S.I.J. 55 Plus Club

Our Sr. Patrick and St. Joseph Patty was a son of the St. Patrick's and St. Joseph's Parish in Chicago. They were very active in their faith and enjoyed the company of others. The family continued to grow. It seems that life is always changing and preparing for a new adventure. So we set them up with an affordable low-rate car loan for a minivan.

Eight years, two kids, two cars, a house, and one bank.

Meet the Darves, Tim, Catherine and Matt. Oh, and that's Eric. When Eric came along, he changed pretty drastically. But they handled it with help from First of America. Not long after the baby was born, they discovered the old two-door coupe just wasn't big enough anymore. So we set them up with an affordable low-rate car loan for a minivan.

Then they wanted a house of their own. And we gave them a variety of HomeSmart mortgage options. Of course, they needed furniture, so we offered them a choice of Maitland-Smith or W.J. Moore.

The family continued to grow. And thanks to a First of America home improvement loan, their house has less, but a more family-friendly look.

And college isn't very far. So they're putting money into the Parkshore Tuition Management fund.

It seems that life is always changing with reasons for a good bank.

That's why First of America offers such a vast array of products and services. And why people like the Darves are making their bank for life.

A bank for life.

Park Commissioners’ father backs Panek, Hynes, Clelinski

Dear Editor:

I want to say a few words about the candidates for Park Commissioner in the upcoming elections. While I respect and appreciate the efforts of all candidates, I feel that Mr. Paul Panek, Mr. Mike Clelinski and Ms. Judy Hynes are the best candidates. They have a proven track record of working for our community and have a genuine concern for the welfare of our parks and recreation facilities.

Mr. Panek is a dedicated and experienced community leader who has been involved in many local initiatives. Ms. Hynes is a respected teacher with a strong background in community organizing. Mr. Clelinski is a local business owner who has shown leadership in community issues.

I urge all voters to consider the above candidates when casting their ballots. Together, they will work tirelessly to ensure that our parks and recreation facilities are well-maintained and accessible to all.

Sincerely,

John Doe

The essence of the image appears to be a political statement regarding park services and responsiveness. The document discusses the need for better park services and emphasizes the importance of eliminating wasteful spending and increasing efforts in response to the needs of residents. It highlights the necessity of having good managers to ensure effective solutions and better park services. Maximize your earning potential with tax-deferred annuities

by Jeffrey Cardella
Edward D. Jones & Co.
821 W. Milwaukee Ave., Niles

Individuals or couples with tax-deferred annuities do not have to pay federal income tax on any earnings until the money is withdrawn. This is in contrast to taxable investments, where the tax can be paid on any gains at the time the money is received. It can be beneficial to compare the tax-deferred annuity and the traditional mutual fund. A tax-deferred annuity allows for the growth of money to be tax free. A traditional mutual fund, on the other hand, allows for the growth of money to be tax free. A comparison of the two can be very helpful to see which is right for you.

THE FACTS ON ANNUITIES

An annuity is a contract between an insurance company and an individual. There are two types of annuities: fixed and variable.

With a fixed annuity, the insurance company guarantees a specific rate of return for a specific period of time. This makes fixed annuities a good choice for long-term savings goals.

With a variable annuity, the insurance company invests the money in a variety of investment options, and the return on the investment depends on the performance of the investment options. This makes variable annuities a good choice for investors who are comfortable with taking on more risk.

There are a number of fixed and variable annuity options available. Each option has its own set of benefits and drawbacks, so it's important to do your research before deciding which one is right for you.

To learn more about how you can use tax-deferred annuities to your advantage, contact your financial advisor or insurance representative.
