King Nissan auto claimed he was verbally abused by a woman customer. Police told the woman if she had a further complaint, it is a civil matter and she could contact Niles Consumer Fraud Division Head, Frank Wagner. Police warned her not to repeat the abuse or she would be arrested.

Shoplifter apprehended

A Nilesite exiting from the K-Mart store at the Dempster-Greenwood shopping center was pushed to the ground by the security guard attempting to make an arrest. He was leaving the store with five compact discs valued at \$78.75 which were alleged to be stolen. He was found to be carrying a credit card of another local man who had reported it stolen.

Flood victims: Beware of con artists

Property owners seeking to cope with flood-related damage to their buildings should exercise caution to avoid becoming victimized by crooked home repair schemes, according to Cook County State's Attorney Richard M. Daley.

As the flood waters recede, the need for structural repairs is likely to create a large demand for the services of legitimate contractors that will be viewed as golden opportunity for con artists, Daley warned.

The most common scheme involves asking for a large downpayment for tools or supplies," Daley said. "As soon as the money is in their hands, they evaporate faster than the flood water."

Daley offered the following advice to property owners:

1. Avoid dealing with door-to-

door solicitors. Deal only with firms having verifiable business addresses and phone numbers.

2. Check with friends or relatives for the names of contractors with whom they've had satisfactory business dealings.

3. Call the Better Business Bureau to see if a company you are considering has been the subject of complaints and if those complaints were resolved to the customer's satisfaction.

4. Do not sign a blank or incomplete contract.

5. Make certain you understand the interest rate charged if the repair work is to be paid in monthly installments.

6. Get several estimates.

7. Insist the written contract specify the exact work to be done, the materials to be used and the date of completion.

8. Check with local village of-

ficials to see if the contractor is properly licensed.

9. If hiring a roofer, call the Illinois Department of Registration and Education (917-4500) to determine if the person is registered and bonded.

10. Determine if a building permit is required for the intended work and, if so, make certain the contractor obtains it.

11. Demand that all fees and expenses be itemized in the written contract.

12. Give as small a down payment as possible and never pay the full amount in advance. Be suspicious of anyone who claims to need a large advance in order to buy tools or supplies.

13. Refuse to sign any waiver of lien documents of a certificate of completion until the work is completed to your satisfaction.

14. Determine if you are signing a contract under circumstances allowing cancellation within three days, which includes those signed outside the contractor's place of business. If so, get it in writing. If you decide to cancel, make certain to do it in writing.

15. If negotiations for the repair work are conducted in a language other than English, you are entitled to a copy of the contract in that same language.

16. Know that if you apply for credit to pay for repairs and the application is turned down, you are entitled to a full refund of any down payment.

Daley urged property owners who, despite their best efforts, are victimized in a home repair scheme to immediately file a complaint with his Consumer Fraud Unit at 443-4600.

I Bet You Didn't Know

By Jim Jennings

One of the most amazing college football teams of all time was the Army team which featured Heisman Trophy winners Doc Blanchard and Glenn Davis. The 3 years they played together, from 1944 through 1946, Army NEVER lost a game and outscored their opponents 1,179 to 161.

Who's the oldest man ever to play in the National Football League? The record is held by quarterback George Blanda who was 48 years old when he played for the Raiders in 1975.

What are the chances of the Giants repeating as Super Bowl champions this season? Did you know that none of the last 7 Super Bowl winners have been able to repeat? The last team to win the Super Bowl 2 straight years were the Steelers in 1979 and 1980.

Oakton golfers shoot for Skyway title

Three consecutive Skyway Conference titles leaves Oakton Community College golf coach Rich Symonds with a tough act to follow, but some promising new players has the veteran mentor smiling at the possibilities of yet another championship.

"We should have a good chance to win it again," he says, "although we never know what kind of talent the other schools in the conference have until we get out and start playing against them. I expect the battle in the conference to be between us and Oakton last year's Skyway champions, but three players, all of whom are capable of consistently shooting below 80, give the Raiders a solid nucleus from which to start.

