## Video stores placed in special use category by zoners

by Sylvia Dalrymple

Video store owners who want to locate in Niles will have to appear before village officials for approval under a special use category as a result of a Niles zoning board decision at Monday's meeting.

The recommendation will go to village trustees for a final decision. According to Joe Salerno, director of code enforcement, placing video stores under special use would impose

the following requirements: one parking space for every 50 feet of floor space, the adult section must occupy not more than 10 percent of floor area and must be separated by a partition wall. Continued on Page 55

## District 63 tax levy up 7.67

by Eileen Hirschfeld

A tentative tax levy of \$10,450,066, or a 7.67 increase over last year, was approved by board members of East Maine Elementary School District 63 and a tentative budget will be prepared for the fiscal year

beginning July 1, 1988 and ending June 30, 1989, according to action at a regular meeting Tuesday. A hearing on the tax levy will be held at 7:30 p.m. Thursday, December 17 at the district's center. Continued on Page 54

## Wards, Jewel on Niles side of AT&T site

by Sylvia Dalrymple

The Niles Zoning Board at Monday's meeting heard the good news that Montgomery Ward and Jewel Foods will occupy the village's portion of land at the AT&T site at 5555 Touhy Ave., but a decision to rezone the property was postponed until a

special meeting is held on Dec. 21. According to John Frick, Niles zoning board chairman, the continued hearing will allow time for a staff meeting composed of village engineers, police and fire. Continued on Page 55

## From the Left Hand

by Bud Besser

The boys from Niles, Illinois took a beating in Madrid, Spain last week. We're still feeling the pain.

It was the last day of a very pleasant two-week bus tour vacation. We did all the things tourists do. We were a bit over-Kodaked shooting pictures in mosques, beautiful old cathedrals, bridges and landscapes and quaintness and seascapes and the Jewish quarter and the people and ourselves and on and on into a 35 mm fortnight of kodachrome.

The last day we visited our last castle and wandered down to the Plaza de Sol where holiday shoppers were jamming the central department store. Exiting out the main entrance I met my wife about 40 feet from the doorway. Along with a 40 year old woman companion, we greeted each other when my wife shouted, "He grabbed my purse!" Amidst the bevy of shoppers, a young teenager pulled on her purse and then ran down a winding street away from the crowds. She had our passports and plane tickets in the purse and the likelihood of leaving for home on time were nil without the contents of her purse. Continued on Page 54

## Hearing set on nursing home license revocation

A formal hearing on alleged violations that resulted in the loss of a Niles nursing home's operating license is scheduled to be held Jan. 11-22 at the State of Illinois Building in Chicago. Gold Mill Plaza I Healthcare Facility, 9777 Greenwood Ave., received 46 citations for alleged improper patient care and filthy conditions early in October by the Illinois Department of Public Health, which monitors and licenses nursing homes in Illinois.

The state revoked the license of Gold Mill Plaza I Healthcare Facility. Continued on Page 54

### Niles Library serves as a model

The Niles Public Library has recently been the subject of study by classes from Rosary College's graduate library school and the City of Chicago's Bureau of Architecture, Department of Public Works. Duncan J. McKenzie, library administrator said, "We knew we were designing this library that the building itself would serve as a learning and demonstration site. Our use of computers has been the focus of articles in computer and library magazines, the New York Zoological Society has contacted us to learn how what we're doing can be transferred to their business operations, and we've even attracted the attention of Apple Computer, who asked us to demonstrate for them at a national conference."

McKenzie recently addressed an advanced seminar class on library technology at Rosary College where he spoke on the library's use of Local Area Networks (LANs) and desktop publishing.

Another class from Rosary's Graduate School of Library and Information Science visited the library last month. "Rosary's class on Library Buildings, Equipment and Furnishings was interested in studying our building, which is noted for its successful esthetically pleasing addition, use of modern publishing."

### Shoplifting suspect killed in stolen squad

Morton Grove, Skokie and Wilmette police joined forces last Friday evening when a handcuffed shoplifting suspect led them on a high speed chase on Edens Expressway. The suspect, James Panagakis, 34, of 6225 N. Mozart, Chicago, was killed when he attempted to exit Edens at high speed at Dempster Street in Morton Grove and struck a tree. Panagakis was driving a stolen Wilmette police car which was demolished at the time of the accident.

The drama began when Wilmette police officers stopped an auto containing Panagakis and David Petrushevich, 38, of 5538 S. Newcastle, on Lake Avenue near the Eden's south-bound entrance about 9:30 p.m. Friday evening.

Wilmette police Lt. John Hills said the two men were suspected of shoplifting a short time earlier at the Carson Price Scott & Co. store in Edens Plaza Shopping Center in Wilmette.

Panagakis, who was also wanted on shoplifting charges in Chicago and DuPage County, had his hands handcuffed behind him and was placed in the back seat of the squad car which was then locked. He managed to slip his handcuffed hands under his legs, climbed into the front seat of the squad which had the engine running and drove south on Edens at a high rate of speed.

### Shopping center on Bell & Howell site gets nod

A proposed shopping center on the former Bell & Howell Co. site won approval in a narrow 4-3 vote last week by Lincolnwood trustees.

Demolition of the old headquarters and plant is expected to begin the end of this year to make way for the proposed Lincolnwood Town Center, a fashion-oriented shopping mall to be constructed by Melvin Simon & Associates, Indianapolis, and Hawthorn Realty Group in Chicago.

The project includes a hotel, retirement center and office, showroom and industrial buildings on the 72-acre site at 7100 McCormick Blvd, according to developers.

An original proposal for a 1.2 million-square-foot regional mall and 280,000 square feet of office buildings was rejected by the

## 1991-92 described as 'bottoming out' years District 207 projects 10 year enrollment

by Linda Zachow

At Monday night's meeting of High School District 207's Board of Education, a report was presented on future projected enrollment for three schools comprising the district, Maine East, West, and South.

Robert Jacobsen, Director of Special Education and Student Personnel Services, predicted a steady decrease in student population until the year 1991-92. According to Jacobsen's figures, 1991-92 should be the District's "bottoming out year" after which time enrollment should increase steadily until 1995-96.

Jacobsen's conclusions were based on current enrollment statistics in feeder schools, anticipated freshman enrollments, and students "survival" percentage rates i.e., 103.97% of freshmen survive to sophomore year, 100.23% sophomores survive to junior year, and 95.63% of juniors survive to senior year.

The current actual 1987-88 enrollment for District 207, 6,206 students, is expected to dip to 5,358 students by school year 1991-92. By school year 1995-96, it is estimated the student population will be 5,386.

The projected "bottoming out" years for individual schools are 1989-90 Maine West-1,681, 1992-93 Maine East-1,984, and 1995-96 Maine South-1,445.

In other action the Board authorized new courses and course sequences. Additional courses will include a one-semester Computer Application for College and Business course and Advanced Placement Physics.

Following intensive review by various departments and Administrators, course sequences will be changed in the areas of business education, mathematics, and science. Beginning in the 1988-89 school year it will be mandatory for all freshmen to take Biology which will be offered at the remedial through advanced levels. Currently, most freshmen take Physical Science, a non-laboratory course, as a prerequisite to higher level science courses.

Additional curriculum changes include course title changes. Due

### Niles Police plan Operation Santa Claus

It's that time of the year again for all Niles residents to make their appointments for Santa Claus to visit their homes on Christmas Eve. Each year volunteers from the Niles Police Department drive Santa all over Niles in a police squad to visit all the children. This program started five years ago and has grown so big the police department has to use three Santas.

If you would like Santa to stop by for a brief visit, you must call the Niles Police Department at 647-0400 to confirm your request. On Christmas eve you will be called from the stop before yours to let you know exactly when Santa will arrive. Any questions, call the Police Department.

**SUCCESSFUL AGING**  
When the 1971 White House Conference on Aging was held, the older members of the conference were asked to identify what they considered the major problems of aging. They stated that the greatest problem of aging was loneliness. Certainly as one gets older, one must deal with losses: losses in physical areas, loss of work and loss of family members or a spouse through death. Loss is part of aging and healthy adjustment to loss is crucial. The old saying, "What cannot be cured must be endured" implies the ideal of pushing ahead no matter what problems are encountered. Personal misfortunes, whether illness or loss, should be viewed as challenges. It is difficult to adapt, but not impossible. What is needed is the opportunity to make new friends without ever forgetting the pleasures of the friends who are gone. Learn something new that can become a field of interest. The brain can become revitalized by stimulating activities. A brain that is not used, or is bored, loses its capabilities. Contact the Prairie View Community Center at 965-7447 to learn more about activities and programs for seniors. (Article from: The Challenge of Aging).

**NILES TOWNSHIP PERFORMANCES**  
Niles North will present "Noises Off," a British comedy, for a special senior citizen performance at 1 p.m. on Thursday, Dec. 10. To become a member of the Niles Township Senior Citizens Club and enjoy other fine art and athletic events at no cost, call the township at 673-6822.

**VISUALLY IMPAIRED MOTIVATORS**  
Morton Grove's support group for the visually impaired will hold its next monthly meeting at 10 a.m. on Tuesday, Dec. 15 in the Morton Grove Village Hall, 6101 Capulina ave. The group provides participants and their families with information about resources, education about vision health, and friendly understanding regarding visual impairments. For more information about the group or for free transportation, call the Senior Hot Line at 470-5223. The group is not limited to Morton Grove residents.

**HAPPY GRANDMOTHERS CLUB**  
The Happy Grandmothers Club welcomes all grandmothers or other interested senior citizen women, to join the club and enjoy activities, trips, and educational program on the third Tuesday of every month. The Grandmothers' next meeting will be at 11:30 a.m. on Tuesday, Dec. 15 in the Morton Grove Village Hall Senior Center.

**WE, THE PEOPLE**  
This Oakton Community College Passages Through Life presentation will explore the philosophical shift away from the radical democracy implied in the Declaration of Independence toward a more limited democracy contained in the Constitution. Bill Taylor, OCC professor of political science will speak at 1 p.m. on Tuesday, Dec. 15 at 7701 Lincoln ave., room 115 in Skokie.

**HEALTHY MEN**

# Holocaust historian to speak in Wilmette

Prominent Holocaust historian, Dr. Raul Hilberg, will present excerpts from his 40 year study of one of the world's most tragic eras on Sunday, Dec. 13 at 11:00 a.m., when the Dawn Schuman Institute for Jewish Learning presents "The Holocaust Today: Political Implications in the United States, Europe and Israel."

The lecture will be held at Beth Hillel Congregation, 3220 Big Tree Lane, Wilmette.

Hilberg's renown as the leading scholarly authority on the Holocaust brought him to the attention of French film director Claude Lanzmann, who utilized Hilberg and his expertise in the production, development and filming of "Shoah", his nine-and-one-half hour masterpiece on the Holocaust.

Dr. Hilberg, a distinguished scholar and professor of political science and foreign policy at the University of Vermont, has authored the definitive work on the subject of the Holocaust, a

## SJB students host Christmas pageant

The 2nd, 4th, 6th, and 8th grade students of St. John Brebeuf will be presenting an adaptation of the Gian Carlo Menotti opera "Amahl & the Night Visitors" on Tuesday, December 15 at 7 p.m.

The play tells the story of Amahl, a poor, cripple shepherd boy who lives in a tiny cottage with his widowed mother. One wondrous night, Three Kings and their Page appear and tell of their star-guided journey to Bethlehem to see a mysterious newborn Child. Amahl's mother invites them to rest and marvels over the beautiful riches they have brought the Child. Word of their arrival spreads and shepherds soon gather to bring food and to dance for the Kings. After the shepherds have left and all have settled down for the night, Amahl's mother gives in to her temptation to steal some of the King's gold for her child, but is caught by the Page. As she expresses her remorse, Amahl offers to add a gift - his most needed possession - his crutch - and as he does so, he is miraculously cured. Then, as dawn breaks, the

Kings offer to take him with them to see the Child. And so, with his mother's approval, he sets out to join in witnessing the magic and wonder of that first Christmas so long ago.

The case is composed of Joey Giansaporo as Amahl, Nicole Purta as the Mother, Mike Jesse, Michael Bousis, and Vito Gattuso as the Three Kings, William Willis as the Page, and Jean Stephens as the Narrator. Maureen Maher, Liz Gil, Jennie Trenn, and Nancy Vadina are lead dancers, while shepherds are played by Gwen Corrigan, Amy Harris, Karen Nosalik, Monica Kowalezyk, Aileen Sancha, Mark Okolita, Amy Sobarnia, Vanessa Hirtzig, Claire Pawlowski, Julie Venci, Stephanie LoVerde, and Lauri Loris. The musical numbers are sung by the entire student body of the 2nd, 4th, 6th, and 8th grades.

The play is directed by teacher, Kathy Higgins, and the Choral numbers have been taught and directed by Music teacher, Beverly Collins.

## Shabbat Singles Haverah Services

Shabbat Singles Haverah will hold its monthly Friday night services at North Suburban Synagogue Beth El, 1175 Sheridan Rd., Highland Park, at 8 p.m. on the second Fri. of the month which will be Dec. 11. A forty-five minute service is conducted by Rabbi Lebeau and guest rabbis are geared to accommodate the religious practices of both reform and traditional Jewish backgrounds. An Oneg Shabbat will follow the service.

Doors open at 7:30. Services begin promptly at 8 p.m. For further information call the North Suburban Synagogue Beth El office at 432-6900.

The Dreidle House is modeled after and is a giant version of the four sided top-toy played by children during Chanukah. On each side of the dreidel is a Hebrew letter. In this Dreidle House, children meet the Chanukah hero Judah the Maccabee who tells the story of Chanukah and distributes treats and educational materials. The roof of the Dreidle House is adorned with Chanukah candles on a menorah.

The Dreidle House is situated in front of a Chanukah Store in the Crossroads Shopping Center, located at 225 Skokie Valley Road, Highland Park, Illinois. In the store, children will be able to view a Chanukah video, participate in a holiday craft and purchase Chanukah related items and gifts.

The Dreidle House will be open on Sunday, Dec. 8 and again on Sunday, Dec. 13 and will remain open throughout the entire holiday. Hours are 11:00 a.m. - 4:00 p.m. For more information please call 433-1567.

## Filipino Advent Mass at St. Martha's

St. Martha Church, 8523 Georgiana Ave., Morton Grove will host the first Simbang Gabi Advent Mass on Tuesday, Dec. 15, at 7:15 p.m.

Simbang Gabi is the beautiful tradition of Filipinos in their homeland which is the spiritual preparation for the birth of the Christ Child. It is a nine-day "Novena of Dawn Masses" celebrated from Dec. 16 to Dec. 24. The mass is usually celebrated between 4:00 a.m. and 5:00 a.m., even before the cock crows that is why it also called Misa De Gallo or, more significantly Misa De Aguinaldo (Mass of the Gift).

With the reality of winter in the United States Simbang Gabi will take some local adaptations which is the celebration of the masses in the evening and the date is moved one day ahead so that Filipinos can participate in the total parish celebrations of Christmas masses.

St. Martha's celebration of Simbang Gabi will feature the ethnicity of Filipinos as well as the integration of the community into the parish life at St. Martha Church. A procession of nine Simbang Gabi Candles which symbolizes the nine days of Advent masses and a Filipino Parole (Christmas Star) features a most unique Filipino tradition. The mass which will be celebrated by the Rev. Eugene Faucher and co-celebrated by the Rev. John Quinn, Rev. Hal Stanger and Deacon Art Metallo will focus itself to the spiritual advent preparation for the Christ Child. The Children's Choir, the Instrumental Group and the Adult Choir under the direction of Gail Johll will add a festive mood to this Advent Mass.

The community is invited to attend this mass at St. Martha and the other masses which will be held in other northern suburban churches including St. Lambert in Skokie.

## Christmas Around The World banquet

Christmas Around The World banquet planned by the First Baptist Church of Niles, 7339 Waukegan Rd., will be held at the Niles Trident Center on Oakton at Prospect in Niles, on Dec. 12 at 6 p.m. It will be a pot luck supper featuring dishes from around the world. Also loads of good entertainment and fellowship. For further information call Pastor Roger McManus at 965-7795 or 647-8751.

## Blood Pressure & Diabetes Tests

Senior Citizens of the community are invited to take advantage of Free Blood Pressure and Diabetes Tests which are available at Edison Park Lutheran Church, 6626 N. Oliphant, on Tuesday, December 15, at 10:30 a.m.

Nurses from the Regency Nursing Center will be available for the testing at the church, downstairs in the North Hall.

## Women's issues at Oakton

The roles of women in the society will be discussed in a course offered at Oakton Community College East this spring. "Introduction to Women's Studies" (HUM 140), a three-credit-hour class, will meet from 1 to 3:30 p.m. Wednesdays beginning Jan. 20 at Oakton East, 7701 N. Lincoln Ave., Skokie.

The course, taught by Dr. Phyllis Woloshin, Oakton's professor of Philosophy, is an interdisciplinary survey of issues on gender and will examine women's roles defined in such areas as politics, psychology, sex role stereotypes, labor distribution and rights, health care, education and religion.

Woloshin will analyze the gender-laden philosophies that have affected women's education and self-perception.

For registration assistance, call 635-1417. For information on the course, call Woloshin at 635-1855.

## What's Cooking at The Bugle Pantry

**Great Taste... An American Tradition**

A delicious dessert can be easy as pie when you make it with maple syrup.

