

Niles restaurants to cater Hillary's 50th birthday

by Rosemary Tirio

First Lady Hillary Clinton will return to her childhood home Oct. 27 to celebrate her 50th birthday. Two local restaurateurs and their staffs are excitedly preparing for the big day, because Hillary, perhaps in an attempt to relive her 16th birthday, has requested that her birthday luncheon at an undisclosed Park Ridge location be catered by two favorite haunts of her teenage years, Bobby's at 8161 Milwaukee Ave. and Riggio's at Oakton Street and Milwaukee Avenue.

The orders have not been placed yet, but both hosts have a

pretty good idea of what they will be providing for perhaps their most famous patron.

Tony Riggio said that Clinton phoned her public relations staff from South America to request that food from the two restaurants be ordered for her celebration. Riggio said that when Hillary was in grammar school and high school, she and her whole group of friends used to hang out regularly at his restaurant, coming in often after school events. Clinton attended Maine East High School for three years and graduated

Citizens learn about gangs, fingerprints at Academy

The nine members of the Niles Citizen Police Academy are having their eyes opened on many police matters they may never have thought of before.

During week four of the 10-week program, for example, group members were surprised to learn from Detective Joe O'Sullivan, a juvenile officer for more than five years, that about 25 young people in Niles are known gang members. He also passed photos of them around the class.

O'Sullivan told the group that because gangs are highly mobile there is no way of knowing exactly how many there actually are, and that as older gang members move away or are imprisoned, young members take their places and become more visible.

O'Sullivan said that gangs have been around the Chicago area since the turn of the century. In the northwest suburbs, the gangs that are currently active include the Latin Kings, Future

Maine Township to collect recyclables

Maine Township will collect recyclable items from 8 a.m. to noon Saturday, Oct. 25, in the parking lot at Maine Township Town Hall, 1700 Ballard Road, Park Ridge.

For more information on the township's recycling program, call (847) 297-2510.

Plastic soda, milk and water containers will be accepted. All caps and rings must be removed. Other items that may be recycled include newspapers, magazines

and catalogs, corrugated cardboard, aluminum and metal cans, and green, brown and clear bottles and jars. All items should be sorted. Glass and metal containers should be thoroughly rinsed, and lids, tops and rings should be removed. Labels also should be removed from cans. Newspapers, magazines, catalogs and cardboard must be bundled separately and tied with string.

Drivers unhurt in roll-over accident

October 7 must have been Ronald A. Eberlein's lucky day.

The 50-year-old Septran school bus driver sustained only minor cuts and bruises when the mini-bus he was driving eastbound through the intersection of Luther Lane and Dempster Street was struck on the right side by a Chevrolet Blazer driven by Glenn M. Horwitz, 27, of Chicago.

Despite the fact that he was wearing his seat belt, Eberlein, of Niles, was ejected from his seat and out the right side door of the bus landing on the pavement. The bus, which was heavily damaged, reportedly rolled over twice before coming to rest 120 feet from the accident scene.

Horwitz and Eberlein both received medical treatment for their

Sweeping changes set for remedial education program

Maine Highs move to stop falling scores

by Rosemary Tirio

Responding to an increasing number of students failing to meet state expectations on standardized tests in reading and other areas, the superintendent of Maine Township District 207 has announced sweeping changes at the three district high schools, particularly in the remedial education program.

While district scores are still above average, the percentage of students not meeting state goals on standardized tests has more than doubled at each of the three district high schools since 1993.

At Maine East High School, 2601 Dempster St., Park Ridge, high mobility and an increasing population of limited-English speaking students have contributed to increasing the percentage of low-scoring students from 14 percent in 1993 to 31 percent this year.

The increase at Maine South, 1111 S. Dee Rd., Park Ridge, was

from just 4 percent in 1993 to 22 percent in 1997.

An increase from 13 percent of sophomores failing to meet state standards in 1993 to 27 percent failing to do so in 1997 has caused concern at Maine West, 1755 S. Wolf Rd.

Special task forces have been at work over the past two years studying other school systems

across the state and throughout country in an effort to come up with proposals to stop the growing trend toward lowered test scores.

One of the task force proposals is for creation of a freshman academy, similar to one already established at Wheaton North High School and throughout the Chicago

Same great Halloween party, new location

The Village of Niles and the Niles Police Department present the annual Halloween Party on Friday, October 31 from 4-8 p.m.

For the past several years the Village of Niles has hosted a Halloween Party as an alternative to door to door trick or treating. The party has been held in the gym of Notre Dame High School. This

year, the party will be held in the gym and Flannigan Hall at St. John Brebeuf School, 8301 N. Harlem Ave., in Niles. It is very important for everyone to realize that the party is not at Notre Dame High School. It's free and everyone is invited. Haunted house, candy, games, prizes, face painting, and much, much more.

Looby and LaCerra appointed as Commissioners

Pictured above (left to right) are Mayor Nicholas B. Blase, Michael C. Looby, Jerry LaCerra, and Trustee Tom Bondi. At the August Village Board meeting, Mayor Blase appointed Mr. Looby and Mr. LaCerra as Commissioners to the Niles Plan Commission and Zoning Board of Appeals. These vacancies were created due to the retirement of Commissioners Dorothy Dolack and Sydney Mitchell.

Exploring Niles' History:

Milwaukee Ave. in 1927 'highest example of modern highway construction'-Part I

The name Milwaukee is derived from an Indian word, "milwaukee" which can be translated as "good earth or country." The transformation of this Indian trail to Milwaukee Avenue, which George J. Eckhoff, in 1927, called the "highest example of modern highway construction," is a fascinating, if not incredulous, tale.

Eckhoff further predicted in 1927 that Milwaukee Avenue is "destined to carry in comfort and safety, a greater human and commercial freight than any like number of miles of street outside of the Chicago Loop."

Eckhoff's ancestors owned property along Milwaukee Avenue in and near Niles. His research was based in part on interviews with many Niles' residents during the nineteenth century.

Writing a few years before Eckhoff, Alfred Bull states that, "In the boom days of 1835-37 the trail had become a meandering group of parallel ruts leading

from Kinzie Street through Jefferson, Niles and Northfield, toward Deerfield."

The ruts were deep and wide. Often six or eight sets were clearly visible. As each team of horses or oxen made the trip to Chicago, they sought higher, smoother terrain. The trail widened in many areas; some estimate it became a mile wide and included today's Elston Avenue. An average round-trip from Northfield to Chicago took four days in good weather and twice as long in poor weather. During spring or in heavy rain the trip was impossible.

Drainage ditches were dug some time in the 19th century. The road began to narrow and took a more definite path.

A. T. Andreas, historian of Cook County, describes the decision to survey the road and provides several interesting anecdotes.

"Silas W. Sherman, a prominent settler of Northfield, made a

petition to the legislature to have the road established and surveyed. The petition was granted, and Asa F. Bradley (was) entrusted with the surveying of the road."

"The starting point was at Kinzie Street in Chicago. George N. Powell, who had then already a hotel, fearing that the road might not be located past his place of business, raised a flag and informed the surveying party that if they could strike the flag with the line of their road, a good dinner, with the best wine and whiskey, would be ready for them as soon as they arrived. There was never quicker or better work done in the history of engineering, than that between Kinzie and that flag."

Andreas does not give the exact day of the survey. It would appear to have been in the mid to late 1830's. In explaining some of the abrupt and unexpected turns of Milwaukee Avenue another source stated, "In the reno-

M-NASR closing out... 25th anniversary celebration year

The Maine-Niles Association of Special Recreation (M-NASR), which has assisted thousands upon thousands of disabled individuals living within area communities, is closing out their 25th year anniversary celebration.

"It's been a wonderful year, looking back at the countless programs we have offered and remembering all those wonderful people we have assisted. We can proudly say that we have made a positive difference in the communities we serve and we look forward to continuing this tradition," said Deb Canthess, Superintendent of Recreation.

M-NASR was created in 1972 by local citizens who felt that the Park Districts did not offer disabled residents appropriate programming options. Commissioners and Park District Directors later agreed and M-NASR was born.

