Przybylo starts petition drive to unseat Maine supervisor

By Tracey Labovitz

Democratic Committeeman Andrew Przybylo called for the resignation of Mark Thompson, Supervisor of Maine Township.

Later that day, Thompson held a conference of his own to rebuke the statements made against him.

Maine Township Trustee Regan Ebert filed a lawsuit May 20 against Thompson and Administrator Pamela Anderson in an effort to receive membership lists of the township's senior citizens programs, Maine Township Seniors, Options 55 and 1 Plus Op-

tions after being informed of a township policy that keeps the records confidential to protect privacy, even to township officials.

Thompson told Ebert she could see the lists if she signed a

Niles offers first time homebuyers program

The Village of Niles is offering first-time homebuyers an opportunity to save substantially on their federal income taxes with the Mortgage Credit Certificate (MCC) program. The MCC program allows qualifying first-time homebuyers to take a direct federal income tax credit based on a percentage of mortgage interest paid. This tax credit is not only for the first year they live in their home, but for every year they stay in their home and pay interest on their mortgage loan. The homebuyer may receive their mortgage loan from the lending institution.

Editors Note:
(This column was first published June 14, 1984. Joe Chmielinski is now retired and living in Niles. We thought it best to run this column during the week of the 50th anniversary of the D-Day invasion of Normandy. We're sure Joe would welcome letters from old friends. We also thought letters from young and old thanking Joe for his efforts on behalf of all would be most welcome. Send them to The Bugle and we will forward them to Joe.)

Niles Barber Shop owner Joe Chmielinski was just 21 years old when he landed on Normandy Beach on the first night of D-Day, June 6, 1944. He was part of the 745th tank battalion of the First Division.

Joe said they landed at night time on ferries and barges. German artillery bombardment prevented them landing in conventional landing craft. Engineers had cleared the beaches of most of the mines by nightfall and his outfit made the deepest penetration into the German lines landing in a French town where they stayed for four days.

When they broke out of that town Joe fought through France, Luxembourg and Belgium before arriving at Aachen, Germany. Joe's luck ran out there.

Drunk Niles driver sends four to hospital

By Tracey Labovitz

A 37-year-old Niles man was charged on seven counts, including a felony DUI, following an automobile accident that sent three children to the hospital May 30.

Joe Mendoza, 8810 Root, crashed into a Saturn around 2:40 p.m. Monday after negligently making a left turn at Dempster Street and Cumberland Avenue.

All four occupants of the hit car, a 28-year-old Des Plaines woman and three children ages 5, 2 and 1, were transported to Lutheran General Hospital by the

Niles Fire Department. Both vehicles were towed from the scene. Dave Chapp, a member of the fire department, witnessed open alcohol being thrown out of Mendoza's '85 Olds Calais, and police on the scene noticed a strong odor of alcohol coming from the driver and his car.

Mendoza failed field sobriety tests and was subsequently taken into custody and transported to the Niles Police Department for processing.

While at the station, it was

District 207 board to begin superintendent search this summer

Elliott to retire from District 207

James L. Elliott will retire from his post as superintendent of Maine Township High School District 207 as of June 30, 1995. "I feel privileged to have been a part of such a prestigious school system," said Elliott, who has been superintendent since 1985.

"When I was contacted in March 1985, regarding my interest in being considered for the superintendency, I was ecstatic. I knew that everyone in Maine expected the highest standards of excellence in leadership, teaching and learning, and fiscal management," he said.

"The district has certainly been fortunate to have a nationally recognized superintendent of Jim's

ability to guide the district to new standards of excellence while maintaining our traditional conservative financial position. His legacy will endure even as he is missed," said Ben Horman, board president.

The Board of Education

expects to begin its search for a new superintendent this summer projecting an appointment in early 1995.

During Elliott's tenure as superintendent, he helped the district continue to focus on constantly improving. "We must do better tomorrow what we did today," is a common theme whenever he speaks to staff members.

Elliott oversaw such innovations as the installation of computer writing labs and a computerized library system, and the establishment of an internal university that encourages the professional development of staff members.

Spearheading the effort to bring students back into the classroom, Elliott eliminated most early dismissals as part of the effort to improve student performance and achievement. As he worked to maintain District 207 balances in the black, he also met with legislators to find solutions to the funding crisis facing Illinois public schools.

Under his leadership, both

Maize South and Maize West

were named as Secondary Schools of Excellence in 1989

and 1991 respectively, completing the circle of excellence begun in 1985 when Maize East received that honor.

Named superintendent of the Year for Illinois in 1991, Elliott began his career as a chemistry teacher in Cleveland, OH. From 1965 through 1969, he served as principal in the Evanston Township High School District.

Assistant superintendent in La-

Grange-Lyons Township High

School District from 1969 to

1980, he served as superintendent in Pekin, IL, from 1980 through 1985.

Roger Stein named as new Niles West principal

Dr. Roger Stein was approved by the District 219 Board of Education today as the new principal of Niles West High School. He replaces Dr. Jean Rutherford, who has accepted the principalship of Highland Park High School in Highland Park, Texas.

"The Board was certainly saddened to see Dr. Rutherford leave, as she has done a wonderful job at Niles West," expressed Board President Sanford Alper. "Yet we're thrilled to have Dr. Stein step in as the new principal. His performance as a teacher and administrator during his twenty years at Niles West has always been exemplary. He has consistently focused on the needs of the students, and as principal we anticipate he will continue to stress their needs."

Dr. Stein received his Ph.D. in Education Administration and Public Policy Analysis in 1985 from the University of Illinois at Chicago. His dissertation was titled "The Relationship Between Teacher Burnout and Principal Supervisory Behavior."

