Niles couple find WW II mortar in garage

By Rosemary Tirio

A 78-year-old Niles homeowner in the 8200 block of Maynard Drive was probably just cleaning out his garage early on Friday, June 30. Probably he hadn't attended to that little housekeeping chore for a few years. So it was a real bombshell when he discovered a Japanese

80 mm mortar in the drawer of a desk he and his wife keep in the garage.

The homeowner immediately notified Niles police and the sheriff's Police who sent a bomb squad at 10:25 a.m.

Church, academy break-in

By Rosemary Tirio

Responding to a burglar alarm, Niles police found a ground level window open on the west side of a building that houses a church and academy in the 8200 block of Harrison. The alarm was received at 12:21 a.m., June 28.

The open window led to Room 110 through which police entered the building and proceeded to conduct a room by room search.

When they came to the foyer of the school gymnasium, they found a Trek 800 men's bicycle lying on the floor. The crash door on the south end of the gymnasium, which had been closed during the exterior search of the premises, was found open.

Police also found that Room 210 had been broken into. A fire extinguisher had been used to pry the hinges off the door and to smash the window portion of the

Resident, named Entrepreneur of the Year

A Morton Grove resident has been named a 1995 Entrepreneur Of The Year® for Illinois/Northwest Indiana. The selection of Floyd A. Schlossberg, President, Alden Management Services, Chicago, as Service Entrepreneur Of The Year was announced at Ernst & Young's ninth annual awards banquet at the Fairmont Hotel in Chicago.

He was one of the eight business leaders selected by a panel of independent judges and honored at the banquet.

If the early bird gets the worm, Floyd Schlossberg must have a bucketful. A believer in physical fitness and nutritional management, Schlossberg starts each day at 3:45 a.m. with a 90-minute workout before leaving for work. He heads Alden Management

District 207 budget hike at 8.4%

Maine Township High School District 207 expects to spend \$74,617,852 to run the schools for the 1995-96 school year. Adopted at the June 26 board meeting, the 1995-96 budget is up 8.44 percent over the \$68,816,363 the district spent to run Maine East, South, and West during 1994-95.

Making up the largest part of the overall budget at \$56,472,397, expenditures in the education fund will increase by \$2,531,974 from \$53,940,423 during 1994-95. The single larg-

est increase in expenditures in the education fund is in capital outlay. The board has approved the expenditure of approximately \$1.4 million in technology equipment in addition to usual and customary capital outlays "requests" to upgrade computer labs, the library computer system and the language lab at Maine East.

According to Merilee McCracken, assistant superintendent for business, because of a one time permanent reduction of

MG Library joins with Ravinia

Free admission to the Ravinia Festival comes as music to the ears of Morton Grove Public Library patrons and those at 39 other north suburban public libraries, which will distribute lawn passes for 31 performances. The Ravinia Festival in Highland Park is the summer home to classical, jazz and pops concerts featuring the Chicago Symphony Orchestra and other acclaimed performers.

"This new 'Words & Music Partnership' between Ravinia and the North Suburban Library System brings together two major contributors to the cultural life of the community," says Miriam Pollack, the System's assistant director.

At the Morton Grove Public Library, the tickets are distributed by raffle in conjunction with the adult summer reading club. The club, with the theme "1895 Birthday Bash 1995," celebrates 100 years of famous events to coincide with the Village's centennial celebration. For each book, book-on-tape or video completed from the Birthday Bash booklist,

Administrators blame budget increase on new Skokie facility

Oakton College '95-96 budget up five percent

by Susan Klingman

Final approval was given for the 1995-96 Oakton Community College (OCC) budget, during the regular meeting of the Board, held on June 27, 1995.

Vice-President for Business and Finance, David Hilquist made a brief presentation explaining the budget. The total increase is 4.71 percent. Some operating expenditures have notably risen due to costs in running a second facility now that the construction at Ray Harstein Campus is nearly complete and that facility has opened.

According to Merilee McCracken, assistant superintendent for Curriculum and Instruction to fill the vacancy that will occur when Dr. Lee becomes president.

