

Road projects planned for Niles, Morton Grove

By T.J. Brown

Niles and Morton Grove will complete several minor road projects this summer, but few major projects are planned, according to the towns' public works directors.

Morton Grove plans to resurface 14 sidestreets this season. But the big project for Morton

Grove this year is the reconstruction of Lehigh Ave. between Beckwith and Dempster, Morton Grove Public Works Director Charles Collette said.

Morton Grove is also installing a traffic signal at Oakton St. and River Dr., and adding the Opti-

com System onto traffic signals on Golf Rd. (in conjunction with Glenview), and Waukegan Rd. (from Emerson St. north).

Niles residents will see several repaving projects on many sidestreets and repairs to alleys.

Niles is end of the road for nation-wide bank thieves

By T.J. Brown

Five Yugoslav nationals are in custody after an attempted robbery of a night depository box at 4 a.m. Monday at the First of America Bank, 9101 N. Greenwood Ave., Niles.

The group is believed responsible for similar bank thefts nationwide, police officials noted.

According to Niles Police De-

partment community information director Sgt. Roger Wilson, several people attempted to break into the night depository box at the Niles bank and steal the overnight deposits. An alarm was tripped and five people were arrested.

Former Committeeman Raffe charged with getting daughter ghost job

By T.J. Brown

U.S. charges Ex-Maine GOP chief

Former Maine Township Republican Committeeman Philip Raffe and his daughter Rhona Reagan will face an arraignment hearing June 28 on charges of mail fraud committed while Raffe was GOP Committeeman.

U.S. Attorney's Office information director Randall Samborn said charges were filed May 3 against Raffe, 69, and Reagan, 40.

Raffe is accused of arranging a job for his daughter in the Cook County Sheriff's Department. The Sheriff's Department paid Reagan \$9,681.64 from July 18,

Parks watch progress of capital funding bill

by Kathleen Quirsfeld

Of special interest to the Niles Park District, as well as others throughout Illinois, is the journey of S. B. 212 through the State Legislature. S. B. passed in the Senate by a vote of 51 to 3 on April 18 and is expected to come up for a vote in the House before the legislature adjourns for the summer. This is a bill that would allow park districts to get bonding authority to fund capital projects without having to go to referendum. State Senators Butler and Dudich voted in favor of the bill.

The progress of S. B. 212 through the Illinois legislature was a much discussed topic by Niles Park District Board members at its May meeting. Presi-

dent Elaine Heinen reported that she and Director Tim Royster attended the Illinois Association of Park Districts in Springfield on May 9 and 10 and lobbied legislators Capparelli and Mulligan to vote for the bill.

While in Springfield, Heinen said she was "shocked" to discover that some of the representatives they met "didn't know what a park district was" (a separate taxing authority). Both she and

From the Left Hand

by Bud Besser

This is either a "buyer's beware" column or the guy at this end of the computer is getting a bit paranoid - you be the judge.

Last week I had to buy a bracket for the tail pipe assembly on my 11 year old Toyota. I was given the name of the bracket and its serial number. I telephoned three Toyota dealers, gave them the name and model of the car, the descriptive name of the bracket and the serial number. The dealers' service departments gave me three different prices. They ranged from \$34 to \$51. Same bracket, same serial number. Was the high-priced dealer taking advantage of the buyer? You be the judge!

A few weeks ago my wife's car, an Oldsmobile, was being repaired at a Buick dealer. I had bought the car at an Olds dealer a few blocks away. He sent the bodywork repairs to this dealer. While I was waiting for the car I went back to the Olds dealer to order another key which has one of those lock-proof chips on its side. The dealer said it would cost \$20. I told him, thanks but no thanks. I went back to the Buick dealer and he made the key at no charge. Was I being taken? You be the judge!

A few years ago my downtown dentist closed his shop after he passed his ninetieth birthday. He transferred his patient's records to another downtown dentist. I went

Niles Parks begin chemical spraying

The Niles Park District will be making chemical applications during the next ten (10) weeks in various parks throughout the District for the purpose of weed control on turf areas. Each park will be posted with signs in the specific application areas. Signs will be posted 24 hours in advance of the applications and will remain up 24 hours after applications.

All procedures concerning notification and application of turf management chemicals will strictly adhere to the guidelines outlined in the Niles Park District's Board of Commissioners Statement of Policy.

Old Orchard Jr. High Orchestra to play with Niles North Orchestra

The Old Orchard Junior High School Orchestra will play on two numbers with the combined Niles North High School Symphonic and Concert Orchestras during a free spring concert at 7:30 p.m. Tuesday, May 23 in the auditorium of Niles North High School, 9800 Lawler Ave., Skokie. There is no admission fee and the public is invited. For more information, call (708) 673-6900.

The combined Symphonic and Concert Orchestras, under the direction of Pamela Hendrix, will open the evening with the performance of Beethoven's "Egmont Overture" and "Hoe-Down" from Aaron Copeland's ballet "Rodeo." The orchestras, under the direction of student teacher Tom Kolodziej, will then perform the finale from Mozart's "Symphony No. 41 in C Major."

The Old Orchard Junior High Orchestra will join the musicians

already onstage, and Rhea Bobinsky, Orchestra Director at the junior high, will conduct the combined orchestras in "Jupiter" from Holst's "The Planets." Ms. Hendrix will then take the baton and lead the orchestras, along with the Niles North Beginning Strings Class, in Anderson's "The Syncopated Clock."

Since this is the final orchestra concert of the school year, two graduating seniors will be featured as soloists during the evening. Jennifer Kim of Skokie will perform Mozart's "Violin Concerto No. 4 in D Major" and Joy Brunner of Skokie will play Weber's "Concertino, Op. 26 for Clarinet in E-flat Major." Other graduating seniors in the orchestra will also be recognized.

Xerox contract okayed
A five-year contract between District 207 and Xerox Business Services was approved by the Board of Education. According to the contract, Xerox will provide duplicating, courier and mailing services for the district beginning May 1.

Piloted in the three buildings since last November, the new system has proven to be more efficient. "It also provides for better operator training as well as back-up replacements for illness and vacation," said Merilee McCracken, assistant superintendent for business.

Projected savings are expected to be more than \$250,000 over the course of the contract. Starting at \$42,184 per month for 1.1 million copies, the cost will rise on the sliding scale. The additional charge will be \$162.50 for every 25,000 copies.

Maine partners with Oakton
Through a partnership grant

with Oakton Community College District 207 has been awarded \$200,000 which will help pay for two distance learning sites - one at Maine East and one at Maine South.

The \$200,000 will pay for two rollout units that include monitors, video cameras, and microphones. As part of the partnership District 207 will remodel classrooms to house the equipment, provide staff, and pay communications fees at a cost not to exceed \$75,611, according to action taken by the Board of Education at the April meeting.

Maine South Science Olympiad
The 17 students on the Science Olympiad Team, which won first place in Illinois recently, were commended by the Board of Education for their accomplishment.

Mike Delance, Laura Huber, Tum Tunathakakas, and Walter Walczak demonstrated two of the experiments which helped give the team the first place win.

Other team members are Jeni Aris, Nicole Baier, Jessica Jakubanis, Ken Lai, Jennifer Manzi, Pam Morgan, Devan Patel, Dustin Puckett, Chris Ryan, Scott Schwemin, Cyrus Wilson, Matt Wangrow, and Mike Yurkus.

Marriott donates \$10,000
Special education students in the learning disabled and behavior disordered programs of Maine Township Special Education Program (MTSEP) will be able to continue to participate in a work program for them, thanks to a \$10,000 donation from O'Hare Marriott which will help pay for job coaches.

William Scott, human resources director for O'Hare, presented the check at the board meeting.

Call-A-Lawyer offers free info

Attorneys will provide free legal information during The Chicago Bar Association's Call-A-Lawyer program Saturday, May 20, from noon to noon.

Chicago-area residents who call the Lawyer Referral Service at (312) 554-2001 will speak to volunteer attorneys with experience in various areas of the law.

Call-A-Lawyer is designed to assist the public with general legal advice. Attorneys will be available by phone to discuss a variety of topics including family law, estate planning, contracts, and miscellaneous legal problems. Callers will be advised of steps they can take to resolve their legal problems. If callers need legal services, they will be advised to see their attorneys or receive information on the Lawyer Referral Service.

The program is staffed by attorneys from The Chicago Bar Association Lawyer Referral Service, a public resource for obtaining referrals to Chicago and suburban lawyers. Lawyer Referral Service attorneys work in private practice but volunteer their services for Call-A-Lawyer.

Apostle Choir to perform at Edison Park Lutheran

The Apostle Choir, a 30-voice children's choir from First Lutheran Church in Duluth, Minnesota, will present a concert at Edison Park Lutheran Church, 6626 N. Oliphant, Chicago, on Saturday, May 20, at 7:30 p.m. The choir is on a tour culminating in a performance at Rockefeller Chapel at the University of Chicago.

The choir is under the direction of Rev. Dr. David Tryggstad, former Associate Pastor at EPLC, and Beth Holst.

Some of the choristers will play instruments to accompany the choir.

The members of the choir are in grades four through seven. All of them participate in a structured choir school program at First Lutheran Church. In its second year of existence, the choir has participated in various festivals and has sung at the annual Assembly of the Northeastern Synod of the Evangelical Lutheran Church in America.

Everyone is welcome. A free-will offering will be received at the concert to help defray some of the expenses for the tour.

DIABETES SCREENING

Non-insulin-dependent diabetes is gradual in onset and usually occurs in adults over age 40. Some of the warning signs are: blurred or any change in vision, tingling or itchy skin; slow healing of cuts and bruises; and drowsiness. Free diabetes screenings are available from 9 to 10 a.m. on Tuesday, May 23 in the Flickinger Senior Center. People coming in for the screening should fast from the evening meal of the night before.