He received his B.A. in Spanish Teacher Education in 1971 and his M.A. in Spanish Literature and Linguistics in 1973. Both degrees were earned at the University of Illinois in Urbana.

He was hired at Niles West in 1974 as a Spanish Teacher and became Director of Language Arts in 1985. He is currently the Director of English, Foreign Languages and English as a Second Language (ESL) at the school.

"Roger is a very gifted individual with a strong commitment to education," notes Dr. Galen Hoser, Interim Superintendent of District 219. "His preparation for the principalship of Niles West is excellent. He brings to the position extensive educational experience, earned within the district, and I believe he will not only continue the advances begun by Dr. Rutherford, but will also add his own dynamic touch to the programs and personality of the school."

Dr. Stein will begin his duties as principal of Niles West on July 1, 1994.

Approximately 170 merry members of the St. John Brebeuf Golden Agers Club kicked up their 340 respective heels and snapped their 690 respective fingers at the recent 19th anniversary celebration held May 10 at Mr. Peters Restaurant.

Honored guests at the party included Reverend Robert S. Banzin, Reverend David Mannelli, and Elaine and John Heinen. John sang two songs, one in Italian that he dedicated to Jo Florio, and then he encorced with an old standby, "Caruso still lives!"

Milie Licita led the "broom dance," which is always fun to watch and take part in. Several of the ladies and gentlemen also participated in the ever-popular "chicken dance."

Members missed Treasurer Steve Bochenek and his wife, Laura. Get well soon.

The downside of the party was not seeing the sweet smiling face of Celia Fiorito, one of the club's most active and loved members. Celia passed away on Mother's Day, May 8. Celia, all members will keep you in their prayers ...and in their hearts.

Hearty congratulations to Chairperson Joan Provenzano who was in charge of the party - and thank you for a job so well done! Thanks also to Felix Jach and everyone who took part in arranging the party. You should take satisfaction in knowing that a great time was had by all.

The club's religious trip will be held June 16 in Munster, Indiana, at the Carmelite Fathers'. Those who attend will enjoy a family-style chicken dinner, with coffee and cake served in the afternoon.

The Maine Township Bingo for Senior Citizens sponsored by Mayor Nicholas Blase will take place at Chateau Ritz on June 15 at 1 p.m.

A Happy Beginning - On May 1, Heather Marie weighing in at 6 lbs. and 13 ozs., 19 1/2 inches long, was born to Susan and Donald Anderson. The proud grandmother is club member Kay Dellinger.

A sad farewell - Once more, a sad farewell to a dear friend, Celia Fioritto, 1912-1994.

"It broke our hearts to lose you But you didn't go alone For part of us went with you The day God called you home."

BLOOD PRESSURE SCREENING Blood Pressure Screening is on Wednesday, June 8 from 1 - 4 p.m. No appointment is needed. Free to Niles residents 60 and older.

INVESTMENT COUNSELING Investment counseling is on Wednesday, June 15 by appointment. Mr. Jeff Cardella will discuss your individual financial needs. FREE. Call for appointment.

HATS AT THE HERITAGE

Join Morton Grove seniors on June 4 for an afternoon at the Heritage of Des Plaines. Together with the residents, seniors will decorate a wearable summer straw hat. Refreshments and a chance to model the creations will follow along with a tour. The bus leaves the Prairie View Community Center at 12:45 p.m. and will return at 3:30 p.m. The cost is \$7.50 for residents and \$8 for non-residents. For more information call senior adult supervisor, Catherine Dean at Prairie View, 965-7447.

MYRTLE BEACH

The Prairie View Senior Travel Club is planning a trip to Myrtle Beach, South Carolina from Oct. 23 to 29, 1994. The cost will be \$479 per person double-occupancy. Geri Murray of Perfect Plus Travel Club will be giving a preview presentation at 12:30 p.m. on Monday, June 6 in the Board Room of the Prairie View Community Center. For more information call senior adult supervisor, Catherine Dean at Prairie View, 965-7447.

CHOLESTEROL SCREENING

A clinic for cholesterol screening will be held from 9 to 11 a.m. on Tuesday, June 7 in the Flickinger Senior Center. The quick and simple test will give an accurate total blood cholesterol measurement in just three minutes. For Morton Grove seniors (age 65+) there is a charge of \$3. For those under 65 or for non-residents the charge is \$4.

"REPAIR MY HOUSE: COPING WITH CHRONIC ILLNESS"

The Prairie View Community Center presents a special lecture at noon on Thursday, June 9 entitled, "Repair My House: Coping With Chronic Illness." Dr. Jerry Hiller will discuss coping techniques and challenges in managing chronic illness that will enhance quality of life despite medical difficulties. The program is free and will be presented in the board room at Prairie View, 6834 Dempster Street, Morton Grove. Bring a lunch, coffee and dessert will be provided. For details call Laurel Lettwat, RN, BA at 470-5246. Other lectures offered at noon at the Prairie View Community Center throughout the remainder of the year are: Diabetes, July 14; Nurturing Happy Grandchildren, Aug. 4; Grandparents Rights, Sept. 8; Sleep Disorders, Oct. 13; and Coping With Holiday Stress, Nov. 10.

MIDWEST SENIOR GAMES

On June 9, 12 and 15-18, the West Chicago Park District will host the Midwest Senior games, this annual event draws over 500 athletes age 55 and over from all over the region to compete in 38 events covering 16 different sports. Competitions range from the physically challenging swimming, bicycling, tennis, and track and field events; to the less strenuous nine and 18 hole golf competition, horseshoes and bowling. Team events added this year include softball, three on three basketball, and power volleyball. Medals will be awarded to the top three finishers in each event and age category in both men's and women's division. Registration and entry forms are available at the West Chicago Park District by calling Peggy Krauch at (708) 231-9474.

