## MG man released after being taken hostage by wife killer

A 28 year old Morton Grove man had no idea what an eventful St. Patrick's Day he was to have when he left for his Des Plaines office that morning. The man, a sales representative, who has asked for anonymity pulled into a gas station at

Oakton and Route 83 about 11:30 a.m. that day to use the public phone located in the parkway. While making his call, he noticed a man walking near his 1990 Cutlass. At this point the man approached him, pushed a gun into his ribs and told the

salesman, "Get in the car and drive, I just killed my wife." The man was Wayne T. Chaney, 30, of Des Plaines, who had allegedly entered a Mt. Prospect advertising agency where his wife Connie worked as a receptionist. Continued on Page 31

## From the Left Hand

by Bud Besser

Val Engelman called Monday to tell us, "Like the most popular girl in the class, George could never say No." He was speaking fondly about his friend, George Gauthier, who passed away Friday.

Val, somewhat emotionally, said George sacrificed himself beyond the call of duty with all his volunteering efforts.

George was everyone's friend. For most of our 35 years George would be in the Bugle offices most weeks with a news release. Most recently, he was promoting the Niles Historical Society. He would tell us about the good work the group was doing. He'd then drop in to Diane Miller's office and spend a few minutes chatting away. He'd then stop to tell me a joke. He always had one or two or three and they were funny and they were wry and they were George.

In our early days George would drop by with a release for the Cub Scouts or the Boy Scouts. He was very involved with the scout programs and made sure their efforts were duly recognized in the local newspaper.

In subsequent visits he brought in news about the NICO PARK homeowners area. George used to be out there raking and seeding long before the park district took over the property.

## Niles employee 'wellness' plan under consideration

by Sheilya Hackett

Will lunch hour work-outs be routine for Niles employees? Could a village "wellness" program cut down on sick leave, workmen's compensation claims and maybe lower insurance premiums in the long run? Niles' administrators are betting it would and have an employee "wellness" program under study. The program is intended to help employees reduce the risk factors which can lead to poor health and/or serious medical conditions," emphasizes Christa Ballowe, Niles' personnel officer.

"Seventy percent of all health problems and expenses among working age adults come from poor lifestyle habits and/or controllable factors," she said. Bal-

lowe is looking at plans backed by the Parkside Health Management Corporation, Blue Cross/Blue Shield and the American Heart Association, among others. One of the "wellness" plans calls for an initial health risk and fitness appraisal which in part, also screens blood pressure and cholesterol levels, calibrates body fat and measures flexibility. The results are confidential and sent to employees' homes, while a cumulative overview is sent to the village, pointing out areas of concern.

Ideally, an employee commitment. Continued on Page 31

A new Niles zip code is still in limbo as U.S. Post Office officials gauge the results of a recent survey. At a village board meeting March 24, Trustee Bart Murphy said of the 1,300 survey forms sent out to Niles residents in zip code 60016, of the 451 replying, 262 or 71 percent were for a distinct Niles zip and 189, or 29 percent were against it.

Post Office officials are reviewing the results and should have a decision on a Niles zip within two weeks, Murphy said. Moving to administrative matters, Niles guaranteed its support of the Solid Waste Agency of Northern Cook County (SWANCC) when the village board approved Trustee Louella Preston's resolutions establishing a municipal waste system

and authorizing a project use agreement with the agency. The action obligates Niles to have waste collected within its corporate limits delivered to SWANCC and to pay their share in the development of the waste disposal project balefill. As part of the action, Niles must establish a separate municipal waste system fund and an annual budget for the system based on estimated costs and revenues. As stated by SWANCC officials earlier, the signing of these agreements by member communities in the agency, such as Niles, will enable SWANCC to refinance \$16,250,000 in interim bonds and borrow to construct all facilities in the balefill project. The balefill project is de- Continued on Page 31

## Nordica Avenue hit with rash of car burglaries

A rash of car burglaries plagued car owners in the 77, 78 and 7900 blocks of Nordica Avenue, Niles, between March 20-21. In each case, the unknown offenders smashed a side window to enter.

