HOLIDAY GIFT GUIDE

Holiday Safety

The winter holidays are a time for celebration and that means more cooking, and lots of parties, and a risk of fire! Don't let your guard down during these festive times... make sure your smoke detector is working.

Follow these safety tips to help keep your family safe during the holidays:

*** Holiday Lighting** - Take care when burning candles. Be sure they are kept well away from decorations or other combustible materials. Don't leave children unattended in a room with lit candles, and always keep candles, as well as matches and lighters, up high, out of the reach of children (preferably in a locked cabinet). Never display lighted candles in windows or near exits. Never use candles to decorate Christmas trees! When decorating with lights, be sure to use only those labeled by a testing laboratory. For outside decorations use only those lights labeled for outdoor use. Don't overload electrical outlets, and always unplug all lights before leaving home or going to bed. Never put electrical lights on a metal Christmas tree.

*** Holiday Parties** - Decorate only with flame-retardant or noncombustible materials. Avoid using candles during parties. Provide guests with large deep ashtrays, and check them frequently. After the party, check inside and under upholstery and in trash cans for smoldering smoking material.

*** Other Holiday Fire Safety** - Choose a fresh Christmas tree, and put it into a stand designed not to tip over. Place the tree well away from heat sources and exits, water it constantly. If you purchased an artificial tree, be sure it is labeled fire-retardant. If you plan to hang stockings on your fireplace, do not burn fires in it. Choose holiday gifts wisely, passing up those that are highly flammable.

*** Kitchen Fire Safety** - Wear tight-fitting clothing when cooking; loose clothing can be ignited by hot burners. Always turn pot handles in, and never leave the kitchen when something is cooking on the stove top, they could catch fire. Keep kitchen appliances in good working condition, and turn them off after use. Don't overload electrical outlets, and don't use appliances with frayed or cracked wires.

*** Gifts** - Choose toys wisely. Pass up those that could be highly flammable and make sure that electric toys are labeled for fire safety. Toys with small pieces that could choke a child should be avoided. Smoke and Carbon Monoxide Detectors make great gifts.

*** Alcohol** - Drinking and driving causes many deaths and injuries each holiday season. Have plenty of food and coffee

for your party goers. People that drink and smoke often fall off to sleep while having that last cigarette, starting the over-stuffed chair on fire.

So on behalf of the North Maine Fire Department, have a safe and healthy holiday season.

HOLIDAY GIFT GUIDE

Festive Festoons are Poisoning Peril

Some of the festive holiday greenery that spruce up your home for the holiday can be hazardous to your health warn members of the Rush-Presbyterian-St. Luke's Medical Center Poison Control Center.

Poinsettias however, despite their poisonous reputation, are only a mild irritant, causing a rash to the mouth if eaten. Far more dangerous in quantities likely to be consumed by children or animals around the home are decorations like mistletoe, which can quickly cause rapid heart beat and elevate blood pressure, and holly that can cause vomiting and diarrhea.

As general precautions parents and pet owners should take all steps possible to child- and pet-proof their homes. Plants that might be gnawed upon should be moved to safer locations. After parties, unfinished alcoholic beverages left around can be very dangerous to children. Broken Christmas ornaments, which often are made of glass, can be a hazard as well so parents should clean up the pieces immediately.

As winter approaches it's also time to remember that household chemicals like antifreeze and windshield washer fluid can cause severe harm if taken internally.

Rush poison experts suggest that people shouldn't wait for symptoms if they suspect poisoning has occurred but should immediately call poison control. Syrup of Ipecac should be kept in the home to induce vomiting but it may not be the correct course so never use it unless instructed by poison control. The emergency number for the Rush Poison Control Center is (312) 942-5969. Pet owners who suspect their four-legged friends may be poisoning victims can try the 24-hour National Animal Poison Control Center at 1-900-680-0000. There is a charge for the animal service.

Fundraising Magic for Rush North Shore

Dr. and Mrs. Steven Meyers were among the supporters helping raise funds for Skokie's Rush North Shore Medical Center.

Over 550 guests made a little magic on behalf of Rush North Shore Medical Center, Saturday, November 4. A black tie fundraiser at the Hotel Nikko Chicago, entitled "A Magical Evening," featured magician Harry Blackstone, Jr. and dancing to the music of Ron Bedal and his Orchestra. More than \$250,000 were generated, the proceeds from which will benefit Rush North Shore's Cardiac Catheterization Unit.

Each year, over 30,000 people from Skokie, Wilmette, Evanston, Winnetka, Glenview, Lincolnwood, and other nearby communities receive care from Rush North Shore Medical Center's 500 attending physicians. Further information on its programs or fundraising efforts may be ob-

tained by calling its Development Office at (708) 933-6441.

Gone fishin'

Ssh. The fishes are sleeping. Or, at least, they will be. The John G. Sheild Aquarium will be closed to the public from January 1 through January 12, in order to undertake large-scale maintenance tasks in a building that is visited by as many as 7,500 people a day, seven days a week.

About 25 projects to be undertaken include painting the galleries, cleaning the foyer, reconditioning interpretive graphics and interactive exhibits, pressure-washing the Oceanarium floors and painting the restaurants.

The Aquarium will re-open January 13, continuing the winter-schedule hours - 9 a.m. to 5 p.m. weekdays, 9 a.m. to 6 p.m. weekends and selected holidays and school vacations.

Des Plaines Camera Club

The Des Plaines Camera Club held its Inter-Club Monthly Slide and Print Competition on the 27th of November. Members participating submitted four color slides and/or prints. There are several categories for both color and monochrome photographs. The submissions were judged and critiqued by a panel of three judges from local camera clubs.

The Print-of-the-Month for November was captured by Evelyn Mikes for her small color photograph entitled, "Harvesting Cranberries". An Award was received by Evelyn Mikes for her small color print with Honorable Mention to Tom Chikulas and Evelyn Mikes. An Award and

Honorable Mention or small Monochrome prints was received by Jerry Peterson. November's Slide-of-the-Month was awarded to Lana Pederson for her slide entitled, "Perennial Garden." Awards were received by Ernie Stolle, Nancy Vlouin and Lana Pedersen with Honorable Mention to Ernie Stolle, Evelyn Mikes and Jean Ungar.

The Des Plaines Camera Club meets twice monthly on the second and fourth Monday of each month, September through May at the Des Plaines Public Library which is located at 841 Graceland Ave. in Des Plaines.

If you are interested in photography and would enjoy meeting people with the same interest, you are encouraged to attend and learn more about photography. Guests are always welcome. For additional information about the club and its activities, please call (708) 696-2899 or (708) 296-8282.

Room partner fun at SJB

The St. John Brebeuf second grade students in Mrs. Beierwaltes' class and the eighth grade students in Mrs. Guerrier's class meet every Thursday to share an activity together. The teachers have matched up these rooms because they share the special bond of receiving a sacrament during the school year. Typical activities include story writing, making books, religious projects, reading and math work. Both grades benefit from these weekly experiences, by gaining patience, trust and friendship, as well as knowledge.

