Buglebits.....

Consolidating the two schools in school District 71 by passing next week's referendum seems a worthy reason to vote in favor of next Tuesday's school referendum. The approval will okay additions for the newer Culver School on Oakton Street. And it will drastically reduce costs by decreasing administration personnel for two schools. It will also substantially reduce the maintenance costs of running two schools. Maintaining the one newer school in the district should be much more cost effective.

The referendum to upgrade the Niles library is also a worthwhile effort which hopefully residents will support. The remarkable increase of services and the increased usage of the library by residents of all ages are worthy reasons to okay the library improvement. Libraries in all our communities have been playing an ever-increasing role in our everyday lives. No longer do libraries only dispense books for home consumption. The many services and programs rendered by libraries add immeasurably to the benefit of all library residents.

Besides the library expansion referendum, another referendum on the Nov. 7 ballot will seek voter support for a proposed \$6.9 million bond issue to consolidate two Niles Schools and renovate and enlarge the remaining school.

According to the proposal, Niles Elementary School South, 6935 Touhy, which serves kindergarten through grade 5, would be eliminated, while the Culver Middle School would get a 50,000 square foot addition, undergo renovation bringing the school into compliance with the Americans with Disabilities Act and would serve students in kindergarten through eighth grade.

The \$6.9 million bond issue would be paid off over the next 20 years by homeowners whose tax bills will be increased by approximately \$65 annually for a home valued at \$140,000.

District 71 Superintendent Dr. Eugene Zalewski pointed out that the consolidation is educationally sound. The building design will allow younger students to be in a separate section of the building.

"It will allow us greater flexibility in use of staff," Zalewski said. "We're a small district, and now we have a lot of staff members who have to go between the two schools. For example, physical education is taught in the afternoon at Culver and in the morning at South."

Zalewski said that in addition to art and P.E. teachers, the school psychologist, social worker and special ed teacher current-

Voters will go to the polls on Tuesday Nov. 7 to elect candidates for local school boards. Polls in the local school districts will be open from 6 a.m. to 7 p.m. Candidates in the local school districts are as follows:

**District 71**

In District 71 there are three four-year vacancies and one two-year vacancy on the school board. However, only two candidates have filed to run. They are incumbent Vincent Bugarin and newcomer John Zuckerman, both running for four-year terms.

"We're hoping for some write-in candidates," said Barb Miller, secretary to Superintendent Gene Zalewski.

**District 63**

The largest number of challengers is probably in District 63 where seven candidates are running for three seats. Joel Block is the lone incumbent, with newcomers Kerry Karth, Richard E. Mally, Anne E. Marzullo, Daniel Patlak, Arthur Ryden and Mark

D. Weisman entering the race. Kris Benoit, administrative secretary to Director of Personnel and Pupil Services and board of education secretary Michael Johann said she had no idea why

there were so many candidates. The only even remotely controversial issue is teacher negotiations, Benoit said, and those should be settled before the election.

on library expansion**

Niles voters will decide Nov. 7 on a proposed bond issue that would raise \$8.875 million for renovation and expansion of the Niles Library.

According to Library administrator Cary Czarnecki, if the proposal is approved, \$7 million will be used to add 26,000 square feet of new space in a two-story wrap-around addition that will be built over the existing children's library and administrative and technical services wing. The remaining \$1.875 million will be spent on new books and equipment.

The issue needs a simple majority vote, Czarnecki said, and will result in a slight increase in the library tax rate.

For a home with a market value of \$100,000, the library tax increase would amount to 92 cents a month or \$11 a year, Czarnecki said. "About the cost of a new book," he said. "At the library you can get all the new books you want all year long," he added.

The Oct. 12 Business Meeting was well attended, as was the Oct. 23 one. Plans for future events were discussed. The Halloween Party will be on Oct. 26 and the witches and goblins are planning a delicious lunch, along with fun and games.

Due to Thanksgiving, the meeting will be changed. Business Meeting will be Nov. 2 and Social Meeting, Nov. 16 which will be the Turkey Shoot. Come try for a bird, who knows, you could be lucky and go home with one.