Skokie Fine Arts grants now available

Skokie Fine Arts Commission announces that applications for grants are now available. The long grant deadline is December 31, 1997 for the following year. Applicants should be organizations operating in Skokie or benefiting Skokie in the realm of performance art. Educational Grants for schools of \$250 each are available for artists-in-residents. They are voted on at the monthly meetings. For more information call Leslie Gooris at 673-0500, ext. 4257.

Today, M-NASR serves the Maine and Niles townships and is considered an extension of the Des Plaines, Morton Grove, Park Ridge, Niles, Skokie, Lincolnwood (Village) and Golf Maine Park Districts. M-NASR offers hundreds of recreation and leisure programs which effect thousands of physically and mentally disabled residents. M-NASR's staff are trained in the field of Therapeutic Recreation and pro-

vide a wide range of programs from travel and cooking to sports events and dinner clubs; opportunities which many of these residents would not otherwise have.

If you would like additional information, would like to volunteer your services or have any questions, please don't hesitate to contact TJ Saye, Public Relations and Marketing Manager, at (847) 966-5522.

Oktoberfest celebrated at Regency Nursing Centre

A little bit of Germany came to Regency Nursing Centre on Saturday, October 4, as residents, family members and staff of Regency Nursing Centre celebrated the annual Oktoberfest Celebration.

The Regency Woman's Auxiliary sponsored this event and participated in manning of all the booths. The activities included:

face painting, a fortune teller, a kissing booth and "Mary The Clown" who enjoyed passing along her smile to all.

Regency's residents as well as their family members and friend were encouraged to participate in all aspects of the festivities. There were even some children's games arranged for the younger participants.

Regency Nursing Centre's Fortune Teller and resident, Ms. Frances Pleat shows off her talents at this year's Oktoberfest Celebration.

The mood was set with decorations with an "Oktoberfest" theme, and a live German "Oompapa" Band. Residents and family members danced the afternoon away. Refreshments as well as hot dogs, chili, and popcorn were also available for the hungry appetites. One family member who was at the event with her husband

and children said, "It wouldn't be October without Regency's Oktoberfest!"

Regency Nursing Centre is located at 6631 N. Milwaukee Avenue in Niles. For information about Regency's services and programs call Linda Dickson at 847-647-1116.

The flu shot service supports a long-range goal of the Illinois Department of Public Health (IDPH) to reach an annual immunization rate of 60 percent of all at-risk seniors by the year 2000. The Centers for Disease Control estimates that the disease leads to between 16,000 to 18,000 deaths among the elderly each year. Currently, only 38 percent of all seniors ages 65 and over are immunized yearly in Illinois.

Disabled and seeking work? Job Club can help

If you're disabled and planning to enter the work world, the Job Club - a skill-building and educational workshop - can help prepare you for the challenge.

Co-sponsored by Maine Township's Disabled Services Department and Lutheran General Hospital's Vocational Rehabilitation Services, the Job Club will meet from 3 to 4:30 p.m. Mondays, through Dec. 8 at Lutheran General, 1775 W. Dempster St., Park Ridge, in the 6 West Wing. The cost of \$15 payable to Lutheran General, includes a workbook that will guide participants in the job-seeking process. For

more information, call Donna Anderson, Maine Township's Director of Disabled Services, at (847) 297-2510, ext. 229, or Mary Schmidt at Lutheran General at (847) 723-7021.

The Job Club program will cover such topics as self-image and how it affects work; how to assess skills, attitudes and job goals; how to write resumes and cover letters; and benefits for the disabled.

When submitting an application for the program, participants should note any special accommodations they might need.

NSJC welcomes Rabbi Kenneth Cohen

Since his arrival in Morton Grove on August 15, Rabbi Kenneth S. Cohen has been the talk of the community in his new role as the Rabbi and Spiritual Leader of Northwest Suburban Jewish Congregation.

Coming to us from a congregation in York, Pennsylvania, Rabbi Cohen has already made an enormous impact on the congregation as we begin our 40th year of service to the surrounding Jewish community. Getting to know Rabbi Cohen has been made easy for congregants and people in the community through several membership coffees held at member homes. At these events, congregants had an opportunity to become acquainted with Rabbi Cohen, his

wife Hedy, and sons Jonathan, Gabriel, and Michael. This was also an excellent opportunity for congregants to hear about Rabbi Cohen's plans for the congregation in our anniversary year and for the future.

Seen in the photo is Rabbi Cohen meeting with congregants at the final membership coffee, which was held on September 18 at the home of synagogue members Al and Judy Katzowsky, of Glenview, and was co-hosted by synagogue members Lew and Carol Greenberg, also of Glenview.

For further information on Northwest Suburban Jewish Congregation, please contact the synagogue office at (847) 965-0090.

Women more likely than men to have jaw surgery

An analysis of claims filed through insurance companies reveals that women are almost 10 times more likely than men to undergo surgery to treat temporomandibular disorders, or pain and discomfort associated with the joint that serves as the hinge for

the lower jaw. The study appeared in a recent issue of the *Journal of the American Dental Association*.

Researchers working with University of Medicine and Dentistry of New Jersey and Aetna Health Plans examined 46,293 patients with TMD-related claims between 1991 and 1993. Of the total, 1,666 underwent at least one of 10 TMD surgical procedures an filed a reimbursement claim for the surgery. Of these surgical patients, 1,500 were female and 166 were male -- a ratio of almost 10 to 1.

Researchers found that the ratio of female to male TMD surgical candidates is higher among the insurance company claims than a previously reported estimates from health maintenance organizations or from the general population. Both groups estimated that the ratio of women to men with chronic facial pain was closer to 2 to 1.

Joseph J. Marbach, DDS, one of the UMDNJ researchers involved in the study, says there are several explanations for the wide gap between women, men and TMD surgery. "More women may seek treatment for TMD disorders so it stands to reason women would be more likely to become surgical candidates," he says.

Another explanation, says Dr. Marbach, is that women who experience unsuccessful non-surgical treatments may be more likely to persist in seeking surgery. He also pointed out that clinicians may recommend surgery more often for women than men. Gender disparities for other surgical procedures have been widely reported. For example, men are more likely to undergo coronary bypass surgery and kidney transplantation surgery than women.

Tapestries and Voices

The Women and Labor History Project will hold their 2nd Annual Gala on Thursday, November 13, from 7:30-9:30 p.m. The event, co-sponsored by the Center for New Deal Studies, will take place in the Congress Lounge, 2nd Floor, Roosevelt University, 430 S. Michigan Ave. Norma White, Vice President of the Chicago Teachers Union will give the opening remarks. Alma Washington and Laura Soliman St. John, Mary Bonnett and Bridget Gerace, and Kristin Lens and Peggy Lipschutz will present some of the struggles of working women for equal rights over the past 150 years, through a medley of drama, song and images. Tickets are \$20. To order tickets or for further information, call (773) 769-2665 or e-mail: yhall@aol.com.

Baby sitters available through Lincoln Middle School

Two years ago, Lincoln Middle School's counseling office began the Baby Sitting Exchange Program. Families in our community

often ask the Lincoln counselors to locate students who are interested in baby sitting," said program coordinator and Lincoln counselor Judy Wittmus. "This

program was created to accommodate these inquiries and to assist the students who would like to earn extra money." Interested students submit their names and their elementary school areas to the counseling office. In addition, they also indicate whether or not they have taken a baby sitting class and/or have had any baby sitting experience. Both boys and girls are enrolled in the Baby Sitting Exchange, as both are requested by parents. Fees are not set by the Exchange, but are instead negotiated by each family and sitter. When a request is made, the name and phone number of the family will be given to the student and it is then up to the student to contact the family.

Parents seeking a baby sitter or additional information on the Baby Sitting Exchange should call (847) 318-4226.

Letters to the Editor

Reader responds to District 71

Niles Elementary Schools District 71
6935 W. Touhy Ave.
Niles

To Whom It May Concern:

This letter is in response to your letter dated September 24, 1997 in which you thank "your neighbors" for their patience and understanding during the Culver Middle School construction project. I wish to inform you that I found your "Dear Neighbor" (keep off my property) letter partially amusing and partially insulting.

