Efforts continue to reunite SJB student with family

Parents of first graders at St. John Brebeuf School in Niles are continuing their efforts to reunite a mother and sister with a first grader who is receiving medical treatment under an extended visa.

Classmates of 7-year-old Edith Perkoska were mainly responsible for the visa extension via a letter writing campaign to Governor James Thompson in April. At that time they learned the visas of Edith and her father,

Kazimierz Perkoska, were scheduled to expire and they had to return home to Poland. However, with the combined efforts of the Brebeuf lobbyists, representatives of the governor's

Time plays games with us.

On May 20, 1988, it will be 43 years since I went into the army. Forty-three years.

The beginning of February, 1968, it was 38 years after I first entered kindergarten.

During the 1930's, when I was in grammar school, we would talk about the World War I years, from 1914 to 1918, and we thought we were reviewing ancient history. When I was in the fifth grade that war had ended only 17 years before.

There was a 30 year difference between my father's age and mine. There is another 30 years between my son's age and mine. The world has travelled great distances during both eras.

My Dad was a teenager when Ty Cobb and Tinker-Evers-Chance were playing baseball. He was a newly-married young man in his twenties when Babe Ruth and Bobby Jones and Bill Tilden and Red Grange were creating the golden era of sports. Ask any of your kids who these men were and they'll give you a mumbles answer.

When I was in my twenties Ted Williams and Joe DiMaggio and Sammy Sneed and Jack Kram-

According to Niles police, Michela Fucarino, 58, on Niles, was driving south on Milwaukee Avenue in the curb lane and for some unknown reason, veered into a power pole on the southwest corner of Main and Milwaukee.

Investigation showed no skid marks at the accident scene which occurred at 12:45 a.m. She was taken to Lutheran General Hospital where she was pronounced dead.

Survivors include her husband, Sam; two sons Skip (Jackie) and Mark; two daughters, Michele and Debbie (Ed) Poczowski; eight grand-children and two sisters, Eleanor Aguayo and Josephine May.

Visitation was Monday, May 16, at the Skaja Terrace Funeral

Home in Niles. Funeral services were held Tuesday, May 17, with 10 a.m. mass at St. John Brebeuf Church.

Interment was in Maryhill Cemetery.

The Village of Niles is trying new tactics in attempting to convince transportation officials to provide added protection at two Niles railroad crossings that have claimed two lives in recent months.

The signs bearing the signature of Niles Mayor Nicholas Blase were erected last week near the intersections of Howard and Lehigh and Touhy and Lehigh to draw public attention to car-train accidents. (Story on page 3)

MARIAN CELEBRATION...approximately 6,000 people were in attendance at Notre Dame High School last week for the Marian year (honoring Mary, mother of Jesus) celebration. The procession into the football stadium was led by Cardinal Joseph Bernardin...who gave the liturgical greeting and opening prayer...bishops, Knights of Columbus, clergy from various parishes, crossbearers, flagbearers and acolytes followed. Village officials included Mayor Nicholas Blase and Angelo Marcheschi, village trustee.
Master of ceremonies was the Rev. Gregory Sakowicz, a 1971 graduate of Notre Dame High School. Liturgical readings honoring Mary were given by Harry Volkman, Channel 2-CBS weatherman, Father John R. Smyth, head of Maryville Academy in Des Plaines, and Kenneth M. Moinaro, Notre Dame principal was among those reciting the rosary.
Highlighting the religious event was a 28-foot wooden statue of Mary and Child near the main stand, a candlelight ceremony and music provided by several bands, cantors, chairs and the congregation. Village of Niles is bringing its battle with transportation agencies to the public by putting up signs at two railroad crossings that have claimed two lives in recent months.
The signs went up last week near the intersection of Howard St. and Lehigh Ave. and Touhy and Lehigh avenues. The message says Metro-Politan Rail (Metra) and the Illinois Commerce Commission refuse to erect extra gates or change the traffic signal sequences despite "four deaths that have occurred at these locations in recent years." The message is signed by Mayor Nicholas Blase.
Blase ordered the signs installed after fruitless talks with officials from the agencies in an effort to improve safety at the crossings. "It's a way of putting some heat on these officials. I'm hoping some action will be taken by drawing public attention to the problem," Blase said. "I'm going to try everything I can to prevent car-train tragedies in the future."
The mayor is also seeking help from State Rep. Calvin Sutker (D-56th) of Skokie. "Sutker can use his influence to convince Metra and ICC of the need for additional gates." We also want the Illinois Department of Transportation (IDOT) to change the traf-

'Horse Drawn Vehicles' for Historical Society

Slides, lecture and a miniature display by Norm Coughlin on "Horse Drawn Vehicles" will be featured by Niles Historical Society at its regular May meeting to be held at 8 p.m. on Monday, May 23, at Museum Headquarters, 8970 Milwaukee Ave., Niles.