The top player is freshman Kurt Wittek (Park Ridge, Maine East), who didn't start playing golf until he was in high school. "He's come a long way in a short time," Symonds says. "He's already gone from a mediocre high school golfer to a very good player who competed in most of the big amateur tournaments this past summer. He has an outstanding work ethic, and I expect that he'll very possibly be the top golfer in our conference as well as one of the top two or three players in the Region." Oakton competes in the National Junior College Athletic Association (NJCAA) Region IV, which includes the northern half of Illinois.

Freshmen Perry Anton (Deerfield), who qualified a year ago for the state high school meet, and Tom Joseph (Morton Grove/Niles West, Skokie) round out the Raider's top three. Joseph is the younger brother of Pete Joseph, who in 1985 and '86 made it all the way to nationals as an Oakton golfer.

The remainder of the Raider lineup is comprised of freshman Brad Bugai (Niles/Niles West, Skokie) freshman Fred Gamber (Evanston), sophomore Steve Ast (Evanston) and freshman Jim O'Donnell (Des Plaines/Maine West).

"A team is only as good as its number five player," Symonds says, "so how well these guys play will determine our team success. Our top three players should give us that good nucleus, but we'll have to get good play from the others, too, especially on a day when one of those top three doesn't have a good round."

Oakton opens its season Friday in a six-team tournament hosted by Rock Valley College in Rockford.

"We'll use this tournament to get our feet wet and see what we have," Symonds says. "I'm not too concerned about winning our first couple of matches, but we'll be ready when conference play starts."

School's Open Safety Week

by Secretary of State Jim Edgar

This is "School's Open Safety Week" in Illinois. Slow down and drive carefully through school zones because the 20 miles per hour speed limit is now in effect. The 20 mph limit applies on school days between 7 a.m. and 4 p.m. when children are present and signs are posted.

Watch for school safety patrols, adult crossing guards, police officers and auxiliary police who assist students at many crossings. You should also be alert at other crossings where pedestrian safety depends solely on drivers slowing down and stopping.

School signs are shaped like an

old schoolhouse. School area signs are posted when school grounds are next to the road or a school crossing is ahead. School crossing signs are posted at the crosswalk and at school crossing signals.

It is a good safe driving practice to slow down anytime you see a school sign. Classes may be held at different hours and many activities are held at night or on the weekend.

In addition to slowing down near schools, look for children in residential areas, especially where school buses pick them up and drop them off.

Antique Auto and Sports Car Meet

Secretary of State Jim Edgar said today that antique auto and sports car enthusiasts should mark their calendars for Saturday, Sept. 12. The 36th annual Secretary of State's Antique Auto and Sports Car Meet will be held all day at the Muni Opera Site at Lake Springfield.

Judging will begin at 9:30 a.m. and awards will be presented at 3 p.m. Last year, 198 vehicles were entered in the meet.

Anyone interested in entering the meet, swap meet or flea market may write to the Secretary of State's office, Communications Department, 474 Centennial Building, Springfield, Illinois 62756 or call (217) 782-5763.

Traffic Safety Hints on funeral processions

Many motorists are unaware of the Illinois law requiring them to stop for funeral processions. Failing to stop or not waiting until the entire procession has passed may result in an accident.

The law gives the vehicles in a procession the right of way at intersections after the lead vehicle has obeyed traffic signals or stop signs. The lead vehicle, however, may not always stop at a red light or stop sign, so be alert if you see a funeral procession approaching.

If a funeral procession is coming toward you, do not turn in front of it or cross its path. If the procession is crossing in front of you, stop and wait until all vehicles have cleared the intersection before proceeding.

Although processions rarely exceed 20 miles per hour in urban areas, sometimes gaps develop between cars. Make sure that all cars have passed before proceeding. Drivers in the procession should not allow more than two car lengths between each other.