I moved into your Niles school district in 1973. At that time I had a preschooler and a first grader. I was asked to help many times during my children's years in your school and always said yes. I was a room mother for about 12 years, active in PTA, on the PTA board, Media Center helper, helped run every fund raising activity during that time, etc. Even when my children were out of your school, my husband and I took a day off of work every year to help with the balloon launch until you stopped that event. I was a good neighbor and helped. We even got trees donated to you.

When you asked for our vote for expanding the school I supported you. As I understand the project ran over budget and you made more renovations than the original plan but we didn't complain. When your construction began at 5 a.m. waking "your neighbors" we didn't complain at our lack of sleep. There were construction trucks on our street (which has a weight limit) and constant dirt flying, but this was all for the good of the community.

Years ago we asked you (our neighbors) for help with the parking problems on Nordica but we were not allowed on your property. When your construction workers needed a place to park our street (which we pay taxes on our parking area) was used. When your lot was paved your teachers did not walk from the shopping center parking. They parked on our street and there was no parking for us.

During the winter we carry groceries and babies blocks to our homes while there is an empty parking lot across the street. I realize that if you let us use the lot there should be rules. No cars should be there during school hours and the lot should be kept clean. You saw how hard it is without parking but you still inform us, the people who voted for and paid for your parking lot, that we should stay off your property.

In regard to throwing waste on your school property, please do not assume that it is our Nordica residents that are using your property to dump waste. There

are many careless people that would drive to a construction area to get ride of unwanted items. Please do not insult us by assuming it was "your neighbors". During construction our street had cups and bags from fast food restaurants, coffee cups and lunch bags all over our street. Are we to assume this was from your construction workers?

Lastly, I hope your rule to keep children out of the school yard is only for their safety during construction. I no longer have any young children, but my children spent many safe hours playing in the school yard. As a child my husband and I did the same. I hope this "Neighbors Stay Off Our Property" policy will not bar the children from a safe area to play. I remember in the past Mr. Culver, Mr. Murphy and Mr. Kobus used to come out and talk to the children playing in the schoolyard. This was a good neighbor policy.

If you really look forward to being an asset to our neighborhood we would like you to take some of our problems into consideration, the same way we were considerate of you, our neighbors, during your district needing our vote for expansion, and during the problems we faced during construction.

Sincerely,
Mrs. Sharon Hayes

Reader hopes for higher voter turnout

Dear Editor:

On November 4, we will once again have election of school board members and community college trustees. Historically the voter turnout for these elections is disappointingly low; in the last school election less than ten percent of registered voters cast ballots. Consequently, only a small percentage of voters participated in the election of those who should now be the educational leaders in our community.

It is often said that the reason the turnout in these elections is so low is that people do not know the candidates well enough to make a studied selection. It is for that reason I am recommending Joan Hall, a candidate for reelection to the Board of Trustees at Oakton Community College, and ask that you punch #167 to cast your vote for her.

I have known Joan Hall for many years and have served with her on Oakton's Board of Trustees. I can vouch for her integrity, leadership, and vision in the performance of her duties as a trustee. Joan is a trustee who believes in providing the best possible education for the community at the least possible cost to the taxpayer.

er. She is not only an outstanding member of the Oakton Board, but is also Regional Chairman of the Illinois Community College Trustees' Association.

It is my sincere hope that in the November election we will have a larger turnout and that talented and capable candidates like Joan Hall will be elected to serve as leaders in our school and college districts.

Sincerely,
Amilda B. Mader
Chairman, Board of Trustees

Joan Hall has trustee's vote

Dear Editor:

On Tuesday, November 4, 1997, there will be an election for school boards and community college boards of trustees. This should be the most important of all elections because the winning candidates will make financial decisions that affect our taxes and they will be leaders in forging policies for the future of education.

Joan Hall is a candidate for reelection to the Board of Trustees at Oakton Community College. I have served on Oakton's Board with Joan for several years and

can vouch for her outstanding qualifications, her dedication to education, and her service to our community.

The characteristics I look for in a candidate for the position of trustee are: integrity, leadership, wisdom, vision, compassion, and experience. Joan has demonstrated all of these in her service to the college and the community. She is currently Vice Chairman of the Oakton Community College Board of Trustees, has served as Chairman, and at present is Regional Chairman for the Illinois Community College Trustees' Association.

It is without hesitation that I urge all of you to cast your vote on November 4 for Joan Hall so that she can continue the work she is now doing in service to our college and our community.

Sincerely,
Jody Wadhwa
Trustee
Oakton Community College

Adopt-A-Family/ Give hunger the boot

Each year the Village of Skokie's Adopt-A-Family and Give

Hunger The Boot programs provide assistance to families in Skokie. Recipients of assistance received coats, blankets, food and toys. Last year a little girl had her dream of "seeing a ballerina" realized when Skokie resident donated two tickets to see *The Nutcracker* ballet.

November 29 is the 1997 Boot Day. Please give generously to the firefighters and volunteers that will be standing on corners throughout the Village. In addition to donating on that day, consider contacting the Village's Office of Human Service (933-8208) to be matched up with a Skokie family. You will receive their holiday wish list and can either purchase items from the list or provide gift certificates from local shopping institutions. If you are a Skokie family in need or know of such a family please contact the Office of Human Services at 933-8208 before October 31 and suggest that they become part of the program.

The Annual Percentage Rate (APR) on your Home Equity Line of Credit is a variable rate based on the Prime Rate as published in the Wall Street Journal. For a home equity line with an outstanding balance of \$10,000 or more, the APR is Prime plus 1 1/2%. With an outstanding balance of \$5,000 to \$9,999, the APR would be 8.00%, 8.25%, and 8.50%. For example, based on the Prime Rate of 6.50% as of September 8, 1997, the APR would be 8.00%, 8.25%, and 8.50%. Maximum APR during the term is 21%. There is a \$25 annual fee beginning with the second year. Property insurance is required. APR is based on the Prime Rate as published in the Wall Street Journal. For a fixed rate Home Equity Loan based on Prime, the APR is the 60-month fixed rate Home Equity Loan Prime and the APR for an 84-month fixed rate Home Equity Loan is Prime plus 1%. Minimum loan amount is \$5,000. For example, based on the Prime Rate of 6.50% as of September 8, 1997, 60-month fixed rate Home Equity Loan is Prime plus 1% would have 60 payments of \$16.54 for \$1,000 borrowed. Property insurance is required.

Helpful tips from Arthritis Today

Travel Tips. Traveling is much more enjoyable when you're relaxed. If you have arthritis, finding comfort doesn't have to be difficult. *Arthritis Today*, the Arthritis Foundation's national consumer magazine, suggests several items that can enhance your vacation. Use waist packs to free your hands and spare your shoulders from extra weight. To ease the strain of gripping luggage and other travel items, cushioned handles can help improve grasping strength. A lightweight-three-legged collapsible stool with shoulder strap is easy to carry and provides a quick resting spot. For a quick nap, make sure you have an inflatable travel pillow. And, if

you take medications, a traveler's pill case holds daily supplies and removes all the guesswork. These items come in a variety of sizes and price ranges, and can be found at luggage and gift shops, specialty stores and drugstores. For more travel tips, call the Arthritis Foundation at (312) 616-3470.

What's New About New Hips? If you're contemplating hip replacement surgery, new research suggests the procedure not only can reduce pain and improve mobility, but can save health-care dollars, too. The Arthritis Foundation's national consumer magazine, *Arthritis Today*, reports that according to researchers, hip

replacement for patients with severe hip osteoarthritis can cost less over time than drug therapy, rehabilitation treatment and long-term care. Calculations based on a 60-year old woman seriously affected by osteoarthritis show that, compared to nonsurgical methods, hip replacement could save \$117,000 in health-care expenses during her lifetime. For more information, including a free brochure titled *Surgery: Information to Consider*, contact the Arthritis Foundation at (312) 616-3470.