**MAPLE PECAN PIE**  
(Makes one 9-inch pie)

1 (9-inch) unbaked pastry shell  
3 eggs  
1 (8-ounce) bottle Cary's Pure Maple Syrup  
1/2 cup firmly packed light brown sugar  
2 tablespoons margarine or butter, melted  
1 teaspoon vanilla extract  
1-1/4 cups pecan halves or pieces

Preheat oven to 425°. Bake pastry shell 8 minutes; remove from oven. Reduce oven temperature to 350°. In large bowl, beat eggs. Add remaining ingredients except pastry shell; mix well. Pour into prepared shell. Bake 35 to 40 minutes or until golden. Cool. Refrigerate leftovers.

Tip: 1-1/4 cups coarsely chopped walnuts can be substituted for pecans.

## Just Say Cheese

Natural dairy calcium is an important part of everyone's diet. What better way to make sure your family and guests eat well (and properly) than by turning out entrees that use cheese and spotlight your own creativity?

Fresh "Tradition de Belmont" Brie, made in Wisconsin and California, is perfect for cooking and baking—as in this non-collapsible Easy Onion Brie Souffle:

8 medium slices soft white bread, crusts removed  
3 eggs  
1 1/2 cups Half & Half  
2 tsp. minced onion or chives  
1 tsp. dry mustard  
1/2 tsp. cayenne pepper  
14 oz. slightly under-ripe "Tradition de Belmont" Brie with Onion, grated  
1/2 cup freshly grated Romano cheese  
Paprika

Generously grease a 1 1/2 quart souffle dish. With a wire whisk, beat eggs, then whisk in Half & Half, onion, mustard and cayenne.

Cut each bread slice into quarters. In bottom half of casserole, arrange half of the bread and half of the grated Brie and Romano. Pour half of the egg mixture over the bread and cheese layers. Repeat process a second time.

Preheat oven to 350°. Souffle should sit at room temperature about 30-45 minutes.

Sprinkle top of souffle with paprika and bake approximately 30 minutes until lightly browned.

If preferred, unbaked souffle can be preassembled and refrigerated overnight. However, casserole should be brought back to room temperature before baking. Yields 4 servings.

## Women in Careers dinner/workshop

## Thefts...

A house in the 8500 block of Amelia Dr. was broken into on Nov. 30.

According to police reports, someone used a pry-type tool to gain entry and once inside, the offender ransacked the house. A check showed the offender removed a package of bologna and a can of 7-up from the refrigerator leaving the contents on the counter. Exit was made through the front door.

It is unknown what was taken because the victim is in Florida. Police notified the victim's son of the theft.

A resident in the 8400 block of Clara Dr. reported Nov. 30 someone entered through his unlocked garage service door and removed a radio and various tools worth a total of \$235.

A Schiller Park man reported Nov. 30 that he parked his car in a restaurant parking lot in the 7200 block of Harlem. Upon exiting the car he was struck in the head with an unknown object and two men then tried to remove a wallet from his pants pocket. When they could not immediately remove it, they fled northbound on foot.

The victim was unable to give a description of the offenders.

A Sears security guard observed a man remove a ratchet wrench worth \$19.90 and place in a tool set. He then purchased the tool set and attempted to exit the store without paying for the wrench.

He was released on \$1,000 bond and assigned a Dec. court date.

Two men shopping in a store in the 9500 block of Milwaukee Ave. on Nov. 30 were observed removing six sweaters worth a total of \$239.94 and placing them under their coats. The offenders then fled the area in a car driven by a companion.

Police are following up on the case.

A Glenview woman had her purse stolen at a toy store in the 9500 block of Milwaukee on Nov. 30.

The victim stated she was asked by two men to reach a boxed toy on a high shelf, and in the process, discovered her shoulder bag open and her wallet missing. She added the offenders ran down the aisle exiting the store.

The wallet contained about \$40, a checkbook and credit cards.

A Morton Grove woman reported Nov. 28 she was engaged in conversation with an unknown man and woman at a store in the 9500 block of Milwaukee. The victim then went to the checkout counter and discovered the wallet in her purse was missing. She told police the alleged male offender had bumped into her prior to the conversation.

The wallet contained \$100, credit cards and several I.D. cards.

A K-Mart security agent on Nov. 27 observed a man remove video tapes and various fishing supplies and place them in a bag. He attempted to leave the store without paying for the items.

He was released on \$1,000 bond

pending a Dec. court date.

Someone removed a purse from a shopping cart at a store in the 8200 block of Golf on Nov. 28. A wallet in the purse contained credit cards, checkbooks, keys and a driver's license.

An employee of a manufacturing company in the 8100 block of Mulford told police Nov. 28 he discovered an office area door open he had locked the night before.

A check showed someone had removed a computer worth \$4,000 from one of the desks.

Someone gained entry to a car parked in the Golf Mill shopping center on Dec. 1 and removed a stereo, amplifier and equalizer worth a total of \$480.

A Chicago man told police Dec. 1 that someone removed his pickup truck parked in the 9000 block of Milwaukee Ave. Value was estimated at \$19,000.

Someone removed a 1980 Cadillac worth \$4,100 in the 7500 block of Caldwell on Dec. 3.

## Vandalism...

Someone broke the rear window of a car in the 8700 block of Dempster on Dec. 1.

A residence in the 9700 block of Fox Glen Dr. reported Nov. 30 someone put glue on the door lock on his front door causing \$65 damage.

Persons unknown used a blunt object to shatter the hatchback window of a car parked in the 8200 block of Odell. Damage was estimated at \$200.

An official of St. John Brebeuf told police Dec. 1 that unknown persons made their way to the roof of the school building and removed several sheets of roofing, smashed two bathroom windows and damaged ceiling tiles. Damage was estimated at \$500.

## Youth Arrested...

Police responded to a youth disturbance in the 8400 block of Chester on Nov. 28.

In checking the identification of the youths, they found one of the offenders was wanted on a warrant by Park Ridge police, who took him into custody.

Bond was set at \$8,000 pending a Dec. court date.

## Driving Violations...

A Clarendon Hills man was arrested for speeding, revoked license and wearing no seat belt on Dec. 2.

The offender was observed driving east in the 7900 block of Dempster at a speed of 57 mph. A stop was initiated at Dempster and Oakton.

He was released on \$3,000 bond and assigned a Dec. court date.

A Northlake woman was cited after she was involved in an auto accident on Dec. 1.

Investigation showed the woman was driving west on Touhy and struck a car attempting a left turn. Both drivers stated their vision was blocked by a vehicle stopped in traffic.

A Dec. court date was assigned.

## NSF car purchase...

The manager of a car agency in the 9400 block of Milwaukee Ave. reported Dec. 3 that a man purchased a 1988 Mustang with a \$2,300 check as down payment. The check was returned marked

"account closed." The agency has been unable to have the offender return the car or make good on the check and wishes to sign a complaint.

## Pickpocket arrested in Oak Mill

A Chicago man was arrested for attempting to rob an elderly couple at a food store in the Oak Mill Mall on Nov. 30.

According to police reports, the victim and her husband were standing at the fruit counter when a man carrying a travel bag and a garment bag began asking questions about some apples. The husband observed the offender pulling a wallet containing \$90 from his wife's purse

hanging from her forearm, and grabbed his arm retrieving the wallet.

The offender became argumentative and exited the store walking west into the mall area. Police who had been alerted to the incident, saw the offender (answering the couple's description) in the doorway of a store and placed him under arrest.

Bond was set at \$10,000 pending a Dec. court date.

## Traffic Safety Hints

by Secretary of State Jim Edgar

Head-on collisions are the most deadly motor vehicle accidents. Be prepared to make a split-second decision if an oncoming vehicle suddenly swerves into your lane.

The National Safety Council recommends using the "Four R's" to prevent a head-on collision: 1) Read the road ahead. You may see another vehicle crossing the centerline in time to react safely. 2) Ride to the right. 3) Reduce speed. 4) Ride off the road. Driving off the road is safer than skidding off the road if you must hit the brakes suddenly.

If you are forced off the road, look for something to break your impact. It could be a soft object such as a bush, small tree or fence, or a fixed object like a big tree, parked car or sign post. Try to glance off the object.

If you do not have enough time to get off the road, try to glance off the oncoming vehicle. Hitting the vehicle at an angle is less dangerous than hitting head-on.

To reduce the seriousness of a head-on collision, make sure you and your passengers fasten your safety belts, lock your doors and secure all loose objects so they will not fly around the vehicle on impact. Take these precautions every time you get in your vehicle.

The Rules of the Road booklet has information on what to do if you are involved in an accident. An accident checklist is included in Chapter Five and an accident information form is provided.

## I Bet You Didn't Know

By Jim Jennings

Incredibly, a National Football League team once used 3 head coaches AT THE SAME TIME!... It happened with St. Louis in 1961 when their head coach, Pop Ivy, resigned with 2 games left in the season. St. Louis then appointed THREE men to serve as head coach together, Chuck Drulis, Ray Prochaska and Ray Wilsey—and the amazing thing is, St. Louis went undefeated with those 3 head coaches, beating Dallas 31-13 and Pittsburgh 20-0. The next year St. Louis went back to one head coach and lost 9 of 14 games.

What's the record in college football for a team winning the most games in a row?... The all-time record was set by Oklahoma which won 47 straight games between 1953 and 1957. No other college football team has ever topped that.

One of the most unbelievable facts of the 1987 baseball season is that Minnesota was able to win the American League pennant—even though they finished 10th in the league in batting, 8th in runs scored, 13th in hits, 10th in stolen bases and 10th in pitching. Despite all that, they finished first in the standings. Unbelievable, but true.

If you mention this ad after your deal is consummated (but before delivery) Jennings Chevrolet will deduct \$50 from the purchase price of your new or used car. One deduction per customer. One deduction per transaction.

## SPORTS NEWS

### Niles Optimists sponsor hockey team

The Optimist Club of Niles has sponsored a junior hockey team called the Rangers.

The Optimist Club also provided a spotlight which was used for player introduction, and players were also spotlighted when they scored a goal.

The Optimist Club is an organization dedicated to serving the youth, handicapped and needy. Presenting a check to Bernice Zawacki is Ron Harris, Rich Weiner and Optimist Club member John Jekot.

### Mite House League

The Blues exploded for 3 first period goals in route to an 8 to 1 victory. They built a 6 to 0 lead before the Hawks broke the shutout with a third period goal. The Blues however answered with two of their own to close out the scoring.

The Hawks goal was an unassisted one scored by Larry Waxman while Jerry and Brent Dalton also played well for the Hawks.

The Blues' Jim Lubinski had a hand in all his team's scoring by registering 5 goals and 3 assists. Teammate John Barone notched the 3 goal hat trick and Shawn Rowe added an assist. Goalie Tony Turner stopped all but one shot and was outstanding throughout the game.

## M.E. student "shoots" for his goal

When the 2:50 bell rings at Maine East High School, senior Mike Varco heads straight for the boys' locker room and gets ready for basketball practice.

Mike has been playing basketball since 6th grade at Benjamin Franklin Grammar School where he worked his way through 7th and 8th grade to being a key member of the Eagles team. He played center and was good because he was 6 foot 1, and the other players could pick him out of the crowd and pass him the ball for a score. Since the Park Ridge resident was so good in grammar school, the coaches at Maine East couldn't wait to coach him.

When Mike finally made it to high school, he noticed that, when he was trying out for the basketball team, there were a lot of kids his size. Mike was 6'3" now, and he had to beat out some real tough players to make it. The freshman team that year was about a .500 ball club, but he had an average of about 7 points a game. During Mike's sophomore year the team really improved, and, no doubt, Mike's dedication was a key factor and helped rally his teammates as well. For example, when the team was losing, he would say, "Hey, pick your heads up, as long as we're

At the Sept. 4-5 Summer's End Tournament, Maine East's squad won 2 matches out of 5 and against Maine West on Sept. 11, East's scores were 10-15, 15-6, and 4-15.

## Ranger Pee Wees

The Niles Rangers hosted Glenview 4 and the teams skated to a 4 to 4 tie. Both teams played excellent hockey at both ends of the ice. There were great defensive plays and many scoring opportunities which were stopped by each goalie. The first period saw Glenview open the scoring to take a 1 to 0 lead. Niles tied the game on a goal by Steve Bosco with an assist going to Gary Falk. The period ended 1 to 1.

In the second period Glenview jumped out to a 3 to 1 lead before Todd Migon closed the score to 3 to 2 with a goal. He was assisted by Jim Murray. The rest of the period saw both teams playing a close check.

The final period was very exciting with Niles tying the game on Todd Migon's second goal of the game, unassisted. Glenview again took the lead on a goal to make the final minutes of the game very tense for Niles. The Rangers were up the challenge again as Todd Migon got his hat trick with assists going to Gary Falk and Chad Wiener to tie the score at 4 to 4. The game ended with Niles pressing the Glenview goalie. The Pee Wee Ranger record is 2-0-1 for the season.

## Skiing Championship Qualifier

Four Illinois skiers will compete in the Miller Lite NASTAR Finals Dec. 9-13 in Snowmass, Colo.

Local competitors included Gary Moss, 33, of Morton Grove. More than 250,000 recreational skiers raced in the NASTAR program during the 1986-87 season at 150 U.S. ski areas. Only the top 100 skiers reach the national finals.

### Interesting Facts From John Jennings

Did you know that the U.S. government once CUT the price of the first-class postage stamp? From 1917 to 1928 it cost 3¢ to mail a letter first class but the price was reduced to 2¢ from 1928 to 1932. The price went back up to 3¢ in 1932 and stayed there until 1958.

The 7 colors of the rainbow are ALWAYS in the same order-violet, indigo, blue, green, yellow, orange and red.

Oddly enough, the state songs of both Florida and Kentucky were written by the same man-Stephen Foster. Kentucky's state song is "My Old Kentucky Home" and Florida's is "Swanee River"-both written by Foster.

The largest animal in the world-the blue whale-weighs more than about 2,000 average humans put together.

### Solution for landfill problems?

Dear Editor:  
The landfill problem has reached most all of our country these days and has caused a serious problem for the residents of the Maine Township area.  
In the 22 years I lived in Niles, the landfill on Golf Rd., was filled and in the 6 years I was away, another one in Libertyville, Ill. has been filled. Now there is a problem of finding another location for a landfill.  
To reduce the amount of refuse, I want to express this idea. We have it in effect in my area in

DeBary, Florida, and it could probably be used in the area of Maine Township.  
A man comes to our homes for our paper, cans and glass for recycling each week. This man finds it quite profitable and it certainly alleviates vast amounts of refuse.  
I feel sure some individuals would like to do this in your area, or if not and individual, some organization, Church or the Scouts boys or girls could do this.

### Opening of the Dreidel House

The second annual opening of the Dreidel House, sponsored by North Suburban Lubavitch Chabad, will be from 11 a.m. - 4 p.m., December 13-23 at the Crossroads Shopping Center in Highland Park. Groups (minimum of 10 people) should make private appointments if the above mentioned dates are not convenient.

The only one of its kind across the nation, the Dreidel House attracted several thousand people from the Jewish community statewide last year. The House, constructed in the shape of a dreidel has a curved base and four walls decorated with the traditional Hebrew letters - Nun, Gimmel, Hay and Shin, standing for the Chanukah motto - A Great Miracle Happened There. (Nes Gadol Hayah Sham.) On top of the Dreidel House is a menorah. Inside, a man dressed as the Jewish hero, Judah the Mac-

abee, will distribute Chanukah gelt, treats and literature together with dreidels and "I am proud of my Jewish name" buttons. A special program for children will include a video presentation and extensive craft and gift-making projects.

The Dreidel House, one in a series of educational events throughout the year, has been introduced to strengthen the child's Jewish identity and commitment.

In addition, North Suburban Lubavitch Chabad has opened a Chanukah store at the same location through December 23 (except Saturdays) from 11 a.m. - 4 p.m. Gift items, books, Chanukah decorations, toys, personalized items and a wide selection of Judaica will be available for purchase.

For more information concerning the Dreidel House and Chanukah Store, call 433-1567.

### Open Letter to Mayor Nicholas Blase

Dear Mayor Blase:  
I have been following the controversy between you and the video store regarding adult tapes and I thought you should hear from the other side.  
You admonished the newspapers because they did not back you and they alluded to the Constitution of the United States in their reply. Mayor, when you took office you swore to uphold the rights of the Village, State and Country, but you do not seem to understand the plaque on the wall of your Council Chambers quoting the Constitution - have you read it?

The people of Niles are not as uneducated as you may seem to feel we are. We have a right under the Constitution to decide for ourselves what is obscene and what is not. Your local laws and state laws are unconstitutional.

I was amused when I received your card in the mail asking me to say "yes" or "no" to the issue at hand. I assumed the count had already been taken before the card was ever sent. Where was the place for my signature and address for authenticity and why weren't they mailed to an independent agency for tabulation? The video store asked for people's legal signatures.

You say you have a gentleman's agreement with the video store owner not to sell or rent certain adult tapes. That is not an agreement, it is a conspiracy to deny me my rights under the Constitution. Censorship too is a Federal offense.

If you want to do something for the Village, let me list a few things you might work on:  
1) You can rent a motel room in Niles for immoral purposes.

