Amlings armed robbers apprehended

The Niles Police Department reported that the armed robbery that occurred at the Amlings Flowerland, 7025 Dempster St. Jan. 14 has been solved and the three offenders have been jailed pending trial.

The three suspects had been arrested Feb. 9 by the Chicago Police Department for a string of south side robberies. Niles police investigators obtained information on the suspects because they appeared to fit the description of the offenders in the Niles robbery. When the suspects were

brought to the Niles Police Department they were positively identified in a line-up by the victims.

The suspects were identified as Timothy E. Eckman, 45, of Chicago, Aheid S. Taamneh, 23, and Ayad J. Swais, 24, both of Chicago Ridge.

The State's Attorney approved felony charges of armed robbery, aggravated battery and aggravated unlawful restraint for all three suspects. Bond was set at \$300,000 by Judge Fossard pending a Feb. 16 court date.

Retired Niles Police Lieutenant Frank Stankowicz nabs Des Plaines man prior to TCF bank robbery

Quick Niles Police action prevents bank robbery

By Rosemary Tirio

Acting on a hunch and 30 years' police experience, Special Service Officer Frank Stankowicz averted what would have been the 23rd bank robbery in the Chicago area this year.

Stankowicz, who came out of retirement in January to join the Special Service Officer (SSO) Program, was on neighborhood patrol around 7:15 p.m. Feb. 9 when he observed a suspicious auto in the parking lot at 7727 N. Milwaukee Ave.

Stankowicz radioed for backup units and relayed the information of the suspicious auto to the regularly assigned officers who arrived at the scene and confronted the suspect, identified as Robert S. Evans, 52, of 9987 Linda Lane, Des Plaines.

Evans was wearing a fake beard and mustache, and when he exited the car, police noticed several suspicious items, including a handgun protruding from under the front seat.

Evans was placed under arrest and transported to the Niles Police Department where he was

searched. A note, which appeared to be a robbery demand message, was discovered in Evans' pocket.

After extensive questioning, Evans admitted his intention to rob the TCF Bank at 7759 N. Milwaukee Ave. The FBI and other police agencies were notified.

and an investigation into other possible robberies by Evans was begun.

Evans was charged with attempted aggravated robbery. Bond was set at \$200,000 pending a Feb. 16 court date.

Laundry room thief strikes condos

by Rosemary Tirio

A rash of laundry room burglaries is sweeping through area condominium buildings.

The manager of the condominium buildings in the 9000 block of Terrace Drive and the 9000 block of Heathwood Drive reported that unknown offenders removed cash boxes from five washing machines in three laundry rooms of the Terrace Drive building and two washing machines in the laundry room of the Heathwood Drive building.

The thefts took place Feb. 7 between noon and 3 p.m. in the Heathwood Drive building and between 3:15 p.m. and 3:40 p.m. in the Terrace Drive building.

The machines are the property of Family Pride Laundry of Lombard. An unknown amount of money was taken, but no damage was done to the washing machines or to the front and rear entrances of the condominium buildings.

A similar incident was reported in a condominium building in the 600 block of Hunt Club Drive in Mt. Prospect.

Stankowicz cited in halting bank heist

Retired Niles Police Lieutenant Frank Stankowicz, above, is credited in the Friday, February 9, arrest of a Des Plaines man prior to his robbing TCF Bank in Niles, according to Niles Police. Stankowicz, a member of Niles' Special Service Officer program, alerted patrolling Niles Police officers when he saw Robert Evans, 52, of Des Plaines sitting in an auto near the bank. Niles Police report Evans admitted planning to rob the bank located at 7759 N. Milwaukee Avenue.

Leaving accident scene

A 23-year-old Chicago man was charged with leaving the scene of a personal injury accident, failure to give aid and information and following too closely in an incident that occurred in the 9000 block of Milwaukee Avenue.

A 25-year-old figure skating coach at the ice rink in the 8400 block of Ballard Road reported that unknown offender(s) used an ice skate blade or other sharp object to scratch the left front bumper area of her 1989 Honda Accord while it was parked in the north lot of the rink sometime between 5:45 a.m. and 10 a.m. Feb. 7.