What Your Knees Need. The knee is the body's largest joint - a modified hinge that provides mostly back-and-forth movement. But it also is capable of twisting and rotating, supporting your body's weight and handling the stresses you put on it daily - to a point. Although many knee problems cannot be avoided, there are ways to minimize risk, according to *Arthritis Today*, a national consumer magazine of the Arthritis Foundation. Studies show that maintaining a proper weight can reduce the risk of developing osteoarthritis of the knee, and that eating nutritious foods can decrease risk of osteoarthritis progression. If you have a minor knee injury, limit your activities, elevate your knee and apply ice. See your doctor if you have joint pain that persists for two weeks or more. And, follow doctor's orders. Call the Arthritis Foundation at (312) 616-3470 for more information.

Prevent Blindness America's Third Annual Mobile Program

A visit to your eye care professional protects your sight and, thanks to Prevent Blindness America's Third Annual "I'm Helping Give Children Their Vision for Life" Mobile Program, can also help protect a child's sight.

The public awareness and fund raising campaign highlights the need for early detection and treatment of children's eye problems. Proceeds support children's vision screenings and educational programs that prevent blindness and preserve sight.

One preschool-aged child in 20 has a vision problem that

Take your toothbrush to work

The road to good dental health not only goes through the bathroom at home, but also through the restroom at work.

"More people should consider taking a toothbrush to work with them to brush during the day," says Astrid Schroetter, DDS, a general dentist who practices in Chicago's Loop. "Many people eat and drink at least three times during a typical workday. This snacking habit puts people at a high risk for developing bacterial plaque. If not brushed away, the bacterial plaque continues to multiply, exposing tooth enamel to continuous plaque acid which adheres to tooth enamel and can cause cavities and inflammation of gums."

As adults keep their teeth longer, says Dr. Schroetter, it is important to care for them to ensure they last a lifetime. "By brushing three times a day and flossing, you can cut your risk of developing cavities, gum irritation, gum disease and tooth loss," she says.

According to the 1993 Crest Complete Survey that measured the toothbrushing habits of 1,240 adults, 94 percent of Americans say they brush nightly; 81 percent reported brushing first thing in the morning. Most people said they brush several times a day, but only 30 percent brush their teeth after every meal. More women than men reported brushing before going out, and women are more likely to brush their teeth at work or in a restaurant restroom.

"Good teeth impact many aspects of life, including a person's professional image as a good smile makes a good first impression," says Dr. Schroetter. According to a study just released by Oral-B Laboratories, 40 percent of respondents said the first thing they notice about a co-worker is his or her smile.

"I think brushing after lunch is a concept that is definitely catching on," says Dr. Schroetter. "Dentists constantly tell their patients that they must brush twice a day and floss once a day, but there is no reason why a person cannot brush three or four times each day. I strongly recommend that people who want to maintain good oral health begin brushing their teeth after lunch."

could cause permanent sight loss if left untreated. Prevent Blindness America's vision screenings can alert parents to their children's potential eye problems. Last year Prevent Blindness screened more than 800,000 kids, thanks to the financial support of programs like "I'm Helping Give Children Their Vision for Life."

Patients at participating locations will be asked to donate one dollar. Donors will sign mobiles, which will be displayed at each participating location throughout

the campaign. The program is sponsored by Bausch & Lomb, Essilor of America, Gentex Optics and Titmus Optical whose support allows the money raised to go directly to Prevent Blindness America's eye health and safety programs.

Prevent Blindness America asks you to have your own vision checked, and while you are there to please "Help Give Children Their Vision for Life."

Halloween Happenings

Sheriff offers Halloween safety tips

With Halloween approaching, Sheriff Michael F. Sheahan has issued a series of safety tips to promote a safe Halloween for children in communities throughout Cook County.

"Halloween can be a fun day for both children and adults," Sheahan said. "But it is important for parents to follow some simple guidelines before sending their children out to 'trick-or-treat.'"

According to Sheahan, parents should start out by checking their children's costumes. Face make-up is preferable to masks, but if a mask is necessary, be sure it has enlarged holes for breathing and vision. Check the length of the costume's material

to prevent tripping, and discourage your children from carrying sharp or pointed objects as part of their costumes.

Young children should always be accompanied by an adult and older children should "trick or treat" in groups and should make their parents aware of the route they intend to follow. It is a good idea to limit your children's "trick or treat" activities to friends or neighbors you know well.

"Trick or treating" should take place during daytime hours. If children go out at dusk or after dark, make sure they carry flashlights or have reflective material on their costumes.

Finally, when "trick or treat-

ing" is completed, parents should thoroughly inspect all candy before children are allowed to eat it. Candy that appears to have been unwrapped or tampered with in any way should be discarded. Apples and other fruit should be sliced several times before eating.

Get ready for an Un-Boo-lievable good time

Join PetCare this Saturday, October 25th at 2 p.m. for a ghoulish Howl-O-Ween Party and Costume Contest. All costumed critters, monster mutts, and creepy kitties are invited to this free spooktacular event. Enter your furry friend into PetCare's costume contest to win a Year's Supply of Science Diet and a \$50 gift certificate. There will be tons of tricks to play. And, every little gremlin will receive a trick or treat bag full of Halloween goodies, including a Howl-O-Ween pet bandanna, play spider toys, Science Diet samples, and coupons. So, sneak on in to PetCare this Saturday for so much fun-it's scary. For the PetCare nearest you, call 1-800-394-4PET.

Family Halloween Party

The Leaning Tower YMCA, 6300 W. Touhy Ave. in Niles will hold a Family Halloween Party on Friday, October 24 from 7 p.m. to 9 p.m. There will be games, treats, piñatas and more. Don't forget your costume. Fee is \$3 pre-registration, and \$4 at the door. For more information, call (847) 647-8222.

A special Halloween event at Oakton

Cast members of the Child's Play Touring Theater display their Halloween faces and costumes. The theater group will present a special Halloween event, *One Monster After Another* on Friday, Oct. 31 at 6:30 p.m. in Room 1608-10 at Oakton Community College's DesPlaines campus, 1600 E. Golf Road. The program is sponsored by the Oakton Kids' Club Family Program Series.

If you haven't made plans for Halloween night, don't miss *One Monster After Another*, a special Halloween event sponsored by the Oakton Kids' Club Family Program Series. The program will be presented on Friday, October 31 at 6:30 p.m. in Room 1608-10 at Oakton Community College's DesPlaines campus, 1600 E. Golf Road.

Join the Child's Play Touring Theater in this rocking rendezvous with witches, monsters, ghouls and ghosts as you journey to the 'other side' with your hilar-

ious haunted hosts! The fee is \$1 for children under age 12, \$3 general admission; and \$2 for Oakton students. Children wearing their Oakton Kids' Club T-shirt get in free! T-shirts can be purchased Monday - Thursday from 9 a.m. - 7 p.m. and Fridays from 9 a.m. - 3 p.m. in the Student Activities Office located on the DesPlaines campus.

For more information or to purchase tickets, contact the Oakton Box Office at (847) 635-1900.

Train to Terror...It will scare the Yell out of you!

Do you want to get the yell scared out of you this Halloween? Then join other foolish brave souls as they dare ride the Train To Terror after dark. It's the Fox Valley's newest, most frightening Halloween season experience imaginable.

If you take the wrong turn, you'll end up in the Monster Maze. Whatever you do, don't let one of the many terrifying ghouls, ghosts, or goblins capture you. If they do, you'll be taken prisoner and made to scream and beg for your life on a chill ride. This experience is so scary and intense that it's strongly not recommended for children under 8 or the faint of heart.

Chill seekers and other willing victims can ride the Train To Terror 6:30-11 p.m. on Fridays and Saturdays, Oct. 24 and 25; 6:30-10 p.m. Monday to Thursday, Oct. 27-30, and 6:30-11 p.m. on Halloween, Oct. 31. Admission is \$10 per person. Doors open at 6 p.m. each night and food and drink are available.

Train To Terror is located inside Santa's Village at the intersection of Routes 25 & 72 in East Dundee. Dates and times are subject to change, so call (847) 426-6753 for update information. Train To Terror is produced by LEB Enterprises and Gateway Productions.

