MG Fleet Watch speeds access to police aid

A green and white bumper sticker bearing a dog's picture and the words "Fleet Watch" is the newest tool in Morton Grove crime prevention. In small letters, the sticker also reads ominously, "We report suspicious activities."

Over 40 Morton Grove Public Works department vehicles are carrying the Fleet Watch sticker showing "McGruff," the canine symbol of community involvement in stopping crime.

McGruff, a lovable cartoon hound in trenchcoat, is the product of the National Crime Prevention Council and the Na-

tional Advertising Council. McGruff's mission is to "take a bite out of crime."

McGruff will work for any law enforcement agency and is especially good at neighborhood watch. His objective is to alert police to suspicious activity, so two-way radios provide the ideal mechanism to get the word out quickly.

In Morton Grove, Public Works vehicles have two-way radios and are tied into the police radio band. Public works are monitored by police dispatchers.

As part of Fleet Watch, vehicle

Photo by Shelley Chapman

Affixing Fleet Watch stickers to Morton Grove public works vehicles are (l to r) Deborah McEnemey, police crime prevention officer,

McGruff, the canine symbol of crime prevention; Police Chief Lawrence Schey; and Public Works director Jim Dahm.

operators have been trained in how to assist residents in need of help and in how to report suspicious persons or incidents. Police follow up on all calls.

If children recognize Fleet Watch stickers and seek help, drivers are told to assist, but never bring the child inside the vehicle, and if necessary, to wait until help arrives.

Morton Grove Police Chief Larry Schey is initiating Fleet Watch as part of a many-pronged effort to stop crime in the suburb by making it easier for residents to contact police.

It is hoped the program will develop a community sense of "neighbor helping neighbor" in the village.

Police Crime Prevention Officer Deborah McEnemey trained the vehicle operators with correct procedures for reporting suspect and vehicle descriptions to police. She said that although the drivers are asked to be extra eyes and ears for the police, they are not encouraged to become physically involved in a situation.

McEnemey is also working to involve other village vehicles

with two-way radios in Fleet Watch.

Through the Illinois Crime Prevention Association, employees of Centel Telephone, PACE suburban buses and Menard Electric Co-op are already participating in the program.

The Association will officially recognize any Fleet Watch participant who helps a crime victim or reports a crime in progress or serious car accident.

McEnemey said that calling 911, another means to rapid police access, is still a year away from operation in Morton Grove. She stressed that, meanwhile, police are available on a 24-hour basis and need the public's cooperation in stopping crime.

Illinois Birders "Out for the Count"

Birds in Illinois and all across the United States will be watched and their numbers recorded during the 90th annual Audubon Christmas bird count from Dec. 16 to Jan. 3.

This yearly bird watching event has grown from its original 27 participants to over 42,000 across the United States, with well over 1,000 in Illinois alone, according to Vernon Kleen of the Illinois Audubon Society.

The Christmas bird count yields valuable information on what is happening with birds and their habitats, and signals when a species may be in danger.

One of the participants again in this year's count is David Bohlen, author of "The Birds of Illinois," the first comprehensive survey of Illinois birdlife in the twentieth century. Bohlen is assistant curator of zoology at the Illinois State Museum in Springfield.

On one count Bohlen, who participates in five to seven bird counts each Christmas, spotted a Least Flycatcher, a rarity at this time of year. Although Illinois is on its migration route from Au-

gust to October, the Least Flycatcher should have been in its winter home in Central America.

Bohlen notes that one bird which won't be counted this Christmas is the Carolina Parakeet, Illinois' only native parrot, which became extinct around 1912.

Birders in 1989 will be watching especially for the Black-crowned Night Heron and the Loggerhead Shrike, two of Illinois' endangered species.

Bohlen's book, "The Birds of Illinois," is based on details their natural history, distribution patterns, abundance, migration dates, and habitat information.

Also included in the book are a review of the state's physiography and a powerful and disturbing review of conservation issues.