INTERGENERATIONAL PHOTOGRAPHY CLASSES

Get ready for summer photo opportunities! Capture the perfect vacation scene or special someone on film. Mark Hechler, professional freelance photographer will discuss and demonstrate basic skills and functions of a 35mm camera. This is a great opportunity to share a learning experience with a grandchild. The classes will be held from 2:30 to 3:30 p.m. on consecutive Wednesdays starting June 15 at the Prairie View Community Center. Register at Prairie View, the cost of the class is \$30.

SENIOR SAFETY

Officer Ken Van Der Haegen of the Morton Grove Police Department's Crime Prevention Bureau will address safety issues of importance to seniors. This special lecture begins at 12:30 p.m. on Monday, June 20 in the Senior Room of the Prairie View Community Center. Admission is free and for more information contact senior adult supervisor, Catherine Dean at Prairie View, 965-7447.

SENIOR BUS DRIVER

Perhaps there is a lady or gentleman in Morton Grove who is looking for part-time employment to fill some of their hours of retirement? The Senior Bus Driver position involves assisting the senior citizens travel from their homes to necessary locations for shopping, medical appointments or financial transactions. To apply or for more information, contact director of senior citizens services, Bud Swanson at the Flickinger Municipal Center, 470-5246.

HOME AND YARD CHORES

Morton Grove's home and yard "Chore Program" links senior homeowners with youth and young adult workers. Seniors who need help maintaining their yards can have a neighborhood worker come by weekly to assist. There also are individuals who can perform minor odd jobs. Seniors must provide equipment and negotiate the fee to be paid to the worker. For more information, call the Flickinger Senior Center at 470-5246.

MEALS-ON-WHEELS

The Village of Morton Grove together with Bethany Methodist Terrace, provides homebound and medically qualifying residents with hot home delivered meals. Volunteers are presently needed to deliver meals at midday, once a week. Deliveries involve about an hour's time and travel about five miles within Morton Grove. To volunteer, call Nancy Reynolds at 470-5246. Mileage reimbursement is available for volunteers.

For more information about these senior services and recreation programs, call the Morton Grove Senior Hot Line at (708) 470-5223, or the Prairie View Community Center at (708) 965-7447. To receive the "Seniors in Morton Grove" newsletter, send \$2.50 to the Morton Grove Park District, 6834 Dempster Street, Morton Grove, IL 60053.

For more information, call (708) 635-1414 or (708) 9888.

TV Ministry at EPLC

George Hibbeler, Edison Park resident and member of Edison Park Lutheran Church, has been repairing donated black and white TV's and donating them to needy families and shut-ins. Edison Park Lutheran Church announces that Hibbeler has repaired 500 TV's since he began doing this 9 1/2 years ago.

Hibbeler thanks area residents and members of Edison Park Lutheran Church for donating old television sets. He wishes to continue the program and asks for continued support. If anyone has an old black and white set, 19" or smaller you may leave it at the back (alley) entrance to the church (6526 N. Oliphant, Chicago), or call the church office at 631-9131 and pickup will be arranged.

Confirmation Sunday at Edison Park Lutheran

God's blessings to the seventh Confirmation students who concluded two years of study and affirmed their faith on Sunday, May 15, at the 11 a.m. service. During the 9:45 education hour, students shared their "Faith Statements" with all members of the congregation who wished to hear their understandings of the Christian faith.

Annual DAR Garage Sale benefit

The Twenty-First Star Chapter, National Society Daughters of the American Revolution will hold its Annual Garage Sale on Friday and Saturday, June 3 and 4 at 401 N. Northwest Highway, Park Ridge, Illinois from 9 a.m. to noon.

Household items, toys, books, tools and clothes were donated by Chapter members making this fund raiser a "Multi-Family Garage Sale."

The proceeds from the sale will be used by the Chapter in numerous philanthropic activities throughout the year. These activities include the sponsoring of the American History Essay Contests in local grade schools and

the Good Citizens Contests in the local high schools. Funds are also contributed to scholarships and to veterans patients.

Janis Pahnke, Chapter DAR Genealogy Docent, offers assistance to people tracking their family tree on the third Thursday of each month at the Park Ridge Library from 9 a.m. until noon, September through May.

Women in the northwest suburban area who are interested in membership in the National Society Daughters of the American Revolution and are able to prove direct descent from one who served in the American Revolution should contact Betty Borman at (708) 692-6279.

Hospitals host seminar: Having a Baby Later in Life

More and more women are choosing to postpone pregnancy until they have established careers and security for themselves and their families. Though the risk of complications in pregnancy increases after the age of 35, the success of a pregnancy later in life can depend a great deal on a mother's overall health.

For women over 35 who would like more information on pregnancy, The Evanston and Glenbrook Hospitals are hosting a free seminar, "Having a Baby Later in Life," on Wednesday, June 8, at 7:30 p.m. in the Frank Auditorium of The Evanston Hospital, 2650 Ridge Ave., Evanston.

Brian Foley, M.D., obstetrician/gynecologist and clinical instructor Northwestern University Medical Hospital (NUMS) and Richard Silver, M.D., obstetrician/gynecologist and assistant professor at NUMS, will discuss the risk factors that can be associated with age, and lifestyle factors that can maximize the chances for a healthy pregnancy. The program will also provide important information on genetic and

prenatal testing.

A slide tour of The Evanston Women's Hospital will be shown, and each participant will receive a free gift to help in planning for a healthy baby.

Those interested are encouraged to register early, because space is limited. For more information or to register, call (708) 570-5020.

Pre-Post-Natal exercise classes

Pre-Post-Natal exercise classes designed with the special needs of "new moms" and "moms-to-be" in mind are being offered at the Galler LifeCenter, 5157 N. Francisco, on ongoing basis.