- 2) You can buy paperback books with explicit sexual descriptions.
- 3) You can get drunk and drive a car.
- 4) You can purchase dope in the Village.
- 5) You can possess and use guns.
- 6) Check the books in the Village library for obscenity.
- 7) Check the movies shown at our local theatres for violence and sexual references.
- 8) I receive through the mail, delivered by the Niles Post Office catalogues offering to sell me video tapes and sex objects, which I do not solicit but receive anyway.
- 9) We now have the new "900 number" that anyone can call and hear explicit sexual conversations.

Understand, I am not suggesting that you take action on any or all of the above, Mayor, my point is that immorality is a fact of life and can be found in many other places in the Village beyond the video store in question. While I am not an advocate of porno films, there is a matter of principle involved here that I object to in that you are harassing one particular business in our Village while others are allowed to operate unimpeded.

I hear a committee will view tapes that may prove controversial. Who gives this committee superior knowledge or divine guidance to make such decisions for the people of Niles? Please read the Constitution, Mayor, especially the 1st and 14th Amendments, and uphold the law of the land.

David Gaianne  
Resident of Niles

### Friendship Village offers independent living for retirees

Friendship Village is a retirement community located on a 50-acre site in Schaumburg, Illinois. Residents, who are of retirement age and live independently in their own apartments, freely come and go, entertain, travel, and make their own decisions about using the Village's services or taking part in social activities.

Friendship Village is one of few retirement communities that provides an attached skilled-care licensed Health Care Center. An experienced nursing staff is present 24 hours a day. The Center is also licensed to provide home health care and is staffed by professionals. If, at some point, a resident is no longer capable of living independently, his contract

allows him to move permanently into the Health Care Center and even furnish his quarters with his own possessions.

Friendship Village is operated by a registered not-for-profit corporation. The board of directors oversees, but do not profit from, the successful operation of the community. Its financial statements are audited annually by independent, certified public accountants, and reports are provided to anyone who requests them. Moreover, all residents are encouraged to attend the presentation of financial summaries that are held each quarter as an opportunity for exchange or questions about Village operations.

For more information, call 884-5050.

### Gemini wrestlers begin season

The Gemini Junior High School wrestling team will open its season against Juliet-Troy on December 11, 1987, at 4 p.m. The first opportunity for local community members to see their team in action will be at the Mustang Invitational which will be held at Gemini on December 19, 1987, at 9 a.m.

Mr. Donald G. Huebner, Principal of Gemini Junior High School, 8955 N. Greenwood, Niles - East Maine School District 63 -

is looking forward to a successful, exciting season which will culminate in sending several wrestlers to State competition.

Admission to home meets is 50¢ for adults, 25¢ for children. Home meets are held in Room 100.

Mr. Ron Silverstein, wrestling coach, invites everyone to attend at least one meet. He is convinced that once you see the talent at Gemini, you will not be able to miss a meet.

### Anti-drug calendars available

A 1988 wall calendar devoted to warnings against drug abuse has been published by Cook County State's Attorney Richard M. Daley and is available free to the public while supplies last.

The calendar features the winning posters in Daley's Anti-Drug Poster Contest for elementary school students, held earlier this year.

"Our contest is significant because it represents young people warning their peers of the terrible dangers of drug abuse," Daley said. "By producing this calendar, we hope to give these messages a much wider circulation."

The annual contest is open to 8th, 7th, and 8th grade students in both public and private schools in the country.

A copy of the calendar will be sent to all the county's schools, with the remaining copies available on a first-come, first-serve basis.

Partial funding for the calendar, as well as the graphic design, was donated by the Forest Hospital Foundation, located in Des Plaines.

Anyone interested in obtaining a calendar should call Daley's Community Unit at 443-5598.

### JWV to dedicate plaques

On Friday, December 18, 1987, Kirschenbaum-Silver Post # 282 and Auxiliary, Jewish War Veterans, will dedicate Memorial Plaques to our departed comrades.

It will take place at North West

Suburban Jewish Congregation, 7800 Lyons, Morton Grove, 8:15 p.m. Guest speaker will be Auxiliary President Lillian Frisch. The Oneg Shabbat following services will be hosted by the Post.

### Beth Emet Synagogue to present "Religious Rock" Concert

On Sunday, December 13 at 3 p.m., in celebration of the Chanukah Festival, Beth Emet Synagogue, 1224 Dempster, Evanston, will present "Edge of Freedom", a religious service written in folk-rock style. The service will be performed by the combined choirs of Beth Emet Synagogue, accompanied by a rock band consisting of guitar, bass, drums, and keyboard. The performance will be conducted by Beth Emet Cantor Jeffrey Klepper.

According to Cantor Klepper, "Edge of Freedom" was the first Jewish religious service set to contemporary music. "It was written twenty years ago and has been recorded and performed live throughout the United States. However, this will be the first time that it will be performed in

the Chicago area." The work was composed by Cantor Raymond Smolover of New York. "Although 'Edge of Freedom' was originally written to appeal to young people, it has also proven to be popular with adult congregants as well. The composer succeeded in combining authentically Jewish melodies with vibrant rhythms and harmonies. This gave the ancient prayers a new vitality, lacking in our synagogues twenty years ago."

In addition to the performance of "Edge of Freedom", Cantor Klepper will also lead choir and audience in the singing of traditional Chanukah music. The Chanukah concert will be held on Sunday, December 13 starting at 3 p.m. Admission is \$5 for adults, \$3 for students and senior citizens, and \$1 for

children 13 and under. Tickets are on sale at Beth Emet Synagogue or can be purchased at the door. The community is invited.

For information call Marsha Steinfeld, Beth Emet Synagogue, 869-4230.

# EARN CRAGIN'S \$100,000 JUMBO CD RATE EVEN IF YOU'RE \$80,000 SHORT

### Introducing the Cragin Instant Access CD

Now with a deposit of just \$20,000 or more, you can enjoy the same high yield of our \$100,000 Jumbo CD, plus the convenience of immediate liquidity.

With the Instant Access CD, you're guaranteed to earn equal to or greater than Cragin's 30-day Jumbo CD rate.

**Jumbo Rates:** Each day, your Instant Access CD will earn equal to or greater than the rate quoted that day on Cragin's 30-day Consumer Jumbo CD, normally available only for deposits of \$100,000 or more. Your account will earn this rate on a daily basis for one full year from the day your account is opened.

Your rate may vary from day to day; it may even go higher than the 30-day Jumbo CD rate, but never below - during the first year. After one year, your account will earn a top market rate. Interest is computed daily, compounded and paid quarterly.

**Immediate Liquidity:** The Instant Access CD has no fixed term and, therefore, no penalty for early withdrawal. In fact, you can make two withdrawals a month, whenever you want, and you can add to your account any time.

### Get unlimited access with a free checking account

When you open a Cragin Regular Checking account you can transfer funds by phone between your checking and your Instant Access account (minimum \$1,000). The checking account is free from a monthly service charge for one year as long as you maintain the minimum balance in your Instant Access CD.

**Insured Safety:** Your Instant Access CD is fully insured up to \$100,000 by the FSLIC, an agency of the federal government.

**Pension or Profit Sharing Money?** The Instant Access CD is an ideal place to deposit a payout from a qualified pension or profit sharing plan. The Instant Access account can preserve the tax-deferred status of your funds, thus saving you tax dollars.

**Strength and Safety:** Cragin is one of Illinois' largest as well as one of America's strongest financial institutions. Assets now total over \$2 billion; financial reserves exceed \$143 million. So if you want to earn today's higher Jumbo CD rates along with the safety of a Cragin account and the liquidity you need to stay financially flexible, there's no better choice than the Cragin Instant Access CD. For further details, drop by or call any one of Cragin's 23 Family Financial Centers.

NOTE: This account can be opened for individual accounts only.

Earn 9% through December 31, 1987

There's good reason to open your Instant Access CD right away. Open your account any time during December and you'll earn a whopping 9% annualized interest for the remainder of the month! All the interest

earned will be credited to your account on December 31, 1987. Then you'll continue earning interest equal to or greater than Cragin's 30-day Jumbo CD rate. Remember the earlier you sign up, the more you earn.

## Scientist urges public to lower cholesterol

A proper diet, plenty of exercise and, if necessary, the right kinds of medication are the keys to lowering elevated blood cholesterol, according to Thomas P. Bersot, M.D., Ph.D.

Dr. Bersot, senior scientist with the Gladstone Foundation Labs for Cardiovascular Disease at the University of California in San Francisco, spoke at the prevention of coronary heart disease at the second annual Update in Cardiology, held at Gottlieb Memorial Hospital recently.

"If we are to get a handle on the epidemic of coronary heart disease in this country, physicians and the public need to be re-educated about what the normal levels of cholesterol are," Dr. Bersot said.

Elevated blood cholesterol levels have been proven to be a primary risk factor for coronary heart disease. While normal cholesterol levels are dependent on age, anyone with a level of more than 240 mg/dl (milligrams per deciliter) should make a concentrated effort to bring it down.

The first step in treating a cholesterol problem, according to Dr. Bersot, is altering the diet-reducing the amount of animal fat and cholesterol consumed.

The diet that is recommended is not a strict one, he said, but many people perceive it as such because to them it presents a major change in eating habits. "Red meat eaters really have to believe that changing their diet is going to have a positive effect on their health, and it takes people a while to change," he added.

Doctors often also prescribe an exercise program for patients with cholesterol problems. "Exercise conditions people so their hearts don't have to do as much work, decreasing the amount of blood that has to be pumped to the heart muscle. In that way, exercise can protect the heart," Dr. Bersot said.

For the average population, diet and exercise are enough to reduce cholesterol to below 220 mg/dl. But some patients do not respond to diet therapy even after a few months, while others have an inherited form of elevated cholesterol characterized by very high levels. All of these patients are candidates for cholesterol-lowering medications such as bile-acid sequestrants,

## Do you know your cholesterol level?

Recently this subject has been appearing everywhere; magazines, newspapers, trade papers, doctors office and now in many advertisements. Why has cholesterol been making headlines? Because high cholesterol levels produce fatty deposits that clog coronary arteries; those deposits, in turn, lead to heart attacks.

First, let's define cholesterol. Cholesterol is a waxy, essential body chemical that can build up in the walls of arteries and cause arteriosclerosis (hardening of the arteries). There are two types of cholesterol - LDL and HDL. LDL - low density lipoprotein is the "bad" cholesterol. It is responsible to dietary habits and forms the dangerous deposits on the walls of coronary arteries. HDL -

High density lipoprotein is the "good" cholesterol. HDL is produced by the body and it coats the inside of the artery walls and thus provides a protective layer of grease to prevent fatty deposits from building up.

Since total cholesterol is a combination of both HDL and LDL, an individual needs to find out the amount of HDL cholesterol in relation to the amount of LDL cholesterol. The higher the HDL level, the better. With only a finger prick, the specialists at the Leaning Tower Y.M.C.A. can tell you your total and HDL cholesterol level. The test takes only 15 minutes and is available Monday - Saturday by appointment. Call today. Your health depends on it - 647-8222. Ask for Marcia Sugar.

## Legion workers party

The Morton Grove American Legion Post #134 traditionally thanks their volunteers once a year with a big party. This year there was no exception and the recent gathering included a buffet dinner, prize awards and dancing to a fine band.

The various members and their spouses or guests were invited who have participated as workers during the previous year at the Wed. night bingo or the regular Fri. night fish fries, plus the annual big carnival held each summer.

Highlight of the evening was the awarding of three cash prizes to the top seller drawing for the most tickets from the Krazy Daze carnival. Winners respectively of \$50, \$30 and \$20 were: Bob Eick, Al Kaechele and Roy La Roussa.

# Don't turn a minor emergency into an "urgent" mistake.

What if it's more serious than it looks. And then, there you are, standing at some Urgent Care Center. Where they don't always have the facilities, or the physicians, to give you proper care.

So much critical time is lost. Time spent en route that could have been spent getting care. If you had only gone to the emergency room in the first place.

We're equipped to handle any emergency on the spot. Because we're backed by a full service hospital. With the equipment. The technology. And most importantly, the specialists from every field. On call 24 hours a day.

That's what can make all the difference. Between a minor emergency. And an "urgent" mistake.

## Oakton Students in "Who's Who"

Five students from Oakton Community College have been selected as national outstanding campus leaders. Their names will be included in the 1988 edition of "Who's Who Among Students in American Junior Colleges," an annual directory of outstanding students chosen from more than 1,400 institutions of higher learning nationwide.

Students chosen from Oakton are June Pasco and Shipa Shah of Des Plaines; and Marlou Smith, John Hareas and Gregory Polak of Park Ridge. Selection was based on their academic achievement, community service, leadership in college activities and potential for continued success.

## Maine East Academic Team in competition

Competition has gotten underway for the '87-'88 Scholastic Bowl season with Maine East competing at Leyden Wednesday, Dec. 9, and hosting Wheeling on Thursday, Dec. 10. Maine East will also host an academic invitational Feb. 6.

Twenty-two students compete on the varsity and junior varsity academic teams. Participants working with sponsors Jane Simmons and Dennis Wyatt are Gary Abramson of Glenview, Arcady Faybisenko of Morton Grove, Kevin Gross of Des Plaines, Matt Guerrieri of Niles, Matt Hedstrom of Glenview, Bryan Heiser of Niles, Andy Hickman of Morton Grove, Peter Joo of Glenview, Sheryl Katz of Niles, Soo Kim of Des Plaines, Rich Kraft of Morton Grove, Dipak Kshatriya of Des Plaines, Adam Levine of Glenview, Adam Libman of Morton Grove, Glenn Mendelsohn of

Des Plaines, Joseph Miller of Des Plaines, Jeremy Muench of Morton Grove, Karl Schwartz of Des Plaines, Julie Stephens of Niles, Ken Such of Park Ridge, Ben Yang of Glenview, and David Zubkoff of Morton Grove.

Earlier, the Maine East participants, along with those from hundreds of other high schools nationwide, faced 200 questions from all curriculum areas in the National Knowledge Master Open academic contest. The contest was sent to each school on a special computer disk so teams could compete without the expense and disruption of traveling to a special site. The computer compiled the students' scores on the basis of speed and accuracy.

This was the first time that Maine East entered the Knowledge Master competition, held twice a year.

## Resurrection Spelling Contest

On November 21st, Resurrection High School sponsored a Spelling Bee for the surrounding Junior High School students. Each school could send two students and 46 students participated. St. John Brebeuf School sent Nancy Park and Jennifer Trem as participants. Nancy Park took first place and above exhibits the sweatshirt she won besides the \$100.00 saving bond, while Jennifer shows the book mark she was given.

## Partnership in Education meeting

The parents and staff of children in special education in Districts 62, 63, 64 and 207 will hold a meeting on Thurs., Dec. 10, at 7:30 p.m.

This is a meeting of parents and staff who want to become more involved and informed about issues and concerns of special education.

Our special guest will be Guy Schumacher, District 62 psychologist to speak to parents about understanding the psychological testing that takes place when a child is identified as having a handicap, as well as procedures for the mandated three year re-evaluation. There will be time for questions and answers also.

It will be held at Maine South High School, 1131 S. Dee Rd., Park Ridge, IL 60068, in the Ralph Frost Administration Center conference room.

## Washington Safety Patrol

The safety of the students at Washington School is a concern of all of us. To help make Washington safe and secure, we have 27 students on our safety patrol. Their jobs include assisting the kindergartners and first graders to line up in the morning and at lunchtime, helping the kindergartners safely to their afternoon bus, respectfully raising and lowering our flags, keeping the halls clean and safe during the lunch hour, and safely crossing our walking students after school.

For their conscientious performance of these safety jobs, the sixth graders will be rewarded with a trip to the Cubs game in the spring and the fourth and fifth graders will have a lunch time party in their honor.

These students are: Yannelli Gonzales, Jade Batadel, Jose Gambino, Aylvia Alonso, Rachel Bernstein, Rana Musleh, Jodi Poders, Demetra Davos, Catherine Fett, Lena Fridman, Renee Benigni, Tania Sanchez, Tina Garbis, Danny Cohen, Nick Namos, Derek Nelson, Brian Schaner, Mitchell Dubinsky, Barrett Tasky, Jeff Glicksman, Ed Suh, Sean Heffer, Corey Harris, Mike Umansky, Jason Levine, Jerry Beltran and Scott Olson.

Washington School is located at 2710 Golf Road in Glenview and is in East Maine #63 school district.

## 77 year old clock marks time at Roycemore

The timing could not have been better. As Roycemore School unveils the plaque which officially named the school to the National Registry of Historic Places, master craftsman Nick Sedore called to say "The clock is ready."

"The clock," older than Roycemore School itself, was manufactured in Waterbury, Connecticut in 1910 and presented to Roycemore when the School was founded in 1915. For over sixty years it had been the School's official timekeeper.

Sedore, of The Timepiece in Evanston, had painstakingly restored the treasured timekeeper to its original condition. He described the clock as "top of the line," made by the Waterbury Clock Company which is no longer in existence. He said the mahogany clock, trimmed in Carpathian elm burlwood, was

the model used in schools and railroad stations around the country. A long-running model, with a reputation for keeping perfect time, the Waterbury had to be wound only once weekly.

The newly refurbished clock, valued at over \$7,500, now boasts new weights and pendulum and a variety of new small internal parts. But its classic face, ornate hands, and sweep second are all original.

Roycemore School, founded in 1915, is an independent, coeducational, college preparatory day school, serving students in Pre-Kindergarten through Grade 12. Roycemore is located at 640 Lincoln Street in Evanston. Forty percent of Roycemore's students hail from Chicago, thirty percent live in Evanston, and the remaining students live in the surrounding suburbs.