The first time the two classes met, the eighth grade students made a giant memory game, enabling the second and eighth grade partners to work together. Shown above, Vito Marchese and Amalya Wagner are studying the "gameboard," honing to find a match.

MTJC classes

Adult Education classes at 7:30 a.m. and 3:45 p.m., continue Tuesday at 8 p.m. with Rabbi Edmund Winter addressing the issue of morals. Daily religious services are held Monday through Thursday at 7:30 a.m. and 7:30 p.m., Friday

Avoiding winter's friend

As the winter months approach, we can all begin to anticipate the dreaded cold and flu season. However, there are steps that can be taken in order to avoid becoming a cold or flu victim. One of the best precautionary measures is immunization. Immunization is effective in 75-90% of those vaccinated and can even help reduce the severity and duration of the illness. Germs need to be contained as well. You should wash your hands frequently and avoid enclosed places with coughing, sneezing people. In shared office conditions, your telephone should be washed free of germs. You can also keep your immune system healthy by getting plenty of rest, eating a balanced diet, practicing healthy responses to stress and exercising on a regular basis. Following these recommendations just might prevent winter's best friend from getting a hold of you.

Weekends: Big headaches for coffee drinkers?
If you're a coffee lover who has frequent headaches on weekends, you may be experiencing caffeine withdrawal. According to Norman Harden, MD, director of the Center for Pain Studies at the Rehabilitation Institute of Chicago, lots of coffee and lots of work just seem to go together Mondays through Fridays. But then on weekends, just when they expect to relax, coffee drinkers may experience annoying headaches.

If this is happening to you, Dr. Harden says you might want to consider cutting down on the amount of caffeine you drink during the week. Other headache triggers to watch for—both during the week and on weekends—are cheese, red wine and MSG.

Shuttle bus for LGH Rehab Facility

Lutheran General Hospital, Park Ridge, recently acquired a new shuttle bus to provide patients with free transportation to its comprehensive Outpatient Rehabilitation Facility (CORF) in Des Plaines.

The state-of-the-art vehicle transports persons requiring physical occupational or speech therapy from their homes to the CORF clinic located at 9375 Church St.

Equipped with improved safety features, the \$41,772 vehicle carries 10 seated passengers and three wheelchairs. It replaces a bus that was in service since 1985.

Besides free transportation services, the CORF also offers on-site adult day care for an additional fee. The day care program provides health care supervision and social interaction which are important components of therapy. Judi Doroff, CORF manager, added:

A physician's referral is required to participate in the outpatient rehabilitation program. For more information, call CORF at (708) 824-5165.

from Monday, Jan. 8, through Saturday, March 30. Evening and Saturday class times are available.

The water aerobics classes are designed to enhance cardiovascular fitness, increase strength and improve flexibility. No swimming skills are required. "Water aerobics is safe and fun for persons of all ages and physical conditions," said Marilyn Duschl, exercise specialist at the fitness center. "The buoyancy of the water reduces weight-bearing stress on the joints while the resistance of the water provides a medium by which to strength-train the muscular system."

In addition, water exercise classes provide a refreshing way to shed extra pounds, tone up and stay physically fit.

Classes being offered include: Aquacise (a moderately intensive cardiovascular workout incorporating strength and flexibility training in the water); Arthritis Water Exercise (a low intensity aquatic program to help those who suffer from arthritis to improve muscular strength and

joint mobility); and AquaFit (a water aerobic program for individuals looking for an intense cardiovascular workout. This workout is enhanced by deep water training and the use of aquatic equipment).

A physician's approval is required. In addition, all class participants must complete a health history and emergency contact form when they register.

For more information about water aerobics, registration for the session and class fees, call the water exercise program coordinator at the Lutheran General Fitness Center, (708) 723-6138.

Extra special stocking stuffers

Babies born at Swedish Covenant Hospital, 5145 N. California, during the holiday season go home in Christmas stockings which are made as a project of the SCH Service Guild. Here Guild members Marie Stachnik (left) and Liz Kerr (right), who made the stockings, join Service Guild President Candace Anderson in admiring two of these specially-wrapped "bundles of joy."

The Service Guild raises funds for several worthy causes throughout the year including a layette fund for SCH newborns in need of clothing and Project Noel, a fundraiser that provides food, clothing and toys for lower-income families in the hospital's service area. Information on joining the Service Guild may be obtained by calling Executive Director Susan Leinwohl at (312) 878-8200 ext. 5570.

Swedish Covenant is a member of Northwestern Healthcare, a leading regional health system.

A story for everyone who ever had a mother

Famous Door Theatre Co. begins the new year with the Chicago premiere of Mourning Pictures by noted American poet Honor Moore, with original music composed and performed by pianist Larrance Fingerhut. Directed by ensemble member Maureen Ryan, the play previews January 12, 13 and 15 at 8 p.m. and opens on January 16 at 7:30 p.m. for a six-week run.

Mourning Pictures chronicles the changing relationship between a daughter and her mother, recently diagnosed with a potentially fatal disease. Ms. Moore was inspired to write the play by her own experience with her mother. The play confronts many of Life's big questions: What are the powers and limitations of love? When is it best to fight and when is it best to accept? How do the living let go of the dying and how do the dying let go of all life has been? Moore uses her lyric gifts to explore these questions, creating a moving and life-affirming portrait through dialogue, poetry, and song.

Mourning Pictures runs Thursday, Fridays, and Saturdays at 8 p.m. and Sundays at 3 p.m. from January 18 to February 25 at the Famous Door Theatre, 3212 N. Broadway, Chicago. For reservations call (312) 404-8283. Tickets are \$15. Preview tickets are \$10.

Never shake your baby

Every year thousands of babies are injured and some die from being shaken. Shaking a baby, even one time, can delay normal development, result in brain damage, spinal injury, retarding or even death.

"In moments of frustration, parents may forget how fragile their children are," says David Kurtz, Ph.D., director of the Childhelp IOF Foresters Hotline. "The stretching motion that comes from a child's head snapping back and forth can rupture the bridging veins of the brain and result in lifelong injuries in a matter of seconds," Kurtz explains.

The Childhelp IOF Foresters Hotline (1-800-4-A-Child), the nation's largest child abuse hotline, provides 24-hour crisis counseling to parents, children, and adult survivors of abuse.

Parents may not realize the strength at which they handle their children when angry. Research shows that the danger of shaking your child is always present, but is most prevalent between birth and six years of age. Babies and infants are extremely at risk.

Even well-meaning parents can harm their child. While most parents enjoy the giggling and laughter as they toss their child up in the air, they need to be aware that the neck in small children and infants is very weak. The head, by contrast, is very heavy.