Bohlen's book is illustrated with 49 full-color paintings by noted wildlife artist William Zimmerman. It is available at bookstores or from the publisher, Indiana University Press, at 1-800-842-6799.

Dist. 63 approves 5 1/2% tax hike

by Eileen Hirschfeld

A tax levy of \$13,017,650, amounting to a 22.36 percent increase over last year, was approved Tuesday by board members of East Maine Elementary School District 63 following a public hearing at which only one person appeared.

It is estimated that the levy will result in a 5.5 percent tax increase to the taxpayer.

In other board business, in compliance with state law which becomes effective in January, the district enacted a tentative no-smoking policy. The use of tobacco will be prohibited on school

grounds during school hours with certain exceptions, such as indoor and outdoor spectator areas and areas designated for use by school personnel.

The proposed no-smoking policy will be posted at all school buildings, the Educational Service Center in Apollo Junior High School, and the Niles Public Library. It will be voted on after a second reading at the Jan. 9 meeting.

Board members agreed to accept a plan for gifted and talented student education in six areas of

Dist. 70 looks to future on student enrollment

by Linda A. Burns

The Morton Grove District 70 School Board agreed Monday to go ahead with plans to hire a firm to conduct a demographic study on future student enrollment trends in the district.

The board contends the study is necessary to determine whether the \$2 million proposed addition to Park View School, 6200 Lake St., is needed.

The study would essentially involve finding out how many children under five-years-old live in the district and if there is a trend of young families moving into Morton Grove.

The board is looking into hiring a marketing research firm to dispatch a questionnaire to 1,000 households and to tabulate and analyze the results.

Board President Danny Miletic and board member Harry Dreiser compiled a questionnaire after consulting with Philip Haus-

er, a retired sociology professor of the University of Chicago and a former Director of the U.S. Census Bureau. Hauser has conducted numerous censuses around the world and has designed proposals for marketing research firms, according to Dreiser. The firm hired to do the study could modify the questionnaire, though.

Dreiser said the last demographic study for the district was done in 1975 and current data is needed. Dist. Supt. John Graham may find it easier with the study to convince the board the addition is needed, he said.

According to Miletic, young families are moving into Morton Grove. "There is definitely a trend of children coming to the District 70 school," he said.

Graham said he is very supportive of the survey and he would like to see it expedited quickly.

Car accidents injure eight

Paramedics from Niles, North Maine, and Morton Grove transported eight persons to area hospitals following two separate vehicular accidents in Niles and Glenview the morning of Dec. 16.

Five were injured in an accident occurring at 1:56 a.m. in Niles when a car driven by Elaine Hofer, 55, of Chicago, made a left turn from westbound Dempster Street onto southbound Harlem Avenue, colliding with a station wagon driven by Francisco Moncayo, 54, of Des Plaines. The wagon veered into a light pole.

All of the injured from this accident were taken to Lutheran General Hospital, Park Ridge. Hofer is reported to be in fair condition; Donald Hermanson, 55, of Chicago, a passenger in Hofer's car, was reported in serious, but stable condition.

Moncayo and his passengers, Michael Strach, 29, of Round Lake Park, and Frank Link, 29, of Wood Dale, were also taken to the Park Ridge hospital. Moncayo is reported in fair condition.

Strach and Link were released early this week.

Police reports describe the driving weather as clear, with no defects in the road, and a dry, lighted roadway. Niles Police cited Hofer for an improper left turn and damage to a structure.

A second incident at 6 a.m. Dec. 16 in Glenview sent three people to the hospital. Alwyn McLeon, 39, of Evanston, was driving westbound on Golf Road in the outside lane and Allen Gordon, 53, of Glenview, was driving an '89 Chevrolet Astrovan southbound on Shermer Road in the inside lane, when the cars collided in the intersection of Golf and Shermer Roads.