Des Plaines Alderman Nick Chiropolos addressed the Board regarding the baseball field and Oakton's relationship with Baseball Americana. He stated that the concerns and opposition expressed to OCC were not re-

Ground breaking at MG Fire Station

The long anticipated ground breaking for remodeling and addition work at the Village of Morton Grove's Fire Station #4 (6250 Lincoln Avenue) took place on Monday, June 12, 1995. The work includes a new administrative and Emergency Operational Center addition constructed at the north end of the existing building and the remodeling of the existing apparatus bay and living quarters for the emergency response personnel. FGM, Inc. Architects and Engineers, of Oak Brook, Illinois developed plans and specifications for the Fire Station #4 improvements. Rose Construction Services, Inc. of Morton Grove is the project contractor. Construction activities will be phased in to maintain operational status at the facility during construction and remodeling. The project is expected to be completed by late Spring of 1996, with the administrative section becoming operational in December of this year. If residents have any questions, please call the Fire Department at 470-5226.

Ballard Open House prize winner

Imo Nemetz of Des Plaines is the lucky winner of a trip for four to Orlando, Florida, donated by New Horizons Travel. The trip, part of a door prize drawing at Ballard's May 20th Open House, includes 5 days/4 nights accommodations for a family of four. Ballard, a healthcare residence in Des Plaines, held an open house to celebrate twenty years of service to the community and the completion of an extensive remodeling project.

Register for an Emeritus class at Oakton

Niles Senior Citizens 967-6100 ext. 376

Several English classes will be offered through Oakton Community College's Emeritus Program this fall. These 16-week credit classes begin the week of Aug. 21, and are held at Oakton's Ray Harstein Campus, 7701 N. Lincoln Ave., Skokie. Registration is now in progress.

All the World's A Stage (EGL 113 002, Touch-Tone code 5982) covers how to read a play, what to look for in a performance, and how to critique a drama. The evolution of drama as a vibrant, living, collaborative art form is reviewed. The class will select a visit to a local theater performance. The course meets on Fridays from 9:15 a.m. and is taught by Beverly Friend.

Contemporary International Fiction (EGL 115 004, Touch-Tone code 6168) reviews the various forms of contemporary fiction used in Europe and South America. Novels to be studied include The Green Knight by Iris Murdoch, The English Patient by Michael Ondi, In the House of the Spirits by Isabel Allende and others. The class meets on Tuesdays from 12:30 to 2:30 p.m. and is taught by Diane Capitani.

Coming of Age (EGL 290 001, Touch-Tone code 5878) is designed to have students examine how the definition of the novel Coming of Age compares to Portrait of the Artist as a Young Man by James Joyce, To the Lightouse by Virginia Woolf, Housekeeping by Barbara Kingsolver and others. The class meets on Thursdays from 12:30 to 3:20 p.m. and is taught by Diane Capitani.

Students can register for these and other Emeritus fall credit offerings in Room A-101 at the Skokie campus. Those who have registered for Oakton or MONACEP classes within the last five years and have their correct Social Security number on file may register (using the codes listed next to course titles above) by the Touch-Tone telephone system at (708) 635-1616.

Tuition is \$33 per credit hour for persons under 60 and \$16.50 per credit hour for persons over 60 who live in-district. The tuition is \$114 for persons over 60 who do not live in-district. A \$15 registration fee is required for each semester for persons under 60, and no registration fee is required for in-district persons over 60.

For a brochure listing all of the programs, seminars and tours available for the older adult, including registration information, call (708) 635-1414.

Des Plaines man supports Polish Club Alliance

by Joseph Zurawski

Walter Sowa of Des Plaines has had his share of troubles as a youth. World War II interrupted his education in Poland. With the turmoil the Communists caused in Poland after World War II, Sowa, by 1960, some fifteen years after the war, was able to complete his elementary school education. He was past 30.

Sowa arrived in the United States in 1963 with his wife, Lotte, and a one-month old son, Joseph. He immediately enrolled in an evening school to learn English and was glad to have landed a job as an assistant to a cabinet maker for \$1.25 an hour.

For a while, Sowa worked at Poray, Inc. and at Armstrong Brothers. Afterwards, at Triple A, a tool firm, he became a foreman. In 1970, with a partner, he started his own business, Apollo Tool. Since 1976, he is the sole proprietor of L & W Tool and Screw Machine in Elk Grove Village which employs 18 workers.

