To alleviate a possible safety problem for students north of Howard walking to Culver School, Niles Elementary School District 71 board members approved adding four new bus stops in the district at Tuesday's meeting.

According to board member Vincent Bugarin, the bus stops will be in the general vicinity of Howard and Harlem and Nordica and Howard. "The decision on the exact locations will be made by administrators," said Bugarin.

The former policy required all children living north of Howard to walk to Culver School at 6921 Oakton St. Parents were upset because they live just over the line. Others criticized who had already been riding the bus, even

## From the Left Hand

by Bud Besser

Great thoughts to ward off Cabin Fever....

I stood next to a man at Niles (Chicago Substation) post office who had to have a letter delivered the following day. The cost was over \$10. The destination was Chicago.

The guy who won \$6.9 million in Nevada Monday was playing a one-armed bandit at the Cal-Neve lodge on the state line. Two weeks ago the Left Hand, his frau, and their four kids and spouses left part of that six mil at that same location. Had we been there two weeks later....

Thursday night was cold and snowy and blustery, not fit for anyone to be outside... except a political candidate. At 9 p.m. a young man rang our doorbell and we rescued him from the arctic weather by having him come in for a cup of coffee. The door knocker was Jeff Schoenberg, who is seeking to oust incumbent State Representative Cal Sutker in the upcoming primary election. While he might have knocked on our door to score a few extra

### Illinois History Display

Documenting 250 Years of Illinois History, will be on view at the Skokie Public Library from Feb. 29 to March 19. Developed by the Illinois State Archives, the exhibit illustrates Illinois heritage through documents, photographs

and publications. Through preserved State Archives documents, the exhibit traces the roots of early Illinois settlers to modern day Illinois. This exhibit provides a unique opportunity to view archival materials from the State Archives Building in Springfield. A sampling of actual and facsimile documents to be exhibited are the 1739 French Register of Donations, showing the legal transfer of property, 1846 Registry of Negroes, from a county record of free black residents, photos of early Illinois schools, product trademarks from 1891-1930 and many maps and documents from the early statehood years and the Lincoln era.

Admission is free. The exhibit may be viewed during regular Library hours: Monday through Friday, 9 a.m. to 9 p.m.; Saturday, 9 a.m. to 5 p.m.; and Sunday 1 to 5 p.m. For more information, call the Library at 673-7774. The Skokie Library is located 5215 Oakton St., Skokie.

### Scientist to speak on Challenger disaster

"Ethical Decisions—Morton Thiokol and the Space Shuttle Disaster," is the topic of a Feb. 29 lecture sponsored by the Oakton Community College Honors Program.

Roger M. Boisjoly, former senior scientist at Morton Thiokol, will discuss the circumstances surrounding the decision to launch the ill-fated shuttle and the post-disaster effects on those involved at 7:30 p.m. in room 1540 at the college, 1600 E. Golf Rd., Des Plaines.

Boisjoly, who is currently involved in a lawsuit against Morton Thiokol and NASA, will tell the audience of his post-disaster experiences with Morton Thiokol management, including meetings and testimony presented to the presidential commission, the House of Representatives Committee on Science and Technology and his working relationship with company management to demonstrate the fate of those willing to expose unethical conduct in decision making.

Admission to the lecture is free. For more information, call Tom Rowitz, 635-1964.

## Williams takes Conroy's seat on Maine Board

Robert C. Williams of Park Ridge has been appointed to serve on the Maine Township Board of Trustees to replace Dee Conroy who died in December. The action was taken at a board meeting last week in a unanimous vote for Williams who held the position of town collector.

According to Township Supervisor Paul Halverson, state law stipulates the collector's position must be filled despite no salary or duties attached to the post. Elected collector in 1985, Williams, 68, has lived in Park Ridge for 35 years and has served as a consultant to a Glenview security firm since his retirement from Edward Hines Lumber Company in 1982.

## Pro-lifers stage second rally at Lutheran General

About 100 members of various pro-life groups marched for a two hour rally in a second major demonstration at Lutheran General Hospital, 1775 Dempster St., Park Ridge, last Saturday, Feb. 13, to protest the hospital's abortion policy.

Among the groups represented at the protest march Saturday afternoon were the Northwest Christian Action Council, Park Ridge Pro-Life, Illinois Citizens Concerned for Life, and representatives from the Willows Academy and Our Lady of Ransom parish, both in Niles.

In the past, various pro-life groups have protested the hospital's policy of permitting abortions during the first trimester (three months) of pregnancy.

Hospital board members recently approved a proposal to allow second trimester abortions if a fetus is determined to have severe birth defects during prenatal screening.

The hospital will also permit abortions if a fetus is believed to endanger the health or life of the mother. The decision to abort will be up to the mother in such circumstances, a hospital spokesman said.

## Niles Fire Dept. calls

The Niles Fire Department answered 22 fire alarms and 42 ambulance calls from Feb. 5 to Feb. 12.

Firefighters went to Forest Villa Nursing Home at 6840 Touhy Ave. after receiving a report of smoke on the second floor of the building on Feb. 6. The cause was traced to a faulty blower motor in the wall unit which was turned off. Maintenance men made repairs.

Smoke was reported Feb. 6 at 9910 Wendy Way. A check showed food had overheated on a stove setting off the fire alarm.

Firemen on Feb. 7 responded to a report of smoke in an apartment at 7522 Cleveland. Cause was determined to be a burned out furnace motor which was removed from the unit. A check showed no fire hazard.

Niles firemen assisted the fire department in putting out a fire in an outside compactor at Sears in the Golf mill shopping center.

Niles Library staff reductions may take place in departments affected by service reductions and according employee evaluations if a tax increase referendum for the library fails to pass in a March 15 election. This was reported to the library board by the board's referendum committee at a regular Feb. 10 meeting.

Following some debate, board members agreed with the committee in a 4-3 vote that tenure should not be a factor in retaining personnel if cuts are necessary. Also, cuts will not take place until next fiscal year which begins July 1, 1988.

Board member Margaret Rajski argued almost all organizations consider employee tenure before layoffs and, no to do so, is "almost obscene."

Library Administrator D. J. McKenzie said the board decided five years earlier to provide staff members with merit increases.

"Do you want to begin giving mixed messages by awarding tenure," he said.

"Let's face it. There's no easy way to make cuts," said Board President Terri Carman.

About one-third of the library's staff of 50 may be laid off if and when some library services cease, according to estimates by

board members. In Dec. of 1987, the board voted its first cut following failure of the referendum would be discontinuance of bookmobile services. This could include layoff of bookmobile staff members.

Other staff members may be laid off if the library is forced to close on Sundays and/or shorten weekday hours.

Voters will be asked to approve a .281 tax levy for an increase of about \$12 a year in library taxes. The present library levy is .150, lowest per capita support of eight area libraries. Following failure of a former referendum in Nov., 1986, a Niles branch library in Ballard School was closed.

In other actions regarding the referendum, three board members reported successful discussions with the public about the library's need for increased revenue.

Other public relations efforts will be aimed at schools, homeowners associations, press releases, cross-referencing of names and telephone numbers and production of other election materials, according to a member of the referendum committee.

## Telephone expert at Niles Historical meeting

The Development of the "Telephone" is the theme for the Friday meeting of Niles Historical Society, to be held at 8 p.m. on Monday, Feb. 22 at Museum Headquarters, 8970 Milwaukee Ave., Niles. The public is cordially invited.

The speaker of the evening will be Jim Aita, a 20-year veteran of AT&T Co., who has developed this topic as a hobby over the years.

The Museum is currently featuring a special exhibit of old Boy Scout memorabilia in tribute to Scout Month, and is already planning on next month's special exhibit of wedding and christen-

ing clothes, pictures and similar items. Donations and loans will be appreciated.

On May 14, a Flea Market, Garden Plant and Bake Sale is being planned, and vendors interested in exhibiting may make reservations by calling 390-0160.

Museum hours are Wednesdays and Fridays from 10 a.m. until 2 p.m. and also on the first and third Sundays of each month from 2-4 p.m. Drop in and show your family and children some pages out of the past.

### Barat phonathon

Barat College alumni and friends will be called on Feb. 22, 23, 24 to support the school's 1988 Phonathon. Co-chairing the annual fund raising event are Barat alumni Sally Noonan Bredemann, Evanston, and Katy Semple Gross, Lake Forest.

"Last year 2,500 Barat alumni and friends pledged a record \$83,111," says alumni director Mary Jane Houlihan, Lake Forest, "and in 1988 we hope to do even better. Our goal for Barat's 1988 phonathon is \$85,000."

He is a 1984 graduate of Maine Township West High School, Des Plaines.

## Free shade trees for spring planting

The National Arbor Day Foundation is giving ten free shade trees to each person who joins the nonprofit Foundation during Feb. 1988.

A Red Oak, Weeping Willow, Sugar Maple, Green Ash, Thornless Honeylocust, Pin Oak, Sycamore, Tuliptree, European Mountainash, and Red Maple tree will be given as part of the Foundation's campaign to encourage tree planting.

These trees were selected to provide shade and beauty, and a variety of forms, leaf shapes, and fall colors, according to John Rosenow, the Foundation's executive director.

The Foundation will give ten free trees to members contributing \$10 during February. The six-to-twelve inch trees will be shipped this spring when conditions are right for planting. They will be sent with enclosed planting instructions, and are guaranteed to grow or they will be replaced free by the Foundation.

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to TEN SHADE TREES, National Arbor Day Foundation, 100 Arbor Ave., Nebraska City, NE 68410, postmarked by Feb. 29, 1988.

## Housing for homeless discussion

Maine Township Supervisor Paul K. Halverson and Barbara Chapin, director of social services at Resurrection Hospital (standing, c), discuss housing the homeless at a recent clergy breakfast sponsored by Maine Township while Rabbi Binyomin Schleiman of the Lubavitch Chabad of Niles and Sister Clara Francis of Resurrection

Hospital look on. At the breakfast guest speaker Phil Carolin, executive director of the Des Plaines-based Housing and Shelter Program, Inc. (HASP), unveiled plans for a shelter for homeless women and children his organization would like to locate in Maine Township.

## Maine Township Energy Assistance applications

Keeping warm this winter may be a major concern for many Maine Township residents - particularly the elderly, the handicapped and the needy.

Maine Township Supervisor Paul K. Halverson is reminding residents that they may apply for financial help from the Illinois Home Energy Assistance Program (I-HEAP) at Maine Township's Social Services Department.

The program is open to all residents who meet income-eligibility requirements and need

help paying their utility bills. Apartment dwellers whose heat is included in their rent may also be eligible for the subsidies.

Income eligibility guidelines based on a 90-day period are \$1,719 for one person; \$2,313 for two; \$3,006 for three; \$3,500 for four; \$4,094 for five; \$4,688 for six; \$5,281 for seven; and \$5,875 for eight.

An appointment is necessary and can be made by calling the Maine Township Social Service Department at 297-2510.

The energy subsidies are pro-

vided through a federal grant administered locally by CEDA (Community and Economic Development Association of Cook County). Maine Township is one of several designated application sites in Cook County.

## SJB Holy Name speaker Ransom plans Lenten Mission

A Lenten Evening of Recollection sponsored by the St. John Brebeuf Holy Name Society will be conducted by the Rev. Lawrence Springer on Monday evening March 7.

Entitled "The Modern Catholic Man, His Church and His Family", the evening will begin with Mass in the Chapel of St. John Brebeuf Church, 8301 N. Harlem, Niles, at 7:15 p.m. All Holy Name members are asked to meet in the Chapel by 7:10 p.m. After Mass the evening will continue in Flanagan Hall with a talk, a movie presentation followed by a discussion and Benediction of the Blessed Sacrament.

Come prepared to participate -to listen, to think, to discuss and to pray. All men of the parish are invited. Holy Name pins will be presented. Refreshments will be served.

Rev. Lawrence Springer

### Resurrection faculty retreat

On Monday, January 25, the faculty of Resurrection High School was involved in a day of renewal sponsored by the retreat team from Resurrection Retreat Center. Three team members, Mr. Graziano Marchesi, Fr. Gene Majewski, CR, and Sr. Mary Cornille SLW, spent the day challenging the faculty on the message of the Kingdom of God present here and now. The faculty was given an opportunity to reflect on their own views of God's Kingdom and to share their insights in an environment of community building.

### Jewish Genealogical Society meeting

The annual meeting of the Jewish Genealogical Society of Illinois (J.G.S.I.) will take place at 3 Sunday afternoon, Feb. 28, at North Shore Congregation Israel, 1185 Sheridan Rd., Glenview, Illinois. In addition to the annual meeting, Dr. Isaac Daniel will speak about Sephardic Jews. Guests are welcome to hear Dr. Daniel discuss "Following the Sephardic Trail." Dr. Daniel has been very active in the Jewish community and has a strong interest in Jewish history and linguistics.

For further information, please call J.G.S.I. President Judy Frazin at 564-1025.