ILLINOIS RAILWAY & ANTIQUE MUSEUMS TOUR
Enjoy a day in the country on Tuesday, May 30. Remember the smell of coal smoke, the sounds of escaping steam and the loud shrill of the train whistle? These memories are alive at the Illinois Railway Museum. Rides on an authentic electric powered streetcar, as well as trains are followed by lunch at the Country Junction. Then explore the Antique Village with a complete Wild West Town and the museum, featuring everything from antique phonograph collections to World War exhibits. The bus leaves the Prairie View Community Center at 8:30 a.m. and returns at approximately 5:30 p.m. The cost of this trip is \$35 for residents and \$38.50 for non-residents. For further information, call Catherine Dean at the Morton Grove Park District, 965-7447.

HOME & YARD CHORES

Morton Grove's home and yard "Chore Program" links senior citizen homeowners with youth and young adult workers in Morton Grove. Seniors who have difficulty maintaining their landscape themselves can arrange to have an ambitious worker from their neighborhood come by regularly to assist. There are individuals who can perform minor odd jobs. Seniors must provide equipment and negotiate the fee to be paid to the worker. For more information, call the Flickinger Senior Center at 470-5246.

55 ALIVE

The American Association of Retired Persons announces the implementation of the latest edition of its mature driving improvement course for persons 50 and older. 55 ALIVE Mature Driving Edition IV is an eight-hour classroom regresher that is available to older motorists over a two-day period and each session lasts for four hours. It focuses on the physical changes that accompany aging and on ways maturing drivers can compensate for these changes, provides opportunities for self assessment of individual problem areas and offers suggestions for how older persons can improve their skills as drivers. During each of the last three years over 1 percent of the driving population age 50 and over nationwide completed the program annually. Last year 26,000 classes were held and 565,000 older motorists participated. Research reports indicate that 55 ALIVE graduates demonstrate a reduction in injury accident claims and driving violations. To learn more about 55 ALIVE Mature Driving, contact the Morton Grove Senior Hot Line at 470-5223 for the next course offered at the Flickinger Senior Center starting at 9 a.m. on Tuesday, May 30 and Thursday, June 1.

MALL TRIPS NOW ON TUESDAY

Veterans working on poppies

The Morton Grove American Legion Post #134 and its Auxiliary Unit will conduct their annual Poppy Day campaign Thursday, May 25.

To prepare, veterans in the VA Hospitals are now fashioning the little red flower which will be offered to the public.

Auxiliary President Joyce Senf says her women volunteers, especially at the Hines Veterans Administration Hospital in Maywood, are assisting the former war personnel in making these flowers of remembrance. Doctors indicate there is therapeutic value in giving hospitalized men and women a task to perform.

Ridgewood: a cafe, a florist

By Rosemary Tirio

At Ridgewood Gardens and Cafe, 6569 Milwaukee Ave., Niles, customers can get delicious potato pancakes, pierogis, pentulas and pansies all at the same convenient location.

Under new management is an old Niles business offering an unusual combination of services. Ridgewood Gardens & Cafe, 6569 N. Milwaukee Ave., the first building in Niles to greet those traveling northwest on Milwaukee Ave. after crossing the Chicago city limit at Devon, is a cozy cafe with an excellent continental cuisine adjacent to a garden center/floral shop.

Walter and Krystyna Kornacki are the new owners of the establishment, which was started in 1941. Randy, the floral shop manager, has been with Ridgewood for 17 years and oversees the sale of cemetery designs and garden plants along with some garden tools and supplies. Under the Kornackis, the garden shop has been expanded to include a floral business that provides beautiful bouquets and artistic floral designs for all occasions, including weddings, which they deliver to city and suburbs.

The cafe seats about 50 in a quaint setting that features antique irons, a butter churn and other old-time appointments behind honey cafe curtains. European, mostly Polish, and American dishes are prepared by Krystyna the chef, not to be confused with Krystyna the co-owner, who got lots of cooking experience when she worked at the White Eagle Restaurant and Banquets just up the street. Ridgewood Cafe serves breakfast, lunch and dinner, and is open from 6 a.m. to 7 p.m. daily except Sundays.

Pierogis, the delicious homemade dumplings, are one of the special treats in store for Ridgewood patrons, along with potato pancakes and goulash. The Potato Pancake Omelet, a breakfast favorite, consists of scrambled eggs with ham, mushrooms, pepper and onions spread over three potato pancakes.

Two homemade soups are available daily along with three luncheon specials. Typical dinner specials are the Spare Ribs Dinner with sweet and sour cabbage, Stuffed Peppers, and the Salmon Salad. Desserts, including ice cream and fountain creations, can be topped off with a cappuccino or espresso for a very satisfying meal in pleasant, cozy surroundings.

The Ridgewood Cafe can provide catering for small parties up to 50 persons.

For more information about Ridgewood Gardens & Cafe, phone (708)647-9553.

Betty's™ not a vitamin... and America wants to know why

Where's Betty? Spy magazine was among the first to ask.

Rosie O'Donnell, who played Betty Rubble in the Flintstones film, also asked this question during an interview on "Eye to Eye With Connie Chung," and the omission of Betty from the Flintstones® Vitamin bottle inspired three musicians from Atlanta to form a band called "Betty's Not A Vitamin."

Adding to the movement, the 150-strong Betty Club (all women named Betty) headquartered in Grants Pass, Oregon, circulated a petition to remedy the injustice.

Americans To Vote On Betty's Fate
The makers of Flintstones Vitamins took note and have decided to let America decide Betty's fate.

A prehistoric voting booth where consumers can cast their stones in the affirmative or negative will be open from 10 a.m. to 7 p.m., Friday, May 19, at Spring Hill Mall in West Dundee, Ill. (near Chicago).

Absentees can vote by calling the Flintstones 800 number, (800) 334-4843, now until the final count at the end of May.

Where Has Betty Been?
Why has Betty not been with Fred, Wilma™, Barney™, Pebbles™, Bamm-Bamm™ - even Dino™ and the Flintmobile™?

"No one knows for sure," explains Karen Lazan, product manager at Bayer Corporation, "but some say it was tough to make the Betty vitamin different from Wilma." One source says

Candlelight Jewelers have a new gem

By Rosemary Tirio

The sparkling new jewel at Candlelight Jewelers, 7900 Milwaukee in the Oak Mill Mall, Niles, is not set in a bracelet, necklace or ring.

A baby carrier is the setting for this precious gem, and the Hope Diamond couldn't be more welcome in the family of Laury and Susan Rose, owners of the jewelry business, which Laury founded in 1975.

Harrison Bradley Rose was delivered at Lutheran General Hospital April 28 weighing in at just slightly over 1,036 carats or 8 lb., 5 and one quarter oz.

Now there is even more cause for rejoicing at Candlelight, which is celebrating its 20th year in the jewelry business in Niles.

Baby Harrison's proud aunts, who both work for the family-run business, are Ellen Rose and Stacy Perlstain.

Workshops set for parents of children with ADHD

After months striving to succeed in a disciplined classroom setting, children who are diagnosed with ADHD -- and their parents -- often face new challenges come the freedom of summer. On Thursday, May 25, Forest Health systems will begin a four-month series of ADHD Parent Workshops, focusing on management issues relating to less-structured summertime activities.

Each of the workshops will meet from 7:30 to 9 p.m. at Forest Hospital, 555 Wilson Lane, Des Plaines. Subsequent Thursday night programs are scheduled for June 15, July 20 and Aug. 17. The cost is \$35 per couple, per workshop. To register, call (708) 635-4100, ext. 224.

MONNACEP offers psychology course

Those who want to know more about the human psyche can discover how to develop inner power in Self-Hypno/Relax, a psychology course offered through MONNACEP, Oakton Community College's Adult Continuing Education Program.

The course meets for seven Wednesdays starting June 7 from 7 to 9:30 p.m. at Glenbrook North High School, 2300 Shermer Rd., Northbrook.

For more information, call MONNACEP at (708) 982-9888.

that the vitamin die had limited room and in a toss-up between Betty and Wilma, Betty lost out because her slim waist kept breaking.

Find Betty and Be a Winner
"Now, this public outcry has made us rethink the original decision, and that's why we've decided to let America vote," explains Lazan. "In the meantime, before we get the tally, Betty will make a brief appearance -- so to speak -- in a special consumer promotion for Flintstones Vitamins.

Consumers who find icons of Betty (and other Flintstones) in specially marked packages can win a number of prizes -- including the big one, a 1996 Mercury Villager Minivan. Other prizes include a family trip for four to Orlando, \$1,000 savings bonds and "I found Betty" t-shirts.

MONNACEP Kids' College offers Summer Sports Camp

Kids' College, offered through MONNACEP, Oakton Community College's Adult Continuing Education Program will offer a Summer Sports Camp at the Des Plaines campus, 1600 E. Golf Rd. A baseball camp for boys and girls ages 7 - 11 starts June 12. One or two week camps will be held through July 8 on the campus baseball field. With sportsmanship as the camp theme, students will learn new drills used by college players. Fundamentals are emphasized, and all levels are welcome. Games will be played daily. Each player receives a t-shirt, awards and progress reports.

The camp will be conducted by Mike Huber, a former member of Oakton's baseball team who has 11 years experience with baseball camps. For more information or a brochure, call (708) 982-9888.

Niles Historical Society hosts fashion/costume show

Electrical safety at home is child's play

To gain a fresh perspective on electrical safety, try taking a child's eye view of the home environment. Think of a toddler on his or her daily romp through the home, exploring this new-found universe and seeking adventure in living room, bathroom and kitchen while mother tries to place certain things out of reach. But how can you put an electrical outlet on top of the refrigerator?

Electrical outlets are usually close to the floor, well within a small child's reach. Preschoolers and even school-age children have been fascinated by these funny holes in the wall. Children are sometimes tempted to stick little objects, including pennies and paper clips, into the outlets.

Safety discs and plastic covers offer an inexpensive way of solving this problem. This safety disc covers both plug and outlet. It

comes off only by twisting it around, a procedure too complicated for the toddler. Safety discs actually put a low outlet "over a child's head." The more inexpensive, plastic plug covers are also useful in keeping baby and outlet safely apart. Both devices protect the small child from electrical current so mother's watchful eye is freed for other things.