The left headlight cover was also pulled up causing additional damage to the auto. Repair costs were estimated at \$200.

Criminal damage to bus

A 55-year-old employee of a bus company reported that unknown offender(s) gained entry to a bus while it was parked in a parking lot in the 8100 block of Golf Road sometime between 6:30 p.m. Feb. 15 and 6 a.m. Feb. 16.

Once inside the bus, the offenders sprayed the fire extinguisher all over the interior of the bus, poked holes in all the seats, and threw garbage all over. They also sprayed the exterior of the bus with the fire extinguisher.

Damage to auto

A 75-year-old retired Niles man contacted police Feb. 6 after his 1996 Ford Thunderbird was damaged at the car wash at 900 Civic Center.

The victim said that the 22-year-old attendant told him to enter the car wash bay and put the car in neutral, which he did. During the car wash, the victim heard grinding noises. After exiting the car wash, the victim discovered the left front tire was flat and the antenna was bent.

The victim said the 52-year-

old manager told him the car wash would not pay for the damage, because the victim did not put the auto in neutral prior to the beginning of the car wash.

The victim said he did not want a police follow-up but would contact his attorney.

Injury/Theft

A 66-year-old Niles man was transported to Lutheran General Hospital after he slipped, fell and temporarily lost consciousness in a retail store in the Golf Mill shopping center Feb. 8 around 3:38 p.m.

While at the hospital, the victim discovered that \$80 and a belt he had bought were missing.

Fire Department and hospital staff checked to see if the items were left behind but with no success.

Theft

A 52-year-old Morton Grove woman reported that she left a COMPAQ laptop computer valued at \$3,000 on the pay phone shelf in a Golf Mill retail store after making a phone call around 3:40 p.m. Feb. 9.

The victim said a white female approximately 70 years of age with red hair was waiting to use the phone after her, but she was gone when the victim returned.

Dumpster fire

The 47-year-old janitor at the YMCA in the 6300 block of Touhy Avenue reported that a fire broke out in a dumpster and box

A 68-year-old Niles woman living in the 7100 block of Main Street reported that unknown offender(s) driving an unknown vehicle equipped with utility-type tires drove onto her lawn two times knocking down a six-foot tree and damaging 100 square feet of sod sometime between 12:30 a.m. and 8:39 a.m. Feb. 9. Damage was estimated at \$700.

State warns 10,000 to pay child support

Some 10,000 persons owing child support in the state began receiving first-ever notices warning them to pay up or the Illinois Department of Revenue will treat them like tax scofflaws.

The Illinois Department of Public Aid mailed the notices to child support debtors, giving them 15 days to pay, make arrangements for payment, or provide documentation that they do not owe child support.

If the parents fail to do any of these, the Department of Revenue can garnish their wages and bank accounts; seize personal assets or file liens against real estate, just as it now does in tax cases. The law, a part of last year's Fast Track Welfare Reforms (Senate Bill-10), became effective Dec. 31.

International notices about the pending law were mailed out by the Department of Public Aid in November to thousands of parents with child support delinquencies.

The Public Aid notices were mailed to parents who have made no child support payments directly or through income withholding within 30 days of the notice and who have no bankruptcy cases pending.

Parents are advised that their names will be forwarded to the Department of Revenue for collection unless they pay the past due child support or arrange for a payment plan within 15 days of receiving the notice. Parents can request a case review by Public Aid by sending documentation showing that the amount owed is in error.

The average amount owed by the parents is \$6,100.

Illinois becomes the third state in the nation to use its state's tax collection system to recover child support money.

Also, this month, the Public Aid Department adopted the Uniform Interstate Family Support Act (UIFSA), which will help streamline the handling of child support orders involving parents living in other states.

This contest is held to promote public education and life safety activities in the prevention of fire.