The Our Lady of Ransom Parish, 8300 N. Greenwood, Niles, invites the community to attend their Lenten mission "The Lenten Journey: Coming to Know God by Heart." The mission begins Sunday, Feb. 21 from 7:30 - 9:00 p.m. and will continue every evening through Thursday, Feb. 25 with Sr. Mary Ruth Broz, R.S.M. and Fr. Joe Ruiz giving presentations each of the five evenings.

Sr. Mary Ruth Broz received a Master of Divinity degree in 1979 from the Jesuit School of Theology in Chicago. She is a Doctor of Ministry Candidate at St. Mary of the Lake Seminary in Mundelein. For the past nine years, she has been pastoral associate at Queen of All Saints Parish, focusing especially on the spiritual formation of adults.

Fr. Joe Ruiz was ordained in 1966 and has served in four parishes in the Archdiocese. He received an M.A. in psychology from Loyola University in 1979 and presently serves at Mary Seat of Wisdom Parish in Park Ridge.

### St. John Lutheran Church Lenten Services

The second in a series of Midweek Lenten Services will be held at St. John Lutheran Church (Missouri Synod) on Wednesday, Feb. 24, at 8:45 in the morning and at 7:30 in the evening. The services will be identical. St. John is located at 7429 N. Milwaukee Ave. (one block south of Harlem) in Niles.

The Lenten theme for this year is "Objects of the Passion." A different object that was a part of Christ's passion will be used each week to help us focus on God's plan of salvation. This week's object will be the thirty pieces of silver that Judas was paid to betray Jesus. A Dramatic Reading on this theme will be a part of the service.

These midweek Lenten services will continue throughout the Lenten season at both times: 8:45 a.m. and 7:30 p.m. on Wednesdays. Regular Sunday morning worship times are 8 and 10:30 a.m. with Sunday School classes for children in Pre-school through the Eighth Grade. An Adult Bible study is held at 9:15 led by Pastor Stoebig.

### Senior Fellowship at Edison Park Lutheran Church

The Senior Fellowship of Edison Park Lutheran Church, 6826 N. Oliphant, will meet on Thursday, Feb. 18, at Noon in the South Hall of the church. A very special program is scheduled—Bernard Domez, senior choir member at EPLC, will present a concert and sing-a-long.

You are invited to join this great group of seniors! Bring what you like for lunch. The Senior Fellowship provides dessert and beverage. If you cannot be here for lunch, come and share in the program. It usually begins about 1:30 p.m.

There is a lift available at the tower entrance of the building, for easy accessibility for the handicapped.

### Purim Fun Night

Temple Beth Israel, 3939 W. Howard St., Skokie, will hold a Purim Fun Night on Sat., Feb. 27 at 8 p.m. The cost is \$7.50 per person. Games, dessert bar, prizes, etc. will be included.

For additional information call the Temple office at 675-0951.

## Volden commissioned as Associate in Ministry

On Sunday, Feb. 21, at the 9 a.m. and 11 a.m. services, Susan R. Volden, Director of Youth Ministries at Edison Park Lutheran Church, will be commissioned as an Associate in Ministry of the Evangelical Lutheran Church in America.

As a Certified Lay Associate, the larger church adds Sue to the Lay Roster of the ELCA and recognizes her as a lay professional who has met rigorous standards of competency in the ministry of Christ's church.

Sue has a Bachelor's degree from Valparaiso University and a Master of Arts degree from Luther Northwestern Theological Seminary. She has had extensive experience in camping ministry, convention and seminar planning, and youth ministry. Her theological training and her experience, plus a formal evaluation and interview process, have resulted in this special honor and achievement for Sue.

The guest preacher for Sue's commissioning, and for the 61st Anniversary of Edison Park Lutheran as a congregation, will be Dr. Morris "Bo" Sorenson who serves as assistant to Dr. Herbert Chillstrom, presiding Bishop of the Evangelical Lutheran Church in America. A reception in Sue's honor will be held between services.

Sue's parents, Marvin and Alice Volden, are long-time residents of the Edison Park area. We rejoice with Sue and her family and take pride in the achievement of "one of our own!"

## GOP Women host candidates brunch

"Brunch and Punch" is the name Maine Township Republican Woman's Club has given to their Sunday, February 21 gathering for the party's candidates in the March 15 Primary Election.

The event is open to all in the area interested in meeting and learning more about the County, State, Congressional, and Presidential candidates who will be on the ballot, and also for local people running for delegates to the alternate delegates to the Republican Convention in August 1988. Several of these convention candidates are members of

MTRWC and/or the Maine Township Regular Republican Organization.

Reservations for the brunch are requested, and may be made by calling co-chairman Jackie Superson, 998-6439, and Loretta Kretschmer, 297-2912, or president Wilma Hoffman, 296-5806.

"Brunch and Punch" hours are 11 a.m. to 2 p.m. at West Park Fieldhouse, Wolf Road and Greenview in Des Plaines (just north of Thacker-Dempster and adjacent to the Belt line railroad tracks.)

Donation requested is \$8 for adults, \$3.50 for children.

## Registration for Pre-School testing

School District 67 will conduct a free diagnostic screening program for preschool children. The program is designed to detect possible deficiencies in vision, hearing, language and/or motor development. All parents of three and four year olds are encouraged to take advantage of this opportunity.

Registration will be held on Tuesday, February 23, 1988 at Hynes School, 3000 Belleforte, Morton Grove, IL. The hours are from 9 AM to 11:30 AM and 1 PM to 3 PM.

A child must be a resident of School District 67 to participate in the screening. At registration, parents will be given a readiness game that should be used to prepare their child for testing. If there are any questions, please contact Mrs. Burud, School Nurse, at 965-4500 or 965-3740.

## What's Cooking at The Bugle Pantry

### TWO-STEP, MAIN-DISH SOUP HAS FIBER

Until recently, "crude" or "insoluble" fiber found in grains such as bran was the only type of fiber that could be measured accurately. Now, "soluble fiber" also can be measured and savored.

Soluble fiber, found in such favorites as beans, peas and other vegetable and fruit sources, actually slows down the emptying of food from the stomach and helps lower blood cholesterol levels. Combine soluble and insoluble fiber together and you have total "dietary fiber"—an important measure in planning healthy eating patterns.

Chicken Florentine Minestrone Soup, which starts with Campbell's Condensed Minestrone soup, is a delicious main-dish soup that has almost 4 grams of dietary fiber per serving and takes just minutes to prepare. Complement a bowl with whole grain bread and Waldorf salad for a fiber-full meal.

#### CHICKEN FLORENTINE MINESTRONE SOUP

- 1 can (10 3/4 ounces) Campbell's Condensed Minestrone Soup
- 1/2 cup water
- 1/2 cup shredded savoy cabbage or any green cabbage
- 1/2 cup shredded spinach
- 1 small clove garlic, minced
- Dash pepper
- 1/2 cup cooked chicken or turkey cut in bite-size pieces

1. In 2-quart saucepan over medium heat, heat to boiling all ingredients except chicken. Reduce heat to low; cover and simmer 10 minutes, stirring occasionally.
2. Add chicken. Heat 2 minutes or until hot.

Makes 3 1/2 cups or 3 servings.

Dietary Fiber per serving: 3.8 gm  
NOTE: Recipe may be doubled.

#### SHRIMP AND LEMON SOUP

Dazzle and delight family and guests with Shrimp and Lemon Soup, an easy-to-prepare blend of Campbell's Creamy Natural Broccoli soup, sauteed celery, milk, chopped shrimp and grated lemon rind.

Top off this delicious creation by garnishing each serving with a whole shrimp and parsley sprig and you'll see why Shrimp and Lemon Soup is a classic way to indulge your day.

- 1 tablespoon butter or margarine
- 1/4 cup diagonally sliced celery
- 1 can (10 3/4 ounces) Campbell's Creamy Natural Broccoli Soup
- 1 soup can milk
- 1/4 cup chopped uncooked shrimp
- 1/4 teaspoon grated lemon peel
- Fresh parsley sprigs for garnish
- Cooked shrimp for garnish

1. In 1 1/2-quart saucepan over medium heat, in hot butter, cook celery.
2. Stir in soup; gradually stir in milk, 1/4 cup shrimp and lemon peel. Reduce heat to low; simmer until shrimp turn pink, stirring occasionally. Garnish with parsley and shrimp. Makes 2 2/3 cups or 3 servings. Calories per serving: 171  
Mg. Sodium per serving: 868

## PR-VFW Auxiliary activities

Veterans residing at three area nursing homes were treated to a Christmas Party by members of the Park Ridge Veterans of Foreign Wars Post 3579 and its ladies auxiliary.

Santa visited the Norridge Nursing Home in Norridge and Ballard and Holy Family Nursing Homes in Des Plaines. He distributed gifts to the veterans and their guests. Gifts included toothpaste, and toothbrush, pen & pencil, note pad and candy for all, with socks, handkerchiefs and disposable shavers for the men and shampoo, hand cream brooch and perfume for the women. Auxiliary president stated all items were donated by auxiliary members and post members, and wrapped by auxiliary member Josephine Straz.

According to Nursing Home Chairman, Zella Prajzner, each month Norridge Nursing Home is visited on the first Wednesday of the month and Ballard and Holy Family Homes are visited on the

third Wednesday of the month. A small cake with a candle is presented to each person celebrating a birthday that month.

## Woman's Club aids the homeless

Indian Affairs Chairman Ann Zwik, Vi Felber, and Lorraine McCauley, representing the Morton Grove Woman's Club 10th District, Ill. Fed. of the General Federation of Women's Clubs, are busy packing boxes of underwear, sweaters, socks and soap. These donations will be to "Homeless Shelters" in Chicago through the American Indian Center. Mrs. Zwik, who has been active in this type of work for years, has visited many shelters and notes that the need increases

daily as the situation worsens. Any donations - especially of the above mentioned articles - any sizes - would be much appreciated. The Woman's Club is actively looking for outside help to assist them in this project. When you see these huge rooms, lined with coats, scattered with bags of belongings, no privacy, noises, smells, the realization hits of the help and effort that must be made. For information on how to help call 965-0695.

## Women's History Week Program

"Women - Where Do We Stand Today?" will focus activities for the Mundelein College Chicago Women's History Week Program, Mon., Feb. 26 through Sat., Mar. 5, Main Building, 6363 Sheridan Rd., Chicago. A series of noontime discussions will lead to the final event, a presentation on "Women and the Constitution" by Mary Becker, Professor of Law, University of Chicago, who will speak at 3 p.m., Thurs., Mar. 3. All events are open to the public.

For information, call 989-5415.

## Barat College White Elephant Sale

Barat College's Children's Center will hold a White Elephant Sale from 9 a.m. to 4 p.m., Saturday, Feb. 20, in the college gym, Sheridan and Westleigh Roads, Lake Forest.

In advance of the sale, donations of toys, clothing, furniture, knickknacks and other household items are needed. "This is a good opportunity to get an early start on your spring cleaning," says Louise Lundgren, director of Barat's Children's Center.

Donations can be brought to the Children's Center on Monday-Friday from 8:30 a.m. to 5:30 p.m.

Proceeds from the sale will benefit Barat's Children's Center Assistance Program which helps Barat adult students who use the Children's Center pay the cost of day care. The Assistance Program is chaired by Barat alumna Meg Neurauter, Palatine.

For information about the White Elephant Sale call Louise Lundgren at Barat, 234-3000, or Meg Neurauter, 934-4030.

## Pre-Adoption series

Couples thinking about having a family through adoption will have an opportunity to meet with adoption specialists at the Jewish Children's Bureau in a series of eight meetings beginning Monday, March 7. The program content will emphasize adopting independently.

Series meetings will be held at 7:30 p.m. on March 7, March 21, April 11, April 25, May 2, May 16, June 6, and June 20. All meetings are at the Jewish Children's Bureau Skokie Office, 5650 Church St.

Participants will discuss

families' experiences as they raise adopted children, legal issues connected with adoption and Jewish aspects of adoption. They will learn about families' experiences as they seek adopted children. Featured speakers will include an attorney specializing in adoption, a pediatrician, a rabbi, adoptive parents and an adoption social worker.

To reserve a place at this forum, or for more information, call Lois K. Samuels, JCB Adoption Social Worker at 346-6700, ext. 3024. There is a charge of \$50 for the series.

## Thefts...

The manager of a store in the 8200 block of Golf Rd. told police Feb. 10, a man came to the checkout counter and told the employee he may have lost his keys while shopping in the store. The clerk went to the service desk, but a check at the lost and found was negative.

After the man left the store, several teenagers informed the manager they had seen the alleged offender reach into the cash register while the employee was at the service desk. A check of the cash register revealed a shortage of \$740.

He was described about 35 years old, 5'10", weighing 150 lbs and wearing a beige coat and beige brim hat.

Unknown persons on Feb. 10 threw a large piece of cement through a bay door window to gain entry to a gas station in the 9000 block of Milwaukee Ave.