Explaining electrical safety to a small child is not easy. Electricity can't be seen, an inquisitive child may ask, "Where does it come from?" It's difficult to give an answer he can understand.

The best way for younger children to grasp electrical safety is through the good example of older members of the family. If the parents and older brothers and sisters handle electricity correctly, the know-how rubs off. On the other hand, if safety guidelines are disregarded around the home, the younger children may imitate unsafe acts.

Proper handling of electrical toys can be a child's first experience with electrical safety. Underwriters' Laboratories helps to insure safety in toy construction as well as appliances. The UL seal on an electrical toy shows that the item has been tested for safety of its electrical parts. With various electrical toys, such as stoves and irons, children may need adult supervision to learn how to operate them safely. Remember, a "safe" toy is only as safe as the child who plays with it.

Much of what children learn about the outside world is through their play with games and toys, which provides them with a fine opportunity to cultivate good safety habits.

Welcome

JONATHAN THOMAS BOURIS

A boy was born to Mr. & Mrs. Thomas Bouris of Prospect Heights, IL on April 7 at Holy Family Hospital, Des Plaines. The baby's name is Jonathon Thomas Bouris. He weighed 6 lbs. 4 oz. Grandmother is Arlene Zoellick of Des Plaines.

Eckmann leaves top conference office

When Libertyville resident Jo Ann Eckmann accepted the position of President of the Northwest Municipal Conference (NWMC) in May of 1994, her charge was to retain the individual identities of each member while remaining proactive through working collectively as a region. The 40 NWMC members honored Eckmann for her leadership at their annual Spring Banquet, Friday, May 5, at The Princess in Libertyville.

Mayor Ronald Wietecha from the City of Park Ridge has been chosen to succeed President Eckmann as the 1995-1996 NWMC President. Buffalo Grove Village President, Sidney Mathias, will serve as NWMC Vice-President, Highland Park City Manager, David Lamardi, will serve as Treasurer, and Northfield Township Supervisor, Gregg Goslin, will

serve as Secretary. Under Eckmann's leadership, the Conference strengthened and expanded its role in promoting regional cooperation within the northwest suburbs. Over the past year, Eckmann organized a tax cap coalition comprised of municipal, civic, and business leaders to call for a comprehensive tax reform; formulated an Economic Development Committee to bring identity to the region, and participated in solidifying the 847 area code which eliminates 11 digit dialing. "President Eckmann's administration marks a year of heightened awareness for the absolute necessity of regional cooperation in addressing the major economic, social, and legislative issues facing our residents," comments Mayor Wietecha.

Exhibitors sought for Arts Expressions

A special invitation is extended to qualified area artists and craftspeople to be among the exhibitors in the Annual Arts Expressions to be held at The Atrium Mall, James R. Thompson Center, 100 W. Randolph, Chicago Thursday and Friday, July 6 and 7.

Potential exhibitors in this juried show are invited to submit four slides or photographs of work representative of that which they wish to exhibit, one slide or photograph of their display setup, a self-addressed, stamped business-size No. 10 envelope—resume/show listing also helpful. Art In Action will be included in the show with some of the exhibitors working and demonstrating at various times during the

show. Programs will be available free of charge listing the exhibitors, their media and showing their location in the show.

Additional information may be obtained from American Society of Artists at P.O. Box 1326, Palatine, IL 60078 or call (312) 751-2500.

Northwest symphony to perform Sunday

Sunday, May 21, at 3:30 p.m., the Northwest Symphony Orchestra will perform the final concert of the season at Maine West High School.

The symphony has enjoyed great success this year until the baton of the new musical director Paul Vermeil. Also due to outstanding board participation, fund raising efforts and the newly formed educational outreach programs have been launched with great success.

Featured as soloist will be Dr. Bro, professor of music at Indiana State University. Dr. Bro has performed throughout the United States and Canada as well as Austria, France, Germany, Italy and Japan. Dr. Bro has performed with the Chicago Symphony Orchestra, the Chicago Sinfonietta, the Milwaukee Symphony Orchestra, the Grant Park Orchestra

of Chicago, and several other Chicago-area music organizations. Dr. Bro recently gave the New York premier of Joan Tower's "Wings" for solo saxophone. He will be performing the first saxophone concerto.

Other works featured will be Debussy: Prelude to The Afternoon of a Faun, Emmanuel Chabrier: Suite Pastorale and Rimsky-Korsakov: Capriccio Espagnol.

Concerts of the Northwest Symphony Orchestra are held in the auditorium of Maine Township High School West, 1755 South Wolf Rd., corner of Wolf and Oakton Rds. Tickets at the door are \$8 for adults, \$6 for seniors and students. Children under twelve are admitted free with an adult. Season tickets and group rates may be obtained by calling (708) 317-9343.

Community Orchestra to perform free concert

A free concert will be given by the Jewish Arts Center Symphony Orchestra on Sunday, May 21, at 3 p.m., at Emanuel Congregation, 5959 N. Sheridan Rd., in Chicago. Conducting will be Irving R. Letchinger, Music Director, and David Hoppe, Associate Director.

On the program will be the Beethoven Triple Concerto, featuring soloists David Katz, Violin, Julian Kwok, piano, and David Hoppe, cello. Other works include Dvorak's Symphony #8, and Stradella by F. von Flotow.

Limited parking is available. For more information, call (312) 561-5173.

Spring Concert to be presented

The Images of Sound, a performing company of singers and instrumentalists, will present their annual spring concert, I Hear Music! on Friday, May 19 and Saturday, May 20 at 8 p.m., at the Prairie Center for the Arts, 201 Schaumburg Court in Schaumburg.

Tickets are \$8. Interpretation for the hearing impaired will be available for the Friday performance. Contact Charlene Hancock, (708) 358-3237, for further information, special seating arrangements and advance ticket sales.

Jr. High Orchestra makes guest appearance at Niles North

The Old Orchard Junior High School Orchestra will play on two numbers with the combined Niles North High School Symphonic and Concert Orchestras during a free spring concert at 7:30 p.m., Tuesday, May 23 in the auditorium of Niles North High School, 9800 Lawler Avenue in Skokie. There is no admission fee and the public is invited.

The combined Symphonic and Concert Orchestras, under the direction of Pamela Hendrix, will open the evening with a performance of Beethoven's "Egmont Overture" an "Hoe-Down" from Aaron Copeland's ballet "Rodeo." The orchestras, under the direction of student teacher Tom Kolodziej, will then perform the finale from Mozart's "Symphony No. 41 in C Major."

The Old Orchard Junior High Orchestra will join the musicians already onstage, and Rhea Bobbinsky, Orchestra Director at the jun-

ior high, will conduct the combined orchestras in "Jupiter" from Holst's "The Planets." Ms. Hendrix will then take the baton and lead the orchestras, along with the Niles North Beginning Strings Class, in Anderson's "The Syncopated Clock."

In addition to the combined performances, the Beginning Strings Class will also perform two numbers. Since this is the final orchestra concert of the school year, two graduating seniors will be featured as soloists during the evening. Jennifer Kim of Skokie will perform the first movement of Mozart's "Violin Concerto No. 4 in D Major" and Joy Brunner of Skokie will play Weber's "Concertino, Op. 26 for Clarinet in E-flat Major." Other graduating seniors in the orchestra will also be recognized.

For more information, call (708) 673-6900.

Children's violin group celebrates Asian American Heritage Month

An upcoming celebration of Asian American Heritage Month at the Chicago Cultural Center will feature a performance by the world renowned children's violin group Magical Strings of Youth.

The celebration is sponsored by Cook County State's Attorney Jack O'Malley and the State's Attorney's Asian American Advisory Council.

Magical Strings of Youth have performed for audiences worldwide since its formation approximately 20 years ago. In June 1994, the group performed in Beijing China, as guests of the Chinese government and the Motorola Corporation. The group was the first American children's group ever to be invited to China. In December, 1994, the children performed at a holiday celebration at The White House.

The Magical Strings of Youth is comprised to children ages 3 to 17 who belong to the Betty Haag-Kuhnke Suzuki Talent Education Institute in Des Plaines.

O'Malley will also announce the recipient of a summer internship offered by the State's Attorney's office in conjunction with Asian American Heritage Month.

The Asian American Advisory Council serves as a pipeline between the State's Attorney's office and the Asian community to address crime problems faced by Asians across Cook County, according to Mimi Ruño, chairman of the Advisory Council.

The celebration will be held Wednesday, May 24 from 6 p.m. to 7:15 p.m., at the Chicago Cultural Center, 78 E. Washington St. (Washington St. and Michigan Ave.).

New contact lens is a better alternative

Just recently, daily disposable contact lenses -- which are worn for one day and then discarded -- have been released for use in Illinois. According to research in the United States and Japan, patients using these lenses have fewer complications.

According to Dr. Hikaru Hamano, of Osaka University Medical School, "Changing disposable lenses daily is an ideal method by which to decrease corneal complications." Dr. Peter Donschik, chief of the department of ophthalmology, University of Connecticut Health Center, agrees. Dr. Donschik feels the new lenses will also avoid many of the problems associated with solutions.

Dr. Michael Wodis, a Park Ridge optometrist specializing in contact lenses, is also impressed. "The first patient we fitted with daily disposables suffered from allergy problems for years. She had itchy, red, watery eyes; coated contact lenses; and puffy lids despite trying different lenses and solutions. For the first time, she's actually excited about wearing contact lenses, and we've had similar reactions from other patients. Although improved eye health is the most important ad-

vantage of daily disposables, patients have been enthusiastic about their convenience."

How do these new lenses compare with RK? In a recent editorial, the Review of Ophthalmology discussed contact lenses, RK, and laser procedures. The editor urges ophthalmologists to consider contact lenses instead of surgery for their patients.

"The research implications are obvious: improved long-term health as well as immediate relief from many symptoms," states Dr. Wodis. "After 26 years of seeing certain contact lens problems over and over again, I'm excited about these new lenses."