Fun & Friendship A needed service to area residents

Last year, the Maine-Niles Association of Special Recreation (M-NASR) announced the start of a new pilot program called "Homebound," specifically designed to offer recreational services to individuals, who, because of a disability were unable to leave the confines of their home. Trained volunteers, matched to meet the needs of Homebound participants, stopped by once a week for roughly an hour and a half to watch videos, play board games, teach a craft or spend time in interesting conversations.

With last years success and this

years support from the Niles/Morton Grove Rotary, Maine Township, Columbia National Bank and NBD Bank of Skokie, M-NASR is proud to announce the return of Homebound in April. The cost per session is \$3 and the search for dedicated volunteers is now underway.

If you, a loved one or someone you may know is also interested in receiving information on M-NASR's Homebound program, as a volunteer experience or as a participant, contact Jill Ryan or Deb Caruthers at (847) 966-5522.

New helipad nears completion at LGH

Construction of Lutheran General Hospital's new helipad on the roof of a six-story surgical/laboratory building is nearing completion.

The four-month project, which cost about \$900,000, includes a 45-by-47-foot loading deck, a two-level elevator addition and an outdoor walkway leading to the receiving area of the hospital's emergency medicine

department. "This is the newest helipad in the Chicago area," said Tom Fahey, director of facilities development for Lutheran General. "It will feature state-of-the-art aviation identification lighting, beacons, a deicing system and other equipment."

The top of the surgical/laboratory building was chosen as the new helipad site because the elevator already serving the structure provided easy access to Lutheran General's emergency room, neonatal intensive care unit, surgical intensive care unit, operating rooms and hyperbaric chamber used to treat persons suffering from conditions such as carbon monoxide poisoning or smoke inhalation.

Stroger warns residents about cold weather

With temperatures expected to remain in the single digits for the next several days, Cook County Board President John Stroger is advising residents to take the proper precautions to prevent health and safety problems and appealing to citizens to check on elderly residents and neighbors. "Our communities need to band together and make sure those most vulnerable to health complications are okay. A five minute phone call or visit to a senior citizen to make sure they have what they need to handle the extreme temperatures will help out significantly," said Stroger. The Cook County Department of Public Health offers the following tips for beating the cold weather.

When dressing:
•Wear several layers of lightweight clothing rather than one or two layers of heavy garments. The air between garments acts as insulation to keep you warmer.
•Cover your head. You lose as much as 50% of your body heat through your head.
•Cover exposed skin (face, hands) to protect against frostbite.

•Wear waterproof boots or sturdy shoes with good traction to prevent slipping.

When driving:
•Keep your car healthy by making sure you have enough gas, antifreeze, windshield wiper fluid and oil.

•Keep a blanket and gloves in the car in case you stall unexpectedly. Allow extra time for heavy, slow-moving traffic so you don't have to rush.

•If you skid, don't panic. Take your foot off the brake, then steer in the direction of the skid. Once the car regains traction, you can straighten the wheel.

In the home:
•Do not use an oven as a heating device. Read all directions before using space heaters and other portable heating devices. Never leave them on while unattended.

•Hang blankets over windows at night. Stuff cracks around doors with rugs, newspapers and towels.

•Keep extra food and water (especially types that need no cooking or refrigeration) on hand.

•Keep a flashlight and extra batteries on hand.

When shoveling:
•Cold weather strains the heart of even those in the best physical condition. If you are strong enough to handle shoveling, you should rest often and pace yourself.

•Use a proper snow shovel and lift with your legs not your back.

•Do not smoke or drink while you shovel.

For your health:
•Drink non-alcoholic beverages such as coffee, tea, hot chocolate and soup.

•Check with your doctor or pharmacist about any medications that could cause problems in cold weather.

Lutheran General Fitness Center Heart Smart Program

Individuals who have cardiovascular disease, hypertension or diabetes are invited to participate in Lutheran General Fitness Center's Heart Smart Program. Heart Smart, which is similar to traditional Phase IV cardiac rehabilitation programs, is designed for persons with cardiac concerns who can exercise with limited supervision, but want the guidance of master's degree-trained exercise physiologists.