In 1963, when he arrived in the United States, Sowa was enrolled in Klub Dolega, a member club of the 36 clubs that make up the Alliance of Polish Clubs. Dolega is a village of some 140 families in Poland. It is near Tarnow in southern Poland. The purpose of the Alliance is to assist member clubs in charitable gift-giving both to needy people in Poland and in the United States.

Sowa's father, who had been in the United States since 1951, was active and an officer in Klub Dolega.

Sowa was genuinely surprised

when Poles "thanked" club members by sending an attractive scroll to the club from Poland. "Everybody wants to touch and handle it," says Sowa, "so we have to keep it safe. But we do bring it out for some of our club activities."

Klub Dolega also helped raise \$3,500 for refinancing the mortgage of the Alliance of Polish Clubs and actively was supporting motions at all conventions of the Alliance to retire all debt. Sowa, since 1970 a member of a committee to select a new site for the headquarters of the

Alliance, is convinced the Alliance of Polish Clubs will find its ideal home "in the northwest suburbs." He is positive it should provide for a "truly family meeting area with a park and playground for children."

Prepare youth to take over
Two years ago, Sowa had Klub Dolega sponsor a reception for prospective members between 16 and 30. He was very happy that 75 attended and were warmly accepted. Sowa believes it is necessary to prepare the youth, "so they could take over, so the club will not fail."

Walter Sowa missed the meeting at the Alliance when he was to be presented with a special citation from Governor Jim Edgar. He says, "I drove my wife to a shower." However, quickly and proudly he adds, "it is, right now, hanging in my office."

As difficult as it looked to a pre-teen in war-torn Poland, Walter Sowa, with determination and persistence, not only made a success of his own life but has done much to bring success to the Alliance of Polish Clubs in its many charitable and civic activities.

Conservation awards go to Park Ridge residents

Justine and Bill Kusner of Park Ridge are recipients of The Nature Conservancy's 1995 Awards for Outstanding Volunteer Achievement. The awards recognize outstanding contributions of time, effort, and creativity by the Volunteer Stewardship Network (VSN).

Justine and Bill participate in volunteer development for the North Branch Prairie Project in northern Cook County and also work together to preserve a one-acre savanna remnant at Maine East High School. Justine is considered a forceful advocate for education and youth involvement, devoting much time to leading tours and other school liaison efforts.

Bill's contribution is in the realm of day-to-day operations such as necessary responsibility of keeping the equipment and tools organized and maintained. He also participates in his groups' controlled burn program. By restoring the natural processes of burning, invasive alien plants are removed and native grasses and flowers can flourish.

"Justine and Bill have made extraordinary contributions to restoration of natural areas surrounding Chicago," said Bruce Boyd, director of the Conservancy's Illinois Fields Office. "They reflect the spirit of thousands of 'citizen scientists' demonstrating that urban dwellers do care about protecting these beautiful places."

The VSN was organized by The Nature Conservancy in re-

scoping the public agencies, the Conservancy, and other landowners hadn't sufficient resources to provide. In Cook County, the VSN works primarily on the publicly-owned lands of the Forest Preserve District of Cook County. Now in its twelfth year, the VSN includes over 6,600 volunteers in Illinois, and has grown to become a nationwide model program

Letters To The Editor

Another 'no brainer' by Washington bureaucrats

Dear Editor:

As the battle over the budget rages on Capitol Hill, citizens increasingly demand the absolute best bang for the buck in all aspects of government, and I am no exception. Consequently, when an opportunity arises for a governmental agency to save money, the decision should be what's commonly termed a "no brainer."

The United States Marine Corps understands this, and an opportunity has arisen to save more than \$20 million of the taxpayers' money—but Congressional forces in the form of a BRAC (Base Closure and Realignment) Commission directive, have demanded that the Corps needlessly spend the money on a project which will, if carried out, detrimentally affect combat readiness at the same time wasting not millions, but tens of millions of dollars.

The Marines' desire to remain in Glenview is not a "smoke and mirrors" attempt to keep NAS Glenview from closing, as the closure is progressing normally. However, Glenview's plans for the base property have, from the outset, included an area for MACG-48 to remain. The main points I want taxpayers to keep in mind are: More than \$20 million will be saved by permitting the Marines to stay in Glenview; there is a military value in the Marines staying; readiness and recruiting do not support MACG-48 moving to Dam Neck, Virginia; and community interests in Glenview support the Marines staying.