### Local scout troop visits Glenview Terrace

Glenview Terrace resident, Hub Owens, and a Cub Scout from pack #59 decorate the facility for St. Patrick's Day.

On Monday, March 9, Cub Scout Pack #59 visited Glenview Terrace Nursing Center, located at 1511 Greenwood Road, in honor of St. Patrick's Day. Intergenerational activities such as this are frequently planned for the residents of Glenview Terrace.

According to Anne Scheerer, Director of Activities, the Glenview Terrace calendar is filled with exciting events of this nature. In fact, several times a month, children from various schools, social groups and organizations travel to Glenview Terrace to interface with the adults on various topics.

The intergenerational program is, in a sense, a warm-hearted, light approach to therapy. The

sensitivity of the children touches the adults more than other standard forms of therapy. Daily activities of this sort are planned for the residents on a continuous basis.

This month, a special event was planned for the Scouts to have an opportunity to interact with the older adults. Ms. Joan Pritchard, the den leader, is also a volunteer at Glenview Terrace. She volunteers her time to teach art appreciation to the residents. In preparation for St. Patrick's Day, the Scouts visited Glenview Terrace and spent their time decorating the lounge with crepe paper and shamrock cut-outs, until it was a sea of green. The residents pitched in to help and, afterwards, refreshments were served.

While the Scouts chatted with the residents, each one handed them a shamrock sticker to place on their lapel. Two of the residents, Hub Owens and Virginia Sullivan, were especially involved with the children. Hub chatted with the Scouts on a "man to man" level about his years working in the theater, and impressed the troop with his glamorous tales. The children were encouraged to hug and to touch the residents, hold their hands and ask plenty of questions about anything and everything.

The decorations were the focal point on St. Patrick's Day, March 17 at the "Shake your Shamrock Party". Family, friends and staff of Glenview Terrace enjoyed refreshments and live entertainment by Mark Dvorak. Mark, associated with Artists of Note, plays guitar and specializes in traditions of folk and blues.

## It's time for the Village of Niles to take over the Niles Park District

The time may be at hand for Nilesites to consider having the Village of Niles take over the Niles Park District. The village has money and administrative expertise, both of which are badly needed at the Niles Park District.

Controversy and dissension have been at center stage in the Niles Park District for the past year.

Events which have led to confrontations between the board of commissioners and Niles residents have included the termination of the park director, the proposal that the all-volunteer Niles Baseball League be charged a yearly fee of \$1,500 for the use of the district's 11 playing fields, and the possible closing of the Ballard Sports Complex Ice rink.

All of these actions by the park board have brought an angry response from residents.

The park district is still without a full-time director and while it will eventually fill the post, it is now apparent that in addition to the \$10,000 fee for an administrative search firm plus expenses, the district will also have to ante up a \$6,000 to \$8,000 increase in salary for the new director. The park district NEEDS THAT MONEY.

In recent weeks the park board announced it wanted to charge the Niles Baseball League an annual fee of \$1,500 for the use of the park ball fields. The baseball league makes annual donations to the park district for the use of the playing fields by purchasing bleachers and most recently paying for padding on the Jozwiak Park light poles to protect the players. The park board would not be seeking this additional fee if it didn't NEED THE MONEY.

During this same period park board members have also hinted the Ballard Sports Complex Ice rink may be closed permanently after the April ice show. The entire slab is in poor condition and freon leaks are continuous. The ice rink has run in the 'red' for many years and is costly to maintain. But if Niles is to continue to lure young families into town, schools and recreation become major attractions . . . and the ice rink is for young people. Again, the main reason the park district is considering closing the ice rink is because it NEEDS THE MONEY.

Most of the same taxpayers who are burdened by these money problems in the Niles Park District are the village of Niles residents who enjoy one of the lowest village tax rates in Cook County because of overflowing money coffers in the village. The village receives more than \$5,000,000 from sales tax revenues which can only be utilized by the village. Such revenues have resulted in free bus service, first class police, fire and public services and social services.