On rural county highways, where the speed limit is often 55 miles per hour, funeral processions rarely exceed 35 mph. The law permits passing a procession in the next lane if you do not interfere with it. However, do not pass unless you are on a clear stretch of road and have room to get back in the right lane safely and without disrupting the procession.

Seven Rules Safe For Walking

It's back to school time and the AAA-Chicago Motor Club urges parents to make sure children reach school safely by teaching youngsters rules for safe walking. The seven rules for safe walking are part of AAA-CMC's 40th annual "School's Open" safety campaign.

- 1) Before crossing, stop and look all directions. Be sure the road is clear of traffic before crossing.
- 2) Cross streets at corner crosswalks. Motorists don't anticipate children in the middle of a block. Do not cross from between parked cars. Many children are struck by vehicles when they suddenly dart out from between parked cars.
- 3) Cross on the proper signal. Observe and obey directions from crossing guards and traffic signals.
- 4) Watch for turning cars.
- 5) Be seen at night. Always wear reflective material after dark to help drivers see you.
- 6) Where there is no sidewalk, and it is necessary to walk in the roadway, walk on the left side facing traffic. Motorists have a better view of children who walk on the left side of the street.
- 7) Be extra alert in bad weather.

Dudycz bills veterans benefit

Gov. James Thompson has signed three bills co-sponsored by State Sen. Walter Dudycz (R-7th, Chicago) to help Illinois veterans and their families.

"We can never begin to repay the men and women who fought to uphold this nation's ideal for a democracy," Dudycz said. "We can, however, let them know how much we value their past service to our country by doing what we can to help them and their families now."

Veterans of the Vietnam and Korean conflicts will have the hiring and promotion privileges currently available to other military veterans under one bill co-sponsored by Dudycz.

Senate Bill 225 will give Vietnam and Korean veterans preference for jobs or promotions in fire protection districts across the state.

"The people who fought in Korea and Vietnam deserve the same consideration as veterans of World War I and World War II," Dudycz said.

Another bill co-sponsored by Dudycz provides special license plates for Illinois veterans who have received a Purple Heart award.

Senate Bill 132 authorizes the Secretary of State to issue the plates to veterans who received the honor for being wounded in action.

"The state currently issues special plates for disabled veterans or for members of the National Guard," Dudycz said.

"We think this recognition should also be offered to the men and women who were wounded while serving their country."

Those wishing to receive the plates will have to provide documentation of the award and pay the standard \$48 license plate fee.

House Bill 2228, sponsored by Dudycz in the Senate, will provide compensation payments of \$1,000 to survivors of Illinois residents killed while serving in the armed forces during non-declared hostilities.

"This will allow survivors of those killed during conflicts like the bombing of the marine barracks in Beirut to be compensated," Dudycz said. "The law already allows compensation when veterans are killed at a time of declared conflict."

Center of Concern Shared Housing Program

The Center of Concern is a multi-purpose walk-in center which provides personal and professional help to any individual in need. Their services include Personal Counseling, Community Outreach, Legal and Tax Counseling and much more.

The Center's purpose is to make available its services to any person in need.

The Center of Concern welcomes inquiries regarding our Shared Housing Program. Many people, young and old, cannot afford to live alone. Rising rents and increasing costs for utilities and home repairs make

it difficult for many people to pay their bills and have money left over at the end of the month. In addition, failing health can increase the burden of living alone. Home sharing makes housing more affordable and provides the family life support system many people need. The Center of Concern coordinates Shared Housing for those in need of a place to live with those who have extra room in their homes. For more information, call or visit the Center of Concern, Suite 125, 1580 North-West Highway, Park Ridge, 623-0453.

Patients help themselves at Parkside

Parkside Medical Services Corporation is embarking on an exciting clinical trial of a potentially useful continuing care treatment technique in five of its facilities. The "Beeper Continuing Care Project" uses electronic pagers and logbooks to assist patients in identifying and monitoring their experiences, behavior and feeling states.