Prior to admission to the Heart Smart program, individuals complete a health history questionnaire and provide a signed physician approval along with a copy of a recent stress test. Graduates of cardiac rehabilitation Phase II

programs should bring copies of their previous exercise prescriptions. Information will be reviewed by Lutheran General Fitness Center's medical director and Heart Smart coordinator before admission to the program is approved.

When admission requirements are completed, persons meet with an exercise physiologist who conducts a full fitness evaluation. A Heart Smart prescription then is developed covering the frequency, duration, intensity and type of exercise to be performed.

After the initial fitness test, Heart Smart members are free to exercise on whatever day and time are convenient. Routine exercise program guidance is given, resting blood pressures are recorded each month, incentive programs are scheduled, and participants are retested on a regular basis. In addition, information is shared with the individuals' physicians.

For more information, contact the Heart Smart coordinator at the Lutheran General Fitness Center, (847) 723-6138.

He also wants to address third-party payers, managed care and contact lens prescription release policies.

Dr. Zinn, who practices optometry in Niles, will serve as president one year.

The Illinois Optometric Association, Springfield, represents about 1,800 doctors of optometry. It is the fifth largest optometric association in the United States.

Real Heavyweights

OK. They're not exactly prize-fight material. But these former preemies are truly in world-class shape.

When these kids were born at St. Francis Hospital, you could hold them in one hand. Like all of our high-risk infants, they were immediately brought into our Level II special care nursery, a 24-hour state-of-the-art neonatal facility. With the expert care of our board-certified neonatologists and perinatologists, these kids went home to grow up healthy and strong. And today, under the care of our skilled pediatric staff, they continue to thrive.

So thanks to the help of our world-class team, these kids pack a really mean punch.

Announcing Navy Pier's new Winter hours

Navy Pier officials announce new winter hours for the Navy Pier IMAX Theater and Family Pavilion shops and food court.

Now through Feb. 25, the Navy Pier IMAX Theater will be open Monday through Wednesday, 10 a.m. to 7 p.m.; Thursday through Saturday, 10 a.m. to 9 p.m.; and Sunday, 1 to 6 p.m. Now through March 7, the Family Pavilion will be open Monday through Wednesday, 10 a.m. to 7 p.m.; Thursday through Saturday, 10 a.m. to 9 p.m.; and Sunday, 10 a.m. to 6 p.m. The Navy Pier restaurants will continue their regular operating hours.

To help take the chill out of winter, Navy Pier will present the Navy Pier County Fair in its 170,000 square foot Festival Hall, Feb. 16 through 25. Rides from the Illinois State Fair and 100 of Chicago's neighborhood and street crafts' vendors will transform Festival Hall into an indoor summer fair.

In conjunction with the Fair's ten-day run, the Family Pavilion shops and food court will have extended hours from 10 a.m. to 9 p.m., Feb. 18 through 21. These additional hours will allow visitors to browse in the Family Pavilion's many specialty shops, as well as dine in the food court, after spending a fun-filled day at the Navy Pier County Fair.

After opening at the Navy Pier IMAX Theater last September, the film Africa: The Serengeti enters its final month in February. The theater will close for four weeks, beginning Monday, Feb. 26, as it is re-equipped with the latest in state-of-the-art IMAX 3D technology. On March 22, Navy Pier will debut Chicago's only 3D theater. Boasting IMAX 3D sight and sound, the Navy Pier IMAX Theater will feature the film Wings of Courage. The ultimate film experience is about to begin.

"OH Christmas Tree"

Keeping the tradition alive, for a senior ...
I, a senior, always insisted on "keeping it alive," not artificial. I always refused to put up a fake tree. As the years rolled on, often I didn't find my fresh tree as I wandered tree-stand to tree-stand in the December cold. Nor would I pay the asking \$35 and up. During some severe years, I failed to put up a tree, satisfied with my decision, "real or nothing."

This 1995 season proved better when I bought a 44" tall Living Norfolk Pine, which is a year-round house plant. I placed her in a beautiful Chinese pot on the floor. Christmas decorating was simple. I used one string of crystal lights plus light-weight ornaments selected from that huge box formerly used on the 7 ft. tree when I was 35.