McLeon and Rupert Johnson, 43, a passenger in her car, were taken to Evanston Hospital. Johnson is in fair condition; McLeon was released Dec. 17. Gordon was taken to Glenbrook Hospital, Glenview, where he was treated and released.

Both drivers were ticketed for disobeying a traffic signal and have a court date Jan. 31.

Grennan Heights gym first for improvements

Niles Parks approve \$740,000 bond ordinance

by Nancy Keraminas

District 63 emergency closing procedures

East Maine School District No. 63 has implemented emergency school procedures if snow conditions, unsafe streets, or other emergencies make it necessary to close District 63 schools or limit transportation.

When school closings will be given to radio stations WBBM (780 AM), WMAQ (670 AM), WGN (720 AM), WFYR (103 FM), also to WGN-TV (Channel 9) and WFLD-TV (channel 32).

Continued on Page 43

The Niles Park District Board of Commissioners voted unanimously to issue nearly three quarters of a million dollars in general obligation bonds earmarked for capital improvement projects in 1990.

The \$740,000 in bonds, as explained by Park Attorney Gabriel Berrafato, will be issued by the First National Bank of Niles, which will retain them as part of the bank's investment portfolio.

Berrafato described the bonds' 6.5 percent interest as "an excellent rate." The bonds will be retired in four installments through 1993.

Park Board President Elaine Heinen announced that the roof of the Grennan Heights gym was the "number one priority" insofar as pending capital improvements, with that building's ceiling the "number two priority" for attention.

According to Vice President Walt Beusse, department heads have listed capital improvement needs for the parks totaling nearly \$760,000. "You may be sure we will be going over this list with a fine-tooth comb," Beusse promised.

Beusse and Commissioner Bud Skaja had opposed passage of the park district's 1990-91 levy ordinance, favoring a 5 per-

cent increase rather than the 10 percent increase approved by the majority Dec. 14.

Beusse discussed pending Illinois legislation that would limit levies by taxing bodies, increase homestead exemptions by \$1,000, and change the timing of the receipt of revenue by taxing bodies.

Berrafato indicated that the legislative support for property tax relief measures was such that the park district appropriation was timely.

Relative to another possible

Continued on Page 43

Drivers hit walls ...and bridge

Several area drivers learned about the immovability of brick walls Dec. 14. About noon, Elsie Valovic, 69, of Chicago, was driving northwest on Milwaukee Avenue, Niles, when her car ran over ice and spun across the road into the southeast bound lane, striking the brick wall of a building at 7136 Milwaukee Ave.

That evening, Baba Badalpour, 66, of Skokie, heading east on Dempster Street, drove head on into the west end of the bridge at Milwaukee Avenue and Dempster Street in Niles.

Snowman candy wreaths manufactured by seniors

The latest craft workshop sponsored by Maine Township Senior Citizens taught how to make perky snowman candy wreaths for holiday decorating or gift-giving. Sue Neuschel (left) shows the finished product, while Jan Christiansen (seated center) shows Terry Fritze of Niles (standing), Mary Como of Glenview (seated left) and Julia Arkus (seated right) of Des Plaines how to attach wrapped candy to a metal ring.

For information on the next craft workshop, call Sue at Maine Town Hall, 297-2510.

Exercise classes for arthritics

A series of exercises for people with arthritis is being held Mondays and Thursdays, from 5:30 to 6:30 p.m. at Rush North Shore Medical Center in Skokie. Classes are designed to increase muscle strength and walking ability, while not aggravating joint inflammation.

For further information and to register, call the Good Health Program of Rush North Shore Medical Center at 677-9600, ext. 3588.

We're The Resident Experts On Home Equity Loans.

Take a careful look at your home. That front porch, bay window and nice red trim can be a financial resource for you. You may be eligible for a Home Equity Loan. Simply put, a Home Equity Loan is a personal loan based on the increase in market value of your home and the amount of mortgage you've paid off. To find out if a Home Equity Loan is right for you, come see us for an "on the house" opinion. YOU KNOW US. WE KNOW YOU.