During the day, the patient will be randomly beeped four times. When the signal is received, a self-awareness-monitoring page in the logbook is completed. This page is structured in such a way that it represents "taking an inventory." That is, the patient is asked to reflect on how he/she is feeling; how one feels about his/her recovery; his/her relationships; attitudes and behaviors important for recovery; and self-help group involvement.

Prior to going to bed, the patient completes another sheet in the logbook which helps evaluate the total day's experiences. These reflections and monitoring activities also help the patient in doing the 10th step (a daily inventory) in A.A. and other self-help programs.

Information obtained from a Parkside Medical Services research project strongly suggest that the use of Beeper Continuing Care as part of the continuing care treatment groups should prove to be an extremely fruitful method for helping their ongoing recovery.

The Beeper Project, is one of many studies that have established a leadership position for Parkside in the field of alcoholism and drug dependency treatment.

Parkside Medical Services Corporation owns or manages over 60 centers for alcoholism, drug dependency, eating disorders, and psychiatric care across the nation.

Res vision/glaucoma screenings

A free vision and glaucoma screening program will be offered Wednesday, Sept. 23 at Resurrection Hospital, 7435 W. Talcott Ave., Chicago.

Although difficult to detect in the early stages, glaucoma can be corrected if detected early enough. Nearly 23 out of every 100 people have defective vision by the time they reach age 20. That number increases to 48 out of 100 at age 40, and 95-out of 100 by age 70.

According to statistics, nearly one out of every 50 Americans over age 40 has glaucoma, and many are unaware of it. In chronic glaucoma, there is no pain; however, warning signs do include: eyes not adjusting to the dark, side vision being blotted

Miss Illinois to receive royal send-off

Embassy Suites Hotel-O'Hare, 6501 N. Mannheim Rd., Rosemont, will host a royal send-off party Wed., Sept. 9, 5-7:30 p.m., in honor of Mill Illinois, Cindi Hodgkins of Schaumburg, as she departs for the Miss America finals in Atlantic City. The affair for 600 in the hotel's grand ballroom will also celebrate the 1st anniversary of the Embassy Suites Hotel-O'Hare.

State, city and local dignitaries are expected to be among those attending the festivities, the first of its kind in tribute to Miss Illinois. According to Betty Brown, spokesperson for the Miss Illinois Scholarship Pageant, former statewide winners headed for the Miss America finals with little fanfare, other than maybe a private dinner with a few friends.

Herb Waldrip, General Manager of the Embassy Suites Hotel-O'Hare, noted that the occasion is most opportune for a dual celebration: the hotel's 1st anniversary, and a salute to the State's representative in the Miss America Pageant.

"We're proud to coordinate the party as the focal point of this special evening," Waldrip remarked. "We hope to begin a tradition of offering the State's best wishes to Miss Illinois and to bid her good luck in the quest for the Miss America crown." Cindy, 22, is a junior at Colum-

bia College in Chicago, where she is majoring in the Performing Arts. An accomplished singer and dancer, she will be traveling soon to Milan, Italy on a modeling assignment. Cindy has appeared in many pageants, and has previously placed three times in the top ten of the Miss Illinois Scholarship Pageant. She plans to pursue a career in entertainment upon graduation.

The Embassy Suites Hotel-O'Hare has 300 luxurious suites overlooking a dramatic atrium courtyard. All guests receive complimentary cooked-to-order breakfast and cocktails 5-7 p.m. Other hotel amenities include indoor pool and sundeck, sauna, whirlpool and health equipment; Ellington's restaurant for full dining service; Wispers cocktail lounge with nightly entertainment plus extensive meeting and banquet facilities.