If the park district was under the auspices of the village of Niles, it would no longer have a money shortage. The Baseball League would not be assessed for use of the playing fields and the ice rink would be both promoted and maintained by the village.

According to state statute, the amount of signatures needed on petitions seeking the takeover of the Niles Park District by the Village of Niles is approximately 1,200. This represents two-thirds of the total votes of the highest vote-getter in the last park election. These petitions would then be presented to the Niles Park Board which would have to set a date for a referendum.

While many Niles parents have been concerned about the status of Baseball League fees and the possible closing of the Ice rink, and have been busy gathering petition signatures all over town, perhaps they should take a second look at these petitions. Petitions requesting the takeover of the Park District by the village would definitely be more to their advantage since the village has both the money and the expertise to run the parks.

**THE MIND WANTS TO BUT THE BODY CAN'T AND VICE VERSA**

Should seniors be treated with extra patience and respect? What's the implication of euthanasia and the Living Will? Is longevity an ideal goal? How does a senior maintain independence as children begin to question their abilities? How often do individuals say, "I can't do what I used to, but I don't feel as old as I look?" Seniors can tackle some of these ponderables with their peers on Friday afternoons with the course entitled, "The Mind Wants To But The Body Can't and Vice Versa." The facilitator for these discussions is Mr. Jay Lewkowicz, director of Oakton Pavilion Retirement Center, licensed social worker, sex therapist and noted lecturer on senior issues. This 8-week course will be offered on Fridays beginning April 3 to seniors from 1 to 2:30 p.m. at the Prairie View Community Center. There is a cost of \$16 for residents and \$19 for non-residents. For more information call Prairie View at 965-7447.

**CHIMES**

Learning, growing and taking risks are some of the fundamentals to staying young while aging. A small but enthusiastic group of budding musicians have been enjoying extended "youngness" as they practice up a storm at the Flickinger Senior Center, the melodic tones have resounded from Chimes practice every Monday afternoon from 2 to 3:30 p.m. Many of the participants have latent musical talent from their childhoods and some have no experience at all. They get together to practice, practice and practice; the exercise itself being as much fun as the sounds produced. Individuals with no or intermediate experience are welcome to join. Right now, they do not perform publicly but hope that by Christmas of this year they will have enough material to "sound off." If you're interested, call Dodee Connelly at 966-8350.

**HOME AND YARD CHORES**

Morton Grove's home and yard "Chore Program" links senior citizen homeowners with youth and young adult workers in Morton Grove. Seniors who have difficulty maintaining their yards themselves can arrange to have a worker from their neighborhood come by weekly to assist. We also have individuals who can perform minor odd jobs. Seniors must provide equipment and negotiate the fee to be paid to the worker. For more information, call the Flickinger Senior Center at 470-5246.

**TAX FILING ASSISTANCE**

Morton Grove senior citizens, age 55 and over, can receive free assistance in filing their 1991 income tax returns from the Volunteer Income Tax Aides. There is absolutely no charge for this service.

**VETERAN'S BENEFITS**

Sometimes veterans overlook valuable medical protection that is offered to those who were honorably discharged. One strong benefit is for pharmaceuticals. Even very expensive drugs cost only a \$2 co-payment for the veteran who first has had a physical examination at one of the Veterans' Hospitals. Financial eligibility for this benefit is approximately \$18,000 annual income for a single person, more if there is a spouse and/or dependent children. For further information call (312) 663-5510.

### Visual Training Therapy treats eye disorders

by  
Chester Nowak, O.D., D.P.A.

Five patients were suffering from headaches because they needed a change in eye glasses, and lacked using their eyes together in one of six areas of dysfunctional vision. A new prescription eye wear was dispensed and Visual Training Therapy was given to treat the functional disorder and upon completion the headaches were relieved.