Safety, pulse checks and proper body positioning are stressed throughout the program. Written approval from a physician is required. Classes, which are conducted in both the pool and exercise area, are held Monday and Wednesday at noon, Tuesday and Thursday at 7:30 p.m. and Saturday at 11 a.m.

During class times babysitting is available for \$1 an hour per child in a newly remodeled nursery.

Fee for the four-week session that meets three times per week is \$48, \$36 for LifeCenter members; for the session that meets two-times a week, \$32, and for LifeCenter members, \$24. For additional information or to register, call Barbara Schmidt at (312) 878-9936.

Kick the habit with hypnosis

The American Cancer Society reports cigarette smoking is the single most preventable cause of disease and death in the United States. Overcoming a smoking addiction significantly decreases your risk of lung cancer, heart disease and emphysema.

Holy Family offers a "Stop Smoking Through Hypnotherapy" class that can help you quit smoking in just two 45-minute sessions. Classes are held at Holy Family and are scheduled for June 7 and 9 at 3:30 p.m., and June 20 and 22 at 7 p.m. The medical center is located at the corner of Golf and River roads in Des Plaines. The fee is \$90. To register, call (708) 297-1800, ext. 1110.

Early Childhood Center announces summer camp

Frances Huritz, senior vice president and director, First National Bank of Lincolnwood, has been inducted into the IBA's Fifty-Year Club, honoring 50 years of dedicated service to the banking industry in Illinois.

Huritz began her banking career as a statement clerk at the Liberty National Bank of Chicago in 1944. Then, after working at six other jobs, she was made secretary to the bank's president in 1953.

When the bank merged with Chicago National Bank in 1955, Huritz was made secretary in the loan division. Another merger with Harris Trust and Savings Bank in 1960 resulted in her transfer to the trust department in a real estate management position. And in 1965, she was appointed administrative assistant in the loan division.

After 31 years in banking, Huritz left Harris Bank to become

vice president of First National Bank of Lincolnwood.

She is a licensed Real Estate Broker, an Enrolled Agent entitled to practice before the Internal Revenue Service, a Certified Professional Secretary, and a licensed airplane pilot.

Tuition fee is \$400.00 with a

a \$5 non-member registration fee.

A non-refundable deposit of

Lock up a rising rate with a CD that won't lock you in.

RISING RATE CD®

Annual Percentage Yield

A guaranteed rate increase with a no-penalty withdrawal option every six months.

Whichever way interest rates might go, the Rising Rate CD is a smart bet. Because if interest rates remain flat or drop, you'll still get a guaranteed raise in your CD rate every six months. But if interest rates begin to climb, the Rising Rate CD gives you the liquidity to pull out once every six months without penalty.

The rate earned for each six-month period rises as the chart above indicates, climbing to a 6.0% APY during

the final six-month period.* You have the option of withdrawing all of your funds within the first ten days of any six-month interval. Or you can take out any portion of it as long as a \$1,000 balance is maintained.

The Rising Rate CD. The liquidity you want,

the guaranteed interest growth you need. To open yours

for as little as \$1,000, call or visit any participating bank office.

*A penalty may be imposed for early withdrawal other than periods stated above. Annual percentage yields shown above reflect the yield for each six-month period separately, and are not cumulative yields. Deposit limits apply. Individuals and sole proprietors only. Rates good as of 5/11/94 subject to change.

Free fishing for area residents

State Sen. Marty Butler (R-Park Ridge) is reminding area residents looking for summer recreational activities that in June they can fish for four days without the expense of buying a fishing license.

"This is the 10th year that the Illinois Department of Conservation has sponsored Free Fishing Days," Butler said. "Fishing will be permitted without licenses from June 10 through 13, and this is a good time to introduce children to the experience or try it yourself. Fishing is an excellent way to enjoy at no expense the fine recreational areas Illinois has to offer."

Butler said many local organizations, park departments and bait shops around the state will be sponsoring special events during the Free Fishing Days. Some of these will be providing prizes for participants.

Illinois' Free Fishing Days are held in conjunction with National Fishing Week, Butler said.

Live reptile and amphibian expo

On Saturday and Sunday, June 4 and 5, from 10 a.m. to 5 p.m., the Chicago Herpetological Society is holding its First Annual Reptile and Amphibian Expo. Live animals provide an exciting dimension to this unique educational event located in Triton College's Robert Colline Center.

All animals on display are privately owned. While most animals will be exhibited in enclosures, many will be available for touching and holding. Although no animals will be for sale, dozens of vendors will be on hand with equipment, food supplies, artwork, books, magazines and care-related items.

Admission: \$4/adult, \$2/child (under 12 years accompanied by an adult).

The Robert Collins Center of Triton College is directly across from the Main Campus on Fifth Avenue in River Grove.

Register for Oakton's tour to Alaska

Those who love to travel will enjoy the fabled Inside Passage, the protected 1,000-mile strip of sea and glacial ice that hugs the coast of Alaska and British Columbia sponsored by Oakton Community College.

There is still time to register for the July 28 - Aug. 13 tour. Space is also available for a second trip scheduled Aug. 11-27.

Both trips start with a two day program in Vancouver, including an exclusive guided visit to the University of British Columbia's Museum of Anthropology. During the two week cruise of the Inside Passage, a large selection of shore excursions will allow participants to explore the culture, geology, history and

ecology of Alaska. These areas will be further examined by the faculty escort and through illustrated lectures and seminars by other noted authorities.

All of Oakton's travel/study programs include college faculty escorts and in-country specialists who share their insights about the contemporary, natural and historical aspects of the destinations visited.

Comfortably paced itineraries that allow time to visit a particular site and first class accommodations allow participants to combine a comfortable vacation with learning.

For complete itineraries and prices, write or call (708) 635-1812.