For more information, Dr. Wodis is available at (708) 823-2129, 42 Main Street in Park Ridge.

Currently, daily disposables are only available for low to moderate amounts of nearsightedness. For information on other new developments in the contact lens field, see 47 Ways to be Happier with your Contact Lenses, a comprehensive 90-minute slide presentation sponsored by local libraries.

Dr. Wodis will be available for questions at the Des Plaines library on May 24 and at the Niles library, June 5. Both are at 7 p.m. Registration is required for the Niles library only. Call 967-8554 to register.

DAILY DISPOSABLE CONTACTS, sports, allergies, computers, dry eyes, RK, laser surgery... just some of the topics in *47 Ways to be Happier with your Contact Lenses*, an in-depth slide presentation sponsored by the Des Plaines and Niles libraries. For information, call 823-2129.

Keeping the Beat at Rush North Shore

Rush North Shore Medical Center's 12th annual "Keeping the Beat" walk/jog event for cardiac rehabilitation participants will be held at 8:30 a.m. Sunday, June 4, beginning in front of the medical center's main entrance, 9600 Gross Point Road, Skokie.

Sponsored by the medical center's cardiac rehabilitation program, the event is open to all past and present participants in cardiac rehab programs throughout metropolitan Chicago. Spouses who are free of cardiac disease are also welcome to join the event. The \$12 entry fee includes a T-shirt, breakfast and door prizes, after the walk.

According to Morton A. Goldmann, M.D., medical director of Rush North Shore's cardiac rehabilitation program, the event gives recognition to heart patients who are committed to overcoming the limitations of heart disease and helps educate people about the role of exercise in rehabilitation.

Free CPR Learn-a-thon

This year about 1,500,000 Americans will have a heart attack. At least 250,000 of them will die before reaching a hospital.

Many of these deaths could be prevented if more community residents knew cardiopulmonary resuscitation (CPR) and put it to use immediately - within the first four minutes after an attack. To help fill this critical gap, the American Heart Association of Metropolitan Chicago and the Chicago Fire Department will team up on Saturday, June 3 at Malcolm X College to offer the largest group CPR training in the state of Illinois - free of charge.

The 1995 CPR Learn-A-thon will take place from 9 a.m. until noon in the main auditorium of Malcolm X College, 1900 W. Van Buren (about one block south of the United Center). Anyone of high school age or older who is capable of moderate physical activity is invited to participate. Instruction will be provided in English, Spanish and sign language.

Registration will be limited to 500 participants and pre-registration is required. Phone registrations are being taken by the American Heart Association at (312) 346-4675.

Knowing - and using - CPR quickly can mean the difference between life and death. In fact, when CPR is started within four minutes after the heartbeat and breathing have stopped, the victim's chances of leaving the hospital alive are four times greater than if he or she didn't receive CPR until after four minutes.

Besides speed in starting CPR, getting specialized medical care for victims is the key to saving lives. That's why it is important to use the chain of survival. The living steps include early access, early CPR, early defibrillation and early advanced care.

CPR is based upon a combination of mouth-to-mouth ventilation and external heart compression. External compression is the technique of forcing the heart to pump by compressing it between the breast bone and the spine.

For more information about CPR training or the CPR Learn-A-thon, contact the American Heart Association of Metropolitan Chicago at (312) 346-4675.

Are you stressed out?

Wouldn't it be nice to have a "stress-free" environment? Unfortunately, stress has become an unavoidable part of our everyday lives. We can't avoid it. Stress is any change to which we must adjust. While we usually think of stressful events as being negative, they can also be positive. Falling in love can sometimes be just as stressful as falling out of love. Starting a new job can sometimes be just as stressful as losing a job.

All stress is not bad. Stress is not only desirable but essential in life. Whether your stress experience is a result of major life events or the build-up of minor everyday hassles, it is how you react to stressful experiences that can either create a problem or prevent one.

Multi-Pure drinking water systems for your home

Fact-illinois has the worst lead problem in the U.S. According to the E.P.A., lead causes learning disabilities and birth defects. By the year 2015 every home will need a water filtration device, because the water that comes out of the tap does not assure it will sustain health, only life.

Multi-Pure has been manufacturing and distributing the best solid carbon block water filtration for 25 years. This system removes lead chemical contaminants, chlorine, particulate matter and cryptosporidium, a parasite in Chicago water, and has an equal warranty to prove it. More and more chemicals are put into our water to try to kill these bacteria. Our bodies can only filter out so many germs. Last year,

just two hours north of Chicago, some 400,000 Milwaukee area residents became ill, after cryptosporidium, a water-borne microbe, entered the water system. Multi-Pure was recently featured on the television program, Pro Files On America. It is certified by the National Sanitation Foundation.

For eight years, Multi Pure has been an independent distributor in the northwest area of Chicago and suburbs. Imagine pure water at your tap for less than 10¢ per gallon. The human body is approximately 85% water. Given the vast amount of chemicals, metals and chlorine, which is known to destroy the positive cholesterol, isn't it wise to provide the best source possible at such a reasonable amount to safeguard yourself and family?

Chicago Life Magazine published and reported on water systems for homes and Multi-Pure was rated No. 1 for home water filter systems. So, safeguard your family from killer bacteria that are found in our waters.

For more information, call (708) 519-1898 or 324-3945 for a free home trial of pure drinking water for you and your family.

Niles Public Library and Niles Family Services may be able to help. Niles Public Library will be sponsoring a Stress Management Seminar free to the public. The seminar will be held from 7 to 9 p.m. on two consecutive Wednesdays, May 24 and 31. We encourage you to attend both meetings.

Two graduate interns, Melissa Woodson and Georgette Pagos, who currently work at Niles Family Services, will provide valuable information and skills regarding the management of stress through the use of relaxation, coping skills training, time management and other relevant techniques.

If you are interested, call Melissa or Georgette at (708) 692-3396.

News anchors honored at banquet

Mary Ann Childers and Jay Levine were named "Humanitarians of the Year" at Mount Sinai Service Club's Spring Luncheon and Fashion Show, April 26 at the Four Seasons Hotel. The event raised nearly \$50,000 for cancer research and treatment at Mount Sinai Hospital Medical Center as part of the hospital's \$36 million Campaign for Life. Fashion shows were presented by Saks Fifth Avenue. Nearly 500 women attended. Enjoying the event with Mary Ann (from left) are Skokie residents Lois Ankin and Shirley Wolf, members of Mount Sinai Service Club.

"How to accept your ostomy" will be the theme of a motivational talk by Gary D. Ponti when the United Ostomy Association's North Suburban Chicago Chapter meets at 8 p.m., Wednesday, May 24, in the East Dining Room (10th floor) of Lutheran General Hospital, 1775 Dempster St., Park Ridge.

Now an ostomy care and ostomy supply consultant, Ponti approaches his topic from the unique perspective of a long-time

Contact lens seminar at Des Plaines Library

The Des Plaines Library will present a free seminar, "47 Ways to be Happier with your Contact Lenses," May 24 at 7 p.m. This comprehensive 90-minute slide presentation covers new lenses and solutions, nearsightedness stabilization, bifocals, sports, extended wear, cosmetics, traveling, computers, dry eyes, allergies, infections, handling tips, and ways to save money on contacts. The latest information on RK (radial keratotomy) and laser refractive surgery is also covered. Detailed sheets on several subjects will be distributed after the presentation.

The focus will be on keeping your vision clear; your contact lenses clean and safe; and your eyes comfortable, white, and healthy. The presenter, Dr. Michael Wodis of Park Ridge, has lectured and written in the contact lens field, and holds patents for contact lens measuring instruments.

Registration is not necessary, but information is available at 827-5551.

ostomate who also spent 12 years in the ostomy supply business. During his years as a dealer, he counseled thousands of people who had the various types of ostomies, making special effort to help new ostomates adjust.

Ponti, who had ileostomy surgery himself at the age of 17, earned a business marketing degree at Northeastern University and later had an ostomy supply business in Niles. There, he became well-known to people with ostomies in the Chicago area, especially those in the north and northwest suburbs and the north and northwest sides of Chicago.

The chapter meets the fourth Wednesday of each month at Lutheran General. People with ostomies, family members and friends are welcome. For more information on the group or the meeting, call (708) 677-8284.

MS support group meets

The support group of Northwestern's Comprehensive Multiple Sclerosis Program will meet Wednesday, May 31, 10 a.m. to 12:30 p.m., at the Rehabilitation Institute of Chicago (RIC), 345 E. Superior. Phone off during Hartstein move

There will be no phone service nor computer capability (main frame and network) at Oakton Community College's Ray Hartstein campus, 7701 N. Lincoln Ave., Skokie from 7 a.m. May 19 to May 22.

Calls can be referred to the Des Plaines campus at (708) 635-1600. All communications at the Ray Hartstein campus will be suspended while officers are moved from the old campus (formerly Niles East High School) to the new building where classes will be held this summer.

The new facility features 22 general purpose rooms, three computer classrooms and an open computer lab, and fully equipped science labs for biology, life science, physics and earth science. A spacious and well-stocked bookstore, a cafeteria and gameroom, student lounges, a state-of-the-art language lab, and a library with computer-based information services and teleconference and distance learning centers are also among the many new features. The early childhood development center for three to five year-olds has also been expanded and will offer a full-day care program this fall.

Students will still find campus services at the new Ray Hartstein campus, including registration, academic testing, job placement information and health services, and offices for the Emeritus Program and English as a Second Language (ESL)/Literacy.

Within the new building, the Ray Hartstein campus will continue to offer high quality, affordable college credit classes in its convenient Skokie location. Fall semester college credit classes begin Aug. 28.

For more information, call (708) 635-1400 (after May 22).

Open House set for IIT student program

The Financial Markets and Trading Program at the Illinois Institute of Technology's Stuart School of Business will be the focus of two open houses for adults and high school students interested in this growing, fast-paced field.

The open houses will be held at the Stuart School, 565 W. Adams St., Chicago, from 5:30 p.m. to 7 p.m. Thursday, May 18, and Monday, June 5.