Upstage/Downstage expands classes and productions

Upstage/Downstage Children's Theater, 411 W. Oakton Street in Skokie has announced an expanded series of classes and productions during the 1987-88 season for children and youths ages 3-18. Jan Pavlovic and Marion Bauerman join others of this unique theater's degreed faculty offering instruction in creative dramatics, acting, stage make-up and production, creative movement to music, ballet, jazz, tap dancing, puppet-making, creative writing and piano lessons. Call 674-4620 Tuesday through Friday afternoons to check the schedule of times and fees for this session which runs through December. Family members are invited to attend the last class of each session. In addition, workshops are available for birthday parties,

scout activities or special occasions. Eight full-stage productions are held each year, separate from the instructional program, with children in the casts chosen by open auditions. The theater's philosophy is based on the belief that every child is both unique and special, and all should be nurtured in an atmosphere that fosters self-confidence and fun. At Upstage/Downstage, the opportunity to develop reading and speaking ability is encouraged along with the pursuit of creativity, talent, and theatrical skills. Parents, teachers, and students alike have told of improvement in school classes after participation in these worthwhile leisure-time activities. At the request of several area schoolteachers, Upstage/Downstage will be bringing some of its workshops in creative, dramatics, Puppetry, and improvisation directly into school classrooms during this coming school year. A not-for-profit organization, the theater is funded in part by Niles Township, Illinois Arts Council, Skokie Fine Arts Commission, and the Chicago Tribune Foundation. Volunteers are welcome for behind-the-scenes assistance. Anyone interested should call Judy Ohlwein, founder and director of the 7-year-old theater at 674-4620.

He will show how to separate commercial art from

fine art. The Des Plaines Art Guild is open to all artists, people who would like to learn about art, or anyone who is just interested in appreciating fine art. The Guild is presently launching a membership drive. Guests are always welcome at the meetings for the nominal charge of \$1.

The Chicago Botanic Garden is looking for volunteers to teach children's classes one-half day a week. Volunteers should, says Linda Doede, manager of volunteer services, enjoy working with children and have some experience working with groups of school-age children. Volunteers who sign-up to teach in the school program will teach classes for a half day each week from September through June. Orientation and basic training for new docents is scheduled from 10 a.m. to 4 p.m. Sept. 14, 15,

and 17 to introduce the program and its content for the fall classes. Teaching credentials are not essential. Ongoing training sessions, required for all docents, are held from 1-3 p.m. on the second and fourth Mondays of each month. New volunteers are assisted by experienced docents. Business owners urged to document flood damages

Jay R. Hedges, Department of Commerce and Community Affairs (DCCA) Director, Thursday urged small business owners affected by last week's Chicago-area flooding to document damages in order to qualify for possible federal disaster funds.

Hedges said DCCA's Small Business Assistance Bureau (SBAB) can help answer questions about disaster funding assistance.

"Last week's flooding in Cook and DuPage counties has left millions of dollars in damage in its wake," said Hedges. "Governor Thompson has already declared portions of these counties State disaster areas, and has requested a federal disaster declaration from President Reagan."

A presidential declaration would make low-interest loans available through the federal Small Business Administration to help small businesses repair damages.

"Even though we do not yet know if funds will be released, it is very important that businesses document any damages so they are prepared to apply for the low-interest loans and other assistance, should it be offered."

Hedges said businesses in the Cook County townships of Palatine, Schaumburg, Wheeling, Elk Grove, Maine, Norwood Park, Leyden, Proviso, River Forest, Riverside, Lyons and Hanover, as well as the townships of Bloomingdale, Addison, York, Downers Grove and Wayne in DuPage County, may be eligible for federal assistance.

To receive further information, business owners may call the Illinois Small Business Hotline, toll-free, at 1-800-252-2923.

Disaster application center

A disaster application center to serve northwest side flood victims opened Monday, August 31 according to state Senator Walter Dudydz (R-7, Chicago). The location is the Giles School, 4251 North Oriole in Norridge. The center will be open everyday from 10:00 a.m. to 7:00 p.m. for two weeks or until all claims have been filed.

Staff at the center will assess flood damage and assist area flood victims in applying for low-interest loans, grants and other special emergency programs.

Dudydz added that flood victims are advised to take photographs of their damaged property, keep receipts of all flood-caused expenses and get written repair estimates.

For further information call 777-0077.

Maine Township seeks tax relief for flood victims

Maine Township Supervisor Paul K. Halverson is asking Cook County and Illinois officials to grant flood victims a 90-day extension on payment of property taxes to help relieve the financial burdens imposed by the recent catastrophe.