SENIOR CENTER CLOSURE

The Niles Senior Center will be closed on Monday, Dec. 25 for the Christmas holiday. We will re-open on Tuesday, Dec. 26 at 9:30 a.m. We wish everyone a safe and happy holiday.

SQUARE DANCING CLASS

The Niles Senior Square dancers invite all Niles seniors to join them on Tuesday, Dec. 26 at 1:30 p.m. for their classes. There is no cost to attend and registration is not required. Beginners are welcome.

LINE DANCING

The line dancers will meet on Tuesday, Dec. 26 at 2:30 p.m. Singles and couples are welcome. There is no cost and registration is not required to join the class.

PINOCHLE

A pinochle group will meet on Wednesday, Dec. 27 at 1 p.m. This is an open class to beginners and experienced players. Registration is not required.

NEW YEAR'S LUNCHEON

A reminder to all ticket holders that the New Year's luncheon will be held on Friday, Dec. 29 at 12:30 p.m. The menu will be beef with pea pods, chicken chow mein, egg roll, fried rice, fortune and almond cookies. Entertainment will be provided by the Bataille Dance Academy. Tickets are \$5.75. Call 967-6100 ext. 376 for ticket availability.

Center offers advice on wills

Many people do not realize that having a will is as important to those in modest circumstances as to those people who are affluent. Also, many people do not know how to have a will written up.

A program on wills for senior citizens is co-sponsored by The Center of Concern, Suite 125, 1580 N. Northwest Hwy., Park Ridge, and the Bar Association. A lawyer from the Chicago Bar Association's Reference Plan is assigned to The Center the first Wednesday of every month.

To expedite the lawyer's work, a Will Information Form can be picked up at the Center. Information provided by the applicant is kept in strict confidence. There is no charge for the first meeting with an attorney. Wills for lower or medium income older adults are available at reduced fees, \$50 maximum for one individual and \$75 maximum for two people.

The Center of Concern also sponsors a Legal Assistance Program which provides legal advice. Attorney Abe Linderman counsels residents of all ages each Saturday morning by appointment.

Appointments or further information may be obtained by calling The Center at 823-0453.

Direct deposit is best for Social Security payments

People who will be applying for Social Security benefits should have their bank information handy when they call or visit Social Security because direct deposit is now the normal way to make benefit payments. It's also the best way for most people to get their benefits.

Safety is one reason for the emphasis on direct deposit. People who receive their benefits in the mail sometimes find that the check has been stolen from the mailbox. Occasionally, a check is reported as lost.

With direct deposit, benefit payments are deposited electronically into a savings or checking account. The check is not sent through the mail where it may spend several hours or longer unprotected in the beneficiary's mailbox. And there is no paper check which could become lost.

A second reason is convenience. Beneficiaries do not have to set aside time to make a trip to the bank to deposit the check. This gives them additional free time to do the things they would most prefer doing. This offers greater freedom for busy individuals.

Another reason is reliability. Every month on payment day, the money is credited to the beneficiary's account. The beneficiary is

then better able to plan for payment of purchases knowing that the money to pay for them will be in his or her account by a certain time each month.

For the Government, direct deposit has advantages, too. It costs 25 cents less to make a payment by direct deposit instead of by paper check. That is because there are no costs of processing and mailing paper checks. This represents substantial savings to the Government.

Direct deposit makes sense. It also saves cents. Those applying for benefits, or if those already receiving benefits in the mail, should try direct deposit. Just contact Social Security.

In addition to name and Social Security number, bank account information which can be found on personal check or savings account passbook is necessary. Call 1-800-234-5554 the nationwide toll-free telephone number.

