For the next two weeks, it's Michael Jordan time here in Chicago. The Bulls' star is making a great effort to land U.S. Olympic and world basketball championships for the United States. Jordan's presence has drawn many fans to the city who are eager to see him perform.

Last week in the San Diego Union-Tribune, a columnist named Tom Connelly said Michael was making a strong case for the Olympic team. Michael is a key player for the Bulls and has helped them achieve great success in recent years.

In addition to his athletic achievements, Michael is also known for his philanthropy. He has donated millions of dollars to various causes and has been involved in many community service projects.

This month, Michael will be honored at the Village of Niles' annual recognition event, "Veterans of Foreign Wars Days." The event will highlight the contributions of veterans who have served the nation, state, and community.

The Niles Fire Department was the first in the nation to operate a robot named "Pluggie." The robot has been used to plug in fire hydrants and to perform other tasks.

Manager retrieves stolen lawn mower

In another case of short citizens acting quickly in response to theft and apparent apprehensions, 13-year-old manager from a store in Morton Grove retrieved a stolen lawn mower.

After hearing about the theft, the manager said he immediately took action. He confiscated the lawn mower and contacted the police. The incident demonstrates the importance of vigilance in preventing crimes and protecting property.

some

First, there's the