With the approval of the Maine Township Board, Halverson wrote to Cook County Board President George Dunne, Cook County Assessor Thomas Hynes, Cook County Collector Edward Rosewell, Cook County Clerk Stanley T. Kusper, Jr., Gov. James Thompson and other state officials.

In his letters Halverson stated, "Many of these residents are faced with loss of essential major appliances, furnaces, water heaters and furniture in addition to some structural damage. Replacing these costly items will be a major financial burden. We as government officials can show our sincere concern for their plight by allowing this extension."

Hundreds of families and individuals suffered great losses during the flood of Aug. 14, and many of the same people suffered significant losses during last year's floods, Halverson said.

Damages in Maine Township were so severe that Gov. James Thompson made two trips to the area to view the damages. The second visit to view flood-ravaged areas of unincorporated Maine Township came at Halverson's request, and the Governor chose the site to apply for federal flood assistance for Maine Township and other townships in Cook and DuPage Counties.

Grant from Citicorp underwrites Alzheimer's handbook

Citicorp announced today that its grant to Alzheimer's Disease and Related Disorders Association (ADRDA) has underwritten the unique "Victim, Not Criminal: The Alzheimer Sufferer" handbook developed specifically for law enforcement officials.

The "Victim, Not Criminal" handbook is the first in a series made possible by a three year grant of \$90,000. Other handbooks currently scheduled are targeted towards home health care providers and bankers.

"We at Citicorp are proud to be affiliated with Alzheimer's Disease and Related Disorders Association and hope that our contribution helps this valuable

organization continue providing support to Alzheimer sufferers and their families," said Loren Smith, chairman, Citicorp Savings of Illinois.

Alzheimer's an incurable brain disease, afflicts an estimated 2.5 million middle-aged and older adults in the United States. More than 100,000 people die of Alzheimer's annually, making it the fourth leading cause of death in adults, after heart disease, cancer and stroke.

Alzheimer sufferers frequently behave in a manner suspicious to those around them. For this reason, it is especially important that police officers, security guards, and other law enforcement officials be able to identify

signs of this devastating disease so potential problems and embarrassing situations can be avoided.

According to Jerome H. Stone, chairman, Alzheimer's Disease and Related Disorders Association, "Alzheimer's Disease is a common, yet largely misunderstood disease.

Distributing the "Victim, Not Criminal" handbook to law enforcement officials is the first step towards helping educate those in frequent contact with the general public." Stone was personally touched by Alzheimer's when his late wife was diagnosed with the disease in 1970.

Chicago-based Alzheimer's Disease and Related Disorders

Association is the national organization dedicated to "easing the burden and finding the cure" for Alzheimer's Disease. Since 1980, ADRDA has been providing support for the families who endure the psychological and financial tolls of the disease.

"Victim, Not Criminal: The Alzheimer Sufferer" addresses those issues relevant to law enforcement officers on a day-to-day basis, including: "Instances Where You Might Encounter an AD Victim," "How to Recognize an AD Victim," and "Dealing With the Most Common Situations," such as when victims wander or shoplift.

An overview explaining the

symptoms, treatment, and causes of Alzheimer's Disease serves as the handbook's introduction.

For more information on Alzheimer's Disease or to receive a copy of "Victim, Not Criminal," law enforcement officials should call in Illinois, 312/833-3090, or the ADRDA Chicago chapter at 312/664-0045. A nominal fee will be charged for postage and handling.

From the Left Hand

Continued from Page 1

stockade fence would block out the lot from neighboring residents. And store owner Bobby Abt described the need for parking space for their employees and customers.

After the presentation, about a half-dozen residents objected to the proposal. They were residents who were concerned about their land values, about school children being endangered by the parkers and were generally concerned that allowing the precedent of ABT's parking lot might be a precursor to a Polk Bros. operation which might stretch up and down Dempster Street, not unlike Polk's operation on Central Avenue in Chicago.