"Better perspective" after eye surgery

Clara Raff, 100-year-old resident of Covenant Home, said "things look better than ever" since her recent cataract surgery at Swedish Covenant Hospital. Mrs. Raff, who will be 101 on Dec. 31, had the operation done as an outpatient. She is seen the day after the surgery with Doris Johnson (right), director of nursing at Covenant Home, and Amy Thompson of the hospital's outpatient surgery staff.

Morton Grove Senior Citizens 470-5223

CHOLESTEROL

Blood cholesterol has been positively linked to heart and circulatory diseases and its control can significantly enhance good health. One effective way of monitoring and controlling cholesterol is through a simple and painless blood screening. Screenings are available to Morton Grove residents from 9 to 10 a.m. on Tuesday, Dec. 26, in the Flickinger Senior Center. For Morton Grove seniors (age 65+) who have never been screened before, there is no charge for the screening. There is a discounted fee of \$3 for seniors desiring follow-up screenings and \$4 for all others.

ENERGY COST ASSISTANCE

The Residential Energy Assistance Partnership Program (formerly IHEAP) is now available for eligible Maine and Niles Township residents. The program offers assistance in paying heating bills or if the heat is included in the rent. Interested people in Maine Township should call 297-2510, and in Niles Township, 328-5166.

SNOW REMOVAL

Teen and young adult snow shovelers and plowers are available to meet the snow removal needs of neighboring senior citizens this winter. Those seniors needing a winter-time worker can call the Village of Morton Grove today at 965-4100, ext. 254.

TAX-AID VOLUNTEERS

Each year hundreds of Morton Grove seniors take advantage of free and expert assistance in filing income tax forms through the Volunteer Income Tax Aid program sponsored by the IRS, AARP, the Village of Morton Grove and the Morton Grove Park District. A few more volunteers will be needed as counselors this year. People who have tax knowledge and are willing to be trained in a five-day IRS tax course held at the Flickinger Senior Center, may qualify as tax counselors. For more information call the Morton Grove Senior Hot Line at 470-5223.

CAN LIFE BE EXTENDED?

Why do people grow old and die? Can anything be done to slow aging or extend life? These questions have been around as long as man himself, but there are still no simple answers. Each day, medical researchers learn more about changes in the human body as it ages. But why these changes occur is still a mystery. Some theories of aging suggest that the aging and eventual death of body cells are due to a built-in genetic program. Just as early growth and development follow a set timetable, so do maturity, aging, and death. Other theories assume that aging is caused by damage that occurs in various body systems throughout life. Such damage could be caused by "wear and tear," harmful substances that we breathe and eat, or natural processes within the body. The "damage" theories hold promise that such changes might someday be corrected or avoided and life expectancies extended. However, they also have opened the way for aging "treatments" that medical experts do not endorse.

There are no known "antiaging" treatments, drugs, or supplements that slow aging or extend life. But, chances of staying healthy and living a long time will improve if a person: 1) doesn't smoke, 2) eats a balanced diet and maintains proper weight, 3) exercises regularly, 4) has regular health check-ups, sees a doctor when a problem is detected and follows doctor's advice when taking medications, 5) stays involved with family and friends, 6) allows time for rest and relaxation, 7) gets enough sleep, 8) stays active through work, recreation, and community activities, 9) drinks alcoholic beverages in moderation, if at all, and doesn't drive after drinking, 10) uses seat belts, 11) avoids overexposure to the sun and cold, and 12) practices good safety habits at home to prevent accidents such as fires and falls.

It also helps to have a positive attitude toward life. Expect to live a long time. Plan ahead for housing and financial security. Find out what makes you happy and do it.

CHEAPER PLATES

Illinois residents who are age 65 or older, and who earn less than \$14,000 in annual income, may purchase license plates at 50 percent of their normal cost. An additional criteria is that the resident be receiving the Circuit Breaker benefits which are discounts on income taxes paid by seniors with less than \$14,000 income. Additional information about the license plate fee reduction and the Circuit Breaker may be obtained by calling, toll free, 1-800-252-2904.