Here are some helpful hints to help you avoid injuring your child:

- Always support the neck of infants, babies and small children.
- If you are upset, calm down before dealing with your child.
- When playing with your child, never throw or toss the child.
- Screen all baby sitters carefully, know if they are upset.

The Childhelp IOF Foresters Hotline is the only North American, toll-free line which offers 24 hour access to counseling, professional, referral and reporting services. Hotline counselors have a minimum of a master's in psychology or a related field. Each receives specialized hotline training.

AT & T offers buyout to 78,000 employees

Approximately 78,000 AT & T managers must decide by December 29 whether to accept a buyout offer from their company that includes cash incentives and retirement benefits. Those who do not take the offer may face involuntary layoffs in January as part of AT & T's restructure into three companies.

In November, AT & T offered buy-out packages to almost half of its supervisory force. The package includes between 5 to 35 weeks of pay, depending on the manager's length of employment, plus a bonus of 20 percent of that lump sum. Additionally, the employees can receive distributions from their retirement plans.

Investment Representative Jeffrey Cardella of the financial-services firm Edward Jones said those who plan to take the buyout should start considering their options immediately.

"Certainly, leaving a company that you are comfortable with can be frightening and stressful," Cardella said. "But just like all of life's major changes, the transition will be easier for the individual who have a plan and are prepared. These employees have a number of options for retirement planning and investing."

"The employees who accept the buyout can put the eligible portion of their retirement plan dollars into an individual retirement account (IRA) and defer the taxes," Cardella said. "This alternative allows these dollars to grow tax-deferred, helping the individual to meet their retirement objectives."

Any cash incentives received by employees will be subject to taxes because the money is considered part of salary. Still, there may be an opportunity to make that money work toward a comfortable retirement or other long-term financial goals.

"Unless the person has another job, some of the cash may be

needed to live on. But the remainder of the money could be invested in ways that may help the person start over in a new career, start a new business or achieve other financial dreams," Cardella said. "Each person's situation will be different. Therefore, their financial planning must be very individualized to meet their specific needs."

AT & T would not say how many people would have to accept the buyout to prevent involuntary layoffs in January. The company also is evaluating about 130,000 non-management jobs that could be subject to layoffs.

AT & T is eliminating jobs as it prepares to start its three new companies: one that will deal with the long-distance, cellular-telephone and credit-card businesses; one that will make telephone equipment; and another that will supply computers.

Edward Jones is one of the largest financial-services firms in the nation with more than 3,100 branch offices located in 49 states. The firm serves more than 2 million clients and specializes in investments tailored to the needs of individual investors. It offers such investments as certificates of deposit, taxable and tax-free bonds, stocks and mutual funds.

The local office is located at 8141 N. Milwaukee Ave., Niles, (708) 470-8953.

Section 3. Registration of Bonds: Persons Treated as Owners: Global Book-Entry System. (a) General. The District shall cause books (the "Bond Register") for the registration and for the transfer of the Bonds as provided in this ordinance to be kept at the office of the Bond Registrar, which has been appointed by the District for this issue. The District is authorized to prepare, and the Bond Registrar shall keep, custody of, multiple Bond blanks executed by the District for use in the transfer and exchange of Bonds.

Upon surrender for transfer of any Bond at the office of the Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Bond Registrar and duly executed by, the registered owner or his attorney duly authorized in writing, the District shall execute and the Bond Registrar shall authenticate, date and deliver in the name of the transferee or transferees a new fully registered Bond or Bonds of the same maturity of authorized denominations, for a like aggregate principal amount. Any fully registered Bond or Bonds may be exchanged at said office of the Bond Registrar for a like aggregate principal amount of Bond or Bonds of the same maturity of other authorized denominations. The execution by the District of any fully registered Bond shall constitute full and due authorization of such Bond and the Bond Registrar shall thereby be authorized to authenticate, date and deliver such Bond, provided, however, the principal amount of outstanding Bonds of each maturity authenticated by the Bond Registrar shall not exceed the authorized principal amount of Bonds for such maturity less previous retirements.

The Bond Registrar shall not be required to transfer or exchange any Bond during the period beginning at the close of business on the fifteenth (15th) day of the month next preceding any interest payment date on such Bond and ending on such interest payment date, nor to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, nor during a period of fifteen (15) days next preceding the mailing of a notice of redemption of any Bonds.

each of the maturities of the Bonds as provided in Section 4 hereof, and the ownership of each such Bond shall be registered in the Bond Register in the name of Cede & Co., or any successor thereto ("Cede"), as nominee of The Depository Trust Company, New York, New York, and its successors and assigns ("DTC"). All of the outstanding Bonds shall be registered in the Bond Register in the name of Cede, as nominee of DTC, except as hereinafter provided. The President and Secretary of the District are hereby authorized to execute and deliver on behalf of the District such letters to or agreements with DTC and the Bond Registrar as shall be necessary to effectuate such book-entry system (any such letter or agreement being referred to herein as the "Representation Letter").

With respect to the Bonds registered in the Bond Register in the name of Cede, as nominee of DTC, the District and the Bond Registrar shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which DTC holds Bonds from time to time as securities depository (each such broker-dealer, bank or other financial institution being referred to herein as a "DTC Participant") or to any person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the District and the Bond Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other person, other than a registered owner of a Bond as shown in the Bond Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other person, other than a registered owner of a Bond as shown in the Bond Register, of any amount with respect to principal of or interest on the Bonds. The District and the Bond Registrar may treat and consider the person in whose name each Bond is registered in the Bond Register as the holder and absolute owner of such Bond for the purpose of payment of principal and interest with respect to such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Bond Registrar shall pay all principal of and interest on the Bonds only to or upon the order of the respective registered owners of the Bonds, as shown in the Bond Register, or their respective attorneys duly authorized in writing, and all such payment shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of principal of and interest on the Bonds to the extent of the sum or sums so paid. No person other than a registered owner of a Bond as shown in the Bond Register, shall receive a Bond certificate evidencing the obligation of the District to make payments of principal and interest with respect to any Bond. Upon delivery by DTC to the Bond Registrar of written notice, to the effect that DTC has determined to substitute a new nominee in place of Cede, the name "Cede" in this ordinance shall refer to such new nominee of DTC.

In the event that (i) the District determines that DTC is incapable of discharging its responsibilities described herein and in the Representation Letter, (ii) the agreement among the District, the Bond Registrar and DTC evidenced by the Representation Letter shall be terminated for any reason, or (iii) the District determines that it is in the best interests of the beneficial owners of the Bonds that they be able to obtain certificated Bonds, the District shall notify DTC and DTC Participants of the availability through DTC of Bond certificates and the Bonds shall no longer be restricted to being registered in the name of Cede, as nominee of DTC. At the time, the District may determine that the Bonds shall be registered in the name of and deposited with such other depository operating a global book-entry system, as may be acceptable to the District, or such depository's agent, as designated, and if the District does not select such alternate global book-entry system, then the Bonds may be registered in whatever name or names registered owners of Bonds transferring or exchanging Bonds shall designate, in accordance with the provisions of Section 9 hereof. Notwithstanding any other provision of this ordinance to the contrary, so long as any Bond is registered in the name of Cede, as nominee of DTC, all payments with respect to principal of and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, in the manner provided in the Representation Letter.