We are going into November, and it is time to start thinking about the great holidays that are ahead of us. Thanksgiving, and on November 11, 1918, an Armistice was declared. World War I was over and 1954, President Eisenhower signed a bill designating the day as Veterans Day.

Mike Provenzano thanked all who assisted during the Little City Fund Drive, either with cash donations, working at a location or headquarters.

Happy Birthday wishes extended to all celebrating a November birthday and congratulations to all our couples celebrating anniversaries this month.

Glad to have Frank Gloriana, Evelyn Murtaugh, and Ben Rubenstein back and off the sick list. Please, everyone, stay well.

### Senior Citizens offered low-cost wills in Skokie

Eligible citizens are offered low-cost will preparation services through the Senior Citizens Will Program, Wednesday, Nov. 8, at the Skokie Office of Human Services. Advance appointments are required and will be scheduled from 9:30 a.m. to 12 p.m.

An attorney from The Chicago Bar Association Lawyer Referral Service will provide free consultations about wills to seniors who register for the service. At a client's request, the attorney will also prepare a simple will for a reduced fee. The cost for drawing up a will is not more than \$50 for an individual (\$75 for a couple).

Durable Power of Attorney and Living Will forms are available free of charge. A Durable Power of Attorney allows a senior to designate another person to make property or health care decisions in the event the senior becomes physically or mentally unable to do so. A Living Will allows an individual with a terminal health condition to express his or her desire to have death-delaying procedures withheld or withdrawn.

Seniors may complete the Durable Power of Attorney and Living Will forms themselves, or they may hire the attorney to help fill them out and explain the various options available on the forms. The fee for the attorney to provide legal advice about a Durable Power of Attorney is \$75 maximum for an individual (\$125 for a couple). The charge

for a Living Will is no more than \$50 for an individual (\$75 for a couple).

To be eligible for the Senior Citizens Will Program, a client must be age 60 or over. Annual income must not exceed \$15,000 (\$20,000 for a couple); and assets, excluding a home and personal car, should be worth no more than \$30,000.

The Senior Citizens Will Program is sponsored by The Chicago Bar Association, the Suburban Area Agency on Aging, the Chicago Department on Aging, and the Cook County Legal Assistance Foundation.

Appointments for the Senior Citizens Will Program must be scheduled in advance. To register and be screened for eligibility, call the Skokie Office of Human Services at (708) 933-8208 (voice) or (708) 933-8455 (TDD). The program is usually held the second Wednesday of each month.

"What did you believe in during your lifetime and how did you make it happen?" is one of the questions that foreign students from Chute School's Multilingual Center, (MLC), 1400 Oakton St., Evanston, will ask when they join with senior citizens of the North Shore Retirement Hotel for a unique intergenerational program.

Twenty-five students will meet with seniors once a month for six months starting Tuesday, Nov. 7. All meetings will take place from 2:30 to 3:30 at the North Shore Hotel, 1611 Chicago Ave., Evanston.

The MLC students who will participate are in grades six through eight. Most of the children are of Caribbean background but small numbers of students come from Iran, Korea, Mexico, Nigeria, Rumania, Yugoslavia, Pakistan, India and Russia.

**FREE Report Reveals The 10 Biggest Mistakes Retirees Make And How To Avoid Them!**

Northbrook, IL - A local retirement expert has just published a report that explains the 10 biggest mistakes people make when they retire, and how to avoid them.

He cited an example of a couple who took their retirement money and invested almost all of it into "risk free" things, and had to eventually move in with their children because they literally ran out of money.

Another woman had to pay over \$29,000 in needless income taxes because she made a seemingly small mistake with the choices she made at retirement. Obviously, the mistake wasn't so small.

Retirement is a point in your life that doesn't allow the luxury of time to make up for mistakes. Once you've reached that age, you have little or no room for "trial and error" methods of taking care of your money.

Accordingly, the retirement expert has prepared a FREE report called, "The Ten Biggest Mistakes People Make When Retiring, And How To Avoid Them And How To Stop Using 'Trial And Error' As Your Main Technique Of Retirement Financial Management."