A brief services examination will not find eye dysfunction problems. They are found only when you have an extended comprehensive eye examination.

Children aged 5 and older whose eyes have deteriorating vision need spectacles. They have a dysfunction problem that can be corrected with Visual Training Therapy. A muscle imbalance in the cholinergic and adrenergic nerve system causes weaker eyes, a need for stronger lenses, stress and general visual dysfunction which can stay with you for a lifetime, only visual training therapy can prevent eyes from changing.

There are eye doctors who use drugs to dilate the eye's pupils; it's the best way to find pathology. However, it is impossible to measure eye functions when eyes are dilated since the muscles become temporarily paralyzed. For this reason, two distinct eye examinations are necessary for a comprehensive evaluation of the eyes. Numerous patients I have treated have been relieved from headaches, increased their functional learning skills and received clearer vision after completing the Visual Training Program. Dr. Nowak's office is located at 8150-52 Milwaukee Ave., Niles.

# Day Care - Summer Camp Guide

## Niles Lions to send burn victims to summer camp

Pictured above are: Lions members William Wetendorf, Dennis Burns, Russ McAndrew, Firefighter/Paramedic David Chapp, President Val Engelman, Tom Argyrakis, Russ Theis, (sitting) Roy Bergquist, Walter Beusse, Honored Guest Val Marcheschi and Ginger Troiani.

At a recent Niles Lions Club meeting and program given by the Niles Fire Department, the Lions were informed of the "Illinois Fire Safety Alliance Burn Camp," a new program sponsored by the IFSA.

This new program provides a special and unforgettable summer camp experience for the children and teenagers who have had injuries from burns. The Burn Camp provides the setting for burn survivors to share their common experiences, while being able to play and not feel self-conscious about their scars. The camp also provides the campers with some

of the best friends they will ever make.

After camp, the children will continue on with their lives, but it will be different - they will have new friends and realize they are not alone, with their burn injuries.

The Burn Camp is staffed with counselors as well as doctors, nurses, social workers, physical and occupational therapists and fire service personnel, who volunteer their time at the camp. This highly-qualified staff is prepared to deal with the special needs of the burn survivors and is structured as a cohesive team, with a ratio of one counselor for

every two campers, insuring the proper care and safety of each camper.

The activities include sailing, row boating, canoeing, fishing, archery, nature, crafts, campouts, hiking and horseback riding. An indoor Olympic-size swimming pool insures swimming regardless of the weather. Special activities not found at a typical camp are offered dealing with the specific needs of the burn survivors. Seeing the need for support of this outstanding program, the Niles Lions have subscribed to sending two burn victims to this camp.

## Special Recreation camps

Northwest Special Recreation Association, serving individuals with special needs in recreation programs throughout 16 park districts in the northwest suburbs, is again offering an Adventure Activity camp for non-ambulatory and ambulatory individuals diagnosed as trainable mentally handicapped, multiple handicapped, severe and profound, multiple problem or autistic ages 5-26 years old.

The camp is specially designed for those individuals who need a 1:1 to 1:4 staff to participant ratio. Camps will offer a variety of activities including arts & crafts, sports, games, music, drama and swimming.

The camp is offered for (3) weeks, Monday through Friday, July 27 to August 14 from 10 a.m. to 3 p.m. It is divided into two groups, ambulatory and non-ambulatory. The ambulatory site will be tentatively located at Buffalo Grove High School in Buffalo Grove and the non-ambulatory site will be located at the Elk

Grove Leisure Fitness Centre in Elk Grove Village.

Following the (3) week Adventure Activity camp, there is an option of a 3-day overnight camping experience at Sunrise Lake Camp in Bartlett. This is open for individuals of all disabilities and is offered from Tuesday, August 18 through August 20.

The Spring session of weekly programs will begin April 13 and run through May 16.

Please call the NWSRA office for further information, (708) 392-2848.

YMCA Camp Duncan, located near Fox Lake, offers 6-day resident camp programs for 7-13 year old boys and girls and Teen Adventure Travel programs for 13-15 year old youths.