Once inside, the offenders entered the front side storage area and removed about 90 cartons of cigarettes worth a total of \$976.50. A key sitting on top of a cash drawer containing \$100 in currency was not touched, according to police reports.

A woman reported Feb. 10 her purse was stolen from her office in the 7100 block of Milwaukee Ave.

The purse contained an undetermined amount of money, keys, driver's license and credit cards.

A Skokie woman was cited for petty theft Feb. 8 at Sears after she was observed concealing two cassette tapes valued at \$14.97 in her purse and attempting to exit the store.

The offender paid the \$50 fine under the charge.

A Chicago woman was arrested for retail theft and battery at Sears on Feb. 7.

A security agent observed the offender place a pair of panty hose and a brassiere worth a total of \$14.50 in her purse and attempt to leave without paying for the items. When she was stopped, the offender became violent and struck the security man in the chest repeatedly with a closed fist.

She was released after posting \$1,000 bond and assigned a Feb. court date.

A Chicago woman had her wallet stolen from her purse after she was bumped by an unknown person at J.C. Penny on Feb. 7.

The wallet contained \$15, credit cards, and driver's license.

A Park Ridge man was arrested for retail theft at a store in the Golf Mill shopping center on Feb. 4.

The offender was observed purchasing a racquetball racket worth \$159.86 which had been placed in a \$19.94 racket case, with the offender attempting to pay the lower price.

He was released on \$1,000 bond pending a March court date.

A Niles woman was charged with petty theft Feb. 4 after she was spotted concealing \$37.43 worth of food items in her purse at a store in the 8700 block of Dempster.

The offender paid the stipulated \$50 penalty.

A Niles woman was arrested for retail theft Feb. 4 after a Sears security agent observed the offender conceal a blouse, undershirt and a brass goose valued at a total of \$37 in her purse and attempt to leave the store without paying for the items.

She was released on \$1,000 bond pending a March court date.

Someone removed a fender skirt and hubcap from a car in the 7800 block of Oakton on Feb. 4.

An employee of a gas station in the 8100 block of Oakton reported a man put \$10.03 worth of gas in his car and then drove off west-bound on Oakton. The victim was unable to get the license number on the car.

Two Chicago men were arrested for retail theft at Sears on Feb. 4.

A security agent observed one of the offenders conceal two women's dresses worth \$254.96 by rolling them up and placing the items under his arm covered by a coat he was carrying.

His companion using the same method concealed two women's coats worth \$289.98 but then dropped the items when the agent approached.

Bond for the first offender was set at \$15,000, pending a Feb. court date. His companion was released after posting \$1,000 bond and assigned a March court date.

## Counterfeit \$100 bills discovered

An official of a bank in the 7100 block of Oakton told police Feb. 8 counterfeit money had been discovered in a deposit of \$3,145.82 from a business firm. The counterfeit four \$100 bills were inventoried by police.

Preliminary investigation showed the money deposited was among the Feb. 5 sales receipts transacted at the business, in

which a resident of Venezuela purchased vending machine equipment which we paid for in \$4 \$100 bills. A large portion of the merchandise was to be shipped to the alleged offender's residence in Venezuela, according to police reports.

The case was turned over to a secret service agent who will investigate the matter.

## Fire causes \$2,200 damage to Niles home

Careless use of smoking material was apparently the cause of a fire that broke out in the second floor of a home at 8014 Ozark, Niles, Saturday, Feb. 14.

A fire alarm was confined to an exterior wall and estimated at \$2,250, according to Niles District Chief Don Kobylski.

Kobylski said the fire, which apparently started in some sawdust during remodeling work

in an upstairs room of the house, was extinguished in an hour. Park Ridge Fire Department assisted in extinguishing the fire and overhaul work.

Occupants of the house were not at home at the time of the blaze, but painters were at work in an upstairs room of the building, he said. No one was injured.

## Driving Violations...

An Arlington Heights man was arrested Feb. 10 for speeding and a suspended driver's license after he was observed traveling east in the 7700 block of Oakton at 51 mph. A stop was initiated at Oakton and Octavia.

He was released on \$1,000 bond pending a March court date.

A Chicago man was cited after he struck a car while going into a private driveway on Feb. 10.

The offender was driving west-bound on Touhy and attempted to make a left turn into the driveway of a business firm. In

the process, he pulled directly in front of a car going east.

A March court date was assigned.

A Chicago man was arrested for speeding and a suspended driver's license on Feb. 5 after he was observed speeding at 68 mph northbound in the 6800 block of Caldwell.

Vandalism... Persons unknown on Feb. 6 used a hard object to break the rear window of a car causing \$500 damage at 9048 Grace St.

A resident in the 7300 block of Lee St. reported Feb. 7 she discovered damage to her lawn, cement sidewalk and driveway. She claimed the damage may have been caused by a village snowplow.

DUI arrests... A Des Plaines man was arrested Feb. 10 for drunk driving and improper lane use after he was involved in an accident.

The offender was driving northwest on Milwaukee Ave., crossed over double yellow lines and struck an oncoming car. During questioning, the offender became verbally loud and appeared confused.

He was released on \$3,000 bond and assigned a March court date.

## EXTRATERRESTRIAL WORLDS

All of us would like to know if other worlds exist, what their inhabitants would look like, how far away these other worlds are, and could their inhabitants easily reach us. These are interesting, but difficult questions to answer. Much has been written and said about aliens from outer space and many have claimed "to have sighted UFO's." From the number of "sightings", you would think the aliens operate a regular commuter service. Scientists of many learnings agree that, for life to exist on other worlds, the conditions for life on earth must be duplicated. Also, earth chemistry is identical to chemistry everywhere in the universe.

If we microscopically examined living cells from trees, animals, fish, and humans, we couldn't tell them apart. These cells live and grow by identical biochemical processes. The only difference lies in the genes and chromosomes of the nuclei. These determine what a cell becomes, a cat or a baby boy. While we can say that an alien will have a biochemistry identical to ours, we can't predict what he may look like.

Astronomers feel that there may be a trillion stars in the universe. If one millionth of these were the same size as our sun with a similar solar system, we could have a million celestial cousins. The nearest star is 4.2 lightyears away and does not fit the size requirements. A lightyear is the distance light will travel in one year at a speed of 186,000 miles/sec. If it were possible for a space ship to travel from this star to earth at the incredible speed of 1,000,000 miles/hour, it would take 3,000 years to arrive. At a life expectancy of 75 years, we would greet the 41st crew generation. Where would they get all the needed food and supplies? No star with any proven solar system has yet been found. So, the next time you hear about UFO sightings and aliens, just smile.

## BLAND DIETS AND HIGH BLOOD PRESSURE

One day in a supermarket, I overheard a saleswoman while she was handing out sausage samples. She warned a mother to whom she was giving a sample not to give it to her baby because it was spicy and garlicky. Most Americans claim to love simple, plain food. Not really! They compensate for the tastelessness by using large amounts of salt as do our food manufacturers. In addition, we employ lots of salty sauces and condiments. This large salt intake contributes to high blood pressure: the use of a little tobacco and garlic would be better for us.

Surprisingly, the Japanese who are a small people, not prone to obesity, have a greater incidence of high blood pressure than we. Japanese food is even blander than ours. They correct for this by using large amounts of soy sauces which are loaded with salt.

The Italians and the French strive to prepare tasty, delicious dishes by employing herbs, spices, wines and other ingredients in their cooking. They use very little salt. Anyone who has eaten a meal in Rome will have noticed that the same food tasted much better than in an Italian-American restaurant. Americans should adopt cooking techniques which not only please the palate but the heart as well.

## AUTOMOBILE UNDERCOATING AND BODY RUSTPROOFING

Hardly a person buys a new car who is not asked to have it undercoated or given an expensive, in-body rustproofing. Once upon a time, this practice was almost standard. The treatments cover exposed metal surfaces with a tar-like, petroleum product to protect them from corrosion. In undercoating, the car's bottom is sprayed. For the in-body treatment, holes are cut into doors, rocker panels, and elsewhere. A spray nozzle is inserted and the metal surfaces are coated.

Independent consumer testing organizations have studied these treatments and have found they are not effective and in many cases actually promote corrosion. Rusting results when the coating dries out, cracks, and partially lifts off. When this happens, saltwater gets under the coating. Since these areas never dry out corrosion goes unabated. Today's car makers use rust-resistant galvanized or zinc-chromium treated sheet metals and improved body designs. It don't let anyone talk you into having your new car rustproofed. It already is.

## Computer catalog classes at Niles Library

If you can brave the foul March weather, the Niles Public Library is still conducting monthly Computer Catalog Classes. March classes are scheduled for March 8 at 7:30 p.m. and March 11 and 12 at 10:30 a.m.

The classes introduce library users to the automated computer catalog and how it works. A reference librarian will demonstrate how to search the catalog for materials you are interested in finding. Searching can be done by selecting title, author or subject headings. Class participants are given the opportunity to practice what they've learned under the watchful eye of a persistent staff member.

Classes normally last 1 to 1½ hours and are offered free of charge to interested users. Anyone may register by calling 967-8554 and asking for the Reference Desk, or just sign up at the Reference Desk the next time you are in the Library.

Remember, the Library has been automated for over two years. It still houses the "old card and drawers" catalog, but nothing new has been filed into it for almost 3 years. The Library continues to buy new and exciting materials, best sellers, "who done its", current topics, travel guides, etc... These materials can be found only in the computer catalog.

# LETTERS TO THE EDITOR

## An endorsement for Pat Robertson

The primary system exists to give voters the opportunity of choosing the best candidate from each party to run in November. Often this means selecting the lesser of two evils. This year, however, Republicans have the opportunity of selecting the best from a field of very good prospects. All six major Republican candidates would make acceptable presidents. Of these, Pat Robertson is undoubtedly the finest.

Pat Robertson is the first candidate in decades to truly advocate small government, strong defense, traditional family values and personal opportunity. With a wider range of international administrative experience than any other candidate, Pat Robertson is clearly the most qualified and dedicated person for the office.

Conservatives have always maintained that private charity and programs were far more helpful to the poor and underprivileged than wasteful, Welfare State-type government programs, but we have rarely had a candidate whose experience demonstrated that fact. When Pat Robertson saw rampant illiteracy, he founded Sing, Spell, Read, and Write, a program that has taught over 120,000 adults and children to read, without government assistance... or hindrance.

When Pat Robertson saw that the Welfare system was failing to address the needs of the poor of our nation, he founded Operation Blessing, which has now provided for over 25 million needy Americans, also without dependence on taxpayer dollars. Pat Robertson's experience includes founding and operating CBN worldwide, establishing a respected graduate school, and serving the public as a journalist, a minister, and a businessman. He is a Phi Beta Kappa graduate of Washington and Lee University and holds a Juris Doctor degree from Yale Law School, with thirty years of public achievement in a wide variety of fields.

Pat Robertson is more committed to Republican Party principles, as embodied in the party's 1980 and 1984 platforms, than most Republican Members of Congress. For decades, Robertson has advocated such chief causes as a Balanced Budget/Tax Limitation Amendment, immediate across-the-board federal budget cuts, national defense based on SDI, not on Mutually Assured Destruction or appeasement with the Soviets.

Pat Robertson and his delegates are committed to the Constitution's intent of small government, personal freedom,

and civil liberties of all kinds. As President of the United States, Pat Robertson will work toward lower taxation, lower government spending and regulation, and greater security for ourselves and for our allies.

We all agree that government must not legislate personal morality, but should rather provide Americans with an outlook of liberty, honesty, and integrity. We've had an actor with an economics degree, a peanut farmer with an engineering degree, ranchers, generals, and cowboys in the Oval Office; why not a minister with a law degree?

As a candidate for delegate myself, I endorse Pat Robertson for his background, his issues, and his ability. I guarantee that as delegates to the National Convention, Pat Robertson's supporters will work for party principles, party unity, and a platform and candidacy that will bring greatest benefit to the United States.

Sincerely,  
John F. Di Leo  
Candidate for Delegate, Illinois  
Sixth District

## I Bet You Didn't Know

By Jim Jennings

Here's a basketball story that's hard to believe, but it's true. The man who was once voted the greatest basketball player in the history of the sport was so awkward and clumsy as a youngster that no one wanted him on their team, and he was so little thought of, that many colleges wouldn't give him an athletic scholarship. But he wound up at DePaul University and, amazingly, he turned into the best basketball player of all-time in the Associated Press' mid-century poll in 1950. That player was George Mikan, one of the first of the great, big men in basketball. But nobody would have predicted that Mikan would become an all-time great when he started.

One of the strangest bouts in boxing history took place in Newark, N.J., in 1948 between welter weights Mike DeCosmo and Laurie Buxton. The 2 fighters were swinging away at each other when the bell sounded, ending the 10th and final round. The referee stepped between them, trying to stop the fight, but the boxers, apparently never hearing the bell, kept swinging. They both simultaneously hit the referee and knocked him out. The fight ended with the 2 boxers on their feet and the referee lying on the canvas. After the referee was revived, he awarded the decision to Buxton.