Section 4. Redemption. Bonds maturing on or after December 1, 2008, are subject to redemption prior to maturity at the option of the District, in whole or in part in internal multiples of \$5,000 in any order of their maturity on December 1, 2005, or on date thereafter, and if less than all of the outstanding Bonds are to be redeemed, the Bonds to be called shall be called in any order of their maturity and if less than all the Bonds of a single maturity to be selected by lot by the Bond Registrar at a redemption price of par plus accrued interest to the date fixed for redemption.

The District shall, at least forty-five (45) days prior to the redemption date (unless a shorter time period shall be satisfactory to the Bond Registrar), notify the Bond Registrar of such redemption date and of the principal amount of Bonds to be redeemed. For purposes of any redemption of less than all of the outstanding Bonds of a single maturity, the particular Bonds or portions of Bonds to be redeemed shall be selected not more than sixty (60) days prior to the redemption date by the Bond Registrar.

The Bond Registrar shall promptly notify the District in writing of the Bonds or portions of Bonds selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount thereof to be redeemed.

Unless waived by any holder of Bonds to be redeemed, notice of the call for any such redemption shall be given by the Bond Registrar on behalf of the District by mailing the redemption notice by registered or certified mail, at least thirty (30) days and not more than sixty (60) days prior to the date fixed for

redemption to the registered owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar.

- All notices of redemption shall state: (1) the redemption date, (2) the redemption price, (3) if less than all outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed, (4) that on the redemption date the redemption price will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date, (5) the place where such Bonds are to be surrendered for payment of the redemption price, which such place of payment shall be the principal corporate trust office of the Bond Registrar, and (6) such other information as shall be deemed necessary by the Bond Registrar at the time such notice is given to comply with applicable law or industry standards.

On or prior to any redemption date, the District shall deposit with the Bond Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions of Bonds which are to be redeemed on that date.

Notice of redemption having been given as aforesaid, the Bonds or portions of Bonds so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the District shall default in the payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Bond Registrar at the redemption price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the registered holder a new Bond or Bonds of the same rate of interest and maturity in the amount of the unpaid principal.

If any Bond or portion of Bond called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by the Bond or portion of Bond so called for redemption. All Bonds which have been redeemed shall be canceled and destroyed by the Bond Registrar and shall not be reissued.

used to pay underwriters' discount or compensation and accrued interest, other than accrued interest for a period not greater than one year before Closing but only if it is to be paid within one year after Closing and (b) amounts derived from the sale of any right that is part of the terms of a bond or is otherwise associated with a bond (e.g., a redemption right).

"Sale Proceeds Funds" means the funds containing amounts derived by the sale of the Bonds or investment earnings thereon.

"Yield" means that discount rate which when used in computing the present value of all payments of principal and interest paid and to be paid on an obligation (using semiannual compounding on the basis of a 360-day year) produces an amount equal to the obligation's purchase price, including accrued interest.

"Yield Reduction Payment" means a rebate payment or any other amount paid to the United States in the same manner as rebate amounts are required to be paid or at such other time or in such manner as the Internal Revenue Service may prescribe that will be treated as a reduction in yield of an investment under the Regulations.

10.2. Purpose of the Bonds. The Bonds are being issued to finance the Project in a prudent manner consistent with the revenue needs of the District. A breakdown of the sources and uses of all of the funds is set forth in Section 9 of this ordinance.

10.3. The Project - Binding Commitment and Timing. The District has incurred or will, within six months of the Closing, incur a substantial binding obligation (not subject to contingencies within the control of the District or any member of the same Controlled Group as the District) to a third party to expend at least five percent of the Sale Proceeds on the Project. It is expected that the work of acquiring and constructing the Project and the expenditure of amounts deposited into the Project Fund will continue to proceed with due diligence through December 28, 1998, at which time it is anticipated that all Sale Proceeds and investment earnings thereon will have been spent.

The investment earnings on the Project Fund will be spent to pay costs of the Project and interest on the Bonds not later than the date set forth in the preceding paragraph, the investment earnings on the Bond Fund will be spent to pay interest on the Bonds, or to the extent permitted by law, investment earnings on amounts in the Project Fund and the Bond Fund will be commingled with substantial revenues from the governmental operations of the District, and the earnings are reasonably expected to be spent for governmental purposes within six months of the date earned. Interest earnings on the Project Fund and the Bond Fund have not been earmarked or restricted by the Board for a designated purpose. No proceeds of the Bonds will be used more than 30 days after the date of issue of the Bonds for the purpose of paying any principal or interest on any issue of bonds, notes, certificates or warrants or on any installment contract or other obligation of the District or for the purpose of replacing any funds of the District used for such purpose.

10.4. Reimbursement. None of the Sale Proceeds or investment earnings thereon will be used for Reimbursed Expenditures.

10.5. Working Capital. All amounts in the Sale Proceeds Funds will be used, directly or indirectly, to finance Capital Expenditures other than the following:

(a) an amount not to exceed five percent of the Sale Proceeds for working capital expenditures directly related to Capital Expenditures financed by the Bonds;

(b) payments of interest on the Bonds for a period commencing at Closing and ending on the later of the date three years after Closing or one year after the date on which the Project is Placed-in-Service;

10.7. Investment of Bond Proceeds. Not more than fifty percent (50%) of the Sale Proceeds and investment earnings thereon are or will be invested in investments (other than qualified tax exempt obligations) having a yield that is substantially guaranteed for four (4) years or more. No portion of the Bonds is being issued solely for the purpose of investing Sale Proceeds and investment earnings thereon at a yield higher than the yield on the Bonds.

LEGAL NOTICE

10.8. No Grants. None of the Sale Proceeds or investment earnings thereon will be used to make grants to any person.

10.9. Hedges. Neither the District nor any member of the same Controlled Group as the District has entered into or expects to enter into any hedge (e.g., interest rate swap, interest rate cap, futures contract, forward contract or an option) with respect to the Bonds. The District acknowledges that any such hedge could affect the calculation of Bond Yield under the Regulations.

10.10. Use of Proceeds.

(a) The use of the Sale Proceeds and investment earnings thereon and the funds held under the ordinance at the time of Closing are described in the two preceding sections of this ordinance.

(b) Only the funds and accounts described in said Sections will be funded at Closing. There are no other funds or accounts created under this ordinance.

(c) Principal of and interest on the Bonds will be paid from the Bond Fund.

(d) Any Costs of Issuance incurred in connection with the Bonds to be paid by the District will be paid from the Project Fund.