The camp program will feature traditional YMCA Camp activities like swimming, boating, canoeing, sailing, fishing, sports, crafts, nature, campouts, songs, campfires - and the non-traditional camping experiences for teens - such as Whitewater Rafting, Rock Climbing, Rappelling and Bike camping.

The camp is located only 55 miles from Chicago near Fox Lake, on Fish Lake and includes 400 acres of woods, hills and prairie plus modern cabins, rustic dining lodge, athletic fields and an indoor swimming pool.

Mature trained staff aged 19 and over have been recruited as counselors. The program is directed by Kim Kiser - a YMCA professional staff person with 10 years of YMCA program work and four years in camp administration.

The theme for the summer is "One Step At A Time." "Because children grow in small increments at a time, we felt this theme to be very appropriate." Kiser said, "YMCA camping helps children grow physically, mentally and spiritually. Our goal at camp Duncan is to provide experiences that help children grow one step at a time."

Kim Kiser and Rona Roffey are giving a series of camp information nights. They will show slides, answer questions and talk about the growth experiences offered at Camp Duncan.

Complete information is available by calling the YMCA Camp Duncan staff at (708) 546-8086 or attending the Information Night scheduled for April 28 at High Ridge YMCA, 2424 Touhy Ave., Chicago.

## Notre Dame presents 'South Pacific'

One of Broadway's great all-time musical successes, "South Pacific," will be presented at Notre Dame High School for Boys, 7655 Dempster, Niles, on April 2-5.

An energetic, endearing and exuberant show, "South Pacific" is the immensely likeable story that takes place on two islands in the Pacific and the time is a lull during the fighting in the war with Japan. The colorful characters are marines, seabees, nurses, sailors and islanders.

The two romantic themes, is the love affair of Ensign Nellie Forbush (Lael Logan and Aileen Boue), the charming and high-spirited young nurse from Little Rock, Arkansas, and the gallant middle-aged French planter, Emile de Becque (Joseph Fina).

The other romantic theme is that of the likeable American marine, Lt. Joseph Cable (Nick Saviano and Dennis Wachula) and the lovely Tonkinese girl, Liat (Theresa Maceda and Precious Pineda). Surrounding them are such fascinating characters as Bloody Mary (Amy

Rodriguez and Cindy de Leon), Liat's shrewd and greedy mother, Luther Billis (Ricardo Gonzalez), a knowing and earthy Seabee who plays a wonderfully comedic role in the amateur entertainment provided by the temporary residents of the island.

An adaptation of James A. Michener's highly popular and Pulitzer Prize winning "Tales of the South Pacific," music by Richard Rodgers and lyrics by Oscar Hammerstein II, who are also responsible for such delights as "Oklahoma," "Carousel" and "Allegro."

The show is directed by theatrical veteran, Charlotte Adams, who also directed "Caine Mutiny," "Front Page," "Arsenic and Old Lace," "Biloxi Blues" and "1776", all produced at Notre Dame.

Performances are scheduled for 7:30 p.m. on April 2, 3 and 4, with a Sunday matinee on April 5 at 2 p.m. All tickets are \$5. Please phone Bob Beckman (708) 965-2900, ext. 209 for further information.

## Pheasant Run begins acting workshop

Pheasant Run Theatre will begin to host an acting workshop.

Diana Martinez, director/producer for Pheasant Run Theatre says, "The first workshop is designed to meet the needs of the beginning adult actor. It will focus on the basics of acting and allow the participants to experience acting in a relaxed intimate environment. There are many people in the community who have always wanted to perform, but have not had the opportunity to try it, or had the confidence. Hopefully this workshop will give people the opportunity and confidence to perform. So far we have been pleasantly surprised by the response. We've seen interest from football players to cocktail waitresses!"

Martinez will host the first series of workshops to begin the development of the program. Pheasant Run hopes to develop a series of workshops with different focuses and different age groups if the interest continues.

museum's garage into a carriage room and helped the society with their Constitution, Berles said.