### 'Athletic Wall of Fame' inductees

Recently, four Notre Dame alumni were inducted into the Athletic Wall of Fame at the school. In order to be selected for the Wall, the athletes must meet criteria in three areas: the degree of success in high athletics, the degree of success in college athletics, and the unanimous vote by a selection committee composed of the athletic director, athletic coaches, and members of the faculty.

Graduating in 1961, Patrick J. Kelly was a four year football team member and a two year letterman. As a senior, he was selected for the Suburban Catholic All Conference team, received honorable mention for the All Area and All State teams, and was a member of the National Honor Society. At North Central College, Pat was a three year letterman in football and made the President's list in 1964.

As a four year team member and two year letterman, Thomas G. Nicholas was captain of the football team in his senior year in 1980. Selected for the Suburban Catholic All Conference Football team, he was also given honorable mention for the All State and All Area teams. Then at John Carroll University, Tom was a four year letterman in football and received honorable mention on the All Conference team. In 1984, he was presented with the John Carroll University Sports Information Award.

Participating in three team sports, Bradley A. Heinz graduated in 1983. He was a four year member and two year letterman in football and baseball and also played basketball for

two years. As co-captain of the football team in 1982, he played on the Suburban All Conference team. Then as captain of the baseball team, he was selected for the Suburban All Conference Baseball Team. Graduating in 1987 from the University of Pennsylvania, he was a three year football letterman. In 1986, he was co-captain of the team, selected for the All Ivy League Football team, and was an East Coast Conference Player of the Week. Lettering in baseball for three years, Brad was named captain in 1987.

As part of the Class of 1982, Mike Reidy was a four year member and two year letterman on the football team. Named captain in 1981, Mike was selected for the Suburban Catholic All Conference and All Area football teams. Then at the University of Wyoming, he was a four year letterman on the football team and was named a National Strength and Conditioning Association All American in 1986. In 1987, Mike had a professional tryout with the Houston Oilers.

### Squirt Rangers

Making their first trip of the season to Northbrook the Squirt Rangers came away with a wild 7-5 victory over the Bluehawks. After an offensive battle in the first half of the game the Ranger defense tightened and held the Northbrook club to one goal in the second half and extend their winning streak to three games.

The teams combined for 6 first period goals and it was the Ranger's Peter Sikaris who converted on a pass from Mike Barrett that started the fire works. Mike Barrett then scored an unassisted goal to gain a 2-0 lead. Northbrook came back by scoring the next 3 goals and took a short lived 3-2 lead. Matt Papish then jumped on a rebound and drove it home with assists going to Sean and Mike Barrett and the first period ended tied at 3.

The teams exchanged second period goals and it was Mike Barrett's 2 unassisted lattes giving him his second 3 goal hat trick of the season that left these two evenly matched teams tied at 3 all after two periods.

The Ranger Defense and goalie Ross Hambourger then shut the Northbrook offense down. Lambros Tragus then notched what proved to be the game winner and his first goal as a Squirt the assist going to Jim Sikaris with 58 seconds left to play. David Zawadzki then sealed the victory just 15 seconds later on a brilliant end to end rush.

### Ripon cager

The Ripon College women's basketball team ended a busy week of competition with two non-conference wins and a conference loss. Team leaders included Mary Marusek with 8 points and 5 rebounds.

Marusek is the daughter of John and Mary Marusek, 8223 Merrill, Niles and a graduate of Regina Dominican High School.

## Mass marks hospitals affiliation

"May our new life together be filled with hope, peace and joy for all of us and the patients we serve," Resurrection Health Care Corporation President Sister Bonaventure, C.R., prayed at a special Eucharistic celebration Feb. 2 marking the affiliation of Resurrection Hospital and the John F. Kennedy Medical Center on Chicago's Northwest Side.

The special liturgy marked the beginning of a new relationship between the two hospitals, and for the Sisters of the Resurrection the date Feb. 2 was especially significant. It was 88 years ago on that date that the first four Sisters of the Resurrection first arrived in Chicago and later founded their headquarters apostolate.

During the ceremonies, Sister Bonaventure noted, "You have been called by name and given special gifts - gifts to plan programs, to type, to locate tiny veins, a gift to work with wood, to do surgeries, bake, listen, educate or tell stories. All of us now combine these gifts to form a new relationship: that of Resurrection/John F. Kennedy Health Care Family."

Co-celebrating the mass were Rev. Elder Senseac, C.S.V., Rev. Leon Grantz, C.F., all of the hospital's Pastoral Care Staffs.

James M. Malloy, newly named Executive Vice President of the John F. Kennedy Medical Center represented the group of the hospital managers and supervisors gathered for the liturgy in

## Volunteer training classes

Rainbow Hospice, Inc. has announced plans for volunteer training classes to be held at Lutheran General Hospital February 20, 23 and March 1, 8,

15, and 19. Volunteers are a vital part of the hospice program, explains Margaret Murtha-Kriska, Volunteer Coordinator. As a volunteer, you might be asked to do any of the following: being a friend and companion to the patient and family; relieving the primary care-giver for a short period of time; running errands; observing and reporting to other hospice team members; and doing bereavement follow up. While volunteers do specific tasks, their greatest asset to patients and families is their ability to listen. Just their presence makes the road less lonely.

There is a great need for persons who may have a few daytime hours available, but anyone who is interested in becoming a volunteer is asked to call the Rainbow Hospice, Inc. office at 774-2480 for further information.

## Forest hosts Expert on family therapy

An all-day workshop on "Inpatient Family Therapy," will be presented for professionals in the health fields, by Forest Hospital Foundation and Forest Institute of Professional Psychology on Friday, February 26, beginning at 9 a.m. The workshop will be held in the Novick Auditorium at Forest Hospital, 555 Wilson Lane in Des Plaines.

Presenting the program will be one of the country's leading experts in the field of family therapy, Judith Landau-Stanton, M.D., Associate Professor and Director of Family Therapy Training, Clinical Services, Department of Psychiatry, University of Rochester Medical

Center. Well known for her cross-cultural work, Dr. Landau-Stanton developed the Transitional Therapy approach, including Transitional Mapping, "Link" therapy, Transitional Sculpting, and the "Pick-a-Dall Circus" therapy team. She has taught and given workshops on four continents and has trained family therapists from over two dozen countries. The workshop is accredited for Continuing Medical Education. There is a registration fee of \$20, which includes lunch. For reservations or information, call 312-635-4363.

## Weight Control Program at LifeCenter

Because of community interest, the Weight Care Institute and Counseling Clinic offered at the LifeCenter on the Green, 5145 N. California, is being opened for registration on an ongoing basis.

Interested parties now may sign up at any time for the 10-week course which is a multifaceted weight control program that incorporates psychological components and support systems to help insure participant's achievement of the goals.

Helen B. Axelrod, PhD, a recognized expert in the field of weight control who has been successful in the resolution of many "seemingly hopeless" weight loss cases, directs the program. Some of the specific approaches she uses are: behavior modifica-

tion techniques; therapeutic support groups; strict attention to the amount and kinds of foods consumed; and anxiety, stress and problem management.

The program is offered two times each week—a Monday evening session from 7:30 to 8:30 p.m. and a Tuesday morning series from 7 to 8 a.m. Weigh-ins for both sessions are 15 minutes before starting time. Individual weight loss therapy also is available on a one-to-one basis.

Fee for the course which is open to adults and young people is \$300. For more information or to register contact Dr. Axelrod at 492-1212. The LifeCenter on the Green is affiliated with Swedish Covenant Hospital.

## Lifesaving classes

The Leaning Tower YMCA will be offering special Lifesaving classes for those who need the certification to work as a lifeguard.

Those interested will have a choice of day to enroll. The Tuesday class will run from Feb. 23 through May 10 from 4-6 p.m.

The Saturday class will run from Feb. 27 through May 23 from 11:15 a.m. to 1:15 p.m.

Successful completion of the course entitles the participant to certification in both YMCA Lifesaving and American Red Cross Lifesaving. Participants must be a minimum of 15 years old to enroll.

The Leaning Tower YMCA is located at 6300 West Touhy Avenue in Niles.

For additional information, contact Laurie Guth, Aquatic Director or Evelyn Merkl, Assistant Aquatic Director, 647-8222.

## Teen fights battle of courage

15-year-old Cheryl Hogarty had just made the varsity basketball team at Barrington High School. She was looking forward to an exciting new season. Enthusiastic and spirited, Cheryl was determined to give 100 percent to the team.

However, during basketball practice Cheryl started getting sharp ankle pains. "It felt like someone was sawing through my ankle," remembers Cheryl. "I couldn't sleep, I looked pale and felt very weak." Her parents took her for a physical exam, but her doctors couldn't find anything wrong. Cheryl's pains persisted, however, and her doctors began to suspect that she might have arthritis. A rheumatologist could find no evidence of arthritis, but noticed that she had a low white blood cell count. Cheryl then went to see a hematologist, who ran blood tests and performed a bone marrow biopsy.

The results of the tests showed that Cheryl had acute lymphoc leukemia, with lymphatic complications. "What lymphatic complications means," explains Cheryl, "is that I had a tumor in my thyroid gland. Most leukemia patients don't have that. I was immediately admitted to the hospital where another bone marrow biopsy was done." Cheryl was prepared for surgery, and then a central line was put in her chest for chemotherapy.

During surgery, Cheryl received several units of platelets, a blood component. Blood was transfused to raise Cheryl's hemoglobin count and to replenish her platelet supply. Because of the location of her biopsy, she remained in the Intensive Care Unit overnight so her condition could be monitored.

If Cheryl's neck had swollen, her breathing could be cut off. Chemotherapy treatment was started right away, and with it,

Cheryl's hair began to fall out.

Later, Cheryl began vomiting blood. Her blood pressure went to 60 over zero. Cheryl had a heart attack. Cheryl said, "I coded, which is considered death. After I coded, a double loman, an arterial line and an IV were put in." She was revived, her condition critical. To keep Cheryl's heart beating regularly, she was given oxygen.

Cheryl's condition remained critical. "The doctors wanted to give me enough drugs so I could slip into a coma and then put me on a respirator, but my Dad said no," says Cheryl.

Cheryl's father made the right decision because two days later, her breathing improved and her heart pains went away.

Despite all this courageous teenager has been through, she

keeps her spirits high and energy soaring. "People tell me I have a positive attitude. I attribute this to my friend Irena who recently passed away from another form of leukemia. She taught me a lot, especially on maintaining a positive attitude.

This past summer Cheryl started her first job as a telerecruiter at LifeSource. As a telerecruiter, Cheryl calls on blood donors and asks them to schedule their next appointments to donate.

Currently a junior at Barrington High School, Cheryl says, "With a positive attitude, there isn't anything you can't do."

For further information on how you can help save lives by being a blood donor, call LifeSource at 298-9660.

## Why you have been unable to quit smoking

Nicotine (smoking), like other drugs, has both a physiological (biochemical) and psychological (habitual) phase in its addiction.

Success in stopping any addictive process involves, first, the psychological withdrawal and then breaking the physiological habit on a permanent basis.

Nicotine in cigarettes displaces certain neurotransmitters (acetylcholine) throughout the body and brain. This causes a variety of immediate undesirable health effects.

With the physical addiction to nicotine, (in some ways more addictive than heroin), the habitual smoker builds up a tolerance and then a physical dependency upon the nicotine. After a time, the smoker smokes to feel normal!

Nicotine addicts (itself primarily in the brain, causing withdrawal symptoms of nervousness, irritability, cold sweats, trouble sleeping, cravings, trouble concentrating, etc.

Many patients have told us that the only difficult part of stopping smoking at Physicians Centers

was to make the phone call for information. Call now! Offices are located at 500 N. Michigan ave., Chicago 60611, 644-0666; 120 Oak Brook 60521, 323-2628; and 64 Old Orchard Center, Skokie 60077, 679-5300.

The treatment takes effect within minutes. By the time patients are ready to leave the office, many have already experienced a diminished desire to smoke and the majority do not experience the side effects of nicotine withdrawal as do so many smokers who try to quit alone.

## If you think you've got problems, you've got a thing or two to learn.

MARCH 7, 17 DesPlaines, Hoffman Estates

### HIS, HERS AND OURS: MAKING BLENDED FAMILIES WORK

- Can you become "one big, happy family"?
- What about the "Ex" - how to avoid outside interference.
- How do you discipline "his" or "her" children?

MARCH 28 DesPlaines

### DOES ADOLESCENCE - HIGH SCHOOL, DRUGS & ALCOHOL

- Do you suspect your child of using alcohol or drugs?
- Signs and symptoms—learn to recognize the important signals.
- How do you communicate with your adolescent and when do you need help?

When it comes to understanding ourselves or our children better, we all have something to learn. There are problems we'd like to work out, but need help knowing how. Changes we'd like to make, but can't. That's why Forest PsychCare Hospital is offering another series of free presentations—in your communities—about these issues. They're convenient, they're informative, they're important. Availability is limited and by reservation, so register early. Call 635-4392 or 635-4391 for further details.