## Grandparents' Day at Stevenson School

On Friday, November 20, "Grandparents' Day" was celebrated at Stevenson School. More than fifty grandparents of students currently enrolled in the school visited during the afternoon hours. The grandparents took part in the annual all-school Thanksgiving Program and spent the remainder of the afternoon visiting classes of their grandchildren. In a number of cases, the visiting senior citizens took a few moments to tell the children about their school experiences two generations ago.

As part of a Student Council activity, five senior citizens from the Parkside Health Facility joined the Stevenson group to visit on Grandparents' Day. Each of the senior citizens spent the afternoon with a Student Council

member assigned as their sponsor. A tea was held for the seniors late in the afternoon and each received a certificate that included a picture of the person and the Student Council sponsor.

## Christmas Spirits Revue at Oakton

Joseph L. Stone of Evanston (left), immediate past president of Chicago Bar Association, and Attorney Fred Lane in the 1986 production of Christmas Spirits Show, "Legal Egos."

Get ready for an evening of hilarious comedy and laughs when the Chicago Bar Association (CBA) presents the Christmas Spirits Revue at 7 p.m. Saturday, Feb. 6 in the Oakton Community College Performing Arts Center, 1600 E. Golf Road, Des Plaines.

The Revue, performed by Chicago's top lawyers and judges, is a satirical show rich with parodies and puns, poking fun at local and national personalities and events which have made news this year. The CBA members have been entertaining sell-out crowds for the last 63 years dressed up as everything from the United States President to a chorus of evangelist preachers. Chicago's mayor, local politicians, and personalities like Michael Jackson, Eva Peron, Frank Sinatra and Yasser Arafat have shared the Christmas Spirits spotlight over the years.

The CBA has taken the Revue on the road presenting scaled down versions of the show as fundraisers for bar associations and other groups from Florida to Canada and just about everywhere in between. The cast is comprised of lawyers from all areas of practice—partners and associates at large firms, sole practitioners, government prosecutors, corporate and bank attorneys, public defenders and judges. In addition to playing all the parts, CBA members write, and direct the entire show.

Christmas Spirits Revue is a benefit performance sponsored by the Oakton Educational Foundation. Tickets are \$35 which includes a buffet supper at 7 p.m. followed by the show at 8:30 p.m. CBA's past performances have been a sell-out, so early reservation is encouraged. Contributions are tax deductible.

For reservations, call the 24-hour ticket reservation hotline, 635-1900. For ticket information, call 635-1699 or 635-1693.

## North Maine collects food for needy

Once again, this year the North Maine Fire Protection District, located at 9301 Potter Road, Des Plaines, will be a drop off point for canned foods.

This event is the efforts of WGN Radio, the Church Federation of Greater Chicago, and the local Fire Departments.

Last year this food drive collected a little over 500,000 pounds of food with over 400 volunteers working.

Our goal this year, due to the increasing demands of needy families, has been set for 750,000 pounds.

All canned food must be collected by 6 p.m. on December 11, 1987.

If you have any questions or need assistance, please call the North Maine Fire Department at 297-5020.

Thank you for caring and sharing.

## Lawrence House Christmas Concert

A Christmas concert featuring religious and popular music will be presented at the Lawrence House, the senior citizen hotel at 1020 W. Lawrence Ave., by the husband-and-wife duo of George and Virginia Nash, on Tuesday, December 15 at 2:30 p.m.

Tickets to the concert are \$1 each with all funds collected going to charity.

The Nashes will sing popular holiday songs such as "It's Beginning to Look A Lot Like Christmas", "Toyland", "Have

Yourselves a Merry Little Christmas" and "Rudolph, the Red-Nosed Reindeer". Their concert will include religious music such as "Adeste Fideles", "Silent Night" and "The First Noel".

The Nashes will sing both solos and duets. Virginia Nash acts as pianist, also. She has been a professional entertainer for the past fifteen years, while her husband has sung professionally since 1977.

For reservations and information, please call 561-2100

## St. Peter School Christmas show

On December 16th, St. Peter School will present its annual Christmas show entitled "Back to Christmas." This year's show will feature all 319 students from the youngest pre-kindergarten student to the eighth graders. The show will be a pagant that highlights the true meaning of Christmas in both skits and songs. The theme of this year's

presentation will also be a salute to Skokie's Centennial. Two of St. Peter's "time travelers" will journey backwards in time to see Christmas in Skokie over the past 100 years. It promises to be both informative and entertaining. The show will be performed at 7 p.m. in the St. Peter School auditorium for the parents and families of the children.

Musical works will include medieval carols, Renaissance madrigals and English and French folk songs.

Performers will be dressed in historical costumes and musicians will play instruments from 15th-century England, such as the harpsichord, lute, psaltery, recorder, crumhorn (an ancestor of the oboe), hurdy-gurdy (a stringed instrument with sound produced by a wooden wheel rubbing against strings) and a variety of brass instruments.

Tickets are \$12 for the luncheon feast and \$15 for the dinner celebration. Tickets must be purchased in advance and are available at the university's Computer Center. For additional information or to order tickets, call 583-4050, ext. 4630.

## Centel sponsors marching bands in Christmas Parade

Marching bands from 21 high schools from throughout the U.S. performed in Chicago's 1987 McDonald's Charity Christmas Parade held Saturday, Nov. 28. The bands competed for top honors in the marching band competition, sponsored by Centel Corporation on behalf of United Way.

The winner in the band competition was Lincolnway High School of New Lenox, Ill. Taking second place was Marion Central Catholic High School of Chicago Heights, Ill., with Marlington High School of Alliance, Ohio, taking third place.

Bands of America, a not-for-profit educational group, judged the bands as they marched down the parade route. The top three finishers received Center/United Way trophies during a special ceremony after the parade. In

addition, each participating student received a commemorative Christmas Parade patch, and each band was given a plaque. Centel Corporation has sponsored the national band competition for the last three years to recognize the students' dedication to excellence as well as to support United Way programs.

Along with the high school bands, the parade featured floats, celebrities, gigantic helium balloons, the McDonald's All-American Marching Band, horses, clowns and Santa Claus, all of which were sponsored by various corporations on behalf of their favorite charities. This parade was broadcast live in many parts of the country, including the Chicago area over WLS-TV (Channel 7). The parade also will be aired Dec. 24 on the Christian Broadcasting Network

over cable television. Chicago-based Centel Corporation, which had 1986 revenues of \$1.37 billion, provides local telephone service through nearly 1.4 million access lines in nine states, including Illinois in the Des Plaines and Park Ridge areas; provides cable television service to more than 500,000 customers in seven states; has cellular mobile telephone operations in eight states; markets, designs and installs advanced telecommunications and data systems, with a nationwide installed base of nearly 1.2 million lines, and supplies electric power to 135,000 customers in two states.

The United Way, which is celebrating its 100th anniversary in 1987, helps million of people yearly by providing funds that help support more than 38,000 human care agencies nationwide.

## Musical Talent at Talman

Talman Home Federal Savings and Loan is honored to have "musical talent" among its ranks. Charles Miceli, Jr., a Talman loan officer at the Des Plaines office, is a clarinet player in the Northeastern Illinois University Alumni Band.

Having been with the Alumni Band since 1979, Miceli recently was elected as Secretary-Treasurer of the group. Currently, the group is considering a

"two week tour" of Europe or the continental U.S. in 1989.

Miceli has been playing the clarinet for 16 years. He adds, "My most memorable performance was in June of 1971. I had the privilege of playing with All City Concert Band at Orchestra Hall."

The Band has just finished its Fall concert which is one of two scheduled performances a year. These concerts, held at the University Auditorium, are free to the public.

Miceli and his wife reside in the Mount Prospect area.

## K-Mart spreads cheer to needy children

K Mart's 2,100 stores nationwide will open their doors early on Sat., Dec. 12, for their third annual Christmas shopping spree for local underprivileged children.

At 8 a.m., needy children will take to the aisles of K Mart stores across the country and spend over \$800,000 on gifts for their families, friends and themselves.

Each child will be able to pick out \$20 worth of merchandise of their choice. In addition, children will be treated to breakfast and a gift-wrapped present from Santa. K Mart employees, who volunteered their early morning time, will assist the kids with gift selections and staying within their budget.

Locally, each K Mart store will sponsor 20 needy children. Additional children may be sponsored by community organizations.

K Mart Good News Committees are organized by employees in each store. The committees are actively involved in year-round outreach programs in the communities surrounding their K Mart stores.

## Leaning Tower YMCA happenings

A 5 day community service "Begin to Swim" program will be offered for youngsters 8-15 years of age. The 45 minute classes will be held in the afternoons on December 21, 22, 23, 28, and 29 for a fee of only \$3.

Participants will be shown the fundamentals of swimming including floating and breathing techniques, safety procedures, such as the use of life jackets and a variety of water activities, just for fun!

Registrations are now being taken from 9 a.m. to 9 p.m. Monday through Saturday. Another offering at Leaning Tower during the Holiday Season is the annual Holiday Bash which will be held Tuesday, December 29, from 1:30-3:30 p.m.

Gym and pool activities will be offered. In the gym, activities such as basketball, floor hockey, and relay races will be offered. Pool time will include games and inner tube fun. Anyone between the ages of 8-15 is eligible to join the fun.

Old fashioned hot chocolate and cookies will be served at 3:30 when the games are concluded.

A small registration fee is required. Bring a friend and register early. For further information, contact Evelyn Merkl, Ass't Aquatic Director at Leaning Tower YMCA, 647-8222.

## Holiday concert

The Annual Festival of Lessons and Carols will be presented on Sun., Dec. 27 at 3 p.m. at St. Ferdinand Church, Mason and Barry Sts., 5900 West and 3100 North, Chicago.

Everyone is invited to attend and to bring a bell in order to join in the triumphant finale.

Fellowship and refreshments follow in the chapel hall immediately following the program. A free will offering will be accepted.

Edward Lally, award-winning Music Director and Organist at St. Ferdinand, first presented the Festival of Lessons and Carols seven years ago and it has grown in popularity each year until now it has become a part of the holiday tradition in the area.

# Holiday Gift Guide

## Harlem Irving's Giving Tree emits true holiday spirit

A Christmas tree in the south mall of the Harlem Irving Plaza may not be decorated with silver garlands and shiny ornaments, but it glows bright with a message of the true spirit of Christmas. It attracts shoppers who want to make the holiday season brighter for needy adults and children.

The Holiday Giving Tree holds cards with the names of needy children and elderly in the community without families. Also included on the card are three of their Christmas wishes.

Shoppers are invited to take a card, purchase one of these gift-wishes, and place the gift-wrapped present under the tree by Dec. 24. The gifts will be delivered by volunteers to the happy recipients on Christmas Eve.

Evelyn Bosbonis, coordinator of the Holiday Giving Tree, said about 75 percent of the shoppers return each year to select the cards. The program is going into its fifth year at the shopping center. Businesses in the area have participated by buying gifts for the needy instead of having a grab bag, she said.

"This is a blue collar area and many persons know what it's like not to have anything at one time or another in their lives. People have come to my booth (near the tree) to tell me this is what Christmas is all about," Bosbonis said. "It's a wonderful program and it gives me a warm feeling to be part of it."

She noted that parents bring their children to the tree to participate in the gift-giving, and to have them learn the true meaning of Christmas. "That includes school kids from kindergarten to high school," she said.

Last year, her son, Jake Fisher, director of the Holiday Giving Tree, dressed in the role of Santa Claus and distributed the gifts to residents of Ulitch Children's Homes and Lawrence Home for Boys. Accompanying him were his wife, Mary, and three daughters, Amy, Lawrence and Deanna.

Organizations participating in this year's program include the Chicago Department of Human Services; Cook County Shelter Network; Habitative System; Edison Park Home for Elderly; Lutherbrook Children's Home; St. Citizens of Met Chicago; Ulitch Children's Home; Edgewater Uptown; Maryville

Academy; Hines and North Chicago Veterans Hospitals; Central Nursing Home; The Church Creek Home and the Foster Care for the Department of Human Services. The Holiday Giving Tree is located in the south mall of the center near Fannie May Candy.

**SPECIAL GIFTS FOR SPECIAL PEOPLE**  
Gift giving is a tradition enjoyed in all cultures. One of the gifts given in the Christmas story was a gift of gold carried by a wise man.

Wise gift givers look for the present which the receiver can wear with gladness and joy, a gift that is beautiful and timeless, a gift that endures. Such a gift is jewelry. But how do you know which gift to give?

Talk with us about the person you want to find a very special present for and we will help you solve that problem. If she enjoys elegant evenings out she may love the sparkle of diamonds surrounding a beautiful sapphire centered on 18k gold. If she is a sophisticated executive, she may prefer a colored stone enhancer for her gold chain.

If he has a new promotion under his belt, he may appreciate a gemstone tie-tack. If he is really up-and-coming this may be the year to celebrate with a fine gold watch.

Talk to us about the clothes that special person wears, the places you go together, the things you enjoy. We can help you find the gift that says the gift you give this holiday is your heart.

**ULTIMATE IN SOUND...**

**SOUND BY BOSE**  
 PICTURE AND SOUND SO REALISTIC, IT RIVALS THE ACTUAL PERFORMANCE

The Zenith television with Sound by Bose produces a sound so realistic it rivals the actual live performance. To achieve such extraordinary bass from a conventional television cabinet, Zenith incorporated the Bose waveguide system. The effect is similar to that of a flute wherein the slightest whisper of breath can fill a concert hall with music. The Bose waveguide uses the system known as the "wave resonance system", to produce deep, rich bass from a small enclosure. A third amplifier generates these bass sounds which are released from the back of the TV.

Zenith 27" diagonal Digital System 3 sound by Bose - SC27937 modern cube styling rich pecan veneer finish. Optional CV327 matching pedestal base.

Computer Space Command Multi Function Remote Control TV, TELETEXT, VCR

Zenith 27" diagonal Digital System 3 sound by Bose - SC2749 oriental design with black lacquer finish. Truly a television with the future in mind, designed for every option.

Zenith 27" diagonal Digital System 3 sound by Bose - SC2747P traditional styling beautiful pecan veneer finish.

No additional speakers are required for full true stereo sound with this new "Zenith Bose System".

The Bose waveguide produces big speaker sound from compact enclosures by precisely guiding the sound waves through folded chambers. The result is an incredibly deep, full sounding bass, which actually seems to surround the viewer.

### North Shore to hear Dickensian Christmas Carolers

Four young professional singers in Charles Dickens-style costumes, right out of "A Christmas Carol", will present an evening of caroling as "Here We Come A-Caroling" performs for the senior citizens of the North Shore Hotel, 1611 Chicago Ave., Evanston, on Tues., Dec. 15 at 7:30 p.m.

The public is invited to hear the age-old carols at no charge.

The singers, Tina Krimmer, Tim Schall, Meg Seiler and Paul Winberg, have years of professional musical and theatrical experience between them, including work with the Chicago Opera Theater, Light Opera Works, American Ritual Theatre Company, the Minnesota Orchestra, the Chicago premier of "Pacific Overtures" and numerous appearances at private and corporate parties.

They have trained at Northwestern University, University of Michigan School of Music, St. Louis University and Syracuse University.

For reservations, please call 864-6400.

### The Package Depot wraps any shape for shipment

The Package Depot, a full-service wrapping, packing, shipping service center with the widest range of professional packing materials in the area, has relocated to new and larger quarters at 9347 North Milwaukee in the Millbrook Shopping Center in Niles. With some 3,800 square feet, the Package Depot has under one roof. The Box Store, with hundreds of sizes and designs of corrugated shipping containers, some designed by and exclusively manufactured for the Package Depot, and the Gift Box, a self-service selection of hundreds of colorful gift boxes of all shapes and sizes, together with one of a kind and hard to find gift wrapping materials in abundance. Side by side with the retail portion of this unique business, is the finest professional packing and shipping services available anywhere.

Have you ever faced the seemingly impossible task of packing and shipping medical equipment, an antique chest, statues, artwork, crystal, china or lamps, a TV or stereo, or some odd-shaped object that doesn't fit in any available box? There is an easy answer available; take that challenge to The Package Depot, the professional packing service, still located across from the Golf Mill Shopping in Niles (Phone 967-0616); with plenty of free parking.

Much of the Package Depot's business comes from individuals and businesses that need packing and shipping services on a one-time, irregular, or fairly regular basis, according to Eileen Sonenthal, the owner of this unique business.

She says, "Executors of estates, secretarial services, hospitals and the general public all find the Package Depot is a welcome convenience for that one time, when it absolutely must be packed right and shipped out...and we are right in area."

The Package Depot is also handy, because it is an authorized drop-off station for the United Parcel Service (UPS), Federal Express, and for those larger items or multiple container shipments, nation-wide trucking service or nation-wide con-

solidated or deferred air transport is available. In their new location, you will now find Express Mail, the U.S. Postal Service overnight service, with other postal services soon to be added.

Fees and costs for packing are determined by the type of item, the size of the item, the complexity of the packing problem, and the amount and types of boxes and material used.

The store is open from 8:30 a.m. to 6:30 p.m. weekdays, from 9:30 a.m. to 3:30 p.m. Saturdays, with full service available.