The choice seems clear. Change the law that forces the Marines to waste tax payers' money, and allow the Marines to stay in Glenview, Illinois, where local officials—including the mayor, and city government, state and federal representatives and the majority of average citizens—want them to stay.

Concerned citizens should write to their elected officials, including Senator Alan J. Dixon, BRAC Chairman. His address is: Defense Base Closure and Realignment Commission, 1700 N. Moore Street, Suite 1425, Arlington, VA 22209. Demand a reply. I am.

Morton Grovers seek denial of town homes on Delaine Farms

Dear Commission Members,

Without question, physical office space has been offered by the City of Glenview, thus limiting the distance that equipment and manpower has to be shifted. The buildings are in place, thus there are no construction costs, and moving expenses are insignificant compared to the cross-country move to Virginia, where new buildings will need to be constructed at a cost of \$17 million.

Strong-arm Robbery

Two Glenview youths, ages 17 and 18, were victims of a stone-throwing incident in the parking lot of a restaurant in the 9100 block of Golf Rd. June 22 at 1:40 a.m.

As the two victims tried to enter their parked automobile, a group of five or six males, who had been standing around the parking lot, threw stones and glass at the victims and chased them from their vehicle yelling, "Folks, folks."

Arson Investigation

A 38-year-old cashier reported a fire in the women's rest room in the restaurant in the 8300 block of Dempster St. around 10:20 p.m. July 2.

The Niles Fire Department extinguished the blaze that resulted when unknown offender(s) set the plastic toilet paper holder on fire. The cashier said that the establishment had no problems with customers or employees and said that the last woman seen entering the restroom was a white female, 52", with brown hair, a heavy build and a medium complexion.

The offenders fled the parking

lot eastbound in a white Oldsmobile bearing Illinois license plate XGY 178, which are registered to a Skokie resident of the 8700 block of Niles Center Rd. Skokie police responded and found the vehicle in the driveway of the home at 2:50 a.m. with the hood still warm to the touch but with no one around.

The victim's sandals were later recovered from the restaurant parking lot, but his eye glasses are still missing.

Both victims agreed to sign complaints.

Disorderly Conduct, Assault

A 35-year-old Niles man paid a \$75 cash bond June 30 at 5:20 p.m. after he was charged with two counts of disorderly conduct and one count of assault in an incident involving a 25-year-old River Forest woman. The incident took place in the bank parking lot at 7077 W. Dempster.

Police were called by a bank teller after the offender, who thought the victim had passed and cut in front of his vehicle in the line to the drive-up teller's window, bumped the victim's car from behind without front bumping of his vehicle. He then exited his vehicle yelling and tapping on the victim's rear window and driver's side door window with a baseball bat.

An Aug. 15 court date has been set.

Customer Dispute

A 40-year-old St. Louis man notified police when the desk clerk at the motel in the 7100 block of Milwaukee Ave. refused to refund the \$40 the victim paid for a room in the motel for himself and his wife and two children July 2 at 11 p.m.

The victim and his family arrived at the motel around 2 p.m. and left the room at 2:45 p.m. When they returned to the room at 10 p.m., they found numerous silverfish and flying ants in the room.

Police interviewed the desk clerk who said that he had offered the victim a different room but that he could not refund the money because of motel policy. The victim left the room and went to another hotel.

The 26-year-old supervisor at the auto parts business in the 7000 block of Austin sustained scratches on the forehead, cheek and neck when a disgruntled terminated employee attacked her as she walked to her vehicle at the end of her shift at about 3:30 p.m. June 29.

A 25-year-old Wheeling woman reported that unknown offenders used a hard object to smash out the front passenger side window of her 1995 Chrysler Sebring which had been left in the parking lot at 9200 Milwaukee Ave. July 2 at 10 p.m. and remove the brown purse valued at \$50 containing \$30, her driver's license and three credit cards.

The service manager of the dealership was contacted by police and said that the p.a. was left on by mistake and should have been turned off at closing. A citation was issued to the agency.

Criminal Damage / Theft

A 25-year-old Wheeling woman reported that unknown offenders used a hard object to smash out the front passenger side window of her 1995 Chrysler Sebring which had been left in the parking lot at 9200 Milwaukee Ave. July 2 at 10 p.m. and remove the brown purse valued at \$50 containing \$30, her driver's license and three credit cards.