(e) The costs of the Project will be paid from the Project Fund and no other moneys (except for investment earnings on amounts in the Project Fund) are expected to be deposited therein.

10.11. Purpose of Bond Fund. The Bond Fund will be used primarily to achieve a proper matching of revenues and earnings with principal and interest payments on the Bonds in each bond year. It is expected that the Bond Fund will be depleted at least once a year, except for a reasonable carry over amount not to exceed the greater of (a) the earnings on the investment of moneys in the Bond Fund for the immediately preceding bond year or (b) 1/12th of the principal, and interest payments on the Bonds for the immediately preceding bond year.

10.12. No Other Gross Proceeds. (a) Except for the Bond Fund and the Project Fund, and except for investment earnings that have been commingled as described in paragraph 10.3 and any credit enhancement or liquidity device related to the Bonds, after the issuance of the Bonds, neither the District nor any member of the same Controlled Group as the District has or will have any property, including cash or securities that constitutes:

(i) Sale Proceeds;

(ii) amounts in any fund and account with respect to the Bonds (other than the Rebate Fund);

(iii) amounts that have a sufficiently direct nexus to the Bonds or to the governmental purpose of the Bonds, to conclude that the amounts would have been used for that governmental purpose if the Bonds were not used or to be used for that governmental purpose (the mere availability or preliminary earmarking of such amounts for a governmental purpose, however, does not itself establish such a sufficient nexus);

(iv) amounts in a debt service fund, redemption fund, reserve fund, replacement fund or any similar fund to the extent reasonably expected to be used directly or indirectly to pay principal of or interest on the Bonds or any amounts for which there is provided, directly or indirectly, a reasonable assurance that the amount will be available to pay principal of or interest on the Bonds or any obligations under any credit enhancement or liquidity device with respect to the Bonds, even if the District encounters financial difficulties;

(v) any amounts held pursuant to any agreement (such as an agreement to maintain certain levels of types of assets) made for the benefit of the Bondholders or any credit enhancement provider, including any liquidity device or negative pledge (any amount pledged to pay principal of or interest on an issue held under an agreement to maintain the amount at a particular level for the direct or indirect benefit of bondholders or a guarantor of the bonds); or

(vi) amounts actually or constructively received from the investment and reinvestment of the amounts described in (i) or (ii) above.

(b) No compensating balance, liquidity account, negative pledge of property held for investment purposes or similar arrangement exists with respect to, in any way, the Bonds or any credit enhancement or liquidity device related to the Bonds.

(c) The term of the Bonds is not longer than is reasonably necessary for the governmental purposes of the Bonds. The average reasonably expected economic life of the Project is at least 40 years. The weighted average maturity of the Bonds does not exceed 18 years and does not exceed 120 percent

of the average reasonably expected economic life of the Project.

10.13. Rebate Fund. The District is hereby authorized to create and establish a special fund to be known as the Rebate Fund (the "Rebate Fund"), which, if created, shall be continuously held, invested, expended and accounted for in accordance with this ordinance. Moneys in the Rebate Fund shall not be considered moneys held for the benefit of the Bondholders. Except as provided in the Regulations, moneys in the Rebate Fund (including earnings and deposits therein) shall be held in trust for payment to the United States Government as required by the Rebate Provisions and by the Regulations and as contemplated under the provisions of this ordinance.

10.14. Compliance with Rebate Provisions. The District covenants to take such actions and make, or cause to be made, all calculations, transfers and payments that may be necessary to comply with the Rebate Provisions applicable to the Bonds. The District will make, or cause to be made, rebate payments with respect to the Bonds in accordance with law.

10.15. Records. The District agrees to keep and retain or cause to be kept and retained until six years after the Bonds are paid in full adequate records with respect to the investment of all Gross Proceeds and amounts in the Rebate Fund. Such records shall include: (a) purchase price; (b) maturity date; (c) type of investment; (d) accrued interest paid; (e) interest rate; (f) principal amount; (g) amortization date; (h) interest payment date; (i) date of liquidation; and (j) receipt upon liquidation.

If any investment becomes Gross Proceeds on a date other than the date such investment is purchased, the records required to be kept shall include the fair market value of such investment on the date it becomes Gross Proceeds. If any investment is retained after the date the last Bond is retired, the records required to be kept shall include the fair market value of such investment on the date the last bond is retired. Amounts or investments will be segregated whenever necessary to maintain these records.

10.16. Fair Market Value; Certificates of Deposit and Investment Agreements. In making investments of Gross Proceeds, the District shall take into account prudent investment standards including the date on which moneys to be invested may be needed. The District shall provide that all amounts which constitute Gross Proceeds and any amounts in the Rebate Fund shall be invested at all times to the greatest extent practicable in investments permitted under this ordinance, and no amounts may be held as cash or be invested in zero yield investments other than obligations of the United States purchased directly from the United States; provided, however, that in the event moneys cannot be invested, other than as provided in this sentence, due to the denomination, price or availability of investments, such amounts shall be invested in an interest bearing deposit account of a bank with a yield not less than that paid to the general public or held uninvested (but uninvested amounts shall be held to the minimum amount necessary).

Gross Proceeds and any amounts in the Rebate Fund that are invested in certificates of deposit or in GICs shall be invested only in accordance with the following provisions:

(a) Investments in certificates of deposit of banks or savings and loan associations that have a fixed interest rate, fixed payment schedules and substantial penalties for early withdrawal shall be made only if either (i) the yield on the certificate of deposit (A) is not less than the yield on reasonably comparable direct obligations of the United States and (B) is not less than the highest yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public or (ii) the investment is an investment in a GIC and qualifies under paragraph (b) below.

(b) Investments in GICs shall be made only if

(i) a bona fide solicitation is made for a specified GIC and at least three bona fide bids from different providers that have no material financial interest in the Bonds (e.g., as underwriters or brokers) are received;

(ii) the highest-yielding GIC for which a qualifying bid is made (determined net of broker's fees) is in fact purchased;

(iii) the yield on the GIC (determined net of broker's fees) is not less than the yield then available from the provider on reasonably comparable GICs, if any, offered to other persons from a source of funds other than Gross Proceeds of tax-exempt obligations;

(iv) the determination of the terms of the GIC takes into account as a significant factor the District's reasonably expected drawdown schedule for the amounts to be invested, except for amounts deposited in the Bond Fund;

(v) the terms of the GIC, including collateral security requirements, are reasonable; and

(vi) the obligor on the GIC certifies the adminis-

trative costs that it is paying or expects to pay to third parties in connection with the GIC.