The report is available by calling 1-800-640-5530 for a FREE recorded message.

### What you don't know about diabetes can hurt you

StableLives Diabetes Program at Holy Family Medical Center in Des Plaines, will participate in the American Diabetes Association's Diabetes Detection Week. Free and easy diabetes screening tests that could save a person's life will be offered to the public during the week of November 5-11.

Diabetes is a dangerous disease in which the body does not produce or respond to insulin, a hormone needed for daily life. The accumulating high blood sugar can severely damage the heart, blood vessels, kidneys, eyes and nerves. If left untreated, diabetes can lead to premature

death. Early detection of diabetes will help prevent these health risks. The symptoms of diabetes are:

•Type I, Insulin-Dependent Diabetes: frequent urination, accompanied by excessive thirst; extreme hunger; unexplained weight loss; extreme fatigue; and irritability. These symptoms often occur suddenly.

•Type II - Non-Insulin Dependent Diabetes: blurred vision or any unusual changes in sight; tingling or numbness in the hands or feet; frequent skin infections; slow healing of cuts and bruises, and any of the previously mentioned symptoms for type I. The symptoms of Type II diabetes often appear gradually and many individuals may not have any symptoms.

It is extremely important that people who are at high risk for diabetes be tested. Individuals at high risk for diabetes include: anyone who has a blood relative with diabetes; anyone of African American, Hispanic, or Native American descent; and anyone over 40 and overweight. These populations have a high inci-

dence of diabetes. The American Diabetes Association and Holy Family Medical Center, StableLives Diabetes Program, encourage the public to take advantage of the free diabetes screening available from November 5-11. Individuals interested in a test must make an advance appointment. For further information, please contact Karen Billman, the Marketing Coordinator, at (708) 297-9977.

The program is geared toward plastic/cosmetic surgery patients who do not want to return home after outpatient surgery. The one-night, hotel-like lodging gives patients the security and privacy of being in a medical center setting.

The program provides meals and basic medical care to patients. Drug dispensing, constant checks or dressing changes are not provided. If people need medical care, they will be billed as 23-hour observation patients.

If you would like more information about this special program and how you can be our guest during your outpatient procedure, call MedConnection, Holy Family's free physician referral and appointment service at (708) 297-1800, ext. 1110.

### New hours at drivers facilities

Drivers license facilities throughout the metropolitan area will be restructuring their schedules to serve the public more quickly and efficiently, said Secretary of State, George H. Ryan.

The new schedule, which took effect Monday, Oct. 30, will make more staff available to serve customers by rearranging the hours of operation.

"These new hours will let us concentrate our staff so that more employees are on hand each hour that our facilities are open," Ryan said. "These changes should mean quicker service because we'll have more people available to take care of the public's business."

Seven Cook County facilities will be open from 8:30 a.m. to 5 p.m. on Mondays, Tuesdays, Thursdays and Fridays and from 10 a.m. to 7 p.m. on Wednesdays.

Those facilities include Bridgeview, Charles Chew, Chicago Heights, Chicago North, Deerfield, Hillside and Schaumburg. Other facilities in Cook County and most facilities in DuPage, Lake, McHenry, Kane and Will counties will operate on a Tuesday through Saturday schedule. Those facilities will be open from 9 a.m. to 7 p.m. on Tuesdays, 8 a.m. to 5:30 p.m. Wednesdays through Fridays and from 8 a.m. to noon on Saturdays. Among these facilities are Aurora, Chicago West, Elgin, Joliet, Libertyville, Lombard, Midlothian, Naperville, Niles, Waukegan and Woodstock.

Hours will remain unchanged at the Chicago Central facility, which operates from 8 a.m. to 5 p.m. Mondays through Fridays.

Hours also will be unaffected at the express facilities in Ford City Mall, the Loop, Wheaton, Melrose Park and Orland Park.