When the motion for the vote was made, Niles trustee Pete Pesole was very definite how he felt. He said allowing a residential structure to be converted to a commercial parking lot was "just plain wrong." He said people who buy a home alongside another home can expect the next door home will remain standing and implied the residential make-up of the community will not be changed. Pete then made the motion to oppose the parking lot. Four of the five village trustees voted against the lot.

This was what I would call a 1987 vote. The trustees, all friends of Frank Wagner, nevertheless put their friendship on hold during the vote. It was not in the best interests of the community and they voted to uphold the residential area.

Let me take you back thirty years. In our early days of

Bugling, Niles Village officials were opening bids for cement work to be done in the village. The normal procedure is all the bids are sealed with an expiration date and time when the bids would be received. When Niles 1957 Mayor opened the bids he read each one of them publicly acknowledging the figures in the bids. When he completed them, one Niles trustee told the Mayor he had one more bid which he had forgot to turn in. The bid was from a friend of his who had been the president of the Chamber of Commerce. When the trustee handed in the bid, it already had been opened and lo and behold, it turned out to be the low bid. Because the bid was already open, did it indicate the low bid figure was written into the bid after hearing all the other bids? Because the bid was submitted openly it was quite likely. But it was handed in long after the expiration time. This was overlooked and a friend of the boys at the hall got the bid.

Today, times have changed. Such a blatant act would never be tolerated. At least not in the open. Does this mean friends of the boys of '87 wouldn't get preferential treatment? No—it means what happens today is done with much more sophistication—with much more subtlety. Friends still get the bids. Friends still get the jobs. And the real estate deals which have many more dollars attached to them than cement contracts are commonplace. They were done quietly, behind the scenes and without a whimper from guys who write news columns.

The boys of '87 aren't the boys of '57.

LTY Seniors Win Olympic Medals

Ruth and Elmer Halldorson, two senior members of the Leaning Tower YMCA and the Senior Adult Center, ages 70+ and 80+ respectively, spent an enjoyable and rewarding few days in the St. Louis area recently. Park in Clayton, Missouri, were the center of their activities as they participated in the first ever United States National Senior Olympics. Elmer and Ruth have successfully participated in local, regional, and Illinois State Senior Olympics in the past, and they achieved times low enough to make them eligible to participate in this national competition.

The Senior Olympics followed the International Olympics format of awarding gold, silver and bronze medals for the first three places and ribbons for fourth, fifth and sixth. There were 3000 competitors from 44 states and Canada, and the Halldorsons placed in every event they entered. A 10 kilometer (6.2 miles) bicycle race and two days of swimming in 10 events earned them medals in 7 events and ribbons in 5.

At the Leaning Tower Y, the Halldorsons are members of the Masters Swim Team and compete frequently in the Masters Swim meets representing the

LTY. Their coaches are Brian Anderson and Tom Kluth of the aquatic staff there. On their way home from St. Louis, after visiting in the Denver and Seattle area, the Halldorsons made a detour through Carbondale, Ill., where they won fourteen first place blue ribbons and set eight new Central Masters Long Course Swimming Records in a beautiful 50 meter pool at Southern Illinois University. Several Midwestern States were represented: Missouri, Illinois, Kentucky, Wisconsin, Michigan, and Indiana.

Special People group keeps on growing

About five years ago an assemblage of disabled and able-bodied became known as Special People, Inc. They wrote a mission statement that reads "A not-for-profit organization for concerned citizens who are willing to work for the betterment of the disabled".

Its current membership has rapidly increased since a vigorous drive reaching others who were interested.

Monthly Special People meetings will be held each third Tuesday of the month beginning September 15, 1987. The group meets at the Maine Township Hall, 1700 Ballard Road in Park Ridge, Illinois.

The evening meetings begin promptly at 7:30 pm. Extremely interesting discussions are the usual program highlighted by guest speakers who offer advice on disabilities and antidotes. Everyone interested are always invited to attend meetings.

without conforming to Niles obscenity ordinance. For the past four years Niles has had other video film companies sign the pledge which allows the village to censor rental and sale films.