Halloween Parade and Party

It is time to start thinking about your costume. On October 25, the Niles Park District is having their annual Halloween Parade and Party. Join them for a bewitching stroll through Niles. Parade begins at 10:30 a.m. at Oak Park (Main Street and Ottawa) and ends at Grennan Heights Field House (3255 Oketo) at 12:30 p.m., where the party will then begin. There will be ghouly games, ghostly goodies, and spooky surprises! All children

wearing costumes will be eligible for a raffle of exciting prizes. Register early! Due to the additional sponsorships we have received, it has been made possible to reduce the price of this event. The cost is now \$3 for residents, and \$4 non-residents. Those who have already registered will receive a refund of the difference paid. For more information, call (847) 967-6633. Hope to see you all there!

GlenBridge celebrates a safe Halloween Happening

Resurrection High School leads Crop Walk

For the 12th year, over forty young women from Resurrection High School lead the Crop Walk on Sunday, October 5. The walk, which started at the Norwood Park Presbyterian Church, went for 6 miles through the Norwood and Edison Park neighborhoods. The Crop Walk sponsored by Church World Service and the local churches and schools helps provide improvements in food availability and production, refugee assistance, preventive health care, and the development of water resources.

Niles West

Homecoming festivities

Niles West High School will kick off their homecoming festivities early on Friday, October 24, when the students will attend a pep assembly at 12:30 p.m. to celebrate the culmination of their in-school homecoming festivities.

The homecoming parade, featuring a theme celebrating "A Tropical Paradise," will begin at 1:40 p.m. that afternoon. The procession will exit the school parking lot onto Oakton, head east to Gross Point Road, then turn north on Gross Point Road to Lincoln. The parade will then turn and head southeast on Lincoln to Oakton. Turning west onto Oakton, the event will end in the south parking lot of the high school.

The sophomore football game will start that evening at 5 p.m., and a 7:30 p.m. kick-off time is scheduled for the varsity football team's game against Maine East. An alumni tent will be open throughout the varsity game. All past Niles West alumni will be admitted to the tent.

The homecoming dance, with a "Fantasy Island" theme, will be held in the school gym at 7 p.m. Saturday, October 25.

Prior to homecoming day, the entire week of October 20 will be "Spirit Week."

Northridge Prep

AP Scholar Awards

Six of the twenty-two members of the 1997 graduating class and one member of the class of 1998 at Northridge Prep in Niles have been named AP Scholars by the College Board in recognition of their exceptional achieve-

ment on the college-level Advanced Placement (AP) Examination last spring. Only about 13 percent of the more than 591,000 students who took AP Examinations in May 1997 performed at a sufficiently high level to merit such recognition.

The College Board recognizes several levels of achievement. At Northridge, Paul Pasquesi of Glenview and Hazem Tabahi of Morton Grove qualified for the AP Scholar with Distinction Award by earning grades of 3 or above on five or more AP Examinations.

Ahmed Almansoor of Prospect Heights qualified for the AP Scholar with Honor Award by earning grades of 3 or above on four or more AP Examinations. Four students qualified for the AP Scholar Award by completing three or more AP Examinations, with grades of 3 or higher. The AP Scholars are Charlie Cassidy and Matt Georgopoulos of Glenview; Ted Devlin of Park Ridge, and current senior Mike Englett of Bartlett.

Northridge Prep is an independent school of Catholic philosophy for boys in grades 6 through 12.

'The Royal Hunt of the Sun' at Niles North

Ryan unveils 'Alcohol Limit .08' signs

Secretary of State George H. Ryan unveiled the state's newest road sign, providing motorists with permanent reminders that .08 is now the illegal limit for drunk driving in Illinois.

The black-and-yellow "Alcohol Limit .08" signs are being erected along interstates at 13 major entry points into Illinois and at entrances to the state's 51 rest areas and the seven oases in the Illinois Toll Highway Authority system.

The signs are a key part of public awareness efforts Ryan's office launched last July after Illinois became the first midwestern state—and the 15th state nationwide—to make it illegal to drive with a blood-alcohol content of .08 percent or more.

"In each of the 71 locations, these signs will serve as a constant reminder to travelers that, in this state, it's point-oh-eight," Ryan said. "We hope motorists get the message that it's just not worth the risk to drink and drive in Illinois."

Ryan said the signs were inspired by a graphic in a brochure published by Mothers Against Drunk Driving, which featured an imaginary road sign with the words, "Alcohol Limit .08." With MADD's permission, Ryan reworked the graphic for use in all of his office's .08 awareness efforts, coupling it with the slogan: "Illinois: A Safer State with .08."

The tollway also has agreed to display "Alcohol Limit .08" posters at all 350 tollbooths on the

system, where they will be viewed by 1.2 million motorists daily throughout November.

Beware of solicitors

The Niles Fire Department wishes to alert Niles residents that no person or organization has been authorized to solicit funds on behalf of the Village of Niles. Many residents have contacted the fire department recently stating that they have received telephone solicitations for a variety show in which the proceeds would assist the firefighters. The Fire Department warns residents to be aware that these solicitors do not represent the Village of Niles.

Living with Wildlife in Niles

by: Marijo Zawilla, Animal Control and Information Officer

The Village of Niles has a humane wildlife trapping program to assist residents with removal of nuisance animals. The purpose of the program is to remove animals that have gotten into the house or are causing property damage. Animals passing through the yard or eating garden vegetables are not considered to be causing property damage.

The most common wildlife related problems reported by Niles residents are below; also included are recommended preventative measures:

1) **Animals living under cement stoops, decks, or sheds.** Prevent burrowing under these areas by placing hardware cloth in an "L" shaped manner around the base of these objects. The screening should be buried 6" vertically and 6" horizontally.

2) **Raccoons getting into chimneys or attics.** Chimneys should be capped. There are commercially made products for this purpose, or 3/4" wire mesh can be used. The cover must be bolted down otherwise raccoons will pull them off. This 3/4" wire should also be used to cover dryer and stove vents. Replace all rotted wood around eaves and trim.

3) **Animals getting into or living in garages.** Garages should be kept closed when not in use, especially at night.

4) **Lawn being dug up, or vegetables being eaten from garden.** Check lawn for the presence of grub worms; treat lawn if indicated. A small fence should be installed around vegetable garden.

5) **Pets being sprayed by skunks.** Turning on a bright flood light at night before letting the dog out should scare away the animals passing through the yard. Leash walking your pet so he or she cannot run up and scare an unsuspecting skunk will also help.

6) **Animals getting stuck in window wells.** Cover window wells with hardware cloth or commercial covers.

Wild animals know no boundaries; therefore preventive home maintenance is the best control to preventing wildlife related problems. With this in mind, humans and wild life can live happily together.

Do you have questions about your pet? Call the Village Pet Line for assistance with common animal related questions including dog breeding, cat behavior issues, proper diet and nutrition, and more.

Community Service Police

When you see a Niles Police Officer walking around Golf Mill, the officer is not necessarily doing any shopping. More likely the officer is stationed at the Golf Mill Police Sub-Station. This outreach office of the Niles Police Department has been in existence for about two years and is staffed during the majority of Golf Mill's regular business hours by Niles' Community Service Officers (CSO).

This office increases the availability of the Police Department to the public and elevates the level of service provided. The CSO's stationed at Golf Mill help individuals who are locked out of their cars and walk the parking lots to make sure no one is illegally parked in the fire lanes or handicapped spaces.

Fire Prevention raffle winners announced

This year to promote Fire Prevention Week (Oct. 5 to 11), the Niles Public Library District in conjunction with the Niles Fire Department held a raffle for children in grades K-6. The ten winners of the raffle were presented with stuffed dalmatians and went on a tour of the firehouse on Jarvis on October 15. The winners of the raffle were Jessica Ang, Margaret Borowy, Natalia Dobrzanski, Joanna Knapik, Jenna Patano, Taran Patel, Jennifer Puzynski, Aakruti Sheth, Stephen Sidelsky, and Jessica Stephens.