Mr. Coughlin, originally a south-sider, moved to Rogers Park in 1913 at age 2, where he has lived ever since. As a boy, he was attracted to the many horses used to haul milk wagons, ice and grocery deliveries, and soon began a collection of photos and other memorabilia of horse-drawn vehicles, which meant so much to him in his youth.

Along with other boys of his time, Coughlin never missed a chance to hitch a ride, and now offers an interesting evening of nostalgia for those who lived thru this period with him, and for those who would know more about it.

The public is invited to this

presentation, as well as to the Society's Flea Market, Bake Sale, and Plant and Flower Sale, to be held on Saturday, May 21, from 9:30 until 4 p.m. Over 40 vendors are expected to attend, and the sale will be held in case of rain on the following day. Future plans for the Society include an address by Jack Mabley in September.

MG Legion Easter Hunt big success

Began many years ago when the shut ins could not attend the regular Easter Egg Hunt the Morton Grove American Legion Post 134 conducts each year, visitation is made to these youngsters in the village.

Under the direction of Christine Hildebrandt, Post Childre and Youth Chairperson, 19 handicapped and shut in children were visited with Easter baskets compliments of the Legion this year. Ms. Hildebrandt indicates many members volunteered but these additional people were not needed.

Her committee distributing the Easter presentation from the local Legion were: past commanders Roy LaRoussa and Don Huber, and junior vice commander Karl Falter along with member Art Schroeder. Due to inclement weather, the

traditional Easter Sunday Hunt had to be moved indoors. Under the direction of junior vice commander Herb Haller, quick plans allowed the youngsters to seek the colored eggs on Legion premises and gifts were awarded to those in attendance.

Kohlerman of Painesville, Ohio, celebrates the 25th anniversary of his ordination as a Roman Catholic priest in the Congregation of Holy Cross this year. He was ordained on June 13, 1963, at Notre Dame.

Father Kohlerman and his ordination classmates will offer a Mass of thanksgiving in Sacred Heart Church, the University of Notre Dame, on Friday, May 27. Lutheran Church of the Resurrection

On Sunday, May 22, at the 10:30 service, three eighth grade students at Lutheran Church of the Resurrection, Niles, will reaffirm their baptism by the rite of confirmation. The confirmands are: Hecce Monnes and James and Michael Steiner. Following the service, a reception sponsored by the Sunday Church School will be held in their honor. When you drive by the church you will notice a brightly painted sign commemorating our 25th anniversary. This sign was a labor of love from member Ray Shuron, with painting assistance from his wife, Mavis. The first special event for the 25th anniversary of the church was successfully completed on April 17. Our Minister of Music, Carolyn Sanderson, was honored by a luncheon following the special Cantata service and given a "Talking" computer with appropriate

software for her 25 years as Resurrection's first and only organist. Because this computer gives verbal messages, it will enable Carolyn, who is blind, to enter the world of computers. The Fellowship Committee, which included Joe and Ruth Baum, Bob and Lorry Drews, Doris Dunn, Helen Johnson, High and Arlene Maede and Norman and Delores Peterson, did a wonderful job in organizing this special event.

The next special event for the 25th anniversary will be held in October on Reformation Sunday. A special contemporary jazz service and a visit from the new bishop of the ELCA will highlight the morning service. A festive dinner at the Studio Restaurant in Morton Grove will be held that evening. More details will be forthcoming.

Chicago woman charged in credit card forgery

An 18-year-old Chicago woman who was charged with forgery, theft and two counts of receiving credit cards belonging to other persons was found guilty in Niles Circuit Court May 6. She received a sentence of eight days in the Cook County Jail on the forgery charge, but the other charges were dropped by the court.

According to Niles police, officers were called on a possible forgery case in progress at a jewelry store in the Golf Mill shopping center on May 3.

Upon arrival, they observed the offender with a male companion in the store attempting to purchase \$513.37 worth of jewelry

by signing a personal check drawn in the First National Bank of Chicago.