The 60-year-old personnel manager of the firm attempted to break up the fight but was also scratched in the melee. The offender fled the scene. The victims were transported to Lurie Hospital where the supervisor was treated for her wounds. The personnel manager

Niles Police Chief Ray Giovannelli joined other suburban Police Chiefs, Mayors and lawmakers at the State Capitol recently opposing a state plan to overrule local gun control ordinances.

Giovannelli voiced his opposition to House Bill 568 that would preempt local gun laws and replace them with weaker state laws.

"Local leaders and local police know what's best for our local communities," Giovannelli said at a Capitol building news conference in Springfield. New laws like the federal "Brady Bill" that set stricter guidelines on firearms can help prevent violence," Giovannelli said.

At Giovannelli's urging, the Wilmette Village Board voted to initiate a legal challenge against HB 568 if it becomes law.

Eleven judges appointed to Circuit Court

Illinois Supreme Court Justice Mary Ann G. McMorrow administers the oath of office to eleven newly appointed Circuit Court Judges at a ceremony held recently in the Daley Center. The new Judges are (left to right): J.W. Smith, Terrence V. Sharkey, Harvey Schwartz, Sebastian Thomas Patti, Kenneth A. Malatesta, James L. Harris, Frank Davion Edwards, Mary Ellen Coglan, Theodore F. Burzio and Jeffrey M. Arnold.

Rep. Capparelli disappointed with Chicago School plan

Disappointed with the lack of financing in the Republican plan for Chicago Public Schools, State Representative Ralph Capparelli (D-Chicago) voted against the proposal.

The Chicago School legislation contained no new money to help educate students while taking money away from the pension plans of retired teachers.

"I agree with the underlying premise of the measure. Mayor Daley and officials in Chicago are in the best position to make the final decisions on changes in the school system. This legislation, however, contains no financing for the Mayor to implement any new programs or acquire additional resources for educating over 410,000 children."

Additionally, the proposal directs over \$80 million, per year for four years, from the Chicago Teachers' pension fund. "Robbing Peter to pay Paul, is no way to run a large school system," Capparelli said. "Jeopardizing the pensions of thousands of retired teachers is not good public policy."

The school reform package passed both the House and Senate and is now on the Governor's desk. To reach the Business Customer Service for repairs, multi-line business customers should dial 1-800-371-6712.

For other changes to existing services or to establish new services, customers may continue to call their Sprint/Centel business office at the number listed in the front of the telephone directory.

When the merger is complete, bank customers will have access to more than 44 locations throughout the Chicago area for all of their banking needs. They will also have access to expanded convenience banking including Firstar Express, a complete telephone customer service and 24-hour automated telephone banking.

Although there will be many new services, customers can expect to see many of the same friendly and professional staff members who have served them in the past.

"The telephone company of today is not what it was 10 years ago," Cardella said. "New technology, global expansion and changing competition are reshaping the way these companies do business. I'm pleased to be able to provide this seminar to help investors sort out the changes and identify opportunities in this industry."

The program will be broadcast via Jones' private satellite network from St. Louis, Mo., and will feature:

- Edward Whitacre, chairman and CEO for SBC Communications (formerly Southwestern Bell);
- Alan Skrainski, chief market strategist at Edward D. Jones & Co.; and
- David Otto, telecommunications analyst at Edward D. Jones & Co.

Judge Frossard has been fighting crime for 12 years, rising through the ranks of the State's Attorney's Office to her appointment as Associate Judge in 1988. She has presided over hundreds of civil and criminal trials, resolving cases of hate crime, sexual assault, domestic violence, gang violence, and narcotics violations among others.

Seminar to focus on telecommunications stock

Jeffrey L. Cardella, the Edward D. Jones & Co. investment representative in Niles, will host a special program titled "TeleFocus '95" Wednesday, July 12. The program will examine the rapidly changing telecommunications industry and identify what these changes mean to individual investors.

For information on "TeleFocus '95," contact Cardella at (708) 470-8953. The office is at 8143 N. Milwaukee Ave.

