Homeowner complaints may have spurred new park policy

The new policy requires groups of ten or more people to gather at the park and to contact the Park District's administrator at least 30 days in advance for permission to use the park. This has led to some residents questioning the need for such a policy, as they believe it could limit the park's accessibility for smaller groups.

Theatre director recalls times with Hollywood headliners

Tom Ventriss remembers Katharine Hepburn as "wonderful, down to earth, easy to work with." Hepburn met Ventriss in his first role in "Tall存在于" and married Ronald Reagan in 1940. Hepburn then attended courses in Expression and Dramatic Art and was among the first students to perform on stage at the University of Chicago. She was so impressed by the young man's talent that she invited him to join her in a production of "The Silver Chalice." Ventriss later played the role of "Jaan." Hepburn also starred in "The glass menagerie." During the 1940s, Hepburn often visited the University of Chicago, at that time in 1947, and said, "I made a deal with Twentieth Century Fox that I would play any role he was trying out before he even saw me."

Dudycz co-sponsors veterans' bill

Jim R. Bissell, a retired general, is the legislative director for the Illinois Republican Party. He says the veterans' bill should be considered a priority for the legislature because it would benefit young people in the state.

The bill would provide tuition assistance to veterans who have completed their education but have not yet returned to the workforce. It would also provide a tax credit for employers who hire veterans.

For more information on the bill, contact your state senator or representative.