The evidentiary hearings must be held within 20 days after the judge authorizes a temporary restraining order. If he feels there are grounds which are harmful to the plaintiff, he is likely to order a preliminary injunction which will allow the store to operate without a business license. Niles predicated authorizing a license based on the store signing what Troy calls a "gentlemen's agreement" which allows Niles to review their films. If this injunction is approved, a full hearing must take place before a permanent injunction can be considered. If either party decides not to pursue the matter, the case does not have to go to this final hearing.

Niles passed an indecency ordinance in 1958 and created an obscenity ordinance May 22, 1962. Troy said the ordinance has continuously been revised to conform to Supreme Court decisions.

West Cost Video is a 150-store chain based in Philadelphia. The firm's district manager, Mary Lou Sledz, said X-rated material makes up about 10 percent of their sales. She said the X-rated tapes are in a separate room which is limited to persons 18 years old and older. She said the company is not out to offend anyone but feels they have a constitutional right to sell the films.

West Coast's attorney Bourgeois said he would consider making an accommodation with Niles but, if not, then the preliminary injunction will be sought.

carpeting in the club house had been cleaned professionally and deodorized and really looked "pretty good." He further noted some clothing and equipment in the pro shop did get water-soaked and there is a possibility the park will hold a "flood sale" to clear some of these items. The Niles Park District is also covered by insurance for damaged items that cannot be restored.

On another subject, Hughes said a contract had been awarded for the reconstruction work at the Niles rec center. The building had suffered extensive damage when it was set afire in an act of vandalism. The case is still pending against the Niles man responsible for the act. Hughes said modifications are being made in the reconstruction of the damaged area and work should begin next week.

Pre-school classes will be held, for the first time, in the new Ballard School location beginning in mid-September. Pre-registration has been very good.

curriculum. "This job will be a challenge and very exciting," she said. "I will be able to help and influence the education of youngsters with programs backed up by the latest research. Students need to learn basics and how to learn so they will be life-long learners," Goldberg said.

Formerly, she served as one of four Illinois coordinators to appraise and review state programs for inclusion in a country-wide network funded by the federal government. In addition, Goldberg helped match needs of local regions and schools along with programs initiated elsewhere in the network.

Prior to this work, she served as coordinator for reading and language arts in an Elmhurst school district of about 6,000 youngsters.

Goldberg will soon complete all requirements toward a doctor's degree with a major in the administration and supervision of school systems at Loyola Univer-

sity in Chicago. She has two master's degrees; a master of science degree in education from the City College of New York and master of education degree from Columbia College in New York. As a bachelor of science in education, Goldberg graduated "cum laude," or with honors, from the City College of New York.

In other central office replacements suggested by Superintendent of Schools Dr. Eldon Gleichman, Robert Cripe was named director of finance to take on duties of both former Business Manager James Bowen and former Assistant Business Manager Pat Kolvek. Joseph Burt was named director of operations in place of Joseph Irpino, former director of buildings and grounds. Mike Johann was appointed in charge of special education, replacing an instructor absent on maternity leave.

Remaining is Dr. Donald Sletina, associate superintendent.

The event is professionally managed by Swap Shop, Inc., of Niles, operators of the finest flea markets in the Midwest.

Panel to share expertise on disabled services

To join the group formed last fall to address some of the major problems facing handicapped people, the coalition is studying housing, transportation, accessibility standards, employment, legislation and other issues that impact the lives of the disabled.

The coalition currently is gathering data on affordable housing for the disabled and would welcome assistance from interested people in developing a plan for the north and northwest suburbs.

The north suburban chapter is part of the State Coalition for Citizens with Disabilities in Illinois. It provides a vehicle for individuals and groups representing members with a wide variety of disabilities to work together to improve conditions for the disabled.

The Maine Township Town Hall is accessible to the handicapped. For information call Donna Anderson, 297-2510.