PE teacher enjoys 25 years of teaching

For twenty-five years Don Presern has contributed to improving Maine East's physical education department curriculum. He's more than a dedicated P.E. teacher, he has coached both varsity wrestling and football.

His hard work has made him a fun teacher to have. "Mr. Presern makes gym more than just working out; he makes it enjoyable," says senior Elaine Callas, of Niles.

Presern has some serious advice for incoming freshmen. He wants you to do your best all four years at Maine East because every year reflects your high school performance. Don't slack off freshman and sophomore years and then decide to do your best. Colleges take into consideration all your high school years. Juniors and senior years aren't the only ones that count.

The following Regina Dominican High School students were inducted into the National Honor Society: Sarah Clarke, Chicago, Jennifer Corbett, Glenview, Lily Laskas, Chicago, Budlong Woods, Karry Luby, Wilmette, Kathleen Minnis, Des Plaines, Wendy Nelson, Morton Grove, Gabriela Rascov, Chicago-Peterson Woods.

Telecourse on Latin American civilization

The ethnic tapestry of our country is rapidly changing. Europeans, Asians, and Latin Americans were always part of the fabric of the United States, but it is now estimated that by the turn of the century, people of Hispanic and Caribbean origin will be the largest minority group in the U.S. Appreciating their heritage, accomplishments and individuality is integral to appreciating our own society.

Offered during Oakton Community College's summer session starting June 6, a new telecourse, SSC 205, Latin American Civilization and Culture, the Americas will take students to the 33 nations that make up Latin America and the Caribbean—offering a close view of the diverse range of people who live there.

Although complex, the subjects are presented with clarity through the voices of a remarkable variety of people who tell their stories at length and in the process, create a richly textured portrait of contemporary Latin

English teacher retires

When most people hear that someone is retiring the first thing that comes to mind is that they will use that opportunity to stay home and relax. However, it's a different story for Maine East English teacher Barbara Witkiewicz.

After twenty-six years of working at Maine East, she plans to pursue a job in business. After all, she's been exercising and honing her business skills while advising Maine East's yearbook, LENS, for twenty-one years.

Although she is retiring there are a few things that she will miss about Maine East. She will, of course, miss all of the people that she has met over the years. Witkiewicz comments, "This has been a wonderful atmosphere to work in and I feel very fortunate."

To all of the students, both present and future, she says, "You only get one chance in life so use the opportunities that you get. Do not ever limit yourself and always do your best."

The students that have had Witkiewicz know that she has been a good teacher and has done her job well. Senior Vicki Bergeron of Niles remarks, "I've had Ms. Witkiewicz as an English teacher for two years. She has been a really great teacher and I wish her luck in the future."

Thomas A. Norman

James D. Ogg has announced his retirement as president of Sprint/Centel-Illinois, effective June 1, 1994, after 36 years in the telephone industry, to seek other business and career opportunities.

Wayne Peterson, president of Sprint's local telecommunications division, said that Thomas A. Norman has been appointed vice president and general manager of Sprint/Centel-Illinois, replacing Ogg.

Commenting on Ogg's career, Peterson noted, "Jim has made significant contributions to Centel, to the independent telephone industry, and recently to Sprint, where he was instrumental in the successful merger of Centel of Illinois into the Sprint system."

Norman currently is serving as Sprint's executive on loan to the University of Missouri-Kansas City's multi-media department. He has held several management positions during his 13 years at Sprint. Most recently he served as vice president-engineering and operations for Sprint's local telecommunications division.

The Elementary Schools that are involved in this program with Columbia National Bank of Chicago, is one of the many Banks in the Chicago area involved in the "Bank at School" program sponsored by Patrick Quinn, Treasurer of the State of Illinois. This program has been created and endorsed by the Illinois Treasurer's office in conjunction with local school districts. The goal of this program is to teach cash management and the value of saving to these young students.

Columbia National Bank of Chicago has six Branch locations and has assets of over \$737 million. With 30 years of community commitment, Columbia has established itself as a forerunner in community-oriented programs. "Bank at School" is one of the many ongoing civic projects supported by the Bank.

ENERGY MANAGEMENT

SAVING ENERGY IS A FAMILY AFFAIR

IMPROVE YOUR HOME

Decorating a child's room can be fun and easy

You can change the colors - and the look and feel of the room - by simply repainting.

Painted walls also allow more decorating flexibility, like a selection of bright, bold primary colors are perfect for a newborn's room as traditional blue for boys and pink for girls steps aside.

Important items for a baby's room include crib, dresser, changing table and such items as chair and shelves for all the fuzzy friends.

Then, include a small lamp and night light.

For an older child, a small table with chairs, a toy box or toy/book shelves (and don't forget the toys and batteries) take center stage.

All items are pre-cut so scissors are not needed. And children can assist with decorating, since the adhesive allows for goof-proof application.

Designs for borders and appliques include "Thomas the Tank Engine," professional football team logos, wildlife scenes, fish, dinosaurs, cars, bunnies and more. Jumbo appliques are also available. These can be coordinated with many of the border/applique designs.

Barbie and Garfield growth charts are available too.

The wide variety lets you change the decor of a room frequently at a much lower cost and almost without effort when compared to removing old wallpaper and to paper again. Also painting is the more flexible option because

How to secure your home against false alarms

port the accidental activation.

If the security system is tripping up the phone line, wait several seconds and try again. Or wait for the monitoring station to call the house.

False alarms are more than just irritating. They take police away from real emergencies. They also can lead neighbors to begin ignoring the alarm when it goes off. In effect, the security system becomes less reliable and credible.

Seventy-six percent of false alarms are caused by user error, according to the National Burglar & Fire Alarm Association (NBFAA). In order to reduce that number, the organization recommends making sure that everyone who uses the system knows how to use it. This includes children, neighbors and real estate agents—anyone with a key to the home. Make special arrangements for guests or repair technicians.