### Edison "Show" Cases Talent

Special musical renditions and dance numbers will be among the featured acts at Edison's annual "Talent Show" scheduled for Friday, December 18, beginning at 1:30 p.m. Parents and community members are invited to attend the program which will be presented in the multi-purpose room, of the District 69 third-fifth grade school, located at 8200 Gross Point Road, Morton Grove. Each Edison homeroom sponsors one act in the show. These acts are selected by the students who work-up routines, "try-out"

in front of their classmates, and then vote among themselves to determine their room representative.

The show is sponsored and entirely coordinated by the Edison Student Council. Representatives from each class determine the show's theme. The school's art teachers work with the council members to develop projects that their classmates can make for stage decorations. Publicity for the show is the responsibility of each homeroom representative.

### Survivors Stroke Club plans Holiday Dinner

The Survivors Stroke Club of Swedish Covenant Hospital will hold its third annual Holiday Dinner on Thursday, Dec. 10, at 6:30 p.m. in the hospital's Anderson Pavilion Auditorium, 2751 W. Winona.

Vocalist Virginia Barton will entertain. Cost of the catered buffet dinner is \$4. The Survivors Stroke Club is a support group for persons who have suffered a stroke and their families. Its purpose is to assist members by means of sharing information and personal experiences. The meetings are free and open to all appropriate persons.

For more information or to make a reservation for the Holiday Dinner call 878-8200, Ext. 5302.

### United States Navy Band free concert

The United States Navy Band will perform in a free concert at Centre East on Tuesday, Dec. 15 at 7:30 PM. Accompanying the Band on a selection of scores will be the Niles North and Niles West High School Bands.

The United States Navy Band is the Navy's premier musical organization in Washington D.C. Comprised of 169 accomplished musicians and three officers, the band provides music for military ceremonies and special events. Since its official designation in 1926, the band has developed into a very diverse organization.

To complement the concert and ceremonial contingent, the "Sea Chanters" chorus was established in 1956 as a separate performing unit. Originally an all-male group, the Sea Chanters are now a mixed chorus with a repertoire that includes sea chanteys, folk songs, hymns, operatic works, and Broadway selection.

Such support is not limited to ceremonial functions. Country Current and the band's Harp-Flute Duo frequently perform at the White House for special events.

The U.S. Navy Band presented almost 2,000 performances last year - an incredible average of five appearances a day - throughout the metropolitan Washington area and on national

tours. The Navy Concert Band, the Commodores and Country Current tour annually throughout specific geographic areas of the United States presenting free concerts sponsored by local Navy recruiters and community groups.

Directed by Cmdr. Allen E. Beck, the United States Navy Band occupies a prominent position - performing all styles of music from ceremonial "ruffles and flourishes" to classical transcriptions to jazz and country favorites.

Tickets for the United States Navy Band are free and are available at the Centre East Box Office, 7701-A N. Lincoln Ave. in Skokie.

## Make the most of holiday plants

With the holiday season in high gear, a key decision for many families is what kind of Christmas tree to buy and how to

keep it - and other holiday plants - looking good through the entire holiday season. According to the Plant Infor-

mation Department at the Chicago Botanic Garden, there are several easy-to-follow steps that can be taken.

When selecting a Christmas tree, it helps to purchase one as soon as the lots are open for business. The best trees, according to Plant Information Specialist Cathy Walker, are Balsam Fir, Scotch Pine or Douglas Fir. When selecting a tree, shake it to see if there is a substantial loss of needles. If there is, look for another tree. It's also a good idea to check for green dye on the bark. Some trees are dyed so they look fresh. Once you have selected a tree and have it home, there are a few easy steps that can be taken to keep the tree fresh. According to Walker, it's an excellent idea to make a fresh cut at the base of the tree, at least one inch above the original cut.

Place the tree in a large bucket of water immediately after cutting the tree. The tree will absorb a lot of water at first so the level of the water should be checked often. If possible, store the tree in a cool dark place as long as 24 hours. The warm, dry air in a house will dry the tree out very quickly.

Once in a secure stand, make sure the tree has plenty of water. A helpful hint, Walker says, is to use a tree preservative. Homeowners can purchase one or can make their own. Walker recommends a combination of two quarts of lemon-lime soda, two quarts of water and one-half tablespoon of bleach. This mixture works well on cut flowers as well.

For post-season holiday care, keep the poinsettia in bright location so its temperature can be maintained at 60-70 degrees. Fertilize sparingly, ideally at one-quarter strength of the recommended amount specified by the manufacturer. A fertilizer with a nitrogen-phosphorus-potassium ratio of 20-20-20 or 30-10-10 will suffice.

For poinsettia lovers, there are

specific tips to not only selecting, but maintaining the holiday favorites as well.

According to Plant Information Specialist Meegan McCarthy, when selecting a poinsettia, look closely at the color of the true flowers - yellow and red budlike structures at the center of the colorful pinwheel where the pollen is stored. If they're missing and there is little yellow powder at the base of bract (the colorful leaf), chances are the plant is not fresh and will not last long as those with yellow and red centers.

Another clue are brown edges along the bracts. If such coloring appears, it's possible that the plant has been damaged by over handling, overfertilization or temperature extremes. A quality plant will have solid green leaves and will be free from blemishes with flowers maintaining their pollen.

To preserve a poinsettia throughout the holiday season, McCarthy recommends that it be protected from cold drafts from windows, heat from vents or radiators and keep the soil moderately moist.

For post-season holiday care, keep the poinsettia in bright location so its temperature can be maintained at 60-70 degrees. Fertilize sparingly, ideally at one-quarter strength of the recommended amount specified by the manufacturer. A fertilizer with a nitrogen-phosphorus-potassium ratio of 20-20-20 or 30-10-10 will suffice.

## What is Deaf Contact Chicago?

During the Yule Connection time period, as well as the rest of the year, Contact Chicago offers a message-relay service for the deaf or hearing impaired. The service, known as Deaf Contact, may be reached by calling 644-5510.

This phone number is connected to several TDDs, or telecommunication devices for the deaf. Deaf Contact volunteers will answer the calls, receive typed messages on a TDD, and relay the messages to whomever the callers wish to reach. Volunteers can also send

messages or replies to callers via the TDD, which looks like a small portable typewriter. Each volunteer is a link between people who use ordinary telephones, since the volunteer relays messages by making phone calls.

Volunteers take 21 hours of training in order to understand the language used by deaf people, resources for the deaf, and the psychological aspects of deafness.

Throughout the year, the Deaf Contact phone number is 644-5510.

## It's a Fishmas Celebration

Brookfield Zoo's favorite hostess will hold her annual Fishmas gala at 10 a.m. Friday, December 11, and everyone is invited.

Olga the walrus will welcome one and all to join in the festivities at her new home at the Seven Seas Seascape. The 3000-pound charmer will entertain guests by making waves with her Fishmas wreath inner tube and blowing kisses.

Olga's trainers will decorate her annual Fishmas tree with smelt, herring, and other traditional treats. Visitors may find the hot apple cider more appealing than fish as they toast to the holiday season. Fooside fun will include a round of carols, and underground viewing of Olga's roomy abode is available for those who don't want to be left out in the cold.

Admission to the zoo is free during the party, and every day through December 25. Parking is \$2.

## Yule Connection searches for angels

For thousands of people, the holidays aren't "the season to be jolly".

The Yule Connection is looking for people who are willing to help make the holidays brighter by listening to other people's problems.

The Yule Connection is a 24-hour telephone hotline, which will operate from noon on December 22 through midnight January 3.

Volunteers are required to attend one training session on either December 5, 12, or 19 (all Saturdays). These training sessions will last from 9 a.m. to 4 p.m. and will be held at Fourth Presbyterian Church, Michigan Avenue at Chestnut Street. Volunteers are asked to use the Chestnut Street entrance. A downtown evening session is also available.

Each volunteer is asked to sign up for two six-hour shifts during the Yule Connection (some time between December 22 and January 3).

This holiday season, the Yule Connection, sponsored by Contact Chicago, will celebrate its eleventh anniversary.

To help the Yule Connection with some of the 2,500 calls per week that it receives, call 644-4900. Discover part of the true meaning of the holidays - the gift of yourself and your time.

## Christmas comes to OLR

Our Lady of Ransom School, Niles, will present two evenings of Christmas music and carols under the direction of Ms. Peggy Keller, music director. "The Christmas Story" will be performed by the Kindergarten through 3rd grade students on Thursday, December 10, 7:30 p.m. in Paluch Hall.

A candlelight service of traditional carols and Christmas readings, "Lessons and Carols," will be performed by students in grades 4 through 8 on Thursday, December 17, 7:30 p.m. in the church. John Callahan, past Dean of the Chicago Chapter of American Organ Masters, will play the organ. Mrs. Nancy Bobowski will be the piano accompanist for both evenings.

## Spirit Dance helps food pantry

The Morton Grove food pantry has benefited from the Golf Junior High School Spirit Dance. Students were asked to bring a can of food as admission to the dance so that food could be given to needy families at Thanksgiving. This was the Student Council's way of creating an awareness of the need for food that exists in the community. This was the students' way of contributing to others.

For additional information, please call Dr. Karen Uhren, Principal at 955-3740.

## Fights against lung disease

Connie Fauth of Park Ridge has been appointed by Chicago Lung Association President-Elect Larry Ginnegaw to serve as a 1987 Christmas Seals chairman.

Fauth will be helping to raise funds for lung disease research and educational programs.

Christmas Seals, a holiday tradition for 80 years, serve as a reminder of Chicago Lung Association (CLA) and its fight to conquer lung disease.

Proceeds from the annual Christmas Seals campaign are used by CLA to support its programs and services. These include research projects, adult and adolescent smoking education programs, a summer camp for severely asthmatic children and legislative efforts to improve air quality.

Fauth has served as Christmas Seals chairman for 6 years. "Thanks to the support of volunteers like Connie Fauth we were able to raise more than

## City-Wide Orchestra presents Holiday Concert

The City-Wide Orchestral Association is pleased to announce the holiday concert to be given by the City-Wide Orchestra on Fri., Dec. 18, at 7:30 p.m. The concert will be held at the Jefferson Park Auditorium, 4822 N. Long Ave., Chicago. Featured in the program will be the Canon in D by Pachelbel, Concerto Grosso, Op. 608 "Christmas" by Corelli, Air and Rondo by Purcell, and J.S. Bach's Brandenburg Concerto #4. Soloists for the Brandenburg are flutists Harry Vedder and Jennifer Mahoney, and violinist John Eckhardt. The program will be conducted by City-Wide Orchestra Conductor, Marvin J. Carlton. Admission to the concert is free.

The City-Wide Orchestral Association is now in its 41st season, having been founded by Fanny A. Hassler. The City-Wide Orchestra has already been featured in two concerts this season, and the next concert will be a family pops concert on Sun., Feb. 28, 1988.

## Lions Club's wish to you at Christmas time

If Lions had it in their power, they would wish us all one thing: good eyesight and eradication of deafness and blindness. However, while researchers, scientists, and technicians are busy working toward this goal, they still have a long, long way to go. This being the case, Lions will continue to rely on their various programs aimed at protecting the eyesight of us all and at lessening the effects of crippling eye disease.

To accomplish these goals, Lions have organized statewide, under the auspices of the non-profit Lions of Illinois Foundation, a variety of programs and services for all Illinois residents. In the area of sight restoration, Lions offer the Eye Donor Registry Program. The goal is to provide eye tissue to those requiring it through sight restoring corneal transplants. Adults who wish to participate sign pledge cards offering their eyes upon death so that others may see. Eye tissue obtained goes for corneal transplants, medical education, and medical research.

Through Lions Club efforts in hundreds of communities throughout the state, more than 33,000 pledges have been obtained to date. Besides obtaining pledge cards, Lions have organized eye donor centers in hospitals and mortuaries throughout the state

where eye nucleation (removal) can be performed. Lions have also established a network of couriers to speed highly perishable eye tissue from the eye donor centers to cooperating eye banks.

For those with sight or hearing problems, Lions sponsor several services. Camp Lions, an innovative camping program, is held every summer for children with severe sight or hearing problems.

Under the Used Eyeglasses Collection Program, Lions annually collect and distribute overseas more than 250,000 pairs of used eyeglasses to needy individuals in various developing countries.

Finally, to protect the eyesight of all, Lions offer free screenings for Glaucoma, a leading cause of eye disease which if neglected can lead to blindness. It is an eye disease marked by an accumulation of fluid pressure within the eyeball. Participants are also screened for problems resulting from diabetes, such as diabetic retinopathy, and from hypertension, or high blood pressure.

In addition, Lions sponsor screenings for persons with hearing problems. In all, nearly 30,000 persons are screened annually by Lions through its various sight and hearing screening programs.

For all good citizens, Lions send this urgent message during the holiday season. Sight and hearing are very special gifts. Make sure that you are doing all you can to protect them.

### White Hens offer free holiday coffee

If you have "one for the road" during the holidays, your local White Hen Pantry owner would like it to be coffee.

The convenience food store chain will give away free eight-ounce cups of their freshly-ground premium coffee at participating locations on Christmas Eve, Christmas Day, New Year's Eve, and New Year's Day. The theme of this free coffee program is "Drive Safely...We Care". To help promote a safer holiday season, the company hopes to encourage drivers to stop and refresh themselves with a cup of coffee.

A participant in the Don't Drive Drunk Program of the National Association of Convenience Stores, White Hen Pantry, Inc. works with the owner/operators and employees of its 34 stores to combat drunk driving through increased public awareness and employee education.

### New Voice Club Holiday Party

The fourth annual Holiday Party of the Swedish Covenant Hospital New Voice Club has been slated for Tuesday, Dec. 15, at 6:30 p.m. in the fourth floor Activities Room of the Anderson Pavilion, 2751 W. Winona.

Christmas caroling will be led by Lakeview resident Doris Doerkson at the piano. Each club member is asked to bring a \$5 grab bag gift for a person of the same sex, and a sampling of their favorite holiday cookies or cake complete with recipe. Cost of the special dinner to be served is \$7. The New Voice Club was established to give support to laryngectomies (persons who have had their voice box surgically removed) and their families. The meetings are free and open to all laryngectomies and their families.

For more information or to make reservations call Sheila Derman, Speech Therapy department, 878-8200, Ext. 5305.

### Teddy bears donated to LGH children

The Elvis Presley "Burning Love" Fan Club will distribute teddy bears to the children at Lutheran General Children's Medical Center, 1775 Dempster St., Park Ridge, at 10:30 a.m. Saturday, December 19 in memory of Elvis Presley.

According to Bill DeKnight, the president and founder of the "Burning Love" Fan Club, after his 1977 hit "Teddy Bear", fans sent Elvis thousands of teddy bears - overflowing the 23 rooms and nine bathrooms at his Graceland mansion. When the teddy bear count reached an "unbearable" level, Elvis would rent a large truck and distribute the teddy bears to various children's homes and hospitals. The "Burning Love" Fan Club continues to carry on Elvis' tradition at Lutheran General Children's Medical Center.

### Low-impact aerobics classes

A new series of low-impact aerobics, sponsored by the Good Health Program of Rush North Shore Medical Center, will begin Monday, January 4.

Classes are scheduled Monday through Friday from 9-10 a.m., Monday and Wednesday from 5:30-6:30 p.m.; Tuesday and Thursday from 4-5 p.m. and from 5:30-6:30 p.m.; and Saturday from 8:30-9:30 a.m.

### Harry Volkmann visits Nelson School

Channel 2 Meteorologist Harry Volkmann visited Nelson School second graders on Monday, November 2nd. He was presented with a blue and white carnation topped with the Nelson bald eagle by student Katherine Hickey.

The tall, lanky weatherman educated and entertained his young audience. He related several stories of his own early school days; he spoke of his own children about whom he is obviously very proud. He discussed what it is like to do TV weather and named the news crew with whom he works at Channel 2. His use of pictures and

### Holiday trip invitation

It's Christmas in the city and the public is invited to enjoy it along with the senior citizen residents of Lawrence House, 1020 W. Lawrence Ave.

A day-trip is planned for Friday, December 18 starting at 1:30 with a visit to the Christmas Tree exhibit at the Museum of Science and Industry. From there the revelers will travel to the Hotel Florence in historic Pullman where a gala Christmas dinner will be served. The trip home will include a visit to Chicago's exquisite Christmas Tree in Daley Plaza and will continue down the Christmas fairland of Michigan Boulevard.

Price for the entire trip is \$17.50 which includes bus transportation. Christmas travelers will leave from and return to Lawrence House.

For reservations, please call 561-2100.

### Lawrence House has Hanukkah program

Senior citizens Seymour Ostrin and Ben Tatarsky will light the first Hanukkah candles at Lawrence House, the senior citizen hotel at 1020 W. Lawrence Ave., as the Eight Day Festival of Lights begins at 4:30 p.m. on Wednesday, December 16.

The community is invited to attend the ceremony and join the Lawrence House seniors for refreshments.

The next day, Thursday, December 17 at 6:30 p.m., a Hanukkah party will be held in the Regency Room of the Lawrence House. Services and candle lighting will be led by Paul Kredow. Traditional foods will be eaten and games will be played. For information and reservations, please call 561-2100.

### Firm donates to United Way

The accounting firm of Miller, Cooper and Company in Skokie, will be donating contributions to the United Way of Skokie Valley in lieu of sending holidays gifts to friends and business associates, it was announced by Dr. Sherry Dickholz, chairman of the professional division for the 1987 campaign.