## Muscular back problems fall into three categories

Muscular conditions of the back may be generally divided into one of three categories.

Acute, in which the individual undergoes extreme discomfort for a relatively short period of time, perhaps a week to ten days. Once this condition is rectified the patient is usually free of pain for months, perhaps years, until it occurs again if not properly corrected.

Chronic, wherein the patient has a low grade, rather insidious problem. This is usually not debilitating but does indicate that "something is wrong". It may occur daily, several times a week or many times on a monthly basis. People, unfortunately, have a tendency to ignore this type of disorder because it "goes away". An unfortunate combination of both previously mentioned varieties in which the chronic condition, upon being aggravated, exacerbates into an acute situation.

Any one of these varieties, if severe enough, may be accompanied by a nerve involvement. If low-back in nature pain, burning,

numbness or tingling may ensue along the Sciatic nerve in the leg. If upper back or neck these same symptoms may present themselves in the arm, forearm or fingers. Women are especially susceptible to the upper back, neck condition which may be attended by headaches commencing in the area of the shoulders and radiating up the back of the neck to the base of the skull. Men, generally, are more prone to low-back conditions.

Despite the severity and frequency of these conditions, an even more distressing complaint a patient may have is "why do they keep coming back?" This question is completely justified. Our records indicate that eighty percent of those people we see for the first time have had previous and similar problems. We will discuss this aspect of recurrent problems in the near future.

## Edgewater Hospital lecture on Hypertension

"Your Heart and Hypertension" will be the discussion topic at Edgewater Hospital, 5700 N. Ashland Ave., on Monday, Feb. 22 at 1 p.m. in the Auditorium. Doctor Kenneth Horowitz, an internal medicine specialist, will be the guest speaker. He will discuss how to diagnose, treat and control one's high blood pressure.

After the lecture, there will be a question and answer period. Refreshments will be served and free parking is available in the lot adjacent to the hospital. There is no fee for the program, but preregistration is required. Call 878-8000 Ext. 3100 to reserve your seat.

## United Ostomy Association meeting

The North Suburban Chicago Chapter of the United Ostomy Association will hold its monthly meeting Wed., Feb. 24, 1988, at Lutheran General Hospital, 10th floor, East Cafeteria, at 8 p.m.

Speaking will be Dr. Pamela Shrock of Northwestern Medical Center. Her topic will be sexuality and the Ostomate.

Members and non-members, ostomates and interested non-ostomates are welcome.

## Meeting on weight control

"Helping people gain control of their eating is one of the Optifast program's main objectives," according to Robert Spector, M.A., a psychologist working in the program. Bob is shown here conducting a group meeting with program participants.

The Optifast program is designed for persons with 50 pounds or more to lose. A team of medical professionals address both the physical and psychological aspects of being overweight.

For more information on the weight loss program, please call the Park Ridge location at 297-0300 or the Chicago location at 975-5165.

## Optifast Program now at St. Francis Hospital

St. Francis Hospital offers the Optifast Program, a complete weight loss program for people 50 or more pounds overweight. Optifast combines a physician-supervised diet with lifestyle counseling designed to maintain weight loss.

"Obesity can be a serious disease," said nutritionist Susan Harshey, Director of the St. Francis Optifast Program. "Optifast can quickly help obese individuals reduce their risk of diabetes, stroke, and heart disease."

The three-part Optifast Program includes a controlled diet, behavior modification sessions and an exercise program. "Optifast is effective because it emphasizes education and long-term support," explained Ms. Harshey. "Weight loss is meaningless unless a person knows why they are losing weight, and how to change their life to keep the weight off."

People interested in the Optifast Program can attend a free orientation session held monthly at St. Francis Hospital. The Optifast Program staff will be available to answer all questions about the program. The first orientation meeting will be held at 7:30 p.m. on Thursday, February 25.

St. Francis Hospital is located at 855 Ridge Avenue, Evanston. For more information on the Optifast Program, call 492-3730.

## Oak Mill Family Dental Center has new, expanded hours

Dr. Barbara Laskowski is head of the Oak Mill Family Dental Center. Prior to the opening of her private practice, Dr. Laskowski was associated with the Chicago Medical and Dental Center as the Director of its Department of Dentistry. She is a summa cum laude graduate of Mount Holyoke College in South Hadley, Massachusetts and earned her Doctor of Dental Surgery degree from Northwestern University School of Dentistry. After graduation Dr. Laskowski was invited to join the private practice of the internationally recognized dentist, Dr. Emil Stutz, in Richterswil, Switzerland. Upon her return to the United States, Dr. Laskowski chose to establish her practice in our community.

Dr. Laskowski is skilled and experienced in all phases of dentistry and enjoys the variety and

Dr. Barbara Laskowski

flexibility of treating patients of all ages from children to senior citizens. In addition to general dentistry including prosthetics, endodontics, oral surgery and restorative and preventive dentistry, Dr. Laskowski is trained in and has had tremendous success with the new techniques of

cosmetic dentistry such as tooth bonding. Bonding a technique which has recently received much publicity, is used to reshape teeth, fill in spaces, repair broken teeth and to remove discoloration.

As a public service to families in our community Dr. Laskowski has volunteered to provide, free of charge, diagnostic x-rays or study models as a means of identification to aid the various community associations involving missing children.

Dedicated to the well being and dental health of the members of our community, Dr. Laskowski and her staff welcome inquiries and visits to her office located in Oak Mill Mall at Oakton and Milwaukee Ave. The office now has new expanded hours, open 6 days a week for your convenience.

## Parkside sponsors free lecture

Parkside Human Services Corporation is sponsoring a free lecture series. The series consists of eight lectures that explore important health issues. The next program begins at 7:30 p.m. on Wednesday, Feb. 24, and is entitled "A Profile of the Compulsive Overeater: Issues and Treatment." The lecture will be held in Johnson Auditorium on the lower level of Parkside Center, 1875 Dempster in Park Ridge, adjacent to Lutheran General Hospital.

Pierre E. Laccocque, a psychologist at Developmental and Psychiatric Services (DAPS), will give the presentation. He will focus on habits and behavior patterns that characterize the overeater. He will also discuss treatment approaches. A question and answer period will follow the lecture.

For more information or to register for the program, call DAPS at 696-5880.

Parkside Human Services is a member of the Lutheran General Health Care System.

## Community seminar on Cosmetic Surgery

A free community seminar entitled "Answers to Your Questions on Cosmetic Surgery" will be held on Monday, February 22 from 7 to 8:30 p.m. in the Dunton Room at the Arlington Heights Memorial Library, 500 N. Dunton.

The New Image seminar includes a slide presentation given by Colleen Caron, R.N., Cosmetic Surgery Counselor, and a question/answer opportunity led by Edward J. Leary, M.D., a board certified plastic surgeon.

The seminar is designed to cultivate an educated cosmetic surgery consumer and explores the positive changes in self

esteem which people experience as a result of carefully planned cosmetic surgery procedure.

New Image is a comprehensive cosmetic surgery program based on three factors: offering the skills of board certified plastic surgeons; free, confidential consultations; and flat rate costs at licensed day surgery facilities with financing available. New Image consultation centers are located in both Arlington Heights and Downers Grove.

Reservations are requested by Friday, Feb. 19 due to limited seating. For more information, call New Image at 963-0601. There is no charge.

## Swedish Covenant program for diabetics

As part of its comprehensive service for people with diabetes, Swedish Covenant Hospital is offering a "Living Well with Diabetes" program for diabetics and their families on Thursday evenings, March 3 thru 24, from 6 to 8 p.m. in the Anderson Pavilion, 2751 W. Winona.

"Persons with diabetes need information and instruction on how to manage the disease so they can lead healthier, happier lives and lessen chances that complications will develop," said Mana Krismer, RN, program instructor and diabetic teaching coordinator at the hospital.

The four-part program will focus on numerous issues of interest to the diabetic including, the newest treatment for the

disease, the benefits of good blood glucose control, what to do about emergency situations, glucose self-monitoring and the use of nutrition and exercise in controlling diabetes.

Participants will be given a health history questionnaire in order to insure that each person receives instruction appropriate to his/her needs. Besides Ms. Krismer, other professionals from the hospital staff namely a pharmacist, social worker and therapeutic dietitian also will present the most recent advances in the field of diabetic management.

For more information or to register contact Ms. Krismer at 878-8200, Pager 177.

## Former MG resident seeks life saving transplant

Donald R. Kestler, a 51 year old resident of Apple River, Ill., formerly of Morton Grove is hoping to get a call soon from the University of Iowa Hospital that a donor has been found. Donald, who suffers from sclerosing

cholangitis, a complication of chrons disease, has been unable to continue his work as a carpenter in recent months due to his illness.

Dr. John L. Smith of University of Iowa Hospital, has stated, "Donald has end-stage liver failure, he has three to six months survival without liver replacement." Liver transplants are currently being done at a 70% success rate.

Hoping to find a donor in time is not Donald's only worry. The hospital requires \$12,000 for this type of transplant, but costs could go as high as \$350,000 and Donald has no insurance. Since Donald and his family are not in the financial position to pay for such an expensive life-saving transplant, Donald is forced to turn to the public for help, and fundraising efforts are underway. "Fund-raising is not the ultimate solution to the horrendous financial crises many Illinoisans face." Says Donald, "legislative reform is! We must work together to insure that in the future no one will lose someone they love or have to give up everything they have worked for all their life because of lack of insurance or personal finances. The Organ Transplant Fund Inc. is accepting tax deductible contributions in Donald's name. Donations may be mailed to: Organ Transplant Fund, Inc. PO Box 786 Morris, IL 60450.

All contributions will be acknowledged.

## Weiss physician offers new weight loss plan

Fat people pay a double price for their obesity, suffering both health-wise and socially, according to Theodore Balsam, M.D., a Weiss Hospital specialist in internal medicine and gastroenterology. From a health standpoint, it is well documented now that obesity tends to contribute to serious health problems including hypertension, diabetes, hyperlipidemias, or high levels of fat in blood, as well as osteoarthritis and other conditions. Weight loss is recognized as the first line of treatment in many of these problems.

Under Dr. Balsam's guidance, nearly 30 people are currently participating in an effective daily diet plan that utilizes a tasty protein supplement enhanced with vitamins and minerals, complemented by meals and even snacks, while limiting caloric intake to under 1,000 calories. In order to enroll in the program, participants must need to lose more than 25 pounds, Dr. Balsam explained.

Participants usually stay in the program 8-12 weeks or longer, he added. The cost of the program is approximately \$30 per week for the protein supplement, and about \$25 weekly in professional fees. Some insurance plans provide partial reimbursement for participation. The program began about a year ago, and its membership is increasing rapidly, Dr. Balsam said. "We believe this is a very effective, medically supervised weight loss program suited to today's lifestyle, with the involvement of the physician as the key factor to success." "The program emphasizes the link between health and weight, as well as the psychological

Dr. Theodore Balsam

aspects of eating habits. The patient works one-to-one with the physician, receiving a specific diet, including a protein-fructose supplement, along with appropriate support and individual counseling. An important factor is that we also adjust the program to accommodate the patient's lifestyle throughout the program. If it's necessary for the patient to eat out a few times a week, we advise how to do it while staying within the diet limits."

"The program involves weekly visits to the physician for monitoring and evaluation, during which the physician is also alerted to checking for chemical abnormalities or emotional problems, should they develop during the patient's participation. If a specific medical problem arises, the patient is referred back to his or her own physician.

## Forest Hospital honored doctors, employees

The efforts of several members of the medical and professional staffs of Forest Hospital, 555 Wilson In. ## Res offers Children's Health Fair

Children, ages 4 to 10, and their parents are invited to attend a special Children's Health Fair Saturday, Feb. 27 from 10 a.m. to 2 p.m. at Resurrection Hospital, 7455 W. Talcott Ave., Chicago.

Located in the hospital's Marian Hall auditorium, the Children's Health Fair will feature a variety of free health screenings, health information programs and a free teddy bear or doll checkup. Children may bring their favorite stuffed animal, teddy bear or doll for a free checkup at the health fair.

Other highlights of the fair will include free height, weight, vision and speech screenings, as well as a scoliosis checkup.

Fire department paramedics will be on hand with their mobile intensive care unit for free tours just outside the Marian Hall entrance. And, Chicago Police Department representatives will take fingerprints and "Officer Friendly" will speak on child safety tips.

Ronald McDonald, along with his magic show, will visit with health fair participants from 11:30 a.m. and 12:30 p.m.

Advance registration is not required for the Children's Health Fair. For additional information, call the Health Promotion and Wellness office at 792-5022 between 8 a.m. and 5 p.m. Monday through Friday.

## Physicians Center opens Skokie office

Physicians Centers, responsible for helping thousands of patients stop smoking and stay stopped, has opened a new medical office at 64 Old Orchard Center in Skokie.

