Single Member District plan gets voter approval

Cook County suburban voters have approved a single member district plan for electing suburban school trustees. A referendum asking suburban voters to consider the plan was introduced by the four suburban school districts: the City of Chicago, the Chicago Suburban School District, the Evanston Township High School District, and the Oak Park and River Forest High School District.

The referendum was introduced in May by the four suburban school districts. The referendum was then referred to the Cook County Board of Elections and referred to the Illinois State Board of Elections.

Employees of the four suburban school districts were not allowed to participate in the referendum. The referendum was conducted by the Cook County Board of Elections.

Zoners approve plans for Golf Road mortuary

Condo residents oppose proposed funeral home

by Nancy Kowalski

A group of nearly 800 condo residents, led by the Pond Forest Condo Association and several officers of the Morton Grove Fire Department, spoke against a planned mortuary facility, which they claimed would create loud noise, strong smell of death, and other problems.

The mortuary, located at 1500 Golf Road, is proposed to be built on a former farm property, which has been vacant for several years.

The condo residents argued that the mortuary would create noise from funeral processions, which would disturb nearby residents. They also claimed that the strong smell of death would be an issue, as well as other odors and noises associated with the mortuary.

The Morton Grove Fire Department also spoke against the plan, saying that the noise and smells would create a safety issue for firefighters.

The zoners ultimately approved the plans, stating that the mortuary would be a valuable addition to the community. However, the condo residents said that they would continue to fight against the plan.