In addition to basic topics such as the equity markets, commodity markets and portfolio theory and management, the FM&T curriculum addresses innovative subjects. Recent topics have included over-the-counter products such as interest-rate swaps and foreign currency derivatives, and trading and investment strategies.

Applications for the fall term must be received by July 17. Further information on the open houses and the master's degree program is available by calling (312) 906-6506.

"This field has grown exponentially since 1985, and it is expected to continue to grow at comparable rates for the next decade," Heston added.

The FM&T program offers

education to meet financial globalization and an accelerated pace that were unimaginable in the past. Developments and events in the markets are immediately incorporated into instruction, because virtually all 50 members of the teaching staff work full or part time in the exchanges, banks, regulatory agencies, trading firms and other financial institutions.

"All classes are taught by people working in the financial industry," said Clark Heston, executive director of the Financial Markets and Trading Program. "Our primary focus is to provide the information and skills people need to succeed in the jobs that are there today."

First Party of MG releases referendum policy

In the past, the First Party has advocated a more open and participatory dialogue between our elected officials and the citizens of the community. In keeping with this tradition, the First Party is adopting a policy designed to provide an enhanced political environment that will allow the highest degree of individual political participation. To achieve this goal, our party shall foster and promote referendum initiatives, thereby producing a greater number of situations where individuals can directly vote on legislation.

The kinds of referendums we may sponsor and endorse are those that refer to legislation that may affect the fundamental rights of the individual, i.e., those rights guaranteed in the Constitution and Bill of Rights. Furthermore, our party will not support or promote any initiatives that incorporate discriminatory elements or are too divergent from the First Party's philosophy.

It is the First Party's belief that a careful balance of direct citizen participation and the virtues of a republic provides the most perfect form of government. To improve this balance, our party has designed a format to identify the kinds of legislation elected officials should undertake and those that should be decided directly by the electorate.

LEGISLATIVE CRITERIA

1. The kinds of legislation used to regulate the day to day activities of the government.
2. Legislation that affects fundamental rights or goes beyond regulation of normal community activities.
3. Legislation on issues where the interests of our elected officials conflict with the interests of the citizens.

LEGAL NOTICE

Notice is hereby given, pursuant to "An Act in relation to the use of an Assumed Name in the conduct or transaction of Business in the State," as amended, that a certification was filed by the undersigned with the County Clerk of Cook County.

File No. DO27694 on April 19, 1995. Under the Assumed Name of Robust Company with the place of business located at 295 S. Grove Ave., Des Plaines, IL 60016.

The true name(s) and residence address of owner(s) is: Nancy L. Stewart, 295 S. Grove Ave., Des Plaines, IL 60016.

4. Difficult questions such as arms regulation. The first category of legislation deals with established policies that require a continuing and detailed dialogue between the expert public servants and our representatives that could not be evaluated in a timely manner by the majority of citizens. Therefore, this category should be largely left to the care of our elected officials.

The remaining categories should be determined through referendum initiatives because it does not require a detailed and timely knowledge of routine municipal activities. Moreover, the second category of regulation is relevant to individual rights, and is therefore, far too important for a small group of people to make decisions on for the rest.

Referendums originating from legislators, political parties, and or associations of citizens should provide a more effective means of introducing new ideas into the legislative process, which is often stifled by elected officials who possess insular viewpoints. Furthermore, referendum initiatives provides an aggressive mechanism for revision or elimination of obsolete regulations.

In conclusion this policy will promote democracy, improve the regulatory process, and enhance the responsiveness of our elected officials to the needs of our community.

A.B. Dick holds contest for graphic artists

The A.B. Dick Company is collaborating with Chicago's Department of Instructional Support to give public high school graphic communications students a chance to test their printing skills and win U.S. Savings Bonds.

The second annual A.B. Dick Press Operators' Skills Contest will challenge the printing skills of juniors and seniors involved in graphic communications programs from Chicago public high schools.

The contest will be held on May 26, 30 and 31 at the Illinois Institute of Technology at 3241 S. Federal St. from 8:30 a.m. to 5 p.m. during the Industrial Technology Education Exhibition sponsored by the Chicago Board of Education.

Nearly 30 graphics communications students are expected to compete in the A.B. Dick on-site printing contest. Participants will receive a Certificate of Completion. A.B. Dick will award the top three winners in two categories with U.S. Savings Bonds.

Competition is open on two levels: Basic competition, for students with less than two years of graphic communications training, and Advanced, for students with two or more years of training.

A.B. Dick will furnish two A.B. Dick 8820 one-color duplicators on which contest participants will print work they have selected. Students will use printing plates pre-made at their respective schools' graphic communication facilities.

Contest participants will have one hour to produce 20 copies (8 1/2" x 11") of a job of their choice, using the A.B. Dick equipment. In addition to providing the equipment, A.B. Dick will provide each student with one ream of printing paper, inks, and clean-up materials.

Judging the printed results will include quality of skills demonstrated in initial press set-up, printing of the 20 copies, and clean-up. Students will score higher for jobs that exhibit sophistication and creativity.

Skokie resident gets business certificate

Skokie resident William M. Maki has completed the Certificate in Business Administration program offered by the Center for Educational Development and the University of Illinois at Chicago.

Maki, 47, is president of Libra Industries, Inc. in Chicago. Libra recycles gloves, clothing and other safety-related items and is an equipment distributor that markets personal protection equipment.

UIC and the Center for Educational Development offer the only university-based educational program in the country providing a practical and applied alternative to a business degree for small business owners and managers and for nonprofit managers who want to acquire planning and management skills.

The five-month program meets on alternate weekends. Small business classes meet in Oak Brook and Elk Grove Village, and the nonprofit course is offered at the Center's offices in the Loop. Some 650 managers have completed the program since its inception in 1985.

Governor proclaims Groundwater Protection Month

Gov. Jim Edgar recently proclaimed May as Groundwater Protection Month in Illinois.

"Groundwater is a vital natural resource in Illinois that serves more than 5 million people. This source of drinking water is vulnerable to contamination and should not be taken for granted," the Governor said. "I encourage all Illinois citizens, businesses, industries and governments to take appropriate actions to protect and manage our groundwater resources."

The Illinois Groundwater Protection Act is a comprehensive effort to protect groundwater from contamination by establishing setback distances between water supply wells and potential sources of pollution. Fifty-three communities have established maximum setback zone protection for their wells. Another 23 communities are in the process of adopting maximum setback zones.

Common causes of groundwater contamination include leaking tanks, chemical spills, inadequate septic systems, abandoned wells and poorly designed waste disposal systems.

The state is working together with private well owners, local governments, water well drillers, regional planning committees, private organizations and other agencies to protect groundwater.

Groundwater protection programs include potential source identification surveys around community wellheads, hydrogeologic studies, management of agricultural chemicals, improved groundwater monitoring, education and demonstration programs and sealing abandoned wells.

To celebrate Groundwater Protection Month, there will be an educational field day May 22 at the Severson Dells Environmental Education Center, 8 miles southwest of Rockford on Montague Rd. from 8:30 a.m. to 2:30 p.m.

Six demonstrations will be featured, including properly closing and sealing an abandoned well, protecting groundwater recharge areas, establishing maximum setbacks for community water supply wells, water sampling and testing, agri-chemical management and stream evaluation.

Officials of the Illinois Department of Agriculture also will demonstrate a new groundwater assessment system to help farm-

stead owners assess the potential for groundwater contamination. Registration is limited and on a first come, first served basis. For additional groundwater information, call 1-800-252-8955 or (217) 785-0211 TDD.

Workshops teach skills for business world

"In today's business world—whether you are happy with your current job or out there looking for new opportunities—networking skills, interviewing and all its attendant communication skills, and salary negotiation skills are essential," says Dan Kesselring, manager of career services with Career Directions, Inc. For that reason, Career Directions, Inc., offers two workshops on a regular basis for job hunters or anyone who wants to learn these skills or hone their expertise in practicing them.

The Art of Effective Networking teaches the techniques of networking and provides a practical, down-to-earth approach that works whether you are 100 percent enthusiastic about networking or skeptical and uncomfortable with it. Participants practice the strategies in a group setting and receive specific suggestions for expanding their contacts. The workshops will be held July 6 at 25 E. Washington, Suite 1500, Chicago, and June 8 and Aug. 10 at 3701 Algonquin Road, Rolling Meadows.

These workshops run from 6:30 to 8:30 p.m. at the Career Directions office in Rolling Meadows or in Chicago as indicated. Call (708) 870-1290 for registration information.

Warning signs for hearing loss

In the wake of news that hearing problems among Americans have risen 53.4 percent since the early 1970s (source: National Center for Health Statistics), Jill Mecklenburger hopes people will focus on their own hearing health this May during Better Hearing and Speech Month.

"Many people recognize that hearing is getting more difficult for them, but a hearing test is the first step in getting the problem treated," said Mecklenburger.

She also suggested warning signs which indicate a hearing problem may exist. They include: difficulty hearing when your back is turned toward the speaker; you have to ask people to repeat what they have said; difficulty understanding others when you're in a large group; trouble hearing the person beside you when there is music or noise in the background; family and friends complain that you play the radio or TV too loudly; you don't hear the telephone or doorbell ring when you're in another room; people often seem to be mumbling; and you can't understand the person beside you when you are driving with the windows down.

Edw. D. Jones & Co. donated \$25,000 to Oklahoma City victims

Jeffrey Cardella of Niles announced recently the St. Louis-based financial-services firm Edward D. Jones & Co. has donated \$25,000 to the Oklahoma City Chapter of the American Red Cross in memory of victims of the recent bombing.

The check was presented to the Red Cross in Oklahoma City May 4 by two of the firm's Oklahoma investment representatives.

"Our hearts go out to all those

involved, and we want to help them and their families," Cardella said. "We also want to thank those who have done such an exceptional job in helping the families and individuals affected by this disaster -- the rescue workers who risked their lives, as well as the behind-the-scenes heroes. We hope this donation will help the victims and Oklahoma City take their first steps toward recovery."