Also, routine maintenance can help prevent many false alarms. The NBFAA suggests having the security company check and service the system regularly. Also, notify the security company immediately if the system appears not to be working properly and before you do any remodeling.

Following human error, other likely causes of false alarms are weak system batteries; open, unlocked or loose-fitting doors and windows; drafts that move plants and curtains; wandering pets; and helium-filled balloons.

Whenever one of these culprits causes an alarm, the NBFAA says:

• Don't panic. Remember the code, and determine if there really is a fire or an intruder.

• If the alarm activation was accidental, disarm the system by carefully pressing each number of the code.

• After resetting the system, call your monitoring station to re-

Water softeners can reduce radium

Water softeners have traditionally been touted for the many aesthetic benefits they bring to the home. As many people know, ion-exchange water softeners reduce calcium and magnesium in water—leaving it more pleasing for drinking and cooking and more effective for use with household chores.

There is more good news about water softening, too, especially for health-conscious Americans: A study conducted by the Water Quality Association (WQA) has found water softening resins can also exchange out harmful, naturally occurring radium in water. Radium can be found in sandstone and limestone rock formations throughout the United States.

Water softeners will not damage the walls because the adhesive on the back is specially formulated for walls by the makers of Post-It Notes. This also means that the scenes can be removed and repainted.

All items are pre-cut so scissors are not needed. And children can assist with decorating, since the adhesive allows for goof-proof application.

Anti-Cruelty Society plans 'Midnight Madness' adoptions

Are you someone who works 9 to 5 on weekdays, and are busy on most weekends? Now what's your excuse? The Anti-Cruelty Society's 510 N. LaSalle, will be open for adoption from noon to midnight on Friday, June 10. Free parking will be available behind the building.

The Anti-Cruelty Society receives thousands of animals during its very busy summer months. "Midnight Madness" is a fun but serious event when we hope to adopt animals to people who may not be able to make it to our shelter during our regular hours, but who want to adopt a pet from us," explains Jane Stern, executive director for the society.

Summer classes begin at Oakton

Those who have already begun pondering which classes to take during Oakton Community College's summer term can begin the registration process now.

Classes offered during the eight week session begin on June 6; and classes for the seven week session begin on June 13.

Students may register at Oakton's Des Plaines campus, 1600 E. Golf Rd. or the Ray Hartstein Campus, 7701 N. Lincoln Ave., Skokie, Monday through Thursday from 8:30 a.m. to 8 p.m.; Friday from 8:30 a.m. to 5 p.m.; and Saturday from 9 a.m. to noon.

For more information regarding summer classes, contact the Registration and Records Office at (708) 635-1700 (Des Plaines) or (708) 635-1400 (Skokie).

Clothing sale to benefit needy

The Evanston School Children's Clothing Association (ESCCA) Summer Sale will be held from 9 a.m. to 6 p.m. on Friday, June 3, and from 9 a.m. to 4 p.m. on Saturday, June 4, at ESCCA headquarters, 1321 Asbury. Parking is available in the lot next to the District 65 administration building. (Enter off Greenleaf).

The Evanston School Children's Clothing Association is a PTA-sponsored organization which collects used clothing and distributes it to needy children in District 65 schools. Proceeds from the June 2 summer sale will help ESCCA pay for children's winter jackets, new shoes, underclothing and socks needed for school.

This year ESCCA outfitted more than 700 students with a complete wardrobe of new and used clothing. Students served were from every school in District 65, and ESCCA volunteers from each school helped collect, sort, and distribute the clothing.

Teacher Association Day

Another successful Sunday School year has ended. On Sunday, June 5, at 9:45 a.m., a special fellowship time will be held in honor of and in appreciation for all the teachers and helpers who have worked in the Sunday School program this past year.

Designed with fun in mind, Midnight Madness hopes to bring the plight of homeless animals to the attention of the public. The Anti-Cruelty Society adopted more than 6,000 animals last fiscal year, but there is still a need for more homes for companion animals. Currently there are more animals who need homes than people who can provide them. Increasing adoption rates, and encouraging spaying or neutering of companion.

OLR Fun Fest seeks crafters

Our Lady of Ransom will hold its 3rd annual Fun Fest from 8 to 12 a.m. on Saturday, June 11, the Craft Fair will be held on the Parish grounds, 8300 Greenleaf, Niles, between 1 and 8 p.m. Anyone interested in having a booth to sell their crafts, call committee chairperson, Maureen Bell at (708) 696-2345.

Collection sites for music mart

Collection sites opened June 1 in Niles for the 17th Annual Old Orchard Mammoth Music & Record Mart, Sept. 22 to Oct. 2 at the Old Orchard Center, Skokie.

Drop-off sites are available at:

First of America Bank-Northwest Illinois, 9101 N. Greenleaf Ave., and Cragin Federal Bank, 7001 N. Harlem Ave.

Donations of new and used records (lp's, 78's), cassettes, compact discs, video tapes, musical instruments, audio/video equipment, sheet/ book music and related musical items will be accepted at these sites and others throughout the Chicago land area.

Call the Music Mart Hotline at (708) 674-5447 for more information about drop-off sites and for free pick-up of larger items. Contributions are tax deductible to the extent of the law.

The meeting is scheduled for 7 p.m. Thursday, June 2, at the Maine Township Town Hall, 1700 Ballard Rd., Park Ridge.

Speaking will be Terrie E. McGee, field representative in the Social Security Administration's Des Plaines office. McGee will discuss the rules governing both Social Security Disability Insurance and Supplemental Security Income, and also will answer questions from the audience.