Now, Christmas is over, and as other discarded trees wait at the curb for disposal, my Norfolk, the defrocked of her holiday finery, will happily live on with me.

I believe she is even looking forward to a bigger performance Christmas 1996.

An Informational Guide

on Retirement Living, Facilities and Extended Care

Township offers award-winning senior services

Maine Township offers a wide range of programs and activities for the approximately 40,000 residents over the age of 55 who live in the township.

Maine Township's success in programming was highlighted at the Township Officials of Illinois' annual conference last fall, where Director of Adult & Senior Services Sue Neuschel was named Senior Director of the Year. This is the second year in a row the township's senior program has been recognized with a statewide award.

Township programs include the Maine Township Seniors, which offers social activities, seminars and special events for adults ages 65 and up. Its regular activities include two monthly bingo games, two monthly theme luncheons with entertainment, crafts instruction, theater outings and trips.

Another program, Options 55, is aimed at pre-retirement adults ages 55 through 65. Options 55 allows adults nearing retirement to explore a wide variety of activities, including evening and weekend trips, and meet other people with similar interests.

Widowed and other single adults ages 45 through 65 can enjoy socializing and other activities through One + Options. The group offers seminars on subjects of interest to older singles, a Cuisine Club for dining adventures, a Sunday Strollers group, and both weekend and long-distance trips.

Membership in the Maine Township Seniors, Options 55 and One + Options is free to township residents.

Seniors of all ages have many opportunities to volunteer work with Maine Township. Among the programs in which they can help is "Hello Grandma." Introduced three years ago, "Hello Grandma" allows area children ages 6 through 13 who are home alone after school to call a senior volunteer to discuss homework and classmates or just to chat.

Maine Township also offers a Senior Citizen Information and Assistance Service, which is a guide to resources for senior citizen housing, medical services, social and mental health services, nutrition, home-delivered meals, employment, energy assistance, social activities, the "circuit breaker" property tax exemption, shared housing and other services.

Maine Township also offers several publications targeting seniors, including "The Handy Book," a guide to reliable people who perform home-related services; "The Homebound Newsletter," a periodic mailing with useful information and inspirational thoughts; and "Moving On," a booklet about community resources and activities for widowed or divorced adults.

For more information, call the township at (847) 297-2510.

TCU celebrates first year at Glenview Terrace

When created last year, program developers for Glenview Terrace's Transitional Care Unit (TCU) carefully constructed a program to meet the needs for short-term, intensive occupational, physical and speech therapy. This transitional care bridging the hospital-based acute care with the skilled nursing/rehabilitation care of a nursing home prior to a discharge to home has been a uniquely proactive approach to individualized treatment. And, after a year in operation, the developers are calling the TCU program a success.

"Eighty percent of our TCU patients have been able to be discharged to the community after a short three-week stay," says Marte Wiedlin, Director of Rehabilitation Services at Glenview Terrace. "In combination with this high discharge percentage, what has distinguished the TCU has been the follow-up of our patients one to two weeks after discharge and three months later to assess their current level of functioning."

As Director of Social Services

at Glenview Terrace and Program Coordinator for the TCU, Maggie Harris has been able to evaluate the patients' goals and determine the best individual discharge plan—one that may include home visits by occupational, physical or speech therapists. "We have seen a diversity of backgrounds, from the very highly motivated individual who is self-goal setting to the more debilitated person who improves through discipline and team motivation. It has been very rewarding to see both recover to their home."

With everything from a diagnosis of stroke to hip fracture, the Rehabilitation Services Department, Nursing, Dietary, Social Services and Activities have worked closely with physicians to create individual treatment approaches for each patient. "We realized from the beginning that a skilled nursing facility was uniquely able to capitalize on the intimate, non-institutional surroundings needed to best create a motivated environment," says Marte.

Instrumental in the design of the TCU program was Ned Zalik, M.D., internist and gerontologist at Rush North Shore Medical Center and Medical Director at Glenview Terrace. "Physicians, nurses and social workers from both institutions worked together to form a relationship for the benefit of patient continuity of care," says Dr. Zalik.