Judge Frossard to address Park Ridge Men's Club

Circuit Court Judge Margaret O'Mara Frossard will speak before the Park Ridge Men's Club, Tuesday, July 11, at 10 a.m. in the Park Ridge Senior Center, 1001 Westmoreland, Park Ridge.

Judge Frossard has been fighting crime for 12 years, rising through the ranks of the State's Attorney's Office to her appointment as Associate Judge in 1988. She has presided over hundreds of civil and criminal trials, resolving cases of hate crime, sexual assault, domestic violence, gang violence, and narcotics violations among others.

Join fellow canoeing enthusiasts as the Northbrook Park District staff escorts you down the Des Plaines River in a canoe. Equipment will be provided as well as a trained staff of experts. The excursion will leave and return from the Sports Center, 1720 Pfingsten Rd. on Saturday, Aug. 5, 9 a.m. to 1:30 p.m. Bring a bag lunch to enjoy along the way. Prior canoeing experience is required for this trip. If you'd like to join us, call 291-2369.

Ted Gauza made his announcement at 8 p.m. Members of the press were invited to attend. For further information, contact Les Blau at (312) 443-1600.

Leaning Tower in Aquatic Art Festival

17 members of the Leaning Tower YMCA Synchronized Swimming classes participated in the 41st Aquatic Art Festival held in Highland Park, May 11-14. The International Academy of Aquatic Art (IAAA), an organization promoting swimming as a performing art, sponsored the event.

The SeaStars presented six compositions at the festival. A second place plaque was awarded to "Dyad", a duet by Amy Goodwin/Karen Poulsen. Duets awarded third place medals included "Close Encounters" by Evelyn Merkl/Carol Walsh and "Partners 'N Pink" by Dianna Baros/Amy Goodwin.

In addition to the SeaStars,

Goodwin coaches the Marlin Swim Club at Maine South High School in Park Ridge, and the Aquatic Theatre Troupe, Chicago.

The Leaning Tower YMCA youth and adult synchro swimmers range in age from 10 to 75+ and always welcome new swimmers. They are currently learning new skills and preparing for their 4th annual water show to be presented in August.

YMCA plans triathlon

Once again the Leaning Tower YMCA will be hosting its annual Tower Triathlon on Sunday, July 16. The events beginning at 7 a.m. include a 450 yard swim in the pool, 18K bike, and 5K run. This race is perfect for the beginner and for the more experienced who want to get a practice for bigger events. The cost of the Tower Triathlon is \$25 and \$20 for Tri-Fed Members which includes a top quality T-shirt, race bag, water bottle (1st 150 participants) and a chance to win a raffle prize. Awards will be presented to the overall male and female as well as the top three in each age group division. Everyone who finishes will receive a ribbon. Refreshments will be served at the end.

Volunteers are also needed to help with the event. Many jobs are available including water stations, refreshments, bike station, directing traffic and more! It's a lot of fun and all volunteers receive a free T-shirt and pizza party from Graziano's after the event is over. It's an enjoyable day for the entire family.

If you would like more information or volunteering or need a race application, please contact Stacey Nowak at (708) 647-8222 or stop by the Leaning Tower YMCA located at 6300 W. Touhy Ave. in Niles. Spaces are limited, so sign up today!!

Social Science teacher enjoys teaching career

Mrs. Barbara Heerman

Mrs. Barbara Heerman

After 25 years in District 207, Mrs. Barbara Heerman continues to find teaching social science classes very rewarding. She began her teaching career at Maine South and then transferred to Maine East in 1985.

Heerman has a lot of responsibilities in addition to teaching social science and sponsoring the Maine Historical Society. She also teaches 4MAT, which helps teachers in the district become familiar with different learning styles and strategies. There's an Authentic Assessment course to assist teachers creating projects for students.

Brian McDonald was one of

Heerman's 4MAT "students," and she was a mentor his first year of teaching social science classes at Maine East. He praises her assistance that first year and points out that she is "very helpful" to her colleagues."

Her daily schedule includes Government, Government Democracy Accelerated, and Government Bilingual-Spanish and Polish, which she team teaches with Mary Anne Weld and Dorothy Krajewski, respectively.

Senior Delmar Negrillo was in Heerman's Government class first semester. He is quick to mention, "I have never seen a teacher enjoy the subject he or she teaches as much as Mrs. Heerman does. She loves teaching social science."