POSTAL CARRIER WATCH

U.S. postal carriers in Morton Grove provide a watch service of the homes of disabled or senior citizens residents. Since the carriers are regular visitors to each home, they can maintain surveillance of any mail accumulation in the mailbox. Should the resident for any reason not pick up the mail, the carrier would contact the Village's Senior Services Department for follow-up. For information about applying for this no cost, precautionary service, call the Senior Hot Line at 470-5223.

For more information about these senior services and recreation programs, call the Morton Grove Senior Hot Line at 470-5223, or the Prairie View Community Center at 965-7447. To receive the "Seniors in Morton Grove" newsletter, send \$2.50 to the Morton Grove Park District, 6834 Dempster St., Morton Grove, IL, 60053.

Police News

Burglaries...

The night of Dec. 10, burglars entered a house in the 8800 block of Luna Ave., Morton Grove through a rear patio door. They took jewelry, a gold wedding band and a pendant necklace, total value \$500 from the master bedroom. Damage to the patio door latch was estimated at \$20.

That same night, persons unknown broke a window in a flower and supply firm in the 8500 block of Frontage Rd., Morton Grove to gain entry to a supply area. Once inside, they removed U.S. currency, a microwave oven, a two-way radio and a radio/cassette player for a total loss of \$363. Damage to a service window and drawer lock was estimated at \$50.

Purse thefts...

A Skokie woman ate in a fast food restaurant in the 6800 block of Dempster St., Morton Grove about 9 p.m. Dec. 8 and left her purse. When she telephoned the next day, employees informed her 1) the manager took the purse home and 2) a woman came in and claimed the purse. The Skokie woman valued the purse at \$20; it contained \$6, a check book, credit cards and identification.

In a second incident, the afternoon of Dec. 15, a Glenview woman, 55, placed her purse on a display shelf as she inspected some merchandise in a clothing store in the 6800 block of Dempster St., Morton Grove. She went to the service desk, then returned to find her purse missing. The purse and the wallet it contained were valued at \$50 each.

Retail thefts...

J.C. Penney security agents videotaped one of their employees, a 61 year old Chicago man, as he reportedly took \$250 cash from his register Dec. 11. He admitted to stealing a total of \$1578 from the store. He will appear in court Jan 25.

A 21 year old Venture employee was also targeted by store security cameras, which recorded her taking cash from her register Dec. 11 and putting it in her back pocket. The woman went on break and security discovered her drawer was \$175 short. She later sold \$71.66 worth of merchandise to a second employee, allowing her to pay only \$26.75 for the articles. Under questioning she admitted to stealing \$150 cash and giving it to a friend. Arrest of the second employee is pending.

Casual Corner management is pressing charges against a 26 year old assistant store manager who reportedly defrauded the company of several thousand dollars by bogus transactions since Oct. 12. An investigation began after a fellow employee tipped management that the Des Plaines woman fraudulently voided a \$162.64 sale. It was later discovered the woman had issued \$1200 in fake refunds, \$1500 in questionable void outs and had improperly credited her own MasterCard. Charge account with \$700 in returns.

Kohl's filed theft charges against a 19 year old employee, a Glenview resident, who helped two "customers" steal \$189.83 worth of merchandise Dec. 15.

By voiding a sale and giving the 19 year old Chicago man and 18 year old Des Plaines woman the merchandise. A Jan. 4 court appearance was scheduled for the trio.

PharMor security personnel apprehended a 38-year-old Chicagoan on Dec. 14 after he concealed containers of cologne and aspirin under his coat and attempted to leave with \$206.43 worth of store merchandise. The man initially gave a false name and birth date to authorities. He will have a Jan. 4 court appearance.

A Jewel security agent has pressed battery charges against a 24-year-old Glendale Heights man, accused of shoplifting at the store at 8730 Milwaukee Ave. Dec. 16. The man, along with another Des Plaines man, apparently worked in tandem concealing \$29.12 in store merchandise in a bag. As the accomplice went through the checkout lane, the Glendale Heights man tried to leave the store with the items. He reportedly pushed the female agent who stopped him. Both men face retail theft charges Jan. 4.