Criminal damage to vehicle

Unknown person(s) for no known reason, with what appears to be their foot, dented in both fenders, the driver's door and the right rear quarter panel of a red 1996 Ford Aspira that was parked in a lot in the 6300 block of Touhy Avenue sometime between 5 p.m. Oct. 12 and 9:55 a.m. Oct. 13.

The car had been rented from an Elmhurst rental agency by a 64-year-old Niles resident. It was parked in the northernmost space on the west side of the parking lot.

Battery

A 41-year-old North Riverside mechanic sustained a bruise near his nose when a man who had cut him off when he was driving northbound in the 7000 block of Harlem Avenue approached his car and punched him in the nose when both vehicles were stopped for a red light at Oakton Street and Waukegan Road around 9:55 a.m. Oct. 14.

The suspect, an unknown male described as being between 30 and 35 years of age and standing between 6 ft. 1 in. and 6 ft. 3 in. tall returned to his vehicle and drove off eastbound.

The suspect's license plate was traced to an unpublished phone number. The victim told police he will sign a complaint.

Liquor violation

A 21-year-old waitress and the 34-year-old manager of a restaurant in the 8500 block of Golf Road were charged with violating a village ordinance and given tickets around 12:45 p.m. Oct. 14 when police conducted a controlled liquor purchase.

A man and woman, both 18

Theft

Unknown offender(s) removed nine or ten skids of rolled roofing material belonging to a Skokie roofing contractor from the parking lot of an electric company in the 7100 block of Milwaukee Avenue sometime between 2 p.m. Oct. 10 and 7 a.m. Oct. 15.

Each skid contained 25 rolls valued at \$65 each. The materials were left inside the yard of the electric company. The offenders would have needed a large truck and special equipment to remove the materials, which were valued at approximately \$16,000.

The 37-year-old loss prevention agent of the home improvement center at 901 Civic Center Drive reported that a 29-year-old Aurora man purchased \$245.87 worth of miscellaneous wood and other items in two separate credit card transactions.

The suspect then handed a list of what was to be loaded onto his late model Dodge Charger truck to a store employee. The employee became suspicious when he observed 30 sheets of plywood on the list because it appeared to exceed the dollar amount paid on the receipt.

When the employee attempted to verify that the plywood was paid for, the offender entered his vehicle and left the parking lot. The 30 sheets of plywood were valued at \$16.50 each for a total loss of \$495.

The complainant requested a follow-up investigation and said he will sign a complaint.

The 36-year-old mother of a 12-year-old student in the school in the 8900 block of Greenwood reported that unknown offender(s) took a Yamaha alto saxophone valued at \$1,335 from outside the band room sometime between 12:30 p.m. and 4:10 p.m. Oct. 15.

A 23-year-old employee of a retail store in the 5600 block of Touhy Avenue reported that a man and woman entered the store around 4:20 p.m. Oct. 18 and re-

moved three coats valued at \$450, six pairs of blue jeans valued at \$200, three shirts valued at \$100 and three children's outfits valued at \$200 before fleeing out the northwest exit doors without paying for the items.

The pair entered a red 1989 Ford Festiva and fled northbound through the parking lot and then eastbound on Touhy Avenue.

Theft/battery

The 27-year-old security agent of a department store in the 5600 block of Touhy Avenue reported that he observed two male employees, ages 23 and 26, both from Chicago, short change a cash register at 6 p.m. Oct. 13.

The 23-year-old suspect asked the 26-year-old suspect for change for a \$10 bill. The 26-year-old suspect gave him two \$5 bills and a \$50 bill, which the two offenders later split.

When the security agent interviewed both suspects, the 26-year-old suspect was cooperative and wrote a confession. The 23-year-old suspect refused to cooperate, ran out of the office and pushed and shoved the agent into clothing displays. He broke away and exited the store on foot.

The security agent asked for a follow-up investigation of the 23-year-old suspect but said the store

would deal with the 26-year-old suspect privately.

Theft of purse

An 81-year-old Niles woman reported that while she was transferring groceries from a shopping cart to her car in the parking lot of the grocery store in the 7900 block of Milwaukee Avenue around 2 p.m. Oct. 17, an unknown offender removed her black purse from the cart.

A 60-year-old travel agent from Glenview reported that unknown offender(s) removed her black leather trifold wallet from her purse while it was left unattended in a shopping cart at the grocery store in the 8900 block of Greenwood around 4 p.m. Oct. 19.

The wallet contained the vic-

tim's credit and identification cards and between \$50 and \$60 cash. The total loss was estimated at \$100.

Burglary

A 35-year-old telemarketer reported that unknown offender(s) entered her apartment in the 7700 block of Nordica sometime between 8:30 a.m. and 8:30 p.m. Oct. 15 via a southwest corner bedroom window.

The offender(s) took a VCR, CD player and a leather coat. A police canvass of the area revealed one neighbor who said she saw an unknown man in the second floor laundry room of the building between 6:30 and 6:45 p.m. When asked what he was doing there, he could not give an answer.

BY CHIEF RAY GIOVANNELLI
Niles Police Department
Special to The Bugle
Parents remain the most important role model for children
The idea that behavior such as accepting or denying responsibility is learned through exposure to models of behavior is the central theme of this article. Understanding this is especially important now because it seems fashionable these days with our young people to find someone or something else to blame for their personal misdeeds. How many times have our children heard us blame a demanding job, the schools, personal economics, or whatever for our problems with children rearing? The fact is that when we are answerable or accountable for something within our power or control, we are responsible. Maine Township conducted a survey of children in the 4th, 6th, and 8th through 12th grades a short time ago. That survey revealed that the most impressionable adults in the lives of those Maine Township kids are their parents. The questions of whether parents are responsible for their children up to a certain age, and if our kids learn from us that blaming others and evading responsibility is the thing to do is a no-brainer, folks. Fact is they look to us for "leadership." The concept of leadership is not too difficult or complex to understand. Leaders provide direction, make decisions, and most importantly, set a good example. To be a leader, one does not have to be the chief executive officer of a large corporation or a general in the military. My parents were not, in all probability, nor were yours, but they were effective leaders. For all of you parents who still have kids at home, I would like to leave you with this message. You will soon ask yourself, "Where did the time go?" Show them you love them. Stay involved. You're gonna miss them..... I do.

'Parade of Birds' Open House

The Northern Illinois Parrot Society (NIPS) will sponsor an open house at 7 p.m. on Friday, Nov. 7, at the Niles Recreation Center, 7877 Milwaukee Ave. A slide show describing club activities, a raffle to benefit avian conservation, and refreshments are included.

Simchas Torah celebration to be held

Bais Menachem - Nusach Ari invites the Jewish public to join them for a special evening of dancing in celebration of the Jewish holiday of Simchas Torah, or Rejoicing with the Torah in Hebrew.

The holiday of Simchas Torah is the completion of the year-round public reading of the Torah (Bible) scroll in synagogues. Simchas Torah has always been traditionally associated with ecstatic, joyous dancing.

"The dancing on Simchas Torah shows that one can dance for a reason above and beyond themselves and the ordinary human experience," explained Rabbi Daniel Moscovitz.

Benny the Bull hoof-signing at Lonore Plaza

A celebrity's coming to town. The stores at Lonore Plaza, located at the NorthEast corner of Harlem and Dempster in Morton Grove, are excited to announce the arrival of Benny the Bull!

This hair-raising event is taking place at a significant time. The Chicago Bulls open another wild season later that evening.

Kids will have a ball. Not only will Benny sign his new book, but moms and dads can take his picture with the kids at the same time.

When the cuddly, furry, friendly Benny the Bull isn't cheering the champion Chicago Bulls basketball team on to another victory, he likes nothing better than to spend time with children everywhere.

People of all ages will delight in the book's whimsical anecdotes and NBA references in Benny's new book, "Benny Gets A Bully-Ache".

Cub Pack 175 date change

Cub Pack 175 will host their annual Halloween Party/Pack meeting on Friday, October 24, in St. John Brebeuf's School Gymnasium, 8307 N. Harlem Ave., Niles, starting at 7 p.m. Please note the change of date.