With great success at Chicago's 500 N. Michigan Ave. office and the Professional Building at Oakbrook Center, Oak Brook, now Skokie provides another convenient location where help is available to end the cigarette habit forever.

"Nicotine in cigarettes, like other drugs, has both a physiological and psychological phase in its addiction," says Eunice Bailey of Physicians Centers. "That's why our patients are seen by both a licensed medical doctor and a Ph.D. or counselor so all aspects of

Eunice Bailey

cigarette smoking are dealt with," said Bailey.

The one and one-half hour treatment takes effect within minutes. Many immediately experience a diminished desire to smoke and the majority do not experience the side effects of nicotine withdrawal as do those who try to quit on their own.

You can leave Physicians Centers a comfortable ex-smoker, who can stay stopped for the rest of your life.

The fee for treatment is tax deductible and many insurance companies reimburse Physicians Centers patients.

Call the Skokie office for more information and to make an appointment to stop smoking for good. Call 679-5300.

## ANAD group meeting

Anorexia nervosa and associated disorders - ANAD - will hold a group meeting for anorexics, bulimics, parents, and families at 8 p.m., Thursday, Feb. 25, at Highland Park Hospital, 718 Glenview Avenue, Highland Park. The meeting is free. Those interested are invited to attend. ANAD groups now hold regular meetings in numerous North Shore communities and other sections of greater Chicago. For additional information, call 831-3458.

Anorexia nervosa and bulimia are dangerous eating disorders characterized by extreme loss of weight and/or binge eating and purging.

## Support group for Alzheimer's disease

The Alzheimer's Disease and Related Disorders Association has made Lieberman Geriatric Health Centre, 9700 Gross Point Rd., Skokie an official site for a family support group. This group is continuous and people may join at any time.

The group meets at 7 p.m. the first Monday of each month in Lieberman's Library. Lieberman

Geriatric Health Centre is sponsored by the Council for Jewish Elders. The continuing group provides families with a forum for information exchange and supportive discussions. The group will be led by Reva Felder, Social Worker at Lieberman.

Questions should be directed to Reva Felder, 674-7210.

## St. Francis holds down healthcare costs

For the fifth consecutive year St. Francis Hospital of Evanston announced it will not increase room rates or test costs. The announcement highlighted a recent meeting of St. Francis Hospital's Board of Directors to approve the hospital's 1988 budget.

"Our ability to maintain current prices is a tribute to good planning and management throughout the hospital," said James Gizzi, Executive Vice President. The hospital has not raised fees for rooms and most other services since 1983.

St. Francis room rates are currently \$215 for a semi-private room and \$230 for a private room. According to the Illinois Healthcare Cost Containment Council, St. Francis has the

lowest room rates of Chicago's 25 largest hospitals.

Maintaining our current prices is especially important given the amount of care we provide to the poor," added Gizzi. The 1988 budget includes more than 3 million dollars for patients who cannot afford needed services, said Gizzi.

"The hospital provides all its services to the needy on a sliding fee scale, which requires patients to pay only what they can afford," said Gizzi. A sliding fee is offered at all the hospital's facilities, including the Howard Area Health Center in Chicago and the St. Francis Health Center in Lincolnwood.

## Mount Sinai and Universal Health Services establish joint venture

Alan B. Miller, chairman and president of Universal Health Services, Inc. and Ruth M. Rothstein, president and CEO of Mount Sinai Hospital Medical Center of Chicago, a major not-for-profit teaching hospital, have announced the formation of a partnership to operate Universal's 154-bed Bethesda Hospital under the new name Mount Sinai Hospital North. The partnership became effective January 1, 1988.

This partnership is expected to greatly improve Mount Sinai's ability to meet its mission and to strengthen the range and quality of care provided by Bethesda. Mount Sinai, a 469-bed urban teaching hospital, will purchase a minority interest in Bethesda in order to better serve the various ethnic communities on the north side of Chicago and in the northern suburbs.

Mount Sinai Hospital Medical Center is a teaching and research hospital on Chicago's west side founded in 1919. The hospital receives support from the Jewish Federation of Metropolitan Chicago. The 70-bed Schwab Rehabilitation Center and a

growing network of 13 Mount Sinai Care Centers are operating affiliates. Mount Sinai Hospital North enables Sinai to again serve its original Jewish community which has continued to support the hospital philanthropically.

Universal Health Services, Inc. is a hospital management company which owns and operates 26 acute care and psychiatric hospitals. It acts as the advisor to Universal Health Realty Income Trust, a REIT (NYSE, symbol UHT). The company's Class B Common Stock trades under the symbol UHSIB on the NASDAQ National Market.

### Interesting Facts From John Jennings

Here's how Hollywood, Calif. got its name, according to the Smithsonian News Service: When the town was first settled in 1887 by Mr. and Mrs. Horace Wilcot, Mr. Wilcot planted some holly bushes, and Mrs. Wilcot then named the area "Hollywood".

There was once a bird-the giant moa of New Zealand-that stood up to 13 feet tall!

The famous writer of children's books, Dr. Seuss, never had any children of his own.

Contrary to popular opinion, the material used in violins and tennis rackets known as "catgut", does NOT come from cats. Catgut is made from sheep and horses-but never from cats.

And, here's another interesting fact...

## Political campaign collections

Gary K. Warner of Park Ridge and Mark Thompson, Des Plaines, discuss the collection of political buttons and bumper stickers Warner has hung at Maine Township Republican Headquarters in Des Plaines. Both are Precinct Captains in the GOP Organization and long active in the party. Warner is running for Alternate Delegate pledged to George Bush in the March 15 primary election, and Thompson is a Maine Township Trustee. Area residents will find many familiar names from former election campaigns among the political signs and pins in Gary's vast collection, only two displays of which are pictured.

## "Meet the Candidates" public forum

Mayor Eugene Sawyer is invited by the Northwest Action Council, Inc., to meet with residents of the far northwest side of Chicago, according to Mary M. Staniec, council president. The Council is sponsoring a "Meet the Candidates" program on Thursday, Feb. 25, 7 p.m., at the Northwest Builders Hall, 4848 N. Central Ave. "Twenty to thirty candidates for various local, county, committeeman and judicial offices, Democratic and Republican, will attend and present their credentials and answer audience questions," said Staniec.

The meeting is open to the public. It is one of a series of programs produced by the Council, a non-partisan organization.

## Annunzio honored

Captain Arthur C. Beach, USN (Ret), President of the Reserve Officers Association of the Department of Illinois (r), presents its "Minuteman of the Year" Award to Congressman Frank Annunzio (11th Dist-Il), in recognition of his lifetime commitment to improving the combat readiness of the U.S. Reserve Forces. Annunzio was instrumental in obtaining eight new C-130H aircraft for the O'Hare Air Reserve Forces Facility.

## Schoenberg criticizes Sutker for evading debate

Democratic candidate Jeff Schoenberg is charging his opponent in the March 15, 1988 primary election with hiding from 56th Legislative District voters.

Schoenberg, who last week challenged State Rep. Cal Sutker to debate in each of the district's four townships prior to the primary, said that Sutker has failed to respond to his invitation, "sending an unmistakable message that he feels safer avoiding me than he does letting voters compare us."

When Sutker failed to respond to the debate invitation, Schoenberg's campaign asked the League of Women Voters to invite Sutker to participate in a League sponsored debate.

"I understand Sutker has told a League representative that he'll debate me if I first sign a letter pledging to support Sutker's candidacy. But he still hasn't told me or anyone from my campaign that he's willing to debate under any circumstance," Schoenberg said.

Residents of the 56th District "are well educated and well informed people who expect open debate of the issues that are important to them. Sutker is cheating them by evading the issues and refusing to talk," Schoenberg said.

## Dem hopeful calls for utility reforms

Democratic candidate Jeff Schoenberg (D-56) wants to give 56th district residents a utility break.

The Illinois House candidate says he will call for a district wide summit of governmental representatives, community organizations, business leaders and concerned citizens to investigate alternatives to the district's present electrical utility source.

"It is time we stop giving Commonwealth Edison a free hand to charge 56th district residents and businesses electrical utility rates that are among the highest in the nation," Schoenberg said, explaining that the utility company has increased its rates by "well over 300 percent in the last 15 years and is now asking for a 27 percent increase."

Schoenberg pointed to Geneva, Illinois, which withdrew from the

## Mary O'Hara to perform at St. Scholastica

Feel the magic of well-loved singer and harpist Mary O'Hara as she mesmerizes you with her unforgettable music. In February it is our good fortune to have Mary making herself at home again in Chicago for a single performance on February 20.

Mary O'Hara, a major star on stage and TV in the United Kingdom, brings her Celtic music on international tour. What millions have enjoyed on her 21 albums captures the hearts of music lovers who come to be charmed by her traditional Irish melodies, popular, and inspirational songs.

Mary O'Hara's autobiography, *The Scent of the Roses*, is a perennial bestseller now in its ninth printing. It tells of her tragic yet inspirational life story and early widowhood, followed by 12 years in an English monastery and then a triumphant return to the performing life. Mary was born in the rural town of Sligo, Ireland, and now lives in a 17th century thatched cottage in England's Berkshire district. She resumed her career in 1977.

The February 20 concert will be held at St. Scholastica High School, 7416 N. Ridge, Chicago, at 8 p.m. Tickets are available through the school or Ticketron. Concert ticket price is \$15.

## Big Band stars at Centre East

The timeless sound of the Big Band era will ring with Maxene Andrews, Jimmie Rodgers, Harry Babbitt, Johnny Smith's New Ink Spots and Kay Kyser's College of Musical Knowledge on Sunday, March 6 at 7:30 PM.

Beginning her career as part of the renowned Andrews Sisters trio, Maxene Andrews has recorded over 1800 songs and received 19 gold records. Beginning in the mid-1960's, Andrews began her solo career and has since appeared on the "Today Show" and "Good Morning America".

Jimmie Rodgers' talent brought him the million-selling record "Honeycomb" followed by "Kisses Sweeter Than Wine", "Secretly" and more. In addition to his own gifted voice, Rodgers has produced records for Billy Vaughn, Debbie Reynolds and Pat Boone.

Rodgers recently completed his own television show, "Jimmie Rodgers Live at the Palamino" and is now working on a motion picture, "The Jimmie Rodgers Story".

Harry Babbitt's distinguished career spans over four decades and includes such hit songs as "Slow Boat to China", "Friendship" and "Who Wouldn't Love You". After helping to establish Kay Kyser's College of Musical Knowledge, Babbitt starred in "Bandstand Review", "Hollywood Opportunity" and NBC's "Glamour Girl".

Johnny Smith has continued the mellow sound of the original Ink Spots with such songs as "If I Didn't Care", "Java Jive" and "Maybe". Performing across the country, including television and cabarets, the New Ink Spots have presented the deep voiced choruses and choreographed gestures of their namesakes.

Tickets for the Big Band Galaxy of Stars are \$18 and \$20. Group and Senior Discounts are available.

For tickets and information, call the Centre East Box Office, 7701-A N. Lincoln in Skokie, at 673-6300 or Ticketmaster at 902-1500.

## Niles Library film series

This spring film series will begin on Monday, February 29 at 7 p.m. with the showing of *Rosanne* (Rated PG: 107 min.). The film is a good natured comedy version of Cyrano de Bergerac with Steve Martin as the long nosed romantic and Darryl Hannah the object of his affections. A contemporary love story of mistaken identity and unrequited love that Siskel & Ebert call "A comic masterpiece."

Other films in the series: *Dragnet* (Rated PG-13: 106 minutes) will be shown on Monday, March 7 at 7 p.m. Dan Aykroyd is the dense but dedicated nephew of Sergeant Joe Friday with Tom Hanks as his free wheeling partner.

*La Bamba* (Rated PG-13: 108 minutes) will be shown on Monday, March 14 at 7 p.m. This is a musical biography of 50's reher Ritchie Valens, a poor Mexican-American who makes it to the top at age 17.

*Baby Boom* (Rated PG-13: 103 minutes) will be shown on Monday, March 21 at 7 p.m. Diane Keaton is a New York City business woman who inherits a baby and struggles to change her yuppy ways.

The films are shown free in the library auditorium at 6960 Oakton Street. Everybody is welcome.

## 'Pasta and pops' time at Niles West

Pasta and Pops, Niles West High School's popular dinner concert will take place on Saturday, February 27. Continuous entertainment from 6:30 - 9:00 p.m. will be provided by the school's student musicians, while an all-you-can-eat Italian dinner is served. The jazz band will provide music for dancing until 10:00 p.m.

For this annual event the school's contest gymnasium becomes a fine restaurant under the skilled hands of Music Parents Association members, who are the decorators. Homecooked spaghetti, salad, bread, and beverage, as well as a lavish sweet table are featured menu items. Student vocalists and instrumental groups such as the concert, symphonic, and jazz bands and the concert orchestra have been engaged to provide the musical entertainment. The school's color guard and the percussion ensemble will also appear.