The woman attempted to use a traffic ticket as her identification, but the manager would not accept the I.D. because of a prior incident of a bogus check passed in a purchase several months ago.

Police questioned the woman during which time her male companion left the store.

The offender was taken to the police station where she gave three different names (that proved to be fictitious) and claimed she was a minor, according to police.

During questioning, the suspect told police the credit cards in her possession belonged to a person who owned the house where she lived, and whose name she had forged on the check.

Police were able to contact her father who submitted information regarding her name and age. Bond was set at \$50,000 pending the May 6 court date.

Womans dress shop burglarized

Someone broke into a store in the 7100 block of Dempster on May 8 and made off with a variety of women's dresses.

According to police reports, the occupant of a house south of the store heard a loud popping sound coming from the store and called police, saying a red Nova was leaving the scene southbound on Sherman past her house at high speed.

Niles and Morton Grove police arrived on the scene minutes later, but a search of the area produced negative results.

Investigation showed the culprit had smashed a large plate glass window on the east side of the building to gain entry. A soft hat, broken eyeglasses and a small amount of blood were found on the sidewalk near the broken window.

Taken from the store were numerous women's dresses of undetermined value. Money in an open cash register was left undisturbed, according to police reports.

Restaurant loses \$3,759 in burglary

The manager of a restaurant in the 7900 block of Caldwell reported May 8 someone attempted to open the front door of the facility. When unsuccessful, the offender opened another door by unknown means.

Once inside, the offender went to the office and smashed through the adjacent wooden wall to gain entry.

Driving violations

A Niles woman was cited after she was involved in an auto accident on May 9.

The offender was driving west crossing Waukegan from a private drive to Kirk and struck a car going south on Waukegan.

A Chicago man was arrested for having no tail lights, improper use of registration and driving while suspended after police initiated a stop in the 6900 block of Dempster on May 9.

A Park Ridge man was arrested for speeding and driving with a revoked license after he

was observed driving 51 mph in the 8900 block of Greenwood. A traffic stop was initiated at Greenwood and Dempster.

He was released on \$1,000 bond and assigned a May court date.

A Niles woman was cited May 5 after she was involved in an auto accident. According to police reports, the offender was driving south on Milwaukee approaching Golf rd. to get into the left turn lane and struck a car ahead of her stopped for traffic.

She was released on 1,000 bond pending a June court date.

DUI arrests...

A Skokie man was arrested for drunk driving, failure to yield and no driver's license after he was involved in an accident.

The offender was eastbound on Oakton and struck a car exiting a private driveway in the 7500 block of Oakton.

He was released on \$1,000 bond pending a May court date.

Child Safety seats are the law

The Illinois Child Passenger Protection Act requires parents and legal guardians to secure each child under age four in a child safety seat when traveling in the family car. The act also requires that children four and five years old be secured in a safety seat or safety belt.

The first step in protecting your child from serious injury in an accident is to install the safety seat correctly. For example, all safety seats for infants under 20 pounds must be installed facing the rear of the vehicle. This will ensure that the baby's back is fully supported and will absorb the force of an accident, instead of his vulnerable chest and abdomen.

Many child restraint systems require the use of a tether that is attached to the vehicle by drilling a hole in the rear deck. Do not use a child safety seat that requires a tether unless you are willing to drill a hole in your vehicle. In addition, all child safety seats should be properly restrained by the vehicle's safety belt.

It is recommended that children over 40 pounds wear safety belts. However, if the shoulder strap crosses the child's body at or near the neck or face, the shoulder strap should be placed behind the child's body.

Remember, Illinois law requires front seat passengers of all ages to be secured in safety seats or safety belts.

Vandalism...

Persons unknown used a sharp object to cut 2 tires on his car parked in the 8100 block of Prospect on May 6.

Total damage was estimated at \$300.

Someone used a B.B. gun to shoot holes in the front window of a house in the 8100 block of Wisner on May 6. Damage was undetermined.

Thefts

A resident in the 8700 block of Oriole came home from work on May 5 to find the side of door of her home forced open. A check showed the bedrooms had been ransacked and the intruder left through the front door leaving it open.

Taken was an undetermined amount of currency, various items of jewelry and a camera of undetermined value.

Police found a small pink flashlight outside the side door. The door was made of steel with a bolt on it. It had been forced open damaging the jamb. A black pry bar was also found near a file cabinet in one of the bedrooms which matched the marks on the door.

A resident in the 6900 block of Madison told police May 5 she was awakened by the barking of her dog. She went downstairs to investigate and found the rear sliding glass door and a window open, but did not see anyone on the premises.