'Squabbles' at Devonshire Playhouse

The Devonshire Playhouse, 4400 Greenwood, Skokie, presents the Marshall Karp comedy "Squabbles" November 21, 22, 23, 29, 30 and December 6 & 7. Friday and Saturday performances begin at 8 p.m. Sunday performances begin at 3 p.m.

Admission at the door is \$8, in advance is \$6.76. Seniors/students, \$5.75. Friday if purchased in advance \$5. Call (847) 674-1500, ext. 3.

Stop Crime!

Healthcare's "alphabet soup" deciphered in Skokie

Healthcare is a big issue for everyone. But if you're having problems finding the difference between the EPOs and PPOs or the HMOs from the COEs, the Skokie Park District and St. Francis Hospital have designed a FREE one-day seminar to help you out.

For more information, call the park district, (847) 674-1500, ext. 3.

Amish ways not a thing of the past

Horse-drawn buggies and farming. They're not a thing of the past. They're a part of life for the Amish culture. The Skokie Park District invites you to take a trip to Indiana Amish Acres, Thursday, November 6, departing from the Devonshire Cultural Center, 4400 Greenwood, Skokie, 9 a.m. - 5 p.m.

At this 80-acre restored historic farm in the midst of Northern Indiana's Amish Country, you will be able to learn the ways of the early Amish lifestyle by watching a documentary film, enjoy a house and farm tour, and take an old-fashioned horse-drawn buggy ride.

Transportation is included in the \$42 per person fee as well as a hot, home-cooked meal waiting for you at Amish Acres' award-winning Threshers Dinner.

For more information, call the park district, (847) 674-1500, ext. 3.

How to install a programmable thermostat

Programmable thermostats are especially useful in conserving energy, saving money, and once programmed, can keep the house to within three degrees of the desired temperature. They automatically change settings at the times you select - adjusting to a cooler setting at night and a warmer setting an hour or so before you awake.

It can be set up to turn itself off during the day when no one is home and turn on before anyone returns, according to Randall Calvin, of The Home Depot. You also can program it to take care of the different heating and cooling requirements during your vacation.

1. Turn off the power to the heating and air-conditioning system at the main service panel. Remove the old thermostat cover plate.
2. Unscrew the thermostat mounting screws and remove the thermostat body.
3. Label the low-voltage wires with masking tape to identify their screw-terminal locations. Disconnect all low-voltage wires.
4. Remove the thermostat base by loosening the mounting screws. Tape the wires against the wall to prevent them from falling into the wall cavity.
5. Thread the low-voltage wires through the base of the new thermostat. Mount the thermostat base on the wall using the screws included with the unit.
6. Connect the low-voltage wires to the screw terminals on the thermostat base, using the manufacturer's connection chart as a guide.
7. Install batteries in the thermostat body, then attach the body to the thermostat base. Turn on the power and program the thermostat as desired.

United Gardeners of Glenview

Kent Fuller, a trustee of the Village of Glenview and an environmentalist, will show slides of the wild flowers at the former Glenview Naval Air Station at the November 13 meeting of United Gardeners at Glenview United Methodist Church, 727 Harlem Ave. Mr. Fuller's talk will begin at 12:45 and he will tell about the proposed lake, wet lands and efforts being made to preserve and propagate natural vegetation.

Guests are welcome to come with their questions, but need to call Rhoda Kliphart, 965-1273, or the church, 729-1015. Lunch at 11:45 will precede Mr. Fuller's talk. The guest fee is \$3. Persons interested are welcome to come for the program only if they so desire.

STARTS HERE!

Time to check your garage door opener

Fall and winter storms can leave your scrambling in the dark to figure out how to raise or lower the garage door when a power outage disables the garage door opener, so prepare yourself now by locating the manual release handle. U.S. guidelines require all garage door openers to include a manual release handle, shaped like an inverted T, that hangs from the opener's trolley (the part of the opener that rides along the track in the garage door). In many cases, the handle is red. Pulling on this handle disconnects the trolley from the garage door opener so the garage door can be raised or lowered manually. Why not keep a flashlight in a handy spot in the garage to locate the manual release handle if and when the power is out?

When electric power is restored to your home, you can reconnect power to the garage door opener by simply pressing the activation button on your remote control or wall mounted control panel. Then, you're back in business, ready to take advantage of this household convenience that we depend on.

TimeSmart Home Management

The secret to successful home management is planning. Have a system, make sure everyone understands it, and then STICK TO IT. Try the following tips from the home economists at Whirlpool to make your household run better:

- Where's the umbrella? The simple solution to the early morning hunt to protect your family members from the pouring rain is perfectly clear: Hang a vinyl shoe bag, the kind with lots of pockets, in the hall closet. Label the pockets to help everyone keep track of rain hats, folding umbrellas, hair ribbons, mittens.
- Keep track of other items with color codes or stickers. Put a unique symbol (yellow dot, blue square) on each child's lunch box, boots, sneakers or sports equipment. This makes sorting easy and ends arguments.
- Streamline washday by placing two or three laundry baskets side by side in the laundry room or on the closet floor. Label one for whites, one for colors, etc. When it's time to do a load, the clothes will be sorted.
- Look into products that will make your life easier. For example, a hot water dispenser is a great timesaver. It provides instant hot water for coffee, tea, instant soups and hot cereal - and speeds cooking time for vegetables. And if you already own a dishwasher, use it! Washing dishes by hand takes up to 43 percent more water than washing with a standard-size automatic dishwasher - and it takes up your valuable time.

Halloween screams to be heard at park district

Things that go bump in the night. A natural, non-frightening alternative! Visit Emily Oaks Nature Center, 4560 Brummel, Skokie, and meet some of the fascinating - but often misunderstood - creatures of the nature center, Friday, October 24, 6:30-8:45 p.m. and Saturday, October 25, 6-8:30 p.m.

During the weekend, our plants and animals will actually be talking to you and telling you that they are not as scary as you may think. At this fun and informative event, you will "bump into" several friendly creatures along the trails of the nature center and end your trip with a campfire that features snacks and songs.

Tickets cost \$3 per person or \$10 per family (up to 5 members). Advanced tickets will be sold according to 15-minute interval starting times and up to 15 tickets are available for each time. Tickets will be sold at the gate ONLY if available.

Ghost stories galore. What's Halloween without some good ol' skin-tingling ghost stories? Turn off the lights and add some candlelight and you've got the Skokie Park District's "Ghost Stories Galore" event happening at the Skokie Park District's Log Cabin, 8031 Floral, Skokie, on Friday, October 24, 7-8 p.m.

The evening will begin with some scary, but not spine-tingling stories of the unreal. But watch out! As the evening progresses, the fright level of the stories will definitely be on the up and up - and so will the fun! When all the stories are through, you will be able to make a corn husk doll of your own. The fee for this ghostly adventure is \$6 per person and includes refreshments, corn husk dolls and all the fright that you can handle.

Pumpkin Pandemonium. The park district has gone pumpkin mad! On Saturday, October 25, 1-3:30 p.m., you can bring a decorated pumpkin to the Devonshire Cultural Center, 4400 Greenwood, Skokie, IL or purchase a pumpkin to decorate to win great prizes. You can also search for the "Great Pumpkin" and participate in a wide variety of games such as pumpkin bowling, a pumpkin obstacle course and much more! Tickets for this fun outdoor event cost \$5 each.

Scream Scene Haunted House. Get ready to scream October 28-31, 6:30 - 8:30 p.m. when the park district turns the Devonshire Bathhouse, 4400 Greenwood, Skokie, into the scariest place on the North Shore. Dozens of spine tingling, skin raising scenes will be available for you to experience as you slither through the caves of this gut-wrenching, haunted house. The fee is \$4 per person.

There will also be a special "lights-on" kids' haunted house on Friday, October 31, 5:30-6:30 p.m. The fee for this scream scene is \$3 for kids or \$2 for adults.

Have a great Halloween without spooking your orthodontist

Costumed kids will soon go door-to-door, their trick-or-treat bags full of candy that could be just murder on braces.