Although Mrs. Heerman has been teaching for 25 years, she's also a student, frequently enrolling in graduate courses during the summer. She explains, "I love learning; there is always something new to learn."

sponded to, and that he now feels some of those concerns were warranted as the renovation of the field has been halted due to insufficient funds.

Hilquist also addressed this issue stating that the baseball field has been repaired at no cost at all to Oakton or its tax-payers and though there is some delay in the project OCC is confident it will continue and be of benefit to the community. Hilquist also noted that a letter was sent, by the College President, to the City of Des Plaines outlining all potential problems and they stated no objections, and that they have analyzed the possible environmental problems and do not believe there are any.

Ken Schaeffer, who has worked as a groundskeeper at Oakton for ten years, and is a member of the local restoration project, addressed the Board, for the third time, about the environmental problems being caused to the woods and prairie on an around the campus. He stated that numerous plant species are on the verge of extinction due to the deer overpopulation and asked the Board to tour the affected areas and begin to consider ways to eliminate the deer.

Board Chair Ray Heststein said that though no final solution has been reached, OCC takes this

problem very seriously and has appointed a committee to work with the Cook County Commissioners and the Forest Preserve to address the deer overpopulation.

The Board approved a policy of voting on certain routine items as a "consent agenda" each month. Authorizations for budget transfers and routine purchases, ratification of the actions of ALL (formerly MONNACEP) Executive Board, and approval of clinical practice agreements were all approved by the Board as part of the consent agenda.

Other business included the approval of bills and acceptance of the Treasurer's Report for the month of May.

Authorizations to purchase a variety of computers, hardware and software printing services were granted.

Employment of summer faculty was ratified, and the authorization was given to pay them. The Board authorized the employment of two full-time one year faculty members and three full-time tenure track faculty, and several authorizations of promotions in rank were approved.

There will be no meeting during the month of July, and the next regular Board meeting will take place on Tuesday, Aug. 15, 1995.

Services, a long-term care provider to the frail and elderly with 14 facilities, all within a 30-mile radius of Chicago. Although he started his company as a general construction firm, it changed direction in the late 1960's when Schlossberg and his wife were looking for a nursing home for her grandparents. They found the north side of Chicago offered only old converted Victorian homes. Recognizing an opportunity, Schlossberg opened his first facility at 820 West Lawrence to a quality long-term care in a hotel-like setting for elderly Chicagoans. His initial management office staff of two has now grown to 75 and more than 2,000 employees staff the 14 locations. Schlossberg believes in keeping all the necessary skills for building a long-term care residence "in house." On staff, Alden has experts in architectural design, interior design, construction and operation. Active in many community organizations, Schlossberg is the founder of the annual Alden 5K Run for Research, now in its twelfth year and the single largest fundraising event for the Leukemia Research Foundation.

Participants enter a weekly raffle to win an MGTL T-shirt or the Ravinia tickets to Ravinia.

"Just as public libraries offer a gateway to learning and knowledge, Ravinia offers access to great performances of great music," says Zarin Mehta, executive director of the Ravinia Festival. Ravinia has also provided the libraries with reference materials and season brochures. The Library has a prominent display of these items as well as a display of the various performers available in the collection.

door jamb, which allowed the offenders to reach inside and open the locked door. Room 210 contained several mountain bicycles and motor driven dirt bikes along with several tools.

Other Niles, Glenview and Northbrook police units responded to the alarm and set up a canine check of the area, but with negative results.

However, in an incident thought to be related, a homeowner in the \$300 block of Maynard reported seeing suspicious subjects wearing dark shirts and shorts in the yard and on the driveway of his home when he returned from having dinner with his wife that evening. One of the dogs in the canine unit followed the scent of the offender from the crime scene to the man's home.

Several types of physical evidence were collected including photographs, fingerprints, a fire extinguisher found under a bush in Reuben Park, two fire extinguisher tags. It appears that three fire extinguishers were taken in the break-in.

Burnette receives Osterman Award

Earline Burnette, legal stenographer for the Metropolitan Water Reclamation District of Greater Chicago, is congratulated by the districts Chief Attorney, Michael Rosenberg, of Skokie (right) and her supervisor, Head Assistant Attorney Alan Cook, for her recent recognition as a Kathy Osterman recipient.