Moneys to be rebated to the United States shall be invested to mature on or prior to the anticipated rebate payment date. All investments made with Gross Proceeds or amounts in the Rebate Fund shall be bought and sold at fair market value. The fair market value of an investment is the price at which a willing buyer would purchase the investment from a willing seller in a bona fide, arm's length transaction. Except for investments specifically described in this section and United States Treasury obligations that are purchased directly from the United States Treasury, only investments that are traded on an established securities market, within the meaning of regulations promulgated under Section 1272 of the Code, will be purchased with Gross Proceeds. In general, an "established securities market" includes: (i) property that is listed on a national securities exchange, an interdealer quotation system or certain foreign exchanges; (ii) property that is traded on a commodities Futures Trading Commission designated Council of trade or an interbank market; (iii) property that appears on a quotation medium; and (iv) property for which price quotations are readily available from dealers and brokers. A debt instrument is not treated as traded on an established market solely because it is convertible into property which is so traded.

An investment of Gross Proceeds in an External Commingled Fund shall be made only to the extent that such investment is made without an intent to reduce the amount to be rebated to the United States Government or to create a smaller profit or a larger loss than would have resulted if the transaction had been at arm's length and had the rebate or yield restriction requirements not been relevant to the District. An investment of Gross Proceeds shall be made in a Commingled Fund other than an External Commingled Fund only if the investment made by such Commingled Fund satisfy the provisions of this paragraph.

10.17. Rebate Exemption. The District is a governmental unit that has the power (not contingent on approval by another entity) to impose a tax (or to cause another entity to impose a tax) of general applicability (not limited to a small number of persons) that, when collected, may be used for the governmental purposes of the District. The District is not controlled by any other governmental unit or political subdivision. No part of the Bonds is or will be a "private activity bond" (as defined in Section 141 of the Code). Ninety-five percent (95%) or more of the proceeds of the Bonds will be used for local governmental activities of the District. The District hereby covenants and agrees, to and for the benefit of the holders from time to time of the Bonds, that neither the District, any entity that issues tax-exempt bonds on behalf of the District nor any entity controlled by the District will issue, during the calendar year 1995, any tax-exempt bonds in an aggregate face amount in excess of \$5,000,000, unless the District for itself, any entity issuing or behalf of the District or any entity that it controls, prior to the issuance of any such bonds or other obligations, shall have obtained an opinion of Chapman and Cutler, or any other nationally recognized firm of attorneys experienced in the field of municipal bonds whose opinions are generally accepted by purchasers of municipal bonds ("Bond Counsel") to the effect that such issuance will not cause the Bonds to become ineligible for the rebate exception contained in Section 148(f)(4)(D) of the Code or, alternatively, that some other exception to the rebate requirements imposed by Section 148(f) of the Code is available and that the District qualifies for such alternative exception or that the District has undertaken, in a satisfactory manner, to comply generally with the requirements of Section 148(f) of the Code, including, without limitation, the entering into such Tax Certificate and making of such representations as may be determined by Bond Counsel to be necessary and sufficient for the purpose of such undertaking. As used herein, (i) "tax-exempt bonds" means obligations of a kind, the interest on which is excludable from gross income of the holder or owner thereof for federal income tax purposes pursuant to Section 103 of the Code but not including "private activity bonds" (as defined in the Code) and (ii) aggregate face amount means, if any issue has more than a De minimis Amount of Original Issue Discount or Premium, the issue price of the issue. Therefore, the District reasonably expects on the date hereof, that the aggregate face amount of all such tax-exempt bonds of the District, any entity that issues tax-exempt bonds on behalf of the District or any entity controlled by the District issued during calendar year 1995 will not exceed \$5,000,000. For purposes hereof, "De minimis Amount of Original Issue Discount or Premium" means (i) an amount that does not exceed two percent (2%) of the obligation's stated redemption price at maturity, plus (ii) any original issue premium that is attributable exclusively to reasonable underwriter's compensation. Therefore, subject to compliance with all the terms and provisions hereof, the District is excepted from the required rebate of arbitrage profits on the Bonds under Section 148(f)(4)(D) of the Code and from the terms and provisions hereof that need only be complied with if the District is subject to the arbitrage rebate requirement.

10.18. Arbitrage Elections. The President and the Secretary of the Board and the Treasurer of the District are both hereby authorized to execute one or more elections regarding certain matters with respect to arbitrage.

10.19. Issue Price. For purposes of determining the

Yield on the Bonds, the purchase price of the Bonds is equal to the first offer price at which the Purchaser sold at least ten percent of each maturity of the Bonds or is equal to par, plus accrued interest, if the Purchaser does not intend to resell the Bonds.

10.20. Yield Limits. (a) Except as provided in paragraph (b) or (c), all Gross Proceeds shall be invested at market prices and at a Yield (after taking into account any Yield Reduction Payments) not in excess of the Yield on the Bonds plus, for amounts in the Project Fund only, 1/8th of one percent.

(b) The following may be invested without Yield restriction:

(i) amounts invested in Qualified Tax Exempt Obligations (to the extent permitted by the Act and this ordinance);

(ii) amounts in the Rebate Fund;

(iii) amounts on deposit in the Bond Fund (except for capitalized interest) that have not been on deposit under the ordinance for more than 13 months, so long as the Bond Fund continues to qualify as a bona fide debt service fund as described in paragraph 3.2 hereof;

(iv) amounts on deposit in the Project Fund prior to the earlier of three years after Closing or the completion (or abandonment) of the Project;

(v) amounts in the Bond Fund to be used to pay capitalized interest on the Bonds prior to the earlier of three years after Closing or the payment of all capitalized interest;

(vi) all amounts for the first 30 days after they become Gross Proceeds; and

(vii) all amounts derived from the investment of Sale Proceeds and investment earnings thereon for a period of one year from the date received.

(c) An amount not to exceed the lesser of \$100,000 or five percent of the Sale Proceeds may be invested without regard to Yield restriction.

10.21. Continuing Nature of Yield Limits. Except as provided in paragraph 10.20 once moneys are subject to the yield limits of paragraph 10.20 hereof, such moneys remain Yield restricted until they cease to be Gross Proceeds.

10.22. Federal Guarantees. Except for investments meeting the requirements of paragraph 10.20(b) hereof, investments of Gross Proceeds shall not be made in (a) investments constituting obligations of or guaranteed, directly or indirectly, by the United States (except obligations of the United States Treasury, obligations guaranteed by the Federal Housing Administration, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Government National Mortgage Association, the Student Loan Marketing Association, any guarantee by the Bonneville Power Authority pursuant to the Northwest Power Act (16 U.S.C. 839d) as in effect on the date of enactment of the Tax Reform Act of 1984, or investments in obligations issued pursuant to Section 21B(d)(3) of the Federal Home Loan Bank, as amended (e.g., Refcorp Strips); or (b) federally insured deposits or accounts (as defined in Section 149(b)(4)(B) of the Code). No portion of the payment of principal or interest on the Bonds or any other credit enhancement or liquidity device relating to the foregoing is or will be guaranteed, directly or indirectly (in whole or in part), by the United States (or any agency or instrumentality thereof). No portion of the Gross Proceeds has been or will be used to make loans the payment of principal or interest with respect to which is or will be guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof).