"The relationship, after the first year, has been both a positive experience and a learning process for everyone."

The TCU program has been so successful that it is being expanded to include the first floor in order to accommodate more transitional care needs which include medically complex services as well as rehabilitative needs.

For more information regarding the Transitional Care Unit (TCU) at Glenview Terrace, call Maggie Harris at (847) 729-9090. Glenview Terrace is located at 1511 Greenwood Road, in Glenview.

Singing seniors prepare to debut musical spoof

For Bud and Marie Garon of Park Ridge, singing is just part of the fun of belonging to the Maine Music Makers, the Maine Township Seniors' chorus. Another appealing part, they say, is the chance to perform with local schoolchildren during the Seniors' annual luncheon musical.

"The fun thing is with the kids," Bud Garon says. "They are the show, really."

The Music Makers will join this year with first-graders from North School in Des Plaines for two performances of "On the Road..." an original musical spoof based on the movies of Bob Hope, Bing Crosby and Dorothy Lamour. The shows are scheduled to start after the Maine

Township Seniors' noon luncheons on Wednesday, Feb. 21; and Thursday, Feb. 22, at Banquets by Brigante in Des Plaines.

For more information about the Music Makers, call chorus director Denise Bolman at (847) 297-2510.

Formed one year ago, the Music Makers today include nearly 30 members. The group rehearses every Friday at the Congregational Church in Des Plaines, and has performed at local nursing homes. Bolman says she hopes to take the group on more tours in the near future.

"Denise is a great director," says Henry Buerger of Des Plaines, who sings in the chorus along with his wife, Pauline. A

veteran of barbershop singing groups for nearly 50 years, Buerger says he enjoys performing with several other musical friends who also are a part of the Music Makers.

For Jane Alwart of Rosemont, singing in the group is part fun, part therapy. Recently widowed, Alwart—who has always enjoyed performing in theater groups and choruses—says she now finds it

more important than ever to get out and do things with other people.

"That's why I come here, because I need it," she says. "This is neat."

Seniors polka at Regency Adult Day Care Center

The seniors at Regency Adult Day Care Center in Niles, recently enjoyed a musical extravaganza and repartee. Tom Novotny, a talented singer and musician from Lake Zurich, dropped in and persuaded the Adult Day Care clients to give their dancing shoes a workout. As he played his keyboard and accordion to such golden oldies as "Let Me Call You Sweetheart," "Five Foot Two,

Eyes of Blue" and "Roma," all voices joined in and hands clapped, while feet tapped. The temperature climbed when everyone joined in to swing and sway and cut a rug to some great old polkas.

Financial Help for Children with Disabilities

by Nancy Dowell
District Manager

A common concern among parents of children with disabilities is whether there will be enough money for their children if something should happen to the parents. The Social Security and Supplemental Security Income (SSI) programs can do much to lessen this concern. These two programs can assure some economic security to disabled children of all ages.

Although there are differences between the programs, both pay monthly cash benefits to people with disabilities. And someone who receives Social Security or SSI is usually eligible for Medicare or Medicaid which can help pay the costs of health care expenses.

The Social Security program pays benefits to the children of retired or disabled people receiving Social Security benefits. Benefits also can be paid to children of workers who died. Any child under 18 may be eligible for benefits.

A child over 18 may receive benefits if he or she is disabled and the disability began in childhood - before the age of 22. Benefits can start at any age. For example, suppose Joe James, who has a 40-year-old developmentally disabled son living with him, is planning to retire. Chances are Joe's son probably could collect benefits when Joe retires and probably could get benefits if Joe died or became disabled, too.

The SSI program is somewhat different from Social Security. It pays monthly benefits to people with disabilities who have limited income and resources. The age at which the disability started has no bearing. Disabled people of any age - young or old - can qualify for SSI benefits.