The Kathy Osterman Award is awarded annually by the City of Chicago to outstanding governmental employees from the city of Chicago, Chicago Board of Education, Chicago Transit Authority, Chicago Park District, Forest Preserve District, City Colleges of Chicago and the Metropolitan Water Reclamation District.

Edward Hines offers
service, materials

Lumber and important related building materials such as mill-work, cabinetry, plywood, nails, drywall, insulation, hardware, tools, stains and more... practically every conceivable material needed to build and finish a home, put on an addition, or remodel a room is available at Edward Hines Lumber Co., 400 Busse Hwy., Park Ridge.

Hours at Edward Hines Lumber Co. are Monday through Friday, from 7:30 a.m. to 7 p.m.; Saturday, from 8 a.m. to 5 p.m.; and Sunday, from 9 a.m. to 3 p.m.

The secret of our success and our business philosophy is: 'Our dedicated staff is determined to keep the needs of our customers first. We sell very high quality materials, something our customers really appreciate.'

When and how it all began

Chicago's appetite for lumber was enormous-billions of board-feet a year-to keep pace with its headlong growth. But traditional lumber manufacturing and merchandising practices were primitive and inefficient. Customers had to wait for the arrival of a ship, often days or weeks late, and then bid for a ship's entire cargo...always taking a big chance on quality.

When Edward Hines started his lumber company in 1892, for the first time, the needs of the customer came first. Unhappy with the erratic delivery practices of the boat-owners that shipped its product, the company began operating a fleet of steam powered ships to speed delivery to Chicago and other markets. By the early 1900's, the company had the largest lumber-carrying fleet, on the Great Lakes.

Our customers keep coming back because we offer very helpful, friendly service and will custom order products for our customers if we do not have the needed items.

Food service begins at 6:30 p.m., followed by music promptly at 7:30 p.m. Park Feast will be held all summer at the Village Green Gazebo at Shermer and Meadow Rds. in downtown Northbrook. If inclement weather threatens, please call 291-2995 for information.

General News

Warm weather tips
for pet owners

During the hot, humid summer days ahead, the Anti-Cruelty Society urges pet owners to be aware of the hazards which can face animals. Special precautions must be taken to ensure that animals are safe this summer.

Dogs should always have a shady, sheltered place to rest outside. Dogs without shelter can collapse and have serious health problems, or even die. Cats should always remain inside. Air conditioning or fans should be left on for pets, even if the pet owner is not there. Pets should always have a generous supply of clean, fresh water available. An ice cube or two may be a welcome treat.

If a pet gets too hot, he could suffer from heat stroke.

Symptoms include difficult and rapid breathing and possible collapsing. Take emergency action! Get the animal into cool water, under a cool shower, or give him a cool water rubdown immediately. Then take him to a vet for a complete examination.

Fleas and ticks can lead to health problems in an animal. Preventive measures can be suggested by a veterinarian or professional groomer. Animals should be checked daily for fleas and ticks. These parasites tend to be visible around the animal's ears, neck and between toes and near the tail. If an infestation occurs, ask for professional advice and product recommendation from a veterinarian or groomer.

Dogs should never be left in

Architecture Foundation
offers view from the river

The Chicago Architecture Foundation (CAF), a non-profit organization offers its acclaimed Architecture River Cruise aboard Chicago's First Lady. Departing from the south side of the Chicago River at Michigan Avenue and Lower Wacker Drive, the elegant vessel and central location offer greater comfort and convenience to the 40,000 Chicagoans and visitors who take the official Chicago Architecture River cruise each year.

The only river tour featuring CAF-trained guides, the 90-minute tour costs \$16.95 per person (\$2 discount on weekdays) plus a seven percent Chicago Amusement Tax. The tour showcases more than 50 examples of Chicago's celebrated riverfront architecture: historic 19th century railroad bridges and warehouses; classic 20th century bridge houses and magnificent Loop architecture - from the art deco Merchandise Mart to the minimalist work of Mies van der Rohe. A portion of all ticket sales helps support continued public education about Chicago's rich architectural heritage.

It's especially fitting to launch the CAF river cruise from Michigan Avenue and the Chicago River - in the shadow of two of Chicago's most recognizable architectural landmarks - the Wrigley Building and Tribune Tower," states John Engman, Executive Director of the Chicago Architecture Foundation.