### Beware of con artists posing as utility workers

Two con men got a head start on trick-or-treating a couple of Halloween's ago when they masqueraded as power company employees and treated themselves to \$2,500 in cash from the home of an unsuspecting woman. According to police, the woman admitted the men to her home after they claimed they had to inspect the power system. While she was turning on all the lights in the living room at their request, the pair roamed through the home, supposedly conducting an inspection. After they left, the woman discovered the \$2,500 was missing, police said.

This incident represents the latest variation on schemes that have been around a long time. Over the years, in various communities, con artists have arrived at someone's door, claiming the utility owes a refund, but they require change for a large denomination bill. Other times, they might claim that a home's wiring is causing trouble in nearby power lines and they need to conduct an investigation. On still another occasion, imposters called a number of homes to say ComEd was having transformer problems, that power would be shut off for three days, and it would be a good idea to move in with a relative or friend.

Regardless of the method used, the intention is nearly always the same: to gain entry to the home in order to commit theft. In some cases, an imposter will keep the homeowner occupied in one room while his partner ransacks another part of the house.

Commonwealth Edison does not conduct unsolicited wiring inspections, and if a refund is due, it will be made by check or bill credit. Bona fide utility workers carry picture identification cards and should display them when seeking entry to a home.

Householders who still doubt the identity of a person claiming to work for Commonwealth Edison should contact ComEd and the police. The all-purpose ComEd telephone number is 1-800-EDISON-1.

## NOTE

While several Letters to the Editor were received from political candidates and their supporters for publication in this week's edition, it has been the policy of The Bugle not to publish any letters dealing with politics in the last issue preceding the election. We feel this is a fair policy since such publication would not allow for any rebuttal.

### OCC's Law Enforcement Club holds seminar

The students of the College Program Board and the Law Enforcement Club at Oakton Community College will hold an in-depth seminar on personal protection strategies on Wednesday, Nov. 15 at 7 p.m. at the Des Plaines Campus, 1600 E. Golf Rd.

Participants can join professor Jim O'Shea and John Fryczek for this enlightening and powerful presentation on crime prevention, as they present their controversial, entertaining and lifesaving seminar. The following tips will be provided: how to be safe at home and on the street; how to put the fear into the

criminal; and how to call police on drug dealers and stay anonymous.

"Our goal as students is to be of service to our school and community. We believe you will leave this seminar aware of how to be crime offensive," says Danny Coss of the College Program Board.

Free crime prevention literature will be available at our resource table. Admission is free and open to the public. There will be refreshments available during the reception at 6:30 p.m. preceding the program.

For more information, call (708) 635-1900.

### Glenview mailman charged with sex offense

A Glenview mailman who was court martialed by the U.S. Air Force for sexually abusing a 12-year-old girl is charged with molesting a 7-year-old Glenview girl in the presence of her 8-year-old sister while on his mail route, said Cook County State's Attorney Jack O'Malley.

Stephen Lewis, 48, 4732 N. Oriole St., Norridge, is charged with aggravated criminal sexual abuse, a Class 2 felony, punishable by up to seven years in prison.

According to investigators, on

Oct. 14, 1995, Lewis was allegedly sitting in his mail truck parked on his Glenview route when the two girls approached him. He then exposed himself and molested the younger girl.

Lewis spent four years in Fort Leavenworth prison after being court martialed in 1984 for the sexual abuse of a 12-year-old girl.

He is being held on \$150,000 bond and is scheduled to appear at the Skokie Courthouse, courtroom F, on Nov. 3, 1995.

### Ryan's Railroad Crossing Bill

Secretary of State George H. Ryan applauded Gov. Jim Edgar for signing legislation that toughens the penalties for people who endanger themselves and others by ignoring railroad crossing signals.

The bill is designed to help heighten awareness about the dangers of railroad crossings. During 1994 in Illinois, 46 people died in railroad crossing incidents. In 1993, there were 51 railroad crossing fatalities.

"Railroad crossing safety is a serious problem that rears its ugly head repeatedly in Illinois," Ryan said. "During the course of a year, there are always several tragic stories about drivers and pedestrians of all ages who ignore railroad crossing safety equip-

ment and pay a heavy price."

