Homeowners urged to appeal if unfairly taxed

by Rob A. Jones

In light of the upcoming quadrennial tax reassessment, Lawrence Township residents were urged to appeal if they believe their property was unfairly assessed. Township representatives indicated that homeowners had the opportunity to challenge assessments and receive a fairer valuation. The appeal process would take place in the township offices, where it is believed that the process will be handled efficiently.

Drinking age amendment clarified

by Marmon F. Deary

The Niles Township Board of Trustees decided to adopt a local ordinance which would clarify the drinking age amendment previously on the books. According to village attorney Richard Troy, the new ordinance would serve to clarify various aspects of the amendment, including its application in relation to public events and establishments.

Dist. 63 discusses failed referendum

by Elliot Blacknall

District 63 Board members attended a special meeting last week to discuss the recent referendum, which failed. The referendum aimed to raise taxes for educational purposes. However, it was not approved by the required number of precincts.

MG approves new plaza with reservations

by Shelby Bastian

The Village of Niles approved a new plaza in the Greenwood area, which has been discussed for some time. The village officials noted the need for additional amenities and improvements to enhance the area's appeal.

Special Olympics winners at Resurrection

The Special Olympics competition was held at Resurrection High School, giving athletes a chance to compete in gymnastics activities. Participants were awarded medals for their achievements.

Citizens thwart burglary scam

Marion Grove and Chicago police are warning residents about a recent burglary scam. A group of individuals has been pretending to be police officers and attempting to gain entry to homes. They are using various tactics to deceive homeowners and gain access to their properties.

Punctuating Parents Guide

Page 22

Students and teachers are encouraged to enjoy various activities and events throughout the spring season. The Parents Guide provides information on upcoming events, such as the spring carnival and school trips. It also highlights the importance of parent-teacher communication.
Costello appreciates voters support

Dear Editor,

I would like to take this opportu-
nity to express my appreciation to those of you who contributed to my cam-
paign and who have shown their sup-
port in other ways. I want to thank
you for your kind words and for
your contributions to my cam-
paign. I am truly grateful.

Sincerely,

Dear Editor,

I recently read a survey that showed 50 percent of all recent patients who visited a pharmacist were unaware of the importance of medication awareness. As a pharmacist, I urge all patients to be informed about their medications. Here are five important questions you should ask your pharmacist:

1. What is the name of the drug, and how do I pronounce it?
2. How and when do I take it?
3. What are the usual effects and what should I do if they occur?
4. Do you have any written instructions that come with the prescription?
5. What is the name of the drug, and is it a prescription or over-the-counter medication?

Skokie presents "Artist to Artist"

The show is on Channel 10 from April 11 at 9 a.m. and 4 p.m., April 12 at 9:30 and 4:30, and April 13 at 9:30 a.m. For more information, call Ted Smith at 224-2003.

Proper disposal...

- Used needles no longer should be placed in the garbage. Instead, bring them to one of the locations listed below.
- The正确 disposal is to use a large plastic bag, then double bag and tie, then either flush with the toilet or place in a secure container for pickup.

Branch pickup...

- The first week of April, 1979, marked the beginning of a new service for the proper disposal of used needles and syringes in Cook County. This service is a result of a request by the Illinois Department of Public Health and the Cook County Health Department. The program is designed to provide a safe and convenient method for the disposal of used needles and syringes without the potential for contamination of the environment or human health.

A child needs glasses, according to Dr. Cronin, about 12 years old."But I'm not very sure. We see a lot more kids in the emergency room because they need glasses or contacts, because they can't see. The light entering the eye is not focused properly on the retina. The retina doesn't see well. We need glasses to help see."

Rosary MIS degree

In a collaborative effort, the Graduate School of Education and Social Service at DePaul University and Loyola University are offering a new degree program, the Rosary MIS degree. The program is designed for students who wish to pursue a master's degree in educational administration or social service administration. The program is offered on a part-time basis, with three concentration areas: educational administration, social service administration, and management of educational administration.

Measles in suburban Cook County

Since January 1, 1979, more than 300 cases of measles have been reported in Cook County. The majority of cases have been reported in the suburban areas of the county. The disease is spread by contact with an infected person, who may not have any symptoms. The incubation period is between 10 and 12 days. Once symptoms appear, the disease is highly contagious and can be spread for several weeks. The best way to prevent measles is to get vaccinated. The vaccine is given in two doses, with the second dose given 4 to 6 weeks after the first dose.

Safety education for children

East State Safety Tours, a program of the East State Safety Council, is offering free educational programs for children in 4-6 year olds. The programs are designed to teach children about safety and how to protect themselves from injury. The programs are held on weekends and weekdays at the East State Safety Council, located at 20000 N. LINCOLN AVE., Morton Grove, IL 60053. For more information, call Sharon at 224-2003.

Kaplan named program director

Barbara Kaplan has been named director of the Children's Hospital of Buffalo's new teen program.

"We are pleased to have an experienced individual in our new program," said Elizabeth Fraser, president of the hospital.

Kaplan, who has worked in mental health programs for the past 15 years, has been a member of the faculty at State University of New York at Buffalo for the past four years.

"I am looking forward to working with the children and families in our program," Kaplan said.

Peers less joins Republic

Roger J. Rubino, Jr., president of Republic Federal Savings and Loan Association, has been named by the board of directors to the board of directors of Republic.

Rubino said that he was pleased to be named to the board of directors of Republic.

"I am excited to be a part of Republic's future," Rubino said.

Citicorp contributes to cancer research

In 1994, Citicorp Savings contributed over $3.3 million to the efforts of the National Cancer Institute through the Piccolo Fund.

"We are pleased to contribute to cancer research," said Citicorp Savings President Michael W. Livermore.

Cragin offers free textbook

Cragin Federal Bank for Savings is offering a free textbook to all customers who open a new account.

"We are happy to offer this free textbook to our customers," said Cragin President James R. Corcoran.

Prudential agent retires

Ray E. Strong of Lisle, a Prudential agent, has announced his retirement.

"I have enjoyed working for Prudential for many years," Strong said.

Illinois CPA Society meeting

"Time Management" will be the topic of discussion at the next meeting of the Illinois CPA Society.

The meeting will be held on Thursday, April 15, at the Illinois CPA Society headquarters in Chicago.