The A-SCIP program is free and open to all disabled individuals and their friends and families. The Town Hall is accessible to the disabled, and a sign-language interpreter will be available for anyone who needs one.

For more information, call Donna Anderson, the township's disabled coordinator, or Barbara Winnicki, at 297-2510, ext. 229, or TDD number 297-1336.

Summer Safety Tips from Com Ed

With the children getting out of school for the summer, it's an ideal time to remind them to "play it safe" and not get hurt by electricity.

Youngsters need to be reminded that electricity is very powerful energy that serves us in countless ways, it also can cause injury if someone is careless for just a second.

Around trains. Railroad tracks should be avoided anyway, but some tracks have a third rail to power electric trains.

Any area marked "High Voltage."

Youngsters should also be encouraged to stay away from trees and poles during electrical storms because tall objects and wet wood attract lightning. Speaking of trees, children should be alert for hidden power lines if they plan to do any climbing, trimming or fruit picking. It's a good idea for everyone to watch out for overhead wires when carrying ladders, metal pipes or other long objects.

Utility poles. Do not climb, and keep kites and model planes away.

For more information, contact the Des Plaines Chamber of Commerce & Industry at 824-4200.

Arts & Crafts specialty booths available

Both an open-air area and a tented area will be reserved for Arts & Crafts booths at the Chamber's LakeFest to be held on June 24, 25, and 26 at LakePark, Lee and Touhy, Des Plaines.

Space is available for exhibitors who have handcrafted items to showcase. Applications for booth space may be obtained at the Chamber of Commerce office, 1401 Oakton St., Des Plaines and are on a first-come-first-served basis.

Transmission towers. They carry enough electricity to kill a person and should never be climbed.

Substations. They reduce large amounts of electricity for distribution to homes. Don't climb over or crawl under fences or gates.

Utility poles. Do not climb, and keep kites and model planes away.

For more information, contact the Des Plaines Chamber of Commerce & Industry at 824-4200.

Lasalle Bank announces officer additions

Lasalle Northwest National Bank recently announced the following promotions:

Michael Chip to the Commercial Lending Department as a commercial real estate lending officer.

Angela Mugnaini to the Personal Banking Department as a personal banking officer.

Michael Chip has joined LaSalle Northwest as a commercial real estate lending officer. Chip was previously with Comerica Bank at their Morton Grove Office. At Comerica, Chip had been responsible for handling a Commercial Loan portfolio of approximately \$35 million while also conducting new business development. Chip received a B.S. in Finance from the University of Illinois.

A variety of unique exhibits will be presented at the ArtFest in June. Paper recovery leads in recycling efforts

Recycling is a relatively new buzzword to the environmentally conscious, but it's an old process to paper manufacturers. Three hundred years ago, the North American paper industry began with a small recycling mill in colonial Pennsylvania making writing papers out of cloth rags.

Where do these recycled printing-writing papers go? Tissue and recycled paperboard are the traditional users, but they are also being used to make the growing amounts of recycled-content printing and writing papers.

In fact, use of recovered paper in printing and writing papers is growing twice as fast as recovered paper use by the industry at large. In addition, more and more of the glossy printing and writing papers are being recovered to make recycled newsprint.

Progress like this stems from a recycling and commitment by printing-writing paper manufacturers, a commitment backed by huge investments in de-inking and manufacturing equipment," said Virgil Horton, vice president of the American Forest & Paper Association's paper group.

"But it also requires a partnership between the public and the industry to assure that clean, source-separated papers are recovered to supply all the new capacity for making recycled-content paper products to meet the growing customer demand."

Summer Art shopping at Village Green

The Northbrook Park District wants you to enjoy a bit of culture early this summer at the Annual Village Green Art Festival. Normally scheduled in July, the fair was moved to June 18 and 19 this year to get a jump on the abundance of arts fairs offered each summer to suburbanites.

the Germans lodged mortar shells into the tank area. The surprise attack caught the tank group off-guard. Joe was hit in the kidney, liver, spine, arm and chest. It ended his fighting days. He was shipped back to an English hospital where he stayed for five months. He still carries souvenirs of pieces of the mortar shells which were never removed from his body. Doctors said he is lucky to be alive.

Joe related he wasn't unusually scared about the landing until hours afterwards. He did get shook-up when he climbed out of the turret and found a German soldier killed alongside the tank. The enemy soldier was shot just before he was able to throw a grenade into Joe's tank.

The tank outfit had a hard time getting through the hedge country. He said the main roads were blocked by sandbags which held back the high tides which would normally flow along the roads.

In the initial assault three of the five tanks he landed with were hit. The obstacles caused by the hedge contributed to the German soldiers picking off the American tanks. A roto-tiller-type contraption was placed on the front of the tanks which enabled them to eventually cut through the hedge.

Joe said it was dark when they got onto the beach. They quickly pushed off and wound up in the town of Coumont where they dug-in. He said they used their tanks as pill boxes. After the air force softened up the enemy territory, columns of American infantry quickly went off in all directions. Many of them climbed onto the tanks they pushed forward. The key to succeeding was to keep pushing forward.

Casualties were enormous in Joe's outfit. He said by the time he got to Aachen, three-and-a-half months after D-Day, only 30% of the original battalion of 900 men were still in his outfit. Most of them were from the service and headquarter companies.

On the way across France Joe's outfit took part in the Falaise Gap battles where 250,000 Germans were surrounded and captured. Another large German contingent was trapped in an area called Munz where they were captured.

Joe, who is near retirement, said he now receives 40% disability pay from the government. He's been to the local Veterans Administration hospital three different times and he has the highest praise for the V.A. He said, "Despite what some people have said, my experience with the service by the V.A. has been terrific. There's nothing they won't do for you. You have to be there to appreciate the service. They really do follow-through. The U.S. has really been good to the G.I.'s. They give you the best. They don't spare anything. You just don't get similar care in private hospitals. People who criticize the V.A. just don't know what they're talking about."