"This bill will help get the work out that ignoring a railroad crossing device is a serious offense that can put people in danger," he added.

Ryan proposed the measure last August at the Main Street Metra Station in Downers Grove. This bill had the support of Metra, the Illinois Railroad Association and the Illinois Municipal League.

Under the bill, drivers and pedestrians convicted of ignoring railroad crossing devices will face a mandatory \$500 fine or 50 hours of community service. Currently, there is no mandatory penalty and the maximum fine of \$500 is rarely imposed by the courts.

The law also gives railroad "crossback" signs the same legal weight as a "yield" sign on Illinois roads. This change means that drivers or pedestrians must give trains the right of way at a grade crossing.

If people ignore the crossback signs and are involved in a crash with a train, the collision can be used as prima facie evidence of the person's failure to yield to the train.

### Far more minors losing licenses

In its first six months, Illinois' new "Use It & Lose It" law more than doubled the number of motorists under age 21 who lost their driving privileges because they drank alcohol, Secretary of State George H. Ryan announced today.

The new zero-tolerance law which automatically suspends the driving privileges of minors caught driving with any amount of alcohol in their systems - sidelined 1,495 young motorists during the first six months following its Jan. 1 effective date.

At the same time, the law also appears to have triggered a sharp upswing in the arrest of young motorists for driving under the influence, reversing a trend that has seen DUI arrests among minors fall since 1986.

"These numbers provide very compelling evidence that law enforcement officers statewide are taking a strong approach to enforcing the 'Use It & Lose It' law," Ryan said.

"It's clear that more young motorists are getting stopped, and more of them are getting caught driving after drinking alcohol."

At mid-year, 2,595 drinking and driving violations had been recorded against minor drivers, compared with just 984 ticketed for DUI during the same period in 1994.

Of the 1995 violations, 1,495 were offenses filed under the zero-tolerance law, while 1,100 were DUIs.

Both a "Use It & Lose It" violation and a DUI arrest carry an automatic three-month suspension of driving privileges on a first offense or a one-year suspension on a repeat offense. The penalties double for offenders who refuse a sobriety test.

Young people arrested for DUI also face criminal prosecution and a court appearance, while all penalties for "Use It & Lose It" violations are handled administratively by Ryan's office.

Before passage of the "Use It & Lose It" law in 1994, minors stopped by police for drinking and driving were treated the same as motorists over age 21.

Ryan pushed for the tougher standard for minors because it is illegal for them to drink alcohol and they are far more likely than other motorists to be involved in fatal crashes, particularly those involving alcohol.

In 1992, drivers under age 21 represented just 8 percent of all motorists, yet were involved in 21 percent of all fatal crashes.

"More than twice as many minors have found out the hard way - Illinois will not tolerate underage drinking and driving," Ryan said. "The end result will be that more young lives will be saved, and we'll see a real reduction in the tragedies on our highways."

### BURGLARY

A 48-year-old restaurant owner notified police at 10 p.m. Oct. 26 when he observed an open bedroom window upon returning to his home in the 7000 block of Howard St. Police investigation revealed that three upstairs bedrooms and the kitchen had been ransacked. The unknown offenders also ransacked the basement of the home, tearing tiles from the ceiling and removing six shotguns and a pistol kept in the ceiling by the victim.

A 79-year-old neighbor said that he had not observed anyone in the area.

### CHECK OF WELL BEING

A 20-year-old Lincolnwood man requested the police check on the well being of his father, a 57-year-old attorney, who had locked himself in a room at a hotel in the 6300 block of Touhy Ave. The son told police his father is hypoglycemic and hallucinates when he does not eat regularly.

Police went to the victim's room at 6:30 p.m. Oct. 26 and requested that he open the door, but he pushed the identification card's under the door and would not come out of the room. With the assistance of the building supervisor, police were let into the room and determined that the victim was all right.

The following day, a caseworker from a Skokie psychiatric hospital contacted police and requested that they go to the hotel and stand by while he conducted a psychiatric evaluation of the victim. The caseworker had a petition allowing him to gain access to the victim's room.