The same security agent was also battered Dec. 11 by a 41-year-old Niles man who tried to steal a pack of cigarettes and pushed her against a brick wall outside the store when she apprehended him. He also has a January court date on retail theft and battery charges.

Kohl's security personnel arrested two youths, one a minor, and charged them with retail theft Dec. 13. The two young men, the other of whom was an 18-year-old Chicagoan, each reportedly stole gym shoes valued at \$64.99 each. They will appear in court Jan. 4.

An alert witness saw a man and woman pushing items down in a shopping bag as they stood near a clothing rack in a store in the 6800 block of Dempster St., Morton Grove the evening of Dec. 12. The witness discovered merchandise missing from the rack and ran after the pair. When confronted by the witness, the male fled west in the parking lot on foot and his female companion escaped in an old car described as a "beater" without a license plate. The stolen merchandise, four jackets and four skirts, was valued at \$240.

Representatives of a Golf Mill sandwich shop reported that a terminated employee is suspected of stealing three deposits of \$429.63, \$307.25, and \$503.09. The thefts occurred in November.

Security agents in the clothing store in the 6800 block of Dempster St., Morton Grove, detained two men after they observed them stuffing a man's two piece suit into one's clothes. The men also took two wallets and a pair of men's dress shoes and left the store without paying. The merchandise was valued at over \$275. The men were arrested on misdemeanor charges and placed under \$1000 bond, each. Their court date is Jan. 25. One offender was a Des Plaines resident, his accomplice was a Chicagoan.

The evening of Dec. 11 a security guard saw a man take a silver colored pen and pencil set from a case and place it in his pocket. The man left the store in the 7200 block of Dempster St., Morton Grove without paying, but was apprehended. Police arrested the man, 35, of Park Ridge and placed him under \$1000 bond for the theft of the pen set valued at \$12.99. His court date is Jan. 30.

Holiday thefts

A resident in the 5900 block of South Park Ave., Morton Grove lost a plastic Santa and a plastic female figure from in front of his house the night of Dec. 15. The holiday decorations were valued at \$20 each.

Motorists must yield to emergency vehicles

In 1988, 3,053 emergency vehicles were involved in accidents, including 12 fatal accidents and 815 injury accidents, according to the Illinois Department of Transportation. These accidents happened despite the fact that ambulances, police cars and fire trucks use lights and sirens when rushing to an emergency.

When an authorized emergency vehicle is approaching with sirens blaring and lights flashing, Illinois law requires motorists to yield the right of way. Immediately drive as close as possible to the right edge of the road. Stop, if possible and remain stopped until the emergency vehicle has passed, unless otherwise directed by a police officer.

The law also requires emergency vehicle drivers to be cautious and to watch for all persons using the highway.

It is sometimes difficult to see and hear emergency vehicles, even if they are using their lights and sirens. Therefore, follow these safety tips in everyday driving:

- * Open a window a little when using the air conditioner or heater.
- * Turn down the volume on the radio or tape player.
- * Check the rear view mirror occasionally.
- * Look both ways before crossing an intersection.
- Traffic safety depends on all motorists looking out for each other. But when an ambulance, police car or fire truck is rushing to an emergency, all other motorists must yield the right of way.

Niles Park... School closings...

Continued from Page 3
School closing decisions are made on the basis of district-wide student safety or specific emergencies at individual schools within East Maine School District No. 63.

The district schools include Gemini Jr. High School (Niles); Nelson Elementary School (Niles/Morton Grove); Stevenson Elementary School (Des Plaines); Mark Twain Elementary School (Niles/Des Plaines); and Washington School (Glenview).

The Melzer School located in Morton Grove is also effected by closings of the schools in District 63. When schools are open on extremely bad weather days, parents should decide whether their children should attend.