Joe, who seems quite mat-

ured, said, "I'm glad I'm home."

non-disclosure statement pledging not to copy or record the information they provide would be protected, and have been assured that it would be. That assurance, she said, helps to avoid potential problems with con artists, abusive ex-spouses and others.

"We went to court May 20 and in an agreed order we said we would not destroy records," Andersen said. "It was never our intention to destroy records. We left them for our programs."

A hearing was set for September 26 at 2 p.m. in the Daley Center.

Przybylo, on behalf of all the members of the Regular Democratic Party of Maine Township, stated in a petition that Thompson withheld relevant information regarding township government from a duly elected township official which is against public policy and the law in Illinois.

"As a result of which Maine Township residents have been improperly served by Thompson," the petition read, "We petition the removal of Thompson by resignation or other lawful means."

Thompson also held a press conference on May 27 and stood by his commitment to protect the confidentiality of senior program participants.

"It is absurd to suggest that I resign because I am named in a lawsuit," he said. "If I were to sue Trustee Ebert, who would resign? I believe firmly that I am in the right morally and ethically in my effort to protect our senior program participants."

Przybylo has started a petition drive and hopes to collect 5,000 signatures. As of Tuesday, Przybylo had 180 signatures of voters interested in running Thompson out of the position that he is set to fill until 1997.

"There is no provision for any township elected official to be removed from office," Andersen said. "People aren't removed just because they make a decision that another person on the board doesn't like."

Neuschel, Director of Adult and Senior Programs for Maine Township, also defended township policy at the press conference of keeping the senior lists confidential.

"Since I came on board as the senior director," she said, "I was told that the policy of the board was to protect all these groups from political or commercial exploitation."

Neuschel said that seniors, while signing up for programs,

ask most people about Social Security and they'll probably tell you about its importance as a retirement program. And, that's not wrong—but it's just part of the answer.

Too few people are aware of how important Social Security is for children. Last year, Social Security paid more than \$1 billion a month to almost 3.4 million children of retired, disabled, and deceased workers.

And, in addition to the children receiving benefits, more than 98 percent of all the Nation's children are protected by Social Security in the event of a parent's death.

Children Who Qualify

A worker's children qualify for benefits if they are:

- * Under age 18, or
- * 18-19 years old and full-time students through grade 12, or
- * Age 18 or older and disabled.

However, the disability must have started before age 22. Some beneficiaries will receive "children's" benefits in their adult years if the disabling condition continues.

Social Security children's benefits can be paid to a worker's natural child, adopted child, or stepchild. If a child is already entitled and the worker and the child's other parent divorce, the child will continue to be entitled regardless of who the child lives with and whether or not the parents remarry. Under certain circumstances, a child born out of wedlock is eligible for Social Security benefits.

For example, a worker who dies at age 26 or younger needs 6 credits for his survivors to be eligible for benefits. A worker who dies at age 40 needs 18 credits. A worker disabled at age 27 needs 12 credits earned after age 21; at age 55 a disabled worker needs 33 credits to be eligible for benefits, with 20 of the credits earned in the 10-year period before the disability began. No one needs more than 40 credits (10 years of work) to be eligible for Social Security.

have asked whether the information they provide would be protected, and have been assured that it would be. That assurance, she said, helps to avoid potential problems with con artists, abusive ex-spouses and others.

"There is a very real cost to taxpayers whenever the township gets involved in a lawsuit," Thompson said. "Trustee Ebert is costing taxpayers a lot of money which will result in no benefit to them whatsoever."

For her to pursue her desire to have a copy of those names and addresses which she can use as she pleases, hurts the program participants and hurts us all as taxpayers."

While the lawsuit seems to be the core to Przybylo's announcement, the Democratic Committeeman offered other reasons why Thompson should step down as Supervisor.

Top Ten Things You Should Know About Social Security

by Thomas A. Curran

Social Security Manager

Des Plaines, IL

With apologies to Dave Letterman, here are the top ten things you should know about Social Security.

Number 10: Your Social Security benefit is based on your earnings so make sure your employer is using your correct name and Social Security number when reporting your earnings to the government.

Number 9: Social Security is more than retirement. Disability coverage for people who can't work for a year or more and survivors benefits for the family members of a worker who has died are important and often overlooked parts of Social Security.

Number 8: When you work, you earn Social Security "credits," up to a maximum of four per year. Most people need 40 credits (10 years of work) to qualify for retirement benefits. Younger people need fewer credits for disability and survivors coverage.

Number 7: Social Security provides benefits to qualified family members of retired and disabled workers. Generally, children under 18 can get checks and so can a spouse who's 62 or older or who's caring for a minor child. In many cases, divorced spouses also get benefits.

Number 6: You can get an estimate of your Social Security benefits and a copy of your earnings history by calling 1-800-772-1213.

Number 5: Check with Social Security about a year before you plan to retire. In some cases, you can get retirement benefits even before you stop working.

Number 4: When you file for retirement benefits, we need to see a certified copy of your birth certificate and your last W-2 form (or tax return if you're self-employed).

Number 3: Social Security should not be directly compared to private savings and pension programs because "social" objectives are a fundamental part of Social Security. For example, workers with low incomes get a benefit that represents a higher percentage of their earnings than do well-paid workers.

Number 2: You should not expect to live on your Social Security. The program was always intended to supplement, not replace, private pension plans and other savings and investments.

Number 1: Social Security will be there when you need it. Social Security has changed a lot in the last 60 years and it undoubtedly will change in the next 60...but a basic program that provides benefits to retired people, to people with disabilities, and to the survivors of a worker who has died will always be the foundation of our society's income maintenance network.