A disabled child under 18 who lives with his or her parents can qualify for SSI only if the income and resources of the parents are limited. However, once a child turns 18, the parent's income and resources no longer count. If the child has little income and few resources, he or she will likely qualify for SSI.

Sometimes children with disabilities who live in institutions could leave and live outside the institution if they had an income. Often, that needed income could come in the form of SSI.

If you have a child with a disability who may be eligible for either Social Security or SSI, you may call Social Security toll-free at 1 (800) 772-1213. Or you may call the Des Plaines Social Security Office directly at 1 (708) 390-6540. We'll be glad to give you more information and help you apply.

Governor's Home Town Awards applications available

Gov. Jim Edgar encouraged community leaders from throughout the state to nominate outstanding volunteer efforts for the 1996 Governor's Home Town Awards.

"Volunteers make a vital contribution to the quality of life in Illinois," the Governor said. "Their efforts make our communities better places to live, work, and raise our families. The Governor's Home Town Awards program honors individuals and organizations that have donated their time and energy to make a positive difference in the lives of their fellow Illinoisans."

Lt. Gov. Bob Kustra, the Governor's senior advisor for economic development, said the Governor's Home Town Awards present an opportunity for Illinois citizens to show their appreciation for volunteer efforts throughout the state.

"Outstanding volunteers may not always receive the thanks they deserve," Kustra said. "This is a chance for community leaders and others to recognize local efforts by nominating them for these awards."

Administered by the Department of Commerce and Community Affairs (DCCA), the Governor's Home Town Awards are chosen on a competitive basis within population categories.

In each category, projects may compete for general awards recognizing outstanding volunteer efforts on behalf of the community, economic development awards honoring efforts to address economic development needs, youth awards recognizing outstanding volunteer efforts for or by youths, and senior awards that honor outstanding volunteer efforts for

or by senior citizens. Applications are judged by impartial volunteers. Winners are announced at a banquet held each June in Springfield. First place winners in each category receive a road sign and plaque noting their achievement, and compete for the overall award—the Governor's Cup. The Governor's

Cup is a traveling silver trophy awarded to the project most representative of that year's volunteer efforts.

The deadline to apply for this year's awards is Feb. 23. For further information or an application, contact Lou Ann Ladage at DCCA at (217) 785-6154 (TDD: (800) 785-6055).

Take precautions against frozen water pipes

During the past few weeks, the Village of Skokie has received numerous phone calls from residents about frozen water lines. These water lines are located in various areas throughout the house and front yard. Following is a list of the areas that seem to be most often affected:

- Closets near outside walls with no ventilation;
- Ceilings, both in the basement near an outside foundation wall, and in the attic;
- Water pipes running near outside windows in the basement;
- Water pipes under an enclosed kitchen sink area that has no ventilation;
- Water lines that run through a flood control system in the front yard.

All frozen lines seem to be adjacent to places where outside air is leaking in. The Village's Water & Sewer Division recommends that all water lines in these areas be checked for cold drafts. When such an area is found, expose the area to the warm air of the house. In the case of water lines near a flood control system, if a water line is running

through the inside of the manhole, it should be wrapped in electric heater tape.

If you find a frozen line, shut off the water by using the shut-off valve by the meter before you attempt to thaw the water line. (This is a safety precaution. When a pipe freezes, the ice inside the pipe expands and can cause a crack. As the ice thaws, water might come rushing out of the broken area.)

Once a water line is thawed, if you still cannot heat the affected area, run water slowly from a faucet near the frozen pipes to prevent the pipes from freezing again.

If you have any questions about frozen water lines, call Frank Didier, Superintendent of Water & Sewer at 933-8427.

ComEd to close payment center

ComEd will close its Northbrook bill payment center located at 11000 Skokie Boulevard in Northbrook on March 1. ComEd customers will have a choice of using direct debit, mail, or paying in person at one of ComEd's authorized agents in the North Shore communities.

ComEd customers wishing to pay in person or obtain light bulbs can do so at authorized agent locations. "We already have 300 authorized agents in our service territory and plan to add at least 20 more," said Bill Darling, Public Affairs Director of ComEd.