A letter will be sent by the firm to all those in whose honor the contributions will be made. "This is a fine way for businesses and professional offices to send greetings to those on their holidays lists and at the same time, help those in need in Lincolnwood, Morton Grove, Niles and Skokie," Dr. Dickholz said.

meteorological symbols made the discussion of weather more interesting to the students. He spoke of the advances in satellite weather reporting that aid his forecasting. The students then had a chance to ask questions. Questions ranged from "What makes my new gym shoes change color in the cold weather?" to "Where do hurricanes come from?" to "What is the weather for today going to be?" As the consummate weatherman predicted, the sun peeked through the clouds at 2:40 that afternoon!

## When packing your Christmas items, here are some helpful hints.....

Anyone who spends time and money carefully selecting Christmas gifts at today's high prices should make sure the gifts are properly packed for mailing.

Dan Kravitz, president of ProPak, Inc., Northbrook, Ill., a professional packing and shipping service entering its tenth year, offers the following rules of thumb to assure packages reach their destination without being crushed, damaged or broken:

• If a box is used, it should be of quality, corrugated cardboard with the flaps intact. Avoid using cartons from supermarket or drug stores as they may contain larvae which could ruin whatever will be sending or storing. The best kind of boxes for shipping are corrugated inside and

are stamped as having withstood a 200-pound test.

• All printing and writing on the box should be covered with a clear plastic or similar material. • Crushed grocery bags are much better than newspaper for filler, since they are made of a stronger paper. Some carriers will not transport merchandise that is packed in newspaper.

• Boxes should not be covered with wrapping paper and string. String is not acceptable by the United Parcel Service because it creates boxes at stress points. If the box is wrapped in paper and the paper is torn off, then the address will be lost.

• When securing the box, do not use sealing tape. The best kind is a strong clear plastic tape

that also can be used to cover labels.

• Labels should be used for writing the address, which should be written with either a ball point pen or a dry felt pen. Test the ink to determine if it runs when wet.

• A box should be labeled only on one side. Two labels may slow up the sorting process.

Kravitz also suggests keeping some of the professional packing materials received in boxes delivered to your home, such as plastic foam, which can be easily cut to a specified size; plastic sheets called "bubble paper;" plastic pellets, and corrugated paper. The materials then can be reused for your own packing needs.

## Gemini sponsors canned food drive

The Student Council at Gemini Junior High School, 8955 N. Greenwood, Niles - East Maine School District 63 - is sponsoring a canned food drive.

Gemini students are encouraged to bring canned food donations to the school anytime from November 20 thru December 11, 1987. The food will be donated to the Little Brothers of the Poor - Friends of the Elderly,

in Chicago who will distribute the food to the people who need it most. Last year, the school donated over 1250 packages and canned food.

Mr. Donald G. Huebner, Principal of Gemini, and Mr. Bill Gibson, Student Council, encourage all students and their families to take advantage of this opportunity to help those less fortunate than themselves.

Most Wet Pets are featured in the Shedd Aquarium's official guidebook available for \$2.50 in the Sea Shop.

For more information on Wet Pets call 939-2426 or visit the Shedd Aquarium located at 1200 S. Lake Shore dr., Chicago. The Aquarium is open from 10 a.m. to 5 p.m. daily. Closed Christmas and New Year's Day.

## This Holiday Gift is Fishy

Feed a fish. Sate a seal. Turn a gourmet into a gourmet. More than 8,000 aquatic animals at the Shedd Aquarium are fishing for friends. Slippery, scaly, siltary and sleek. Wet pets from the Aquarium are fun and a decidedly different idea for gift-giving this holiday season.

In sponsoring a Wet Pet your donation actually pays for the care and feeding of an aquatic animal. The satisfaction you gain from participating in the welfare of these animals will give you more enjoyment when you visit the Shedd Aquarium.

Sponsorship is available this season for as little as fifteen dollars, but some animals are hungrier than others. "A seven-pound nurse shark eats between 260 and 320 pounds of herring a

year" says aquarist Ernie Sawyer. Sponsoring this Wet Pet costs \$600. Consider a blue angel fish (\$30) or a chocolate chip starfish (\$25) far that special person on your gift list. You, or the recipient of your gift, receive: 1) a Wet Pet Certificate to show the world you care; 2) your name on the Honor Roll at the Aquarium, listing all Wet Pet parents; 3) satisfaction and pride in knowing your sponsorship is helping to support the world's largest indoor Aquarium - the Shedd - and its over 8,000 aquatic inhabitants; 4) a chance to visit your Wet Pet with a Free pass to the Aquarium, or exchange the pass for a \$5 discount on a new Aquarium membership; 5) Join the Wet Pet family today! Want a photo of your Wet Pet?

## Marillac High School food drive

Marillac High School students waged their annual food drive during November and are currently at work on their Christmas Care project.

The November food drive is sponsored by the school's Inter-Class Council (ICC). The goal for this year's food drive, "Sharing the Best of Ourselves", realized approximately 2500 cans of food. The canned goods are being delivered to Marillac House, in Chicago, to help stock the agency's food pantry.

The Christmas Care project, now underway, provides household goods, clothes, and toys to families enrolled in the Marillac House Child Abuse Pro-

gram as well as those in the Day Shelter and the Aid to the Elderly programs.

Involvement in community service is an integral part of Marillac's educational program. As a college preparatory school for young women, Marillac is dedicated to preparing students to take their places in an ever-changing world. Marillac is among the Chicago-area schools, which this year, received an excellence award from U.S. Secretary of Education William Bennett. Among the criteria for the award were the quality of the school's academic programs and its community service projects.

## "Portable Art"

The all so familiar shopping bag takes on some new concepts in graphic design for Art III and IV students at Maine East. These examples reflect a sampling of the "Portable Art," which the students produced as a class assignment. Bags (1-4) designed by Cassandra Maloney of Des Plaines, Alan Ramirez of Morton Grove, Rick Becker of Niles, and Tammie Halperin of Des Plaines.

### Bank presents holiday concert

The First National Bank of Morton Grove will present the music of the holiday season in a choral concert Dec. 18 at 5 p.m. The songs will be rendered by a 35-member group representing grades four to eight from St. Martha's School in Morton Grove, under the direction of musical director Gail Jöhl.

The program is open to the public and will be staged in the bank's lobby at 6201 Dempster St.

## Lions remembrance of loved ones

Over the years, Lions have built up a strong identification in the public's mind with these two groups: the blind/visually impaired, and the deaf/hearing impaired.

Not so well known, however, is the fact that Lions have an Endowment Fund, established as a means of remembrance of friends, loved ones and associates who have passed away. Proceeds of the Fund, especially timely with the approach of the Holiday Season, go to the support of blind and deaf citizens of Illinois.

As Eugene Fluegel of Lena, President of the Lions of Illinois Foundation, put it: "The Endowment Fund is a living fund in that only the interest goes for the support of Lions programs and services. The main body of the Fund is not touched and increases as contributions are received."

Fluegel emphasized that the Fund is also used for Happy Occasions to honor friends, loved ones, business associates and special occasions such as birthdays, weddings, anniversaries, special awards and other happy occasions.

For all contributions, Memorial or Happy Occasion, a special card is sent from the offices of the Lions of Illinois Foundation in River Forest to the family of the person being remembered to show that a contribution has been made in their name or memory.

Participants in the Lions Happy Day or Memorial Endowment programs need give no specific amounts; the contribution is strictly voluntary.

The Lions of Illinois Foundation, which coordinates the Endowment Fund, is the charitable affiliate of the Lions Clubs in Illinois.

Income from the Fund goes to various Lions humanitarian activities and programs for blind and deaf children; and to the support of blind and deaf persons in need, through the Lions Social Services and Referrals Department. Other Lions programs which benefit from the Fund include the Lions Glaucoma and Hearing Screening Units; the Eye Donor Registry program, which is aimed at providing eye tissue to persons requiring corneal transplants, the Lions Used Hearing Aid Bank, and many others.

Larger gifts, wills, bequests, and other forms of giving resulting in real estate tax benefits and other savings, are dramatic and effective ways of remembering loved ones or associates.

For further information about the Lions of Illinois Endowment Fund, or about planned giving, contact the Lions of Illinois Foundation, 7321 W. Lake Street, River Forest, Illinois 60365 or phone (312) 771-8800.

## Used car buyers might save on tax

A new sales tax formula for used car deals between individuals goes into effect in January, and Sen. Bob Kustra (R-28) says some people can profit by waiting to buy cars under the new formula instead of the old one.

"The new law is designed to be easier for the state to administer and enforce than the current 5 percent tax on car sales between private parties, and it appears that it may save money for a lot of buyers," Kustra said. It will not affect purchases of used cars from dealers, which will continue to be taxed at the rate of 5 percent plus the local sales tax.

Kustra said the new law has graduated flat rates in two categories, one for cars selling for less than \$15,000 and the other for those selling above that figure. For the lower price category, the tax will range from \$390 down to \$25, with the model year of the vehicle being a determining factor. Therefore, cars one year old or less will be taxed at \$390, and those more than 10 years old will be taxed at \$25.

Tax on luxury vehicles, those selling for \$15,000 or more, will be based on the price of a car, rather than its age. Rates will range from \$750 for a car costing between \$15,000 and \$20,000 up to \$1500 for one costing \$30,000 or more. "As it works out for the luxury category, cars at the bottom of each price range will be taxed the same amount as this year, but the rate for those at the top of a price range will be lower than 5 percent," Kustra explained.

"For a car costing less than \$15,000, the tax is a little more confusing," the senator continued. "If you buy a one-year-old \$7000 used car from a private seller this year, tax on the sale would be 5 percent of that amount, or \$350. If you buy it after Jan. 1, the tax will be \$390, costing you an extra \$40. But for a year-old \$12,000 car, the tax this year would be \$600, while after Jan. 1 it would be \$390, a decrease of \$210." For a five-year old car selling for \$5,000, the tax this year would be \$150, but next year it would be only \$115.

Vehicle sales between close family members will not be subject to these rates, and will be taxed just \$15. For private sales of motorcycles and mopeds, the rate will be \$25, regardless of the price or model year.

The tax will continue to be collected at the time of the official transfer of title of a vehicle.

According to IHCA Executive Director, David Seekman, "The majority of people wrongly believe Medicare will cover the cost of nursing home care for an indefinite period of time. In fact,

according to a recent study conducted by the American Association of Retired Persons, 79% of those polled believed that nursing home care was covered by Medicare or Medigap policies".

Coverage for nursing home care is provided for Illinois needy under the Medicaid program, which is paid for with state and federal funds. However, Medicaid reimbursement (of \$94 per day) to nursing homes that provide care to needy residents is far below what is necessary for facilities to operate, which has forced many nursing homes to no longer accept Medicaid residents.

"If the residents of Illinois understood the extent to which Medicare coverage was limited, undoubtedly the demand for long-term care insurance would increase, as it offers a solution which protects an individual and the individual's family from impoverishment by allowing individuals to budget for possible confinement in a nursing home by payment of fixed premiums on a routine basis. If those individuals who could afford this insurance would purchase it," Seekman added, "the financial burden to the Medicaid system, which is having a difficult time meeting the current needs of Illinois elderly, would be lessened."

## Fox joins North Maine Fire Department

The North Maine Fire Protection District proudly announced the recent hiring of Firefighter Michael Fox. Mike Fox was a long-time member of the Paid-On-Call staff with the district before his appointment. Mike has been enrolled into the Paramedic training class at Saint Francis Hospital in Evanston, starting in January. Mike joins the twenty-one (21) full time members of the department, located at 3901 Potter Road in unincorporated Des Plaines. ## Long-term health insurance would help the elderly

Affordable long-term health care insurance would help the elderly in Illinois prepare to meet nursing home costs which Medicare and other programs do not adequately cover. This is the position promoted by the Illinois Health Care Association (IHCA), a statewide association representing licensed long-term care facilities in Illinois.

Currently, the average national cost for one year of nursing home care is approximately \$22,000. Only about two percent of nursing home costs are paid by Medicare because at a maximum, Medicare will pay for only 100 days of long-term care, and then under very restrictive conditions. Considering that the average length of stay in a nursing home is 30 months, a growing number of Illinois elderly residents and their families face financial devastation unless they have access to other means of paying for the cost of long-term care.

The state has formed a Task Force to Study Long-Term Care Insurance to investigate the market potential for private long-term care insurance. This Task Force has met several times around the state to solicit testimony regarding the development and marketing of long-term care insurance, however, publicity regarding this issue is necessary to inform the general public.

According to IHCA Executive Director, David Seekman, "The majority of people wrongly believe Medicare will cover the cost of nursing home care for an indefinite period of time. In fact,

## Edwina Gateley visits Resurrection

With endless energy and care for the poor, Edwina Gateley, Lay Missionary and Director of Genesis House, shared her ministry and experiences with a number of Religion classes at Resurrection High School.

Michael Longo, Religion Teacher, and his classes recently sponsored a Bake Sale to raise money for Genesis House. On Wednesday, November 18 Senior, Roxanne Ronan along with other students, presented Edwina Gateley a check for her program in the inner city.

Genesis House is a home for women who are involved in prostitution. Women find nursing, support and affirmation through various programs. Genesis House provides emergency and short term shelter to women who are in crisis and who are seeking a different lifestyle to prostitution. They sponsor a support group, a court program, street ministry, aids education and counseling.

Edwina was first invited to Resurrection last year as a guest speaker for Women's Week, and then again to speak at the Commencement. She has and continues to educate our society in the needs of our youth and to offer the women in prostitution hope in themselves.

## Resurrection students attend National Write-Off

Twenty-six Journalism I and II students attended the Journalism Education Association Convention on November 19-22 in Kansas City, Missouri. Accompanying them to the convention were journalism teacher, Tammy Boardman, and drama teacher Kathie Foszcz.

While in Kansas City, the students attended writing workshops and competed in the National Write-Off. The keynote speaker for the convention was Tom Curley, President of USA Today. Students were also invited to shadow a professional journalist on the job. Some 70 workshops were offered at the convention.

## ENTERTAINMENT GUIDE

### Niles North actors perform comedy

Niles North High School actors will perform the British comedy that kept London and New York audiences howling for more than two years. The play, "Noises Off," will run in the school's auditorium on Friday and Saturday, December 11 and 12 at 8 p.m. Seats are reserved at \$3, \$4, and \$5 each. Senior citizens can watch a free performance on Thursday, December 10 at 1 p.m.

With so many successive stunts precisely what playwright Michael Frayn creates. He begins with second-rate actors hitting the provincial road with a show matched to their mediocre talents. While watching the troupe in production rehearsals, we are privy to a raucous peek at backstage antics. The intermingling of the two scenes results in perfectly timed chaos that relies heavily on the slapstick tricks typical of farce.

Working under Frank Mayfield, the technical supervisor, is sophomore Danny Sher, who also masterminded a complex set design. Of "Noises Off" the London Times said, "Voices rise and trousers fall... a farce that makes you think as well as laugh." North actors hope to do the same on December 11 and 12 at Niles North, 9800 N. Lawler Avenue, Skokie, just west of Old Orchard Shopping center. For tickets and information, please call 673-0051.

### Swedish Covenant Benefit Gala

Dr. and Mrs. M. Barry Kirschenbaum of Skokie (l) visit with Dr. and Mrs. Edward B. Paulissian of Northbrook at Swedish Covenant Hospital's recent Benefit Gala held at the Westin Hotel in Rosemont. The Kirschenbaums were co-chairmen of the event which is sponsored annually by the medical staff and the hospital Service Guild. Dr. Kirschenbaum is a dermatologist on the staff; Dr. Paulissian is head of the department of surgery.

### Oakton Passages lecture

The United States Constitution and its philosophical implications

will be discussed in an Oakton Community College Passages lecture, "We, The People," on Tuesday, Dec. 15 in room 112 at Oakton East, 7701 N. Lincoln Ave., Skokie.

The speaker will be Bill Taylor, Oakton's professor of Political Science. Taylor's presentation will examine the philosophical shift away from the radical democracy implied in the Declaration of Independence to a more limited democracy in the Constitution.

Donation is \$1. For information, call 635-1414.

### Niles West hosts Percussion Championships

The beat of the drums at Niles West High School on Sun., Dec. 13, will most likely come from some of the best drumlines in a three-state area. Beginning at about 12:30 p.m., the school will host the "Marching Percussion Championships," organized by Percussion Concepts Midwest. The event is a fundraiser for the Niles West Music Parents Association.

A drum clinic for area junior high students at 11 a.m. will begin the beat leading into the competition. The session is designed to introduce to junior high students the percussion instruments used at the high school level. A professional musician will conduct the clinic.

The competition itself will feature approximately 10 drum lines from Wisconsin, Illinois and Indiana, who will vie for the honor of being named the best. The first place trophies have been donated by Pearl, a drum manufacturing company.

A pizza lunch and other refreshments, as well as pins and T-shirts, will be available for purchase. The Holiday Inn on Touhy is the host hotel for the visiting contestants.

Hosting this event is one way to raise funds for Music Parents Association programs, according to Kathy Van Mersbergen, the organization's president. Profits provide scholarships and other kinds of help to the entire music department.

Tickets for the competition are \$5 in advance and \$6 at the door. For ticket information, contact Mark Lindsey of Percussion Concepts Midwest at 428-1888.

# ENTERTAINMENT GUIDE

## Center on Deafness seeks entries in Arts Festival

Entries for the 1988 International Creative Arts Festival, which is sponsored by the Center on Deafness in Des Plaines, Illinois, are now being accepted. Now in its 12th year, the Festival will be held April 29 and 30, 1988 at the Center. The event is the only one of its kind, open solely to hearing-impaired young people age 6 through college, in North America and other English-speaking countries.