10.23. Payment and Use Tests. (a) No more than five percent of the Sale Proceeds plus investment earnings thereon will be used, directly or indirectly, in whole or in part, in any activity carried on by any person other than a state or local governmental unit.

(b) The payment of more than five percent of the principal of or the interest on the Bonds will not be, directly or indirectly (1) secured by any interest in (A) property used or to be used in any activity carried on by any person other than a state or local governmental unit or (B) payments in respect of such property or (ii) on a present value basis, derived from payments (whether or not by or to the District) in respect of property, or borrowed money, used or to be used in any activity carried on by any person other than a state or local governmental unit.

(c) No more than five percent of the Sale Proceeds and investment earnings thereon will be used, directly or indirectly, to make or finance loans to any persons.

(d) No users of the Project other than state or local governmental units will use more than five percent of the Project, in the aggregate, on any basis other than the same basis as the general public, and no person other than a state or local governmental unit will be users of more than five percent of the Project, in the aggregate, as a result of

(i) ownership, (ii) actual or beneficial use pursuant to a lease or a management, service, incentive payment or output contract, or (iii) any other similar arrangement, agreement or understanding, whether written or oral.

10.24. U.S. Form 8038-G. The information contained in the Information Return for Tax-Exempt Governmental Obligations, Form 8038-G, is true and complete. The District will file Form 8038-G (and all other required information reporting forms) in a timely manner.

10.25. Termination; Interest of District in Rebate Fund. The terms and provisions set forth in this Section shall terminate at the later of (a) 75 days after the Bonds have been fully paid and retired or (b) the date on which all amounts remaining on deposit in the Rebate Fund, if any, shall have been paid to or upon the order of the United States and any other payments required to satisfy the Rebate Provisions of the Code have been made to the United States. Notwithstanding the foregoing, the provisions of paragraph 10.15 hereof shall not terminate until the sixth anniversary of the date the Bonds are fully paid and retired.

10.26. No Common Plan of Financing. Since a date that is 15 days prior to the date of sale of the Bonds by the District to the Purchaser, neither the District nor any member of the same Controlled Group as the District has sold or delivered any obligations other than the Bonds that are reasonably expected to be paid out of substantially the same source of funds as the Bonds. Neither the District nor any member of the same Controlled Group as the District will sell or deliver within 15 days after the date hereof any obligations other than the Bonds that are reasonably expected to be paid out of substantially the same source of funds as the Bonds.

10.27. No Sale of the Project. No acquisition or improvement made as a Material Part of the Project has been or is expected to be sold or otherwise disposed of in whole or in part prior to the last maturity of the Bonds. "Material Part" means (i) land, or (ii) any improvement, or (iii) personal property or fixtures in excess of that which is expected to be sold, traded in or discarded upon wearing out or becoming obsolete.

10.28. Bank Qualification.

(a) The District hereby designates each of the Bonds as a "qualified tax-exempt obligation" for the purposes and within the meaning of Section 265(b)(3) of the Code. In support of such designation, the District hereby certifies that (i) none of the bonds will be at anytime a "private activity bond" (as defined in Section 141 of the Code) other than a "qualified 501(c)(3) bond" (as defined in Section 145 of the Code), (ii) as of the date hereof, the District has not issued any tax-exempt obligations of any kind in calendar year 1994 other than the Bonds nor have any tax-exempt obligations of any kind been issued on behalf of the District and (iii) not more than \$10,000,000 of obligations of any kind (including the Bonds) issued by or on behalf of the District during calendar year 1994 will be designated for purposes of Section 265(b)(3) of the Code.

(b) The District is not subject to Control by any entity, and there are no entities subject to Control by the District.

(c) On the date hereof, the District does not reasonably anticipate that for calendar year 1995 it will issue any Section 265 Tax-Exempt Obligations (including the Bonds), or that any Section 265 Tax-Exempt Obligations will be issued on behalf of it. "Section 265 Tax-Exempt obligations" are obligations the interest on which is excludable from gross income of the owners thereof under Section 103 of the Code, except for private activity bonds other than qualified 501(c)(3) bonds, both as defined in Section 141 of the Code. The District will not issue or permit the issuance on behalf of it or by any entity subject to Control by the District (which may hereafter come into existence) of Section 265 Tax-Exempt Obligations (including the Bonds) that exceed the aggregate amount of \$10,000,000 during calendar year 1995 unless it first obtains an opinion of Bond Counsel to the effect that such issuance will not adversely affect the treatment of the Bonds as "qualified tax-exempt obligations" for the purpose and within the meaning of Section 265(b)(3) of the Code.

10.29. Future Events. The District acknowledges that any changes in facts or expectations from those set forth herein may result in different Yield restrictions or rebate requirements from those set forth herein. Such changes in facts or expectations might include, but are not in any respect whatsoever limited to, moneys or investments being pledged or otherwise set aside for payment of principal or interest on the Bonds, amounts being derived from the sale of any right that is part of the terms of a Bond or is otherwise associated with a Bond (e.g., a redemption right) or the District entering into any agreement to maintain certain levels of types of assets for the benefit of a holder of a bond or any credit enhancement with respect to the Bonds. The District shall promptly contact Bond Counsel if such changes do occur.

Stolen Auto

A 56-year-old manager of a retail store parked his red 1994 Cadillac Seville in the east lot of the restaurant in the 8800 block of Dempster Street at 12:05 p.m. Dec. 11. When he returned at 4:42 p.m., the car was gone. A search of the lot by police proved negative.

Theft

The security agent of a retail store in the 9500 block of Greenwood Avenue responded to an alarm from the emergency door on the south side of the building around 8:45 p.m. Dec. 11.

He found three Sega Saturn systems sitting next to the door. He checked the display and discovered that six of the systems had been removed.

A customer said he saw a white male, 18 to 19 years old, wearing a green jacket and white baseball cap, standing next to the door before the alarm went off. The agent discovered fresh tire tracks in the snow outside the south doors.

Store security staff will review security films to discover the identity of the offender. The merchandise stolen was valued at \$299.

Theft from auto

The manager of vehicle preparation of the car agency in the 9400 block of Milwaukee Avenue reported that unknown offender(s) removed an in-dash

AM/FM cassette stereo from a Ford Windstar parked in the rear lot sometime between Dec. 6 and 10:15 Dec. 12. The stereo is valued at \$300.

Holiday happenings at Regina Dominican

A variety of religious, service and social activities mark the advent season at Regina Dominican. Food baskets were collected in each homeroom and delivered to the Howard Area Community Center on December 20.

The Chamber Singers continue to perform for a number of businesses and institutions including St. Leonard's House—a halfway house for ex-offenders in Chicago, the Palm Court at the Drake Hotel, Lexington Health Care, a private party at the Evanston Golf Club and the Family Pavilion at Navy Pier. The local Chamber Singers include: Elizabeth Yaylali, Lincolnwood and Gina Rosanova, Morton Grove. The music department performed the annual Christmas concert for the Regina Dominican community on December 5. The Christmas concert featured Chamber Singers, Artistry Show Choir, Regina Singers, Advanced Chorus and the Regina Orchestra under the direction of music teacher, Suzanne Senese of Glenview.