Ballard announces Community Open House

Ballard, a healthcare residence, is having an open house Saturday, May 20 from 10 a.m. to 2 p.m. Ballard is located at 9300 Ballard Rd. in Des Plaines, just east of the intersection of Potter and Ballard Rds.

"We're celebrating twenty years of service to our community, as well as the completion of an extensive, facility-wide remodeling project," said Eli Pick, executive director for Ballard.

One of the highlights of the day will be an 11 a.m. performance by "Country Bernie" and Stampede, the country/western line dance troupe from the Park Ridge Senior Center. Stampede has been performing throughout the Chicago area with rave reviews. An earlier performance at the Daley Civic Center captured the attention of the Channel 7 news crew.

"The ladies who make up Stampede are an energetic group of talented women who will surpass anyone's expectations of line dancing," said Country Bernie. Stampede's performance at Ballard will be a live taping for Country Bernie's cable show, which airs on TCI cable channel #19.

Ballard's acting troupe, the Take Two Players, will also stage a performance at 1 p.m. The Take

North Shore Hotel hires social director

Katie Cochran

The management of the North Shore Retirement Hotel, 1611 Chicago Ave., Evanston, is pleased to announce that Katie Cochran has joined its staff as Social Director.

Cochran comes to the North Shore Hotel from Chicago's Mayor's Office of Special Events where she worked for four years organizing programs and producing unique and exciting city concerts, plays, festivals, carnivals and other events.

"We are delighted to have Katie with us," says Joel Taylor, Senior Administrator of the North Shore. "Katie's ideas are dynamic and we know she will institute new and interesting programs for our seniors while putting a fresh spin on some of our regular activities."

Born in Grand Forks, North Dakota, Cochran graduated from Concordia College in Moorhead, Minnesota, with a double degree in Speech Communication and Education.

Cochran, who lives on Chicago's North Side, loves bicycle riding and walking on Chicago's lakefront. Her special hobby is renovating antique furniture.

Vacation Classic winner

Ed Sierzega

Ed Sierzega shot 545 and bowled 125 pins over his average to win Brunswick Niles Bowl's Senior Tournament. Seventeen bowlers, age 55 and older, competed on April 27. Ed's games were 151-192-202. He averages 140 in the Senior Men's League on Wednesday afternoons at Niles. Ed is 69 years old and resides in Niles. Congratulations Ed. If his score holds up, he could win a trip for two anywhere in the U.S., hotel, airfare and care rental included.

'Growing Healthy... Growing Older'

"Growing Healthy... Growing Older," will be the subject of a lecture given by Dr. David Montrose and Dr. Ken Fils at 1:30 p.m., Wednesday, May 24 at the Oakton Arms Retirement Community, 1665 Oakton Place, Des Plaines.

The event is free and open to the public. For reservations or more information, call (708) 827-4200.

"We'll also have refreshments and plenty of family activities. We have clowns, a face painter and some educational robots," concluded Pick. "There should be something for everyone. I encourage people to come out and bring their families." For further information on the Open House, call (708) 294-2400.

Fitness and health an art, age just a number

Wednesday, May 31 from 10 a.m. to 3 p.m., the Norwood Park Home will serve as an official site by hosting the "National Senior Health and Fitness Day." Seniors from all over are invited to participate in many hands-on and interactive activities focusing around the importance of fitness and health.

The day is filled with free health screenings ranging from eye vision to strength and flexibility. Several local and national associations will attend to give special seminars on topics such as osteoporosis, arthritis and Alzheimer's. Seniors will learn the right frame of movement when exercising, what energy foods they should be looking for in the grocery store and what type of foods and exercise is best at this stage of life.

Bally Total Fitness, formerly Bally's Chicago Health Clubs, will hold special clinics in low-impact aerobics, step aerobics, sit down aerobics and sit down strengthening. Clinics in Yoga and Tai Chi will also be held. As seen in the May 3 addition of USA Today, Tai Chi is one of the best exercises for seniors. The sit down exercise clinics are great for seniors who have a difficult time moving, but still enjoy participating.

As a special presentation, the Bally Total Fitness Demo Team will perform for all attendees. Admission is free and all seniors are invited. Exercise and fitness are very important for older adults. Learning to eat right and exercise safely could really improve their lifestyle. One of

our jobs is to stress this and spread the word," says Dr. Thomas Cozzi, Medical Director of the Norwood Park Home. This is a free event for both vendors and participants—it truly has Older Americans in mind.

Norwood Park Home, founded in 1896, is located at 6016 N. Nina Avenue on Chicago's Northwest side. The Home serves the more independent senior as well as those who require nursing care. Next year, the Home will celebrate its 100th year of service to the Chicago-land community. To celebrate this monumental occasion, Norwood Park Home will be holding a commemorative event each month for the next year. Call (312) 631-4856 for more information.

Niles library presents program on contact lenses

More and more seniors are wearing contact lenses. How comfortable are they? How well do you see with them? Are they safe? Is sleeping with them a good idea? What do you have to know about different types of lenses and solutions? How good are bifocal contacts? If you wear contacts already, how can you enjoy wearing them more? What about RK and laser surgery?

These and many more questions will be answered in "47 Ways to be Happier with your Contact Lenses". This program will be presented at the Niles Library on Monday, June 5 at 7 p.m. The focus will be on keeping your vision clear, your contact lenses clean and safe, and your eyes comfortable, white, and healthy.

The presenter, Dr. Michael Wodis, promises "90 minutes of colorful slides, understandable explanations, and surprisingly useful tips" with printed information you'll be able to take home and use right away." Dr. Wodis, a Park Ridge optometrist whose practice is limited to contact lenses,

has been fitting contacts for 25 years. He has lectured and written in the contact lens field, and holds patents for contact lens measuring instruments.

Please call 967-8554 to register for the Niles program. The presentation is free.

Historical Society holds membership meeting

The May meeting of the Norwood Park Historical Society will be held Wednesday, May 24. The speaker for the evening will be David Morse from the Illinois State Archives in Springfield. Morse will discuss how the State Archives can assist anyone interested in genealogical research. Anyone interested in family history is welcome.

The meeting will begin at 7:30 p.m. Wednesday, May 24, at the Crippen House, 5624 N. Newmark Ave. A coffee and conversation hour will follow.

New service directory available

Finding services to meet the needs of the rapidly growing elderly population in the northwest suburbs is not easy. The Resource Center for the Elderly of Arlington Heights has solved this dilemma. RCE has published the Resource Express® Directory; one stop for adult services in the north and northwest suburbs.

The directory contains listings for over 3,000 health, housing and social services available to adults. Services listed in the Resource Express® Directory include home health care, counseling, support groups, senior housing options, volunteer opportunities and more.

Communities covered in the Resource Express® Directory include: Des Plaines, Evanston, Glenview, Lincolnwood, Morton Grove, Niles, Northbrook, Park Ridge and Skokie.

RCE made the decision to publish the directory to assist adult caregivers who need services for their aging parents, but are unsure where to turn. Most people in need of these services don't know what is available or where to find it. The directory includes articles on senior issues as well as a glossary of terms.

The directory sells for \$29 plus \$5 postage and handling. If you are interested in purchasing a copy of the Resource Express® Directory contact the Resource Center for the Elderly at (708) 577-7070.

Essay Contest for Seniors

Illinois residents 60 years of age or older are invited to enter the sixteenth annual "Tales from Two Rivers" essay contest. The competition is sponsored by the Two Rivers Arts Council (TRAC) and the Illinois Arts Council, a state agency.

Topics for this year's contest include mysteries of long ago, a favorite tractor (or car), family reunions and church picnics, my memories of the Korean War years, heroes and crooks, clubs and societies of yesteryear, growing up in a large family, and an open category.

Contest rules state that entrants must be Illinois residents 60 years of age or older. Essays must be 500-1500 words in length, typed and two copies submitted. All work must be original and be a personal experience of the author. Stories should have happened in Illinois and should not have been previously published. Entries must be postmarked or received on or before June 1, 1995.

Cash prizes include two \$50 first place awards; two \$40 second place awards; two \$25 third place awards; ten \$5 fourth place awards; and 20 honorable mentions certificates.

To receive any entry form, send a self addressed, stamped envelope to the Two Rivers Arts Council, P.O. Box 640, Macomb, IL 61455 or call (309) 837-4413.

In-Line skating lessons

Spring is in the air. There are no more excuses for not exercising. All you need to do is dust off your skates and get out and enjoy the fresh air. In-line skating is a great form of exercise and it's fun. What better way could there be to tone up your thighs, burn calories, and reduce body fat. To help you get started on your way, the Leaning Tower YMCA is offering both beginning and intermediate lessons for youth and adults. All classes will be taught by John Penkava, a certified In-Line Skate instructor.

Beginners, when you have completed this class you will have learned how to stop, several ways to turn, learned how to balance on one leg, and developed some safe skating skills. Fall prevention and proper falling techniques will also be covered.

If you can use your heelbrake, turn left and right at will and can glide longer than 4 seconds, then you are ready for the intermediate lessons. You will learn how to do slalom turns, one legged slalom turns, lunge turns, cross over

turns, forward to backward and backward to forward transitions, backward skating, power slides, and spins.

The classes for youth ages 7-14 combine skating skills while playing different games including hockey, soccer, and basketball. The emphasis will be on learning, skating safe, and having fun, not on winning the games. The skills will be learned through drills in the games, as well as the games themselves.

Teamwork will also be emphasized in accomplishing group and individual goals. The classes are for both girls and boys, for the intermediate as well as the beginner.

If you're not quite sure if In-Line skating is for you, come try our one day lesson on May 22. Youths will meet from 4:30 to 6 p.m., Beginner Adults, 6 to 7:30 p.m. and Intermediate adults from 7:30 to 9 p.m. The cost for the youth class is \$12 for YMCA members, \$24 for non-members and the adult fee is \$15 for YMCA members, \$30 for non-members.