The entire evening can be had for the low price of \$8.50 per person. "In addition, people who attend will also be helping out the music program," said dinner chairperson Fern Katz. The Pasta and Pops evening is the Music Parents Association's major fundraiser of the year. The organization supports the school music program in many ways, including music scholarships.

Reservations for Pasta and Pops can be made by calling Katz at 674-8602. Tables for 10 or more can also be reserved.

Niles West High School is located on Oakton Street at Edens Expressway in Skokie. Free parking is available next to the school. Call 674-8602 for further information.

**Travel study course registration**

Oakton Community College is offering students an opportunity to combine theater, writing and a trip to Great Britain in a six-credit field study course, "Theatre and Theatre Reviewing in Great Britain," scheduled from August 5 to 17, between the College's summer and fall sessions. Students who do not wish to earn college credit may audit the course.

The highlights will include five plays in London, two in Stratford on Avon, lectures by British dramatists and reviewers, visits to theatre museums and exhibits and a lavish Elizabethan banquet. Students will gain an awareness of British theatre history and its relationship to the American theatre, and understand the evolution that changes the dramatic literature to living theatre. Visitors will also experience the culture and see the beauty of London when they visit London's proudest monuments, cathedrals, elegant squares, green parks, museums and galleries.

Dr. Beverly Friend, professor of English/Journalism, and Carole Kleinberg, professor of English/Theatre will teach the course. Students who wish to extend their stay in London at their own expense may do so by arranging with the instructor prior to the trip. Class assignments will not be due until students return to the United States.

The cost of field study course will include round-trip air transportation, first-class hotel accommodations, tickets to the performances, transfers and tours.

For information, call Friend at 635-1850 or Kleinberg at 635-1904.

## Loyola Band Concert to benefit tour

The Loyola Academy Concert Band will perform its 17th annual Winter Pops Concert. Sun., Feb. 21, at 3 p.m. in the school gymnasium, 1100 N. Laramie, Wilmette. The Glenview Concert Band, sponsored by the Glenview Park District, will be the guest musicians.

Proceeds from the Pops Concert are earmarked for the band's first concert trip abroad, from Mar. 29-Apr. 8. Not only will the Loyola Band tour for ten days in Austria, Hungary and Germany, it will perform concerts in the capital cities of Vienna and Budapest as well as in Salzburg and the alpine village of Graz. 72 players, chaperones and parents comprise Loyola's traveling concert troupe.

Call 256-1100 for reservations. Tickets are \$3 for adults, \$2 for students and free for elementary students. Enjoy an afternoon of music and help send a tuba player to the Alps.

## Northeastern presents Montagnana Consort

Northeastern Illinois University and Mostly Music, Inc. will present The Montagnana Consort, the Chicago Symphony Chamber Ensemble, Friday, Feb. 19 at 7:30 p.m. in Northeastern's auditorium, 5500 North St. Louis Avenue in Chicago. Admission is \$7.50; senior citizens and students, \$5.

For more information, call Northeastern's Department of Music at 583-4050, Ext. 3008 or 3009.

## Let's Eat Out

## Records fall as Edison turns up power

For the second consecutive day, Commonwealth Edison customers established an all-time record demand for electricity during the non-summer season when the peak electrical load reached 12,452,000 kilowatts between 5-6 p.m. Tuesday, January 5. The new record easily surpassed the previous mark of 12,258,000 kw, set 24 hours earlier, which, in turn, had shattered a record that had stood since December 1985. The new record stands 6.3 percent higher than the 1985 peak.

As they did on Monday, all 10 of Edison's nuclear generating units in commercial service produced electricity to help meet the record demand, Edison noted. Nuclear energy accounted for 76 percent of the company's power generation on Tuesday. Nuclear power is Edison's lowest cost form of generation. The balance of the record breaking demands are being met mostly by coal, the company's second-lowest-cost fuel.

## Cragin Federal COB-President

Adam A. Jahns

the Advanced Management School at the University of Southern California.

Adam A. Jahns, Chairman of the Board and President of Cragin Federal Savings and Loan Association, oversees operations of all 23 locations in the Chicago area.

Jahns joined Cragin Federal Savings as a comptroller in 1956. He held positions of increasing responsibility until 1971, when he was appointed to chief executive officer.

In 1985, Jahns was named vice chairman of the Board of Directors for the Federal Home Loan Bank (FHLB) of Chicago. He is past president of the Illinois League of Savings Institutions, and is vice chairman of the Foundation for Savings Institutions. He currently serves as a director for the U.S. League of Savings Institutions, the Chicago Area Council of Savings Associations, and RESCORP.

Jahns holds a bachelor of science degree in business administration from Loyola University. He attended the Graduate School of Savings and Loans, Indiana University, and

## NWREB president installed

Northwest Real Estate Board President Russell N. Hume (l) is shown following official ceremonies installing him as the 1987-88 President of the Chicagoland Chapter of the National Association of Independent Fee Appraisers (NAIFA). Posing with the new leader of the appraisal group are Aaron 'Buster' Mosley, the National President who flew in from Texas to act as Installation Officer that evening, and John J. Nutini (above, r), outgoing Chicagoland NAIFA President and an NWREB Past President.

**District 63 Kindergarten registration**

East Maine School District #63 will hold kindergarten registration on Friday, March 18. Children registering for kindergarten must be five (5) years of age on or before Sept. 1, 1988, and those entering first grade for the first time must be six (6) years of age on or before Oct. 1, 1988. A certified copy of the birth certificate must be presented at the time of registration or the child cannot be enrolled. For children born in Cook County, a certified copy of the birth certificate may be obtained from the Cook County Clerk's Office, Birth Records-Lower Level, 118 N. Clark St., Chicago, Illinois 60602. All children entering kindergarten for the 1988-89 school must have a physical examination and immunization for measles, German measles, polio, diphtheria, tetanus and pertussis. The evidence of such examination and immunizations must be brought up to date and verified by school officials before a child will be admitted to school in the fall. First graders who did not attend kindergarten must also present evidence of a physical examination and immunization. Forms will be available for all parents on the registration date. Any refusals because of religious beliefs must be accompanied by a written statement from the parent or a religious affiliation administrator. This request conforms with the law now in effect concerning such examinations. **District 64 announces procedure for emergency school closings**

Heavy snow, unsafe streets or other emergencies may make it necessary to close District 64 schools or limit transportation. When it is necessary to close schools, the local Parent/Teacher Organization "calling Trees" will be used so parents and children can be notified. Information regarding emergency school closings or emergency bus routes will be given to radio stations as follows: WBBM - AM 780, FM 96, WGN - AM 720, WCLR - FM 102, WMAQ - AM 670, WLS - AM 890, WPYR - FM 103. School closing decisions are made on the basis of District wide student safety. When schools are open on extremely bad weather days, parents should decide whether or not their children should attend school. School closing decisions are made on the basis of District-wide student safety. When schools are open on extremely bad weather days, parents should decide whether or not their children should attend school.

Emergency bus routes, using only streets designated as Park Ridge or Niles "snow routes" have been developed. Each child who rides a District 64 bus will receive the emergency routing of his/her bus indicating the bus stops. If the announcement is made that transportation will be "on emergency routes only" for a given day, the buses will follow the designated emergency routes and schedules only. The Maine Township Special Education Program (MTSEP) and the Extended Day Kindergarten and After School Child Care Program normally follow the same schedule as the Maine Township schools, including Park Ridge - Niles District 64. Therefore, if District 64 schools are closed, the MTSEP classrooms and Extended Day Kindergarten and After School Child Care are also closed and transportation will be cancelled. IF MTSEP classes are being held, normal transportation will be provided.

**St. John Brebeuf School registration**

Registration for Pre-School and Kindergarten for the 1988-1989 school year will be on February 28 from 10:00 - 1:00 in the school lobby. Those already in our program may register on February 24, 25, & 26 from 8:45 - 9:15 or 12:00 - 12:30. The registration fee for pre-school is \$20. Children registering for the 3 and 4 year old programs must be 3 or 4 respectively by Sept. 1, 1988. Kindergarten students must be 5 years old by September 1st and must bring a baptismal certificate with them if they were not baptized at St. John Brebeuf. There is a \$25 registration fee, which will be applied to tuition, for new families in kindergarten.

February 29 - March 4 or thereafter. Call 966-3266 to set up an appointment and/or tour of the building. All children entering kindergarten and fifth grade must have a physical examination and the necessary immunizations. This is to be presented on August 20, the Down Payment date.

**Open Gym for Grades 1-8**

points and get a bit of publicity (which he's getting), his enduring the bitter cold impressed a guy like me who's turned into a February couch potato.

We drove cross-country on I-80 the last week in January to deliver a car to our kids in Klamath Falls, Oregon. It proved to be a great adventure and a relatively easy ride.

When our kids were youngsters we went out west several years. In those years in the sixties we carted along a jammed-filled station wagon, which included four kids and a mother-in-law, who baked enough cookies to feed the four young uncles for fifteen days, the donkeys in Yellowstone Park and any other animals, human or otherwise, which crossed our path.

In those days it cost around \$60 a day to drive the brood out west. Today, it cost about \$30 a day for the two of us.

The only difficult driving was west of Omaha, which had been closed because of snow drifts the day before we arrived. They opened I-80 the morning we started west from Omaha and we spent a day driving across glassy ice heading for North Platte.

Since there was no way to prevent sliding off the road we drove 60 MPH. Had we driven half the speed we would likely have been at a similar risk since a sliding car or truck had no resistance from sliding into the snowbanks. During that one day's drive we saw as many as 200 trucks jack-knifed off the sides of the road.

Driving cross-country is still a very pleasant experience. Iowa, Nebraska and Wyoming flatlands are not scenic but we amused ourselves by listening to taped book cassettes. They're a great diversion.

We got off the road by 3 p.m. and found motels which had indoor swimming pools. An afternoon swim for the frau, a snooze for the non-swimmer and a good dinner was pleasant.

Travel observations of a minor note include:

...Always take along a respectable alarm clock. I bought a bargain clock some years ago and spent ten minutes each night checking it for a wake-up call the following morning. The hands on the bargain are bent so you have to adjust your thinking to read the clock correctly. The key which turns the hand alarm didn't work so you had to change the hands of the clock accordingly. Since the alarm hand was stuck on one o'clock and you had to wake up at six, you had to change the hands on the clock to make up for the five hours difference. Thus, if you go to bed at 11, the alarm is on one and you want to get up seven hours later, you have to re-set your clock seven hours earlier than the alarm which is set for one. I'm sure you understand!

...At a Utah Jazz basketball game the fans all seemed so well-scrubbed and homogenized. There were no ethnics in the crowd which I found unusual for a basketball game. The Chicago stadium crowds look much rancier. I feel more comfortable in Chi town.

...Every time I'm out west I discover something new which hasn't yet arrived back east. At a Shell gas station you insert your charge card in the actual pump which feeds you gas. You receive a receipt and a certificate for a free car wash without leaving the car island.

...When you watch the summer Olympics you're likely to become aware of the large contingent of athletes who come from California. Driving in the San Francisco area we saw loads of high school and college baseball games already being played and dozens of track athletes already competing outdoors. California's golden kids have a decided edge over midwestern athletes who have less opportunities to work out all year.

...The airlines are really giving poorer service than they were a couple of years ago. We took off an hour late from San Francisco, which is becoming standard procedure. The dinner menu aboard United Airlines included a sandwich.

If you've got the time, try driving across country. It's fun, it's interesting and you eat much better on the ground.

\$2,300 paid to individual patients whose rights were violated, Haase said.

The four homes, in Niles and Evanston, were sold last month to Woodstock Associates Ltd., by a receiver appointed by the Cook County Circuit Court. Transfer and recertification of the homes, formerly known as Golf Mill Plaza I and II in Niles and Ridgeview House and Ridgeview Pavilion, in Evanston, were completed last Thursday. The facilities have been renamed Sherwood of Niles, 977 Greenwood Ave.; Woodbury of Niles, 8555 Maynard Ave.; Albany House, 901 Maple Ave.; Evanston, and Saratoga of Evanston, 814-820 Foster St.

State officials moved to revoke the license of Golf Mill Plaza I after 46 violations.

The family that owned the four homes was headed by Sidney Weinschneider, 58, of 6038 N. Sacrament Ave. The partnership included Weinschneider's son-in-law, Jehuea "Jay" Sova, 29, of 6547 N. Christiana Ave., Lincolnwood; and Sova's brother, Abraham, and his wife, Dr. Miriam Gutman, 36, of 6338 N. Christiana Ave., also in Lincolnwood. Gutman is an assistant professor of psychiatry at the University of Chicago.

for the interview process. A decision on the new board appointee is expected in the near future, according to Marusek.

In regular board business, commissioners approved a 50 cent increase in salary for seasonal part-time help at Tam golf course. The current salary schedule ranges from \$5.25 to \$6.75 an hour based on a 40-hour week.

According to Commissioner Elaine Heinen, the new schedule calls for no overtime pay Monday through Friday, and time and a half on Saturday and Sunday.