The victim found an electrical adapter (for a computer) and various gold and silver bracelets outside the open window near the deck area.

Police surmise the barking dog scared off the would-be robber.

Someone broke into a garage May 8 in the 8100 block of Prospect and removed various tools valued at a total of \$300.

Someone removed a woman's ring of undetermined value from the bedroom of a house in the 7800 block of Crain May 5 while the homeowner was working in front of the house.

The victim told police he saw the door ajar and when he went inside, the offender ran from a bedroom to the side door.

The offender was described in his 30's, 5'10", weighing 170 pounds, straight black hair, and wearing a blue dress shirt and dark slacks.

Persons unknown gained entry to the toolroom of Niles College, 7135 Harlem ave. on May 9 and removed a compressor and drill valued at a total of \$750.

A K-Mart security agent on May 7 observed a man bring a shopping cart full of various clothing items, bath accessories and several household appliances to a cashier counter.

The cashier was observed ringing up \$15.20 instead of the required \$380.80. She then put all

Commends Niles Park facilities and employees

Dear Editor:
My family and I had heard about Niles Park District Golf Cages and Miniature Golf Course, and since it was a nice day, we decided to go there and check it out. We have 3 children, two boys and one girl.

Well, I want to tell you we had an excellent time. What a nice place to take the family and spend the day! We hadn't planned on eating dinner there but we all were having such a good time we decided to eat there also.

The lady that was working in your concession stand that night was extra-ordinary. My children immediately fell in love with her. Not only was she kind and considerate, she was very patient with our children. She made them laugh and even washed my 3 year old daughter's face when she got ice cream all over it. My kids enjoyed this lady so much they kept at us for money to go back up to the stand so they could buy something from her.

I saw a young man picking up balls in the batting cages and inquired what this lady's name was. He told me it was Mrs. Valley.

The reason I'm writing this letter is to say we don't live in Niles but we will certainly be back, thanks to the Niles Park District's facilities and their wonderful employees.

Thank you, Niles,
The Armand Family

Thanks for publicity

Oakton ready for region baseball tournament

Oakton Community College goes after its fourth consecutive Section II baseball championship of the National Junior College Athletic Association's Region IV (northern Illinois) when action gets underway this weekend at the Raider's home field in Des Plaines.

Left-handed pitcher Pete Balke is slated to get the call when Oakton opens up tournament play at noon Saturday against Skyway Conference rival Elgin Community College. The Raiders last Saturday swept Elgin in a conference doubleheader (6-2, 16-5), ending the Skyway season with a 10-3, second place mark. If

Oakton gets past the Spartans again Saturday, it most likely will face Harper College at 11 a.m. Sunday in the double-elimination tournament. Losers from Saturday's first-round games will meet at 3 p.m. the same day. The winner of that game meets the loser of Sunday's 11 a.m. winner's bracket contest at 2 p.m. Sunday. The championship is scheduled for 1 p.m. Sunday, with a second game to follow, if necessary. Oakton finished its regular season last Saturday with a 10-0, 13-6 twin-bill sweep over Loyola University, giving the Raiders a 26-15 mark on the year.

Interesting Facts From John Jennings

Although Sam Houston is a famous Texan-leading Texas to its independence from Mexico, and having the city of Houston, Texas named after him—Houston himself was born in Virginia and raised in Tennessee. He was also once a Congressman from Tennessee and governor of Tennessee.

We all know the U.S. flag has 13 rows of stripes, but how many rows of stars does it have? Answer is 9.

Can you name the only continent in the world that touches the Atlantic, Pacific and Indian Oceans? Answer is Antarctica.

Amazingly, a U.S. city with a population of over 1-million people ceased to exist as a city. Brooklyn, N.Y. voluntarily gave up being a separate city in 1898 and merged with New York City. Brooklyn is now just a borough of New York City.

Happy Hound Athletics 6-Norwood Fed. Sav. Mets 5
A very exciting game with timely hits by David Heiser, Joey Knudsen, Chris Figout and Nick Katsoulas, with walks by Shawn Cutlip and Tom Vozielak led the A's to an exciting victory over the Mets in a close 6-5 game. Pitching for the A's by J. Knudsen, P. Sheehan, D. Heiser was at times a bit shakey but hitting, good base running, and good defense preserved the victory.
Pitching for the Mets were Box-compi, Saviano, Barabaz, and Thorsen.