Recognizing the arts as a vital component in human development, the Festival encourages participation by hearing-impaired youngsters in the visual, literary, and performing arts. Entries - which are divided by age groups - will be accepted in: Art (with separate awards for drawing, painting, and

photography); Writing (poetry and short story); and the Performing Arts (poem or reading, instrumental, interpreted song, dance, mime and gymnastics). Finalists selected in three preliminary regional contests will compete in the International Festival judging at the Center in April. Other events scheduled during the two-day Festival are a Little Miss & Mister Personality Pageant (for children ages 6-10); workshops for deaf adults renowned for their accomplishments in the arts; performances of "Fiddler On The Roof" by the Center's Traveling Hands Theatre Troupe; and an awards banquet.

An honored guest at the 1987 Festival was Oscar-winning actress Marlee Matlin, who was a

member of the Center's theatre program for seven years. In addition to her acting accomplishments, Matlin was an early Festival winner in the writing competition, taking second prize when she was 12 years old for a prophetic essay entitled, "If I Were a Movie Star".

Deadline for work entries is January 18. To request an entry application, or for further information about the International Creative Arts Festival, contact the Center on Deafness, 10100 Dee Road, Des Plaines, IL. Telephone: (312) 297-7110.

### Display at Madison National Bank

A color photo display featuring the business education department at Maine East may be viewed in the lobby of Madison National Bank, 9190 Golf Road, Des Plaines.

The theme, "The World of Work," focuses on Maine East students enrolled in Distribution Education and Office Occupations cooperative work programs.

According to Madison National Bank vice-president Evelyn Denny, the photo display may be viewed until Friday, December 18.

### North Shore Hotel to host concert

A former 1940's big band singer, Virginia Barton, will sing updated versions of old standards in concert at the North Shore Hotel, 1611 Chicago Ave., Evanston, on Friday, Dec. 11 at 7:30 p.m.

The public is invited to attend the performance at no charge.

Hogan, c, recording secretary, International Brotherhood of Teamsters, Local 714, and Michael P. Hogan, president, National Show Services, Inc., are general chairmen of the event. Ron Lavdue, president, "K" Konekete of Wauconda, is chairman. All proceeds benefit Little City's boys and girls who are mentally retarded or developmentally disabled. For ticket information, call the Super Bowl Hotline at 282-2207.

## "The Ugly Duckling" at Roosevelt

"Love conquers all" is the theme of the A.A. Milne classic "The Ugly Duckling" to be performed by the Roosevelt University Theatre Department in the Robin Campus Theatre, 2121 South Goebbert Road. Performances are at 7:30 p.m., Friday, December 11 and 2 p.m. Saturday, December 12.

The musical involves a king and queen whose efforts to see their daughter married have continually failed. The unattractive princess later meets an equally unattractive prince, whom she marries and the couple lives happily ever after.

Director Brina Rodin will include music by Tchaikovsky, Stravinsky, and Perkowski in the production. General admission for adults is \$8. Special rates for children, senior citizens, families and groups are available. Call 437-9200 for additional information.

## 'Hansel and Gretel' presentation

"Hansel and Gretel" will be staged by the Niles West High School Children's Theatre on Sat., Dec. 12, at 1:15 p.m., in the school auditorium, Oakton St. at Edens, Skokie. General admission tickets are \$2 for adults and \$1.50 for children. Children in the audience are invited to help themselves to candy from the witch's house following the performance. Call 966-3800, for further information.

### LEGAL NOTICE

Notice of Closure

Facility No.: ILD082939067  
Notice of Closure No.: 87076

A plan to close the Baxter Healthcare Corporation hazardous waste storage facility located in Morton Grove, Illinois, has been submitted to the Illinois Environmental Protection Agency (IEPA) pursuant to Subpart G of 35 Ill. Adm. Code 725. The site is a hazardous waste storage room for laboratory process materials and wastes. Baxter Healthcare Corp. will continue operating at this site prior to and following closure of this storage area. At this time the IEPA is also requesting that the facility provide information concerning any prior release of hazardous waste constituents from any solid waste management facility on the site.

Interested persons are invited to submit written comments on the plan or request modifications of the plan or provide information on the release, at any time, of hazardous waste constituents from the facility, within 30 days of the first publication date of this notice. Written comments must be addressed to the IEPA, Government & Community Affairs, Attn: Public Notice Clerk, 2200 Churchill Road, Springfield, Illinois 62706.

The site must be closed in accordance with the standards set forth in the Environmental Protection Act, Ill. Rev. Stat., Ch. 111 1/2, Pars. 1001 et seq., and regulations adopted thereunder.

The proposed closure plan, closure performance requirements, and other documents are available for inspection and may be copied at a cost of 25 cents per page at the IEPA's Springfield headquarters. These documents are also available for inspection and copying from the DLPC Field Manager at the Maywood Regional IEPA Office, 1701 First Avenue, Maywood, Illinois 60153.

In response to requests or at the discretion of the IEPA, a public hearing may be held to clarify one or more issues concerning the closure plan. Public notice will be issued 30 days before any public hearing.

### NOTICE OF INTENTION TO ADOPT A TAX LEVY IN AN AMOUNT WHICH IS MORE THAN 105% OF THE EXTENSION, EXCLUSIVE OF ELECTION COSTS AND DEBT SERVICE, FOR THE PRECEDING YEAR

NOTICE IS HEREBY GIVEN that it is the intention of East Maine School District No. 63, County of Cook, State of Illinois, to adopt a tax levy for the year 1987 which is more than 105% of the extension, exclusive of election costs and debt service, for the year 1986.

1. The aggregate amount of property taxes extended by said district for 1986 is \$9,705,095.
2. The aggregate amount of the proposed tax levy for 1987, exclusive of election costs and debt service, is \$10,450,056.
3. The difference is an increase of \$744,961.
4. The percentage of increase is 7.676%.
5. Public Hearing on the proposed tax levy increase of said district shall be held on December 17, 1987, at 7:30 p.m. at the Educational Service Center, 10150 Dee Road, Des Plaines, Illinois.

### Centel reaches 100,000 mark in customer lines

Centel Vice President Donna Eskridge (left) presents Des Plaines resident Carl Gulley with a cordless phone in honor of him being the customer that put Centel at 100,000 telephone lines in the suburban area. Gulley also received a country-style crank phone during the ceremony held Sept. 26 at Centel's "Open House" at the company's Park Ridge office, 36 S. Fairview Ave.

Like most parents with two teenager daughters, Carl Gulley was finding it harder and harder to use the phone in his home.

"No one could call me anymore," said the Des Plaines resident, jokingly implying his girls spent more time on the phone than the local operator. "I just wanted to be able to use the phone once in a while."

His solution was to get another telephone line installed in his home. What Gulley didn't anticipate, however, was that by ordering that second telephone line he became the customer with the 100,000th line the Centel provides in the northwest suburbs.

In celebration of reaching the 100,000 plateau, Centel honored Gulley Sept. 26 during an "Open House" for the public at the company's location in Park Ridge.

"This is a historical moment for our company," said Vice President Donna Eskridge. "The 100,000 mark not only signifies our company's growth in the area, but it is also a direct reflection on our customer's confidence in our service."

### IRS guidelines for choosing a preparer

Because of the sweeping changes to tax system made by the Tax Reform Act of 1986, more Americans may choose to have a professional prepare their 1987 tax return. If you are one of these taxpayers, the Internal Revenue Service offers some guidelines for choosing a preparer.

Choosing a tax preparer is important because you, not the tax preparer, are responsible for the accuracy of your tax return. To protect yourself, do not sign blank return or one which is only

partially filled out. You should be furnished a copy of the completed return for your records. The tax preparer is required by law to sign and date the return and to enter an identification number. Be particularly cautious of a tax preparer who promises a refund, boasts of ways to beat the tax system, or claims to have a special relationship with the IRS. You should use as much care choosing a tax preparer as you would in purchasing any other product or service.

### Washington National employee wins award

Washington National Insurance Company has announced that Lisa Harris, Underwriter in the Ordinary Department, is a winner of the Company's "Seeking Out Savings" (S.O.S.) Program, an employee suggestion program aimed at increasing efficiency,

productivity and cost savings. Harris' suggestion applied to ordering attending physician statements on potential insureds as part of the life underwriting process. She will be awarded a cash award of 25% of the projected first year net savings.

### Midwest Mortgage Services announces 7-year ARM

The availability of a 7-year adjustable rate mortgage (ARM) in the greater Chicago area was announced today by Leonard J. Giblin, president of Midwest Mortgage Services, Inc. (MMS) an Oakbrook Terrace-based mortgage banking company. The 7-year ARM will be available through the 47 Chicago-area banks affiliated with MMS including First Trust & Savings Bank of Glenview and Affiliated Bank/Morton Grove.

The addition of a 7-year ARM increases the number of adjustable mortgage options available to Chicago-area home buyers through MMS affiliated banks, options which include convertible, 1-, 3- and 5-year ARM.

"The 7-year ARM combines the security of a longer fixed interest

rate with the advantages of an adjustable rate mortgage," said Giblin. "The new ARM should appeal to the home buyer who had been considering a 5-year ARM because the interest rate virtually will be the same for both. But the two extra years of a fixed rate will give home buyers an additional sense of security."

The 7-year ARM offers home buyers a fixed rate for the first seven years of the mortgage after which the interest rate is adjusted at one year intervals. After the first adjustment, a two percent annual cap will be in effect; during the life of the loan there will be a five percent interest cap.

Although the initial interest rate for the 7-year ARM is higher than those for 1- or 3-year ARMS,

the rate is virtually the same as the interest rate on 5-year ARMS. The 7-year ARM compares with the 7-year balloon mortgage currently being offered. But with the ARM, the home owner is assured of having a loan at the end of the seven years without the need to refinance, as is the case with a balloon mortgage.

A home buyer will find the 7-year ARM appealing when interest rates are volatile and when he expects to live in the home less than ten years. It is ideal for the home buyer who is looking for the security of knowing that his mortgage interest rate will stay the same for seven years but, if he should decide to stay in the home longer, he will have a mortgage at the end of the seven years without refinancing.

### Sears, Roebuck & Co. Centrex upgrade completed

Sears, Roebuck & Co. has recently completed the conversion of its 8,000-line headquarters telephone system from Centrex to an Integrated Information Network (INN), a digital Centrex product of the Ameritech Business Network provided by Illinois Bell.

Earlier this year, Allstate Insurance Co., a member of company of Sears' Financial Network, signed an agreement with Illinois Bell that provides for installation of a 5,000-line INN in mid-1988 at the company's headquarters in Northbrook, Ill.

INN eliminates the need for business to purchase and maintain their own switching equipment because the equipment that provides INN is located on Illinois Bell's facilities.

"The decision by Sears and other companies to upgrade their telecommunications systems with the Integrated Information Network is a vote of confidence in Illinois Bell," said Perry Erhart, Illinois Bell's senior marketing

director for program management.

"It recognizes that Illinois Bell works with its customers to bring business telecommunications solutions to the marketplace."

In March, under a \$30 million agreement with Illinois Bell, the University of Illinois started serving its four campuses statewide - Urbana-Champaign, Chicago, Rockford and Peoria - for advanced voice and data communications using INN.

In September, Deere & Co. tied together 14 of its major financial, administrative and manufacturing locations in Moline and East Moline, Ill., with the Integrated Information Network.

### New Madison Corporation Officer

The Board of Directors of Madison Financial Corporation announced the election of Mr. Andrew A. Boemi, 42, as President and Chief Executive Officer of the Corporation effective January 1, 1988. He has been serving as President and Chief Operating Officer of Madison Financial Corporation since 1983.

Andrew A. Boemi will assume the responsibility of Chief Executive Officer with the pending retirement of A. Andrew Boemi, the current Chairman and Chief Executive Officer. Mr. Boemi (Sr.) has announced his retirement date as of March 3, 1988. He will continue as Chairman of the Board of Madison Financial Corporation and Chairman of the Board of Madison Bank and Trust Company.

Andrew A. Boemi joined the Madison Bank and Trust Company in 1979 as Senior Commercial Lending Officer. In 1983, he was elected President and Chief Operating Officer of Madison Financial Corporation with responsibility for the three Madison Financial Corporation Banks - Madison Bank and Trust Company, Chicago; Madison National Bank, Des Plaines/Niles; and The First National Bank of Wheeling, Wheeling; and the two financial service subsidiaries of Madison Financial Corporation - Madison Financial Data Corporation and MFC Mortgage Corporation.

Prior to joining Madison, Andrew A. Boemi had extensive banking background. In 1969, he joined the First National Bank of Chicago to enter their full management training program. In 1971, he joined National

Security Bank, Chicago, and became Vice President of Commercial Lending for metropolitan Chicago lending and the National Accounts Division. He grew up in Park Ridge, Illinois, where he attended the elementary schools of Park Ridge and graduated from Maine Township High School. He is a graduate of Georgetown University in Washington, D.C. and attended DePaul Law School and the Stonier Graduate School of Banking at Rutgers University. He belongs to The Young Presidents Organization and is a member of the Board of Directors of Grant Hospital in Chicago and United Cerebral Palsy of Chicago.

Andrew A. Boemi is a resident of Northfield, Illinois and is married to Pamela Bogan. They presently have one child.

## CJE breaks ground for Klafter Residence

Earlier this fall, a ground breaking ceremony was held for the Klafter Group Living Residence of the Council for Jewish Elderly, at 615 Ridge Ave., Wilmette.

This facility is being constructed by the Jewish Federation Facilities Corporation and will be operated by the Council for Jewish Elderly, an organization serving older people and their families. The residence will extend a unique living concept, group living for older adults, to the North Shore. When completed in 1988, it will accommodate 29 older men and women.

The Klafter Group gift was one of the first made under the Federation's new Continuum program. The program is designed to fund projects and programs of significant need in the Jewish community. Gifts of \$100,000 and above may carry the name of one's family or loved one in perpetuity.

The Herman and Gertrude Klafter Group Living Residence was designed specifically for group living architect, Phillip Kupritz of Chicago. The new residence will be close to transportation, shopping and village services. The building will be a red-brick, two story structure. It will include an elevator, airy, glass covered courtyard, attractive dining room, greenhouse and an outside deck. There will be spacious common areas for all residents, which will encourage participation in recreational activities and the arts. Such activities will include horticulture,

The Council for Jewish Elderly board and staff members took part in the groundbreaking ceremony for the Herman and Gertrude Klafter Group Living Residence at 615 Ridge Ave., Wilmette. From left to right: Ronald Weismehl, Executive Vice President CJE; David Sher, board member CJE; Harold Blumberg, board member CJE; Joseph Gidwitz, board member CJE; Richard Stillerman, President CJE; Barbara Gilbert, board member CJE; Mary Ellen Lavery, Associate Executive Director CJE; Daniel Silverstein, Associate Executive Director CJE; and Leonard Frumkin, Director of Finance CJE.

painting, handicrafts and music. Each resident will have a private room and bath. These rooms are arranged in suites around living rooms. Each suite will have a small kitchen where

residents can fix their own breakfasts. Residents for CJE group living programs must be 62 years and over. Group living is an ideal retirement lifestyle for men and

women who do not wish to live in a totally independent fashion, but do not need institutional care. For further information about CJE group living homes, call 570-7000.

## Portable heater safety tips

Government safety experts warn that half the deaths and one-third of the injuries resulting from portable electric heater fires occur when people use heaters overnight and the family is sleeping. If heaters must be used at night, a properly installed and maintained smoke detector in the same room may provide early warning of danger if a fire should occur.

The U.S. Consumer Product Safety Commission estimates for 1985 indicate that fire departments responded to 3,700 residential fires involving portable electric heaters. These fires resulted in 160 deaths, 260 injuries and \$50.6 million in property loss.

CPSC suggests the following precautions for safe portable heater use:

Use heaters at least three feet away from objects such as bedding, furniture and drapes. Never use heaters to dry clothes or shoes. Do not place heaters where towels or other objects could fall on the heater and start a fire.

Use heaters on the floor. Never place heaters on furniture, since they may fall, dislodging or breaking parts in the heater.

Do not use heaters in wet or moist places such as bathrooms, as parts in the heater may be damaged.

String out cords on top of rugs or floors. Placing anything on top of the cord could cause the cord to overheat.

Do not use an extension cord unless absolutely necessary. Using an extension cord with high wattage appliances can start a fire. If you must use an extension cord, it must be marked #14 or #12 AWG; this tells the thickness or gauge of the wire in the cord. For example, a cord sold as an air conditioner extension cord will have these heavy wires. Do not use a cord marked #16 or #18

AWG. Only use extension cords when that half the deaths and one-third of the injuries resulting from portable electric heater fires occur when people use heaters overnight and the family is sleeping.

Be sure the plug fits snugly in the outlet. Since a loose plug may overheat, have a qualified repairman replace the worn out plug or outlet. Since heaters draw lots of power, the cord and plug may feel warm. But if the plug feels too hot to touch, unplug the heater and have a qualified repairman check for problems. If the heater and its plug are found to be working properly, have the outlet replaced. Using a heater with a hot cord or plug could start a fire.

If a heater is used on an outlet protected by a ground fault circuit interrupter (GFCI) which trips, do not assume the GFCI is broken. Because GFCIs protect locations where leakage currents can cause a severe shock, stop using the heater and have it checked, even if it seems to be working properly.