The Maine Township special education program normally follows the same schedule as the Maine Township schools. Therefore, if District 63 schools are closed, the Maine Township special education program and the early childhood center at Melzer School also will be closed and transportation will be cancelled.

If Maine Township special education program classes are held, normal transportation will be provided.

Each local school has a parent/teacher organization "calling tree" that will be implemented should emergency school closing information need to be disseminated within the local school community.

Hearing continued in officer's death

A continuation has been granted in the pre-trial hearing of a Morton Grove man charged with the Oct. 9 killing of Morton Grove Police Officer Barry Shalin.

The next hearing has been set for Jan. 16 in Cook County Circuit Court.

Myron A. Iverson, 71, is charged with striking and killing Shalin, 42, the night of Oct. 9 while Shalin was standing at the rear of his squad car in the 8300 block of Austin Avenue, Morton Grove, talking to a motorcyclist he had stopped.

Iverson, pleaded not guilty to four counts of reckless homicide.

Heinlein said as she commended him for his prevailing calm attitude. "No matter what, he always says, 'don't worry, we'll get it done,'" she marveled.

Weides minimized his role and credited fellow employees, saying, "It's not one individual who carries the ball in the park district."

Members welcomed new Director Tom Lippert, who will assume that post Jan. 9. Visitors attending the meeting surprised Lippert with a 35th birthday cake which they shared.

Futterman said the group was greeted with a standing ovation so hearty that the youngsters, themselves, were awed.

Jay Smith, assistant principal at Gemini, said he was told the band set a new standard for performances at the clinic.

Also, board members congratulated principal Raymond Kuper on a successful application of Mark Twain Elementary School for state recognition. Kuper said he felt proud Mark Twain is considered one of the best 18 schools in the State.

"I felt we had a lot to be proud of", Kuper said. "It's nice to know we're right there on top."

Assistant Supt., Dr. Donald Stetina, reported that, as of October, the district immunization rate was 100 percent complete. Each year, a statement regarding immunization must be sent to Springfield.

The Dixieland band at Resurrection Band will be performing their musical magic at Resurrection High School on Sunday, February 25, from 4 to 8 p.m.

The performers are a very visual, personable, and entertaining musical group who will provide an afternoon of Dixieland, music from the roaring 20's, the Swing Era, Big Band tunes, sing-alongs, and more.

The public is invited to this event sponsored by the Resurrection High School Parents Club.

Tickets are \$10 and are available at the high school. For more information or tickets, call 775-6616.

Dist. 70...

Continued from Page 3
The board wants to complete the survey by early next year.

Residents would be alerted prior to receiving the questionnaires, board members said.

Miletic suggested postcards explaining the survey may be sent to households a week or two before the questionnaires are sent. A follow up call or personal interview with those not cooperating in filling out the survey may be necessary.

Board member Linda Erton agreed to check into two organizations previously contacted who could possibly do the survey and Graham agreed to contact the Illinois Association of School Boards to check into other available firms.

The board could hire a firm outright if the contract was below \$5,000. However, if the study exceeded \$5,000, the contract must, by law, be bid on.

Graham said the study is so unique in character the board could find it has only one offer and it may be justified to allow a higher contract amount if there are no competitive bids.

In other business, the board voted 7-0 in favor of a 6 percent wage increase for 15 classified district employees including maintenance/custodial, clerical and food service workers.

Board member James Quinn suggested the wage increase was fairly large in a year when inflation was only 4.5 percent.

Miletic said the increase was, for the most part, at the midpoint or lower in comparison to other

school districts.

The board also consented to continue with a summer teacher computer training program at a cost of \$24,000 to the district. The two-week program is limited to 15 teachers and their selection is based on seniority.

Graham noted everyone is looking forward to the winter recess which begins at 1 p.m. Friday particularly in view of the flu outbreak. Last week, he said, 80 students were out a day with the flu.