A hotel staff member opened the room with a pass key to admit the caseworker who then determined that the victim was not able to care for himself and was in need of medical attention.

The Niles Fire Department transported the victim to Lutheran General Hospital and he was turned over to the hospital staff for medical and psychiatric evaluation.

A 19-year-old Des Plaines woman employed by a department store at 590 Golf Mill was arrested at 10:13 p.m. Oct. 27 after she was videotaped by store security removing \$349.39 from her cash drawer on Oct. 26. Over an 11-day period, \$1,414 was

found missing from the cash drawer.

### MISSING PERSON

A 78-year-old man living at the retirement home in the 7000 block of Newark Avenue was reported missing by his 75-year-old sister at 6:20 p.m. Oct. 28. The woman said her brother left the home at 3 p.m. to go to a sister-in-law's home in Chicago but never arrived there. The man's 1990 Chrysler New Yorker with license plate number VFW 2476 was missing from the parking lot of the home.

### ATTEMPTED SUICIDE

The 18-year-old boyfriend of an 18-year-old woman living in the 8800 block of Root Street called 911 at 2:42 p.m. Oct. 29 after learning that the woman had taken a number of pills in a suicide attempt. The victim had broken up with the man and was depressed. They had been dating approximately three weeks. The victim said she had ingested approximately 20 tablets of a thyroid medication, five heart tablets and three to five Tylenol pills before calling the boyfriend. The victim lives with her mother who could not be contacted.

### DAMAGE TO AUTO

A 65-year-old retired man living in the 7400 block of Keeney reported that unknown offender(s) broke out the rear window of his 1994 Mercury Sable stationwagon while it was parked in the driveway of his home between 6 and 9:15 p.m. Oct. 27. The estimated cost of replacement is \$300.

### BATTERY

A 30-year-old Chicago man was apprehended concealing a pair of boots valued at \$177.44 and a can of boot cleaner in his briefcase at 4:40 p.m. Oct. 23 by the security agent of a sporting goods store in the 7200 block of Dempster St. The security agent approached the offender after he exited the store and identified himself. The offender used the backside of his right hand to strike the agent in the right eye. The offender was apprehended and charged with retail theft and battery.

### DAMAGE TO PROPERTY

The 33-year-old assistant manager of a home improvement location in the 7300 block of Melvina reported Oct. 24 that between 6 p.m. Oct. 9 and 6 p.m. Oct. 23 unknown persons have used unknown weapons to shoot out the lights on poles on the east side of the parking lot and two lights on the east side of the structure were also shot out. A total of six lights have been repeatedly shot out. The total repair cost has been \$900.

The complainant believes disgruntled neighbors adjacent to the east side of the property may be responsible and has requested a special watch of the property during night-time hours.

### FORGERY

A Chicago man was arrested exiting the parking lot of the bank in the 7100 block of Oakton St. at 4:35 p.m. Oct. 24 after trying to cash a check he said he received from a woman who had damaged his auto in an accident the previous night.

Bank personnel held the check and the subject's state I.D. card while investigating the status of the account. When the teller entered the account number into the bank's computer, "Stop Payment stolen" flashed on the screen. Bank security personnel were instructed to contact the police.

According to the bank president, a stop had been put on the account Aug. 14 and checks 1164-1175 had been reported stolen by the account holder. The subject was taken into custody and transported to the Niles

Police Department where he was found to be in possession of two charge cards also belonging to the account holder. Police contacted the victim who was not aware that the charge cards had been stolen.

At 10:50 p.m., the arrestee gave a verbal confession voluntarily. He was given a \$100,000 D bond and a Nov. 2 court date.

The victim said the offender had been employed at the company for four months and had a perfect attendance record.

**Seminar at St. Matthew Home**

The St. Matthew Lutheran Home Service League is sponsoring a Health Care Decisions Seminar on Nov. 8 at 2 p.m. in the chapel of the Home, located at 1601 N. Western, Park Ridge. The Director of Nursing and Director of Social Services will discuss not only the importance of completing forms for the Living Will and Health Care Power of Attorney, but also help us have a better understanding of the medical terminology necessary to carry out our wishes. These legal documents will be available at the seminar.