"He was always there, willing and helpful. He gave us suggestions," Berles said. "He was kind, gentle and always had a joke for us. He had a good outlook on life. We'll miss him very much."

Mary Kay Morrissey, director of Niles Human Services Department, told of Gauthier's involvement in department activities, such as delivering Meals on Wheels and serving as a "Friendly Visitor" to Niles' homebound.

An attorney, Gauthier was a member of the Trident Center's choral group, the men's club and a volunteer in the department's income tax aid for seniors.

Morrissey said "(George) gave of his talents and time over the years in innumerable ways. Everybody really liked him and respected his opinions. (He was) a real treat to have around. Not only will the staff miss him, but the seniors will too."

Niles Community Church secretary, Grace Willert, said "Mr. Gauthier was a church member for over 20 years, a member of good standing who came often and encouraged others to join. He was well liked."

prise to Biga, but not her husband, Frank, active in the Niles "Friends of the Library." He said, "I've been trying to keep it quiet all day and have had a hard time finding an excuse to get her here this evening."

Biga seemed stunned. She explained, "I never thought I'd stay here this long (just) because I like books."

Three members of the Women's Club of Niles donated two copies of a book about Abraham Lincoln to the library. The book is a fund-raising effort for charity.

Following a first report given by new Administrator Donald Wright to the Niles Public Library Board, recommendations for about \$6,000 in purchases were accepted.

Board members voted to consider more purchases at the beginning of the library's fiscal year, which is in July.

New purchases will include a \$900 Fax machine. The library's present machine has had much use. Also, a computer and printer

## National Dean's List students

Morton Grove students are among the 110,000 students included in the 14th Annual Edition of The National Dean's List just published by Educational Communications, Inc., Lake Forest.

Students are selected for this honor by their college deans or registrars and must be in the upper 10 percent of their class, on their school's Dean's List, or have earned a comparable honor.

Listed students are eligible to compete for \$25,000 in scholarship awards funded by the publisher and may also use a referral service for future employment opportunities.

Local students selected and the universities they attend include: Bill B. Kim, De Paul University, Renee P. Lewis, De Paul University, Nelly Milman, University of Illinois at Chicago and Yoomie Whang, Creighton University.

## St. Martha School student awards

Peacemaker Student of the Week awards for the week of March 2 were: Pre-kindergarten, Maggie Lara; kindergarten, Emmie Lamorena and Paul Wallenberg; grade 1, Kevin Henrick; grade 2, Kelly Russell; grade 3, Robert Jost; grade 4, Nina Franco; grade 5, Joyce Jurado; grade 6, Mary Thoresdale; grade 7, Derek Faustick and Brian Krueger; and grade 8, Birdie Lawson.

Niesen noted, "He was a great guy, humorous, always had a new joke. He's going to be missed."

Niesen recalls Gauthier traveled, going to Russia two years ago. Alaska was another destination and since one of his sons lived in San Francisco, he visited there frequently.

Oscar Winkler of Seward Street, Niles, said Gauthier was a "real conscientious man with the boys when they worked together with Troop #45, and Eugene Swift, of north Waukegan Road, Niles, knew Gauthier on both the troop and district level when they were with Boy Scout Troop #62 and the Thunder Valley District scouting committee.

Swift said Gauthier was "kind of a friend to everybody; he would do what he could for (everybody); you considered him a member of the family as opposed to an acquaintance; he fit in... a guy I'm going to miss."

George Gauthier is survived by two sons and four grandchildren.

Funeral services are today (Thursday) at 10 a.m. at Niles Community Church, 7401 W. Oakton St. Interment will be at Memorial Park Cemetery.

## Maine East's Reading Center

It's a fact that no matter what kinds of courses students take throughout their high school and college years, reading and comprehension are two inevitable components which are major components of every subject area.

The Reading Center in Room 231 is open periods 3, 6, 7 and students can sign up for their free or assigned study periods. Students can come try the Reading Center out, but it is preferred that they stay for at least a quarter if they want to see improvement.