A Christmas Liturgy will be celebrated Dec. 21. Christmas vacation will begin at 2:30 p.m. that day. Classes will resume Monday, Jan. 8.

LEGAL NOTICE

10.30. Permitted Changes; Opinion of Bond Counsel. The yield restrictions contained in paragraph 10.20 or any other restriction or covenant contained herein need not be observed or may be changed if the District receives an opinion of Bond Counsel to the effect that such nonobservance or change will not result in the loss of any exemption for the purpose of federal income taxation to which interest on the Bonds is otherwise entitled.

10.31. Successors and Assigns. The terms, provisions, covenants and conditions of this Section shall bind and inure to the benefit of the respective successors and assigns of the Board and the District.

10.32. Expectations. The Board has reviewed the facts, estimates and circumstances in existence on the date of issuance of the Bonds. Such facts, estimates and circumstances, together with the expectations of the District as to future events, are set forth in summary form in this Section. Such facts and estimates are true and are not incomplete in any material respect. On the basis of the facts and estimates contained herein, the District has adopted the expectations contained herein. On the basis of such facts, estimates, circumstances and expectations, it is not expected that the Sale Proceeds or any other moneys or property will be used in a manner that will cause the Bonds to be arbitrage bonds within the meaning of the Rebate Provisions and the Regulations. Such expectations are reasonable and there are no other facts, estimates and circumstances that would materially change such expectations.

The District also agrees and covenants with the purchasers and holders of the Bonds from time to time outstanding that to the extent possible under Illinois law, it will comply with whatever federal tax law is adopted in the future which applies to the Bonds and affects the tax-exempt status of the Bonds.

The Board hereby authorizes the officials of the District responsible for issuing the Bonds, the same being the President and Secretary of the District and the Treasurer of the District, to make such further covenants and certifications as may be necessary to assure that the use thereof will not cause the Bonds to be arbitrage bonds and to assure that the interest in the Bonds will be exempt from federal income taxation. In connection therewith, the District and the Board further agree: (a) through its officers, to make such further specific covenants, representations as shall be truthful, and assurances as may be necessary or advisable; (b) to consult with counsel approving the Bonds and to comply with such advice as may be given; (c) to pay to the United States, as necessary, such sums of money representing required rebates of excess arbitrage profits relating to the Bonds; (d) to file such forms, statements, and supporting documents as may be required and in a timely manner; and (e) if deemed necessary or advisable by its officers, to employ and pay fiscal agents, financial advisors, attorneys, and other persons to assist the District in such compliance.

Section 11. Registered Form. The District recognizes that Section 149(a) of the Code requires the Bonds to be issued and to remain in fully registered form in order that interest thereon be exempt from federal income taxation under laws in force at the time the Bonds are delivered. In this connection, the District agrees that it will not take any action to permit the Bonds to be issued in, or converted into, bearer or coupon form.

Section 12. List of Bondholders. The Bond Registrar shall maintain a list of the names and addresses of the holders of all Bonds and upon any transfer shall add the name and address of the

new Bondholder and eliminate the name and address of the transferor Bondholder.

Section 13. Duties of Bond Registrar. If requested by the Bond Registrar, the President and Secretary are authorized to execute the Bond Registrar's standard form of agreement between the District and the Bond Registrar with respect to the obligations and duties of the Bond Registrar hereunder which shall include the following, if no contrary agreement is reached:

- (a) to act as bond registrar, authenticating agent, Bond Registrar and transfer agent as provided herein;
- (b) to maintain a list of Bondholders as set forth herein and to furnish such list to the District upon request, but otherwise to keep such list confidential;
- (c) to give notice of redemption of Bonds as provided herein;
- (d) to cancel and/or destroy Bonds which have been paid at maturity or upon earlier redemption or submitted for exchange or transfer;
- (e) to furnish the District at least annually a certificate with respect to Bonds cancelled and/or destroyed; and
- (f) to furnish the District at least annually an audit confirmation of Bonds paid, Bonds outstanding and payments made with respect to interest on the Bonds.

Section 14. Bond Insurance. In the event that any insurer provides an insurance policy relating to the Bonds, the standard package of terms, covenants and warranties applicable to the issuer of bonds shall be incorporated herein by this reference as though set forth in full in this Section. Such standard package shall be attached hereto as Exhibit A.

Section 15. Publication and Posting. Within fourteen (14) days of passage hereof this Ordinance shall be published once in the Niles Bugle the same being a newspaper published in and having a general circulation in the District and shall be posted in at least ten (10) of the most conspicuous places within the District as far separated from each other as is conveniently possible. Within three (3) days of passage hereof, this Ordinance shall be posted in a public area of the library presently operated by the District and shall remain posted for at least fourteen (14) days thereafter.

Section 16. Superseder and Effective Date. All ordinances, resolutions and orders, or parts thereof, in conflict herewith, are to the extent of such conflict hereby superseded; and this Ordinance shall be in full force and effect immediately upon its passage, posting and publication as provided by law but in any event not before the fourteenth day after posting of the ordinance in a public area of the District's library building.

General Worry free winter

As the temperature drops the number of residential fires goes up. Now that the home heating season has begun, have a qualified serviceman inspect your furnace and change the filters. Make sure that all papers, trash, combustibles and flammable liquids are kept away from the furnace area.

If you have a fireplace or wood stove that you use for home heating, make sure that it is cleaned and inspected by a qualified chimney sweep. Burn only dry well seasoned hard woods such as oak, hickory and maple. Avoid wood that is green and moist. When using your fireplace, make sure the opening is covered with a metal screen or glass door and never leave a fire unattended. A wood stove should have a minimum clearance of 36 inches between the stove and combustible walls and ceilings. Flammable liquids should never be used to start or accelerate any fire. Place ashes in a metal container and store outside away from the house.

Portable space heater, electric or kerosene also need special attention. Make sure there is a

minimum of 36 inches clearance on all sides of these heaters. Small children should not be left unattended in a room with a portable heater. Follow the manufacturer's suggestions for proper operation and maintenance. Keep kerosene stored in approved metal containers in a well ventilated area outside the house, and never attempt to refuel a heater while it's operating or hot.

Frozen water pipes? Never try to thaw them with a blow torch or other open flame. Use hot water or an underwriters laboratories labeled device for thawing. Assist your fire department by keeping fire hydrants near your home clear of snow, so in the event of a fire, the hydrant can be easily located. Make sure there are operating smoke detectors on each level of your home. Your family should have and practice a home fire escape plan. For additional information call: North Maine Fire Department Fire Inspector Lazier (708) 297-5020.