Pastor Fred Hill of St. Matthew Home will address the group regarding the spiritual aspects of this decision-making.

There is no charge for this seminar. Everyone is welcome to attend. Join us for an informative afternoon and leave with the legal documents in hand and a knowledge of how to complete them.

**'Share the Warmth' program**

The "Share the Warmth" program sponsored by Hometown Cleaners in conjunction with the Illinois State Fabricare Association began Nov. 1 and runs through Dec. 31. Hometown Cleaners and other member dry cleaners throughout the state will be collecting and cleaning any coats or clothing donated. The clothes will then be distributed to several different charities in the area.

This worthwhile program needs your support. Just bring in some old clothes or coats to Hometown Cleaners and make a needy person's winter a little warmer. For further information contact Hometown Cleaners or the ISFA office at 1-800-462-ISFA.

\*\*\*\*\*  
The train-school bus tragedy in Fox River Grove is mindful of the many train accidents which occur all over Illinois. Our state has the second highest number of train-motor vehicle accidents in the entire country.

Here at home we've had our fair share of train-car accidents. At the Dempster, Oakton and Touhy train crossings we've had many accidents throughout the years. Several times early-morning drivers have driven an end-run around the one-gate crossings which resulted in fatalities. Subsequently, second gates have been installed and cement islands have been built to foil drivers out to beat the trains.

At the Lehigh crossing on Dempster Street there's a stop light west of the train tracks and another east of the tracks, which are synchronized with one another. Had the Fox River Grove crossing had a similar two stop light configuration, the accident would not likely have occurred.

In addition to the federal transportation department's inspections we're hopeful local officials will also re-study all railroad crossings to make sure the Fox River Grove tragedy never happens here.

The coming and going of Halloween always reminds us of past Halloweens in Niles' Oakton Manor. Back in the sixties our son, Bob, borrowed a hobgoblin idea from the Merrill Avenue Hartzell family. He placed a pumpkin on our front stoop, put a speaker inside the pumpkin and had the local kids talking to the pumpkin head when they came trick or treating. Bob would sit inside the house and when he saw the kids come up to the house, he would transmit what he saw to the talking pumpkin. When the little Fairy Queen came up to the pumpkin, it would refer to her fairy queen outfit often asking her to leave a bit of candy for the pumpkin. The youngsters were in rapture over what they heard and would surely offer to tell their friends who would soon come running to our house. Bob's talking pumpkin monopolized the hundreds of trick or treaters who would roam Ozanam and Monroe streets during those halcyon days.

The Hartzell's son would also have a wonderful white sheet ghost slide down a wire from the second floor to ground level. Kids of all ages must have fond memories of those Halloweens. Interestingly, our San Francisco, Portland, San Diego and Lincolnwood kids (who are now 36 to 44 years old) all have Halloween night spooky suppers which they remember from their younger days. They all set their supper tables with candles-only glowing and have spooky suppers which are topped off with candle-lit donuts and cupcakes. Thirty years later they've passed this family tradition on to their own children.

**District 67**  
In District 67 the situation is almost the same, except that three incumbents and two newcomers will be running for three seats. The incumbents are Joan Dechert, Susan Pellicano and Edward Reynolds. Joe Brunner and Janet Ladd are newcomers to the board race.

**District 64**  
Peace will reign in Niles District 64 where three candidates will run for three seats. Incumbent Irene Jinks will run along with John Farrell and H. Stephen Lieber.

**District 70**  
In Morton Grove District 70, five candidates will vie for three seats on the seven-member school board. The incumbents are Mary Malooly and Donald Hols. Also running are Carl Savaro, Lawrence Gombert and Karen Rosenski. The terms are for four years.

**District 219**  
A storm is brewing in High School District 219 where four three-year vacancies attracted eight candidates, four of them incumbents. However, two citizens filed objections to seven of the candidates, which would have left a single candidate had not the electoral board overruled all the objections.