Heinen noted skilled help is needed at the golf course for maintenance of the greens which includes repairs to equipment, spraying, fairways, watering (8-10 hours nightly when needed) which can total 271 hours of work. "We hope the salary increase will be an incentive for those seeking part-time work," she said.

Marusek reported the park district recently received \$1,000 restitution from the adult offender who was found guilty of setting fire to the Recreation Center building last year. The money will replace the \$1,000 deductible paid to the insurance company for repairs to the building. The fire caused about \$85,000 damage, she said.

In other board reports, the position of landscape director has been eliminated to create a horticulturalist position in a beautification plan to upgrade the parks.

Ed Miller, a bus driver for the park district, was named Employee of the Month. The park district will host Chamber of Commerce "Open Doors" at Tam golf course on March 24.

New panic hardware has been installed at the Recreation Center building. With the addition of a security alarm, the board hopes to alleviate break-ins. Commissioner Walter Beusse reported the recent Sweetheart Open sponsored by S.P.I.N. realized \$15,840. There were 475 participants in the ice skating competition at the Sports Complex, including one from St. Louis and one from Wisconsin. Total revenue at the Sports Complex showed a \$31,000 increase from last year, he said. Tom Hickey, director of figure skating, displayed a trophy received by S.P.I.N. for third place in overall competition at the Sweetheart Open. Indoor golf lessons are being conducted at Ballard School by Tam golf pro Phil Holoubek, Jr. An open house is scheduled from 7 to 8:30 p.m. in Room 109 at the school on March 1. Approved purchase of backboards for Grennan Heights gymnasium in the amount of \$865. Cross country skiing grossed \$2,644.30 over a 23-day period with 493 skiers participating. The board was presented with a check for \$900 from Mike Czapar of the Niles Squares for use of park district facilities.

Fucarino has been a Republican precinct captain for Maine Township for a number of years and is a member of the township GOP Organization. He also has been active in United Way, Rotary Club of Chicago, Union League Club, Cub Scouts, and Boy Scouts.

He is a World War II U.S. Navy veteran and a graduate of the University of Illinois with a degree in commerce.

"Williams was a good choice to fill the vacancy," Halverson said. "The board feels he will do an excellent job."

Williams will complete Conroy's four year term, which ends in April, 1989.

The board will name a replacement for Williams in the collector position within the next several months. His replacement will also be up for re-election in April, 1989, Halverson said.

According to Halverson, prior to the mid-1970's, collectors in all 30 suburban townships collected tax properties, keeping 2 percent of the revenue to operate the townships. Following a lawsuit, a federal judge ruled the property taxes should be collected by the county. In all other Illinois townships, collectors continue to perform this service.

Fucarino of the Niles Police Department, the gates, warning lights and warning bells were working properly at the crossing when the incident occurred at 7:57 a.m. "He may have been blinded by the glare of the sun and didn't see the closed gates. The victim apparently didn't hear the warning signals," he said.

Choice was driving southbound on Lehigh, made a left turn onto east Touhy and drove around lowered gates striking the second car of the Milwaukee Road train.

Fucarino explained the second car was already into the intersection when the victim made his turn. The train dragged the car 225 feet strewn debris along the track south of the intersection, he said.

A Metra spokesman said about 800 passengers on the train were transferred to another train that was switched to an adjacent track.

### 'Recycling Week' in Morton Grove

It has been proposed that Morton Grove should begin responding to Cook County's pending solid waste disposal problem by declaring a "Recycling Week" in the village.

Larry Gomberg, a Morton Grove resident and State Attorney's Environmental Task Force member, suggested that village residents be informed of the disposal problem, encouraged to recycle their garbage, and told what and how to recycle through the village's newsletter, local newspapers, and cable T.V.

Gomberg said "I hope to contribute to this solid waste management effort by working with more village residents, village officials, and the State's Attorney's Environmental Task Force on developing workable options to the solid waste disposal problem in our area."

spokesman said. Pat Durava, a parishioner of Our Lady of Ransom Church said the hospital's practice of abortion is inconsistent with the healing ethics of medicine and "our Catholic faith," stating Lutheran General should live up to its stated mission and image of a truly caring Christian hospital.

"They should put an end to abortion," she said. Durava said boycott efforts by the group include asking people with similar pro-life views to make every effort not to use Lutheran General for any follow-up treatments that may be required by their doctors on the hospital staff. "Unless it's a serious type treatment, they would have that option to exert more pressure on them," she said.

Father Thomas Bishop, associate pastor of Our Lady of Ransom, who is involved in pastoral ministry (visits to Catholic patients) at Lutheran General, remarked its a "Catch 22" situation. "It is necessary to serve the needs of Catholic patients there. At the same time, our faith to preserve human life is inconsistent with their policy," he said, adding the matter will be discussed with a "cluster of area priests" involved in pastoral ministry at the hospital.

to join a Solid Waste Agency to be established by the conference, in which a representative from a participating town will serve on the agency's board of directors. Those who join the agency will be committed to pay its pro rata share (by population) of \$5.5 million in a two-year interim financing plan general obligation bonds for land acquisition and development of the site.

Athas noted municipalities who join the agency have the option of using the landfill in the future. "However, a town decides to withdraw from the agency, it would be obligated to pay its share of bond indebtedness," she said. "At this point we are looking for commitments to the \$5.5 million before April 15 so the project can begin."

A resolution on the two measures is expected at the March village board meeting.

Niles pro rata share for the \$70,000 amount would be approximately \$30,000 and about \$170,000 for the \$5.5 million, according to Mayor Nicholas Blase.

General obligation bonds will be used in the interim financing plan, Athas said, adding it will cost a total of \$40 million for construction and operation of the landfill in a long term financing plan to be repaid from revenue generated from landfill operations.

According to Athas, the cost of the 410-acre site is \$4 million. The conference paid \$100,000 for an option on the land.

She noted the Illinois Environmental Protection Agency is expected to issue an operating permit in March, 1989, with construction to begin in May, 1989. The landfill is expected to open in 1990, she said.

The landfill, called a "halefill" because garbage would be baled before burial, is expected to keep garbage disposal rates down preventing increases in charges to haul away garbage without the project.

Village trustees estimated that in the long run, Niles would see a 140 percent savings by using the landfill.

### Important issue...

had to completely eliminate the Outreach Department three years ago, and last year we were forced to close the branch library, all because our funds could no longer support those services."

The big question on everyone's mind is what services will the library have to cut if the tax increase fails. "We prefer to state that in the positive," said Myles Dimand, Vice-President. "If the referendum is successful, we'll be able to keep the bookmobile running; we'll be able to stay open on Sundays during the school year, and we'll be able to stay open evenings and mornings. All we need from our tax payers is twelve more dollars a year."

"It's too important an issue to lose," said Crman. "We figure that the average tax bill will go up twelve dollars a year. With that, there will have to be drastic cuts at the library."

The Board voted at the first December meeting that the first cut will be the shutdown of bookmobile service. This will include the layoff of the bookmobile staff and the discontinuance of book purchases for the bookmobile. The next cut will be the closing of the library on Sundays and the laying off of more staff. The third but will be the closing of the library two mornings and two evenings per week and the laying off of even more staff.

"In all," said Dimand, "we're seeing the necessity to layoff one-third of our staff. That's hard to realize. Every time I visit the library, I look at the staff and try to picture one out of every three gone. I don't know how well operate if that happens."

"What's important for everyone to understand," said Treasurer Wagner, "is that this isn't just scare tactics. Just as we were serious about the financial necessity of closing the branch when that referendum failed, if this one fails, we'll be forced to make these drastic reductions at the main library."

"It's just too important an issue to lose," emphasized Irene Costello, Board Secretary. "We have not had a tax increase since 1973. Everyone knows that costs have gone up drastically since then. A 'Yes vote on March 15 will mean the average tax bill will rise twelve dollars a year, and that's enough to continue our present level of library service."

PER CAPITA SUPPORT FOR AREA LIBRARIES \$45.48 - Skokie Library \$44.53 - Morton Grove Library \$42.66 - Indian Trails Library (Wheeling) \$40.29 - Mount Prospect Library \$36.77 - Park Ridge Library \$35.26 - Glenview Library \$30.10 - Des Plaines Library \$29.56 - Niles Library

The NIF per capita support represents the level of tax support per resident. This figure is obtained by dividing the library's budget by the population served.

As this chart shows, Niles has the lowest per capita support of any area library.

## Democratic candidates stress a theme of unity

by Sylvia Dalrymple

Democratic-endorsed candidates for various Cook County offices stressed a theme of unity in resolving problems affecting Chicago and the suburbs at a press conference last week held at the Skokie North Shore Hilton.

The slate of candidates running in the March 15 Primary are Aurelia Pucinski for clerk of the circuit court; Joseph Berrios, board of tax appeals; and incumbent James Kirie, Joseph Gardner and Harry (Bus) Yourell seeking commissioner seats on the Metropolitan Sanitary District Board.

Richard M. Daley seeking reelection for state's attorney was not present at the conference because of prior commitments. Ill. Rep. Carol Moseley Braun (D-25th) running for recorder of deeds was also absent.

State Rep. Calvin Sutker (D-56th Dist) introduced the candidates saying the "blue ribbon" slate had been selected by the Democratic Party because of their background experience and dedication in serving the people of Cook County.

Pucinski, an attorney and current commissioner on the MSD board, said she is committed to providing the new leadership necessary to make the court process in Cook County efficient, fair and effective if she is elected circuit court clerk.

In addressing the 68,000 backlog of cases in the county courts, her reforms would include shifting adjudication of uncontested divorce cases to suburban district courts, development of more effective use of computers in courtrooms, initiation of a uniform system of "reminder slips" for witnesses and litigants in continued cases, and establishment of a full service "hot line" so witnesses and parties to litigation can get up-to-date information on the status of their case.

"I have outlined a 21-point plan for changes in the court system to make it a more efficient operation," Pucinski said. "I would like to move forward in a new direction in the office of circuit court clerk."

Kirie, who serves as finance chairman on the Metropolitan Sanitary District Board, noted during his 18 years on the board no scandal has touched the agency. "Our tax levy remains stable, finances are in good shape and we maintain a low budget."

He stated construction of a new 20-story MSD office building at a cost of \$29.95 a square foot (via public bid) is unlike "Gov. Thompson's Taj Mahal (State of Illinois Building) that cost about \$200 a square foot."

Kirie said proposals to elect board members by districts for better suburban representation is unnecessary. "Sectionalism is not involved on the board and the suburbs have always been taken care of," he said, adding that since 1969, the board has spent \$1,700,000,000 in Chicago and \$2,400,000,000 in the suburbs.

"We were elected by the people to serve the entire county and we are doing just that," he said. Kirie added he has been a major supporter of the Deep Tunnel plan and will continue to strive for its completion.

Yourell, who served as a state representative for a number of years, resigned his post as recorder of deeds to run in the MSD race. Yourell said the primary

responsibility of MSD is to protect Lake Michigan from pollution, clean up waterways and to provide regional outlets for combined sewers and flood controls. "My goal is to see the Deep Tunnel completed to alleviate flood problems in the county," he said.

In discussing flooding of the Des Plaines River area, Yourell said, if elected, he will see all necessary steps are implemented in flood relief measures.

He noted the General Assembly last November mandated no building permits be issued in watershed and flood plains in Cook County. "I believe it's important this legislation be expanded to include Kane, Will, DuPage and McHenry Counties. This will decrease flood damage in the future," he said.

Gardner said he is seeking a MSD commissioner's seat because of his interest in the environment and his goal to bring government closer to the people it serves.

His major campaign themes include protection of the environment, fairness in government and economic development (job creation). "The protection of our natural resources, the air we breathe, water we drink, and our land must become a major priority for the residents of Cook County," Gardner said.

He added he will support tough criminal penalties for illegal dumping of hazardous water by industry and will find effective methods of waste disposal and source reduction. "The MSD should develop realistic strategy to deal with solid waste," he said.

Berrios, a current state representative, is seeking a spot on the Board of Tax Appeals to replace the late Harry Semrow.

Berrios said, if elected, he would have an outreach program to inform people not only what the board of tax appeals is all about, but to explain procedures they must follow to apply for reduction in taxes.

"Fairness is the bottom line," he said. "All property owners, regardless of size or value of their property, will always be treated equally. My door will always be open to the citizens of Cook County."

### Niles Library trustees available in Library

Members of the Board of Trustees of the Niles Public Library District are now being scheduled to be available to the public in the library three days per week. Beginning immediately, when trustees are not involved in other library activities, they will be stationed in the library on Saturday and Sunday afternoons and Monday evenings.

Board members are ready and willing to talk to anyone in the community about the upcoming library referendum as well as other library matters.

The library is located at 6960 Oakton St., Niles. For more information, call 967-8554.

### ISU graduates

A total of 120 graduate students at Illinois State University have completed requirements for master's degrees with the close of the 1987 fall session. Local graduates included John Metzger of Des Plaines and Mark Milan Mench of Niles.
