Zoners OK combining of Ballard lots

by Kathleen Quenol

A zoning request from Gurnee for a combined 80 parcels of land was approved by the Niles Village Board Monday night after more than an hour of discussion. The Village Board could have passed the plan, but the public hearing had to be continued because one of the residents of the proposed parcel owned by Eugene T. and Gladys A. Yachta of Beach Park did not attend.

The two properties, the smaller of which is at the southwest corner of York Road and York Street, are part of a larger parcel at 1150-1168 York Street, which is owned by the Gurnee Village. The Village Board approved the plan at its June meeting, but the public hearing was continued because another resident of the smaller parcel did not attend.

The Village Board could not approve the plan without a public hearing, so the request was continued to another meeting to give the public an opportunity to comment.

The Village Board could have approved the plan at its July meeting, but the public hearing had to be continued because another resident of the smaller parcel did not attend.

The Village Board could not approve the plan without a public hearing, so the request was continued to another meeting to give the public an opportunity to comment.