Perfect your skating skills for the bike trails this summer with our four lesson package. The classes are scheduled on Wednesday, May 31, June 7, June 14, and June 21. The times are the same as the one day lesson. The cost for both youth and adults is \$45 for YMCA members, \$65 for non-members and adults. All safety gear must be worn during all classes.

If you want to register for classes or want more information, contact Stacey Nowak at (708) 647-8222 or stop by the Leaning Tower YMCA located at 6300 W. Touhy Ave. Registration is already in progress and spaces are filling up fast.

Milk, the ultimate sports drink

With more nutrients per ounce than the leading sports drink and a lot of great taste to boot, there are lots of reasons to grab an ice cold glass of milk the next time you're planning a workout.

Packed with nutrition facts, supplemented by expert advice from all-star athletes and topped off with tasty, refreshing sports drink recipes, "Team Up With Milk: The Ultimate Sports Drink" booklet explains why milk should be part of your fitness line-up, and is available free to consumers.

The booklet features Kristi Yamaguchi, the newest celebrity to sport a milk mustache in the "Milk, What a Surprise!" ad campaign. "Team Up With Milk" was developed in consultation with a panel of experts including Nancy Clark, M.S., R.D., a well-known sports nutritionist and author of

several best-selling books, as well as world-class athletes like Billie Jean King, Kristi Yamaguchi, Summer Sanders, and other members of the Women's Sports Foundation. Susan I. Barr, Ph.D., R.D.N., a sports medicine expert and a professor of nutrition in the School of Family and Nutritional Sciences at the University of British Columbia, also contributed her expertise in the area of women's health and fitness.

The useful and colorful booklet is available free by calling 1-800-WHY-MILK (1-800-949-6455). As part of the "Milk, What a Surprise!" ad campaign, which features surprising photos of celebrities, this consumer education hotline is staffed by registered dietitians and nurses who are available to answer your specific nutrition questions.

Stress management at library

Wouldn't it be nice to have a "stress-free" environment? Unfortunately, stress has become an unavoidable part of our everyday lives.

Stress is any change to which we must adjust. These changes can be both positive and negative. Whether your stress experience is a result of major life events or the build up of minor everyday hassles, it is how you react to stressful events that can either create a problem or prevent one.

The Niles Public Library District and Niles Family Services will sponsor a Stress Management Seminar to be held from 7 to 9 p.m. on two consecutive

Wednesdays, May 24 and May 31 at the library. We encourage you to attend both sessions.

Presenters will be graduate internists, Melissa Woodson and Georgette Pages, from Niles Family Services. Obtain valuable information and skills regarding the management of stress through relaxation, coping skills training, time management, and other relevant techniques.

This program is free and open to all, but registration is required. For mobility or communication access assistance, call 967-8554 voice and TDD. We recommend that you arrive a bit early, since parking is often limited.

Exploring Nature with Children

The Skokie Park District invites interested adults to spend an afternoon learning fun nature games, reviewing appropriate nature books for children, and receiving a reference list of nature activities. Don't miss your chance to learn how to express your enthusiasm for the environment with children. Call (708) 674-1500 for more information about this informative session.

Park District accepting tree donations

Why not donate a tree in honor or memory of someone special in your life? The Northbrook Park District is sponsoring a Tree Donation Program, offering perennials or trees that will not only provide lasting tribute, but provide shelter and beauty to the parks in Northbrook. Each donor will be recognized on a permanent plaque located in a Park Shelter.

If you are interested in taking part in this unique program, contact Ed Harvey, Park District Superintendent of Parks and Properties, at 291-2960.

Northbrook Pops and District 31 Concert

A free spring concert is yours to enjoy on Wednesday evening, May 24, 7:30 p.m., at Field School, 3131 Techny Rd. Our Northbrook Pops Orchestra will team with talented young musicians from School District 31 to bring you a wonderful evening of swing, jazz and big band sounds. Celebrate the season at this free performance.

Police News

Niles Driving Under the Influence

A Chicago man was observed lane straddling between the 7800 and the 8000 block of Milwaukee May 9. The subject then turned into the parking lot of a video store on the corner of Seward and Milwaukee.

The subject returned shortly after entering the store and switched seats with the passenger who then drove the vehicle out of the parking lot west on Oakton.

Police stopped the vehicle at Merrill and Oakton and asked the driver for his driver's license and insurance card. The driver displayed a driver's license but had no proof of insurance. The passenger, who had been the original driver, had no driver's license either.

The officer detected a strong odor of alcohol on the passenger's breath. The offender failed the field sobriety tests. It was determined that the offender was driving on a revoked driver's license. The vehicle belonged to a man who was reported deceased two years ago. The subjects stated the owner gave them permission a year ago to drive the vehicle.

The Chicago man was placed under arrest. The other subject was transported to the Niles Police Department for investigation of a stolen auto. He was released without charge.

Further investigation revealed that the offender has a bond forfeiture warrant from Bartlett for a prior driving under the influence charge. The offender later bonded out on charges of driving under the influence, improper lane usage, driving with a revoked

driver's license and having no insurance. A \$3,000 D bond was set at the Niles Police Department and Bartlett set a \$2,000 D bond.

A Chicago man was observed traveling 56 mph in a 35 mph zone in the 7600 block of Milwaukee May 7.

The officer activated the lights and sounded the squad air horn several times in the 7600 block of Milwaukee. The offender did not stop until the 7100 block at Touhy.

The offender presented his driver's license and the officer detected a strong odor of alcohol on his breath. The offender failed field sobriety tests. He was placed under arrest for driving under the influence and transported to the Niles Police Department.

He was charged with driving under the influence, speeding, improper lane usage and failure to signal when changing lanes. A \$1,000 bond was set. The court date was scheduled for June 6.

Peeping Tom

A 36-year-old Niles woman told police that her son saw a man with brown hair and a mustache looking into the south facing window of their apartment in the 8500 block of Milwaukee at 6:40 p.m. May 9.

The victim further stated that the offender had a camera.

Burglary

A 42-year-old Niles man reported that his 18-year-old son of Des Plaines gained entry to his

residence in the 8300 block of Ottawa through an upstairs window sometime between 1 a.m. and 2 a.m. May 9.

The suspect removed a boat battery valued at \$69 and a camcorder valued at \$350 from the basement.

The suspect came to the victim's house at about 8 p.m. that night. When the victim confronted him about the theft, the suspect ran out of the house and entered a blue Chrysler driven by an unknown subject.

The victim ran over to the vehicle, and the mirror on the auto struck him on the right side of the chest as it drove by him heading west on Grennan.

The victim was not injured. He requests a follow up investigation and wishes to sign complaints.

Deceptive Practice

A 24-year-old Chicago woman attempted to purchase two gift certificates totaling \$150 with a personal check at a store in the Golf Mill Shopping Center at 6:30 p.m. May 5.

The store computer revealed that three transactions had taken place at the Lincolnwood store since May 2, totalling about \$500.

The store agent contacted the bank to verify funds and was told that there were not any available. The account was in the process of being closed due to no deposits being made and checks being written.

The offender would not cooperate when questioned. Police were contacted and the offender was taken into custody. A June 6 court date was set.

Criminal Damage to Vehicle

Unknown person(s) used a sharp object to scratch the driver's side of a 1984 Nissan Sentra parked in the 7100 block of Wright Terrace sometime between 10 p.m. May 6 and 11:15 a.m. May 6.

The victim, a Niles woman, said that the mirror on the vehicle was damaged. The cost to repair it is \$100.

Person(s) unknown partially pried the driver's door lock off of a 70-year-old Niles woman's 1991 Mercury Marquis parked in the 8600 block of Harlem sometime between 9 a.m. May 6 and 7:10 a.m. May 7.

The offender(s) scratched the hood and trunk of the vehicle with a sharp object. Several small punctures and rips had been placed in the vinyl roof.

Entry was not gained and the victim has no idea who the offender(s) may be.

Theft

A 38-year-old Elk Grove Village man stated that unknown person(s) removed two electric drills valued at \$270, drill bits valued at \$150 and a Spartan Sender rod valued at \$1,200 from the rear of his 1993 Ford van which was parked in the 8100 block of Ottawa.

Fuller sworn in to NFD

Shown (from L to R) are Commissioners: Joan Clark, Anthony Scarlati, F/F-Prob. Doug Fuller, wife Antoinette and Sam Bruno, Commissioner.

A new member of the Niles Fire Department was sworn in recently by the Fire and Police Commission. He is Douglas Fuller. He started his career as Firefighter/Paramedic on March 13.

For the next two years he will be attending training schools such as Firefighter school for six weeks, Hazardous Materials Technician for two weeks. Doug comes to the department as a trained paramedic so he will be on paramedic probation for two

months. This will make up his first two years of probation. All schools are state certified which maintain a professional level of training throughout the state.

Doug's last job was at Rescue Eight Paramedic Services working as a Paramedic. He is a graduate of the University of Missouri at St. Louis. Doug is 32 years old, and lives in Mount Prospect, with wife Antoinette expecting their first baby.

'Deadbeats Don't Drive' bill passes House Committee

Secretary of State George H. Ryan's proposal to strip driving privileges from parents who fail to make court-ordered child support payments was approved recently by the House Judiciary-Civil Law Committee.

The measure, Senate Bill 1204, now moves on to the full House for consideration. "It's a sad comment on our society, but threatening deadbeats with the loss of their licenses is an extremely powerful enforcement tool," Ryan said.

"They would rather pay up than pull over." Under the bill, which cleared the Senate in April on a 57 - 0 roll call, Ryan's office would suspend the driving privileges of deadbeat parents found in contempt of court for falling at least 90 days behind in child support payments.

A parent can contest the license suspension or avoid it entirely by paying the overdue child support. The bill also allows deadbeat parents to secure limited driving privileges for employment or medical reasons.

Ryan said the "Deadbeats Don't Drive" concept has proven to be very successful in 10 other states that have enacted the law.

In Maine, for instance, notices have been sent to more than 21,000 deadbeat parents that their drivers and professional licenses were in jeopardy of being suspended.

But only 41 licenses have been actually suspended in Maine since the program started in 1993, while officials have collected \$24.9 million in back-due child support.