Orthodontists frequently remind patients that consuming "off-limit" foods could lengthen their treatment time. "Sneaking food that could harm your braces may affect treatment - just as if you weren't wearing your headgear or rubber bands," says Keso.

For those in retainers, remember: remove your retainer before indulging - especially before bobbing for apples at that Halloween party. (Be sure no retainers are tossed out in post-party garbage - this happens more frequently than you would think.)

What to do if you or your child has a candy-related accident? Contact your orthodontist immediately. Many doctors have an emergency phone number where they can be reached. "Usually small problems can be solved over the phone. Loose or protruding brackets or wires can be held in place by applying orthodontic wax to the area," notes Keso.

Halloween does not have to be completely candy-free. Plain chocolate candy is all right, provided you brush afterwards. "We want orthodontic treatment to be as positive as possible for patients," says Keso, "and cooperation this Halloween could lead to great results!"

A special Halloween event at Oakton

If you haven't made plans for Halloween night, don't miss One Monster After Another, a special Halloween event sponsored by the Oakton Kids' Club Family Program Series. The program will be presented on Friday, October 31 at 6:30 p.m. in Room 1608-10 at Oakton Community College's Des Plaines campus, 1600 E. Golf Road.

Join the Child's Play Touring Theater in this rocking rendezvous with witches, monsters, ghouls and ghosts as you journey to the "other side" with your hilarious haunted hosts.

The fee is \$1 for children under age 12, \$3 general admission, and \$2 for Oakton students. Children wearing their Oakton Kids' Club T-shirt get in free. T-shirts can be purchased Monday-Thursday from 9 a.m. to 7 p.m. and Fridays from 9 a.m. to 3 p.m. in the Student Activities Office located on the Des Plaines campus.

For more information or to purchase tickets, contact the Oakton Box Office at (847) 635-1900.

Halloween Party at Lincolnwood Park

The Lincolnwood Parks and Recreation Department will be hosting its Annual Halloween Party for the residents of Lincolnwood at 7 p.m. on Friday, Oct. 31. Free food and beverages will be served and all children will receive a goodie bag. For more information, call (847) 677-9740.

Safe Halloween suggestions

1. Wear makeup instead of masks. Use hypo-allergenic formulas. Have an adult apply the makeup and remove it with cold cream instead of soap and water.
2. Avoid costumes with masks, wigs, floppy hats or eye patches that block vision.
3. Avoid pointed props such as spears, swords or wands that endanger other children's eyes.
4. Wear bright, reflective clothing or have reflective patches somewhere on the costume.
5. Carry a bright flashlight to illuminate sidewalks, steps and paths.
6. Never drive while wearing a mask.

It's Haunted House time!

Halloween is coming, signaling the opening of the Northbrook Park District's infamous Haunted House at Meadowhill Park. This year, fear will strike participants on three evenings, October 24, 25 & 31, 6-9 p.m. A brand new "Tour of Terror" is guaranteed to frighten even the very strongest. Plan to bring your friends for an evening of terrifying twists and turns. A \$4 fee will be charged at the door. The Haunted House is a joint effort between the Park District and the Northbrook YMCA.

At-risk students are identified and channeled into a special yearlong transitional program in which class sizes are reduced, the teacher-student ratio is increased and course structure is integrated for reinforcement of material being taught across the curriculum.

Supt. Steven Snider, who announced the proposed changes stating that the present system had failed, said that the former practice of giving the same diploma to everyone implied that all recipients had obtained the same knowledge, which he said, was highly incorrect.

Another task force proposal would revamp the district's grading structure making it fairer for remedial students. District Director of Instruction, Suzanne Millies, told the Chicago Tribune that regardless of any excuses or mitigating factors, such as too much television watching, too little parenting or the growing influx of immigrant and low-income families, the district is committed to taking "more extraordinary steps to help our students continue achieving at the level they were achieving in the past."

Other "extraordinary steps" being considered include an off-campus alternative school, individual learning contracts with poor-performing students, a 5th

Stones, Royals and Gangster Disciples along with Asian gangs like the Asian Dragons, Akhros, and Red Scorpion Gangsters. O'Sullivan also presented the group a primer on gang T-shirts, baseball caps, colors, graffiti, hand signs, slogans and clothing. O'Sullivan said that many kids join gangs because they provide the support of a family. The gangster image in music and film is also very popular right now, he said.

Niles is lucky, however, because there is no actual gang hang-out here, O'Sullivan told the group. He also credited the community with being very aware of gang problems and the police department with being aggressive in their efforts to prevent gang activities from gaining a foothold in Niles.

The most common crimes engaged in by Niles gangs are home burglaries, small scale drug sales and car break-ins, O'Sullivan said.

Juvenile law and child abuse and neglect were other topics covered during the three-hour session, the last hour of which was devoted to hands-on learning how to dust for finger prints and lift hidden or latent prints. O'Sullivan termed fingerprints the best evidence police can find at a crime scene.

The next Citizens Police Academy session will start March 3, 1998. For more information, contact Sgt. John Fryksdale at (847) 588-6506.

Hillary's 50th

from Maine South. Riggio's has been at the same location since 1957. Riggio said that sausage and vegetarian pizzas have been ordered for about 50 people. "I'm going to provide them with a variety," he said. "I'll throw some pepperoni in. We're pretty excited about it."

Riggio said he will personally deliver the pizzas, along with two staff members. Everyone working at Riggio's is hoping to be chosen for this delivery, Riggio said.

Riggio said he will call two sisters who retired from the family business and now live in Nevada, and a brother who has opened another Riggio's in San Francisco. "They were involved in the restaurant at the time [that Hillary Rodham was a local teenager]. They'll be thrilled about this," Riggio said.

Over at Booby's co-owner Steve Profanousis is every bit as excited as Riggio. He has not been informed exactly what the First Lady wants for her birthday luncheon yet, but he's planning on providing a variety of about 50 mouth watering sandwiches. Booby's famous steak sandwich, onion rings and a chocolate shake have been especially requested by Clinton for her trip down memory lane.

Profanousis said he hopes Clinton's bus, which will be touring around the places of her youth, will pass by Booby's to see the new restaurant which was built in the same location following a 1996 fire that almost de-

stroyed the original building. Profanousis and his partner Andrew bought Booby's in 1979 from Sally Friedman who opened the restaurant with her husband Ronald in 1961. Booby was the nickname of founder Ronald Friedman, Sally Friedman said.

Her oldest son Bruce who went to high school with Clinton was invited to the 30th reunion hosted by Clinton in Washington, D.C., two years ago. "She [Clinton] recognized him at the reunion, Friedman said. "She remembered him and she remembered me." Friedman said she thinks that was the reason Clinton thought of ordering from Booby's for her 50th party.

Although Friedman is hard pressed to remember Clinton specifically, she does have vivid memories of the days when Clinton and her crowd would stop in the restaurant after school events.

"Booby's was a very in-place at that time," Friedman said. Although she sold her interest in the restaurant 18 years ago, she has continued to work there part-time as a cashier.

"She came with the restaurant," Profanousis said. "It was a package." Both restaurateurs are happy to provide their best fare for a complimentary nostalgic luncheon for Hillary and 50 of her closest friends. The reward for their hospitality: an invitation to attend another Clinton birthday celebration in downtown Chicago, possibly at the Cultural Center at Randolph Street and Michigan Avenue.

injuries at Lutheran General Hospital and were both released. The bus had no passengers at the time of the accident. Police investigation revealed that Eberlein was proceeding eastbound on Dempster with a green light, while Horwitz was proceeding northbound on Luther and entered the intersection against the red light when his vehicle struck the bus.

Horwitz was ticketed for disobeying a traffic signal, according to Niles police.

Improving Freight Loss and Damage Claims Procedures focuses on loss and damage claims procedures in the deregulated transportation environment. Topics include: filing and administering freight claims; the laws of loss and damage; statutes of limitations; measure of damages; and transportation insurance. The seminar meets on Wednesday, Nov. 5 from 8:30 a.m. to 5 p.m. The fee is \$195.