Broken heaters should be checked and repaired by a qualified appliance service center. Do not attempt to repair, adjust or replace parts in the heater yourself.

To report a product-related accident, consumers may call the CPSC toll-free hotline at 800-638-2772. The teletypewriter line for the hearing impaired is 800-638-8270.

Scott A. Schubbe  
Army Pvt. Scott A. Schubbe, son of Linda Adams of 3935 Magnolia, St. Louis, and Don Schubbe of 8001 N. Menard Ave., Morton Grove, Ill., has arrived for duty with the 572nd Military Police Company, Fort Ritchie, Md.

## From the Left Hand

Continued from Page 1

Instincts took over. I shouted, "Stop that robber." I thought yelling might block his exit. I took off after him, and my 40 year old companion joined me.

It was more like a re-run of the Keystone Kops. They had just watered down the sidewalk and I fell to one knee as I started running. I put a hole in the knee of the pants leg, scraped my knee and banged my elbow. The 40 year old woman, a psychologist from California, was even clumsier. She slid and fell spread-eagle onto the walk. I started to run again, slowed down to pick up my friend, and then decided to jump over her and continue the chase. By then the woman got to her feet and joined the chase down the winding street. After a block of running the culprit was nowhere in sight. We had lost him. And I thought we had also lost our means for leaving for home the next day. No passports; No tickets; No going home.

When we returned to where my wife was standing she told us she never lost the purse. It had been strapped around her shoulder and she had held on to the purse. She shook her head in dismay and told me I never listen to her. She said she told me she had the purse but I took off after the thief. Putting it mildly, she was piqued. There are more descriptive words about her condition.

When we got back to the hotel, another of our bus friends, Jack Andresen, reported his wife was relieved of her purse. He said when the thief grabbed his wife's purse, he was knocked down by four young men. He sustained some sore ribs, and at 68 years old, it was not a very pleasant experience.

Luckily, Andresen went

across the street to the U.S. Embassy and was able to get duplicate passports which enabled him to stay on schedule. He said the embassy people told him it was the 12th passport reported stolen that day.

Where was the Niles connection for our friend Andresen? Jack's father, Fred, built Bunker Hill Country Club in 1924-25. Jack said the main building had five bedrooms upstairs where he lived as a young boy. He said the golf course was then 18 holes, and according to Jack, "It was better than the old Tam O'Shanter course."

In the late 30's, a fire destroyed the second floor area. It included a women's locker room, a party room and private offices as well as the bedrooms.

At one time the Forest Preserve offered to buy the property for \$1,000,000. But, in an attempt to hold onto the property, they sold the back nine holes and eventually Catholic Charities paid \$250,000 for the property when Jack's father was in bankruptcy.

Last week two strays with a Niles, Illinois connection, got zonked in Madrid, Spain on the same afternoon. They came home with scarred knees, bruised elbows, sore ribs and a hole in the right knee of a new pair of brown Hart Schaffner and Marx slacks.

We did everything we were told to do. We left the driving to them. We did not leave home without buying traveller's checks. And we held tight when they tried to grab purses.

So how come the boys from Niles came home as the walking wounded?

## Shape up for cystic fibrosis

Shape up for Cystic Fibrosis is happening all around Illinois and Skokie is joining the effort. On Dec. 16, Skokie Fitness Club, 3710 W. Touhy (the old Court House) will be conducting one of the fitness fundraisers.

Regina Sheor, local coordinator, said that Shape Up for CF is an a-thon event that is open to anyone interested in working out for fun, fitness, and prizes.

A Shape Up participant is given a choice of prizes; the more pledges he collects, the better his chances. Prizes include t-shirts, bio-soft weights, fold-up exercise bikes, 35mm cameras, Sony Walkmans, and WestBend 5100 rowing machines.

Participants obtain pledges from family, friends, and co-workers. Pledges are based on total minutes spent working during the event.

Sponsor forms for the Shape Up are now available at Skokie Fitness Club.

Cystic Fibrosis is an inherited disease, that attacks the lungs and digestive system. Half the children born with CF do not live past their 21 birthday.

For more information call: Sheor at 677-4100.

## Skokie Library microcomputer system

The Skokie Public Library will offer an introduction to its microcomputer system with large print and speech capability on Thursday, December 10 at 3 p.m.

Using Skokie Public Library's IBM PC-XT computer system with large print and synthetic voice capability, Sue Melrose and Maureen Eddis, staff members of Winnetka's Hadley School for the Blind, will demonstrate word processing and other software programs. They will also explain how magazines, newspapers and encyclopedias can be accessed in voice, large print or braille through the microcomputer.

A demonstration showing how the library's online catalog can be accessed through the microcomputer in large print and/or voice will follow.

Those interested in instruction in the use of this computer system will have the opportunity to sign up for individual or small group sessions.

Interested participants may call Liene Sorenson, manager, Skokie Accessible Library Services, Skokie Public Library at 673-7774.

## District 63...

tral office, 10150 Dee Road in Des Plaines.

In establishing the levy, board members considered four major requirements in district financing. They include decreasing the transportation levy by seven cents, a 5.44 rate increase in IMRF and FICA/medicare, a projected 4.2 increase in the estimated value of taxable property and restoration of the Tort Insurance level to make up a 1987 deficit of \$43,395 as well as provide sufficient funds for expenditures of \$762,443, according to recent legislation.

Board members and members of the East Maine Teachers Aides Assn. (EMTAA), a two-year old union, cannot agree on "at least one key issue" in negotiations conducted since April 24, according to a statement read Tuesday by a board member.

During a December 2 mediation session conducted by the Federal Mediation and Conciliation Service, the union refused the school district's final offer. According to one source, the key issue includes salaries and "fair share," or an obligation to pay union dues by new district aides whether or not they become union members.

The district indicated it will take "unilateral" policy on negotiated proposals if the union stance is not modified and agreement reached by Friday, January 6.

In other action, board members approved a projection on next year's student enrollment by

associate superintendent Dr. Donald Stetina. He said the number of students next year will be about 1 percent less than this year which, for statistical purposes, is considered "status quo." Stetina noted the slight decrease is due to the larger amount of youngsters graduating eighth grade than entering the school system in kindergarten.

About 2,905 students are enrolled in District 63 this year and about 2,950 will be enrolled next year, according to Stetina. The projection extends through the 1992-1993 school year for a decrease to about 2,809. Board president Joan Futterman said, "Your accuracy (in predicting student enrollment) has been quite incredible for several years."

In other matters, board members approved a tentative \$92,413 annual lease for the Center on Deafness located at the district's Apollo Junior High School, 10100 Dee Rd. in Des Plaines. Language of the lease between the Center and district is in the process of review. The lease became effective September 21, 1987 and will run through August 15, 1988.

Again, board members approved an additional job to teach learning disabled and behaviorally disabled youngsters at Gemini Junior High School. About 60 youngsters with these special education needs are enrolled at Gemini.

Police feel he apparently lost control of the squad car since he couldn't maneuver the car very well with handcuffs on. It took firefighters and police more than an hour to extricate Panagakis from the wrecked squad car. The vehicle's roof was ripped off in the crash.

Hills said it appeared the arresting officers had followed proper procedures and that it was only because Panagakis had

managed to slip his handcuffed hands under his legs that he was able to flee in the squad car. Petrushevich was charged with retail theft.

Panagakis, according to Chicago Area 3 detective Joseph Kirchens, was a narcotics addict who used proceeds from shoplifting to buy drugs. He had been arrested 23 times before in Chicago and the suburbs, either for shoplifting or on drug charges.

## Nursing home hearing...

"The board will hear testimony from both sides to reach a decision on whether the operating license should be returned to Golf Mill Plaza."

Haase added it could take months and "perhaps years" before the case is resolved. Mindy Halper, administrator for Golf Mill Plaza I declined to comment on the case because of the pending hearing. However, she has denied the charges and said the nursing home asked for the hearings to regain its license.

According to Haase, the hearing on the alleged violations will be conducted by a hearing officer and a director from the Illinois Department of Public Health.

technology and planning for future developments in technology," said McKenzie. The class reviewed the library's written needs assessment for the building addition, the blue prints and specifications, and toured the building. According to McKenzie, the class was most impressed with the library's ability to plan for future technology and the flexibility of the building for implementing such technology as it becomes available. Examples of this are the library's recent installation of an online catalog, telefacsimile equipment and local area networks.

The library was also recently visited by the City of Chicago's Bureau of Architecture, Department of Public Works. "They are working on designs for an addition to one of their branch public libraries and needed to see a model computer lab," said McKenzie. The design planners, having heard of Niles' outstanding facility, visited the library and were very impressed with the computer lab. They left the Niles Library with photos, drawings and information on ergonomics for computer usage in their hands. "They remarked that this was exactly what they were looking for," McKenzie said.

for 10 years after the shopping center opens, according to a village official.

Developers estimated the center could produce annual sales of \$108.8 million in 1989, which would mean sales tax revenues of nearly \$1.1 million for Lincolnwood.

Construction of the enclosed, two-level, 430,000-square-foot shopping center is expected to begin next spring and be completed in late 1989.

The Simon Firm is negotiating with Carson Pirie Scott & Co. and Madigan's and hopes to sign the two retailers as anchor tenants. It was previously reported that Carson's was expected to occupy 125,000 square feet and Madigan's 90,000 square feet.

The center also would house restaurants and a food court, and be surrounded by an open-air parking lot and three free standing buildings totaling 25,000 square feet.

In addition, Marriott Corp. plans to construct a 150-room hotel on the property. Construction is expected to begin next spring and be completed a year later, according to developers.

Greenleaf on a report of smoke in the house. The cause was traced to a gas control unit on the stove that was stripped and could not be turned off. The gas was shut off and the occupant was advised to call for repairs.

"An alarm at Howard Commons was attributed to men working on the sprinkler system.

"A smoke scare at 8345 Newland was attributed to an overheated furnace blower motor on Dec. 1.

On Dec. 2, Niles Fire Department assisted Morton Grove firemen to extinguish a fire in a rear deck area of Dominick's, 6931 Dempster St. The blaze was restricted to cardboard boxes filled with toilet tissues.

with access limited to patrons 21 years or older.

In addition, potential video store owners must sign an agreement to house a used auto sales facility and mini-warehouses on an 8-acre site adjacent to the King Nissan car agency at 5701 Touhy.

King Nissan purchased the property a few months ago for the proposed development.

According to attorney Gregory Dose, the former Casting Engineers building contains 120,000 square feet of floor space, in which the front part of the building will house used cars, auto repairs and office facilities.

About 60,000 square feet would be removed from the rear of the building to accommodate the mini-warehouses available for rental, and a one-bedroom watchman's apartment.

Salerno noted the building had been supplied with Chicago water piped in by Skokie and suggested it should now be supplied by Niles.

The board approved the project subject to Niles bringing water to the site, security lighting for the mini-warehouses, property from sunrise to sunset, and construction of the watchman's apartment not to exceed 850 square feet.

In further zoning matters, commissioners approved a request by Marvin Hyman for special use to build Taco Bell and Dunkin Donuts restaurants at 7325 and 7335 Harlem Ave.

The proposed project would be constructed on the Animal World site at Milwaukee and Harlem which is moving out of the area. Plans call for demolishing the pet store building and replacing it with two restaurants.

According to Hyman, Dunkin Donuts would be a 24-hour operation, with Taco Bell open for business from 10 a.m. to 2 a.m.

The first draft of the proposed school calendar for 1988-89 is under consideration. The school term for students would begin August 29 and end June 13 of 1989 pending ratification.

Board President Ann Sostrin, delegate Charlotte Storer, and several speakers from District 207 were highly influential in proceedings at the Illinois Association of School Boards' Conference held November 21-23. According to Ann Sostrin's report, several speakers representing the

proved a zoning change from M to B-2 PUD that would allow redevelopment of an existing building to house a used auto sales facility and mini-warehouses on an 8-acre site adjacent to the King Nissan car agency at 5701 Touhy.

King Nissan purchased the property a few months ago for the proposed development.

According to attorney Gregory Dose, the former Casting Engineers building contains 120,000 square feet of floor space, in which the front part of the building will house used cars, auto repairs and office facilities.

About 60,000 square feet would be removed from the rear of the building to accommodate the mini-warehouses available for rental, and a one-bedroom watchman's apartment.

The proposed project would be constructed on the Animal World site at Milwaukee and Harlem which is moving out of the area. Plans call for demolishing the pet store building and replacing it with two restaurants.

According to Hyman, Dunkin Donuts would be a 24-hour operation, with Taco Bell open for business from 10 a.m. to 2 a.m.

He noted the restaurants will have peak volume of business at different hours of the day preventing possible parking problems. "It's a fast food-service operation with drive-in windows at both restaurants," Hyman said.

The subject property is adjacent to a residential area which backs up to an alley. Plans call for erecting a chain link fence on the east portion of the property as a screening amenity and residents removed to provide bumper with an extra three foot area in the alley. "It will be more convenient for residents to drive in and out of their garages," he said, adding that portion would be paved with asphalt.

In addition, there will be no access to the alley by cars from the restaurants (signs will be posted) and one pole sign for the two facilities.

The board approved a request by Peter Palermo for a side yard variation from 12.38 feet to 8 feet to construct an addition to a single family home at 7940 Keeney.

Salerno noted the house is located on a 41 by 125-foot corner lot with a front yard on Wisner and on Keeney. "The house was built wrong, in that the 41-foot side of the lot should have the home address instead of Keeney," he said.

The variance would allow bringing side and rear yards in conformance with village requirements, and at the same time, allow a change from the present Keeney address to 8100 Wisner, Salerno said.

Board approval was subject to the change in address.

## Niles Parks plan Christmas activities

Continued from Page 3

The Niles Park District will be sponsoring the following free events during the holiday season. For more information on these free activities, residents of Niles may call the Niles Park District at 967-6833.

Santa's Calling - Santa Claus has made special arrangements with the Niles Park District! He will be calling boys and girls at their home on Thursday, Dec. 17 between 5:30 and 7:30 p.m. We need to give Santa an idea of how many children he will be calling, so please register by Friday, Dec. 11. Registration is held at the Niles Park District office, 7877 Milwaukee ave.

Santa's Mailbox - Santa is anxious to receive mail from boys and girls who have been good all year long! Those wishing to send a letter to Santa should drop it off at Santa's Mailbox, located at the Niles Park District Office, 7877 Milwaukee ave. in Niles. Please include your return address so Santa can write back and make sure your letter is in the box by Friday, Dec. 18 so that you receive a reply in time for Christmas!

The annual Lincoln Jr. High "Winter Concert" is scheduled for Thurs., Dec. 10, beginning at 7:30 p.m., in the first floor gymnasium. Parents and community members are invited to attend this special presentation by sixth, seventh, and eighth grade music students.

A diverse group of songs, chosen to highlight the students' progress, will be performed by the concert orchestra, wind ensemble and mixed chorus. Selections by the concert orchestra, under the direction of Garasim Warutian, will include the "Minuetto" from Mozart's "Symphony No. 25," "Larghetto" from Handel's "Concerto Grosso" and Ted Peterson's "Mexican Sundaes."

officials, and developers to review the site plan, parking criteria and other factors regarding the AT&T property. "We want to make sure everything is in order before a decision is made on the rezoning request," he said.

The rezoning from M (manufacturing) to B-2 is being sought by the Skokie-based Taxman Corp. in partnership with Trammel Crow Co., Itasca.

The developers hope to renovate existing buildings on the total project and construct new buildings to house retailers including Jewel and Dominick's supermarkets and Montgomery Ward on the 62-acre site which straddles Skokie and Niles.

Rolph Campbell, a land planner representing the developers, said 72 percent of the development would be in Skokie and 28 percent in Niles. "The Niles portion is now a parking lot which provides ideal use for major retail center," he said. Plans unveiled for Niles portion of land calls for Wards to occupy 100,000 to 150,000 square feet and a Jewel Store on about 65,000 to 75,000 square feet for a combination food-drug facility. In addition, developers hope to build a cluster of retail shops in the available remaining space.

Campbell noted that Niles would realize between \$800,000 and 900,000 in sales tax revenue and annual property taxes.

An architect for the project said a "sky walk" would connect the Wards building to an enclosed parking garage that would be located on the Skokie side with access to a proposed health club.

According to Campbell, a full parking plan for the center will

be submitted to the board after developers meet with Niles staff on Dec. 15. Reportedly, the center would be surrounded by parking (broken up by landscaping) for 4,100 cars in ground lots, as well as the 340-car parking garage.

"Wards will draw on a regional basis and exceed parking requirements," Campbell said. "The retail stores are community-oriented and will meet parking ratio standards."

He went on to say developers have proposed that Skokie and Niles enter an intergovernmental agreement to provide public and fire protection and utility services for the center.

Attorney Peter Rosenthal representing Edgebrook Community Assn., said the proposed size of the center and its impact was of concern to residents living adjacent to the site (Skokie portion). "Residents recently expressed their concerns to the Skokie Plan Commission," Rosenthal said.

The homeowners are presently here tonight because they are attending a Skokie board meeting concerning the development. They would like to address this board about their concerns."

Frick assured the attorney residents could address the board at the Dec. 21 meeting.

Sy Taxman, president of Taxman Corp., who attended the Skokie meeting, arrived later to announce village trustees had approved rezoning of the AT&T property.

Approval for the rezoning and site plan must come from both communities before development can go ahead, according to a Niles trustee.