However, then one of the objectors appealed the overruling, and the appeal was upheld on four of the candidates, so that only four of the original eight candidates are still on the ballot. Jeff Berkwitz, District 219 public relations co-ordinator, said the objections were fairly technical rather than issue-oriented. One example Berkwitz cited was an objection to one candidate because he had failed to number the pages of his signature petitions.

ly travel between the two schools and receive a travel reimbursement that would be saved if the consolidation referendum is approved.

Another saving will be the cost of renovating only one school to comply with the ADA. "We have to provide a way for people to get from one floor to another," Zalewski said. "We have no elevator in either school now."

Counters, tables and light outlets have to be at a certain height, and doorknobs must be replaced with lever handles. Disabled accessible washrooms and doorways as well as special outside doors will also have to be provided, Zalewski said. Zalewski said that this is the first time in 30 years that a school referendum has been proposed. The last one was in 1964-65 when Culver school was built.

The candidates who remain on the ballot are incumbents Joe Weiss and Laura Schwartz current board secretary, and challengers Sharon Deemar and Mark Cohen.

The four candidates who were removed from the ballot because of objections learned Tuesday that their appeal to a higher court that would have restored them to the ballot was denied. They are Sanford Alper, current board president, Saul Weiner, current board vice president, and challengers Paul Smith and Jerome Glass.

**District 207**  
In the Maine High School District 207, four candidates will vie for three four-year terms. Running are John Roger Crawford, Ben H. Herman, Donna B. Pellar and David L. Slayton. Oscar Marquis is running for the two-year unexpired term left vacant by Mary Ann Moller-Gunderson when she moved out of the district.

**Oakton Community College**  
Ten candidates are in the running for three six-year terms on the Board of Trustees at Oakton Community College in Des Plaines.

Three incumbents are among the candidates, Ray Harstein, who was a founding board member and has served on every board since, is one of them. Ellen Schrodt, who has just completed her first term is another. Larry Golberg completed the unfinished term of a board member forced to resign by an illness.

The other candidates are Peter Dudko, Ralph Goran, Vernon James Grubisch, Bill Handzel, Gerri Sue Hesselberg, Maxine T. Hill and Adair Waldenberg. The Oakton race was described as "hotly contested" by Ray Rolff, public relations manager for the college. "I would say there's a lot of interest. The ten candidates seem to be very interested in serving [and] in running for these three seats," Rolff said.

"People are using the library more," Czarnecki said. "People recognize that and the response we've been getting is positive. People see the need for it" [library expansion].

A circulation increase of 185 percent in the last 10 years and more than 28,000 cardholders have underscored the need for more storage and operating space, Czarnecki said. "The library is too small now for the collection we have. We've outgrown the space we have for the books and material collection," Czarnecki said. If the referendum is approved, the library will increase the size of the collection by 57,000 items, he said.

Czarnecki estimates that groundbreaking would occur in the fall of 1996, followed by 18 months of construction during which the library would remain open.

The whole project should be finished in late winter or early spring of 1998, Czarnecki said. The project will also increase parking space by 40 percent, as architects will reconfigure the parking lot, making the alley on the east side of the property one-way thereby adding parking spaces.

Czarnecki said the referendum has received the endorsements of many civic leaders and organizations, starting with Mayor Nicholas Blase who wrote in a recent position letter: "This necessary expansion will provide the future needs of our young people and everyone else that uses the library facility."

## Toys for Tots program needs volunteers

Santa Claus needs a little help and so does the Chicagoland Toys for Tots program.

Each year since 1947, the Marine Corps Reserve has sponsored toy drives, providing toys to millions of needy children at Christmas time. Last year alone, more than 80,000 toys were collected in Chicago, sorted for boys and girls by age and distributed to thousands of area children. Santa was very thankful for the assistance.

This year's program has already begun, and there is a need for volunteers to help in a variety of meaningful and productive ways. Pay includes increased self-esteem, a sense of belonging, and the satisfaction of helping others. For more information, call Marlene Gunney Sergeant Mike Ruffner at (312) 539-6464.