Room 231 is only the Reading Center three periods of the day. This is because the other periods of the day it is used as the room for the federally funded program called Chapter 1. This is a government sponsored program which helps students who may be a little behind in their reading skills get caught up to their grade level. Students are placed in this program based on a reading test they have taken during their freshman year. This past summer Room 231 was renovated with carpeting and a computer lab designed special for Chapter 1 students.

Kathy Kuta of the Reading Center commented that "students have to be willing to put in the time and effort for a particular subject in order to improve in it."

## Even 1-year olds need Social Security numbers

Here's an important reminder for parents who do not yet have Social Security numbers (SSNs) for their children: this year, when you file your 1991 federal income tax return, you must have a number assigned to each child age 1 or over in order to claim him or her as a dependent. Previously, federal law required a Social Security number for any dependent age 2 or older.

Parents will be pleased to know how convenient it is to get a Social Security number for their children. Simply call the toll-free number, 1-800-772-1213, any weekday from 7 a.m. to 7 p.m. The Social Security Administration

will send you an application form and instructions. You can fill out the completed form and required documents to Social Security in the pre-addressed envelope that is provided with the application. The documents will be returned promptly, and a Social Security card usually will be issued within two weeks.

The application and card are provided free of charge by Social Security, and they also provide free help in completing the form for those who need it. We urge all parents to get SSNs for their children early so they will have them when they are ready to file their 1991 tax returns.

## From the Left Hand

Continued from Page 1

Through the years George served as the Niles park attorney, a member of the Niles Police and Fire Commission and volunteered in the Meals on Wheels program. At the Trident Center he helped seniors fill out their tax forms and helped in many areas at the center. He volunteered at the Gemini school helping the kids sharpen their English skills.

Richard told us growing up with George was always something special. At the dinner table George would raise a question for his two boys which resulted in a debate. George would take one side, then the second and perhaps a third side, just to stimulate the conversation. George liked talk and people and the interplay of people on people.

We had many telephone calls from Nilesites reminiscing about George. Former Niles trustee Len Szymanski reminded us that was George who tried to coalesce the political parties in the 1961 election which was contesting the old order. There were three political parties which were competing against the incumbents. George brought all the contenders to his house and tried to form just one party to win the election. But one Mayor candidate, John Stanley, refused to go along with the plan. Subsequently, George went up front with the Nick Bias forces which wound up upsetting the other three parties.

Less than two weeks ago we lunched with a motley group of eight diners which we do on occasion. George was there. He had to leave to attend another program he volunteered for. But he told us a joke, as always, this time making his own profession, lawyers, the butt of the joke. It was George's parting remarks to us, "I'm sorry, but I'm not here to see you, but I'm here to see you."

George had two sons, three grandchildren and a brother. But as his son Rich said, "His family was really the whole community."

Trustee James Mahoney gained approval to waive bids and accept the proposal of Ayres Associates, of Wisconsin, of \$50,000 for the job.

Trustees accepted the low bid of \$952,000 for renovating Niles Fire Station #2 from Mid-America Industrial. Trustee Mahoney also gained approval to go to bid on a Touhy Avenue water main to supply water to the North Suburban Public Utility Company at the estimated cost of \$407,000.

The NBD Bank, Park Ridge, which lent Niles \$485,000 so it could take advantage of a discount on the purchase price of a new Pierce Lance tiller fire truck requested a performance bond issued to Niles by the manufacturer's guaranty company be given to it as collateral security. At Trustee Jeffrey Arnold's motion, the board approved the transfer.

Acting Village Treasurer Mark Nannini accepted the village's tenth consecutive financial reporting award from the Government Finance Officers' Association.

In a separate presentation, principal civil engineer Joseph Sabonski, of the Metropolitan Water Reclamation District, gave a capsule explanation of the District's Tunnel and Reservoir Project (TARP) and how it affects Niles.