In Illinois, an estimated 700,000 parents owe more than \$1.3 billion in past-due child support to their children and their custodial mother or father. Nationally, about \$34-billion in past due child support is owed to children.

"With this bill, we're insisting that these parents take care of

their own children just as the vast majority of people in this state do, day after day," Ryan said.

Stroger resolution honors U.S. law enforcement officers

In recognition of the dedicated law enforcement officers throughout the United States, the Forest Preserve District of Cook County's Board of Commissioners recently approved a resolution to join federal government agencies in the observance of Peace Officers' Memorial Day on May 15. All District facilities displayed the flag of the United States, the State flag, County flag and the Forest Preserve flag at half mast on Peace Officer's Memorial Day, May 15 of this year and will continue to do so every year.

The resolution, sponsored by Cook County Board President John H. Stroger, Jr., honors the service provided by the officers and remembers those who lost their lives in the line of duty.

"In recognition of the men and women who serve as our country's peacekeepers and in the memory of those law enforcement officers who made the ultimate sacrifice, the Forest Preserve District of Cook County is proud to join the federal government in the observance of Peace Officers' Memorial Day," Stroger said. "The District's law enforcement officers throughout the year contribute to a sense of security and comfort at the Forest Preserves. This resolution is an honor to them as well."

The resolution marks the first time the Forest Preserve District and federal and municipal agencies observed Peace Officers' Memorial Day by flying flags at half mast. In 1961 President John F. Kennedy enacted the law that established Police Week and designated May 15 as Peace Officers' Memorial Day in the United States.

Morton Grove Battery

A 56-year-old Park Ridge man and a 24-year-old Crystal Lake man were arguing over money when they started pushing each other causing the Park Ridge man to slip in the parking lot of a bowling alley in the 8300 block of Waukegan about midnight May 8.

The victim struck his head on the ground, causing bleeding and unconsciousness for about 45 seconds.

Both the victim and offender related that the victim slipped. The victim did not wish to sign complaints. He was transported to the hospital to be examined.

The offender then got into a verbal argument with the manager of the bowling alley regarding \$7.50 that he owed and was unable to pay.

When police were called, the offender became verbally abusive to the manager and came within six inches of the manager's face. When the officer intervened, the offender pushed the officer two times with his fists.

The offender was subdued, handcuffed and placed under arrest for battery. He was transported to the Morton Grove Police Department. The court date was set for June 8.

Theft

Unknown offender(s) removed the rim from a basketball backboard in the 9200 block of Ida sometime between 7 p.m. May 13 and 3:30 p.m. May 14.

A pair of pliers would have been required to remove the rim which is orange in color and had a spring apparatus attached to it that would cause it to break away during a slam dunk and then spring back into place. Cost to repair the damage is estimated at \$300.

This the third incident at the residence where property has been damaged or stolen. A special watch of the residence was requested.

Unknown person(s) removed a 31-year-old Morton Grove man's light blue, 12-speed bicycle valued at \$750, while it was hanging underneath a carport in the 7500 block of Dempster St. sometime between 9:30 May 10 and 12:30 a.m. May 11.

Traffic Collision

An officer observed a 1985 Toyota Supra traveling 66 mph in a 35 mph zone east in the 6900 block of Dempster St. at 1:30 a.m. May 13.

The officer made a "U" turn to attempt to stop the vehicle. The vehicle began to increase its speed rapidly causing it to strike a light pole in the 6300 block of Dempster head-on. The driver, a 35-year-old Morton Grove man was found in serious condition.

The Morton Grove Fire Department arrived at the scene. Due to the damage, the driver had to be extricated from the vehicle. He was transported to Lutheran General Hospital for treatment. The subject had a broken neck.

The offender was charged with driving under the influence, speeding, driving without a valid driver's license and damaging Village property.

Burglary to Auto

Unknown offender(s) entered a 76-year-old Morton Grove man's 1990 Oldsmobile parked in the 5700 block of Lyons sometime between 8 p.m. May 12 and 11:30 a.m. May 13.

Twenty-five cassette tapes valued at \$200 and three pairs of glasses valued at \$300 were taken.

The offender(s) pulled three fuses from the fuse box, removed the ashtray and attempted to pry the auto's cassette stereo, damaging the dashboard and stereo. Fry marks appeared to be from a small bladed screwdriver.

While a 1991 Chevrolet was parked in a parking lot in the 6300 block of Oakton, locked and unattended, unknown offender(s) jimmied the vehicle's door lock sometime between 8 p.m. April 28 and 8:30 a.m. May 1.

The car phone cradle mounted on the dashboard, valued at \$200, was removed from the vehicle.

Work Dispute

A 40-year-old Buffalo Grove man told police that he and a 37-year-old Schiller Park man had an argument over a work order he should have had at an auto dealership in the 8800 block of Waukegan at 8:15 a.m. May 10.

The complainant spoke with his manager about the work order and then exited his office to return to work. While walking back to his worksite, the complainant at first said that he was punched in the stomach, but then said that he was elbowed by the Schiller Park man in his chest.

The complainant did not wish to sign complaints, and both subjects were advised to keep their distance.

Retail Theft

A 24-year-old Des Plaines woman took two bottles of women's cologne valued at \$79.98 from a store in the 7200 block of Dempster St., and attempted to leave without paying for the merchandise at 9:30 p.m. May 10.

The offender was brought to the Morton Grove Police Department. She posted 10 percent of the \$1,000 bond. A court date was set for June 12.

SWAP crews at work in Skokie

Labor crews from Cook County Sheriff's Work Alternative Program (SWAP) will be working May 20 and 21 from 9 a.m. to 3 p.m. at 5015 West Davis in the Village of Skokie.

The program takes non-violent offenders out of Cook County Jail and puts them to work in a community service role cleaning streets, parks, and vacant lots throughout the county.

Motorcycle Awareness Month is May

May is Motorcycle Awareness Month in Illinois. Motorcyclists and other motorists need to be alert to one another and practice caution and consideration when sharing the road.

Q. What are the greatest dangers motorcyclists face on the road?
A. 1) Oncoming cars that turn left in front of them, 2) vehicles on side streets that pull out in front of them, and 3) intersection.

Q. How can a motorcyclist avoid getting into another motorist's blind spot?
A. Stay in the center of the lane and keep a two-second following distance, giving you time to react and space to maneuver.

Q. When passing another vehicle, approach cautiously, but one alongside, speed up and get through the blind spot as quickly

as you can.

Q. When approaching a blind intersection, move to the portion of the lane that will make you visible to other drivers as early as possible. Proceed through the intersection cautiously.

Q. What other precautions should motorists be aware of?
A. Turn signals on older motorcycles do not automatically turn off. Therefore, car drivers should be sure a motorcycle is turning and not continuing straight with a forgotten turn signal still blinking.

For a free copy of the Illinois Motorcycle Operator Manual, call the Secretary of State's Traffic Safety Division at (217) 785-1444.

Don't Rip It Up, Restore Dirty Carpet

Thinking about ripping up that old carpet in your home or business because it just won't come clean? You might want to think again. The experts from Professional Cleaning Systems may be able to restore it, and at an affordable price. The husband-wife team of Dan and Carla North believe that with a little "elbow grease" they can restore just about any carpet or upholstered furniture that looks hopeless.

"Where a lot of other companies fail, I think we are experts at getting out the tough stains, and we can do it at an affordable price."

PROFESSIONAL OPPORTUNITIES

Assistant or Associate Director
Computing and Communications Services Office
University of Illinois at Urbana-Champaign
The Computing and Communications Services Office (CCSO) at the University of Illinois at Urbana-Champaign (UIUC) is seeking an outstanding individual to become the Assistant or Associate Director. CCSO is an integrated provider of Research and Instructional Computing, Networking and Telecommunications services for a major research campus with over 35,000 students. Each of the seven Assistant or Associate Director reports to the Associate Vice Chancellor for CCSO, and is responsible for a major part of the activity. The person being sought will have initial assignments primarily in the academic computing area. Over a period of time we attempt to vary assignments to allow each person to gain comprehensive experience. Three previous incumbents are now directing major centers at other institutions.

UIUC is a large public institution with graduate and professional programs in most fields. In research funding and graduate degrees granted, it is in the top few nationally. Technology is an important aspect of support for both instruction and research, and the campus has identified technical strength as one of the key factors in its future success.

The person selected should have broad familiarity with large UNIX systems, workstations, and personal computers, all in a networked environment, and should have an approach that tends to integrate all aspects of the services into a coherent whole. Management experience that includes operational aspects, developments, and planning are important.

Applicants for Associate Director must have, at least, a bachelors degree, ten years of technical experience and 5 years of management experience. Applicants for Assistant Director must have, at least, a bachelors degree, 5 years of technical experience and 2 years of management experience. This is a full-time, regular position. Salary will be commensurate with title offered and experience. Starting date: as soon as possible after the close of the search.

In order to ensure full consideration, applications must be received by June 30, 1995. Send applications to Joyce McCabe, University of Illinois, 1120 Digital Center Laboratory, 1304 West Springfield Avenue, Urbana, IL 61801. Phone: (217) 333-8794.

The University of Illinois is an Affirmative Action/Equal Opportunity Employer.

HEALTH ACTUARY
We are a growing life & health insurance company in the Twin Cities with a need for a health actuary. Reporting to the Chief Actuarial Officer, you will be responsible for financial reporting & product development. We are looking for a strong ASA to recent FSA. Pricing experience in individual health and/or managed care, preferred. We offer a competitive salary & exc. benefits pkg. Send resume & salary requirements to: H.R., Mid-America Mutual Life, P.O. Box 64528, St. Paul, MN 55164.

PERSONALS

Holy Spirit, you who makes me see everything and you who shows me the way, you who gives me the divine gift to forgive and forget and you who are with me. I want to thank you for everything and to confirm once more that I never want to be separated from you. No matter how great material desires may be, I want to be with you and my loved ones in your perpetual glory forever and ever. Amen. J.L.
